Halls, Tennessee, Friday Morning, June 4, 1948

Volume 54

Confidential Corner

Final Call

If you expect to vote in the August elections and if you have not already paid your poll taxes then you have only three days left in which to do so. Monday, June 7, is the final day in which poll taxes may be paid and qualify to vote in the general election next August 5. Poll taxes may be paid anytime prior to the election to vote in the Democratic primary which is scheduled for the same date. It is your duty as a citizen to vote and to do so you must pay your poll tax. A man who doesn't vote shouldn't have much to say if he is not satisfied with the results of the election.

Who'll Be Our Magistrates

One of the most important elections to be held in August is the election of magistrates to represent the various civil districts and towns for the next six years. So far we have heard little conversation about possible candidates and no one has designated their intention to run to us. Several prominent men have, however, mentioned to us the need for good men. We believe that as never before careful consideration should be given to the magistrates as they will determine the business affairs of the county. We don't believe that any man who is not directly interested in the improvement of the county school system is entitled to a vote. We don't mean that they must agree with just what we think or what some one else might think but we do think that they must show by their actions and deeds that they are willing to do all within their power to improve the situation throughout the county. We believe that the method of assessing taxes are the two important questions that must be answered and any man who is unwilling to commit himself on these items is not entitled to your support. A better school system and a 100 percent equalization of taxes go hand in hand anyway.

Fishing Trip A Flop

After several promises which we wriggled out of, Buddy and Chuck finally caught us so that we had to take them fishing last Saturday afternoon and as usual we had no luck. Will some one please tell those youngsters how to catch a fish. Everywhere that we take them the fish had just left for parts unknown or they simply refused to take our bait. If the boys don't catch a fish pretty soon then they are going to begin to believe that "there just ain't no sech animal!" Seriously, we would like for some one who knows to tell us where we can take the boys where they can fish from a bank and catch a fish or two.

Errors Possible

If you live on what has been Halls, Route 3, and are late in getting your paper this week please don't blame your carrier. We have made every effort to transfer the various subscribers to Route 1 or 2 whichever is correct but we are certain that we have made some errors and in the event that we have made an error your carrier probably will be late in delivering your paper. With the aid of the carriers we expect to have the list entirely correct next week.

Help Your Carrier

Speaking of delivering the mail on time, those of you who have lived on Route 3 or 4 will do well to make all necessary changes of address to any magazines, newspapers, or other mail that you receive regularly and of course use the correct address in the future. If you will do this it will be of great assistance to your carrier and will also aid in delivering your mail correctly at the earliest possible moment.

Something New

A new clerk has started work at the Halls Post Office. Axford Pickens who has been employed (Continued on Page Six)

Softball Season In Full Swing

High School Potters by surprise Thursday night of last week and came out on the big end of a 11 to 7 score in the opening game for the two teams. The pitching of Edd Sumrow for the high school boys was the outstanding feature of the game. However, the entire team looked good and shows promise of being a topnotch team. For Potters Roach at first base looked to be one of the better players of the league.

In a rather lossely played game the favored Gates team took the measure of the Navy team by a score of 7 to 4 with wild throws playing a big part in giving the Gates club the edge.

Tuesday night of this week Edith and the Legion tied up in what promised to be a thriller but turned into a wild scoring game with Edith taking a 15 to 14 decision. Poor fielding in the early part of the game gave Edith a 15 to 5 edge with Legion finally pulling within one run but unable to push across the tying run. The hitting of Jordan, Legion first baseman, and Ray Robertson, Edith second basemen, was outstanding while Gene Robertson played an excellent game at short for Edith.

Woodville played the High School team in the final game of the night and promptly jumped into a four to nothing lead in the first half of the first with the high schoolers coming right back with four runs of their own. Woodville while High School scored only once. The High School team let Woodville down without a run in the first half of the third and then came the deluge. Slashing the ball all over the park, bunting and beating them out, doing everything possible, High School pushed fifteen runs across the plate as eighteen men went to bat. Final score was 30 to 6 with the game ending in the fifth inning.

Tonight (Thursday) Potters will play Navy and Western Auto will meet Gates with the first game a tossup and Gates favored in the second game. Next Tuesday night the Legion will play the High School and Edith will meet Potters.

Mrs. A. S. Kenley spent Tuesday in Dyersburg.

All-Star Team To Play Friday Night

The opening game of the all-star softball team season will be played tonight (Friday), June 4, on the Halls Athletic Field with a well known Memphis club sponsored by Kenner Bros. Sporting Goods Co. of Memphis as the opponent of the local team.

The team will be made up of players from the eight teams taking part in the local softball league and will be managed by Henry Murchison. The team plays under the sponsorship of the Bank of Halls.

Definite starting lineup will not be determined until Friday night but among those expected to be in uniform for the game are Billderback, Edith, Sumrow, High School, and Hill, Potters, pitchers; Coffman, Gates, Ray and Gene Robertson, Edith, Lassiter, Navy, Taylor and Baker, Legion, will be among the infielders in uniform. Outfielders will include Stallings, Gates, Hendren and Levy, Legion, Roach, Potters, and a number of others. The catching staff has not yet been determined.

Game time has been set at 8:15 with admission price set at 10c and 25c.

Lions Club To Name New Officers

At the regular first Tuesday meeting of the Halls Lions Club, Lion President Ross Dyer named Roy Patton, H. G. Conley and J. T. Connell as the nominating committee to select officers for the forthcoming year.

Fifteen members and two visitors were present at the meeting which was held in the dining room of the Massengill Hotel. Among the guests of the club was Mr. Barrett, county agent of Dyer County.

Next meeting will be held on Tuesday, June 15, with the nominating committee to make their report at that time.

HOME DAMAGED BY FIRE TUESDAY

The home of H. H. Beasley was damaged by fire Tuesday when a fire started in the attic of the house which is located opposite the ice plant on Front Street.

JOE H. WALKER, JR. Joe H. Walker, Jr. Makes Statement

To The People Of Lauderdale County, Tennessee

I take this opportunity of announcing that I am a candidate for election as the direct representative to the State Legislature from Lauderdale County.

Lauderdale County will send two members to the State Legislature this year, the direct representative and the flatorial representative, subject to the approval of the voters in the coming August 5th election.

I sincerely believe that I am qualified to hold the office of Direct Representative, and if elected will do all in my power for the betterment of Lauderdale County and Tennessee.

I will make every effort to see all the voters of Lauderdale County before election day and seek your personal support in my campaign.

Joe H. Walker, Jr.

Neil Ferguson had his tonsils removed at the Hugh Nunn Clinic in Dyersburg the first of this week.

Methodists To Have Vacation School

The annual Vacation Bible School of Halls Methodist Church will get under way next Monday, June 7, and continue through Saturday of next week according to an announcement Tuesday.

All children ages three to fourteen are invited to attend and take part in the Vacation School which will open at 8:30 each morning and close at 11:30.

Workers for the School are: Beginners, Mrs. Gilreath Dyer, and Mrs. Charles Alsbrook, directors, assisted by Monnie Lou Tomlinson, Dorothy Perry, Billie Jean Perry, Laverne Carnell.

Primary: Mrs. Odell Cutler, director, assisted by Mrs. Harry Wright, Mrs. Arthur Jackson, Mrs. Guy Lucas, Miss Ellen Cheslier.

Juniors: Mrs. Jerre Jordan, director, assisted by Mrs. Z. T. Norman, Marian Norman, Ann Hass, Mrs. Billy Spence, Mrs. Lawson Elmore.

Intermediates: Mrs. Elmer Hof-fius, director, assisted by Rev. W. F. Maxedon, Mrs. S. F. Young, Mrs. Meredith Hurt, Mrs. T. N. Dyer, Sue Tomlinson, Myra Hof-fius.

Swimming Pool Opens On Base

The swimming pool of the Army Air Field here has been leased from the county by Raymond Hale and Sons and opened to the public Wednesday of this week.

The pool is open from 1 p. m. to 10 p. m. daily with capable life guards in attendance at all times. Drinks, sandwiches, etc. will be on sale at the pool.

In addition to the swimming pool there is a kiddie pool where the youngsters can wade to their heart's content.

HOME COMING DAY AT ARCHERS CHAPEL

A Home Coming Day will be held at Archers Chapel next Sunday, June 6, according to an announcement this week.

Included on the program for the day will be preaching, singing, dinner on the ground and other activities in keeping with the home coming. All are invited to attend.

Joe Walker To Make Representative Race

Joe H. Walker, Jr., leading young lawyer and civic leader of Ripley has announced that he will be a candidate as the direct representative to the State Legislature from Lauderdale County in the coming August election.

Mr. Walker is well known in Lauderdale County and has been practicing law in Ripley for the past two years with his offices in the Tucker Building on the southeast corner of the square.

He is excellently educated, having entered the University of Alabama in 1937 where he was very active in campus activities being president of the Alabama Quadrangle Club and a member of the Sigma Nu social fraternity. He majored in economics and accounting, and received an A. B. Degree upon completion of his pre-law study. He entered the University of Alabama Law School in 1940, but his education was interrupted by the war. Upon discharge from the Army Air Corps, he returned to complete his law training and received his law degree, LL.B. degree. He is a member of the Tennessee and Alabama Bar Associations, with licenses to practice in all the courts of both states.

Mr. Walker entered the Army in September, 1941, as an Air Corp Cadet, earned his navigator's wings at Turner Field, Albany, Georgia in May of 1942, and joined General Ted Timberlake's 93rd Bomb Group at Fort Myers, Florida. After three and half months of Caribbean patrol duty, the group headed overseas to England in September of 1942, being the first group of B-24's to be stationed in England. He served his operational tour of duty with the 93rd Bomb Group in England, Africa, and the Middle East, and was awarded the Distinguished Flying Cross. After his combat duty Mr. Walker was assigned to the 8th Bomber Command in England, and here he was promoted to the rank of Captain in November, 1943. Upon his return to the States, he was sent directly to the Dyersburg Army Air Field, at Halls, as an instructor in navigation.

Mr. Walker married Miss Martha Ann Tucker, one of the twin (Continued on Page Six)

Corn Varieties Are Discussed

F. H. Paschal
County Agent

Insects gave us some surprises last week. Numerous cases of black lice on butterbean vines were reported. Evidently the use of so much DDT for killing flies has also killed a lot of plant aphids which are the natural enemies of plant lice.

These lice are now attacking plants more than ever. The standard control is to dissolve completely two level tablespoons of powdered soap in one gallon of water, add 1 teaspoon of "Black Leaf 40" and spray thoroughly putting the spray directly on the lice. Be sure to use the soap in the solution. Without it the Black Leaf 40 will not do any good.

This same spray will kill all kinds of sucking insects provided you can get it on the bodies of the insects. It does no good whatever just sprayed on the plants.

Don't Forget Potato Leaf Hoppers

Leaf hoppers on Irish potatoes cause the edges of the leaves to turn brown and the edges to look like they are maturing ahead of time. A mixture of 3 percent DDT and 7 percent fixed copper in the form of a dust applied to the potatoes once a week will prevent leaf hopper damage as well as blight and will control all the common insects at the same time.

When Irish potato leaves turn yellow and then brown near the bottom of the plants, cultivation has pruned the roots of the potatoes. Irish potatoes should be cultivated often but shallow and in such a way that the roots are not pruned. The same thing applies to tomatoes and most other vegetable crops.

Renovate Strawberries Now

We have such good soil and can produce strawberries of such wonderful quality that we ought to be ashamed for Gibson County growers to produce 250-400 crates of high quality strawberries per acre while we produce 75 to 150. Renovation, fertilization, cultivation, and mulching make the difference and all of them can be paid for with 15 crates of berries. Probably the most practical way of renovating old berry patches is to put a narrow long shovel on a bull-tongue plow, hitch two horses to it and run it right down the middle of the rows as deep as it will go. Then come right back in the same furrow in order to get enough dirt removed so the fertilizer can be placed down in the ground. Distribute 500 pounds of 3-9-6 or 4-8-8 or some similar grade of fertilizer per acre putting it in the furrow.

Cultivate the middles thoroughly and then harrow across the rows with a 60 tooth harrow diagonally. Work the middles into a good mulch and keep the berries cultivated during the growing season. In early August put another 500 pounds of fertilizer and then in September top-dress with still another 500 pounds. If you lose your nerve on the third 500 pounds and only want to put 1000 pounds, then put the second 500 pounds on the berries in late August.

Cotton Classing School Announced

A. L. Jordan, Extension Marketing Specialist of the University of Tennessee, has announced a (Continued on Page 6)

Nath Tims Died Suddenly Tuesday

Funeral services for H. N. (Nath) Tims were held at Maury City Methodist Church at 2 p. m. Wednesday. The Rev. R. Roach, Methodist minister of Maury City, and the Rev. Robert Clark, Methodist minister of Trenton, officiated. Burial was in Maury City Cemetery with Sudbury Funeral Home in charge.

Mr. Tims was 67 and a Methodist. He was a member of the Crockett County Court for six years, a prominent planter and landowner. He died at his home on Halls, Route 4, after an illness of less than an hour.

He leaves his wife, Mrs. Drucilla Elmore Tims; two sons, Ellis and Otho Tims, both of Maury City; two daughters, Mrs. Gale Summers of Newbern, Mrs. Eli Jordan of Halls; three brothers, L. J. Tims of Bemis, Tenn., Sam Tims of Texas City, Texas, and Jims Tims of Waldon, Ark. and a sister, Mrs. Lee Keltner of Paducah, Ky.

Calling The Shows

"April Showers", Sunday and Monday

"April Showers", which comes from the studio that produced such other great musical films as "Night and Day," "This Is The Army," and "Rhapsody in Blue," is showing at the Halls Theatre Sunday and Monday.

Starring Jack Carson and Ann Sothern, "April Showers" has been endowed by Warner Bros., which started the parade of big musicals with the unforgettable "42nd Street" some years back, with production values, numbers, tunes, chorus lines, not seen on the screen in some time.

Eleven songs are in the picture with comedian Carson and lovely Ann Sothern, famed for comedy roles in the "Maise" series, handling most of them. Miss Sothern is also not new to musical comedy, being remembered for a wonderful performance in "Panama Hattie" a few years ago.

"April Showers" is set in the nostalgic 1912 period, and concerns a trouping act on the West Coast. Some 32 sets were designed by Hugh Reticker, who utilized such era-stamping devices as cobblestone streets, horse-drawn ice wagons and rickety explosive automobiles to lend credence. James V. Kern handled the expert direction on this film.

Eleven songs are featured in the romantic musical, including: "Are You From Dixie?" "Carolina in the Morning," "Black and White Rag," "Moonlight Bay," "Strolling Through the Park," "Put On Your Old Gray Bonnet," "Pretty Baby," "Cuddle Up a Little Closer," "Every Little

Movement," "Mary, You're An Old Fashioned Girl" and the title song number, "April Showers."

"The Roosevelt Story", Thursday and Friday

The gaps in recorded history, which have produced such lively controversy among the countless "authorities" on the life of Abraham Lincoln, are not likely to furnish fresh troubles for the historians of our own generation.

Never will our descendants be tortured by curiosity over what Franklin Delano Roosevelt looked like when he was happy, provoked, solemn, or light and gay. Never will they be plagued by a suspicion that a careless stenographer or printer used an "if" for a "when", thus changing the essential meaning of one of his speeches.

The record is indelibly printed beyond the shadow of a doubt. The best of it is included in United Artists' thrilling picture called "The Roosevelt Story," which is scheduled for a run at the Halls Theatre on Thursday and Friday.

The film, which was produced by Martin Levine and Oliver A. Unger, with Elliott Roosevelt acting as Editorial Consultant, goes back forty years into the late President's life — back, indeed, to the earliest days of the motion picture. The first scenes which, of course, are silent, are of the Roosevelt honeymoon, which took its importance from the fact that another eminent bearer of the name, President Theodore Roosevelt, gave away the bride, his niece, Eleanor Roosevelt.

The film tells a continuous, well-integrated story of one of the most dynamic and influential figures in America's political existence. The result is as fascinating as it is important. What is being presented at a time when a decision on the acceptance or rejection of the Roosevelt creed is about to be made — and probably no film was ever more timely.

**FRESH FRUITS
AMONG BARGAINS
BUYS FOR JUNE**

Fresh fruits are among the "plentiful foods" listed for June by marketing specialists of the U. S. Department of Agriculture. Among fruits in plentiful supply, and therefore offering bargains to homemakers are oranges, grapefruit, and lemons.

Among the canned fruits, it is pointed out, thrifty buyers will note canned fresh prunes (purple plums), applesauce and apple juice. The specialists describe canned fresh prunes as "one of the lowest priced dessert fruits on the market today." Canners' prices on apple products are reported to be considerably below a year ago.

Dried fruits — prunes, raisins, peaches, and figs — continue in large supply and are among the best buys for budget meals.

**Invasion of Insects
By Air Poses Threat
Pests, Plant Diseases
Survive Shorter Trips**

Danger of invasion by undesirable alien insects grows apace in every agricultural country of the world as air transport, which is accounting for an ever increasing share of traffic, cuts the time of travel between them from days to hours, and as airplanes take over a larger share of traffic.

Pests that might not withstand a long sea voyage may survive the

Even toys from Mexico have been known to be carriers of insects, costing large agricultural losses.

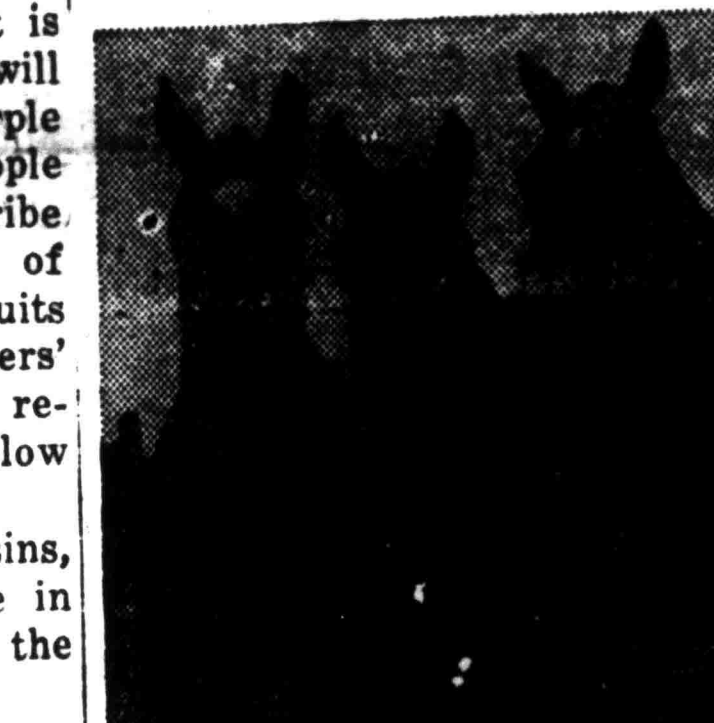

shorter air ride in good shape. Reaching new lands where conditions favor their development they soon may build up a strong colony that could become as costly as the Hessian fly, the European corn borer, the Japanese beetle, the codling moth or the cotton boll weevil.

The department of agriculture is charged with this country's defenses against the entry of dangerous foreign insects and plant diseases. Even toys have been found to be carriers.

Farmers must be sure that all mail and express from foreign countries have been inspected and passed free of any insects or diseases before being permitted on their land.

**Jura Stallions Prove
Good Farm Workers**

While the Swiss Jura horse, long recognized as the national breed in that country, has not been generally recognized in America, interest has

Three Jura fillies typify the Swiss national breed.

been centered in the breed in recent years because of the fact that the stallions are suitable for all types of farm work.

