HALLS, TENNESSEE, FRIDAY MORNING, AUGUST 1, 1958

NUMBER 31

General Election Has Many Races

Citizens of Lauderdale County go to the polls next Thursday to name county officers, and select a new Attorney General with only Oscar Grimes, county trustee, and C. Lyle Durham, registrar, with no opposition.

In the race for County Judge, incumbent Judge J. R. Lewis is opposed by Halls Mayor Jerre Jordan. Judge Lewis has served since 1942. The election will be for an eight-year term.

Sheriff Willard Norvell is opposed by Emmett L. Yochum of the Ashport community. Sheriff Norvell is seeking his second consecutive term. He had previously served as Sheriff.

County Court Clerk N. C. Utley is opposed by Vernon McBride, Jr. Mr. Utley was first elected in 1942 and is making a bid for his fifth successive term in office.

Six candidates — three women and three men — are seeking election to the office of Circuit Court Clerk. They are Mrs. Mary Griffin Scott of Ripley, Mrs. Jewell Coffman Lee of Curve, Mrs. Gilfred Greaves of near Henning, Paul Dew of Central, Buford Lawson of Woodville and W. Paul Owens of Ripley. Mrs. Sara Hendren, present clerk, did not seek re-election.

In the 12th District William G. Spence is unopposed for school commissioner as O. J. Nunn did not seek re-election. In the race for constable incumbent Harry A. Hall is opposed by Auzie Gean.

In an unexpected development following the resignation and subsequent death of Attorney General George Watkins, Selmer Attorney Will Terry Abernathy and Assistant Attorney General William D. Gruggett of Covington are seeking election to that office.

Also on the ballot will be constitutional amendments calling for lowering the legal voting age to 18 and the setting of a four-year term for County Sheriffs.

O. S. Dunaway Services At 2 This Afternoon

O. S. Dunaway, prominent farmer and landowner of the Bethesda community, west of Halls, died Wednesday afternoon at his home, apparently from a heart attack. He was 76.

Funeral services for Mr. Dunaway will be at 2 this afternoon at Bethesda Methodist Church with the Rev. Jesse Newton, Baptist minister of Halls, officiating. Burial will be in Halls Cemetery with Halls Funeral Home in charge.

Mr. Dunaway died sometime Wednesday afternoon while seated in a chair on the lawn of his home. In addition to his farming interests he had been connected with logging operations. He was a member of Woodmen of the World and the Lauderdale County Farm Bureau. His wife, the former Mary Ann Sanbury, died a number of years ago.

Surviving is a son, O. E. Dunaway of Halls; two daughters, Mrs. Ruby Mai Davis and Mrs. Sarah Ellen Woodard, both of Chicago; two sisters, Mrs. Dora Viar of Halls and Mrs. Verna Koonce of the Nankipoo community; and a brother, Joe Dunaway of Halls.

Farmers Should Watch Cotton Crops For Insect Damage

F. H. Paschal
County Agent

Cotton is really loading up and growing rapidly this week and farmers are quick to spot any insect damage which might lower prospective yields.

A little brown bug called "Grape Colaspis" which normally eats on clover and soybean leaves has been eating the leaves right around the squares in some cotton fields. Some webworms have been found. Neither of these insects do serious damage in cotton.

Some farmers want to poison cotton against boll weevils because they have found a few grubs on the ground. We should remember that we cannot kill the boll weevil on the ground. We make the best use of our poison if we apply it to the tops of the plants at a stage when 15 percent or more of the squares have been punctured and eggs laid in them.

To determine this percentage of infestation pick squares at random as you walk diagonally across the field from two directions. Pick squares equally from top, middle, and lower limbs. Do not pick squares off the ground.

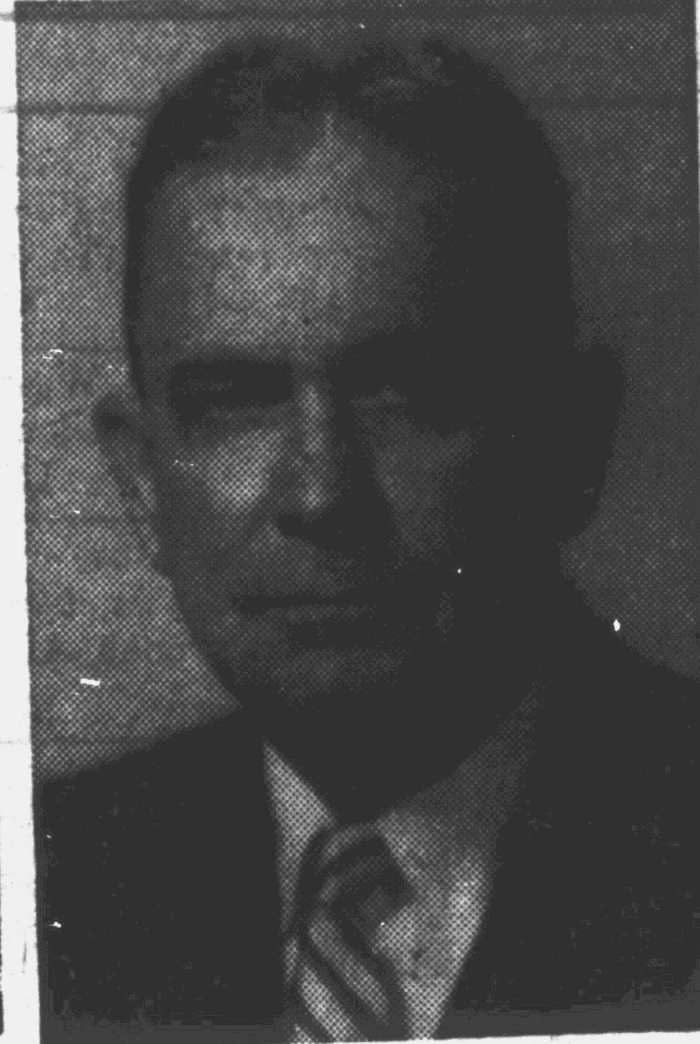

A boll weevil infested square will not have a hole in it. It has a tiny wart-like raised place on the side about the size of a pin head.

Holes in squares may be made by bollworms, but to measure bollworm infestation, you look carefully for tiny bollworms and bollworm eggs in the terminal (Please Turn To Page 12)

Governor, Senator Races Feature Primary Election

Tennesseans go to the polls next Thursday, August 7, to select Democratic nominees for United States Senator, Governor of Tennessee, Representatives for the nine congressional districts and members of the state legislature.

The Democratic nomination for Governor and U. S. Senator is virtually the same as election since no Republican governor has been elected since Alf Taylor and no Republican U. S. Senator since the 19th century.

Former Governor Prentice Cooper, in bitter criticism of Senator Albert Gore, has stumped the state seeking support in the race. Senator Gore has been forced to divide his time between trips to Washington to vote on important issues and in campaigning for re-election. Most observers predict a close race but are of the opinion Senator Gore will be re-elected.

In a race filled with announcements of candidacies, withdrawals, sharp criticisms, etc. Tennesseans will have four major candidates from which to select their next Governor as Buford Ellington, former Commissioner of Agriculture; Edmund Orgill, Memphis mayor, Judge "Tip" Taylor of Jackson, and State Senator Clifford Allen of Nashville seek the nomination.

For the first time in many years at least three candidates are conceded excellent chances for election with Ellington, Orgill and Taylor each having strong support with Ellington narrowly leading the pack. Most observers decline to definitely select a winner but are predicting the closest race in many years.

In the 8th Congressional District R. A. Everett is unopposed for re-election to Congress and B. C. Durham, Jr., Ripley attorney and banker, is unopposed as Direct Representative to the State Legislature from Lauderdale County. Dyer County, under an agreement between Lauderdale, Dyer and Crockett counties, will this year select the State Senator to succeed Ross W. Dyer and Tipton County will select the Florential Representative for Tipton and Lauderdale counties.

Postage Increases Effective Today

The 3c letter, like the dinosaur, the dodo and the passenger pigeon, today "goeth where the woodbine twineth and the whang-doodle calleth for its mate" as new postal rates went into effect at midnight last night, July 31st.

In other words any mail deposited in the Halls Post Thursday after 5 o'clock—closing time—will require the added postage, said Postmaster E. J. Shannon.

Under the new law the average letter will require 4c postage with an additional 4c for each additional ounce or fraction thereof. Postal cards will require 3c instead of the present 2c. Air mail letters 7c per ounce with an additional 7c per ounce or fraction of an ounce over the first ounce.

Other changes affect bulk mailing and the mailing of newspapers by other than the publisher at the regular publication date.

Football Practice Starts August 18th

Halls High School Football Coach Pete Meadows announced this week that football practice for the 1958 squad will begin on Monday, August 18.

Mr. Meadows said that after equipment is assigned, regular practice sessions will be held each morning and each night. Prospects for a numerically large squad seem excellent, but experience will be sadly lacking as the Tigers get set for their first year of the round robin schedule in the Big Ten Conference.

New Basketball Coach Employed

Edric Owen, Lauderdale County Superintendent of Schools, this week announced that Robert Stephenson, Memphis State University graduate, has been employed as head basketball coach and assistant football coach for Halls High School. He succeeds Pete Anderson, who recently resigned to accept a position as head football coach at Central High School, Savannah, Tenn.

Mr. Stephenson is a native of Calhoun, Tenn. and played both college basketball and football. He received his Master's Degree at MSU this past year and worked with MSU Basketball Coach Bob Vanatta while studying for his Master's. He has served three years in the Armed Forces and is 27 years old.

He is married and Mrs. Stephenson will teach in Halls Junior High. She is a graduate of Centenary College and has taught in the Shreveport, La. school system.

Mrs. Lee Requests Voter Support

To the Voters of Lauderdale County

I am glad to have had the opportunity of seeing and visiting with so many of you in my race for Circuit Court Clerk.

You have been most hospitable and patient and I have enjoyed the time I have been able to spend with you.

I have tried to see everyone but, of course, that was not possible, for some of you were not home when I called and time would not permit my coming again.

I am sorry to have missed any of you, for it has been a pleasure seeing you, and I shall never forget how fortunate we are, in Lauderdale County, to have such wonderful people.

August 7th is Election Day, and the time is almost here. I hope you will all come out and vote, and when you come to the Circuit Court Clerk on your ballot, please don't forget to vote for

TRAVIS SMITH CELEBRATES BIRTHDAY WITH PARTY

Travis Smith celebrated his seventh birthday with a party at his home on Tuesday, July 29 given by his mother, Mrs. Grover Smith, and sister, Miss Lynda, and Miss Pat Grady.

The cake was decorated with seven candles and ice cream, cold drinks, bubble gum and suckers were served. Colored balloons were given as favors.

Guests included Bruce and Mike Hilliard, Stanley Cavness, Pat and David Alston and Jimmy Barbee.

MRS. GILFRED GREAVES

Candidate for Circuit Court Clerk, this week made her final appeal to the voters of Lauderdale County for support in her race for that office. Mrs. Greaves is the former Miss Louvenia Dixon, daughter of the late Mr. and Mrs. Edd Dixon of the Nutbush community. She is the wife of Gilfred Greaves, operator of a retail grocery store in the Three Points community, west of Henning. The Greaves have two daughters.

After having made a complete canvass of the county, Mrs. Greaves is highly gratified at the fine reception which she has been given and feels she will win. In addition to her experience with the grocery store, Mrs. Greaves has had some experience in the Circuit Court office.

Mrs. Greaves stated that it had been humanly impossible to contact every voter but she will appreciate the vote and support of every person.

By Journal Ad

"It was a one in a million shot," a local liquor dealer commented when he recovered a bank bag recently containing \$530 in cash and checks on the strength of a classified ad in the Journal.

The bag was found by Henry Cantrell of 151 Stephenson St., a commercial truck tire salesman at the Firestone Store here, in the middle of the intersection of Alexander street and Kings Highway Thursday morning.

