Farm Bureau Women Plan Convention

Farm women from practically every county in the state will be on hand and participate in the 31st annual Convention of Tennessee Farm Bureau, reports Mrs. P. M. Parker, chairman of the Lauderdale County Farm Bureau Home & Community Department. The convention will be held in Nashville, November 16-19. One of the main convention features is sponsored by women of the Home and Community Department, Mrs. Parker stated. It is the state finals in the annual Farm Bureau Community Chorus Festival. This year, as in the past, three community choruses from each grand division of the state will participate in the finals to be held on Sunday night, November 16.

The Home and Community Department also will be in charge of Sunday night vesper services, first feature on the convention program.

On Monday, November 17, farm women representing over 45,000 farm families in Tennessee will convene in a special session, Mrs. Parker explained, to study Home and Community Department progress reports, appraise last year's program, and plan a program for 1953.

One of the South's leading women journalists, Miss Iris Davenport of Farm and Ranch magazine, will address the women's conference on the subject "You Are Important."

Four of Tennessee's outstanding farm women will be members of the all-important Tennessee Farm Bureau Resolutions Committee. They are Mrs. Homer Todd, Crockett County, Mrs. George Gooch, Rutherford County, Mrs. Bradley Qualls, Overton County, and Miss Sally Maines, Green County.

Farm women realize, as never before, the important role they must assume to help make rural life better, Mrs. Parker concluded, and the annual state convention offers an opportunity to plan an effective program as a basis for their departments work.

TENN. RANKS 26TH IN SALE OF "DUCK STAMPS"

Tennessee stands 26th among the 48 states and possessions and territories in the sale of Federal "duck stamps" for the fiscal year ending June 30, 1952, according to the U. S. Fish & Wildlife Service. Tennessee sportsmen purchased 31,137 stamps, an all-time high. The previous high Tennessee total of 25,752 was sold in the 1950-51 signature written across the face.

Sold for \$2 at post offices, the proceeds from duck stamp sales help finance the Federal Government's waterfowl refuge and law enforcement programs. Every individual over 16 years of age who hunts migratory waterfowl is required to have on his person a stamp of current issue with his fiscal year.

Sportsmen who plan to hunt waterfowl this season are urged to buy this stamp early.

Go To Church Sunday.

TO FORM CUB SCOUT PACK IN HALLS

Henry Holland, Scout executive of Jackson, was in Halls Tuesday night to meet with a group of parents and boys to undertake the forming of a Cub Scout pack in Halls. Some seventeen boys have indicated their desire to become members of the pack. Ages are 8, 9 and 10. Neil Luion, Jr., will be Cubmaster.

FARMERS' SHARE OF THE FOOD DOLLAR

By Charles Peal, Ass't County Agent (About 52 cents of every dollar consumers spent for farm foods this year, on the average, went to pay marketing charges made after the products left the hands of the farmers. Farmers received an average of 48 cents of the food dollar.

Let us examine some of the specific food commodities which the farmers produce. On meat products the farmers receives 63 cents while the marketing system gets 37 cents. The farmer receives 62 cents out of the poultry and egg dollar, 55 cents out of the dairy products dollar, but only 37 cents out of the fruit and vegetable products dollar. In other words cattle, poultry, and dairying are still a profitable enterprise depending on the farmers production cost.

Variations in the farmers' share reflect in part the differences in costs of transportation, processing and other marketing services involved in marketing the different products.

Social Security

Any person who has been in work covered by social security continuously since January 1, 1951, and is now 65 years old or over, is now insured and eligible for benefit payments, if he retires, Joe P. Tipton, manager of the Dyersburg office said today.

The 1950 changes in the social security law make it possible for many persons in the newly covered groups to qualify for retirement benefits for the first time, Mr. Tipton said. These groups include the self-employed, regular domestic workers, regular farm workers, and others.

To get payments based solely on work brought under the law as of January 1951, these wage earners and self-employed persons must be covered by social security for at least six calendar quarters — about a year and a half — after 1950. The size of their monthly benefit payment will depend on the average monthly wage from employment or income from self-employment after 1950.

Benefit payments to a retired worker will range from \$25 to \$85 monthly. Monthly benefits to a retired worker and his wife

ORDER OF PUBLICATION

TO CHARLES HAYDEN GRACE BEST HAYDEN vs.

CHARLES HAYDEN In the County Court at Ripley, Tennessee.

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant, Charles Hayden, is a non-resident of the State of Tennessee, and a resident of the State of Louisiana so that the ordinary process of law cannot be served on him. It is therefore ordered by the Court that the said Charles Hayden appear before the Judge of the County Court of Lauderdale County on or before the third Monday in November (it being the 17th day of said month and the fifteenth day of said term of this Court) and make defense to the bill filed herein against him, or the same will be taken for confessed as true and the cause set for hearing exparte as to him.

It is further ordered that this notice be published in the Halls Graphic, a newspaper printed and published in Lauderdale County, for four consecutive weeks requiring him to so appear.

This 13th day of October, 1952. N. C. UTLEY, Clerk C. S. CARNEY, JR. Atty. for Complainant

REV. JAMES KELSO TO PREACH AT POPLAR GROVE

Mr. Tipton suggested that persons anticipating retirement talk their situation over with the Dyersburg social security office. Their retirement date might be very important in deciding the amount of their future benefits.

He also stated that informational pamphlets describing the new amendments are available in his office without charge. "It's important," he said, "that everyone who is covered by social security be familiar with their rights and privileges."

CLOSED SEASON HUNTING VIOLATIONS

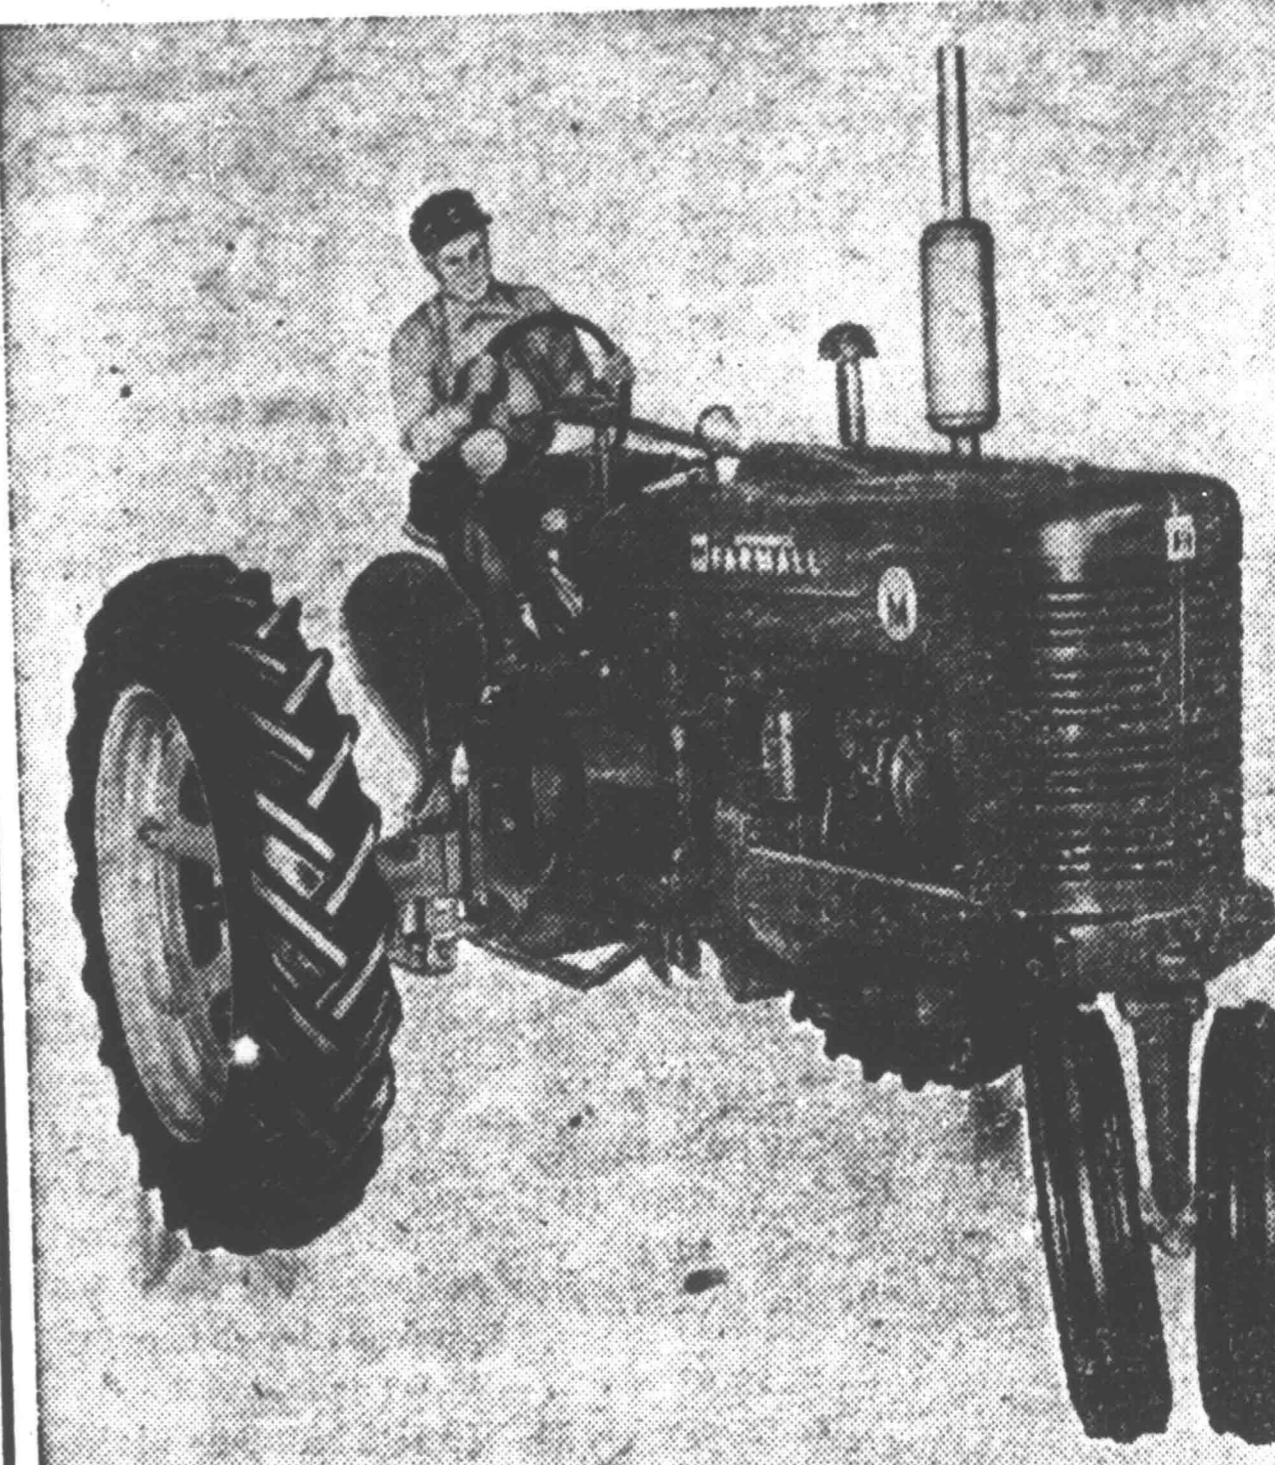

Conservation officers of the State Game and Fish Commission made a total of 340 arrests for violations of the Game and Fish Code during the month of September. Hunting during a closed season was the most frequent violation. Fines resulting from these arrests amounted to \$4,793.26.

The Rev. James Kelso will preach at the Poplar Grove Cumberland Presbyterian Church next Sunday, November 9th, at the 11 o'clock hour. The Rev. Kelso is a former pastor of the church. He has only recently returned to the States after serving as a missionary in South America.

SOUTHERN BELL'S AID AND GROWTH IN RURAL AREAS

Good progress in providing modern telephone service to meet the growing needs of Tennessee's farmers in the areas of the state that Southern Bell Telephone Co. serves was reported today by Manager Roger Ganier.

Southern Bell is now furnishing service to more than 73,000 telephone users in the rural areas of Tennessee, as compared to approximately 27,000 at the end of 1945. This rapid increase has more than kept pace proportionally with the unprecedented growth in the urban areas during the same period. According to Mr. Ganier, during the past 6 1-2 years the

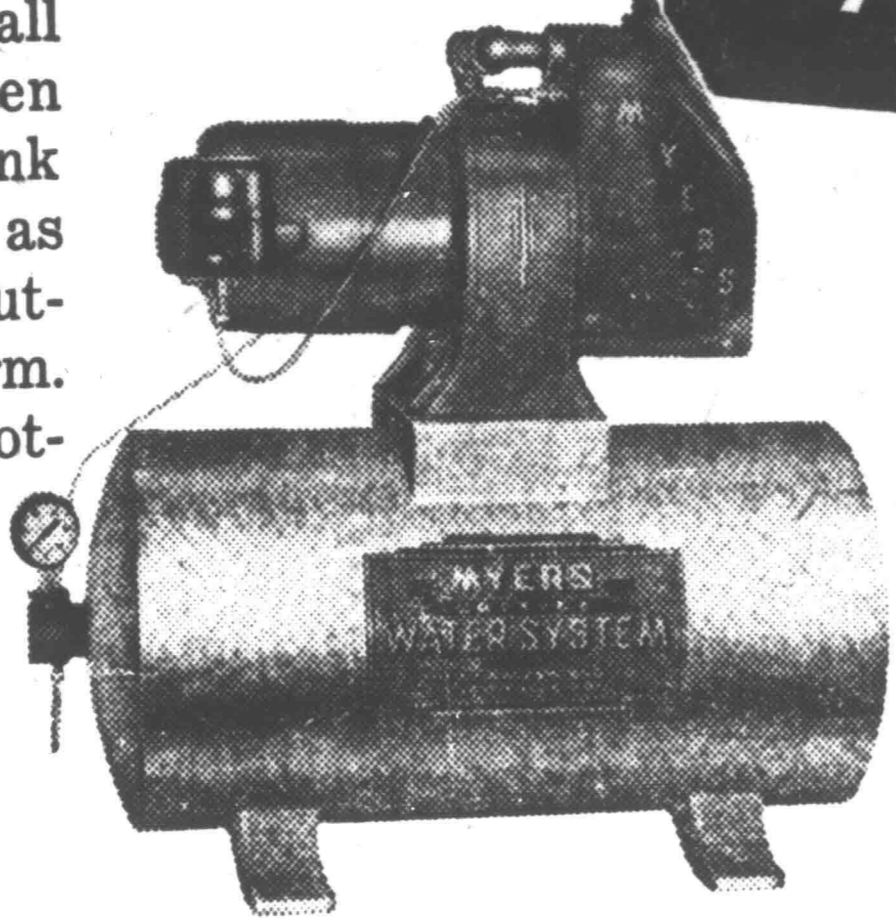

company has spent more than \$113,000.00 in providing new and improved facilities for its rural and urban telephone users. Many of the farm homes which have been provided with Southern Bell service during the past few years, formerly received service over farmer-owned telephone systems, which were built, owned and maintained by the farmers themselves.