The breed has shown proper temperament, strength and resistance to disease, and while light in weight has proven an excellent draft horse. It is exceptionally strong, tame and docile.

**Sexing of Baby Chicks
Proves Difficult Task**

Chick sexing is difficult to learn, and in order to become proficient it is necessary to receive expert instruction and to have considerable practice and experience with thousands of chickens.

Reliable authorities have stated that a student must sex at least 250,000 cockerels before the male genital eminence can be accurately recognized. The expert sexer appears to be endowed with a natural ability to recognize and classify the various types of genital eminence to be found in chickens, but accuracy is obtained only by regular practice, investigation of errors and a liking for the job.

**Fertilizer Won't Solve
Entire Farm Problem**

Many farmers are inclined to use fertilizer as a crutch by attempting to make it substitute for good soil management.

Vital as fertilizer is, it cannot do the entire job. It must be backed up by other practices that add organic matter, build soil structure and boost crop yields.

**New Insecticides Are
Non-Poisonous to Bees**

One serious cause of bee poisoning has been that bees have taken dusts containing arsenic and have stored this poison in combination with pollen in the hives. Arsenic remains permanently poisonous but newer insecticidal dusts and sprays, such as DDT, DN and D.D.D., are less dangerous to beneficial insects as the toxic effects will break down gradually.

**ELECTRIC SYSTEM
WITH A FUTURE
URGED FOR FARMS**

Farm families can get the most for their money in heat, power, and light by installing adequate circuits and large enough wires when they get electric service, say rural electrification specialists of the U-T Agricultural Extension Service.

Electric service installations are being made in Tennessee farm homes at an increasing rate; and families having electric service are constantly making greater use of it for comfort, convenience, and economical operation, it is pointed out. It is recommended, therefore, that installations follow a well-devised plan, with provisions for present and future equipment.

Some of the important things to keep in mind when planning a wiring system are suggested by specialists as follows:

A wiring system will be as good only as the planning, the materials that go into it, and the workmanship of the electrician.

The wiring system must conform to standards set forth in the National Electrical Code.

Service entrance equipment with distribution center should be installed in each building.

Recommendations are that not less than number 12 rubber covered wire be used for inside wiring.

The required size of outside weatherproof wires will depend upon the distance covered and the electrical load.

**CLUB MEMBERS ENJOY
HAMBURGER FRY,
WATERMELON FEAST**

Members of the Town and Country Rummy Club and a number of additional guests enjoyed the hospitality of Mrs. Beasley Robertson at her home at Knob Creek Farm Tuesday evening

when they met there for a Hamburger Fry and a Watermelon Feast.

Club members present were Mrs. Gilreath Dyer, Mrs. Lynn Vaden, Mrs. Jerre Jordan, Mrs. Marvin Hansford, Mrs. Charles Viar, Mrs. Earl Critchfield, and Mrs. Harry Lee Rhodes. Other guests included Mrs. L. R. Viar, Mrs. Charles Alsbrook, Mrs. Clyde Younger, Mrs. E. G. Parker, Jr., Mrs. Meredith Hurt, and Mrs. Claude Spence, of Los Angeles, Calif.

**EUZELIAN CLASS
HAS SOCIAL**

The May social and business meeting of the Euzelian Sunday School Class of the Baptist church was held Thursday evening, May 21, in the annex of the church.

Hostesses were Mrs. Ross Dyer, Mrs. W. D. Davis, Mrs. Carmen Belton, Mrs. John Ferguson, Mrs. R. E. Kinnimouth and Mrs. L. E. Harrell.

Cut flowers were used to decorate the tables where more than twenty guests were seated to enjoy the Pot Luck Supper.

Good Pictures To Show Here

Armed with data to prove his contention, Sebrin Hall, manager of Halls Theatre, declared that in spite of all rumors of a drastic economy wave in Hollywood, motion picture production in 1948 will be increased, not curtailed. His report is based on pledges from leaders in the production part of the movie industry, and the exploding of ill-founded rumors. Misconstruction has been placed on necessary and business-like post-war adjustments, said Mr. Hall.

"The best of all testimony," said Hall, "came from Hollywood itself in the form of motion pictures already completed and to be shown here between now and September 1."

"These pictured added the final corroboration to a theory we already held," said Mr. Hall, "that Hollywood, which retooling itself in the manner of every other business and making the same kind of adjustments on its level that its patrons were on theirs, was not unmindful of its reputation and responsibilities."

"But nowhere in this tremendously expensive business did we find any economy which will reflect at all adversely in the finished photoplay."

"If testimony," said Mr. Hall, "as to lavishness is needed, these are some of the pictures that will be shown: The Roosevelt Story, Escape Me Never, Red Stallion, Bride Goes Wild, My Girl Tissa, Personal Column, Prince Of Thieves, Out Of The Blue, Cass Timberlane and April Showers.

Don't Neglect Lunch If You Want to Stay Full of Pep, Health

ARE YOU ALONE at home for lunch so that you don't bother to prepare something for yourself? Or does the family come home, and you simply rummage around the refrigerator and don't know what to serve?

These are frequent situations in many homes throughout the country. Lunches of this type—or none at all for the homemaker alone at home—don't help pep, vitality and health. If you get a lag in the afternoon and wonder what's wrong with you, check your luncheon habits.

Physicians and nutritionists are of the opinion that if you skip a meal, it places too much of a load on another meal. Let's say you've skipped lunch and eat a very full and ample dinner. Do you feel like doing anything but flopping into bed and wasting the evening? And have

You may be busy, but you can prepare cottage cheese with oranges, grapefruit and berries in season with a buttered muffin and a glass of iced tea for a lunch that's healthful and balanced.

you ever thought of what it does to your digestive process to have it called upon suddenly to digest a big meal after having been lazy for many hours?

It's much better to try to distribute your calories evenly throughout three meals during the day. In between you won't feel an energy lag and you will keep your system in good working order.

Don't give the excuse that you think lunch unimportant and simply don't feel like bothering with it. Even if you're alone at noon, it doesn't take much effort to prepare a nice cottage cheese and fruit salad and a glass of milk with roll or toast. Or, if the youngsters are at home, it's simple enough to cream some leftover vegetables into a piecheese, serving it with fruit and cookies for dessert.

Planning will give you plenty of the right foods on hand from which to choose a nutritious and well-balanced lunch. And if you value your health and well-being, you'll certainly not count half an hour at noon much to give up to it.

HERE ARE SOME HOT DISHES from which to choose for lunch if there are several of you at home. They are made from "planned" leftovers and are quick and easy to prepare.

- Corn Scramble (Serves 6)**
1 cup cubed leftover ham
2 tablespoons fat
2 beaten eggs
Salt and pepper
1 No. 2 can cream style corn
1/4 cup green pepper, cubed
Brown ham in fat and then mix with other ingredients. Mix thoroughly. Cook over low heat, stirring constantly until the eggs are set.
- Creamed Meat in Potato Nests (Serves 4 to 6)**
Combine one 10 1/2-ounce can of condensed cream of mushroom soup with 1/2 cup milk. Blend and heat. Add 1 1/2 cups of diced, cooked turkey, chicken, roast veal or pork, ham, or fish and 1/2 cup of diced pimiento. Add some of this hot sauce to 1 egg yolk and stir into remaining sauce. Heat thoroughly and serve in nests of reheated, mashed potato.
- Beef Rice Croquettes (Makes 12)**
Combine 1 cup seasoned white sauce with 1 cup ground leftover roast beef, 1 cup cooked rice and

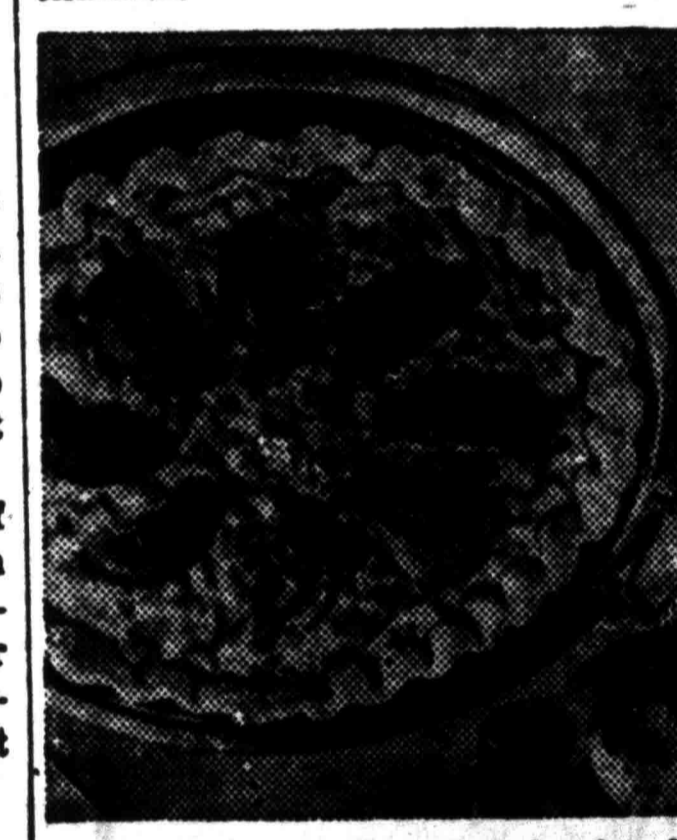

LYNN CHAMBERS' MENU

- *Cheese-Vegetable Pie
- Date Muffins with Butter
- Wedge of Melon with Lime or Bowl of Fresh Peaches or Berries with Cream
- Beverage
- Cookies
- *Recipe Given

1/2 tablespoon chopped onion. Form into croquettes. Dip into beaten egg and water, then in bread crumbs. Fry in shallow fat.

*Cheese Vegetable Pie (Serves 6)
Pastry for 1 crust
1 cup freshly grated American cheese
1 cup milk, scalded
2 eggs
1 1/2 teaspoons salt
1/8 teaspoon paprika
1 teaspoon Worcestershire sauce
2 1/2 cups mixed, cooked vegetables
2 fresh tomatoes

Blend 1/2 cup of cheese with dry ingredients when making the pastry. Roll out and place in pastry tin. Bake in a hot oven for 10 minutes. Meanwhile, add milk to beaten eggs; add seasonings and vegetables, except the tomatoes. Pour into pie shell. Cut tomatoes into eighths and arrange on top. Sprinkle with remaining 1/2 cup of cheese. Bake in a moderate (350 degree) oven for about 30 minutes or until a knife inserted in the center comes out clean.

If the family is home for lunch, it doesn't take long to prepare delicious and nutritious cheese, vegetable pie and serve it along with fresh fruit and berries for a vitamin-rich lunch.

Stuffed Onions (Serves 6)
Cook 6 large Bermuda onions in boiling salted water for 30 minutes. Remove center and stuff with following: Combine 1 can of pork and beans with 1/2 teaspoon dry mustard, 1/2 teaspoon salt, 2 tablespoons chopped onion centers. Stuff onions. Sprinkle each with 1 teaspoon brown sugar and heat through.

Stuffed Baked Tomatoes (Serves 6)
Scoop out center of six large tomatoes. Brown 1 tablespoon of chopped onion, 2 tablespoons chopped green pepper in 2 tablespoons of butter. Add 1 1/2 cups corn cut off the cob, 2 beaten eggs and 1/2 cup bread crumbs and season to taste. Stuff tomatoes and sprinkle with grated American cheese. Bake in a moderate oven for 25 minutes. Chopped leftover ham or crumbled bacon or cubed sausage may be added to the corn if so desired. Another good stuffing is cubed macaroni or spaghetti, the tomato and bake until the filling is done.

Released by WNU Press
Fillings for dainty sandwiches can be prepared ahead of time and the sandwiches made finger or triangle style at a minute's notice. These will keep well: Deviled ham and cream cheese; peanut butter moistened with honey and orange juice; cream cheese and chopped nuts; liver sausage with chili sauce; dried fruits, honey and nuts.
If you have room, store small cakes in the refrigerator to serve for guests. They'll keep better when chilled.

TYPHOID FEVER

Typhoid fever is classed by physicians as a filth-borne disease. Its control is effectively established by two procedures; general sanitation and vaccination.

Typhoid is rare in Tennessee today, but twenty years ago, more than six hundred persons were dying annually of typhoid in this state.

The remarkable reduction in the typhoid death rate is a tribute to public health workers, community-conscious citizens, and physicians. Where ever good general sanitation exists, including purification of water supply, pasteurization of milk, supervision of eating places, proper sewage disposal, and where vaccination is regularly practiced, there will be no typhoid.

There are several areas in Tennessee where all of these precautions are not taken against typhoid. Everyone, however, can secure the immunizing vaccination which will protect him.

It is wise for every vacationer to be immunized. Many summer resorts and otherwise desirable vacationing places do not have approved water and milk supply. Many of them do not have acceptable sewage disposal facilities.

There is always the possibility of coming in contact with the typhoid germ through polluted water during the swimming season, therefore, the best advice is to get immunized and keep immunized by getting the necessary booster or additional inoculations.

Typhoid fever cannot exist where general sanitation and immunization are regularly practiced. Again, prevention is better than cure and, as far as typhoid is concerned, "better be safe, than sorry".

You will receive an answer to any question about health (not disease) by writing: The Tennessee State Medical Association, 510 Doctors Building, Nashville, Tennessee.

SCRIPTURE: Daniel 3:1-32
DEVOTIONAL READING: Acts 4:27-32

Men Who Dared To Stand For God

Lesson for June 6, 1948

A FIERY furnace, and a lion's den. These are the tests to which Sunday's lesson will put our hero about whom we studied last Sunday, this young man Daniel. Three friends, Shadrack, Meshach and Abednego, will undergo the test of the fiery furnace, having been convinced by Daniel's example that God is trustworthy. And Daniel will spend the night in the den of lions. You will need to read chapters three through six to get the full story.

Dr. Newton

DANIEL IN THE DEN OF LIONS

THE sixth chapter must be read to have an adequate background for this study. Daniel had been chosen as the first of three presidents to rule over 120 princes who should govern the kingdom. The other two presidents and the princes could find no fault in this Hebrew, save that he believed and observed the law of his God. So, they conspired against him by persuading the king to issue a decree that no person in the kingdom was to make a petition to any God or man for 30 days, save to the king, on the penalty of being cast into the den of lions. This decree was issued by Darius, and Daniel's enemies reported to Darius that Daniel was opening his window three times a day, praying to his God. Darius was greatly troubled, but had to stand by his decree, and Daniel was cast into the den of lions. Darius spent a sleepless night, and hurried to the den at dawn to know about Daniel. Daniel replied, "O king, live for ever. My God hath sent his angel, and hath shut the lions' mouths, that they have not hurt me."

DARIUS REWARDS DANIEL

CONVINCED that Daniel's convictions had been miraculously rewarded by God, Darius ordered the other two presidents and the princes, together with their wives and children, thrown into the lions' dens. They were all destroyed by the lions.

Then Darius issued a decree to all the nations and people of all languages that dwell in all the earth. Hear this decree:

"Peace be multiplied unto you. I make a decree, that in every dominion of my kingdom men tremble and fear before the God of Daniel; for he is the living God, and steadfast forever, and his kingdom that which shall not be destroyed, and his dominion shall be even unto the end." So Daniel prospered in the reign of Darius and of Cyrus, the Persian.

COURAGE TO PUT GOD FIRST

LOOK now at the other test of faith—that of the three Hebrew children, Shadrack, Meshach and Abednego. Nebuchadnezzar, king of Babylon, had made a golden image, 90 feet high and nine feet wide, and set it up in the plain of Dura. On a certain day, when he was going to establish his state religion, he ordered every subject to fall down and worship this image.

But Shadrack, Meshach and Abednego refused to worship the image. Nebuchadnezzar was furious when he heard of their refusal. He summoned them into his presence, and warned them of their fate if they further refused to worship his gods. They answered him frankly that they would not bow down to the image. He ordered them thrown into the fiery furnace.

They decided that death was more honorable than apostasy. The men who cast them into the furnace fell dead!

UNSEARED AND UNSINGED!

BUT THE three Hebrew children walked in the flames, unseared and unsinged! The king was astounded. The people were amazed. They had witnessed what the God of all the earth can and will do.

Then went forth the decree, "There is no other God that can deliver after this sort." Thus we have the golden text for Sunday's lesson:

"Be it known unto thee, O king, that we will not serve thy gods, nor worship the golden image which thou hast set up."

And what happened in the long ago when man dared to stand up and trust in God will happen today and every day.

GASOLINE SAVING STRESSED IN FARM, HOME OPERATIONS

County agricultural agents and home agents throughout Tennessee are stressing the importance of conserving gasoline and fuel oil through efficient operation of farm and home equipment, says J. H. McLeod, acting director of the U-T Agricultural Extension Service.

While the production of petroleum products this year is expected to reach an all-time high, demands are greater than ever before. In Tennessee there are approximately 30,000 farm tractors, more than 27,000 farm trucks, and an estimated 12,000 other farm motors in use, as well as other equipment using liquid fuel, such as incubators, brooders, pumps, stoves, and the family automobile. It is estimated that farm tractors alone use some 20,300,000 gallons of fuel per year in Tennessee, and that all farm machines and motors in the State consume 40 to 50 million gallons annually.

Efficient operation of power machinery is one of the leading factors in saving fuel. In this connection, farm tractor operators are urged to make use of Extension Publication 285, "Keep Your Tractor in Working Condition." County agents can supply copies of the bulletin.

