County 4-H Member Is Winner At Jackson

Patricia Pipkin, daughter of Mr. and Mrs. LaVance Pipkin, Asbury, represented Lauderdale County in the Senior Breadmaking Contest at Jackson Saturday. Patricia's bread was judged as the best bread in the whole senior group in which twenty-one counties were represented.

Patricia has been a member of the 4-H Club for seven years and has as her projects this year frozen foods, sewing and food preparation. She is outstanding in her leadership as shown by the way she helps in community and 4-H activities. She is secretary of the Asbury Community Club.

Patricia has taken part in many 4-H activities. Junior Leadership and judging are two of her most important ones. She has attended 4-H Camp three times as a Junior Leader.

Patricia is a charter member of the Ripley Senior 4-H Club and is an active member.

Merry Cole, who is the champion breadmaker of the county, participated in the district contest also. She competed against the seniors of the trips to Round-Up. Merry

Winners in Farm & Home Electric Contest Listed

Over 40 boys and girls turned in their records in the Farm & Home Electric Contest this year. Some were excellent and showed that a great deal of time and effort had gone into them. Others were incomplete, but all needed more detail, in fact, that one point is what determined the winners.

After considering each point carefully the judges found that in the Junior Division Marcus Siller, Double Bridges, won third; James Boyd, Arp, won second; and Barbara Sue Heathcott, Gates, won first. The prizes in the Junior Division are: first, \$15.00; second, \$7.50; and third, \$7.50, all in electrical equipment. In the Senior Division Philip Dunaway, Halls, won third place and \$10.00 in electrical equipment; Don Paris, Hurricane Hill, second place and \$15.00 in electrical equipment. First place was won by L. B. Marshall, Jr., which has as its reward a trip to 4-H Round-Up in Knoxville.

YFH State Camp Set

At Woodlee, August 11-16

Tennessee's Young Farmers and Homemakers will hold their annual State Camp from August 11 to 16 at Camp Woodlee, in Warren County.

Gwin Matthews and Bob Parker will attend the State Camp as representatives of the Lauderdale County YFH.

A meeting of the YFH State committee will be held at the camp on August 10, when plans for the coming year will be outlined. The YFH organization, sponsored by the Agricultural Extension Service and the Tennessee Farm Bureau, now has county clubs in 60 counties with some 3,000 members.

WHY ARE WE VOTING FOR GORDON BROWNING?

Because he has made good every promise to the people of Tennessee, as far as has been in his power;

Because of his record as a citizen;

Because of his fine record as a soldier in two World Wars;

Because he stands for all that is high and good, both morally and spiritually;

Because he wears no man's collar, never has and stands now against gang rule in our state politics, and is fearless in enforcing the law in our fair state. He, more than any single man, has fought against the Crump machine and broken its strangle hold on the people of our fair state and destroyed the power of those who would control and ruin in our political government;

Because he has done more for West Tennessee and particularly our own town of Halls and the territory surrounding Halls. We sincerely hope the voters of Halls and Lauderdale County will let their sound and better judgement prevail and not be influenced by misleading statements and accusations of his enemies and go to the polls, August 7th, and vote for Gordon Browning for another term as Governor of Tennessee.

FRED R. HURT

CARD OF THANKS

We wish to take this opportunity to thank all our friends and neighbors for the wonderful fan, eats, drinks and all other good favors. Also Bro. Ware and Bro. Newton for their consoling words and prayers. May God's richest blessings rest upon all of you as our prayer.

HENR YB. AVERY, MRS. CHAS. Hart, Daughter

ROELLEN HOME DEMO CLUB MEETS AT FORKED DEER ELECTRIC COOPERATIVE

(Harold Hart, Electric Advisor) The RoEllen Home Demonstration Club held its regular monthly meeting at the Forked Deer Electric Coop on July 23. There were 35 present at the meeting.

The meeting was called to order by the president, Mrs. Tom Cribbs (formerly of Halls). Devotional and prayer were held, and the secretary read the minutes of the last meeting, and called the roll.

A Dress Contest was held with 22 ladies participating in the modeling. Miss Jean Hooper, assistant Home Demonstration Agent, was the judge and after careful consideration the first prize went to Mrs. Ike Jones, Jr. with second prize going to Mrs. James Jones and third to Mrs. Rose Butler.

ence in a later check."

Mr. Tipton pointed out that although nearly every family receiving payments would receive an increase, the additional amount would not always be divided among all the members of the family receiving monthly checks. In some cases the entire increase will go to the retired worker.

Under terms of the law, most families will get an increase of about \$5; some will get less, some will get more. A fair benefit now being paid, and most of those payable in the future, will be based on earnings after 1950 instead of after 1936. The amended law provides a new formula for determining the amount of the payments in these cases. Under it, a retired worker's monthly benefit would be 55% of the first \$100 of his average monthly earnings plus 15% of the remainder up to \$300.

Beginning September 1, the new law increased to \$75 a month instead of \$50 the amount of money

a beneficiary may earn and still receive the monthly benefits. Self-employed people entitled to old-age and survivors insurance benefits may receive the payments for each month of the year if their net earnings during the entire year are not over \$900.

Under the recent amendments, self-employed people who originally applied for benefits in 1952 may re-apply at the close of the taxable year and have their 1952 earnings used in figuring their monthly benefit payments. Insured wage earners who retire in 1952 may have their wages for this year used immediately in figuring the amount of their benefit payments.

The amended law allows social security wage credits of \$160 for each month of active military or naval service after July 24, 1947. This provision is simply an extension of the one which already gives social security credits to servicemen of World War II. It applies to service in the armed forces up to January 1, 1954.

Elect

ALBERT GORE U. S. SENATOR

Undoubtedly YOU are one of those conscientious voters who will use care in selecting a man for United States Senator.

In picking your man, remember that ability, vigor, and alertness count far more than seniority. They are the trademarks of our best senators, many of whom are in their first terms. Senators Sparkman and Nixon, the Vice-Presidential nominees, are first termers. The vigorous investigations of RFC, the five percenters, the interstate crime were conducted by first-term senators.

For years the House of Representatives has been a proving ground for senators. Albert Gore has won his spurs with 14 years of experience in the rough-and-tumble debates of the House. At 44, he has the ability, the vigor, the alertness which are trademarks of our best senators.

Vote for Albert Gore for United States Senator in the Democratic Primary on August 7.

DEMOCRATIC PRIMARY AUG. 7

Tennessee Outdoors

Louis S. Clapper
State Game and Fish Commission

Information compiled by Ducks Unlimited, Inc., indicates a bumper duck and goose crop for Tennessee sportsmen to harvest this winter. The prospects are so good, in fact, that they may be reflected in liberalized hunting regulations to be announced in a few weeks by the U. S. Fish and Wildlife Service.

The early hatch in Canada was good and now is on the wing. Broods from renesters and late nesters are increasing in volume in the breeding grounds for the Mississippi Flyway. Copious rains have eliminated the drought threat and, barring unexpected disaster, the best waterfowl crop in years

is predicted. Several other factors will have a bearing on Tennessee success. Temperatures, precipitation or status of water in river bottoms and the growth of food plantings later in the year will determine whether or not nimrods in this section have optimum hunting conditions.

Claude Baxter, of Evansville, Indiana, was more than somewhat surprised at Reelfoot Lake recently when the minnow he was using to catch crappie was taken by a 17 pound drum!

Unconfirmed rumors indicate some commercial fishermen on Tennessee-Kentucky Lake are fighting fire with fire. Reportedly aroused by the illegal shocking activities of fish hogs, these men have arranged a counter attack

reminiscent of naval mines in World War II. They supposedly have rigged charges of dynamite and detonators to co-oper tubing. These contraptions then are sunk in areas frequented by the "telephoners." The idea, of course, is that an electrical shock in the area will blow the operators into the wide, blue yonder. It might, at that!

The so-called "homemade hatcheries" for rough fish on the Duck and Elk Rivers produced nearly 2,000,000 fry this Spring. The hatchery on the Elk River at Estill Springs hatched and liberated 1,238,000 fry of all types of red horse suckers. The hatchery on the Duck River at Shelbyville produced an additional 580,000 of the same species. Both hatcheries are operated by sportsmen's clubs in cooperation with the State Game and Fish Commission.

assist you and have your accounts combined so there will be no loss of benefits. I was told that I may earn up to \$50 per month and still receive my social security benefits. Does this refer to gross pay or "take home" pay?

It refers to your gross pay, before any deductions. I work for the State and my job is not under Social Security. If I take a part-time job on weekends for a business firm, must I pay social security tax?

Yes, these social security credits will count toward old-age or survivors insurance benefits.

Miss Carolyn Hughes of Memphis spent the weekend with her parents, Mr. and Mrs. Bill Hughes.

PREPARE SOIL EARLY FOR LATE GARDEN CROPS

The sooner soil is prepared for August and September plantings in the garden the better it will be for the late vegetables, say U-T garden specialists.

If gardeners wait until the last minute before planting to prepare the soil, heavy growths of spring crops or weeds spaded under will

not decay quickly enough to help the new crops until a month or more has passed. During that time, they may do harm by keeping the soil too loose so that it dries out rapidly.

Freshly turned soil also takes in rainfall quickly, and if the surface is cultivated after rains the gardener holds in his soil the water needed for success in August planting. Getting the ground ready early is much better than just hoping for rain before planting time later, the specialists say.

The importance of voting isn't likely to register with people who didn't.

To The Citizens Of Lauderdale County:

A few weeks ago I announced that I would be a candidate for the office of Sheriff of Lauderdale County in the coming election. Since then I have tried to see and talk to as many of you as possible personally. The time for the election is now almost at hand and altho I will keep on working until that day I am sure there will be some of you that I will be unable to see. If I do not contact you personally it will not be because I do not want to but because the short time in which I have to work will not permit. I therefore want to take this opportunity to solicit your vote and influence.

If you see fit to elect me your sheriff, I intend to be on the job myself at all times and will strive to give equal attentions to all sections of the county.

Many of you have talked to me about my views on the right of trial by magistrate and I want to state to you here and now that if I am elected sheriff I will remove all offices and desks from the sheriff's office, except the sheriff's desk, and will endeavor to restore the right of trial by magistrate to the district in which the arrest was made, so far as possible.

If you honor me by giving me the office I will welcome your visits to the office, your advise and your criticisms and will strive to always work with you to make this a better county in which to live.

SOCIAL SECURITY

Questions and Answers

Do you know your rights under the Social Security program?

The Halls Graphic, in cooperation with Joe P. Tipton, field office manager, Dyersburg, is publishing a series of questions and answers columns explaining the new program.

The questions will be drawn from those most frequently asked by persons who have made inquiries at the field office.

If you have a question that you would like answered, address your letter to the Social Security Office, Dyersburg, Tenn. That office will reply direct to you.

I am a retired business man but I do own and operate two apartment houses. Is my profit covered as self-employment?

Unless you are a real estate dealer your income is probably not covered—unless you offer "hotel services." For complete information, please consult the Dyersburg office.

I got a social security card while working during my high school years. When I was discharged from service I got another number but now have found my first card. Should I have one cancelled?

Yes, you should have only one number your entire lifetime. If you will get in touch with the Dyersburg office they will be glad to

To the People of Lauderdale County:

Governor Gordon Browning has been criticized in some quarters for casting the vote of the Tennessee Delegation to the Democratic Convention at Chicago not to seat the Delegates representing the State of Virginia. The criticism has come principally from people who are supporting Mr. Frank Clements in his campaign for the Governorship, and many erroneous statements have been made in connection with the vote.

I was a Delegate to the Convention and was in attendance at the session when the matter of seating the Southern Delegations came up on the Convention floor for the vote. I know that Governor Browning did all that he could do to secure the seating of the Delegations from the Southern States.

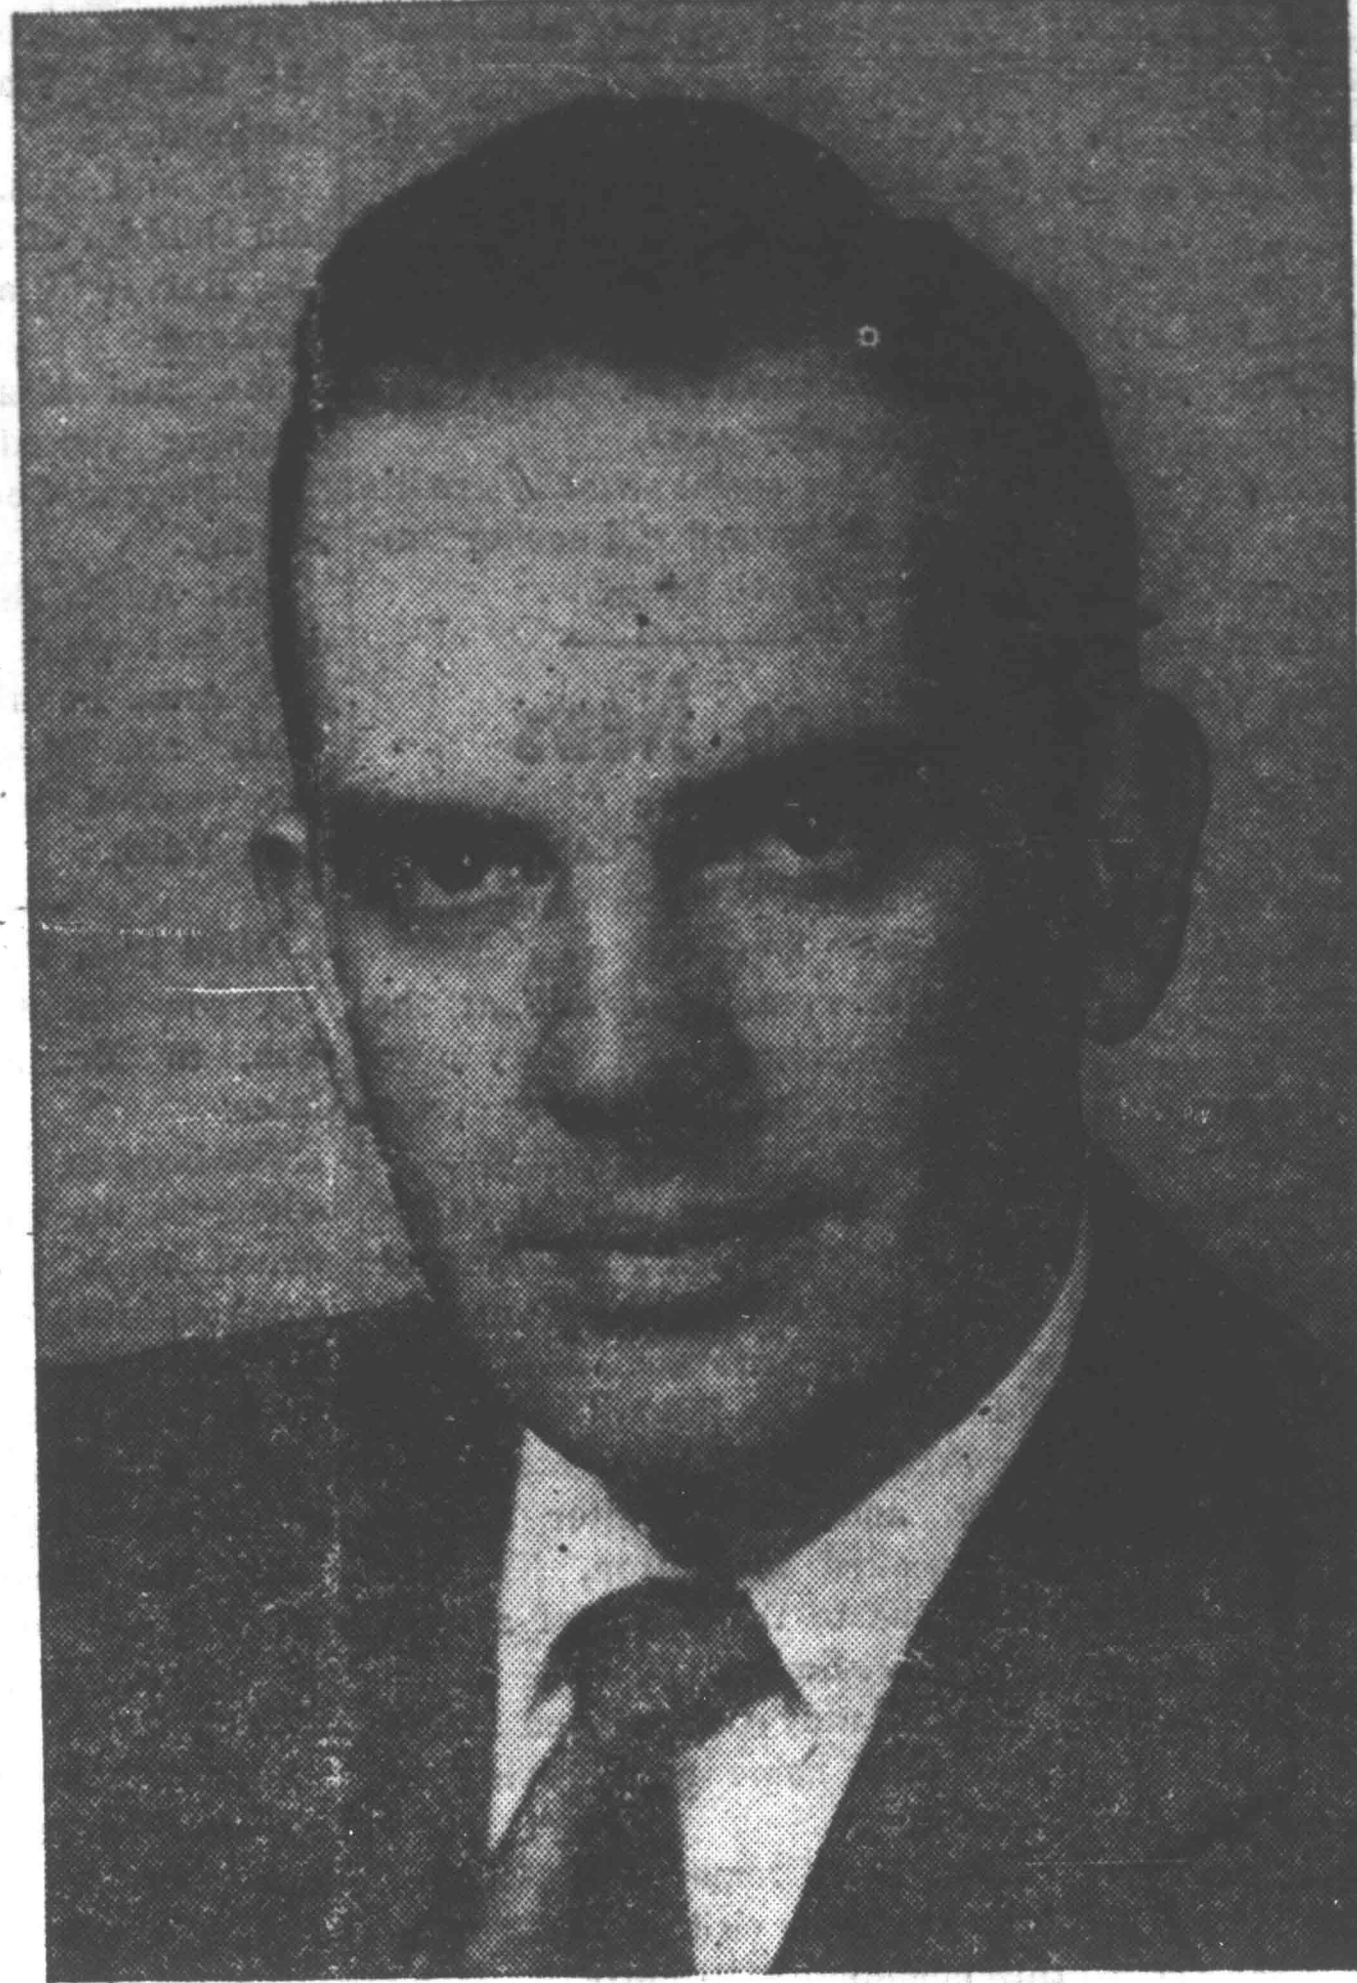

The Convention adopted a loyalty pledge for all Delegations to sign which simply stated that the delegation would return home and do all they honorably could to see that the Democratic Nominees of the Chicago Convention would be placed on the Ballot for the November Election in each State. Several of the Southern Delegations signed this pledge, but the Delegations from the State of Virginia, South Car-

olina, and Louisiana would not sign same. In my opinion any State Delegation should have been willing to sign the pledge if they intended to support the Nominee of the convention. It has since developed that probably one or two of the states whose Delegations did sign will not place the Democratic Nominee on the Ballot.

When the vote came up regarding the seating of the Virginia Delegation, the Tennessee Delegation held its Caucus and a majority of the Delegates voted not to seat the delegation unless they agreed to support the Nominees of the Convention. Governor Gordon Browning did not vote on the question. Under the Unit Rule the entire twenty eight votes of the Tennessee Delegation had to be cast as the Majority of the Delegation voted. Governor Browning announced the result of the caucus to the Convention and cast the vote of the Tennessee Delegates against the seating of the Virginia Delegation.

Governor Browning had nothing to do with the decision of the Tennessee Delegation in voting NO on the question of seating the Virginia Delegation, but he was very helpful in securing the seating of many Southern Delegations.

CHARLES R. VOLZ, Delegate to Democratic Convention from 8th Tennessee District.

FRANK G. CLEMENT

An Open Statement of the Policies and Principles of Frank G. Clement, Candidate for Governor

"I solemnly promise that, as Governor of Tennessee, I will discharge the duties of the office to the very best of my ability and strength, in grateful appreciation of the honor conferred upon me and that I will be guided at all times by the precepts of right and justice which I have been taught at home, in school, at the altar and in the service of my country.

"As Governor of this state it will be my purpose to foster and encourage every progressive movement for the general welfare of our people; to conserve our resources and funds; to preserve our free and democratic institutions; to assist in every way possible the development of agriculture, industry and commerce; to promote better educational facilities for our children; to establish a sound, progressive system of assistance for those who need it; to oppose corruption and big government; and last but not least, to restore to the people of Tennessee a decent respect for the integrity of their officials both in word and deed.

A STATEMENT OF PRINCIPLES

"I believe with every fiber of my being in the divinity of God, the brotherhood of man, the dignity of the individual and in the inalienable right of every American to work, worship, speak, vote and act as he pleases, subject only to the rights of his fellow man and his duties as a citizen.

PUBLIC OFFICE IS PUBLIC TRUST

"I share with millions of Americans and Tennesseans the firm conviction that public office is a public trust: that no man has a right to use it for personal profit or gain; and that the greatest need of our time is for a rededication to the principles of public honor and personal integrity upon which this nation was founded.

MUST HAVE HONESTY AND ABILITY

"I recognize a promise made as a debt unpaid. Efficiency and economy are essentials of good government — but they are impractical aims and unworkable unless accompanied by a combination of honesty and ability.

"I AM NOT OBLIGATED"

"The chief executive of this state cannot assume the office with honor (and no worthy man would do so otherwise) if he is obligated to any individual, group or class of people to the exclusion or detriment of any other. I am not so obligated.

RESPONSIBLE FOR SUBORDINATES

"A Governor is — and must be — responsible for the actions of his subordinates. While the people can be expected to forgive and forget

individual, unforeseen incidents, they cannot and should not over-look a pattern of conduct. The man who is either unwilling or unable to eliminate corruption in government and prosecute offenders (whether friend or foe) is unworthy of public trust.

THE TAXPAYER'S DOLLAR

"The preservation of free enterprise, the promotion of democracy, and the hope for a prosperous and peaceful future are all directly related to the need and necessity for elimination of waste, extravagance, and reckless public spending of the taxpayer's dollar. Only by looking with respect, concern and understanding toward the overburdened taxpayer can we establish a sound economy as a basis for future progress. There definitely is an absorption point beyond which the power to tax becomes the power to destroy. That point is already at hand.

THERE'LL BE NO "MAN-TO-SEE"

"The state's business (which is the people's business) should be conducted solely from the appropriate state offices. Not only is a "man to see" unnecessary and a financial liability to the taxpayer, but also immoral, reprehensible and illegal.

THE SACREDNESS OF THE BALLOT

"The appointment of election officials must be guided not by partisan or personal friendships, but by a compelling demand for incorruptible individuals of honor and ability, interested only in fairness to all and preservation of the sacredness of the ballot. There are too many good people available who meet these qualifications to substitute controversial figures.

