Number 1

It Says Here . . .

By Vaughn Richmond

People are making the rounds . . . Big Christmas dinners, etc. Did you ever see a fellow taking a nap after a big dinner like that? Well, the personality shows itself here as in other places and pursuits! The "dozers" are not all alike. According to the temperature of the room, etc., they have their different "oddities." Some lean the head back—then others do what we call "nod" by hanging the head, or bowing the head forward (that's the only way one could "bow it" I suppose). Still others turn the head to one side or the other, and, believe it or not, I have seen them neither "lean it, nor bow it, nor turn it"—just sitting there like a statue napping after a good "well-rounded" meal. Well, like I say, one thing we have to be thankful for is a country where we can do as we please so long as it doesn't affect the other fellow's neck . . . and after all, what difference does it make which way a fellow leans his head while taking a "short after-dinner nap," so long as he proves himself to be a good American by having little enough sense to over-eat at Christmas time, and such occasions. It's a free country! And personally, I take mine on the couch—the arm rest is a little high for a pillow, but my chest always catches my chin and the crick in my neck will "wear out" after so long a time . . . and maybe when I "wake up" (awake, if you prefer) my mind will be clear enough for some New Years Resolutions . . .

Every 4-H'er Is Given A Job

Charles T. Peal
Asst. County Agent

The beginning of 4-H Club work is the club project. Every boy or girl who joins a 4-H Club is given something to do, something to work out as the price of membership in the club. Club projects usually embrace pieces of work helpful to do in the community or home as an example of the better way. They require a substantial period of time for their accomplishment, supplemented by the keeping of records of labor and cost, the making of an exhibit of the things produced in the project, work and the writing of a story of what has been done. Club projects are usually associated with some phase of agriculture or home economics or rural life.

The projects are not "make believe" work but a part of the real problem of life, like growing a garden, supplying the home with food, marketing or preserving the surplus; raising a flock of chickens to maturity; making, baking and judging bread; growing an acre or more of corn or cotton; raising a litter of pigs, beef or dairy cattle; and using in all these projects the most approved ways of science, practice and teaching known to our agricultural colleges or the U. S. Department of Agriculture and our best farmers.

The project is what gives body and life to 4-H Club work. It gives all club members work—something to do with their hands and mind. It gives all club members work—their ingenuity. It gives them personal responsibility, opportunity to express themselves in speech and writing, demonstration and exhibit.

No youth will get the most out of club work who doesn't have a substantial project to carry out.

We would define a 4-H Club project then as a task to do in agriculture or home economics or rural life usually extending over a period of four to 12 months, that helps learn the better way of accomplishment, and which involves the keeping of records, making an exhibit, and writing a story of work done.

Attendance of club members at all club meetings at which project work is discussed is also a part of the club project.

The younger club members have

Covington To Play In Halls Tonight

The Halls High School basketball teams will play hosts to the Byars-Hall teams of Covington in the Halls gymnasium on Friday night of this week with the games scheduled to start at 7:30. Delay in installation of wire will prevent use of the new gymnasium for some time to come.

Both Covington teams are rated among the top teams in this section with the Covington boys rated as perhaps the best team in the district. Record of the Covington girls is not as good but it is still classed as a top team.

In games Tuesday night of this week the Halls girls defeated the Ridgely girls 68 to 35 and the Halls boys won over the Ridgely boys by a score of 41 to 24.

Neither of the games Tuesday night could be classed as good since the Halls girls easily whipped the Lake County girls and while the score at the end of the first quarter was 10 to 8 and at the half 20 to 12 in the boys game there was never much doubt about the outcome of the game. The Halls boys played a more or less lackadaisical game and were seemingly bearing down only hard enough to maintain a lead.

Joy Watts sank 34 points to lead the scoring for the Halls girls while the scoring was fairly evenly divided among the Halls boys with Tom Belton racking 12, Joe Jacobs 10, Stuart Crichtfield 9, and Gene Olds 8. For the girls Martha Woodard racked up 8 field goals while Watts was scoring 11 in less than three quarters of play.

In a preliminary game Halls 8th grade girls completely overwhelmed the Ridgely 8th graders by a score of 57-6. Covington and Halls 8th grade boys and girls will play here tonight (Thursday) in games starting at 7 o'clock.

CARD OF THANKS

Rev. and Mrs. E. B. Wiley and family wish to express sincere thanks to everyone who in any way had a part in making the Emerald Anniversary Celebration possible. "There is no treasure which may be compared unto faithful friends."

NEW MATH TEACHER IN HIGH SCHOOL

Elmo Todd of Lexington, Tenn., became a member of the Halls High School teaching staff this week assuming the math teaching duties of the late H. G. McKorkie. Mr. Todd attended Union University and Peabody College and has taught in the Henderson County schools for the past 9 years. He is the brother of Dr. T. W. Todd, local dentist. Mr. Todd is single.

Start Using New School Building

Partial use of the new elementary school building was started this week with the 4th through the 8th grades entering the new building. These grades occupied the upper floors of the building.

The first three grades remained for the present in the high school annex pending the re-laying of asphalt tile which had failed to set on the lower floor of the building. Weather conditions are said to have been responsible for the tile not setting to the floor and it is believed that continued heat in the building will remedy this after a few days.

In addition to closing off the ground floor of a portion of the building use of the cafeteria and the gymnasium - auditorium has been postponed due to the lack of wire to bring current into the cafeteria and gym.

County Supt. of Schools Edric Owen stated Wednesday that it is expected that the remainder of the work on the building will be completed rapidly and use of the entire building will not be delayed for any great length of time.

BASKETBALL GAMES HERE NEXT WEEK

The Halls teams will play host to the Dyersburg basketball teams Tuesday night of next week while the Munford teams will play here next Thursday night, January 10. The Munford game is being played here due to the burning of the Munford gym and will be classed as a home game for Munford.

"Sow a Want Ad Seed and Reap a Harvest of Results."

Penny Postcard Is No More

WASHINGTON—The old American tradition of a penny postcard vanished Monday night as midnight bells rang in the New Year.

A victim of inflationary times, millions of Americans have written the scenic card on which untold "wish you were here" will cost two cents to send through the mail, effective at 12:01 a. m., Jan. 1. So will the unadorned Government card.

Some other postal prices will rise at the same time, but the three-cent rate for letters remains intact.

The boost in postcard and other rates is designed to yield 120 million dollars a year more for the Post Office Department, which has long been operating in the red.

Postcards with only a penny stamp attached, beginning Tuesday, will be returned to the sender, if known. If the sender is unknown, the cards will be delivered stamped "postage due."

After 60 days, all one-cent cards will go back to the sender, if known, or to the dead letter office, if unknown.

Other changes effective with the New Year include:

Parcel Post—Reduction in maximum weight and size of packages mailed between any first-class domestic post offices from 100 inches in total length and girth to 72 inches, and from 70 pounds to 30 or 20, depending on zones. Also, a half-cent increase for third-class postage on books, catalogs, seeds, cuttings, bulbs, roots and plants not on special bulk rate.

Special Delivery—Higher fees, from 15 and 45 cents to 20 and 60. Domestic Registered Mail—Up from 25 cents and \$1.50 to 30 cents and \$1.75.

Domestic Insured Mail—Up from 5 and 30 cents to 5 and 35. Domestic Collect-on-Delivery Mail—Up from 20 and 60 cents to 30 cents and \$1.

Effective April 1, second-class mail including newspapers, magazines and other printed matter will cost 10 percent more. Additional 10 percent raises are scheduled for these items on April 1, 1953, and April 1, 1954.

Rev. W. M. Vaughan Died Friday Aft.

Services for the Rev. W. M. Vaughan, Sr., pastor of the Gates Methodist Church Circuit, were held at 11 Monday morning at the Gates Methodist Church.

District Supt. M. H. Stroud of Dyersburg, assisted by the Rev. W. E. Mischke, Sr. of Paducah and the Rev. H. A. Goforth of Halls, officiated. Burial was in the Mayfield, Ky., cemetery.

The Rev. Mr. Vaughan died at his home Friday afternoon after a second heart attack. He suffered the first attack on Christmas Day. He was 50.

He has served in the Memphis conference 22 years. Among charges he has served were Maryland, Ky., Kirksey, Ky., Clinton, Ky., Wingo, Ky., Highland Heights Jackson, Decaturville, Clifton, Brownsville Circuit, Pinson, Camden and Dyer.

In addition to his ministry, the Rev. Vaughan was an artist and writer having written a number of poems, had several articles published and at the time of his death was writing a column "It Says Here" under the pen name of Vaughn Richmond. His final article written just a few hours before his first heart attack appears in this issue of the Graphic.

He leaves his wife; his mother, Mrs. R. A. Vaughan of Detroit; two daughters, Miss Martha Vaughan of Paducah, Ky., and Mrs. Robert Baron of Dyer; a brother, Warner Vaughan of Detroit; and seven sisters, Mrs. Ethel Byrd of Mayfield, Ky., Mrs. Aubrey Calhoun of Washington, Mrs. Raymond Shank, Mrs. Wallace Allison, Mrs. Neal Blalock, Mrs. Harry Lee, and Mrs. Frank Carter, all of Detroit, and two sons, the Rev. W. M. Vaughan, Jr., associate pastor of Broadway Methodist Church, Paducah, Ky., and Hugh Vaughan, a student at Memphis.

TO ASSIST FARMERS WITH INCOME TAX

Mrs. Lynn Hargett will be in the Farm Bureau Office in the Arcade in Ripley to assist farmers in filling out their 1951 Income Tax Returns and Mrs. L. C. Cannon will be located in the M. H. Stallings Implement Co. in Halls to the county for the month of January 1952.

26 Injured In Bus Collision

A collision of two Greyhound buses in the rain-pattered predawn darkness on the outskirts of Dyersburg Wednesday caused hospitalization of a bus driver and 25 passengers, seven for serious injuries.

Five other passengers were treated for minor injuries and dismissed.

Most seriously hurt was the driver of one bus, Gerald F. (Red) Wilkerson, 35, of 1702 Overton Park, Memphis. He suffered fractures of both legs, one of which was amputated Wednesday night at the Baptist Hospital in Memphis where he was taken in the afternoon.

The crash occurred shortly before 6 a. m. Wednesday on Highway 51 when a Memphis-bound Greyhound made an uncheduled stop in front of Radio Station WDSG, just inside the city limits of Dyersburg, to discharge a station employee. A second Greyhound bus, also headed for Memphis, roared over a rise in the rain-slick road and plowed into the rear of the first vehicle, knocking it some 50 yards along the highway.

Most seriously injured was Mr. Wilkerson, driver of the second bus. He underwent surgery late Wednesday at the Baptist Hospital where his condition was reported as fair. He was wedged in the wreckage for an hour and a half. Police said that despite his injuries, he begged rescuers to remove his passengers first. Eight of the passengers were trapped in their twisted seats for 45 minutes before wrecker crews could extricate them.

Ten of the injured were hospitalized at Dyersburg, while 10 service men were taken by Navy ambulances to the Naval Hospital at Millington and to Memphis clinics.

Bobby Jackson Finishes Course

Pvt. Bobby Joe Jackson, 17, son of Marvin L. Jackson of Halls, is completing his AF basic airman indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, Texas, is the world's largest air force base, site of Air Force basic training, for men and women, headquarters of the Human Resource Research Center, and home of AF's Officer Candidate School.

His basic training is preparing him for entrance into Air Force technical training and for assignment in specialized work. The course includes a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

FIRST STEPS MADE FOR NATURAL GAS

Major P. W. Crittendon announced this week that the first steps in the possible securing of natural gas for Halls were made this week. Mayor Crittendon stated that application has been made to the Federal Power Commission for permission to install gas in Halls and preliminary steps for a survey to determine the feasibility of the city operating a gas plant. Further announcements will be made in the near future.

HOME FROM HOSPITAL

Joe Sumrow, who underwent surgery at the Baptist Hospital in Memphis recently, has returned to his home here.

Resolutions For New Year For Farmers

F. H. Paschal
County Agent

The coming of a fresh New Year is always welcome to farmers. There are rough spots in every year and we can always remember these and hope that the new year will be better. It is usually better if we are wiser. Certainly it will be different.

All the economic signs indicate that 1952 will be a profitable year for us, but it will have its problems. Sound farming principals will pay the greatest dividends.

New Year's resolutions are an order and we all make them. I is even easy to make them for other people. Here are just a few suggestions which might serve as a basis for profitable resolutions:

1. Get a good farm record book of some kind and start this month keeping account of the expenses and income of the farm in such a way that a good summary can be made of it for study at the end of the year.
2. During January and February kill as many as possible of the multitude of rats which infest almost every farmstead and which eat and destroy at least \$5.00 worth of food and feed per year.
3. Borrow money from bank, PCA, from individual, or from some other source for credit needs and then pay cash for what is bought.
4. Get soil test boxes from County Agent's office and get soil samples from fields and send them to laboratory in January or February.
5. Plan to grow all the cotton we can grow profitably this year and that we can chop and stack with the labor on the farm.
6. Fertilize cotton and corn as well as soybeans and other crops according to soil tests for higher yields and greater profits.
7. Practically every farmer should grow some hogs for market and practically every farmer could profitably keep one or more sows if Ladino Clover pasture is provided and a good system of sanitation is practiced. Landlords should work with tenants toward the production of more livestock on most farms for better income and higher living standards.
8. Plan toward liming and fertilizing and otherwise preparing some land to be seeded in permanent pasture in September.
9. Use all PMA money allowed on farm to help on liming and fertilizing an acreage of pastures and cover crops.
10. Plan toward a sound long-term rental agreement with tenants. This will increase profits to landlords and tenants and will be a big step toward the development of all the people toward better citizens in the future.
11. Beef cattle production is profitable on most farms. Sound pasture programs are necessary. Farmers who grow into the business and stay in it year after year find it most profitable.
12. Make full use of all the governmental agencies and cooperative organizations that are trying to help farmers. Attend the meetings of farmers held in your community and county and take an active part in building a better community and a better county. Vote in all elections held this year.

CARD OF THANKS

We the inmates of the County House, of Lauderdale County, Tennessee, take this opportunity to thank the citizens of Ripley and Halls, and other parts of the County, for the good things that were sent by you to us for the Christmas Holidays. We were made very happy to know that some one remembers us and again we say thank you from the bottom of our hearts.

4-H Club

(Continued from Page 1) the simpler, shorter projects which increase in substance, complexity and importance as the members grow older and more capable.

Playing games, singing, sleeping with the windows open, camping out, personality development and social life are not 4-H Club projects, but may be accomplishments which help to make the project a game instead of work.

While the club project may seem to be somewhat matter-of-fact and commonplace, it serves in a remarkable way during the course of the weeks and months of its pursuit to furnish may object lessons of the right and wrong way of doing things — to bring out the quality of person one is — his or her ability to get along with folks — meet emergencies — poise in victory or defeat.

We are equipped to give you quick and good service on your Frigidaire or Maytag Appliances. We carry a complete stock of parts for all of our appliances. So, if your old appliance is in need of repair, bring it in or we will pick it up for you and service it.

If you are in the market for a new appliance it will pay you to see us before you trade or buy.

It always pays to buy the most popular brand of appliances on the market, and from a dealer that can give you service.

We also have a good stock of used, guaranteed Refrigerators, Ranges and Washing Machines. More Frigidaire serve in American homes than any other refrigerator.

We also Rebuild and Rewind Electric Motors.

Hurt & Hansford

George Baker, Service Man Phone 2611 Halls, Tenn. Frigidaire -- Maytag

The thought we would leave in all this is that in 4-H Club work we may well stress the project as the first essential. It constitutes the meat of the club program. The projects are the tests by which youth are tried and solid growth comes. Music, the club banquet, the games and social life are the trimmings that add relish to the meat but are not a substitute for it.

Life is work and sweat, failure and success, despondency and joy, drab weather and smiling skies, and all these are experienced in carrying out the project.

The project and the trimmings are not taught separately. They go along hand in hand, day by day. The project is what gives club work its power as a teaching agency and a builder of character.

Suit the project to the ability of the boy or girl and have it of

Dinner guests Sunday of Mr. and Mrs. Clarence Cates were Mr. and Mrs. Ira Cates and family, Miss Bernice Bowie, Mr. and Mrs. Clydie Cates and children, Mrs. Arnold Hilliard and son of this community, Cpl. Galen Hilliard of Ft. Hood, Texas and Pfc. James K. Bowie of Virginia.

Recent guests in the Clarence Cates' home were Mrs. Beulah Brazier, of Memphis and William Lynn Criffield of near Edith.

CARD OF THANKS

I want to thank each and every one for the basket of nice things which the basket contained. Santa has been very nice to me this Xmas.

Thanking you again for your kindness. Mrs. Alice Fitzhugh

CARD OF THANKS

To the City of Halls of Tennessee and Citizens I send you greetings for the kindness that you bestowed toward me. I pray that God bless one and all that gave, and all that didn't. I hope you all have a prosperous New Year and a long life. Ben Reed

CARD OF THANKS

I would like to thank those who were so thoughtful during my recent stay in the hospital, all those who sent cards and flowers and those who made visits. Joe Sumrow

Sunday School Lesson

(John 1:35 - 51)

"FINDING THE CHRIST"

Among politicians who say "to the victors belong the spoils," to be an original booster for a man who is later elected president counts for a great deal. Positions and preferments go first to such original supporters and their friends.

