Register To Vote

It has been brought to our attention that there is some misunderstanding concerning the registration law for voting. As announced in last week's Graphic, there will be a supplementary registration held throughout the county on Thursday and Friday, July 17 and 18, or voters may register each Saturday at the Court House in Ripley. In order to vote in the August 7th elections you must be registered on or before July 18 so don't forget those dates. Now for the misunderstanding. You DO NOT have to register if you have registered once since July, 1949, and still reside at the same address or have not changed your name by marriage or otherwise. You DO need to register if you have never registered, you must have the address changed if you have moved and you must register if you have changed your name. It is the contention of some of the older people that they don't need to register because officials holding the election know them anyhow. That doesn't hold true because your name must appear on the registration books to vote.

Opportunity

Don't forget the opportunity you will have on July 4th to hear the political issues discussed by leading candidates at the annual Espey Park Fourth of July Picnic or if it is fun you want that will be there for you, too.

The Egg Story

Elsewhere in this issue of the Halls Graphic may be found an advertisement by Hargett Poultry Co. which will be of interest to the large majority of housewives in this section. The advertisement outlines the egg selling laws in the State of Tennessee with the various grades and sizes.

Good Luck

It is with regret that we note the decision of Dr. James K. Hinton, Jr. to leave Halls to accept a position as resident surgeon with the Vicksburg Clinic. During his stay here Dr. Hinton has earned the respect and admiration of the general public as well as making a host of friends. As we wish him every success in his new undertaking.

Wheat Is Given Price Support

Wheat growers are reminded by A. O. Chambers, chairman of the Lauderdale County Production and Marketing Administration committee, that the U. S. Department of Agriculture's grain price support program is in operation for the 1952 wheat crop.

Wheat growers this year are marketing one of their biggest crops and, according to Chairman Chambers, "The way they market their wheat will have a lot to do with the prices they receive." "If they do not overload the market at harvest time, the seasonal price drop won't be so great. By spreading their marketing over a longer period, in line with marketing requirements, they'll help stabilize prices and assure themselves better returns."

To help wheat growers in an orderly way, he points out, Commodity Credit Corporation price-support loans and purchase agreements are available.

Because of this program, the chairman explains, no producer need sell his wheat for less than the price-support level. By using the price-support program, he can be sure of the support price as a minimum and, by controlling his marketing, he can take advantage of any price increase during the marketing year.

Under the loan program, a grower can borrow 90 percent of parity on his grain and at the same time retain ownership for later market.

Long Needed Rain Came Monday Aft.

Temperatures which had ranged around the 100 mark and better for the past three weeks were broken temporarily late Monday afternoon and Monday night but returned to plague the suffering public Tuesday but Wednesday cloudy skies had abated the heat to some extent.

The month-long drought was broken in some sections of the county but other sections such as Knob Creek Farm and the Mississippi bottomlands received no rain at all. At Halls the rain was just what was needed but some sections reported too much rain.

The prolonged heat wave has been hard on many persons with Mrs. Nona King Jetton, elderly lady who is confined to her home with crippling arthritis, believed to have suffered heat prostration and is in a serious condition in Lauderdale County Hospital. Mrs. Jetton, who resides alone, was found unconscious Monday morning near her bed and was believed to have been there for some time.

4-H Clubbers Do Well At Camp

Charles Peal
Ass't County Agent

H. P. Webb pitched the Lauderdale boys to victory last week at 4-H Club Camp. He struck out 13 out of 20 in one game and 11 out of 22 in another game. Beverly Whitley, Junior Leader in athletics, guided our team to the championship over six other West Tennessee counties. The boys were also camp champions in washers. The girls did equally as well under the direction of May Ann White. They won the softball and volley ball championships. Although we did not win the athletic trophy the margin was so small that we made it very uncomfortable for Heywood County.

Athletics was just one highlight of this year's camp. The boys and girls enjoyed swimming, sports, folk games, classes and just the idea they were on their own for a while. The cold drink stand stayed busy all the time. We were lucky because we had only two boys to get sick during the week as a result of too many drinks and candy.

L. B. Marshall, Jr. and Don Parson presented an electrical demonstration before the group on Tuesday morning in which they described simple electrical things that can be made on the farm.

Friday night was a stunt night. Ruth Gammon put on a tap dance number, Janice Whitley presented a piano solo. L. B. Marshall, Jr., along with four other boys, put on a stunt which was a pantomime of a famous quartet.

Group singing every night and morning was enjoyed by everyone. Vespers which was held following flag lowering took place on the athletic field.

The boys and girls from Lauderdale County took part in every.

HENDERSON NOT CANDIDATE

P. H. Henderson, who has served as school commissioner for the 12th district for the past eight years, has asked the Halls Graphic to state that he definitely is not a candidate for re-election. Mr. Henderson stated that during his term in office he has served to the best of his ability but feels that he has given sufficient time to the office.

Up until Wednesday, so far as was known by the Halls Graphic, Jerre Jordan was the only qualified candidate for the position. Deadline for qualifying is next Monday.

County Hospital To Receive Funds

RIPLEY—The Tennessee Hospital Advisory Committee, charged with allocation of federal aid funds available under the Hill-Burton Act, has proposed a \$100,000 project of construction for Lauderdale County Hospital during fiscal year 1952-53. The federal government agrees to furnish 52% or \$52,000 while the State of Tennessee and Lauderdale County each assume half of the remaining 48% or \$24,000 apiece.

The Board of Trustees of the hospital, George S. Volz, chairman; Judge W. C. Patton, L. R. Viar, Sr., Will Lipscomb, Dr. J. L. Dunavant and Dr. J. R. Lewis, has met and is planning to use the money for (1) eight private rooms to be built, thus adding to the 43 beds now in use, (2) ward space enlarged in the OB section (maternity ward) and (3) an increase of lobby space with the necessary furnishings on the three floors.

Since January the hospital has developed three private rooms from funds provided by the County Court, and the fact that these rooms stay in use indicates the need for additional private space.

Sister Of Local Resident Dies

Services for Mrs. J. L. Perigen were held Saturday afternoon at 2 o'clock with Bro. J. T. Grace, Baptist minister, officiating. Burial was in the Sudbury Cemetery with Sudbury Funeral Home in charge.

Mrs. Perigen died early Friday morning at her home in Friendship after an illness of about eight years. Mrs. Perigen, the wife of J. L. Perigen, merchant of Friendship, was born in Dyer County near Fowkes and had spent all of her life in Dyer and Crockett counties. She was a member of the Baptist Church and 62 years of age.

She is survived by her husband; two daughters, Mrs. Edward Tritt of near Friendship and Mrs. Ike Buford of near Trenton, Tenn.; one sister, Mrs. Joe Cloud of near Friendship; one brother, W. M. Summerlin of Halls; and six grandchildren.

Ruffin Honored At Covington June 18

Colonel W. F. Ruffin was honored by his managers and office personnel with a Testimonial Dinner Wednesday, June 18, at 6:30 p. m., at the Cottonland Restaurant, Covington, Tenn., for his Twenty-Fifth Year as Theatre Owner and Operator.

Among the invited out-of-town guests were all the Branch Managers of the Represented Film Exchanges in Memphis and respective office managers. Also those attending were Marshall County's State Representative, Mr. Shelby McCullum of Benton, Ky., Mayor P. W. Crittendon and Mr. David Nunn of Halls, and other guests were close friends and business associates.

Acting as Chairman for the affair was H. F. Whaley, Manager of the Varsity Theatre, Martin, Tenn., and toastmaster for the evening was T. W. Young, Branch Manager of Twentieth Century-Fox who in turn introduced A. E. Chaddick, executive vice-president of Motion Picture Advertising Service of New Orleans who presented a silver memento.

Also on the evening's program was Allison Simonton, owner and editor of the Covington Leader; William A. Shoaf, city attorney of Covington; Shelby McCullum, Representative of Marshall County, Benton, Ky.; H. M. Brandon, president of Film Transit and Transway and Chief Barker of Variety Clubs International and serving as both capacities presented silver mementos both from his company as well as from Variety Clubs International for his outstanding recognition.

J. W. Morrison, senior manager of the company from Ritz Theatre, Hickman, Ky., bestowed Col. Ruffin a diamond studded Shrine pin, being presented to him from his managers and office personnel. Col. Ruffin's closing remarks were: "I have enjoyed business of fascination and inspiration and found when once a showman, always a showman and that old showmen never die, for there will always be a theatre."

To Let Contract For Tiggrett St.

The State Highway Department Monday announced the call for bids for some \$7,500,000 of highway improvements. The bids for the contracts will be opened July 26th according to the announcement.

Included in the projects is the section of Highway 88 which makes up West Tiggrett Street in Halls. The contract will call for raising, re-surfacing and curb and gutters for West Tiggrett Street from Highway 51 to the city limits at the cemetery.

According to information given the Halls Graphic the project is to be completed by the opening of school September 1st.

Voting is free in Tennessee.

27th Annual 4th Picnic Big Event

Political speeches, barbecue, music, entertainment will all be on the slate for the annual Espey Park Fourth of July Picnic on Friday of this week according to an announcement by Luther Allen, operator of the Park.

Located three miles east of Halls the annual Espey Park Fourth of July Celebration has grown to be one of the largest in West Tennessee and annually draws thousands of people to take part in the festivities. Friday's affair will be the 27th annual renewal of the big picnic.

Four leading aspirants for offices in the State of Tennessee and the 8th Congressional District will speak during the afternoon in the interest of their candidacy with others seeking political offices in Lauderdale and Crockett counties expected to be on the grounds during the day.

Heading the list of politicians slated to speak is Governor Gordon Browning who is seeking re-election for his third successive term and his fourth term as governor. Gov. Browning will speak at 2 o'clock and will also speak at Martin during the afternoon.

Another leading candidate for governor, the Hon. Frank G. Clement, Nashville and Dickson attorney, will address the crowd at four o'clock who will speak in the interest of his candidacy.

The incumbent, Hon. Jere Cooper, and Attorney E. T. "Rocky" Palmer, both of Dyersburg will speak during the afternoon in the interest of seeking the office of Congressman from the 8th Congressional District. Mr. Palmer is scheduled to speak at one o'clock while Congressman Cooper will address the crowds at five o'clock.

With Don Whitney as master of ceremonies, musical entertainment will continue throughout the day. Pa. Stewart and His Gang, radio entertainers from station KLCN, Blytheville, will lead off with the entertainment at nine in the morning. The Fort Pillow Prison Farm Follies will be presented at three o'clock in the afternoon and the Fort Pillow Orchestra will play for the dance during the evening hours. The dance is scheduled to begin immediately following the speech by Congressman Cooper at 5 p. m.

Mr. Allen, in announcing the picnic, stated that a ton of barbecue is being prepared so that everyone may be assured of plenty of barbecue. He also stated that there will be plenty of cold drinks and that a good time is assured for all.

Drainage Program Being Carried On

WASHINGTON—Rep. Cooper, of Tennessee, said today he has received word from Army engineers that they are proceeding with important flood control and drainage work in Cooper's Congressional district.

All required federal legislation has been passed and federal funds are now available for the work, Cooper said.