Cantrell notified police he had found the bag, only to be informed that no report had been received on its loss.

All checks in the bag were made out to cash. The bag did not contain a clue as to its owner.

"Friday, Kirby Hand, our service manager, told me he had read a small ad in the Journal classified section about a missing bank bag," Cantrell said. He said he called the man who placed the ad and subsequently returned the cash and checks.

The liquor dealer, who declined to be identified, said he "lost the bag through an absent-minded trick.

According to the dealer, he came out of his home with the bag and was preparing to get into his car and go to work when he stopped to chat with a neighbor.

"I put the bag on the trunk of the car while I was talking and forgot to pick it up when I left," the dealer said. "I didn't miss it until I pulled up at a restaurant to eat breakfast." He said the bag slipped off the trunk about a half-mile from his home.

It was with faint hope that he inserted the ad in the Journal, the dealer related.

"I never dreamed I'd get the money back. In fact, I had so little faith in the honesty of my fellow man that I didn't even report the loss to the police.

The dealer peeled off \$50 in cash and handed it to Cantrell.

Lauderdale 4-H Club Members Rank High At Jackson

Charles Peal
Asst. County Agent

Twelve Junior and Senior 4-H members gave demonstrations at District Demonstration Day at Jackson on Saturday. County winners in each of the projects competed against the best from other counties.

Delaine Hamby gave a demonstration on preparation of strawberries. Her demonstration score plus her 4-H record book score earned her the trip to Knoxville on August 18 where she will again give the demonstration in state competition.

Betty Aitken placed third in the district poultry contest and won \$10. James Trueblood placed fifth and won \$7.50. Jerry Ammons was runner-up in the swine production program.

Other demonstrators, their demonstration areas, and awards are

as follows: Ranny Carmack, Safety, red group; Betty Aitken, fruit pie, white group; Don Ammons, Junior Leadership, white group; Jerry Moore, Soil Conservationist, red; Helen Harrell, Junior girls' electric program, red; Mitchell Ammons, Senior electric, red; and Ronnie Turner, Junior boys' electric, red. Patsy Walsh placed third in the biscuit baking contest and received a white ribbon. Joyce Allen received a green ribbon for her cornmeal muffin demonstration.

This district-wide competition selects the best from West Tennessee to compete against the other four Extension districts. Winners at Knoxville in these various projects will get trips to National 4-H Club Congress in Chicago. Jerry Ammons, already a winner in the tractor program, will represent West Tennessee at Knoxville.

CARDS TAKE TWO FROM YANKS

The Cards won Tuesday's game, 10 to 6. Warren won the game, allowing only 3 hits, walking 6 and striking out 7. The loss went

to Hansford who allowed 9 hits, walked 10 and struck out 8.

Ashcraft doubled and single hits were credited to Paul Brown, Fred Williams, Elmore, Stewart, Dendy and Love. Warren had 2 singles and James Vaden had 3

singles. James Vaden batted in 3 runs and Love and Dendy batted in 2 each. Ashcraft and Charlie Brown batted in one run each.

Friday's score was 4 to 2 in the Cards' favor. Warren was the winner allowing 4 hits, walked 5 and struck out 7. Hansford allowed 5 hits, walked 6, and struck out 8 but was charged with the loss.

Singles were hit by Stuart, Dendy, Warren, Henderson, Keltner, Baker, Ashcraft, Hansford and Paul Vaden. Henderson was credited with 2 runs batted in.

Both teams are improving in fielding. All runs were earned, fewer errors are being made. The pitchers are walking fewer batters and the games are becoming considerably shorter.

BASEBALL CLUB WINS FROM TOULON

The Halls Junior baseball team played Toulon at Forked Deer Wednesday afternoon and came home with an 11-1 victory as Larry McBride pitched shutout ball until the last half of the 7th inning. Lindell Baker, with two doubles and three runs driven in, led the Halls boys at bat.

VISIT IN CHATTANOOGA

Misses Beverly and Brenda Cannon returned home Monday after spending the past five days in Chattanooga, Tenn. as the guests of Noah Braden Kimball. Noah has completed his six weeks annual summer camp at McCallie and returned home with them. The group visited in Nashville and Columbia Military Academy which their cousin, Edward Kinney is attending. They were accompanied by Mrs. Kimball and Miss Sherry Kay White of Memphis.

JOHNNIE LEE REWARDED FOR SUGGESTIONS

Johnnie Lee, motor inspection electrician, Electrical Division, Acme Steel Co., Chicago, was recently honored at a presentation held in the office of H. R. Sanow, vice-president in charge of the Riverdale Operation. With an award he received this month, Lee joined the exclusive ranks of the \$500 Class of the Acme Steel Suggestors Club.

His suggestion record is a very unusual one. He began participating in the Suggestion Plan in 1955. Since that time he has submitted 118 suggestions. 70 of these have been accepted for adoption, with a total cash accumulation of \$523. His batting average on accepted suggestions is .593 which is far above average in suggestion activity. Of the merchandise prizes available to him, Johnnie chose a Howell dinette set which has been delivered to his home at 49 East 125th Place in Chicago.

Johnnie has also received a pair of safety shoes, a pen and pencil set, a Gold Hour clock, a certificate showing his membership in

Paul Dew Makes Final Appeal To Voters

During the past three months I have done my very best to talk to every voter in Lauderdale County and ask them for their support in the race for circuit court clerk. It has been impossible for me to see everyone, but I would appreciate your support even if I have not seen you.

While talking to the voters of the county, I have learned that most people consider three things in picking the right man for the job. First, and most important, "Who is best qualified?" Second, "Who needs the job the most?" Third, "Is this person morally fit to hold public office?"

I do not think there is a person in the county who doubts my ability to be Circuit Court Clerk. In high school and college I studied bookkeeping and office management and I have one year of experience in general office work.

I remember, no too long ago, when the most important thing in my life was finding the right girl for my wife. I have found that girl and now the most important thing in my life is to be able to support her, raise a family, and live a happy, normal life. I do not think anyone could possibly have a better reason for needing a job.

As for my moral standards, I would like to give the people of Central Community and the Central Assembly of God Church as my references. These people know me, and they will tell you that I have never been a drunkard or gambler, and I have always tried

to be dependable. When you go to the polls to vote, don't just vote for the first one you think of, consider each candidate, then vote for the person best qualified. If you, the people of Lauderdale County, decide that I should have the job I will do my very best and treat everyone as I would want to be treated. I WILL APPRECIATE YOUR VOTE.

It may not appear that a telephone conversation is taking place in this photo, but nevertheless Mrs. A. Lacy Price was talking with none other than Tennessee's own Polly Bergen when the photographer snapped the picture. The call was made over Southern Bell Telephone Company's Distant Talking Set (no hands required) recently at the Tennessee Press Association Convention in Nashville. With the help of a special telephone hook-up, Mrs. Price was able to dial directly from Nashville to Miss Bergen in Las Vegas, Nevada, where the TV and film star was featured at the Riviera Hotel. Mrs. Price is the wife of A. Lacy Price, of the Jackson Sun, who was elected President of the Association at the convention. M. N. Lloyd, of Southern Bell, is shown listening to the conversation, which was amplified so all those present could hear.

Federal tax returns provide not only for the payment of income tax to the Director of Internal Revenue, but are also the means through which the individual's self-employment income is reported to the Social Security Administration. Since these reports form the basis for eligibility to social security benefits for the self-employed, it is necessary that all returns filed should be fully completed and that the amounts reported be based upon business records, Mr. Tipton stated. It is of the utmost importance that complete and accurate records be maintained by the taxpayer. The self-employed tax returns are subject to verification by the Social Security Administration. The lack of good records may cause the self-employed individual considerable delay before his claim can be completed and also might result in the actual loss of his social security benefits.

Of interest among the protective features of the social security law is the new disability benefit program under which payments were first made beginning with July, 1957. This provision of the law protects the participating self-employed individual along with those who are wage earners. Mr. Tipton stressed that it was very important for a self-employed person to contact the social security office as soon as possible in order to protect his rights if he becomes disabled.

Social Security

In order to receive proper social security credit for self-

employment net earnings it is necessary that accurate income tax returns be filed each year when due, Joe P. Tipton, district manager of the Dyersburg Social Security Office, pointed out today.

To My Friends Of Lauderdale County

The race will soon be over and I hope you will understand that the duties of this office have not permitted me making a house-to-house campaign as I wished to do in this — my last race for County Court Clerk. I would like to see everybody but it is impossible. Numerous things come through this office every day. The sale on automobile tags has increased, more titles to process, more drivers' licenses, hunting and fishing licenses, divorces, weddings, wills to probate, estates to wind up, gas refunds to fill out, birth certificates, lost drivers' licenses, and Ad Valorem, Withholding and Social Security Taxes for the employees of Lauderdale County.

I, your County Court Clerk, have never—day or night—refused you the service you have asked for.

Yes, I am running for re-election—strictly on my record of which I am proud. It is a pleasure to look back on the years as your servant and know I have been true to your trust and true to you in the service I have given you—irrespective of position, color or creed.

In the month of March when you are reserving your same automobile tags, which hundreds do, there is no discrimination. The colored people are extended the same courtesy.

Drivers' Licenses have to be renewed every odd year, and I have always established an office in Halls to accommodate the people in your community by saving them from driving thirty miles. Last year Mrs. Mabel Tanner renewed 1542 drivers' licenses during the month of June. Next year will be the year to renew drivers' licenses and if I am re-elected and living the same procedure will be repeated.

Every year, during the month of March, I bring your automobile tags to your community for your convenience.

If you do not see fit to vote for me, and I am re-elected, you will never know the difference in the service I give you.

In this personal letter, I am appealing to you for your support and vote in the General Election, August 7th, 1958, and for that I will forever be grateful.

YOURS RESPECTFULLY,

Newton C. Utley

Sunday School Lesson

By Walter C. Davis, D. D., Tennessee School of Religion, University of Tennessee

Lesson for Sunday, August 3, 1958

Amos 7:10-15; Galatians 5:1, 13-18, 25

"Guarding Our Freedoms"

It would be very much easier to write on some present-day issues, and that no doubt would seem more pertinent to our readers. The fundamental principles of standing enemies had been over-freedom as taught in the Word of

God are far more important. Current issues change with changing conditions, but the truths contained in the Bible abide, and these we must never forget.

Guarding our freedoms is of fundamental importance. Just as man must fight to obtain freedoms, so must he struggle to preserve them. "Eternal vigilance is the price of liberty."

There are forces without and within which would destroy our freedoms. Perhaps the greatest foe is within: within the nation, within the community, within the person.

The time of Amos was in many respects very much like our own. The nation was prosperous. Long-pay for its sin, would be taken "into exile beyond Damascus." But then, as now, "They hate him

cond Jereboam, the king of Israel, had instituted a program of public works and there was great prosperity. That is, the favored few were prosperous. The rich grew richer, and the poor poorer. Lands were confiscated. There was dishonesty in trade as shown by tampering with weights and measures. The processes of justice were so perverted the poor had no chance before the law.

The formalities were not neglected, but intemperance, luxurious living, sexual sins and vanities were the order of the day. The vital spark of freedom was being smothered. The Prophet saw that the nation would have to pay for its sin, would be taken "into exile beyond Damascus." But then, as now, "They hate him

who reproves in the gate, and they abhor him who speaks the truth."

It is a fact of history that outside forces rarely ever destroy a nation until it has been weakened by its own sin. It is the story of Jeremiah's "foxes," the little foxes which spoil the vineyard.

In the charter of freedom given by Paul in Galatians chapter five, important principles are set forth. First, Christ has set us free.

He has set us free to do the right. We must never "submit again to a yoke of slavery." Men's worst slavery is the slavery of sin.

A second principle is that freedom is never absolute. It must always be exercised under self-discipline. No man can say, "I am free; therefore I will do as I please." A man is not free to drink, to carouse, to do injustice to others. Martin Luther in his matchless writing on Christian Liberty states it this way: "A Christian man is the most free lord of all; and subject to none; a Christian man is the most dutiful servant of all, and subject to everyone."

