

Confidential Corner

More Swimming Pool

When we wrote the little squib about the swimming pool last week we hardly expected to create as much conversation and discussion as has been started but we are highly pleased with the resulting discussion. It seems that a great many people have had a swimming pool for the youngsters on their minds but hadn't said too much about it and the item brought out a discussion. From all the conversation it would seem that a swimming pool for Halls is entirely feasible even though it can be classed as long term planning. Several have indicated their willingness to donate machinery, time, money or help in some manner if the discussed pool should reach the point where something is actually being done about it. Why doesn't some organization or perhaps more than one look into the possibilities of a swimming pool and take that as a major project for the future? Why not set up a swimming pool fund, select a custodian for it, keep records of contributions and begin to build now for the financial needs? Should the project fall through, the money could be returned to the donors. LET'S GO TO WORK!

High School Library

As a service to students and school teachers of the Halls schools Miss Hazel Griffin, high school librarian, will open the high school library to them on a trial basis during the month of June on certain dates. Miss Griffin invites you to take advantage of this opportunity. Complete details may be found elsewhere in this issue.

Politics Warming Up

With the announcement of several candidates being made in the past few days, the appearance of a gubernatorial candidate in Halls, etc., the political pot in local, state and national politics is fast coming to a boil. Great activity is expected from now until the election date on August 7.

TO ATTEND STATE TRAINING SCHOOL

L. B. Marshall, Jr. of the Ripley Senior 4-H Club has been selected as one of six from West Tennessee to attend the State Recreational Leaders Training School at Camp Woodlee on June 9-14th. L. B. is an active 4-H Club member and is well qualified for the type of training he will receive at Camp Woodlee.

Charles Peal and Janice Cude, Assistant Agents, have been awarded scholarships to the school and will chaperone the group. The counties represented will be Lauderdale, Dyer, Obion, Weakley, Madison and Gibson.

The purpose of this camp is to provide an opportunity for boys and girls to learn the fundamentals of leadership and fellowship in all group activities, to learn to lead recreational activities as well as follow. They will be expected to assist with the recreation in their respective counties when they return.

FARM BUREAU DIRECTOR

We feel that with the passing of Mr. Bob Garrett we have lost one of Farm Bureau's most ardent supporters. He was the oldest Farm Bureau Director in service, and has been a zealous worker since Farm Bureau was first organized in Lauderdale County.

A self-made man, he was true in his convictions, a quality to be commended, and early in life became a leader in community affairs and in the forefront of the activities for better rural life, giving both of his means and untiring service.

He will be deeply missed by all who knew him, because to know him was to love him.

Lauderdale County Farm Bureau

SAM H. YOUNGBLOOD APPOINTED SOUTHERN BELL MANAGER IN TENNESSEE

Sam H. Youngblood, of Birmingham, Alabama, Manager of the Southern Bell Telephone Company, has been appointed Tennessee Manager for the Company with headquarters in Nashville.

He succeeds Claude J. Yates, who has been advanced to general commercial manager for Southern Bell with headquarters in Atlanta. Mr. Yates succeeds B. S. Gilmer, who becomes vice-president and general manager for the Northwestern Bell Telephone Company's Minnesota area.

Methodists Meet in Dyersburg

DYERSBURG—First Methodist Church at Dyersburg was the gathering place this week for hundreds of clerical and lay delegates to the 114th Memphis Annual Conference of the Methodist Church.

Prime question in ministerial delegates' minds was: what church will I have next year?

Laymen wondered too: "who will be our preacher?"

Many changes in pastorates are expected this year. Major pastorate changes traditionally are made every four years. This is a fourth year conference.

To be honored at the conference which extends thru Sunday, will be the Rev. Lud H. Estes, pastor of First Methodist Church at Milan, Tenn., secretary of the General Conference of the Methodist Church, and former Superintendent of the Dyersburg district.

Rev. Estes has reached the age of required retirement and will reside in Memphis. He is widely known in Memphis and was former pastor of Epworth Methodist Church and Mandolin Heights Methodist Church there.

He will continue in active general secretary of the Methodist Church through the next four years. He was recently re-elected at the San Francisco conference.

He was for 27 years secretary of the Memphis Annual Conference.

Delegates from the Halls church are the Rev. H. A. Goforth and James Paige.

Health Information Is Available

Your Health Department has a wealth of informative material pertaining to constructive health. Many pamphlets are in duplicate and you may have a copy. The most recent addition is a free lending library composed of the following pamphlets:

- When Mental Illness Strikes Your Family
- Something Can Be Done About Chronic Illness
- How To Be A Good Mother-in-law And Grandmother
- Your Neighbor's Health Is Your Business
- Having A Baby
- Making The Grade As God So You Think It's Love
- Three To Six—Your Child Starts To School
- Your Blood Pressure And Your Arteries
- Live Long and Like It
- Good News About Diabetes
- Planning Your Family
- Comics, Radio, Movies — and Children
- What Do You Know About Blindness?

Alcoholism—A Sickness That Can Be Beaten

Toward Mental Health

Youth and Your Community

Social Work and the Joneses

How To Discipline Your Children

These Public Affairs Pamphlets are on hand at your Health Department in the old grammar school building in Halls and can be borrowed free of charge for a one-week period.

4-H Club Camp Dates Are Set

We would like for every 4-H member that can to plan on going to the Annual District Camp at Martin this year. Yours will be a week filled with recreation and fun.

If you are under 14 years of age, you will leave for camp on Monday, June 16, and will return about noon Saturday, June 21. If you are 14 years old or above, you will leave on Monday, July 7, and return about noon on Saturday, July 12.

We will start registering club members at 12 noon on Monday, June 16. Come to the County Agent's Office in the basement of the Post Office to register. The bus will leave for Martin at 1:30.

If you plan to attend Camp, let us know as soon as possible by calling Ripley 234.

The Hudson sisters from Halls coped the honors in the dress contest held in Ripley Saturday. They placed first in each of the two divisions. Fifteen girls participated in the Older Girls Division and twenty-six in the Younger Girls Division.

Ruth Ann Hudson placed first in the Older Girls group and won \$5.00, given by Sears Roebuck. Second was Ann Holmes, Ripley; Marlene Hutcherson, Nankipoo, third; and fourth, Bety Lil Jester, Curve.

In the Younger Girls Dress Contest Martha Lynn Hudson won first and a \$5.00 prize. Patsy Perry of Halls and Jane Glenn of Arp won second and third places. Fourth place went to Barbara McBride of Ripley.

The construction of the dresses and selection of materials indicated that the girls did a good job.

In the Bread Baking Contest, the girls brought cornmeal muffins to be judged. Merry Cole, Ripley, was Grand Champion and won a \$10.00 scholarship to 4-H Club Camp. Martha Lynn Hudson, Halls, was the winner in the Junior Division and won a set of Foley utensils. Jayne Griggs was the Senior winner and won a Calomet Baking set.

Buddy White, Leland Jennings, Paul Avery, Jr., Sammy Jordan and Joe Carmack attended the livestock school at Newbern last week. From these boys will be selected the team that will represent Lauderdale County in the fairs this fall.

The boys judged two classes of sheep, two of beef and one of swine. William Tyrell of University of Tennessee and Ed Snyar of Wilson Packing Company were in charge of the school.

NEW TYPE POISON HELPS CROPS KILL SUCKING INSECTS

A new "bug-killer" being tested at the Tennessee Experiment Station shows great promise for cotton producers, growers of ornamentals, and perhaps for producers of vegetable and fruit crops, U-T entomologists reveal.

A phosphate compound known as Systox, the new poison has the technical name of tri-aykl-phosphate. It is a systemic poison; that is, it is put in throughout the entire plant system. Insects such as aphids, mites, and thrips, which live on the plant juices, are then killed in short order. Insects that eat plant leaves are not always so readily killed.

A great advantage of this type of insecticide is the fact that it cannot be washed away by rain or blown away by the wind, the scientists point out. Also, unless it comes in direct contact with them, it does not harm parasites, bees, or other beneficial insects.

Three methods of application have been used in experimental work: soaking the seed, which results in the sprouting plant absorbing the poison; application to the ground at planting time; and spraying on the plant when the insects appear.

Experiments with food crops such as beans, cucumbers, melons, squash, etc., are still too inconclusive for recommendations, say the scientists. Tests are being continued on these and other crops at both the Tennessee Station and at experiment stations in other states.

Lightfoot To Seek Sheriff's Office

After thoughtful consideration of the duties and responsibilities of the office of Sheriff of Lauderdale County and the encouragement of so many good people to seek the office I have decided to seek this office. I have decided to seek this office for this high office in the election to be held August 7, 1952.

I am 39 years of age, am married and have a family and have spent my entire life in Lauderdale County. Until 1948 my home was in the Lightfoot community. Since 1948 I have lived in Ripley.

There are many problems connected with law enforcement and I wish each of you personally before the day of this election. If then you feel that I am qualified to serve you as Sheriff I shall be grateful for your vote.

If you elect me to this office I shall sincerely appreciate your criticisms of the manner in which this office is conducted and solicit your suggestions as to how we can work together for efficiency in law enforcement in this county.

RUSSELL LIGHTFOOT

Rocky Palmer To Run For Congress

DYERSBURG—E. T. "Rocky" Palmer, young Dyersburg attorney, civic and religious leader, said Wednesday he will be a candidate for the U. S. House of Representatives from the Eighth Congressional District in the Democratic primary August 7.

The House seat has been held for 24 years by Jere L. Cooper of Dyersburg. Mr. Cooper has not yet announced whether he will seek re-election.

Mr. Palmer graduated from Dyersburg High School, where he was an outstanding athlete. He graduated from Union University in Jackson with an A.B. degree and received his law training at Cumberland University at Lebanon.

Mr. Palmer said he would immediately begin a handshaking tour of the district, and that he expects to launch a speaking campaign within the next two weeks.

The Eighth District, formerly the Ninth District, includes Crockett, Dyer, Gibson, Haywood, Lake, Lauderdale, Obion, Tipton and Weakley Counties.

Crop Insurance Reports Required

All producers who have insurance on their 1952 cotton crop should come to the county office immediately after they have completed their planting, but in no event later than June 30, and turn in their acreage reports.

Producers should, if at all possible, come to the office to turn in these reports instead of writing or telephoning as the reports require your signature and also it is often necessary for the farm, on which the cotton is planted, to be located on the aerial photograph.

The OPS has announced that it will suspend price ceilings on 16 commodities which include these commodities of interest to agriculture: Cattle hides, wool, calfskins, crude cottonseed oil, wool tops, tallow, lard, crude soybean oil, crude corn oil, alpaca and burlap.

In addition to aldrin, chlordane, and toxaphene, two more insecticides have been added by the Bureau of Entomology and Plant Quarantine to the list of insecticides that are effective for control of grasshoppers. They are dieldrin and heptachlor. Dieldrin is applied at a dosage of 1-2 to 3-4 ounces per acre and heptachlor at 2 to 4 ounces per acre as sprays. These materials can also be used in dust form but somewhat increased dosages. The Bureau also recommends a spray of methoxychlor at the rate of 3-4 to 1 pound per acre for control over the alfalfa caterpillar in the Southwest.

June is Dairy Month. Dairying in Tennessee brings in over 100 million dollars to farmers each year.

Pierce To Seek County Office

Mr. S. E. Pierce has authorized the Halls Graphic to announce him as a candidate for Superintendent of Public Instruction of Lauderdale County this week for the election to be held August 7, 1952.

At the present, he is principal of Henning Elementary School. He was principal of An Consolidated School for the two previous years.

Mr. Pierce has been a leader in religious and educational activities for many years. He is a member of the Board of Stewards in the Methodist Church and teaches a class of high school boys and girls. He is past secretary of Ripley Masonic Lodge, a 32nd degree Mason and a Shriner as well as Past Worthy Patron of Ripley Chapter, Order of the Eastern Star.

In the educational field he has served as president of the local Education Association for several terms, a former member of the Education Steering Committee for the State Department of Education and past president of the West Tennessee Superintendent's Conference and Administration Section of T. E. A. At the present time he is a member of the Administrative Council (Board of Directors) for Tennessee Education Association.

Mr. Pierce has been a teacher, principal and Superintendent in the schools of Lauderdale County for twenty-five years. He holds a B. S. degree from Memphis State College and the M. A. degree from George Peabody College for Teachers where he is a member of Phi Delta Kappa, a honor fraternity for graduate students in education.

Blue Cross Deadline Is Drawing Near

Mrs. F. M. Parker, chairman of the Home and Community Department of Lauderdale County Farm Bureau and Mrs. M. S. Rice, community chairman for Ft. Pillow community, will attend the sixth annual statewide Tennessee Farm Bureau Home and Community Department Conference at the Middle Tennessee 4-H Camp, Columbia, Tennessee, June 11-13th.

This meeting is held each year in order that Home and Community chairmen from County Farm Bureaus may come together to discuss the overall program of work, and plan how it can be carried out in their own counties.

General theme of the conference this year is the development and maintenance of an active County Home and Community Department.

The program will center around this theme, and will provide ample time for discussion and planning. Delegates attending the session will participate in most of the program. There will be open forum discussions on matters concerning the welfare of farm families in their communities, the Farm Bureau program, and how the Home and Community Department can help develop this program.

Subjects to be discussed by individuals include: "Membership Maintenance," by Millard Shivers, director of organization for TFBB; "Citizenship Program," by State Farm Bureau President Tom J. Hitch; "The 1952 Farm Bureau Community Christmas Festival," by Charles F. Bryan of Peabody College music department; and "Resolutions and Development of Farm Bureau Policies," by Fennee Heathcote, TFBB vice-president.

The conference will begin at noon on Wednesday, June 11, and end at noon Friday, June 13. Mrs. D. W. Bond, Jackson, State H & C chairman, is in charge of the general conference program.

Blue Cross Hosp. Insurance

Don't forget your Blue Cross Insurance must be paid not later than June 15th.

TOMATO LOSSES PREVENTED BY EARLY CONTROL

Heavy tomato losses caused by the corn earworm on the first set tomatoes can be prevented by dusting or spraying the first blossom clusters with DDT or coryolite, suggest U-T horticulturists.

Last season, at least one-third of the crop was lost in the major commercial tomato areas of Tenn.

TO OPEN HIGH SCHOOL LIBRARY

Miss Hazel Griffin, high school librarian, has announced that the Halls High School Library will be open from 4 to 6 o'clock each Friday afternoon during the month of June, beginning this week.

High school students, incoming freshmen and teachers in both the elementary and high schools may obtain books.

8th Grade Trip Much Enjoyed

On Thursday morning, May 22, at the early hour of 6:30 a. m., a group of thirty-one excited, happy eighth graders and their chaperones left Halls on their educational tour of Tennessee.

The first stop was made in Jackson where a "good morning" was exchanged with Mr. Elry Cates—a former eighth grade teacher of Halls. A few short stops were made between Jackson and Nashville but the party arrived on the outskirts of Nashville about 1:30 p. m. There the highway patrol met us and carried us to various points of interest—including the Capitol building where we learned that the library consisted of 250,000 volumes. The War Memorial Building was the next stop, after that the Parthenon and then Vanderbilt, Peabody and the Airport. After our evening meal we went to the Hippodrome where skating was enjoyed until a late hour. The group was ready then to retire to the Alamo Plaza Courts where a most pleasant night was spent.

Early the next morning we were met by our former highway patrolman and escorted to the Hermitage and then to the city limits toward Knoxville. (Enroute to the Hermitage, the patrolman called "six of the "worst behaved" to ride with him. Those who were given this task were: Blanche, Lou Eva, Carolyn, Buna, Barbara and Gwila.) There was quite a thrill following the squad car with open sirens paying no heed to the caution sign or red light signals. Several of the fairer sex almost decided to leave our party when we drove over the grounds at Castle Heights Military Academy. However, after much persuasion, they decided to finish the trip with us.

As we approached the city limits of Knoxville, we were met by Jimmy Lippert of the Knoxville Police Department who escorted us to our courts. After unloading our baggage and being assigned to our rooms, we rested, then prepared for a drive to the fairgrounds. This ended our second day of sight-seeing.

Saturday morning arrived, and after a night of good rest, we were ready for our trip to Norris Dam and Oak Ridge. We were escorted by Lt. Clyde Keaton of the Highway Patrol. We were quite surprised to see the city cover so much space. We were told that over 50,000 people inhabited that once tiny village. But we never have seen a place so "spread out" as this place seemed to be. Houses of all description dotted the mountain slopes for miles and miles. We tried our luck at the gate entrance to the Atomic Bomb Plant but to no avail. Roy McBee, Hiram Mallicoat and C. M. Sweet proved to be very excellent guards for they failed to relent to any persuasion of ours. However, our evening at the picture show proved profitable to our pocket books at least, for Mrs. McCorkle arranged for us to attend a full evening's entertainment for only nine cents each. After returning to our courts we were given some fruit and ordered to bed.

Sunday morning found us eager for our trip to Gatlinburg. However, after our breakfast of ham and eggs, or hot cakes and maple syrup, we gathered on our bus for our Sunday School lesson. After a word of prayer by Carolyn McCorkle, Mrs. Hilliard taught our lesson and we closed with prayer in unison.

Our trip to Gatlinburg was one of the highlights of our week of experience. We have never seen such beauty in all our experiences. Mother Nature seemed to be expecting us for her floral display was beyond description. The water-

Trying To Increase Corn Yields With Modern Methods

F. H. Paschal
County Agent

Anthony Fisher of Durhamville, E. E. Ungersicht and Sons of Luckett, Clifford Sweet and Oscar Griggs of Ashport, Dewey Criffield of Edith, and a number of other farmers over the county are this year really trying for higher yields of corn by having their soils tested, applying plenty of recommended fertilizers, planting recommended varieties, and practicing shallow cultivation.

Some of these corn producers are carrying out a special demonstration to show the value of large amounts of nitrogen by leaving out a short section of six rows in their fields so they can see the difference in yields where the corn is side-dressed with 200 pounds of 33 1/2% Ammonium Nitrate and where it is not side-dressed even though all the corn receives recommended amounts of phosphorus, potash, and nitrogen at planting time.

Apply Nitrogen Early

All nitrogen fertilizers including Soda, Ammonium Nitrate and Anhydrous Ammonia should be applied early in the growth period of plants. Cotton should be fertilized within thirty days after planting. Corn should be side-dressed before it is a foot tall.

Later applications of nitrogen fertilizers delay maturity and do not increase yields as much as early applications. This fact has been proven many times by experiment stations all over the south.

Of these three principal sources of nitrogen, soda acts quickest, Anhydrous Ammonia slowest, with Ammonium Nitrate in between.

Control Garden Insects Now

A recent survey of hardware stores indicates that more dust guns and sprayers are being purchased this year than ever before for controlling garden insects.

Farm and town gardeners realize that food is higher than ever before and that what they can grow may make a lot of difference in the quality of diet which their families have and how much it costs. They also realize that insects will eat the crop ahead of them unless they do follow a systematic plan of controlling them.

A good dust gun or sprayer of adequate size and the regular weekly application of cryolite or rotenone to practically all the vegetables in the garden will insure reasonable protection against most insects. It is necessary to apply insecticides to the undersides of bean leaves in order to control the Mexican bean beetle which normally destroys at least 10,000.00 worth of beans per week in this county every June, largely because the beetles attack so suddenly and because it is almost impossible to control them after they appear, unless a regular control program is followed.

(Continued On Page 4)

MEMBERS CHOSEN TO ATTEND NATIONAL 4-H CAMP

Two boys and two girls will represent Tennessee's 130,000 4-H Club members at the National 4-H Camp in Washington, June 18-25. They are Jimmy Farrar, Bedford county; Wilmer Holland, Dyer county; Carolyn Turrentine, Davidson county; and Nancy Boyd, Hamilton county.

Each of these representatives was chosen on the basis of 4-H accomplishment and demonstrated leadership. They will spend the week in and around Washington, visiting points of interest, and learning more about the operations of our governmental system. On their return, they will pass along knowledge gained to other 4-H Club members through community, club and camp meetings.

METHODIST SOCIETY MET ON MONDAY

The WSCS of the Methodist Church met Monday afternoon at 2:30 at the home of Mrs. A. V. Roberts with Mrs. E. B. Wiley serving as co-hostess.

Mrs. Guy Lucas, president, called the meeting to order. Mrs. T. N. Dyer had charge of the program with Mrs. J. F. Colley bringing the devotional.

Refreshments were served to the fifteen present.

Don't Forget To Meet Your Friends at PERRY'S 10c STORE Halls, Tennessee We're Always Glad To Have You

SHIRLEY PRICHARD, FRANCES WYSE WED IN DOUBLE CEREMONY LAST FRIDAY

Miss Shirley Prichard, daughter of Mr. and Mrs. Paul Prichard, became the bride of Bobby Daniels, son of Mr. and Mrs. C. H. Spry, in a double wedding Friday afternoon, May 30, at 3 o'clock.

The Rev. R. B. Owens, Baptist minister of Gates, officiated using the double ring ceremony. Members of the immediate families were present.

The living room of the Prichard home was artistically decorated with gladioli and greenery and provided a lovely setting for the exchanging of vows.

Miss Prichard wore a blue batiste dress and white accessories. Her corsage was made up of white carnations.

She was a member of the 1952 graduating class of Halls High School and played guard on the championship basketball team. Mr. Roberts was graduated from Halls High School and is employed by International Harvester Co. in Memphis. The couple will make their home in Memphis.

Miss Wyse chose for her wedding dress a model of blue batiste with which she wore white accessories. Her corsage consisted of white carnations.

Miss Wyse graduated from Halls High School this past May. Mr. Daniels was graduated from Halls High School and was a member of the 1950 football team. He is employed by Columbiana Seed

Co. here. They are making their home at the Avery apartment on College Street.

A reception followed the ceremonies. The dining table was overlaid with a lace cloth, from which cake and punch were served. Flowers centered the table and miniatures of a bride and bridegroom added to the decorations.

ANNOUNCE PLANS FOR WEDDING JUNE 15TH

Announcement is made of the engagement and approaching marriage of Miss Vandalyne Lawrence, daughter of Mrs. Lucile Lawrence of Kissimmee, Florida, to Floyd Hooks, Jr., son of Mr. and Mrs. Floyd Hooks, Sr. of Hopkinsville.

June 15th has been chosen by Miss Lawrence as her wedding date. The wedding will be solemnized at the Halls Baptist Church with the Rev. J. H. Newton officiating.

Miss Sue Shannon will serve as maid of honor with Bill McClure of Dyersburg acting as best man for Mr. Hooks. Ushers will be Bobby Hale and Hutson McCorkle. Mrs. Charles Moore, organist, and Mrs. Neil Dyer, Jr. will provide the music.

Miss Lawrence was a member of the 1952 graduating class of Halls High School. Participating in many school activities she was a member of the Glee Club and served as editor of the Tiger, school publication, during her Junior year.