In this quarter we study the early followers of Jesus. He could offer no preferments to His early followers. The only rewards He could proffer were poverty, rejections, persecutions, imprisonments and death. It meant to take up a cross.

Some of this quarter's lesson titles are very challenging. Among them are: The Call of Fishermen, Nicodemus the Hesitant Follower, The Decision of Two Rich Men, Our Beloved Barnabas, Paul a Prisoner for Christ, Lydia a meretly to a cause, but to a Person, Luke, Physician and Historian, Jesus loved all classes of people,

and in looking at Him through the eyes of His friends we get to know Him better. Earl L. Douglas in the Snowden-Douglas S. S. Lesson says, "He was then and is today—and we believe ever will remain—the Saviour of all mankind. He fills every human need. He is every man's Friend, every man's Teacher, and above all, every man's Saviour."

Good men first found the Christ. There was John, the wilderness preacher, who longed for the Saviour, who was willing to decrease that Christ might increase. He pointed out Jesus to two of his own followers and said, "Behold the Lamb of God." There were Andrew and Simon, fishermen, destined to play an important part. There were Philip and Nathaniel, given to meditation and prayer.

The first words any of these said to Jesus were, "Master, where dwellest Thou?" They wanted to be with Him. They wanted to hear His words, to live on His plane. They were already following Him.

Andrew was a personal worker. He starts at the right place—he finds his own brother and brings him to Jesus. His work here may be summed up like this: finding, saying, bringing. If Andrew had rendered no other service than this he is a great benefactor to the cause. He brought Simon, later called Peter, the great leader of the Church. David Livingstone was converted under very humble circumstances, the only convert in that meeting, and the preacher's name we have forgotten. But what a service to the Kingdom when he led David Livingstone to Christ!

It is great to be a follower of Jesus. We have seen old soldiers straighten their shoulders and boast, "I served under General Lee," or "I was one of Bedford Forrest's men." The Christian religion centers in a Person. The proudest thing a man can say is, I am a follower of Jesus Christ. Based on intellectual understanding, He was the greatest among men. Based on character, He was supreme. Your attachment is not merely to a cause, but to a Person, who will cause you to find the truth of life.

Fair Warning, Says Mayor

The Board of Mayor and Aldermen are issuing warning to all dog owners this week, according to Mayor P. W. Crittendon concerning the running loose of unvaccinated dogs. Mr. Crittendon stated that a resolution was passed Monday night by the Board instructing the Mayor and the City Marshall to remove stray dogs from the streets of Halls. Mayor Crittendon stated Wednesday that a number of incidents of persons being bitten during the past few months have been reported to him, the latest being City Mail Carrier Asa Vaughn who was bitten Monday of this week. Mayor Crittendon stated that after a period of 30 days only dogs that have collars with vaccination tags attached will be allowed to run free and all female dogs must be kept up at all times. Mayor Crittendon stressed that this move is being made to protect school children and others from possible rabid dogs, etc. He requests that the public cooperate with city officials in this matter.

More Complaints

Since we have started we will add that Mayor Crittendon states that reports have been given to him that chickens are being allowed to run loose in Halls. He calls attention to the fact that this is a violation of a city ordinance and that chickens may not run at large damaging other people's property, etc.

Levy Sale

For the sixth straight year the Joe L. Levy & Son firm of Halls is offering the people of this territory an opportunity to save on their winter clothing needs with a store-wide Clearance Sale with clothing, piece goods, etc. offered at greatly reduced prices. In some cases items are offered at a lower price than has been true in several years. Placed on sale is clothing for every member of the family as well as other household needs such as blankets, towels, sheets, etc. Elsewhere in this issue of the Graphic may be found a 4-page tabloid size advertisement which covers both the Department Store and the Bargain Annex. Read this advertisement and take advantage of the bargains offered.

Bank Statements

Elsewhere in this issue of the Graphic may be found the annual statements of the Bank of Halls and the Gates Banking & Trust Co. Halls and Gates may well be proud of these institutions and their efforts in serving the public. Congratulations are in order for officers of both of these banking institutions.

Anniversary Sale

In commemoration of her 22nd anniversary in business, Mrs. Vera Hilliard is this week offering the ladies of this territory some outstanding clothing values with all fall and winter merchandise drastically reduced in price. Mrs. Hilliard invites you to help her observe her 22nd anniversary by taking advantage of the many bargains being offered.

BACK HOME AGAIN

We wish to express our thanks and appreciation to our many friends and neighbors for their letters, Christmas cards, and presents sent to us while on a two month's visit in Memphis.

May God bless each and every one in our prayer in Christ Jesus.
JEFF and MITTIE AGEE

JUNIOR CLASS TO HAVE SQUARE DANCE

The Halls High School Junior Class will sponsor a Square Dance at the high school gymnasium next Monday night, January 14, beginning at 8:30. There will be sandwiches, drinks and home made candy on sale during the dance. The dance is open to the public and a cordial invitation is extended to attend. Admission price is 35c for couples and 25c stag.

4-H Clubbers To Be Assigned Projects

Charles T. Peal, Asst. County Agent
The January series of 4-H Club meetings will begin on the 14th. Project cards will be marked by club members and we would like for you to give some thought as to the project or projects you will like to take in 1952. Discuss your project with your parents so that you will be sure that it is agreeable with them for you to take the project you mark. Every member must have a project with which to work throughout the year.

Some boys projects are beef calves, pigs, poultry, corn, cotton, potatoes, dairy production, gardening, home ground improvement, farm and home electric, farm and home safety, soil conservation, tractor maintenance, fire prevention, handicraft, wild-life, etc.

Girls may take most of the boys projects and in addition clothing, home improvement, canning, food preparation, frozen foods, and home service.

We will show some slides about projects and 4-H club work in general.

Boys who have their records completed should turn them in at this time.

Don't forget to drain radiators and cylinder blocks on motors not in use this winter. Such motors should have spark plugs removed and a spoonful of motor lubricating oil poured into the cylinder. Turn the motor over by hand two or three times to distribute oil through rings and valves.

SOS to Lead Fight To Control Water Where It Falls

By TOM MEANLEY, Press-Scimitar Staff Writer

This Phase of Soil Conservation To Be Discussed at Forum

A watershed flood control and soil conservation forum will keynote the 1952 Save-enrich Our Soil Assembly.

Assembly Day will be March 14, Martin Zook, SOS Contest manager, reported today.

Sponsors of the SOS contest are The Press-Scimitar, Friends of the Land, Lumbermen's Club of Memphis and the Memphis Chamber of Commerce.

"Because of general and urgent interest in the watershed system of flood control, we have decided that this will be our topic for the two-hour forum on the morning of our assembly," Mr. Zook notified the SOS committee today.

Heard Heads Plans
"The Soil Conservation Society of America spent a whole day on the subject when they met in Memphis last month. Our own W. L. Heard (assistant Mississippi Conservationist developing the Tallahatchie River watershed) was one of the society speakers. We have asked him to act as chairman of this forum planning committee."

The "watershed plan" means to tackle soil and water conservation and flood control at the very source of the trouble—the headwaters of the rivers, creeks, drainage ditches—the fields where rain water first falls. It means the co-operation of farmers from river bottom to hillside field to make rain water behave and serve everybody in the most useful manner.

Wolf River farmers have already set up a Wolf River valley association to tackle flood and erosion problems in a co-operative plan. The SOS Committee helped these farmers organize the association. This committee is made up of active conservation workers repre-

Ripley Legion To Be District Host

The next meeting of Ninth District Legionnaires will be held at Ripley in the new armory Thursday night, January 17, at 7:30 o'clock, it was announced this week by District Commander Guy Jones of Union City.

Commander Jones points out that the Ripley post has not held a district meeting in several years and is going all out to make this one of the best meetings of the year.

Past Department Commander George T. Lewis, Jr., of Memphis, will be the principal speaker for the meeting. Mr. Lewis is an outstanding speaker and well versed in the program of the Legion. Department Commander Bert Barnes, Jr. of Bells and other department officials will also be there.

The regular monthly business meeting of Halls Post No. 161 will be held at the Legion Hut on the Air Base Monday night at 8 o'clock.

Bank Meeting Set For Next Monday

R. V. Lilley, president, has announced that the annual directors and stockholders' meeting of Gates Banking & Trust Co. will be held next Monday afternoon, January 14, at one o'clock in the directors' room of the bank.

In this issue of the Halls Graphic may be found the annual statement of the condition of the bank as of December 31, 1951.

A quick check of the figures reveals that the bank has total deposits of \$926,811.80 with total assets of \$1,009,255.76.

The check also reveals that the bank has a capital of \$25,000, a surplus of \$25,000, and undivided profits and reserves of \$32,448.96.

BASKETBALL GAMES

The Halls 8th grade boys and girls will play the Brownsville 8th graders in basketball games on Friday night at the Halls gymnasium. Game time is 7 o'clock.

SAM JOHNSTON ANNOUNCES FOR REPRESENTATIVE

Sam Johnston of Henning has authorized the Halls Graphic to announce him as a candidate for direct representative from Lauderdale County in the forthcoming Democratic Primary.

Mr. Johnston served the county as representative in the 1951 General Assembly and is seeking re-election. He made no formal statement other than that he will again serve to what he considers the best interests of the county and calls attention to his past record.

At the present Mr. Johnston is chief of the Huntington division of the Tennessee Highway Patrol in West Tennessee.

Halls Boys Win Over Dyersburg

The Halls High boys basketball team reached its peak of the season Tuesday night when they handed the highly vaunted Dyersburg cagers a 38 to 37 licking on the Halls Court. The Tigers started slow and were trailing 11 to 10 at the end of the first quarter, they moved into a seven point lead during the second quarter, 23 to 16.

Dyersburg outscored the Tigers in the third quarter and were momentarily in the lead but the Tigers managed to knot the count 29-29 at the end of the third period, gained a three-point margin early in the fourth quarter which they managed to maintain until just at the close of the game when Dyersburg moved within one point.

At the close of the game the Tigers were fouled and took the ball out of bounds to kill the remaining few seconds of time. Tom Belton led the scoring with seventeen points with Ed Jacobs and Gene Olds scoring from the field to keep the Tigers in the game at all times. The Tigers managed to control the backboards after the first quarter with a momentary lapse during the quarter with King dropping two quick ones under the basket with Jacobs out of the game. Defensive play of the Tigers was excellent with offensive play being good.

In the girls game the Halls girls had things their own way as they easily defeated the Dyersburg sextet 59 to 29 with the first stringers in the game only during the first and third quarters. Scoring was evenly divided with Faye Erwin, Martha Woodard and Margaret Critchfield each having 12 points.

In the games last Friday night the Halls girls handed their arch rivals, Covington, a resounding 57 to 36 licking with the regulars on the sidelines during the fourth quarter. They left the game with a 45 to 22 lead. Joy Watts racked up 33 points for Halls. Shirley Prichard played an outstanding game at guard as she held highly rated Francine Trantham to two field goals during three quarters.

The Halls boys had a basketball game within their grasp and then blew sky high when Covington switched to a pressing man to man defense during the last half with Covington winning 61 to 35. The

Funeral Services For Joe B. Chambers

Services for Joe B. Chambers were held at 2 Wednesday afternoon at Halls Baptist Church with the Rev. R. J. Cooper officiating. Burial was in Mt. Vernon Cemetery with Sudbury Funeral Home in charge.

Mr. Chambers died at the home of his sister, Mrs. S. N. Meadows of Halls, after an illness of about five years. He was born in Dyer County near Unionville. He was 60. He was a farmer in Dyer and Lauderdale Counties and a Baptist.

He leaves two daughters, Mrs. Bill Morefield of Las Vegas, Nev. and Mrs. Roberta Mathews of Jacksonville, Fla.; a son, Guy S. Chamber of Knoxville; and three grandchildren.

(Continued on Page 4)

Bank Officials Are Re-Elected

David R. Nunn was again named President of Bank of Halls at the annual directors and stockholders meeting of Bank of Halls held Wednesday afternoon, January 9, in the directors room of the bank. All other officials of the bank were also re-elected. They include: F. E. Pugh and R. E. Craddock, vice-presidents, O. J. Nunn, cashier. Assistant cashiers re-elected included Mrs. Jerre Jordan, Mrs. Charles Moore and Miss Dorothy Thurmond. Frewl Bufaloe was elected as an assistant cashier also.

Directors of the bank were also re-elected. They are: J. F. Connell, D. R. Nunn, H. C. Dodson, F. E. Pugh, I. A. Nunn, Joe Sumrow, O. J. Nunn, H. A. Townsend, R. J. Nunn, William Tucker, W. S. Perry, R. E. Craddock and Lon Viar.

In making his report President David R. Nunn revealed that the annual statement of December 31 showed total deposits of \$1,944,853.83 and total assets of \$2,183,345.42. Capital accounts, surplus and undivided profits total \$225,000.00 with an additional reserve of \$13,491.59. The bank paid a 12 percent dividend to its stockholders for the year 1951.

Red Cross Blood Donors Are Listed

The following is a list of those who donated blood to the Red Cross Bloodmobile during its visit last November. The list is published through the courtesy of P. W. Crittendon, who is chairman of the Halls Chapter of the National Red Cross.

Greer, Owen Bernard, Jr. Keltner, J. B. Sanders, Paul Lazure, Mrs. Ann Conley, Mrs. Mary Lee Smith, Mrs. Georgia Hinton Walpole, Mrs. Virginia Lucas, Mrs. Annie Lee Ozment, Mrs. Louise Hart Shepard, James Aron Leonard, Odell Vaughn, Harry Leon Sheekels, Hayden Ragland, Fred, J. Nunn, Mrs. Deborah Pitcock, Buford Daws, Winston Burroughs, Wm. H. Flatt, Stanley F. Sherrod, Richard Noel Levy, Louis Randall, Kenneth A. Hurt, Mrs. Pattie Rhea Hansbrough, Mac Hooks, Floyd L. Burroughs, E. C. Jr., Edens, Loyd V. Critchfield, Mrs. Virginia Burroughs, Mrs. Pansy Laverne Burnett, Robert Herron, Frank W. Paige, Mrs. Frances Viar, Jas. Elbert Stallings, Wymond Peery, James C. Smith, Gailon E. Peters, Howard Edler, Geo. E. Parnell, John O. Hilliard, Mrs. Annie Lois Heath, Joseph W. Jackson, Marvin L. Jordan, Paul T. Murchison, Henry Henderson, Paul, Jr. Shannon, Ethelbert J. Nunn, Robert J. Warran, J. W. McClure, Wm. H. Woodley, Wm. H. Patton, Roy C. Connell, J. T. Paige, James E. Hale, Mrs. Pauline Butler, Mrs. June Butler, Miss Elsa Garrett, Mrs. Elsie Rodgers, Fred Hart, Mrs. Naomi Dyer, Ross W. Vaden, John M. Pike, James Freeman, Cecil F. Jones, Wilton Ruxel, Hilliard, Clifford Manuel, William

Tournament Dates Are Announced

Dates were set and drawings were made Monday night for the annual boys and girls district basketball tournaments. The girls tournament will be played in the new Ripley gymnasium beginning Tuesday, February 19, through Saturday, February 23.

The boys tournament will be played the following week, Wednesday, Feb. 26, through Saturday, Feb. 29, in the Brownsville gymnasium.

In the drawing Halls girls will play Sacred Heart in their first game and are in the same bracket with Ripley and Mumfords. The boys drew Somerville as their opening opponent and are in the same bracket as Brownsville and Brighton. Officials will be Smith and Baker.

TO BIRMINGHAM

Dr. Sara Murray left Wednesday of this week for Birmingham, Ala., for an extended visit with relatives.

(Continued on Page 4)

ENGINEER TO CONFER WITH CITY OFFICIALS

A representative of an engineering firm will meet with city officials tonight (Thursday) to discuss a gas survey of the Town of Halls. Mayor P. W. Crittendon has announced that one bid has already been received for making the survey and others are expected.

County Court Met Monday

REPLERY — The Lauderdale County Hospital will benefit to the extent of about \$1000 a month as result of action by the Quarterly Court of Lauderdale County earmarking the county's beer tax for the hospital. This fund is raised by a 10 per cent special tax on sale of beer in the county, outside of incorporated towns, and for the months of May through November, produced \$7791.64 in revenue.

A. C. Carter was re-elected to the county Highway Commission by the Court. George S. Volz, chairman of the Hospital Board of Trustees, and Dr. J. L. Dunavant, were re-elected to the Hospital Board and Lon Viar, Sr., of Halls was elected to the Board to fill a vacancy caused by the resignation of Dr. W. Y. C. Hammum who is now in the armed services.

Board Issue Approved

A refunding bond issue of \$80,000 was authorized by the Court. Salary of Paul Burke, Courthouse janitor was raised from \$125 to \$150 a month.

The following notaries were elected: Mary D. Evans, Bettie J. Grimes, W. Roy Burgess, Eugenia Read Pardee, C. S. Carney, Jr., M. R. Devore, F. W. Hurt, Mrs. James Chism, Mable S. Tanner, Martha Scott, David L. Johnston, Mrs. Bessie Majors and Marion Braden.

Mother Of Mrs. Roy Sudbury Died Tues.