In the third place, freedom is a cooperative enterprise. There is no law against love, joy, peace, patience, kindness, faithfulness, gentleness, self-control. The concentration of power, political or economic, in the hands of a few is always a danger to freedom. When free men work together to produce great things, it is not the product that is important but the sense of free, cooperative enterprise. "The glory of hometown pride is greater than that of any man-made wonder."

Many American leaders are deeply concerned about our growing bigness of things. BIG business, BIG labor, BIG agriculture, BIG government. If the little man is crushed by this growing bigness, then freedom perishes. Then man becomes only a cog in the great industrial machine.

DANGER SPOTS ON THE FARM

Here are the 21 dangerous practices we saw in the pictures appearing on Page 4. Did you find them all?

PHOTOGRAPH A: (1) A barnyard with any kind of livestock is no place for children to play. (2)

Many children, just like this one, are drowned each year in water tanks, farm ponds, and streams.

(3) Farmer is leading the bull without a staff, using only a rope snapped into the nose ring. (4) With his back to the animal, he would have little warning should the bull suddenly become mad.

(5) Ax with cracked handle is unsafe for use anywhere. Here it leans dangerously against the water tank. (6) Manure forks with tines up and lying on the ground threaten injury to both people and animals.

PHOTOGRAPH B: (1) Unsupervised swimming in deep and treacherous gravel pits or quarries is very dangerous. (2) No light or reflector on bicycle. (3) Careless handling of firearm by boy on abandoned pier. (4) With two boys and one bicycle, it is fair to assume that the bicycle, built for one, carried both boys to the swimming hole.

PHOTOGRAPH C: (1) Every Monday and sometimes in between, someone comes in close contact with electricity by screwing out the bulb and connecting the washing machine to the drop cord in the basement of this house. (2) Sooner or later, using a stand like this, instead of a stepladder, is certain to bring a fall. (3) Light wires are wrapped around nails and water pipe overhead. (4) Glass jars, overshoes, and other items on the cellar steps are sure to cause a tumble for someone. (5) There are better places for the little girl to play with her toys than on the cellar steps. (6) Handrails on steps will keep you from taking a bad fall someday.

PHOTOGRAPH D: (1) Farmer is refueling tractor with engine running. Fuel spilled on a hot manifold could cause a fire. (2) Smoking while refueling your tractor is a sure invitation to a disastrous explosion and fire. (3) Uncovered power take-off can catch sleeve or pants leg. (4) Children and pets should not play near machinery, especially mowers in the hayfield. (5) Driver's loose sleeve could catch in tractor engine or power take-off. Remember your farm equipment dealer has the new "Tips for Safe Tractor Operation" booklet. Ask him today for your free copy.

Abernathy for Attorney General To The People of Lauderdale County:

My position in the Attorney General's race was for the first time clearly and accurately stated in the Commercial Appeal on Sunday, July 20. It had been previously publicized with neither fairness nor accuracy in two articles in the Commercial Appeal appearing under a Ripley deadline. I hope you noticed and read my statement of July 20.

Briefly, this is what has happened:

As a result of reports throughout the Judicial Circuit that General George C. Watkins would because of illness vacate the office and the nomination before election day, I was qualified as a candidate in the General Election in order that the people might be privileged to fill any vacancy that might arise, rather than have the office filled by gubernatorial appointment.

Shortly after my qualification, General Watkins resigned, and soon, thereafter the Assistant Attorney General, William D. Gruggett, of Covington, assembled a small group of Lauderdale County friends in Ripley, Tennessee, and held what they called a "caucus or mass meeting of the Democrats of the 16th Judicial Circuit," and nominated him as their candidate. This meeting was held without notice to and without attendance of any Democrats from any other county in the Circuit. Mr. Gruggett then announced as a candidate. Not until then did I announce my candidacy.

I now want to say this, and I hope there will be no misunderstanding about it:

I RAN A HARD, FAIR, CLEAN RACE IN LAST YEAR'S PRIMARY AGAINST A GOOD MAN WHO IS NOW DEAD. HAD GENERAL WATKINS LIVED AND HAD HE NOT RESIGNED, I WOULD NOT BE IN THE RACE TODAY.

Be that as it may, the people voting in the General Election now have the responsibility of filling the high office of Attorney General for the next eight years. It is a great responsibility and should be discharged with the view of selecting the person best qualified to serve.

Neither Mr Gruggett nor I can rightfully claim to be the Democratic nominee. There is not and has not been sufficient time for another Primary or proper convention, or any other official action of the Democrats of the five counties of the Circuit.

However, I feel that no one has a better right to make the race than I. In the Judicial Primary last year, General Watkins received 5,750 votes and I received 5,023. Both General Watkins and I had to pay \$1,800.00 just to qualify for the race. The Assistant Attorney General did not enter that Primary. He is not required to pay any entrance fee in this race.

I think I need not tell you again about my high regard for General Watkins. I told you that when I campaigned against him last year. But I would like to say with sincerity that I join the family and his host of friends in mourning his passing. I think I know how to sympathize with his loved ones. Nearly seven years ago I lost my wife to the same treacherous, deadly disease that struck the General down.

But "the moving finger writes, and having writ moves on," and so we must face the fact that the office of Attorney General is now to be filled by the people on August 7. I earnestly solicit your vote and support.

If elected, I will bring to the office 25 years of active courtroom experience, a conscientious desire to fill the office capably and honorably, and a firm pledge to try to be an Attorney General of whom you can be proud.

SINCERELY YOURS,

Will Terry Abernathy

Mrs. Fleetwood Cates

The Nankipoo P.T.A. was reorganized last week with about fifteen members present. Much interest was shown among the younger mothers, which was very encouraging. After some discussion on plans for the year's work, the following officers were elected: Mrs. Harold Stanley, President; Mrs. Darriel Cates, Vice-President; Mrs. Arnold Hilliard, Secretary; and Mrs. Ben Cantrell, Treasurer.

Mrs. Carrie Bennett spent part of last week in Carroll County attending revival services at Long Rock Church of which she is a member.

Mr. and Mrs. Jackie Belton and family of Memphis spent the weekend here and at Halls with their parents.

Oliver Williams of Millington spent Sunday afternoon with Mr. and Mrs. Grady Cook.

Alecia Smith and Ricky Burks of Memphis are spending this week with their grand-mother, Mrs. Harvey Olds.

Mr. and Mrs. Jackie Belton and daughters of Memphis spent the weekend here and at Halls with parents.

Mr. and Mrs. Freeman Olds and children of Memphis spent the weekend in the Gene Lilly home.

Mr. and Mrs. Ely Cates and children spent a few days here the first of the week. They were enroute to Union City, Michigan from near Tampa, Florida. Mr. Cates will teach school in Michigan this term and will also attend some college classes at Kalamazoo, Michigan.

Mrs. Corinne Smith and daughter, Priscilla, of Raleigh, N. C., are visiting Mrs. R. B. Bailey and other relatives here.

Mr. and Mrs. Jeff Koonce and daughters of Memphis spent Friday night with Mr. and Mrs. Harvey Olds.

Mr. and Mrs. Monroe Belton spent Sunday in Memphis with Mr. and Mrs. Fred Ward and family. Glynn Ward returned home with them for a few days' visit.

CARD OF THANKS

We would like to take this method of expressing our thanks for every act of kindness shown since the passing of our Dearest Husband and father, Rozelle Turner. We wish to thank everyone for the flowers, cards, food and every word of comfort which has been our strength during these lonely hours. We especially thank Dr. Lewis and Dr. David and the hospital personnel who worked so faithfully during the last hours. For their words of kindness, comfort and faith, we wish to thank Rev. Madden, Rev. Holdford, Rev. Owen, and Rev. White. We express our sincerest thanks to the Edith Quartet and our humble thanks to everyone.

Cotton Legislation Aids Small Farmer

The Farm Bill passed by the Senate last week will aid the small cotton farmer. Cotton farmers with 10 acres or less are guaranteed no further reductions. This will hand a good feeling to many who have suffered by such reductions in the past.

The entire cotton industry has worked hard at this session of Congress to try and get some kind of legislation that would be last-

ing and helpful. Although defeated by previous efforts, it has proved one thing and that is that through unity of interest much more can be accomplished. If more of our farm interests could get together and work for a common interest, no doubt our farmers and all allied interests would be better off. It is now up to the House members to get together and agree that this bill is needed and pass it as soon as possible.

Some states will get slightly more acreage than they would have otherwise. Tennessee will gain 5,229 acres next year; in 1960 the increase will amount to 3095 acres and in 1961 to 2813 acres. Another provision is that a third floor be put under price supports in 1961 when the dual program ends and there will be only one support level. The bill also provides that in 1961 supports shall be 90 per cent of the 3 years or 30 cents a pound for middling one inch, whichever is larger. An amendment was add-

ed to the bill which also provided that cotton could not go below 60 percent of parity. This floor will be ineffective unless parity goes much higher than the present level of 45 cents.

The present bill also provides the choice program originally offered. That was the support price be determined under existing formula on production of 16 million acres, plus the land that the Secretary of Agriculture estimates will be put into cultivation because of the option plan.

Farmers who elect the announced support price can plant their allotted acreage. Farmers who decide that they want to accept a support price 15 parity percentage points lower than the high support will be allowed to increase

allotments 40 percent. Added land will not count in planted history.

The present cotton bill actually is the first step toward making cotton competitive at home and abroad. It will also permit farmers who believe that they can farm more efficiently with greater acreage to try it. It is hoped that it will be profitable for the cotton farmers and healthy generally for the cotton industry and business as a whole. No doubt, it will be made law at once.

That an average of 129 man hours per cow are needed to care for a 10 cow herd during the year—while only about 80 hours per cow are needed for a 30 cow herd.

Farmers needing cribs or bins for grain storage can secure five year, four percent loans through county Agricultural Stabilization and Conservation (ASC) Offices. Farmers can obtain financing for drying equipment.

HIGHWAY 51 GETTING NEW FACE THROUGH TOWN OF HALLS

The Tennessee Highway Department this week began work on blacktopping Church Street (Highway 51) and completing a project started in 1956.

In 1956, the Town of Halls, in an agreement with the State Department widened Highway 51 from the intersection of Tigrett Street north to the city limits with the understanding that the Highway Department would pave the shoulders when the work was completed and settled enough to stand up. This week work began on this project and Mayor Jerre Jordan reached an agreement whereby the street is to be completely recovered.

F. H. Paschal

(Continued from Page 1) buds. We usually do not have bollworm infestations until late in August, but we can have them any time, although we usually do not.

Boll Weevil Poisons

Farmers are paying a fine group of scientists to work for them in finding and recommending practical poisons that will kill boll weevils. The following poisons have been proven to be very effective when used at the rates per acre as shown. These are being listed in alphabetical order.

Aldrin 2 pts. per acre; BHC 4 pts. per acre; Dieldrin 1 1/2 pts.; Endrin 2 pts.; Guthion 2 pts.; Heptachlor 2 pts.; Malathion 3 1/2 pts.; Methyl Parathion 2 pts.; Toxa-

phene 5 pts.; or Toxaphene plus DDT mixture (4:2) 5 pts.

For bollworms DDT at 4 to 6 pts. per acre or Endrin at 1 1/2 to 2 pts. per acre or Toxaphene plus DDT at 4 pts. per acre are recommended.

Going back to the percentage of boll weevil infestation, when 15 percent or more of the squares picked off the plants show that a boll weevil egg has been laid in them, infestation is high enough to justify the application of three poisons five days apart. This keeps insecticide on the plants during the entire life cycle of the weevil and thus breaks the cycle. Applications washed off by rains within 24 hours should be reapplied immediately.

We have not yet found a high infestation of boll weevils in any field in the county, but we need to look and we need to look by pulling squares off the plants and checking the percentage that are infested.