Mr. Hooks graduated from Hopkinsville, Ky., High School and was graduated from Murray State College. He served eighteen months in the U. S. Navy. He is presently assistant high school football coach and head of the physical education program of Halls Elementary School and is also playground supervisor in Halls. Friends are invited.

Nankipoo News

Mrs. Evelyn Cates Mrs. Jim Screws and Miss Joyce Ann Screws of Paris visited in the community one day last week.

Harvey Viar spent a few days near Nashville in the Earl Sayton home recently.

Publication and Notice Constitutional Convention ELECTION

By virtue of the authority conferred upon me by Chapter 130 of the Public Acts of Tennessee of 1951, and in compliance and accordance with provisions of said Act, I, James H. Cummings, Secretary of State, hereby make due publication of the fact that there shall be submitted to the people of Tennessee at the (Regular) Election to be held in the several Counties and Floterial Districts of the State on August 7, 1952, the question of whether or not the present Constitution of Tennessee should be altered, reformed or abolished with respect to certain sections and parts only, in order to ascertain the will of the people with respect thereto, which question shall be printed in full on each ballot and voting machine, in the following words and figures:

CONSTITUTIONAL REFERENDUM

Shall a convention be held to alter, reform or abolish the following provisions and subject matter of the Constitution of Tennessee, to-wit: Article XI, Section 3 (relating to amendments and conventions); Article II, Section 23 (relating to the compensation and expenses of members of the Legislature); Article III, Section 4 (relating to the Governor's term of office); Article III, Section 18 (relating to the Governor's veto power); Article IV, Section 1 (relating to the right of suffrage); Article XI, Section 9 (relating to private and local affairs), by altering, reforming or abolishing said section or by adding a new section to said Article XI so as to provide (a) for home rule for municipalities and counties, (b) for uniform systems of city charters to be prescribed by the General Assembly, (c) for the consolidation in whole or in part of governmental and corporate functions of municipalities and counties as prescribed and authorized by the General Assembly; which convention shall be limited to consideration of and action upon those sections and the subject matter hereinabove set forth, the action of such convention to become effective as to each amendment adopted by the convention only after being separately submitted to and ratified and approved by the voters of the State?

FOR THE CONVENTION

AGAINST THE CONVENTION

Voters will indicate their vote by placing a cross mark opposite one or the other of the above expressions.

Notice is hereby given to all qualified voters throughout the State and especially to all members of the County Election Commissions of the several Counties of the State that said election will be held in all civil districts, wards and voting precincts throughout the State within legal hours on said day for said purposes and that it is provided by Section 2 of said Act that the proper officers of all Counties shall, immediately after said election, make a return to the Secretary of State of the number of votes cast in their respective counties "For the Convention" and the number of votes cast "Against the Convention".

Given under my hand and attested by the Great Seal of the State of Tennessee, this 8th day of May, 1952.

Mrs. Neill Bivens and daughter, Gloria, returned to their home in Jackson Tuesday after being guests of her parents, Mr. and Mrs. Robert Baker, for a few days.

Mr. and Mrs. H. C. Pitts of Memphis were guests of Mrs. Pitts' sister, Mrs. A. G. Hargett, during the weekend.

Mrs. Chester D. Jones of Hickman, Ky. is spending some time with her daughter, Mrs. J. H. Newton, and Rev. Newton.

(Mrs. D. S. Reeves of Lake Worth, Fla. is the guest of her brother, R. E. Craddock, and Mrs. Craddock.

M. H. Stallings left Sunday morning for Lakeland, Fla. He was joined at Selmer, Tenn. by his daughter, Mrs. Kyle Scates, and Mr. Scates who were to make the trip with him. Upon their return they will be accompanied by Mr. Stallings' sister, Mrs. C. B. Williams, and daughter, Miss Charlotte, who will spend two or three weeks in the Stallings home.

Mrs. Will Spence of Crockett County visited Mrs. B. B. Brown on Tuesday. Mrs. Brown has been sick this week.

Mr. and Mrs. Louis Levy were in Memphis Wednesday.

Don't let washday get you down. Use our self-service laundry. Call for pickup and delivery service. At Chas. Love Grocery, Phone 6251. adv.

Sally Crichtfield of Dermott, Ark. is the guest of her grandmother, Mrs. E. S. Crichtfield.

Guests of Mrs. King Jetton on Saturday afternoon were Mr. and Mrs. Joe Woodard of Memphis.

Frances Hurt Wallace of Jackson visited her grandparents, Mr. and Mrs. Fred Hurt, several days last week.

Dr. and Mrs. W. F. Lott has as their guest recently their granddaughter, Alice Lott, of Trenton.

Master Sgt. and Mrs. L. M. Howard and little son, Johnny, of Ft. Worth, Texas, are guests of Mrs. J. F. Colley. Sgt. Howard was stationed at the Army Air Field here during the war and resided in the Colley home. They are en route to Washington, D. C.

W. F. Lott of Kansas City spent a few days last week with his parents, Dr. and Mrs. W. F. Lott.

Dr. and Mrs. J. G. Olds, Miss Marilyn Olds and Johnny Olds left Thursday for Fairfax Hall Junior College at Waynesboro, Va. to attend Miss Joy Olds graduation there.

Miss Joy Barbour received her Masters Degree at Memphis State this week. Miss Barbour is a frequent visitor in Halls and is the niece of Mr. and Mrs. H. A. Townsend; Mr. and Mrs. M. G. Pierce and Mr. and Mrs. N. G. Parrish.

Mr. and Mrs. E. J. Shannon and Miss Sue Shannon were in Memphis Wednesday where Miss Shannon enrolled at Memphis State for the summer term.

Mrs. H. G. McCorkle and Hutson McCorkle are spending several days this week in Nashville.

The Tennessee Safety Council reminds you that long June vacation days mean more hours of sunlight in which to drive. But you may drive too long for safety if you become overly tired. So, on your next trip, take it easy! You'll feel better and live longer!

Sign For Vaccination
Of Calves

Cattle producers who have never signed applications for free vaccination of calves four to eight months old against Bangs disease should do that within the next two months in order to be eligible for

this service the next time veterinarians come to the county.

A telephone call or postcard to the county agents office will get an application blank.

Sew Bermuda Grass
Farmers do not always love Bermuda grass, because it sometimes gets in gardens and other places where it is not wanted, but it does have its good qualities as a cover

for lawns, lots, terrace outlets and other places.

May and June are the best months in which to sow hulled bermuda grass seed at the rate of 40 pounds per acre with a liberal application of nitrogen fertilizer to get excellent cover during the summer. Sprigging of bermuda can be done through July, but bermuda is a warm weather plant and needs to get a good start in the summer.

ed our steps toward home. We arrived in Halls about 9:30 Wednesday evening much richer in experiences and the same happy group that left Halls a week before.

Those who made the trip were: Carolyn McCorkle, Buna Smith, Blanche Nunn, Gwila Oament, Barbara Cannon, Lou Eva Baker, Roberta Lawrence, Mona Fay Patton, Maurice Etta Lovelace, Vanda Davis, Marilyn Latham, Mark Critchfield, James Knox, Rodney Jackson, Howard McBride, Bobby Perry, Bobby Reece, Kenneth Tucker, William Critchfield, Tommy McDearman, Sonny Higdon, Willie Phillips, Billy Ray McLaughlin, David Hallman, Arthur Currie, Cary Corlew, Donald Smith, Jimmy Arwood, Tilford Woodard, Gene Smith, Phillip Dunaway and Chaperones, Mr. and Mrs. Clyde Watts, Mrs. Roy Hilliard, Sr. and Mrs. H. G. McCorkle. Mr. Forest Earl Wright was the driver.

SOCIAL SECURITY

"Don't put all your eggs in one basket," runs the adage about thrift. Although it is still true today, Joe P. Tipton, Manager of the Dyersburg Social Security office says he'd like to change the saying to "Put all your wage credits into one Social Security Account — one number for life."

Another bit of advice the Dyersburg office manager would add for those entering the labor market or taking vacation jobs is, "Get a Social Security Card before you start looking for work!" He relates that employers, being human, undoubtedly give preference to job applicants who already have obtained their social security cards.

"Treat your Social Security Card carefully," Mr. Tipton says. "It costs your government quite a sum of money weekly right here in Dyersburg to replace cards which have been lost or destroyed." Account number cards are now issued in two parts — one of which the applicant is advised to put away at home in a safe place. From this stub a duplicate card

From where I sit... by Joe Marsh
They Do "Give A Hoot" For Easy
Easy Roberts finally got rid of the noisy pigeons that used to whoop it up under his eaves. He must have tried a dozen ways to scare them off. But no matter what he did, they would be right back cooing by his window the next morning.
Then Easy thought of an old stuffed owl he had in his attic. He propped it on the roof so all the pigeons could see it. They left... and three hoot owls have taken their place. Easy swears the hooting is even worse than the cooing of the pigeons.

Today's Best Bargain!
D.013
Illustration of a woman standing next to a cash register.

The amount rung up on the cash register is what the Illinois Central charges — on the average — for hauling a ton of freight one mile. That's all — 1 1/3 cents!
That small amount includes the increase recently granted the railroads. On the Illinois Central it adds only a tenth of a cent to the previous rate.
The freight car remains the undisputed best bargain in transportation for commerce and industry.
And remember, the Illinois Central handles all kinds of freight — not just the high revenue items. We believe our job is to provide transportation for everything, every day, everywhere. That's our contribution to the prosperity and vigor of Mid-America's business, industry and agriculture.
Keep this in mind, too: The Illinois Central, unlike motor freight carriers, air lines and barge lines, enjoys no federal subsidies. Yet we pay our full share of taxes — federal, state and local — \$36 million last year. And we're proud of doing our full part to support the necessary operation of government.
Our promise to you — and all Mid-America — is this: So long as we run this railroad, the Illinois Central will continue to offer the best of all transportation bargains.

WAYNE A. JOHNSTON
President

ILLINOIS CENTRAL
Main Line of Mid-America

8TH GRADE TRIP
(Continued From Page 1)
falls along the mountain side made us gaze with awe. The temptation to dabble our feet in the mountain stream was too great for us to turn down; hence, we yielded. But alas! several had to don their bathing suits due to an unexpected swim! However, that only enriched our experience. The "wash" was quickly hung out the bus windows to dry and it was found that clothes could be worn without being ironed. The mountain village of Gatlinburg was quite inviting as it was so different from any other that most of us had ever seen. It was very colorful as well as scenic. We continued our travel 5000 feet above the altitude of Gatlinburg to New Found Gap where we were above the clouds. The beauty of this is indescribable — one would have to see it to really know how truly beautiful it is. We could see miles and miles across the mountain peaks and over the winding road which we had traveled. Many thrills were ours as we wound round and round and round the peaks going higher, and higher, and higher. We cooked our supper in the mountains and we had never before realized how very good weiners, bacon, potato chips, pickles, olives, cakes, and toasted marshmallows could be.
We re-traveled our steps and returned to Gatlinburg where we found a treat in a privately owned swimming pool where we enjoyed an hour or so. This particular pool was fed by a mountain stream.
The day ended all too soon but we were richer in experiences by having passed that way. Enroute we passed through Pigeon Forge, the birthplace of Kefauver. We had really been "On top of Old Smokey."
Monday morning found us ready to leave for Chattanooga to view the beauties of Look Out Mountain. We visited beautiful Rock City Gardens with its Grand Corridor, Deer Park, Gnomes Overpass, 1000 ton balanced rock, Swinging Bridges, and Lover's Leap from which view seven states may be seen. Fairyland Caverns is a most entrancing treat. One could hardly imagine that man could make such entrancing beauties. The Crystal Falls were so lovely encased in different crystal formations of low hanging stones of every cut and hue, one might believe himself to be in a diamond mine.
Goldilocks and the three bears seemed alive as did Cinderella and Snow White and the Seven Dwarfs. The beautiful birds and butterflies enhanced the beauty of Snow White. Even the Old Woman Who Lived in a Shoe was there with all of her children and Jack and the Beanstalk told its own story.
We were rather reluctant to leave this cavern of beauty. However, we found a wonder almost an equal when we visited Ruby Falls. We descended by elevator about 250 feet thru a stone passage to enter the cave proper. After reaching this point we were led through narrow passage ways up and down and around huge stones of every formation due to continued precipitation of moisture dripping from mineral rocks to the end where a most beautiful natural waterfall dropped 124 feet from somewhere to the bottom of the cave emptying an average of fifty gallons of water every minute. No one knew from whence the water came nor where it went but it was there — a thing of rare beauty!
We had quite a thrill when we rode the trolley straight up and down the mountain side. We still wonder how it was done.
This was another day full of excitement and learning for us. We retired to our courts ready to relax and prepare for a long journey from Chattanooga to Shiloh National Park and Pickwick Dam. Enroute we visited the State Fish Hatchery — also the University of the South at Sewanee.
Tuesday night found us in Memphis where we retired at the Alamo Plaza Courts. We spent Wednesday in the City of Memphis visiting the Zoo and other points of interest. After a delicious dinner of fried chicken or barbecue of our choice at Leonard's Place we turn-

Merle's Fault

Any objections that you might raise concerning the Graphic this week or any errors that you may find may all be blamed on Merle. You see Merle has been on vacation since last Friday and has made your editor do all the work so you can easily see that it is entirely his fault if anything is wrong.

Welcome to Halls

The Halls Graphic and the people of Halls join to welcome the new Methodist pastor, the Rev. C. B. Ware, to Halls and hope that he enjoys his pastorate here.

Congratulations

It would seem to us that congratulations are in order for the Hudson sisters, Ruth Ann and Lynn, and to others from Halls for the fine showing they made in walking off with top honors in the 4-H Club dress contests. Halls girls won first, third and fourth places in the Older Girls Division and first and second places in the Younger Girls Division. Our congratulations to the winners and to their teachers for this fine showing.

Bureau To Oppose Price Controls

Price Controls

In a letter to Farm Bureau Leaders, Mr. Tom Hitch, State Farm Bureau president, had this to say, "You are familiar with the price trend of hogs over the past several months, the beef price rollback last year, experience cotton farmers had at marketing the past two years, and ceiling price on soybean meal. As long as the machinery for price controls is available, with people employed to administer controls, we can expect still more of the same type of interference."

Farm Bureau has taken the position that Titles IV and V, dealing with price and wage controls can be eliminated with the present Defense Production Act without injury to our war efforts.

When price controls were first imposed, they were to last two years. Now Congress is being asked to extend them two more years. County Farm Bureau and individuals desiring to see an end to the interference, waste and disruptions caused by the present OPS setup, June 30, should immediately get in touch with their Congressmen and Senators, asking them to vote against the OPS bill for renewal, Mr. Hitch said.

Have You Registered?

Don't forget that you have to register before you will be eligible to vote in the coming elections. You can still register every Saturday in the Court House at Ripley, Tenn.

Blue Cross

Due to the fact that June 15 comes on Sunday, Monday June 16, 1952, is the last day that you can renew your Blue Cross Insurance. The next renewal date will be November, 1952.

Methodists Have New Pastor

Announcement was made Sunday that the Rev. H. A. Goforth, pastor of Halls Methodist Church for the past two years, has been moved to the pastorate of the Raleigh Methodist Church. Rev. Goforth planned to move to his new charge today.

Coming here to take the Halls charge will be the Rev. C. B. Ware who has been at Germantown. Very little is known of the Rev. Ware since he has only been in the Memphis conference for a short time.

Coming to Gates circuit is the Rev. V. E. Banks who will serve churches at Nankipoo, B-theada, Gates, Forked Deer and Lebanon.

ON VACATION TRIP TO MEXICO

Mr. and Mrs. Wayne Moore left Sunday on a trip to Texas and Old Mexico. They were accompanied as far as Sherman, Texas, by Mrs. T. H. Simmons and son, Lee, who are visiting in Waco, Texas.

Rocky Palmer In Congressional Race

E. T. "Rocky" Palmer, young Dyersburg attorney and civic and religious leader, said last Wednesday that he will be a candidate for Congress from the Eighth Congressional District in the Democratic Primary of August 7th.

The post has been held for the past 24 years by Jere L. Cooper of Dyersburg. Mr. Cooper has not yet announced his plans with regard to seeking re-election.

Mr. Palmer graduated from Dyersburg High School, where he was an outstanding athlete. He graduated from Union University in Jackson with an AB degree and received his law degree from Cumberland University at Lebanon.

He was assistant football coach at Cumberland University. Later he served as football coach at Dyersburg, Newbern, and Halls. He has been practicing law since 1941, having been first admitted to the bar in Lauderdale County.

Enlisting in the Navy from Halls, Mr. Palmer served his country throughout World War II. A seaman 1-c, he spent eight months in the Pacific where he saw action. He is a member of the Veterans of Foreign Wars and the American Legion.

Mr. Palmer is active in religious affairs, and is a Deacon in the First Baptist Church at Dyersburg. He has served for several years as teacher of the Young Business Men's Bible Class, and is a member of the Board of Trustees of Union University. He is a Mason, is County Attorney of Dyer County, and is president of the Dyer County Bar Association.

He was, at one time a member of the Tennessee Legislature, representing Lauderdale and Tipton Counties.

Mr. Palmer said he would immediately begin a handshaking tour of the district, and that he expects to launch a speaking campaign within the next two weeks. The Eighth Congressional District, formerly the Ninth District, includes Crockett, Dyer, Gibson, Lake, Lauderdale, Obion, Tipton and Weakley counties.

In announcing his plans to enter the race, Mr. Palmer said, "Having entered this race at the request of numerous friends, I will always place first the welfare of the people of the Eighth Congressional District. I intend to work for their interests at all times, letting them know that I am their servant, and ready to devote my entire effort to representing them in the best possible manner."

Mr. Palmer said he is particularly interested "in developing and reclaiming our thousands of acres of fertile soil, which are now unproductive because of the flood waters and lack of an adequate drainage program."

Congressman Cooper was opposed in the last election by Robert A. "Fats" Everett of Union City. He defeated Mr. Everett by a slim margin of 1,620 votes.

Mr. Palmer is married to the former Elizabeth Nunn, member of a prominent Halls family. They have one son, Ed Palmer, aged 10.

HOME FROM HOSPITAL

Mrs. Paul Griffin returned home Monday after undergoing an operation at the Baptist Hospital in Memphis the first of last week.

VACATION IN MIAMI

Miss Marjore Hopkins, Miss Tink Hollingsworth and Fay Finley returned Monday afternoon after spending their vacation at Miami, Florida. Miss Hopkins and Mr. Finley are connected with Apple Fertilizer Co. here.

Vernon Gilliland Is Legion Commander

Members of Halls American Legion Post Number 161 Monday night elected Vernon A. Gilliland, Gates banker, their commander for 1953.

A Navy veteran of World War II, Mr. Gilliland served with the amphibious forces in the Pacific theatre. He participated in operations in the Philippines and Okinawa campaigns.

Mr. Gilliland is assistant cashier of the Gates Banking & Trust Company. He is married and has two children.

Other commanders elected were Charles G. Oates, first vice-commander; Anthony Troiano, second vice-commander and C. B. Baker, third vice-commander.

Marshall Pierce, Jr., was re-elected adjutant and Wayne Vaden was re-elected finance officer.

Other officers named were Travis Davis, historian; Wymond Moore, service officer; Buddy Thurmond, sergeant-at-arms; Ross Dyer, chaplain; and Louis Levy, child welfare officer.

Named to the executive committee were E. J. Shannon and Frank O. Moore. They will serve with Dr. J. W. Todd, James Paige and James C. Peery, past commanders.

Recognized as one of the most outstanding smaller posts in the state, the Halls post ended the year with a membership of exactly 200. The quota assigned the post was 153.

In recognition of the membership drawn from the Gates area each year and the co-operation given by those members, a suggestion was made at the meeting to name the post the Halls-Gates American Legion Post Number 161. The idea drew much favorable comment and it was decided to explore the possibility and act upon it at a future meeting.

Mac Hansbrough presided over the meeting in the absence of Commander J. W. Todd.

Phone Company, Union Agree

After a month of bargaining, Southern Bell Telephone & Telegraph Company and Communication Workers of America - CIO today reached agreement on a new contract providing wage increases ranging from \$2.50 to \$6.00 a week, depending on location and job classification. The agreement which is subject to Wage Stabilization Board approval, covers 50,000 non-supervisory telephone employees in the nine Southern states.

The new contract when ratified by the union membership will run for one year from June 5. It includes a few changes in working practices in addition to the new wage schedules.

The settlement adds \$12,380,000 a year to the company's cost of rendering service through its nine state area.

C. J. Yates, Tennessee manager, said the new contract will add about \$1,695,000 annually to Southern Bell's wage costs in Tennessee. It will cover more than 6,660 employees in the State of Tennessee.

This added wage cost of doing business, piled on top of previous cost increases not fully covered by present rates, further tightens the financial squeeze on our Tennessee operations, Mr. Yates said.

Dairy Delite To Open Today

Jerre Jordan is this week announcing the Grand Opening of the Dairy Delite, frozen food drive-up, on Friday, June 13th. The drive-up is located on South Church Street next to Blue & White Service Station.

Mr. Jordan states the Dairy Delite will serve cherry, pineapple, butterscotch, strawberry, hot fudge and all kinds of shakes and sundaes. He also stated that he has installed one of the best available machines for making the frozen confections.

Read his advertisement elsewhere in this issue for his special offer to the children.

Baptist Men's Bible Class

Lesson, June 15th "Thou Shalt Not Bear False Witness" (The Ninth Commandment) EX 20-16

This lesson on the ninth commandment like all the other nine commandments finds all of us sinners, in that we have violated every one of God's laws handed down to Moses on Mt. Sinai.

Every man who has any regard for the truth recognizes the evil effects of those who break this commandment by being untruthful either under their oath, which under our laws is perjury, but also in all our relations with others. What a blessing is the faculty of speech! Yet, how dangerous is may be. "But the tongue can no man tame; it is an unruly evil, full of deadly poison. Therewith bless we God, even the Father; and therewith curse we men, which are made after the similitude of God. Out of the same mouth proceedeth blessing and cursing." James 3:8-10.

If you are a man and live within reach of this Church, and you feel like your participation in the studies of the great truths of the Bible, like the above, will help you to be a better man, a better husband or father or a better or more useful citizen, then we would be made happy to have you attend these Bible studies at the HALLS BAPTIST CHURCH ON EACH LORD'S DAY AT 9:45 A. M.

If you are an inactive Church member or a Christian, who has wasted your opportunities for Christian service, we invite you, if you are unregenerated and alien to the saving grace of God, and desire to learn of Christ and come to know Him, Who is know as Life Eternal, then we cordially invite you too to spend this one hour each Sunday in this teaching service.