Services for Mrs. C. N. Liptford were held at 2 p. m. today (Thursday) at the Church of Christ in Lauderdale County for testing in order that farmers might know how to make the best use of their money for lime and fertilizers for the highest possible yields at the lowest possible cost. Soil sample boxes will be sent to any farmer in the county on request by telephone or otherwise to the County Agents office. Prompt replies will be received on samples sent within the

(Continued on Page 4)

Registrants Should Check With Board

All registrants, presently classified Four (4) F should check with the clerk of their draft board to see if the necessary information is in their files. All who have married should file their certified copies of their marriage certificates. All who have become fathers should file the birth certificate of the child or children. Prospective fathers should file a statement from their doctor.

4-F registrants, with the exception of those rejected for physical reasons by the Induction Station or moral reasons by the Local Board are subject to be sent for re-examination unless they should qualify for another deferred classification. Evidence has to be in the registrants file — no verbal statement will suffice.

Delinquent registrants for this month are:

Soil Tests Pay Off To Farmers

M. C. Walts of Halls is fully convinced that it pays to fertilize winter pastures. On a 12 acre plot of ground Mr. Walts applied 400 pounds of 8-12-12 fertilizer and seeded 1-2 bushels of Balbo Rye and 20 lbs. Crimson Clover per acre on September 10th.

On this 12 acres he started pasturing 20 cows and 12 cows on October 15th. It has been providing pasture ever since except that he keeps the cattle off when the ground is muddy and he has been careful not to graze the pasture down too close.

Mr. Walts believes the fertilizer increased the production of this pasture by 50 percent.

Get Soils Tested

Marvin Wilson recently got reports on some soil samples sent in to the laboratory in December. For some of his soil which has a very high available supply of phosphate and potash and which contained just about the right amount of lime, he was advised to use 40 to 50 pounds of Ammonium Nitrate per acre under the row and 75 to 100 pounds as a side dressing for maximum yields of cotton.

R. J. Revère got four of his fields tested in December. On soils that are slightly alkaline and very high in phosphate and potash, he was advised to inoculate the soybean seeds but not to apply fertilizer. For cotton he was advised the same as Mr. Wilson.

A. J. Anthony of Durhamville recently sent in a sample of soil to be tested and Robert C. Smith of Ripley, Route 4, sent in samples from four fields. Dave Garrett got samples from eight fields and sent them off in December.

The samples were tested with two days after being received. Some of Mr. Garrett's fields were very high in potash and some were low. Some were high medium in the supply of available phosphate and some were low. Some needed no lime at all and some needed two tons per acre.

More than 700 soil samples have been sent to the Soil Testing Laboratory in Nashville from Lauderdale County for testing in order that farmers might know how to make the best use of their money for lime and fertilizers for the highest possible yields at the lowest possible cost. Soil sample boxes will be sent to any farmer in the county on request by telephone or otherwise to the County Agents office. Prompt replies will be received on samples sent within the

The Halls Graphic HALLS, TENNESSEE

Entered as second class matter weekly at the post office in Halls, Tennessee, under the act of March 3, 1879.

HENRY MURCHISON Editor and Publisher

EVERY FRIDAY MORNING

Readers ads, 10 cents per line, 25 cents minimum charge; card of thanks, 7 cents per line, 50 cents minimum charge; memoriams, 10 cents per line; obituaries, free, all cash with order. Display rates on request.

\$2.00 PER YEAR.

JOHNSTON—The Halls Graphic is authorized to announce Sam F. Johnston as a candidate for nomination as Direct Representative in the General Assembly of Tennessee for Lauderdale County in the forthcoming Democratic Primary election.

More Social Security Rules Are Explained

Many people are confused about about the meaning of the term "domestic work" as applied to employees under social security, according to Joe P. Tipton, manager of the Dyersburg social security office.

To illustrate his statement, he cites the case of a woman worker. She came to the Dyersburg social security office the other day to ask why her work was not under social security like that of other domestic employees.

It turned out that her work was not "domestic work" and had been under social security right along. She cleaned offices for various professional people on a part-time basis. Her employers had never asked to see her social security card, and had not deducted any tax from her wages. Their failure to do so was not because of bad faith, but simply because they had misinterpreted the meaning of the law. They had not realized that part-time office cleaning is casual labor in the course of the employer's trade or business and has been covered by social security since the original law went into effect.

On the other hand, "domestic work" which means work performed in a private household, came under social security on January 1, 1951. It includes any kind of labor, inside or outside a house. A cook, laundress, gardener, chauffeur, or any other kind of worker employed by one household employer on at least 24 different days, and paid not less than \$50 cash wages in a calendar quarter is in work covered by social security. A "calendar quarter" is a 3-month period beginning January

1, April 1, July 1, or October 1. Mr. Tipton advises domestic workers as well as office cleaners to make certain that they get social security by showing their social security cards to their employers. The account number on the card will be copied on the report the employer makes of the worker's wages. If this is done, the worker will get full social security credit for his earnings that are building towards his and his family's old-age and survivors insurance protection.

As for the office cleaner who is not a domestic worker, her social security account has been straightened out. The Dyersburg social security office got in touch with each of her former employers and obtained wage statements from each of them. "I'm sure that she will show her social security card to every new employer from now on," says Mr. Tipton.

At The Theatre . . .

Now that they've finished their assignments in Paramount's "Crosswinds," stars John Payne and Rhonda Fleming know what

GIVE Voluntarily MARCH OF DIMES JANUARY 2-31

Tom Sawyer, Huck Finn, the crew of the Kon Tiki and other notable raft voyagers were up against when they clambered aboard their craft and shoved off.

John and Rhonda got a taste of living on logs while making the Technicolor adventure thriller in Florida's steamy swamps. With the company as much as fifty miles from the nearest community in terrain too soggy for making camp, living quarters and dressing

rooms were erected on rafts. John and Rhonda found roughing it fun, but don't feel they're up to a raft ride down the Mississippi or across the Pacific. "Crosswinds," in color by Technicolor, shows at the Halls Theatre starting next Thursday, January 17th, for a two day showing, deals with a band of cut-throats seeking gold and pearls in the South Seas.

ANNOUNCE ENGAGEMENT OF ANNA KATHERINE COVINGTON

Mr. and Mrs. John B. Covington, Sr. announce the engagement of their daughter, Anna Katherine Covington, to Howard Ray Brewer, son of Mr. and Mrs. Charles R. Brewer, of Henderson, Tenn.

Miss Covington graduated with honors from Halls High School, attended Memphis School of Commerce and since her graduation has held a position with Memphis Light, Gas and Water Division.

Mr. Brewer graduated from Chester County High School at Henderson and attended Union University at Jackson. During World War II he served three years in the European Area with

the Medical Corps. He is now employed by the Illinois Central Railroad at Memphis. The wedding will be solemnized Saturday, February 16, at Melville Methodist Church near Halls with the Rev. H. L. Bartlett saying the marriage vows.

4800 TO REGISTER FOR NEW U-T TERM

KNOXVILLE — Around 4800 students from throughout Tennessee are expected to enroll in the University of Tennessee's colleges at Knoxville for the winter quarter Jan. 3, according to Admissions Dean R. F. Thomason. This enrollment is about 700 less than the fall quarter registration which is a "normal drop" between the two quarters, Dean Thomason explained. It is about 400 less than the winter quarter enrollment of last year, and this

Local Happenings

Mrs. Wanda Williams and Miss Thelma Rawles has re-daughter have rented an apart- turned to Washington, D. C. af- ment in the Mrs. A. B. Witt son with relatives.

Miss Martha Blanchard and Mrs. N. S. Daws were in Ripley Thursday night of last week to attend a meeting of the Beethoven Music Club.

Mr. and Mrs. Elton Mathis are the parents of a daughter born December 25.

Mrs. Frank Thompson and Mrs. Frank Knudsen of Memphis visited Mrs. Thompson's mother, Mrs. May Cherry, this week.

Mr. and Mrs. Henry Murchison and sons heard the Rev. Robert Orr at the First Baptist Church in Dyersburg Sunday.

Mrs. Dora Haste of Memphis attended the bedside of her sister, Mrs. J. A. Hart, Saturday night and Sunday. Mr. and Mrs. Robert Haste and daughter, Sharon, of Memphis visited Mrs. Hart Sunday afternoon.

Bernard Simmons, who is employed at the First National Bank in Memphis, has been at home this week because of illness.

Mr. and Mrs. Fletcher Smith and daughter returned to Nashville Sunday after visiting Mrs. Smith's parents, Mr. and Mrs. Ike Palmore.

Mrs. Jett Meadows, who has been a patient in the Lauderdale County Hospital since Saturday, was able to return home Wednesday afternoon.

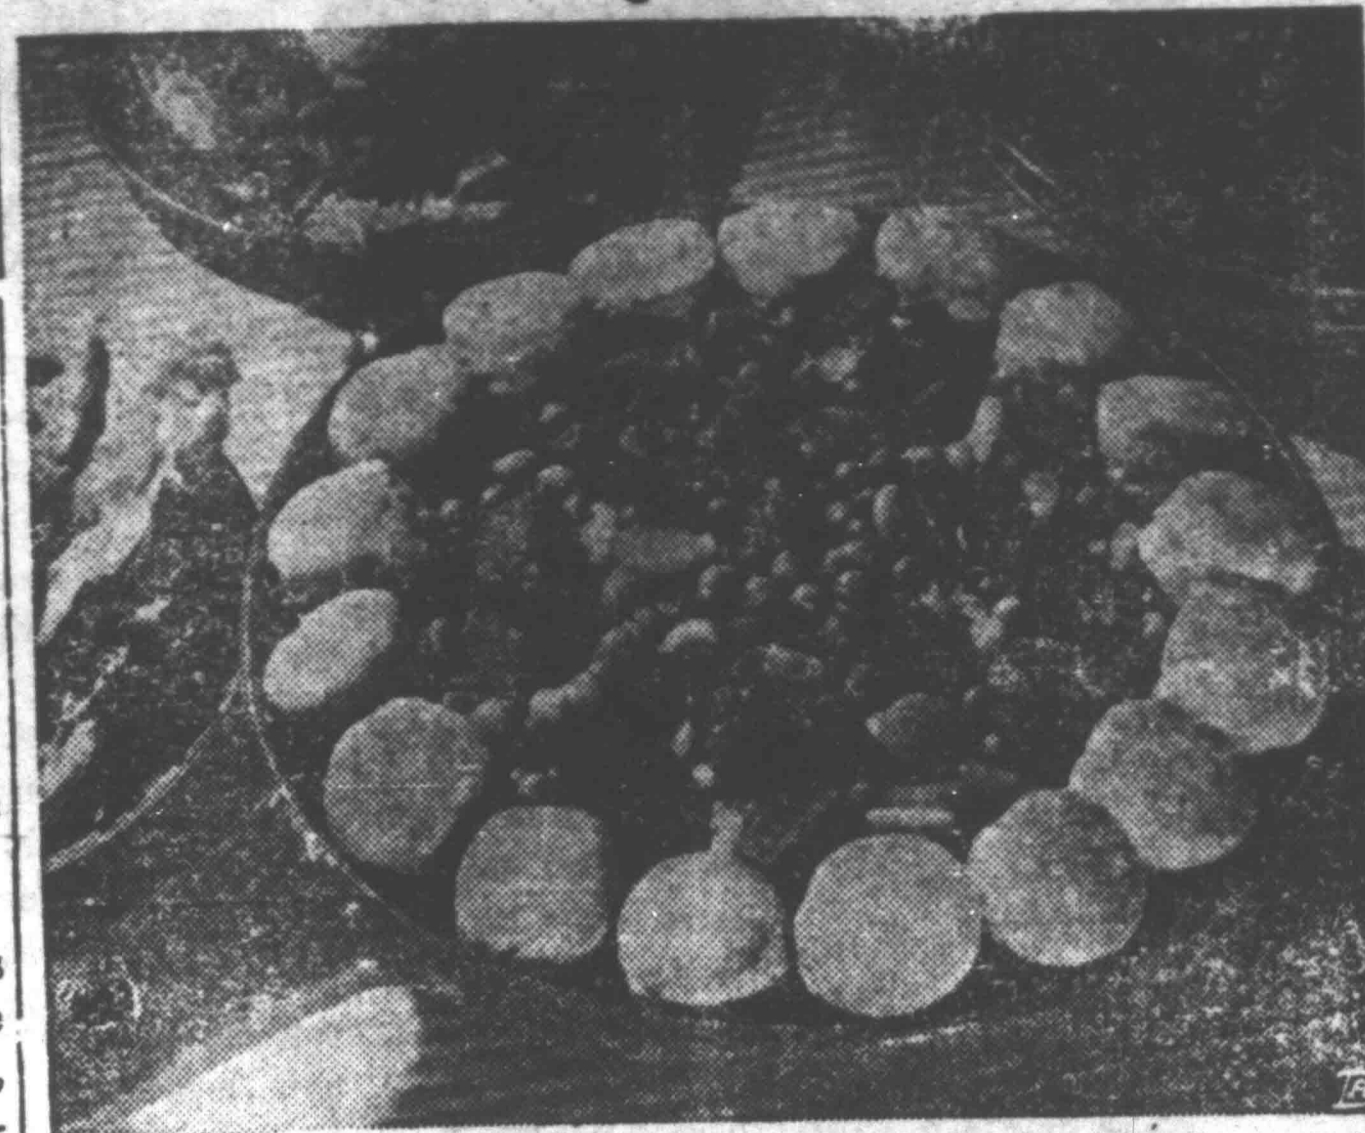

Mr. and Mrs. Raymond Scott of Memphis visited Mr. and Mrs. C. W. Scott Monday.

Regan Mitchell and daughter of Caruthersville, Mo. visited Mr. Mart Mitchell Monday.

Mrs. Cecil Sumrow is ill at her home.

Mr. and Mrs. G. V. Daws of Blytheville, Ark. spent Sunday with Mrs. A. B. Witt.

Biscuit Ring Casserole

There's a good meal in this casserole, and a thrifty one. Meat and vegetables are well-flavored and topped with a ring of golden biscuits. Eat hearty!

Taxes are high and prices are high, but your need for substantial, nourishing meals is just the same. One excellent solution is to stretch your food dollar in meat-saving dishes which combine meat with economical enriched flour.

Such a dish is Biscuit Ring Casserole, a meal-in-one taste delight that combines meat with peas, carrots and lima beans, and tops all with biscuits. The biscuit ring makes a mighty good-looking service. It contributes B-vitamins and iron in addition to economical protein at small cost.

With this flavorful casserole, serve a crisp salad and milk or coffee. Apple pie with cheese completes a menu your family will approve. To save time and work, often you'll want to call on your baker for a luscious pie, cake or cookies for dessert.

BISCUIT RING CASSEROLE

- 2 cups cooked, cubed meat
- 2 tablespoons chopped onion
- 2 tablespoons fat or drippings
- 2 tablespoons enriched flour
- 1 teaspoon salt
- 1/2 teaspoon pepper
- 1 cup meat stock, vegetable liquid or water
- 1 cup cooked peas
- 1/2 cup cooked carrots
- 1/2 cup cooked lima beans
- Biscuits
- 2 cups sifted enriched flour
- 3 teaspoons baking powder
- 1/2 to 3/4 cup milk
- 1 teaspoon salt
- 1/4 cup shortening

Brown meat and onions in hot fat. Stir in flour, salt and pepper. Add liquid and cook, stirring constantly until thickened. Add vegetables and mix well. Pour into 2-quart casserole. Top with biscuits.

Biscuits

out 1/2 inch thick and cut with floured biscuit cutter. Arrange on top of meat-vegetable mixture. Bake in hot oven (450° F.) about 15 minutes or until biscuits are golden brown. Makes 6 servings.

M-Sgt. and Mrs. David Klyce Hall and family arrived Saturday to spend two weeks with his parents, Mr. and Mrs. Harry Hall. M-Sgt. Hall is scheduled for service with the Air Force in the Far East and will leave for the West Coast about January 22. Mrs. Hall and children will make their home here during his time overseas.

Mrs. Buck Pierce and sons of Little Rock, Ark. were recent guests of Mr. and Mrs. R. H. Kirby. They were accompanied home by Mrs. Joe Clyde Escue, who returned to her home here Tuesday.

Mrs. A. B. Witt has returned home after a visit in Memphis. Mr. and Mrs. James Cherry

and Jean Mendoza and Mrs. T. L. Stephens spent Sunday with Mr. and Mrs. B. F. Martin at Frayser.

Miss Sadie Utley returned Tuesday after spending several days in Ripley with Mrs. N. C. Utley, who returned home from the Lauderdale County Hospital Saturday.

Mrs. Bill Morefield of Las Vegas, Nevada, and Mr. and Mrs. Guy Chambers of Knoxville attended funeral services for their father, Joe Chambers, Wednesday.

Nankipoo News

When Range Is Poor or Winter Hard.

Build Extra COW-CONDITION WITH PURINA RANGE CHECKERS

- Big Calf Crops
- Easy Calving
- Big Milk Flow

Purina Research tests out on the range prove that cows conditioned the Purina Way come through winter in shape for easy calving and have a big milk supply.

Poor range and bad weather can cause a lot of cow trouble, but we can help prevent a lot of it. Purina Range Checkers contain the ingredients your cows need for sound condition. It takes only a little each day to make sure your cow herd is getting the proteins, vitamins, minerals and carbohydrates they need. See us before you buy feed.