Buford Lawson Makes Statement

Buford Lawson, candidate for Circuit Court Clerk of Lauderdale County in the August 7th Election issues this statement to the people of Lauderdale County:

Since my announcement as candidate for Circuit Court Clerk, I have met and talked with many of you. The cordial manner in which I have been received in your homes and places of business has

made this candidacy a real pleasure.

Although I have never served the county as Circuit Court Clerk, since graduation from high school and a short business course, a large part of my work has been clerical work. In 1947 my wife, daughter, Judy and I moved to Lauderdale County. Several years later twin boys, Joe and Jere joined the family circle. My wife, the former Mildred Davis, is a native of this county. After being here eleven years, I feel that Lauderdale County is my county also.

Since coming here, my work has been operating a general merchandise store at Woodville. In addition to my own work, I have tried to help in church and community affairs, serving as treasurer of the Baptist Church at Woodville, treasurer of the cemetery association for several years and also chairman of cancer and Red Cross drives a number of times.

It is my desire to see and talk with each of you, but I doubt that I will be able to contact every voter although every effort will be

made to do so.

So I take this means to ask for your support in the coming election on August 7th. If elected I will carry on the duties of this office in the best possible manner.

Hoping to serve you as your next Circuit Court Clerk.

Sincerely
Buford Lawson

General Election in Halls

Large margins marked the results of the General Election in Halls as the city went for its Mayor Jerre Jordan in the County Judge's race in preference to incumbent J. R. Lewis. But in contrast Sheriff Willard Norvell carried Halls in his race against Emmett Yochum. Paul Dew and Newton C. Utley received strong support in their races for Circuit Court Clerk and County Court Clerk respectively. In the 12th District William G. Spence was elected School Commissioner without opposition and incumbent Harry Hall defeated A. R. Gean in the constable's race. Halls results in the General Election went like this:

FOR COUNTY JUDGE	
Jordan	733
Lewis	123

Farm Bureau Heads Confer Next Week

The annual County Farm Bureau Presidents' Conference will be held at the 4-H Club Camp near Crossville on August 12-13-14, announces Tom J. Hitch, president of Tennessee Farm Bureau Federation. Arthur Thompson, President; Sidney Carmack, Vice-President; and F. H. Paschal, County Agent, will represent Lauderdale County Farm Bureau at the conference. The conference site was moved to Crossville after the delegates at last year's meeting approved a suggested change in location. Up to this time, the meeting has always been at Columbia.

Beginning with the noon meal on Tuesday, August 12, the program will begin with routine reports on the affairs of the organization. The annual message by President Hitch will follow.

John C. Lynn, legislative director of the American Farm Bureau, will discuss important national legislation in which Farm Bureau is interested on Tuesday evening. An open discussion will follow his presentation.

Another important item on the program will be a panel discussion on the state educational study. The study involves many educators. (Please Turn to Page 6)

L. D. KENNEDY RESIGNS AT MACEDONIA CHURCH

The Rev. L. D. Kennedy has resigned as pastor of the Macedonia Baptist Church of Edith to accept the call of the First Baptist Church of Maury City. He will move to the Baptist parsonage in Maury City on August 20.

The Rev. Kennedy has twice served as pastor of Macedonia and has completed a total of almost six years' ministry there. He is married to the former Miss Louise Newman of the Hurricane Hill Community.

Macedonia now has a membership of 276 and a Sunday School enrollment of 217. It has a \$7,784.00 budget for 1958.

KYLE SCATES TO FILL BAPTIST PULPIT AUG. 17

Kyle Scates, former Halls resident, and presently a theological student at the Sem-nary at Louisville, Ky. will preach at First Baptist Church here on August 17. Mr. Scates will preach at both the morning and evening services, said the Rev. J. H. Newton, pastor of the church.

On the following Sunday morning, August 24, James Voss will fill the pulpit and that evening Dr. Robert Orr, pastor of Dyersburg First Baptist Church, will preach the first of the messages for the annual revival.

Peery Resigns As HHS Principal

James C. Peery Friday of last week tendered his resignation as principal of Halls High School to accept a teaching position in Florida. He will move to Florida next week.

Mr. Peery, a graduate of Halls High School and Union University at Jackson, came to Halls High School as head football coach in 1946, in 1949 was named as the first instructor in Distributive Education for HHS. In December, 1951, following the death of H. G. McCorkle he was named acting principal and was elected principal for the 1952-53 year and has continued in that capacity until his resignation last week. In addition to his duties as principal he has coached the girls' basketball teams to some of their most successful seasons.

Mr. Peery has accepted a position as mathematics teacher at Apopka, Florida, near Orlando and will also assist in coaching the Junior High School football team. O. J. Nunn, 12th district school commissioner, said Thursday that Miss Betty Griffin, home economics teacher, also tendered her resignation this week to accept a position in Japan.

Mr. Nunn said that Mr. Kenneth Floyd, former Halls Elementary School principal, has been contacted and a special meeting of the Lauderdale County School Board will be held today to consider employment of Mr. Floyd.

SENATOR ALBERT GORE

Cane Creek Officers Are Elected

F. H. Paschal, County Agent, Landowners of Cane Creek Watershed met August 1st and elected Bernice Crain, Tom M. Scott, and S. L. Ferguson to represent landowners of District 2; Lynnwood Grammer for District 6; J. F. Chipman, Jr. for District 7; C. J. McFarlin for District 10; Leslie Lightfoot for District 11; Austin Winn for District 13; and Nevel Hendren for District 15.

These nine Directors elected Lynnwood Grammer Chairman, Austin Winn Vice-Chairman, and Bernice Crain Secretary-Treasurer. They requested Rufus Campbell to serve as their attorney. These Directors plan to make application this week to the Secretary of State for permission to hold a Referendum by which the landowners of the area will decide whether to set up a Watershed District.

Cotton Insect Talk

Whether to spray or not to spray has been a question in the minds of a lot of cotton farmers over the last few years. Some farmers in this county have sprayed when they did not have boll weevils and have finally decided that it was bad practice.

W. F. James, long-time County Agent at Caruthersville, Missouri, cautioned his farmers this week against poisoning cotton except where it was absolutely necessary. He said they had some webworms in cotton which required spraying on a spot basis but he ended his article with the following words: "Caution: Avoid an over-all spraying of cotton if spot treating will do. You are inviting bollworm trouble when spraying cotton now."

J. R. Barrett, County Agent at Dyersburg, made this statement in his news article last week, "Our Experiment Station has proven that spraying cotton with insect damage less than 15 percent does not pay."

We have a lot of evidence that (Please Turn To Page 6)

JUDGE TAYLOR CREEPS UP

Results of the Tennessee gubernatorial election remained in doubt early this morning as Buford Ellington held a 9,000 vote lead but counting had stopped in many counties, including Madison County, home of Judge Taylor, and results probably will hinge on Ellington's ability to hang on with Mayor Orgill probably finishing third.

In the other state-wide race, Senator Albert Gore had slowly, but surely built up a commanding lead to defeat his opponent, former Governor Prentice Cooper.

Surprisingly, Judge Taylor was leading Mayor Orgill in Shelby County by some 2,000 votes with Mr. Ellington a distant third.

In the Congressional District Robert A. Everett was re-elected to Congress without opposition and in the county B. C. Durham, Jr. was elected state representative, also without opposition.

As the paper was put to press this morning, the gubernatorial and senatorial races stood in this manner:

FOR GOVERNOR	
Ellington	183,894
Orgill	174,409
Taylor	171,995

FOR SENATOR	
Cooper	164,842
Gore	252,711
0 ——— 0	

County Primary Results

"Tip" Taylor and Prentice Cooper ran away with the voting in the Lauderdale County Primary with Mayor Orgill a distant third behind Buford Ellington and Senator Gore trailing Cooper some 1,000 votes. Total voting for major candidates in the county was:

FOR GOVERNOR	
Allen	109
Ellington	2449
Orgill	641
Taylor	3816

FOR SENATOR	
Cooper	3592
Gore	2501
0 ——— 0	

Halls Primary Results

Judge "Tip" Taylor showed expected strength in Halls as he led the voting in the gubernatorial race and Senator Albert Gore outran Former Governor Prentice Cooper. With 916 votes cast, total primary vote for major candidates in Halls was:

FOR GOVERNOR	
Allen	22
Ellington	317
Orgill	93
Taylor	450

FOR U. S. SENATOR	
Cooper	317
Gore	479

S. S. Office**

The appointment of N. Farris Vaden as Acting District Manager of the Dyersburg Office of the Social Security Administration was announced today in Atlanta by Richard H. Lyle, Regional Director of the Department of Health, Education and Welfare.

At the same time Mr. Lyle announced the appointment of William T. Alexander as Assistant Manager of that office.

Mr. Vaden is a native of Union City, Tenn., and is a graduate of Vanderbilt University, Nashville, where he was elected to Phi Beta Kappa and Omicron Delta Gamma fraternities. He is married and has one son.

Mr. Vaden is active in Boy Scout work in Obion County and is past chairman of the Reelfoot Boy Scout District.

He has been with the Social Security Administration for the past 16 years as a Field Representative in the Dyersburg office. He has served as District Manager of the Rome, Georgia, Office and as Assistant Manager in the Dyersburg Office for the past five months.

Mr. Alexander was born in De Queen, Arkansas, and graduated from High School in Texarkana, Texas. He attended Riverside Military Academy in Gainesville, Georgia; Ouachita Parish Junior College at Monroe, Louisiana; and the University of Tennessee in Knoxville. He is married and has three children. Mr. Alexander enlisted in the military service in 1942 and received a commission at the Infantry Officers Candidate School. He served overseas with the 33rd Division for 2 1/2 years during World War II and was recalled to active duty for 2 years during the Korean Conflict. He began his career with the So-

cial Security Administration in 1954, working as a Field Representative in Nashville, Tennessee. In January 1957, he accepted the position of Claims Supervisor in Memphis, Tennessee, and held this position until his present assignment to the Dyersburg Office.

The Dyersburg Office is located in Room 610 First Citizens National Bank Building and serves the counties of Benton, Carroll, Crockett, Dyer, Gibson, Henry, Lake, Lauderdale, Obion and Weakley.

Prepare for Fall Sown Crops

It is not too early to begin making plans for fall sowing and seeding. Although many summer crops are still lush such as emergency pastures like Sudan and Millet, yet no time should be spared in making plans for re-sowing these fields as well as others where small grains, crimson clover, red clover, alfalfa and the like are to be sown.

Your county ASC office can now place your order for agricultural limestone, fertilizer and seeds for seeding such crops. By all means every farmer should take advantage of these very liberal offers this fall and now as many acres of fall crops as possible. Maximum fertilizer recommendations should also be practiced. In order to know just how much and what ingredient should be applied to the fields prior to sowing, be sure that you take an accurate sample of soil from each field and send to a soils laboratory for analysis. Follow the laboratory recommendations all the way, as such recommendations are accurate provided you do a good job of taking the sample. Be sure to follow recommendations on sampling soil.

Today, it is necessary to receive maximum production and yields on all fields prepared and when labor and cost of materials are high it is even more important that you make all possible when working a field. That extra yield may be your profit in every case.

More and more livestock are moving into the south and it is quite necessary that feedstuffs be grown in order to reduce costs in marketing livestock. Make plans to see to it that your costs are reduced and at the same time get maximum yields from your work. **Did You Know?**
The USDA says that milk producing value of early cut hay per acre was 6330 pounds. If the crop remained unharvested until full bloom digestible nutrients per acre produced only 3970 pounds.

Sunday School Lesson

By Walter C. Davis, D. D., Tennessee School of Religion, University of Tennessee

Lesson for Sunday, August 10

Deuteronomy 16:18-20; Amos 5:12-15; Romans 13:1-7

Justice in Government

Theodore Roosevelt said a good citizen must recognize what he owes his fellow citizens. "It is worthy to live in a free republic, he must keep before his eyes his duty to the nation of which he forms a part." In this lesson we are not studying politics but the relation of the Christian to the state. The lesson could very well have as a title, "Christian Citizenship."