LEGISLATIVE AND JUDICIAL FREEDOM

"The legislature — as well as the judiciary — should be free and independent of the executive branch of our government. While deserving the fullest degree in cooperation, our lawmakers must be free of intimidation and above the pull of favoritism or political bribery if our government is to function in accord with the constitutional guarantees and actual necessities.

BEST GOVERNED ARE LEAST GOVERNED

"The best governed people are the least governed. Big government is not necessarily strong government, but is the foe of good government. Those governmental functions which can be performed in Washington or in Nashville should be done in our own state; if they can be done either in Nashville or at the local level, the lowest echelon of government should be entrusted with the task. When the public welfare permits, the power should be surrendered and returned to the people, whence it came so easy, an act which partisan politicians balk at performing."

**FOR CLEAN GOVERNMENT, VOTE FOR
FRANK CLEMENT FOR GOVERNOR**

DEMOCRATIC PRIMARY, AUGUST 7, 1952

This Message Sponsored by Halls Committee of Clement for Governor, James Paige, Chairman.

JERE COOPER

Will Speak In RIPLEY, TENNESSEE

In The Court House Yard

2 p. m., Saturday, August 2

Everyone is invited to hear this major address by Representative Cooper in his campaign for re-election to Congress. Described by the Hon. Cordell Hull as a true statesman, Mr. Cooper has also performed Great Service for Lauderdale Countians. An advocate of Christian pinciples and a staunch supporter of the Constitution, Mr. Cooper has made honesty his cornerstone.

Lauderdale County Committee for Cooper
Hunt Morris, Chairman

Notice of Democratic Primary Election

By virtue of the authority vested in us, the undersigned members of the Board of Democratic Primary Election Commissioners for Lauderdale County, Tennessee, notice is hereby given that a Democratic Primary Election will be opened and held in all the voting precincts in Lauderdale County, Tennessee, on

THURSDAY, AUGUST 7, 1952
for the purpose of electing Democratic nominees for the following offices: Governor of Tennessee; Railroad and Public Utilities Commissioner for Tennessee (Western Division); Congressman for the 8th Congressional District of Tennessee; State Representative (Direct) for Lauderdale County in the next General Assembly of Tennessee; two committeemen for the State Democratic Executive Committee for the 8th Congressional District of Tennessee; two committeewomen for the State Democratic Executive Committee for the 8th Congressional District of Tennessee; Senator for the State of Tennessee; and Floater Representative for Lauderdale County and Tipton County, Tennessee.

The polls at the hereinafter listed precincts will open at 9 o'clock a. m. and close at 4 o'clock p. m.

Notice is hereby given of the appointment of officers, judges, and clerks named to open, hold and make due returns of said Democratic Primary Election in their respective precincts as hereinafter set out and said officials are directed to act accordingly.

DEWEY CRIHFIELD SOLICITS YOUR VOTE

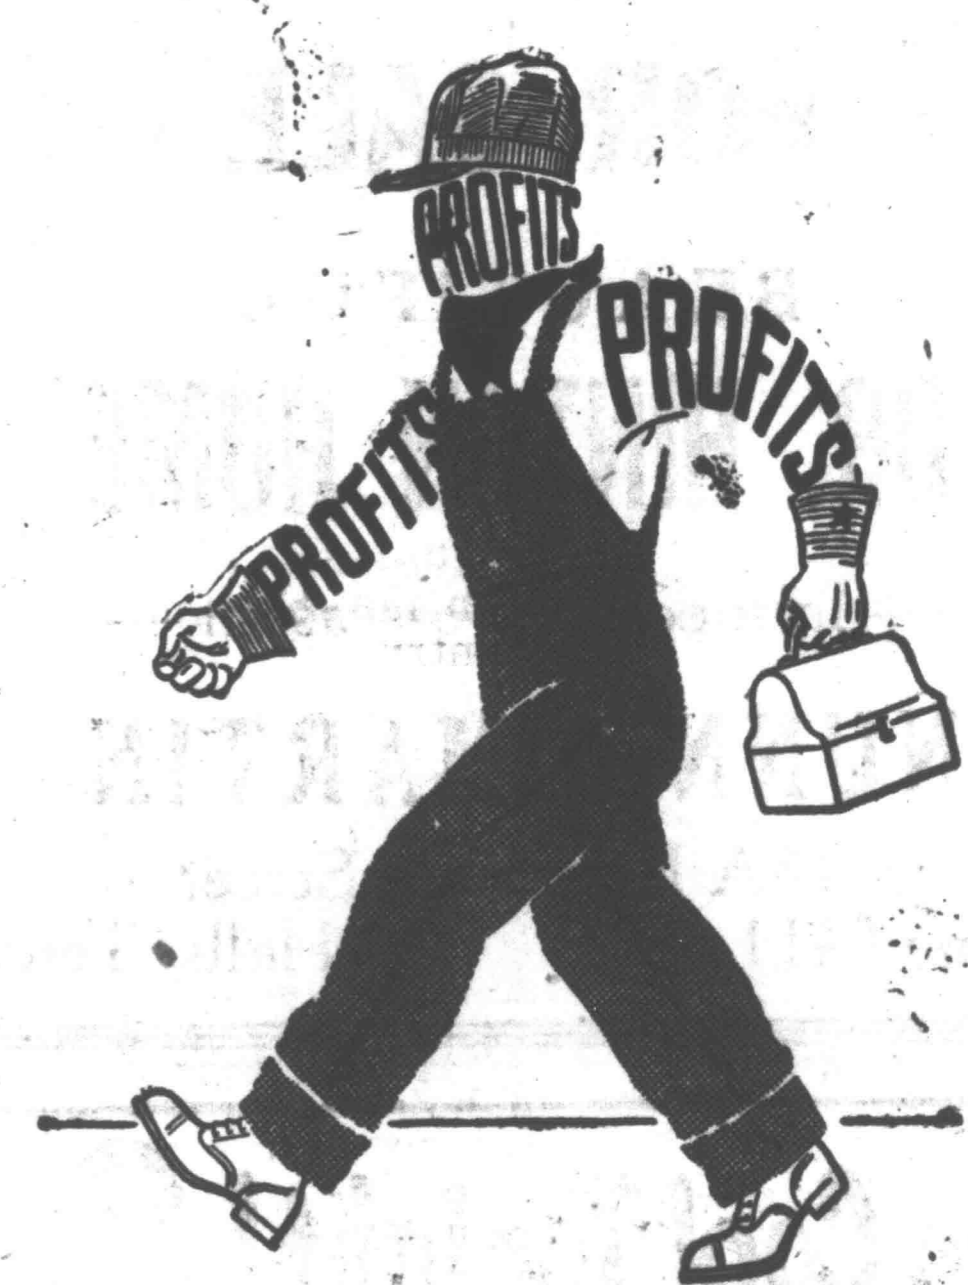

TO THE PEOPLE OF LAUDERDALE COUNTY:

As you know, I am a candidate for re-election to the office of Tax Assessor.

During the tenure of my office, it has been my constant effort to have my taxbooks fair and just to all the people and to consult with the landowner and become acquainted with his property before listing it for taxes. I believe that no one can say that I have not done my best to turn in fair and proper assessments. In turn, I have worked with the County Board of Equalization and the Tax Rate Committee in a co-operative spirit. A 15c reduction in the tax rate was granted at the last term of Court.

My record speaks for itself, and I hope that you will approve it and give me your vote and influence on August 7th, 1952.

Sincerely Yours,
DEWEY CRIHFIELD

PROFITS wear overalls these days

Profit to some people is a word that wears a high silk hat. The communists foster that idea. They get along without profits. They also get along without almost everything else.

They don't understand that profits wear overalls. If they had some profits, they'd also have some prosperity and payrolls instead of slave labor. Because profits work harder than anyone.

Here's why:
Last year the Illinois Central made a profit of \$18 million. From that profit and profits saved from previous years we took \$29 million to improve the railroad and pay off part of the mortgage.

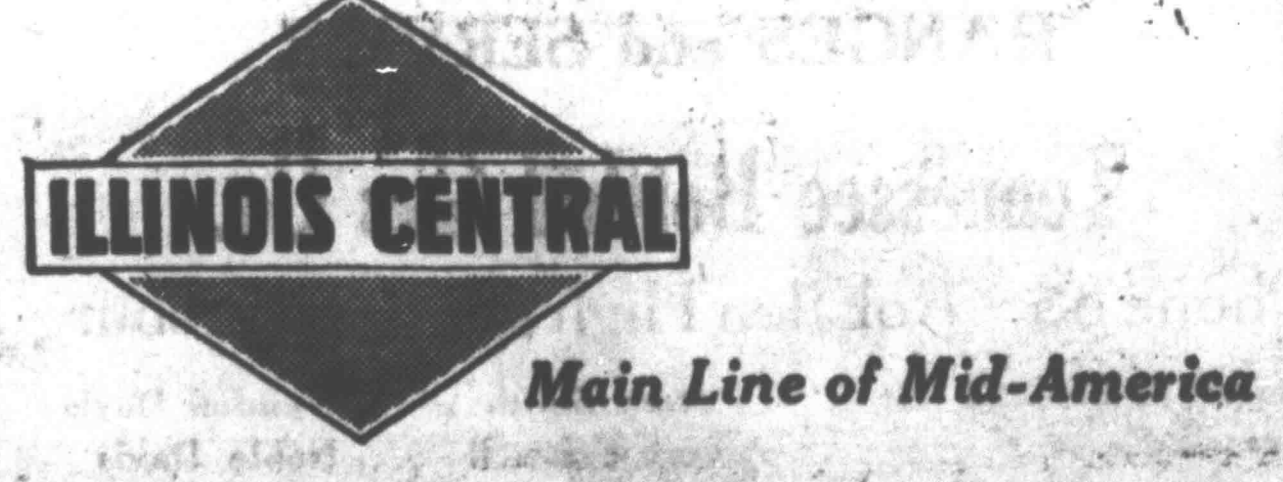

There's no silk hat on profits that buy tools for workers to do a transportation job for you and thereby earn \$164 million a year in wages.

If our profits drop too low or become losses we run short of working dollars. We enjoy no backlog of government subsidies - no publicly owned airports or highways or waterways. We're on our own, and we pay taxes (\$28 million a year) besides.

When subsidized highway, air and waterways transportation cuts into our business, it costs you tax money and may cause us to need higher rates.

We say the cheapest way for you to get good transportation is to let us all - rail, air, highway and water carriers - compete on an equal basis. Free competition such as this has made us the most prosperous people in the world.

WAYNE A. JOHNSTON
President

SENATOR KENNETH MCKELLAR

President Pro Tem and Dean of the Senate; third in line of succession to the presidency; and Chairman of the Senate Appropriations Committee, the most powerful force in our government.

Vote For The Man Who Will Do The Most For Tennessee

- Re-Elect**
the man who now holds a seniority position it would take another man 25 years to attain.
- Re-Elect**
the man who has brought into the state of Tennessee over \$4,000,000,000 in direct benefits.
- Re-Elect**
the honored, respected, admired and influential statesman who has honestly, fairly, and faithfully served his people in Tennessee.

Re-Elect SENATOR MCKELLAR

Don't let fancy promises, false rumors, or cute catch phrases trick you into giving up the power and influence held for Tennessee by Senator McKellar. Stick to facts!

Examine The Records. Compare Results. Compare Time Spent On The Job. Then You'll Know That

A VOTE FOR SENATOR MCKELLAR IS A VOTE FOR TENNESSEE

Democratic Primary Aug. 7

WEST TENNESSEE FRIENDS OF MCKELLAR FOR SENATOR

County Election Commissioners of Lauderdale County.

case of TB has at least nine (9) close contactsm that's people who are around the case every day. You can realize by the above statements that TB is a dangerous health problem in every community. When TB gets in a community it continues to spread and threaten the health of the whole community unless something is done. The question is "What can be done?" The answer is "Every adult in the community should have a chest x-ray every year." Another question is "Where can we get a free chest x-ray?" The answer is "Every adult in Lauderdale County can have his chest x-rayed by going to the Health Department in Ripley on Monday afternoons between the hours of 1 and 3. The Mobile X-Ray Unit is parked on the north side of the Court House and it takes only a minute to have a chest x-ray." Help protect your health, the health of your family, your friends and your community by having a Chest X-ray.

GRASSLAND FARMING SAVES SOIL, LABOR
By joining in the "Keep Tennessee Green" campaign, farmers can profit in many ways, point out U-T agronomists. Grassland farming produces more, better, and cheaper feed for increasing livestock numbers, they

point out. By proper land use, with grass, legumes, and fertilizer in well-planned rotations, the productivity capacity of many farms can be doubled. Grassland farming saves labor. Cattle can do most of the harvesting at low cost and effort on the part of the farmer. Grassland farming preserves and improves our soil resources. Greater fertility results from more organic matter, less erosion, less leaching of mineral resources, and less crop exhaustion of minerals in a grass-livestock pattern. "Keep Tennessee Green." "There's Only One Certain Thing About Using Want Ads — RESULTS."

Insists Need Of Chest X-Rays

K. C. Harrington
Executive Secretary
TB is a disease which still requires bed rest as a treatment regardless of the publicity about the wonderful effects of the new drugs. These drugs are still being used experimentally and in certain hospitals under close supervision. It is hoped the control of tuberculosis will be greatly aided by these new drugs but it is still too early to claim their success. The big problem in the control of TB is in finding the cases which already exist. It is estimated there are 150,000 unknown cases of TB in the United States. Each case is going about his daily life without the knowledge he is endangering his own life and those of his family and friends. Each unknown

ATTENTION, VOTERS!!
Is Any Of Your Income Derived From Southern Agriculture?
Is Any Of Your Income Indirectly Derived From Southern Agriculture?
IF IT IS NOT, THEN THROW THIS AWAY!
The following was taken from the "Cotton Comment" Column of Gerald Dearing in the Memphis Commercial Appeal for Sunday, July 20, 1952.
Certain situations in politics often set up chain reactions that are more far-reaching in effort than appears possible at the time.
No one thought when Representative Doughton, who has headed the House Ways and Means Committee for many years, decided to retire after 42 years of service and at the age of 89 that his action might endanger the committee appointments of many Southern representatives, and affect the possible trend and thinking in farm legislation.
The Ways and Means Committee is probably the most powerful group in the House, since it determines the committee assignments of the other members.
No recommendation of the committee is effective until approved by the chairman.
Jere Cooper of Tennessee, as the ranking Democrat on the committee, appeared destined to become chairman in case the Democrats had a majority in the House next January, or senior minority member in case the Republicans won.
Second ranking committee member is Representative John J. Dingell of Detroit, one of the more rabid New Dealers who has voted consistently and regularly against the South and agriculture at every opportunity. His control of committee assignments could lessen and weaken the influence of Southern agricultural leaders immeasurably. The work for cotton, for flood control, for agricultural appropriations such as that done by Abernathy, Gathings, Smith, Davis, Whitten and others could be curtailed by unsympathetic committees, even though they continued their committee assignments.
The voting records of Cooper and Dingell indicate the variance of their thinking. Cooper has supported the Taft-Hartley Bill, an end to regimented price regulations. He backed farm legislation, invocation of the Taft-Hartley law in the steel strike. He has fought the FEPC.
Dingell's vote has been consistently opposed to the Cooper vote. He is opposed to support prices for farmers, opposed to the Taft-Hartley Act, in favor of FEPC, and for continued and tighter price controls.
It is the American way that the people select their own representatives. It would be ironic, however, if local indifference to the far-reaching effect of their decisions should upset the whole pattern of House and thus affect adversely legislation that is so vitally important not only to the local electors but in the whole South.
RE-ELECT
JERE COOPER
CONGRESSMAN, 8TH DISTRICT
This ad paid for by Cooper for Congress Committee.
Hunt Morris, Chairman

Local Happenings

Mrs. Harold Ferguson and children, Amelia, Linda and Harold Wayne, of San Antonio, Texas, arrived Sunday to spend some time here with her mother, Mrs. Hattie Tomlinson, and other relatives.

Mrs. C. C. Nearn spent last week in Bells with her daughter, Mrs. George Goosmann, and attended revival services there.

Mrs. Doyle Davis has received Franklin Moore that he is in Korean waters and has been there for some time. He expects to leave for the U. S. in October.

H. B. Avery still remains bedfast at the home of his daughter, Mrs. Charlie Hart.

Miss Rita Simmons of Dyersburg is spending the week with Miss Nancy Connell.

Mr. and Mrs. Fred R. Hurt and Mrs. David H. Hurt and children, David, Jr. and Katie Lou, left Friday morning for an extended trip to the Far West.

Edwin Larson of Newman Grove, Nebraska, arrived Wednesday night to spend some time with his son, Merle Larson, and family.

Dinner guests of Mrs. George Cole Sunday were Mr. and Mrs. Melton Thomas and children, Mr. and Mrs. L. A. Miller of Belflower, California, Mr. and Mrs. Nelson Badgett and daughter of Millington, and Mr. and Mrs. J. W. Perry. Mr. and Mrs. Miller left Monday to return to their home in California while Mr. and Mrs. Thomas and family remained for a week's visit.

Mr. and Mrs. Lawton Shannon of Dresden were guests of Mr. and Mrs. E. J. Shannon Sunday. Mrs. Shannon remained over to spend this week with the E. J. Shannon.

Mrs. Charlie Robison left Tuesday to return to her home in Booker, Florida, after a visit with her aunt, Mrs. Cecil Sumrow.

Mrs. A. P. Burks returned to her home at Poplar Grove Tuesday after undergoing an operation at the Baptist Hospital in Memphis. She is reported to be improving nicely.

Mr. and Mrs. Bernard Baker of Memphis are spending their vacation with his parents, Mr. and Mrs. Robert Baker. The group went to Reelfoot Lake the first of the week and spent Wednesday with Mr. and Mrs. Neill Bivens in Jackson.

Mrs. Jett Meadows spent Sunday and Sunday night with Mr. and Mrs. Tommy Meeks at Antioch.

Mrs. Kenneth Olds left the first of the week by plane for the west coast to join her husband whose ship has recently landed there.

Mrs. Everett Canada and sons have returned to their home in Cleveland, Ohio, after a visit with parents, Mr. and Mrs. A. C. Dow, and sister, Mrs. Paul Vaden, and family. They were accompanied home by Mr. and Mrs. Vaden and family who visited the Canadas and Mr. and Mrs. Joseph Clark at Cleveland and returned home Friday of last week.

Mrs. F. E. Pugh and sons and Mrs. Earl Critchfield and son are spending this week at Biloxi, Miss. Mrs. Warren Tanner, Mrs. A. C. Smith, Mrs. W. A. Perry and Mrs. W. E. Ralph were in Wynne, Ark. Wednesday because of the death of Mrs. Wilson Whitaker. Mrs. Whitaker will be remembered as the former Annie Lee Moore.

Dr. and Mrs. Bond and family of Milan were guests of Mrs. Bond's parents, Mr. and Mrs. Will Smith, during the weekend. They were accompanied home by Mrs. Smith for a week's visit.

Mr. and Mrs. Harry Spencer of Brighton spent Friday of last week in Halls and were accompanied home by Mrs. Mamie Williams of Texarkana, Texas, who had been the guest of friends and relatives here.

Mr. and Mrs. Amos Agee and Mrs. Ward of Maury City visited Mr. and Mrs. Jeff Agee Sunday.

Mrs. W. H. Keltner was in Ripley a few days this week to attend the bedside of her daughter, Mrs. Floyd Brown, who underwent an operation at the Lauderdale County Hospital.

Mr. and Mrs. Lon Scott, Mrs. Dick Brister and children of Memphis spent Sunday with Mr. and Mrs. C. W. Scott.

Mrs. L. C. Hardin of Memphis spent the past week with her parents, Mr. and Mrs. F. J. Thurmond. Mr. Hardin joined them for the weekend.

Emmett Lee Fincher underwent an operation at Kennedy General Hospital in Memphis last week and is reported to be improving nicely. Mr. and Mrs. Carmack Phillips, Mrs. John Phillips, Mr. and Mrs. Cloudece Fincher and son and Lawrence Fincher were in Memphis Sunday to see Mr. Fincher.

Leon Nearn of Memphis spent Sunday with his mother, Mrs. C. C. Nearn.

Mrs. N. A. Sloan and daughter and son, Shirley and Norman, Jr. of Gates and Miss Virginia Canada returned Monday from a 4800-mile trip which took them to California along the southern route and back via the northern route. Entering seventeen states they visited many places of interest including Yellowstone and Yosemite Parks and Old Mexico.

Mr. and Mrs. Bob Comstock of Memphis are the parents of a baby girl born Saturday, July 26th, at the Baptist Hospital. She has been named Deborah Lynn. Mrs. Comstock is the former Jane Hall.

MISCELLANEOUS - SHOWER HONORS RECENT BRIDE

A Miscellaneous Shower at the home of Mrs. Raymond Hale on Thursday evening, July 24, honored Mrs. Tommy Roberts, recent bride. Hostesses were Mrs. Hale, Mrs. Roy Hilliard, Sr. and Mrs. Bobby Hale.

Arrangements of summer flowers decorated the rooms where the guests gathered at 7:30 o'clock. Two interesting games were played before the honoree opened the many useful gifts.

Mrs. Roberts had chosen to wear for the occasion a dress of blue embroidered eyellet.

Punch and cookies were served.

ENTERTAINS FRIENDS WITH LUNCHEON

Mrs. Charlie Robison, a visitor in Halls from Booker, Florida, was the hostess at the Steak House Monday at a luncheon for the following guests: Mrs. Wymond Hurt, Mrs. Joe Sumrow, Mrs. R. J. Nunn, and Mrs. I. A. Nunn.

A picture show in Dyersburg was enjoyed following the luncheon.

VISITOR IS HONORED AT INFORMAL EVENTS

Miss Virginia Hale of Spar, Tennessee, who was a guest in the W. A. Perry home last week was honored at several informal events during her stay here.

Sunday evening a Hamburger Fry and Watermelon Feast at the home of Mr. and Mrs. Raymond Hale, Jr. was enjoyed by Miss Hale, Ted Perry, Miss Sus Tomlinson, Joe Corys and the family. On Monday evening Mrs. Perry entertained the group at a delicious dinner at the Perry Hotel.

"Every Week is Bargain Week in the West Ad."

AUFORD PICKENS HONORED ON NINTH BIRTHDAY

Auford Pickens celebrated his ninth birthday with a party at his home Thursday afternoon.

Auford's friends arrived at 3 o'clock. Coca cola and candy were served, after which games were enjoyed. "Happy Birthday" was sung by the group. Each child was given favors. Ice cream and cake were served, and Auford opened his gifts.

Those present were Donald Young, Larry Parker, Brenda Kitter, Patricia Hines, Ronnie Pickens, Bobby Phillips, Johnny Kirby, Chuck Murchison, Patty Williams, Lynn Stallings, Linda Hilliard, Dicky Alley, Patricia Pickens and Marshall Keltner.

MARTHA WOODARD IS MARRIED LAST SATURDAY

Mr. and Mrs. John Woodard announce the marriage of their daughter, Miss Martha Woodard, of Halls and Memphis, to Billy E. McCorkle, of Kittanning, Pa.

The double ring ceremony was performed Saturday, July 26, at the Baptist parsonage in Hernando, Miss., by Rev. M. V. Whitten.

The bride wore a dress of white eyelet organdy over blue taffeta with blue accessories.

The couple will make their home at 987 Oak View Street in Memphis.

Your vote is a blow to Joe.

WATCH FOR THE COMING OF
CLARABELL, THE CLOWN

Joe L. Levy & Son

"Halls Leading Store"

Phone 2881 Halls, Tenn.

To The People Of Lauderdale County:

The schools are opening for the new term, and within a few days my duties as school principal will claim most of my time. This will prevent me from seeing some of my friends whom I have not yet been able to contact to solicit their support in the coming election for Superintendent of Schools. I am taking this means of appealing to those whom I may not have an opportunity to talk to personally.

I wish to state that I hold no personal ill-feeling whatsoever towards my opponent who is now in office. I am making this race solely because numbers of the citizens of the County have requested to do so, and because I like the work. During the period of my former service as superintendent there were never at any time sufficient funds to do all of the things which needed to be done in the schools. Some of the older teachers can remember when there was hardly enough money to buy winter fuel or to make the necessary repairs to buildings. The passage of the sales tax increased the funds for education in the county and that, with the money from the bond issue, has raised the school budget to an all-time high. I believe that the lessons I have learned in school finance during those "lean" years will help me to do a better job today if I am given an opportunity to serve you again.