Christ, God's son, invites you! Hear Him in His gracious invitation recorded in the Book of Revelations, "And the spirit and the Bride say come, And let him that heareth say come. And let him that is athirst say come. And who soever will, let him take of the water of life freely. He that testifieth these things saith, Surely, I come quickly." Rev. 22:17-20.

We had a fine group in attendance last Sunday, and a full house to hear Bro. Newton bring the Gospel Message.

We hope all the group captains will be "on the beam" as well as all the class members in rounding up absentee members and bringing some new member with them.

Hear the Pastor as he brings the sermon at the 11 o'clock service, "Strength For Thy Day."

Clement Spoke In Halls Thursday

Frank Clement brought his bid for the Democratic nomination for governor of Tennessee into Lauderdale County last Thursday speaking here at four p. m. and at Ripley Thursday night. He renewed his attacks on the administration of Gov. Gordon Browning.

In his talk here, Clement repeated his charges that state money is being wasted on automobiles and promised, if elected, to hold a record breaking auction of state-owned automobiles.

He also hammered again at the lease-purchase agreement under which the state obtained the Memorial Hotel in Nashville through a corporation formed especially to buy the building.

Rainy weather held down the crowd present here to hear Mr. Clement but those hearing him were impressed with his talk.

At Ripley Thursday night Mr. Clement repeated his charges before a large and enthusiastic crowd. Introducing Mr. Clement in Halls was Dr. Sara Murray with Atty. Joe H. Walker, Jr. introducing him at Ripley.

New Variety Of Tomatoes Tried

Charles Peal
Ass't County Agent
Testing New Variety
Of Tomato

Bud Dinnie, Ripley, Route 6, has gardening as his project this year and as an additional feature of his gardening is running a test on a new variety of tomatoes called the Tucker.

The outstanding characteristics of this tomato is the fact that it is wilt resistant. It has been developed from several lines and in Experiment Station tests it has consistently outyielded older varieties.

This is only a test to find out what it will do. If it proves itself, it can be used by commercial growers, but for the present it is being tried only in the home garden.

If You Irrigate Your Garden

You should do late in the afternoon so that all the moisture will have an opportunity to be taken up during the night. You may harm the vegetables by irrigating them in the heat of the day.

It is better to give your garden one good soaking each week rather than a light one each day. A garden that receives a light soaking each day will have all the plant roots near the surface and will not withstand hot, dry weather like one that has been irrigated thoroughly.

To Leave For Camp Monday

Are you going to camp Monday? It is still not too late to decide. If you want a week filled with fun and recreation, call us and let us put your name on the camp list.

We will start registering at 12:00 Monday and the buses will leave at 1:30. Come in plenty of time to get registered. We will have some good buses and there will be plenty of room for all.

Electric Books Being Turned In
Many 4-H members sent in their electric project books last week. Almost all of them did a good job of completing them.

Almost every club member who has returned his book has made a lamp or some similar article similar to those demonstrated by Mr. Harold Hart at our April 4-H meetings.

Let's keep those record books coming in. Remember July 1st is the deadline if you wish to compete for the prizes offered.

4-H Forestry Projects

Offer Added Prizes
4-H projects in forestry will give Club members opportunity to compete for a whole list of new prizes this year, and increased enrollment in forestry is expected to result.

(Continued on Page 4)

COTTON CLASSING SCHOOL PLANNED

The Mid-South Cotton Growers Association, with headquarters in Memphis, has announced the Tri-State Cotton Classing School to be held in their own building, July 14th to 19th. This annual cotton grading school will be sponsored by the colleges of agriculture (Agricultural Extension Service) of the state Universities of Arkansas and Tennessee, and Mississippi State College.

This school is open to any white person over 16 years of age and there is no restriction as to sex. In previous schools women have been students. Bankers, merchants, ginners, farmers, warehousemen, and other cotton handlers frequently attend the school each year to learn the fundamentals of judging cotton or to take a refresher course, enabling them to brush up and learn the latest methods in classing cotton by grade, staple, color and character. The registration fee for the school will be \$10.00. There will be no other expenses for students while in the city, plus transportation.

Complete information is available from any of the universities sponsoring the Tri-State Cotton Classing School or direct from Mid-South Cotton Growers Association, 44 South Front Street, Memphis.

TO ATTEND RE-UNION IN NORTH CAROLINA

Mrs. C. F. Harward and brother, Ben Moore, and Mr. and Mrs. James Voss left Thursday for Greensboro, N. C. where they will attend a reunion of the Moore family on June 15.

Loans Available To Build Storage Space

Farm Storage Facility Loans

Storage facility loans are available to any tenant, landlord, owner operator or partnership of producers.

Storage facilities must be needed and must be for the storage of corn, soybeans, wheat, rye, oats, barley, grain sorghums, flaxseed, rice, dry edible beans, dry peas, peanuts, cottonseed, and pasture and winter cover crop seed. Storage loans will not be available to increase storage facilities for commodities purchased or for commodities in which the borrower has no interest in the production.

The maximum amount loaned for storage of soybeans and corn, is 85% of the cost of the bin or 45 cents per bushel of capacity, whichever is less. The cost incurred shall include the expenditures of the borrower which are necessary for purchase, delivery and erection of the facility.

The loan payments may be extended over a period of 5 years and will be payable in equal annual payments with interest at 4 percent on the unpaid balance.

The borrower is required to keep the storage facility in good condition and keep it available for storage until the loan is paid.

Crop Insurance

Producers who have insurance on their 1952 crop of cotton should come by the county FMA office and submit their acreage reports. This should be done if at all possible by June 30th.

In the event a producer has a loss or feels that he is likely to have a loss it is his responsibility to notify the County FMA office either in writing or personally that an inspection is desired on the cotton crop.

Under no condition should any part of the cotton crop be plowed up or abandoned until an inspection has been made.

Candidates To Speak Here On July 4th

Plans for the 27th Annual 4th of July Picnic at Espey Park are announced this week with two candidates for governor and one candidate for Congressman already scheduled to speak during the afternoon.

Gov. Gordon Browning will be at the Park to speak at 2 o'clock in the afternoon with Atty. Frank Clement who is also seeking the nomination to speak at four o'clock. E. T. "Rocky" Palmer of Dyersburg is scheduled to speak at one o'clock in the interest of his candidacy for the office of Congressman from the Eighth Congressional District.

Entertainment will begin at 5 o'clock with Papa Stewart and His Gang, Radio entertainers from Station KLCN, Blytheville, playing for the crowd's amusement. At three o'clock the Fort Pillow Show will be presented and at five o'clock the dancing will begin with music by the Fort Pillow Orchestra. Don Whitney will be Master of Ceremonies for the day.

Luther Allen, manager of the park, stated that there be plenty to eat and plenty of cold drinks and that everyone may expect a good time.

VACATIONING IN SMOKIES

Mr. and Mrs. H. T. Abernathy left Thursday for Crossville, to visit their daughter, Mrs. Tom Murray and Mr. Murray. Mr. and Mrs. Abernathy and Mr. and Mrs. Murray will spend some time at Gatlinburg and in the Smoky Mountains.

VISIT MOTHER

Mrs. Frank Thompson and son, Frank, Jr. of Memphis spent Tuesday with her mother, Mrs. May Cherry.

Potato Bugs Injure Crop In County

F. H. Paschal
County Agent
Forrest (Pete) Heathcott of Edith, King David Taylor of Asbury, and Robert Given of Ripley all had severe outbreaks of striped blister beetles in potatoes this week.

These blister beetles or "old fashioned potato bugs" usually attack in armies. They do much of their eating at night or in the cool part of the day and hide under clods and debris during the hot part of the day.

A thorough spraying or dusting with cryolite, rotenone, DDT, calcium arsenate or toxaphene will control them but they sometimes simply leave an area that has been dusted or sprayed an adjoining crop. Butler Lyle of Bexar had several tomato plants ruined by them this week. He dusted with 5% DDT.

H. E. Langley of Curve and W. H. Miller and Butler Lyle of Bexar have had plant lice on their commercial tomato plantings this week. They bought a pressure sprayer and planned to use Black Leaf 40 for the control of these lice, unless hot weather, a good rain, or Lady Beetles or a combination of these brings them under control.

Cotton Looking Better

The hot weather with the consequent letting up of fungus diseases seems to have stopped cotton from dying and it is looking much better now than two weeks ago.

Much of our cotton is really looking good. It is showing the effect of the applications of 6-12-12 and other fertilizers put under much of it and the side-dressing which it has already received. Our farmers have used more fertilizer this year than ever before and there has been far more soil tested and far more fertilizer applied according to the needs of the soil and the crop.

Dry weather at this time of year makes us always notice in cotton and corn fields the desperate need for organic matter in much of our soil. Especially on sloping land where erosion continually operates we can easily tell the difference in the color of soil which has had no green crop turned under for several years. We can see the difference in the crop growing and wonder just how much better it would have done had there been a crop of oats or rye with vetch grown on it last winter and turned under this spring.

Even in our gardens many of them now show the need for heavy applications of manure or some other kind of organic matter being incorporated in them during the winter or spring for the production of higher yields of food crops needed now.

Meetings are being held this week for the making of plans for a Keep Tennessee Green campaign to be held between now and September to provide inspiration and information which will encourage more farmers to do their duty by themselves and by their lands by producing more winter cover crops this year for greater profits in the future.

Nitrogen Not Plentiful

Farmers along with other people have become tired of hearing that certain things are scarce and hard to get, and they realize that these statements are just partially true.

For that reason they have been slow to buy Ammonium Nitrate fertilizer in the summer and fall or even in the early spring when it is available and have waited to buy it just before they were ready to apply it. Now it is not easy to find. In fact, there has been little Ammonium Nitrate delivered in April, May, or June although some has been available each month during the year.

We are fortunate here in having a good supply of Anhydrous Ammonia containing 82% nitrogen.

LEWIS CORLEW HIT BY CAR AT ROCHESTER

Lewis Corlew, 8-year old son of Mr. and Mrs. Earle Corlew, Jr. who with his brother, Tommy, is spending the summer with their maternal grandparents in Rochester, N. Y. was struck by a car 2 weeks ago while crossing the street in front of their home. Both bones of his right leg were broken below the knee. After the first week, infection set in, retarding recovery but Lewis is doing nicely now. Dr. John Daly, who was stationed at the Army Air Field here during World War II, is attending Lewis.

Mrs. Corlew left during this week by plane to be with Lewis who must remain in the hospital for another three weeks. He is anxious to receive mail and his address is: Lewis O'Neal Corlew, Highland Hospital, Children's Division, Rochester, N. Y.

SHOWER HONORS MISS FRANCES MILLER

Miss Frances Miller, bride-elect of A. L. Sherman G. Glidewell, was honored Thursday afternoon at a Gift Tea given by Mrs. T. G. Avery, Mrs. Loyd Edens, Mrs. James Voss, Mrs. M. E. McDearman, Jr. and Mrs. D. C. Warren.

The Avery home was decorated with magnolia blossoms and fragrant sweet peas. The dining table, covered with a mederia cloth, was centered by an arrangement of sweet peas and larkspur.

flanked by white candles in crystal candelabra. Mrs. Paul Tritt of Maury City and Mrs. Marvin Hansford presided at the refreshments table where punch and individual cakes were served.

The honoree wore a frock of coffee jersey and was presented a corsage by the hostesses. Guests registered in a lovely satin and lace covered book. The many gifts were on display for the guests to view.

SUNDAY SCHOOL CLASS HONORS MRS. GOFORTH

The Nannie Rawles Sunday School Class of the Methodist Church met Tuesday evening at the home of Mrs. W. S. Perry with Mrs. Henry Baldrige serving as co-hostess. The meeting was to honor Mrs. H. A. Goforth who left this week to make her home in Raleigh, Tenn.

Sixteen members attended the event which was held in the lovely garden of the Perry home. A large platter of Haviland china in Autumn Leaf pattern was presented as a going-away gift to the honor guest.

Ice cream and cake were served.

port, La. of the marriage of their daughter, Patricia Marie, to Mr. Samuel Sanford Pittman III, son of Mr. and Mrs. Samuel Sanford Pittman, Jr. of Shreveport.

The marriage was solemnized at 10:30 o'clock Saturday morning, May 10, at the home of the bride's aunt, Mrs. Farrin A. Hillard and Col. Hillard, on Meriwether Road. Dr. M. E. Dodd officiated in the double ring ceremony, which was held in the presence of the immediate families.

Following the reception the bride and bridegroom left for their wedding trip and are now making their home in Shreveport.

OPENING OF DAIRY DELITE IS DELAYED

Jerre Jordan, owner, announced Thursday morning that the scheduled opening of the Dairy Delite will be delayed pending completion of electrical work. Watch for announcement of opening.

RECENT BRIDE HONORED WITH GIFT TEA

Mrs. Bobby Goodwin was complimented at a Gift Tea at the home of Mrs. Morris Currie on Tuesday, June 3, with Mrs. Currie and Mrs. Virgil Hines as hostesses.

Bouquets of gift flowers decorated the home where the receiving line was composed of Mrs. Ike Farmer, mother of Mrs. Goodwin, the honoree, and Mrs. Woodrow Godwin.

Pink and green predominated in the color scheme at the refreshment table where Miss Jessie Tucker presided at the punch bowl and Mrs. Virgil Hines served individual decorated cakes. A handsome pink figured cloth covered the table.

The honoree wore a frock of orchid organza and a gift corsage of pink roses.

Mrs. Currie invited the guests to see the gifts on display.

FARM SAFETY WEEK GIVEN JULY DATE

"Think safety; act safety," is

the general theme of the ninth annual National Farm Safety Week to be observed July 20-26.

"It is more important than ever to stress farm safety," points out Charles F. Brannan, Secretary of Agriculture. "These responsibilities laid on the shoulders of the farmer to increase production require that every available farm worker be kept on the job."

Farm Safety Week is sponsored jointly by the U. S. Department of Agriculture and the National Safety Council, in cooperation with States, counties, farm organizations and other groups interested in agriculture.

Mr. and Mrs. H. L. Rhodes and children left Sunday afternoon for their vacation at Daytona Beach, Florida.

Carey and Elizabeth Ann Alsbrook spent Sunday night with Mrs. Will Spence in Crockett County.

Mr. and Mrs. Jeff Agee returned Friday from Memphis. They were accompanied by their granddaughter, Brenda Trammel, who will spend the summer with them.

Mrs. Dick Brister and children of Memphis are at the home of Mrs. Brister's parents, Mr. and Mrs. G. W. Scott, where Mrs. Brister is attending the bedside of her mother.

Through error the time of the Lawrence-Hooks wedding was omitted last week. Miss Lawrence has set the time for the wedding to be at 5 o'clock at the Hall's Baptist Church. Friends are invited.

MISS MILLER IS WED IN CEREMONY SUNDAY

In a ceremony at the First Baptist Church at 2:30 o'clock Sunday Miss Frances Miller, daughter of Mrs. Ciskey Miller, became the bride of A. L. Sherman G. Glidewell, of Nashville, Tennessee, and Ft. Bragg, N. C., son of Mr. and Mrs. J. B. Moore of Nashville.

The Rev. H. L. Carter of Bowling Green, Ky. officiated at the double ring ceremony.

The vows were exchanged in a setting of huge baskets of white gladioli and lighted white candles in branched candelabra.

Music was presented by Mrs. M. E. McDearman, Jr., vocalist, who sang "O Promise Me" and "The Sweetest Story Ever Told", and Mrs. James Voss, pianist, who played the traditional wedding marches, Serenade by Schubert, To The Evening Star by Wayne and Angel's Serenade by Braganza.

The bride, given in marriage by her brother, George Miller, wore a street length gown of white lace over satin, fashioned with tight bodice and full skirt. Her finger tip veil of illusion fell from a coronet set with seed pearls. She carried an orchid with satin streamers on a white Bible.

Mrs. G. A. Williamson, sister of the bride, of Memphis, served as the only attendant and wore a frock of ice blue lace over tulle. She carried a colonial bouquet of daisies.

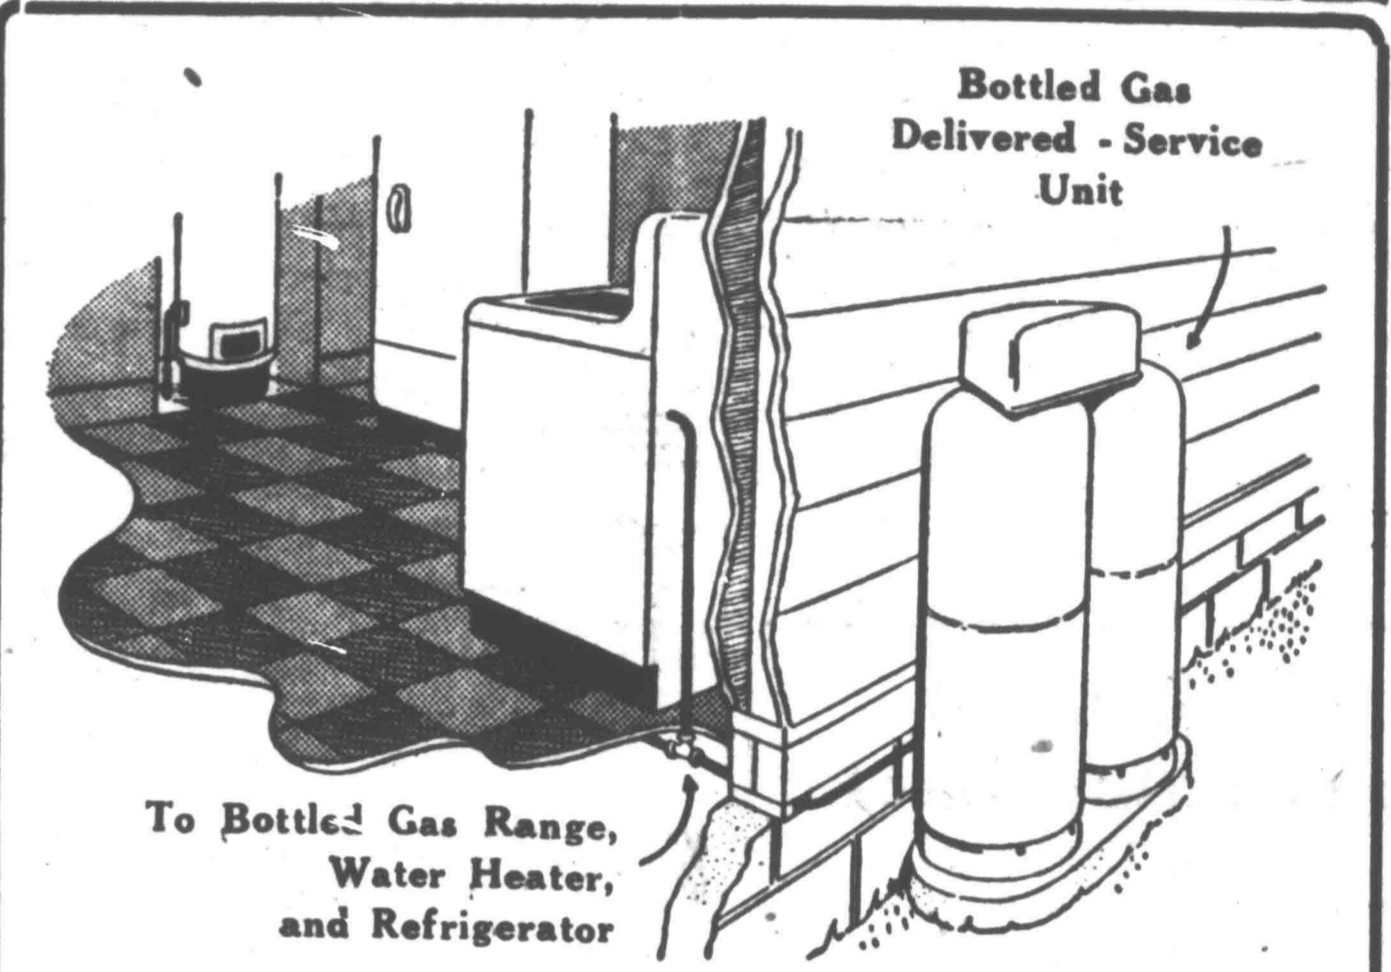

Edwin Cooper of Jackson served as best man. Ushers were G. A. Williams of Memphis and Loyd Pentecost of Nashville.

Following the ceremony a reception for members of wedding party and out-of-town guests was held at the Miller home. Cake and

ice cream molded in the shape of a wedding bell were served.

Out-of-town guests included: Mr. and Mrs. J. B. Moore, parents of the groom, Mr. and Mrs. Fred Mazer, Misses Jane and Sara Murphy, Mr. and Mrs. Percy M. Orman, Miss Donna Sue Dinknis, Miss Lillie Clara Gillim, Mr. and Mrs. Loyd Pentecost of Nashville; Mr. and Mrs. Edwin Cooper of Jackson; Mrs. P. E. Miller and Mrs. J. A. Jacques of Tigrett; Rev. and Mrs. H. L. Carter and daughter, Mrs. Cook and baby, and niece of Bowling Green and Scottsville, Ky.

Vote November 4 or for four years Hold Your Peace.

4-H Club

(Continued from Page 1)
County winners will receive medals; two winners in each district will receive \$20.00 scholar-

ships to State 4-H Roundup; and the State winner will be awarded either \$100.00 or a trip to the National 4-H Club Congress. Final decision on the State prize has not yet been made.

The awards are sponsored by the Southern Bell Telephone and Telegraph Company, and local managers will work with county agents to promote wider 4-H interest in forestry. Projects include forest tree planting; tree identification; woodland improvement; and timber harvesting.

Voting is free in Tennessee.

F. H. Paschal

(Continued From Page 1)
gen which will be of help, but we do not know we will even have enough of it to supply the demand when farmers want to use more than 60 lbs. of actual nitrogen per acre on corn and 41 lbs. per acre on cotton.

Several hundred farmers over the county have been buying some Ammonium Nitrate during the summer, fall, and winter each year for several years in order to have an ample supply of this very profitable nitrogen fertilizer when

they need it. This has been of great help to other farmers and has made it possible for all the fertilizer dealers in the county to get more total nitrogen fertilizers than they could have gotten otherwise. We hope these farmers and others will buy and store more of their fertilizer this coming summer and fall in order that we will have plenty next year.

BERNARD RAINEY, MARJORIE MAE PERRY WILL WED

MEMPHIS — Mr. and Mrs. Paul Jones Perry of 3149 Southern

announce the engagement of their daughter, Miss Marjorie Mae Perry, to Bernard L. Rainey, son of Mr. and Mrs. E. L. Rainey of Halls.

The bride-elect was graduated from Messick High School and is attending the University of Tennessee School of Dental Hygiene.

Mr. Rainey was graduated from Halls High School and served in the Navy two years during World War II with duty in the South Pacific. He attended the University of Tennessee at Knoxville and is now a dental student at the University of Tennessee College

of Dentistry where he is a member of Psi Omega Fraternity. The wedding will take place Saturday, June 28, at Central Avenue Baptist Church.