The lesson has much to say about the enforcement of law. Laws are spoken of are not new out as old as history. Out of a past experience Moses said, "You shall not pervert justice; you shall not show partiality; you shall not take a bribe." There is no security where there is not justice (Deut. 16:20).

"The power that be are ordained of God." Our public officials from President down take the oath of office with hand on the Bible. If rulers and judges have a sacred duty, all citizens are duty bound to obey the law. We had better not pull strings to evade justice. No bribes could be accepted if none are offered. You need not fear or hate the law if you do right.

"Those who sit in the office of a magistrate sit in the place of God." Trial by jury is a great heritage and it guarantees our sacred rights as nothing else does. Jury service, then, becomes a sacred trust. A citizen performs no higher service than in serving on a jury. What if you lived in a land where a Comintern could have you liquidated without any jury trial? Justice sometimes miscarries adjusted, but the abuse of the par-

...oning power by a governor is a weakness of our system of justice. All too often that power is exercised for money or in response to the appeals of influential friends. "Justice goes forth perverted" when criminals are again turned loose on society for more and more crimes.

We need more respect for authority in American life. If that respect is lacking in the home and school it will not be found anywhere. Among the Chinese youth in New York, who are taught respect for their elders, delinquency is notably low. "Render to all their dues, fear to whom fear, honor to whom honor."

This lesson teaches: Law and government is of God. To resist them is to resist God. Christians must be obedient to the law. We have a right to work for good government, but disobedience will not bring it about. Those who govern should do so with honor and justice. We who are governed are under the same obligation. We ought to pray in our churches for those who govern.

In a democracy like ours it is not enough to be law abiding. The organized state owes something to the citizen and he in turn owes certain duties to the state. He must strive for clean government. He must vote, he must take a hand in public affairs, he must impress his life and convictions upon the life of the community. His first duty is in building his own character, with high moral standards wrought into the very bone and tissue of life. Gladstone of England said, "The civilized world is asking, not what kind of producer, but what kind of man the American citizen of the future will become."

CARDS, YANKS SPLIT LAST WEEK'S GAMES

Tuesday's Little League game was won by the Cards, 5 to 4, with both teams getting 3 hits. James Vaden won, allowing no earned runs, struck out 4, and

walked 7. Hansford lost, walked 7 and struck out 8.

All six hits were singles with Baker getting two. Hansford, Warren, J. Vaden and Keltner hit safely and Keltner batted in one run.

The Yanks won Friday's game on a two-run home run by Jimmy Hansford. The 6-4 win went to Paul Vaden, who allowed 5 hits, walked 8 and struck out 5. The loss went to Warren who allowed only 4 hits, walked 7 and struck out 7.

Other hits were singles by Hansford, Baker, Johnny Vaden, Henderson, Stuart, Crihfield, and Warren hit twice safely. A run batted in was credited to Warren, Martin and Pugh and Hansford had two RBIs.

Next week's two game will end the regular season and the three-game playoff will be the following week on August 12 and 13.

BAPTISTS PLAN WORKER COACHING CLINIC

Dyer County Baptist Association set a goal of 210 associational and local church Sunday School workers to attend the annual coaching clinic at Camp Linden on August 11, announced the Rev. T. C. Thurman of Dyersburg, associational Sunday school superintendent.

Objective of the clinic is to enlist every Baptist church in Tennessee in the different phases of Sunday school work and have well organized and functioning associations by 1964, said Mr. Jesse Daniel, Secretary of the Sunday School Department of the Tennessee Baptist Convention.

Goal, committeemen for the association are the Rev. Thurman, the Rev. Riley Jones of Dyersburg, associational missionary, and the Rev. Morris Prince, of Fowkes, associational director.

Telephone Talk

by
ROGER GANIER
Your Telephone Manager

HAD YOUR "TALKIE" BREAK this morning? It's mighty good with that second cup of coffee. A leisurely phone call, and you can catch up on the news... swap recipes... enjoy the kind of friendly, unhurried visit that makes phoning the fun-time of the morning. And anytime you need it, your telephone is there. It helps with your errands... keeps you in touch... assures you of immediate help when emergencies arise. So when it's time for a few minutes of leisure, enjoy them with a friend. Have a "talkie" break—by phone!

VACATION TIP: Be sure you have a place to stay! Camping out in the car is no way to start a vacation. Smart travelers phone ahead for reservations. Just another way that your telephone can help make your vacation a happy one. And

while you're away, remember to keep in touch with the folks at home. A Long Distance call can reassure them... add peace of mind to your trip. Costs so little, too. For bargain rates call after six and all day Sunday. Save even more by calling Station-to-Station.

GOOD NEWS AHEAD: In spite of a general economic downturn of business beginning about the middle of 1957, Southern Bell is going ahead in 1958 with a big construction program—about \$250 million. The entire Bell System is spending \$2 billion 200 million on new construction in '58. The modernization plans under way will continue at a normal rate... research and development will be stepped up... more engineers will be trained in new arts of communications. This is good news for all of us. For, by going ahead with "business as usual" your Telephone Company will have a share in bolstering the well-being of our nation's economy, and each of us will benefit from the progress constantly being made in the operation of Southern Bell's extensive program.

CARD OF THANKS

We wish to express to everyone our very sincere appreciation for their kindness and consideration which has been shown to us during our unfortunate illnesses. We especially wish to thank the fine ladies of the Baptist Church for the cards and covered dishes and our friends and neighbors for the beautiful flowers, the cards, and every act of kindness. Thank you and God Bless You.

tional issues of interest.

The delegates will be given opportunity to discuss state legislation and other Farm Bureau problems at various times during the conference.

While no official action will be taken at the conference, it often serves to hear new problems and ideas that are later developed into the policies of Farm Bureau.

The conference program includes numerous other items to make a well-rounded program. It closes with the noon meal on Thursday, August 14.

it not only does not pay to poison cotton for just a few insects, it may actually bring on more insects which are worse than the ones we have.

Peach Tree Borers

Peach borers can be controlled most easily by applying to the trunks of the trees in July, August and September a DDT solution made by mixing one pound of 50 percent DDT wettable powder in 15 gals. of water or one qt. of 25 percent emulsion in 15 gals. of water.

For Higher Pasture Yields

Beef and dairy cattle producers who need more good pasture in the fall may get some of it cheaply with a heavy seeding rate of oats with plenty of nitrogen.

At the Middle Tenn. Experiment Station an eight bushel per acre seeding of oats with 120 lbs. per acre of actual nitrogen applied at seeding produced 2230 lbs. of pasturage in the fall. This seeding rate without nitrogen produced just half as much and a two bushel per acre seeding rate with the same amount of nitrogen produced just half as much.

A four bushel per acre rate of seeding with 60 lbs. of actual nitrogen produced 1455 lbs. of pasturage.

The higher rate of seeding produced more forage in the fall but there was no difference in the total yield of pasture for the entire season between the two, four, and eight bushel seeding rates.

Our Experiment Station recommends seeding for winter pasture: barley, 4 bus.; oats, 4 bus.; rye, 3 bus.; Italian rye grass, 30 lbs.; crimson clover, 20 lbs.; and button clover, 20 lbs.

August and early September are good dates for seeding winter pastures.

MACEDONIA REVIVAL TO BE AUGUST 11 - 20

Board Plans Curbs, Gutters For W. Main

The Mayor and Board of Aldermen met Monday night, August 11th. There was one member absent due to an injury. The minutes were read, the bills discussed and the vote was to pay all accounts due.

There was a committee present who represented the Civic Club. This committee requested of the Board that a location be made available on the Air Base for the parking of trailers. It is expected that about fifteen or twenty families will move to Halls for the purpose of constructing REA line additions. A committee from the Board was appointed to look into the matter and to make all necessary arrangements. Last year while construction crews were here, a sewer line was constructed for the trailers at the Blue & White Service Station. This space is available along with additional space on the Air Base.

The sewer line construction in the Keltner addition was completed this week. The entire cost has not been completed. It will cost about \$3200 and will be paid from the Sales Tax Fund with two-thirds being paid by the landowners over a five year period.

It was agreed by the Board to (Please Turn To Page 6)

REVIVAL TO BEGIN AT ELON CHURCH SUNDAY

Willis Gene Gilliland will bring the messages for the revival beginning at 7:45 Sunday night with services at 10:45 a.m. and 7:45 each evening throughout next week. The Rev. English O'Banion is pastor of the church.

Ellington Has Bare Margin; Sen. Gore Is Far Ahead

Buford Ellington narrowly eked out a win over Andrew J. Taylor and Edmund Orgill for the Democratic nomination for Governor of Tennessee in last Thursday's primary with official totals not yet available.

According to the most recent unofficial figures the voting was as follows:

Ellington	210,979
Taylor	203,459
Orgill	203,144

Mr. Ellington, the administration candidate, has been designated as the nominee although official tabulations may not be available for several days.

The predicted close senatorial race failed to materialize as Senator Albert Gore built up a commanding lead over his opponent, former governor Prentice Cooper.

The most recent unofficial figures showed:

Gore	362,271
Cooper	239,316

Pig Parlor Shows Excellent Results

F. H. Paschal
County Agent

Billy Drake of Ripley recently sold his first bunch of hogs finished out on concrete in his new pig parlor with very satisfactory results.

Billy started with 26 pigs weighing an average of 62 lbs. on April 16 and finished the pigs to an average of 194 on July 28 for an average daily gain of 1.5 lbs.

He fed a total of 261 lbs. of corn and 51 lbs. of supplement for each 100 lbs. of gain at a cost of \$12.80. After paying \$397 for the pigs, \$2.60 for worming, and \$440 for feed, he made a profit of \$261 or average of \$10.04 per pig.

Joe Johnson and William Douglas of Ripley, Jim Jaynes of Halls, and Russell Evans of Hurricane Hill have recently completed pig parlors with concrete floors and are feeding out hogs on a profitable basis.

Calf Sale Planned

W. E. Harlan, President of Lauderdale County Livestock Assn., recently visited 150 feeders in Illinois to urge their attendance at beef calf sales at Brownsville and Newbern in October when 1200 calves from Lauderdale, Haywood, and Madison Counties will be sold at auction.

Mr. Harlan heartily recommends that more farmers produce good quality beef cattle to supplement our cotton income which may be less and less in the future.

Spider Mites On Cotton

Cotton growers from Hennessee to Halls to Ashport have reported attacks of spider mites on cotton causing it to drop its leaves and fruit on areas running from spots 20 ft. square to 50 acres.

These spider mites seem to be very difficult to control. Best results are being achieved with a new systemic chemical which goes into the sap of the plant and continues to kill for several days. A new poison in dust form is also proving effective. One application of these chemicals will control these spiders.

Sulphur, Malathion, Dynatox, Super 88, Big 3, and Delnav will suppress some varieties of spider (Please Turn To Page 6)

Mrs. Henry F. Lee Died Saturday

Services for Mrs. Minnie Estelle Lee of Gates were held at 3 Sunday afternoon in Garner Funeral Home Chapel with the Rev. Paul Burns officiating. Burial was in Roberson Cemetery near Maury City.

**To the People of
Lauderdale County**

Once again it is my privilege to say to you, "I Thank You." Why shouldn't I be thankful, grateful, courteous and humble? Why should I not be all of these things to the greatest people on earth—the people of this, the wonderful county of Lauderdale? You have bestowed upon me the greatest honor of any person ever to hold office in Lauderdale County.

I shall endeavor to always show my appreciation for the vote given me—a two to one on my fifth term, for which I am deeply grateful.