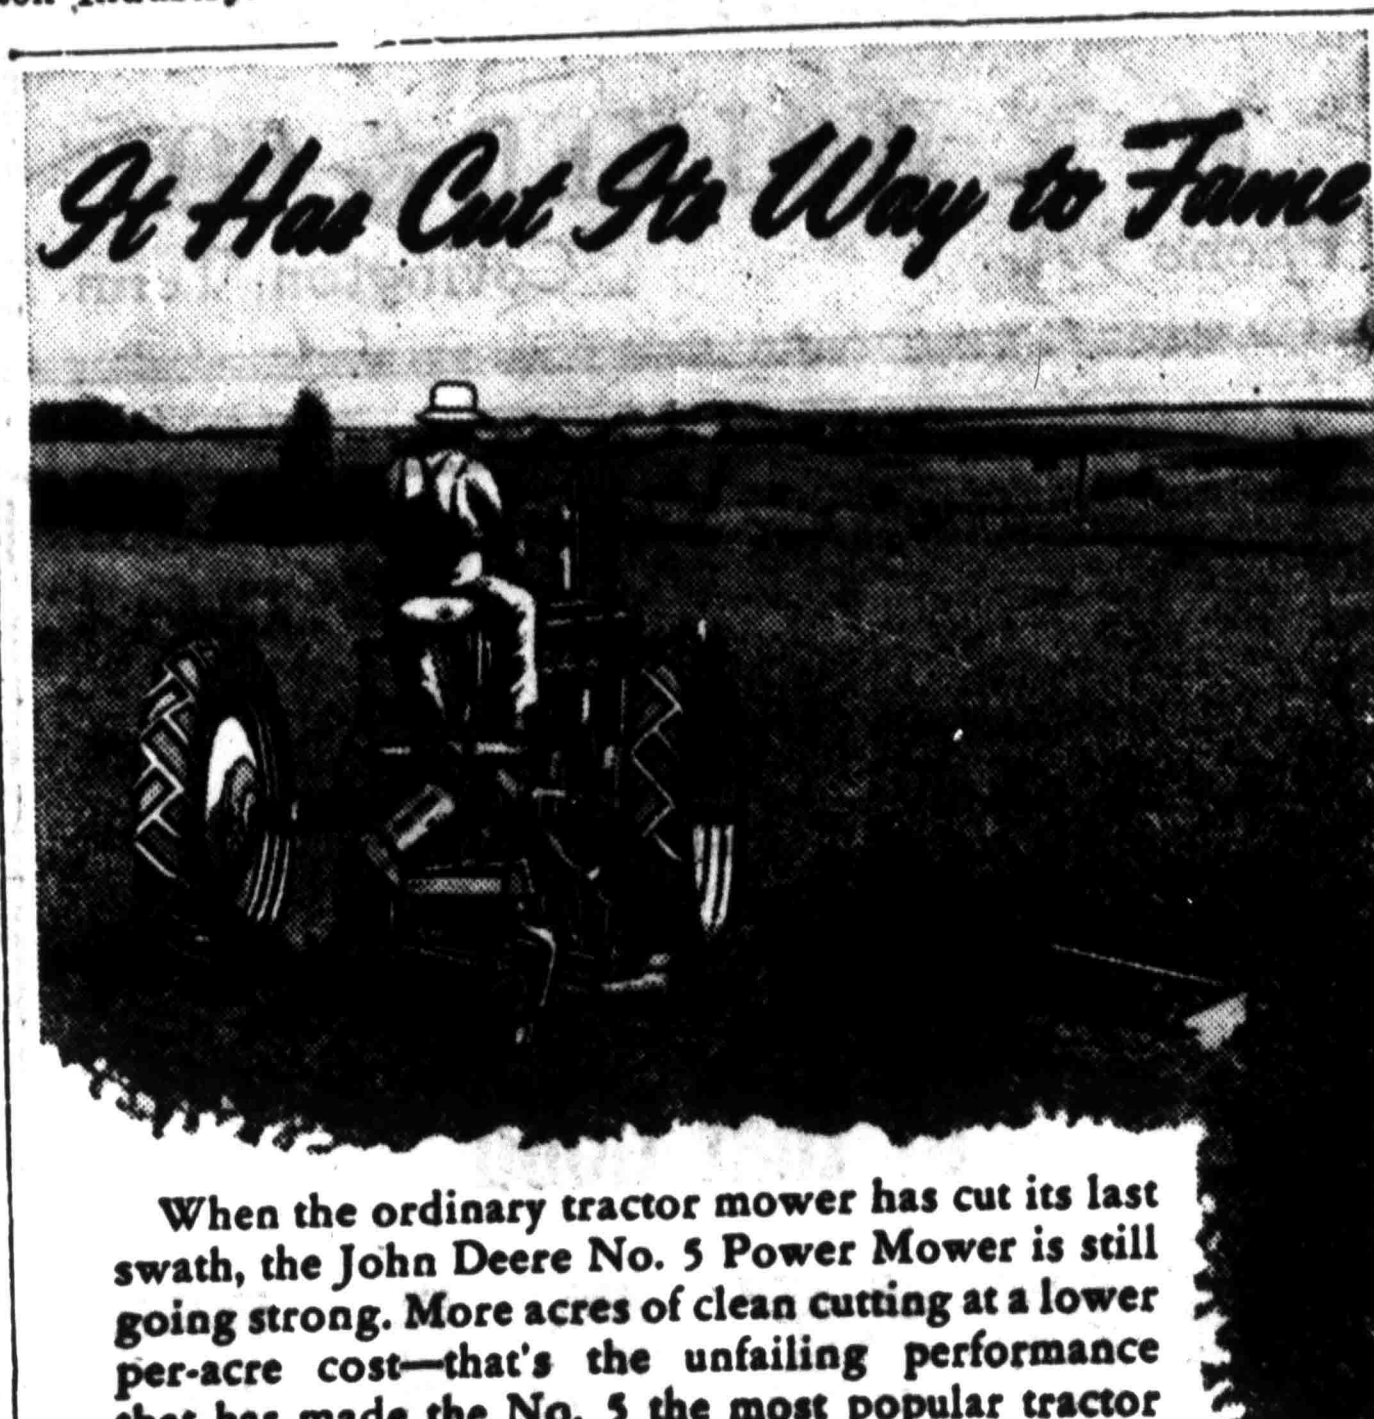

Brief suggestions for saving gasoline include: don't let motors idle unnecessarily; increase oil storage space wherever possible; make one trip do for many; haul full loads; tune up machines in off periods.

COTTON CLASSING SCHOOL SET JULY 12-17 IN MEMPHIS

A cotton classing school given cooperatively by the Mid-South Growers' Association, the U. S. Department of Agriculture, and the University of Tennessee will be conducted in Memphis July 12-17, says A. L. Jordan, U. T. Extension Service marketing specialist.

The school will consist of talks and discussions on timely subjects relating to the cotton industry, instruction in cotton classing, and actual practices in grading and

stapling. Among the speakers for the school will be Dr. C. E. Brehm, acting president of the University of Tennessee. Dr. Brehm's topic will be "Contributions of the University of Tennessee to the Cotton Industry." Tommy Dyer is spending two weeks with his grandmother in Gallatin, Tenn.

It Has Cut Its Way to Fame

When the ordinary tractor mower has cut its last swath, the John Deere No. 5 Power Mower is still going strong. More acres of clean cutting at a lower per-acre cost—that's the unflinching performance that has made the No. 5 the most popular tractor mower ever built.

Working with any make of tractor, the No. 5 Power Mower cuts up to 35 acres per day. Simple, durable, easy to attach and detach, it's a tractor mower through and through. Strong, well-braced frame... enclosed drive which runs in oil... safety spring release and slip clutch on power shaft to protect entire mower against breakage... high easy lift... caster wheel and hinged drawbar carriage to insure maximum flexibility for all ground conditions... accurately-fitted, long-lived cutting parts... simple, easy adjustments to keep the No. 5 working like new down through the years—these and many other quality features combine to give you the best tractor mower money can buy.

The No. 5 Power Mower is built with 7-, 6-, 5-, and 4½-foot cutter bars.

Mrs. Meredith Hurt entertained at her home on Tigrett Street on Saturday afternoon with a Dessert Bridge honoring her sister-in-law, Miss Elaine Hurt, of Olney, Ill. who was the guest of her parents, Mr. and Mrs. M. M. Hurt, during the weekend.

Arrangements of cut flowers were used by the hostess to decorate the living room where the games were played.

Mrs. Hurt presented the honor guest a lovely gift.

Those present were Mrs. Chas. Alsbrook, Mrs. Clyde Younger, Mrs. Will Cherry, Mrs. W. C. Viar, Jr., Mrs. Charles Rooks, Mrs. F. E. Pugh, and Miss Elmira Smith. Tea guests were Mrs. Claude Spence of Los Angeles, Calif. and Miss Marsaline Harward.

RETURN AFTER VISIT IN MISSOURI

Mr. and Mrs. H. G. McCorkle and children have returned from a short visit in Dexter, Mo. with Mrs. McCorkle's Mother and Brother. While in Missouri Mrs. McCorkle and Carolyn, with Mrs. Green, were guests in Poplar Bluff, Mo. in the home of Mr. and Mrs. B. A. Newkirk at an informal tea. The tea was given for the purpose of revealing the secret of the approaching marriage of Hutson Green to Miss Mary Lou Newkirk.

The announcement was concealed in miniature nosegays of pink rose buds tied with green ribbon. Carolyn McCorkle rendered three musical readings during the afternoon musical program.

It's NOT For or Against TVA

To be for or against the needed TVA steam plant is not a matter of being for or against TVA! It's a matter of being for or against an ample power supply which our area and the Tennessee Valley must have if we are to continue our economic progress at the present rate.

Your U. S. Senators at Washington will appreciate a telegram or letter expressing your support of their efforts to have the Senate restore the TVA steam plant to the TVA appropriations bill.

PARTIES HONOR BRIDE ELECT

The approaching marriage of Miss Madeline Cherry to Wayne Vaden has been the inspiration for a number of social events during the past week.

On Wednesday Miss Cherry was feted with a Gift Tea by Mrs. Joe Sumrow, Mrs. C. M. Kimbrough, Mrs. Woodrow Wilson and Mrs. Joe Hurt at Mrs. Sumrow's lovely home on Tigrett Street. Guests were received from three until five o'clock.

Regal lilies, larkspur and roses were used to decorate the home for the occasion.

Miss Sarah Alice Cherry, sister of the bride-elect, presided at the Register, where some fifty guests were registered.

In the dining room tea was served from a table draped with a Mosaic cut-work cloth, centered with a bride's bouquet of pink roses and sweet peas. White candies in silver holders burned on each side of the centerpiece. Miss Alice Nunn and Miss Ann Conley presided at the tea table where punch, cookies and mints were served.

Guests were invited into the gift room where a lovely array of gifts were on display.

Miss Madeline Cherry was entertained with a Theatre Party by Miss Ann Conley Tuesday afternoon. The guests assembled at the home of Miss Conley where cokes were served, and then taken to the Halls Theatre.

Afterwards the guests returned to the home of the hostess where a salad plate was served. The table was centered with white candles and bridal place cards were used. The honoree was presented with a gift by the hostess.

Guests were Miss Madeline Cherry, Miss Sarah Alice Cherry, Mrs. Buddy Escue and Miss Alice Nunn.

Floor baskets of white gladioli, greenery, and numerous lighted tapers in branched candelabra will present a beautiful background for the bridal scene when Miss Madeline Cherry becomes the bride of Wayne Vaden this (Friday) afternoon at the First Christian Church at 5 o'clock.

The single ring ceremony will be read by the Rev. William O. Beard, pastor of the Christian Church.

The bride will be given in marriage by her grandfather, T. L. Stephens, and will wear a model of white sheer crepe with a picture hat. Her accessories will be white and in her hand she will carry a white orchid.

Her only attendant will be her sister, Miss Sarah Alice Cherry, who has chosen a dress of pink butche rinen with which she will wear white accessories. She will carry an old fashioned nosegay in her hand.

Nuptial music will be presented by Miss Anne Conley at the piano, who will play the traditional wedding marches, and Mrs. Buddy Escue, who will sing Because and I Love You Truly.

Joffre Herring will serve Mr. Vaden as best man. Groomsmen will be Lynn Vaden and John M. Vaden.

After a brief wedding trip, the couple will make their home in Halls.

ATTEND RACES AT INDIANAPOLIS

Bill Leo and John Vaughn have returned home after attending the 500-mile speedway race at Indianapolis on Memorial Day.

(Continued from front page) daughters of Mr. and Mrs. William Tucker, III, of Ripley, in December, 1944. They have one son, Joe H. Walker, III, and reside on Lake Drive in Ripley. They are active members of the First Baptist Church in Ripley.

Mr. Walker's announcement of his candidacy appears in this issue of the Graphic, and he will make every effort to see all the voters of Lauderdale County before election day.

F. H. Paschal

(continued from front page) Cotton Classing School to be held in Memphis on July 12 to 17, sponsored by the Mid-South Cotton Growers' Association and the

Agricultural Extension Service. The school is held in order to assist farmers that want to get information on growing better quality cotton and marketing it to better advantage; in order to help ginners and cotton buyers to learn how to class cotton; and in order to give bankers and others interested in the financing of cotton information on this phase of cotton marketing.

Complete information on the school may be obtained from the County Agent's Office.

Cultivation Methods Important Dry weather tries each farmer's method of cultivation to see whether it is sound. If it is not, severe reductions in yield result.

The first reason for which we cultivate crops is to keep down weeds and grass which take moisture and growing space away from the crop. The second reason is to work some air into the soil, and the third reason which is very important always is the conservation of moisture by keeping a mulch one to three inches deep on top of the soil to prevent the sunshine from taking the soil water away.

The ideal type of cultivation keeps a shallow pulverized mulch all over the surface of the ground. Sub-soil moisture travels upward in the soil through hard ground. It comes up much more slowly through mulched soil. Open furrows allow the sun to steal our precious moisture and hard soil exposed to direct rays of the sun give up precious moisture at a rapid rate just when it is needed most.

Late Corn Being Planted Late corn will be planted on through June and farmers will be doing last minute buying of varieties which are not suited to this area and for which all kinds of big claims are made. June is the time when we begin talking about "52-day corn" and planting all the varieties which seedsmen cannot sell at any other time of year.

The Tennessee Experiment Station this spring recommended Tennessee 10 and Dixie 17 as the two best white hybrids for planting in Tennessee. The round grains of these hybrids will make just as high yields as the flat grains and they can be planted with most of the corn planters we have by using thick plates.

Jellicorse and Neal's Paymaster are the two best open pollinated varieties. Funk G 711, Dixie 44, and Kentucky 102 are the best yellow hybrids we have. Kentucky 102 is the earliest of the three yellow hybrids. All these corns can be expected to make good yields planted anytime during the month of June under favorable conditions. They will outyield any of the unusual varieties that are usually sold at this time of year and recommended for their "earliness".

Poplar Grove News

There will be preaching at the Baptist Church Sunday morning and night. Everyone is cordially invited.

Surprise Birthday Dinner

Those who attended the surprise Birthday Dinner for Mr. Jim Hilliard last Sunday were Mr. and Mrs. Jack Burroughs and daughter, Mr. and Mrs. Elsie Hilliard and family of Halls, Mr. and Mrs. Oliver Hilliard of Double Bridges, Mrs. Blanche Hilliard, Halls, Mrs. Katie McClain, Nankipoo, Rev. and Mrs. Powell, Mr. and Mrs. Elbert Burroughs, Mr. Hilliard was 78. He had a beautiful birthday cake with 73 pink candles and his granddaughter, Willodine Hilliard, lighted them. He received many nice gifts and all wished him many more Happy Birthdays.

Mrs. Robbie Sasser had as her guest last Monday Mrs. Ellis Balingier of Maury City.

Mr. and Mrs. Ben Chipman had as guests last Sunday Mr. and Mrs. Hubert Chipman, Mr. and Mrs. Gordan Jones of Memphis; Mr. and Mrs. Carl D. Chipman and Miss Ruth Campbell of Dyersburg.

Mr. and Mrs. Reg Beasley of Memphis were guests of Mr. and Mrs. D. L. Watts Sunday.

Mr. and Mrs. Jack Burroughs, Mr. and Mrs. Elbert Burroughs, Mr. and Mrs. Elsie Hilliard visited Grandfather Burroughs at the Barr, who is ill.

Mr. and Mrs. Harold Burroughs spent the weekend in Memphis.

H. C. Cook was the dinner guest of Mr. and Mrs. A. P. Burks Sunday.

Mr. and Mrs. T. W. Cleek of Arkansas are the guests of relatives here.

A. P. Burks has been sick this week.

Miss Madia Geans of Memphis visited in this community Sunday. Juanita Cleek, Ann Moore, Mr. and Mrs. White and baby were guests of Mrs. A. C. Ridley Sunday afternoon.

Mrs. Dan Ray of Memphis is spending the week with her mother, Mrs. Freeman.

Mr. and Mrs. Buddie Rogers of Brownsville were visitors here Sunday.

Mr. and Mrs. Arthur Broyles

carried their little boy to the Dyersburg Hospital Saturday morning very ill with pneumonia.

Mr. and Mrs. I. A. Bracker of Texas were visitors of Mr. and Mrs. Elbert Burroughs last week.

Those who went on the trip to Nashville last week from here were Bettie Brandon, Joy Watts, Ann Moore, Dot Crum. They reported a wonderful time although Bettie cut her foot on a piece of glass while wading.

Mr. and Mrs. Raymond Hathcock and family of Ripley were dinner guests of Mr. and Mrs. Jack Burroughs Sunday.

Mrs. Jim Hilliard and Mrs. Burroughs were guests of Mrs. Katie McClaine of Nankipoo on Wednesday.

There will be a Children's Day Service some time in June at the Cumberland Presbyterian Church and all the children that will take part are requested to come to the Church Friday night and get their parts.

THE HALLS GRAPHIC

Volume 54 Halls, Tennessee, Friday Morning, June 11, 1948

Confidential Corner

Something New

An addition to the Townsend-Daws Co., Inc. building. Under construction is an additional room which will be used as an addition to the parts department. The addition is just in the rear of the grease rack and wash room. The new '49 Ford will be on display at Townsend-Daws next Friday, June 18. The car, judging from pictures that we have seen, will have a completely new appearance. . . . additional gravel on the athletic field drive thus cutting down dust stirred up at softball games. . . . several new homes are under construction and a number of others will be started in the near future.

Rain Hails

Not everyone in this section was fortunate enough to get all the rain they needed Sunday but many farmers were going around with a smile that had been wearing a long face for the past several weeks because of the lack of rain. Gardeners in Halls mostly say that the rain came just in the nick of time. We have seen plenty of fine gardens and we believe some of the earliest in recent years.

Gardening

Speaking of gardens, Nell has already been able to put up 20 cans of beans out of our garden and she has also been able to give away several "messes". We don't get such a big kick out of growing the garden but we do enjoy eating what we grow and especially enjoy having enough to can. Food prices being what they are we aren't quite sure that we would be able to eat regularly if we didn't have a great deal of our own. So far as we can see that is one definite advantage that a farmer has over everyone else. He is able to have the finest food in the world on his table from his own pantry shelves if he has taken advantage of his opportunity to grow and can his own foods. If enough people will do that then it will definitely increase the world's food supply and have a direct effect on bringing down food prices. Incidentally an amazing amount of food can be grown in one small garden if properly cared for and worked.

Note Paid Off

We are sure that the business men of the town will give a definite sigh of relief with the announcement that the note for the air base factory site which was signed by a large number of businessmen has been paid. The announcement may be found elsewhere in this newspaper.

Shop To Open

According to present plans the new florist shop in Halls will be open for business some time next weekend. We wish this new enterprise well and suggest that the local people patronize it thus insuring its success.

Correspondents, Take Notice

During the past few weeks several of our correspondents have been getting their copy in as late as Wednesday. It is almost impossible for us to use copy which reaches us that late. Please try to get your copy in not later than Tuesday afternoon and please try to write every week if at all possible.

Still Hard To Please

Sam Siegel, former resident of Halls for thirty years, and presently a resident of Cleveland left Thursday along with Mrs. Siegel for their home after spending the past ten days here. According to Mr. Siegel he knows now what the song writer meant when he wrote "Home, Sweet Home". He states that he and Mrs. Siegel are planning to return to Halls to make their home in the very near future. Incidentally, we find him as hard to get along with as ever since the first thing he did when we saw him was begin to complain about an article which we carried about David Nunn fishing and wanting us to retract it. He stated that we classed David with

ATTEND FUNERAL FOR CHARLES BYRON TAYLOR

Mr. and Mrs. Fred R. Hurt and Mr. and Mrs. David H. Hurt attended funeral services for Charles Byron Taylor in Nashville on Friday of last week. Pfc. Taylor died of wounds received in the invasion of Normandy in June of 1944. He was the son of Dr. and Mrs. O. W. Taylor of Nashville. Dr. Taylor is editor of the Baptist and Reflector and formerly served as pastor of Halls Baptist Church.

All-Stars Play Poorly To Lose Friday

Greatly disappointed was the crowd which turned out to see the opening game of the "all-star" softball team when the Mallory Heights Club team of Memphis completely outclassed the local boys by a score of 15 to 6. Showing no signs of the fine ball which they played last season the "All-Stars" played their poorest game in the two seasons. However, in defense of the team it might be said that several of the men who were scheduled to play were not in uniform for the game which necessitated several playing out of position. Inability to hit in the clutches and poor fielding both played a part in the licking which the local club absorbed.