He released a letter he received from Brig. Gen. P. A. Feringa, president of the Mississippi River Commission, in which the general wrote:

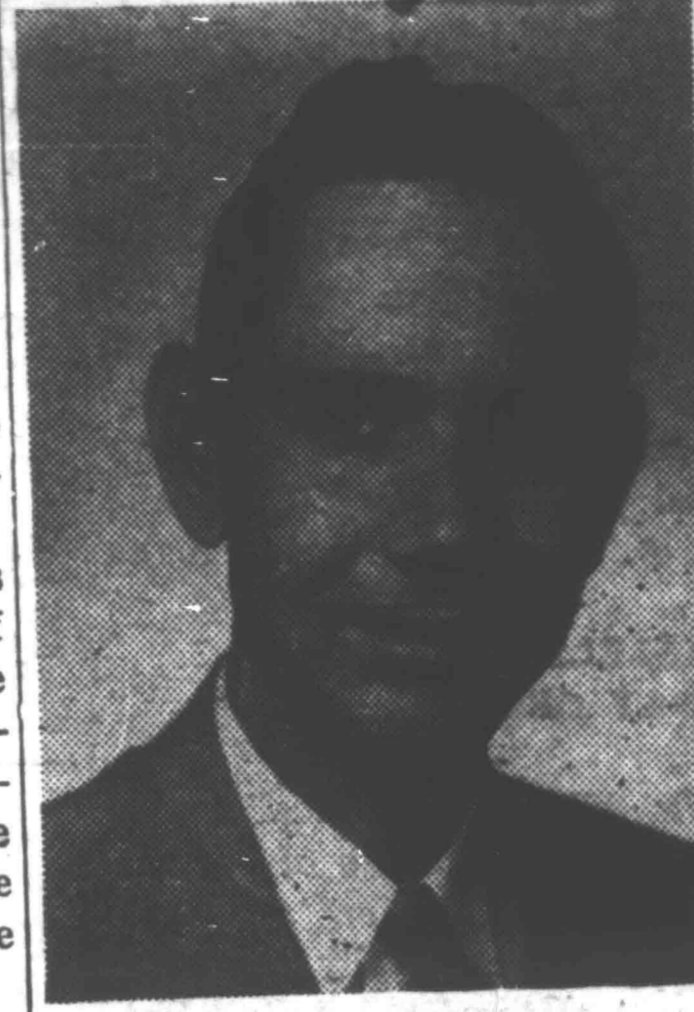

"For the last two years we have made considerable progress in our over-all program, and for the first time we are beginning to make progress on the extension of the levees south of Tiptonville and, importantly, the attendant drainage.

"This coming summer we will make further progress. We hope to continue this progress, again including the attendant drainage, in future years, always dependent upon the funds made available by Congress in which you have played a very major part."

General Feringa wrote Cooper in response to the Congressman's request for a report on flood control and drainage work in his District.

The General's report showed that, exclusive of WPA and FWA money, approximately \$20,000,000 of federal funds has been expended on flood control and drainage.

DR. JAMES K. HINTON, JR.

Has accepted a fellowship in surgery at the Vicksburg, Miss. Clinic and will leave Halls on July 15th. Dr. Hinton will go to Tulane University at New Orleans for the next six months for a refresher course in anatomy and surgery and following that will become a resident surgeon at the Vicksburg Clinic. A native of Collierville and a graduate of Tulane University School of Medicine, Dr. Hinton came to Halls in July, 1946, and has practiced medicine here since that time. His wife and two sons, Jimmy and Kenny, will accompany him to New Orleans.

Mrs. Castleman Died At Tiggrett

Services for Mrs. C. E. Castleman were held at 4 p. m. Thursday at the Methodist Church in Tiggrett. Rev. R. T. Wofford, Methodist minister, and the Rev. Ben Hill, Baptist minister, officiated. Burial was in Fairview Cemetery with Sudbury Funeral Home in charge.

Mrs. Castleman died at her home in Tiggrett unexpectedly last Wednesday afternoon. She was 74 and a member of the Women's Missionary Society of the Tiggrett Methodist Church.

She leaves her husband, C. E. Castleman, retired millwright of Tiggrett; five sons, Elmer D. and Fred C. Castleman both of Dyersburg; Robert J. Castleman of Jackson, Tenn.; Finis G. and Albert W. Castleman both of Humboldt, Tenn.; two daughters, Mrs. J. A. Coughlin of Jackson and Miss Marguerite Castleman of Dyersburg; and two sisters, Mrs. John Dudley and Mrs. Martha Stewart, both of Dyersburg.

Early Morning Services Planned For Revival

An innovation in revival services in Halls has been planned by the Halls Baptist Church in connection with the annual revival which will open Sunday, July 13. Morning services have been set at 6 a. m. in order that business men may attend the services and at the same time lose no time from their business affairs.

In announcing the innovation, the Rev. J. H. Newton, pastor of the church, invited all business persons to take advantage of the opportunity to attend these early morning services. The messages for the annual revival will be brought by the Rev. Newton who came as pastor to the Halls church in May of this year.

Evening services have been set at 8 p. m. with the revival expected to continue through Wednesday, July 23, with a Sunday School and Church picnic planned at the close of revival services.

T. G. Avery, church chorister, will direct the music for the revival services with Mrs. Wymond Hurt as organist and Mrs. Charles Moore as pianist. Special music will be presented at most of the services.

FORKED DEER COOP MEETING DATE SET

Swine Field Day In Memphis July 11

F. H. Paschal
County Agent

J. S. Robinson, Extension Livestock Specialist, will be chairman of the 2nd annual Swine Field Day to be held at Dixie National Stock Yards in Memphis beginning at 10 o'clock on the morning of Friday, July 11th.

Prospects for hog prices, the place of good pasture in a sound hog program, and a practical disease prevention and parasite control program are subjects that will be discussed by eminent authorities on the morning program. A weight guessing contest directed by L. J. Kerr, Shelby County Agent, will be a feature on the afternoon program which will end at 3 o'clock.

Interested hog producers are invited to attend this Field Day next Friday.

Deep Rooted Plants Show Value
This extremely dry weather makes us appreciate every deep rooted pasture and hay plant which can continue to live and provide a little feed for livestock.

Mr. R. W. Smith of Ripley community was this week pasturing some alfalfa which was not tall enough to make a large hay crop but produced some good pasture.

Lespedeza sericea looks very attractive right now for cattle, even though they might not love it at other times. Bermuda grass, especially on low lands, is holding up and providing enough pasture to be of great help. Johnson grass is being cut for hay and pastured wherever the spots are large enough to be of practical help, even though it is necessary to haul water to cattle while they are eating the Johnson grass.

Extreme weather such as this makes us understand the importance of an abundant water supply and summer pasture as well as some reserves of hay and even silage for beef and dairy cattle.

W. T. Younger At Home
On his way home from Memphis in the ambulance Saturday W. T. Younger, Jr. began observing pastures along the way and finally had the ambulance to go out by Flippin so he could observe his own pastures and cattle to see how they were doing.

W. T. has been most successful in raising registered beef cattle and we wish him speedy recovery from the injuries he recently received in an automobile accident.

Classing School July 14th

Cotton farmers, ginners and others interested in cotton marketing will be interested in the announcement of a cotton classing school to be held at the Mid-South Cotton Growers Association building in Memphis on July 14 to 19. We shall be glad to provide full information on this school which will be taught by real experts on.

Miss Dorothy Belew of Jackson is the guest of Rev. and Mrs. J. H. Newton this week.

Mrs. Wymond Hurt, organist, and Miss Helen McFall of Oak Ridge, Tenn., soloist, presented a program of nuptial music.

The bride, entered the church on the arm of her father, wore a gown of starlight Chantilly lace over satin fashioned with a fitted bodice, long pointed sleeves and a portrait neckline outlined with pearls. The full skirt, accented by a peplum, flared into a full, fan-shaped cathedral train. Her fingertip veil of silk illusion fell from a lace cap embroidered with bridal pearls. She carried a bridal bouquet made up of tuberose, stephanotis and white orchids.

Mrs. Harold Wesson of Oak Ridge, Tenn. was matron of honor and bridesmaids were Miss Nancy Connell, Miss Sara Crigger of Mumfod, Tenn., Miss Jane Brown of Memphis and Miss Martha Griffin of Chattanooga. They wore ballerina-length gowns of nymph green tulle and tiny hats in leaf design trimmed with bridal pearls. They carried Shasta daisies.

Little Patsy Fletcher, daughter of Mr. and Mrs. Jack Fletcher of Memphis, was flowergirl.

Harold Wesson of Oak Ridge served as best man and groomsmen were Donald Connell, Robert Henderson, and Neil Dyer, Jr., Stuart Nunn, Jr., of Ripley, Henry Hancock of Paris, Tenn., and James Burt of Tampa, Fla.

Mrs. Nunn, mother of the bride, was attired in a model of blue crepe and lace. She wore a shoulder corsage of orchids.

Immediately following the ceremony the bride's parents entertained with a reception in the garden of their home. Presiding at the refreshment table were Miss Joy Tucker and Miss Norma Nunn of Ripley, Miss Netta Bradley of Camden, Miss Betty Conley of Alamo, Miss Sue Tomlinson and Miss Blanche Nunn. The bride's table, overlaid, with net over

green, was centered with a cake flanked by white tapers in silver candelabra and bowls of Shasta daisies.

After the reception the couple left for a Southern wedding trip, the bride wearing a suit of white cashmere with wide cuffs and lapels of navy faille. They will live in Memphis.

 CCC purchase agreements also are available to wheat growers. A purchase agreement, the chairman explains, is a contract between CCC and the producer under which CCC agrees to buy a specified quantity of grain next spring at the support price provided the grain is of "loan" quality. The grower can sell in the meantime, but he is assured of the support price.

BRIDE HONORED WITH GIFT COFFEE

Mrs. Millard Charles Smith, the former Miss Dorothy Ann Baker, daughter of Mr. and Mrs. Elford Baker of Halls, Tenn., and charming bride of Charles Smith of Billings, Montana, was the inspiration for a lovely Mid-Morning Gift Coffee, given Friday, June 20, by Mrs. Margie Spar Hawk at 1139 North 29th Street, Billings, Mont.
 The lovely bride chose for the occasion a short ballerina length dress of white organdy over white taffeta with a shoulder corsage of pink carnations.
 Pictured around the gift table which was centered an arrangement of lovely garden flowers were Mrs. Smith, the honored guest, Mrs. Homer Smith, mother of the groom, Mrs. Sparhawk, the hostess, Miss Robin Early and Miss Kay Schmitt. The many lovely and useful gifts were opened by Mrs. Smith and put on display.
 Open-face sandwiches, pickles, olives, potato chips and coffee were served the guests.
 Other guests present included Mrs. Ralph Bukn, Mrs. C. W. Michalson, Mrs. W. E. Jensen, Mrs. Robert Erens, Miss Kay Tuttle, Mrs. I. M. Tuttle, Mrs. Henry Stoke, Miss Faye Stoke, Mrs. B. Bernhart and Mrs. Art Harris.

TO THE EGG BUYING PUBLIC

To clear up a lot of different ideas here are the facts about eggs:

There are four grades of eggs that can be sold and under each grade there are six different sizes of eggs.

AA Quality Eggs are fresh eggs of table grade. They can be jumbo size, 30 oz. to the dozen; extra large size, 27 oz. to the dozen; large size, 24 oz. to the dozen; medium size, 21 oz. to the dozen; small, 18 oz. to the dozen; and peewee, 15 oz. to the dozen. These are the different sizes that can also be sold under any of the four grades of eggs which are as follows:

Grade AA Grade A Grade B Grade C

AA Grade Eggs are the very best table eggs, clean shell, uniform in size, no broken shells.

A Grade Eggs are table grade eggs, clean shell, no broken shells, white clear, yolk free from defects.

B Grade Eggs, shell clean, unbroken, air cell may be up to 3-8 inch in depth, white clear but weak, yolk slightly enlarged and flattened and may show definite defects. Good cooking and baking eggs and can be used for table.

C Grade Eggs, shell clean and unbroken, air cell can be up to 3-8 inch in depth, white may be weak and watery with clots or spots present, yolk enlarged and flattened with signs of germ development but no blood spots, cooking and baking grade.