Sunday School Lesson

By Walter C. Davis, D. D., Tennessee School of Religion, University of Tennessee

Lesson for Sunday, August 17

Leviticus 19:33-34; Deuteronomy 24:14-15; Matthew 9:9-13; Galatians 3:28

The Problem of Minorities

Dwight L. Moody once said, "I have never met a man who gave me as much trouble as myself." This is particularly true with regard to our prejudices and false prides. In establishing right relations with all men the trouble does

not lie so much with the other man as with ourselves. Someone else said, "I have never yet hated a man that I really knew."

The Israelites had been strangers in Egypt, and had to regard the "alien" Egyptians as friends. We in the United States should be most tolerant of minority groups. It is because of our mixture of races and religions that America is called "the melting pot." Various races came here and mingled so that scarcely any of us can claim blood of a single race. We should be generous toward all.

Practically all Americans belong to some minority group—political, religious, racial. If we do not grant to all minority groups the right of personal conviction and action we can never tell when the tables may be turned and

some rights taken from us. America is a place where we should certainly "do unto others as we would have others do unto us."

We must give minorities protection and respect, but they must not try to set the course of government. Majorities rule a democracy, but they must rule without transgressing the rights of minorities. The right relation of people can be realized only as we recognize that we are all the children of God, and, as brethren, we are to love one another.

The newcomers in our land have something to contribute, too. Call the roll of Americans who serve with distinction in science and business, and you will find many came from other lands. They have obligations, too, and should never expect too much. They will never be able to pay back the opportunities of life they found in this free land.

A poor man should not be made to wait for his pay. Instructions were given that he must be paid the day he works. And look at the human understanding in this text: "For he is poor, and sets his heart upon it." That penetrates deeper than most of our modern psychology.

"Why does your teacher eat with tax collectors and sinners?" It is a false interpretation of this Scripture to use it as justification

for membership in the Communist party, as was frequently done a few years ago. Jesus certainly did not give sanction to the way of life represented by publicans and sinners. He did not eat with them because their outlook on life was pleasing to him. He ate with them because they were "sick" and needed a physician, because He wanted to call them to a new and better life. This reply of our Lord to His critics has been called the perfect "squelch".

CARD OF THANKS

We wish to express our deepest gratitude for the kind expressions of sympathy, the gracious abundance of food which you sent, the beautiful flowers and other personal services that were rendered to us during the illness and hours of bereavement of our loved one. May God's richest blessings be upon each of you.

Thank You....

I wish to take this opportunity to thank the voters of Lauderdale County for the support given me in my race for County Court Clerk.

Even in defeat I feel that I have gained much from visiting and talking with the citizens of this county.

MY SINCERE THANKS,

Vernon McBride Jr.

To the Voters of Lauderdale County

Another election has been held in Lauderdale County, for the election of various office holders, and I wish to thank all the citizens of the county for giving me another opportunity to serve you in the capacity of County Trustee, for another two years.

I appreciate the confidence you have shown in me, and I promise you that for the next two years, I will serve you to the best of my ability, and assure you that I will continue to give you the service that I have given you in the past.

My deputy, Hilton, and myself will at all times be available to serve you in any way we can, and again I say, my heart-felt thanks to all of you.

YOURS RESPECTFULLY,

Oscar Grimes

To be a candidate in the Democratic Primary for Direct Representative from Lauderdale County, Tennessee, without opposition was something of which I am very appreciative and, then to be nominated and receive the votes of over 4,000 people who took the trouble to put an X opposite my name and favor me with the votes is indeed a compliment that I appreciate with all my heart. As the Democratic nominee I want to solicit your continued support in the November General Election.

The next Legislature will meet in January, 1959, in Nashville with a new Governor. Much work is ahead of all who will attend that session. I hope that you will let me know your wishes upon all matters. I will be glad to have you come to see me in Ripley between now and then and discuss with me anything you think will be to the interest of our people in our county.

Let me thank each and every voter of this county and especially those who took the trouble to cast a vote for me. May I ever be grateful for the confidence you have expressed in me.

Brucellosis Testing Continues
Robert Meeks and R. E. Drumwright, "line-up men," want to know about any cattle which have not been tested for Brucellosis under the eradication program on which we are now working.

Any person owning a milk cow or any other cattle which have not already been tested should notify one of these line-up men or our office so that these cattle can be tested.

If a cow has been tested and is shown on the veterinarians report as being suspicious, that animal will not be retested, unless the owner requests it. If one or more cattle in a herd have Brucellosis as shown by the first test, the whole herd is tested again until no new reactors are found.

During this program, animals which have Brucellosis and which are branded and sold according to instructions, bring an indemnity payment from the Federal Government.

ROY FRANKLIN LEMONS
vs.

CARMON WHITE LEMONS
In the County Court at Ripley, Tennessee.

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant, Carmon White Lemons, non-resident of the State of Tennessee, and resident of the State of Illinois, so that the ordinary process of law cannot be served on her. It is therefore ordered that the said Carmon White Lemons appear before the Judge of the County Court of Lauderdale County on or before the first Monday in September (it being the 1st day of said month and a rule day of that term of this Court) and make defense to the bill filed herein against her, or the same will be taken as confessed as true and the cause set for hearing ex parte as to her.

It is further ordered that this notice be published in the Halls Graphic, a newspaper printed and published in Lauderdale County, for four consecutive weeks, requiring her to so appear. This 29th day of July, 1958.

N. C. UTLEY, Clerk

move their utility system on East Tiggrett in preparation for the Town of Halls to curb and gutter, install storm sewers and otherwise widen and improve this street beginning in April, 1959.

The Board noted the carrying out of an agreement between the Town of Halls and the State of Tennessee whereby the Town constructed curbs and gutters on sidewalks with the State fulfilling their agreement to asphalt between the curbs. This work was completed last week on Highway 51 through Halls. The State constructed the bridge on North Church street with all state funds.

The citizens of Halls are reminded that Corporation Taxes are now due. The Board has voted that a 3 percent discount will be made for taxes paid in August and a 2 percent discount for taxes paid in September.

Respectfully Submitted,
Jerre Jordan, Mayor

YANKS END REGULAR SEASON WITH 2 WINS

The Yanks won last Tuesday's Little League game, 20-5. Hansford was the winner, allowing 3 hits, 8 walks and striking out 8. Warren lost the game and was replaced by James Vaden in the fourth inning.

Triples were hit by Brown, Paul Vaden and Dendy. Doubles were credited to Lawrence and P. Brown. Lawrence singled three times also. Singles were hit by Hansford, Paul Vaden, Pugh, Stuart and Rooks. Runs were batted in by Dendy, Lawrence and Brown was credited with three.

Friday's score was 25-9 for the Yanks. Paul Vaden was credited with the win but had to have help from Hansford. Warren lost for the Cards. Hansford hit three home runs and Dendy hit one. Baker had 5 singles, Paul Vaden hit 2, and also Paul Brown, Eskridge and Kirby hit twice safely. One single was credited to Lawrence, Pugh, Rooks, and Dendy. Hansford got 8 runs batted in, Rooks, 3; Stuart, 2; Kirby, 2; and one each was given to Baker, Lawrence, Paul Vaden, Eskridge, Dendy, and Burns.

The Ultimate in Golf

Those of you who are familiar with the game of golf know that a hole-in-one is the ultimate, the apex, perfection of the game. Dr. Jack Elmore reached that peak two weeks ago when he made a hole-in-one on Hole No. 9 at the Dyersburg golf course. Dr. Elmore made the 190-yard shot with a 3 iron, the ball striking just in front of the cup and rolling into the hole. George Edler and J. W. Warren were playing with Dr. Elmore at the time.

Some Foul-Up

We hardly know what to say about the foul-up in securing a principal for Halls Schools but the case of Mr. Floyd reminds us greatly of an old railroad story which we have heard many times. It seems that a certain Irish section foreman — Flannigan by name — had repeatedly been asked to shorten his reports, so his latest report following a train wreck read, "Off again, on again, gone again, Flannigan." The case of the Floyds would seem to be, "Here again, gone again, Floyd-again." With less than a week remaining before the opening of school we hope that something can be done quickly. It is extremely difficult for the man to come in at the last moment and be able to organize his work efficiently and smoothly. It is very unfortunate that such a situation exists but the only possible solution is that whoever is named principal be given the full cooperation of everyone so that a successful school year may follow.

Election Runoffs

We have heard a great deal of conversation about the recent gubernatorial election in which Mr. Ellington received such a small (Please Turn To Page 8)

Tigers To Open '58 Season At Murray

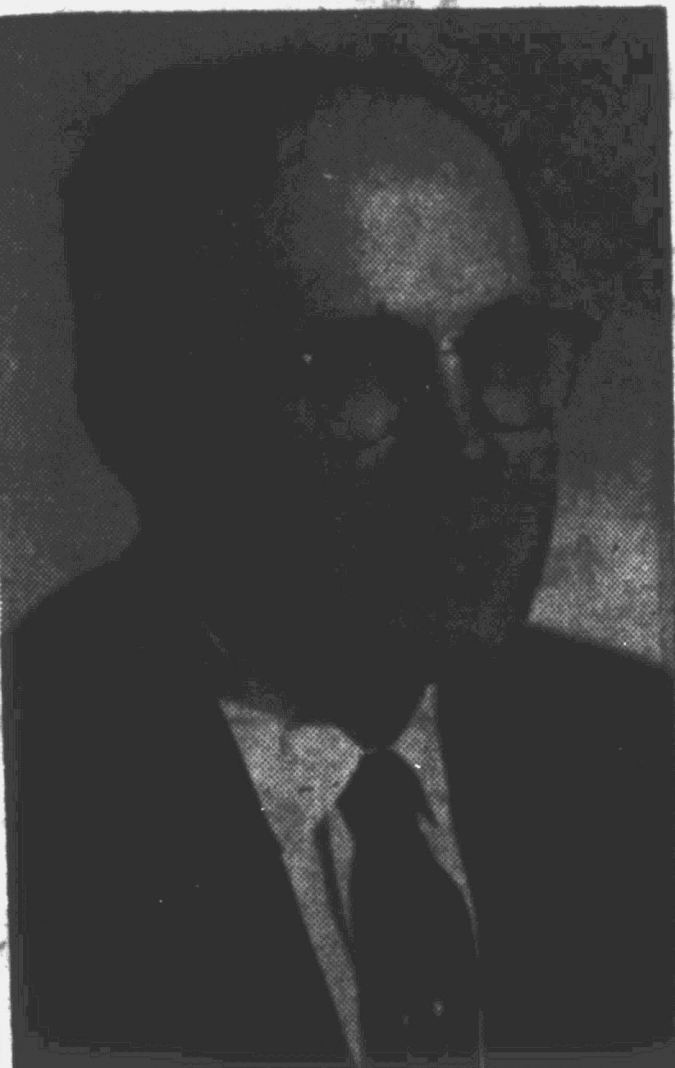

Some twenty-two candidates for the Halls High Tigers football team were issued equipment this week as practice for the 1958 football season got under way.

Coach Pete Meadows was pleased with the response for the pre-school practice with only a few boys missing from the squad. Practices are being held twice daily at 9:30 a.m. and 7:30 p.m. under the direction of Coach Meadows and Assistant Coach Bob Stephenson.

With only three short weeks remaining before the opening game at Murray, Ky., Coach Meadows has instituted a strenuous conditioning program for the squad, which has responded enthusiastically. Coach Meadows is coaching the backfield and Coach Stephenson is coaching the line.

Playing a round robin schedule in the Big Ten Conference as well as opening against Murray, the full schedule is as follows:

- Sept. 5 Murray, Ky., There
- Sept. 12 Union City, Here
- Sept. 19 Brownsville, There
- Sept. 26 Somerville, Here
- Oct. 3 Trenton, There

Baptist Revival To Begin Sunday Night

Dr. Robert Orr, pastor of First Baptist Church, Dyersburg, will bring the messages for the annual revival of Halls Baptist Church beginning next Sunday night, August 24, and continuing through the following Sunday, August 31.