BOBBIE WINS!

Senatobia's Bobbie Smith wins
\$3,000, three-year Grand Prize
Lion Oil Scholarship

Happy Bobbie receives \$3,000, three-year scholarship from C. H. Olson, Director of the Lion Oil Scholarship Fund.

Mrs. Mary Quinn (left) received a \$300 cash award for sponsoring winning essay. At right is Principal Otho Monroe.

Hundreds Cheer at Award Ceremony

School is over now, shut down for the summer.

But in Senatobia, Mississippi, they won't forget one school day for a long, long time. Because it was in Senatobia, before an American flag of red and white carnations, that Bobbie Louise Smith received the highest award the Lion Oil Scholarship Fund offers.

While highlights of the ceremony were recorded for radio and television by WMC and WMC-TV of Memphis, and the entire Smith family looked on proudly, Bobbie modestly accepted her \$3,000, three-year Grand Prize Scholarship.

Since the 16-year-old daughter of Mr. & Mrs. Robert J. Smith had previously won a \$1,000, one-year scholarship in the Fourth Lion Oil Student-Essay Contest, she now has a \$4,000, four-year scholarship to the college or university of her choice.

The judges—Dr. George S. Benson, President of Harding College, Searcy, Arkansas; Glenn Green, executive director of the College's Department of National Education; and Clifton Ganus of the History Department—found Bobbie's essay on "What Freedom Means To Me" a sincere and moving tribute to our nation's heritage. Here are a few phrases from the prize-winning essay. "... my opportunities are boundless, my heritage complete; for into FREEDOM I was born, and through FREEDOM I shall live... Mother hustles Dad off to work, and other men go to theirs—each according to his talents and capabilities. 'Private Enterprise' we call it. Dad says we must always keep it so... the freedom that is the BREATH of my spirit, the SCOPE of my being—and the wings of my soul."

All Senatobia was rightly proud of Bobbie. Friends and faculty, civic, religious and business dignitaries came out to applaud her and share in her triumph.

Entire Smith family, including dog Rusty, feels pride in Bobbie's winning. Father, Robert J. Smith, is a linesman.

Bobbie leads Glee Club in "This Is My Country." Talented Miss Smith is also clarinet player with school band.

Mayor E. W. Varner (left) and school board smile approval as Board President E. E. Moore congratulates Bobbie.

Quotations from the Ceremony

Winner **Bobbie Louise Smith**—"I appreciate the opportunity that Lion Oil has given me, and I trust that I will be worthy of this wonderful award!"

Mayor **E. W. Varner of Senatobia**—"A great good is being done by this oil-company-with-a-heart. This program is inspiring our young generation to speak their minds, and I for one am mighty proud that they are speaking straight."

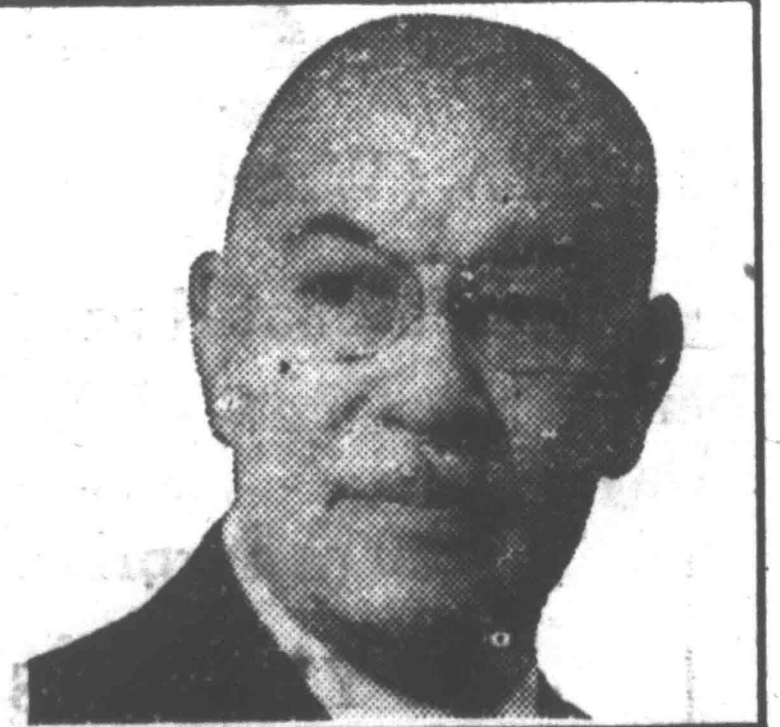

President **E. E. Moore**—(Senatobia School Board)—"Lion Oil is helping the South agriculturally and economically with its fertilizers and oil products. We are glad that this company has the great generosity to plow back some of its profits into the future of our young people."

A MESSAGE FROM COL. T. H. BARTON

"This Grand Prize award closes the 1951-52 Lion Oil Scholarship Fund activities in which Southern high school students received five major scholarships and 96 cash awards; while seven Southern high school teachers each won a \$1,200 scholarship for advanced education; and 101 teacher-sponsors each received a cash award for guiding winners."

We of Lion Oil Company are proud and happy to be able to contribute to the future of our Southern friends and neighbors—but even prouder to see their own deep interest in our mutual goal—Southern progress."

T. H. Barton
CHAIRMAN OF THE BOARD OF DIRECTORS

HE'S
Guarding
your Phone

Guided by electronic "eyes and ears," the test deskman spots line troubles at once and gets repairs there quickly, often before service is actually interrupted.

HEADING OFF line troubles helps keep telephone service good, and costs down. Growing efficiency all along the line is one of the reasons why the price of telephone service has gone up less than most other prices.

Through good management... by improving methods and equipment, and working facilities to the utmost... telephone folks are doing their best to provide the most and the best service for your telephone dollar. That's mighty important to Southern progress and to National Defense.

Southern Bell Telephone and Telegraph Company

ONE OF YOUR BEST BUYS

Telephone service takes a smaller part of the family budget than it did ten years ago... and you can call twice as many people.

Halls, Tennessee, Friday Morning, June 20, 1952

Number 25

Confidential Corner

Vandalism and Appreciation
Vandals entered the skating rink at the old grammar school building Sunday night and in addition to taking a number of items damaged a number of other things. From the facts available it would seem that a group of young boys probably made up the guilty party. It seems strange to us that a few of the children of Halls would have such little appreciation for the efforts being made in their behalf for entertainment that they would steal, damage, or destroy the very things obtained for their pleasure. The members of the American Legion Auxiliary have worked hard on this playground project and it would certainly seem that it would be doubly unappreciative to destroy their efforts. It would seem to your editor that it would be up to those youngsters who do want and appreciate the skating rink and playground to aid in the care of the property and to give every assistance in apprehending those guilty of the vandalism Sunday night. Find the guilty parties and turn them over to the proper authorities.

Really Working

It would seem from all reports that the Halls Jaycees are really working at the carrying out of their first major project of decorating the town for Christmas. Money for the project was raised with the Amateur Contest and other events are being planned for additional funds so that plans are now definite in so far as what they will get and where the lights will be put. Others than members of the Jaycees may also help at a later date and will be given an opportunity to do so. All funds for the project will be raised through Jaycee activities.

Congratulations

Our congratulations to both Mr. Vernon Gilliland and the American Legion upon the selection of Mr. Gilliland as post commander for the forthcoming year. It is our belief that the post has made an excellent choice and the organization will go forward under the leadership of Mr. Gilliland. Mr. Gilliland is assistant cashier of Gates Banking & Trust Co.

Pierce Addressed Jaycees Monday

S. E. Pierce, principal of the Henning Elementary School and candidate for the office of Superintendent of Schools of Lauderdale County, was the guest speaker at the regular meeting of the Halls Jaycees Monday night of this week. He used as his subject, "Harmony, Heart and Hand" elaborating to use them as a theme with which anything may be accomplished. He stated any organization must have harmony, a willingness to work together, the heart to do the job and the hands were used as an illustration of willingness to work at the job.

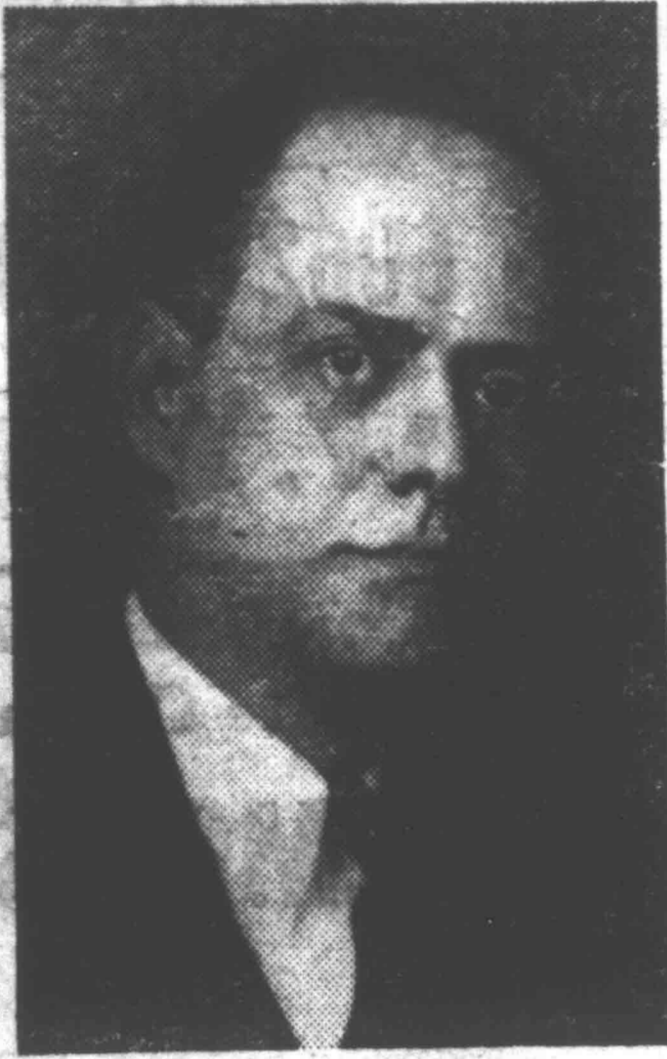

The Jaycees made final approval of plans to purchase and place Christmas decorations for Halls. Plans were announced for a dance which will be held at the American Legion Hut on the evening of Friday, July 25th. All proceeds will go toward defraying expenses of decorating the town and other projects are also being planned.

President Louis Levy presided over the meeting with nineteen present.

FORMER RESIDENT TO VISIT IN HALLS

Mrs. John Crittendon of Johnson City, Tenn. arrived Thursday night to spend the next ten days with Mr. and Mrs. P. W. Crittendon. Mrs. Paul Crittendon invites friends to come to her home to visit her guest who is a former resident of Halls.

SEEKS RE-ELECTION

HON. JERE COOPER

Congressman Cooper Seeks Re-Election

Representative Jere Cooper, who will become chairman of the powerful Ways and Means Committee if the Democrats retain control of the House, announced today he is a candidate in the August 7th Democratic Primary for reelection from Tennessee's Eighth Congressional District.

The Ways and Means committee has jurisdiction over all tax legislation, and Cooper said he favors a reduction of taxes "as promptly as possible."

This committee also originates all legislation dealing with social security. Cooper joined with the present chairman, Representative Doughton of North Carolina, in the writing of the Nation's social security laws providing benefits for elderly persons, unemployment insurance, and cooperation with the states in aiding needy persons.

Mr. Doughton, who is 89 years old and has served in Congress for 42 years, is retiring at the end of this year. As the highest ranking Democrat, Cooper will step into the chairmanship, unless Republicans take control of the House in the November election.

In announcing his candidacy for reelection, Cooper said he will stand on his record including:

1. Support of all measures to build America's might in the face of communist aggression.
2. Constant work for honesty and economy in government.
3. Support of all legislation beneficial to farmers, including REA, TVA and rural telephones. Opposition to the Brannan Plan for Agriculture.
4. Backing of veterans legislation in his district.
5. Sponsorship of measures to provide flood control and drainage for his district.
6. Opposition to FEPC and socialized medicine.

The Tennessean is one of the leading parliamentarians in Congress and has presided over the House more than any other Member except Speaker Rayburn.

Cooper is a veteran of World War I. He fought in France with the 30th Division, made up of volunteer troops. He has served as Tennessee State Commander of the American Legion, and is a member of the Veterans of Foreign Wars. He has always supported these organizations in their programs to serve the interests of veterans.

He represents an agricultural district, comprising Crockett, Dyer, Gibson, Haywood, Lake, Lauderdale, Obion, Tipton, and Weakley counties.

Along with legislation of interest to farmers, Cooper has been especially active in efforts to provide flood control and drainage for his district and has secured the passage of all required federal legislation and appropriations. He said today the U. S. Engineers have assured him that they are ready to go forward with this work as promptly as the necessary rights-of-way are provided.

The Tennessean notes with particular pride his record of attendance at meetings of the House and at sessions of his committee. He is one of the few of the 435 Members of the House who has voted on every question and answered every roll call during this session.

Voting is free in Tennessee.

Burglars Break Into Skating Rink

Burglars entered the skating rink at the old grammar school building Sunday night damaging considerable property and stealing some other items.

Entry into the building was made by breaking a window in one of the small dressing rooms at the rear of the building and climbing through the broken window.

Missing from the storage room were a number of dart games, ping pong balls, toostops for the skates and other games. A complete list of the items missing was not immediately available since Mr. Floyd Hooks, supervisor of the skating rink, is out-of-town. In addition to the items stolen considerable seemingly malicious damage was done.

From the evidence available it seems probable that teenage boys were the culprits.

Chief of Police J. S. Walpole also reported that the Halls Ice & Coal Co. was entered Monday night and a small amount of cash stolen.

Baptist Bible School Very Successful

A very successful Vacation Bible School was held last week at the Baptist Church. The attendance averaged 108, the highest for any one day being 115.

Each day the school began with a worship service, followed by Bible study, character stories and handicraft work in the various departments.

The faculty was composed of: Mrs. Roy Patton, Supt. of the Beginners Department, with Mrs. James Peery, Mrs. Earl Crinfield, Miss Nancy Connell, Miss Barbara Andrews and Miss Shirley Jacques; Mrs. J. B. Keltner, Supt. of the Primary Department, with Mrs. Marvin Hansford, Mrs. David Harold Hurt and Mrs. Hill Martin; Mrs. Oliver Nunn, Supt. of the Junior Department, with Mrs. Jack Williams, Mrs. Kenneth Randall, Mrs. Elvis Cannon, and Mrs. Joe Clyde Escue; Mrs. Morris Currie, Supt. of the Intermediate Department, with Mrs. E. S. Crichfield, Mrs. T. G. Avery, and Mrs. Bobby Goodwin.

Mrs. M. E. McDearman, Jr. and Mrs. J. H. Murchison served on the Refreshment Committee. Mrs. James Peery and Ted Perry directed the boys handiwork.

Other officers were: Miss Josie Tucker, General Secretary; Mrs. Jean Hansford, Pianist; Miss Vandyln Lawrence (now Mrs. Floyd Hooks), Associate Principal; and the Rev. Jesse H. Newton, Principal.

The school was concluded by a picnic Saturday morning which was largely attended and greatly enjoyed by both the faculty and pupils.

James White Heads Tennessee Press

James W. R. White, publisher of the Weakley County Press at Martin, Tenn. was elected president of the Tennessee Press Association at the Press Association Convention in Columbia last week. Mr. White is the son of Mrs. J. L. White of Halls.

Mr. White is a graduate of Halls High School and has been connected with newspaper work since his high school days. He is a veteran of World War II in the European Theatre. Mr. White served as vice-president for West Tennessee during the past year.

DR. SARA MURRAY SPEAKS IN MEMPHIS

Dr. Sara Murray of Halls and Gates was guest speaker at the North Memphis Civitan Club at noon Wednesday of this week.

RETURNS FROM VISIT IN VIRGINIA

Mrs. R. S. Bell returned Sunday after two weeks at Portsmouth, Va. with Dr. and Mrs. J. W. Talley. During her stay she visited Virginia Beach, Norfolk, Newport News and other points in Virginia.

LEAVING SUNDAY FOR FLORIDA VACATION

Mr. and Mrs. Louis Levy and children, Allan, Diane, and Donnie, will leave Sunday for their vacation at Daytona Beach, Florida. They expect to be gone about fifteen days.

Oldest Resident Of County Died Tues.

IRPLEY—Willie Columbus Ammons, father of 29 children and oldest citizen in Lauderdale County, died Tuesday at the home of his daughter, Mrs. O. W. Hamby, Jr., in the Arp community. He was 97.

Mr. Ammons was noted for his long beard, which gained him notoriety in news stories. Of his 29 children, 18 survive, including two stepchildren. His oldest surviving child is 68.

Mr. Ammons was born at Porter's Creek in Hardeman County, but had lived in this county since 1896.

Services were held at 2 Wednesday afternoon at the Salem Baptist Church near Henning, with the Rev. J. F. Rogers and the Rev. Bob Morris officiating. Burial was in the Poplar Grove Cemetery with Garner Funeral Home in charge.

He leaves the following sons: Luther Ammons, Aubrey Ammons, Charles Ammons, Henry Ammons, Carey Ammons, Lynn Ammons, Sanford Ammons and Thomas Ammons, all of Ripley; Finley Ammons of Memphis and J. W. Box of Ripley; and the following daughters: Mrs. Mary Hopkins, Mrs. Ollie Crawford, Mrs. Luna Allen, Mrs. Theresia Glenn, Mrs. Lela Johnson and Mrs. O. W. Hamby, Jr., all of Ripley; Mrs. Leora Logan of Memphis and Mrs. Francis Conrad of Ripley.

He leaves 46 grandchildren, 44 great-grandchildren and 39 great-great-grandchildren.

Funds Available For River Surveys

WASHINGTON—Ample funds for survey and examination of proposed flood control work on the Obion and Forked Deer Rivers in upper West Tennessee are included in the Army Engineers Civil Functions Bill reported Monday by the Senate Appropriations Committee. Senator Kenneth McKellar, the chairman, said.

Senator McKellar said the bill as passed by the House provided \$1,215,000 for planning of which \$460,000 was for general investigation of new projects.

"Under the House allowance there have been no funds available for survey and examination of the Obion and Forked Deer Rivers," Senator McKellar said.

The Senate Committee raised the funds for planning to \$4,505,000 of which \$2,430,000 is for general investigations.

"The money for general investigations includes funds for survey and examination of the Obion and Forked Deer Rivers," Senator McKellar said. "I am going to do my best to get the Senate to agree to this figure and I believe it will, and then to get the House to agree to it in conference."

Father Of Local Resident Dies

Services for Sam B. Ferguson, who died at his home at Fowkes Saturday, were held at 3 Sunday afternoon at Fowkes Methodist Church with the Rev. Shelby Thomson and the Rev. A. T. Evans officiating. Burial was in Halls Cemetery.

Mr. Ferguson, 79, was born in Lauderdale County, son of the late Tom and Rose Ferguson. He was a retired carpenter and saw mill owner.

He leaves his wife; two sons, Sam T. Ferguson of Jackson and Neil Ferguson of Halls; two sisters, Mrs. R. J. Akin of Tetumville and Mrs. Clyde McCure of Dyersburg; two brothers, Peyton Ferguson of Dallas, Texas, and Ernest Ferguson of Memphis; and two daughters, Mrs. Maude Barger of Atwood and Mrs. Viola Clark of Cordelle, Ga.

New Pastor Comes To Methodist Church

The Rev. C. Bennett Ware, new pastor, filled the pulpit of the Halls Methodist Church Sunday morning and preached again Sunday night to a congregation which included visitors from other churches of Halls.

The Rev. Ware is a native of Thomson, Georgia. He spent some years of his boyhood on the farm, later was a clerk and then manager of a retail store. In addition he has served as Army YMCA Secretary and traveled for Dun & Bradstreet before entering the ministry.

Rev. Ware is a graduate of Miami University at Oxford, Ohio, with an AB Degree and from Boston University of Theology where he received the STB Degree. In addition he has carried out graduate studies at Emory University and Hiff School of Theology and Denver University toward the Doctor of Theology Degree. He has taught Bible in Andrew College and Epworth Seminary since entering the ministry.

As a pastor Rev. Ware has served in Georgia, Indiana, Massachusetts and Wyoming. He has been in the Memphis Conference for the past three years going to Germantown from Wyoming and coming to Halls last week to succeed Rev. H. A. Goforth as pastor.

His family includes Mrs. Ware, a daughter and her twin children, Bob and Sue.

County PMA Office Open Wednesdays

We have had quite a few inquiries as to whether the county office is open on Wednesdays. The office will remain open Monday through Friday from 8 a. m. to 4:30 p. m. We will continue to close on Saturdays and will be open on Wednesdays.

Conservation Practices

Farmers who expect to receive payment for carrying out the following practices: Sod Waterways, Terraces, Ponds, Ditches, Contour Strip Cropping and Clearing Suitable Land for Permanent Pasture or Perennial Legumes, must make application, in writing, to the county committee and receive prior approval from the committee before carrying out these practices.

Any farmer who desires to participate in the ACP program and has not signed up his farm can still do so by coming to the PMA office and designating the practices which he intends to carry out during the 1952 program year. No closing date has been set but all practices must be approved by the county committee before they are performed.

The primary aim of the program is increased production from the land and all farmers are urged to go over their farms field by field to determine the most needed conservation and to use the program to help carry out the conservation practices this year which fit in with the program for the farm.

Credit Rate For Laidino Clover Seed In Permanent Pasture

The credit rate of \$1.40 per pound for Laidino Clover seed shall apply only to "certified" Laidino clover. All Laidino clover not certified will carry the credit rate of 72 cents per pound, which is the credit rate for White Dutch Clover. When farmers report performance this fall it will be necessary that they have a statement from the vendor stating that the Laidino clover seed is "certified," otherwise the payment will be made for White Dutch Clover.

Soybean Price Support

The support price for 1952 crop soybeans is \$2.54 per bushel for green or yellow soybeans containing from 13.3 to 14% moisture and grading No. 2 or better.

Crop Insurance

Producers, having insurance on their cotton crops, who have not yet submitted their acreage reports to the county office should do this right away. We must have a report from every producer who has insurance and it is to the advantage of the insured to report this now.

TO VISIT HALLS

HON. ALBERT GORE

Candidate for the Democratic Nomination for the United States Senate in the primary election on August 7, 1952, will be in Halls in the interest of his candidacy on Wednesday, June 25, at 11 o'clock. He probably will not speak but will be here on a handshaking tour and to confer with his supporters in Halls.