Most of these neighborhood lines were of the 1-wire, ground-line type that could be made to give fairly satisfactory service where there was little or no interference in transmission from electric lines in the community. As power lines were extended throughout rural areas in the state and particularly where they were located on the

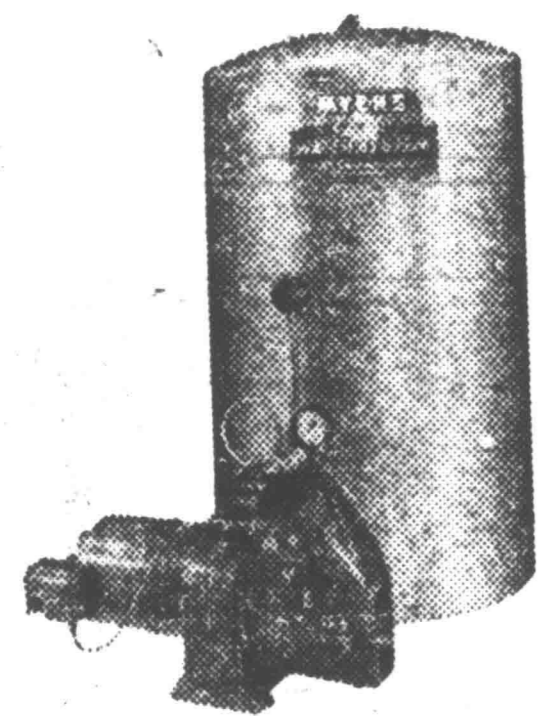

IT COSTS SO LITTLE TO OWN A MYERS QUALITY WATER PUMP

EASY MONTHLY TERMS available on every Myers water system

For deep or shallow wells including drilled, open or small diameter tubular or driven wells. Compact for under-sink installation if desired. Ideal as a supplementary pump for out-buildings or livestock on a farm. Recommended for lodges, cottages, summer resorts. Size: 1/3 hp; 12 gal. tank capacity. Requires almost no servicing—install it and forget it.

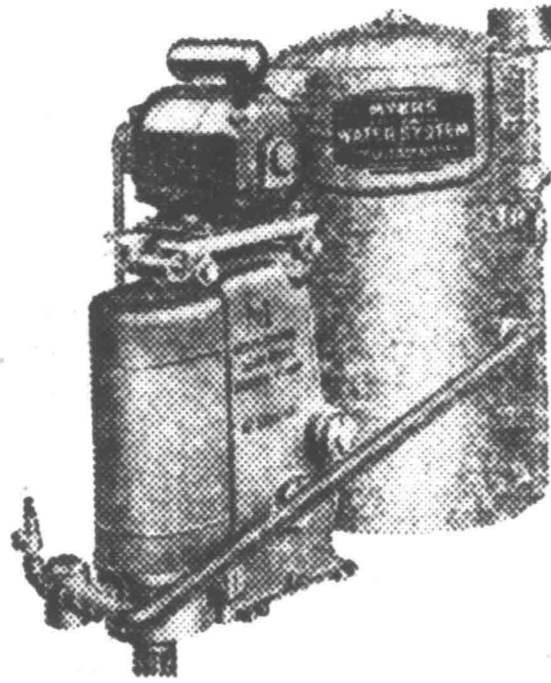

Complete installation on easy monthly terms

The popular, dependable Myers "HN" Ejecto Water Pump. Only one moving part. No lubrication required. For shallow or deep wells (easily converted if you move pump to another well or water level drops). Completely automatic. Electric motor or gasoline engine driven.

Complete installation on easy monthly terms

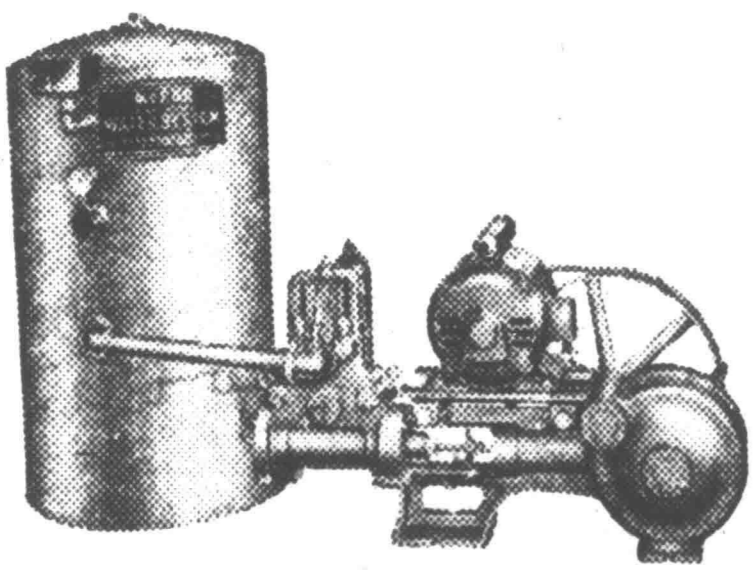

Self-oiling, deep well gear pump with working head in the well. Tried-and-proved on thousands of installations. Available with or without air compressor for pressure tank or gravity service. Three sizes: 6", 9" and 12" strokes. For wells 25 feet or deeper. Capacities to 3480 gallons.

Complete installation on easy monthly terms

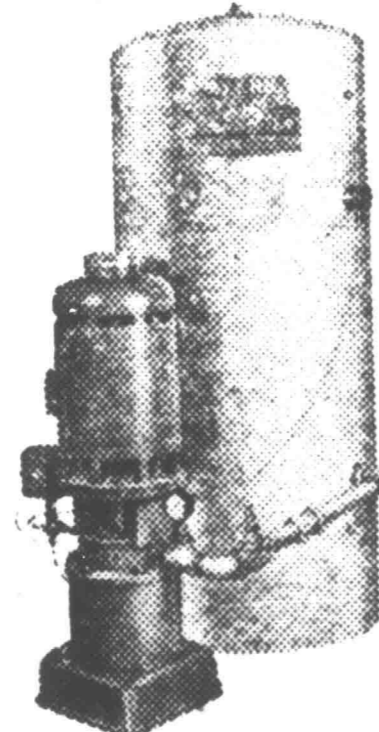

One of the most popular, most sturdy plunger-type water systems ever built. Self-oiling and completely automatic. Ideal for small homes or farms where suction lift is not over 25 feet. Capacity: 340 gallons per hour.

Complete installation on easy monthly terms

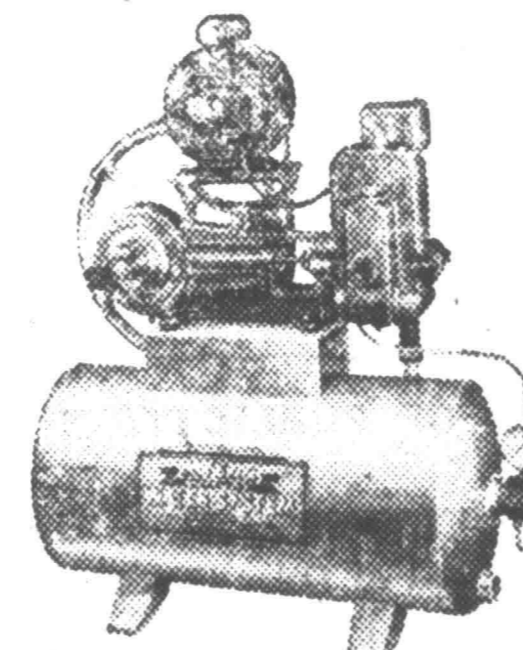

Bulldozer power pump—a heavy duty, high pressure, self-oiling pump for irrigation work or where large quantities of water are required. Capacity range from 500 to 4000 gallons of water per hour against a pressure of up to 100 lbs. or 230 feet maximum head.

Complete installation on easy monthly terms

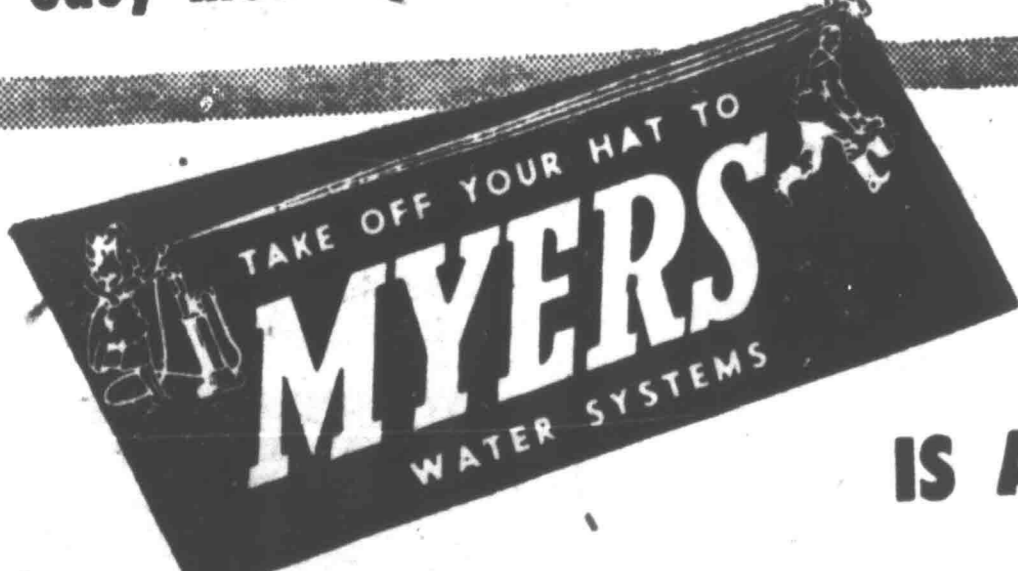

"Deeplift" Ejecto water system for heavy duty deep well service from 100 to 300 feet. Can be installed on or away from well. No well pit required. Up to 3 hp. Capacities to 1150 gallons per hour.

Complete installation on easy monthly terms

Budget-priced self-oiling gear pump for shallow wells (25 feet or less). Compact for under-sink installation. Completely automatic. Accessories are same as those used on higher priced systems. Capacity: 250 to 340 gallons per hour. 12-gallon tank.

Complete installation on easy monthly terms

Use Corn Bread Stuffing to Make Pork Chops Tasty

Cool weather is with us again, and we are all looking for good, rich, tasty main dishes. Here's a recipe that combines economy with the greatest taste pleasure imaginable. Pork is among our least expensive meats this year, and you can use up the leftover corn bread, too. Serve with a good green vegetable, and your meal is complete. An oven dish like this one saves lots of work, too. Pork chops with corn bread stuffing will satisfy all the family. They are just the thing for a cold winter night.

PORK CHOPS WITH CORN BREAD STUFFING
 1/4 cup chopped onion

1/2 cup bacon fat or melted butter
 4 cups stale corn bread
 1 teaspoon salt
 1/2 teaspoon poultry seasoning
 1/4 teaspoon pepper
 6 double pork chops, cut for stuffing

Brown onion in fat. Crumble corn bread coarsely and combine with remaining dry ingredients. Add fat and onion and mix carefully. Stuff into pork chops, tie closed (or lace around trussing pins) and bake, uncovered, in a moderate oven, 350°F., 1 hour, turning once. (Add 1/4 cup water after both sides are browned, if needed.) Bake excess stuffing in shallow buttered pan. Yield: 6 servings.

same side of the road paralleling the grounded telephone lines, transmission difficulties in many cases increased to the point where many of these farmer lines were abandoned by the owners.

The telephone poles of these privately owned systems were generally locally cut, untreated timber with a short service life. The farm owners were not skilled telephone people and the maintenance of the lines was not generally sufficient to keep them in the best working condition and they, therefore, often began to deteriorate soon after construction.

Most of the owners of the privately owned systems did not attempt to set aside funds for the replacement of deteriorated property which contributed to the wasting away of these telephone facilities.

A number of severe storms in the late 1930's and early 40's almost completely destroyed many of these farmer lines and small mutually owned systems as well as a number of small commercial telephone systems; the owners in many cases were either unable or were not inclined to rebuild such systems, often due to their inability to purchase the necessary materials, particularly during and immediately following the second world war.

All of the cumulative influences, above mentioned, resulted in a considerable decrease in the number of telephones in rural areas during the 1930's. Many of these farmer-owned systems in Tennessee have, however, consistently kept their facilities in satisfactory condition throughout the years and the owners are still receiving a good grade of service.

Southern Bell has encouraged the owners of these farmer lines to retain them and have furnished them technical advice and assistance where desired in order that they may be kept in satisfactory working condition.

Southern Bell's extensive program of furnishing service in all of its rural areas in Tennessee has required a great deal of advance study and planning. Studies have been made of the sections of every county in the state where the company operates and residence and business establishments of those desiring service have been located on a county map. Those who formerly received and are still getting service over farmer-owned systems are, likewise, located on such a county map.

From such information developed and recorded the amount and type of telephone facilities required to serve the various rural areas are determined, which include cable, wire lines, central office equipment, etc.

The continual addition of new telephone users, both in rural and urban areas, has made service much more valuable to all telephone users in that so many more people can be reached by telephone. For example, since 1945 the number of telephones in Tennessee have increased from 322,853 to 618,106, or practically doubling in number in a little more than 6 1-2 years.

Mr. Ganier concluded that Southern Bell is proud of its record of providing service to families living in rural areas, as well as to those living in towns and

cities, and hopes and expects to be able to continue its broad expansion and improvement program at the present going rate until everyone desiring service may obtain it.

4-H Record Books Must Be Filed

Now is the time to complete and turn in your project record books. If you have kept your record book up to date during the year, all you will have to do now is put some finishing touches to it in order to have it ready to turn in at the November meeting.

The better records in each club will be selected and the boy or girl given a prize. County medals will be awarded to those members who have accomplished the most in a project or activity. It is an honor for a 4-H member to merit a county medal. Records are not hard to keep, so do a good job and turn in a neat and accurate one.

We will work on record books at your November meeting, so be sure and complete your record and bring it to the meeting.

One Tomato Plant
 Mrs. Clara Brown of Central needs only one tomato vine to supply her needs as well as those she gives away.

Early this year three volunteer tomato plants emerged near the

sidewalk in her back yard. She pulled two of them up leaving the more healthy one. Mrs. Brown put some chicken wire around it to protect it while small. She added some rich chicken manure around the base of the vine which caused it to grow rapidly, so fast in fact that she was continually adding stakes to support it. Since the plant was in a place where Mrs. Brown prepared many of her vegetables it received much of the water she used. This along with the fertilizer accounted for its rapid growth.

The plant started producing in June and has never let up until last week when it was killed by frost. It grew to about ten feet high and five feet across. Mrs. Brown estimates that the plant has produced at least two bushels of tomatoes.

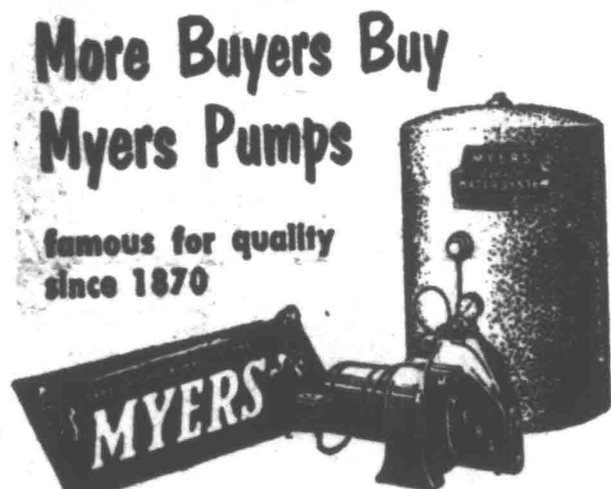

It seems that almost any family could have a vine like this at their back door. At least it would save a few steps when someone has to get up from the table and go after a tomato.

Got running water for your farm animals?