B and C Grade Eggs are eggs that have deteriorated to a certain point but can still be sold. These eggs are usually around 12 to 20c per dozen cheaper than AA Grade and 8 to 12c cheaper than A Grade eggs.

You can also buy fresh ungraded eggs and these are table grade eggs of different sizes but candled and guaranteed.

When buying eggs you should know the grade of eggs and then the size of eggs. It is against the law to sell eggs that are not candled and graded.

It is against the law to sell rotten eggs—Eggs that are broken and dirty eggs or eggs that are below C Grade in quality.

When eggs break and run in your frying pan, they are rotten, not black rot, but rotten from heat or age.

IT IS AGAINST THE LAW TO SELL EGGS THAT ARE NOT CANDLED AND GRADED REGARDLESS OF WHO SELLS THEM

It is against the law to sell eggs unless these eggs are plainly marked for everyone to see, showing when candled and grade of eggs being sold.

It is against the law to transfer eggs from one merchant to another without first placing with them candling certificate showing who candled the eggs, the date candled, and the grade of eggs.

We sell eggs of quality and we guarantee these eggs to be the grade shown on our certificate in each and every case of eggs. We guarantee them to be fresh eggs.

We guarantee our eggs to meet the grades set up by the Department of Agriculture and Pure Food Dept.

Hargett Poultry Co. is the ONLY wholesale dealer in Lauderdale County with the Wholesale Egg Permit issued by the Department of Agriculture and one of the very few in West Tennessee.

We have never failed to pass the Department of Agriculture inspection for eggs. Our last inspection date was June 24, 1952.

When you buy eggs from your merchant, ask for eggs processed by us in accordance with grades and quality set up for your protection by the Department of Agriculture and the Pure Food Department.

We ship eggs to all principal cities throughout the South. We are giving you over Forty Years Experience of poultry and egg handling and shipping.

Good Deal

Announcement by the state highway department of the call for bids on the proposed raising, repaving and curbing and gutting of West Tiggrett street brings a little nearer a long needed improvement in Halls. The work will not only improve appearance and value of property on the street but should also be of aid in protecting the lives of our children who must use the street nine months in the year going to and from school. The plan calls for sidewalks on both sides of the street which of course eliminates the need for some children to even cross Tiggrett. We hope that the highway department will be able to carry out its promise of completing the work before school starts on September 1st.

Benefit Dance

The Halls Jaycees have asked that we remind that the organization is sponsoring a dance on Friday night, July 25, with funds derived from the dance to be added to the Town of Halls Christmas decorations fund. Plans are complete and materials are on order for the street decorations but more funds will be needed therefore the dance and other projects which will be announced later. The dance will be held at the American Legion Hut on the Air Base.

Last Chance

This is the final reminder that you must be registered to vote in the August 7th elections and that the final date on which you may register to vote will be on Friday, July 18th. Supplementary registrations will be held in every voting precinct in Lauderdale County on July 17th and 18th. If you are not registered, make your plans to register on one of those dates or you may register at the Court House in Ripley on Saturday of this week.

Good Job

The American Legion Auxiliary, other interested persons and Playground Supervisor Floyd Hooks are really making a going concern of the playground at the old Grammar School. Something new is being added or planned all the time and soon the playground will compare favorably with any in this section. There is wholesome recreation at the playground for your boy or girl so why not take advantage of it. Mr. Hooks is on duty every day except Sunday.

Urges Proper Corn Storage

In the period from 1946 to March 1, 1952, the Nation's farmers have stored more than 100 million bushels of corn on their farms with the help of the Commodity Credit Corporation loan program, reports A. O. Chambers, chairman of the Lauderdale County Production and Marketing Administration committee.

Other commodities stored on farms in the period include 300 million bushels of wheat, and varying quantities of rye, oats, barley, pasture and cover crop grass and legume seed. More than a million loans have been made to farmers on farm-stored grains and other crops. Farmers also have been assisted through CCC loans to acquire storage and drying equipment.

The figures indicate that progress is being made but, as the chairman sees it, with the changes that are taking place in production and harvesting adequate storage space on farms is becoming increasingly important. Much of the progress made to date in meeting farm storage needs has been largely in the main corn and wheat producing parts of the country. In

QUARTERLY MEETING AT METHODIST CHURCH SUN.

District Superintendent M. H. Stroud of the Dyersburg District of the Methodist Conference will preach at the 11 o'clock hour Sunday morning at Halls Methodist Church, according to an announcement by Rev. C. B. Ware, pastor. The first Quarterly Conference will be conducted at 2 p. m. in the church auditorium, stated Rev. Ware.

County Court Cuts Tax Rate

REPLEY—The Quarterly Court of Lauderdale County met Monday morning with Judge J. R. Lewis presiding. Thirty-five magistrates were present and three absent.

The finance committee reported the trustee's books were being audited by state auditors at this time and would delay their audit until completion of the state audit.

The tax rate was lowered from \$4 per \$100 assessment to \$3.85 per \$100. The 15c reduction was brought about by reducing the highway and bridge levy from 30c to 15c. A breakdown of the \$3.85 shows the money used for the following: County fund, 49c; Social Security 1c; public school fund \$1.70; highway and bridge 15c; sinking fund \$1.50; total \$3.85.

The real estate assessment was fixed at \$66,902.60 (exclusive of railroad and public utilities assessment made by the state railroad and utility commission) which was an increase of \$16,200 over 1951.

A regular \$600 annual appropriation for rent of the PMA office was made. The court approved a request of the hospital board requiring persons selling beer to file written report of beer sale and requiring wholesalers to file a written report of deliveries to retailers. A resolution to this effect was adopted making it a misdemeanor for any distributor or seller to fail to comply.

Walter Briggs resigned as magistrate of the 11th district and Akford Fain resigned from the 4th district. Their successors will be elected in the general election August 7.

Republicans Yet To Name Nominee

The Republican National Convention in Chicago still had not begun voting for their presidential nominee as this was written Thursday morning but developments Wednesday afternoon and night greatly strengthened Gen. Dwight Eisenhower's bid for the nomination.

Senator Robert A. Taft of Ohio is perhaps still the strongest candidate from the standpoint of definite number of delegates but it seems doubtful that he can muster enough for the nomination and predictions are that the favorite-some delegations and perhaps some of the lukewarm Taft supporters will switch to Eisenhower early in the balloting.

Most of the week has been spent in fights over the seating of various disputed delegations and the keynote address by Gen. Douglas MacArthur.

Nominations for president were expected some time today (Thursday) and the roll call for voting for the nominee probably will get started late this afternoon or tonight.

Lutons Purchase Pierson Market

Mr. and Mrs. Neil Luton, Jr. of Ripley have purchased the Pierson's Market, formerly known as Thompson Cash Grocery, and took over the management of the business Saturday of last week.

Mr. Luton states that the store will carry a complete line of staple groceries as well as frozen foods, fresh vegetables, meats, etc. at all times.

Mr. and Mrs. Luton presently reside in Ripley but expect to move to Halls as quickly as they can obtain a house or suitable apartment. They have two sons, 6 and 8 years of age.

Baptist Revival Starts Sunday

First of a series of revival messages to be delivered by the Rev. J. H. Newton, pastor, in the annual Halls Baptist Revival will be at the eleven o'clock hour Sunday morning. The revival is expected to continue over a 10-day period closing with a Sunday School and Church picnic on Wednesday, July 23.

In a move to permit business people to attend services, the morning services for the revival have been set at 6 a. m. with the first service to be held Monday morning. In announcing the service time, the Rev. Newton invited all business people to come and take part in these early morning services as well as the evening services which are set for 8 o'clock.

Music for the revival will be directed by T. G. Avery, church chorister, with Mrs. Wymond Hurt at the organ and Mrs. Charles Moore at the piano. Special music will be presented at most of the services.

The Rev. Newton who came to the church as pastor in May of this year invites the public to come and take part.

Farm Bureau Day To Be August 14

While most of the cattle in this section of the country are being rushed to market and sold at a price far below cost because of dry weather and pasture shortage, Richard Lazure's cattle are fat and faring fine. Dick and Mr. Lazure have a 50 acre block that last year was worked in cotton and this year fenced and turned into pasture. They did not prepare the soil or sow any seed, just a solid stand of Johnson grass. They have approximately 50 head of cattle on this pasture, and in some places the grass is tall enough that the cows cannot be seen when grazing in it. Dick says that he plans to buy even more cows and put on this pasture as he believes it will support probably 15 more head of cattle.

Home & Community Dept.

The Home & Community Department held a citizenship meeting at Tiny Town on Saturday evening, June 28th. They made plans for an all-out assistance in the drive to get citizens eligible and not registered to register, and to work in any way that they might be of service in getting voters go to the polls and vote on Thursday, August 7, 1952.

Don't forget that if you don't register you cannot vote. If you have not registered, go to your voting place and register on either July 17th or 18th.

Farm Bureau Day

The annual Farm Bureau Day will be Thursday, August 14. Further notice will appear later.

CROCKETT COUNTY COURT RETAINS OLD TAX RATE

ALAMO—The Crockett Quarterly Court Monday adopted a tax rate of \$3.00 per \$100 assessed valuation which is the same as last year. The annual school budget was also adopted.

Claude Williams of Gadsden was re-elected a member of the county school board. Reports of the trustee, county superintendent and highway were read and adopted.

Judge R. F. Jerman read a resolution endorsing the candidacy of J. B. Avery, Sr. of Alamo for re-election as railroad and public utilities commissioner. The resolution was unanimously adopted.

To Form Little Baseball League

Floyd Hooks, playground supervisor, has announced that four baseball teams for youngsters will be formed during the forthcoming week with regularly scheduled league games to be played.

Eligible for the teams, according to Mr. Hooks, will be any boy who will be in elementary school during the coming year. Games will be played twice weekly probably from 5 to 7 in the evening on a diamond being laid out on the playground.

Teams will be formed by placing all interested boys in a group and then having drawing for each of the four teams. This method is being used so that all teams will be of as nearly equal strength as is possible.

Any youngster interested in trying out for the team should notify Mr. Hooks during this week.

County Schools To Open July 21

County Supt. of Schools Edric Owen announced Monday that the rural schools of Lauderdale County will open their summer session on Monday, July 21, with the closing date for cotton picking vacation not yet set. All negro schools in the county will also open on July 21.

The Henning Elementary School will open on Monday, August 4, with Ripley and Halls Schools, both elementary and high schools, to open on Monday, September 1. Probably the largest enrollment ever recorded in Lauderdale County Schools is expected for the forthcoming year.

Mother Of Local Residents Died

Funeral services were held Thursday morning at 10 o'clock for Mrs. Betty Lowery, Crockett County resident, at South Fork Baptist Church with the Rev. Edgar Williams officiating. Burial was in Halls Cemetery with Sudbury Funeral Home in charge.

Mrs. Lowery died early Tuesday night following a long illness. A native of Crockett county, she had resided there most of her life. She was 65.

Surviving are four sons, J. W. Lowery and James Lowery of Halls, C. B. Lowery of Greenfield and A. J. Lowery of De'roit, Michigan; one step-daughter, Mrs. J. D. Williams of Dyersburg; three step-sons, Marshall Lowery of Detroit, Mich., Howard Lowery of Bradford, Tenn., and Harvey Lowery of Dyersburg; and one brother, Lester Barnett of Halls.

The importance of voting isn't likely to register with people who didn't.

MRS. JANE M. ANDERSON

Word was received Saturday morning of the death of Mrs. Jane M. Anderson, of Dallas, Texas, at her home there. Mrs. Anderson was the sister-in-law of Mrs. Beulah Murchison and the aunt of the editor of the Halls Graphic, Henry Murchison. Funeral services were held at Dallas Monday morning.