Dr. Orr is a graduate of Union University and the Theological Seminary at Louisville, Ky. and is an outstanding Baptist minister of the section. He has previously held a spring revival at the Halls church and has visited here on many occasions. Prior to going to Dyersburg he was pastor of Brownsville Baptist Church.

Music for the revival will be under the direction of Carlys Scates, of Martin, choir director for the church.

Services will begin Sunday night at 7:30 and will be held twice daily at 10:00 a.m. and 7:30 p.m. throughout the week.

The Rev. Jesse H. Newton, pastor of the church, has announced that James Voss will fill the pulpit for the 11 o'clock service Sunday morning. The Rev. Newton has been in a revival at Jackson this week.

Leonard Osteen Died In California

Leonard C. Osteen, former Halls resident and graduate of Halls High School, died July 22 at his home at Capistrano Beach, California, after a long illness. He was 50.

Mr. Osteen was the son of the late Mr. and Mrs. J. B. Osteen and was interested with his father in the lumber business in Gibson, Haywood and Lauderdale counties. He also attended Union University following graduation from HHS.

Surviving is his wife, Mrs. Lila B. Osteen; a son, James Leonard Osteen, and a daughter, Linda Jane Osteen, all of Capistrano Beach. For twenty years, 1933 to 1953, he was co-owner of the Alamo Markets in Riverside and Los Angeles counties.

Also surviving are two sisters, Mrs. David K. Boals, of Riverside, Calif., and Mrs. C. F. Clapier, of El Monte, Calif.

Funeral services were July 25 at Powell Mortuary with burial at Crestlawn Memorial Park, near Dyersburg.

Friends and former classmates of Mr. Osteen will regret to learn of his passing. He visited with friends in Halls in 1954.

FLOYDS NOT COMING TO HALLS SCHOOL

Last week the Halls Graphic announced that Mr. and Mrs. Kenneth Floyd had accepted the positions of principals of Halls schools according to an announcement by County Supt. Edric Owen. Friday Mr. Floyd notified school officials that they had changed their minds and would not come, so Halls still remains without a principal.

New Coach Moved Here This Week

Robert Stephenson, former Memphis State University athlete, arrived here this week to take over his duties as head basketball coach and line coach for the football team of Halls High School. Coach and Mrs. Stephenson moved into the Kenneth Randle home on Locust street Monday and Tuesday of this week.

Mr. Stephenson is a native of Calhoun, Tenn., near Chattanooga. He received his BS degree from Memphis State University and was a member of the 1951-52 basketball teams. Later he played service ball and for two years was a member of a professional basketball team which traveled with the Harlem Globe Trotters.

During the past year Mr. Stephenson returned to Memphis State where he received his Masters Degree and was an assistant basketball coach to Head Coach Bob Vanatta, aiding with the freshman team, and also doing some scouting and recruiting.

REPORT FOR TRAINING AT NAVAL SCHOOL

Jimmy Hoffius left Monday for Newport, Rhode Island, where he will enter the Naval Officer Candidate School there. Jimmy, who is the son of Mr. and Mrs. Elmer Hoffius of Halls, received his BS degree at the University of Tennessee in June.

Moore Speaker At Bureau Meeting

Alvin Moore, Director of Organization, Tennessee Farm Bureau, was the principal speaker at the annual membership meeting of the Lauderdale County Farm Bureau held at the Irvin Knee Field in Ripley on Thursday, August 14th. More than 1400 persons were served — barbecue following the program which started at 5:30.

Music was furnished by the Coca-Cola Bottling Company's sound truck while members registered and obtained dividend checks distributed by the Lauderdale Farmer's Co-operative for 1958 stock.

Arthur Thompson, president of Lauderdale County Farm Bureau, presided over the meeting. The financial report was presented to the membership by Mrs. Betty Griggs, Secretary. Mrs. Walter Lazure, county chairman of Farm Bureau Women, discussed the activities of this department and introduced the chairmen from various districts of the county. Gayle (Please Turn to Page 8)

Tommy Flynn To Enter Tulane

Thomas B. Flynn, son of Mr. and Mrs. T. T. Flynn, 4620 Pershing SE, Albuquerque, New Mexico, has received a bachelor of science degree from the University of the South, Seawane, Tenn., in the College of Arts and Sciences and School of Theology.

Mr. Flynn majored in biology. At the University of the South, he finished in the top twenty-five percent of his class, was a member of the executive committee of the Order of Gownsmen, student governing body; president of Kappa Alpha social fraternity; and a member of the Pan Hellenic Council and the student newspaper staff.

Mr. Flynn will enter Tulane Medical College this fall. He is the grandson of Mrs. Y. S. Brown and the late Dr. Brown of Halls, and is a former resident of Halls.

Spider Mite Serious Threat To Cotton

F. H. Paschal, County Agent

Spider mites continue to spread over cotton fields all over the county to endanger the excellent crop in prospect in most fields.

This spider mite is not the same as the "red spider" which we have had on a spot basis through the years. This mite seems to make more of the cotton turn brown than red and it is harder to kill. The only material which seems to be effective in stopping its spread is the chemical Demeton which is sold under the brand name of Systox which is a material which goes into the sap of the plant and continues to kill for a period of four weeks when it is applied correctly.

With a tractor sprayer which applies five to ten gallons of water per acre, a pint of this material per acre will stop this spider mite at one application if it has four hours or more on the plants before a rain.

If it is applied with an airplane, it should be applied in two to three gallons of water per acre and should be put on soon after the dew is off in the morning or late in the afternoon, because the small amount of water will evaporate too rapidly in the middle of the day.

For tractor sprayers the smallest nozzle tips that can be used at three per row are 30 tips which at 40 lbs. pressure and four miles per hour will put out 5.6 gallons of liquid per acre. Some operators are using just one 8.2 nozzle per row which at 40 lbs. pressure will apply 7.4 gals. per acre at four miles per hour. Others are using three 80.1 nozzles per row which at 30 lbs. pressure and four miles per hour will apply 9.8 gals. of liquid per acre. Thioseal check valve pressure.

Symptoms: These spider mites cause the (Please Turn To Page 8)

Z. O. Jacobs Victim Of Heart Attack

Z. O. "Zeb" Jacobs, retired merchant, died at his home here shortly before 5 o'clock Sunday afternoon following a heart attack. He was 65.

Funeral services were at 3 Tuesday afternoon at South Dyersburg Church of Jesus Christ. Burial was in Fairview cemetery at Dyersburg with Halls Funeral Home in charge.

A native of Middle Tennessee, Mr. Jacobs farmed in Dyer County for many years before moving to Halls about twelve years ago. Since moving to Halls he had operated a neighborhood grocery store on West Tiggrett street until ill health forced his retirement recently.

He had been in Parkview Hospital at Dyersburg since August 7, returning to his home here Saturday.

He leaves his wife, Mrs. Bessie Spry Jacobs; three sons, Marshall Jacobs and Howard Jacobs, both of Chicago, and Joe Jacobs, Tennessee Highway Patrolman stationed at Dyersburg; a daughter, Mrs. Dorothy Crews of Chicago; a brother, Jimerson Jacobs of Finley; fourteen grandchildren and seven great-grandchildren.

SOCIAL SECURITY

Old-age, survivors and disability insurance benefits are being paid in Lauderdale County at the rate of \$434,398.00 a year, according to Harris Vaden, acting manager of the Dyersburg social security district office.

"This is an increase of about 75 percent over last year," Mr. Vaden said.

"Our studies have shown that many of these aged people, widows, and orphans have little or no other resources," he pointed out. "For something like 9 percent, social security benefits received as an earned right, are the only cash income."

Mr. Vaden also stressed that while the benefits are intended primarily as basis for individual economic security, the payment of social security benefits at the rate of \$434,398.00 a year in Lauderdale County helps business generally because most of the money is spent immediately on food, clothing and other necessities.

"This is especially important in a time of economic recession," he said. "Social security benefits are being paid nationally at a rate of more than 8 billion dollars annually."

Payments to a retired worker average about \$65 per month, Mr. Vaden said. The average for a widow with two young children is \$145. The maximum for a family is \$200.

"There were several reasons for the increase in benefits over last year," Mr. Vaden said. One was the payment of benefits who were brought under the law for the first time in recent years — self-employed farmers, for example. Other reasons for the increase were the reduction in the retirement age to 62 for women and the starting of disability insurance benefits to disabled people 50 or over.

For the entire State of Tennessee, social security payments at the end of 1957 were being paid to 187,142 beneficiaries at the rate of \$8,281,800 per month.

Landowners in Lauderdale County ordered forty-four thousand tree seedlings last season. The trees were delivered to Ripley by Soil Conservation Service trucks.

Applications for trees should be mailed to: The Tennessee Conservation Department, Forestry Division Nursery, Box 1250, Jackson, Tennessee as soon as possible along with a check or money order. Application blanks are available at the Soil Conservation District Office at Ripley or the County Agent's Office located in the Post Office. They will be mailed to any interested person or may be picked up in person. Please call 847 Ripley after 8 A. M. any week day for information regarding tree orders.

A number of landowners in Lauderdale County have inquired about Cottonwood cuttings or seedlings. The nursery does not have them listed on their order blanks. Planting stock of Cottonwood

ELIZABETH ANN ALSOBROOK INJURED IN CAR WRECK

Elizabeth Ann Alsobrook, the daughter of Mr. and Mrs. Charles Alsobrook, was severely injured about noon Thursday when the Alsobrook pickup truck which she was driving collided with a car driven by James Otis Lacey, 16-year old negro resident of Halls. Miss Alsobrook was carried to the Dyersburg hospital and then to the Methodist hospital in Memphis. Extent of her injuries are not known but she is reported to have a severe head wound and a back injury but she is not believed critically hurt. The accident occurred on the old Army Air Base road, near the old fire station, just south of the hospital area.

SHOWER HONORS RECENT BRIDE

Mrs. Donald Strey, the former Miss Barbara Smith, was honored at a miscellaneous shower Tuesday night, August 19, at the home of Mrs. H. C. Cavness.

The honoree was attractively attired in a black cotton dress with red and white accessories.

A gift arrangement of white and pink lilies was placed in the living room, with a bouquet of yellow flowers on a large lace doily on the dining room table.

A unique contest was enjoyed by the group with Mrs. Charles Rambeau of Jackson winning the prize. Mrs. Ann Bowie of Memphis won the door prize.

Refreshments of cookies and cold drinks, with pink and green mints, mint candy and salted nuts were served to the 32 guests attending.

After opening her many lovely gifts, Mrs. Strey acknowledged them in a gracious manner. Pictures were taken after opening the gifts.

Hostesses were Mrs. Ray Cavness of Dyersburg, Mrs. Clyde Manuel of Halls and Mrs. Tony Harrison of Ripley.

Mr. and Mrs. Strey left immediately after the shower for Kansas City, Mo. where they will make their home.

may be obtained from sandy-natured soils of the Mississippi bottomland. One year seedlings are desirable and economic to handle. Cuttings may be cut from young, healthy trees. The cuttings should be 18 inches long and 1-2 to 1-2 inch in diameter. They should come from first and second year growth, not old growth. Each cutting must have at least five buds along the stem. The cuttings or seedlings should be protected from exposure and drying out. Wrap seedlings in wet burlap or put in wet sacks. Store in cool, dry place or heel-out.

Cottonwood seedlings or cuttings should be spaced ten feet by ten feet. This will require 435 plants to the acre. The seedlings can be put in the ground with a planting bar, mattock, or shovel. Cuttings are planted by pushing the cutting into the ground about ten inches deep leaving about 8 inches above the ground. Plant the seedlings or cuttings from January to April 15th.

The Eastern Cottonwood is the fastest growing commercial tree in North America. It will grow to sawlog size in approximately 35 years.

Which gets the best mileage?

(on a dollar's worth of fuel)

2-20-ton trucks

40-ton box car

40-ton airplane

Make a guess before you read the next paragraph. The answer means a lot to the cost of your everyday living.