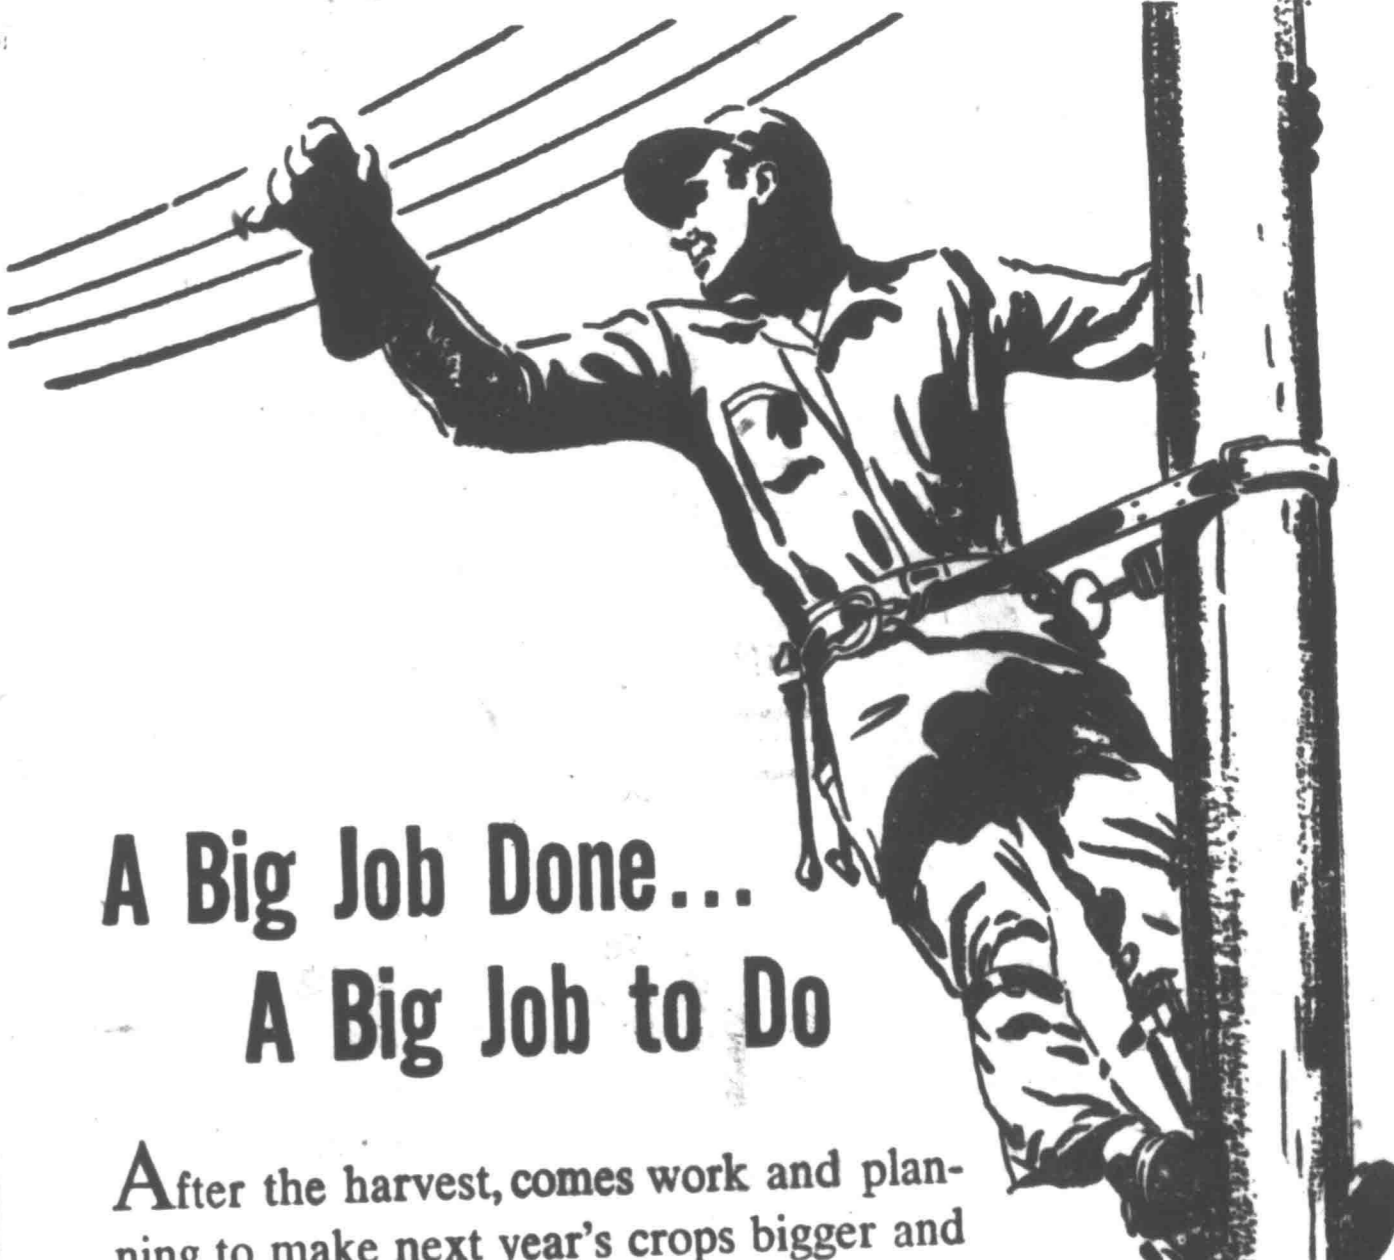

When water is available to dairy cows at all times, milk production can be increased from 10% to 22%. Egg production can be increased 10% to 20% with automatic waterers. Beef and pork production can be upped 10% to 20% when fresh water is constantly available.

Let us give you a free estimate on a Myers Pump for watering livestock. Easy monthly terms.

Complete water service. We install and service what we sell.

BELTON ELECTRIC SERVICE
 Phone 5693 or 4842 Halls, Tenn.

A Big Job Done... A Big Job to Do

After the harvest, comes work and planning to make next year's crops bigger and better. We in the Telephone Company are working and planning, too, for another big crop of rural telephones.

In the past six years, rural telephones have more than tripled in the area served by Southern Bell. And the service is faster and better.

There's still a big job to do—one that takes a lot of money, much experience and time... but you can count on us to keep it moving.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

Confidential Corner

Matt 9:1-9; 35-38

"The Compassion Of Jesus"

Everyone should read the appointed Bible lessons before reading these comments. In this lesson the Great Physician of the soul becomes the physician of the body.

When the Pharisees met sinners they set up a courtroom and were

ready for a trial. When Jesus met it, He acted like a physician; He was ready to heal.

Dan Poling in "Faith is Power" says: "At least nine-tenths of all the recorded acts of Jesus have to do directly with the physical. Jesus acted as though He believed that He got men and women ready for Heaven when He prepared and made them fit to live with their fellowmen in the world. He also acted as though His spiritual message, His food for the soul, should wait until the body's hunger had been satisfied or its sickness cured."

A helpless man was brought to Jesus. The faith Jesus commanded

SERVING AS LOYAL CITIZENS THROUGH 4-H

Boys and girls who enroll in 4-H Club work soon know the joy of tangible accomplishment at home, on the farm, and in the community. This reproduction of the 1953 4-H Club calendar painting symbolizes their efforts—a real contribution to the nation's economy. On 4-H Achievement Day, observed November 8 this year, such youthful efforts merit recognition from all who appreciate the value of sound citizenship training.

was the faith of those who brought him—showing the worth of intercessory prayer. The man himself was evidently discouraged for Jesus said to him, "son, be of good cheer." He was like some sick people we have known who gave up and despaired. Who has not suggested to some sick friend that he will get well, and see the sick one shake his head as if in deepest despair. You can easily imagine, as you read this account, that friends had said to this helpless man, "We'll take you to Jesus. He will make you well." An then the sick man saying, "Don't bother. It is no use. There is no hope for me." But love triumphed and he was brought to Jesus.

An American soldier was stationed in India during the war, where he saw much dire poverty and many starving. When he came home his parents invited in all his brothers and sisters and made a feast. When he saw the table loaded with roast turkey and all the fixin's, he suddenly rose from the table saying: There comes to me visions of the starving people

of India, and it makes me sick at heart. I cannot eat.

Another wrote home saying that he became literally sick at the sight of such widespread suffering, and that he could not enjoy his own food. After a few weeks he wrote again saying that a fellow could get used to most anything for now he could stand on the street corner eating his own candy-bar while natives lay on the ground starving to death before his very eyes. Can we forget so easily, and become so hardened that we do not care?

Our danger today, as we hear so much of the world's suffering, is to become hardened and lose our compassion. Jesus never became hardened. Note how He went about all the cities and villages, teaching in their synagogues and preaching the gospel of the kingdom, healing every disease and every infirmity."

THE AMERICAN LEGION
HALLS POST NO. 161

"Freedom of the Press"

what does it mean to YOU?

Southern High School Students Are Writing Essays On This Subject Now... Three Will Receive \$1,000 LION OIL SCHOLARSHIPS

Freedom of the Press is particularly significant during election week. But—as one of the foundation stones of our democracy—it is important to America every week of every year... a good thing for youngsters to think about seriously and talk over with their parents.

Right now, thousands are doing just that. For "What Freedom Of The Press Means To Me" is the subject for this year's second Lion Oil Student-Essay Contest. Three winners will be awarded \$1,000 college scholarships in this contest. Forty-five other students will receive \$25 cash awards. Forty-eight teachers who sponsor winning essays will also receive cash prizes.

In four student contests this year, Lion Oil will award a total of twelve \$1,000 college scholarships and three hundred and seventy-two cash awards.

In addition, six \$1,200 scholarships will be awarded in two separate essay contests for teachers... one of which is now in progress.

This is all part of a scholarship program that provides worth-while educational grants for Southern students and teachers. For we of Lion Oil Company are sincerely interested in the progress of the South. And since education is one of the keys to that progress, the Lion Oil Scholarship Fund is our way of showing faith in the Southern communities in which we work, build, live.

STUDENTS... Your thoughts on this subject may win a \$1,000 scholarship! Second Lion Oil Essay Contest Open Now!

REMEMBER... Judges give more credit to your ideas than to your literary skill. Talk to your teacher, friends, family—show them this announcement. You may come up with the winning ideas.

ELIGIBILITY... All high school students attending any public, private, or parochial school in a county where Lion petroleum products are sold at the sign of the Lion are eligible to enter.

HOW TO ENTER... Write your essay, in 500 words or less, on "What Freedom Of The Press Means To Me." Have it approved by your teacher and submit it to: Lion Oil Scholarship Fund, El Dorado, Ark.

CLOSING DATE... This contest closes midnight, December 15.

NEW ZONING SYSTEM... This year the Lion scholarship contest area is divided into three zones. You compete only against students from your zone. Prizes for each zone are a \$1,000 college scholarship and fifteen \$25 merit awards—a total of three \$1,000 scholarships and forty-five merit awards for all three zones.

ASK YOUR PRINCIPAL for the Student Rules Booklet, or write the Lion Oil Scholarship Fund.

Remember, this contest closes Dec. 15, so don't miss your chance to win a \$1,000 college scholarship... start your essay now!

BAPTIST WMS HAD MEETING MONDAY

The W. M. S. of the Halls Baptist Church met Monday afternoon at the church with eighteen members present.

Mrs. D. C. Warren, president, called the meeting to order and Mrs. Edgar Crichfield led in prayer. After the business meeting the devotional was given by Mrs. E. J. Shannon and Mrs. Paul Griffin.

Mrs. Loyd Elens was program leader, the theme being "Awakened Nigera Learns to Love." Others taking part on the program were Mrs. Wymond Hurt, Mrs. Stuart Crichfield and Mrs. D. R. Nunn. Prayer was by Mrs. A. B. Witt.

It was voted to meet at two o'clock on the first Monday of each month during the winter months.

Deferment Data Must Be Filed NASHVILLE — Colonel J. B. Elliott, State Director for Selective Service, Nashville, Tenn., said that "when frost is on the pumpkin" and fodder's in the shock" time had arrived for farmers who are registered with Selective Service to take stock of what they had produced in 1952 and what they proposed to produce in 1953 and submit same to their local board in order that their claim for a farm deferment for 1953 may be properly considered.

Colonel Elliott said that the local board was by an Act of Congress charged with the registering, classifying and inducting of registrants and that their decision, subject to appeal, were final. He also stated that he hoped to indelibly impress on the minds of all registrants that a local board office is an office of record and that their claims, that is, information they furnish supporting their request for deferment, must be in writing and in the file at the time the local board in session awards them a classification.

The reason for this is that all cases are subject to an appeal by the registrant, by the appeal agent, by an employer, by the State director or by the National director, and when the case goes to the appeal board, they certainly will not have anything, except what is in the file on which to

base their decision. Colonel Elliott also stated that local boards had the necessary blanks on which registrants requesting farm deferments may recite their claims. The local board will mail one of these blanks to each registrant who now enjoys a farm deferment. If you have not received this form, apply to your local board. Those who are not deferred as farmers and wish to be considered for such a 1953 crop will have to apply, either by mail or in person, to the local board for this blank. All blanks should be completed and filed in the local board not later than December 1, 1952. It is hoped that during the month of December each man requesting a farm deferment by accomplishing the blanks referred to above will be classified and have a notice of his classification. In case he is not satisfied with the classification awarded him, he has the "right of an appeal," provided it is taken within ten (10) days.

Since all information must be in writing, it is not worth anything for registrants and their friends to personally call an individual member of the local boards.

Be sure that all your claims are in writing and are in the file and that you exercise your right of appeal provided you are not satisfied with the classification awarded.

THINK ON THESE THINGS!

"In the beginning God created the heaven and the earth"—afterward God said, "Let us make man in our image, after our likeness" — then "He breathed into his nostrils the breath of life and man became a living soul."

Created in the image of God and endowed with immortality, the soul of man can never die. Before each soul there openeth two ways the highway and the low.

The highway is the "straight way, and narrow is the gate" which leads to where is heard the welcome "well done, enter those into the joys of the Lord," there to dwell in the "house of many mansions." "Eye hath not seen, nor ear heard, neither hath it entered into the heart of man, what the Lord hath prepared for them who love Him."

The low way "which leads to destruction," for broad, broad is the way, and wide is the gate that leads to destruction to where is heard the dreadful doom, "Depart from me into everlasting fire prepared for the devil and his angels. Where the worm dieth not and the fire is not quenched. There shall be weeping and wailing and gnashing of teeth."

This for those who deny God and defy His laws "Think on these things. For God so loved the world that He gave His only begotten Son that whosoever believeth in Him should not perish but might have eternal life." We must believe in God, not only as a supreme Being, a higher power, but as a loving heavenly Father—and in His son, Jesus, as the Sav-

our. Belief, Faith "Without Faith it is impossible to please God. We must feel that we are sinners without God, without hope, and in need of Divine grace, "For by Grace are ye saved through Faith." We must repent, "Unless ye repent, ye shall all likewise perish." In our sorrow for sin, we may cry, "God be merciful to me, a sinner." "He that cometh to Me, I will in no wise cast out."

"With the heart man believeth, with the mouth confession is made into salvation." It is in this life only, we can choose, the highway or the low-way — Heaven or Hell. Think on these Things!

— Mrs. B. F. Chambers

SCHOOL NEWS

(Continued from Page 1) our room. We now have an enrollment of 35. III - Lucas We had so many surprises last week. We would like to thank Mr. Peery for the lovely story books that we got for our library. Elizabeth Stevens spent the weekend in Cairo, Ill. with her aunt. We welcome James Moore to our room. He comes to us from Fulton, Kentucky. We would like to thank our room mothers and all our parents for making our Hallowe'en Carnival a success.