Mrs. Anderson was known in Halls having visited here on several occasions, most recently during August of last year. She was a native of Maury City, Tenn. but had resided in Dallas for many years. Surviving are one son, Clayton Ragan of Dallas; two sisters and two brothers.

Large Crowd At Fourth Picnic

Some ten thousand people visited Espey Park some time during the day or during the evening at the annual Fourth of July Picnic, according to estimates made Friday.

Chief Crawford of the Tennessee Highway Patrol estimated that some four thousand automobiles were parked in or near the park during the series of political speeches during the afternoon with Master of Ceremonies Don Whitney estimating the total crowd at 10,000.

Appearing at the picnic during the afternoon were E. T. "Rocky" Palmer and Congressman Jere Cooper who are seeking the Democratic nomination for Congressman from the 8th Civil District. Both spoke in behalf of their candidacy.

The two leading gubernatorial candidates, Governor Gordon Browning and Frank G. Clement, addressed the crowd with both of them being well received. An unscheduled speaker was Judge Camille Kelly who spoke in behalf of Senator K. D. McKellar who is seeking re-election.

All in all, the 27th annual Espey Park Fourth of July Picnic could be classed as an outstanding success from every standpoint.

EQUIPMENT ADDED AT PLAYGROUND

The old Grammar School Building and Campus are fast reaching the goal set by the American Legion Auxiliary for this year. In addition to the skating rink which has been in operation for several months, pingpong tables, shuffle boards, dart boards, etc. have been set up in the building.

On the campus the tennis courts—two of them—have been completed with fine playing surfaces, a 12-foot barbecue pit has been built, benches and tables have been placed nearby and a baseball diamond is being laid out for the youngsters.

The playground is open for use by the public with the Supervisor, Mr. Floyd Hooks, on duty after 9:30 each morning except Sunday.

4-H Club Roundup Meets At Knoxville

The State 4-H Round-Up is a group of 4-H club members and leaders brought together on a statewide basis for one week at the University of Tennessee.

Regular 4-H boys and girls 14 years of age and over who have been chosen by the county extension agents may attend—one club member for every 200 enrolled according to the May, 1952, enrollment.

The purpose of the Round-Up is to further train 4-H leadership for unselfish community service and provide better understanding of citizenship responsibilities, to give 4-H members an opportunity to demonstrate their skills and knowledge learned in 4-H Club work, and to give statewide recognition to outstanding 4-H members.

At Round-Up 4-H members will hear inspirational speeches from leaders in various fields, hold group discussions, give demonstrations, tour the University, visit the Smokey Mountains and participate in all types of recreational activities.

Try New Chemical For Weed Control In Strawberries

F. H. Paschal
Richard Owen and George Espey of Curve community, Reid Dunavant of Henning, and Francis Thompson of Durhamville have demonstrations of weed control in new strawberries, by the use of a new material called Crag Herbicide 1.

This chemical has no effect on vegetation but it is applied to the ground where it kills germinating crabgrass and other weeds and keeps the strawberries clean for a period of four to six weeks, thus materially lowering the cost of hoeing.

John C. Clark, Extension Horticulturist of Jackson, is working with us on the demonstrations on the farms of Reid Dunavant and Richard Owen.

Home Should Be Safest Place

In observance of National Farm Safety Week, July 20-26, we should at least stop and consider the manner and the places where we get hurt around our farms and our homes.

Actually, four times as many accidents occur in any other place. It is said that carelessness, nervousness, and haste cause most of our accidents, but these things are common to all of us and should not be blamed for our getting hurt. We get hurt because we make conditions favorable to accident.

In our homes, we allow stairways to become cluttered with objects that can kill the most agile person trying to descend those stairs. We place small "throw" rugs on smooth floors which can cripple or kill any member of the family. We get up on chairs, tables, and rickety step ladders to reach high places inside the home when we know that falls cause broken bones.

In our homes we also create fires. We allow accumulations of paper and other materials that catch fire easily to remain in places where the ash from a cigarette can easily destroy the product of years or labor. In short, we create conditions which cause accidents. We can just as easily provide conditions which prevent accidents. We can just as easily carry out the slogan of Safety Week, "Think Safety—Act Safely."

Fly Spray Effective

Fly spraying crews under the direction of Homer McKeel, Sanitarian of the county health department, are evidently doing a very effective job of controlling flies around the farms and homes which have been sprayed.

They are using a mixture of 2 1/2% Chlordane with 5% DDT to control flies in and around residences. Homes that are well screened do not need to be sprayed on the inside. A solution containing 0.625% Dieldren is being used for fly control around barns and outhouses.

These spray crews work by communities and more flies will be killed and flies will be kept under control longer if every home and farm is signed up promptly for this excellent and economical service so that all the spraying in the area can be done within a short period of time.

Community Improvement To Be Studied

W. T. Savage, Key Banker of Lauderdale County, was this week urged to bring a good delegation of bankers to the Mason Hall Community in Obion County next Thursday afternoon, July 17th, to attend the meetings being sponsored jointly by the Extension Service, Federal Reserve Bank and the Tennessee Bankers Association.

Byron Escue, Jr., J. B. Ammons, Bill White and J. D. Whitely, presidents of Durhamville, Orysa, Ashbury, Lightfoot and Hurricane Hill Community Clubs respectively, together with their sec-

ELON BAPTIST CHURCH ENJOYS PICNIC

The Elon Baptist Church at Double Bridges held their Fourth of July Picnic at Key Corner. Everyone enjoyed all the could eat of catfish from the Tennessee River, french fries, hush puppies along with about everything else that could be mentioned.

The committee for the picnic who arranged for the fish and all other arrangements concerning the entertainment was composed of Bo Jennings, Earl Cone, and Conway Ange. Seventy-five people attended, some as far as Memphis and St. Louis.

A great time was enjoyed by all, especially the young people who swung on the grapevines and looked at the marker which denotes that Key Corner is the oldest landmark in West Tennessee and surveyed by Henry Rutherford.

GRANDSON OF MRS. BESS JORDAN WED

In a simple ceremony held June 10 in the Capital Hill Methodist Church in Seattle, Miss Marjorie June George, daughter of Mr. and Mrs. Harold K. George of Richland, became the bride of David Joe Wilson of the U. S. Navy, son of Mr. and Mrs. Samuel Wilson, also of Richland. The Rev. J. J. Ellington officiated at the double ring service.

The bride was attired in an afternoon dress of light orchid taffeta trimmed with deeper shades of shades of nylon and rhinestone buttons. It was fashioned with V-neckline, full skirt and shirred puff sleeves. She wore a double orchid corsage. Mrs. Ellington presided at the organ with the traditional music, also played "At Dawning" and "I Love You."

The bride attended Columbia High School and is employed with General Electric Company. The

Tennessee Outdoors

Louis S. Clapper State Game and Fish Commission Tennesseeans soon will know more about their wildlife populations, game foods available in hunting areas and the previously unavailable answers to a host of other questions.

This information is being gathered, compiled and evaluated by a Federal Aid project of the State Game and Fish Commission entitled "Habitat Evaluation and Wildlife Survey." Information is obtained in personal interviews in sampling areas all over the state. This data then is translated into statewide figures and, when compiled, will be used by the Commission in establishing restoration policies and protective regulations.

Some of the figures already are compiled, based on interviews with 1042 farmer-hunters. Want to know how many farmers think they have good hunting on their property? Seventy-two percent of the farmers said over half of their land offered good hunting. Ever wondered how many farmers hunt at home? A total of 88 percent hunt only in their home county.

At what age do boys begin hunting. White boys start at the age of 13 while colored boys begin at the age of 15.

Farmers interested in a good quail crop next Fall would do well to consider leaving a strip of uncut grain next to cover during the harvest this Summer. Mother Quail and her chicks would be most appreciative of this food.

Anyone who witnesses the barrage of shot which follows the annual Fall duck migrations would wonder that any of the big birds live to a ripe old age. Yet, a California hunter in December killed a female pintail which had been banded 20 years before in Kansas.

The State Game and Fish Commission fears another large number of Tennesseeans will drown this summer. "Extremely hot weather is resulting in an unusually heavy usage of Tennessee's lakes, ponds and streams," commented Albert E. Hyder, Acting Director. "Many people seeking relief from the heat are those least prepared to care of themselves in the water," he continued. The strict observance of all water safety rules is urged.

BAPTIST WMS MET MONDAY

The W. M. S. of the Baptist Church met Monday night for the regular monthly meeting. Mrs. D. C. Warren, president, presided. The Florny Miller Circle had charge of the program with Mrs. Odell Hilliard as leader. Mrs. J. B. Keltner gave the devotional. Taking part on the program were Mrs. Carmen Beaton, Mrs. Ky'e Scates, and Mrs. James Peery. The program topic was Liberty and Justice for All.

over his business to his son and retire in April of this year, after he had earned the necessary six quarters of coverage after 1950. If he retires in April, his benefit will be computed on the basis of his net earnings for 1951, divided by 18. If he continues in business until January 1953, his benefit will be computed on the basis of 1952, divided by 24. This might make a considerable difference in the amount of his benefit."

Mr. Tipton points out that a claimant must make his own decision on when he wants to retire and file his claim for benefits. "However, if he will contact our office, we can point out various advantages and disadvantages to him so that he will be able to make the most favorable decision," concluded Mr. Tipton.

COTTON CLASSING

Cotton farmers are qualifying for cotton classing and market news services at a faster rate this year than last year, according to M. L. Garner, who is in charge of Production and Marketing Administration's Memphis Classing Office, U. S. Department of Agriculture.

About one-third of the farmers in this area have already turned in their group applications.

Farmers who organize into improvement groups, plant some of their own acreage to an adopted variety, file an application and meet certain other requirements are eligible for these marketing services. Both are provided without cost under the Smith-Dooley Act.

Deadline for filing applications is August 1 in Arkansas and Mississippi and August 15 in Tennessee. Application blanks and addi-

MOTHER'S HELPER

Diapers can be as sanitary and washed as clean at home as in commercial laundries now with the use of the latest automatic washer. In fact, only half as many diapers are needed by today's modern mother, for home washing with a Whirlpool automatic assures a fresh supply at any time. Maybe mother forgot to wash diapers before the supply ran out. The only damage is to daughter's dignity. She will have to wait a few minutes before she can get dressed. By keeping a regular diaper washing schedule even this harmless incident would not have happened. Normally, four dozen diapers washed every three days is an ample supply for one baby. Diapers should be washed for a full 10 minutes in hot sudsy water and run through the rinse cycle twice. Immediately after washing they should be put in the automatic gas or electric dryer and should never be ironed.

From where I sit... by Joe Marsh

"Good Neighbor Policy"

Remember one time when I told about the old loose-stone wall that separated Easy Roberts' property from Handy Peterson's?

That was when they decided they really didn't need the wall between them in the first place—so they simply stopped repairing it.

Now I hear where a fellow, who bought the old Johnson place, wants to buy all those stones. It seems he figures a stone wall is just what's needed on his property.

From where I sit, if that fellow wants to build himself a stone wall,

that's his business. But if it's not really serving any useful purpose he may sooner or later discover just like Handy and Easy did—that he'd be just as well off without one. Even some old-fashioned walls of prejudice are disappearing—like those that would deny a person's right to a friendly glass of beer now and then.

Tennessee Outdoors

Louis S. Clapper

State Game and Fish Commission The American public certainly must use fishing as an outlet for frustrated desires to invent because some odd appearing lures are being dangled before the eyes of Tennessee's piscatorial pugilists.

Mechanics say at least half of the trouble with outboard motors is caused by carelessness, usually allowing dirt or water to foul up the gasoline mixture.