Only high spot in the game was the pitching of Edd Sumrow, young high school pitcher, who did a good job despite loose support by his teammates during the four innings which he pitched. "Chuck" Ketseder also showed up well at catcher with one or two other good plays being turned in during the game.

A completely revamped lineup will be on the field for the "All-Stars" in their game next Friday night, June 18, with Rotary Lift team of Memphis. Every effort will be made to improve the club to where it will at least make a good showing. No game has been scheduled for this Friday night.

Mrs. Kate Ferguson Died Wednesday

Mrs. Kate Ferguson, wife of J. B. Ferguson of the Gumflat community near here, died early Wednesday morning after an illness of some two weeks. She was 71. Funeral services will be held at 2 o'clock (Thursday) afternoon at the Halls Baptist Church with the Rev. Vernon Sisco officiating. Burial will be in the City Cemetery with Sudbury Funeral Home in charge of arrangements.

Mrs. Ferguson had been ill for the past two weeks and had suffered a stroke the latter part of last week, never recovering from the shock. She was a member of Halls Baptist Church.

Surviving is her husband, John Ferguson, well known planter and land owner, who is himself in bad health; one son, John J. Ferguson, of Halls; a daughter, Mrs. R. E. Kinnimouth, of Halls; one brother, V. L. Hamilton of Flint, Mich. and a sister, Mrs. Ida Fleck, McKeesport, Penn.

Grandson Of Mrs. Nearn Buried

Joint religious and military services for Flight Officer Alfred C. Nearn, Jr. were conducted at 1:45 Thursday afternoon at the grave in National Cemetery in Memphis.

Flight Officer Nearn, the husband of Mrs. Marian E. Nearn, Ocala, Fla., was killed June 25, 1944 over Saipan. His parents, Mr. and Mrs. Alfred C. Nearn, Sr. of Memphis, both served overseas in World War I. He was the grandson of Mrs. C. C. Nearn of Halls.

soned "fishermen" who cannot be believed at all and that we are likely to ruin his reputation if we do that. On the basis of the comparison that Mr. Siegel made we certainly wouldn't want to have anything more to do with it since he began stating that classing David with Jack Shannon, Morton Kimbrough, and others was like placing a juvenile delinquent in the cell with hardened criminals. We are not certain whether or not he meant that David was a juvenile delinquent or the others are hardened criminals so we are going to leave it strictly alone. Seriously, we were glad to see Mr. Siegel and hope that it may be possible for the Siegels to return here to make their home.

'49 Ford On Display Friday, June 18

The long awaited event — the showing of the new 1949 Ford — will take place in their showroom on Friday, June 18, according to an announcement by H. A. Townsend, president of Townsend-Daws, Co., Inc., local Ford dealer.

Held in connection with dealer showings throughout the nation one or more models of the completely new Ford will be on display for the general public. The world premiere showing of the new car is being held at the Waldorf-Astoria in New York City June 10-15 inclusive with the dealership showing starting the following Friday.

Radically changed in style, the new Ford will be of interest to all. Wider, roomier seats — a completely new body style, a new type of spring which will greatly increase riding comfort, and many other innovations have been incorporated into the long awaited new Ford. Not since the change from the Model T to Model A has Ford made such changes in design.

An invitation to the general public is extended by the Townsend-Daws Co., Inc. to view the new Ford June 18. All future deliveries of Fords will be of the new model so be sure and come to see it.

Gordon Browning Opens Campaign

NASHVILLE — Gordon Browning was carrying his campaign for the governorship into counties of every grand division of Tennessee this week.

Making his initial speech before a crowd estimated at 2,500 in Murfreesboro Saturday afternoon, the Huntingdon chancellor and veteran of both world wars also charged that the present state administration had "wantonly butchered" the fiscal program he inaugurated in 1937.

But throughout his speech he repeatedly attacked the "arrogant one-man rule in Tennessee" which he said dominated the regime of the incumbent, Jim McCord, his chief opponent in the August 5 Democratic primary.

Bob Taylor, Johnson City attorney and state campaign manager, introduced his candidate with the admonition to "let us join this great leader in his crusade to restore democracy and destroy dictatorship in Tennessee."

Taylor is the son and nephew of the two participants in Tennessee's famous War of the Roses gubernatorial campaign in 1887.

The latter half of this week will find Browning carrying his campaign to Lobelville at 2 p. m. Thursday and at Selmer at 8 o'clock Thursday night. Friday he will speak at Waynesboro at 8 p. m. and at Athens Saturday afternoon at 2 o'clock.

Browning, in his speeches, has been advocating an expanded rural road system, a "real" retirement plan for teachers, "one on which they can live," after 30 years service, constitutional revision of the worst features of the sales tax, although he opposes outright repeal of the sales tax at this time.

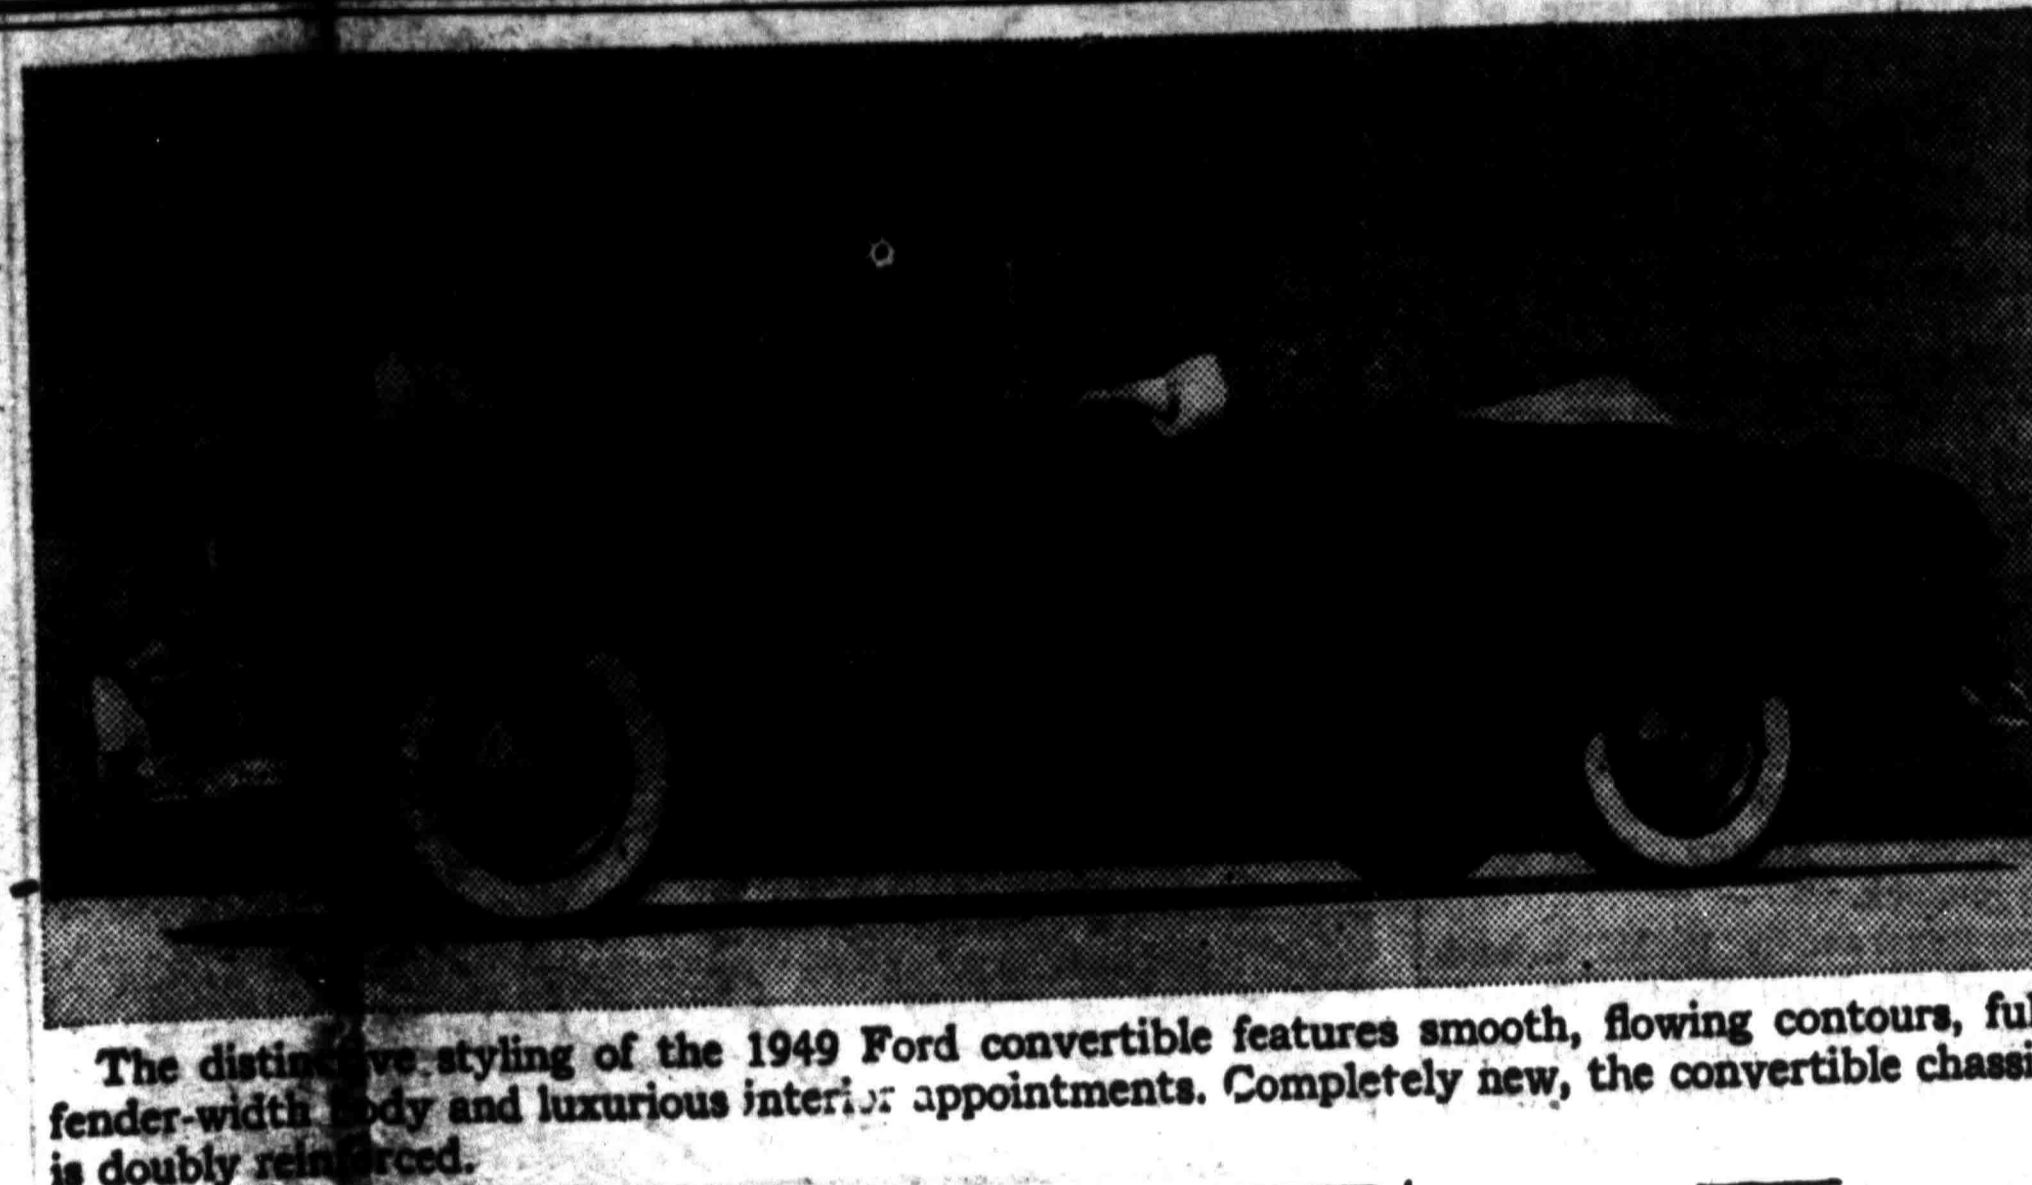

Robert L. Cone Buried Sunday

Funeral services for Robert Lee Cone, local farmer who died last Saturday afternoon at the home of a daughter, Mrs. Horace Duncan, were held Sunday at Enon Baptist Church. The Rev. C. W. Baldridge officiated. Burial was in Enon cemetery with Garner Funeral Home in charge of arrangements. He was 71.

A lifelong resident of Lauderdale county, Mr. Cone was a Baptist. Also surviving in addition to Mrs. Duncan is his wife, Mrs. Maggie Cone; a son, Earl Cone; three other daughters, Mrs. R. C. Ashcraft and Mrs. R. C. Malister of Halls and Mrs. Lillian Browner of Memphis; and a stepson, Willie Cone.

IMPROVES AFTER ACCIDENT

Billy Spence is reported as improving after having been injured when run over by a piece of farm machinery when the team which he was working ran away. He is said to have been rather badly shaken up and bruised but is able to be out.

The distinctive styling of the 1949 Ford convertible features smooth, flowing contours, full fender-width body and luxurious interior appointments. Completely new, the convertible chassis is doubly reinforced.

Security Bond Week Set By Governor

Governor Jim McCord has proclaimed the week beginning June 8 as official Security Bond Week in Tennessee in connection with the Security Loan Drive. Mr. Rufus Campbell, Lauderdale County Chairman, announced today.

Retailers are being urged to put in window displays and promote bond sales. Newspaper advertising salesmen are being requested to ask merchants to use bond copy in their advertisements and banks have been asked to sponsor advertisements announcing Bond-A-Month week which begins on June 13.

Security Bond Week is the opening of a four-week intensified campaign supporting the Security Loan Drive in Tennessee. Payroll Savings and Agriculture will have their special weeks promotion the latter half of June. The Security Loan started April 15 and closes June 30. Tennessee's quota is \$26,000,000 of which approximately 33 percent has been subscribed.

V. H. Rayburn, Drug Salesman, Dies

DYERSBURG — Services for V. H. Rayburn, Sr., prominent Dyersburg resident who died at his home here Sunday afternoon following an illness of several months were held at 11 Tuesday morning at the Cumberland Presbyterian Church in Dyersburg. The Rev. W. T. Ingram officiated. Burial was in Fairview Cemetery. Mr. Rayburn was 81.

Born in Gibson County, Mr. Rayburn had been a drug salesman for half a century and was well known throughout West Tennessee. He had been traveling for Meyer Brothers of St. Louis for the past 25 years and for about the same length of time before that was a salesman for the McKesson-Van Fleet Co., of Memphis.

Killed In Truck Crash Monday

MAURY CITY — John Daniel Archer, 26, died at 11 p. m. on Monday of injuries suffered in a truck accident on Highway 54 between Alamo and Trenton.

Services were held at 3 p. m. Wednesday at Archer Chapel with the Rev. T. E. Williams officiating. Burial was in Maury City Cemetery with Sudbury Funeral Home in charge.

Mr. Archer was born and reared in Crockett county, where he was a farmer. He was a veteran of World War II having served in the 36th Infantry Division for 3 years, including 18 months in the European Theatre.

He leaves his parents, Mr. and Mrs. A. D. Archer, of Maury City; five sisters, Mrs. Ausie Wilcox and Mrs. Doyle Hollingshead of Halls, Mrs. James Marlow of Friendship, Miss Bertha Mae and Miss Mildred Archer of Memphis and a brother, Thomas Wilson Archer, also of Maury City.

MAXEDON ATTENDING ANNUAL CONFERENCE

Rev. W. F. Maxedon, pastor of Halls Methodist Church, is in Memphis attending the annual Methodist Conference of the Memphis District which opened at the First Methodist Church there on Wednesday night. Meeting dates for the annual conference was changed from November to June at the last meeting.

Bernard Baker and Robert Craddock spent a few days last week on the Tennessee River.

RECEIVES DEGREE

The Rev. William O. Beard, who has been attending Vanderbilt University, was in Nashville Monday to attend graduation exercises and to receive his Bachelor of Divinity degree. The Rev. Beard is pastor of Halls Christian Church.

J. B. Avery, Jr. For State Senator

J. B. Avery, Jr. of Alamo, has authorized the Halls Graphic to announce him as a candidate for Democratic nomination for the office of State Senator for the counties of Dyer, Lauderdale and Crockett, subject to the action of the Democratic primary election to be held Thursday, August 5, 1948.

Mr. Avery is a young attorney of Alamo and at present is the direct representative for Crockett county to the State Legislature. He is a veteran of World War II, having served with the U. S. Navy. Mr. Avery is a graduate of Baylor University at Waco, Texas, and is practicing law in his hometown at the present. He is the son of J. B. "Buck" Avery, Sr. who has served both as a state senator and representative from Crockett county in past legislatures. While not as well known as his father, Mr. Avery, Jr. is said to be a fluent speaker and well qualified for the position which he seeks.

He is a Baptist and president of the Alamo Rotary Club. He expects to campaign throughout the three counties during the forthcoming race.

Avery Seeks School Board Place

To the Voters of the 7th, 8th, 16th and 17th Civil Districts: At the continued request of a number of my friends I am announcing my candidacy for membership on the Lauderdale County School Board from the 7th, 8th, 16th and 17th Civil Districts in the general election to be held on Thursday, August 5, 1948.

Due to the pressure of my own farming business, I will be unable to contact many of the voters in this school district but I do assure you that your vote and influence will be appreciated.

Should I be elected I will do all within my power to assist in the conducting of the school business of the county in the best possible manner for all concerned and to the best of my judgement and belief.

City Board Transfers Industrial Property

At the regular monthly meeting of the City Board of Mayor and Alderman, the Board completed transfer of the property on the industrial site on the Air Base to the recently formed Halls Development Co. The transfer was made in order to relieve the town of responsibility for indebtedness remaining on the property which had been guaranteed by local business men.

Mr. Holway of Memphis, representative of the American-Lorraine-Foamite Corporation, discussed certain changes and improvements that fire fighting equipment needed to be adequate. No vote was taken at the meeting.

The board voted to request the state to widen, curb and gutter and otherwise improve Highway 51 (Church street) through Halls. This improvement has been needed for some time due to the extreme amount of traffic on the highway.

New Comfort, Styling Features Of Interior Of New Ford

A precedent has been established in the low-priced automotive field by combining handsomeness and beauty with durability and comfort in the interiors of the 1949 Ford.

Ford has broken away from the neutral tones which have been traditional for mass production automobiles as designers have turned to textile fabrics popular in fashions and interior decorating. Of the three new fabrics, the most unusual is a soft gray tweed mixture with a blue stripe which gives the 1949 Ford interiors a freshly tailored look. It has been combined with a bolster of blue-gray broadcloth to protect the upper section of both front and rear seats.

The same tailored good looks are obtained with the other fabrics — a smooth green striped broadcloth and two new adaptations of mohair in a green and maroon stripe and green and gray combination. In proper combination, they complement the new Ford exterior colors such as Sea Mist Green, Birch Gray, Arabian Green and Bayview Blue.

The instrument panel of the new Ford has been simplified. All instruments are combined in a single cluster directly in line with the driver's view. Projecting very slightly for better visibility, the large figures in a telescoped dial indicate speed, fuel level, rate of battery charge and oil pressure.