Betty Mills had a birthday Oct. 31. We sang "Happy Birthday" to her on Monday. III - McDearman The Hallowe'en Carnival is over and we all had a good time. Thanks to our Room Mothers, parents and everyone who had a part in making our Third Grade Booth a success. Our room mothers are Mrs. Blankenship Williams, Mrs. V. Ponder and Mrs. L. C. Cannon. Thanks to Mr. Peery for giving us permission to spend \$15 for Room Library Books. We selected some very attractive books. We have learned as a Choral Reading the poem "Autumn Leaves." During Sharing Period Monday Anna Ray Hurt told us she is

proud of her "New Baby Brother." Black Cat; Rose Cannon, Ghos; Barbara Morgan spent the weekend in Jackson. Many of our group reported weekend hikes to the woods to gather nuts. IV - Ferguson We missed Judy Brandon and Jimmy Lee Jackson Monday. They were absent due to illness. Jimmy Walpole celebrated his ninth birthday October 29th. Happy birthday, Jimmy. Harold Cole spent Sunday in Milan and Clyde Allen spent Sunday in Memphis. We are learning the poem "November" by Christine Grahame. Rebecca Carson, Lynne Stallings, Maxine Burroughs, Allen Chipman and Jimmy Walpole received headmarks in arithmetic this week. We wish to thank our room mothers, Mrs. Roy Brandon, Mrs. David Hurt, and Mrs. William McGarrity, for their untiring efforts in making the Hallowe'en Carnival a big success. (Marilyn and E. argelne Gibson visited friends in Mississippi Sunday. Larry Parker was in Memphis Sunday and Chuck Murchison made a tour through four states Sunday. V - Hooks - Seates Friday night at the Hallowe'en Carnival the Fifth Grade had the Spook House and the Bakery. In a trial election held Tuesday in the room for the President of the United States we found that Stevenson carried by a large majority. We are studying Freedom of Voting. We are glad to have several new books in our room now. James Stevens went to Cairo Sunday, and Jimmy Nunn and Gene Pugh went to Goose Hill. V - Murchison We thank our grade mothers who were so kind to help in the Fifth Grade Booth at the Hallowe'en Carnival. Two of our class were selected at the Carnival for the best costumes—they are Pamela Rhodes and Dawn Robertson. Several of us have been absent from school because of illness. VI - Hilliard We want to thank all the Sixth Graders that brought candy for our Hallowe'en Carnival. We also want to thank our room mothers, Mrs. H. H. McBride, Mrs. J. J. Ferguson and Mrs. David Nunn. We have had a very full week and we have enjoyed it. We had a play Friday afternoon. The characters were: Lindell Baker, Sarcrow; Alice Savage, Witch; Jerry Tomlinson, Jack-O-Lantern; Henry Bishop, Bat; Robert Meeks,

expensive to get it back in operation on a satisfactory basis next year. Some farmers say they do not have enough shed space for their machinery, but that paint provides a lot of protection against the weather. Many times, however, we note that the person with the least amount of shed room for machinery also uses the least paint to protect his equipment against the weather. The putting of paint and oil and other rust preventatives on machinery and putting it in the dry will just about double the life of high priced equipment. Machinery Sheds Pay Sheds for machinery need not be expensive. Rough poles put in sheds with complete list of material for a metal roof and metal siding is entirely sufficient. We shall be glad to provide plans for these sheds with complete list of material.

From where I sit... by Joe Marsh

Rip Says You'll Save Up to \$50!

Rip Robinson, our town's tractor expert, says you might already know about them, but he suggests these tips on saving tractor fuel. Says Rip, "The right carburetor setting alone can save you 100 gallons of fuel a year. Just make sure the stop-screw is set right. Don't let your engine idle unnecessarily, either. Check your air cleaner every day or so. "When you can," advises Rip, "pull two implements together—like a disc and a soil-packer. If you're cultivating or planting, shift to the highest gear that will pull the load. This could save you up to 5 gallons a working day!" From where I sit, using your head a bit—a little precaution—can make a big difference in just about any kind of an undertaking. Like our beer retailers who voluntarily co-operate with the Self-Regulation Program sponsored by the Brewing Industry. They keep their taverns "running right"—knowing they'll go a lot farther—as businessmen of the community.

Mr. Viar says. They will represent the over 44,000 farm families who belong to Farm Bureau organizations in Tennessee.

The convention promises to be one of our best, Mr. Viar predicted. It includes an excellent group of speakers including Gov. Gordon Browning, Governor-Elect Frank Clement, Allan B. Kline, president of American Farm Bureau Federation, Dr. Raymond R. M. Hamby, president of Oklahoma Farm Bureau, and O. V. Wells, chief, Bureau of Agricultural Economics, U. S. Department of Agriculture.

The women's session will be addressed by one of the South's leading women journalists, Miss Iris Davenport of Farm and Ranch magazine.

Mr. Viar said some very important conferences are scheduled. Directors and officers for the coming year will be selected and a set of resolutions will be adopted. These resolutions lay down a policy for Farm Bureau to follow next year.

Sunday night will mark the finals in Farm Bureau's annual chorus festival. Monday will be devoted to commodity and departmental conferences. Tuesday's program will be filled with reports of progress and speeches. Gov. Browning

will speak on the Wednesday morning program, while the voting delegates will adopt resolutions on Wednesday afternoon.

The convention will be concluded with a mammoth banquet and an address by Allan Kline on Wednesday night.

Farm Bureau members from Lauderdale County who will attend are: Mrs. W. L. Barbour, Mr. and Mrs. W. A. Sanford, Mr. and Mrs. Lynn Hargett, Mr. and Mrs. Horace Duncan, Mr. and Mrs. E. L. Cannon, Mrs. Betty J. Griggs, Mr. and Mrs. S. I. Taylor, president of Oklahoma Farm Bureau, and O. V. Wells, chief, Bureau of Agricultural Economics, U. S. Department of Agriculture.

WINTERIZING CAR INVOLVES COMPLETE CHECK

Winterizing your car is a job which involves more than just pouring anti-freeze into the radi-

ator, in the opinion of an official of a leading automobile manufacturer.

"Too many motorists make the mistake when they add anti-freeze solutions of not checking all parts

of their car which might cause trouble during the cold months," he said. "This results in winter stalling which could have been avoided by a thorough fall check-up."

Winterizing a passenger car should include the following steps: Flush out radiator and check all hose connections before adding either permanent type or alcohol base anti-freeze.

Check fan belt to see that it is operating properly. Check battery to see that it is properly charged, filled with water and that the generator and voltage regulator are functioning properly.

Change to winter grade oil in the motor and lubricate if the car needs it.

Cross-switch tires if they have gone 5,000 miles since the last cross-switching and replace or recap tires with badly worn treads.

Check windshield wiper and see if blades need replacing. Check windshield washer.

Check heater controls, defroster and blower motor.

Protect chrome parts from rust with chrome protector.

And, if you have them, check condition of your tire chains.

As a final tip to winter drivers, be cautioned that in cold weather, car motors should always be allowed to warm up while standing so that all parts are thoroughly lubricated before the car is placed in motion. And be sure the garage doors are open before the motor is started.

terations between hunters who built the blinds and "visitors." Since many misunderstandings have been based on the doubt as to who had the right of using the blinds, Mr. Smith urges everyone who constructs blinds to identify them with their name. There then will be no difficulty in establishing identity or prior rights.

Hunters in Virginia are helping reseed their hunting grounds. The Virginia Forest Service is distributing to license agents small packets of pine seed for Fall and Winter planting. The agents in turn give a packet to each purchaser of a hunting license. The hunters are asked while in the woods to select a spot having good soil and not too much shade. They then are to scrape away leaves and press two or three pine seeds in the ground with the foot.

X-X-X-X-X

The Education-Information Section of the State Game and Fish Commission is now readying a new poster which will be featured on over 100 billboards in Tennessee this Winter. The poster emphasizes the simple fact that brood stock of wildlife when given abundant food and cover will multiply rapidly. Several Tennessee outdoor advertising companies are

giving the Commission free space.

X-X-X-X-X

The State Game and Fish Commission and the U. S. Fish and Wildlife Service urge sportsmen who intend to hunt waterfowl this season to purchase the required Federal stamp immediately as the season opens on November 17th. Activity on opening day has in some cases completely exhausted the supply of the \$2 so-called "duck stamp." If stamps should be unavailable at Post Offices, sportsmen might try local sporting goods dealers. Some sporting goods dealers purchase large quantities of the stamps for resale as a service to their customers.

When does it pay to modernize a water supply system?

If you don't have city water, find the answer by using this handy check chart

This chart will help you tell whether your present water system is adequate. If you can't answer yes to at least 7 of these ques-

tions you are probably spending more for your old-fashioned water system than it would cost to have a new one.

<input type="checkbox"/> YES <input type="checkbox"/> NO		<p>Are you still using the "pump and carry" system? The family without a water system spends about 240 hours a year pumping water. That's 24 ten-hour working days. At wages of \$1 per hour, the cost would be \$240 a year. A Myers pump costs much less. With average electric rates, power to run a home water system costs only about 1c a day.</p>
<input type="checkbox"/> YES <input type="checkbox"/> NO		<p>If you now have running water, can you turn on more than one faucet at a time or is the pressure so poor you get no more than a trickle when you turn on 2 or more faucets? Your Myers dealer will install a pump of adequate capacity on easy monthly terms. Ask him for a free estimate.</p>
<input type="checkbox"/> YES <input type="checkbox"/> NO		<p>Are your farm animals getting all the water they want when they want it? When water is available to dairy cows at all times, milk production can be increased from 10% to 22%. Egg production can be increased 10% to 20% with automatic waterers. Beef and pork production can be upped 10% to 20% when fresh water is constantly available.</p>
<input type="checkbox"/> YES <input type="checkbox"/> NO		<p>Do you have hydrants near all buildings, and a hose at a central location? Big fires start from little fires and 25 gallons of water at the right time might well be worth 25,000 gallons ten minutes later.</p>
<input type="checkbox"/> YES <input type="checkbox"/> NO		<p>Do you have running water in the barn and milk house? Regular flushing of barn floors will result in fewer germs in milk produced. For milk cooling and washing utensils, running water is a great aid in maintaining sanitary conditions in milk production.</p>
<input type="checkbox"/> YES <input type="checkbox"/> NO		<p>Does your wife carry pails of water on wash day? This mountainous pile of 465 buckets was actually built in Hudson, Michigan to show the amount of water an average farm family without a water system has to pump and carry each month.</p>
<input type="checkbox"/> YES <input type="checkbox"/> NO		<p>Do you depend upon rain water to keep your vegetable garden fresh and green? The farm or home vegetable garden can yield as much as 50% more produce and a better quality vegetable when sprinkling or irrigation is used.</p>
<input type="checkbox"/> YES <input type="checkbox"/> NO		<p>Do you have a modern kitchen, bathroom and laundry with hot and cold running water? A Myers electric water system makes all this possible. No running water means unhealthy, uncomfortable living.</p>

Louis S. Clapper
State Game and Fish Commission

Farmers who wish to set out bicolor lespedeza, a plant of food and cover value to quail and some other species of wildlife, this Winter should now place orders with their local County Agent or Soil Conservation District Office. There is no charge for bicolor lespedeza seedlings.

County Agents and Soil Conservation Districts are handling such requests for the State Game and Fish Commission, the supplying agency. Orders should be placed at once for the supply of bicolor seedlings is limited. Due to losses in the drought-hit nurseries, only some 3,500,000 bicolor plants will be available for distribution this season as compared to 5,000,000 last year. Farmers also may place orders for limited supplies of multiflora rose, sericea and partridge pea.

The distribution of these free planting materials is scheduled to begin about January 1, 1953.

X-X-X-X-X

Parker B. Smith, leader of the State Game and Fish Commission's waterfowl restoration project, is concerned over the steadily increasing hunting pressure on many parts of West Tennessee, particularly on Tennessee-Kentucky Lake. He says duck blinds are springing up all over favored locations, with seven being noted in an area of about 20 acres. On several occasions there have been al-

in the world is unavoidable. It was said of the followers of Jesus that they had turned the world upside down. That was a great tribute.

To the youth thinking of the ministry who may read this lesson: —

The work of Christian service is not easy, but it is glorious. There will be criticisms. There will be even jokes and scorn that must be endured. Do not picture the ministry as an easy front-porch calling with an easy chair and a book. Many days you will be weary visiting the sick and troubled, sharing their burdens. You will find pay-er a great outlet when you are puzzling on how to deal with certain complex situations. You will need to wrestle with yourself when you are tempted to carry your troubles into the pulpit for discussion. There will of necessity be financial sacrifices.

But, the ministry is a most challenging calling. It is not for the lazy man who wants to take life easy. It will test your physical stamina, it will require great mental labor, it will test your ability to handle people. It is a greater challenge in handling human relationships than that which comes to the industrialist. You will need to teach like a school teacher, visit

the sick like a physician, advise people and keep fresh and interesting.

It is a wrong interpretation to put upon the words of Jesus that a preacher can preach without preparation, that it will be given him what to say. Dr. Charles Wagner, France's greatest preacher, was being effusively congratulated by a visiting American who said, "I know you do not need to prepare to preach, you seem so greatly inspired. You must hear the spirit telling you what to say." The great preacher replied, "I never trusted the Spirit to tell me what to say but once, and when I got in the pulpit all I could hear him say was 'You have been awfully lazy the past week!'"

Sunday School Lesson

By Walter C. Davis, D. D., Tennessee School of Religion, University of Tennessee

Matt 10:1, 5-7, 24-27, 34-39

"Jesus Commissions The Twelve"

Their mission was to spread the Gospel by deed and by word. We must not underrate the power of deeds. The whole work was to be done in the teeth of a sharp hostility. The world is seen as definitely unfriendly to the Christian enterprise. Men today, like demons of old, cry "Let us alone."

Their message was to be the same as that of John and Jesus: "The kingdom of heaven is at hand." They were to avoid all impediments in the work. Their equipment was to be very simple. (Matt. 10:10)

He considered the workman worthy of his hire. This was an expressed confidence that those who would receive the blessings of the Kingdom would show their gratitude by the support of those who brought the message. It was a tribute to human nature, a compliment which men under Christian civilization have lived up to in a very sorry manner.

They were to be wise and guileless, and meet the opposing world patiently. They were to avoid an open clash. They were to preach the truth and that would be enough to cause their persecution. The word "brought before governors," might easily be translated "leaders," and that reminds us of Der Fuhrer, Il Duce, and Stalin.

He had not come to bring peace, but rather division. (Matt. 34-38). A clash between right and wrong

ORDER OF PUBLICATION

Mrs. W. T. Harris, Sr. a citizen and resident of Dyer County, Tennessee, C. M. Duvall, a citizen and resident of the State of Texas, and Marvin Braden, a citizen and resident of Tipton County, Tenn.

vs.
Sam Oldham Duvall, and Mary A. Duvall, both non-resident of the State of Tennessee, Defendants.
In The County Court
At Ripley, Tennessee

In this cause it appearing to me from the bill, which is sworn to, that the defendants, Sam Oldham Duvall and Mary A. Duvall, are non-residents of the State of Tennessee so that the ordinary process of law cannot be served on either of them.

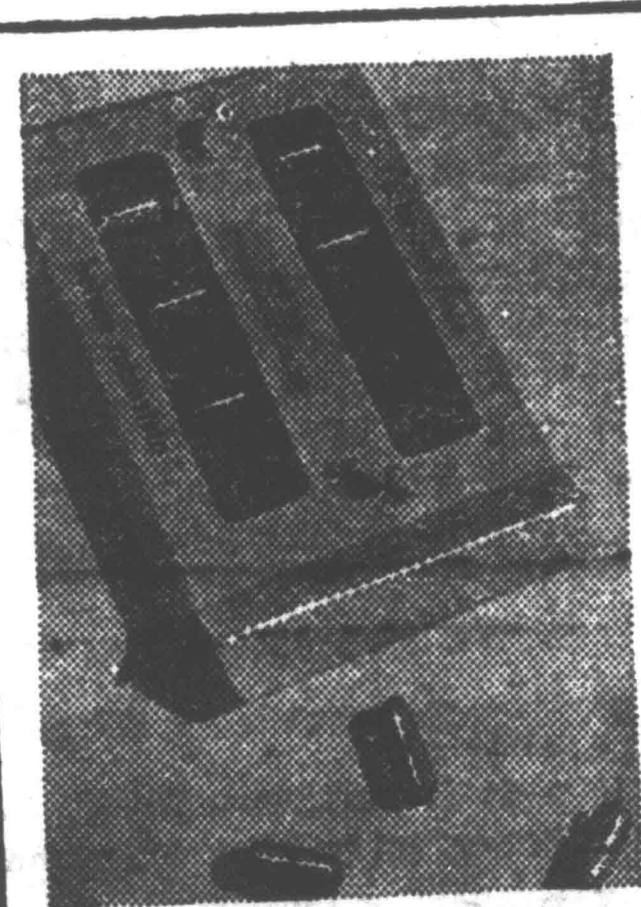

It is therefore ordered by the court, that the said Sam Oldham Duvall and Mary A. Duvall appear before the Judge of the County Court for Lauderdale County, on or before the 3rd Monday in November, 1952, (It being the 17th day of November and the 15th day of said term of this court) and make defense to the bill filed herein against them, or the same will be taken as confessed as to them and each of them as true and the cause set for hearing exparte as to each or either of them.