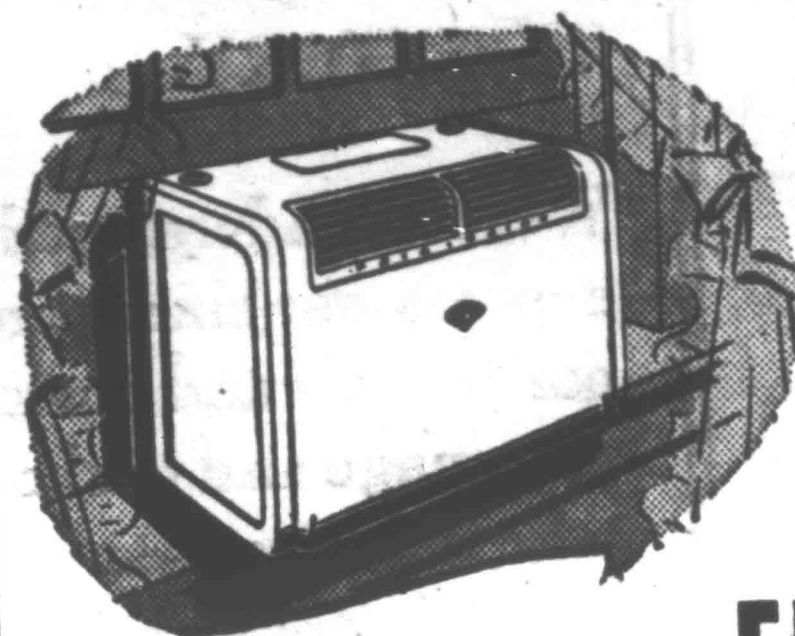

The State Game and Fish Commission urges people who use insecticides this Summer to follow recommendation for usage closely and not "add a little extra for good measure."

Most insecticides are believed to be relatively harmless to wild creatures—if used in the recommended dosages. While scientific experiments are as yet far from conclusive, indications are that extra-

heavy concentrations of insecticides may harm wildlife. The chief danger, it appears, is from those who spray or dust with extra-portion of insecticides "just to be sure."

There are strong indications that both game and song birds have been killed by insecticides. It is believed fish in streams in nearby treated areas are similarly affected.

PMA NEWS

(Continued from Page 1) the more humid and warmer areas of the south and southeast on-farm storage losses are high and farmers still rely largely on non-farm storage for the food grains.

He points out that in Georgia annual corn losses due to inadequate storage facilities run as high as one-third of the crop. In 1951 farmers of the state are estimated to have lost \$25 million in corn alone.

Development of a new type of mechanical corn picker which picks and shells the corn in the field leaving husks and cobs in the field and clears the land in time for more crop planting, offers promise of solving the production and conservation part of the problem.

Throughout the country, the chairman points out, the CCC crop loan program is filling a need that becomes more and more acute as the population increases. As he

sees it, great progress is being made in increasing production to keep pace with the growing needs and through the loan program and developments in storage structures and drying facilities parallel progress is in the making in the matter of caring for crops after they are produced.

He suggests that farmers interested in storage structures and drying equipment loans so as to be prepared to take advantage of the CCC crop loan program can get the information at the Production and Marketing Administration office at Ripley.

Feed Bees

Farmers, FFA and 4-H members who purchased bees this year should check and see whether or not they have an adequate supply of honey. If they do not it will be necessary to feed them until a honey flow starts.

By mixing one half sugar and water you can obtain a mixture that is easy for the bees to work. Feeding on the inside by inverting your syrup can over the frames and putting a super over that is an efficient way to do it.

Check for evidence of the queen. She may not be laying now, but if you feed them properly she will resume her laying. If you find no queen, one should be ordered right away.

Bliaster Beetle Control Methods

Heavy applications of insecticides are needed to give protection to the many plants now being attacked by bliaster beetles, shy or army bugs.

These beetles are infesting gardens particularly. They are roughly cylindrical, inch-long, long-legged, ash gray or black-and-orange-striped insects, which are very active.

Toxaphene 20% dust at 30-40 pounds to the acre will give control. For the emulsion use 2 to 3

quarts of the 60% material. Heavy applications of 10% DDT dust or the 50% wettable material in water give fair control; use 5 to 6 tablespoons of the wettable material in a gallon water. Cryolite also works fairly well if used heavy enough; and Bordeaux mixture works as a repellent. The beetles may also be driven from an investment area onto dry straw or hay and burned there.

RECREATION SCHOOL ACTIVITIES

L. B. Marshall On June 9-14 I spent a week at the State Recreation Leaders' Training School at Camp Woodlee in Middle Tennessee. The school, sponsored by the Extension Service with Mr. Fred Colby as Director, was held for the purpose of training boys and girls so that they may come back to their counties and assist with the county's recreational program.

During this week we enjoyed demonstrations of various kinds, outings, water sports, fishing, cave exploring, handicrafts, vesper services, and folk games. Everyone participated by giving demonstrations that they have used in their counties and clubs. Specialists from the University gave us information in addition to that given by agents and club members. The various kinds of demonstrations were rope making, forestry, competitive sports for use indoors, methods of handling crowds, song leading, and games for different age groups.

One of the highlights in the week for me was the puppet show in which I participated with five other members of the West Ten-

nessee group. The show which we enacted was "Hansel and Gretel," a three act play. I controlled the puppet playing the part of Hansel, in addition to this I directed all activities behind stage. As an encore Alice Diggs from Shelby County and I presented a colorful square dance number which we dedicated to Mr. Colby in appreciation for his fine work as Camp and School Director. I enjoyed very much participating in the puppet show and I plan to extend the program to the county and West Tennessee.

As a whole the Recreation School was a success at passing along new ideas to the club members that will be useful in their counties recreational program. Although I went to learn to lead recreation I had a good time along with the school program. This camp is certainly a fine place for boys and girls to go and I urge all that have an opportunity not to pass

Street Work Delayed

Mayor P. W. Crittendon was notified Tuesday that work on street black-topping in Halls would begin next week. Scheduled to begin Tuesday the contractors, Forcum-James Construction Co., were forced to delay the work for a week due to a shortage of materials.

"Big" Little League

Any baseball fan or anyone who is interested in seeing a bunch of youngsters really having a good time should go to see the newly organized baseball teams playing baseball. Interest and team spirit is at a high level when these games are played at four o'clock each afternoon. Better go by and see them play!

Last Call To Register

Today is the day! Today (Friday) is the last day on which you can register and vote in the election set for Thursday, August 7. If you have not previously registered, have moved to another precinct, have changed your name by marriage or otherwise, you must register in order to vote. No one, and we mean NO ONE, will be allowed to vote who is not properly registered. Do your duty to yourself and your state by qualifying to vote and then vote on August 7 for the candidates of your choice. The only requirements are that you be a citizen, a resident of Tennessee for 12 months and of your county for six months, and BE REGISTERED. Poll tax receipt is no longer a prerequisite for voting. Remember that you can register in your precinct today. In Halls at the Mayor's Office.

Read The Advertising

With the cost of living mounting daily every consumer should watch for their opportunity to save on merchandise which they needed. Each week opportunities are offered readers of the Halls Graphic through the advertising columns to save on items which they need. This week Joe L. Levy & Son and Mrs. Vera Hilliard Style Shop are each offering their merchandise at greatly reduced prices with others also offering outstanding bargains. It pays to read the advertising in the Halls Graphic.

This Was Clipped But We Think Timely

Good things come in small packages. The Declaration of Independence contains 300 words. The Ten Commandments contain 296 words. Lincoln's Gettysburg Address contains 266 words. The Lord's Prayer contains 56 words BUT the OPS order setting the price of cabbage contains 26,911 words. Some one said, the pioneer world would have shed big tears, and would have thrown away their axes, if in a dream, they had caught a gleam of what we pay in taxes.

Negro Sewer

We are happy to report that the long-needed and long-awaited sewer to the negro schoolhouse has been laid and is now being connected at the school. In addition a large number of negro residences will be serviced by the sewer line.

SOUTHERN BELL WAGE INCREASE APPROVED

The Wage Stabilization Board on July 16, 1952, approved a joint Company-Union petition for wage increases for 50,000 Southern Bell employees in the South, including more than 6500 in Tennessee. These increased wages are retroactive to June 8.

"The agreement adds \$1,319,000 to the Company's costs in Tennessee," State Manager Sam H. Youngblood stated in Nashville.

Won't you vote, too, in '52.

Two Young Doctors Locate In Halls

Two young doctors, Dr. Thomas Johnson and Dr. W. I. Thornton of Dyersburg, have taken over the offices vacated by Dr. J. K. Hinton and will practice here. Dr. Hinton left Friday of last week for Tulane University where he will continue his surgery work.

Dr. Johnson came here Saturday morning to see office patients and Dr. Thornton will here Sunday. According to our information the doctors will alternate mornings in the office and will also make home calls.

Dr. Johnson and Dr. Thornton are graduates of the University of Tennessee College of Medicine and have only recently opened offices in Dyersburg.

New Tractor On Display Saturday

Two new heavy-duty John Deere 2- and 3-plow tractors, successors to Models "A" and "B," will be announced Saturday, July 19, by Farmers Implement & Seed Co.

According to Mr. Fred R. Hurt, owner, these new tractors feature a host of engineering advancements and major improvements which makes them the greatest values ever offered by John Deere. Mr. Hurt states that one of the new models will be on display Saturday, July 19, and he extends a cordial invitation to everyone to stop by and see the new tractor.

Free cold Coca Colas will be served throughout the day.

Julian Belton Is Primary Candidate

To The People Of Lauderdale County

I take this opportunity of announcing that I am a candidate for Direct Representative in the Next General Assembly of Tennessee from Lauderdale County in the Democratic Primary to be held on August 7th.

New Tractor On Display Saturday

The people of Lauderdale County, the 2nd Civil District, and the City of Ripley have been most kind to me in the past when I have served the people of this County in the capacity of Trustee, the Ninth Congressional District in the capacity of Democrat; Executive Committeeman, Magistrate from the 2nd Civil District, and Alderman for the Town of Ripley.

I sincerely believe that I am qualified to hold the office of Representative from Lauderdale County, and will do all in power to represent all the people of Lauderdale County fairly and impartially. I have no axe to grind, and my only desire is to represent all the people of Lauderdale County to the best of my ability in the next General Assembly.

I request your personal vote and support, and will always be available in my store in Ripley to be consulted on all matters anyone desires concerning Lauderdale County and the General Assembly. It will be impossible to see all the voters of Lauderdale County before the election, but I will make every effort to see each of you before August 7th and seek your personal support.

Sincerely Yours,
JULIAN BELTON

School Attendance Law Outlined

(All children between the ages of 7 and 17 (both inclusive) are required by law to attend school unless they have completed a four year High School. The State law allows only five days absence for each child for the whole school year, except in the case of illness.

If a child is unable to attend school because of illness, a home-bound teacher will be provided for that child upon recommendations of your family physician.

All children should enroll on the opening day of school in order not to use any of the five days allowed by the State.

Local Resident Injured In Wreck

Mrs. Glynn Chapman suffered a broken left leg and other injuries about three o'clock Monday morning in an automobile accident near Fulton, Ky. while en route home from Illinois where they had spent the weekend. Mr. Chapman, driver of the car, was not injured.

Mrs. Chapman is said to have been injured when their 1952 Plymouth left the road going into a ditch and then striking a tree. The accident occurred about two miles north of Fulton on Highway 51. She was rushed to Fulton Hospital where she was found to have suffered a broken left leg below the knee and a severe cut on her nose. She is reported as resting nicely at the Fulton Hospital.

Mr. Chapman is the manager of the Columbian Seed Company warehouse and seed corn project located on the Air Base here.

REGISTRANTS MUST CHECK CLASSIFICATION

The Chairman and Board Members would like to again remind all registrants who have been granted deferments that it is their responsibility to keep up with the expiration date and request further deferment if they need it.