Some remarks have been made concerning an endorsement term for my opponent. I should like to call attention to the fact that the office of Superintendent has a term of four years while most offices have two years. An endorsement term now means a period of eight years—in a field of work in which changes take place more rapidly than in almost any other profession.

The responsibilities of a superintendent are many and his duties are urgent. He is elected to attend those duties which is a full time job for any man. These responsibilities are much more urgent when the county is concerned with the most extensive building program that has previously been known and with the largest school budget that has ever been available to the school of Lauderdale County. The superintendent should be available at all times.

It is true that many of our teachers and principals now hold Masters Degrees and have had years of experience. How much more important it is that their leader and co-worker be not only a school man with a Masters Degree but with years of experience in the field of education.

All who know me in the county know that I have devoted my entire adult life to education. I have served in every capacity from classroom teacher to the office of superintendent and I have managed to stay close to the boys and girls with whom I love to work and help. At the present time I am serving on the Administrative Council which is the governing body of the State Education Association. All of this enabled me to become thoroughly familiar with school problems great and small and I am sure that this background of experience will help me, if I am elected, to administer the duties of the office faithfully and fairly to all parts of the county.

I sincerely desire the support of the good people of Lauderdale County, and even though I shall not be able to talk to each of you personally, I shall deeply appreciate your vote in the coming election on August 7.

S. E. PIERCE

Meeting of Local PTA

The PTA met for a call meeting on Monday afternoon with a good attendance. The new president, Sydney Carmack, took charge of an interesting business session.

Room mothers were selected and interest became evident. The first grade room won the attendance count and will become possessors of the trophy for the first month.

We hope to have the best PTA this year that we have ever had. Parents, help up make our aim realized.

VOTE FOR

E. T. "ROCKY"

PALMER

For Congress

August 7, 1952

It's Time For A Change - -

Let's Elect 'Rocky' To Congress

THIS POLITICAL ADVERTISEMENT PAID FOR BY FRIENDS & SUPPORTERS, CHAS. ALSOBROOK, Cpm. Mgr.

More progress has been made under Gordon Browning than in any other period of Tennessee's modern history.

LET THE RECORD SPEAK . . .

Under Gordon Browning your state's 3 largest sources of income—industry, agriculture and tourist trade—have increased greatly.

Under Gordon Browning you State's schools have an all-time high in funds for school construction, teacher salaries and greatly improved conditions.

In less than four years Gordon Browning has given your State 10,166 miles of roads, some 2,000 miles more than was built during the PREVIOUS 10 YEARS. Fifty million dollars per year are spent on your State's roads and highways.

Under Gordon Browning your State's worthy needful citizens enjoy greater benefits than ever before. Those who would live off the bounty of a socialistic state have been removed from the rolls.

Under Gordon Browning your State's forest lands, parks, streams and wild life enjoy greater care and protection than ever before. The Governor established your Department of Conservation.

Under Gordon Browning's refinancing plan your State has been raised from its former "pauper" status to its present sound financial basis.

RE-ELECT

Gov. Browning

DON'T BE MISLED BY CAMPAIGN SMEARS

Those who once ruled Tennessee, as if they were kings and you people were slaves, will stop at nothing to defeat the people's governor, Gordon Browning, and to again usurp state power for their own purposes.

They are out to slay THE PEOPLE'S CHAMPION and take over for themselves. They know that Gordon Browning has given the people of Tennessee the best government and the most benefits of any Governor we have had for many years.

No successful attack can be made on his record. They are forced to resort to deceit. Therefore, the smear campaign is on in dead earnest. Nothing is too vile for them to say about the Governor. Their campaign is based on slander and smear. No constructive program do they offer. Just a change, but a change to your harm.

DON'T BE MISLED BY CAMPAIGN SMEARS

Re-Elect Governor Browning

F. Bates Sullivan, Browning Lauderdale County Campaign Manager.

THE HALLS GRAPHIC

Volume 58

Halls, Tennessee, Friday Morning, August 8, 1952

Number 32

Confidential Corner

Constitutional Change

Possibly the most important decision which the voters of Tennessee will have facing them today in the state-wide elections and one that has received entirely too little publicity is that of the constitutional revision. Since its adoption in 1870 the Constitution of the State of Tennessee has resisted all attempts to amend it in any manner and as presently written will continue to do so. It is our belief that the constitution is sadly in need of amendment on certain matters and the only way that it can be done is through the approval by voters of the state of a constitutional revision convention. Even should the present election permit the amending of the constitution each individual amendment would have to be brought to a vote of the people before it could be placed in the constitution and made a law. To give you an idea of how obsolete the state constitution is, the State of Tennessee is the only state in the union whose constitution has neither been amended nor revised since 1870. Read carefully the ballot alongside the constitutional amendment vote and decide for yourself what should be done but please vote one way or the other.

Cooler Weather

Although we in and around Halls did not get any rain Tuesday the heat wave was broken at least momentarily and prospects of rain seemed fair Wednesday morning. However, it is feared that even now a good rain would be too late for pastures and many other crops.

Today's Business

No matter what other business you have today you should have on your calendar time set aside to go to the polls and vote for the men of your choice. Both as a citizen and as a newspaper publisher we wish to insist that only by all the people casting a vote can the true wishes of the people be decided. Perhaps you will differ with your editor in what you think best but if the great majority of the people vote we will feel that the government of the State of Tennessee is in good hands. You have only one vote but that vote may be of vital interest to the State of Tennessee.

Paul Grear Makes Voter Statement

Because I was unable to see every voter I wish to make this final statement to the voters of Halls, the 12th Civil District and Lauderdale County.

As most of you know I am a candidate for the office of Tax Assessor of Lauderdale County in the election today and wish to ask your support of my candidacy. If I have failed to see you personally it is simply because time has not permitted.

If you see fit to elect me your tax assessor I will make every effort to serve you in the best possible manner and administer the duties of the office in a fair and impartial manner. I will make myself available to discuss your problems at all times and try to help solve them in a fair and equitable manner.

May I request your vote and influence in today's election.
Yours Respectfully,
E. P. (Paul) GREAR

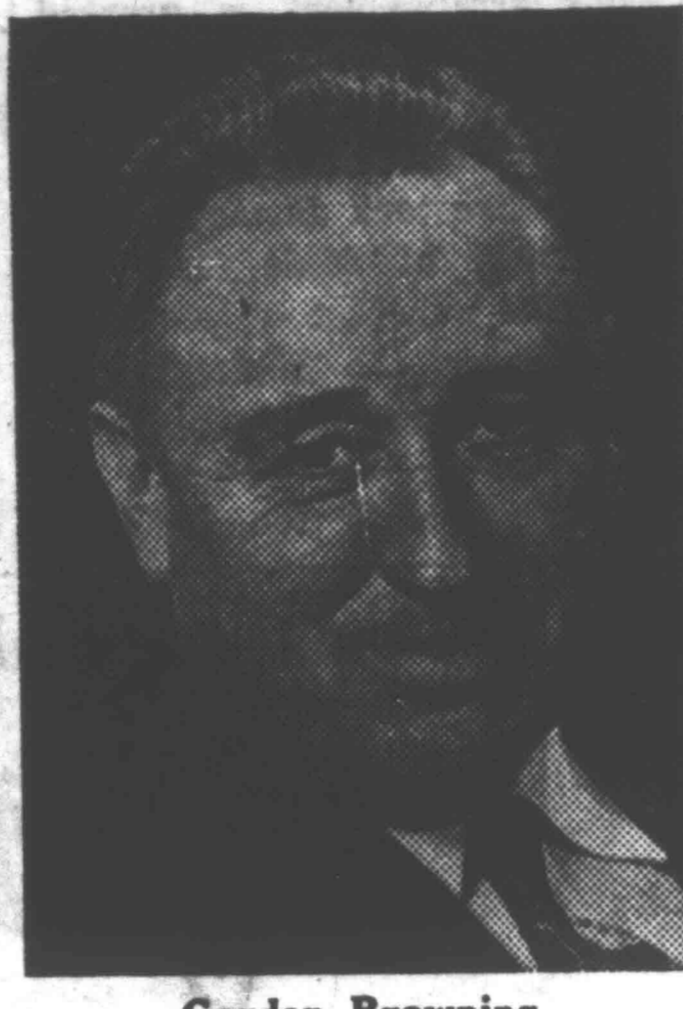

PRODUCTION GOALS ANNOUNCED FOR 1953

Secretary of Agriculture Brannan has just announced production goals for wheat, barley, oats and other crops for which fall seedling is important. The wheat goal for the United States is set at 72,000,000 acres for 1953. The goal for barley is 12,000,000 acres, 5,810,000 acres for the eleven Southern States where fall oats are seeded.

Funeral Services For G. V. Anderson

George 'Punch' Anderson, Gates postmaster for 17 years, died last Thursday of a heart attack. Mr. Anderson was stricken while at work. He was 54.

Services were held at 4 o'clock Friday afternoon from the G. V. Church of Christ, with R. E. Black, church minister, officiating. Burial was in Maplewood Cemetery at Ripley with Sudbury Funeral Home in charge.

He leaves his wife; a daughter, Miss June Sutton Anderson of Nashville, and two sisters, Mrs. Allie Wilson of Curve and Mrs. Eunice Garrett of Ripley.

4-H Achievement Day Held In Jackson

Harold Hart
Electrification Advisor, F. D. E. C.

I had the pleasure to serve as judge in the Senior Girl Division of the 4-H Farm and Home Electric Achievement Day held in Jackson, Tenn. on Saturday, August 2.

Participants from ten counties entered the contest. Demonstrations were put on for two hours in four different rooms. These demonstrations were to count as 25 points and the project book to count 75 points in the selection of the winners.

After careful consideration of the judges the 1st place winner in the Senior girls went to Eugene Ellis of Dyer County who received a \$20.00 scholarship to go to Knoxville and compete in the State 4-H Round-Up. First place winner in the Senior boys went to Crofton Cliff of Dyer County who lives on the Forked Deer Electric Coop. lines. He also received a \$20.00 scholarship to go to the 4-H Round-Up.

The 2nd place winner in the Senior girls division went to Joyce Ward of Decatur County. The 2nd place winner in the Senior boys division went to L. B. Marshall, Jr. of Ripley and lives on the Forked Deer Coop. lines. He was the winner of an electric heater.

First place winner in the Junior girls went to Margaret Thompson of Gibson County. She received a radio as her prize. Second place in this division went to Frances McBride of Dyer County who lives on the Forked Deer Coop lines and she was awarded a beautiful study lamp.

First place winner in the Junior boys division went to Jerry Richards of Dyer County who received a drill set. The 2nd place winner in this junior division went to Jimmy Kerr of Hardin county and

HALLS FUNERAL HOME CHANGES OWNERSHIP

The Halls Graphic was informed just at press time Wednesday that the Halls Funeral Home, Mrs. Gid Milam, has been sold to owned and operated by Mr. and Roy Sudbury, Frank Garner and Joe Curry, funeral directors of Halls, Ripley and Dyersburg.

At the same time announcement was made that owners of burial policies with Halls Funeral Home may contact either Sudbury Funeral Home in Halls or Garner Ripley Funeral Home in Ripley for service until the expiration of their contract.

Mr. and Mrs. Milam will continue to operate the Milam Flower Shop at their present location.

'Clarabell' To Come To Levy's Store

'Clarabell,' the silent clown featured on the popular HOWDY DOODY television program, will make a personal appearance at Joe L. Levy & Son, Mr. Louis Levy announced today. The TV comic will greet local children and distribute free gifts in the store on Monday, August 25, at 3 p. m.

One of the favorite figures on one of America's favorite TV shows, 'Clarabell' is expected to receive a warm welcome from the younger generation during the appearance. Although the clown does not speak, Mr. Levy says she will 'honk a hello' to every youngster present.

August 14 Set As Farm Bureau Day

Fred W. Buffaloe
Ever mounting costs of food and labor and the cost of additional new services, which your county Farm Bureau is rendering its members on a full time basis have forced the directors to try a new kind of annual Farm Bureau Day this year.

Long Drouth Said To Be Tennessee's Worst

The serious situation confronting most Tennessee farmers, as a result of the extended drouth which has the State is reflected in preliminary estimates made by county agricultural agents throughout the state. These estimates, on the average, indicate that the hay crop will not exceed about 40% of last year's crop, which was below normal; pastures are off an average of 70%; corn yields per acre are estimated to be down 50 to 60%; and milk production is off an estimated 85%.

These are average figures compiled from reports of county agents to Vice Director R. W. Moore, of the U-T Agricultural Extension Service. A striking fact of the reports and estimates, Vice Director Moore says, is their uniformity.

'Never before within our memory has the drouth damage been as general and as widespread,' Mr. Moore says. 'The damage to crops runs fairly uniform throughout the State. A few isolated spots have not been as hard hit as the State generally, the reports show.'

Meanwhile, Extension Service agronomists urge extreme care in preserving what pasture is available. The drouth has weakened or killed many pasture plants; and the weakened plants will recover slowly even under most favorable conditions. Adequate moisture (when it comes) will not give immediate relief to drouth-stricken pastures. It may take two to four weeks to recover sufficiently for efficient use.

Time of pasture recovery, it is pointed out, will depend upon past grazing management as well as soil fertility. Grazing damaged plants as soon as the first green blades appear may result in killing the plant entirely. Close grazing is likely to bring on necessity for more hay and grain to supplement reduced pasture yield.

A committee of Extension Service specialists has been named to evaluate the situation and to make whatever recommendations appear feasible.

In addition to their estimates, notes from county agents across

Three Offices At Stake In County General Election

Three county-wide offices, those of Sheriff, Tax Assessor and County Superintendent of Schools, are at stake in the general election being held in Lauderdale County today (Thursday) with school board members and constables also being elected in the various districts.

In the race for Sheriff, the present Sheriff, Willard Norvell, is being opposed by Russell Lightfoot. Mr. Norvell has served for the past four years and is seeking re-election for his third term. Mr. Lightfoot has served as city marshal of Ripley and as a member of the County Board of Education.

Three men are in the race for county Tax Assessor with the incumbent, Dewey Criffield, being opposed by Paul Grear and by Jack Burns.

In the race for the office of County Superintendent of Schools, former Supt. S. E. Owen, is seeking to defeat E. C. Owen, present Superintendent. Mr. Owen defeated Mr. Pierce in a close race in 1948.

August 14 Set As Farm Bureau Day

Fred W. Buffaloe
Ever mounting costs of food and labor and the cost of additional new services, which your county Farm Bureau is rendering its members on a full time basis have forced the directors to try a new kind of annual Farm Bureau Day this year.

The Farm Bureau Day being planned for the holding of our necessary annual meeting, to vote on need amendments to the by-laws, to give you reports on the business of your organization, and to provide you information on our various projects, should be a most interesting and enjoyable event to every member of every Farm Bureau family.

Under an enormous tent on the high school football field in Ripley there will be ten attractive exhibits put up by YF & H Club, the 4-H Clubs, FFA organizations, the Blue Cross, our insurance department, your Cooperative, TFC, and the State Farm Bureau. A moving picture in kodiacrome including Lauderdale County scenes and people will be shown in a special booth, and there will be a special project by the REA.

Entertainment of all kind will be enjoyed with the Fort Pillow band providing music starting at 2 p. m. and they will put on a special concert and comedy skit at 3:45 p. m.

Cold drinks and all kinds of sandwiches will be provided by Durhamville - Orysa, Hurricane Hill, and Asbury Community Clubs on the shady side of the big tent. As a climax for the day's activities we will have a short talk by our State Farm Bureau President,

Opposing McKellar

Rep. Albert Gore
Is opposing Senator K. D. McKellar in the Senatorial race today.

Viar Bros. Trying Irrigation On Crops

Something new in this section is being tried, seemingly very successfully, with the Viar Brothers inaugurating irrigation on Knob Creek Farm, the former Henning Farm.

Irrigation was started last Saturday, was delayed by a motor breakdown Sunday and was in full swing the early part of this week with a 35-acre field of soybeans being used as the guinea pig in the experiment.

Using the waters of Knob Creek which is said to have a flow of more than 2,000 gallons per minute, the water is being pumped into the field from pools formed by improvised dams. To pump the water a centrifugal pump and 6-inch aluminum pipe is being used. The water is pumped into a wooden trough with vents at row-width apart which can be opened and closed with wooden doors thus controlling the flow water.

Mr. L. R. Viar and Mr. Charles Viar said Tuesday that the temporary irrigation program seemingly is being of great assistance to the soybeans and that a permanent setup for controlled irrigation utilizing Knob Creek and also wells is being considered.

Korean GI Bill In Effect August 20

Kenneth S. Craft, Manager of the Veterans Administration Regional Office, Nashville, Tennessee, today reminded Korean veterans that education and training provisions of the newly enacted Korean G. I. Bill are NOT operative until August 20, 1952.

The law which has been designated as Public Law 550, of the 82nd Congress, provides benefits will NOT be paid for education or training for any period prior to August 20, 1952.

Instructions, applications, and forms for processing applications for education or training under the bill have not yet been received, Craft said, adding that they should be received soon.

The Korean G. I. Bill provides benefits for eligible persons who served in the Armed Forces on and after June 27, 1950.

The importance of voting isn't likely to register with people who didn't.

Two Seek Office Of Congressman

E. T. (ROCKY) PALMER

Record Vote Predicted In Governor, Senatorial Races

The citizens of Halls, Lauderdale County, and Tennessee will go to the polls today (Thursday) to decide who will be their lawmakers, executives, and law enforcement officers for the next two years.

Leading in interest in the State are the race for the office of Governor of Tennessee and for United States Senator from Tennessee with the Democratic nomination being virtually tantamount to election in both races.

Soybeans To Be Used As Hay

F. H. Paschal
County Agent

The continued severe dry weather is causing soybean producers to consider making hay of at least a part of their acreage planted for oil bean production.

Many acres of beans have bloomed and the foliage is still green, although the blooms have fallen off and no bean crop has been set. If rains do not come within the next ten days, some of these soybeans will be worth more for good quality hay than for a prospective bean crop, although most experienced bean growers believe that if it rains by August 25th and if the beans continue green to that time, they can still produce a fair yield of beans.

Good soybean hay is now worth \$30.00 to \$40.00 per ton and two tons per acre is not an unusual yield of hay.

Corn Being Harvested
W. E. Harlan of Ripley last week made silage of early corn and Jack Crutcher of Henning and other farmers over the county were considering building trench silos in order to get the most out of early corn.

Farmers in the Lightfoot community were cutting corn and shocking it to store in barns for feed. Corn thus stored must be kept standing in thin layers separated for ventilation in order to prevent heating and consequent spoilage.

Hay Situation
It is not easy to tell exactly what farmers should do about trying to buy hay for cattle at this time. There is an abundant hay crop in the states north of us. They will have two more cuttings. They are selling hay now at very high prices and it is of poor quality.

It is possible that if we can wait four to six weeks until they have harvested the second and third crops of hay and have their storage places filled that we might get hay at no higher prices which would be a much better quality. It is even possible that we will have a rain by that time which would place us in a better bargaining position, although nobody knows just how any of these factors will work out.

Disaster Loans
These loans are made by the Farmers Home Administration whose representative is William McIntosh who comes to the PMA office in Ripley every Thursday from 10 to 12 a. m.

These loans are made on at least 12 months time, bear 3% interest and are made only to provide

(Continued on Page 4)

ELON BAPTIST CHURCH ANNOUNCES REVIVAL

The Elon Baptist Church at Double Bridges will start their Revival on Sunday, August 10, with the Rev. James A. Farrar bringing the messages.

Due to a throat operation, our regular pastor, the Rev. L. B. Kenley of Memphis, will not be with us until the last of the week, at the Rev. Guy Jackson, missionary association pastor, will be with us August 10 in place of Rev. Kenley.

Morning services will be held at 10:45 a. m. and evening services at 7:45 p. m. with the public cordially invited to attend.
Mrs. Lee Ayres

In the race for governor four candidates are in the field with only two being conceded any chance for victory. Leading candidates are Governor Gordon Browning who is seeking re-election for his third successive term and for his fourth term in all with Attorney Frank Clement of Dickson and Nashville claiming victory is to be his. Other candidates are Clifford Allen, Nashville attorney who polled some 200,000 votes against Browning two years ago, and Clifford Pierce, Memphis attorney.

In his fight for re-election Governor Browning has stressed the improved roads of the state, increased pay for teachers, etc. while Mr. Clement has attacked Mr. Browning's administration on several accounts, notable the now well-discussed Memorial Hotel deal.

While there are four candidates qualified in the United States Senator's race, only two, incumbent Senator Kenneth D. McKellar and Congressman Albert Gore of the Fifth Congressional District, are given any chance to win. Others qualified are the perennial candidate, John R. Neal, and Pat Sutton, Cong. from the Sixth Congressional District.

In the senatorial race Mr. Gore has conducted a quiet race in which he has appealed to the people of Tennessee to elect a Senator whose age and health will be such that he can serve them while Senator McKellar has called attention to the value of his seniority in the Senate. He is seeking his seventh consecutive term, which has never been acquired before in the Nation.

To get closer to home a knock-down, drag-out fight is being conducted in the Eighth Congressional District for Congressman with the incumbent Jere Cooper of Dyersburg being opposed by E. T. 'Rocky' Palmer, also of Dyersburg. Both have stamped the district thoroughly with the race being classed as very close. Mr. Palmer is an attorney of Dyersburg and formerly resided in Halls. Mr. Cooper has served the district as congressman for the past 24 years and is stressing the value of his seniority to the cotton farmers of the district.

Other races in the primary break down to a county level with a three-man race on for direct representative with Sam Johnston, incumbent, Julian Belton and John Mathis seeking the nomination. In the race for florial representative L. E. Criffield, Jr. of Halls is opposed by Hallie Pennington of Gates.

In another state-wide race, J. B. 'Buck' Avery, Sr. of Alamo is seeking re-election as Railroad and Public Utilities Commissioner from West Tennessee with two opponents, neither of whom are conceded much opportunity to defeat him.

W. E. Barbour Died In Memphis Thurs.

W. E. Barbour, husband of the former Miss Cora Jordan of Halls and brother-in-law of Mrs. H. A. Townsend, Mrs. M. G. Pierce, Sr., Mrs. N. G. Parrish and R. H. Jordan, died Thursday in Memphis after a lengthy illness. He was 67.

Funeral services were held at 10 o'clock Saturday morning in Memphis with burial in Memorial Park Cemetery there.

Surviving are Mrs. Barbour; four sons, Douglas Barbour of Fayette, Ala., Chauncey Barbour of Memphis, R. G. Barbour of Bienville, La., and G. L. Barbour of Clarksdale, Miss.; and two daughters, Mrs. Adam Roher and Miss. Joy Barbour, both of Memphis.

Florida Aircraft Carrier Basin Will Be First In Deep South

SOON TO BE COMPLETED near Jacksonville, Fla., the big Mayport Carrier Basin will be the only harbor facility between Norfolk and San Diego large enough to accommodate the Navy's big aircraft carriers.

One of the largest steel waterfront bulkheads ever constructed in Florida is nearing completion at the Navy's new Mayport Carrier Basin near Jacksonville.

Literally a curtain of steel to separate land from water, the wall reaches down from 38 to 53 feet below water level and extends for more than a mile around the aircraft carrier port being built near the mouth of the St. Johns River.

Nearly eight and a half million pounds of steel sheet piling, rolled on the mills of United States Steel and supplied through its Tennessee Coal and Iron Division, at Birmingham, Ala., have been driven down into the sandy bottom of the harbor to make a sheltered harbor of sufficient size to berth America's largest carriers.

To be ready for operation very soon, the basin will be the only port between Norfolk and San Diego of sufficient size and depth to permit the entry of the Navy's largest vessels. Construction work was begun approximately a year ago.

First developed during World War II, the Mayport facility is an auxiliary unit of the big Jacksonville Naval Air Station, 20 miles away. During the last war, it served as a small boat section base, into which mine sweepers and other smaller naval craft were brought for docking and repairs.

In addition to mooring and minor repair facilities for the carrier, itself, a modern airfield is being built. Existing runways are being rebuilt and new ones are under construction, including an 8,000 foot landing strip for jet planes.

Building the basin has been a construction and engineering task of major proportions. To accommodate vessels of such great draft, it was necessary to increase the depth to 42 feet, far below the original level. Because of the highly fluid nature of the sandy banks surrounding the basin, permanent deepening could not have been accomplished without first building sturdy bulkheads around the entire inland perimeter.