Basketball

(Continued From Page One)
Tigers were leading 19 to 15 at the end of the first half but were unable to cope with the Covington defense during the last half losing the ball time after time to the close man-to-man defensive tactics of the visiting team.
Tonight (Thursday) the Halls teams play Munford on the local court as a home game for Munford. Tuesday night they go to Brownsville and then Friday night of next week they play hosts to the Hornbeak teams.

F. H. Paschal

(Continued from Page 1)
next three months.
Rural Electrification
A recent survey indicates that 89% of the farm homes in Lauderdale County have electricity. About 8% had electricity in 1940.

Electricity in farm homes has created a lush market for refrigerators, deep freezers, electric stoves, water heaters, irons, radios, television sets, water systems, electric heating systems, and many other electrical conveniences which have transformed farm homes.

Each year more farmers are adding water systems, feed grinders, and other electrical machinery which save labor and provide more conveniences on the farm. A high proportion of the farm homes which do not now have electricity can eventually be served but one or more of the following steps may be necessary in order to do it:

- 1. Some houses can be economically rolled to new locations nearer present electric lines.
2. Some houses which need remodeling can be torn down and rebuilt on new locations nearer electric lines.
3. Landlords and tenants should realize the longtime value of having electricity in a house and be willing to pay a monthly light bill which will justify construction of the electric lines to the homes it will serve.

New Plan Set Up In Soil Conservation

The national Agricultural Conservation Program (ACP), thru which farmer have cooperated for many years in protecting and building up the Nation's soil and water resources, is being redirected and geared more positively to the needs of each individual farm.

Starting in 1952, each cooperating farmer will be given all possible assistance in working out a first-things-first, year-by-year conservation plan for his farm that will tie in directly with the production needs of today and also help assure the increased production needed for the future. In 1952 in at least one county in each State, each farmer will be directly assisted in developing his program by his community Production and Marketing Administration committeeman. By 1953 it is expected that farm-to-farm assistance of this kind will be extended to every cooperating farm in every agricultural county.

This new farm-to-farm approach will be built on past experience and accomplishments under the Agricultural Conservation Program.

Farmers have seen the definite results of their conservation efforts in terms of increasing and continuing production.

By such practices as planting and plowing under cover crops, and by fertilizing grasses and legumes in rotation pastures, the

Nation's farmers in higher rainfall areas have found the key to continued and increasing crop production.

By the use of needed lime and fertilizer, renovation, reseeding to improved strains of grasses and legumes, controlling and rotating grazing, improving water facilities, controlling noxious weeds, and eradicating brush, farmers

have found that pasture, meadow and range can be improved to produce more livestock and more effectively protect, conserve, and improve the land.

By strip cropping, summer fallow, and improved tillage methods, farmers have opened the way for more stable crop production in areas of lower rainfall.

Volume 58

Halls, Tennessee, Friday Morning, January 18, 1952

Number 3

Tri State Rolling & Bldg. Co.
403 Monroe Avenue

Confidential Corner

Don't Run Them

There are a number of citizens of Halls who can testify that recent statements of Mayor Paul Crittendon concerning running traffic lights can be taken as "goose." Three local citizens have been picked up within the past few days and slapped with fines of \$7.50 each for running through a red light. Take their advice and don't run them unless you want to be out \$7.50. We think that Mayor Crittendon, Marshal Walpole and other officers are to be commended for cracking down on traffic violators. Making it tough on violators may save someone's life.

Nothing New

Apparently there has been little or no progress during the past two weeks on completing the gymnasium and cafeteria in the new elementary school building. According to statements by the contractors, delay in securing the proper cable is holding up completion of the two units of the building. We have no information concerning the re-setting of the asphalt tile on the lower floor other than it probably will have to be re-set before the remainder of the building can be placed in use.

Frank

We were quite amazed Wednesday to see where the rear window glass of the Ford car belonging to Marshal Pierce, Jr. had apparently shattered of its own volition. The glass appeared to have had pressure applied from the inside forcing it to buck and shatter. Just when it occurred was doubtful since Mr. Pierce did not notice the glass when he came to work at the Post Office Wednesday morning and the break was found at a service station. The glass had a hole in the center about five inches across and was so badly milked up that it could not be seen through.

Natural Gas

No forward steps had been accomplished early this week in securing natural gas for Halls other than the receiving of bids for a survey of the town's needs and the probable amount to be used. Mayor Crittendon stated Wednesday that he feels that something can be worked out by which gas can be brought here but that the survey must be made first.

Rejected Blood Donors

We were somewhat surprised this week when one person took issue with the publishing of the names of blood donors and more especially with the publishing of the names of those who were rejected. We feel that those who offered to give blood but were rejected for one reason or another are entitled to the same credit as those who donated blood and there are others who did not register simply because they knew that they would not be allowed to donate blood because of recent illness or other reasons. We fail to see how anyone can justifiably object to the publishing of the names. Personally, we are very happy that Halls responded so handsomely and only regret that there was the need to reject any would-be donor. However, most of those rejected probably can give blood when the Bloodmobile makes its next trip here some time next spring.

INJURES BACK, HIP IN FALL LAST WEEK

Mrs. W. N. Beasley has been confined to her bed at her home on East Main Street following a fall Tuesday of last week. She sustained an injury to her back and a sprained hip which have proven quite painful. She is reported as somewhat improved this week.

Marvin Jackson Says Memphis Newspaper Story Fails To Give Entire Facts

Marvin Jackson, local taxi driver, stated this week that the Memphis newspaper version of his arrest in Memphis last week lacked some of covering the entire facts.

Mr. Jackson, in Memphis to carry his wife on a shopping trip, stated that he had wandered down on Beale Street, a block or so from Main, to see if he could pick up a bargain or two. Unable to find what he was looking for, he had started back up toward Main with his hands in his pockets when he was accosted by a man and ordered to go into a building.

Mr. Jackson stated that despite newspaper stories to the contrary he did not ram his hands in his pockets nor did he attempt to run but instead he tried to walk past the man fearing it was a holdup. As he attempted to walk past his accoster he was slugged from behind and knocked off his feet. After being taken into the store Jackson identified himself and the police officer, Tony Law, began to apologize and explain that he had thought that he, Jackson, was a confederate of a man whom they thought was attempting to pawn stolen diamonds. Later it turned out that the diamonds

were the property of the man who was attempting to sell them. Mr. Jackson stated that when the officer tried to stop him he pulled a badge from his pocket but that he held it in such a manner that he believed it to be a fake.

Mr. Jackson was carried to the police station, then to the hospital where his head was dressed, then returned to the station where he was charged with resisting arrest and carrying a concealed weapon, a spring blade knife which officers claimed exceeded the legal limit in total inches in length. He was placed under a \$102.00 appearance bond.

Mr. Jackson returned to Halls and then to Memphis the next morning where the charge of resisting arrest was dropped and he was fined \$11 on the knife charge. He was never in or even at the city jail and made no attempt to resist arrest, stated Mr. Jackson, and the knife was one that he had taken from his son some time before. Moreover, Mr. Jackson insisted that the knife shown in court was not the knife which was taken from him but was larger and had a different colored handle.

Shannon Makes Dog Statement

In order to clarify the question as to the delivery of mail regarding the dog situation, I would like to quote the below regulations as taken from the Postal Laws and Regulations, Sec. 50.11, page 377, 1948 issue. Delivery of mail where dogs are kept.

"Carriers are not required to deliver mail at residences where dogs are permitted to run at large."

This is the attitude taken by the Post Office Department regarding this matter and is not a regulation made by this office. Therefore, if the carrier fails to deliver mail to your house when your dog is loose he is entirely in his rights and nothing can be done about it. So that you will not have delayed mail, will you please cooperate.

Thanks,
E. J. SHANNON,
Postmaster

Teams To Play Hornbeak Here

Halls girls and boys basketball teams will play hosts to the fast Hornbeak teams in games here Friday night. In preliminary games the 8th grade boys and girls will play the 8th grade boys and girls from Hornbeak.

In games before Christmas the Hornbeak girls handed the local girls one of the two licks which they have taken this year while the Halls boys won over the Hornbeak boys by a score of 24 to 22. Both games promise to be exceedingly close with the Halls girls expecting to defend their record of not having lost on the local court since 1947.

Last Thursday night the Murreford teams came here and went home suffering from a twin licking with the girls score being 54 to 41 and the boys score being 47 to 34. Gene Olds racked up 24 points to lead the scoring for Halls boys while Faye Erwin and Margaret Critchfield with 19 led for the girls.

Tuesday night of this week the teams traveled to Brownsville where they played—according to spectators attending—the poorest games they have played in many games. Halls girls won 47 to 33 with the score tied at half-time 21-21. However the local girls scored 10 points in the third quarter while holding Brownsville to one field goal.

Halls boys were on the losing end of a 43 to 34 score with inability to hit the basket or get rebounds costing them the game. Gene Olds tallied 16 points to lead scoring for both teams.

Next Tuesday the Halls teams will play the Brownsville teams here to make up a cancelled game

Oscar Gaskins Died Sunday

Funeral arrangements for Oscar Gaskins, 72, are incomplete pending arrival of his son from Korea. Mr. Gaskins died early Sunday morning at his home in the Nankipoo community following a heart attack.

Burial will be in Halls Cemetery with Sudbury Funeral Home in charge.

Surviving are his wife and several children.

Dodson's Store Burned Tuesday

The Horace Dodson General Mercantile store at Unionville was totally destroyed by fire on Tuesday according to reports here.

The fire is said to have caught when fire from burning grass got under the building and to kerosene barrels quickly getting beyond control. Mr. Dodson was in Dyersburg on business at the time of the fire and did not learn of his loss until his return home.

Mrs. Dodson had been caring for the store and was burning grass when she returned to her house for a short time locking the store building. A passerby noticed the fire and called her. She rushed into the building for her pocketbook but dropped it and it was destroyed in the fire.

None of the contents were saved but by using private water lines the safe was kept cool enough that contents of the safe were not destroyed. The loss was partially covered by insurance.

Father Of Local Resident Dies

SEARCY, Ark. — Clarence Sidney Randall, 76, died at his home here Thursday night, January 10, after a long illness. He had lived in Searcy for 43 years and was a member of the Methodist Church.

He is survived by his wife, Mrs. Ida B. Watkins Randall; two sons, Milton and Kenneth A. Randall of Halls, Tenn.; two brothers, John Randall of Stratton, Neb., and Dr. Walter Randall of Genoa, Neb.; two sisters, Mrs. Cleo Reed of Pasadena, Cal.; and Mrs. Mary Bushboom of Tampa, Fla.; and one grandchild.

Funeral services were held at the Daniel Funeral Home Chapel at 2 p. m. Saturday by the Rev. Jefferson Sherman and the Rev. Ralph Hillis. Burial was in Oak Grove cemetery under direction of Daniel Funeral Home.

—Searcy, Ark. Citizens Daily

IN CALIFORNIA

Mr. and Mrs. Jim Jaynes left Wednesday to visit Mr. and Mrs. Theuna Jaynes in Fillmore, Calif.

NOTICE TO FEDERAL INCOME TAXPAYERS

While most taxpayers will be able to prepare their returns themselves, a Deputy Collector of Internal Revenue will be at Bank of Halls on Tuesday, January 22, between the hours of 9 a. m. and 3 p. m. to give any advice or assistance needed. No charge will be made for this service.

Any person whose total income in 1951 was \$600 or more must file an income tax return.

Elementary News Notes

Nunn - Davis WAITING TIME

There is waiting time between the melting snow and grasses green.

Before the elms are filled with blue

Of flashing bird wings whirring through;

Before Springtime's refreshing shower,

Before we find the first bright flower,

When willow-fronds are pearly tipped

And catkins from their jackets slipped

Into the light from their sanctuary —

This waiting time is February.

1st Grade — "Miss" Geneva

We welcome three new pupils. They are Jeffery Hall, Joan Prescott and Peggy Jean Thurman.

Jimmy Hinton visited in Illinois last weekend.

We are glad to have Linda Hines, Brenda Keltner and Fay Carnell back in school after a short illness.

1st Grade — Miss Walker

Miss Walker's room has two new students — Maggie Lou Wilson from Dry Hill and Curtis Neil Robinson from Edith.

We missed Helen Harrell, Brenda Cannon and Jerry Chronister last week. All were out because of illness.

Shirley Crumley has moved to Dyersburg.

2nd Grade —

The 2nd Grade has about settled down after a big Christmas. We still haven't moved to the new building but we have that to look forward to. We're glad Mrs. Mac is back again.

"Miss" Kathryn was out all last week on account of illness. We missed her but enjoyed having Mrs. Goforth as a substitute. We've missed Mrs. Cooper this week and enjoyed having "Miss" Electra.

Several of our folks have been ill. We've missed Sharon Olds, Bill Henry, Patty Williams, Betty Ann Vaden and Linda Mendoza. They're about all back now and we're glad to see them.

We're studying real hard now and sailing along. We welcome two new pupils. They are Harold Freeman and Donald Jones. We do hope they will like us.

Pat Warren had her 8th birthday Friday. We sang to her and hope she has many more.

3rd Grade —

You have not heard from us in a long time, but we are still here and hard at work.

We are sorry to have Brenda Grady and Carolyn Brasfield leave our group. They have moved away.