The expiration date is on the Class Card that is mailed after you have been classified. Registrants are not notified when their deferments expire and unless they request a further deferment are classified back into 1A. It is up to the registrant to keep up with the date and make his request before his deferment expires.

Baptist Revival Very Successful

One of the most successful revivals in recent years is being held at the Baptist Church during this week and through Wednesday of next week. The Rev. Jesse Newton, pastor and who is also bringing the messages, stated Thursday that he is particularly gratified with the response to the early morning service with an average of about 65 in attendance each morning. Attendance at the evening services has been fine with the music for the services being highly appreciated.

The revival will continue through Wednesday of next week with a church and Sunday School picnic to be the closing event Wednesday afternoon. Complete details for the picnic have not been announced but it will probably be held at the Municipal Park in Dyersburg.

Services Sunday will be at the regular 11 o'clock hour and at 8 Sunday evening. During weekdays services are at 6 a. m. and 8 p. m. The public is cordially invited to come and take part in each of these services.

County Farm Bureau Directors Listed

After running a soil test, Talmadge Heathcott applied 1000 lbs. of 6-12-12 and two tons of lime to a three acre track of ground and seeded with 60 pounds of Kentucky Fescue, and then topped it with 700 pounds of Ammonium Nitrate, on August 25, 1951.

Besides paying off with a spring grazing, Talmadge states that he saved 1517 pounds of seed after cleaning. The Fescue straw is about the size of Herdgrass and this he stacked for winter use, immediately turning the stock back on the field for grazing.

Mr. Allen Kline To Speak

Mr. Allen Kline, President of American Farm Bureau Federation, will speak in Jackson Wednesday, July 29, at 8 p. m. at the Experiment Station. Mr. Kline has done much for Farm Bureau, and Farmers at large, and it would be time well spent to hear him discuss Farm Bureau.

RAIN COMES AGAIN TO BREAK HEAT

Most farmers in this section were highly pleased Wednesday afternoon with the rain which came to soak the ground with some few spots reporting an excess of rain. Some wind accompanied the rain Wednesday afternoon with a few trees being damaged and at least one electric pole being blown down in the Poplar Grove community. Service was only delayed a short time.

ATTENDED CONVENTION

Ann Holmes of Ripley and Arella Steelman of Halls represented Lauderdale County at the weekend All-Star Convention and Camp, held in Martin recently. The All-Star degree is the highest honor 4-H boys and girls can receive in their respective counties.

RURAL SCHOOLS TO OPEN MONDAY

Most rural school children were ready this weekend to open their summer school session with all rural schools, both white and colored, to open Monday morning. The largest rural enrollment ever registered in Lauderdale County is predicted by some school authorities.

Farm Safety Week Set Next Week

F. H. Paschal
Accidents will kill 41 farm residents every day for the next 12 months, unless farm people are more careful this year than ever before.

In fact, a farmer will be disabled by an injury every 24 seconds, unless we make a better record than ever before toward preventing accidents. Cars and tractors will kill more than 6000 people in the next 12 months and injure more than 200,000. More than 4000 farmers will be killed in work accidents.

The more machinery we have on farms the more necessary it is that we realize the necessity of handling this machinery safely. The National Safety Council has suggested that we observe the week of July 20-26 as Farm Safety Week and that during next week we look about our farms for fire hazards and situations which cause accidents in our homes and about our places and that we make necessary changes for greater safety.

In addition, it is necessary that we think in terms of actuality being careful about whatever we start to do. We have had a number of people every year to drown in our ponds and lakes and streams. We

F. H. Paschal have had men severely injured and killed by tractors turning over in the fields. Children still love to ride on the fenders of cars and on the drawbars of tractors and we want them to be happy, but it is also most important that we teach them safe habits of conduct.

Farmers' Institute July 22
Charles B. Shuman, president of Illinois Farm Bureau, and Dr. C. E. Brehm, president of University of Tennessee, will be the speakers on the afternoon program of the Farmers' & Homemakers' Institute to be held at the West Tennessee Experiment Station near Jackson next Tuesday, July 22nd.

A tour of the Experiment Station will be at 9:30 with a study of cotton, corn and soybeans plots near the main building and will end with a study of farm machinery at noon.

The women's section will have an interesting demonstration on new fabrics and their care by Miss Nancy Hinner of DuPont Co. They will also a cotton dress revue put on by home demonstration club members.

Brush Killer Damages Crops
C. A. Crews, W. L. Kennedy, Tom and Clifton Esra, J. D. Bentley, J. C. Robbins, F. E. Pugh, Harold Dodson, and a number of other farmers owning land and growing crops along the east side of the big TVA power line running from Covington to Martin have recently reported severe damage to cotton, watermelons, gardens, trees, corn, and pastures caused by the drifting of a brush killer solution of 2,4-D and 2,4,5-T applied about June 15th to 25th.

Representatives of TVA have visited some of the farms to inspect injured cotton and TVA officials have stated that other inspections will be made from time to time during the summer and that the agency will try to maintain its record of fair dealing with farmers who file claims for damages.

Spray For Peach Borers
This is the season to begin the DDT method. This insect borer in control of peach borers by the trunk of the peach tree at the ground line causing the gummy wounds in the trunk which will kill the tree. The insect is a pearly white larva with a brown head. The adults begin laying eggs at the base of trees in late July. DDT should be on the trunks of the trees at this time through Sept.

It is recommended that DDT be applied about July 15, August 15 and September 15. Put about six level tablespoons of 50% wettable DDT per gallon of water or dilute DDT emulsion to about 3%.

Spray the entire trunk and lower crotches of the trees.

CORLEW CHILD IS IMPROVED

Mrs. Earl Corlew, Jr. returned home Wednesday of last week after a four weeks visit with her parents, Mr. and Mrs. B. L. Hill, in Rochester, N. Y. The Corlew's son, Lewis, who was struck by a car May 29, suffering a broken right leg while spending the summer with his grandparents, is progressing very nicely.

He is now out of the hospital and at the home of his grandparents. He is learning to walk on crutches and is due back at the hospital there next week for more x-rays and treatment. If everything is satisfactory, the osteologist attending him will fit him with a steel brace on the outside of his cast. The Corlew's expect him to be able to come home some time during the month of August.

Lewis sends his warmest regards to all his friends in Halls and appreciated very much the mail he received. Tommy Corlew remained with his brother in Rochester to keep him company.

F. Bates Sullivan County Campaign Manager

Named To 4-H All-Star Degrees

Charles Peal Ass't. County Agent

Over 300 boys and girls from 21 counties attended senior 4-H Club Camp at Martin July 7-12. There were twelve to go from Lauderdale County, five boys and seven girls. The boys who attended were Jimmy Chisholm, Efo'k Bentley, Buddy White, Hollis Griffin and L. B. Marshall, Jr. The girls were Patricia and Charlene Pipkin, Kitty Pitts, Sue Voss, Beth Bogue, Ann Holmes and Carol Chipman. There was a wide range of activities at the camp for the boys and girls to engage in, the result being that everyone engaged in a sport that they liked best. Classes, demonstrations, skits and other things of similar nature made the camp educational and informative as well as furnishing fun and recreation. Friday night was talent night and this camp certainly had its share of it. It was as good a talent show as I have ever seen at a camp of this type.

In the sports, Efo'k Bentley and L. B. Marshall, Jr. walked away from the stakes as horseshoe champions of the camp. However, in a later game Louise Alderdice and I managed to win one game from

them. In other sports we teamed with other counties, but won no championships.

Accepted In 4-H All Stars

Kitty Pitts and L. B. Marshall, Jr. were taken into the 4-H All Stars in an impressive ceremony held on the campus Thursday night, July 10th.

Older 4-H members become members of the 4-H All Stars on the basis of the type and quality of their 4-H Club work, leadership ability, personal characteristics, and outstanding achievements in 4-H Club work.

L. B. is the first boy from Lauderdale County to become a 4-H All Star. His record of service and activities certainly qualify him for membership in this organization.

2. Late winter or early spring application.

a. Grasses and legumes alone or in combination for seed production and/or hay and pasture. b. Small grain for any purpose.

3. Late spring or early summer application.

a. Sudan, Bermuda or Dallis grass.

Ammonium Nitrate used on any crops except the ones listed above cannot be obtained under this special program at the reduced price.

New Farm Facilities

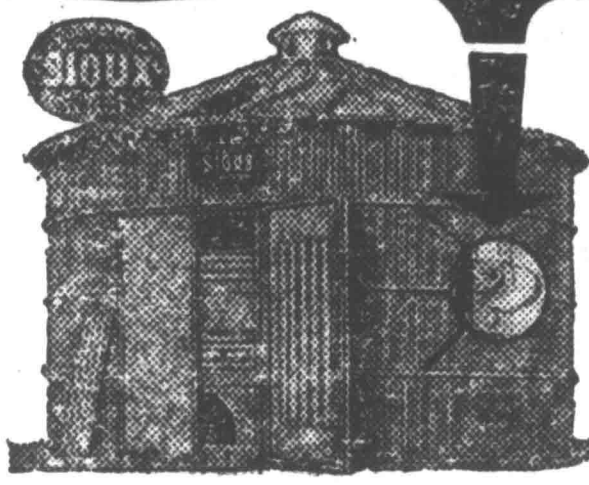

Loan Program

The Department has announced a new farm storage facilities loan program to replace the program which expired on June 30. This program will apply to farm storage facilities loans for which application is made on or after July 1.

Under this program the maximum amount to be loaned has been reduced from 85 to 80% of the total cost and the number of maximum installations reduced from 5 to 4.

A good example of the growing industrialization and economic progress of the South is this new DuPont synthetic fiber plant at Camden, South Carolina.

For PROGRESS... call DIXIE!

MUSIC to Southern ears! The hum of busy factories, crowded stores and streets. The ring of saw and hammer. And more than 26 million telephone calls a day!

There's another cheerful sound—58,000 Southern Bell men and women busy providing you and your neighbors with the most and the best telephone service in Dixie's history. Service that's vital to the Nation's defense. Service that keeps you in touch with

others 24 hours a day... speeding your business... enriching your home life.

TELEPHONE growth is a striking example of progress in today's amazing South. During the 10 years from 1940 to 1950, the South's growth in telephones was more than twelve times its growth in population. In the first 6 months of 1952 alone, we added 149,250 new telephones. 2 New John Deere Tractors

ON SATURDAY, JULY 19, we will announce an entirely new line of general-purpose tractors — successors to the famous John Deere Models 'A' and 'B.' By far the greatest values ever offered by John Deere, these new tractors feature major engineering advancements and a host of improvements that step up tractor performance in many different ways.

One of the new models will be on display at our store this Saturday so be sure to stop in and see for yourself how much more value these great new John Deere Tractors offer you.

Baseballs Needed

The Junior Baseball League is in desperate need of the donation of some new baseballs for use by the league. So far balls have been furnished by some of the boys playing in the league but they are not sufficient and are in poor condition. Wonder if some of the fathers who have sons participating wouldn't like to donate one or more baseballs? We can't think of any better way that you can benefit an entire group of youngsters.

The Air Base

We heard a few people who heard the recording of Senator K. D. McKellar's speech Tuesday morning become enthused over the possibilities of the opening of the air base here. It seemed to us from the letter read by Senator McKellar from the Department of Defense that the air base situation has not changed in any way and is as far away from any immediate opening of the air base as we have been. There were no definite commitments made other than that should the need for additional bases arise the base here would be given full consideration. It makes no difference whether you intend to support Senator McKellar or not there is no encouragement concerning the air base itself.

Highly Successful

The membership of the Halls Baptist Church and its pastor were highly gratified with the revival which was brought to a close Wednesday of this week. It is the opinion of some of the people that although visible results were not as great in all probability this is one of the best revivals held here in many years.