Large enough to permit a carrier to turn around and head back to sea, the basin is 3000 feet long and 2000 feet wide. Building a sand-tight wall around it required thousands of strips of sheet piling, each more than a quarter of an inch thick and about a foot and a half wide, and ranging up to 60 feet in length.

To sink the piling into place, each piece was first "jettied" into the sand, being interlocked with the neighboring piece by means of connecting devices built into the piling. In jetting, a hose with a high velocity nozzle is strapped near the bottom of each pile, and then, with the pile held in an upright position, a stream of water at tremendous pressure literally knocks the sand from under the pile, allowing it to settle deep into the ground.

Once the piling was set into place, it was anchored permanently by connection to a "dead man." Not so gruesome as it sounds, this is a massive, continuously cast concrete structure which is set underground and encircles the basin some distance behind the bulkhead.

To complete the job, a heavy concrete casement is being cast around the top edge of the bulkhead. The banks behind the casement are being filled with sand, making a flat, smooth approach to the harbor from all angles. For all its size, the basin will be as neat and tight as a bathtub.

monstration and then answer questions about his demonstration. L. B. county winner in this contest, gave a demonstration on the importance of planning an adequate wiring system for the home. He received as a prize a portable electric heater and a blue ribbon. Demonstrations were given from ten until twelve. The Southern Electrical Corporation treated the boys and girls to lunch at the Brownstone Grill. In the afternoon, Earl Ware presented a really interesting demonstration called "John and Mary on the Farm." Following his demonstration, Mrs. Martha Dale gave a talk and demonstration on "Light for Your Home." The winners were then announced and the awards given. This event terminates the Farm & Home Electric Program for this year. This project is sponsored by the Westinghouse Corporation. Dairy School To Be Held Beverly Whitley, Don Paris, Lowell Tillman and Marcus Spiller are the four members of the 4-H judging team who will represent Lauderdale County at the fair this fall. These boys will do some practice judging at the Shelby County Penal Farm this Saturday.

Huge School Lunch Program In State

School children in Tennessee are provided with nutritious lunches which last year totaled more than 7 million dollars worth of food, according to a report just released from the State and USDA. State school lunchrooms bought \$7,406,956 worth of food from local merchants during the school year July 1951 through May 1952. This was \$1,061,520 more than the previous year.

In addition quantities of food were donated to schools and, in some instances, the charitable institutions by the U. S. Department

of Agriculture. Also, during the year the Tennessee School lunch rooms bought 10,562,100 ha of milk from Tennessee dairymen.

The foods which were donated were distributed in Tennessee under the direction of Millard B. Killam of the State Department of Agriculture. These totaled 798 carloads. Approximately 132 cars of the donated food were acquired by USDA under its farm price support and surplus removal program. The remaining 66 cars represent Tennessee's pro rata share of foods bought for use especially in the schools operating lunchrooms under the National Program. These foods, valued at wholesale, totaled \$712,000 and were purchased by USDA on open bid with funds appropriated for the operation of the National School Lunch Program.

NOTICE TO CREDITORS

Estate of Nona Jetton, deceased. Notice is hereby given that on the 31st day of July, 1952, Letters of Administration in respect of the estate of Mrs. Nona Jetton were issued to the undersigned by the County Court of Lauderdale County, Tennessee.

All persons, resident and non-resident, having claims, matured or unmatured, against said estate are required to file the same with the Clerk of the above named Court within nine months from the date of the first publication of this notice, otherwise their claims will be forever barred.

Anyone owing said estate will please see me (W. C. Patton). The 31st day of July, 1952. W. C. PATTON

Adm. Estate of Mrs. Nona Jetton, deceased

"There's Only One Certain Thing About Using Want Ads — RESULTS."

ly but to hold them and if necessary to apply for a loan from the Farmers Home Administration for purchase of feed.

Under the drought disaster area designation approved Tuesday by the Secretary of Agriculture, Tennessee farmers can receive:

(1) Loans from the Farmer's Home Administration for purchase of livestock feeds provided they cannot obtain bank credit.

(2) Reduced railroad freight rates on shipments of livestock feedstuffs from Midwestern states. If this arrangement is granted, hay can be shipped in from the Western States at a great saving.

Further efforts are being made to assist livestock farmers in the procurement of feeds reasonably and in the purchase of seeds and fertilizer for the replanting of scorched Tennessee pastures.

Won't you vote, too, in '52.

Credit Ratings For Cover Crops Set

Credit ratings for winter cover crop seed has been set as follows:

Table with columns: Kind of Seed, Credit rating per lb. Includes items like Crimson Clover (\$0.15), Hairy Vetch (0.12), Com. or Williamett Vetch (0.06), Austrian Winter Peas (0.06), Bur Clover (0.25), Bur Clover (In-Bur) (0.06), Button Clover (0.25), Annual Ryegrass (0.07), Caley Peas (0.07) (Singletary or Wild Winter), Ladino Clover (1.42), White Dutch Clover (0.72), Red Clover (0.40).

Farmers desiring to obtain any of the above mentioned seed on a Purchase Order, for the purpose of establishing a winter cover, may do so by coming to the PMA office

and requesting same. Each farmer who has expressed a desire to participate in the 1952 ACP program and who has signed a "1952 Designation of Conservation Practices" has an allowance set up for his farm. This allowance may be used by the individual farmer for carrying out the most needed practice or practices on his farm as indicated by him earlier in the year. In the event that some farmers of the county have neglected to sign up for this program he may still do so by coming by the PMA office and signing the necessary forms.

FROM THE NASHVILLE BANNER

Clements for Governor Committee, James Paige, Chmn.

A good example of the growing industrialization and economic progress of the South is this new DuPont synthetic fiber plant at Camden, South Carolina.

For PROGRESS... call DIXIE!

MUSIC to Southern ears! The hum of busy factories, crowded stores and streets. The ring of saw and hammer. And more than 26 million telephone calls a day! There's another cheerful sound — 58,000 Southern Bell men and women busy providing you and your neighbors with the most and the best telephone service in Dixie's history. Service that's vital to the Nation's defense. Service that keeps you in touch with others 24 hours a day... speeding your business... enriching your home life. TELEPHONE growth is a striking example of progress in today's amazing South. During the 10 years from 1940 to 1950, the South's growth in telephones was more than twelve times its growth in population. In the first 6 months of 1952 alone, we added 149,250 new telephones. Southern Bell Telephone and Telegraph Company.

SOUTHERN PROGRESS AND TELEPHONE PROGRESS GO HAND IN HAND

Local Happenings

Mr. and Mrs. Paul Tucker and son, Johnny, of Alamo, Mrs. Philip Asof and Mrs. William Nicholas of St. Louis spent Saturday with Mr. and Mrs. Harry Wilson.

Mr. and Mrs. Marvin Garrett and Mr. and Mrs. Harris Kee spent last week in Chicago with relatives.

S-Sgt. and Mrs. Buddy Love of Sumpter, South Carolina, arrived Saturday to spend the week with his parents, Mr. and Mrs. Charles Love, and other relatives here.

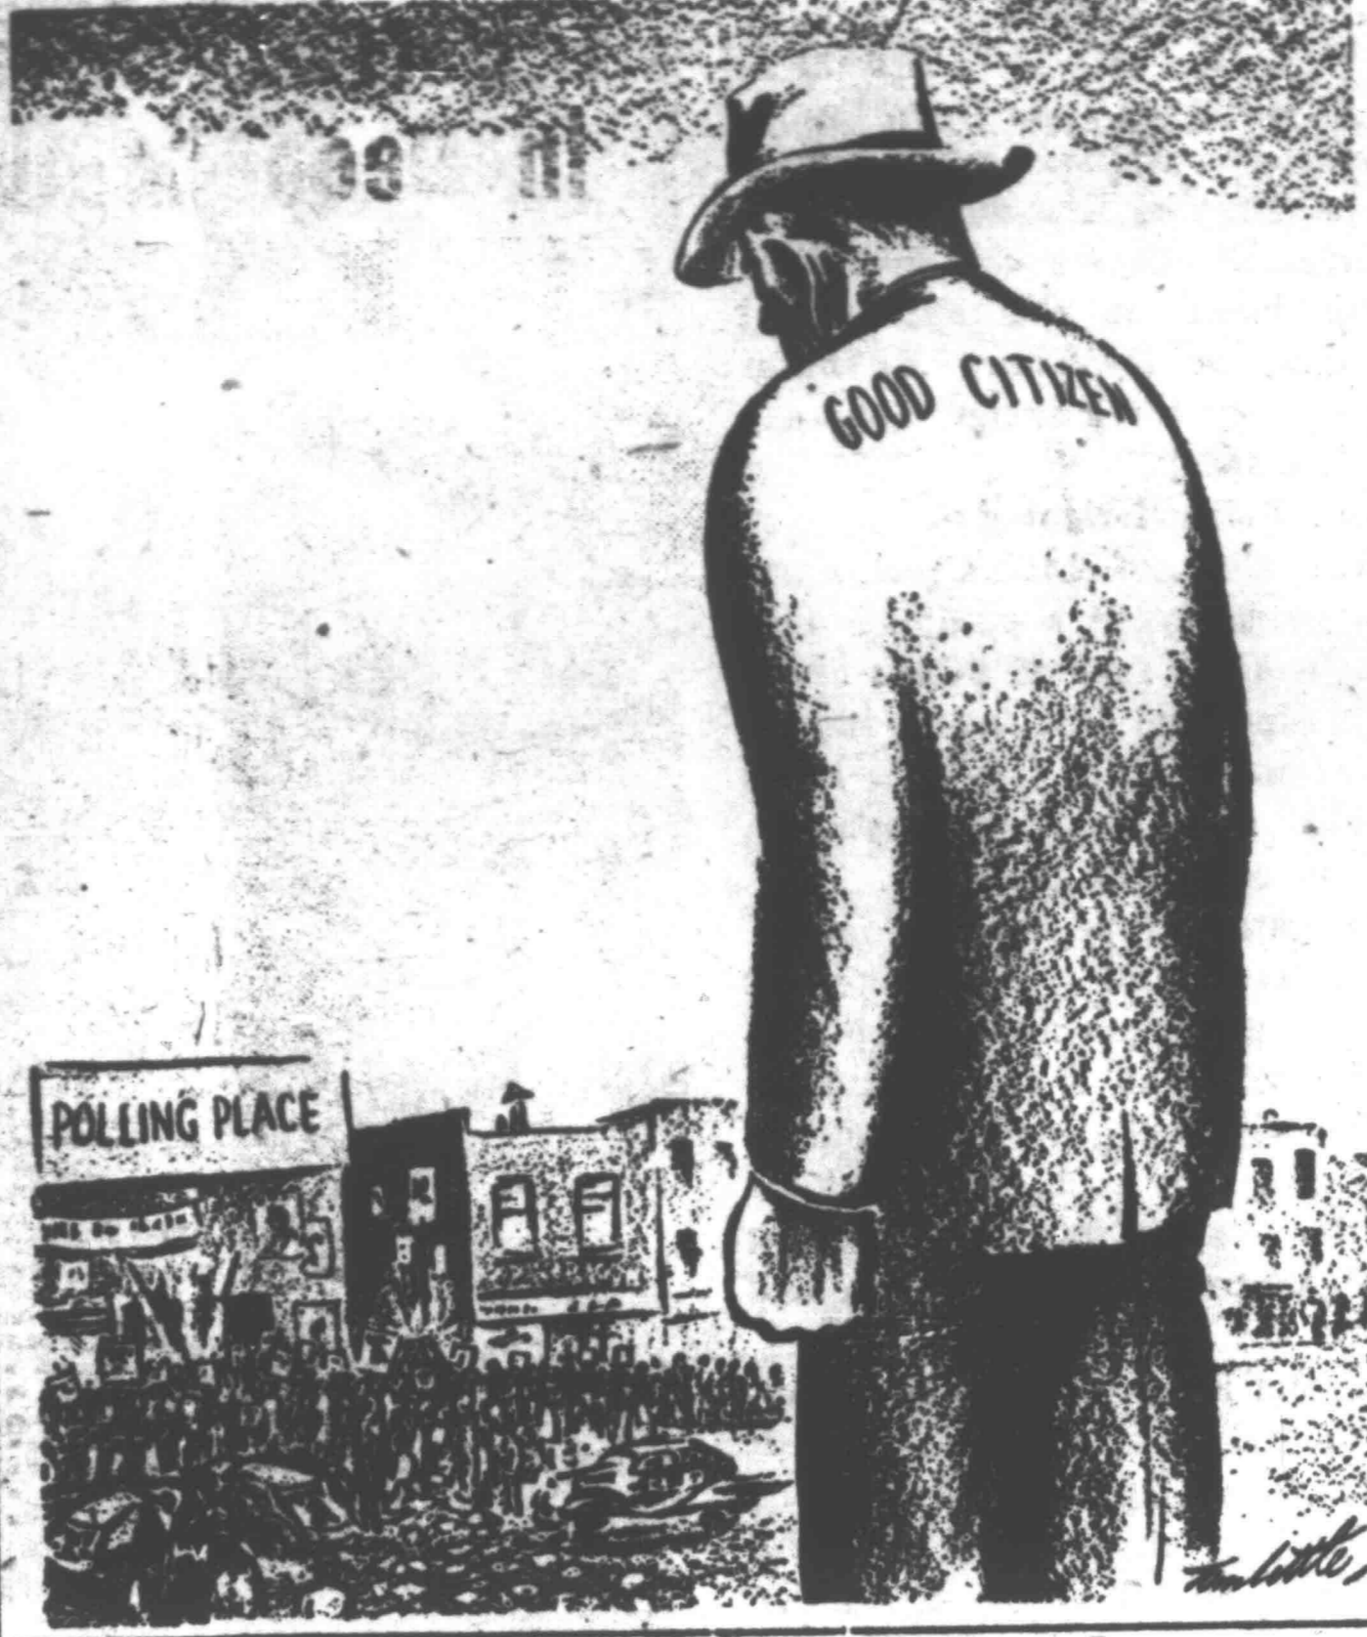

Sgt. Love is stationed at Shaw Air Base at Sumpter.

Mrs. Jennie Love of Memphis spent the weekend here.

Mr. and Mrs. Oscar Hilliard, Mr. and Mrs. Odell Hilliard and son, Wayne, are vacationing at Key West and other points in Florida.

Mrs. W. L. Schram of Millington spent Thursday of last week with her parents, Mr. and Mrs. Dan Hamilton.

Mr. and Mrs. Sam Smith and daughters, Misses Peggy and Linda, of Macon, Ga. are visiting her sister, Mrs. Joe Hilliard, and Mr. and Mrs. Gus Hoppers at Ripley.

Rev. and Mrs. A. D. Salisbury, Sr. of Unionville spent Sunday with Mr. and Mrs. C. W. Scott.

Mrs. Jennie Wise, who has been the guest of her sister, Mrs. Cecil Sumrow, has returned to her home in Alexandria, Va.

Miss Hope Hall of Memphis spent the weekend with her parents, Mr. and Mrs. Harry Hall.

Mrs. W. F. Taylor of Paducah, Ky. and Garland Bryant, who has just returned from a tour of duty in Japan, have been the guests of their grandfather, B. F. Chambers, and Mrs. Chambers. Mr. Chambers accompanied them to Memphis to visit his daughter, Mrs. Frankie Lou Bryant.

Mrs. George Smerchek and Mrs. Sara Cherry were in Memphis on Sunday.

The honoree was presented with a gift of costume jewelry.

Guests included: Mrs. W. O. Sugg, Mrs. Ross Dyer, Mrs. Bobby Hale, Mrs. Wayne Vaden, Mrs. Robert Craddock, Mrs. Eddie Steelman, Mrs. E. S. Crichtfield, Mrs. Raymond Hale, Sr., Mrs. Lynn Vaden, Mrs. Charles Moore, Mrs. Bobby Daniels, Miss Dorothy Thurmond, Mrs. Charles Vlar, Mrs. Beasley Robertson, Miss Cornelia Parker, Mrs. Roy Patton, Miss Ellen Cheshier, Mrs. Kyle Scates, Mrs. Wayne Vaden, Mrs. E. G. Parker, Jr., Miss Sara Alice Cherry, Miss Jessie Tucker, Mrs. F. G. Craig, Mrs. Bill McClure, Mrs. Billy Spence, Miss Mona Lou Tomlinson, Miss Gwendolyn Walker, Mrs. J. T. Connell, Miss Mary Lois Tucker, Mrs. Joe Hurt, Mrs. Neil Dyer, Mrs. Louis Levy, Mrs. Frank Baldrige, Mrs. David Nunn, Mrs. Bob Poindexter, Mrs. W. A. Smith, Mrs. W. L. Andrews, Miss Fern Parrish, Miss Virginia Dyer, Miss Sue Tomlinson, Mrs. Wymond Hurt, Mrs. Elmer Hofius, Mrs. Marvin Hansford, Mrs. H. L. Rhodes, Mrs. Jerre Jordan, Mrs. O. J. Nunn, Mrs. Paul Henderson, Jr.

The Ruth Walden Circle had charge of the program under the leadership of Mrs. Ross Dyer. Mrs. T. G. Avery and Mrs. Kyle Scates assisted Mrs. Dyer with the devotional.

Mrs. Henry Murchison and Mrs. Marvin Hansford sang a duet. Mrs. Ruth Hallman gave a very interesting talk on the churches of Europe. A verse of Bless Be The Tie concluded the program.

forthcoming school year were outlined. Anella gave a reading at the banquet on Friday evening and was moderator of a group discussion Saturday morning.

Sunday School Lesson

By Walter C. Davis, D. D., Tennessee School of Religion, University of Tennessee

(I Samuel 9:1-24; 13:5-22)

"ISRAEL'S FIRST KING"

The nation of Israel was growing up. It had suffered much, and had been reduced to practical slavery many times, yet it had made progress. The people wanted a king. It was felt that a king would unite the nation and give it strength. The reason for this request was that it would then be like the nations around it.

The prophet was opposed to it. He felt it was a rejection of himself and of God. The government under the Judges was a theocracy. The Lord told Samuel the change was all right, and in this connection is used one of the basic statements justifying democratic government. It is this: "The voice of the people is the voice of God."

The people were willing for Samuel to name the king. He sought and received guidance of God in this selection. Saul was really drafted. Being informed of his call, Saul said, "Why do you

speak to me after this manner?" When he was about to be crowned he hid among the baggage, and had to be forcibly acclaimed.

This modesty continued for some time. After the crowning he went back to his home and his agricultural pursuits. He was no doubt an outstanding man. He had the physical qualities, head and shoulders taller than all others. He was also of impressive moral stature. Like Solomon in a later time, he started out well, with every promise of a great reign.

He was confronted, however, with three immediate problems.

1. He faced strong opposition. As he returned home there went with him a band of men "whose hearts God had touched." But not all were for him. The sons of Belial, meaning "sons of worthlessness and ruffians," despised him and said, "How can this man save us?" They refused to bring the usual presents. But Saul bided his time until he could prove his worth.

2. Another problem was immediate threats of invasion. The nations around them, especially the Philistines, were displeased with developments and determined to crush out the young kingdom. The Ammonites moved first, but Saul gained a great victory over them. This seemed to establish him as king, and his ardent followers wanted to slay the sons of Belial who had rejected him. The new king showed his wise and generous heart by saying, "There shall not a man be put to death this day; for today Jehovah has wrought deliverance in Israel."

3. The third problem was shortage of weapons. You would think Stalin had taken a page from the Philistines in how to limit the development of satellite nations. The Philistines who mastered Israel would not allow any mechanics in the land, lest they make spears and swords. Every man who wanted "to sharpen his share, and his couster, and his axe, and his mattock" had to go down to Philistia to get it done. So there was neither sword nor spear in the hands of the men of King Saul.

This was really a constitutional kingdom, for Samuel, in order that the king's power would not be too great, wrote a sort of constitution describing the manner of the kingdom. (I Sam. 10:25).

F. H. Paschal

(Continued from Page 1)ducers who cannot borrow money from any of the usual credit sources. Producers can apply for these loans at the agricultural building in Dyersburg on other days of the week except Thursday and Saturday.

Crops Being Irrigated

Viar Bros. of Knob Creek Farm this week rented a pumping unit, bought 1500 feet of 6-inch aluminum pipe, and have been pumping water out of Knob Creek 24 hours a day and irrigating soybeans, cotton, corn, and pastures.

Irrigated crops showed immediate effects and it looks like this irrigation equipment was a profitable investment. With this temporary set-up the gravity method of irrigation was used, but sprinklers can be attached for use on rolling land where the gravity method would not be practical.

Harold Keller is using water out of Forked Deer River to grow a crop of rice on a field west of Highway 51 about two miles north of Halls. So far as we know, this is the first acreage of rice that has been grown in Lauderdale County.

Political Announcements

PALMER — E. T. "Rocky" Palmer has authorized the Halls Graphic to announce his candidacy for election to the office of United States Representative to the Congress for the Eighth Congressional District in the Democratic Primary election to be held Thursday, August 7, 1952.

Picnic Sandwiches

Celebrate "August is Sandwich Time" picnic fashion with the favorite sandwiches pictured here. Sandwiches are so easy to make you can organize an outing in a jiffy.

Picnic time is fun time! Keep food preparation to a minimum. You can quickly make up ham and cheese sandwiches. Everyone likes 'em. Or, you might even take the "fixings" along and let each one make his special favorite.

Potato salad is a high ranking escort for sandwiches. On hurry-up occasions buy a big bag of potato chips. Make a big thermos jug of lemonade and take along a sack of fresh fruit. Your menu is complete!

Ham and cheese make ideal fillings for sandwiches because they travel well. Other good pre-made picnic sandwiches include all of the luncheon meats and sausages, roast beef, sliced chicken, tongue and corned beef. If you want your sandwich to take on "Dagwood" proportions, take along pickle, mustard, tomatoes, lettuce leaves, chili sauce and salad dressing.

There are many other delicious sandwich fillings which are at their best when made at the picnic site. Choose from the wide variety of cheese and meat spreads available in jars. Take along a can of sardines and hard cooked eggs for "make-your-own" specialties. Another good one is made by mixing cream cheese with crushed crisp bacon, chipped beef or crushed fruits.

If you have a camp stove, or facilities for making a fire, you'll probably want to take along frankfurters and long buns. Other "best sellers" are the mighty hamburger and the luxury steak. Perhaps you haven't ever made toasted cheese sandwiches over a fire. You'll like them. Heat pork and beans, too, over the fire and make bean sandwiches with Boston brown bread. Bacon is especially good with this.

Add variety to picnic sandwiches by using different breads. Of course, enriched white bread is most popular. But you will enjoy occasionally, whole wheat, rye, pumpernickel, raisin and cinnamon breads. Fruit and nut breads are especially good with cheese spreads.

County, and we will be interested to know how it turns out.

FARM BUREAU

(Continued from Page 1)

Tom J. Hitch, and a speech by Burford Ellington, who is said to be one of the best Farm Bureau speakers in the country. Mr. Ellington is the past President of

Marshall County Farm Bureau, on the board of directors of Farm Bureau Federation, helped organize Farm Bureau insurance companies and is a farmer.

Your directors have earnestly tried to make this Farm Bureau Day, Thursday, August 14, an event that you will appreciate and enjoy. We urge you to come and see and hear—enjoying the fellow-

ship of other Farm Bureau people and to gain a new appreciation of what our organization means to all of us. Invite your friends and neighbors. Don't read anybody. COME AND BRING EVERYBODY!

LONG DROUTH

(Continued from Page 1)

the State point up serious conditions of certain crops.

The summary from county agents' reports gives an average estimated reduction of 30% in the number of livestock to be carried through the winter.

As a final note, U-T agrono-

mists remind farmers to prepare fall seedings to alleviate, as far as possible, the feed shortage.

4-H ACHIEVEMENT DAY

(Continued From Page One)

he received a nice electric clock. An electrical wiring demonstration was put on by Earl Ware, Electrification Advisor of Volunteer Elec. Corp. of Decatur, Tenn and a lighting demonstration was put on by Martha Dale, Home Economist, Tennessee Valley Authority.

A nice luncheon was given the group by courtesy of the Southern Electric Corporation.

From where I sit... by Joe Marsh

How Nervy Can a "Tenant" Get?

"Harry the Hermit" dropped in to see Judge Cunningham the other day and started complaining about that dilapidated house he lives in over near Greenwood Lake.

"Who's my landlord?" Harry wanted to know. "Whoever you pay rent to," says the Judge. "Don't pay any rent," says Harry. "Moved into that house twelve years ago and nobody ever came to collect."

"Well," says the Judge, looking mystified, "what do you have to complain about?" "Plenty," replies Harry. "Rain's pouring in my living room and if someone doesn't

fix that roof, I'm moving out!"