The clock dial has been centered on the panel and placed higher. Night glare is eliminated on all instruments by "black lighting." Chrome trim throughout the car has been reduced. On the panel it is expressed in a neat arrangement of uniform knobs which control choke, windshield wiper, lights, heater and defroster.

On each side, the chrome strip makes a decorative arc over the heavy artificial leather kick pad at the bottom. Flame-shaped center pillar lights provide plenty of illumination for the interior and for stepping into and out of the car.

Interior door handles pull up instead of down to open the door. This eliminates the possibility of the car doors swinging open if the handle should be pressed down accidentally.

The new Ford's functionalism has been extended to the roomy seat — 58 inches wide in front and 60 inches in the rear, plenty of room for six persons.

New windows demonstrate the new trend. The rear window alone is 88 percent larger — as large as the ordinary windshield. The windshield is deeper and wider. They give a picture window affect to the entire car and greatly improve all around visibility.

Vacation Schools Well Attended

More than one hundred and fifty youngsters have been back in school this week as Vacation Bible Schools are in progress at the Halls Baptist Church and the Halls Methodist Church.

Pastors of the two churches, the Rev. Vernon Sisco and the Rev. W. F. Maxedon, are highly pleased with the enrollment and attendance at the schools and are especially complimentary of the workers who are assisting with the schools. A highly successful Vacation School was conducted at the Halls Baptist Church last week with a number of children from Halls also attending the school. The Vacation Schools at both churches will close this week.

Potters Tops Edith In Year's Best Game

Western Auto will meet Navy and Gates will play Woodville tonight (Thursday) to complete the third round of the games of the softball league. Gates and Woodville will play the opening game. Next Tuesday night will see Potters and Woodville meet and the Legion and Navy teams tie up.

The softball games continued loosely played last Thursday night when Potters lost a high scoring game to the Navy club with Navy completely outclassing the WOW outfit. In the second game Western Auto after trailing along for a large part of the game came out on the low end of a 12 to 11 score in a game in which Harold Ferguson, Western Auto pitcher, hit two home runs.

Tuesday night the high flying High School team crashed with a bang when they took a 21 to 10 licking from the American Legion team which had not previously shown up as well as was expected. The Legion jumped on the High School youngsters for 12 runs in the second inning and were ahead with a 15 to 0 lead. The High School team seemingly was unable to do anything right for a couple of innings and never were really in the ball game.

In the second game Tuesday night the Potters WOW team after losing their first two games, rose up and smote the fast Edith team which was tied for the league lead with two straight victories. Final score was 5 to 4 in a game which was played in 53 minutes with both teams playing almost flawless ball for the best game of the three week old season. Edith took an early 1 to 0 lead then were in the lead 3 to 2 but were unable to overcome a one run 5 to 4 lead in the final inning of the game.

Attendance at the games is somewhat improved with warmer weather expected to increase attendance considerably as the season grows older. Between 250 and 300 people witnessed the games Tuesday night with a slightly smaller crowd present last Thursday night.

The league will get down to business in earnest with the close of this week with all players confined to playing with the teams with which they are presently playing and unable to transfer to other teams within the league. However, all teams may add independent players with a total of 20 to be carried on each roster for the present.

Teacher Work Shop Now In Session

A Work Shop for Teachers, conducted by Memphis State College is being held in Ripley at the Ripley Grammar School building where about 90 teachers from Lauderdale, Tipton and Haywood Counties have registered for the five weeks course.

The Work Shop opened Monday morning, June 7, at nine o'clock, with Miss Messalls of Memphis State in charge. Miss Winnie Lee Bizzell, Elementary Supervisor of Lauderdale County, Miss Dorothy Flowers, Tipton County Supervisor, and Miss Kittrell, from Memphis State Training School will be among the instructors.

A varied and interesting program of work and activities have been carefully planned and much interest is being shown in the different fields of work.

Halls Development Co. Pays Note

Announcement was made Tuesday by Ross W. Dyer, president of Halls Development Co., of the payment of a note for approximately \$18,000 held by the local bank against industrial property on the Air Base.

The note had been endorsed by some twenty-five or thirty local business men and in order to relieve them of that responsibility, the development company was formed and stock sold to pay off the indebtedness. The town had transferred title to the property to the company.

Every effort is being made to secure other industries to locate on the site and it is expected that in the near future other factories will be arranged for. The directors of the company are spending a great deal of time in contacting various industries which might be interested in locating here.

SOFTBALL

There will be an "All-Star" softball game on the Halls Athletic Field tonight (Friday, June 11) with the local club playing the King's Soldiers, a Church League team of Memphis.

Elsewhere in this issue of the Graphic it is stated that there will be no game but a game was scheduled too late to make a change in the announcement.

PEERY-RAINEY VOWS SAID FRIDAY

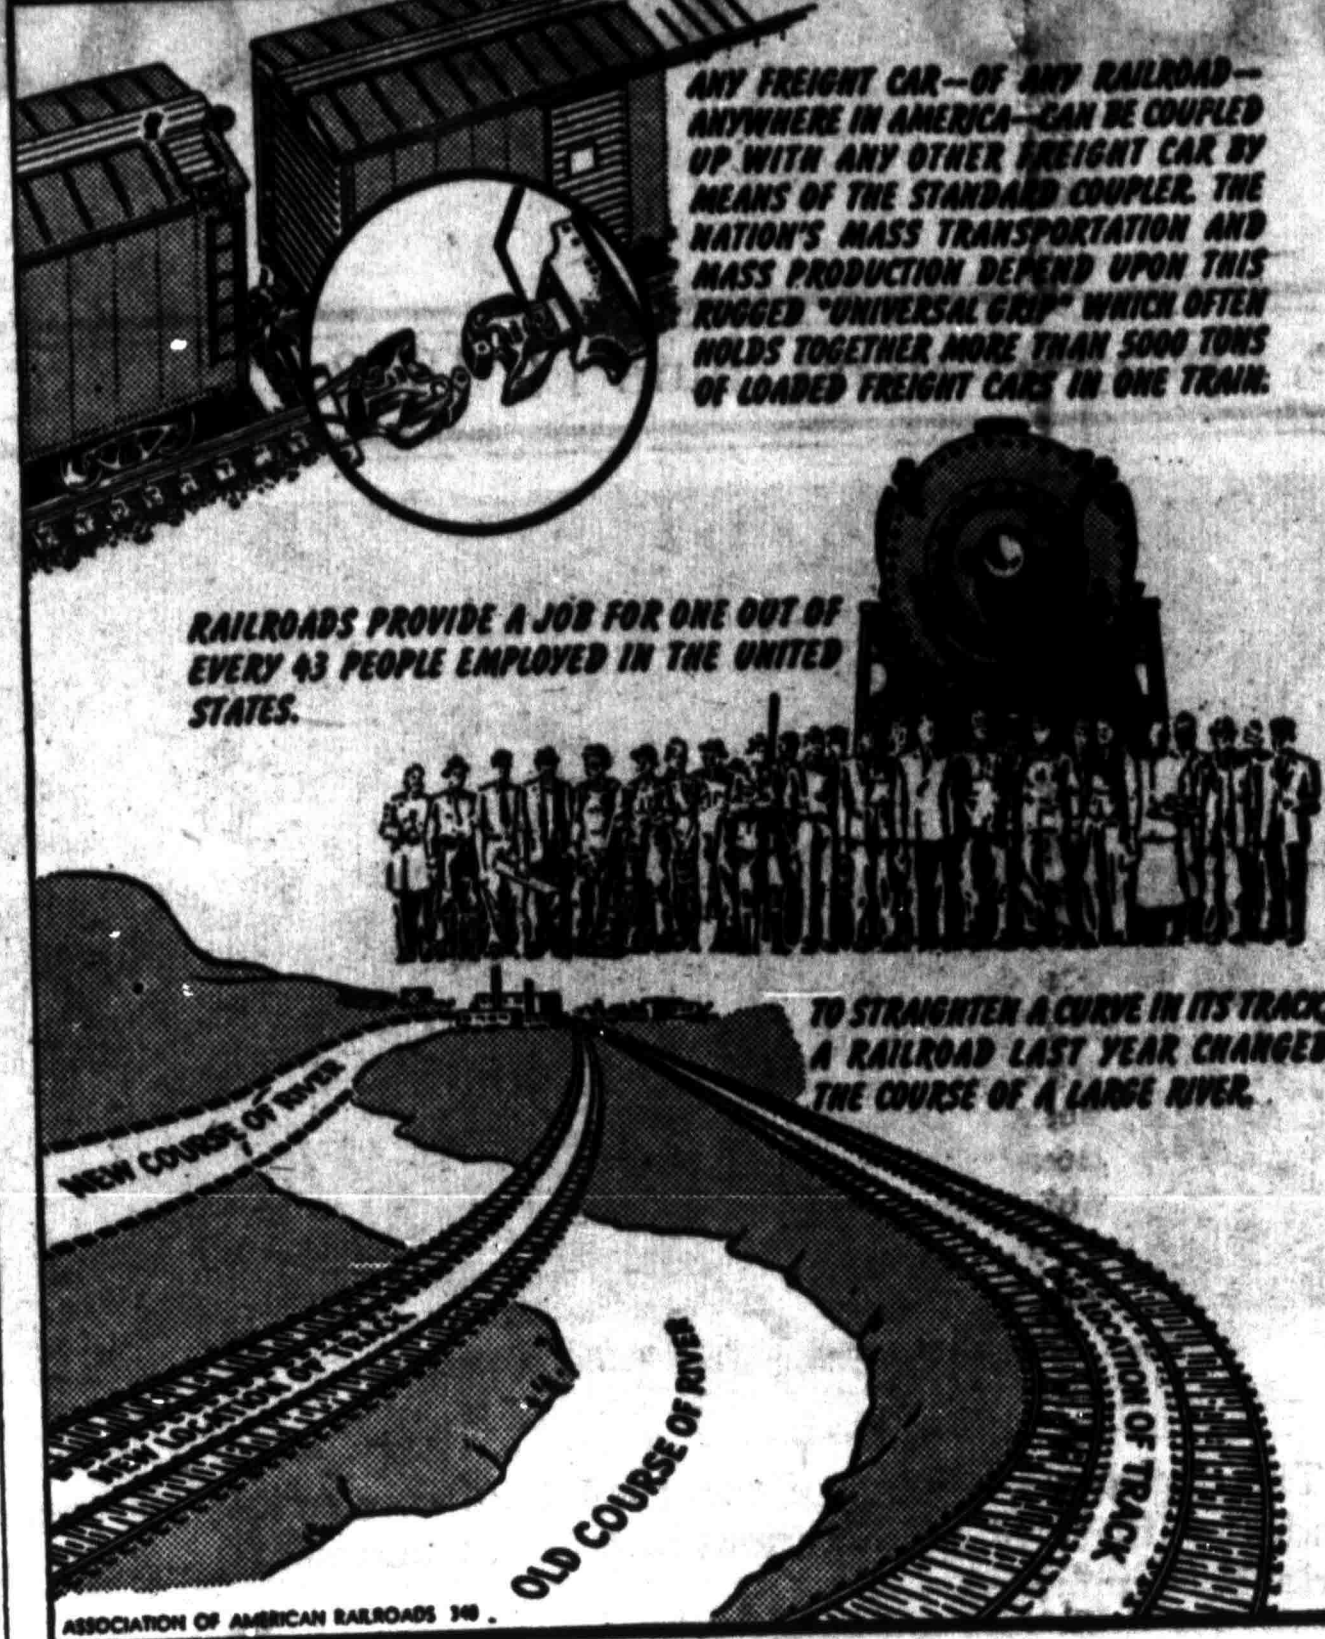

The wedding of Miss Mary Ann Rainey, of Bolivar, and James Cody Peery, of Halls, was quietly solemnized in the home of the bride's parents, Mr. and Mrs. W. B. Rainey, on Friday, June 4, at three o'clock.

The Reverend D. P. McFarland, pastor of the First Baptist Church, officiated. The guests, who were limited to the immediate family and a few close friends, were received by the bride's mother who was wearing a becoming figured crepe dress, with a corsage of gardenias.

Preceding the ceremony, Mrs. W. C. Orr sang Always and Because with Miss Kathryn Taylor at the piano.

The attractive bride entered on the arm of her father to the strains of Mendelssohn's Wedding March. She wore a lovely frock of white linen, trimmed with gold buttons made along simple lines, and a small hat of white crocheted straw. Her flowers were white gladioli and baby breath, arranged in a colonial bouquet.

WHY BABIES NEED MILK

All babies are born calcium poor because bones must be soft and flexible to survive birth, nutritionists of the U. S. Department of Agriculture explain. The newborn baby has not only a smaller amount but also a smaller percentage of calcium than the normal, fully developed body.

Once safely born, however, the body needs to catch up rapidly in calcium to develop normally. Milk is rich in calcium to supply this need. In order to grow normally the child must increase the amount and percentage of calcium in his body at the same time that his body weight is increasing rapidly.

So his need for calcium is greater than his need for other body-building materials.

Unfortunately, many people remain calcium-poor throughout life for lack of enough calcium in their food. A child's growing body has greater need for calcium than many parents realize, and calcium deficiencies in both children and adults are much more common than many realize because there is no good method of directly detecting them.

Without enough milk, it is difficult or impossible for the average person to get the calcium he needs for adequate nutrition. Whatever other foods must be skimped in budget meals, families should make sure that growing

children get 3 to 4 cups or nearly a full quart of milk each day. Two cups is the minimum for adults.

The daily quota of milk does not have to be taken entirely in liquid form. Part of it can be used in cooking. When evaporated milk and dried milk are cheaper or more convenient than fluid milk, they may be used to advantage especially in budget meals.

MEAT IS TIGHT; LIVESTOCK PRICE OUTLOOK GOOD

Fewer cattle on farms and ranches. Fewer cattle have been put on grain feed since last summer. And with fewer cows on hand, calf slaughter is smaller this year. Also fewer hogs on farms, and a smaller spring pig crop than last year. A smaller early spring lamb crop, too.

That all counts up to less lamb, and pork, and beef. Economists of the U. S. Department of Agriculture figure we'll have about 10 percent less total meat than in '47.

During the first quarter of this year, compared to the first quarter of last year, meat production was about 8 percent less.

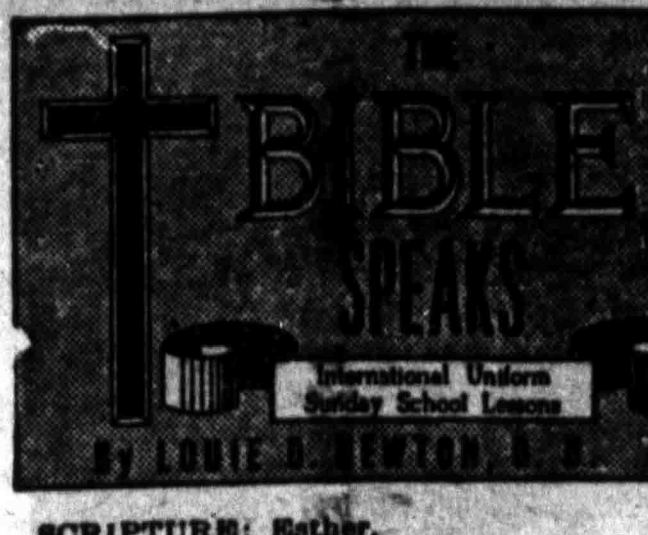

During the second quarter, now nearing its end, meat output will be down from a year ago a little more than in the first quarter.

On the livestock side, feed prices may change between now and next fall.

Last year we had a small corn crop. And we don't usually have two small corn crops in a row. Except during the drought years of the mid '30's, we haven't had a small corn crop follow a small crop in close succession for 40 years.

If the growing season this year is up to average or better, we'll get a bigger corn crop than last year.

Another big wheat crop is also in prospect and indications are for a good hay crop; all favorable factors for profitable livestock feeding, it is pointed out.

Esther's Zeal For Her People

Lesson for June 12, 1948

GEORGE MERRIDITH has a line that runs like this: "God's rarest blessing is, after all, a good woman." In this study of Esther, you may wish to think of her primarily as a courageous woman—most people do, I guess. But back of her courage was a solid goodness, else she would never have been able to say, "And if I perish, I perish."

One must read the Book of Esther, of course, to have any grasp of this great story. It requires but a few minutes, and every reader will be richly rewarded. I have a lawyer friend, a prodigious reader, who tells me that once each month, for the past 30 years, he has read the Book of Esther.

A QUEEN WHO WAS BRAVE

DANIEL, we agreed, was a brave person; but not more brave than Esther. There is a verse in Hebrews 11:6 that serves admirably to interpret this first stage of Esther's manifest courage. "The Lord is my helper."

We go to the palace in Shushan, where reigned Ahasuerus. His kingdom stretched from India even unto Ethiopia. His queen, Vashti, refused to come before him when he had made a feast. As a result of this refusal, the king ordered young maidens brought before him that he might choose a new queen. There was in the court a Jew, Mordecai, who had been brought there from Jerusalem. He had in his care the daughter of his uncle, a beautiful maiden, named Esther, Mordecai saw here a great opportunity, and he brought her before the king. She was chosen. This brief sketch accounts for her position.

A QUEEN WHO HELPED HER PEOPLE

HAMAN, who was next to the king in authority, discovering that Mordecai was a Jew and was not worshipping as Haman had commanded, caused a decree to be issued which would put to death all the Jews in the kingdom. Mordecai, learning of this decree, sent word secretly to Esther, urging her to intercede on behalf of her people to the king.

Here is the heart of the story. Space does not permit a detailed recital. It is sufficient to say that Esther, though still in her early twenties, managed this delicate situation with such skill that the gallows which Haman had built for Mordecai turned out to be the instrument of death for Haman and his sons. Instead of the Jews being slaughtered, those who had planned the death of all the Jews lay dead.

ESTHER RISKED ALL AND WON ALL

IF EVER there was a perfect illustration of staking one's all on one great moment, Esther provides such illustration. "Who knoweth whether thou art not come to the kingdom for such a time as this?" said Mordecai as he bolstered her nerve.

It is such a challenge as young people may be facing today. Obviously, the moment now confronting us calls for great faith and great sacrifice if this world is to be saved from utter destruction. It may be that this situation calls for hitherto unknown tactics. And let us pray God there is somewhere an Esther.

THE MESSAGE OF ESTHER

WHICH leads one to suggest that racial hatred was never more bitter than at this moment. Unless the winds of God blow, unless some mighty manifestation of divine intervention is granted, the world will break up on the rocks of prejudice and selfishness and ambition and all the forms and fashions of sin.

"God moves in a mysterious way, his wonders to perform." Let us pray that we may early witness some mighty stroke of his mercy and deliverance, ere the night let down.

Atomic Hope

Terrifying as is the prospect of atomic energy running wild in the hands of a generation of men morally and spiritually unprepared to handle it, even more thrilling is the prospect of a Divine Will subjecting even such a diabolic thing as the atomic bomb to discipline and control.

Calling The Shows

Today and Friday, "The Roosevelt Story"

When Martin Levine and Oliver A. Unger, in association with Harry Brandt, decided to produce a full length picture on the life of Franklin Delano Roosevelt, they realized they had set themselves a stupendous task. The magnitude of the man's accomplishments in forty years of public life presented a production problem without precedent. When the idea was conceived, it was thought that complete production of the film would take six months. Yet, actually, it took over eighteen months of tireless work to bring "The Roosevelt Story" to the screens of the nation. The picture is being released by United Artists and is scheduled to show Thursday and Friday at the Halls Theatre.