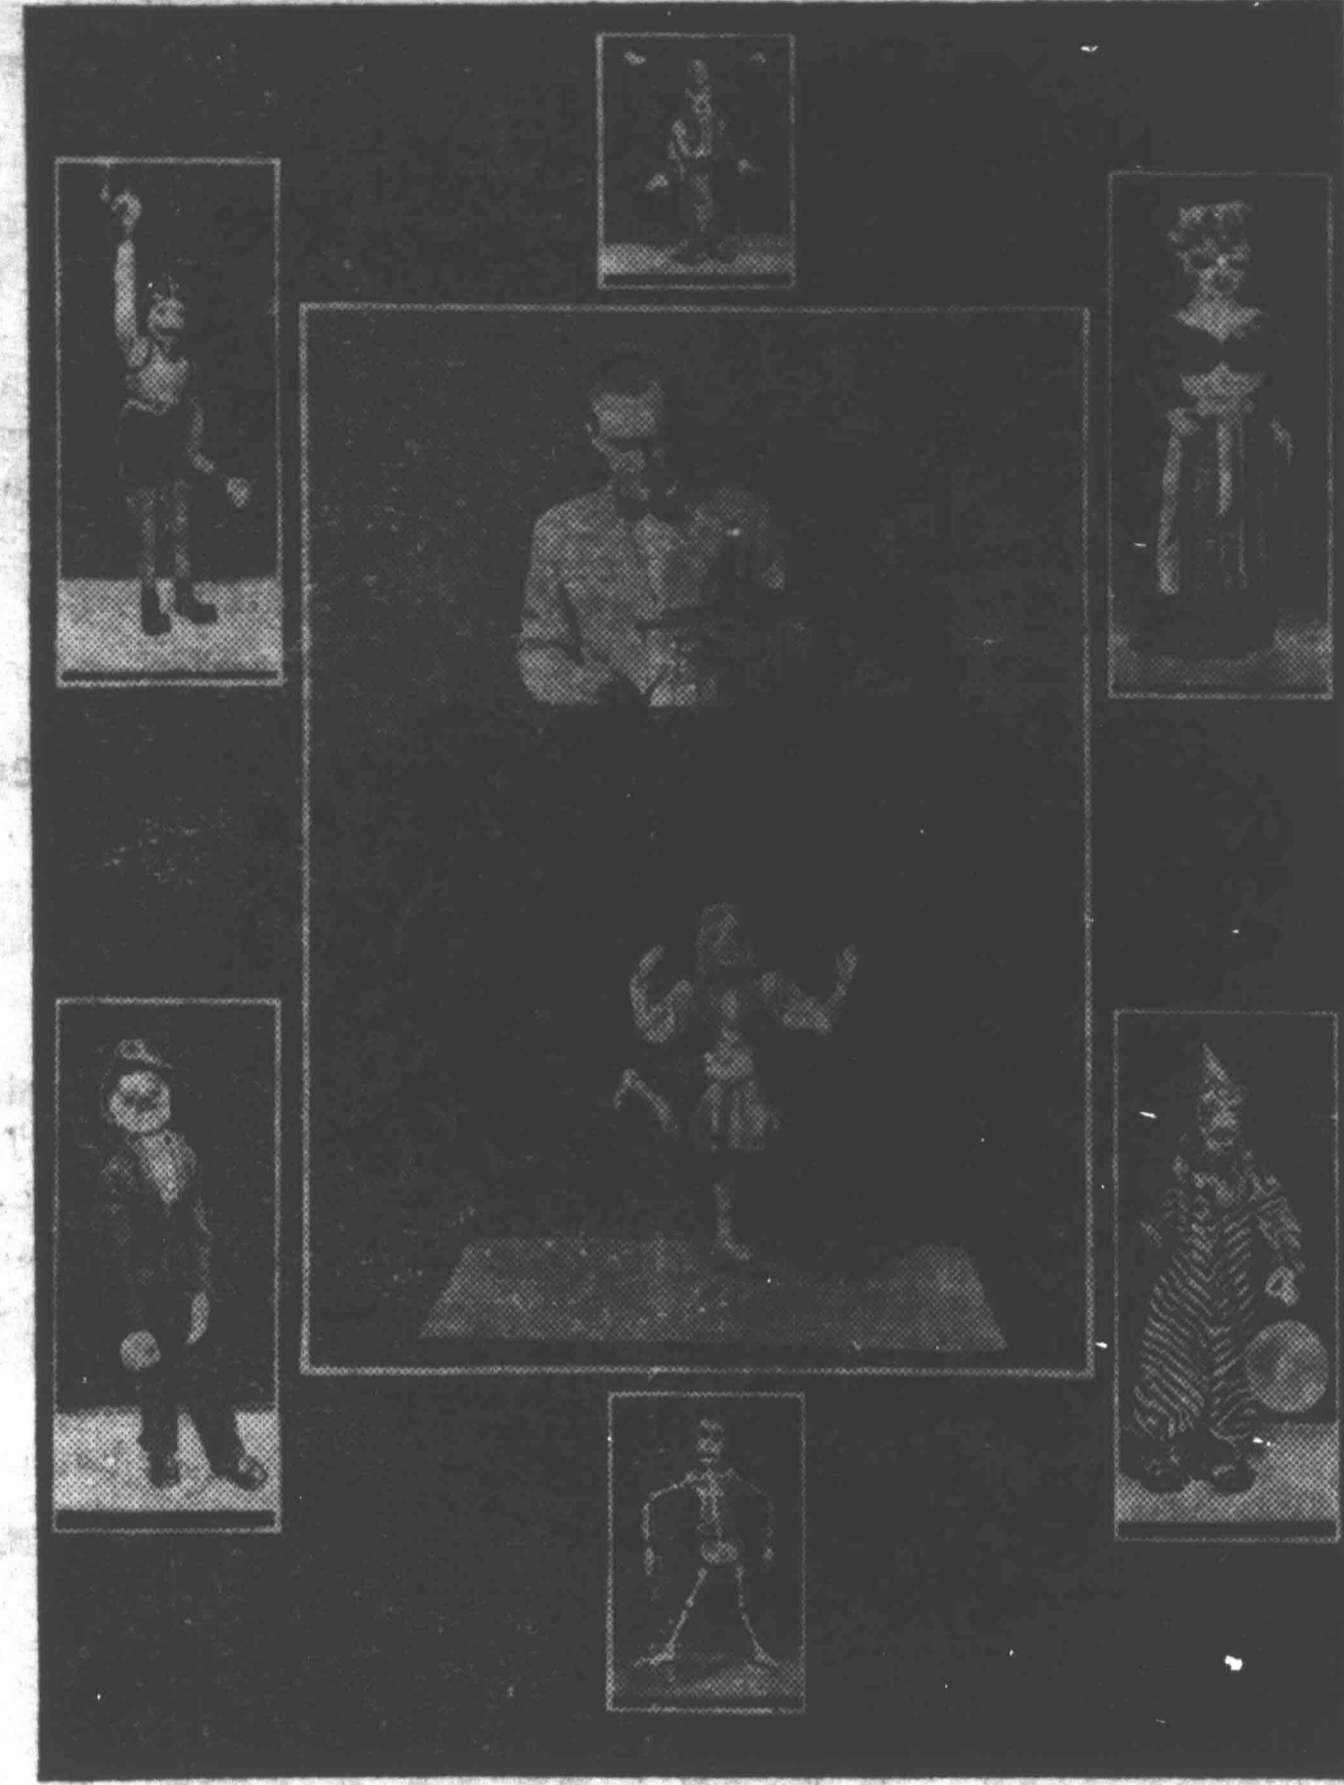

We welcome Rita Williams and

County Nurse To Conduct Program

Mrs. Bertha M. Morris, County Health Nurse for Lauderdale County, will conduct an educational program at the regular Parent Teachers Association meeting next Monday night, January 21, at 7:30 p. m. in the Halls High School. Her subject will deal with "Foundations for Better Health and Physical Fitness." She is planning to show two films with a short discussion between them. Mr. K. C. Harrington, Executive Secretary of the Lauderdale County Tuberculosis Association, will assist Mrs. Morris with the program.

Marionette Program To Be Presented At New Elementary School Next Wednesday

CHET DIXON

Chet Dixon's "Modernistic Marionettes" presents something new in marionette shows. From an entirely black stage he brings forth his puppets which glow in the dark. Lighting effects seldom seen in the entertainment world are achieved through the use of Ultra Violet lighting as used in World War II for night flying.

Dixon hand carves all of his marionettes from wood. They are twenty-four inches in height. He paints and strings them also.

Recently he has performed with such well-known radio, stage and screen celebrities as Martin and Lewis, Arthur Godfrey, Martha

Ray, Beatrice Kay, Jimmie Durante, "Voice of Firestone" Television show, and others. Martha Bigby, Talent Procurement Supervisor for N. B. C. Television recently stated: "Chet Dixon has one of the most sensational and original marionette programs I have ever seen. Words cannot describe it. It must be seen to be appreciated, and it is a program you really must see."

Chet Dixon and his "Modernistic Marionettes" will be presented in the Halls new Elementary School Auditorium on Wednesday, January 23rd, at 10:30 a. m. The public is invited.

TB Seal Sale Is Short of Goal

The Board of Directors of the Lauderdale County Tuberculosis Association wish to thank the people of Lauderdale County for their response to our Christmas Seal Drive. We had a very successful drive although we fell a couple of hundred dollars short of our goal.

If any person who forgot to send in their contribution before Christmas still wishes to do so, it is not too late. Your contribution will be used to aid TB patients and carry on a county-wide education program on tuberculosis. Therefore you will be helping to stamp out tuberculosis in Lauderdale County.

Again we say thanks to the people of Lauderdale County for their support.

Child Struck By Car Sunday

Donald Davis, 5-year old son of Mr. and Mrs. Doyle Davis, was critically injured Sunday morning when he was struck by a car and knocked some 60 feet into a drainage ditch. He was rushed to the Dyersburg Hospital where he was found to have a fractured skull, a dislocated elbow and numerous cuts and bruises.

The car said to have struck the child was driven by Jimmy Perry, son of Mr. and Mrs. Billy Perry. The accident occurred about 9:05 Sunday morning almost directly in front of the Davis residence at the Eugene White house on the Halls-Chestnut Bluff road about one and one-half miles east of Halls. Only direct eyewitness to the accident is said to have been Doyle Davis, Jr., 9-year old brother of the injured boy.

Investigation of the accident was made by Halls Chief of Police J. S. Walpole and Cpl. Billy Moore of the State Highway Patrol. No charges have been placed against young Perry. Donald is reported as improving but still remains in a critical condition.

Cover Crops Pay Says Caldwell

F. H. Paschal
County Agent

N. N. Caldwell and Harrison Weaver believe in lespedeza as a soil improving crop but they realize its limitations and do not expect it to do the whole job.

As we went with the State Judges of the SOS Contest over his farm in the Central community last week, I was interested to hear Mr. Caldwell tell how he had taken some of this rolling land when it had been abandoned and brought its productivity up to 1 1/2 bales of cotton per acre in 1951 by turning under lespedeza in August and seeding the land to vetch and turning that in the spring and repeating that process again, then going to cotton and putting vetch in the cotton each fall.

Mr. Weaver and Mr. Caldwell are really working together effectively as landlord and tenant to operate a farm on a profitable basis and keep the land from washing away. They have terraced the land, they contour their rows and they plant winter cover crops to hold the soil in winter and to provide a green manure crop to turn under in the spring.

Keep Gas Certificate Up

Under the last amendments to the Gas Tax Refund law, it is not necessary for a farmer to get a new certificate each year, but he must list all equipment in which gas for refund is to be burned with the Department of Finance and Taxation in Nashville on prescribed forms.

Farmers who have purchased new or used tractors in the last few months which have not been listed with the Department of Taxation and Finance should write a postcard to the Department in Nashville and ask for the required forms.

List on the papers all the tractors and other motors now owned in which gas for refund will be used this year, sign and swear to the facts before a Notary, and mail it in right away.

Tractors using gasoline last 50 percent longer than those using

(Continued on Page 4)

Funeral Services For Mrs. Matthews

Funeral services for Mrs. Eliza Matthews were held at 2 Sunday afternoon at Elon Baptist Church in the Double Bridges community. Burial was in Record Cemetery at Henderson, Tenn. with Sudbury Funeral Home in charge of arrangements.

Mrs. Matthews died Saturday morning at the home of her daughter, Mrs. W. H. Baker, near Halls following an illness of about one week. She was a Baptist and 77 years of age.

She leaves a son, Henry Matthews of Henderson; two daughters, Mrs. Baker and Mrs. Romie Parrett of Jacks Creek near Henderson.

Graphic To Aid Safety Program

The saving of 10,000 lives and prevention of at least 250,000 injuries this year is the goal of more than 8,000 newspapers throughout the United States that have joined in a coast-to-coast campaign to halt the mounting horror of motor vehicle accidents on America's streets and highways.

Confronted by a staggering total of more than 1,000,000 traffic dead, with 35,000,000 other men, women and children injured, many of them crippled for life, in a mere 52 years of reckless motoring, the press of the nation has adopted a common program to attack this annual national calamity on three fronts:

1. Intensive education of drivers.
 2. Intensive education of pedestrians.
 3. Intensive insistence upon strict enforcement of traffic laws.

SAFETY PROGRAM

(Continued From Page 1)

Assisting this and the other other newspapers in presenting the facts about traffic accidents, and how they can be prevented, will be the famed accident prevention department of the Association of Casualty and Surety Companies, which first introduced safe driver education to the high schools, wrote and published the first textbook on that subject, and maintains staffs of safety specialists in New York, Chicago and San Francisco to study constantly the trends and needs of traffic conditions on a countrywide basis.

The newspapers' 1952 traffic safety campaign, which has the full endorsement of all the state press and publishers' organizations, will seek to educate both drivers and pedestrians in the causes of accidents. The No. 1 target will be speeding drivers, whose violations of traffic laws cause half of the automobile deaths in a number of states. All safety organizations are urging stringent action against speeders. Another primary target will be drinking drivers, who also kill thousands

of Americans every year and often escape punishment with "slap-on-the-wrist" fines that merely encourage similar violations.

THE BIBLE AND SCIENCE — DO THEY CONFLICT?

At the Sunday night services at the Halls Church of Christ, the sermon is to concern Science and the Bible, to examine some of the supposed errors and scientific impossibilities that are said to exist in the Bible.

This will include discussions about Noah's Ark, the Flood, the Long Day of Joshua, and Jonah and the Whale.

All of you are invited out to hear how the Science establishes the accounts of the Scriptures on these events and furthermore of necessity demands the existence of a Creator who revealed His will for mankind in this day and time.

This service, to be conducted by Bro. Tom Estes, is to begin at 6:30 P. M.

County Girl Declared Personality Winner

Charles T. Peal Ass't. County Agent

Mary Ann White of Lauderdale County and Gordon Bomar of Tipton County were declared area winners in the 1951 Personality Contest at a dinner Tuesday night given by the Black & White Store of Ripley.

This contest is sponsored annual-

ly by the Black and White Stores in the Tri-State area in order to encourage good citizenship so that youth may learn to be of service to their homes, community, county, state and country.

The county winners from each of the three counties are: Lauderdale, Mary Ann White and Buddie Dennis; Haywood, Patsy Williams and Calvin Mann; and Tipton, Lavonne Shankle and Gordon Bomar. The top winners from each of these Nunn, Phillip Hurt, George Hurt, counties received a wrist watch while the runnerup receives a medal.

From these three boys and girls Mary Ann and Gordon were selected to go to Memphis on January 26th where they will compete for two \$200.00 scholarships awarded to two of the twelve area winners from West Tennessee and two additional scholarships to a boy and girl selected from the entire Tri-State area. These scholarships which will be awarded at this dinner are given through the courtesy of the entire Black & White Store chain.

The dinner was held at Joe's Pit at 6 o'clock. F. H. Paschal welcomed the group and gave the purpose of the dinner.

Leon Fuller, Manager of the Black & White Store of Ripley, made a short speech in which he congratulated the Extension Service for their part in carrying out this program.

Mr. Fuller then asked each boy and girl to give a short talk so that the judges could make their final decision as to the winning boy and girl.

A brief entertainment period was enjoyed by the group while the judges made their decision. After the announcement of the winners, Mr. Fuller congratulated them and wished them luck in the Tri-State contest.

Printing Halls Graphic

Special guests at the banquet were Miss Mildred Jacobs and Mr. Judd Brooks, District Extension Agents and Miss Aubry Scott and Mr. Lonnie Saffley, 4-H Extension Specialists.

RIPLEY, TENNESSEE

Telephone Service is Growing, too

and the cost is up far less than prices in general!

"LADIES" already! My how they have grown! And you can say the same for Tennessee's telephone service.

IN JUST EIGHT years in Tennessee, the number of telephones you can call has more than doubled.

BEST OF ALL, the price of this bigger, better "package" of service has gone up on the average far less than prices in general . . . and less than our cost of providing the service.