Now Harry was only having a little joke, but from where I sit I've seen people act just about as nervy as this sometimes—seriously. Like those who enjoy all the rights Americans have worked for, and yet would take away some of those freedoms from others—for example, our right to enjoy a friendly glass of beer. I say these "leaks of intolerance" have no place in the "home of liberty."

Joe Marsh

Hay Prices Are Set Up Here

F. H. Paschal
County Agent

The government Hay Program for Tennessee and Kentucky was set up this week so that farmers can place orders for hay.

Clover or alfalfa hay will be delivered at railpoints at \$36.00 per ton. Hay containing at least 75% clover or alfalfa and not more than 25% grass will be delivered at \$32.00 per ton. Hay containing 67% or more of grass will be delivered at \$28.00. Farmers may purchase this hay for any purpose except for resale.

Orders may be placed at the PMA office under the Dailey Store in Ripley on Mondays through Fridays or at the County Agent's office in Ripley on Saturdays. A deposit of \$5.00 per ton is paid when orders are placed.

PMA County Committee will probably be in charge of collecting the balance due on hay at delivery. All the members of the County Mobilization Committee will work on some phase of this program and will be kept informed so that farmers may get information on the program from them. The committee members are A. O. Chambers, chairman, W. B. Hall, secretary, W. E. Hughes, Elvis Cannon, F. H. Paschal, H. G. Conley, Kyle Davis, W. R. McIntosh and H. E. Pentecost.

Elections August 27th

The Lauderdale County Soil Conservation District carries on its work under the supervision of a board of five farmers, three of which are elected by the landowners of the county every three years.

The following farmers have been nominated by petition to the State Soil Conservation Committee, and three members will be elected from this group to serve for the next three years: Joe Beard, George Crews, Reid Dunavant, Franklin Keller, Francis Thompson, and W. C. Viar. All owners of farm land in Lauderdale County are eligible to vote in this election to be held on Wednesday, August 27th, from 9 to 12 and 1 to 5 at the same places where farmers will vote in the election of community committee members under the PMA program.

There will be one polling place in each civil district which will be announced by PMA next week, except that the 4th and 13th Districts will vote together at Cherry and the 8th and 9th Districts will vote together at Double Bridges.

Beat The Drouth Program

E. T. Anthony of Durhamville this week began cutting and feeding.

(Continued on Page 4)

Lofton Hutcherson Died In Memphis

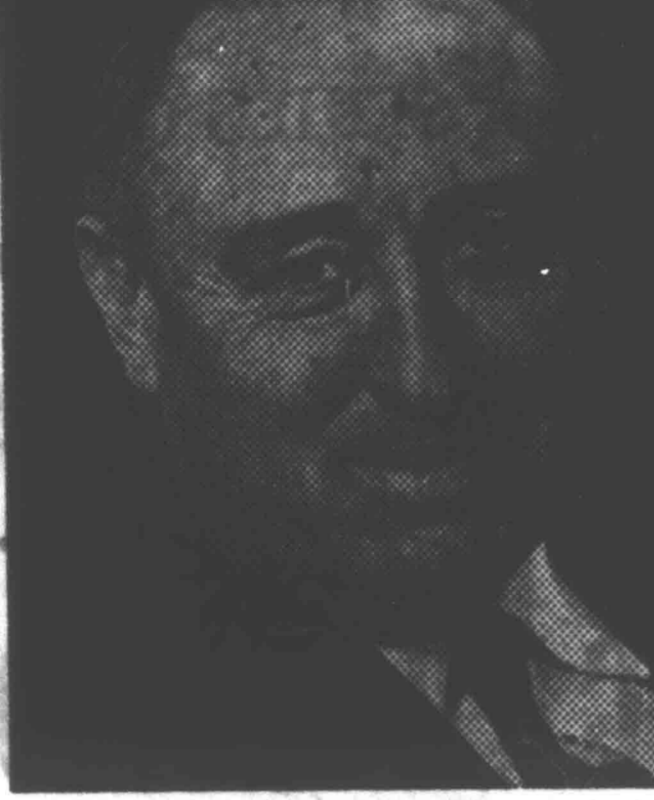

Funeral services for Lofton Bailey Hutcherson, 22, of Memphis, son of Mr. and Mrs. John Hutcherson of Halls, were held Saturday afternoon at three o'clock at Dry Hill Assembly of God Church with H. M. Sparks of Dyersburg officiating. Burial was in the church cemetery with Sundry Funeral Home in charge.

Mr. Hutcherson died while on the job with a Memphis plumbing concern Friday afternoon under rather unusual circumstances. Exact cause of his death was unknown but according to friends he had been subject to violent headaches since entering the Army two years ago with the pain occasionally being severe enough that he lapsed into unconsciousness. Memphis officials investigated but found nothing to indicate anything other than a sudden illness.

A negro helper heard Mr. Hutcherson suffering and pulled him from under the house. He was rushed to Methodist Hospital where he was found to be dead.

Surviving Mr. Hutcherson is his bride of two weeks, the former Miss Marjorie Crews of Newbern; his parents; six brothers, Johnny, Kenneth, Dale, Aubrey and Wiley Hutcherson of Halls, and Frank Hutcherson of Paducah, Ky.; and four sisters, Mrs. William Brasfield, Miss Patsy Hutcherson, Mrs. Becky Hutcherson of Halls and Mrs. David Webb of Memphis.

Forked Deer Annual Meeting Tuesday

GOV. GORDON BROWNING

Will address the members of the Forked Deer Electric Cooperative, Inc. at the Annual Stockholders Meeting next Tuesday, August 19, at 1:30 p. m.

Miss Peggy Dodson Going To Japan

Miss Peggy Dodson of Memphis and the Unionville community will leave Saturday for an extended stay in Japan. Miss Dodson will be employed in a civilian capacity by the Special Service Department of the Air Force. She will serve as the assistant Director of the Service Club in the Nagoya Area.

Her duties will include developing and planning activities such as parties, picnics, games and tournaments; tours to scenic spots, industries, shrines and rest hotels; special entertainments such as bands, exhibits, demonstrations of skill, etc. She will develop and independently direct specialized programs in the field of music, dramatic arts, crafts and athletics. She will greet, give assistance to and entertain entertainers, musicians and others who contribute their services to the Service Club.

Miss Dodson is a graduate of Dyersburg High School, attended Blue Mountain College, Blue Mountain, Miss.; and was graduated from Union University at Jackson, Tenn. While attending Union she was active in dramatics and athletics. She was a member of Chi Omega Sorority, Doctor's Club, Footlights Club and Alpha Psi Omega National Dramatic Sorority. She is also past president of Epsilon Sigma, Business Girls sorority of Memphis.

For the past two and one-half years she has served as assistant Director of the Girls Club of Memphis, Inc., a recreational center for underprivileged children.

Miss Dodson is the daughter of Loyd Dodson of Unionville and the late Eddie May Buiks Dodson and is the niece of Mrs. W. E. Ralph of Halls.

Her address in Japan will be: Peggy J. Dodson, DAFC Civilian Directory APO 710, c-o Postmaster San Francisco, Calif.

Natural Gas For Halls Nearer

Natural gas is a step nearer to Halls this week according to Mayor P. W. Crittendon with a consulting engineer setting up specifications for the proposed gas service to Halls.

Mayor Crittendon stated as quickly as specifications are completed and submitted to the Board of Mayor and Aldermen a call will be made for bids for the construction work in establishing the control station and the gas mains in the town.

At the same time it was learned that work has a ready started on the 408-mile pipe line by the Texas Gas Transmission Corporation with plans calling for completion of the line not later than January 1st and probably by November 15. Two construction firms, H. C. Price Company of Bartlettville, Oklahama, and Houston Construction Co. of Houston, Texas, are building the new facilities which will supply Halls and a number of other West Tennessee towns. Construction has already started on the Mississippi portion of the job.

—Halls Graphic — \$2 per Year

Forked Deer Annual Meeting Tuesday

Some eight thousand people — the largest crowd yet — are expected to attend the Tenth Annual Meeting of the stockholders of the Forked Deer Electric Cooperative, Inc. on the REA Grounds just north of Halls on next Tuesday, August 19th.

Governor Gordon Browning has accepted the invitation of the officials of the Cooperative to address the meeting and will appear at 1:30 a. m. He also spoke at the 1951 meeting.

Others who will appear on the program will include William H. Calloway, of Washington, D. C., Southeastern Area Director for REA; the Rev. J. H. Newton of Halls who will give the invocation; and Mr. Charles Price of Newbern, Forked Deer Electric president, who will welcome the members of the Cooperative and visitors.

Entertainment will be offered all during the day with the Fort Pillow Prison Farm Orchestra performing for the crowd's amusement.

Chief business to be brought before the stockholders during the day will be the election of officers and directors of the cooperative with the directors to select the manager for the forthcoming year.

In announcing the annual stockholders meeting, Mr. Pentecost, manager of the cooperative for the past several years, insisted that it is the business of all stockholders to be present for the meeting, to hear the manager's report and to take part in the election of officers and directors.

Manager Pentecost and Harold Hart, electrification advisor, predicted this week that next Tuesday's crowd will be the largest ever to attend the annual meeting and one of the largest ever to attend any event in this section.

Dairy Field Day At Nunn Farm

An event that should be of prime interest in this section is a Dairy Field Day and Pasture Tour sponsored by the Livestock and Feed Growers Association of Crockett County to be held on the D. R. Nunn farm just across the bridge in Crockett County on Highway 88 today (Friday) beginning at 9:30 a. m.

This event is of special interest since so far as is known it is the only one of this nature ever held in this immediate section. All interested farmers and business men are invited to attend.

Program for the event is as follows:

9:30—The outlook for dairying in West Tennessee, Mr. Lawrence Colebank, Extension Dairyman, University of Tennessee.

10:00—Feeding and Managing of Dairy Herd, Mr. Clyde Chappell, District Extension Dairyman, Jackson.

11:00—Your Artificial Breeding Association, Mr. R. S. Freeman, M. R. Yorkville A. B. A. and Mr. Harold Browder, Inseminator, Crockett County.

11:30—Selecting Dairy Animals, Mr. Wallace Bryan, Shelby County Penal Farm Supervisor.

12:00—Bar-B-Q Lunch — \$1.00. Served by Archer's Chapel Methodist Church.

1:00—Opportunities for Market Outlets, Representative Grade A Market, Representative Evaporated Milk Market.

1:30—Maintaining a Healthy Dairy Herd, State Veterinarian.

2:00—Pasture Tour, Mr. Lewis Dickson, Assistant Extension Agronomist, University of Tennessee.

NEW SON

Mr. and Mrs. Fred Taylor announce the birth of a son on Saturday, August 2, at the Dyersburg Hospital. The youngster has been named Fred Gentry Taylor. Mrs. Taylor is the former Annette Farmer. Mr. Taylor is employed by Halls Theatre.

ALBERT GORE

Polled the largest vote ever recorded in Tennessee last Thursday to defeat Senator K. D. McKellar for the Democratic nomination for United States Senator. He polled more than 304,000 votes.

Halls Streets Being Surfaced This Week

After numerous delays for one reason or another work was finally begun Thursday of last week on surfacing certain streets of Halls and many who formerly bounced across rutted graveled streets are now riding in style along nicely surfaced streets.

Work is very nearly completed according to Mayor P. W. Crittendon and probably will be early next week if the weather permits working. Included among the streets surfaced so far are Sharp street, Locust street, Hazel street, Myers Avenue, Mill street, Fenton street, Wilson street, a portion of Pearl street and Hall street.

The surfacing is being done by Forcum-James Construction Co. of Dyersburg. Material being used is a mixture of asphalt and concrete laid two inches deep with the same formula as that used by the state highway department.

Mayor Crittendon stated Thursday morning that some other streets are under consideration and will be surfaced this year if the town is financially able or will be surfaced next year.

Football Practice To Start Monday

Football practice for the 1952 edition of the Halls Tigers will begin next Monday, August 18, according to an announcement this week.

Coach James McKee, who is coming here from Newbern, will drive back and forth daily until he can move here the later part of next week.

Uniforms will be issued on Monday and daily practice sessions will be set up for the two weeks prior to the opening of school on September 1st.

Prospects for a winning team in Halls are excellent according to predictions this week with experienced players returning for many of the positions and others filled with reserves who earned letters during the past year.

Coach McKee and Assistant Coach Floyd Hooks have asked that all prospective football players report at the high school gymnasium at 1 o'clock next Monday.

Fred E. Becton Died Monday

RIPLEY—Fred E. Becton, a retired farmer, died at 4:35 Monday afternoon at the home of a son, Leonard Becton, of Ripley. He was 90.

Services were held at 8 o'clock Tuesday afternoon at the Mt. Pleasant Methodist Church, near Ripley. Burial was in the church cemetery.

Mr. Becton was born near Trenton, Tenn., and had lived in Lauderdale County most of his life. He was active about his home until two weeks ago. He was a Baptist.

He leaves another son, Leroy Becton of Halls; and three daughters, Mrs. Bill Steelman of Halls, and Mrs. Roy Paris and Mrs. Hiram Weaver of Ripley.

County Officers Are Re-Elected

A record total voted in the county-wide general elections last Thursday with the present county officers being returned to office in every case, with unexpectedly wide majorities.

Willard Norvell was re-elected Sheriff defeating Russell Lightfoot 4,905 votes to 2,375 votes.

In the trustee's race, Oscar Grimes was re-elected without opposition polling 5,214 votes. Edric Owen defeated S. E. Pierce in the County Superintendent of Schools race. Owen polled 4,314 votes while Mr. Pierce, former superintendent, received 2,603 votes.

In a three-man Tax Assessor race incumbent Dewey Crikfield outran both of his opponents, Paul Grear and Jack Burns. Mr. Crikfield piled up 3,997 votes while Mr. Grear received 1,827 and Mr. Burns totaled 1,278 votes.

In the school commissioner race three new members of the board were elected and four re-elected. New members are Francis Thompson of Durhamville, A. L. Jennings serving the 10th and 13th districts, and Jerre Jordan of Halls. Members re-elected were S. N. Anthony of Ripley, Vernon McBride, James Chisholm and T. M. Pennington. Mr. Jordan received a complimentary vote of 697 in Halls. He was unopposed.

J. S. Walpole was re-elected constable for the 12 district without opposition receiving a total of 565 votes. Herman Wa'pole was re-elected constable at Gates.

Lebanon Church To Observe Birthday

Announcement is made that Lebanon Methodist Church will observe the 108th anniversary of its founding on Sunday, August 17. The church is located 7 miles east of Halls in Crockett County.

Rev. Frank Perry, Christian Church minister, will deliver the 11 o'clock address with singing on the program during the afternoon with the outstanding quartet, "The Melody Boys," to be present and all other singers invited.

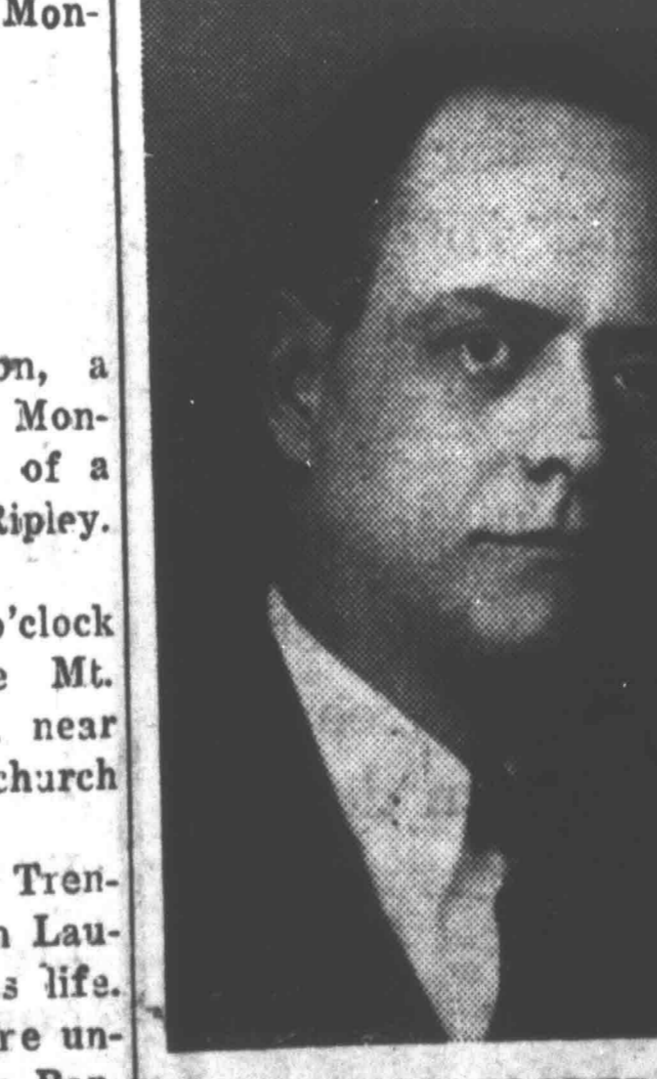

At the noon hour lunch will be spread under the huge oak trees on the grounds with everyone invited to come and bring a basket.

The occasion will also mark the opening of the annual revival of the church. Messages will be brought by the Rev. H. A. Goforth, former pastor of Halls Methodist Church, and presently at Germantown.

HIGH SCHOOL STUDENTS TO REGISTER EARLY

James C. Peery, principal of Halls Schools, has announced that prospective students for Halls High School may register and set up their courses for the forthcoming school year during the week of August 25 through August 29 from 9 a. m. until noon.

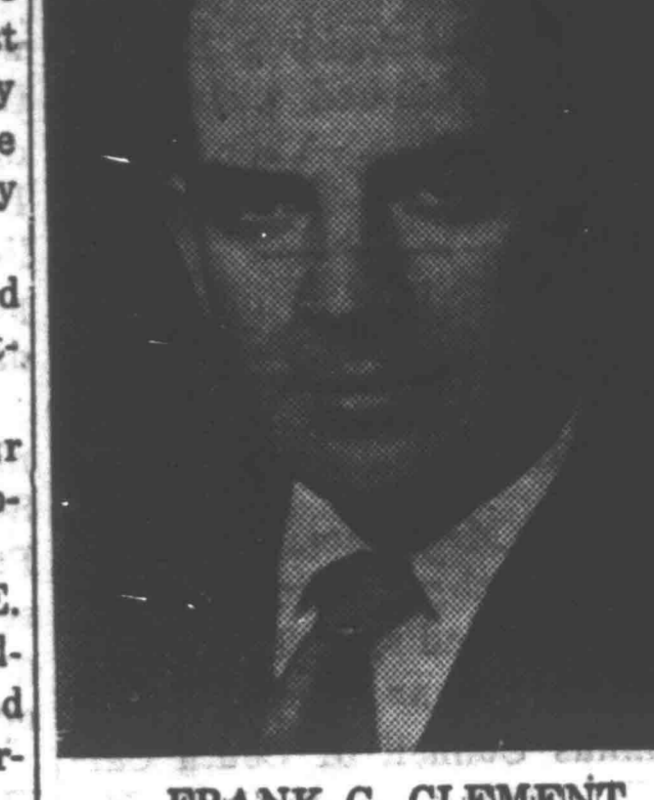

Mr. Peery urges that all high school students who possibly can come and register during those dates and is especially anxious that those entering the high school for the first time to come and register.

JERE COOPER

Was re-elected Congressman for the 8th Congressional District last Thursday. He defeated E. T. "Rocky" Palmer, Dyersburg attorney.

County Officers Are Re-Elected

FRANK G. CLEMENT

Defeated Governor Gordon Browning for the Democratic nomination for Governor of Tennessee in last Thursday's primary.

PMA Must Elect Interested Men

F. H. Paschal
County Agent

All PMA money offered Lauderdale County farmers for 1952 by PMA, which will amount to \$55,000.00 to \$75,000.00, must be earned by farm operators carrying out "most needed practices" on their farms.

Community committeemen to be nominated by farm operators next week will determine the amount of money to go to the farmers in each "community" and the amount of money to go to each individual farm in the program. It is necessary that these committeemen be named next week actually to go to the farms in their districts and assist farm operators in deciding on their most needed practices between now and November 15.

This PMA program is needed now as much as ever before. We need these incentive payments, we need the guaranteed cotton price, and the free cotton classing service. We need to be ready to handle cotton allotments if they are necessary. But we need good men on these community and county committees to see that the program really serves the farmers to the best of its ability. The only way these committeemen can be found and named is for farmers to be interested enough to go to these nomination meetings and help select them.

These meetings will be held at the following places and times:

On Monday, August 18th, at 9 a. m. farm operators in the 1st District will meet at Durhamville Store; 3rd District will meet at Briggs Store at Henning; and 7th District will meet at Bogard's Store at Curve. At 1 p. m. on the same day, 11th District farmers will meet at Crader's and 15th District farmers will meet at McBride's Store. At 2 p. m. on the same day 5th District producers will meet at Jim Fullen's Store.

On Tuesday, the 19th, at 9:00 A. M. 2nd District producers will meet at the courthouse, 4th and 13th District producers will meet at Wynn's Store; and 12th District producers will meet at Dyer Bro. Lumber Co. At 2:00 P. M. (Continued on Page 4)

J. B. Frizzell Was Buried Sunday

J. B. Frizzell, retired Dyersburg farmer, died early Saturday at the Baptist Hospital in Memphis after a week's illness. He was admitted to the hospital on July 26. Mr. Frizzell was 74.

He retired from active cotton farming operations many years ago, but continued to maintain his home at Dyersburg. Mr. Frizzell was a Baptist.

Services were held at 2:30 Sunday afternoon at Unionville Baptist Church. Burial was in the church cemetery with Sundry Funeral Home in charge.

He leaves three sons, T. E. Frizzell of Decatur, Ga., B. L. Frizzell of Paducah, Ky., and W. E. Frizzell of Memphis; two daughters, Mrs. Cliff L. Holbs of Cleveland, Ohio, and Mrs. A. A. Watson of Dyersburg; and an adopted daughter, Mrs. Annie Doris Pate of Dallas, Texas.

Clement, Gore Are Nominated

Frank G. Clement, 32-year-old attorney of Dickson, Tenn. and former FBI agent, won the Democratic nomination for Governor of Tennessee in last Thursday's Democratic Primary by piling up a 60,000 margin over Governor Gordon Browning who was seeking the nomination for the third successive term and his fourth term in all.

Winning a surprisingly easy decision for the Democratic nomination for United States Senator was Albert Gore who piled up an 80,000 vote margin over 83-year old Senator Kenneth D. McKellar who was seeking his seventh straight term.

Unofficial vote totals in the state through Saturday in the governor's race were:

| | |
|----------|---------|
| Clement | 279,346 |
| Browning | 228,091 |
| Allen | 68,712 |
| Pierce | 21,423 |

In the senatorial race Rep. Gore had a total of 304,456 as compared to 225,044 for Senator McKellar.

In the primary races in Lauderdale County, Julian Belton of Ripley defeated Sam Johnston of Henning and John Mathis of Ripley for Direct Representative to the General Assembly. Voting was as follows:

| | |
|----------|-------|
| Belton | 3,367 |
| Johnston | 2,154 |
| Mathis | 1,002 |

For Florterial Representative, L. E. Crikfield, Jr. of Halls defeated Hall's Pennington of Gates with unofficial totals being 3,315 to 1,062.

In one of the hottest races in the primary incumbent Jere Cooper defeated E. T. "Rocky" Palmer, Dyersburg attorney, for the Democratic nomination for the 8th Congressional District. Final totals were not available but Mr. Cooper piled an approximate 3,500 majority over Mr. Palmer. Mr. Palmer had majorities in Dyer, Crockett, Lauderdale and Gibson counties but was unable to overcome the huge majorities built up in Haywood, Obion and Lake counties by Mr. Cooper.

J. B. "Buck" Avery of Alamo, present member of the Railroad and Public Utilities Commission easily defeated his three opponents to receive the Democratic nomination.

Annual Jersey Show At Yorkville

Final plans for the Annual Yorkville Jersey Cattle Show have been made and another outstanding Show is expected on August 22, 1952, despite the serious feed shortage in West Tennessee. Breeders are urged to make every effort to bring their animals on to the Show regardless of the short feed situation—as the old saying goes "Everybody will be in the same boat."

This year's Show will be dedicated to Mr. L. O. Colebank, State Extension Dairyman for Tenn., who has won the respect and admiration of all Tennessee dairymen through his inspiring efforts to promote dairying in the State.