4-H Club Girl Off To Scotland

Charles Peal Ass't. County Agent

Tennessee farm families will have a chance to know and understand Scottish and English rural life better when Betty Jane Bell returns to this country late next fall.

Leaving in June as International Farm Youth Exchange, Betty Jane will live for four months with farm families in Scotland as "grass-roots ambassador" under the sponsorship of the National 4-H Club Foundation, Agricultural Extension Service and local groups. She will be part of a large group of young people from many states taking part in the IFYE program, and on her return will tell groups of farm people and rural young folk throughout the State about her experiences.

Betty Jane, who is going to Scotland, is the daughter of Mr. and Mrs. Malcolm E. Bell of Bonicord farm, she is the second of four children, all active in 4-H Club work. Betty Jane, with projects in beef and dairy cattle, sewing, cooking, canning, gardening, poultry, Dyer County's Most Outstanding 4-H Club Girl in 1948, and is active in Young Farmers and Homemakers Club work. She received her degree in home economics at U-T in June.

4-H Electric Achievement Days In July - August

Five District Farm and Home Electric Achievement Days in July and August will give 4-H Club junior and senior members a full day of education and recreation, and name district winners to attend 4-H Round-up in August.

All programs schedule boy and girl junior and senior county winners for short demonstrations on electrical subjects; a special luncheon; and an afternoon of educational and recreational activities.

District 1 Achievement Day will be at Jackson, August 2. Lauderdale County will have four winners who will compete for the district prizes.

Guard Against Late Blight Now

Prevention is the best weapon against late blight of tomatoes. Once this disease strikes, little can be done to check it.

Fixed copper wettable powder sprays at 4 pounds of 50% copper to 100 gallons of water or 1 tablespoon per gallon, as recommended. Zinob is also effective at the rate of 1 1/2 tablespoons per gallon of water or 2 pounds per 100 gallons. A sticker will make sprays more lasting. Dusts also work but are a little less effective than sprays.

Apply controls every 7 to 10 days in normal weather, and two or three times a week during wet weather. Thorough coverage is essential. Addition of DDT or Rotthane to the spray, two pounds of 50% wettable powder to 100 gallons, or 1 tablespoon per gallon, will also give control of tomato fruitworms.

New Veterinarian Locates In Ripley

F. H. Paschal County Agent

Dr. John E. Spaulding, a recent graduate of Ohio State University with a degree of Doctor of Veterinary Medicine, last week moved to an apartment at 205 Highland in Ripley to begin his practice as a veterinarian.

Dr. Spaulding was reared on a farm about 40 miles from Cleveland, Ohio. He says he believes he would rather drive on the ground during the winter than on solid ice and he believes the livestock industry will grow in importance in this area, and for these and other reasons he has decided to cast his lot with us in Lauderdale County.

Livestock producers are glad to have another good veterinarian in this county. Dr. Spaulding seems to be a man of high ideals who wants to render a high quality of service to his people on a reasonable schedule of charges.

4-Hers To Return Early

Club members will leave the District 4-H Club Camp at Martin by 6:00 o'clock Saturday morning, June 21, and should arrive at the bus station in Halls by 8:00 o'clock and in Ripley by 8:30 to 9:00.

Most of the boys and girls have a wonderful time at camp. They enjoy the eats and the singing and every activity, but somehow they are just a little anxious to get home Saturday morning, and most parents will want to meet them and welcome them home.

Close Mowing Weakens Grass
Most farmers as well as city dwellers mow their lawns too close to the ground for the most vigorous and attractive looking grass. Dry weather such as we have had recently makes this most noticeable.

Many people interested in developing beautiful lawns ask how to control this old broad stemmed flat bladed grass which invades many lawns. Bermuda grass will hold its own against this Dallas grass and most other weeds and grasses if it is mowed not less than 1 1/2 to 2 inches tall and if it is fertilized to keep it growing vigorously. It will respond quickly to the smallest application of nitrate of soda or other nitrogen fertilizers.

Allowing the grass to maintain a height of at least 1-2 inches makes for a thicker turf which can crowd out crab grass and other undesirable species of plants.

If the lawn must be watered, give it a good soaking once a week rather than sprinkling it lightly every day. It requires 600 gallons of water for every thousand square feet of lawn to wet the soil three to five inches deep.

It is not possible to spend very much time on the watering of the lawn each day, it is better to take another section the next day.

Clover Makes Corn Better

John C. Barnes of Lightfoot

(Continued On Page Six)

J. C. Allen Died Sunday Morning

Services for J. C. Allen were held at 4 o'clock Monday afternoon at the South Fork Baptist Church near Halls with Bro. Edgar Williams officiating. Burial was in Halls Cemetery with Sudbury Funeral Home in charge.

Mr. Allen died early Sunday morning at his home in Halls after an illness of about two months, suffering from a heart condition. Mr. Allen was born at Milan, Tenn. and moved in and around Halls some fifty-five years ago. He was a farmer, 77 years of age, and a member of the Methodist Church.

He is survived by his wife, Mrs. Katherine Knoxon Allen; three daughters, Mrs. Tom McGlothlin of Alamo, Mrs. Everett Bizzle of Gary, Ind., and Mrs. Doyle Davis of Halls; four sons, Charles C. Allen of Gary, Ind., Luther, W. F. and B. F. Allen all of near Halls; and twenty-five grandchildren and seven great-grandchildren.

ORDER OF PUBLICATION

TO RETA A. ASHLEY DUNAVIN
EUGENE DUNAVIN

vs.
RETA A. ASHLEY DUNAVIN

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant, Reta A. Ashley Dunavin, is a non-resident of the State of Tennessee, and resident of the State of Arkansas, so that the ordinary process of law cannot be served on her. It is therefore ordered by the Court that the said Reta A. Ashley Dunavin appear before the Judge of the County Court of Lauderdale County on or before the 3rd Monday in July (it being the 21st day of said month and a rule day of that term of this Court) and make defense to the bill filed herein against her, or the same will be taken for confessed as true and the cause set for hearing exparte as to her.

It is further ordered that this notice be published in the Halls Graphic, a newspaper printed and published in Lauderdale County, for four consecutive weeks requiring her to so appear.

This 9th day of June, 1952.
N. C. UTLEY, Clerk
JOE H. WALKER, JR.
Sol. for Compl.

MISS LAWRENCE WEDS FLOYD HOOKS, JR.

Miss Vandalyne Lawrence, the daughter of Mrs. Lucille Lawrence of Halls and Mr. James B. Lawrence of Kissimmee, Florida, became the bride of Floyd Hooks, Jr., son of Mr. and Mrs. Floyd Hooks, Sr. of Hopkinsville, Kentucky, in a ceremony at the Baptist Church Sunday, June 15, at 5 o'clock. The Rev. J. H. Newton, pastor, officiated using the double ring ceremony.

Vows were repeated at the altar decorated with tall baskets of white gladioli and greenery and white tapers glowing in branched candelabra.

The wedding music was played by Mrs. Charles Moore, organist, with Mrs. Neil A. Dyer as soloist.

The bride wore a street length dress fashioned of white nylon organdy. The shoulder length circular veil cascaded from a circular band caught at the sides with clusters of lillies of the valley. She carried white carnations on a Bible. Her only ornament was a string of pearls.

Miss Sue Shannon of Halls and Memphis was bridesmaid and her only attendant. She wore a powder blue frock over a strapless bodice of the matching underdress. She wore pink gardenias.

Bill McClure of Dyersburg served Mr. Hooks as best man. Bobby Hale and Hutson McCorkle were ushers.

The bride's mother wore a navy blue marquisette nylon. Her shoulder corsage was of carnations.

Mr. and Mrs. Hooks left after the wedding for points in Tennessee and Kentucky. They will live in Halls where Mr. Hooks is connected with the public school system and is supervisor of the city playground.

Out-of-town guests included Mr. and Mrs. Floyd Hooks, Sr., George Claiborne, Hugh Green and Miss Clara Jones, Hopkinsville, Ky., Mr. and Mrs. Jerry Claiborne, Staunton, Va., Bill Lewis, Princeton, Ky., Rev. and Mrs. R. L. Newman and son, Bobby, Jackson, Tenn., Mrs. Bill McClure of Dyersburg, Mrs. W. T. Anderson,

French Coffee Ring

Give your coffee cakes a look of elegance with a shaping borrowed from French pastry chefs. The intricate-looking design is amazingly simple to make.

With a coffee cake at your command, you are prepared for entertaining on a budget. Buy it baked or bake it at home for a party feature that's good at any hour.

French Coffee Ring is an attractive packaging for the favorite Cinnamon Roll. Serve it for a special breakfast or luncheon menu with fruit cup, plain omelets and browned pork sausages. Many folks like sweet breads for other meals, too. Occasionally tuck slices of French Coffee Ring in a basket of dinner rolls.

When French Coffee Ring has cooled, it may be frosted with confectioners' sugar icing and sprinkled with chopped nuts. This enriched bread helps solve your problem of giving your family good nutrition at a thrifty price. It provides protein, essential B-vitamins and food iron for under 35 cents.

The basic sweet yeast dough from which French Coffee Ring is fashioned is the starting point for many a tempting sweet bread. Just vary the filling, shaping or topping and another menu star is born.

FRENCH COFFEE RING

- | | |
|---|---|
| 1 package yeast, compressed or dry | 1 egg |
| 1/4 cup water (lukewarm for compressed yeast, warm for dry) | 1/2 teaspoon grated lemon rind (if desired) |
| 1/2 cup milk | Melted butter or margarine |
| 1/4 cup sugar | Brown sugar |
| 1 teaspoon salt | Cinnamon |
| 2 tablespoons shortening | Confectioners' sugar icing |
| 2 1/2 cups sifted enriched flour (about) | |
- Soften yeast in water. Scald milk. Add sugar, salt and shortening. Cool to lukewarm. Add 1 cup flour. Mix well. Add softened yeast, egg and lemon rind. Beat well. Add enough more flour to make a soft dough. Turn out on lightly floured board and knead until smooth and satiny. Place in greased bowl, cover and let rise in warm place until doubled (about 1 1/2 hours). When light, punch down. Let rest 10 minutes. Pat or roll out to a rectangular sheet about 1/2-inch thick, and three times as long as it is wide. Brush with melted butter or margarine and spread with brown sugar and cinnamon. Roll up like jelly roll, sealing the ends. With scissors cut through ring almost to center, in slices about 1-inch thick. Turn each slice slightly, lifting every other one to the center of the ring. Let rise until doubled. Bake in moderate oven (375°F.) about 25 minutes. When cool, frost with confectioners' sugar icing. Makes 1 French Coffee Ring.

Fowlkes, Mrs. Arco Maupin and children, Jerry and Marcella, of Newbern.

PRE-NUPTIAL EVENTS HONOR BRIDE-ELECT

A series of pre-nuptial events throughout last week honored Miss Vandalyne Lawrence and Floyd Hooks, Jr., who had set June 15 for their wedding date.

The home of Mr. and Mrs. Morris Currie was the scene of a well-planned dinner on Tuesday evening.

On Wednesday night the beautiful new home of Mr. and Mrs. Bill McClure in Dyersburg provided the setting for a beautifully appointed dinner. In addition to the honor guests, Mr. and Mrs. James Peery and son, and Mr. and Mrs. Jack Wyatt of Dyersburg were also present.

A coca cola party Wednesday morning was given by Mrs. Neil A. Dyer. Guests included Mrs. Lucille Lawrence, the bride-elect's

mother, Mrs. Bill McClure of Dyersburg, Mrs. Gilreath Dyer, Mrs. J. K. Hinton, Miss Fern Parrish, Miss Sue Tomlinson, Mrs. Charles Moore, Mrs. J. W. Warren and Miss Ruth Stallings of Memphis.

A stag dinner Thursday at the Hut in Dyersburg given by Bobby Hale and Hutson McCorkle honored Mr. Hooks.

Mrs. Lucille Lawrence, mother of the bride-elect, entertained members of the wedding party on Saturday night at a rehearsal party. Guests included Mr. and Mrs. Bill McClure of Dyersburg, Mrs. Ross Dyer, Mrs. Neil A. Dyer, Mrs. Charles Moore, Miss Martha Wood and Hutson McCorkle.

Gift Tea Wednesday

Climaxing the pre-nuptial courtesies honoring Miss Lawrence was the Gift Tea given by Mrs. J. K. Hinton, Jr., Mrs. T. G. Avery, Mrs. E. J. Shannon, Mrs. Charles Moore and Mrs. D. C. Warren in the home of Mrs. Hinton on Wednesday afternoon from three until five o'clock.

The receiving line was composed of Mrs. Hinton, Mrs. Lucille Lawrence and the honoree.

Assisting in the serving were Miss Mona Lou Tomlinson and Miss Jessie Tucker.

The dining table was overlaid with a lace cloth and centered by an arrangement of sweet peas in a silver bowl between pink tapers in silver candelabra. A miniature bride doll centered the buffet.

Miss Lawrence wore a pink embroidered organdy over pink taffeta.

Fifty-five guests signed the bride's book which was made by Miss Marjorie Herring.

HOTEL CORDELL HULL IS SCENE OF CANASTA PARTY

The air-conditioned banquet room of Hotel Cordell Hull in Dyersburg provided an interesting setting for the Canasta Party given by Mrs. Roy Patton, Miss Gwendolyn Walker and Mrs. Tony Troiano.

Arrangements of mixed flowers decorated the room where guests played at ten tables.

A dessert course preceded the games. Miss Alice Nunn, bride-elect, was presented a gift by the hostesses.

Guests included: Mrs. Wymond Hurt, Mrs. Ross Dyer, Mrs. Bob Poindexter, Mrs. Robert Craddock, Mrs. Douglas Hurt, Mrs. W. O. Sugg, Mrs. Lynn Vaden, Mrs. Billy Spence, Mrs. E. M. Steelman, Jr., Mrs. W. C. Viar, Jr., Mrs. A. G. Hargett, Mrs. J. H. Murchison, Mrs. R. E. Craddock, Mrs. Charles Moore, Mrs. M. E. McDearman, Jr., Miss Alice Nunn, Mrs. Jerre Jordan, Mrs. Earl Criffield, Mrs. R. J. Nunn, Mrs. F. G. Craig, Mrs. Charles Alsbrook,

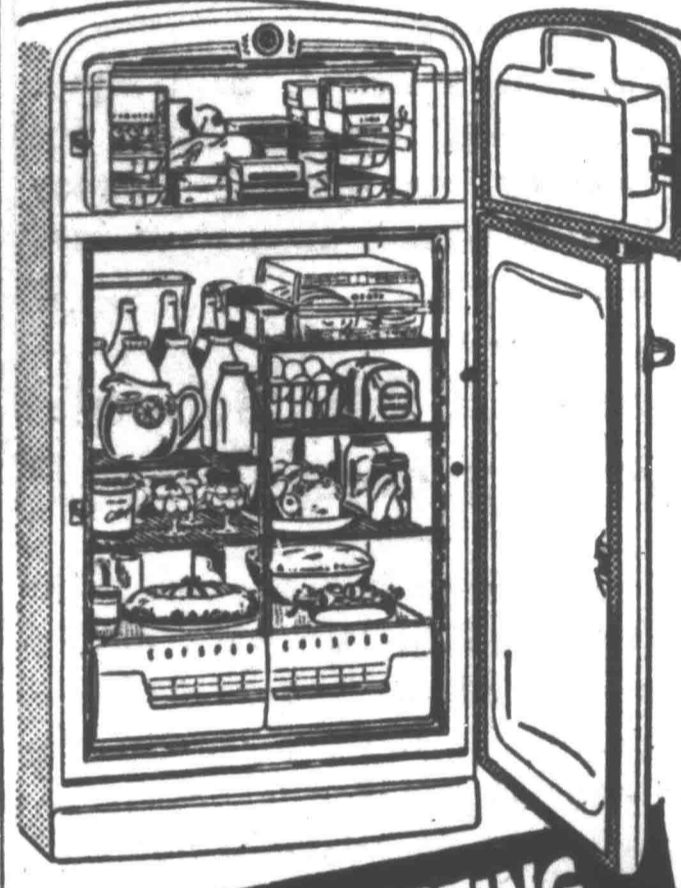

Mrs. Clyde Younger, Mrs. F. E. Pugh, Mrs. W. A. Smith, Jr., Mrs. Ruth Hallman, Mrs. Marvin Hansford, Mrs. Elbert Viar, Mrs. E. G. Parker, Jr., Mrs. Gilreath Dyer, Mrs. Joe Hurt, Mrs. E. S. Criffield, Mrs. Neil Dyer, Jr., Mrs. Kathryn Phillips, Mrs. James Peery, Miss Fern Parrish, Mrs. Elmer Hoffius, Mrs. Leonard Andrews, Mrs. Charles Rooks, Mrs. Henry Murchison and Miss Ruth Stallings of Memphis.

Louis S. Clapper
State Game and Fish Commission

The State Game and Fish Commission was more than somewhat surprised recently to find it had a bearded lady. The oddity turned up on a managed turkey hunt on the Shelby Wildlife Management Area near Memphis. The hunt was for gobblers only and normally the surest method of identifying the male in the wild is by the presence of a long beard which hangs from the breast. One hunter saw such a bird and killed it. In preparing the 10-pound bird for the table, it was found full of eggs—a bearded lady!

Frogs and largemouth bass do not mix well on small farm ponds. Bass all but drive the frog population out by eating the tadpoles, or young frogs. The smallmouth bass apparently does not relish tadpoles as much as does the largemouth.

Trappers often come up with wildlife oddities. Tom Greene, of Huntingdon, relays this true tale told by Fred G. Rice, of Bruceton. It seems a freshly killed hen was found on Fred's farm and a hawk suspected. So six traps were laid around the chicken, which became bait. First animals to be caught were the house cat and a beagle pup. After sundown, another commotion was aroused. A

HALLS, TENNESSEE

Yorkville's "Ray-Lou Blend Duke"

Photograph courtesy Illinois Central RR

This Holstein bull is in artificial breeding services at the West Tennessee Artificial Breeding Association at Yorkville, Tenn. He is one of the outstanding bulls made available to the breeders in West Tennessee by the bankers of West Tennessee, the Agricultural Department of the Illinois Central Railroad, and the State Department of Agriculture. "Duke" is a bull whose natural proof is over 500 pounds of fat. His dam is an excellent daughter of a Gold Medal and DHIA proven sire.

hawk and an owl were found caught in different traps, apparently at about the same time. The traps were reset. Soon a possum was found caught up in four of the six traps. After that "haul," the traps were removed!

Citizens all over the nation have cause to pause and reflect over a recent action by the New York State Senate. The Senate passed a bill which would prohibit in New York State the possession of firearms of any sort by anyone except public officials.

While this bill was killed in the House, the mere fact it was introduced and passed by the Senate is cause for alarm. Not only would all shooting recreations become illegal, unarmed populace could become completely at the mercy of a police state or those dishonest people who operate outside the law.

The right to possess arms is a liberty granted the American people. They should jealously guard any attempt at infringement upon this right.

The State Game and Fish Commission is making every effort to provide safety upon the waters of the State Lake system, which it operates. A safety boat and motor is retained at headquarters at all times to affect necessary rescues and each boat rented out is equipped with life-saving cushions.

Herbert Underwood relays this story from Pickwick Lake. It seems Ben Boston and his wife were cat-fishing at night below the Dam. Ben was trying to hold the boat steady with the motor running and holding a flashlight for his better-half while she baited up. His lighting was somewhat unsteady, due to so much activity. Suddenly, a fish hopped into the boat, apparently attracted by the light. Mrs. Boston sat on the fish until it could be added to the stringer. The catch was a 6 1-2 pound largemouth bass!

The activity of trot-liners is in full swing, and requests are coming in to the State Game & Fish Commission for bait recipes. Many sportsmen use this mixture for a thick, tough bait which stays on the hook: Bring one pint of milk to a boil and add about eight ounces of limberger cheese spread; mix well and add four tablespoons molasses; add dry oatmeal, stirring until thick. Remove from fire and mix in more oatmeal as needed.

SOCIAL SECURITY QUIZ

Questions and Answers

Working For Father
I am 20 years old, married with one child, and work for my father on a regular salary. I am told I do not get Social Security credit. Is this correct?

This is correct. A child under age 21 working for a parent receives no Social Security credit for such work.

Veteran

I was in World War II. How do I get my Social Security credits for that time in service?

When a claim is filed on your Social Security account, credit for your period in military service will be determined from your discharge.

Charitable Institution

We work for a charitable institution and are not under Social Security. I thought we should now have Social Security Credit. You may now come under Social

Security if two-thirds of the employees want it and if the institution voluntarily accepts Social Security coverage and files a certificate of acceptance with the Bureau of Internal Revenue.

Partnership

My sister and I operate a small grocery store. Our nephew is an equal partner but has not been active in the business. We know that my sister and I must report our earning for Social Security since we netted \$2,000 from the business in 1951. But how about our nephew; must he report too?

Yes, each partner whose net earnings from covered self-employment are \$400 or more in a taxable year must report these earnings even though he is not active in the business.

Beyond the Call of Duty

Disregarding his personal safety, Telephone Man H. H. Kilpatrick crawled 150 feet through a storm sewer to save a child from drowning. For his "prompt, intelligent and courageous action", Mr. Kilpatrick was presented the Vail Award for outstanding service. He was one of 23 Southern Bell men and women who received recognition last year for service beyond the call of duty.

Telephone People Serve In Many Ways

As Good Citizens

Telephone people serve their communities in less dramatic ways—in civic and church activities, in Red Cross and other community drives. They're good citizens.

Behind Your Telephone

Their first job is to keep your 'phone service good and growing, and 58,000 Southern Bell employees are working hard at it. This is especially important today when telephone service is so vital to national defense.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

TYPHOID FEVER

Reports from county health sources have revealed that there are several cases of typhoid fever prevalent in Lauderdale County at this time with at least two diagnosed as positive and others suspected.

Because of the presence of typhoid in the county we are reproducing the following information concerning typhoid with the information being secured from a Tennessee Department of Health pamphlet.