When the idea for the script was presented to Mrs. Eleanor Roosevelt, she gave her approval because the production was going to be made from factual material and actual shots which had been taken of her husband during his life time. It was understood that no actor would impersonate the late President and that absolute authenticity would be maintained throughout the production. Gen. Elliott Roosevelt consented to be Editorial Consultant as there were many pictorial incidents in his father's life which only the family knew about and could verify. After weeks of ceaseless discussions, the capable scenarist and radio writer, Lawrence M. Klee, completed the final shooting script. Ten others had already been rejected by Mrs. Roosevelt.

Then came the nerve-racking work of doing research on 2 million feet of film to find the outstanding events in Franklin Delano Roosevelt's life and to weave the final footage into a cohesive production.

Included in the dramatic cast are Kenneth Lynch, a renowned radio actor; Canada Lee, famous negro actor of radio, stage and screen; Ed Begley, the well known stage and screen actor; Kelly Flint, a rising young dramatic star of radio, and Gene Blakely, a featured radio actor. Combined, these players give an outstanding performance, although not one of them ever appeared on the screen.

"The Roosevelt Story" will be translated into fourteen different languages and distributed all over the world so that people everywhere will be able to hear and see Franklin Delano Roosevelt as he was in real life.

Sunday and Monday, "High Wall"

Thrill — and Robert Taylor! Romance — and Audrey Totter! Suspense — and Herbert Marshall! — Adding up to a dynamite-laden picture of mystery and murder, Metro-Goldwyn-Mayer's exciting "High Wall" which will show at Halls Theatre Sunday and Monday.

Robert Taylor, as a supposed homicidal maniac, accused of killing his wife, battling the most hopeless odds faced by any man, and with the help of only one woman! It's a role that provides Taylor, in his second post-war picture, with his most explosive screen drama. It marks a thrilling follow-up to his recent performance as the heartless killer of "Undercurrent," in which he co-

starred with Katherine Hepburn. Teaming with him is Audrey Totter, the young dramatic actress who drew acclaim for her performance with Robert Montgomery in "Lady in the Lake." In her first starring role, as the young psychiatrist who risks her life and her reputation for the man she loves, she makes it Taylor and Totter against the world. Herbert Marshall, who recently appeared in "The Razor's Edge" as author Somerset Maugham, returns to M-G-M for one of the most unusual roles of his career as the suave but sinister "other man" who holds the key to Taylor's fate.

Joining the three stars is Dorothy Patrick, as the lovely victim. Following her performance as Mrs. Jerome Kern in "Till The Clouds Roll By" and her leading role in "New Orleans," the blonde actress and former model is considered one of Hollywood's brightest prospects for future film fame. H. B. Warner, Warner Anderson, Moroni Olsen, John Ridgeley, Morris Ankrum, Eliza-

both Biedon and Vince Barnett make up the supporting cast.

It Has Cut Its Way to Fame

When the ordinary tractor mower has cut its last swath, the John Deere No. 5 Power Mower is still going strong. More acres of clean cutting at a lower per-acre cost—that's the unflinching performance that has made the No. 5 the most popular tractor mower ever built.

Working with any make of tractor, the No. 5 Power Mower cuts up to 35 acres per day. Simple, durable, easy to attach and detach, it's a tractor mower through and through. Strong, well-braced frame . . . enclosed drive which runs in oil . . . safety spring release and slip clutch on power shaft to protect entire mower against breakage . . . high easy lift . . . caster wheel and hinged drawbar carriage to insure maximum flexibility for all ground conditions . . . accurately-fitted, long-lived cutting parts . . . simple, easy adjustments to keep the No. 5 working like new down through the years—these and many other quality features combine to give you the best tractor mower money can buy.

The No. 5 Power Mower is built with 7-, 6-, 5-, and 4½-foot cutter bars.

JULY SET FOR ANNUAL COVER CROPS CAMPAIGN

July has been designated by the U-T Agriculture Extension Service as cover crops month in Tennessee.

During the month a State-wide campaign will be waged by county agents to increase the acreage of winter cover crops, pastures, hay crops, small grain for feed and soil saving.

The objectives of the campaign are to interest farmers in the production of more and better feed and pasture for livestock and at the same time protect and build up soil fertility during the winter months, states J. H. McLeod, act-extension director.

By seeding winter cover crops, hay, pasture and small grain at the proper time each fall farmers can greatly increase their production of feeds rich in protein, minerals and vitamins essential to successful livestock production he points out.

Such a program also makes possible, year around pasture, improves the soil by adding organic matter, controls erosion by protecting the soil, saves labor thru harvesting of crops with livestock and aids in the control of livestock parasites and diseases by providing clean ground.

Tennessee has thousands of acres of crop land that usually lies idle and bare in winter that should be protected from erosion

COFFEE WEDDING CAKE

EASY for an amateur to turn out, yet lovely as a caterer's creation, this coffee-flavored fruit cake combines the virtues of Wedding and Bride's Cake in one. For service at the bride's reception or, traditionally, to give to hopeful guests for tucking under their pillows, this cake will fill the bill.

Deliciously rich in texture, this Coffee Wedding Cake has excellent keeping qualities. It can be made several days in advance of the big event and be fresh as the flowers that decorate it when it's served. The cake may be baked in a 9-inch tube pan, a 10-inch ring mold, or in tier cake pans, 6, 8 and 10 inches in diameter and one inch deep. For the reception, with plenty of hot coffee for all the guests, it is an important part of the wedding picture.

Coffee Fruit Cake

| | |
|-------------------------------------|---|
| 1/2 teaspoon baking soda | 1/2 cup mixed dried candied fruits |
| 1/2 cup hot double-strength coffee | 3 cups sifted all-purpose flour |
| 1 cup plus 2 tablespoons shortening | 2 1/2 teaspoons double-action baking powder |
| 2 cups sugar | 1/2 teaspoon salt |
| 1 cup silvered toasted almonds | 3 eggs, well beaten |
| 1 cup sliced candied cherries | 1/2 cup milk |
| 1/2 cup silvered pitted dates | 1 teaspoon vanilla |

Dissolve baking soda in coffee; pour over shortening a little at a

time; beat until smooth and waxy. Beat in sugar gradually. Stir in almonds and fruit. Mix and sift flour, baking powder and salt. Combine eggs, milk and vanilla. Add about half of flour mixture to fruit mixture. Add about half of egg mixture; blend smooth. Add remaining flour mixture and egg mixture, mix only until batter looks creamy. Grease cake pans, line with waxed paper and grease paper. Fill pans 3/4 full with cake batter. Bake in moderate oven, 350° F., 40 minutes. Loosen edges, remove layers to cake racks. Remove waxed paper. Cool. Frost with Decorative Icing. Decorate with fresh flowers if desired.

Decorative Icing*

| | |
|---------------|--|
| 4 egg whites | 1 tablespoon plus 1/2 cup confectioners' sugar |
| 1 lemon juice | |

Place egg whites in large bowl with 1/2 cup confectioners' sugar and lemon juice. Beat well. Add remaining sugar slowly while beating. Continue until a knife drawn through frosting leaves a clean cut.

Note: This frosting may be put through a pastry tube and used to decorate as well as frost the wedding cake, if fresh flowers are not used.

money and conserve other foods by double-cropping with successful plantings. This keeps the garden working until frost cuts it down.

Two free publications, Extension Leaflets 61 and 99, Plans For Summer Gardens and Your Freedom Garden, contain many helpful suggestions. Ask your County Extension Agents for copies.

Good Hay Can't Wait

3 Simple Steps to Good Hay

- 1 Cut early**, when protein is high and indigestible fiber is low. Cut quickly, for uniform curing. The new Case trailer-mower cuts seven feet, ideal width for windrows; mows three acres an hour. Drives from power take-off; hitches quickly to any modern tractor.
- 2 Rake early, too**, in same direction as mower; finish air-curing in windrow. Case side-delivery tractor rake has 4-bar reel geared slower for clean, gentle raking at fast tractor speeds; puts leaves mostly inside, sheltered by slower-drying stems.
- 3 Bale promptly** with Case Slicer-Baler. It works as fast as mower and rake, reduces risk of rain. No rough or repeated handling; saves a lot more leaves. Saves labor both in haying and feeding; saves storage space, too. See us now about a baler or any hay machinery you need.

say U-T Extension garden specialists.

A tight spot in meat supply is forecast for late summer, the Office for Food and Feed Conservation warns. Continued garden production for late summer and early fall will be useful for both farm and town folks, will save expense for scarce meat and will supplement effectively the food supply of this country and the world.

String beans, Lima, tomatoes, beets and carrots are some of the vegetables that can be used to double crop the garden where early crops such as radishes, lettuce, peas and spring greens have been harvested.

In the larger gardens cucumbers, squash, corn and sweet potatoes can provide excellent summer and fall dishes.

Yield from gardens in the weeks before frost, plus the vegetables that can be stored or canned, can substitute mightily for scarcer foods in satisfying, healthful and nourishing meals for the family. That is one of the principal ideas behind this year's Freedom Garden Program. Gardeners save

by a winter cover crop which in turn would provide the best and cheapest feed for dairy cows and other livestock, Director McLead points out.

The slogan of the campaign will be "Make Tennessee Green in Winter."

Confidential Corner

Politics

We have often wondered just why it has never occurred to the political bigwigs to have elections and political conventions, etc. in the winter and aid in the heating problem. From the amount already being generated in some of the political campaigns in the State of Tennessee and nationally we are sure that heating would become much less of a problem and coal shortages could be eliminated. Be it a small city election—the Town of Halls, for instance—a county election, state election, or what have you, gather a few men together and a hot political argument can be started in no time at all during an election year. Instead of taking advantage of this excess heat the political leaders set conventions in June and July and elections in August. Of course, the presidential election comes in November but every thing else is over long before that time. Why not elections in January and February when there is no danger of overheating in an election argument?

The Voting Privilege

Wednesday of this week we were talking to Trustee J. B. Crockett of Lauderdale County and he informed us that more than 2300 poll taxes have been paid in Lauderdale county prior to June 7 which was the deadline for voting in the August general elections. This is an unusually large number but unless we have badly miscalculated it is not much more than fifty percent of the people in this county who must have poll tax receipts in order to vote. We hold no brief for the poll tax as a prerequisite for voting but nevertheless it is the law and we have said before we don't believe that the man who fails to qualify himself and vote has any kick coming at the type of government he gets. Poll taxes for voting in the state primaries may be paid right up until election time so if you failed to pay yours in time for the general election then why not pay it now and vote in the state elections? Incidentally, more than 450 are said to have paid their poll taxes in the 12th civil district—Halls—which is approximately one-fifth of those paid.

Softball Improves

The class of softball being played in the Halls Softball League this year seems to be much improved over that which was played the past year judging from the games which have been played during the past few nights. Most of the teams are more evenly matched, pitching is much improved with several good pitchers in the league where there was only one or two last year. If you like baseball then the softball games will be entertaining to you and it is much cooler in the bleachers on the athletic field than it is in most places.

More Fishing

Rob Nunn and Red Thompson went up on the Tennessee river during the weekend and returned telling us of the wonderful catches which they had made. However, since we were up there a week previously and no one was catching any fish we told them we would believe only what we saw. Since we didn't see anything they caught you can believe what you want.

Parking Improves

We wonder if you have noticed how much improved the parking situation is uptown since the new parking lane markers have been painted? With no particular enforcement drive made motorists have tried to comply with parking regulations and getting in and out of a parking space has been made much easier. The setting aside of parking space for the doctors has also been of great help to our way of thinking.

The Draft Act

As one of the last things they did prior to adjourning Saturday night the Congress passed a Draft

INFANT HARGROVE BURIED MONDAY

Funeral services for Tom Wood Hargrove, infant son of Mr. and Mrs. Grady Hargrove, were held Monday afternoon at 3 o'clock from the Halls Funeral Home with the Rev. Bishop, Methodist minister of Gates, officiating. Burial was in Halls cemetery. The child died at birth Sunday.

Seeks Use of Fire Truck For Public Protection

To All Readers And Fellow Citizens

On Tuesday of last week we had the misfortune to lose a valuable barn, live stock and the year's feed by fire. Had it not been the hand of Providence at the last minute, wind changing, our home, garage and out-buildings would have burned as the help we had could never have handled it. As every minute seemed the last we called the Halls Fire Department, they were fighting a like fire there, so Mr. Bill Escue went himself to the "Air Base" asked for a "fire truck" to come to us or else let him bring it if they were short of men. They had two trucks idle but the deputy sheriff, Mr. Tichenor by name flatly refused to let it be brought out by Mr. Escue.

If Mr. Tichenor was afraid of his superior Mr. Oscar Griggs was close as his telephone but no it was a flat refusal by Mr. Tichenor or else a previous command by Mr. Griggs to not give help. Now that the "Base" is county owned and operated and these very men get their living through the votes and hard-earned money of the tax-payers and citizens why can't we depend on them for help in a time like ours was.

When "Uncle Sam" had the Base with thousands of men, buildings and planes worth millions of dollars, they sent a truck out to us for a tenant house fire, so surely these men who depend on us for their offices and their up-keep could have been decent enough to let us have one fire truck for a few minutes.

We are writing this to let each fellow-citizen and tax-payer know the help that he or she may expect under the present persons control should such a misfortune befall them.

We also want to thank those who stood by particularly the Soward brothers (colored) and Mr. Bill Escue who came on out even though he had been refused help for us by Mr. Tichenor.

Sincerely,
Mrs. Jennie Love
Charles M. Love

Mrs. Hargett Resigns As Bureau Secretary

The Lauderdale County Farm Bureau announces that Mrs. Leon Hargett, who for many years has served in the capacity of Secretary-Treasurer of the organization, has resigned to accept employment elsewhere.

The Board of Directors expressed their regret at losing the valuable services of Mrs. Hargett, but wish her well in her new employment.

By action of the Board of Directors, Harrell E. Clement, now Executive Secretary of their organization, was elected to fill this vacancy caused by the leaving of Mrs. Hargett. Mr. Clement will serve as Executive Secretary and Treasurer of the County Farm Bureau.

Mr. and Mrs. Bob Mosley and children spent Sunday in Jackson with Mr. Mosley's sister, Mrs. Max Harwell, and Mr. Harwell. Mr. Mosley and Mr. Harwell attended services at Trinity Methodist Church Sunday morning to hear the Rev. V. H. Burnette, former pastor of the Halls Methodist Church.

Act which will be placed in effect some ninety days after it is signed by President Truman. President Truman has delayed signing the bill in order to permit the National Guard to increase their enlistments according to an announcement from the White House. Eligible for the draft are men 19 through 25, who are non-veterans with a total of 21 months of training to be received. Draft Boards will be set up in each county with drafting to be handled much in the same manner as during the war.

Well Played Games Feature Softball

Softball fans who took a chance on the weather Tuesday night saw the best games of the year when Navy took a 6 to 5 decision over High School and the American Legion team handed Gates their first defeat of the season, 5 to 3. Rain Thursday night of last week and again Friday night caused the cancellation of games between Gates and Edith and High School and Western Auto and the All-Star game Friday night.

The games rained out Thursday night of last week will be played Friday night of this week instead of the all-star game with Covington which had originally been scheduled for that date. All-Star games will be resumed on either July 2 or July 9 with several Memphis teams booked during July.

Two of the best games of the year will be played Friday night when Edith will be seeking to move into the lead by a victory over Gates after Potters had knocked them from the lead last week in a surprising victory. Western Auto, who have lost all three games which they have played, will be seeking to rack up a win over the High School team which is classed as one of the better teams of the league.

Thursday night of this week Potters will play Western Auto and Edith will play Woodville, Edith can be expected to take an easy victory over Woodville but the Western Auto vs. Potters game is expected to be a nip and tuck affair. After getting off to a slow start and dropping their first two games the Curve team has won their last two and give the promise of being rough for the remainder of the season. Western Auto has strengthened with the addition of Danny Fowlkes on the mound and will be hard to beat. Next Tuesday night High School and Gates will play, Potters and Legion will play. This is again a game between well-matched teams and should be well worth seeing.

Edw. Sumrow, High School pitcher, was hot Tuesday night as he sent eleven Navy hitters down swinging and allowed only 5 hits at least two of which should have been fielded. Navy scored in the first inning when the first man up reached first when a little pop fly landed safely between the pitcher and second baseman and the runner finally worked his way around as the High School team seemed slow in getting started. However, High School came right back in their half of the first when the first man up singled, the next man hit into a fast double play and then Clyde Simmons with no one on slammed one deep into left center field for a home run.

High School added four more in the third to take a lead of 5 to 1 and seemingly had the game well under control. However, Navy picked up two runs and went into the first half of the seventh trailing by a score of 5 to 3. That's when the fielding of the High School team collapsed with Etheridge staggered around in right field and allowed a high fly ball to go for a base hit and Robb. (Continued on Page Six)

Stewart Resumes Active Campaign

NASHVILLE, June 21 — Senator Tom Stewart, called back to Washington four times because of important legislation, resumed his fight in Tennessee Monday for re-election to the United States Senate, according to his headquarters here. He reached Johnson City by plane.

Elated over the passage of the long-range farm bill and the increase in pay for postal and other federal employees, the Senator was grieved over the loss in the House of the \$4,000,000 appropriation for the Johnsonville TVA steam plant.

"I still believe the increase should have been more," said Senator Stewart in referring to a flat \$450 a year boost for postal workers and many other federal employees. The TVA workers will get an annual raise of \$360, according to the Senator.

"I worked and voted for both," said the Senator when he reached Johnson City preparatory to his handshaking visits to Bristol, Kingsport and Blountville in Sullivan County and to his radio address Monday night over WJHL in Johnson City.

WESLEY HOUSE VISIT

A committee of Mrs. Odell Cutler, Mrs. E. Hoffius, Mrs. Bill Hudgens, Mrs. Jerre Jordan and Miss Marjoline Harward visited the Wesley House in Memphis Friday.

They presented a box prepared by the Wesleyan Service Guild. This box consisted of juices, linens and soap for the needs of the children there.

The Wesley House is a Methodist Mission House. Children of working mothers are taken care of during the day at the Wesley House.

The visit was an enjoyable and enlightening one according to the committee.

Large Crowd Sees New '49 Ford

Curious and interested an estimated one thousand people have visited the showroom of Townsend-Davis Co., Inc. during the past several days to see the new 1949 Ford which was placed on display on Friday, June 18. More than 500 persons registered Friday and Saturday at the showing with a large number of others who were not registered and many having visited the showroom since that time.

Completely new in every detail, the '49 Ford has created more interest than any car which has been placed on the market recently due to the many radical changes which have been made in styling and designing with a large number of mechanical improvements also included. Elsewhere in this issue of the Graphic may be found a statement of appreciation from Mr. H. A. Townsend, president of the firm, for the interest shown. The Ford continues on display and the public is still extended a cordial invitation to come and see it.

Flower Shop To Open Saturday

Halls' newest enterprise, a florist shop, will open for business on Saturday, June 26, according to an announcement by Mrs. Agnes Dyer, operator of the shop. Mrs. Dyer announced that Open House will be held between the hours of 2 p. m. and 6 p. m. Saturday afternoon in the shop at the rear of the Dyer home at 205 South College Street.

A walk-in refrigerator with show cases has been installed and fresh flowers will be available at all times states Mrs. Dyer. She has recently returned from Chicago where she attended the Bright School of Design for florists.

Mrs. Dyer further stated that for the convenience of the public wire service of flowers is available throughout the United States. She invites you to visit the shop which will operate under the name of Dyer Florists.