Judging of the cattle will start at 9 a. m. and continue through the day until the Junior Registered, Open Registered and Grade winners have been selected. The Yorkville PTA will provide plate lunches on the ground.

A total of \$1600.00 is offered in prize money, \$500.00 of which will go to the Junior Show in which 4-H and F. F. A. members will show their Jerseys.

The Show will be climaxed on the night of August 22 by a beauty review and dance held at the School Gymnasium. Tony Lonardo and his Orchestra will furnish music for the occasion.

EQUALIZATION BOARD NOW IN SESSION

Announcement is made that the 1952 city tax books are now complete and may be seen at the Mayor's Office. The Board of Equalization has been in session this week and remain in session through Saturday. Members of the Board are E. S. Griffield, Paul Griffin and E. O. Dew, Sr.

NOTICE TO CREDITORS

Estate of Nona Jetton, deceased. Notice is hereby given that on the 31st day of July, 1952, Letters of Administration in respect of the estate of Mrs. Nona Jetton were issued to the undersigned by the County Court of Lauderdale County, Tennessee.

All persons, resident and non-resident, having claims, matured or unmatured, against said estate are required to file the same with the Clerk of the above named Court within nine months from the date of the first publication of this notice, otherwise their claims will be forever barred.

Anyone owing said estate will please see me (W. C. Patton).

This 31st day of July, 1952. W. C. PATTON Adm. Estate of Mrs. Nona Jetton, deceased

Social Security

Any person who has been in work covered by social security since January 1, 1951, and is now 65 years old has the advantage of a "new start." These "new-starters" should be vitally interested in social security beginning with July of this year.

Joe P. Tipton, manager of the social security field office, pointed out that a great many employees will have acquired their necessary sixth quarter coverage under the new law by July first this year. This means that many people who are now 65 will have enough employment after 1950 to have their old-age insurance figured under the new formula.

Benefit payments to a retired worker will range from \$20.00 to \$80.00

monthly. Monthly benefits to a retired worker and his wife would range from \$30.00 to \$120.00 monthly.

Because these benefits are based on the amounts reported by employers, Mr. Tipton cautioned that employers of domestic workers, farm help or any other newly covered groups should file accurate and complete tax returns. Household workers, farm workers, and others will lose valuable insurance if their earnings are not properly reported.

Mr. Tipton suggested that anyone over 65 in doubt about his or her particular standing with re-

spect to his social security payments should call or visit the Dyersburg office in the First Citizens National Bank Building.

I also wish to thank the citizens of Lauderdale County for their courtesy and consideration shown to me during my campaign over the county.

Russell Lightfoot

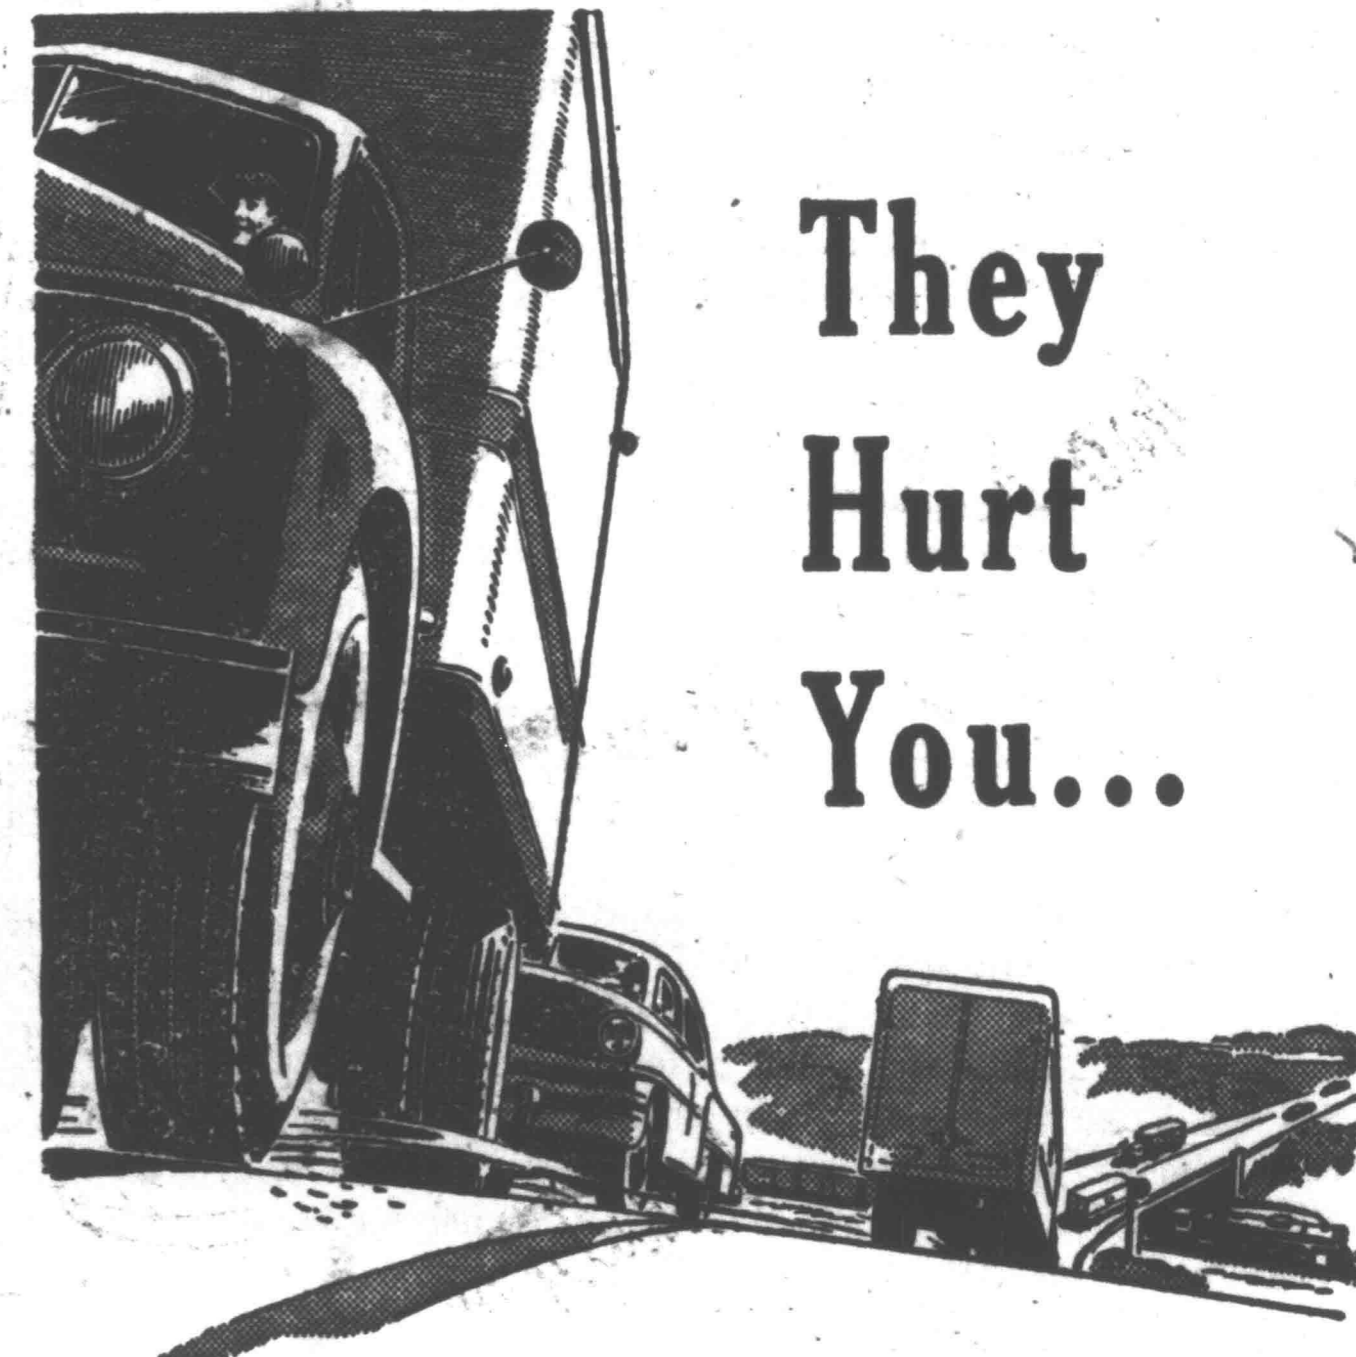

TO THE PEOPLE OF THE 8TH CONGRESSIONAL DISTRICT OF TENNESSEE

It is my desire to express my very deep appreciation for the splendid vote and fine majority received in the recent primary election.

I am indeed grateful to all of my friends for the loyal and valuable assistance given me, and I shall never cease to be grateful for all that has been done for me.

I shall continue to exert my best efforts to render efficient and faithful service in every way possible.

JERE COOPER

They Hurt You...

more than they hurt us!

The big trucks crowding the highways are real competition for the Illinois Central and other railroads. They have taken over a sizeable part of the freight-hauling business.

But this doesn't hurt us half as much as it hurts you. Because it's your roads that the big trucks are battering to pieces. Your tax money built these roads, and your tax money repairs the damage the trucks do.

Don't let anyone tell you that your private automobile, your farm truck or other ordinary-sized vehicles are wearing out the roads.

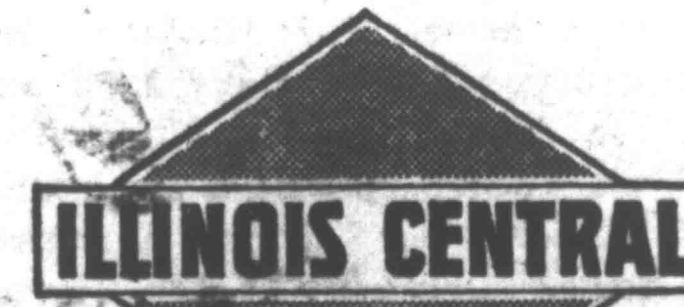

Recent tests by the Highway Research Board prove that the big trucks inflict the damage. A 22,400-pound axle load breaks up roads 6.4 times as fast as an 18,000-pound load. A 44,800-pound axle load causes 12.3 times as much damage as a 32,000-pound load. That should be proof enough.

Now a powerful lobby demands hundreds of millions of dollars for highway improvements. There's no question of the need. But the big trucks haven't yet suggested that they will pay their fair share of the cost — a share based on the speed with which they wear out your roads.

They would rather have you go on paying the major share of the cost. That way they can do business and make a profit at your expense.

We believe that the heavy trucking industry should pay its full share of highway building and maintenance. (We pay for our steel highways and pay taxes on them besides.) Then the business of hauling America's freight will go to those doing the best and most economical job. That will save money for everybody.

WAYNE A. JOHNSTON President

Main Line of Mid-America

Local Happenings

Mrs. Buford Pitcock and little daughter left Sunday to return to their home in Batesville, Miss., after a visit with her parents, Mr. and Mrs. W. A. Perry.

Miss Sally Spence of Dyersburg is visiting her aunt, Mrs. Charles Alsobrook.

Mr. and Mrs. Edwin Hopkins visited in Cape Girardeau, Mo., during the weekend.

Joffre Herring and Merle Larson drove to Guntersville, Ala., Sunday to meet Mr. and Mrs. O. F. Herring who had been the guests of their daughter, Mrs. Bill Weaver, and Mr. Weaver in Thomasville, Ga. for the past two weeks. Mr. and Mrs. Weaver drove the Harrings to Guntersville.

Mr. and Mrs. M. E. McDearman, Jr. and son, Tommy, were in Memphis Tuesday.

Mr. and Mrs. W. E. Lacey of Memphis spent Tuesday with Mr. and Mrs. A. L. Freeman.

Mrs. W. H. Keltner spent Saturday in Ripley with her daughter, Mrs. Brown.

Mr. and Mrs. Loyd Johnson of Memphis were guests of Mrs. Johnson's mother, Mrs. R. S. Bell, Saturday night. They were en route to Indianapolis, Ind., for a vacation.

Mr. and Mrs. J. T. Connell and daughter, Miss Nancy, spent a few days this week in the Ozark Mountains.

Mrs. Wallace Dunn and children, Billy and Nancy, are the guests of Mrs. D. C. Warren and Mr. and Mrs. David Nunn.

Billie Reede Simmons of Wilmington, Delaware, Mr. and Mrs. Wilburn Simmons and daughter, Rita, of Dyersburg, were dinner guests of Mrs. T. H. Simmons on Thursday night.

Mr. and Mrs. Warren Tanner and Mrs. A. C. Smith attended revival services at Elton church at Doubles Bridges Sunday night.

Mrs. E. S. Crichtfield visited friends in Osceola, Ark. during last week.

Mrs. B. B. Brown, Mrs. Y. S. Brown, Mrs. Carmen Orsac and daughter, Dianne, Tommy and Mike Flynn were dinner guests of Mrs. Will Spence Wednesday.

Mrs. J. O. Thompson, and Mr. and Mrs. Van Doyle Sanders left the latter part of the week to return to their home in Coolidge, Arizona, after visiting friends and relatives in Halls, Dyersburg, Memphis and in Osceola, Ark.

ENTERTAINED WITH CANASTA PARTY

On Tuesday afternoon Miss Blanche Nunn and Miss Gwila Ozment entertained with a Canasta Party in the home of Miss Nunn on West Main street.

The guests arrived at two o'clock and enjoyed a delicious dessert course.

Those attending were Misses Lucinda Alsobrook, Barbara Andrews, Bona Smith, Anita Wyse, Carolyn McCorkle, Shirley Sloan, Lynnie Hurt, Billie McGarrity, Peggy Steelman, Marilyn Olds, Helen Cherry, Anella Steelman, Joan Smith, Ruth Ann Hudson and Shirley Jacques.

AGED RESIDENT OBSERVES NINETY-SIXTH BIRTHDAY

Mrs. Jim Doss, respected Halls citizen for many years, celebrated her ninety-sixth birthday on Tuesday, August 12th.

Mrs. Clara Meadows and sons, Donald and Marvin, of Dell, Ark., and Mrs. Piskney Mescham of Ripley were present to help Mrs. Doss celebrate the event.

During the afternoon others who called to extend congratulations were Mrs. J. L. Carnell, Mrs. Cora Davis, C. F. Harward and W. G. Neely.

TO THE CITIZENS OF LAUDERDALE COUNTY, TENN.

I wish to thank each and every one of you for the courtesy you have shown me in the past, and for the confidence you have had in me, as shown by the fact that I had no opposition in the past election.

I assure you that I appreciate very highly the complimentary vote you gave me in the recent election held August 7th, 1952, which gives me the privilege of serving you for another term as your County Trustee.

I promise you that you will receive the same courteous treatment as you have received in the past from me and my son Hilton, who is serving as my deputy, and we invite each and every one of you to come in and see us, and I again assure you that you will always be welcome to bring your problems to me and we will endeavor to serve you in a satisfactory manner.

Thanking you for every thing, from the bottom of my heart, I am,

Yours very truly,
OSCAR GRIMES

ORDER OF PUBLICATION

TO ROBERT BARLOW, ESSIE MAE BARLOW VS. ROBERT BARLOW

IN THE COUNTY COURT AT RIPLEY TENNESSEE

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant, Robert Barlow, is a non-resident of the State of Tennessee, and resident of the State of Alabama so that the ordinary process of law cannot be served on him. It is therefore ordered by the Court that the said Robert Barlow appear before the Judge of the County Court of Lauderdale County on or before the third Monday in September (it being the 15th day of said month and a rule day of this term of this Court) and make defense to the bill filed herein against him, or the same will be taken for confessed as true and the cause set for hearing ex parte as to him.

It is further ordered that this notice be published in the Halls Graphic, a newspaper printed and published in Lauderdale County, for four consecutive weeks, requiring him to so appear. This 1st day of August, 1952. N. C. UTLEY, Clerk.

THANK YOU

I want to take this opportunity to thank my friends for their support of my candidacy for

Direct Representative
for
Lauderdale County

SAM JOHNSTON

TO THE VOTERS OF LAUDERDALE COUNTY

I wish to thank you for the support you gave me in the recent election. I shall always be grateful for the kindness I was shown while visiting with you.

I want to congratulate my opponent and wish for him a very successful and happy term in office. It will be my purpose to support him in every worthy undertaking for the advancement of education in Lauderdale County.

Very respectfully,
S. E. PIERCE

What's Your Telephone Worth?

WHEN MINUTES COUNT

'JOE, MY CAR WON'T START... CAN YOU RUN ME TO THE STATION?'

LITTLE problems would sometimes turn into real emergencies without your telephone. In business and at home, it puts you quickly in touch with the people you need.

PEOPLE everywhere are depending on the telephone more and more... to help them earn a living... serve their family needs... have fun and make friends. And the telephone plays a vital role in today's most important job — national defense. — Southern Bell Telephone and Telegraph Company.

GOOD MANAGEMENT—improving methods and equipment, and working facilities to the utmost—is one of the reasons why the price of telephone service has gone up less than most prices.

FMA NEWS

(Continued From Page One)
10th District producers will meet at Jones Store at Glimp.
On Wednesday, August 20th, at 9:00 A. M. 14th District farmers will meet at Perry's Store and 17th District farmers will meet at Garrett's Store in Gates. At 2:00 P. M. on the same day 6th District producers will meet at Central; 8th and 9th District producers will meet at Jones Store in Double Bridges; and 16th District farmers will meet at Belton's Store in Nankipoo.
It is certainly to the best interest of every farmer in the county that we show an interest in this PMA program by going to these meetings and helping to select some good men to administer this program in every community.

F. H. Paschal

(Continued from Page 1)
ing a field of cockleburs to cattle and apparently with good results. One of Mr. Anthony's neighbors told him that he had fed cocklebur hay to cattle with good results.

Mr. Anthony checked to find whether this hay would be poisonous and then decided to try it. He reported this week that the cattle were eating the cockleburs right along and seemed to be doing well on them. Seedling cockleburs less than three inches tall are sometimes poisonous to pigs and have been known to affect other animals, but larger cockleburs which have no seed in them are safe to feed cattle.

Reid Dunavant reported this week that he and his father harvested cocklebur hay in the fall of 1930 and fed it to cattle with

good results. Reid also stated that he had tried feeding soybean hay picked up out of the field behind a combine after running it through a hammermill and using some molasses with it. He plans to harvest all this soybean hay this fall. A number of other cattle feeders are planning to do the same thing. These ideas and practices illustrate one of the points in a 5-point program recently announced by the Extension Service for beating the drought, namely to "Save all possible feed." Other points under the program are (1) make heavy fall seedings, (2) buy wisely to meet needs, (3) cull livestock conserve pastures, don't overgraze. In sections of the county where rains have really wet the ground deep, early seedings can be made beginning now to provide early fall grazing. Two or three bushels of Balbo rye or 20 to 30 pounds of Italian ryegrass with 20 pounds of Crimson clover per acre is one of the best mixtures that can be seeded between now and mid-September. Mix 100 pounds of Ammonium Nitrate per acre with the soil before seeding.

Fall Seeded Crop Goals Are Listed

"A little less wheat, and larger acreage of feed grains," is the way A. O. Chambers, chairman of the Lauderdale County Production and Marketing Administration Committee, described the farm goals recently announced for fall seeded crops.

The State goal for wheat is 240,000 acres, for a production of about 3,096,000 bushels. This compares with 1951-crop figures of 245,000 planted acres and 4,405,000 bushels.
State goals for other fall-seeded crops are: Barley, 85,000 acres; rye, 25,000 acres; and oats, 375,000 acres.

"The goals for fall-seeded grains recognize the continuing need to build up feed supplies to take care of our increasing livestock production," Chambers said. "By reducing wheat acreage a little, farmers will have a chance to increase feed grains as well as grasslands, which contribute so greatly to needed soil and water conservation."

Young Farmers & Homemakers

The Young Farmers and Homemakers Club met Wednesday night at Riceland Park. Mr. James Robert Drumwright of Durhamville, who has just returned from England, was the guest speaker. A report was given on the district meeting at Jackson last Saturday by one of the members. Plans were made for the booth for Farm Bureau Day.

Everyone enjoyed the recreation that followed.

Present Exhibit

The Extension Agents of Lauderdale and Dyer Counties are going to participate in the annual meeting of the Forked Deer Electric Coop on August 19th. We will have a booth in which we will display articles made by club members of both counties in the area.
Why don't you come by and see what your fellow club members are doing?

To Take Part In Annual Meeting

Charles Peal
Assistant County Agent
The Ripley Senior 4-H Club held its regular meeting at Riceland Park Monday night. This meeting was in connection with a picnic. Brother Bob Powers, Associate minister of the Ripley Methodist Church, made a talk to the group on "The Value of Friendship" which was a timely and thought provoking one.

The meeting then adjourned for recreation which included musical games, quiet games and a scavenger hunt.

The next regular meeting will be held September 9th.

TO THE CITIZENS OF LAUDERDALE COUNTY, TENN.

I wish to express my sincere thanks to the voters of Lauderdale County, who voted for me in the recent election held August 7, 1952, and gave me the privilege of serving you as your Tax Assessor for another term.

To the persons who voted against me, I assure you that I have no ill will, and will serve you as your Tax Assessor to the best of my ability.

I promise to give you the same courteous and efficient service that I have given you in the past, and I invite you to get in touch with me at any time if I can be of service to you.

Thanking you again, and assuring you of my continued service to each and every one of you, I am,

Yours very truly,
DEWEY CRIHFIELD

Our Appreciation

May we express to the voters of Lauderdale County our appreciation for the fine support given Albert Gore for United States Senator in the Democratic Primary last Thursday. It is our firm belief that Mr. Gore will prove to be a fine Senator and a credit to the State of Tennessee.

Confidential Corner

Save Money

Your opportunity to save money is at hand this month. You as a property owner in Halls are given an opportunity to save 3 percent by paying your taxes during this month. If you will do a little figuring you will find that this will be quite a good rate of interest for your money in the period before taxes become delinquent. Pay now and save money!

Good Prospects

Football Coaches Jim McKee and Floyd Hooks stated Wednesday that they are greatly pleased with team prospects for the coming season following the opening practices this week. The Tigers face a rough schedule this season with Union City, Brownsville, Dyersburg and Newbern as the first four games of the season. What a headache for a coach of any high school in West Tennessee!

For Their Safety

Mayor P. W. Crittendon has asked that bicycles not equipped with lights keep off the streets at night. It seems that youngsters have used very little judgement and are partially blocking the streets, riding in the middle of the street and otherwise riding their bicycles in a dangerous manner. Mayor Crittendon has asked the cooperation of parents in seeing that bicycles are kept off the streets without lights. Mr. and Mrs. Perent, wake up! It might be your child that gets hit by a car!

Opportunity

Don't forget to carry you youngsters to Levy's Department Store next Monday afternoon after three o'clock to meet Clarabell, the Howdy Doo dog. Clarabell will be at the store until closing time beginning at three o'clock and will shake hands with each youngster and present them a souvenir of his visit. Both Clarabell and the youngsters will be the guests of Joe L. Levy & Son.

Two Respected Negroes

Two respected negroes of Halls died during the past week, Wiley Currin and Boyd Currin. Wiley was an employee of the City Water Department and probably had a greater knowledge of the city water system than any man in town. Wiley will be greatly missed at the water plant. Boyd had been in ill health for a number of years but was well and favorably known to most of the citizens of Halls.

ATTENDS DYER COUNTY FARM BUREAU MEETING

Harold Hart

Electrification Advisor, F. D. E. C. Over three thousand people enjoyed a day of picnicking at the Dyersburg Park on Friday, August 15.

Manager Pentecost and I were invited to attend this wonderful program of the Dyer County Farm Bureau organization. Group singing was led by Mr. Niston Bedwell, Secretary of the Farm Bureau with devotional being held by Bro. M. H. Stroud, of the Methodist Church, who is a Farm Bureau member. Visitors were introduced by the manager of the Farmers Cooperative, Mr. Thomas Walker.

Mrs. R. E. Jones gave a report on the work done by the Home and Community Department and Richard Hussey reported on the Young Farmers & Homemakers Club work. A 4-H Club Plaque Club work.

Guest speaker for the occasion was Mr. H. E. Slusher, President of the Missouri Farm Bureau Federation.

A barbecue lunch was served and enjoyed by all.

Patronize Our Advertisers.

TENNIS COURTS ARE BLACKTOPPED

The playground tennis courts were blacktopped Monday of this week so that they now have an all-weather surface and will require a minimum of maintenance. The blacktopping was secured by the American Legion Auxiliary at a great discount through the kindness of Mr. C. B. Ford of Forcum-James Construction Co.