It is further ordered that this notice be published in the Halls Graphic, a newspaper printed and published in said county, for four consecutive weeks requiring them to appear and answer said bill.

SCHOOL NEWS

(Continued from Page 1)

American Education Week was November 9 - 15. Book Week is November 16 - 22.

Grade 4 - Gilliland On our sick list this week was Beverly Cannon, Bobby Phillips and Glenda Belton.

Grade 5 - Murchison Chuck Murchison went to Memphis Saturday to see Memphis State and Louisville play ball.

Grade 6 - Hilliard Linda Hilliard and Alix Hallman spent Saturday in Jackson.

Grade 7 - Belton Our Seventh Grade number at Church Sunday was very few - only about fifty percent were there.

Grade 8 - McCorkle We have only one with a birthday this week. Happy Birthday, Buddy Murchison.

Grade 9 - Ferguson We enjoyed our holiday Tuesday.

Katie Lou Hurt celebrated her 9th birthday November 6th. We sang "Happy Birthday" to her. Much interest was added to our social studies with the many pictures Katie Lou brought for us to enjoy. Thanks, Katie Lou.

Rebecca Carson spent Sunday in Memphis, Rachel Davis went to Dyersburg, Faye Ponder went to Reelfoot Lake and Gerald Maness spent Sunday in Lexington.

We are sorry that Pat Younger's grandmother is in the hospital. We wish for her a speedy recovery.

We were glad that Judy Brandon and Paulette Stanley were winners in the Halloween costume parade.

Grade 5 - Hooks & Scates We are very sorry that Memory was sick and absent last week.

Grade 6 - Hilliard Carmon went to Kentucky and

Ohio during the weekend, Barbara Chipman went to see her aunt in Ripley, Memory also went to Ripley. Carolyn Freeman went to Ridgely, Mississippi River, Reelfoot Lake, Hickman and Fulton Kentucky, Paris, Milan and Dyersburg.

Mrs. Scates rearranged our room while we were at 4-H last week. We like it this way.

The new text books are very pretty and much fun to study.

Grade 5 - Murchison The holiday Tuesday was welcomed by all of us.

Our November Calendar was drawn by Jerry Stanley and Gene Nichols and shows "Tom Turkey" standing. Our poem last week was Tom Turkey.

Several of us visited out of town during the weekend.

Grade 6 - Hilliard Happy Birthday Peggy Jordan, Robert Meeks and Glynn Newman.

Betty Lee Newman is a new pupil in our room.

Twenty-eight of us went to Sunday School Sunday. We have decided that it is easier to go to Sunday School than to give excuses.

We have a reward out for Harvey Hilliard - we can't understand why he isn't in school.

David Davis has a new baby brother. He was named Terry.

Over the weekend Tommy Dyer visited his grandmother in Nashville, Perrilyn Williams visited her grandmother in Memphis, Mrs. Oma visited her brother, Mr. Cates, in Jackson.

Delaine Morre's brother, Franklin, is home from Korea and Jerry Tomlinson's brother, Larry, from Fort Jackson, South Carolina, is home.

We enjoyed our short vacation Tuesday.

We are sorry that Anne Younger's and Perrilyn Williams' grandmothers are in the hospital at Memphis.

We wish the Halls Tigers luck against the Ripley Tigers in the football game Friday night.

Reporters this week are Tommy Dyer and Larry McBride.

Grade 7 - Belton

Our Seventh Grade number at Church Sunday was very few - only about fifty percent were there. We're going to try to do better this Sunday.

We have only one with a birthday this week. Happy Birthday, Buddy Murchison.

Armistice Day means a lot to all of us with one thing added this year - a school holiday.

Grade 8 - McCorkle

The Eighth Grade had bad luck last week. Marshall Myers cut his hand, Paul Jackson cut his head and then Larry Steelman brone his arm on Thursday.

The 4-H Club met last Thursday and we elected officers. Those who were elected to offices from the 8th Grade are: Celia Wiley, president; Jimmy Nichols, secretary;

Lynn Hudson, ass't. secretary; Joyce Midgett and Harold Burroughs, program committee; Addie May Ashcraft and Herma Rose,

song leaders. We're hoping to have a part in the Grammar School Band. See you next week.

GREYHOUND TERMINAL NIK-NAK INN Phone 4471

F. H. Paschal

(Continued from Page 1) Ration No. 2: 7 lbs. legume hay and 7 lbs. of grass hay. Ration No. 3: 25 to 40 lbs. of silage and one pound of cottonseed meal.

Ration No. 4: 10 lbs of cottonseed hulls, four pounds of grass hay, 1 1-2 lbs. of cottonseed meal. Ration No. 5: 10 lbs. of soybean straw, 4 lbs. grass hay, and 1 lb. of cottonseed meal.

Feeding trials have shown that cottonseed hulls are deficient in vitamin A and are fed to best advantage with some hay or green pasture and that soybean straw should have some hay fed with it or a feeding of hay provided about every fourth day.

Soybean straw has more value when chopped up, but it does not need to be ground up in order to be an economical feed.

Wintering Yearlings

Yearling cattle can make good use of a higher proportion of rough feeds than would be advisable for calves. The following rations are economical and practical for 1000 pound cows.

Ration No. 1: 20 lbs. grass hay and 1 lb. of cottonseed meal. Ration No. 2: 20 lbs. legume hay.

Ration No. 3: 20 lbs. soybean straw with 1 1-2 lbs. cottonseed meal.

Ration No. 4: 15 lbs. cottonseed hulls, 2 lbs. cottonseed meal, and 5 lbs. grass hay.

We shall be glad to assist cattle producers in working out balanced rations with the feeds they have available to keep cattle in healthy condition in order that they will make profitable gains next year.

ORDER OF PUBLICATION

TO: Woodrow Wilson Searce RUBY ODESSA SOEARCE VS.

WOODROW WILSON SEARCE IN THE COUNTY COURT AT RIPLEY, TENNESSEE

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant, Woodrow Wilson Searce, is a non-resident of the State of Tennessee, and resident of the State of Virginia so that the ordinary process of law cannot be served on him. It is therefore ordered by the Court that the said Woodrow Wilson Searce appear before the Judge of the County Court of Lauderdale County on or before the first Monday in January (it being the 5th day of said month and one of the rule days of that term of this Court, and make defense to the bill filed herein against him, or the same will be taken for confessed as true and the cause set for hearing exparte as to him.

It is further ordered that this notice be published in the Halls Graphic, a newspaper printed and published in Lauderdale County, for four consecutive weeks, requiring him to so appear. This 13 day of November, 1952. N. C. UTLEY, Clerk

HELEN TOMLINSON IS MARRIED IN MEMPHIS

Mr. and Mrs. C. C. Tomlinson announce the marriage of their daughter, Helen Tomlinson, to Jack Weakley of Memphis.

The wedding ceremony was performed at the Chelsea Methodist Church in Memphis on November 14.

The bride was graduated from Halls High School and is employed in Memphis.

The couple will make their home in Memphis. Mr. and Mrs. Tomlinson and daughter, Miss Annette, were in Memphis for the wedding.

LELAND GAINES WINS IN COTTON CONTEST

Leland Gaines, son of Mr. and Mrs. Murray Gaines of the Asbury community, is this year's Cotton Yield 4-H Contest winner in Lauderdale County.

Leland produced 1,064 pounds of lint on one acre of ground without the aid of any fertilizer. He planted his cotton on April 12 using Delta Pine Land variety. He used mules to produce the crop.

The total value of the crop was \$400, the cost of production \$100 which left him a labor income of \$300. With this Leland has purchased his clothes and used it to fill in where needed.

Leland's record has been submitted in the District competition. If he were to have the highest yield he would be in line for some awards.

This year Leland entered some cotton in the Mid-South Fair at Memphis and won a blue ribbon and \$4.35 in money.

He has been in the 4-H Club for three years and has had cot-

ton as his project each year. He is the Assistant secretary in his 4-H Club and takes part in many club programs.

Leland has a good record in his cotton projects and plans to continue to do better. He thinks that he will make a higher yield next

TRUSTEE'S SALE OF HOUSE AND LOT

Whereas, Roverna Bradford and wife May Francis Bradford, executed to me, the undersigned, Roy Patton, as trustee, a Deed of Trust executed on January 7th, 1950, which Trust Deed is recorded in the Registers office for Lauderdale County, Tennessee, in Deed of Trust Book No. 63, at pages 97 and 98, default having been made in the payment secured by said Deed of Trust and at the request of the beneficiary, M. C. Walts, to

do so, I, Roy Patton, Trustee in said Deed of Trust will on **DECEMBER 19TH, 1952**, at the north door of the Bank of Halls, in the town of Halls, Tennessee, offer for sale and sell to the highest and best bidder for cash, the following described house and lot located in the Town of Halls, 12th Civil District of Lauderdale County, Tennessee, as follows: In the northwestern portion of the Town of Halls, and described and bounded as follows: Bounded on the West by Wilson street, on the north by the east of Dallas Sanford, on the east by a man named Works and on the south by the lot of Virginia Eison, being a lot 66 by 126 feet, with the improvements located thereon. Being the lot sold to Roverna Bradford and with Virginia Bradford.

There is located on this lot a good dwelling house and some other improvements.

The Board of Mayor and Aldermen reserve the right to reject any or all bids.

These bonds will be payable, both as to principal and interest solely and only from the revenues of the natural gas system which is to be constructed for said Town. The bonds are offered subject to the unqualified approval of the legality thereof by the law firm of Charles and Trouernicht, St. Louis, Missouri. The Town will pay all legal fees and the purchaser will pay for the printing of the bonds.

Delivery of the bonds will be made to the purchaser at Halls, Tennessee within sixty (60) days after the date of sale.

By order of the Board of Mayor and Aldermen of the Town of Halls, Tennessee, this 13 day of November, 1952.

MRS. JOE HURT,
Recorder of the Town of Halls, Tennessee.

ORDER OF PUBLICATION NO. 3087

TO JOHN ADAM EDWARDS, ROSIE NELL EDWARDS VS. JOHN ADAMS EDWARDS IN THE COUNTY COURT AT RIPLEY, TENNESSEE

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant John Adam Edwards, non-resident of the State of Tennessee, and resident of the State of (Not Known), so that the ordinary process of law cannot be served on him. It is therefore ordered by the Court that said John Adam Edwards appear before the Judge of the County Court of Lauderdale County on or before the 3rd Monday in December (it being the 15th day of said month and the fifteenth day of December term of this Court) and make defense to the bill filed herein against him and others, or the same will be taken for confessed as true and the cause set for hearing exparte as to him.

It is further ordered that this notice be published in the Halls Graphic, weekly, a newspaper printed and published in Lauderdale County, for four consecutive weeks, requiring him to so appear. This 3rd day of November, 1952.

NOTICE OF BOND SALE \$130,000.00

NATURAL GAS SYSTEM REVENUE BONDS OF THE TOWN OF HALLS LAUDERDALE COUNTY, TENN.

Sealed proposals will be received by the Board of Mayor and Aldermen of the Town of Halls, Tennessee, at the City Hall in said Town, until the hour of 2:00 P. M., on Thursday, the 11 day of December, 1952, at which time said bids will be publicly opened for the purchase, at not less than par and accrued interest, of the above bonds of said Town.

The said bonds are to bear date of January 1, 1953; are to be of the denomination of One Thousand Dollars (\$1,000.00) each; and shall bear interest at a rate or rates to be determined pursuant to sale of said bonds, not exceeding, however, 3% per annum, payable semi-annually on July 1 and January 1 of each year; both principal of and interest on said bonds will be payable at a place to be designated by the purchaser, subject to the approval of the Board of Mayor and Aldermen, and the said bonds shall mature on January 1 in each of the years and in the amounts following, to-wit:

Year	Amount
1955	\$1,000.00
1956	3,000.00
1957	4,000.00
1958	5,000.00
1959	6,000.00
1960	7,000.00
1961	8,000.00
1962	8,000.00
1963	8,000.00
1964	8,000.00
1965	8,000.00
1966	8,000.00
1967	8,000.00
1968	8,000.00
1969	8,000.00
1970	8,000.00
1971	8,000.00
1972	8,000.00
1973	8,000.00

The Town reserves the right to call in, pay and redeem bonds maturing January 1, 1973, and thereafter in the inverse order of their numbers, at par and accrued interest, plus the premium hereinafter provided for, on January 1, 1966, or on any interest payment date thereafter prior to maturity.

The Town reserves the right to call in, pay and redeem bonds maturing January 1, 1964 and thereafter, in the inverse order of their numbers, at par and accrued interest, plus the premium hereinafter provided for, on January 1, 1963, or on any interest payment date thereafter prior to maturity.

The premium to be paid upon redemption of any bond prior to maturity shall be a sum equal to 1/4th of 1% of principal for each year or fraction thereof of the remaining life of such bond, but not exceeding \$30.00.

Proposals should be addressed to the Board of Mayor and Aldermen, Halls, Tennessee, in care of the undersigned, and should plainly be marked "PROPOSAL FOR BONDS." Each bid must be accompanied by a cashier's check, certified check or exchange, payable to the Town of Halls, Tennessee, in the amount of Six Thousand Dollars (\$6,000.00) to evidence the good faith of the bid.

Neatest TV value trick of the year!

A Beautiful Console-Size Bendix TV

HERE'S HOW IT'S POSSIBLE TO OFFER YOU THIS TRULY AMAZING TV VALUE

WE TAKE a Bendix "21" Table Model TV ... in either blond or mahogany.

WE ADD a handsome Bendix base with a full, deep drawer or a handsome shelf — matched to the set in grain and color.

RESULT: You get a console-size TV of almost table model cost. And it looks just like a big, expensive console!

When you own BENDIX TV you own TELEVISION'S CROWNING ACHIEVEMENT

If you're looking for "a good deal" in a TV, your search ends right here. This console-size Bendix "21" TV ... one you'll always be proud to show off ... offers you big-picture television at its best. Yet this impressive receiver costs about the same as a table model.

As a Bendix "21" owner, you'll thrill to the finest picture science has ever produced. You'll enjoy matchless dependability of performance. You'll like your Bendix "21" better every day because of dozens of features like—

- Ultra-Sensitive Tuner
- Interference-Destroying Circuits
- Keyed Automatic Picture Control
- Non-Reflecting Picture Tube

The Name Millions Trust

BETTER TEACHING For Your Child ...

Encouraged by these Lion Oil \$1,200 Scholarships for Teachers

Probably no adult—aside from you, his parents—spends more time with your child than his teacher. For 36 weeks of the year more than 1/2 of your youngster's waking hours are spent in school.

What he learns there will help determine what kind of a person he will be. His future depends upon the quality of our Southern educational system.

That is why the Lion Oil Scholarship Program includes contests offering six \$1,200 advanced education scholarships for teachers. And that's why the teacher phase of this program has been expanded this year to include elementary school teachers as well as high school teachers.

These contests are in addition to scholarship contests for high school students.

We of Lion Oil Company sincerely hope that the interest aroused in advanced education by these scholarship contests will benefit the entire Southern educational system ... as well as the individual winners.

The Lion Oil Scholarship Fund is our way of showing faith in the Southern communities in which we work, build, live.

TEACHERS ... First Lion Oil Teacher Contest Open Now ... You Have Until November 30 To Win A \$1,200 Scholarship!

This year, both elementary and high school teachers can participate in the Lion Oil Teacher-Essay Contests.

Your essay, in 1500 words or less, on the subject, "What I Can Do To Become A Better Teacher" may win an all-expense graduate scholarship worth \$1,200. You choose the university and one of four convenient attendance plans.

YOU ARE ELIGIBLE IF ... You teach elementary or high school grades (principals and superintendents who teach are included) in any public, private, or parochial school in a county where Lion petroleum products are sold at the sign of the Lion.