Welcome Home

We feel certain a great many people, others as well as members of the Halls Christian Church, will be happy to welcome the Rev. Bill Beard here for his short visit. Here to visit the parents of Mrs. Beard and other relatives the Rev. Beard has accepted the invitation of the Rev. Albert Rose to fill the pulpit of his former pastorate Sunday morning. Glad to have you back even for a short time, Bill.

Time Draweth Nigh

The time draweth nigh when your vote must be cast for the various offices in the general and primary elections on the first Thursday in August. Better make up your mind no as to the various candidates who can best serve the needs of our county and state and vote accordingly. We believe that you can ignore a great portion of the propaganda gushing forth from all candidates and select your candidates from the past record and future possibilities. Not only who has done the best job in the past but who can do the best job in the future is of prime consideration in this election. Make your selection and go to the polls and vote.

M. Y. F. PICNIC TO BE HELD JULY 30TH

The Gates subdistrict of the Dyersburg district held its regular monthly meeting at Floyd's Chapel on July 7th. Bethesda, of the Gates Charge, and Maury's Chapel, of the Maury City Charge, received banners for having the largest percentage of members present. The Council meeting was held at Friendship on July 17. The next activity is the annual picnic which is to be held on July 30th at the Dyersburg Park.

RETURNS HOME

Mrs. T. T. Flynn left Tuesday to return to her home in Albuquerque, New Mexico, after a week's visit with her mother, Mrs. Y. S. Brown. Michael Flynn remained for a longer visit.

JAYCEE DANCE IS POSTPONED ONE WEEK

Announcement is made that the Halls Jaycee public dance originally set for Friday night has been postponed until Friday night, August 1st. The dance will be held at the Legion Hut on the Air Base. Proceeds from the dance will go toward defraying cost of decorating the streets of Halls for Xmas.

Encourages Growth Of Grasses, Legumes

By encouraging the growing of more grass and legumes in rotation the Agricultural Conservation Program is helping Lauderdale County farmers to meet one of the most serious soil problems in the county, says A. O. Chambers, chairman of the county PMA Committee.

According to the chairman, the growing of cotton and corn on the same land year after year has depleted soil humus and organic matter on many farms in Lauderdale County. This depletion results in a breakdown of soil structure. The soil becomes more compact and harder to handle.

As the chairman sees it, the crumb-like particles of soil are broken apart, and the individual grains of soil are easily carried away by water. This breakdown of soil structure leads to erosion and deterioration of the land.

This erosion and depletion can be checked by the use of grasses and legumes in a rotation. At the Iowa Agricultural Experiment Station, for instance, land in a corn-oats-meadow rotation lost only one-sixth as much organic matter annually as fields in corn year after year. The losses of organic matter on the land in rotation averaged only 123 pounds per acre as compared with 780 pounds on the field in corn year after year. The condition of the soil and the evidences of erosion on many of the farms in Lauderdale County indicates that the same thing is going on here, says Mr. Chambers. On the farms where ACP has assisted farmers to include grasses and legumes in rotation, the soil is in better condition and the yields are higher.

Edith Resident Died Friday

Services for O. B. Grear, farmer and landowner in the Edith community near here, were held at the Edith Methodist Church at 4 Saturday afternoon. The Rev. A. L. Bartlett and the Rev. M. L. Davis officiated. Burial was in the church cemetery with Sudbury Funeral Home in charge.

Mr. Grear, who was 76, died at his home late Friday afternoon. He was born in Edith community and lived his entire life there. He was a member of the Woodmen of the World, the Macabees, and the Edith Methodist Church.

He leaves four daughters, Mrs. T. H. Elzey, Mrs. C. H. Craig, Mrs. Geraldine Meadows and Mrs. Edith Gill Ferguson of Edith community; two sons, Paul Grear and O. B. Grear of Edith; two sisters, Mrs. J. H. Bibb of Memphis and Mrs. Lula Ward of Hickman, Ky.; three brothers, O. N. Grear of Ripley, J. C. Grear of Memphis and G. H. Grear of Blytheville, Ark.; 13 grandchildren and eight great-grandchildren.

Rev. Beard To Preach Sunday

Rev. Albert Rose, pastor of the First Christian Church, has announced that the Rev. William O. Beard of Farmington, Mo. will bring the message for the 11 o'clock service at the church Sunday morning. The Rev. Beard is a former pastor of the Halls Church and is here visiting relatives of Mrs. Beard.

The Rev. Rose, who underwent an operation some weeks ago, was able to return home Friday night. He is much improved but must still undergo treatment.

A cordial invitation is issued to all to come and hear the Rev. Beard. Rev. Beard is now pastor of the Farmington Christian Church.

Registration Total Predicts Huge Vote

According to preliminary figures released by the Lauderdale County Election Commission, Lauderdale County and particularly the 2nd and 12th Civil Districts—Ripley and Halls—can expect a record breaking vote in the forthcoming primary and general elections.

Mr. George S. Volz, chairman of the Election Commission, stated to this newspaper Wednesday morning that preliminary figures reveal that a total of 2446 have registered in the Ripley district and 1620 in the Halls district, with 7800 registered throughout the county.

Comparative figures reveal that 624 voted in the Democratic primary in Halls in 1948 and slightly more than 1200 in the Ripley district. Judging from the figures indications are that a great increase in the total vote may be expected in the county.

Continuous effort in the part of the two newspapers of the county, the Farm Bureau and other county organizations in cooperation with the County Election Commission along with increased general interest brought about the highly increased registration, according to authorities.

In the supplementary registration held last Thursday and Friday a total of 378 new voters were registered and qualified to vote in the 12th district.

Attend 4-H Camp At Natchez Park

Charles Peal, Ass't. County Agent, Gordon Ingram, Kitty Pitts, Don Paris, Pat Cunningham, Steve Pierce, Carolyn Akin, L. B. Marshall, Jr., and Norene Robinson along with Cora Livingston and myself attended a weekend camp at Natchez Trace State Park on the 19th and 20th.

The group stayed in a lodge that was equipped with cooking facilities and a large screened-in porch where we had our recreation as well as ate. Speaking of recreation, we were busy every minute. We played all types of games including folk games. In a nearby lake the group went swimming, that is all except Gordon and myself who utilized that time fishing.

Saturday night vesper services were held on the lawn behind the lodge. Sunday morning we had a religious service in which L. B. gave a short talk on "The Beauties of Our Earth." Sunday morning swimming was in order as well as in the afternoon. At 4 o'clock Sunday we had a watermelon feast which concluded our weekend.

These were only the highlights, there were many other things that the group did and enjoyed. Everyone agreed that they had a good time and want to go back.

Poultry School Held

Philip Dunaway, Gordon Ingram and L. B. Marshall are three of the four boys who attended the Poultry School at the Shelby County Penal Farm Wednesday. They judged several classes of fowls, both on egg production and meat production. These boys will participate in the fairs this fall as representatives of Lauderdale County.

Electric Achievement Day

On August 2nd the top winners in each county in the 4-H Farm & Home Electric winners will journey to Jackson to compete for the district awards in this project.

One boy and one girl in the junior group and one boy and one girl in the senior division will give short electrical demonstrations which will count points on their record. District awards include 2 trips to 4-H Round-Up in Knoxville and many other small items such as radios, lamps and electric heaters. We have had some good records turned in on this project this year and will compete for the district prizes at Jackson. The county winners will be announced next week.

METHODIST REVIVAL SET FOR AUGUST 3

The Rev. C. Bennett Ware, pastor, has announced that the annual revival of the Halls Methodist Church will begin on Sunday, August 3rd, with both morning and evening services being planned. The Rev. Dan R. Overall of Jackson will bring the messages for the revival. Further details will be published next week.

Owen Asks Support Of County Voters

To The Voters Of Lauderdale County

Since I have been serving the good people of Lauderdale County as Superintendent of Public Instruction many important decisions have come before me. I can truthfully say to you in this report that I have tried, in every way possible, to render as just and fair decisions as I could.

We have just been through a large building program for schools in all sections of the county. The Lauderdale County Board of Education has given careful consideration to the details and planning in this program. I have attempted to carry out the Board's desires to the best of my ability. Lauderdale County has received her money's worth in every building where I have had a part in carrying out the Board's instructions. These have been busy years for me and all those who have been working on these buildings. The records stand for themselves.

We have attempted to staff our schools with the best teachers the board members could obtain. Each school in the county, except one, that has more than four teachers now has a man principal who holds a Master's degree. Few counties can boast that they surpass that standard. The better school buildings that the people of this county voted to build are now better staffed, better equipped, and have better PTA organizations than ever before. It has been a privilege for me to have a small part in this progressive program.

This week's schools began for another year's work. Many are the duties involved in working out details for beginning a school term. I will be forced, because of pressing duties, to attend to business in the superintendent's office. I will be unable to visit as many people in the county as I want to. I am going to remain as much as I can at the job for which you elected me.

I have an opponent in this race that I regard very highly. The best of professional relationships have existed through these past few years. I do remember that the people of this county were kind enough to him to give him an endorsement term without a position. It appears to me that he could have given me the same consideration that he received at the hands of the people of this county. Since I do have an opponent, I am appealing to the fairness and customs that have always existed in the county, to give me an endorsement term. I do not feel that this request is beyond what I can expect. I stand on my record.

The Lauderdale County Board of Education outlines the policies to be followed in the school business of this county and I have tried to work within these policies. No promises I could make could be carried out without the board's consent. I promise that I shall, when and if given an endorsement term, continue to suggest to the board those things which are for the best interests of the children of Lauderdale County. No superintendent can promise more. If I do not get to see each qualified voter in the county before August 7, it will be because of the busy rush of school opening, but I will sincerely appreciate a vote of confidence from all my friends in every section of the county when election day arrives. ICE CREAM SUPPER

There will be an Ice Cream Supper at Hellen's Bluff School in Crockett County on Friday night, July 25, sponsored by the Hellen's Bluff PTA. All candidates and the public are invited to attend. adv.

James McKee Is New Football Coach

James C. Peery, principal of Halls Schools, has announced that James Edward McKee of Newbern has accepted the position of coach of the high school football team and of the girls basketball team. Mr. McKee is twenty-eight years old, attended Union University and is a graduate of Bethel College at McKenzie and has received his Masters Degree at Peabody College in Nashville. He is a veteran of two and one-half years in the service, is married and has a daughter that was a year old in June.

Mr. McKee served as coach at Tracy City, Tenn. for two years and was assistant football coach and girls basketball coach in his hometown of Newbern for the past two years. During his stay in Newbern the Choctaws were among the outstanding teams in West Tennessee and his girls team was defeated in the finals of the district tournament during the past season.

While Mr. McKee has been coaching the line for the past two years he was a blocking back while in college and is familiar with both backfield and line play. Elementary School Physical Education Director Floyd Hooks will continue to serve as assistant football coach and will be in charge of line play. Fall practice is expected to begin about August 18 but Mr. McKee will be unable to secure a home and move here until the first of September.

Mr. Peery has announced the following tentative schedule for the Tigers for the 1952 season: Sept. 12 — Union City there Sept. 19 — Brownsville there Sept. 26 — Dyersburg there Oct. 3 — Newbern here Oct. 10 — Munford here here Oct. 17 — Frayser here Oct. 24 — Open here Oct. 31 — Tiptonville there Nov. 7 — Ridgely here here Nov. 14 — Ripley here This schedule is tentative since some changes may be made prior to the opening of the season and Dresden added to the slate.

Calls Meeting Of Election Officials

A meeting of election officials and workers has been set for Monday, August 4, by Chairman George S. Volz of the Lauderdale County Election Commission and Chairman W. C. Patton of the Primary Election Commission.