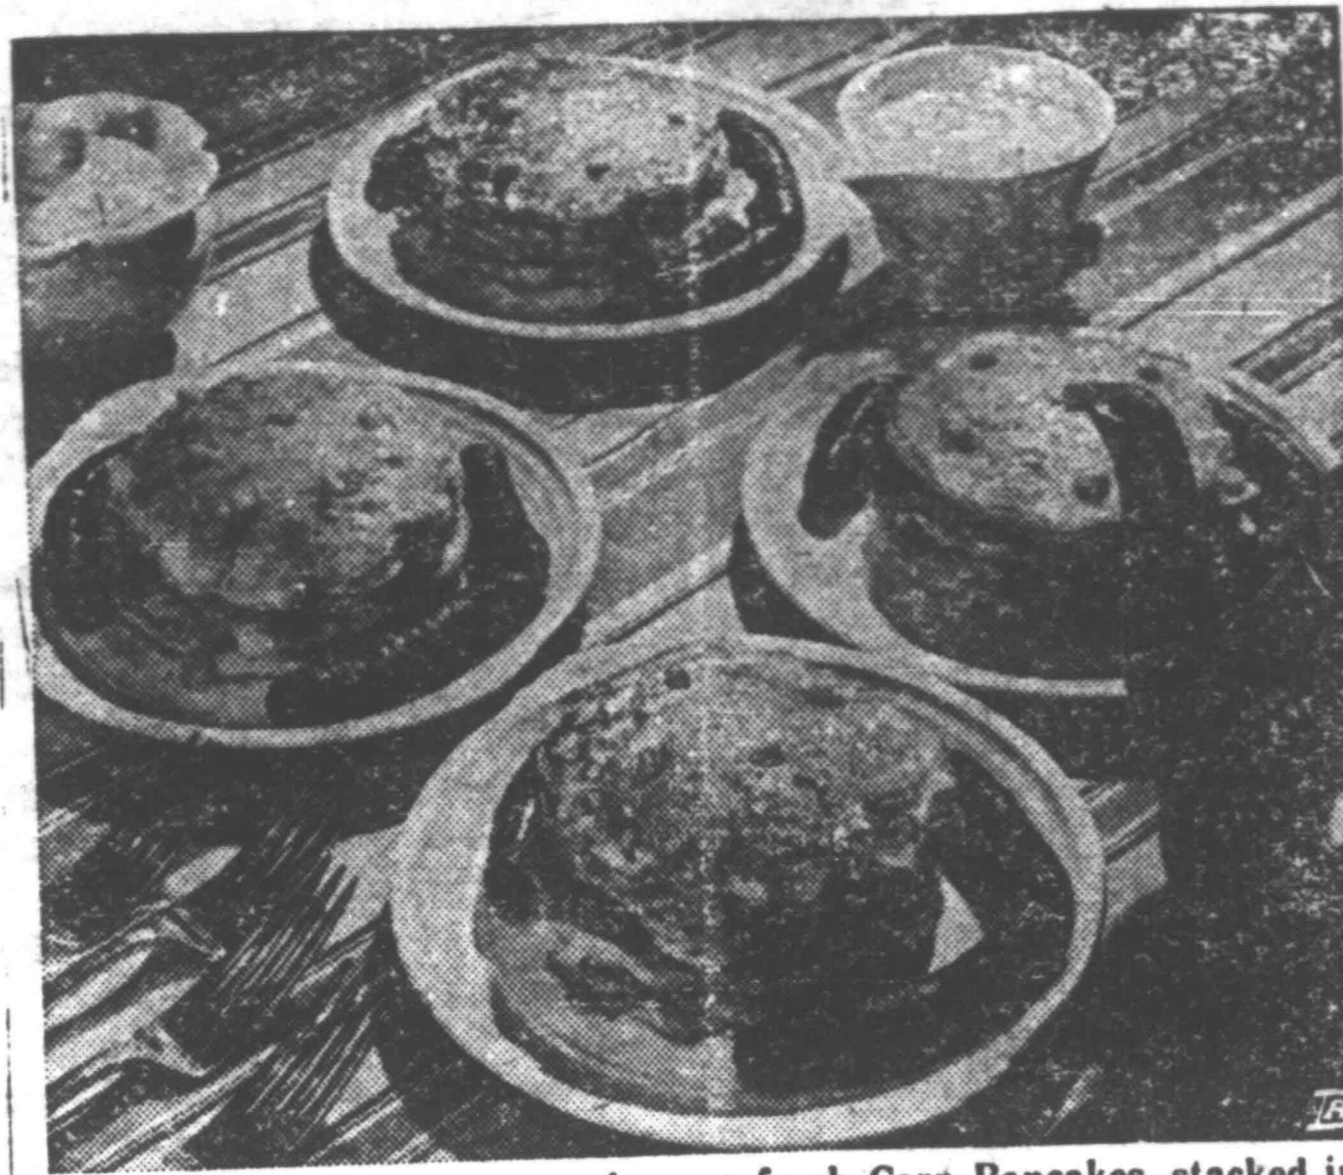

Although cases and deaths from typhoid fever have made a steady decline over a number of years, the disease continues to be a major health problem in Tennessee. The chief reasons for this decline are:

first, improvement in sanitation (particularly in water supplies of cities and towns); second, typhoid immunizations; and third, more effective control measures applied to individual cases.

Typhoid fever is an acute communicable disease caused by a germ. These germs are closely associated with filth. A well known health authority has truly stated: "Every case of typhoid fever means a short circuit between the body discharges of one person and the mouth of another."

Every case of the disease comes directly or indirectly from another case or from a "carrier" of the disease germs. A typhoid carrier is a person who harbors in his body the germ of typhoid fever, but who, to all outward appearances,

Fresh Corn Cakes

Fine eatin' any summer day are fresh Corn Pancakes, stacked in threes and served with a pork sausage to go with each.

Off to a day in the out-of-doors? That calls for a he-man breakfast of fresh melon, golden-crust wheatcakes, sausages and coffee. When fresh corn kernels ramble through the cakes, your family will comment that summer eating is mighty good. It's mighty nutritious, too, since enriched flour brings protein, three B-vitamins and food iron to any dish. That's why corn Pancakes make such a good luncheon or supper dish, as well as breakfast starter.

Use a pancake mix or the recipe below to make the batter. It goes together quickly, so start the griddle warming slowly in the meantime. Add fresh corn cut from the cob for that unbeatable flavor, or canned or frozen corn kernels if more convenient. Bake the Corn Pancakes on a lightly greased hot griddle and serve with a brown sugar sirup. Glazed apricot or peach halves make an attractive accompaniment. Since corn cakes cost only about 2½ cents apiece, you can flip them happily for your family until they say "enough!"

FRESH CORN CAKES

- 1 cup sifted enriched flour
- 2 teaspoons baking powder
- ½ teaspoon salt
- 1 egg
- 1½ cups milk
- 1 cup corn, cut from cob
- 2 tablespoons melted shortening

Sift together flour, baking powder and salt. Beat egg. Add milk, corn and shortening. Add to flour mixture and mix well. Cook on lightly greased hot griddle. Makes about 12 5-inch pancakes.

is in good health. There are three types of typhoid carriers; namely, temporary, convalescent and chronic carriers. The temporary carrier receives the typhoid germ into the body without developing the disease and usually retains it for only a short period of time. Convalescent carriers are individuals who have had typhoid fever and continue to carry the germs for sometime after complete recovery. Chronic carriers are individuals who recover from the disease but continue to carry the infectious agent throughout life.

Two out of every hundred cases of typhoid that recover become chronic carriers and serve as reservoirs for spreading the germs. Typhoid carriers are more common among women than among men. The germs live and grow in the gallbladder or kidneys of the carriers. Where a carrier is harboring the germs in the gallbladder, the germs are found in his bowel discharges. If a carrier is harboring the germs in the kidneys, the germs are found in the urine.

Water, milk and other foods may become contaminated with the discharges from a case or carrier and act as a medium whereby the germs may be transmitted to well persons. Infected discharges from a case or carrier, if thrown upon the ground, may be washed into a spring or well and in turn taken into the body of a well person. Flies may take the germs directly from these discharges to food on the table. A person nursing a typhoid case may contaminate milk or other food by cooking, milking, or handling food in any other manner. For this reason, the person nursing a case should not handle food to be used by other members of the household.

It is a common practice to place the blame for a case of typhoid on a water supply. Contaminated water supplies are sources of some cases of typhoid, but by far the most common source is the contamination of food by typhoid carriers. It is very easy for a carrier to contaminate milk and other foods in cooking, milking, washing utensils, or preparing or handling food in other ways. Typhoid carriers are a potential danger to all people around them. They should never handle milk or other food to be used outside their immediate households.

How May Typhoid Fever Be Prevented?

Typhoid inoculations should be taken regularly at intervals of two or three years by persons between the ages of one and seventy years. These inoculations will prevent the disease in most instances.

The sanitary environment of homes should be improved. Every home should have an approved excreta disposal system and a protected water supply. Every home should be completely screened to prevent the access of flies. A sixteen mesh screen is preferable in order to prevent the access of mosquitoes, also. Information can be secured from the local health officer as to how these improvements can be brought about. Approved plans for construction of an approved excreta disposal system will be furnished free by him on

are Kent Smith, as Miss Young's educator-husband whose career she believes must not be touched by scandal, and Alexander Knox as a doctor and family friend. Also important to "Paula" is a youthful newcomer, Tommy Bettig. James Poe and William Sackheim wrote the screen play of "Paula," which was directed by Rudolph Mate for producer Buddy Adler.

HOG PRICES DUE TO TAKE UPWARD TURN

The outlook for hog prices appears favorable, and farmers carrying brood sows should make a special effort to farrow and raise large litters this fall, say U-T livestock specialists.

Since prices last fall were unfavorable, many herds were reduced, and the spring farrow was about 10 percent less than that of the year before. This decrease in supply, along with population increase and a good demand for lean meat, makes the situation brighter for hog prices during the coming year, the specialists point out.

Good management practices, reduction of baby pig losses at farrowing time by use of better equipment and closer attention by the farmer, and provision of good pasture in a scientific feeding program will help make hog production still more profitable for Tennessee farmers.

BLIGHT PROMOTED BY WEATHER AT BLOSSOM SEASON

"Blame it on the weather" if twig blight is attacking your apple and pear trees this year, say U-T horticulturists. Little can be done about the disease now, but prevention measures can be taken next year, they say.

During the blooming season, insects visiting the blossoms carry the bacteria, which then grow down blossom stems into twigs, eventually causing the death of many of the twigs. Weather conditions that provide a long period of open flowers, days without rain favoring insect flight, and the production of bacteria on the outside of old blight cankers favor wide-

spread attacks of the disease. Blossom time sprays can prevent much of this trouble, the specialists point out. If larger limbs and new suckers are showing complete

death of leaves, trimming out these dead parts carefully, withholding cultivation or fertilization, and canker treatments next year are helpful procedures.

Farmers Who Lost Stands Of Cotton

ATTENTION

GROW PURPLE HULL PEAS

We Are Now Contracting Purple Hull Peas

These Peas can be planted any time until July 20, and will be ready to pick in 65 - 75 days.

Purple Hull Peas are a good source of income during the dull summer months and should be off your land in time to sow winter pasture or small grains.

From where I sit... by Joe Marsh

It Isn't the Heat— It's the Hide!

Big discussion after the Grange meeting Friday night. Tik Anderson was arguing that hogs were lots more affected by the hot weather than cattle. Skeeter Morgan declared that it wasn't so—that he never saw any hogs bothered by the hot sun like his cows were.

I was glad when Rusty Robinson stepped in.

"Boys," he says, "don't get so riled up. It all depends on what color the livestock are. Hogs or cattle, the ones with light-colored coats absorb less heat from the

sun's rays than animals with dark coats. So you're both right!"

From where I sit, so many useless arguments could be avoided if a person would remember he doesn't have all the right on his side. Reminds me of folks who insist that coffee, for instance, is the only drink, forgetting that other people have a right to a glass of beer now and then. If we wouldn't get so "het up" about our prejudices—we'd all be better off!

Joe Marsh

How generous should you be?

You taxpayers have been most generous in giving public help to air lines, motor lines and barge lines.

Billions of dollars in taxes have been drained from your pockets to help start and keep these people in business. Now, they have been operating a long time—long enough to start paddling their own canoes.

They'll tell you that the Illinois Central had a subsidy once, too—a land grant. But the legislators of one hundred years ago drove a stiff bargain. They saw to it that their governments, federal and state, got back a hundred-fold and more everything that was given us. And they got it quickly, too.

Today, the fashion is to heap on subsidies until the beneficiaries become so accustomed to easy living that they lack incentive to support themselves.

With taxes, direct and hidden, taking an average of one-third of what you earn, this is no time for over-generosity. Much tax money goes for necessary government expense—too much for you to let any of your money be spent needlessly on air, motor-carrier and barge operators.

Help put the transportation business back on a free competitive basis. Then all of us—rail, highway, air and water carriers—will handle the jobs each is best fitted to do. And you—the people and industries of Mid-America—will enjoy true economy and efficiency in transportation.

Mr. and Mrs. D. R. Nunn and son, Warren, Mrs. D. C. Warren and Mrs. L. L. McDearman returned Sunday after vacationing in Daytona Beach, Fla.

Mr. and Mrs. Tony Troiano left Friday for a visit in Staten Island, New York.

SALLY GRIFFIN HAS BIRTHDAY PARTY

Sally Griffin, daughter of Mr. and Mrs. Langston Griffin, was honored with a party on her third birthday Friday at her home on West Main Street.

The lawn was decorated with balloons. After games were played, the many gifts opened, the children gathered around the picnic table to eat cake, ice cream, suckers and punch.

Guests included: Katie Lou Hurt, Diane Hayes, Tommy and Paul Eaton, Susan and Connie Perry, Diane and Daryl Leonard, Janice O'Dell, Noel Ann Sherrod, Carla Ann Higdon, Wayne Hilliard, Linda and Ronnie Hilliard, Ronnie and Danny Fitzhugh, Cathy and Lloyd Olds, Debbie Hogard and Johnny and Linda Griffin of Humboldt.

T. E. L. CLASS SOCIAL HELD LAST FRIDAY

The T. E. L. Class social was held in picnic form at the home of Mrs. W. E. Ralph Friday evening, June 13, with twenty-four present, five being visitors.

The long table out on the lawn held fried chicken, various sandwiches and salads, ice tea, cake and ice cream. After each plate was filled the group sat in a circle to enjoy the delicious food.

Hostesses were Mrs. Ralph, Mrs. O. L. White, Mrs. P. W. Crittendon and Mrs. J. W. Escue. Visitors were Mrs. T. G. Avery Mrs. H. E. Pentecost, Mrs. R. H. Kirby Mrs. R. L. Jones and Mrs. L. G. Byford of Crawfordsville, Ark.

DON'T CLIP LAWNS TOO CLOSE IS WARNING

Set your mower to cut not closer than one and one-half to two inches, advise U-T agronomists. Clipping lawns too close will starve many lawn plants, and there must be enough leaf surface for vigorous root development.

High Cost Of Living

We hear quite a bit of conversation about the high cost of living but we wonder if people completely realize just how high the cost of living has actually gotten with the end not yet in sight. In a statement this week the Office of Price Stabilization said that 58 percent of all items on the consumer price list of the Bureau of Labor Statistics are at their all-time high. About 30 percent of all items are within 2 percent of the high and 86 percent within 5 percent of the high. Here though is the snapper as revealed in one sentence in the OPS release, "Most of the every-day purchases ranged within the higher price levels." It would seem to us that the OPS has failed to do the job of keeping down prices and therefore inflation and the only answer left would seem to be consumer resistance to the point where consumers refuse to purchase items which have gotten entirely beyond reasonable cost.

Are You Registered?

If you are a citizen of the United States, a resident of the State of Tennessee one year and of Lauderdale County six months and over 21 years of age will be by the August 7th primary and general elections, and did not register in July, 1949, or since that time, you must register by Friday, July 19th, 1952, to be qualified to vote August 7th. If you have changed your address since your original permanent registration or have changed your name through marriage or otherwise you must re-register to qualify to vote. Due to the fact that so many of the citizens of Lauderdale County have failed to register the Lauderdale County Election Commission has set as registration days July 17th and 18th in every precinct in Lauderdale County and have named registrars for each precinct. In addition the permanent registration office is open at the Court House in Ripley each Saturday. It is both your duty and your privilege to vote and in order to vote you must comply with the state laws which require registration.

Information

Voters who are interested in the issues in the present political campaign will have excellent opportunities to hear some of the candidates first hand if they will go to Espey Park on July 4th. Both Gov. Browning and Mr. Clement will speak during the afternoon concerning the gubernatorial race and both candidates for Congress from this district will discuss the various issues, both local and national.

Fiddle and Faddle

We are neither well enough informed nor inclined to criticize any particular person or persons concerning the handling of the fire at the Vaden home this morning but it would seem to bear out our long contention that a regular fireman who is on hand at all times to handle the truck, etc. is badly needed in Halls. The local fire department has shown every inclination to do the best it knows how but a good many of them are like your editor they know so little that they are actually a hindrance rather than a help. One trained man available at all times would do much to ease this situation.

REP. ROBERT GORE IN HALLS WEDNESDAY

Rep. Albert Gore who is making the race for the Democratic nomination for United States Senator was in Halls for a short time Wednesday morning in the interest of his candidacy.

Vote November 4 or for four years Hold Your Place.

STALLINGS TO SPONSOR FREEZING SCHOOL

Stallings Implement Co., local Hotpoint appliance dealer, has announced that the firm will sponsor a Freezing School at their store on Tuesday night, July 1, at 7:30 o'clock. Miss Mary Kitchens, Hotpoint Home Economist of Memphis, will conduct the school. A cordial invitation is extended to all to attend the school.

Baptist Revival Plans Revealed

Preliminary plans for the annual revival of the Halls Baptist Church were made public this week with the announcement that the revival will open on Sunday, July 13. The Rev. J. H. Newton, new pastor of the church, will bring the messages for the series of revival services which are expected to continue through Wednesday, July 13. Services will be held at 8 p. m. each evening with arrangements concerning morning services not yet complete. Song service will be under the direction of Mr. T. G. Alvery, church chorister.

Farm Bureau Says Register To Vote

Fred W. Buffaloe, Mrs. P. M. Parker, Chairman of Home & Community Department of Lauderdale County, and Mrs. M. S. Rice, Community Chairman for Fort Pillow community, attended the sixth annual State-wide Tennessee Farm Bureau Home & Community Department Conference at the Middle Tennessee 4-H Club Camp, Columbia, Tennessee, June 11 to 13. The ladies were divided into 5 groups. Each group discussed matters pertaining to welfare of farm families in their communities, the Farm Bureau Program, and how the Home and Community Department could help develop this program.

Mrs. M. S. Rice was selected as chairman of the Cherokee Group, and she was proud of the fact that her group won first prize for the best work during the Conference.

The ladies of the Home & Community Department took an active part in the donors for the Bloodmobile. They turned in approximately 30 donors.

The Registration Cards will be in each district of Lauderdale County on Thursday and Friday, July 17 and 18. July 18 is the last day you can register so you will be eligible to vote in the coming elections. If you have not already registered either go to your district on July 17 or 18 and register or come to Ripley to the Court House and you may register there every Saturday. On election day, go to the poles and vote for the candidate of your choice.

Nephew Of Local Citizen Killed

ALAMO — Services for Orell Peal, 37-year-old farmer killed Monday afternoon when a cave-in trapped him while digging a spillway between lakes on his farm near here, were held at 2:30 p. m. Wednesday at Cairo Church of Christ. Rev. Glenn Phillips of Jackson officiated. Burial was in Cairo Cemetery with Garner Funeral Home in charge.

Mr. Peal leaves his wife, three sons, Jerry, Larry and Jimmy Peal; his parents, Mr. and Mrs. Lawrence Peal of Maury City; one brother, Aubrey Peal of Watery, Conn., and a sister, Mrs. Virginia Avery of Baton Rouge, La.

GOV. BROWNING TOURS COUNTY

Gov. Gordon Browning spent Wednesday of this week in Lauderdale County on a hard hat tour and attended a barbecue honoring him at the Elyau Farm. Gov. Browning arrived in Halls shortly before noon and spent some 30 minutes here.

Hallie Pennington Is Seeking Office

Hallie J. Pennington of Gates has authorized the Halls Graphic to announce him as a candidate for the Democratic nomination for the office of Plottorial Representative to the State Legislature for Lauderdale and Tipton counties.

Mr. Pennington is well known in Halls and assures the voters here that should they see fit to support him he will do all within his ability to serve them as they should be served. Being himself a farmer, Mr. Pennington stated that he is primarily interested in agricultural legislation but will also interest himself in any and all legislation which will affect Lauderdale County.

Senior 4-H Camp July 7th - 12th

Charles Peal, Ass't. County Agent, Gordon Ingram, Marlene Hutcherson and Bud Dennis represented Lauderdale County at the 4-H Conservation Camp at Camp Woodlee last week.

There was a week filled with fun and recreation. They enjoyed breakfast and supper cookouts, overnight outings, picnics, fishing, water sports, swimming, boating, stunts, square dancing, spelunking, hiking and participation in vesper services.

The camp is held for 4-H'ers from all over the state who have met certain goals in their 4-H work. Relationship with boys and girls from other parts of the state, the exchanging of ideas and learning about character and citizenship is one important phase of club work emphasized at this camp.

All three had a wonderful time and recommend that those who would desire to participate in a camp of this type do good, club work so that they might be one of those selected.

Plan For Senior Camp

Senior Camp will convene at Martin on July 7-12. This camp is for boys and girls 14 years old and older and is designed with you the club members in mind. It is there for you, why not take advantage of it? Boys and girls from all 21 West Tennessee counties will spend a week at this camp. Educational features and recreation are well balanced, so that the club member will enjoy himself at all times. For a week of clean wholesome fun and an increased knowledge, attend senior camp. Call our office and let us put your name on the list.

Have You Turned In Your Electric Project Record?

Many club members have already turned in their Farm and Home Electric Project Books. They are after the awards that are to be given in this program. Why not complete your record book and turn it in now? The trip to 4-H Roundup at Knoxville is really worth working for. The time and effort you put in on this project is worthwhile.

Enrolled In Recreation And Rural Arts Program

L. B. Marshall, Jr. has Recreation and Rural Arts as one of his projects this year. He helps about the county in conducting musical games and other recreational activities. He is in charge of planning and carrying out the recreational program for the Ripley Senior 4-H Club.

On June 9-14, L. B. attended a State Recreational School at Camp Woodlee. There he learned a wealth of information on different types of recreation and how and when to apply it.

He was very outstanding at this camp. In fact, out of the 35 4-H members from all over the state who participated in the camp L. B. was chosen as one of the two 4-H members most valuable to the camp's activities during the week. Next week L. B. will tell of his weeks activities at this camp.

Vote as you PLEASE, but please vote.

FIRST COTTON BLOOMS REPORTED TO GRAPHIC

Mrs. James Tucker called the Halls Graphic office early Tuesday morning and reported having found several cotton blooms. On Wednesday morning T. M. Belton of Nankipoo community brought in a couple of blooms. These are believed to be the earliest blooms reported here in some years.

Big Picnic Set For July 4th

Headed by Governor Gordon Browning politics will reach a high note in Halls on next Friday, July 4th, when four leading candidates for state and national offices speak at the annual Fourth of July Picnic at Espey Park.

Opening the campaign speeches will be E. T. "Rocky" Palmer who will speak at one o'clock in the interest of his candidacy for the office of Congressman from the Eighth Congressional District. A prominent young Dyersburg attorney, Mr. Palmer is a former resident of Halls and is well known here.