Teen-Ager Culprit In Burglary Sun.

A teen-age boy from the Edith community Wednesday confessed to Chief of Police J. S. Walpole to entering the D. E. Walker Cafe and Poolroom some time Sunday night. Entry was made by throwing a rock or brick through the window. Several dollars in silver and a few bills along with some cigarets and candy were apparently missing. The boy was released in the care of his parents pending trial and disposition of his case.

Mr. Walpole became suspicious of the boy after a local man told of seeing him on the streets earlier Sunday night and then again later in the night. Mr. Walpole and Mark Crichtfield went to the boy's home and after questioning he confessed to the burglary.

4-H Round-Up In Session Now

Charles Peal Ass't. County Agent

Headin' for the Annual Round-Up!

That's the theme for some 500 Tennessee 4-H Club members this week as they head for the Annual 4-H Round Up on the campus of the University of Tennessee, Knoxville. The delegations, representing every county in the State, will register on Monday, August 18, and will head for home on Saturday, August 23.

Beverly Whitley, L. B. Marshall, Jr., Mary Ann White and Ann Holmes will represent Lauderdale County at this event. L. B. won his trip in the Farm & Home Electric contest, while Beverly and Mary Ann won two county scholarships awarded by the Black & White Store to the boy and girl who wrote the best story on their 4-H Club work and who are 15 years of age or over.

Within the week will come a packed program of 4-H "doings," talks, discussion panels, and demonstrations of skills acquired in 4-H Club work. Starting the event will be the All-Star Conference, which opens on Saturday night, August 16.

The 4-H'ers will be welcomed to U-T on Monday night by Dean and Director J. H. McLeod, of the U-T Agricultural Extension Service, under which 4-H work is conducted as a part of the regular extension work. Dr. A. D. Holt, Administrative assistant to U-T President C. E. Erehm, will speak to the group on Tuesday. A visit to the Great Smoky Mountains is the high point on the Wednesday program.

Some 16 or 18 State championships will be determined on Thursday, with 12 trips to the National 4-H Congress and a half a dozen college scholarships among the awards for the State winners.

Thursday night will bring on the "Share-the-Fun-Festival," to which the public is invited. If a Tennessee "fun" team is invited to the Chicago meeting this year, the top team will be selected at this time. The Tennessee team, supervised by Associate 4-H Specialist Fred Coyle, was one of the top performers on the Congress program in Chicago last year.

Livestock Show Planned

The 2nd Annual Dixie National Stock Show & Sale will be held September 26-27 at the Dixie National Stockyards in Memphis. Competition is limited to 4-H Club and FFA members. Both hogs and calves may be entered in this event. Two thousand dollars in premium money, plus awards by purebred Record Associations will be given to the participants.

If any club member desires to exhibit a pig at this show please contact us for further details.

Pentecost Again Co-op Manager

Charles Price of Dyersburg was re-elected president of the Forked Deer Electric Cooperative, Inc. at the annual meeting of the stockholders held here on Tuesday of this week. Other officials elected were H. G. Caldwell of Ripley, vice-president, and Robin Coffman of Ripley, secretary-treasurer. Both were re-elected without opposition.

New directors elected at the meeting were W. G. Neely of Halls who succeeded T. J. Yarbrough and Ralph Robinson of Bogota who succeeded A. H. Bledsoe. Both Mr. Yarbrough and Mr. Bledsoe had moved from the community which they represented. Other directors are R. T. Peal, Jim Meeks, B. M. Griffin and J. A. White.

Following the election of officers and directors a meeting of the Board of Directors was held with H. E. Pentecost being re-elected manager of the cooperative for his fourth year. W. C. Patton was re-elected as attorney and Sewell Hawkins as line superintendent.

Estimates of the crowd attending the meeting ran as high as 6,000 with hundreds of cars being parked on the REA grounds, on the road leading into the old Air Base and strung along Highway 51.

Making the principal address at the meeting was Charles Bradley of Washington, D. C. Mr. Bradley is head of the Development Program for REA in the ten Southeastern States. Also speaking at the meeting was Miss Betty Williams, Chief Home Economist for the Southeastern Area. Gov. Gordon Browning, who was scheduled to speak, was compelled to wire his regrets.

To Name Committee For PMA Wednesday

Nominating meetings were held in all communities in the county this past week. Farmers will go to the polls on August 27 and vote for these nominees.

If you, as owner, operator, tenant, or sharecropper, are participating in or carrying out practices in accord with the Agricultural Conservation Program or other programs administered by PMA committees, you are generally eligible to vote.

These committeemen in 1953 will have the responsibility of visiting all farms and helping each farmer determine the conservation needs on his farm. When your committeeman visits your farm, he'll help you make the best possible use of program assistance and service in carrying out the most needed conservation.

At this election, you'll also have an opportunity to help elect a delegates to the county convention. This delegate, along with all the delegates from the other communities in your county, will elect a county PMA committee.

These PMA committeemen — both community and county — will have a lot to do with production and marketing program operations next year. These operations will affect every farmer. You need the best men you can get to serve on these committees. It may be that the committeemen who are now serving are doing a good job. Or there may be others who are better. In any case, make sure you vote and do your part to elect your choice on August 27.

RESPECTED NEGRO DIED TUESDAY EVENING

Boyd Currin, respected negro citizen of Halls, died Tuesday morning after a long illness. Boyd was well and favorably known to a great many of the citizens of Halls. Surviving is his wife, Ella, and three sons, Nodie, Russell and Monroe.

Funeral services will be at 2 p. m. Sunday at Matthew Zion Colored Baptist Church in Halls.

UNDERGOES OPERATION

Mrs. D. C. Warren underwent an operation at the Baptist Hospital in Memphis Tuesday of this week.

LEGION AUXILIARY TO MEET MONDAY

The regular meeting of the American Legion Auxiliary will be held next Monday night, August 26, according to an announcement today. The meeting will convene at 7:45 p. m. in the Youth Center at the old Grammar School.

All members are urged to attend.

Peery Announces Opening Plans

James C. Peery, principal of Halls Schools, has announced that opening exercises for the 1952-53 school year will be held at 9:30 o'clock on Monday morning, September 1, at the Elementary School Auditorium with the school expected to go right into operation.

Included on the program for the opening exercises will be the following: invocation, Rev. C. B. Ware; Welcome, Mr. Peery; Song by Congregation, led by Mr. H. G. Conley; Special Vocal, Mrs. M. E. Dearman, Jr. and Mrs. Henry Murchison; Principal Address, Rev. J. H. Newton; Announcements and Introduction of Teachers, Mr. Peery; Singing of Alma Mater, Audience; Benediction, Mr. Conley. All parents, patrons and interested persons are invited to attend the opening exercises.

At the same time Mr. Peery announced the teaching staff for the school year with several new teachers included. Elementary School teachers are: Mrs. H. G. McCorkle, Mrs. Roy Hilliard, Sr., Mrs. Hollis Gilliland, Mrs. Henry Murchison, Mrs. Neil Ferguson, Mrs. Guy Lucas, Mrs. M. E. Dearman, Jr., Mrs. Roy Patton, Mrs. Tony Troiano, Mrs. W. C. Viar, Jr., Miss Geraldyn Walker, Talmadge Belton and Floyd Hooks. Mrs. James Voss and Mrs. C. F. Harward will teach instrumental music.

In the high school will be Mrs. W. A. Smith, Jr., Mrs. Sumrow Steelman, Miss Hazel Griffin, Mrs. Posten Arwood, Mrs. Kyle Seates, Mrs. Ruth Hallman, Miss Virginia Canada, Mrs. James Peery, Mrs. Frances Smith, H. G. Conley, James McKee and Talmadge Hudson.

Newcomers in the elementary school are Mrs. Guy Lucas who taught for a number of years in Gibson County Schools, and Talmadge Belton who formerly was a teacher here. Newcomers in the high school faculty are Jim McKee who will coach football and girls basketball, Mr. Hudson who will coach boys basketball and teach Health and Distributive Education, Mrs. Frances Smith who will teach English and Mrs. Kyle Seates who will teach Chorus.

Emergency Hay Program Set Up

Plans are now complete for handling the emergency hay program in Tennessee, according to A. O. Chambers, chairman of the Lauderdale County PMA Committee. Chambers explained that this opportunity for farmers to buy hay at greatly reduced prices has been brought about by the allocation of funds by President Truman under Public Law No. 875.

Farmers who wish to obtain some of this hay must make application at the county PMA office. They must indicate how much and what kind of hay they desire and must deposit \$5.00 per ton for each ton of hay ordered. Chambers said there will be three types of hay: legume hay, alfalfa or clover at \$38.00 per ton; alfalfa or clover mixed with grasses of reduced feed value for \$32.00 per ton; or all grass hay at \$28.00 per ton. The deposit made by the farmer will be applied to the cost of the hay when it is delivered.

Chambers emphasized that only orders for hay needed immediately will be taken now, and orders for hay for winter will be taken later. Hay to fill these orders will be obtained from surplus areas in the mid-west and the work of obtaining the hay and filling orders will be done by the PMA commodity office in Chicago. It will be delivered to convenient shipping points within each county and farmers must arrange for handling at these points.

Hay to fill these orders will be obtained from surplus areas in the mid-west and the work of obtaining the hay and filling orders will be done by the PMA commodity office in Chicago. It will be delivered to convenient shipping points within each county and farmers must arrange for handling at these points.

Hay to fill these orders will be obtained from surplus areas in the mid-west and the work of obtaining the hay and filling orders will be done by the PMA commodity office in Chicago. It will be delivered to convenient shipping points within each county and farmers must arrange for handling at these points.

Large Squad For Football Team

Prospects for excellent football teams, both varsity and Baby Tigers, for the 1952 season met Football Coaches Jim McKee and Floyd Hooks for the initial practice of the season Monday afternoon. Some thirty-five boys were on hand for the assignment of uniforms and the setting of practice sessions.

Coach McKee set up practices at 9 o'clock each morning to avoid as much of the extreme heat as possible and probably will continue the morning sessions until the opening of school September 1st.

Main items on the program in the first few sessions were conditioning exercises and a few plays with Coaches McKee and Hooks also assigning some dummy tackling and blocking practices.

Lettermen returning to the squad included: Backs, Billy Newsome, Stuart Crichtfield, Bobby Picketts, Maynard Harrell; Line-men, Billy Riley, Jerry England, Billy Rodgers, Bob Harris, Donald Voss, "Red" Burroughs and Bill Sumrow. Several others from last year's squad and from the freshmen squad were also on hand for the opening practices with Jerry Donald Norman, Bobby Jo Haynes, Jimmy Lewis Smith and others who expect to see plenty of action on hand for practices.

Plans for the formation of the freshmen team have not yet been announced but candidates for the freshman team will go through the conditioning sessions with the varsity squad.

The starting lineup for the Tigers will be hefty and experienced but both experience and weight will be lacking among the reserves. However, additional varsity candidates will be expected to report for practice during the next few days.

The Tigers will face a rough schedule this year with the first three games being away from home against Big Ten Conference opposition followed by one of the strongest teams in West Tennessee, Newbern, for the opening home game. The Tigers will open the season at Union City on Sept. 12 and then play Brownsville and Dyersburg away before opening here October 3.

Annual Farm Bureau Meeting Is Success

Frewl Buffalo

Some 800 farmers passed under the big tent on the Irvin Knee Football Field at Ripley last Thursday viewing the booths representing the many benefits that Farm Bureau has to offer, stopping long enough to get a hot dog, piece of pie or a cold drink from one of the stands operated by Durhamville-Orysa, Asbury, and Lightfoot Community Improvement Clubs.

A picture made of farmers in Lauderdale County was shown in a small tent west of the main tent. Music by the Fort Pillow Band from Fort Pillow State Farm was enjoyed by all, especially their concert.

One of the most interesting events came at the close of the day when Mr. Tom Hitch, president of Tennessee Farm Bureau Federation, and Mr. Buford Ellington, past president of Marshall County Farm Bureau, organizer and employer of Tennessee Farmers Insurance Co., and one of Tennessee's most capable speakers on Farm Bureau, spoke on Farm Bureau as a legislative and local servant of the farmers of the Nation, and the importance of being a member of the organization that is for the farmers, of the farmers and by the farmers, dan.

WILEY CURRIN DIED LAST SUNDAY

Wiley Currin, negro employee of the City Water Department, died early Sunday afternoon, following a stroke Sunday morning. Wiley was collecting money for his church, the Mt. Zion Colored Baptist Church at Double Bridges, at the time he suffered the stroke. Funeral services were held Wednesday afternoon at Mt. Zion. Wiley will be greatly missed at the Water Plant and by the people of Halls.

New Doctor To Come To Halls

Dr. J. T. Elmore of Little Rock, Ark. has decided to locate in Halls and will begin to practice here about September 1st, according to an announcement Tuesday of this week.

Dr. Elmore is a graduate of the University of Arkansas School of Medicine and did his intern work at the St. Joseph Hospital in Memphis. He is 30 years old, married, and the father of two children, a daughter, aged 5, and a son, aged 3.

Dr. Elmore has rented an apartment in the Elmer Hoffius home recently purchased by Mr. Hoffius from the Halls Funeral Home. He expects to move to Halls several days prior to September 1st to meet the people of the community.

Dr. Elmore will be located in the offices formerly occupied by Dr. James K. Hinton.

Dr. Thomas Johnston and Dr. W. I. Thornton who have offices in Dyersburg and have been practicing here on alternate mornings will continue to serve patients here until September 1st.

Phone Company Seeks Increase

The Southern Bell Telephone Company today filed an application with the Tennessee Railroad and Public Utilities Commission asking increased rates to offset higher wage costs incurred recently and other advanced costs not yet recovered. Filing of the petition had been expected in view of the fact that a general wage increase for Southern Bell employees was approved by the Wage Stabilization Board last month.

The present telephone rates in Tennessee were established on January 31, 1952, when the Railroad and Public Utilities Commission authorized rate increases amounting to considerably less than Southern Bell's request filed in May 1951. The Company expressed disappointment but placed the new schedule in effect as ordered by the Commission.

"Aside from the fact that we did not obtain authority for the rate increases requested and badly needed at the time," Tennessee Manager Sam H. Youngblood said, "the added wage costs now place an additional squeeze on our financial operations and give us no alternative, in the interest of the service the state needs and wants, except to ask for increased rates."

The state manager pointed out that the increased wage costs, together with the previously incurred cost increases which the Company has not recovered, will serve to reduce earnings in Tennessee to a level that is inadequate for the needs of the business. "To provide good, dependable, and expanding service such as the people of Tennessee want, our earnings must be adequate to attract large sums of additional capital," he declared. "They are not adequate now and are declining due to the wage cost increases."

The Companies petition states that the total increases in Tennessee's telephone rates authorized throughout the postwar period fall short by about \$5,144,000 of producing revenues now required to offset wage and other cost increases, and to provide earnings that will enable it to continue expanding and improving the state's telephone service.

Mr. and Mrs. Neil Luton, Jr. moved to the Mrs. Juanita Palmer house Wednesday from Ripley.

PMA, Conservation Elections Aug. 27

F. H. Paschal County Agent

All PMA community committeemen, alternates, and delegates nominated this week will be voted upon at the same places any time from 9 to 12 noon or 1 to 5 p. m. on next Wednesday, August 27.

All farm operators are urged to go to their community headquarters and vote in this election. Soil District Election Also

At the same hours and places all landowners in Lauderdale County are urged to go and vote in the election of three Supervisors for the Soil Conservation District which covers all of Lauderdale County.

This Soil Conservation District setup makes it possible for us to get Kyle Davie and his assistant, Mr. Norman, whose salaries are paid by the Soil Conservation Service. We also get through this or-

assistance provided by the Soil Conservation Service on the planning of ditches and drainage districts and we get other services and assistance which may from time to time become available from any source.

The following farmers have been nominated by petition to the State Soil Conservation Committee and three members will be elected from this number to serve for the next three years: Joe Beard, George Crews, Reid Dunaway, Franklin Keller, Francis Thompson and W. C. Viar. For this election, any landowner in the county can vote in any district voting place.

Let's Garden Can Help

It is still possible to plant bunch beans of the snap variety such as Topcrop, Tendergreen and other good varieties with reasonable chances of getting a good fall crop of beans before frost.

For greens only the Seventop is preferred variety of turnips. For tops and turnips the Purple Top Globe and Shogoin are good varieties of turnips. Shogoin has upright, insect resistant tops that are easy to cut for the table.

Bloomdale spinach and Giant Southern curled mustard will contribute bushels of nutritious boiling greens. Dwarf Scotch and Siberian are good Kale varieties. Black Seeded Simpson is an excellent variety of leafy lettuce.

Insect control is most important in fall gardens. Nitrogen fertilizer will multiply the production of leaf crops but it should not be used on beans.

Agents To Annual Meeting

All Extension Agents will be away all next week attending the annual conference at the University of Tennessee at Knoxville, but the County Agent's office will be open each day from 9 to 12 a. m. and 1 to 3 p. m. except Wednesday afternoon in order that farmers may get assistance on growers' permits, gas tax refund papers, hay orders on Saturday and whatever information that can be provided by our very efficient secretary, Mrs. Charles Griggs. At other hours, Mrs. Griggs may be contacted by telephone 528-W in Ripley.

Pasture Mixtures

In order to provide any fall grazing, winter pasture mixtures must be seeded in August or the first week of September, the sooner the better; they must have at least 30 pounds of nitrogen per acre applied at seeding time, and they must be seeded on land not occupied by row crops.

Cotton and corn will continue to grow until the latter part of September and it is advisable to wait until that time to seed small grain and other crops for pasture next spring. Vetch alone may be seeded any time from now on, but a mixture of vetch and small grain will have a better chance of success if seeded in September when it has less competition with row crops.

To make the best possible fall and winter and spring pastures, (Continued on Page 2)

The Halls Graphic HALLS, TENNESSEE

Entered as second class matter weekly at the post office in Halls, Tennessee, under the act of March 3, 1879.

\$2.00 PER YEAR.

F. H. Paschal

(Continued from Page 1) prepare really a good seed bed and disc in 100 pounds of Ammonium Nitrate. If the soil is known to be low in phosphate or potash, use 200 pounds of 6-12-12 also. Seed either of the following mixtures: two to three bushels of Balbo Rye and 20 to 25 pounds of Crimson Clover or 20 to 30 pounds of Italian ryegrass and 20 to 25 pounds of Crimson Clover or three to four bushels of Forkeddeer or LeConte oats and 20 to 25 pounds of Crimson Clover or three to four bushels of barley and 20 to 25 pounds of Crimson Clover. Do not use Italian ryegrass on land to be planted to row crops next year. Permanent pastures should be seeded by September 15. For best results on most of our soils they should have an application of one to two tons of lime, 300 pounds of 20% phosphate or its equivalent, 100 pounds of 60% potash, and

100 pounds of Ammonium Nitrate per acre, or follow the recommendations based on soil tests. For well drained soils seed twenty pounds of orchard grass and one pound of Ladino clover per acre. On poorly drained soils use 20 pounds of fescue and one pound of Ladino clover per acre.

Nankipoo News

Mrs. Evelyn Cates Mrs. Annie Sanders spent last week in Jackson with Mr. and Mrs. Otto Sanders. Mrs. Marvin Pennington was quite ill several days last week. (Mrs. Pauline Crawley and Mrs. Tresa Bryan were recent guests of Mrs. Roy Hilliard, Jr. Pfc. Douglas Collins spent a 10-day leave here with homefolks. He returned to Parris Island, South Carolina Friday and was accompanied by Mrs. Collins, Mr. and Mrs. Fleetwood Cates and Mr. and Mrs. R. H. Pennington. Mr. and Mrs. Robert Gaba and daughter spent most of last week in Chicago with relatives. Mrs. R. B. Bailey left Wednesday for Alaska to join her husband who is in an army camp there. Little Carolyn Griffin of Memphis is spending two weeks here with Linda Hilliard. Mr. and Mrs. Otho Sanders and daughters of Jackson visited in the community Sunday. Mr. and Mrs. Freddie Burns are spending this week in Memphis. Mr. and Mrs. Sonny Wright and daughters of Ripley spent Saturday with Mr. and Mrs. Buford Wright. Mr. and Mrs. Jeff Koonce and daughters of Memphis were recent visitors here. Fletcher Smith of Virginia visited in the Harvey Olds home Monday. MR. VIAR HONORED ON BIRTHDAY

An al fresco supper at the home of Mr. and Mrs. Len Viar Friday evening honored Mr. Viar on his birthday. Delicious steaks were enjoyed by the seven Viar children and their families and a few additional guests. Mrs. Viar stated that it was the first time it was possible that all of the children and their families had been together at the family home without some member being absent. (Those present were: Mr. and Mrs. Charlie Viar, Mr. and Mrs. Beasley Robertson and children, Knob Creek, Mr. and Mrs. L. R. Viar and children, Mr. and Mrs. Wilson Viar and children, Ripley, Mr. and Mrs. Tom Canada and daughter, Dyersburg; Mr. and Mrs. E. G. Parker and son, Mr. and Mrs. Earl Cribfield and son, Halls; Mr. and Mrs. B. F. Viar, Finley; Mrs. Roy Davis and children, Leno; Mr. and Mrs. George Weakley, Dyersburg.

GEORGE HURT CELEBRATES TENTH BIRTHDAY

George Hurt celebrated his tenth birthday Wednesday by imitating to go to the picture show viting several of his closest playmates with him. Following the show the group went to George's country home where they participated in a Weiner roast, and hamburger fry. Ice cream and birthday cake were served. Each guest received a toy pistol as a favor. (Those present were Richard Hurt, Jerre Jordan, Lynn Scott Vaden, Sammy Cribfield, Douglas McGarrity, Pat Younger, Eugene Pugh and Phillip Hurt.

CARD OF THANKS

With a heart full of love we take this method of thanking all our friends, neighbors and relatives everywhere for the kind and loving deeds they did for me during my illness at home, at Campbell's Clinic and the Baptist Hospital. The flowers, many cards, letters, telegrams, phone calls, visits and all the nice food and so many lovely gifts were greatly appreciated. I also want to thank those who were so nice to A. P. in helping him in any way. Words cannot express our deep appreciation for everything. We want to say God bless each one. MRS. A. P. BURKS

CARD OF THANKS

During the death of our dear father and husband, the late Wiley Currin, many white friends and neighbors were kind and generous in their service to us. At the time of the interment of the body of our beloved husband and father we cannot possibly speak our thanks to each one, so we ask that all our white friends, especially the Board of Mayor and Aldermen, Recorder, and City Water Department, the Garner Funeral Home, please accept this public acknowledgement as our personal thanks. Respectfully yours, Nell Currin and Children

I feel that it is a privilege and an honor to hold this office and I want each citizen to know that I feel this deeply. I have always endeavored to execute the duties of Superintendent of Schools to the best of my ability and shall continue to do so. I am humbly grateful to all of you. EDRIC OWEN

From where I sit... by Joe Marsh Well, What Do You Know? Do you believe in a bunch of old tales about lightning - about how it's attracted by cats or the warmth of cattle... how it never strikes in the same place twice... or how it's liable to turn milk sour? Lots of people often do - but they're wrong. Dad Hawkins inspired this column today. He's really studied up on lightning since his own cow barn was struck that time. "Trouble is, most of us don't know half enough about the subject," Dad says. "And about half of what we do know is false!" Joe Marsh

QUIET CEREMONY MARKS WEDDING

In a quiet ceremony at the home of Mr. and Mrs. James Cecil Massey at 118 Church St., Ripley, Tenn. Mrs. N. S. Daws became the bride of Robert Ernest Bullock of Live Oak, Florida, on Wednesday afternoon at 5 o'clock. A program of auptial music was given by Mrs. Bob Hendrix of Finley, Tenn.

Before an im revised altar arranged with tall baskets of white gladioli, smilax and glowing tapers, the Rev. C. Bennett Ware,

pastor of Halls Methodist Church, read the marriage vows in the presence of the immediate family and a few close friends.

The bride wore a dress of navy crepe with matching accessories. Her corsage was a white orchid. Immediately following the ceremony a reception was held. Mrs. Earl Hendrix of Ripley presided at the bride's table.

After the reception the couple left for a trip through the Smoky Mountains before going to Live Oak, Florida, where they will make their home.