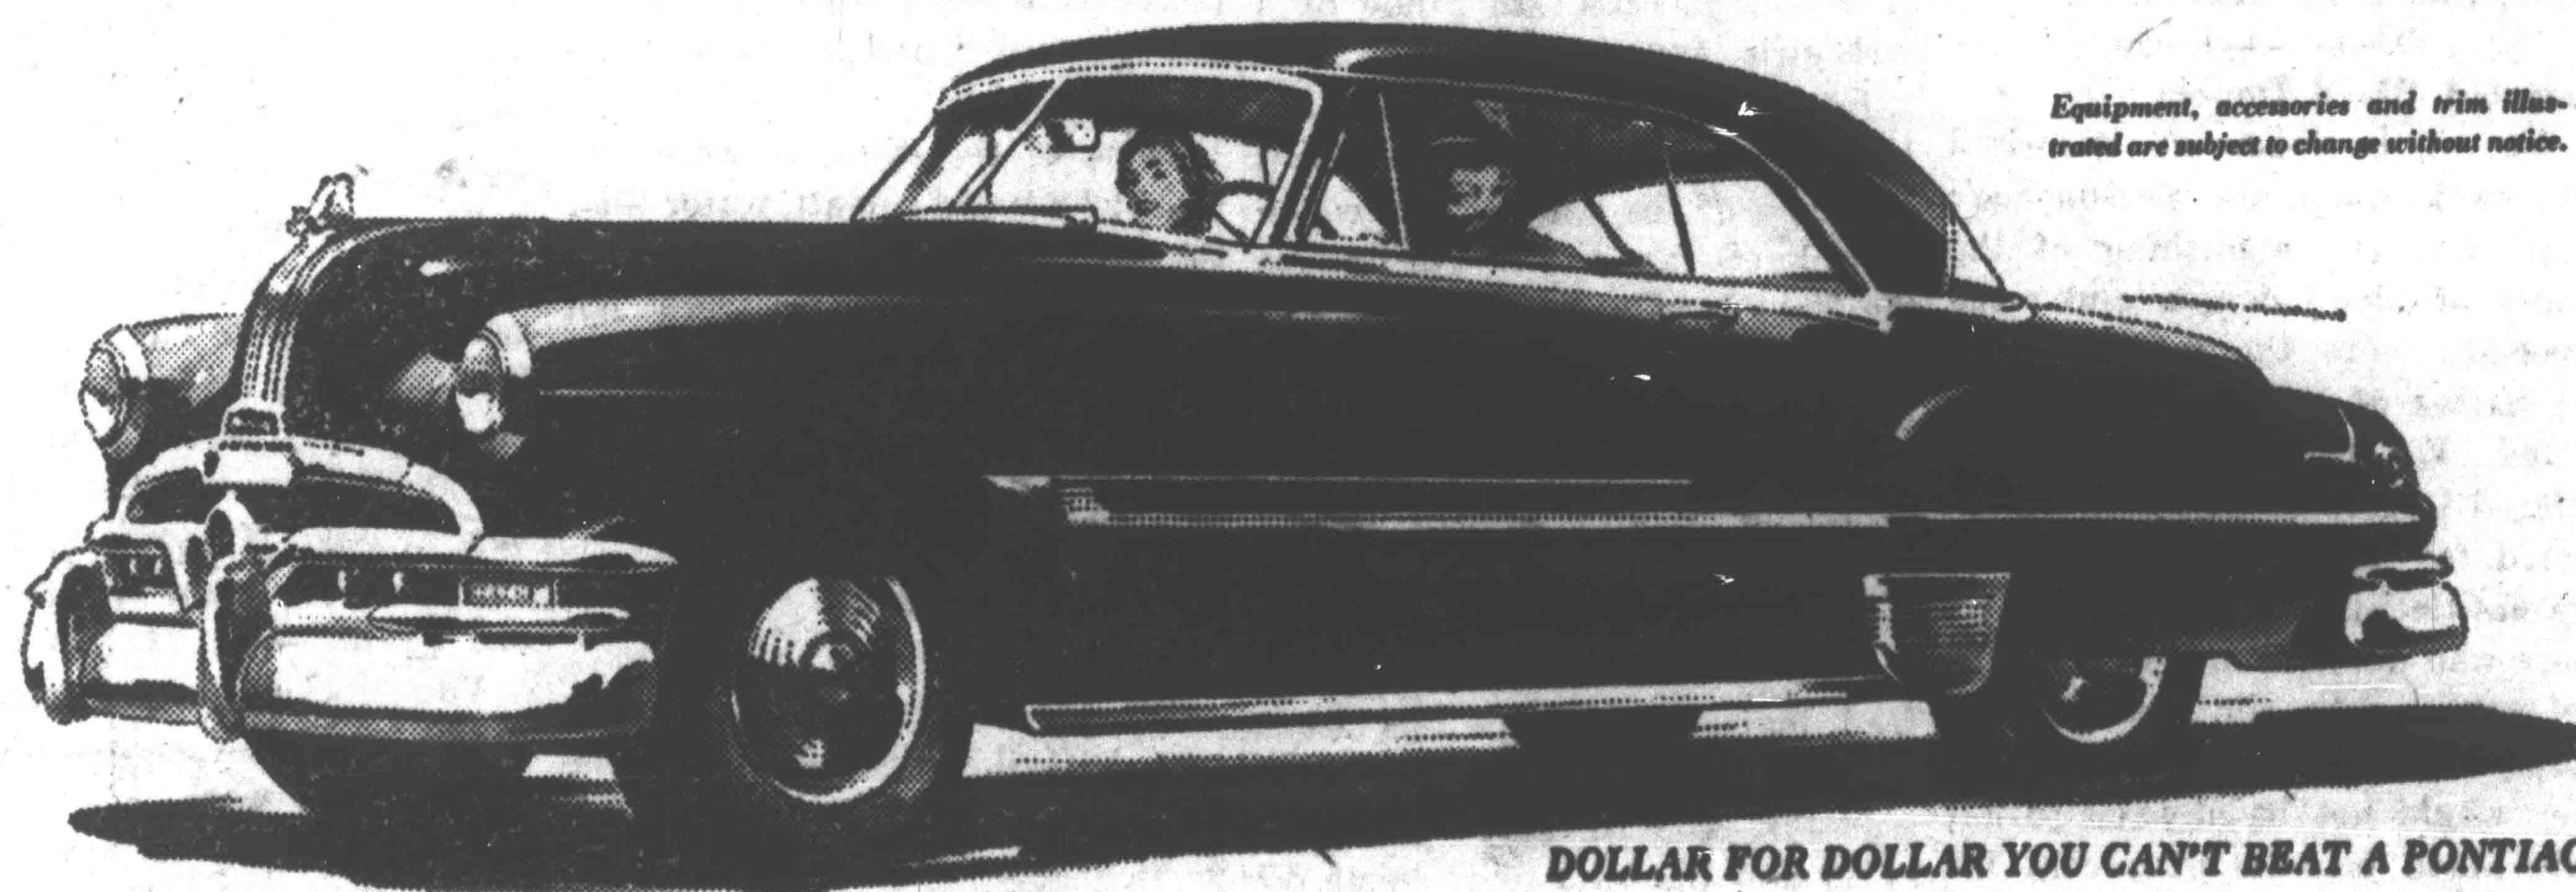

ALWAYS a bargain, telephone service is today an even better buy than it was ten years ago and a smaller part of the family budget.

C. J. YATES, Tennessee Manager

Saturday night's list included: Mrs. W. C. Viar, Jr., Mrs. Clyde Younger, Mrs. F. G. Craig, Mrs. David Nunn, Mrs. Will Cherry, Mrs. E. S. Crichfield, Mrs. F. E. Pugh, Mrs. W. O. Sugg, Mrs. Charles Rooks, Mrs. Lynn Vaden, Mrs. Ross Dyer, Mrs. Gilreath Dyer, Mrs. William Conyers, Mrs. Marvin Hansford, Mrs. P. H. Henderson, Jr., Mrs. James Peery, Mrs. Wymond Hurt, Mrs. R. J. Nunn, Mrs. Robert Craddock, Mrs. Juanita Carnell, Mrs. Jerre Jordan, Mrs. Charles Moore; M. S. A. T. McKinnon of Gates; and Mrs. Frank Thompson of Memphis.

A delicious dessert course was served before the games.

EUGENE PUGH HAS BIRTHDAY PARTY

Eugene Pugh, son of Mr. and Mrs. F. E. Pugh, celebrated his tenth birthday Saturday with a Drug Store and Picture Show Party.

Guests invited to enjoy the event were: Steve Pugh, Jerre Jordan, David H. Hurt, Buddy Murchison, Bobby Phillips, Jimmy Nunn, Phillip Hurt, George Hurt, Pat Younger, Cary Alsobrook, Carmon Belton, Tommy Dyer, Warren Nunn, and Edd Palmer of Dyersburg, Ann Younger, Jo Alice Phillips, Katie Lou Hurt, Marietta Griffin, Kay Wilson, Pamela Rhodes, Alix Hallman, Dawn Robertson, Pat Warren, Evalyn Smith and Elizabeth Ann Alsobrook.

BAPTIST BIBLE CLASS PLANS FOR SOCIAL

The Men's Bible Class of the First Baptist Church, Fred R. Hurt, Teacher, will have its annual banquet the evening of Thursday, Jan. 24th, in the Gymnasium at the High School. The guest speaker for the occasion will be Rev. Paul Isbell, a member of the faculty of Union University at Jackson.

The members of the class are inviting their wives as guests. A large attendance is anticipated. The present membership of the class is eighty-three. Officers are Harold Hart, president; Paul Griffin, Joe Clyde Escue, J. E. Viar and Charles Viar, vice-presidents; Jimmie Jacques and Jack Davis, secretaries.

Services For Mrs. C. N. Lipford

Services for Mrs. C. N. Lipford were held at 2:00 p. m. Thursday afternoon at the Church of Christ in Friendship, Tenn. with Mr. Ross Spears, Church of Christ minister, officiating. Burial was in the Sudbury Cemetery with Sudbury Funeral Home in charge.

Mrs. Lipford died at the home of her daughter, Mrs. Roy Sudbury, Tuesday afternoon, January 8, after a short illness. However, she had been in ill health for a few years. She was the wife of the late C. N. Lipford, well known

farmer and landowner of Dyer County near Bonicord and Tigrett, Tenn. He preceeded her in death in 1934.

Mrs. Lipford was born in Hardin County and moved to Dyer County at an early age. She was 84 and a member of the Church of Christ.

She is survived by two daughters, Mrs. Roy B. Sudbury of Halls and Mrs. C. E. Watson of Memphis; four sons, Oliver M. Lipford of Newbern, Tenn., S. A. Lipford of Flint, Mich., A. A. Lipford of Friendship, Tenn., and T. C. Lipford of Memphis; two brothers, D. A. Bivens of Dyersburg and E. S. Bivens of Jackson, Tennessee; and several grandchildren and great-grandchildren.

Attending the funeral were a large number of relatives from Jackson, Dyersburg, Memphis and Blytheville, Ark.

TB Association Met in Ripley

K. C. Harrington

The Directors of the Haywood-Lauderdale District Tuberculosis Association met at Tick's Cafe in Ripley on Tuesday night, January 8, with the following members being present: L. W. Morgan, Mrs. Frank Windrow and Mrs. Flossie Mulherin from Brownsville; Col. Tom Scott, Guy Henderson and Jack Rochelle from Ripley. The District Executive Secretary, K. C. Harrington, and the Office Clerk, Mrs. Urahel West, were also in attendance. Mr. John J. Beck, Field Representative of the Tennessee Tuberculosis Association, was guest speaker.

Go To Church Sunday.

BAPTIST CIRCLES MET MONDAY NIGHT

All circles of the WMS of the Baptist Church met Monday night at the church.

After each circle had their business meeting all assembled in the annex and Mrs. D. C. Warren called the meeting to order. After a short talk Mrs. R. J. Burnett very ably taught the WMU manual.

Twenty-three members attended. Mrs. Paul Crittendon closed the meeting with prayer.

ANNOUNCE ENGAGEMENT OF FRANCES MILLER

Announcement is made of the engagement of Miss Frances Miller of Nashville, daughter of Mrs. E. G. Miller of Halls, to Sgt. Sherman G. Glidewell, son of Mrs. J. B. Moore of Nashville.

Miss Miller is a graduate of Halls High School and is employed at Zander Insurance Agency, Inc. at Nashville. Sgt. Glidewell is with the United States Air Force and is stationed at Pope Air Force Base, N. C.

Allen Chipman. We were thrilled to get our writing books this week. Our interest is "tops" in some new Reading Books, "The Five and a Half Club" and "Neighbors on the Hill."

During our sharing period on Monday Linda Hilliard told about her trip to Missouri. Lynn Scott Vaden and Chuck Murchison told about their trips to Memphis.

It has been so warm this week that we are wondering if the weather man doesn't have the seasons confused.

4th Grade — The Fourth Grade is very proud to be in the new building. We have new seats and new shades of which we are very proud.

The Fourth Grade started practicing in the new gym Monday and we are sure we will be good basketball players.

We welcome six new pupils. They are Doris and Louis Wright, Louise Wilson, Paul Galloway, Carolyn Freeman, Barbara Chipman and Letha Sue Thurmond.

FREE

SERVICE — FRIGIDAIRE & MAYTAG APPLIANCES

We are equipped to give you quick and good service on your Frigidaires or Maytag Appliances. We carry a complete stock of parts for all of our appliances.

So, if your old appliance is in need of repair, bring it in or we will pick it up for you and service it.

If you are in the market for a new appliance it will pay you to see us before you trade or buy.

It always pays to buy the most popular brand of appliances on the market, and from a dealer that can give you service.

We also have a good stock of used, guaranteed Refrigerators, Ranges and Washing Machines.

More Frigidaires serve in American homes than any other refrigerator.

We also Rebuild and Rewind Electric Motors.

Hurt & Hansford George Baker, Service Man Phone 2611 Halls, Tenn. Frigidaire — Maytag

Carmon Belton and Eugene Pugh celebrated their tenth birthdays this month with picture show parties.

5th Grade — Several new pupils have joined our number since the first of the year. We welcome David Davis, Janet Crihfield, Betty Lee Newman and Glenn Newman. Wayne Sanders, Betty Dew and Peggy Rowe have moved to other schools.

Tests have been on our mind the past week and we are so glad to be together with them.

Anne Younger won a free period by saying all the poems during a six-weeks period and Mary Eleanor Karmazs won a free period by having the best paper on George Washington.

The physical education period is one that is looked forward to with much anticipation each day. The Fifth Graders really enjoy this period.

Several of us have celebrated birthdays during the past few days.

4th - 6th Grades — Mrs. Daws Our group is settling down to work in a very satisfactory manner. Our room is gradually improving in appearance. Three large bells form an attractive background for our January calendar which was drawn by Evalyn Smith. Some of our group are going to bring plants which will add a touch of color to our room.

Our latest poem is "Wonderful Weaver, which we enjoy very much.

We are so proud of our new school. We hope we can prove that we are by taking good care of it. Our gym periods are a delight to all of us.

6th Grade — We are enjoying our new building, library, gymnasium and our new desks.

We are finishing our mid-term examinations and are waiting for the results.

We have finished our spelling contest week. Those ending with a perfect spelling were Harry Wright and Buddy Murchison.

Happy Birthday, J. D. Parrish, Carolyn Ozment and Joyce Ann Cannon!

We are sorry to hear about Minnie Jane Davis' brother's accident.

We have some new Sixth Graders — Iris Newman from Hellen's Bluff and Wymond Thurmond of Gates.

7th Grade — This week is test week. Wish us luck!

Tommy Stanley has been out with Tonsillitis. We want to thank Mr. Jacques for the yardsticks.

Since we have moved to the new building we are getting gym periods and we surely do like them.

8th Grade — This week is test week. We will really be glad when it is over.

The H's were presented to the basketball girls last Tuesday. They are really proud of them. Have you seen some on our sweaters?

We are proud to have three new pupils—Bobby Joe Hughes, Betty Gean Galloway and Royce Robinson.

We would like to congratulate the librarians on a good job of getting the library settled. We have been using it this week.

Happy birthday, Tikford Woodard, on your 13th birthday!

How about attending our basketball games? We are really proud of our teams.

See you later.

(Continued from Page 1) tractor fuel. The cost of repairs is reduced fully 50 percent and much less oil is used. It is much less trouble to start a tractor and it may be started and stopped at will when burning gasoline. When the 6c per gallon refund is considered, the cost of operating a tractor on gasoline is considerably less than tractor fuel, especially in high compression motors.

Prepare Cottonseed Cottonseed can profitably be delinted and treated with mercury dust to prevent seed-borne diseases and put in even weight bags ready for planting right away.

Experiment station tests and farmer experience have proven beyond a doubt that delinting and treating of cottonseed in some years just about means the difference between getting good stands and having poor stands or having

to replant which increases the cost and delays the crop.

If all farmers wait until just before planting time to take their seed to the delinting plants, there is not room enough for the seed to be stored at the plants and

everybody seemingly has a harder time getting the work done when they want it. Putting the seed in good bags of even weight makes treated seed safer and easier to handle and the bags can be used again.

Who Was VICTIM X?

Victim X, whose name will never be known, was the 1,000,000th highway traffic fatality in the United States since 1900. Victim X may have been man, woman or child—it might have been you!

This life, sacrificed to carelessness, was snuffed out in an automobile accident late in 1951. Only a few months earlier, another unknown met his death on a Korean battlefield. "GI-X" was the millionth soldier to die for his country since the Battle of Lexington, April 19, 1775. It took seven United States wars and the conflict in Korea to count a toll of 1,000,000 Americans who died in the cause of freedom and independence. It took only 52 years for another million to be killed on the streets and highways of our country. Besides these dead in traffic accidents, 35,000,000 more were injured, maimed or disfigured for life.

Automobiles will claim their second million victims much sooner, possibly in the next 25 years, unless you and 60,000,000 other drivers get seriously safety conscious.

Carelessness causes nine out of every ten accidents. Speeding, drinking-and-driving, violation of rules of the road and right-of-way, are major causes of auto fatalities and serious accidents. Lack of alertness by pedestrians contributes its toll to the death statistics.

Drive safely—walk safely. Save your own life—and the lives of others.

Drive As Though Your Life Depends On It - - IT DOES!

The Halls Graphic

THE HALLS GRAPHIC

Volume 58

Halls, Tennessee, Friday Morning, January 25, 1952

Number 4

Confidence Corner

Stray Dogs

A reminder is issued to dog owners that warfare against stray dogs will be started here in the near future. Dogs running loose must have a collar or harness with a tag showing that the dog has been vaccinated against rabies. All female dogs must be kept up. Mayor Crittendon warns that for the protection of school children and the citizens of Halls these rules must and will be enforced. Chief of Police J. S. Walpole has asked the Graphic to notify the public that he will dispose of any dead dog if some one will notify him about the animal.

In Bad Shape

There may be streets in Halls that are in worse condition than Locust Street but we have not had the misfortune to drive over them. The street is full of holes making driving over it virtually impossible. We are aware that it is to be completed next spring but it would seem that something could be done for it during the winter months.

Basketball

We're sure that all basketball fans of Halls were never in any more suspense than prevailed last Friday night during the girls game with Hornbeak. A thriller from start to finish anyone who appreciates good basketball made a mistake if they were not present for the game. The boys game with Dyersburg this year and the finals of the district tournament with Covington girls are the only games which we remember to have contained comparable suspense.

Needed Here

Efforts to organize a Junior Chamber of Commerce in Halls should be encouraged in every possible manner. Halls is badly in need of some organization of this sort and the reputation of the Junior Chamber of Commerce is that of accomplishing things. In our opinion an organization of young men will do much to aid the progress of Halls. Older men should aid the movement by becoming associate members and assisting in every possible manner.

Grandmother Of Mrs. Hilliard Dies

RIPLEY — Services for Mrs. Florence Cagle, who died Sunday morning at the Lauderdale County Hospital here, were held at 10 Tuesday morning at the Grace Baptist Church with the Rev. J. A. Williams officiating. Burial was in Grace Cemetery.

Mrs. Cagle, who was 82, had been ill three months. She had lived in the Central Community here for 49 years.

She leaves two sons, Ed Cagle of Ripley and Claude Cagle of Osceola, Ark.; a daughter, Mrs. Ray Long of Raleigh; two brothers, Sam Weaver of Ripley and R. L. Weaver, of Memphis, and a sister, Mrs. Nannie Newman of Ripley.

Mrs. Cagle was the grandmother of Mrs. Odell Hilliard of Halls.

Local Property Changes Hands

The Evan Butler residence on West Tigratt Street in Halls has been sold to Mr. and Mrs. J. C. Hardy who have moved into the dwelling to make their home in Halls. Mr. Hardy was, for a number of years, the Postmaster at Hales Point and more recently had operated a store in the Poplar Grove community.

The Woodrow Lawrence property on East Tigratt has been sold to Wes Tomlinson of Ripley who will move with his family to Halls in the near future. Mr. Tomlinson is a native and former resident of Halls and has a number of relatives here.

Mothers' March Is Set For Jan. 31st

Porch lights will be burning for an hour throughout Lauderdale County on the night of January 31 when the "Mothers' March on Polio" will be launched as a climax of the 1952 March of Dimes, it was announced yesterday by James C. Hill, campaign manager for Lauderdale County.

The burning lights in the hundreds of homes will be the signal to an army of volunteer mothers that they will be welcomed to receive contributions to the March of Dimes.