DON'T MISS YOUR CHANCE TO WIN Be sure that your essay, properly identified, is mailed before midnight of Nov. 30, to the Lion Oil Scholarship Fund, El Dorado, Ark.

ASK YOUR PRINCIPAL for the Teacher Rules Booklet, or write the Lion Oil Scholarship Fund.

Helena Rubinstein changes dull hair to exciting hair

Check the list below... see what her miraculous new "hair cosmetics" can do for your beauty!

NEW Glamour for Straight Hair

3-WAY PERMANENT... The first home permanent with Take-it or Leave-it Neutralizer! For every known type of hair. Can be used three different ways: for normal hair; for bleached, dyed or problem hair; for a softer wave on all hair. **1.50 plus tax**

NEW Look for Blonde Hair

BLONDE BEAUTY... The first home hair lightener that lightens and colors in one application. Gives you that beautiful horn-blonde look—in minutes! In two natural-looking shades: GOLDEN SHADE (strawberry blonde) and ASH BLONDE SHADE (silvery-tone blonde). **2.00 plus tax**

NEW Lustre for Dry Hair

WAVE SHEEN CREAM makes dry hair come alive with lustrous highlights, silken softness. Creamy-rich emollients eliminate split brittle ends. Hair becomes wonderfully manageable. Sets take better... last longer. **1.50 plus tax**

Color Change For Drab Hair

COLOR-TINT RINSES make it incredibly easy to add glorious new color, change your shade completely, or blend in gray... all without using permanent dyes! Brush on in minutes—wash out when you will. In 14 shades ranging from pale silver and gold for blondes to jet black for brunettes. 8-capsule package. **1.00 plus tax**

Color While You Shampoo

COLOR-TONE SHAMPOOS intensify color as they wash your hair sparkling clean. In four color tones: BLONDE-TONE (adds golden glints to blonde and light hair). BRUNETTE-TONE (gives dark hair beautiful rich depths). SILVER-TONE (gives gray or ash blonde hair a shimmer of silver). RED-HEAD SHAMPOO (kindles Titian "flames" in red & light hair): Big 6 oz. bottle. **1.25 plus tax**

Color While You Groom

COLOR SHEEN is an amazing hair groom with color built right into the formula! Adds gleaming highlights... makes your hair more manageable. In three shades: GOLD-TONE for golden blonde and light brown hair; SILVER-TONE for dark, gray and ash blonde hair; NATURAL to enhance all hair shades. **1.25 plus tax**

A Painted Streak for Drama

GOLD TOUCH—a new way to wear this season's popular color streak. Paint the precious pigment on in one bold stroke... or color-tip the ends for excitement. As easy to brush on as mascara... lasts till you wash it off. Also in SILVER. **1.50 plus tax**

Cream Bath for Dry Hair

SILK SHEEN CREAM SHAMPOO... a wonderfully creamy, delicately fragrant liquid cream shampoo. Actually a cream rinse and shampoo all in one! Makes hair immaculately clean... more manageable... beautifully glossy. **1.00 plus tax**

Down with Dandruff!

DANDRUFF CONTROL LOTION... a scientific formula that removes dandruff scales, stimulates scalp, relieves dryness. Contains an antiseptic ingredient which kills fungus that causes many cases of excessive dandruff. Makes hair look softer, glossier, healthier. In 2 versions: for dry or oily hair. **1.50 plus tax**

Sunday School Lesson

By Walter C. Davis, D. D., Tennessee School of Religion, University of Tennessee

(Matt. 11:2-6; 25-30)

"Jesus" Thanksgiving—and Ours

Let us not attribute infallibility to John the Baptist. He was just human. Although the forerunner of Christ, that did not make him perfect. He had a strong faith, but it is human to doubt. He practiced no chicanery when he sent inquiries to Jesus from his prison cell. He really was troubled.

Laughter and tears are close together. Joy and sorrow mingle inseparably in human experience. So faith generally has a tinge of doubt and fear.

Using the methods of the Gallup poll, an opinion research company surveyed the faith of Americans. The question was, "Do you believe in God?" The answer from 99 percent was that they do believe. But of the 99 percent who believe, 80 percent were "absolutely certain." Seventeen percent were "fairly sure," and 2 percent not quite sure. Women averaged higher than men, and farmers higher than those who live in the city. Old people were more certain than younger ones, and college graduates averaged lower than others. The impressive thing is that so many of our people believe in God.

John had had enough to shake his faith. Like most others of his time, his picture of the Messiah was an all-powerful and ruling monarch. But things had not gone well. John's ministry had been cut short and he was in prison with death threatening. Jesus seemed to be making slow progress in taking over as the Messiah.

John needed some revision of his ideas about the Messiah. This lesson came in the answer of Jesus to his questions. He was reminded of Isaiah's prophecy (chapter 40) and that the reward of the Messiah is with Him, and the poor and needy would know His power (Isaiah 35:5-7). Let us rejoice that the credentials of the Messiah were compassion and healing, rather than power and vengeance.

Jesus was grateful that belief in God was not for the wise and understanding only. Babies and the minded may know Him too. "Not many wise, not many noble are called." Meekness, humility, earnestness and lowliness of mind—these are great assets in knowing God.

What is it that we are thankful for this year? Our political leaders praise the ingenuity, the ambition, the "know how" of our people. Free enterprise is credited with calling forth the ambition and initiative of an ongoing nation. Undoubtedly our people are the happiest, the most hopeful and have greater possessions than any people on earth.

But, are we humble enough? Even as Moses warned (Deuteronomy 8) a prosperous people are apt to say, "My power and the might of my hands have gotten me this wealth."

Dr. William Hahn, a German theologian, has been traveling for

months in America. He has been given new insights into our nation's life. He saw the busy factories, fruitful fields, and cities untouched by war's devastation. He has learned that freedom is a tangible thing, and that is our country it works. But like many others he has discovered that the genius of the American people lies not in its schools, its factories, its courts of law or a free press. The secret is found in the Churches of America where the free and untrammelled challenge to self-examination and to higher idealism is constantly made, and a new inspiration is constantly generated.

"REFORMED" 2, 4-D BOOSTS TOMATO PLANTS

By combining the weed killer, 2,4-D, chemically with certain amino acids, chemists and plant physiologists of the U. S. Department of Agriculture have come up with a combination that promises to improve tomato harvests.

Ordinarily, 2,4-D not only kills weeds, but also cultivated plants such as tomatoes, by curling the leaves and stopping the growth. The new type 2,4-D, however, instead of damaging the tomato plants, caused the fruit to "set" and tomatoes to develop without pollination. Also, the tomatoes developed were bigger and better than those from untreated plants.

If field tests support these research findings, the "reformed" weed-killer may turn out to be a boon to tomato growers.

FERTILIZE TREES TO INSURE FRUIT FOR FUTURE YEARS

That home-grown apple, pear, or canned or frozen fruit you're enjoying this month should remind you to insure future home orchard production by fertilizing the trees, say U-Thorticulturists.

At this time of year, weeds and other plants are now dead or dormant and will not rob the trees of so much of the applied fertilizer, the specialists point out. Manure is the best of all orchard fertilizers, they say. It should be spread out as far as the branches

reach, and for bearing trees even beyond the spread of the crown. Nitrate of soda and sulphate of ammonia are the commercial fertilizers most used for fruit trees and should be spread as far as the branches reach.

The following rates of application are recommended:

Peach, Plum, Cherry
1 year old 1-3 lb. (about one handful)
2 years old 2-3 lb.
3 years old 1 lb.
Over 3 years 1 to 3 lbs.

Apples
1 year old 1-3 lb.
2-3 years old 2-3 lb.
4-10 years old 1 to 3 lbs.
Old trees 3 to 5 lbs.

Pears
Use no nitrogen on pears, as fire blight is worse on fertilized trees. Complete mixed fertilizers are seldom more useful than nitrogen alone, although they may help a cover crop make more growth, say the specialists. Poultry manure ranks with nitrate of soda as a tree fertilizer. Use about ten times as much of it by weight.

SCHOOL NEWS

(Continued from Page 1) spent Sunday in Arkansas.

Maxine Burroughs tells us she has a new piano.

We are observing Book Week by placing all of our torn books in our "book hospital" and repairing them. We have enjoyed making book-plates and booklets.

We are learning the poem "Book-House," by Annie Fellows Johnson.

GRADE IV - Gilliland

This is Book Week and we are studying the care of books.

On our sick list this week was Ruby Paris.

Linda shared her parakeet with us one day and we enjoyed it very much.

Jerry Perry, Faye Davis and Betty Carnell visited in Memphis during the weekend.

We are about to finish our study of the English Colonies, in our Social Studies.

Melody Meeks had company from Texas this weekend.

GRADE V - Hooks-Scates

Jimmy Nunn has a birthday today and we wish him a happy birthday.

Over the weekend Blair went to the ball game in Memphis and almost got lost.

Our room is building an early Frontier Day scene in our sand box. Blair, Larry, Carman and Gene secured the sand for the table.

We are sorry that "Miss" Jane is sick and we sure hope that she is well soon. Our teachers have been Mr. Hooks and "Miss" E'ectra.

We sure are proud of our room for winning the picture again. The picture is very pretty and we plan to win it every time. (Also decorating our room is a beautiful October calendar made by Barbara Chipman, Baraba Sasser and Carolyn Williams.

GRADE V - Murchison

We have completed our chapter of the War Between the States in our social studies and took our test Tuesday.

Our new spelling books are nice and we especially like the word

puzzles in them.

Last Friday our room enjoyed hearing records on the record player, and we have finished the book "The Wizard of Oz."

GRADE VI - Hilliard

We are sorry that Glendene Mills is absent because she is sick. We are glad that Janet Hines and Rose Cannon are back.

This week is test week for us. We are also getting ready for Thanksgiving. Joel Ferguson, David Hurt, Larry McBride and Lindell Baker are drawing our Thanksgiving scene.

Thirty-one of us went to Sunday School Sunday. David Hurt brought a collection of rocks and pictures of his trip to the west coast this summer. We enjoyed them and appreciated his bringing them to school for us to enjoy.

GRADE VII - Belton

We are learning the Gettysburg Address and it is very hard to learn.

Thirty of us went to Sunday School Sunday and we think this is very good.

Rev. Ware came to see us and gave us a chapter in the book from

St. Matthew. It is called "The Gospel of Saint Matthew." The vice was to learn two chapters in it.

Sonny Woodley went to Dyersburg; Jane Chesier went to Memphis. We are looking forward to

COUNTY COURT SALE OF LAND

MRS. W. T. HARRIS, et. al. VS.

SAM OLDEHAM DUVALL, et. al.

In obedience to a decree of the County Court of Lauderdale County, Tennessee, made and entered in the case of Mrs. W. T. Harris, et. al. Vs. Sam Oldham Duvall, et. al. I will on

Saturday, December 22, 1952

at the North door of the Bank of Halls, Halls, Tennessee, at two o'clock p. m. sell to the highest and best bidder, the two tracts of land in said decree described, and said descriptions are as follows:

TRACT NO. 1, Being located in the Town of Halls, Tennessee, in the 12th Civil District of Lauderdale County, and described and bounded as follows:

Beginning at a stake standing at the north margin of Tiggrett street and on the west margin of Hall street, runs thence south with the west margin of Hall street 247 feet to a stake; thence running west 250 feet to a stake; thence running north 154 feet to a stake, Harry Wright's southwest corner; thence running east 150 feet to a stake in Tommy Love's southeast corner; thence running north with Love's east line 94 feet to a stake, Tommy Love's northeast corner and the south margin of the concrete walk, thence running east with the south margin of said walk 139 feet to the beginning corner, on this lot is located a good dwelling house and cut houses.

TRACT NO. 2. This lot of land is located on the east side of the Town of Halls, in the 12th Civil District of Lauderdale County, Tennessee, and is described and bounded as follows:

Beginning at a stake on the north side of a private road running east from that point 108.1 poles to a stake in W. T. Cutler's north line, where his line runs north; thence north with Cutler's west line 34.82 poles, to a large fence post corner of Cutler's land, and the northeast corner of this tract of land, and the corner of what was formerly Jethro King's tract of land; thence running west parallel with the south line of this tract 59.1 poles to McKenley Jones' southeast corner; thence running west 49 poles more or less to the gravel highway, being a corner this tract of land McKinley Jones southwest corner; thence running south with the east margin of said gravel road 17.41 poles to the beginning and containing almost 19 acres of land more or less.

Both these tracts of land were given her under the will of J. T. King, more than thirty years ago, and his will was probated in Lauderdale County, Tennessee.

The sale will be for cash, and the tracts of land herein described will be sold separately.

The sale will be subject to confirmation on December 20, 1952, at the Clerk's Office in Ripley, Tennessee on that date.

Any crops not gathered by the time of confirmation of this sale is reserved.

Possession to said property so sold will be given January 1st, 1953.

Witness my hand on this November 20th, 1952.

N. C. UTLEY,
County Court Clerk

W. C. PATTON,
Solicitor for Complainants.

"Turkey Day,"

GRADE VIII - McCorkle

We wish Marjorie Williams, Joyce Midgett and Paul Jackson a happy birthday and hope they have plenty more.

This week is test week - something all the Eighth Grade is not

happy to see. We hope everyone is happy with the grade they made on the test we had Monday and last Friday about conjugation of verbs.

We enjoyed the holiday we had last Tuesday and hope to have more soon.

Esteron Brush Killer Controls Brush

Winter has been established as a good time for controlling unwanted brush and trees in pastures and crop areas, and along fence rows, ditch banks and roadsides. This reduces the need for spraying during the busy growing season.

THE ABILITY TO CONTROL BRUSH ANY MONTH IN THE YEAR HAS CERTAIN ADVANTAGES:

- First, one man with a knapsack sprayer can do the work when time is available.
 - Second, brush can be sprayed in crop areas after susceptible field crops have been harvested.
- "Esteron" is Resistant to Freezing and Crystalization. -- There Is No Storage Problem --

SCHOOL NEWS

GRADE 1 - Walker
Patricia Cherry brought a pretty red vase for the room. Thanks, Tricia, we needed it.
We also want to thank those who brought money for our record player. We now have enough for it and about a dollar left over for records. The player has been ordered and we hope to have it here before Christmas.
Linda Gail Robbins celebrated her sixth birthday on the 2nd. Both she and Shelia Hilliard are out of school now with chicken pox.

GRADE 1 - Vlar
James Vaden celebrated his 6th birthday at school Nov. 19th. His mother brought ice cream, cookies and balloons for everyone just before the afternoon recess.
The Elementary's favorite pupil, "Brownie," was hit by a car last week. Richard Hurt reports he is some better and we hope he continues to improve.
We have been enjoying records brought to school by Susan Craig and Jimmy Hansford.

Neil Luton and Susan Craig entertained our room with a puppet show Friday. First Graders had fun watching Clara Belle and Dilly Dally perform.
We have a Thanksgiving tray on "Miss" Geneva's desk. The children have brought corn, pumpkins, turnips, potatoes, nuts and some cotton bolls. All in all, it is a very colorful harvest tray.
Mrs. F. G. Craig brought each of us a large peppermint stick of candy Friday. Susan passed them out in the afternoon. Thanks, Mrs. Craig.

The 7th Grade presented two short plays Friday for our room. We have been talking about Pilgrims and Indians and the plays were most welcome.
Welcome back to our room, Janene Randall. We know you will feel better since you have had your tonsils out.