ANNOUNCE ENGAGEMENT

Miss Carolyn Hughes, daughter of Mr. and Mrs. William Andrew Hughes, will become the bride of Bernard Simmons, son of Mrs. Thomas Hilton Simmons and the late Mr. Simmons, September 14 at the Melville Methodist Church.

Miss Hughes was graduated from Halls High School and Mr. Simmons, a graduate of Halls High School, is with the Illinois Central Railroad.

Halls, Tennessee, Friday Morning, August 29, 1952

Number 35

Confidential Corner

Watch Out
Motorists should remember that school children will be on the streets beginning Monday morning and drive accordingly. A little more care on the part of motorists may save a child from injury or death. Just "watch out" and you won't be sorry.

Well Pleased
Several hundred youngsters were on hand to take advantage of the visit of Clarabell, the Clown of the Joe L. Levy & Son Department Store Monday of this week. Clarabell refused to be interviewed, "he" doesn't talk, but he did hunk his pleasure at being so well received.

Last Opportunity
Saturday will mark the end of the opportunity afforded the taxpayers of Halls to save 3% on their taxes. Mayor Crittendon reminds that the 3% discount is effective only during the month of August.

Lauderdale 4-H's Attend Round-Up

Charles Peal
Ass't. County Agent
Last week I had the pleasure of attending the annual Tennessee 4-H Club Round-Up on the campus of the University of Tennessee at Knoxville along with four of our own county 4-H members: Mary Ann White, Ann Holmes, Beverly Whitely and L. B. Marshall, Jr. It was a colorful week filled with all types of activities that make for increased knowledge and character building.

Monday afternoon and night was dedicated to getting acquainted with club members from other parts of the state. Tuesday was designated as "a look at the University Day," which included an address by Dr. Andrew Holt on "Opportunities Available to Youth" and a tour of the University itself.

Talks by specialists on records, citizenship and boy and girl relationships filled the rest of the day. Tuesday night a talent show was presented by the District 4-H All Star Chapters followed by square dancing. Swimming was available to the boys and girls each afternoon.

Wednesday was "4-H Citizenship Day." Miss Emmie Nelson, Field Representative of National Committee on Boys & Girls Work, addressed the group on the subject "Serving As Loyal Citizens Through 4-H." Wednesday afternoon the group boarded buses for the Smoky Mountains by way of Gatlinburg. A picnic supper at Cherokee, North Carolina was enjoyed by the group. After supper all attended a drama of the Cherokee Indians, "Unto These Hills."

Thursday was "4-H Demonstration Day." All the district winners gave demonstrations before judges who determined the state winners in the various projects. These winners were announced to the delegates at Thursday night's program. "Working Together for World Understanding" was the theme for Friday's program. I appeared on this program and gave some advantages and purposes of the International Farm Youth Exchange along with some of my experiences in England as a delegate in this program.

The highlight of Friday night's program was the presenting of the Vol State Awards. Two Lauderdale county 4-H members received this award. They are the first in this county to receive this high award.

A candlelight ceremony marked the end of the Round-Up for the year. That everyone had a good time was evident during the party. District One had Friday night. This was a successful and inspirational meeting. I am hoping we will be able to send more next year.

Go To Church Sunday.

WORMS ATTACK COTTON, SOYBEANS IN COUNTY

The soybean caterpillar (worm) is causing considerable damage to some fields in this section according to reports Wednesday of this week. Producers report that damage to fruit is heavy unless poison is applied immediately.

Some farmers have already reported worms in their cotton and dusting by plane is being planned by some producers. Reports said that the worms are already beginning to web up and the second crop of worms may be expected at once.

Cotton Support Price Is Set

Cotton Price Supports

Price supports for Middling 15-16 inch cotton of the 1952 crop in Lauderdale county will be 32 cents per pound.

Price support rates vary according to location but are based on an average rate of 32.94 cents per pound for Middling 15-16 inch upland cotton at the Carolina mill area.

Cotton prices will be supported by means of loans and purchase agreements. Loans will be made on cotton represented by warehouse receipts issued by warehouses approved by the Commodity Credit Corporation, and on farm-stored cotton houses approved by PMA County Committees. Loan forms are available through approved cotton warehouses, approved lending agencies, and PMA committees.

Purchase agreements, whereby CCC agrees to buy toward the end of the marketing year—a stated amount of cotton at the price support rate, may be obtained only through PMA county committees.

Loans will be made through lending agencies, principally banks, approved by CCC, or directly by the Corporation through county committees.

A special form of loan agreement is available to cotton cooperative marketing associations, whereby the Associations may obtain a loan on cotton on which such associations have made loans to their producer-members.

1953 ACP Program

When Lauderdale County farmers go over their farms with their local PMA community committee-men to determine the most needed conservation, particular attention will be given to signs of soil structure breakdown, says A. O. Chambers, chairman of the county PMA committee.

In getting the 1952 Agricultural Conservation Program under way, the chairman advises visits will be made to each farm in the county by the local PMA community committee-men. The committee-men were elected in community elections held on August 27. ACP assistance will be used to help the farmer in carrying out the conservation practice, or practices, most needed.

The breakdown of the soil in many cases is the first step leading to erosion and depletion. It is (Continued on Page 4)

Jaycees To Sponsor Xmas Fund Dance

Announcement is made that a dance will be held at the American Legion Hut on Friday, September 5, under the sponsorship of the Halls Jaycees. Funds derived from the dance will be used toward defraying cost of decorating the streets of Halls with lights for the Christmas season.

Music for the dance will be played by Calcutt Reed and His Orchestra of Dyersburg. Dance time will be from 9 p. m. to 1 a. m. Admission price will be \$1 per person or \$2 per couple.

This is the second dance that has been sponsored by the group to raise funds for the Christmas decorations. The first held in July was a success only to the extent that it paid expenses and no more.

In announcing the dance Louis Levy, Jaycee president, reminded the people of Halls that the dance is for the general public and that the money raised will be spent for the town.

Football Prospects Seem Excellent

About 35 candidates for both bruiser and glory are working out daily as preparation really gets under way for the coming football season. Coaches Jim McKee and Floyd Hooks have set up two daily practices with a large majority of the boys on hand for the practice sessions.

Of the 35 boys in uniform, about 18 are from the varsity squad of last year, 7 moving up to the varsity from last year's crack freshman team and the others are candidates for this year's freshman team.

Most of the drills so far have been conditioning exercises, dummy tackling and blocking practice, study of assignments on various plays, etc. but Tuesday Coach McKee instigated a short scrimmage and scrimmaging is expected to start in dead earnest with the opening of school next week.

The football field, which was turtle-backed and seeded this spring, is in excellent shape and it is believed that it will far surpass the past playing surface which the Tigers have had prior to this year.

James C. Peery, principal of Halls Schools, and Coach McKee have announced the following schedule, some of which are to be played on Thursday night.

Friday, Sept. 12—Union City, there Fri., Sept. 19—Brownsville, there Fri., Sept. 26—Dyersburg, there Friday, Oct. 3—Newbern, here Thurs., Oct. 9—Munford, here Friday, Oct. 17—Frayser, here Thurs., Oct. 23—Millington, here Fri., Oct. 31—Tiptonville, there Thurs., Nov. 6—Ridgely, here Friday, Nov. 14—Ripley, here

Carney Seeks To Be Delegate

To The Citizens Of Lauderdale County, Tennessee

As you know our State Constitution has not been amended since it was adopted in 1870—over 80 years ago. For the past several years much effort has been put forth by many people to effect some much needed changes in our basic law. In April, 1953, a Limited Constitutional Convention will meet in Nashville, Tenn. to discuss and recommend to the voters of Tennessee certain changes in the Constitution which must be approved and ratified by the voters of Tennessee before they become law.

By this Limited Constitutional Convention can consider and make recommendations on only the following 6 subjects:

1. The amending process of the Constitution itself.
2. Pay of the members of the State Legislature—they now are paid only \$4.00 per day which is less than the actual hotel bills which they must pay.
3. Governor's Term of office—it is now 2 years with a three term limit. A 4 year term with no successive term has been suggested as preferable.
4. Governor's Veto Power of Legislative Acts—Oftentimes there is only one objectionable provision in a law which requires the Governor to Veto the entire law. It has been suggested that possibly the Veto power of the Governor ought to be broadened so to permit veto of parts of laws, etc.
5. Poll Tax—It has been suggested that possibly this tax ought to be eliminated from the Constitution entirely.
6. Home Rule for Cities and Counties—At present the Legislature has full control over City and County Governments and it is suggested that the people of the cities and counties ought to have more say concerning their local affairs.

The Delegates to this Limited Constitutional Convention will be elected by the voters of Tennessee in the November, 1952, General Election.

I am herewith announcing my candidacy as Delegate from Lauderdale County to said Convention and I humbly solicit your support. Respectfully submitted,
C. S. CARNEY, JR.

LYNN VADEN BADLY INJURED MONDAY

Lynn Vaden, owner of Vaden's Cleaners, was painfully injured Monday night when he fell from the top bunk at a Reelfoot Lake Clubhouse and broke his left arm where it joined the shoulder and also severed an artery in his arm. Lynn was rushed to Dyersburg Hospital and then to Campbell's Clinic where he underwent surgery and was treated for shock.

Lynn, along with Mrs. Vaden, had driven to Reelfoot Lake to join Mr. and Mrs. Jerre Jordan, Mr. and Mrs. R. H. Jordan, Mr. and Mrs. Frank Budde, of Shreveport, La., Mr. and Mrs. George Crumpler of Dyersburg and others who were celebrating the Jordan family get-together.

Record Enrollment Expected Here

The long trek back to school will begin Monday morning with opening exercises set for 9:30 in the Elementary School Auditorium.

Included on the program for the opening exercises will be the following:

Invocation . . . Rev. C. B. Ware
Welcome . . . Mr. Peery
Song . . . Congregation
Led by Mr. H. G. Conley
Vocal . . . Mrs. M. E. McDearman, Jr.
Mrs. J. H. Murchison
Prin. Address . . . Rev. J. H. Newton
Announcements and Introduction of Teachers . . . Mr. Peery
Singing of Alma Mater —
Benediction . . . Mr. Conley
In announcing the opening of school James C. Peery, principal of Halls Schools, issued an invitation to all parents, patrons and interested persons to attend the opening exercises.

Predictions are that enrollment in both high school and elementary will exceed that of any previous year.

Former Gates Resident Dies

DYERSBURG—Mrs. Clara Escue Lambert, former Dyersburg resident, died early Wednesday morning at her home in Seattle, Washington. She was 42.

Services will be held at 4 p. m. Friday (today) at the residence. Burial will be in Seattle.

She was born in Gates and graduated from Halls High School. Moving to Dyersburg with her family in 1929, she took an active role in the affairs of the First Baptist Church, serving as a Sunday School teacher and as a leader in young people's work. She lived in Seattle 12 years.

She leaves her husband, Wilson Lambert; one son, Denny Lambert; her parents, Mr. and Mrs. Henry Escue of Dyersburg; three sisters, Miss Anna's Escue of Dyersburg, Mrs. Cooper Cozart of Dyersburg and Mrs. John G. Allen of Seattle and two brothers, Boyd Escue and James H. Escue both of Memphis.

Free Ice Cream At Halls Theatre

It was announced today that the Halls Theatre, as a special treat on Saturday, Aug. 30, from 1 p. m. to 2 p. m., will give to the children, entering the theatre with a paid admission, free ice cream through the courtesy of Halls Theatre and Swift and Company of Fulton, Ky.

With the special treat of free ice cream for the one hour, the Halls Theatre has another treat in store for the youthful attendance. A brand new serial, "King of the Congo," starring Buster Crabbe and jam-packed with all the thrills that goes to make an exciting motion picture, will be started.

Also playing on the double feature bill at the Halls Theatre are action star "Whip" Wilson and funny man "Al" Fuzzy St. John in "Son of a Badman." The second exciting feature stars Diana Douglas and a newcomer to the movies, Rex Reason, in "Storm Over Tibet." This is an excellent program and all will enjoy a restful 1-2 hours at the air-conditioned Halls Theatre.

Cotton Picking Gets Started

At least three loads of cotton were brought into Halls gins during the past weekend according to reports to the Halls Graphic.

At the Planters Gin Company, Coy Hastings, Halls, Route 2, brought a load of seed cotton weighing 1610 pounds which ginned out a bale weighing 530 lbs. of lint cotton. Mr. Hastings was given the ginning for bringing in the first bale and was paid 40c a pound for his bale of cotton. Seed was purchased at \$65 per ton.

On Thursday Nunn and Frank Reece brought a bale to Farmers Cooperative Gin Co. which was ginned Friday morning. Sumrow Gin Company also received a bale Thursday afternoon.

It is expected that by the end of this week quite a bit of cotton will be brought to the gins and the season will be in full swing within the next two weeks.

Prices for lint cotton and for cotton seed have not yet been determined. Ginning costs will remain the same as during the 1951-52 season.

Coach McKee To Address Jaycees

Due to the fact that next Monday is Labor Day and is conflicting with some other arrangements, Louis Levy, Halls Jaycee president, has announced that the meeting of the Jaycees has been changed from Monday night to Tuesday night, September 2.

The meeting will be held at Perry's Hotel at 7:30 p. m. with a meal served prior to the business meeting.

Guest of the club at the meeting will be Jim McKee, new high school football coach, who took over the coaching duties here last week and moved to the Daws apartment on Shannon street Thursday of this week. Mr. McKee will make a short talk to the organization calling for their support and cooperation and explaining his ideas concerning the game. President Levy urges that all members attend and take advantage of this opportunity to meet and hear Coach McKee.

Farm Bureau Lauds Prison Orchestra

Frewl Buffalo
In the Farm Bureau news article of last week we failed to mention the Ft. Pillow State Farm Band, and the part they held in the Farm Bureau Day Program.

This was an oversight on our part and we are sorry that it happened. The band spent the entire time of the program, from 2 to 7 p. m., making music and entertainment for the pleasure of all who were present, and also gave a concert.

These boys have put much time and effort in making these entertainments enjoyable, and they certainly are to be recognized for their contribution to any occasion. We would like to take this opportunity to tell them that we are truly sorry they were not mentioned in last week's report and also to thank them, the minister that came with them, and all who made it possible for them to take part in our program.

Insurance Meet
Walter Sanford left Wednesday for Columbia where the County Farm Bureau Insurance Agents will hold their annual statewide meeting at the 4-H Club Camp on August 27, 28, and 29. This meeting is designed to help the agent render a bigger and better insurance service in his county, and incidentally, Walter rates among the top-most agents of the state. We are proud of our agent and the things he stands for in Farm Bureau Insurance, as well as the service he is rendering Farm Bureau as a whole.

INJURES WRIST

Jerre Jordan painfully injured his left wrist Friday while mowing a machine at the Dairy Delite which he owns. Mr. Jordan separated a bone in his wrist and Tuesday it was placed in a cast.

MRS. CRICHFIELD HEADS AUXILIARY

Mrs. E. S. Crichfield, vice-president, moved into the presidency of the Halls American Legion Auxiliary at their meeting Monday night of this week. She replaces Mrs. J. K. Hinton, Jr. who resigned to accompany Dr. Hinton to New Orleans.

N. C. (Jack) Williams has accepted the job of supervising the skating rink and playground until Floyd Hooks can resume his duties. Mr. Hooks is tied up with his coaching affairs and school business at present.

School Attendance Laws Outlined

County Supt. of Schools Edric Owen this week announced the opening of Ripley and Halls High Schools and Elementary Schools on Monday, September 1st, with an expected record enrollment in the two schools.

Simultaneous with the announcement Attendance Teacher W. A. Grimes called attention to the compulsory school attendance law in the state of Tennessee. He also warned cotton producers that under Federal Law children under 16 years of age may not be hired to pick cotton during school hours under any circumstances. Children may help their own parents pick cotton provided they have proper permission from the school authorities and they may hire out to pick after school or on Saturdays. This does not apply to children whose school is closed for cotton picking. Children 16 years and older may be employed as pickers provided proper permission is secured.

Here are the facts concerning school attendance as set up by the 1947 State Legislature:

1. Every child in the State of Tennessee must attend some day school from his seventh birthday to his seventeenth birthday or until he has received a diploma from an accredited high school.

2. Children may be excused from attending school for the following reasons:

- a. Child's personal illness (Doctor's statement may be required).
 - b. Illness in family requiring temporary help from the child (Doctor's statement may be required).
 - c. Death in family (not more than three (3) days' absence).
 - d. Children may be temporarily excused from attendance at school on special and recognized religious holidays regularly observed by persons of their faith.
3. The new law requires that school officials shall report to Court any parent, guardian, or other person in Tennessee in parental relationship to children unlawfully absent from school for any five (5) days during the entire school year. According to law, the parent, guardian, or person having charge and control of a child is held strictly responsible for the child's attendance.
4. Penalty is provided in the law for those parents who fail to observe the new law. A fine of from \$2.00 to \$10.00 and costs for each day's absence may be imposed by the Judge of the Court in which the case is heard. There is also a penalty for making a false statement concerning the age of any child or the period of time that such child has attended school. This penalty is a fine of not less than \$5.00 nor more than \$50.00, the amount to be decided by the Court.

RECEIVE VOL STATE AWARD

Mary Ann White and L. B. Marshall, Jr. received the 4-H Vol State Award in a ceremony at 4-H Round-Up at Knoxville. This medal was presented to them in recognition of their outstanding records in project achievement, leadership and service in 4-H Club work.

In order to be taken into this organization a club member must be 15 years of age and has satisfactorily completed five years of club work. Mary Ann and L. B. fully deserve this honor which they have received.

Crop Farm Tour Made Last Week

F. H. Paschal
County Agent

Arthur Thompson, Chairman of the Farm Improvement Committee, and Byron Escue, Jr., President of the Durhamville-Orysa Community Improvement Club, were leaders of a farm tour last week to see some of the best crops and practices in their community.

Starting at Arthur Thompson's 20 acres of cotton in which he had just seeded two bushels of Forke-deer oats and 10 pounds of Crimson Clover seed per acre, the group of interested farmers went to see a 20-acre rescue and ladino pasture on which P. M. Parker has had 37 head of beef cattle for the last six weeks. Mr. Parker

had seeded 25 lbs. of vetch and 1 1-2 bushels of Balbo Rye per acre in 10 acres of cotton and had also seeded 25 lbs. of ryegrass and 5 lbs. of ladino per acre in six acres.

In another field he had some Funks 512W that looked mighty good.

T. W. Fisher was seeding 20 pounds of Caley peas with 1-2 bushels of Balbo Rye per acre on a 20 acre field of cotton with cyclone seeders and covering it with sweeps. He bought the peas because the seed were cheaper than vetch and he wanted to try them.

Other Good Practices Seen

B. F. Escue and Son showed us the field of 15 acres of cotton on which they have recently seeded a mixture of 50 pounds of rye and 20 pounds of vetch per acre. They have made the same seeding in the middle of 10 acres of soybeans. They told the group about the recent sale of a litter of 11 pigs from a Hampshire and Poland China mixed sow. The litter at 6-1-2 months of age averaged 206 pounds when marketed in July. Not to be outdone, Arthur Thompson told of his marketing a Poland China male hog in June which weighed 868 pounds for a stockyard record of the year.

On the Escue farm was observed also a corn variety test which included Tennessee 33, Funk 711-13M and YSM, and others.

On the farm of E. E. Foust was observed good soybeans and bermuda grass pastures which have carried a number of cattle during the hot weather. Lee King had some good corn on lowland. In 25 acres of cotton on the Thompson Bros. farm two bushels of oats and 10 pounds of Crimson Clover per acre have been seeded for winter pasture and to provide a green crop for turning under in the spring. We also saw some good cotton grown by James Edwards on Mrs. A. M. Estes' farm and 64 (Continued on Page 2)

NAME IS OMITTED FROM LIST

Through oversight the name of Jim Carmack, letterman for the past two years, was omitted last week from the letter men returning to the football squad. Jim is a halfback, a member of the senior class and is counted on for plenty of action this season. We are sorry that Jim's name was omitted.

HALLS NEGROES TO OBSERVE LABOR DAY

Big doings are planned in Halls next Monday, Labor Day, by the colored people of Halls. A Labor Day Celebration is being sponsored by various churches and other colored organizations with a portion of the celebration being a Parade through the streets of Halls.

PROPERTY SOLD

The Mrs. Roxie Goodwin property on E. Main Street has been sold to W. R. Smith and wife who will move to this new home after extensive remodeling has been completed. Sale was made by Nunn & Martin.

The Halls Graphic HALLS, TENNESSEE

Entered as second class matter weekly at the post office in Halls, Tennessee, under the act of March 8, 1939.

er communities can encourage each other and learn from each other by taking some time for such a community visit to other farms. Strawberries Need Help Strawberry runner development has been seriously delayed this year and the application of 400 to 600 pounds of 6-12-12 fertilizer per acre in early spring is more necessary than ever. This fertilizer can be distributed over the top of the rows and brushed off the plants. Loss of stands of old berries over the drought area should make strawberries a good price next spring. We can afford to work out and fertilize old berries which normally would not be worth keeping. Good Honey Yield Herman Wilson of Ripley recently robbed one Super from one of his bee hives and got 20 pints of strained honey of excellent quality and attractive color. The number of bee hives in the county has greatly increased in the last two years and we should have several hundred more on different farms for better pollination of crops and the production of more honey.

INKY PERRY CELEBRATES TWELFTH BIRTHDAY

Inky Perry celebrated his 12th birthday by inviting eight of his friends to a Theatre Party.

Following the show games were played at the Perry home and later in the afternoon a weiner roast and watermelon feast were enjoyed.

Those attending were Carmen Belton, Josh Nunn, Harry Wright, Jr., Jerry Smith, W. T. Harris, Buddy and Chuck Murchison, and Mike Stone, of Alamo.

ORDER OF PUBLICATION

TO LEWIS GITCHELL, GLADYS GITCHELL VS. LEWIS GITCHELL

IN THE COUNTY COURT AT RIPLEY, TENNESSEE

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant, Robert Barlow, is a non-resident of the State of Tennessee, and resident of the State of Alabama so that the ordinary process of law cannot be served on him. It is therefore ordered by the Court that the said Robert Barlow appear before the Judge of the County Court of Lauderdale County on or before the third Monday in September (it being the 15th day of said month and a rule day of this Court) and make defense to the bill filed herein against him and others, or the same will be taken for confessed as true and the cause set for hearing exparte as to him.

It is further ordered that this notice be published in the Halls Graphic, a newspaper printed and published in Lauderdale County, for four consecutive weeks, requiring him to so appear. This 11th day of August, 1952. N. C. UTLEY, Clerk.

DANCE HONORS TOMMY FLYNN LAST WEDNESDAY

Misses Barbara Andrews, Marilyn Olds, Shirley Jacques, Joan Gail Smith, Nancy Connell, Lucinda Alsbrook, and Shirley Sloan were hostesses at a dance at the Legion Hut last Wednesday evening honoring a former school classmate, Tommy Flynn, of Albuquerque, New Mexico. Multi-colored balloons and streamers of crepe paper decorated the Hut. Chaperones were Mr. and Mrs. Billy Spence, Mr. and Mrs. Poston Arwood and Mr. and Mrs. Floyd Hooks. Sandwiches and iced drinks were served to about seventy-six guests. Out-of-town guests included Misses Nancy Trout, Peggy Roberts, Rita Simmons and Glynn Gean, Milton Magee and Sonny Tucker of Dyersburg.

FMA NEWS
 (Continued from Page 1)
 The result of continued cropping. The humus is used up, the soil becomes compact and more difficult to handle, and it holds less water and air needed for plant growth. Where restoration of good soil structure is the most needed conservation, chairman Chambers explains, ACP assistance will be used to help the farmers restore organic matter and build up the fertility of the soil through the growing of grasses and legumes. In some instances this will mean putting the land into permanent pasture. In others breakdown can be checked by growing a cover crop and turning it under as green manure. After the condition can be corrected by growing grass and legumes as a regular part of the rotation. The chairman explains that the Agricultural Conservation Program provides assistance in obtaining seed and for practices needed to establish a good stand.

NOTICE OF MEETING OF OBION PRESBYTERY
 Obion Presbytery of the Cumberland Presbyterian Church meets with the North Union Congregation on September 16th and 17th. The meeting will begin at 10:30 a. m. on the morning of the 16th. There will be an evening sermon by Rev. E. C. Cross at 7:30 p. m. The meeting will begin at 9:00 a. m. on the second day. All Churches are advised that Session Records are to be presented at this meeting. All visiting ministers are invited.
 Rev. Logan Tilghman, Mod. Edward Jones, Clerk & Treas.