The Lauderdale County March of Dimes Committee has designated the hour between 6:30 and 7:30 p. m. as the time for this dramatic windup of the campaign against infantile paralysis, the director declared. The local "Mothers' March on Polio," he continued, is part of an identical nationwide movement in which hundreds of thousands of mothers will participate.

"Turn On Your Porch Lights to Fight Polio" is the theme of this special appeal by the mothers of the nation on behalf of the men, women and children who have suffered from infantile paralysis, the director said. The lights of American homes, he continued, also will serve as a symbol of hope to those who may be stricken in the future. "Here's the way the Mothers' March will work," he said. "Between the hours designated, every resident in the county will be asked to turn on his porch light—or to burn a light in his window—if he wishes to make a contribution to the March of Dimes.

"Then the mothers will march, street by street, house to house, receiving contributions to this year's campaign against polio."

The basic organizational plan for the "Mothers' March on Polio," he declared, calls for the appointment of an area chairman.

"Last year," said Mr. Hill, "more than half a million mothers throughout America took part in the 'Mothers' March on Polio.' This year our community is a part of a much larger effort. We are confident that the mothers of this county will give their time and their unequalled devotion to this a peal which is so close to their hearts."

LOCAL STUDENTS NAMED ON HONOR ROLL

Three students from Halls are among 83 Tennesseans who won places on the scholastic Honor Roll during this past Fall Quarter at the Martin Branch of the University of Tennessee.

They are: William W. Lents, Joseph D. Connell and Robert W. Henderson.

Word has been received that both Donald and Bobby have been accepted in the University of Tennessee School of Medicine at Memphis for entrance in September. Donald is studying medicine and Bobby is studying dentistry. A student must maintain an average of 90 or better for consideration for acceptance at the medical college.

4-H CLUB NOTICE

4-H members who intend to join the Club should do so this month or they will not be eligible to participate in this year's activities.

Charles T. Peal

Junior Chamber Of Commerce Planned

Pat Roberts of Dyersburg, West Tennessee representative of the National Junior Chamber of Commerce, was in Halls Monday night of this week to discuss the possible forming of a chamber here.

Mr. Roberts met with some fourteen local men to discuss the Junior Chamber of Commerce and to outline procedure necessary to organize here. He has agreed to return Monday night of next week for a further meeting and discussion.

The Junior Chamber of Commerce is made up of young men between the ages of 21 and 35, not necessarily business men. All men within this age group are invited and urged to attend the meeting next Monday at Bank of Halls beginning at 7:30 p. m. Men past the age of 35 may be associate members and if interested are invited to attend the meeting.

Pond Creek Funds Should Be Used Say Landowners

Landowners in the Pond Creek area of Crockett County near here are becoming somewhat disturbed regarding the lack of action in re-dredging of the Pond Creek Drainage Ditch from the funds which have been made available for this work.

"After many years of waiting for federal aid in reclaiming several thousand acres of land flooded as a result of the ditch having been filled with drifts, landowners have been very much encouraged by the announcement that funds have been made available.

"About three years ago this ditch was improved by U. S. Engineers by completing the mouth and emptying same into the Forked Deer River. Later the landowners along about seven miles of the ditch re-dredged same through their property at a cost of several thousand dollars. The completion of re-dredging the gap between these projects is necessary for future benefits to those landowners who have paid for these improvements as well as those below them on the ditch.

"Those interested fear that this recent appropriation may be lost by default if not used in the near future and that it might be many more years before funds may be made available again for this project.

"We are glad to be invited to attend 'The Chit Dixon Show' today (Wednesday). Thanks, Mrs. McCorkle for letting us come. We made P. T. A. invitations for our parents last Monday.

On Monday Lynn Stallings told us about her trip to Blytheville, Ark. and her ride on the ferry. Stella Reese told us about her weekend spent in Memphis.

We are looking forward to having our pictures made this week. Those on our sick list are Linda Hilliard, Maxine Burroughs and Katie L. Hurt. We are really missing them.

We are missing Janet Smith and Carolyn Bell. They are absent due to illness.

Edd Palmer from Dyersburg was our visitor last Friday. Come to visit us again, Ed.

We are enjoying the many interesting and attractive books from the library.

We wish to thank Mrs. O. J. Nunn for the beautiful plant that adds much to the color of our room.

We wish to thank Mrs. Paul Griffin and Marietta for the delicious candy they served us at our "Hop and Why Club" meeting last Wednesday.

The 4th Grade girls wish to thank Carolyn McCorkle, Vanda Davis and Marilyn Latham for teaching them how to do the figure eight during gym practice.

Our most recent poem was "Little Smile," by Alla M. Forster. Larry McBride, Joel Ferguson and Mary Eleanor Karnazes were the last to stand in our spelling match last Friday. Larry won the match.

David Hurt drew our picture on the board about the story of Frances Scott Key writing the words to "The Star Spangled Banner."

Go To Church Sunday.

BOB GABA NOW IN GERMANY

Mr. and Mrs. Robert Gaba of Knob Creek Farm have received several letters from their son, Pfc. Robert M. Gaba, saying that he has arrived safely in Germany. His address is: Pfc. Robert M. Gaba, AF1439945, 4th AAC (IM) Squadron, c/o Postmaster, New York, N. Y.

Bob was a member of the 1950 football team and the 1951 graduating class of Halls High School. He joined the Air Force in the spring of 1951.

Elementary News Notes

C. McCorkle - B. Smith

WHY
Katharine R. Fullerton
What makes a sunset red,
How many days till Spring?
How does a robin fly,
What makes a Cricket sing?
What is in the lightning,
And who makes all the rain?

Your questions space the hours
Till bed-time comes again.
... and as we say your prayers
I'll ask God to make me wise -
So that perhaps tomorrow
I can answer all your "Whys!"

o-o-o-o-o
- II -

We haven't had much news lately. Just going along in the same old routine.

We have 35 in each 2nd Grade now. We have some new tables on which we draw a picture and write a story. We have some very nice ones too.

Our attendance has been good. Susan Smith and Betty Ann Vaden have been out on account of illness but we're glad they're back now. Sylvia Mathis tells us about her new little sister and Liz Stevens also has a new sister.

"Miss" Electra taught us Friday. We enjoyed having her.

Tommy Corlew says he has a "brand new baby sister." She will be called Kathryn.

- III -
(Mrs. McDearman)

A welcomed visitor in our room last week was Edd Palmer of Dyersburg.

We are glad to be invited to attend "The Chit Dixon Show" today (Wednesday). Thanks, Mrs. McCorkle for letting us come.

Palmer Hits Mule With Automobile

E. T. "Rocky" Palmer, Dyersburg attorney and former resident of Halls, had the misfortune to badly damage his car on Highway 51 just north of the former Jim Brown home Tuesday night. The car was damaged when he struck a stray mule which wandered on the highway. Reports say that Mr. Palmer was blinded by the lights of a parked car.

Just prior to Mr. Palmer's accident, another mule had been struck by another motorist also damaging the car. Identity of the first driver was not available.

State highway patrolmen investigated the accidents but were not immediately able to learn the owner of the mules. Neither Mr. Palmer nor the driver of the other car were injured.

Holt Child Is Buried Thurs.

Teresa Diane Holt, 2-month old daughter of Mr. and Mrs. Lexie (Red) Holt, will be held at 2 p. m. Thursday at the residence with the Rev. R. J. Cooper, Baptist minister, officiating. Burial will be in Rials Cemetery with Sudbury Funeral Home in charge.

Teresa Diane died shortly after midnight Tuesday night after having been in ill health her entire life. She was believed to have been improving and had only recently returned from the Baptist Hospital in Memphis. She is said to have died from pneumonia.

Surviving in addition to her parents are a brother, Danny Lee Holt; four half-brothers, Harold Holt and Clayton Holt of Milan; and Jerry and Jack Blew of Dresden; three half-sisters, Mrs. James Ward of Lansing, Mich., Mrs. Ray Headlip of Wisconsin and Miss Modine Blew of Dresden.

Mrs. Dave Grady Died Sunday

The wife of a Lauderdale County farmer, Mrs. J. D. Grady, died of a heart attack at her home in the Double Bridges community Sunday. She was 64.

Services were held a 3 o'clock Monday afternoon at Elton Baptist Church, of which Mrs. Grady was a charter member. Burial was in the cemetery there. She was a life-long resident of the Double Bridges vicinity.

She also leaves two daughters, Mrs. Will Kennedy of Dry Hill and Mrs. Earl Cone of Double Bridges, three grandchildren and three great-grandchildren.

M. E. McDearman, Jr. of Townsend-Daws Co., Inc. was in Memphis Monday for the dealer showing of the 1952 Ford.

MAYOR'S PROCLAMATION

WHEREAS, Thursday, January 31, will witness the climaxing activity of this year's March of Dimes, namely, the "Mothers' March on Polio," and

WHEREAS, the cruel disease of infantile paralysis has, during the past four years, placed an overwhelming burden upon the March of Dimes in providing for care and treatment of the stricken — many of them local boys and girls, and

WHEREAS, upon the success of the 1952 March of Dimes will depend the adequate continuance of such vital aid, and the intensifying of scientific programs aimed at ultimate conquest of infantile paralysis, and,

WHEREAS, the "Mothers' March on Polio" will prove one of the finest manifestations of the depth of our concern for the health of our young people, and our determination to conquer infantile paralysis forever.

THEREFORE, I, P. W. Crittendon, Mayor of Halls, Tennessee, do hereby proclaim Thursday, January 31, to be "Mothers' March on Polio" Day in Halls, and do urge that there shall blaze from every home in our proud city a light inviting these humanitarian volunteers to such residence to receive funds with which to carry on the great work made possible by the March of Dimes.

IN WITNESS WHEREOF I have set my hand and caused the Seal of the City of Halls to be affixed.

(Signed) P. W. CRITTENDON, Mayor

HALLER LODGE NO 564 TO MEET MON. NIGHT

Haller Lodge No. 564, F. & A. M. will meet Monday night, January 28th, at 7:30 p. m., for work in the Second Degree. All members are urged to attend. Visiting brethren welcome.

R. N. Sherrod, W. M.
H. L. Rhodes, Secretary

Local Teams Win Over Hornbeak

The Halls High girls basketball team surprised most local fans (and possibly themselves) by coming from behind in the 4th quarter Friday night to hand the Hornbeak sextet a 42 to 40 licking and retain their record of not having lost a game on the local court since 1947.

The Halls girls moved to a 11 to 8 lead at the end of the first quarter but Hornbeak moved in front 23 to 20 at the end of the half and 28 to 26 at the end of the third quarter. That's when things broke with the Halls team scoring 16 points to a total of 12 for Hornbeak during the last quarter and Joy Watts registering three field goals in the final 70 seconds of play, the last one being a one-hand, off-balance push shot from out on the floor with five seconds remaining in the game. As an anti-climax Cashion hit a two-pointer for Hornbeak just after the horn had gone off ending the game.

Even though Hornbeak maintained a lead throughout the game after the first few seconds of the second quarter until the final 30 seconds of play, the Halls girls were outscored only in the second quarter with Hornbeak racking up 15 points while the local girls scored 9. Hornbeak had a seven-point lead shortly after the beginning of the third quarter but were unable to maintain it. The play of the entire team was good most of the time with Marilyn Reece who replaced Elizabeth Akin at back guard especially showing up well. Akin had been out of uniform during the entire week due to a cold.

The Halls boys won over the Hornbeak boys by a score of 50 to 42 after maintaining a lead throughout the game. The Tigers jumped into a 11 to 2 lead at the end of the first quarter, led 21 to 18 at the half, had a 36 to 30 lead at the end of the third quarter, Hornbeak was never ahead of the Tigers and pulled even at 29-29 for their only time to be even after the scoring started. Tom Belton racked up 23 points to lead for the Tigers.

Friday night of this week the Halls teams will travel to Covington where the probable fate of the quintet in the tournament can be guessed at. A winning game or close game against Covington boys (Continued on Page 4)

Production Meeting Set For Jan. 29th

F. H. Paschal
County Agent
Joe Ayers of Porters Gap community bought a rundown farm in 1946 on which he began conservation farming in 1947.

That year he contoured his cotton rows and planted vetch in cotton middles in September. The next spring he terraced some of the land and contoured his rows with the terraces, but put some of the same land back in cotton. Again he planted vetch in the cotton middles in September.

On five acres of this land which has had vetch planted on it each fall, cotton has been grown each year since 1946. In 1951 Mr. Ayers fertilized this five acres with 200 pounds 6-12-12 under the row and side dressed with 10 pounds of soda. He picked 9 1-2 bales—a total of 4700 pounds of lint cotton—from these five acres which brought his \$1976.00.

The cotton was so rank this fall that Mr. Ayers did not feel that he could go through it with a sweep to cover the vetch—so just sowed the vetch seed anyway and he has a perfect stand.

Mr. Ayers recently got soil test boxes and plans to fertilize the land according to soil tests this year, after turning under another crop of vetch. It will be interesting to see how much cotton he will make the seventh year by slowing down erosion, using winter cover crops, and fertilizing according to tests.

Join Plant To Prosper

Mr. and Mrs. Paul Williams of Central road, county tenant winners in 1941, have entered the landowner division of the Plant to Prosper Contest in 1952.

Lauderdale County farmers most progressive and we can have a state winner in this Plant to Prosper contest if interested farm families will enter the contest and turn in simple record books next fall telling what they have done.

Production Meeting

Cotton ginners, cotton and soybean buyers, bankers, cotton producers and other interested farmers are invited to attend a meeting to be held at the courthouse in Ripley at 9:30 a. m. on next Tuesday, January 29th, at which representatives of the Extension Service, the FMA, SCS, and other members of the State Mobilization Committee will explain the agricultural situation and the needs for increased production of all agricultural products this year.

We are planning a series of community meetings to be held in February on cotton production. Livestock production schools are being planned for the first week in February at Halls and Ripley, and the countywide rat campaign is in the making for the latter part of February. Specific announcements will appear in later issues.

Agent To Louisiana
Friends of N. S. Martin, County Agent in this county from 1928 to 1939, will be interested to know that he is retiring from Extension (Continued on Page 4)

Mrs. Molly Olds Buried Wednesday

Services for Mrs. Molly Olds were held at 10:30 Wednesday morning at Enon Baptist Church near here with the Rev. Mr. Owens, Baptist minister, officiating. Burial was in the church cemetery with Sudbury Funeral Home in charge.

Mrs. Olds died at the home of her son, Jack Olds, here early Tuesday.

Mrs. Olds, born in Lauderdale County, was the widow of Rube Olds, well-known farmer and landowner of Lauderdale County. She was 93 and a Baptist.

She leaves two daughters, Mrs. Willie Cone of Nankipoo community and Mrs. Bill Blankenship of Arp, Tenn.; four sons, Walter A. Nankipoo, Harvey Olds of Arp Olds of Memphis, Wilbert Olds of Halls and Jack Olds of Halls; 18 grandchildren, 22 great-grandchildren and 7 great-great-grandchildren.

JOHNSTON—The Halls Graphic is authorized to announce Sam F. Johnston as a candidate for nomination as Direct Representative in the General Assembly of Tennessee for Lauderdale County in the forthcoming Democratic Primary election.

February 15 is PMA Deadline

February 15th is the last day for reporting practices carried out on farms in Lauderdale County during the year 1951. If farmers have carried out any practices which are eligible for payment they should come by the County PMA Office and report these practices and sign an application for payment. The following is a list of the practices in this county which are eligible for payment under the 1951 program: Liming materials; superphosphate and mixed fertilizer; boron; winter cover crops; small grain; permanent pasture; permanent cover; sod waterways; forest tree planting; terracing; ponds and open farm drainage ditches.

All materials except those obtained under Purchase Order will have to be sustained by receipts or other acceptable evidence before payment can be made.

Crop Insurance

Crop Insurance protects your investments against all natural hazards such as drought, floods, winter-kill, excessive rains, hail, fire, insects, plant disease, wildlife, etc. No comparable coverage for so many causes of damage is available from any other source.

Especially in Winter. It pays to GO GREYHOUND! Greyhound's your best buy in travel every day, every season. But especially in winter, it's good judgment to choose this direct, dependable service to any part of America.

It pays in comfort Sink back in deep cushions and relax as you ride in the modern SuperCoach with its controlled heating, efficient ventilation.

It pays in dependability Of all drives on American highways, Greyhound operators are rated among the finest, most dependable, most careful.

It pays in pleasure On business or pleasure, visit or vacation—you enjoy both the scenery and the congenial company aboard your SuperCoach.

It pays in dollars Compare the price of a Greyhound ticket with other fares! There are no greater savings, no lower rates!

LOW FARES LIKE THESE TO ALL AMERICA! Table with columns for destination and fare. Includes Los Angeles, Phoenix, Pensacola, Columbus, Chicago, St. Louis, Dodge City, Toledo.

GREYHOUND TERMINAL NIK-NAK INN Phone 4471 Halls, Tenn. GREYHOUND

In this county for 1952 the new sharecropper plan is in operation. Under this plan sales contracts will be made only with landlords, owner-operators and tenants. The owner-operator or tenant will apply for insurance on his interest in the cotton crop, and for insurance on the interest of all his sharecroppers by signing one "sharecropper interest" application.

In cases where the farm operator does not apply for insurance to cover his sharecroppers' interest any of that farm operator's sharecroppers who desire to protect their individual interest in the cotton crop may do so by applying in person at the county PMA office.