The meeting will be held at 10 o'clock Monday morning, August 4th, at Ripley with the plans calling for a dummy election to be held in order to familiarize the election workers with the use of the registration books and other procedure under the new registration law.

In calling the meeting Mr. Volz issued the following statement:

"Commissioners of Elections, both Primary and General, request the attendance of all officers, judges and clerks at a meeting in the Court House at Ripley at 10 a. m. August 4 for the purpose of instruction in the use of the new registration system in voting.

W. C. Patton Primary Chmn. George S. Volz, Election Commission Chairman.

New Pastor At Ripley Church

The Rev. Bernard Scates, who has been pastor of the First Baptist Church of Lawrenceburg, Tenn., for the last four years, has accepted the call of the First Baptist Church of Ripley to serve as pastor beginning August 1.

The Rev. Scates was reared in Carroll County, graduated from Union University and Southern Baptist Theological Seminary, of Louisville, Ky. He served as pastor of Camden, Huntingdon and Bemis Baptist Churches before going to Lawrenceburg.

The Rev. Scates is the brother of Kyle Scates of Halls.

HOME FROM HOSPITAL

Mrs. Sammie Nichols is improved and able to return home after undergoing an operation at the Dyersburg hospital last week.

LEGION AUXILIARY TO MEET MONDAY NIGHT

Announcement is made that the regular monthly meeting of the American Legion Auxiliary will be held Monday night, July 28th, at 8 o'clock at the Halls Youth Center. Chief business of the meeting will be the selection of a new president to replace Mrs. J. K. Hinton, Jr., who resigned when the Hinton family moved to New Orleans. Mrs. E. S. Crichfield is the first vice-president.

Bureau To Study Farm Road Needs

Frewl Buffalo

Better rural roads are on the way. Lauderdale County Farm Bureau is conducting a complete survey of the road system in this county. This announcement comes from W. C. Viar, local Farm Bureau president.

The study is part of a statewide survey on the part of Farm Bureau, and is designed to give a complete picture of the condition and needs of all types of roads in the state. Recommendations for improvement of old roads and construction of new ones will be made from this report.

Each County Farm Bureau in the state is making a similar study. They are finding out how many miles of each different kind of road there is, and what must be done to improve the road system in each county.

The study was started June 20 with a questionnaire that went out from the State Farm Bureau office to each county organization. When this information is returned to the state office, it will be compiled into a statewide report. This report will be turned over to the Farm Bureau Rural Road Committee for action.

According to Mr. Viar, these steps are being taken as a result of a resolution passed by delegates at the State Farm Bureau convention last year. It calls for a more uniform and efficient rural road law.

The Farm Bureau committee has and will continue to work with the Tennessee Highway Department, the Tennessee County Highway Commissioner Association, the Tennessee County Judges Association, and the Tennessee Rural Letter Carriers Association in the development of a plan and a law which it hopes will bring better roads to every county in the state. Farm Bureau Pres. Council

Mr. W. C. Viar, president of Lauderdale County Farm Bureau will represent Lauderdale County at the annual Farm Bureau President's Conference on July 30, 31 and August 1 at Columbia. As in former years the meeting will be held at the Middle Tennessee 4-H Club Camp. Over 200 representatives from the 93 counties are expected to attend.

The meeting brings together the president and one other delegate from each County Farm Bureau in the state. They will be brought up-to-date on various aspects of the Farm Bureau program, review progress made during the past 12 months and discuss plans for the coming year.

Frank Woolley, staff member of American Farm Bureau Federation's Washington office, will be on hand to discuss problems of national interest to agriculture and Farm Bureau. Considerable time will be devoted to a question and answer session on national legislation and current trends in public policy.

"While this conference is for the purpose of seeing where we are in Farm Bureau, and where we are going, it is not a legislative body," Mr. Viar points out. "However, many plans and ideas will be discussed for presentation to the County Farm Bureau and later to the Resolutions Committee at the annual state convention in November." The 1952 State Farm Bureau Resolutions Committee will attend the conference.

The annual conference is one of the most important meetings in the Farm Bureau program, for it enables County Farm Bureaus and the state organization to render an expanded and more efficient service to its members.

Fights Johnson Grass With New Invention

F. H. Paschal County Agent

Lloyd Pegg of Crutcher Lake community is winning quite a victory over Johnson grass by the use of his invention of a rotary cutter which runs from the power take-off on his tractor and crops the grass in two middles at a time at the rate of three miles per hour. Johnson grass can be quite a pest in soybeans, cotton and corn in the Mississippi bottom area. Weather conditions can cause it to be able to almost overwhelm these crops after they are laid by, unless they are cleaned out entirely by hoeing which is a very expensive process.

Lloyd's machine is made somewhat like two whirling blade lawn mowers set about 12 inches apart, except that these blades are set on long axles which run up through two ball bearings. The blades can be adjusted to run at about four inches from the ground with the frame of the cutter running just about the height of the crop, which can be as much as 36 inches. The height of the cutter and frame is adjustable by the movement of collars held by set screws on this axle and by moving the pulleys on this same axle.

Turner Escue has had a cutter made like Mr. Pegg's and Clifford Sweat has used Mr. Pegg's cutter on several acres of soybeans recently.

Termites Easily Controlled Termites are just ordinary insects which can be easily controlled with applications of DDT or Chlorodane or BHC by the average home owner at very little cost, but we still hear of farm people and others paying very high fees for bringing under control what usually amounts to one little colony of termites near a damp spot under a porch or some other small outbreak under a house.

Termites are just one of the many insects which make holes in wood and wood usually rots after a number of years, especially under unfavorable conditions, even if no termites are present. Termites cannot live without moisture and wood. To make conditions unfavorable for termites, remove all wood and trash from underneath buildings, provide good cross ventilation of foundations so that the ground under buildings is always dry, and inspect for termite injury or dirt tunnels once a year.

If termites are present, locate the place being attacked, locate the conditions which make it possible for the termites to live in that place, destroy the dirt canals, if (Continued On Page 4).

Junior Baseball Starts Well

Junior baseball got off to a flying start in Halls last week under the direction of Floyd Hooks, playground supervisor, with games being played each afternoon thru Friday.

A change was made in schedule however with a double header to be played on Tuesday and Friday afternoons of each week. The baseball diamond is available to the youngsters during the remaining days of the week but organized games will be played only on Tuesdays and Fridays.

After games through Tuesday of this week the Indians and the Giants are tied for first place with two victories and one loss each while the Yankees are in third place with one win and two losses. The Cardinals so far have yet to win a game having been defeated in all three of their games. However, it is expected with the teams so evenly matched that the standings will be turned upside down each week.

Supervisor Hooks states that he is highly pleased with the response of the boys taking part in the league. The tennis courts are getting a good play every day also.

(Continued From Page 1) there are any, and apply a 5% DDT oil solution to the soil along the foundation in the area from which the termites are coming. All this can be done with very little expense.

The spraying of the under parts of the house with creosote or any other foul smelling liquid will not necessarily control termites at all. These treatments may preserve the wood to some extent but it has little to do with the controlling of termites. We shall be glad to provide full information on termite control to interested householders on request to our office by telephone or otherwise.

Community Improvement Tour Mr. and Mrs. Byron Escue, Jr., P. M. Parker and I attended a tour of the Mason Hall community sponsored by the Extension Service and the Tennessee Bankers Association recently to study how this community won the West Tennessee Community Improvement Contest last year.

After the tour the crowd of about 150 bankers and interested farm leaders from all over West Tennessee gathered at the attractive community park for barbeque and a program.

These community organizations which bring together all the special organizations in a community have proven very effective in more than 150 communities in West Tennessee in raising the standards

of living of the people through the combined efforts of all the people working together. It has also demonstrated that if the people do not work together to help themselves and provide better conditions under which to bring up their children that no amount of outside help can accomplish that for them.

Locusts To Make Posts B. M. Cook of Asbury community planted 1000 locust seedlings on an acre of ground about 12 years ago which he has pruned each year in order to keep the trees free of limbs near the ground and to keep them encouraged to grow straight. He is now beginning to cut some trees which are six inches in diameter and growing rapidly. He will soon be able to get three lengths of posts from each tree which will make two to four posts per cut.

Fishing License Sale Sets Record

NASHVILLE—The State Game and Fish Commission has announced that the sale of hunting and fishing licenses hit another all-time high during the fiscal year which ended June 30, 1952.

A grand total of 762,326 licenses and permits were issued as compared to 658,428 for the 1950-51 fiscal year and 572,481 for the 1949-50 fiscal year. Biggest items were those of the \$2 annual resident combined hunting and fishing license, 399,033, and \$1 three-day non-resident fishing permit, 217,412. The increased sale of all non-resident fishing permits, 224,230, probably will insure Tennessee remaining fourth among all the States in this respect.

The record sale of licenses and permits also boosted the Commission's income from these sources to an all time high of \$1,150,188.56 as compared to \$1,040,807.66 for the previous year. The Commission receives no tax funds from

the Legislature and operating expenses must be tailored to fit this income. An amazing growth in hunting and fishing activity is reflected in the fact that 16 years ago, in the 1935-36 fiscal year, only 63,840 licenses of all types were sold.

4-H Club

(Continued from Page 1) at three district Livestock Judging Contests this fall, when the two top teams from each district will be selected to compete on October 25 for the State championship. District contests will be held at the Tennessee Valley A & I Fair at Knoxville, Tennessee State Fair at Nashville, and the Mid-South

Fair at Memphis. These organizations will sponsor a trip to Chicago in November by the team winning the State championship to compete in the International Livestock Judging Contest. Competing teams will consist of four regularly-enrolled 4-H Club members of the same county 4-H Club. Judging will include two rings each of beef cattle, sheep, and hogs—both market and breeding stock may be included.

From where I sit... by Joe Marsh Whitey Sure "Rang the Bell" Telephone woke me out of a sound sleep last Friday about eleven-thirty. "This is Whitey Fisher out on River Road," says a voice. "I just wanted to tell you how much I like this week's Clarion." "Thanks, Whitey," I told him. "But why in blazes call to tell me at this time of night?" "Simple," he says, "your paper boy just delivered it a short while ago. Been waiting for it all evening." Next day, Buzzy Wilson tells me he delivered Whitey's paper late because he stayed for the school dance and thought it would be OK to drop it off on his way home. From where I sit, I can't blame Whitey for his joke. He was just reminding me we owe other people the same respect we expect from them. Since I'm always talking about respecting the other fellow's rights—including his right to enjoy a glass of beer if he chooses, it is only fair that Whitey should "wake me up" to his right to get his copy of the Clarion on time. Thanks again, Whitey! Joe Marsh

"Better Get the Vet on the Phone" Pure-bred cattle—sign of the South's new, balanced agriculture—mean more money for stockmen, better standards of living on the farm, a growing demand for telephones. Farm telephone expansion has been one of Southern Bell's biggest and most important jobs for years—and today is more important than ever. It is a job that takes a lot of money, materials, experience, know-how—and time. In just the past 6 years we have tripled our rural telephones. We're building more and more rural lines as fast as scarce materials and defense needs permit. SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

Friday Note Dear Jane - Pa wants me to remind you and Bill to get out and vote for Senator McKellar in the primary Aug 7. He says it's everybody's duty to support the man who's done so much for Tennessee. Senator McKellar's a fine man, fair, honest and progressive. Pa says he's the most powerful man in the Senate. He heads up the committee that says how all our money is spent, and these days when you've got control of the purse strings you better hang onto 'em. I'd hoped McKellar could spend more time visiting around down here this year. But Pa says I oughta know the Senator's too important a man to haul off and leave Washington when there's work to do, like all that money he just got for our TVA. He has to be "on the job" just like he's always been, and all of us want to see him stay "on the job" for the good of Tennessee. He'll be out to visit you and the kids next month. Love, Mother!