Development Co. Seeks Factories

A meeting of the officers and directors of the Halls Development Co. was held Tuesday afternoon in the directors room of Bank of Halls to discuss ways and means of securing prospects to locate on the industrial site here and to further a drive for additional purchasers of stock in the Development Co.

Plans were made to make an intensive drive for one and two share purchasers. The balance of the not on the site has been paid off but sufficient funds to defray advertising and maintenance expenses must still be raised according to one official. Plans are under way to contact prospects through various nationally read papers and magazines.

Several interested firms are already in correspondence with officials of the company and it is expected that some firm will locate here in the near future.

W. C. T. U. TO MEET FRIDAY

The W. C. T. U. will meet Friday afternoon, June 25, at 3 p. m. at the home of Mrs. P. W. Crittendon. All members are urged to attend.

Capt. Raymond Hurt Is Laid To Rest

Captain Raymond Hurt, who gave his life for his country on October 4, 1945, in Iran, was laid to rest in Halls Cemetery Thursday afternoon of last week in one of the most impressive ceremonies which it has ever been our sad duty to attend.

The ceremony which was held at 3 at Halls Baptist Church was particularly impressive in that messages were brought by Dr. O. W. Taylor, former pastor of Halls Baptist Church who himself lost a son in the service of his country, and the Rev. Harry L. Carter, also a former pastor of Halls Baptist Church and who served as a chaplain in World War I. The Rev. Vernon Sisco, present pastor, assisted in the services.

The son of Mr. and Mrs. Fred R. Hurt, Sr., Capt. Hurt was a member of Halls Baptist Church, graduate of Halls High School in 1929 and a member of the championship basketball squad of that year as well as being active in scholastic affairs. He was a graduate of the University of Tennessee and if we are not mistaken the founder of Farmers Implement & Seed Co., the seed and implement company which is operated by his father and brother.

Capt. Hurt entered the service in 1940 shortly after the Draft Act was passed and served a year of training and was discharged to come home and operate the business along with his father and brother. Shortly after his discharge came Pearl Harbor and he returned to the service in January. In June, 1945, he sailed for Cairo, Egypt, and from there to Iran where he died on October 4, 1945.

Acting as pallbearers were friends, relatives and former classmates including Ross Dyer, M. E. McDearman, Jr., Charles Rooks, David R. Nunn, Roy Patton, Wallace Dunn, Creed B. Lucas and Meredith Hurt as active pallbearers. Honorary pallbearers included Morris Currie, Garland Hargett, Clyde Younger, Don Powell, Henry Murchison, Joe Hurt, E. S. Crichtfield and L. R. Viar, Jr.

An honor guard from the National Guard unit of Lauderdale County acted as firing squad for the military portion of the service and the company bugler played taps as the service at the grave was ended.

Survivors in addition to his father and mother are a small daughter, Anna Ray Hurt; a brother, David H. Hurt; two sisters, Mrs. Marvin Hansford of Halls, and Mrs. Hal Wallace of Jackson. Funeral arrangements were under the direction of Sudbury Funeral Home.

Must Report Correct Name Say Officials

Recent studies by the Social Security Administration show that a considerable number of wage earners are using a social security number different from the one originally issued to them, Joe T. Tipton, manager of the Dyersburg office, stated today. This is particularly true of individuals who change their jobs often. Many persons when going to work for an employer give their social security number from memory or from some personal record. According to Mr. Tipton, such practices often result in an incorrect social security number being reported to the Administration. Employers should ask to see a new employee's social security card at the time he is hired. If he does not have a card, he should be requested to obtain one immediately.

Women wage earners who have changed their name because of marriage should ask the Social Security Administration to change their social security card to show their new name. Failure to do so has resulted in employers reporting wages for women under a marriage name which is not shown in Administration records. This causes considerable difficulty in crediting wages to an individual's old-age and survivors insurance account. Mr. Tipton set forth this rule for employers to follow:

"Report wages only under the name and number shown on a person's social security card."

Employers are urged to write or call the Dyersburg Field office regarding any problems arising from these incorrect account number cards.

LEAGUE STANDINGS

4-H's Attend Camp At Martin This Week

F. H. Paschal County Agent

Junior 4-H Club Members were off to camp 65 strong Monday afternoon. They went to U. T. Junior College at Martin for five days instruction and recreation at the District 4-H Club Camp headed by Judd Brooks and Miss Mildred Jacobs, District Agents. The boys and girls were accompanied by Miss Cora Livingston, Home Agent, F. H. Paschal and Leroy Collier.

Charles Chipman was first to register for camp this year. Mary Jane Tate, Kitty Pitts, Morie Johnston, Malcolm Scallions and Betty Sullivan quickly followed.

Mrs. J. I. Williams, Mrs. Tom Martin and Misses Mary Ann Moore and Inez Chipman are attending the camp as leaders.

Other boys and girls going to camp Monday were Lois Ann Best, Joe Tucker, Gammy and Roland Henderson, Floyd Brown, Jimmy Sides, Rose Marie Hamill, Nellie Ann Dew and Shirley Sloan.

Earnest Dew, Wayne Brown, Doris Louise Fisher, Blanche Rosmond Nunn, Raymond Ellis, Jerry Heathcott, Leland Jennings, Beverly Whitley, Jerry Norman, Stephen Pierce, Emily Moore, Louis Moore, Eleanor Hopkins, Carolyn Akin, Margaret Robeson were also in the group going Monday.

Other 4-Hers going to camp were Norene Robeson, Barbara Jean Barksdale, Billie Frances Reese, Jimmie Hoffius, June Morris, Dale Williams, Mary Joan Garrett, Charles Connor, Patricia Cunningham, Billy Thompson, Don Sanders, Ruby Jean Linebaugh, Jimmy Perry, Page Newman, Jr., Velma Ann Avery, and Sara Caldwell.

Other Junior 4-H Members were Martha Nell Koonce, Bobby Martin, Barbara Jean Jennings, Peggy Steelman, Mary L. Screws, Emma Ann Katschman, and Rebecca North.

Cotton Classing School July 12 Cotton ginner, buyers or growers interested in attending the Cotton Classing School to be held in Memphis on July 12 to 17 inclusive may get a folder containing complete information on the school at the County Agents Office or by telephoning 234.

Watch For Insects On Cotton Cotton is being attacked by far more insects this year than usual and growers should be alert for any unusual symptoms of insect damage. Leaf Hoppers and some other insects are hard to see, but they can be controlled if they are found in time. We shall be glad to render all possible assistance toward controlling these insects.

Leaf Hoppers Kill Potatoes. The vines of most Irish Potatoes of the Triumph and Cobler variety are already dead, not because the potatoes are mature, but because of attacks by very tiny insects called Leaf Hoppers which sting the mid-rib of potato leaves causing them to turn brown at the edges and finally die.

These Leaf Hoppers can be controlled by the use of a dust containing one part of 50 percent DDT powder to 16 parts of flour or one pound of 50 percent wettable DDT in 100 gallons of water.

It would be the finest thing if all Tennessee Farm Bureau members could each one make this tour, this of course is impossible. The next best thing, in the thinking of the State Farm Bureau was to have this tour of these organizations in these two States. The State Farm Bureau has set 1948 as "the" year. All present services are to be expanded and many more new ones inaugurated.

Mr. Clement stated today that he is especially interested in the insurance angles of this tour, for it was from a small casualty company in Illinois that the world's largest automobile insurance company was started.

The Indiana Cooperative services for purchasing and marketing farmers supplies and products is undisputedly the finest in the nation. Mr. Wright should come back to his organization with many new ideas for making our own Co-ops second to none. Mr. Avery is especially interested in the production of feeds and small grains, to the extent that we might visualize methods and ways to bettering our own feeding program.

These Leaf Hoppers can be controlled by the use of a dust containing one part of 50 percent DDT powder to 16 parts of flour or one pound of 50 percent wettable DDT in 100 gallons of water.

Mr. Morris is a farmer in the Arp community west of Ripley and is well known in the county. He is a veteran and a native of Lauderdale county. Mr. Morris states that he will issue a statement to the voters at a later date through the columns of this newspaper. He solicits the vote and influence of each voter and states that he will make an effort to contact every voter possible prior to the election.

Tennesseans To Visit Indiana, Illinois

Some 300 Farm Bureau members, from 92 counties in the State of Tennessee, traveling in Greyhound busses, will invade Farm Bureau offices and organizations in Indiana and Illinois; it was announced from the State Farm Bureau office in Columbia, Tenn.

This tour of "traveling Farm Bureau members" will originate from three points, Jackson, Knoxville and Nashville. Plans are underway for a 5 day tour to begin July 5 and be carried on through the 10th. Point of visitation to begin at Indianapolis, Ind. There a study will be made of the Indiana State Farm Bureau set-up. The entire group will be broken down into small study groups and will be "farmed-out" to the various county Farm Bureaus to study just how their organization is serving their members.

Illinois Not To Escape Invasion Too

Studies will be made in both Indiana and Illinois counties. Service organizations especially will be given close study. These will be co-operative purchasing and marketing. Insurance services, both fire and casualty companies will be studied. Health insurance plans will be inquired about. County office organizations should prove to be of special interest to some.

With this first-hand information obtained from this on-the-spot study, it is expected that these touring Farm Bureau members will return to Tennessee with a broader vision of just what Farm Bureau can mean to their own county organizations.

The American Farm Bureau Office An Objective The American Farm Bureau office in Chicago is expected to greet this huge host of invaders from "south of the Mason-Dixon line" sometime during the later days of the tour. Here the touring members are expected to learn first-hand just how the national office of the Farm Bureau functions.

Some years ago a group of organizers from Illinois came to Tennessee to learn first hand how the Tennessee Farm Bureau was operating. With this information, the present Illinois Agriculture Association (Illinois Farm Bureau) was set up. It is fitting indeed for Tennessee Farm Bureau to return the visit and see just how they have progressed.

Lauderdale County To Be Represented The Lauderdale Farm Bureau has designated as their representatives on this "Yankee-land Tour", Harrell E. Clement, Executive Secretary, T. W. Wright, President of the Lauderdale Farmers Co-op and Paul Avery, Vice-President. Leon Hargett, Robert Lewis, and F. H. Paschal as alternates.

What It Will Mean To Lauderdale County Mr. Clement stated today that he is especially interested in the insurance angles of this tour, for it was from a small casualty company in Illinois that the world's largest automobile insurance company was started.

The Indiana Cooperative services for purchasing and marketing farmers supplies and products is undisputedly the finest in the nation. Mr. Wright should come back to his organization with many new ideas for making our own Co-ops second to none. Mr. Avery is especially interested in the production of feeds and small grains, to the extent that we might visualize methods and ways to bettering our own feeding program.

It would be the finest thing if all Tennessee Farm Bureau members could each one make this tour, this of course is impossible. The next best thing, in the thinking of the State Farm Bureau was to have this tour of these organizations in these two States. The State Farm Bureau has set 1948 as "the" year. All present services are to be expanded and many more new ones inaugurated.

Mr. Morris is a farmer in the Arp community west of Ripley and is well known in the county. He is a veteran and a native of Lauderdale county. Mr. Morris states that he will issue a statement to the voters at a later date through the columns of this newspaper. He solicits the vote and influence of each voter and states that he will make an effort to contact every voter possible prior to the election.

There will be a Community Singing at the Halls Church of Christ Sunday afternoon according to an announcement made a later date through the columns of this newspaper. He solicits the vote and influence of each voter and states that he will make an effort to contact every voter possible prior to the election.

DINNER HONORS EDITOR ON HIS BIRTHDAY

Mrs. J. H. Murchison entertained Saturday night at her home on Main Street with a dinner honoring her son, Henry Murchison, on his birthday.

An arrangement of mixed cut flowers from her garden centered the table where places were laid for the honor guests, his wife and sons, Buddy and Chuck, Mr. and Mrs. M. E. McDearman, Jr., Mrs. Ernest Mullins of Clewiston, Fla., and the hostess.

Dan The Bread Man Says

Use left-over bread in tempting bread puddings, for croissants to perk up soup dishes, as bread crumbs to garnish casseroles.

Dress up breakfast fare by serving crisp French toast with jam or sprinkle powdered sugar on top. Or, try this treat for breakfast: Place baker's sweet rolls or sliced coffee cake on a cookie sheet and heat in the oven. Serve with dabs of butter or margarine. Heated bakery rolls are delicious!

For an added note of interest to main course dishes, serve a variety of baker's rolls with tempting spreads. Choose poppy seed, salt sticks, parker-house and hard or soft rolls from your grocery bakery goods counter while marketing.

For that mid-night snack, prepare tangy cinnamon toast to serve with fresh fruit and milk. Toast the bread in the oven, butter, use sugar and a generous sprinkling of cinnamon for extra appeal.

Luncheon salads are extra satisfying when served with melba toast as an accompaniment. To prepare: Remove crusts from enriched white bread, cut in half and bake until golden brown.

Summer menus are interesting and easy to prepare when home-makers take advantage of quickie dishes and the friendly baker or grocer who supplies bread, rolls, sweet buns and a tempting variety of delicious desserts.

DINNER HONORS EDITOR ON HIS BIRTHDAY

Mrs. J. H. Murchison entertained Saturday night at her home on Main Street with a dinner honoring her son, Henry Murchison, on his birthday.

An arrangement of mixed cut flowers from her garden centered the table where places were laid for the honor guests, his wife and sons, Buddy and Chuck, Mr. and Mrs. M. E. McDearman, Jr., Mrs. Ernest Mullins of Clewiston, Fla., and the hostess.

JUNIOR LEAGUE ENJOYS WEINER ROASTS MONDAY

Mrs. T. N. Dyer and Mrs. Jerre Jordan entertained members of the Methodist Junior League on Monday evening with a Weiner Roast.

Upon the arrival of the guests at the Jordan home they were served popovers. Then weiners and marshmallows were roasted on the grill.

Those present were Barbara Forsythe, Jo Ann and George

HILLIARD-CATES VOWS EXCHANGED MAY 8

Miss Viola Lanette Cates, daughter of Mr. Clyde Cates of Nankipoo became the bride of Arnold M. Hilliard in a ceremony performed on May 8, 1948.

Mr. Hilliard is the son of Mr. Cliff Hilliard of Nankipoo.

CARD OF THANKS

Poplar Grove News

Mr. and Mrs. Edward Quick had the misfortune of losing their house by fire last week. Everything they had burned. They were away from home at the time. Everyone is being very generous in helping them. The Baptist Church gave them an offering of \$7.00 at Sunday School Sunday morning.

Little Thelma Louise Heathcott spent the week in Ripley.

Mr. and Mrs. Henry Moore had as their guests Sunday Mr. and

Mrs. Leland Marchbanks and Grandmother Marchbank of Halls. There will be a Children's Day Service at the Cumberland Presbyterian Church the fourth Sunday night in June. Everyone is invited.

Mrs. A. P. Burks and Mrs. O. F. Hoppers were in Dyersburg Saturday.

Mr. and Mrs. Aulzie Gean were dinner guests of Mr. and Mrs. A. P. Burks Sunday.

Mr. and Mrs. Junior Harris had as guests Sunday afternoon Mr. and Mrs. Ray McMillen and fam-

ily of Memphis; Mrs. Doyle Davis and daughter, Miss Frances Watson, Mr. and Mrs. Ellis Sasser and daughter, Mr. and Mrs. Bernice Brandon, Mrs. Willie Brandon, Mr. and Mrs. Roy Brandon, and Mr. and Mrs. Carl Chipman.

Tom Stewart is spending a 20-day furlough with his wife here. They are spending a few days with his mother and other relatives in Memphis. Mr. Stewart is stationed in New York.

Everyone around here is frantic over the fox being so bad eating all the chickens. They can be seen in droves of 7 and 8 at a time.

New Chemical Curbs Many Fruit Pests Tests Show Fungicide Effective in Orchard

Characterized as effective against a wide range of fruit pests and diseases, a new dinitro fungicide and insecticide for orchard use now is available commercially under the trade name of DN-289. It is a stable, clear solution containing eight ounces actual dinitro-secbutylphenol in each quart and is readily miscible with water.

DN-289 has proved effective as an insecticide for use in the dormant period against a variety of insects such as rosy apple aphid, currant aphid, black cherry aphid, mealy plum aphid and viburnum aphid, eye-spotted bud moth, cherry case-bearer, pear psylla and oyster shell scale on apple and lilac. Promising results also have been shown in control of San Jose scale, scurvy scale and the eggs of the European red mite.

As a fungicide, DN-289 has been used successfully for control of sooty blotch on pears.

Amount of the compound required to attain good control ranges from

Photo shows an apple protected by DN-289 (left) and cluster attacked by rosy apple aphid.

one quart to two quarts in 100 gallons of water. Aphids are controlled with one quart while two quarts are needed to kill bud moths, case-bearer and the pear psylla. Heavier concentrations may be needed to control oyster shell scale.

Research workers are conducting extensive tests to find other insects and diseases that may be controlled with the chemical, which was developed by Dow Chemical company.

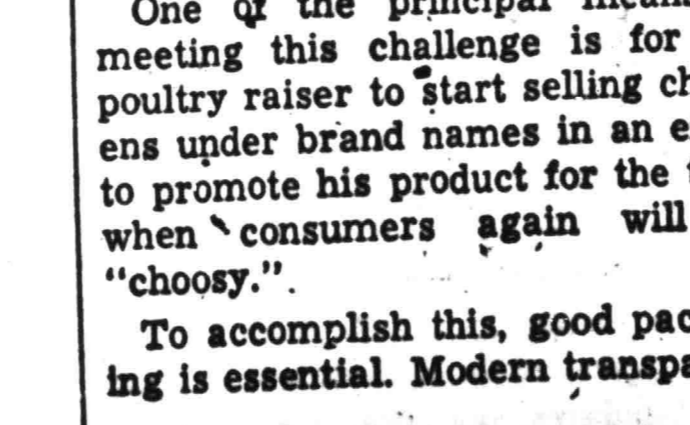

Packaging of Poultry Is New Development

Farmers of tomorrow must be poultry merchandisers as well as producers if they are to compete successfully with the new "broiler factories." Progressive poultry raisers must keep attuned to the times if they are to meet the challenge of new developments in the industry.

Within a short time the consumer will have a wide range of selection for poultry and meat products. This will necessitate better merchandising on the part of the individual poultryman.

One of the principal means of meeting this challenge is for the poultry raiser to start selling chickens under brand names in an effort to promote his product for the time when "consumers again will be choosy."

To accomplish this, good packaging is essential. Modern transparent

Good packaging, as demonstrated by this cellophane-wrapped chicken, is good advertising.

packaging of ready-to-eat poultry will increase sales and profits.

Tests conducted with the same grade of poultry, half being sealed in flexible packages, the others without covering, proved that demand for the packaged birds was one to three times as large as for the unwrapped ones.

For packaging, cellophane, transparent regenerated cellulose film or a rubber hydrochloride film are available. They are moisture-proof, air-proof, strong, flexible and resistant to liquid and grease.

Pullets Termed Better Layers Than Old Hens

Further evidence of the importance of keeping only pullets for layers and selling all old hens is contained in tests conducted at western Kentucky substation.

Average results over 11 years show that annual production of Barred Rock pullets was four dozen eggs per bird greater than that of hens. In the case of White Leghorns, pullets laid three dozen eggs per bird more than old hens.

Halespoint Notes

The Sunday School of Halespoint has increased tremendously, from a small number of 25 to 70 and 75. The people of the community are very proud of the Sunday School and although we don't have a church to worship in, we are looking forward to the time when we will have, and we feel that it won't be too long before we will have one. Everyone is cordially invited to attend and the cooperation of everyone in helping to increase it and make it a better one is appreciated.