Sunday School Lesson

By Walter C. Davis, D. D., Tennessee School of Religion, University of Tennessee

(John 8:1-10; 7:45-52)

"A SECRET DISCIPLE"

George W. Truett, who knew the hearts of men as well as any in our time, gave the following reasons why men turn away from Jesus:

- 1. Because of the fear of men. 2. Because of captious doubts and questions concerning religion. 3. Through the power of sensual enjoyments. 4. Through the simple, fearful, fateful power of procrastination. "And if you go away from Christ, pray look at what you give up."

As we think of Nicodemus we think of 1 and 2 in the above list as fitting his case. Nicodemus had courage. It took a lot of courage for a member of the Sanhedrin to go to Jesus, even at night, to talk with Him. That visit would cause a great deal of discussion

No New Auto Tags For Tenn. In '53

NASHVILLE — Tennessee was ordered Tuesday not to issue any new motor vehicle license plates after this year.

State Finance Commissioner J. M. Dickinson said the instructions had been received from National Production Authority. He reported Tennessee will be allotted only 20 percent of the 500 tons of steel required to make Tennessee's 1,300,000 sets of plates for 1953.

License plates for this year already have been manufactured and will go on sale March 1. The colors are black and white. Production of 1953 plates is scheduled to begin this Spring. Commissioner Dickinson said the 100 tons of steel allocated to Tennessee will be used to make small tabs. They will be attached to the 1952 plates next year.

Care In Raising Of Calves Urged

Charles T. Peal Ass't. County Agent Every calf lost during the coming season will mean a loss of at least \$150.00 to beef breeders.

High calf losses are usually the result of inadequate attention at calving time, abnormal presentations at birth, and confining cows in stalls to calve. Cattlemen rewarded with a 90 to 100 percent calf crop are those who check their cow herds once or twice a day as the calving season approaches, and who remove cows approaching

3,000 DIMES Buy His Pak MACHINE GIVE Voluntarily TO MARCH OF DIMES JANUARY 2-3

calving from the main herd to a clean grass lot close to the house where frequent checks can be made for possible danger signs. Confining cows in stalls at calving time may cause losses because of poor sanitation, or because of direct interference by walls, posts, corners, etc. at the calving time.

Wet, cold weather may also endanger the newborn calf. A vigorous rubdown with an old burlap sack will help a chilled, shivering calf; and access to a dry, well-bedded shelter will help eliminate danger. A healthy beef calf should be on its feet and nursing within an hour after birth. Helping the weaker ones get started may be necessary, but is worth the trouble.

The wise breeder also watches for other troubles. Alfalfa hay, moldy silage, or an excess amount of protein fed the cow may cause scouring in calves. Quick action against this is essential. Aureomycin and the new sulfa drugs appear to be effective against infectious calf scours, and the alert breeder doesn't hesitate to call on his veterinarian for advice and professional help.

Further information may be obtained from Extension Publication 330, "Beef Cattle in Tennessee," available at the county agent's offices.

Wreckers Must Report To NPA

Automobile wreckers of Lauderdale county are being warned by the National Production Authority that if they have not filed the inventory report required in a recently issued NPA order they should do so immediately or face possible penalties provided under the Defense Production Act.

According to information received here from John M. Fowler, district manager of the U. S. Department of Commerce in Memphis, this report is required under Order M-92 which directs the wreckers to file an initial inventory statement reflecting the number of vehicles and car units and pounds of loose scrap in inventory on December 1, 1951.

The deadline for submission of the report was December 20, 1951, and a number of wreckers have not complied with the order, Mr. Fowler said, although forms and

followup reminders were sent out by NPA district offices to all firms. Those failing to report face penalties which, if found to be willful, are punishable by fine or imprisonment or both, Mr. Fowler said.

"Automobile wreckers of Lauderdale county who have for any reason not complied with the inventory notification requirements

of NPA Order M-92 should do so immediately," said the Commerce Department official. "The report is to be returned to the nearest Department of Commerce, National Production Authority, office having jurisdiction in the area in which the operator is located."

DE Class Get New Class Pins

There was much excitement in the Distributive Education Class of Halls High School on January 11 when the DE students received their pins. They were small gold or silver diamond shaped pins with a raised symbol of seamanship.

Mr. John Wimberly, the West Tennessee District Coordinator, came to visit the class on January 17 and told of the district meeting which will be held sometime in March. At this meeting there will be parliamentary procedure contests, sales demonstration, public speaking, judging, display and several other contests. Halls will enter several of the contests and will have two delegates, Kathleen Garrett, and Vandalyne Lawrence, to help carry on the business of the meeting along with other delegates from West Tennessee. All Distributive Education classes from West Tennessee will be present. Mr. Wimberly also informed us the National Distributive Education meeting will be held on April 20, at Wichita, Kansas. Halls will also have a delegate at this meeting, Faye Erwin. The Class have begun work on their Merchandise Manuals which are just like a term paper. —Ugh!

ATTEND FUNERAL

Attending the funeral of Mrs. Zella Moore at Wynne, Ark. on Tuesday were Mrs. W. A. Perry,

Mrs. T. G. Avery, Mrs. W. E. Ralph and Mr. and Mrs. Warren Tanner of Halls; Mr. and Mrs. Roy Meadows, Mrs. J. T. Meadows, Leon Meadows, G. C. Meadows, Harold Dodson, Chesley Meadows, Mr. and Mrs. Lyod Dodson, E. C. Dodson, Mrs. J. C. Dodson, Mrs. Lorene Dodson, Mrs. Vera Peckinpaugh, of Unionville; Miss Peggy Dodson of Memphis; Johnnie Meadows of Memphis; and Mrs. William Lightfoot of Savannah, Tenn.

JONNY THOMPSON WEDS VAN DOYLE SANDERS

Jenny Lou Thompson of Coolidge and Van Doyle Sanders of Halls, Tenn., were united in marriage at 5 o'clock Saturday afternoon in Coolidge Community Church. The Rev. Earl M. Ward, pastor, performed the ceremony. Only members of the family, close friends, and members of the bride's Sunday School class were present.

She is a daughter of Mr. and Mrs. J. O. Thompson, who came here from Tennessee a year ago to make their home.

The bride wore a brown traveling suit with gold accessories and a white orchid corsage. She was given in marriage by her father.

Mrs. H. L. Holland, the bride's aunt, was matron of honor, and Edward Taylor of Detroit, Mich., the bride's uncle, served as best man.

The groom is a son of Mr. and Mrs. Fred Sanders of Halls, Tennessee, and has recently received his discharge from the U. S. Navy after two years service.

Out of town guests were the bride's grandparents, Mr. and Mrs. J. R. Thompson of Newbern, Tenn., and her aunt, Mrs. Edward Taylor of Detroit, Mich.

Immediately after the ceremony, Mr. and Mrs. Sanders left for a brief wedding trip in the southern part of the state. They will make their home here temporarily. — Taken from the Coolidge, Arizona, Daily newspaper.

NOTICE

This is to notify all members of the Woman's Christian Temperance Union that February is dues paying time. "In numbers there is strength."

United we stand for this worthy cause, for God and home, Tennessee, the USA and the islands across the sea. As I am unable to call at your homes to collect dues, it would be such a help if each of you will leave \$1.00 at the bank, where they so kindly handle the funds for me. Or shall I have the pleasure of phoning each of you.

Sincerely,
Mrs. B. F. Chambers
Treasurer

CARD OF THANKS

The family of the Rev. W. M. Vaughan, Sr. wish to express their sincere thanks for the many kind expressions of sympathy in the death of our husband and father. We wish to thank each of the five

churches on the Gates Circuit for their extreme kindness and generosity. We wish to thank the many friends who sent flowers and to those who brought food.

We are grateful to the ministers, the Rev. M. H. Stroud, Rev. W. S. Mischke and Rev. H. A. Goforth, for the most appropriate service, to Dr. Olds for his faithful service, to Halls Funeral Home for the fine way in which the funeral was conducted. To the Tennessee Highway Patrol for their kindness in escorting the funeral procession to the state line, and to all who sent gifts and cards.

Please accept our sincere thanks and may God bless each of you.
Mrs. W. M. Vaughan, Sr.
Rev. W. M. Vaughan, Jr.
Mrs. Bob Barron
Hugh Vaughan
Martha Vaughan

Kefauver Clubs Cover State

NASHVILLE — With an announcement expected from Sen. Estes Kefauver on the Presidential race within the next two weeks, officers of the Tennessee Kefauver for President Club said that only a dozen counties in Tennessee remain to be organized.

Eighty-three of the 95 counties in the state now have local clubs, and organizational meetings for most of the others have been scheduled for this week.

Since his conference with President Truman, Kefauver has refused to say any more about the possibility of seeking the Democratic Presidential nomination except to repeat that he will announce his intentions about Feb. 1. But Washington reports have been that he may announce as a candidate this week.

WHAT DOES IT MEAN TO BELIEVE ON CHRIST?

This will be the subject at the Halls Church of Christ on Sunday night, January 27, at 8:30 p. m.

All Christians in Halls and those who are interested in getting their hearts right in the sight of God are invited out to hear this sermon, for eternal salvation should be of interest to all. To some, this sermon will be new; to others, it will be a review; to all, it should be profitable.

-SERVICE- FRIGIDAIRE & MAYTAG APPLIANCES

We are equipped to give you quick and good service on your Frigidaire or Maytag Appliances. We carry a complete stock of parts for all of our appliances.

So, if your old appliance is in need of repair, bring it in or we will pick it up for you and service it.

If you are in the market for a new appliance it will pay you to see us before you trade or buy.

It always pays to buy the most popular brand of appliances on the market, and from a dealer that can give you service.

We also have a good stock of used, guaranteed Refrigerators, Ranges and Washing Machines.

More Frigidaires serve in American homes than any other refrigerator.

We also Rebuild and Rewind Electric Motors.

Elementary News Notes

(Continued From Page 1)

The group, headed by Warren Nunn, had devotional Friday.

We are happy that twenty-one of us went to Sunday School Sunday.

"Happy Birthday," Johnny Olds. We wish you many more.

In our Social Studies we are studying Medieval Times. We enjoyed the Crusaders from France.

We are trying to learn our eight parts of speech which seem to play an important part in English.

In arithmetic, perimeters and areas seem confusing but we will soon master them.

We will be seeing you again next week.

IV - VI (Mrs. Daws)

The interest of the 4th Grade is centered around "Pedro's Home in the Andes Mountains," a scene we are making on our table.

Finis Ashcraft was the make-believe mason and did an excellent job of making the house look as if it was made of brick. The thatched roof makes a good appearance, too. Raymond Belton supervised the making of the llamas. Freddie Chipman made a donkey. Louise Wilson and Lita Sue Thurman made balls of yarn to use in the loom. The loom was made by Barbara Sasser. The corral in which animals are kept was made by Paul Galloway.

This scene made our geography seem real to us.

The 6th Grade is studying the rise and fall of the Roman Empire, which is especially interesting.

VII

We have just gotten through with our mid-term tests.

Mrs. Gilliland is letting us enjoy her little books. We check them out every other day.

The 7th Grade enjoys going to the library.

We are glad to have Joyce Midgett back after being ill. She has been sick for some time.

VIII

We are proud of our basketball girls and boys who walked away with the victory over Parkview.

Happy Birthday, Ebeleen Chrouster. We hope you have many more.

We welcome Dollie Reece back into our school.

We'll see you next week.

The meeting was adjourned to meet with Mrs. Jack Cook on Friday, February 15.

Basketball

(Continued From Page One) should indicate that the Tigers may possibly repeat their performance in winning the district championship last year and a poor game may mean the revision of the lineup in effort to get ready for the tournament. The Halls girls should be able to repeat their winning performance over Covington girls but not by the margin scored here.

Saturday night the teams will travel to Obion and may be classed as slight underdogs in both games. Obion boys defeated Halls boys here by a 11-point margin while the local girls barely won over the Obion girls, 45-43. However, both Halls teams seem to be playing an improved brand of ball and may come up with victories. On Tuesday night the teams will go to Ripley and return home Friday night for games with Mumfords.

F. H. Paschal

(Continued from Page 1) work this month and has accepted a position with the Louisiana Department of Agriculture as a supervising entomologist. He will be stationed at Opelousas, Louisiana.

Mr. Martin has one daughter living at Franklin, La. and another at Lafayette, La., both less than twenty-five miles from Opelousas. Mr. Martin has been agent of Chester County since July, 1939.

Lime Good Investment Most of the upland in Lauderdale County needs two to three tons of lime per acre in order to produce alfalfa, permanent pas-

tures, and to make the highest yields in lespedeza, corn, winter cover crops and cotton.

Additional applications of one to two tons of lime per acre are needed at five-year intervals. More than 103,000 tons of ground limestone have been used in Lauderdale County since 1938. More than \$54,000.00 is available through PMA this year to pay for lime and phosphate and cover crop seeds. The PMA will pay \$3.00 per ton on lime out of the soil building allowance to the farm if the farmer pays \$1.80 per ton for lime to be hauled and spread on the land or \$1.30 per ton to deliver and dump it. Lime has proved to be a profitable investment and we ought to be using 20,000 tons per year in this county.

U-T SUMMER SCHOOL OPENS JUNE 16

KNOXVILLE— Summer school for University of Tennessee students at Knoxville will begin June 16 instead of June 10.

The opening date was changed by action of the U-T Senate, in order to give students a few days off between the end of the spring term and the beginning of the summer session. The spring term will end with commencement June 9. The last day of the summer session will be August 23.

L. 15; Stoneville 2-B, Empire, and Coker Wilt Resistant. Farmers Implement & Seed Co. Sunny South Seeds Fred R. Hurt : : David H. Hurt Phone 2611 Halls, Tenn.

We "Went to Town" on Farm Telephones in 1951... Southern Rural Telephones Pass the Half Million Mark THE number of rural telephones served by Southern Bell passed the 520,000 mark in 1951. More than 77,000 were added last year alone. Even bigger things are planned for 1952, provided we can get the necessary materials. Many more Southern farmers are eager to enjoy the convenience and money-saving advantages of telephone service. We are working hard to fill their needs. And we expect to have another 82,000 rural telephones in service by the end of this year. Meeting the needs of farm families is a big and costly job. But it's a mighty important job to us—because it's so important to the South's prosperity, in town and on the farm. SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

Curve News

Mrs. Bob Smith has returned home from a two weeks' visit with relatives at Chicago, Ill.

Mr. and Mrs. Frank E. Burleson and son and Mr. and Mrs. Gerald T. Burleson and family of Memphis spent the weekend here with Mr. and Mrs. I. C. Burleson. Mr. and Mrs. Jayroe Ballard and daughter of Memphis visited Mr. and Mrs. Bob Smith and family Saturday.

Mr. and Mrs. Malcolm Scallions were honored with a Miscellaneous Shower at the Curve School on Monday night. After a program of games and contests the honorees opened their many useful and appreciated gifts. Mrs. Scallions is the former Ouida Stokes, daughter of Mr. and Mrs. Hays Stokes.

HELLEN'S BLUFF HOME DEMONSTRATION CLUB HAS MEETING

The Hellen's Bluff Home Demonstration Club met Friday, January 17, in the home of Mrs. Harry Hay.

The morning was spent in a social get-together. After lunch the meeting was called to order by the president, Mrs. Bernard Mayo. Scripture reading was given by Mrs. Nelson Spence. The subject of the program was "Today's Home Builds Tomorrow's World." Seventeen members and one new member, Mrs. Parker Cherry, were present and one visitor, Mrs. Spence was welcomed back after moving to Memphis.

New project leaders were elected. Sunshine gifts were given and the meeting was turned over to Miss Wiseman, who gave an interesting demonstration on "Bill of Rights."

GMC PRESENTS THE FIRST 2 1/2-TON DIESEL

At last—Diesel economy and hill-leveling performance come to thousands of truckers who have never had any choice but gasoline power in the past!

Because it is a 2-cycle Diesel, it is a fast-starting, quick-accelerating, highly responsive truck with plenty of snap in traffic—a truck that will maintain a steady "on time" schedule even on hilly runs.

Fuel economy is automatic thanks to GMC's famous Fuel Modulator. Regardless of throttle pressure this engine never gets more fuel than it needs and makes the most of what it gets. Smooth driving is assured by "easy-turn" recirculating ball-bearing steering—even electric shifting on two-speed axle models.

Nationwide Service

Equally important to the thousands of truckers who can now enjoy the benefits of Diesel power for the first time, this new GMC D450-37 is backed by the nation's largest network of Diesel service stations.

Before you buy another truck, you owe it to yourself to investigate these new GMC welterweight Diesels if you want to cut costs! We will be glad to give you facts and figures that will open your eyes. Why not come in today!

Get a real truck!

TODAY America's foremost builder of Diesel trucks smashes the size-weight barrier that up to now has denied the many economies of Diesel power to haulers of medium-weight loads.

Today GMC offers users of equipment in the 19,500 GVW-35,000 GCW range a sensational new Diesel truck-tractor.

It is powered by the first welterweight Diesel truck engine—a smaller, more compact model of the famous General Motors 2-cycle engine that has made GMC America's first-choice Diesel truck.

More Miles per Gallon

Because it is Diesel-powered, this new GMC Model D450-37 will cost you far less to run per mile, far less to maintain per year than any other 2 1/2-tonner you've ever owned. All Diesel experience proves that.