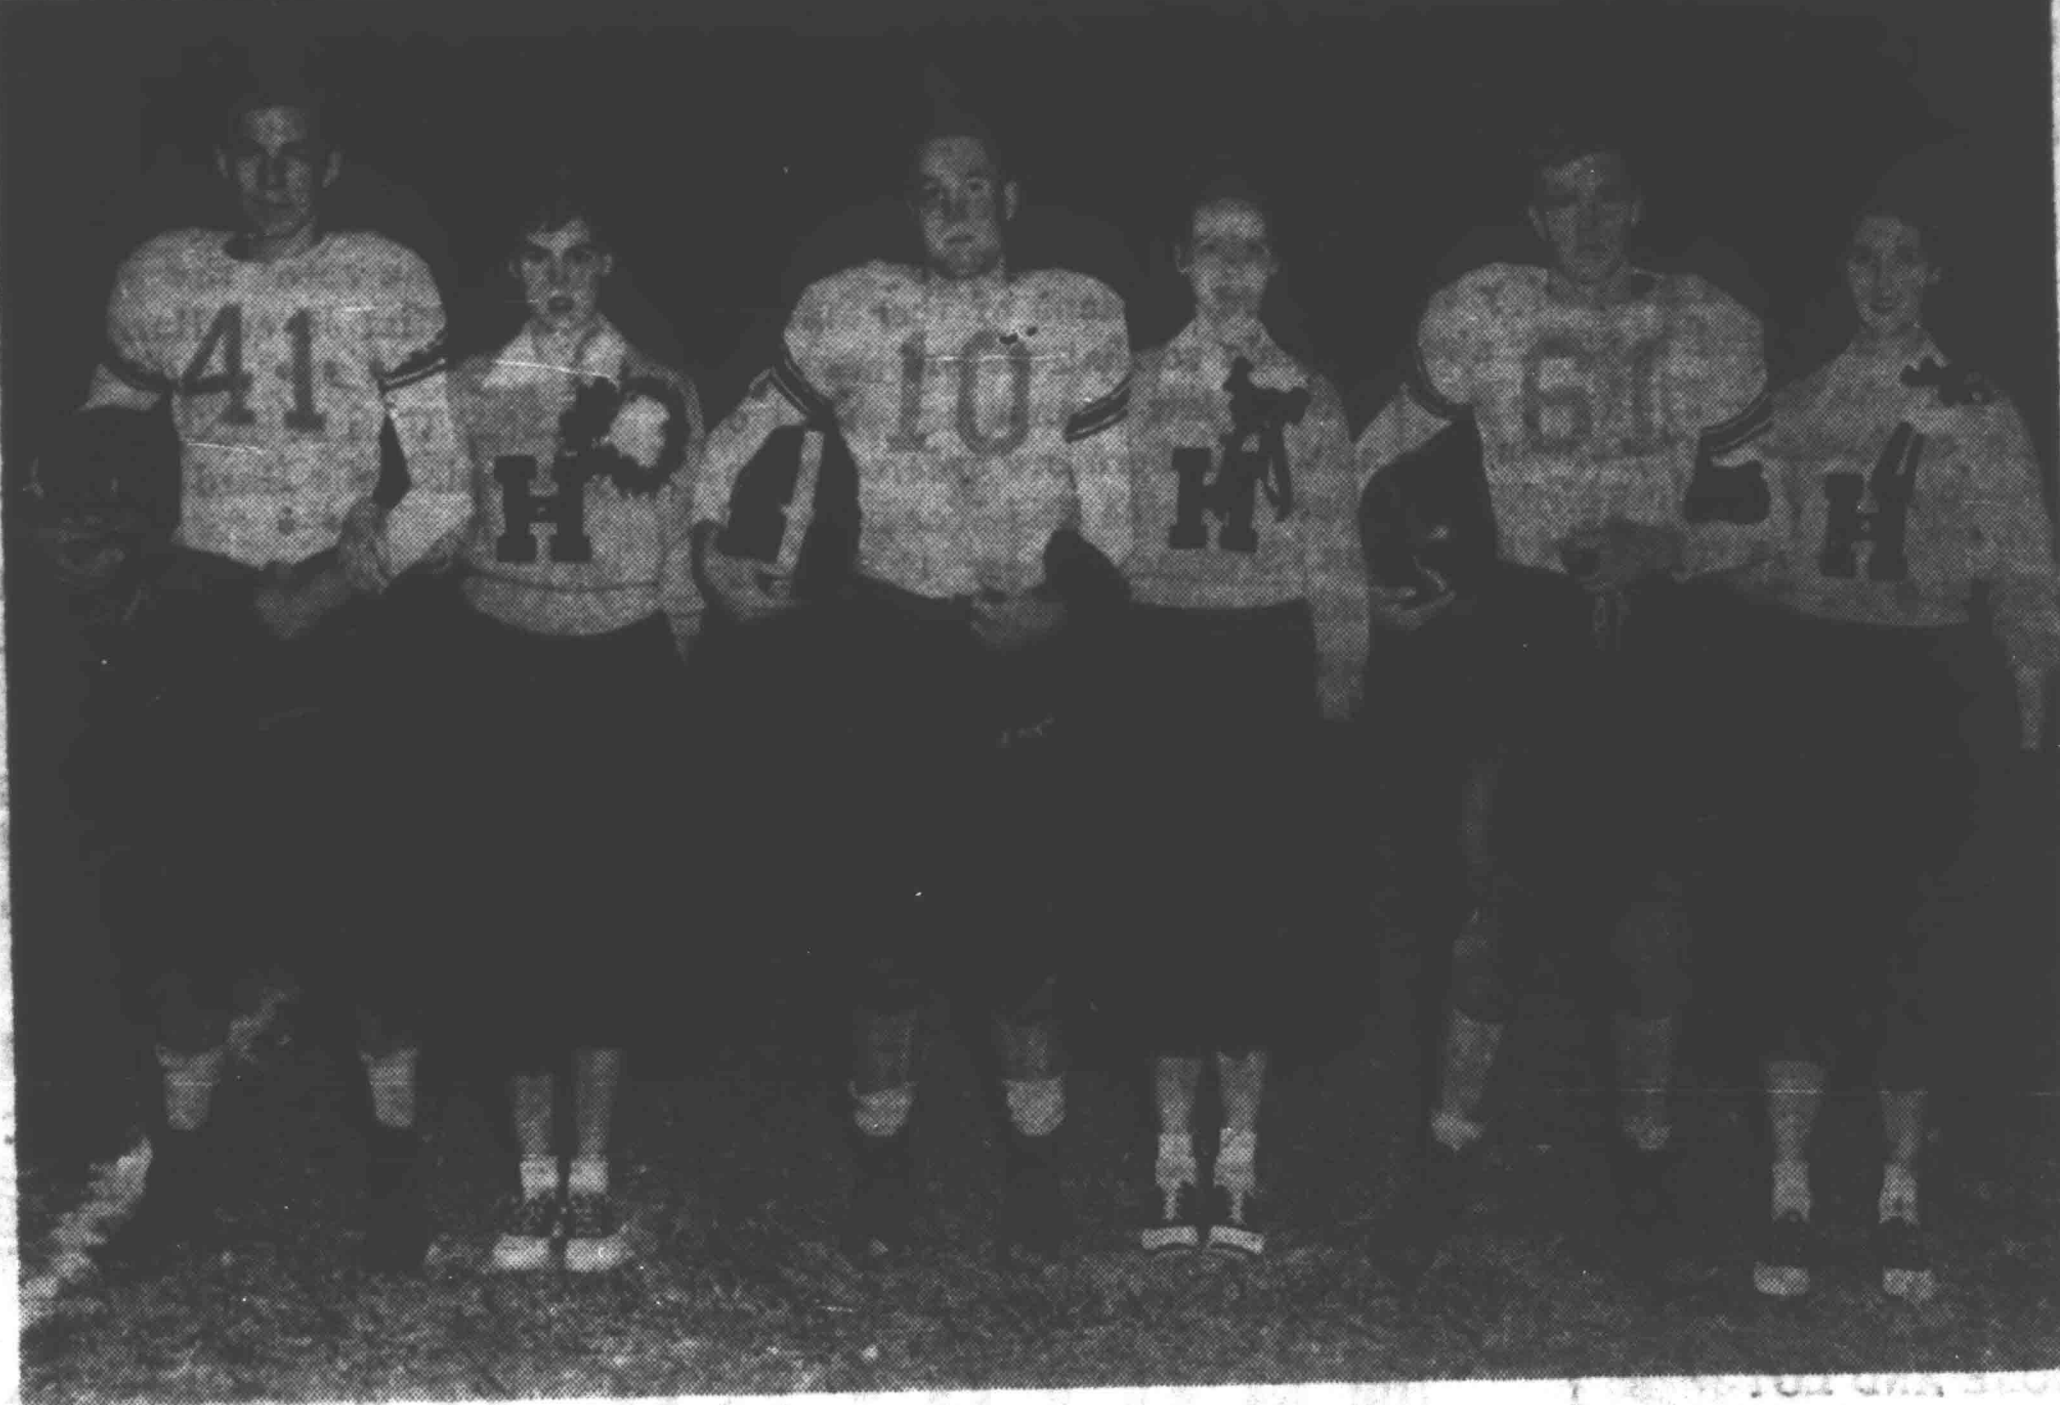

GRADE 1 & 2 - Patton
Our room finally got around to house cleaning a little on Wednesday. We had some good little helpers too.
We had several out last week on account of illness. We hope they will be back soon. Curtis Neal Robinson has moved away. We're sorry to lose him.
We're making some things for Thanksgiving and looking forward to our holidays.

The primary teachers had another Curriculum Study Meeting on Monday in Ripley.
Kay Wyse had a birthday on Friday. We sang to her and wished her many more happy ones.

GRADE 2 - Troyano
Billy Davis, who has been ill with chicken pox, came back to school this week and we were very glad to see him.
We have enjoyed learning all about the Pilgrims and our "First Thanksgiving Day" this week. Our art work on the "Pilgrims and Indians" is quite interesting — at least "Miss" Kathryn thinks so.
We are looking forward with pleasure to the holidays this week. Allan Levy is going to Nashville and several of us will go out of town to "Grandma's" house, too.

Jerry Crihfield treated our room with candy two days last week. Thanks, Jerry, we think you're mighty nice.

GRADE 3 - McDearman
We welcome a new pupil, Larry Reynolds.
We sang "Happy Birthday" to Pamela Meeks and Eddie Asles.
Our teacher went to a meeting in Ripley Monday afternoon.
We appreciated going to the auditorium to hear "Miss" Nell's Book Week program that her 5th Grade pupils presented last Friday.
We have enjoyed making our room attractive for the Thanksgiving Season. What we liked the best was our booklets which contained the list of things for which we are thankful.
Our plans for the Thanksgiving Holidays include trips to grandmother's, staying at home, looking for company, turkey, chicken, duck, goose, etc. — nice plans, don't you think?
(Continued on Page 2)

Billie McGarrity, Hall High senior, was crowned 1952 football queen at the Ridgely football game November 6. Pictured above is Queen Billie along with her maids and escorts. Left to right, Bill Sumrow, Shirley Sloan, second maid, Billy Newsome, Queen Billie McGarrity, Jim Carmack, Lynnne Hurt, first maid.

Speaker Predicts Good Prices For 1953 Farm Products

Farmers will have good prospects for profit in 1953, according to Professor Furman Bowers of the U-T Agricultural Economics Staff. Mr. Bowers spoke to a group of farmers at the Halls High School last Thursday night. Of course, Mr. Bowers is no prophet, but he has gathered reliable statistics on trends in farm prices.

For agriculture as a whole, along with other prices, there will be a period of a downward stabilization trend. This has happened after all peaks in prices, but it does not mean a depression. With farm prices declining, Mr. Bowers urged the farmers to concentrate on reducing their costs. This way they can still keep the same margin or profit as with higher prices.

Trends now show that farm population is decreasing as the total population increases, so each farmer will have to feed more people. While people are making good money they will pay for farm products.

Cotton prices, even with parity, are expected to stay at the lower prices. Two reasons were other fiber competition and poorer grades due to mechanical pickers. Corn will likely go up, as always expected after gathering time. You should buy corn now and hold your corn to sell until later. Soybean prices are also expected to rise.

Hogs are expected to increase their price, but cattle will not do as well. Feeder cattle may rise a cent or two due to corn belt feeders wanting to market their corn through beef. Western cattle are expected to hit Spring markets and cause a decrease in price.

Vegetables, said Mr. Bowers, are hard to predict due to their short growing season. Fruits are expected to rise in price. Also, strawberries are expected to bring a fair price this spring. A larger acreage of potatoes is expected to hold these prices down.

Mr. Bower urged farmers to buy fertilizer now due to rising prices in materials and labor. Credit should also be arranged now. A lot of credit wanted next year, as expected, might cause interest rates to incline. Land prices are not expected to rise any next year due to continued selling of farm land.

County Forced To Halt On-Farm Vet Training Program

Lauderdale County is still unable to execute a contract with the Veterans Administration for On-Farm Training, Supt. of Schools Edric Olson said Monday. Difficulties between the state administration and the Veterans Administration have caused Gov. Browning to refuse to sign any county contract until these difficulties are ironed out. As a result, the county board is unable to continue the training.

Supt. Owen was in Nashville Friday of last week but was not able to make any appreciable gain toward solution of the problem. Continuation of the training program depends entirely on future action of Gov. Browning and the Veterans Administration.

CHAIRMAN NAMED FOR CRUSADE FOR FREEDOM

NAHVILLE — Bob Thomas, Ripley attorney, has been named Lauderdale County Chairman in the Crusade For Freedom campaign in Tennessee, according to an announcement by Sims Cowner, of Nashville, state chairman for the nationwide anti-Communist organization.

Crusade For Freedom seeks to raise \$4,000,000 in America during the campaign period Nov. 11-Dec. 15.

HALLS TO PLAY TRIMBLE HERE

The Halls High cagers will officially open their home basketball season tonight (Friday) when they play hosts to the Trimble team. In earlier games the Halls girls won easily while the Trimble boys took a one point victory. Game time is 7:30.

4-H'ers To Attend Dairy Meeting

Charles T. Peal, Assistant County Agent, Beverly Whitley, Lowell Tillman, Don Paris, Charles Gaines, B. V. Hutcheson, Jr., Oliver Voss, Celia Wiley, Betty Seates and Jackie Holt will attend the 4-H Dairy Achievement banquet at the Peabody Hotel in Memphis November 28th. This banquet is sponsored annually by the chain store council in Memphis for those 4-H Club members who are on dairy judging teams, and for those who have done a good job with their dairy project.

4-H Clubs Meet

Last week the Ripley 6th and 7th, Arp 7th and 8th and both clubs at Curve had their regular monthly meetings. Types of projects that a club member may take were discussed followed by a demonstration on how to keep records. Much interest was expressed in the plan to obtain tree seedlings to be planted on the farm.

(Continued On Page 4)

JAYCEES TO MEET MONDAY NIGHT

The regular meeting of the Halls Jaycees will be held Monday night, December 1, at Perry's hotel at 8:30, according to an announcement by club president Louis Levy.
This meeting is quite important since the erecting of the Christmas lights is to be worked out at that time. The strings of lights are completed and ready to hang, according to Mr. Levy.