At two o'clock Gov. Gordon Browning will speak in behalf of his campaign for re-election as governor of the State of Tennessee. Gov. Browning has spoken at Espey Park on a number of occasions.

At 4 o'clock Frank G. Clement, former American Legion State Commander and Nashville attorney, will make an appeal to the crowd on behalf of his candidacy for Governor of the State of Tennessee. Mr. Clement has spoken in Halls but this will be his first appearance at Espey Park.

At five o'clock the Hon. Jere Cooper, congressman from the 8th Congressional District, will be seeking support in his campaign for re-election. Mr. Cooper has served the district for the past twenty-four years.

Located 3 miles east of Halls, politics is not the only thing offered the people of this section on July 4th at Espey Park. In addition to the campaign speeches radio performers such as Papa Stewart and His Gang, the Fort Pillow Follies and the Fort Pillow Orchestra will perform for the entertainment of the crowd. The day's festivities will be closed with a dance during the evening hours.

Luther Allen, manager of the Park, has announced that there will be plenty to eat and plenty of cold drinks on the grounds so that anyone may come and stay as long as they wish. There is no admission charge.

Loans On Cotton Expire August 1

CCC To Pool 1951-Crop Loan Cotton Aug. 1st

The Department has announced that all 1951-crop loan cotton still under loan on August 1, 1952, will be pooled on that date by Commodity Credit Corporation for producers' accounts. The loans mature July 31, 1952.

Producers may either sell their "equity" in the loan cotton or redeem the cotton from the loan and then sell it in the open market. The market price of the various qualities of cotton has varied materially during the year, but at present prices farmers should be able to dispose of most qualities of cotton at prices that will give them some net profits above the loan and charges against the cotton.

The 1951-crop loan cotton not redeemed prior to August 1, will be placed in a pool, as provided in the loan agreements, and sold in an orderly manner by CCC. On final liquidation of all cotton in the pool, the net proceeds, if any, after deduction of all advances, interest, and accrued costs—including storage insurance and handling charges—will be distributed among the producers whose cotton was placed in such pool. No payment will be made to producers at the time their cotton is placed in the pool, and after July 31, 1952, producers will not be entitled to order the sale of the cotton.

Vaden Home Burned Thursday A. M.

The J. M. Vaden home on Locust Street was totally destroyed by fire about three o'clock Thursday morning. The fire was believed caused from defective wiring in the kitchen.

The fire was discovered by Mrs. Vaden when smoke began to fill the house and Judson Vaden attempted to call the fire department. For some reason he was unable to get the fire department to answer and it was necessary for him to drive to the water plant to turn in the alarm.

The first department was delayed in getting water to the blaze so that the house and all its contents were burned. Nothing was saved other than a few small items and the clothing worn by the occupants of the house.

Living in the house were Mr. and Mrs. J. M. Vaden and Mr. and Mrs. Judson Vaden and four children.

The Air Base and Ripley Fire Trucks answered calls for help but reached here too late to be of any assistance.

TB Association Board Has Meeting

K. C. Harrington, A meeting of the Board of Directors of the Lauderdale County Tuberculosis Association was held Thursday evening, June 12, at 7 p. m. at Tick's Cafe in Ripley.

The following board members were present: Mrs. Vernon McBride, Miss Winnie Lee Bizzell, Col. Tom Scott, Dr. A. R. Walker, T. B. Wright, Guy Henderson and F. H. Paschal. Kermit C. Harrington, Executive Secretary, and Mrs. Urshel West, office clerk, were also present.

Plans were made for the 1952-53 Christmas Seal Drive. Mrs. Vernon McBride was elected as Seal Sale Chairman; T. B. Wright as Personal Solicitation Chairman and Mrs. Urshel West was elected as Letter Sale Chairman. Other committees for the seal sale will be chosen later by Mrs. McBride and Mr. Wright.

All members of the board are looking forward to the best and biggest seal drive ever carried out in Lauderdale County in order to continue and expand the educational and health programs.

Cotton Classing School July 14-19

It behooves each of us to know the unit of measure of all material goods that we buy or sell. So it is with cotton. We should be able to tell the length of staple and grade of cotton. Of course, we know there are several factors that affect grade and staple of cotton. Just to know these factors isn't enough. We should know how these factors affect the staple and grade.

The Agricultural Extension Services of Arkansas, Mississippi and Tennessee, with Mid-South Cotton Growers Association cooperating, are sponsoring a cotton classing school to be held July 14 through July 19. The purpose of the school is to teach how to class cotton according to grade and staple. The instructors in grading and stapling are licensed cotton classifiers. In addition to practice in grading and stapling the factors affecting cotton grades and staple length will be discussed by experienced men in the various fields. One session on marketing will be conducted by the Sales Manager for Mid-South Cotton Growers, Mr. R. A. Hicks.

Farmers, ginners, merchants, bankers and warehousemen are invited to attend. For further information write to A. L. Jerden, University of Tennessee, Knoxville, Tenn.; T. M. Waller, Mississippi State College, State College, Mississippi; R. H. Sloan, Agricultural Extension Service, University of Arkansas, West Capitol Ave., Little Rock, Ark.; or Mid-South Cotton Growers Association, 44 So. Front St., Memphis, Tenn.

The importance of voting isn't likely to register with people who didn't.

BUSINESS FIRMS TO REMAIN OPEN WED.

Due to the fact that next Friday, July 4th, is a national holiday and Halls business firms will be closed, the clothing stores, the grocery stores and the hardware stores have agreed to remain open on Wednesday, July 2. These firms have been closing each Wednesday during the summer months.

Industrial Workers Reach New High

NASHVILLE — Non-agricultural employment in the state boomed to an all-time high last December when 795,000 people were gainfully employed it is stated in the 1951 annual report of the Employment Security Department.

The report, which Commissioner E. K. Wiley says is ready for the printer, shows that pay rolls in the state, subject to the Employment Security Act, totaled \$1,215,030,000 for the year, the highest in history. The previous high was reached in 1950 when workers in insured employment received \$1,091,094,000.

Other highlights of the 1951 report follow:

1. A record peak in insured employment was reached last August when 532,645 persons were reported on pay rolls of employers having eight or more at work.

2. There were 11,492 employers in the state with eight or more at work at the end of the year as compared to 11,221 for the previous year end, a gain of 271.

3. Tennessee led the six states in the southeastern region in week-manufacturing wages in 1951. Other states in the region are South Carolina, Florida, Georgia, Alabama and Mississippi.

4. Weekly wages in manufacturing last December ranged from an average of \$38.88 in tobacco to \$64.12 in electrical and non-electrical machinery.

5. The unemployment insurance reserve fund stood at \$103.5 million on December 31, a sum large enough to pay unemployment benefits at the rate effective last September for a period of eight years.

6. Employers saved \$40,635,697 in pay roll taxes in the 1949-51 period, the rates being based on the individual employer's experience in maintaining jobs instead of the former 2.7 percent standard rate.

7. The agency's fraud unit investigated 60,550 claims that were in doubt as to eligibility for unemployment benefits. A total of 22,359, or 37% were denied, terminated or penalized.

8. Employment and pay rolls during the year generally reached new highs but soft spots appeared in textiles, furniture manufacturing, primary metals and rayon manufacturing.

9. During the year the field offices of the agency made 140,177 placements in non-agricultural jobs of which 39,847, or 28%, were of veterans.

10. Placements of handicapped persons in jobs reached 11,302 of which 7,257, or 64%, were veterans.

SOCIAL SECURITY

The Social Security Administration will not advise an insured worker when he should file an old-age benefit claim. However, your social security office will give you all the facts from which you can make your own decision.

Joe P. Tipton, manager of the Dyersburg social security office, made this statement today in connection with the "new start" provisions of the amended law which became effective after the first of April.

Under the "new start," Mr. Tipton explains, a person can become fully insured on the basis of work after 1950 alone. If a person has been in employment covered by social security continuously since the beginning of 1951, he can become fully insured during the calendar quarter starting with April 1. If he is 65 and wants to retire he can file a claim for benefit payments in July and have his monthly payments computed under the

(Continued on Page 6)

Ponds Pay Off In Stock Raising

F. H. Paschal, County Agent, Mrs. E. M. Browning's old pond in a bermuda grass pasture recently dried up completely and she thought it was a good time to build a new and larger pond.

She got Kyle Davis, technician of the Soil Conservation District, to plan a new pond and got a bull dozer to build it immediately, since she desperately needed the pond for her 20 head of dairy cattle. Just as the pond was finished, the bull dozer uncovered a good spring which immediately began to fill the pond with cool water. By the next day the water was six feet deep in the bottom of the pond so that the cows had plenty to drink.

Not everybody will be this lucky when building a pond, but 55 new ponds were constructed in the county last year with the encouragement of P. M. A. payments and the guidance of the technicians of the Soil Conservation District.

Mrs. Browning is also fortunate during this unusual weather to have 10 acres of bermuda grass pasture on some bottom land to provide some summer grazing during July and August. She recently mowed this pasture and plans to top dress it with about 30 lbs. of nitrogen per acre to increase the amount and improve the quality of the pasture during the summer months. Bermuda grass, lespedeza, sericea, and sudan grass provide our best summer pastures for cattle.

Cotton and corn producers who were not able to get sufficient nitrogen fertilizer to side dress by June 10th should now do an extra good job of putting down the material for best results.

Experiments have proven that Ammonium Nitrate, Cal-Nitro, Calcium Nitrate, Ammonium Sulfate, and all other nitrogen fertilizers except Soda will produce higher yields if they are placed in the ground two to four inches deep eight to twelve inches from the cotton or corn, rather than simply being distributed on top of the ground. Nitrate of Soda increases yields just as much by being put on top of the ground as being placed in the ground, but it does a better job on cotton when it is applied 8 to 12 inches from the rows.

Present situation on nitrogen fertilizers should cause farmers to plan toward the buying of some fertilizers in the summer and fall for use next year. There is enough difference in the price to pay for storage room and there is a lot of difference in the results by having the fertilizer to apply at the right time.

We Must Fight Insects

Blister beetles are still attacking gardens and commercial tomatoes. Thorough dusting or spraying is required for their control. Twenty percent Toxaphene dust or liquid Toxaphene are highly recommended, but Cryolite will also do a good job if it is applied thoroughly at a heavy rate of application. Put on dusts in the early morning or very late afternoon when the air is still. Use six tablespoons Cryolite per gallon of water in sprays or six pounds in 50 gallons which should cover one acre. Use 30 pounds of 20% Toxaphene dust per acre or three quarts of six pound liquid per acre.

Squash bugs are sucking the life out of squash in many gardens. 20% Sabadilla or 1% Lindane dust applied thoroughly to the under sides as well as upper sides of the leaves will control this destructive insect. No other means we know of will control this squash bug.

We have so many different insecticides now for use in controlling so many insects that farmers should call for insecticides by the name of the chemicals rather than brand names. Some companies sell a number of different insecticides (Continued On Page Six)

**WHIRL OF EVENTS
HONOR MISS NUNN
DURING PAST WEEK**

A whirl of social activities the past week has centered around Miss Alice Nunn, bride-elect of Ramon Clough.

First in the series of pre-nuptial events honoring Miss Nunn was a breakfast given Thursday at 10 o'clock by Mrs. Robert Craddock and Mrs. Billy Spence at the Cordell Hull Hotel in Dyersburg.

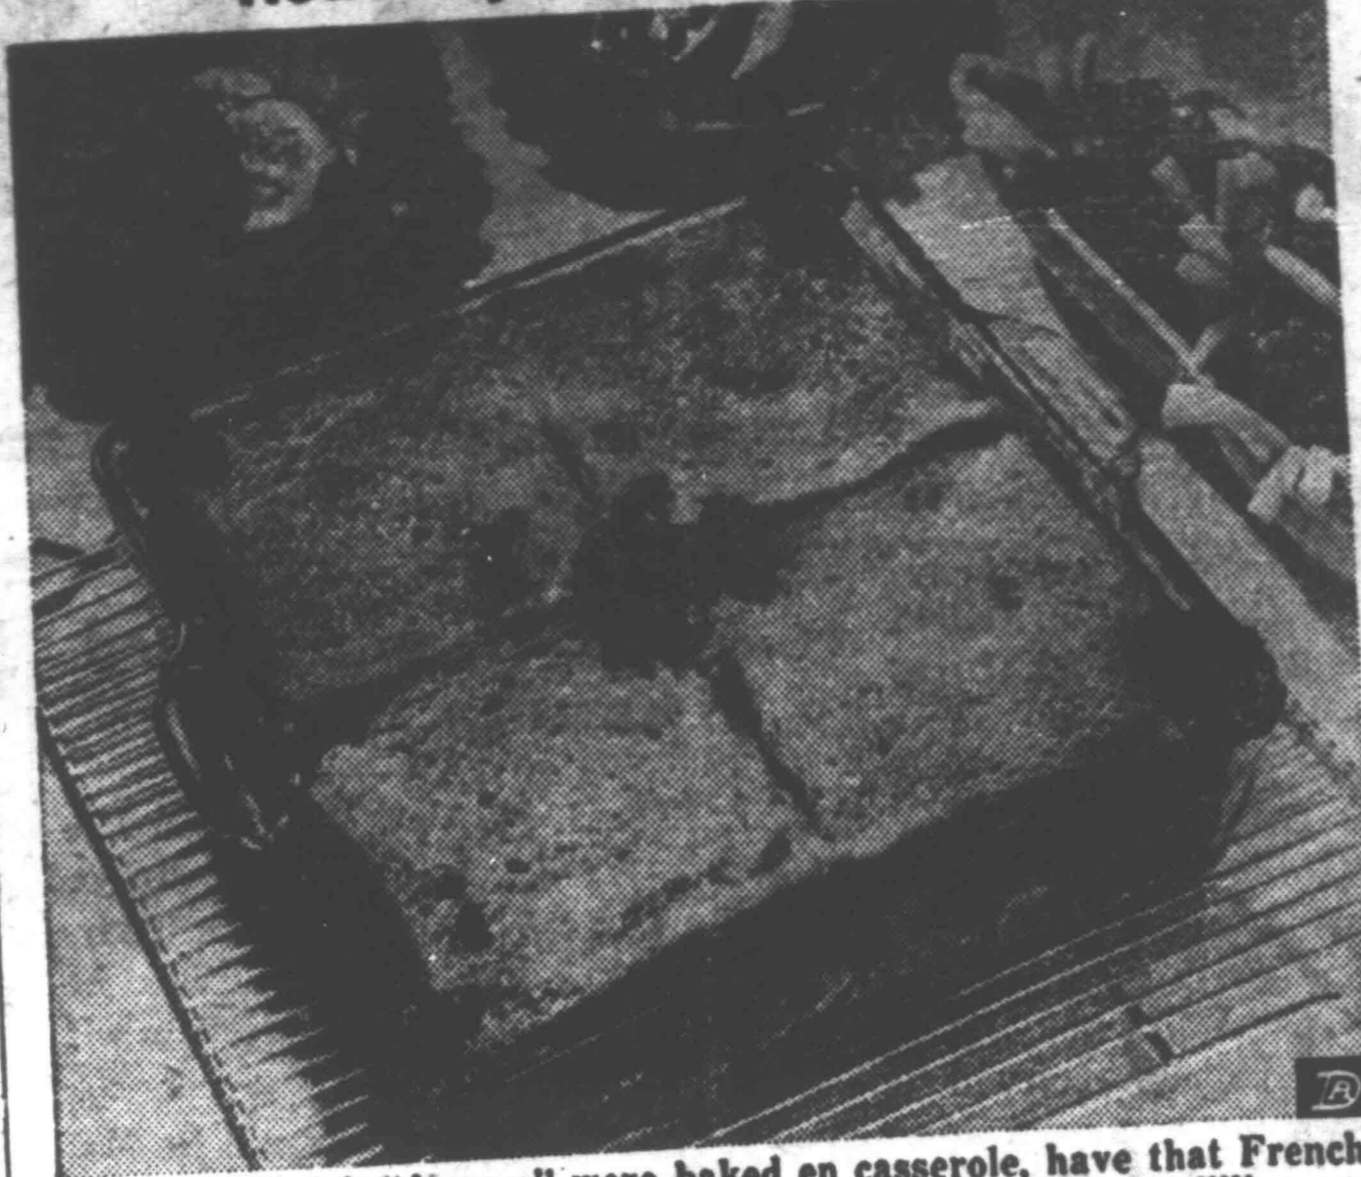

The breakfast table was centered by an arrangement of yellow and white gladioli and daisies with miniature bride dolls on each side. The place cards carried out the same yellow and white color scheme.

After the meal Miss Nunn opened the many useful kitchen gifts that were presented her by the guests.

The honoree wore a blue and white checked tissue gingham sun dress with matching hat.

Guests were Mrs. R. J. Nunn, Mrs. Hill Martin, Mrs. Gilreath Dyer, Mrs. Wymond Hurt, Mrs. David Nunn, Mrs. Ike Nunn, Mrs. Paul Henderson, Jr., Mrs. Frederick Craig, Mrs. J. K. Hinton, Jr., Mrs. Louis Levy, Mrs. Marvin Hansford and Miss Nancy Con-

Heavenly Hamburger Bake

These sandwich "dreams" were baked in casserole, have that French-toasted look. Inside, a meltingly lush cheeseburger filling with the tang of mustard awaits you.

Where there's a will, there's a way with a food budget. Four people can dine happily on Heavenly Hamburger Bake for under 20 cents a serving.

In this dish, one-half pound of hamburger serves four, when combined with shredded cheese and flavored racyly with mustard and onion. This is the filling for enriched bread sandwiches made en-casserole. Pour an egg-milk mixture over them and bake to a tantalizing doneness.

Dinner is practically ready. Butter cooked green peas, slice tomatoes and cucumber for salad and fix a dish of crisp relishes. Complete the meal with milk and cottage pudding.

You'll want to keep this dish in mind for church supper or club group, because it can be easily multiplied and prepared for a group. Heavenly Hamburger Bake scores high in food value from enriched bread, cheese, milk, meat and eggs. All of these foods contribute protein needed daily for body building and repair. Together they also offer important amounts of vitamin A, three B-vitamins, vitamin D, calcium, phosphorus and food iron.

HEAVENLY HAMBURGER BAKE

- 8 slices enriched bread
- 1 tablespoon butter or margarine
- 1/2 pound ground beef
- 1/4 cup diced onion
- 2 tablespoons diced celery
- 1 tablespoon prepared mustard
- 1 cup shredded American cheese
- 2 eggs, beaten
- 1 cup milk

Cut 4 slices of bread diagonally (if desired). Spread lightly with butter or margarine and arrange in bottom of an 8-inch square baking dish. Toast lightly in moderate oven (350°F.) about 15 minutes. While bread is toasting, brown meat with onion and celery. Mix in prepared mustard. Spread meat mixture over toasted bread. Sprinkle shredded cheese on top of meat. Cover with remaining bread slices (also cut diagonally) to make sandwiches. Combine egg and milk and pour over bread. Bake in moderate oven (350°F.) about 40 minutes. Makes 4 servings.

Tea In Memphis

Miss Jane Brown, who will attend Miss Nunn as a bridesmaid, entertained at her home at 406 Preston in Memphis Sunday afternoon at a Tea honoring Miss Nunn.

The dining table held a lovely arrangement of white asters, baby breath and baby mums. Assorted sandwiches and cakes iced with pale green and topped with lily of the valley were served.

From her trousseau the honoree had chosen a navy organdy frock applied in white pique.

Among those attending the tea were: Mrs. R. J. Nunn, Mrs. Roy Patton, Mrs. D. R. Nunn, Mrs. W. O. Suggs, Mrs. E. Hoffius, Mrs. Charles Rooks, Mrs. Billy Spence, Mrs. R. E. Craddock, Mrs. J. T. Connell, Miss Nancy Connell, Mrs. W. A. Smith, Mrs. Ross Dyer, and Mrs. Harold Wesson of Oak Ridge, Tenn.

Miss Nunn was presented a piece of silver in her chosen pattern by her hostess.

Miss Crigger Entertains
Miss Sadie Crigger of Mumfords, who will attend Miss Nunn as bridesmaid, gave a luncheon at Hotel Peabody in Memphis Tuesday for Miss Nunn and several other guests.

The guest list included the honoree, her mother, Miss Nancy Connell, Mrs. Harold Wesson, Miss Jane Brown of Memphis, Miss Joy Tucker and Miss Norma Nunn of Ripley, Miss Netta Bradley and Miss Virginia Lockhart of Camden, Tenn.

Dinner Party
A dinner party by one of the groomsmen, Stuart Nunn, at his

home in Ripley continued the pre-nuptial events.

Members of the bridal party and several additional guests enjoyed the delicious dinner which was followed by dancing at the home of Miss Joy Tucker in Ripley. Sixteen guests attended.

Luncheon At Peabody

The Venetian Dining Room in the Hotel Peabody at Memphis was the scene of a luncheon Wednesday, another courtesy extended Miss Nunn. Hostesses were Mrs. Ross Dyer, Mrs. Gilreath Dyer and Mrs. Neil A. Dyer.

The table was decorated with sweetpeas, daisies and yellow tapers.

The honoree, wearing a frock

of black organdy and a gardenia corsage, was presented a milk-glass candy jar.

Guests attending were: Mrs. R. J. Nunn, Mrs. F. W. Hu. t, Miss Nancy Connell, Mrs. Harold Wesson of Oak Ridge, Miss Jane Brown of Memphis, Miss Sadie Crigger of Mumfords and Miss Martha Griffin of Chattanooga.

Dinner Dance

Wednesday evening members of the bridal party and several additional guests were entertained at a dinner-dance by Mr. and Mrs. Harold Wesson of Oak Ridge, Tenn. This delightful event took for its setting the beautiful Skyway at Hotel Peabody in Memphis.

Coca Cola Party
A Mid Morning Coca Cola Party given by Mrs. J. K. Hinton, Jr., and Mrs. Louis Levy on Friday at the Hinton home feted Miss Nunn.

Trays of open-faced sandwiches, pickles, olives, potato chips and coca colas were served to the honor guest, her mother, Mrs. Nunn, Mrs. Wymond Hurt, Mrs. P. H. Henderson, Sr., Mrs. J. T. Connell, Mrs. R. E. Craddock, Mrs. Billy Spence, Mrs. Robert Craddock, Mrs. J. W. Warren, Mrs. F. E. Pugh, Mrs. Earl Cribfield, Mrs. Hill Martin, Mrs. Ike Nunn, Mrs. Ruth Hallman, Mrs. O. J. Nunn, Miss Nancy Connell, Miss Sue Tomlinson and Mrs. A. S. Williams of Richmond, Va.

Tea Honors Miss Nunn
Mrs. Wymond Hurt, Mrs. R. E. Craddock, Mrs. P. H. Henderson, Sr. and Mrs. J. T. Connell complimented the popular bride-elect at a Tea at the spacious home of Mrs. Hurt on Friday afternoon.