Mr. and Mrs. John Rossmaree and son, Terry, of Trenton, spent the weekend with Mr. and Mrs. Lee Thurmond.

Miss Louise Thurmond of Memphis spent the weekend with her parents, Mr. and Mrs. A. L. Thurmond.

Mr. and Mrs. Ozzie Wilcox and children spent Sunday with Mr. and Mrs. Odie B. Wilcox.

Mr. and Mrs. T. M. Webb and son, Charles, spent Sunday with Mr. and Mrs. A. L. Thurmond.

Mrs. Ella McBride is spending a few days this week with her grandson and wife, Mr. and Mrs. Odie B. Wilcox.

Urman McBride is visiting his son, James McBride, and Mrs. McBride.

Vaden's Children's Shop has just received a complete line of Campus Junior shoes for infants and children.

Mr. and Mrs. Sam Green spent

Saturday night with her parents, Mr. and Mrs. Jasper Alley.

Dwayne Hollifield is visiting his aunt and uncle Mr. and Mrs. Sam Green.

Mr. and Mrs. M. B. Ray and daughter spent the weekend with Mr. and Mrs. W. B. Ray.

Mrs. Mollie Long of Ripley and Nute Webster and family spent Sunday afternoon with Mr. and Mrs. Louis Griggs and family.

Mr. and Mrs. Edgar Grady and family spent Sunday with Mr. and Mrs. Jim Taylor.

Mr. Herbert Jones made a trip to Edith Saturday.

Miss Bulon Riley of Nankipoo spent the weekend with Miss Marjorie Riley.

Mr. and Mrs. Henry Riley spent Friday afternoon with Herman Riley of Nankipoo.

Mr. and Mrs. Earl Wright, Mr. and Mrs. Jack Keen, Mr. and Mrs. O. F. Keen, Mr. and Mrs. Jack Davis, Mrs. Granville Childress, Mrs. Lucy Ellis, Mr. and Mrs. H. W. Keen visited Sunday with Mr. and Mrs. Sam Davis and children.

FAINTING and COMA

Fainting and coma are two emergencies that are dramatic and serious. Coma is the deeper state of unconsciousness from which

the victim cannot be aroused easily.

Both of these conditions usually come on suddenly. Occasionally the onset is insidious. There may be giddiness, weakness, impaired vision, unsteadiness and restlessness. Other indications may include drowsiness, confused speech and vomiting.

The physical signs of the victim are important to the examining physician. He will pay close attention to the skin; whether hot and flushed or pale and covered with cold perspiration. A careful examination of heart action, blood pressure and breathing will be

made. Coma may result from intoxication, injury, hemorrhage and poisoning. It is often caused by such diseases as diabetes, uremia, meningitis, brain abscess and brain tumor.

Fainting and coma are serious indications and will challenge the physician to a prompt and accurate diagnosis. These unconscious states should never be ignored. They are both indications of serious disorders. The victim must be provided with medical attention at the earliest possible moment.

You will receive an answer to any question about health (not disease) by writing: The Tennessee State Medical Association, 510 Doctors Building, Nashville, Tennessee.

CARD OF APPRECIATION

We, the family of Captain Fred R. Hurt, Jr. feel deeply indebted to all his and our friends who helped alleviate our sorrow over his ongoing.

To the host of friends who expressed in many ways their sympathy in our great sorrow; to the comrades and school-boy friends of Fred Raymond, who were so helpful; to the State Guardsmen, who so splendidly did their part in rendering the last salute and tribute from the Army of the United States; to those who rendered the beautiful songs and music; to Bro. Sisco and the former pastors, Rev. O. W. Taylor and Harry Carter and to Mr. Roy Sudbury; we desire to take this means of conveying to them all our deep appreciation for all that they did for us in the last rites for Captain Fred Raymond Hurt, Jr.

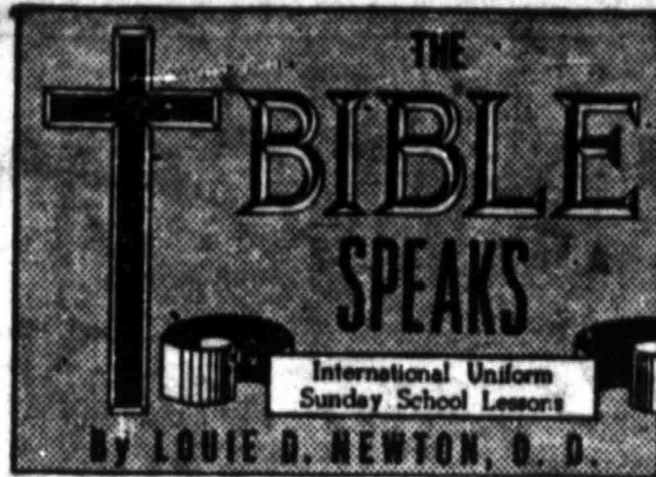

Mr. and Mrs. Fred R. Hurt, Sr. and Family

CARD OF THANKS

We wish to thank the many friends who have been so kind to us in the misfortune we have had in the loss of our house and other belongings by fire.

Mr. and Mrs. Edw. Quick

Call 3301 and tell us the hometown news.

SCRIPTURE: Daniel 2:31-45; 2: 11; Malachi 3:1-4; 4: Luke 1:37-79; 2:25-32; John 10:22-23. DEVOTIONAL READING: Psalms 130: 1-2.

From Malachi To Christ

Lesson for June 27, 1948

THE inter-biblical period, covering approximately four centuries, is one of the great silences of history, save as the prophecies of God offer flickering light upon the winding paths in western Asia, northern Africa and southern Europe. A remnant of Jews resided in Jerusalem, whilst many others were dispersed about the face of the earth.

The Old Testament was translated into Greek—the version used in the time of Christ. The Talmud and the 14 books of the Apocrypha were written. The synagogue arose. The schools of Hillel and Shammai were founded and flourished. The sects of the Pharisees and Sadducees originated. Buddha, Confucius and Zoroaster were beginning to influence life in the Far East, while in the Near East Zeno and Epicurus dominated philosophical thought. The Caesars ruled the Mediterranean world.

To understand something of this period from Malachi to Christ, we are asked to read the Scripture passages listed above.

BEFORE JESUS CAME

"BEHOLD, I will send my messenger, and he shall prepare the way before me; and the Lord, whom ye seek, shall suddenly come in his temple, even the messenger of the covenant, whom ye delight in; behold he shall come, saith the Lord of hosts."

Did they fully understand the significance of these great words of Malachi? Hardly may we expect that they did, but they got their basis of hope, about which we studied last Sunday. Imagine the faces of the little children in the long ago as they heard of the coming Messenger!

THE COMING CHRIST

LOOK carefully at the above Scriptures and see how both the Old and New Testaments center upon Christ. These great phrases are suggested:

The promised Christ, the expected Christ, the heralding Christ, the present Christ, the enlightening Christ, the judging Christ, the merciful Christ, the redeeming Christ, the restoring Christ, the guiding Christ.

Space does not permit the citations, but a study of the passages will reveal each of these gifts and blessings in the coming Christ.

BETWEEN THE TESTAMENTS

DIMLY only do we envision that period of four centuries, but we have sufficient light to trace the steps by which the faithful amongst the Jews were cleansing themselves of idolatry as the fires of God purged away the dross of paganism and secularism. One will find rich reward in the reading of the Apocrypha and Josephus. Also, one will find in the opening chapters of the New Testament light which falls back upon those dark ages.

There were synagogue schools, taught, in many instances by very able men, such as Hillel. There was a groping toward the light. Men were hungry for the fulfillment of prophecy. It was the darkness just before the dawn.

THE LIGHT BREAKS

"BLESSED be the Lord God of Israel; for he hath visited and redeemed his people." Luke 1:68. Thus does the golden text for Sunday's lesson flash upon the waiting heart of expectant humanity the Good News.

The fulness of God's time had come. Jesus was born. Peace had come to men of good will. James Montgomery puts the Good News in these lovely lines:

Angels, from the realms of glory,
Wing your flight o'er all the earth,
Ye, who sang creation's story,
Now proclaim Messiah's birth:
Come and worship, come and worship,
Worship Christ, the new-born King.

Preacher's Task

No religious doctrine has any redemptive power until it is translated into the terms of a specific situation or an actual problem. It becomes the task of the Christian preacher in this generation to do the translating. The question, "What would Jesus do?" is always with him.

Don't Change Horses in Middle of Stream

Re-Elect TOM STEWART to the U. S. SENATE

We have a proven statesman in Senator Tom Stewart and West Tennesseans are for his re-election because:

He has proven he is able and qualified to represent the citizens of Tennessee in the Congress of the United States.

He has been a leader in the fight against Communism, FEPC and the leftwing sponsored civil rights program. He advocates 100 percent Americanism.

He is a proven supporter of all beneficial farm legislation and we know him as the "Farmer's Friend." He has high seniority on the Senate Agriculture Committee.

He was a leader of the successful Senate fight for the badly needed TVA Johnsonville steam electric plant.

He has voted for and supported all TVA appropriations.

He is a strong supporter of Rural Electrification.

He has always supported beneficial legislation for the cotton farmer.

He is a real friend of the Commodity Credit Corporation which has been the salvation of thousands of Tennessee farmers.

He has supported and voted for legislation which will aid all ex-service men, their families and the Veterans Administration.

He supported and voted for the bill to provide federal funds for education to be distributed by the states. (This bill passed the Senate.)

He supported legislation to increase funds for the school lunch program. (Stewart's amendment gives \$10,000,000 more to the lunch program.)

He has the respect of both Democrats and Republicans in Congress.

He has ten years of seniority in the Senate.

He is fighting for rural roads so residents of our section will have all-year travel.

He recently voted for greater federal aid for the aged, the blind, and the dependent children.

He is a strong advocate of legislation to aid the small business man.

He gave tremendous assistance to this group during the war years as chairman of the Senate subcommittee on Small Business.

He supported the reduction in the federal income tax, including the community property tax provision so beneficial to married people.

He is a supporter of flood control and adequate drainage.

He fought for freight rate equalization.

He led the fight to force the return of overseas veterans to their homes after V-J Day.

He voted for the Taft-Hartley Bill.

Now you see from above why Lake County is 100 per cent behind TOM STEWART

Cherry, Jeweler

Located on-Front Street in rear of Halls Hdw. & Supply Co.

The reception given the '49 Ford Friday, June 18th, was most pleasing. Crowds thronged our show room all day and it was repeated on Saturday. In our twenty-three years as a Ford Dealer, I have never seen the enthusiasm displayed as was about this "Forty-Niner". It truly is

"The Car of the Year"

We thank you for coming and invite you to come again.

News from Gates

Society Met

Mrs. Albert Guinn was hostess to the Woman's Society of Christian Service of the Methodist Church at her attractive country home last Tuesday evening. Mrs. Finis Hardy was program leader. An interesting program on "The Christian, Alcohol, and Public Health" was given. Others assisting her were Mrs. J. D. Riley, Mrs. Floyd Beard, Mrs. Hallie Pennington and Rev. W. T. M. Jones.

Miss Byrd Sloan, in behalf of the church, presented Rev. and Mrs. Jones a gift. They in turn expressed words of appreciation for the many kindnesses shown them during their stay here.

A social hour was enjoyed with the hostess serving cake topped with home made ice cream and strawberries.

Mr. and Mrs. J. K. Yarbrow and children of Decaturville spent the weekend in the R. L. Hardy home.

Mr. and Mrs. Charles Campbell and children of Little Rock, Ark. are visiting her parents, Mr. and Mrs. R. H. Williams. Mr. and Mrs. Williams and their guests spent the weekend in Martin.

Miss Hazel Griffin has accepted a position as librarian at Fortona, N. C. for the summer months.

Mrs. Alice Conyes had as her guests Sunday Mr. and Mrs. Alfred Conyes and children, Bobby and Billy Coffman, of Memphis; Mr. and Mrs. William Conyes and children of Maury City.

Vaden's Children's Shop has just received a complete line of Campus Junior shoes for infants and children.

Miss Martha Ann Baker is attending business school in Memphis.

N. A. Sloan, Jr. and Miss Cornelia Parker have returned to Knoxville where they will attend the summer term at the University of Tennessee, after a week's visit with their parents.

Mr. and Mrs. W. P. Alexander, Jr. and son of Dyersburg spent Sunday with Mr. and Mrs. E. G. Parker, Sr.

Dinner Sunday

Mr. and Mrs. Roy H. Williams entertained with a Dinner Sunday evening honoring Mr. Williams' father, R. H. Williams, on Father's Day. Guests included Mr. and Mrs. R. H. Williams, Mr. and Mrs. Charles Campbell and children of

Little Rock, Ark.; and Mr. and Mrs. Perry Williams and daughter of Halls.

SOFTBALL

(Continued from front page)

ertson, High School shortstop, was unable to handle Legion as Henderson pitched his best game of the year and the Legion team turned in some of the best fielding of the year. Legion took the lead in the second inning and were never booted two to permit the Navy team to score three runs and win the game. One of the balls which Robertson let get away from him is our opinion that the games was a setup for a twin killing to Tuesday night were the best end the game with all he needed night's schedule played on the do was to step on second and field during the past two years. throw out the hitter. Navy stayed Games are called at 8 o'clock in the ball game all of the way each night and admission price is and delivered with a base hit ov-10c and 15c.

Happy Birthday

FEW EVENTS WILL MATCH the pleasure that a real birthday party can give to your youngster. The gaiety imparted by a few favors, crepe paper decorations, a house full of little friends and a cake all his own, these are the things a child will remember so pleasantly for a long time.

Birthday party menus depend mainly upon the age of the children. Very simple food is the order of the day for children of three or four; and for children of five or six, the food is only slightly more elaborate. Children from 8 to 10 and older may have things such as lamb chops or hamburgers for the main dish, but it's still important to plan to serve only familiar foods for little guests.

Ice cream and cake are essentials at a birthday party no matter what the age group. For the younger children, however, serve only plain ice cream such as vanilla, and a very simple, not too rich cake, so there will be no digestive upsets.

THE MENUS AND RECIPES I've planned will give you a clue as to the best way to plan these particular party foods.

Birthday Party Menu (For Youngsters 3 to 4)

- Cream of Tomato Soup or Goldenrod Eggs
- Carrot Sticks or Curds
- Peanut Butter-Jelly Sandwiches
- Vanilla Ice Cream Sponge Cake with Milk
- Orange Icing

Goldenrod eggs are a nutritious dish whether the party is for lunch or dinner time. Eggs prepared this way are just a bit more purified than creamed eggs.

Goldenrod Eggs (Serves 6 to 8)

- 2 tablespoons butter or substitute
- 3 tablespoons flour
- 2 cups milk
- 1/2 teaspoon salt
- 6 hard-cooked eggs
- Parsley
- 6 toast wedges

Melt the butter, blend in flour, then add milk slowly and stir in seasonings. Cook until thickened. Cut whites of eggs into tiny slivers and add to the white sauce. Pour creamed mixture over toast wedges and top with hard-cooked yolks pressed through a sieve. Garnish with parsley.

The sandwiches may be omitted when the eggs are served, but if desired, they may be made into "fingers" and also served. If the soup is served, they may be placed on the plate along with it.

A cake that will do the job nicely for the younger generation is this one made with hot milk, eggs and only a little shortening. It may be frosted prettily with a confectioners' icing, moistened with orange juice and flavored with grated orange rind. Flute it through a pastry rosette tube and don't forget to write happy birthday across it and use candles.

Hot Milk Sponge Cake

- 4 egg yolks
- 1 1/2 cups sugar
- 1/2 cup boiling milk or water
- 1 1/2 cups cake flour
- 1/4 teaspoon salt
- 1 teaspoon baking powder
- 1 teaspoon lemon extract
- 4 stiffly beaten egg whites

Beat egg yolks until very thick; add sugar gradually and continue

LYNN SAYS:

Leftovers Can Be Time and Money Savers

Do you have a few pieces of pineapple? Broil them to garnish and glorify your meat dish for dinner. Leftover fruits? Combine them into a gelatin salad. Or make them into a sauce for a pudding.

Do you have some leftover potatoes that were boiled? Brush them with melted fat and broil along with hamburgers, chops or a slice of ham.

LYNN CHAMBERS' MENU

- Chicken Chop Suey on Rice
- Chinese Noodles
- Molded Orange Salad
- Bran Muffins
- Jelly Beverage
- Rhubarb Pie

beating. Add milk; mix well and add sifted dry ingredients. Mix until smooth and add extract. Fold in egg whites. Bake in an ungreased cake pan in a slow (325 degree) oven for one hour. Invert pan to cool, then frost.

Birthday Party Menu (For Children 5 to 6)

- Creamed Chicken in Toast Cups
- Green Peas
- Carrot Slices
- Ice Cream and Birthday Cake
- Beverage

You may use the recipe for creamed eggs, and use chicken. The green peas may be mixed with the chicken or served separately. The carrot slices may be raw or cooked and served with the peas. Use the same cake as suggested for the first menu.

Birthday Party Menu (For Children over 7)

- Lamb Chops on Toast or Hamburgers on Broiled Tomato Slices
- Potatoes Au Gratin
- Green Beans
- Ice Cream with Sauce or Crushed Fresh Berries
- Birthday Cake
- Milk

If you serve lamb chops, it's a good idea to have them boned when you give them to the younger children. They're more helpful, too, if they're broiled.

Here's a tasty recipe for hamburgers, if you decide on them for the party:

Broiled Hamburgers (Serves 6)

- 1 pound ground round or chuck
- 2 tablespoons chili sauce
- 1 1/2 teaspoons prepared mustard
- 1 teaspoon minced onion
- 1/4 cup fine bread crumbs
- 1 1/2 teaspoons Worcestershire sauce
- 1/4 teaspoon pepper
- 8 slices bread
- 8 slices fresh tomato

Combine all ingredients except sliced bread and tomatoes. Spread on slices of bread. Broil for eight minutes at moderate heat, then top with tomatoes which have been broiled at the same time. Serve at once.

FOR YOUR BIRTHDAY CAKE, select a yellow, white or chocolate one depending upon the youngsters' preference. Then frost it with chocolate frosting, as given below. The cake may be put together with marshmallow cream, spread with the frosting. A procession of animal crackers around the sides will delight the children. If animal candle holders are available, use them on top.

Magic Chocolate Frosting

- 2 squares unsweetened chocolate
- 1 1/2 cups (1 can) sweetened condensed milk
- 1 tablespoon water

Melt chocolate in top of double boiler. Add sweetened, condensed milk, then stir over boiling water five minutes until the mixture thickens. Add water. Cool. Spread on cold cake. This recipe makes enough frosting for the top and sides of two (nine-inch) layers.

Released by WNU Features

What can you do with those sliced tomatoes? Use them in meat loaf or meat patties or as a sauce base for flavoring other meats. Or stew and sieve them and use for soup.

Is there a dab of applesauce in the refrigerator? Cook it into the youngsters' morning farina or use it in an applesauce cake.

Never toss away those delicious fruit juices from canned fruit. Thicken with cornstarch and use as pudding sauce or as liquid for gelatin desserts and salads.

Hold on a little longer...

She'll Answer!

A telephone ring is exciting! You never know what's waiting at the other end. That's why it's important to answer calls promptly. It's also important when you're doing the calling, to allow a minute for your party to reach the telephone. It's two-way telephone consideration that means better service all around.

Give party called time to answer...