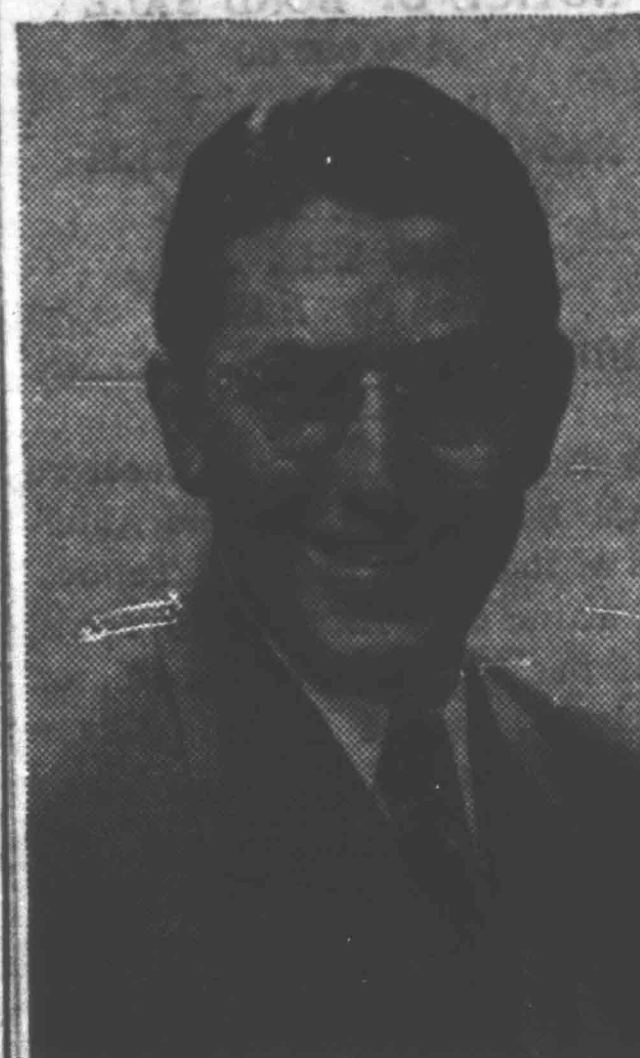

Skating Rink To Open On Regular Dates After Nov. 30

The regular monthly meeting of the Halls American Legion Auxiliary was held Monday night at the Youth Center with a good attendance.
At the meeting it was decided to open the skating rink at specific dates with Mr. Jack Williams as supervisor. The skating rink under the new setup will be open Sunday afternoons from 2 until 5 o'clock, and each Tuesday, Thursday and Saturday nights beginning at 6:30 p. m. This schedule will be maintained for some time in the future.

Announcement was also made that the birthday calendar which is to be published by the Auxiliary is almost ready for the printer and will be turned over to him within the next few days. The Auxiliary is gratified at the fine response to the calendar. Anyone wishing to include their names and those of their family on the calendar may still contact Mrs. Frederick Craig or any other member of the Auxiliary.

Blue Cross Members Must Re-New Now

This is Blue Cross renewal time again for subscribers in Lauderdale County. You can renew your contracts anytime now until December 15, 1952, in order to be effective January 1, 1953.
There are a few subscribers who do not have surgical benefits in their contracts. This feature may be added at this time, if the subscriber desires to do so. The maximum surgical payments of the Tennessee Doctor's Plan has been raised effective October 1, 1952, all surgery affected according to its own bracket. The cost of renewal for six months is the same as the previous enrollment.
Don't fail to renew your contract at once. Remember, December 15, 1952, will be the last day renewals can be accepted.
Go To Church Sunday.

Rev. Rose Resigns As Pastor Here

Rev. Albert L. Rose, pastor of Halls Christian Church for the past two years, offered his resignation to the church on Sunday, November 16, effective the last Sunday in December.
The Rev. Rose resigned in order that he might accept a scholarship to the College of the Bible at Lexington, Ky. where he will complete work for his Bachelor of Divinity degree. He has been attending Vanderbilt University but presently is acting as substitute English teacher in Halls High school during the illness of Mrs. Sumrow Steelman.
The Rev. Rose has also accepted the pastorate of Central Christian Church at Newport, Ky. and will assume his duties on Sunday, January 4.

Government Sues County On Air Base Contract

Suit has been filed in Federal Court in Memphis against Lauderdale county, Tennessee, for \$105,000 and the return of twelve hundred and sixty-three acres of the old Dyersburg Air Base near Halls, it was reported Friday in press dispatches out of Memphis.
The bill, according to the dispatches, claims Lauderdale county breached a contract with the Federal government by failing to maintain the air base.
The county also is accused of "wrongfully converting certain portions of the properties" included in the base reservation.
The bill was filed by Edward N. Vaden, assistant United States district attorney.
Re-activation of the base was discussed last week with Senator Kefauver by members of the board of directors of the Dyersburg Chamber of Commerce and the Tennessee senator agreed to see what could be done with the valuable facilities now not in use at the base.

It was generally agreed in the discussion that partial, rather than full scale occupancy, by some branch of the defense program would be favorable.

Cotton Prospects Said To Be Good

The modest increase in 1952 cotton prospects should cause no alarm at all, Secretary of Agriculture Charles F. Brannan said following issuance of the October cotton report.
"The presently indicated production will be needed," the Secretary declared. "It would be well below the 1952 production goal, and pretty much in line with the estimated domestic and export demand for cotton during the marketing year. If the present indications for production and disappearance are borne out, we will hold our own in the cotton situation and possibly add a few hundred thousand bales to the admittedly low carry-over reserves of the last couple of years."
The crop is now forecast at 14,413,000 bales, compared with the 1952 production goal of 16,000,000 bales.
Secretary Brannan further pointed out that cotton producers (Continued on Page 4)

Community Clubs Of Great Value

F. H. Paschal, County Agent, said Ward Paris was recently elected President of the Hurricane Hill Community Improvement Club, the first community club organized in the county. Mrs. L. R. Wadsworth was elected Vice-President with Mrs. W. M. Paris as Secretary-Treasurer for the coming year.

Hurricane Hill Club last year worked on a project to establish a modern type of cemetery in the community, made improvements on their church and many homes, maintained an attractive road center with markers showing directions to various areas, and otherwise worked together to improve their community in many ways.
The naming of farms and the erection of attractive signs and mailboxes at the farm homestead, he holding of monthly meetings where the people encourage each other to improve the beauty and attractiveness of their farms and homesteads and their general activities planned and carried out by the membership of this community organization for the improvement of the community as a whole — all these things taken together — make for friendlier communities of people living in better communities.

These Community Improvement Clubs co-ordinate the work of the P. T. A., the various churches, 4-H Club and F. F. A., and all the other work being done by separate groups in the community. The more than 150 clubs in West Tennessee have clearly demonstrated the effectiveness of these organizations toward a unification of the thinking of the people and real community improvement.

Hog Lice Control
Feed is too expensive to allow hog lice to limit gains and increase costs.
Lice can be controlled by spraying with a solution of Lindane made and used according to directions, or by using 1-2% DDT, 1-2% Methoxychlor, or by using old crank case oil. A solution of 1-2% DDT is made by mixing 1-2 teaspoon of 50% wettable powder in one gallon of water or by mixing 1-2 pint of 25% DDT emulsion with one gallon of water.
Spray the animals thoroughly when the weather is not too cold.

Cheapest Fertilizers Scarce
Most Lauderdale County farmers have found that within reasonable limits two pounds actual nitrogen used as fertilizer under corn will make an extra bushel per acre which means that for every dollar invested in ammonium nitrate fertilizer they make about \$7.00 worth of extra corn.
In the same manner, every dollar invested in ammonium nitrate for cotton will return from \$7.00 to \$10.00 in extra pounds of cotton.

Nitrogen in ammonium nitrate now selling at about \$90 per ton costs a little less than 13 1-2c per pound. In comparison, nitrogen in nitrate of soda now selling at \$75 per ton costs almost 23 1-2c per pound. Repeated field experiments show that there is very little difference between the increase in yield from a pound of nitrogen from nitrate of soda as compared to a pound of nitrogen in ammonium nitrate.
Farmers and other people have got tired of hearing merchants say that things are scarce. As compared to the supplies of fertilizer (Continued On Page 4)

Floyd Hooks Named As Scoutmaster

Floyd Hooks, assistant coach of Halls Schools, has agreed to act as scoutmaster for the forming of a Boy Scout troop in Halls according to a member of the Lions Club committee which was named to bring about organization of a troop here.
The troop is being formed under the sponsorship of the Halls Lions Club and it is hoped that an active organization can be started immediately. The committee as appointed by Lions Club President H. E. Pentecost is composed of D. R. Nunn, Rev. J. H. Newton and Louis Levy.

Let us pause to give thanks on this historic day for the plentifulness and continuing spirit of freedom afforded us through the years by this great country of ours.

ORDER OF PUBLICATION NO. 3057

TO JOHN ADAM EDWARDS, ROSIE NELL EDWARDS VS. JOHN ADAM EDWARDS IN THE COUNTY COURT AT RIPLEY, TENNESSEE

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant John Adam Edwards, non-resident of the State of Tennessee, and resident of the State of (Not Known), so that the ordinary process of law cannot be served on him. It is therefore ordered by the Court that said John Adam Edwards appear before the Judge of the County Court of Lauderdale County on or before the 3rd Monday in December (it being the 15th day of said month and the fifteenth day of December term of this Court) and make defense to the bill filed herein against him and others, or the same will be taken for confessed as true and the cause set for hearing ex parte as to him.

It is further ordered that this notice be published in the Halls Graphic, weekly, a newspaper printed and published in Lauderdale County, for four consecutive weeks, requiring him to so appear. This 3rd day of November, 1952.
N. C. UTLEY, Clerk
W. C. PATTON, Atty.

Mrs. T. H. Simmons and sons visited Mr. and Mrs. Wilburn Simmons in Dyersburg Sunday.

MRS. HURT HONORED BY BIRTHDAY CLUB

The Birthday Club honored Mrs. Fred Hurt Friday, November 21st, with a luncheon given in the home of Mrs. L. L. McDearman. The rooms were made attractive with fall flowers. A cut glass bowl of flowers was the centerpiece for the dining table.

Members of the club other than the hostess and honoree Mrs. A. G. Hargett, Mrs. D. C. Warren and Mrs. J. H. Murchison. Mrs. Edgar Crichtfield was a guest of the club.

A gift was presented Mrs. Hurt by the club.

CIRCLE NO. THREE MET MONDAY

Circle No. 3 met Monday afternoon in the home of Mrs. Doyle Hawkins with ten members present including one new member.

The chairman, Mrs. A. G. Hargett, opened the meeting with scripture reading from Psalms and Hebrew and a discussion on Thanksgiving. Mrs. T. G. Avery was program leader and gave one chapter of the book "Great Women of the Bible."

Mrs. Hawkins served delicious refreshments assisted by Mrs. Flo-
die Woodard.

Cotton Prospects

(Continued from Page 1) themselves can do much to avoid the danger of temporary declines

in cotton prices by spreading out their marketing. "If too much of the crop is dumped on the market immediately after harvest," he explained, "prices might drop

temporarily below the levels justified by the over-all situation. As in previous years, Commodity Credit Corporation loans are available to help farmers protect the value of the 1952 crop. Farmers are urged to consult their Production and Marketing Administration committee if they are having marketing difficulties.

F. H. Paschal

(Continued from Page 1) izers five years ago, there is no scarcity of fertilizer, but farmers are using more fertilizer each year and the demand has increased so much that manufacturers have not been able to keep up. For this reason, it will not be possible to buy all the ammonium nitrate we need next spring. We cannot even buy half of what we want if we wait until we need it to buy it. Farmers will find it to be a good investment of money and storage space to buy at least half of their needs of ammonium nitrate and take delivery of it between now and the last of February.

COUNTY COURT SALE OF LAND

MRS. W. T. HARRIS, et. al. VS.

SAM OLDDHAM DUVAL, et. al. In obedience to a decree of the County Court of Lauderdale County, Tennessee, made and entered in the case of Mrs. W. T. Harris, et. al. Vs. Sam Oldham Duval, et. al. I will on

Saturday, December 22, 1952

at the North door of the Bank of Halls, Halls, Tennessee, at two o'clock p. m. sell to the highest and best bidder, the two tracts of land in said decree described, and said descriptions are as follows:

TRACT NO. 1, Being located in the Town of Halls, Tennessee, in the 12th Civil District of Lauderdale County, and described and bounded as follows:

Beginning at a stake standing at the north margin of Tigrett street and on the west margin of Hall street, thence south with the west margin of Hall street 247 feet to a stake; thence running west 250 feet to a stake; thence running north 154 feet to a stake, Harry Wright's southwest corner; thence running east 150 feet to a stake in Tommy Love's southeast corner; thence running north with Love's east line 94 feet to a stake, Tommy Love's northeast corner and the south margin of the concrete walk, thence running east with the south margin of said walk 130 feet to the beginning corner, on this lot is located a good dwelling house and out houses.

TRACT NO. 2. This lot of land is located on the east side of the Town of Halls, in the 12th Civil District of Lauderdale County, Tennessee, and is described and bounded as follows:

Beginning at a stake on the north side of a private road running east from that point 108.1 poles to a stake in W. T. Cutler's north line, where his line runs north; thence north with Cutler's west line 34.82 poles, to a large fence post corner of Cutler's land, and the northeast corner of this tract of land, and the corner of what was formerly Jethro King's tract of land; thence running west parallel with the south line of this tract 59.1 poles to McKenley Jones' southeast corner; thence running west 49 poles more or less to the gravel highway, being a corner this tract of land McKinley Jones southwest corner; thence running south with the east margin of said gravel road 17.41 poles to the beginning and containing almost 10 acres of land more or less.

Both these tracts of land were given her under the will of J. T. King, more than thirty years ago, and his will was probated in Lauderdale County, Tennessee.

The sale will be for cash, and the tracts of land herein described will be sold separately.

The sale will be subject to confirmation on December 20, 1952, at the Clerk's Office in Ripley, Tennessee on that date.

Any crops not gathered by the time of confirmation of this sale is reserved.

Possession to said property so sold will be given January 1st, 1953.

Witness my hand on this November 20th, 1952.

N. G. UTLEY, County Court Clerk

W. C. PATTON, Solicitor for Claimants.

60% potash and 45% phosphate which are the cheapest source of these materials will be in short supply and farmers who need these materials for next year's crop will benefit by buying the material now and March.

Soil samples sent to the testing laboratory right away will get quick attention and prompt returns so that intelligent fertilizer purchase can be made any time.

4-H Club

(Continued from Page 1) Already club members have placed orders for over 2,000 pine seedlings.

Next week the Nank'oo, Arp 5th and 6th, Double Bridges, Henning and Gates 4-H Clubs will meet. All clubs that have met so far are doing a good job in presenting their programs. You are to be congratulated on this.

Guard Against Winter "Slack Up" Of Egg Production

Now is the time to start preparing for the winter attack on your egg production. The first thing is to be sure to have a good laying stock. If you had a number of pullets to hatch early last spring, they should have started laying by now or even earlier. Pullets produce 20% to 30% more eggs than hens if they are properly taken care—that's where you come in.

Comfortable housing, regular and good feeding, plenty of water, sunshine, and light contribute to high egg production. Check and see if your poultry house has these things—warmth, good ventilation, and adequate lighting for a 14-hour day. Then check your water and feed supply. See if you have a constant and clean supply of fresh water; make sure it is protected against freezing winter weather. A balanced ration is a "must" for egg production. Make sure if you mix your own feed that you take into consideration the fact that your stock will consume more feed because cold weather will cause the egg producing feeds to be used as heat building feeds. Be sure to make a thorough

check against the coming winter so as to keep your egg production as high as possible for the high winter market.

UNION SERVICES AT BAPTIST CHURCH

The Rev. Albert L. Rose will bring the message tonight (Wednesday) for the Union Thanksgiving Service which is being held in the auditorium of the Halls Baptist Church. Special music will be presented by Mrs. Neil A. Dyer and a trio composed of Mrs. Marvin Hansford, Mrs. M. E. McDearman, Jr. and Mrs. Henry Murchison.

Steel rolling on steel

Rubber rolling on road

The BIG question— which is best for what?

Some of the people who operate big highway trucks say we're picking on them.

That's not true. We believe trucks should do a share of the nation's transportation job. There are some jobs they can do better and more economically. We, ourselves, own and operate trucks to supplement our rail service.

What we have said about the big trucks is this: that they should pay highway taxes in proportion to the use they make of the highways and the damage they are doing to them.

If the big fellows can't afford to do this, there is something wrong. Maybe some of them are biting off more than they can chew, trying to haul heavier loads farther than they should.

When they attempt this, they are bucking cold steel facts that won't change for anybody.

The fact is that, pound for pound, it is easier to move a loaded freight car than it is to push a baby carriage. Steel wheels rolling on steel rails move more with less effort. That's why railroads continue to haul the bulk of the nation's heavy freight—particularly over long distances.

Steel rolling on steel and rubber rolling on roads both have their share of transportation work to do. Let's remove highway truck subsidies. Then simple economics will funnel each kind of hauling to the outfit that can do it best.