Roses, gladioli and magnolias decorated the rooms thrown open for the occasion.

The honoree wore a ballerina length embroidered blue net frock over taffeta with a corsage of pink glamelias. The corsage was a gift of the hostesses. Mrs. R. J. Nunn, mother of the honoree, wore a model of white French voile with a corsage of orchid glamelias.

Miss Nancy Connell presided at

the bride's book.

An imported handmade cutwork linen and lace cloth overlaid the dining table which held a graceful centerpiece of pink gladioli and button chrysanthemums. A color scheme of pink and green were carried out in the refreshments. Miss Blanche Nunn and Miss Joy Tucker of Ripley presided at the refreshment table. The guests then went to the home of the bride-elect to view the many lovely gifts. Mrs. Hill Martin and Mrs. Ike Nunn invited the guests to see the gifts.

"I'll call you back... my Party Line neighbor needs to call the Druggist"

In emergencies, folks need the telephone fast. They appreciate it when you release the line—and they're likely to return the favor. Here are four easy rules that add up to good will and good service on the party line:

- Share the line freely with others
- Release the line in an emergency
- Answer your telephone promptly
- Give called-party time to answer

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

Tennessee Outdoors

Louis S. Clapper
Game and Fish Commission
Most of Tennessee's lakes are large enough to accommodate both the fisherman and the motorboating enthusiast. There isn't enough

room on any, however, for the reckless boatsman who endangers the lives of others as well as his own.
Last September, an intoxicated professional man cut such hair-brain antics on Center Hill Lake with his speedboat that he nearly swamped two fishermen. The angered anglers swore out a complaint and had the man arrested. The speedster just recently came to trial in Smithville where he was found guilty by Circuit Judge Robert Brady. Judge Brady fined the man a maximum of \$50 and declared he would add a jail sentence if the boat isn't taken off the reservoir.
Judge Brady promised in the future he'll deal with reckless or drunken boatsmen just as he would reckless or drunken drivers—and that isn't in easy fashion.
The name of Wolf Creek Reservoir, just over in Kentucky on the Cumberland River, soon may be changed to Lake Cumberland. The dam and project probably will retain the name Wolf Creek but

the reservoir may become Lake Cumberland. The change probably will be done by action in the U. S. Congress.
Ralph H. Plumb, manager, reports the Catoosa Wildlife Management Area is teeming with wildlife and many of the animals have become downright friendly to each other. One of the laborers on the Area reported seeing a wild deer rubbing noses with his pet dog while still another saw a deer and a groundhog perform the same friendly rite. Just after witnessing this unusual occurrence, the latter observed a covey of quail crossing one of the access roads in the company of a cotton-tail rabbit.
In North Carolina, if you shoot a bullfrog you need hunting license. A fishing license is necessary to take it by pole and line. No license is necessary, however, if the frog is gigged or picked up by hand.
"It's an ill wind that blows no good." The truth of that statement has been borne out time-and-again by conservation officers. Two officers were checking anglers on Loudon Lake when they came upon a young couple in a canoe. Hubby was casting as wife-paddled. The man had a valid license but his wife did not. When told she needed a license to "aid and abet in the taking of fish" the Little Lady was far from dismayed. "That's fine," she exclaimed. "Now I don't have to paddle anymore!"
Hunting and fishing are grand recreations but any sportman worthy of the name sees to it the wildlife he takes is subjected to the least possible amount of suffering. That is why good sportsmen are "boiling mad" over an incident recently reported from West Tennessee by a conservation officer. Some cruel hunter had captured several frogs. Since the legs were all he wanted, he merely whacked them off and cast the mutilated frogs aside to die agonizing and lingering deaths. It wouldn't have taken this hunter but a few sec-

Railroad Improves Dairy Herds

YORKVILLE, TENN.—P. R. Farlow (left), general agricultural agent of the Illinois Central, receives congratulations from Tennessee Governor Gordon Browning on the railroad's agricultural development work in a special ceremony at Yorkville, Tenn. Also taking part in the ceremonies were Edward Jones, commissioner of agriculture for Tennessee, and O. B. Pope, president of the West Tennessee Artificial Insemination Association. A marker, unveiled by Governor Browning, was presented to the Illinois Central by the farmers of West Tennessee, and is believed to be the first erected in recognition of a railroad agricultural development program. It was designed in tribute to the first purebred bull furnished by the railroad to establish the first artificial insemination station at Yorkville in 1944. The program has been expanded by the railroad throughout its 14-state territory and today has 17 purebred bulls in artificial insemination service. Illinois Central bulls sired 13,600 calves during 1951.

onds to kill the frogs and spare them this misery. One outdoorsman commented, "Persons with this turn of mind should be banished to Siberia and I mean literally!"

At The Theatre . . .

"The Pride of St. Louis"
Joanne Dru's role as Dizzy Dean's wife in "The Pride of St. Louis," the comedy-romance based on the life of the fabulous Card hurler which shows at Halls Theatre on Thursday and Friday, July 3 and 4, has resulted in a long-term contract with Twentieth Century-Fox.
It followed a leading part opposite Clifton Webb in "Mr. Bel-

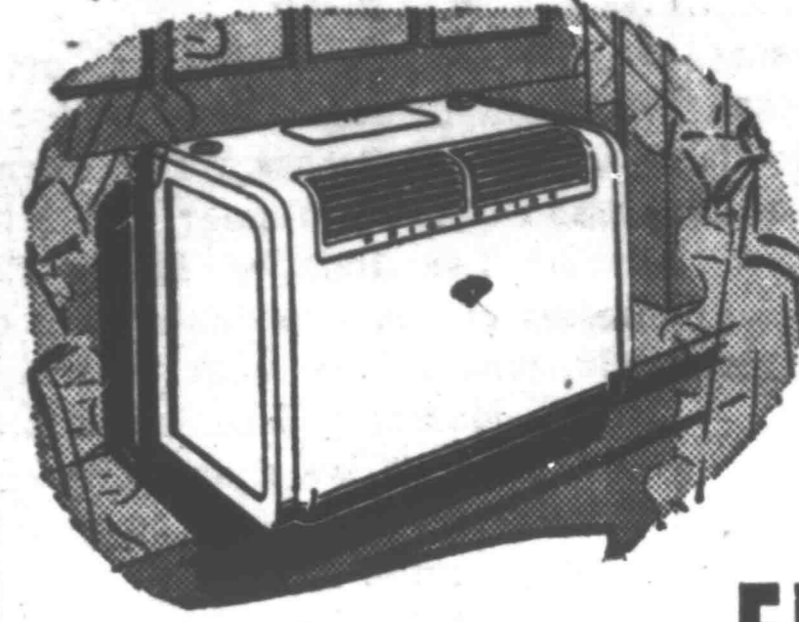

vedere Rings the Bell." The former West Virginia beauty co-stars with Dan Daily who plays the role of the zany Dizzy.
The picture which reveals many of the highlights of the colorful pitcher's life was produced by Jules Schermer and directed by Harmon Jones.

"Red Mountain"
Things are getting rougher for movie script writers all the time. In the old days, a celluloid author penning a Western specified grunts for an Indian, and they passed as genuine redskin dialogue. Today the public expects authentic Indian lingo.
To get it for Hal Wallis' "Red Mountain," the Alan Ladd Technicolor adventure showing at Halls Theatre on Sunday and Monday, writers John Meredyth Lucas, George F. Slavin and George W. George had to confer with Chief Long Bow, a full-blooded Pueblo who is an expert in Indian dialects. The lines were read in English to the Chief, who translated it into the language of the Utes, a tribe that figures in the action of this Paramount release.

It followed a leading part opposite Clifton Webb in "Mr. Bel-

It couldn't be done ...but Ford did it!

White sidewall tires, two-tone color combination illustrated optional at extra cost. Equipment, accessories and trim subject to change without notice.

For years car makers thought you couldn't equal the finest cars in quality unless you equalled them in price. This year Ford proves you can have a car that compares with the best...at a price that compares with the lowest.

START CONTROL OF BOLL WEEVILS NOW

Control of cotton boll weevils now will prevent costly infestation during the fruiting season, say U-T entomologists. The weevils are now emerging from hibernation, they point out, and are not yet present in serious numbers in most fields.

If the weather turns rainy, these "seed crop" weevils will rapidly build up to numbers requiring control, they warn. Growers are urged to check individual fields. If 200 to 300 weevils per acre are found, an application of insecticide is advised.

After the cotton begins fruiting, square counts for infestation should be made. If infestation runs as much as 10 to 15 percent,

ORDER OF PUBLICATION

TO RETA A. ASHLEY DUNAVIN
EUGENE DUNAVIN

vs.
RETA A. ASHLEY DUNAVIN

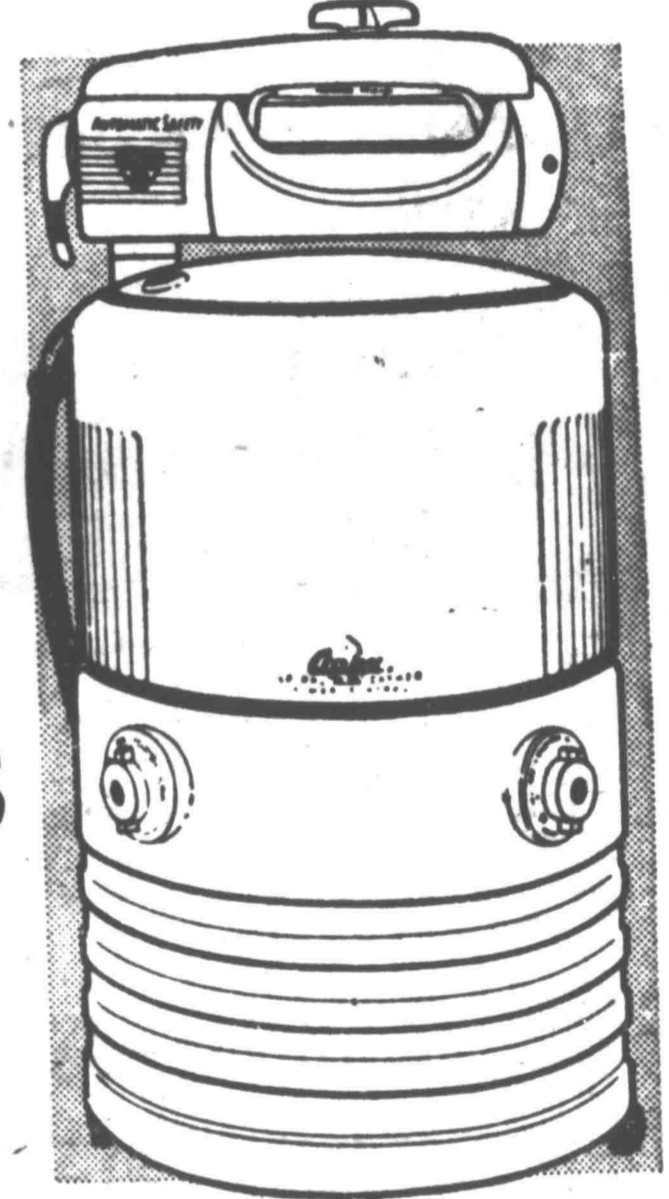

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant, Reta A. Ashley Dunavin, is a non-resident of the State of Tennessee, and resident of the State of Arkansas, so that the ordinary process of law cannot be served on her. It is therefore ordered by the Court that the said Reta A. Ashley Dunavin appear before the Judge of the County Court of Lauderdale County on or before the 3rd Monday in July (it being the 21st day of said month and a rule day of that term of this Court) and make defense to the bill filed herein against her, or the same will be taken for confessed as true and the cause set for hearing exparte as to her.

It is further ordered that this notice be published in the Halls Graphic, a newspaper printed and published in Lauderdale County, for four consecutive weeks requiring her to so appear.

This 9th day of June, 1952.

RAYMOND HALE IS WED AT CEREMONY IN CHATTANOOGA

In a ceremony performed at the Central Baptist Church late Sunday afternoon, Miss Mary Ann Ledford became the bride of Raymond Franklin Hale, Jr. The Rev. Charles L. Norton officiated, assisted by the Rev. Ansell T. Baker. The wedding music was presented by Miss Evelyn Gibbs, organist, and Miss Peggy Tillman, vocalist.

Mr. Ledford gave his daughter in marriage. She wore a chapel-length dress of chantilly lace and English illusion over satin. The yoke of illusion was embroidered in lace medallions and the bouffant skirt featured a lace applique pannier. Her fingertip veil of illusion fell from a half hat of lace over satin. The bride carried a bouquet of bride's roses centered with a white orchid and showered with Stephanotis.

Dresses Pale Pink
Miss Joan Speakman was maid of honor. Bridesmaids were Misses Bettye Ferne Brooks, Nancy Farmer and Marnie Wagner and Mrs. Robert Lee Hale of Halls. The dresses of the attendants were of pale pink nylon with matching stoles. Matching lace mitts and clusters of flowers on velveteen ribbons for their hair, completed their costumes.

They carried bouquets of shaded pink roses and blue delphinium. Suzanne Jackson, flower girl, wore a dress like those of the other attendants and carried a nosegay of roses and delphinium. Mike Peery of Halls served as ring bearer.

Robert Lee Hale of Halls attended his brother as best man. Groomsmen were John McNeil of Milan, Tenn.; James Chaney, James Peery, William Steelman, Wymond Hurt, Ted Perry, all of Halls; Sammie Smith of Brownsville, Tenn.; John Wiley of Knoxville and Joe Conyers of Gates, Tenn.

At the reception following the ceremony in the Chestnut Room of the Read House, Mrs. Ledford, mother of the bride, received in a gown of mauve lace with matching accessories and a corsage of rubrum lillies. Mrs. Hale chose a dress of lavender lace with white accessories. Her flowers were gardenias and Stephanotis. Those assisting at the reception were Miss Sue Tomlinson of Halls, Misses Dorothy Jordan, Jane Dickert, Betty Hennessee, Nancy Stone and Shirley Norris.

For traveling, the bride chose a white linen dress suit with matching accessories and the orchid from her bridal bouquet. Following a wedding trip to Daytona Beach, Mr. and Mrs. Hale will reside on College Street in Halls prior to moving to Memphis in the fall where they will both attend Memphis State College.

Others from Halls attending the wedding included Raymond F. Hale, Sr., Mrs. James Peery and Mr. and Mrs. F.W. Hurt.

Mrs. Douglas Collins, and Mr. and Mrs. Fleetwood Cates spent part of last week in Benton, Missouri with Mr. and Mrs. A. B. Cates. They were accompanied home by Sandra Cates who is spending several days here.

Mr. and Mrs. Tom Burks and children of Frayser spent Sunday and Monday here with Mr. and Mrs. Will Olds.

Mrs. Roy Hilliard, Sr. entered the Baptist Hospital in Memphis Monday for surgery.

Mr. and Mrs. Roy Ray and daughter of Memphis visited in the community Sunday.

Jerry Olds, Rodney Davis, Lowell Tillman and Billy Oates spent last week at the 4-H Club Camp in Martin.

Mrs. Alton Keith and daughters of Memphis spent part of this week here with relatives.

Mr. and Mrs. Troy Olds and Johnny spent one night last week in Memphis and attended the all-night singing at Ellis Auditorium. They also visited in the home of Mr. and Mrs. Fred Ward.

Miss Shirley Olds of Memphis and Malvin Bray of Tiptonville visited in the L. E. Olds home the first of the week.

Mrs. Genevieve Johnson of Jackson was a recent visitor of Mrs. E. M. Browning. Miss Allie C. Carr returned home with her for several days visit.

Cecelia Burks of Frayser is spending this week with her grandmother, Mrs. Harvey Olds, Tenn.

Mrs. Laura Francis Domm and children of Battle Creek, Mich. are spending their vacation here with her mother, Mrs. Harvey Olds, and Mr. Olds.

GARDENERS FIND FOOD PRODUCTION CONTINUING WORK

Now that the garden is beginning to pay off with a big variety of vegetables for the table, the gardener still can't sit back and enjoy it if he is to keep vegetables coming, say U-T garden specialists.

The gardener should plant kale or collards now for winter greens in a place that need not be turned before spring; turn land for late garden and keep it worked every week until it is planted in July or August; plant more snap beans, field peas, corn, bush butterbeans, tomato plants and okra; spread straw or grass around tomatoes, peppers, and egg plants that should bear until frost; keep the weeds out; destroy crops that have finished their growth to keep down

insects; and make light applications of nitrogen to crops that are growing too slowly, the specialists suggest.

GATES SUB-DISTRICT HAS MEETING

The Gates Sub-district held its regular monthly meeting at Halls. New officers for the coming year were elected with Halls presenting the program. The Rev. Goforth led in prayer.

It was voted to have the annual

picnic at Dyersburg Park on July 30th. At the Council meeting on June 19th at Halls, it was voted to move the Council meetings to Friendship for the coming year. It was also voted to send the president, Beck Clark, and the vice-president, Gene Patton, to Lake Shore Methodist Camp.

There will be a Sub-district meeting at Floyd's Chapel on July 7th.

You'll kick yourself November 4 if you don't register before.

"COWBOYS" CELEBRATE CHARLIE VIAR'S BIRTHDAY

A Cowboy Party —The dream of many little make-believe "cow punchers" came true Tuesday afternoon when Mrs. W. C. Viar, Jr. entertained at her attractive country home with a Cowboy Party honoring her son, Charlie, on his eighth birthday.

Jeans and as many accessories as each cowpuncher felt necessary made up the costumes of the guests, who took in the ranch, visiting every nook and cranny.

The toll of a huge dinner bell called "chow time" and hot dogs and coca colas were served until each little cowboy could hold no more.

The guest list included Bobby Phillips, Mickey Rooks, Douglas McGarrity, Pat Younger, David H. Hurt, Carey Alsobrook, Jerre Jordan, Jimmy Nunn, Garfield Parker, Tommy Dyer, Carmen Belton, Warren Nunn, Chuck Murchison, J. W. Warren, Jr., L. C. Cannon, Jr., Richard Hurt, Jerry Cribfield, Phillip Hurt, Phillip Cribfield, Jimmy Hinton, Steve and Eugene Pugh, Lynn Scott Vaden, Randy Clark and Charles Edward Moss, Dickey Collins, Bubba Ross and Edward Dalch of Dyersburg.

Those present were Susan Craig, Johnnie Sue Childress, Dathyl Leonard, Carla Higdon, Kay and Brenda Wyse, Janie Gilliland, and her cousin, Judy, Eddie Smith, Betty Jo and Alice Fern Parrish, Danny and Ronny Fitz-

hugh, Patsy Paschal, Betty Jordan, Kenny Hinton, Mike Peery, Pamela Weaver, Susan Perry, Bobby Webb and Linda Johnson of Edith. Betty Ann Vaden, Mariette Griffin and Patsy Perry assisted Mrs. Perry at the party.

3,000 STUDENTS ENTER SUMMER CLASSES AT U-T

KNOXVILLE—Approximately 3,000 students have enrolled for Summer Quarter classes at the University of Tennessee, announced U-T Admissions Dean B. F. Thomason.

Registration for the second term, which runs until August 23, will be held July 17-21. A total of 3,400 students are expected to enroll during the full Summer Quarter.

The summer students were welcomed to the University at a special convocation. U-T President C. E. Brehm and Vice-President Fred C. Smith were the speakers.

Farm accidents run high during the haying season and the wise farmer checks his equipment carefully before haying starts and is constantly on guard against accidents.

Sunday School Lesson

By Walter C. Davis, D. D., Tennessee School of Religion, University of Tennessee

(Mark 12:28-34; John 13:34; 15:10-14)

THE NEW COMMANDMENT

When a young couple gets married they do not work out a long set of rules to govern their marriage relations. It is possible to catalogue a long list of responsibilities and privileges, frame these and hang them in the house. If they really love each other they don't have to bother about specific rules and regulations. Love will cause them to keep the vows and seek each other's happiness.

So it is with the law of God. This new commandment of love given us by our Saviour covers all responsibility. We will want to do the very things the Ten Commandments point out, not because the law says thus and so, but because we love God and man. For that reason Paul said that love fulfills the law. Only Jesus could say he had truly kept God's law.

The world does not need a new code of ethics. No new social order will work any better than the one we have unless it rests on integrity. The one we have will last forever if it is run by honest persons.

What we need is a new birth of honesty and integrity. In other words, we need honest persons whose word is good and whose promises are kept. We need honest workers in the production line, and honest accounting on the part of management. We need honest men in public responsibility, honest advertising, honest payment of debts.

Jesus nowhere abrogated the Ten Commandments. He repeatedly said to those who came asking the way of life, "Keep the commandments." Concerning this moral law the following things are taught in the Bible:

1. His commandments are not grievous (1 John 5:3). They are not burdensome, not a set of rules to take the joy out of living.
2. We are to love this law (Psalm 119:113). We are to love it because it is God's law and reveals to us the blessed life.
3. Love is the fulfilling of the law (Romans 13:10). Christianity makes a difference. The difference is that we love God and man, our brother.

Many people do not know the difference. They think that all religions are alike. A fine set of rules, like the rules of the Boy Scouts or a service club or a secret order are good enough. A

philosophy or a rule of life of our own is not enough. We need some One else. We need the love of Christ in our heart.

Modern man is too self-willed. He can make his own rules, make his own morality. He supposes himself a little god, master of his own fate. He will "plan it that way" and so work out his own program and secure the blessed life. If he thinks of God at all, he thinks of Him as one to serve man.

Contemporary religion has gone along with this mad conceit of modern man. It has reduced the God it preaches to the level of one who is man's dear, doting

servant. "It has made God out to be a doting grandfather, a bestower of spiritual sweet-meats and celestial circus tickets, a grandfather who lets the children do as their little hearts desire and laughs indulgently at their pranks. Our age needs to reinstate God in His rightful place, or rather recognize the fact that He is on His throne, and so reinstate His authority and His law as the law of life.

An hour spent in cleaning up the remains of early vegetable crops can save two hours later in fighting bugs.

F. H. Paschal

(Continued From Page 1)
under the same brand name. Every company sells under a different brand name, but if the insecticide is designated by the name of the chemical, we will come nearer getting what we need for a particular job.

Social Security

(Continued from Page 1)
new formula.

However, a worker who retires from employment at this time may not immediately get the highest benefit rate to which his year and a half of social security wage credits after 1950 entitle him. As Mr.

Tipton points out, this is because his wages for January through March will probably not yet be reported to his social security account, and his wages from April through June will not be reported by his employer until July. He can accept a smaller payment now, and six months later ask to have his benefit amount refigured to include his wages for the six months before he retired. "If the additional wages increase his monthly payment, he will then get a check to make up for any underpayments," Mr. Tipton declares.