Here are the facts. A dollar's worth of fuel moves two 20-ton trucks less than 12 miles, a 40-ton airplane a bit better than 3 miles, and a 40-ton box car 150 miles.

Does this help to explain why railroads like the Illinois Central perform three times as much freight service as any other form of domestic transportation?

Does it make clear why millions of American families believe that railroads help keep down the cost of almost everything people buy?

It does, indeed. It also makes clear why the Illinois Central looks forward to constantly improving its services and earning the right to handle more and more business for its friends and neighbors throughout Mid-America.

Sunday School Lesson

By Walter C. Davis, D. D., Tennessee School of Religion, University of Tennessee

Lesson for Sunday, August 24

(Micah 4:1-7; Acts 10:34-35; Ephesians 2:13-16)

"The Problem of World Peace"

Man's most ardent hope is for peace. That is the goal for which lovers of humanity have strived throughout history. A prophet coined a phrase centuries ago which has become the symbol of a peaceful world: "They shall beat their swords into plowshares and their spears into pruning hooks; neither shall they learn war any

more." It is a picture which Micah drew of the coming Kingdom of Christ. It is the picture of a great mountain, raised to a higher height than all the hills 'round about, with multitudes of people "flowing" toward the mountain to learn the ways of God. The promised Messiah is the center of it all, and from Him the peoples of the earth shall learn peace.

To "sit every man under his vine and fig tree" is a symbol of peace and contentment and security. "None shall make them afraid." It is freedom from fear.

The making of swords into plowshares and spears into pruning hooks is a conversion of instruments of war into instruments of peace. They are instruments of agriculture—symbols of prosperity and plenty, contrasted with the poverty and want of war. The episode of Cornelius in The

Acts assures us that God is not partial toward any race or nationality. In every nation he that fears God is acceptable to Him.

The family of nations idea is a conception of world relations that must grow. It is based on two simple Christian principles. Each nation must respect every other nation, and each nation must share with every other nation the basic benefits of life. To teach backward nations the arts of food production, that their hungry people may be fed, is far better than international treaties. Small nations may fear for their destiny, but a Christian example and offerings of good-will and help from the stronger nations are far-reaching steps toward understanding and peace.

Disarmament—the beating of swords and spears into plowshares and pruning hooks—provides ground for argument. And yet it should be clear that this is the goal of our strivings. One nation cannot do it alone. It will have to be done by all nations working together. It must be done or we will never have peace. Isaiah (31:1-3) showed the folly of trusting war alliances such as horses and chariots. In modern parlance this would be trusting in bombers, rockets, and jets. He calls it "adding sin to sin." Therefore bombers, rockets, and jets shall be your shame and confusion" (Isaiah 30:3).

We must work for peace with the same determination as we work for war. God loved the world, not because He approved of its sin but because He wanted to save it. Christian faith demands that we enter right into the center of this world and all its needs. We cannot sit on the sidelines and watch, but must go where the need exists, and do something about it. Jesus set the example: "In haunts of wretchedness and need, On shadowed thresholds dark with fears, From paths where the lures of greed, We catch the vision of Thy tears."

We feel so small in the presence of our great world problems. Yet each one of us, by living a life of good-will, may contribute something toward world peace. Jesus lived in the little country of Palestine, but His influence has spread to all parts of the world.

CARD OF THANKS

I want to express my thanks and appreciation to everyone for the cards, flowers, visits and each kind thought, deed and prayer during my stay in the hospital and also since I've returned home. May God bless each and everyone of you is my prayer.

BOONVILLE. Hope you folks got to see some of the recent Bell System Science Series TV programs. They were "Our Mr. Sun," "Hemo the Magnificent," and "The Strange Case of the Cosmic Rays". You'll be interested to know they've recently received the Thomas A. Edison Foundation award as the best science television program for youth in 1957. We are happy we can announce that other fine science films are in the making for the future enjoyment of you and your children. Watch for the program times to be announced later.

TRYING A NEW RECIPE? "Bring to a boil, stir constantly..." That's where you are when the phone rings. Ordinarily you'd be in a complete tizzy, but not now—not since you got that wonderful kitchen wall phone. It's so easy to keep right on stirring while you chat with a neighbor... attend to

some errands... or answer any one of the countless calls that come to a busy housewife all day long. And aren't you glad you decided on the special model built for busy kitchens! Saves you so many steps... makes you realize how wonderful it is to have convenient extension phones all through the house—an extra phone in the bath, for instance. If you're not one of these lucky ladies living in telephone luxury, just call our business office. You'll have low-cost extension phones in a jiffy!

HOW MANY PHONES would you guess there are in Dixie? One million? Three million? Five million? The last figure would have been a good guess 28 months ago. But recently in North Carolina Southern Bell installed the SIX MILLIONTH PHONE! This is significant because every new telephone means expanded service. This means more of us than ever before can make calls or be called... more of us can enjoy new services... more of us can take life just a little easier because of telephones—yours and mine and six million others.

4-H CLUB

(Continued from Page 1)
 five Extension Districts demonstrated their skills in 23 projects Tuesday morning. Jerry and Delaine fully deserve the honors they won because of the hard work they have done and the superb skills they have developed. At National 4-H Congress in November Jerry will compete for one of the 12 National scholarships of \$400 given by the American Oil Company.

Mitchell Ammons, son of Mr. and Mrs. J. B. Ammons, and Delaine are the proud owners of the Vol State Award, an honor given to one boy and girl per county year in recognition of their outstanding achievement in 4-H Club work. This award in the form of a pin and certificate is the highest honor a club member can receive in the state of Tennessee. A beautiful ceremony was held during which these awards were given.

Don Ammons is also attending Roundup this week. The group will return Saturday.

F. H. Paschal

(Continued from Page 1)
 cotton leaves to show brown to reddish spots which may be near the center and one inch across, although some leaves show the brownish color practically all over the leaf at first appearance. Additional leaves on the same plant next show symptoms and from a beginning spot the symptoms will be noted down whole rows or in extra spots. In some cases whole fields are affected. Roy Cook said his whole crop was affected within a week and several other farmers in Ashport area had the same experience.

Cotton around Ripley, Henning, Halls and all in between is being affected and farmers should be alert to the need for preventing the cotton from dropping too many

leaves before they apply poison. When a plant drops a high proportion of its leaves, the bolls will rot and no cotton will be picked. We cannot afford that, even if this spray does cost us \$5.00 per acre.

For Spot Control
 Systox is the best material to use for spot treatment, but it cannot be used with a hand sprayer because it is too dangerous. There is a dust called Trithion which is recommended by our state entomologists as the best dust available for controlling these mites. It may control them at one application or it may take more applications at three-day intervals. Methyl Parathion which is sold as such and which is included in Dynatox, Super 88, and Big 5 will suppress some types of mites when applied three times at three-day intervals, but our impression is that Systox is the best Spray and by far the most effective poison we have and that Trithion dust is the best dust.

FARM BUREAU

(Continued from Page 1)
 Matthews gave the report on activities of the Young Farmers & Homemakers Club. W. A. Sanford, Insurance Agent, reported on the progress made in the insurance department for the past year.

The Lauderdale Farmers Cooperative held their annual meeting at this time also. Austin Winn, president, and Leon Hargett, manager, made reports on the business during the last year. Out-of-town guest attending the meeting was Liston Bedwell, Insurance Agent, Dyer County Farm Bureau.

Lauderdale County Farm Bureau will be represented by at least six delegates at a sub-district meeting to begin Farm Bureau's policy development discussion program, says Arthur Thompson, president of the organization.

The meeting at Brownsville, August 28th, will be attended by Farm Bureau leaders from several surrounding counties and from Tennessee Farm Bureau.

One of the highlights of the meeting will be a general discussion of subjects listed by the county delegations attending. The discussion agenda will be prepared from items listed by the county groups after their arrival at the meeting place.

No official action will be taken, but discussions will be continued at the county level in local policy

development meetings, Mr. Thompson said.

After thorough discussion at local levels, county recommendations will be prepared for consideration at the Tennessee Farm Bureau convention in November. Final action by Tennessee Farm Bureau members will be taken there by official voting delegates.

CONFIDENTIAL CORNER

(Continued from Page 1)
 The majority seem to believe that a runoff should be re-

quired when the successful candidate receives less than fifty percent of the vote and we agree. However, there is another way to look at the recent election. It is possible that we had three candidates so well qualified for the office that the people had a very difficult choice. In our own case we had trouble in making our selection and we believe many others did. We think that a runoff law is needed but we are opposed to any independent candidate in the November election.

Rag Tag Militia!

Tennesseans eligible for military service around 1820 were required to report once a year for a day of drill "armed and equipped as the law directs." At Shelbyville, Muster Day was the high point of the year.

Bedford Countians began arriving for drill at sunrise. Congress had not provided enough arms and uniforms to go around. Some wore homemade uniforms, but most came in work jeans. Sports tricked themselves out as Indians or tramps, carrying for weapons willow switches, farm tools and cornstalks. After fulfilling the technical requirements of the law, they turned Muster Day into a day of wild, once-a-year whoopee.

Nowadays Tennesseans have cause for celebration more often, and by contrast much of it is done in the home... quietly enjoying the light, bright beverage of moderation. To modern Tennesseans, beer is just as much a part of the way of life as a cup of coffee. At home or dining out, its good taste is always in good taste.

Beer belongs... Enjoy it

Soil Bank Signup Started Aug. 27

W. B. Hall

The signup in Lauderdale County for the 1959 Conservation Reserve of the Soil Bank will open August 27 at the county Agricultural Stabilization and Conservation Office in Ripley, Chairman A. O. Chambers announced today.

The first step in the signup is for the farmer who is interested in the program to come to the county office and request that annual rental payment rates be established for his farm.

At the same time, the farmer should bring with him information to be used by the County ASC Committee in establishing rates for his farm. The chief facts needed, Chairman Chambers said, are acreages and yields of the three principal crops on the farm for the past two years and acreages for other land use on the farm.

The Conservation Reserve is the only Soil Bank program available for 1949. Under the program, farmers retire land from general crops for up to 10 years and devote the reserved acreage to land, water, or wildlife conservation practices. The Government makes an annual rental payment for the land and will also share in the cost of establishing the conservation practices.

The average rental payment rate for Conservation Reserve land in Lauderdale County in the 1959 program is \$18.00 per acre per year. Maximum payment rates will be higher for the most productive farms and lower for less productive farms.

For farmers who request it, the county committee will figure two sets of maximum annual rates, Chairman Chambers said. One will apply if only part of the eligible acreage on a farm is placed in the Reserve. Another rate, 10 percent higher, will be available if all eligible land on a farm is put in the Reserve for at least 5 years.

After maximum rates have been designated for a farm, the farmer will have two weeks in which to decide on participation, designate land for the Reserve, and apply for a contract. Land may be offered at less than the established maximum to increase the chance of acceptance in case there are insufficient funds to cover all of—

FOUR GENERATIONS GATHER AT MRS. JORDAN'S HOME

Mrs. Bess Jordan had the pleasure of seeing her great-grandson this week. David Joe Wilson, his wife and two children of Hayward, Calif. accompanied his parents, Mr. and Mrs. Sam Wilson of Richland, Washington to Tennessee for a week's visit with friends and relatives.

Other children visiting in the Jordan home were Mrs. Julia Woody of Richland, Washington; Mr. and Mrs. M. P. Jordan and children, Dorothy, Jim and Evelyn, of Shawnee, Kansas; Mrs. Steve Atkinson and children, Ronnie and Patsy, of Memphis; Mr. and Mrs. Raymond Butler of Dyersburg.

Out-of-town friends that came to greet Mrs. Jordan's children were Mrs. J. P. Woody, Mrs. Paul Yeager and her daughter and grandson of Corinth, Miss.; Mr. and Mrs. Ernest Sanders of Millington, Mrs. Nell Green of Dyersburg, and Mr. and Mrs. Robert Hale of Chattanooga, Tenn.

YOUTH CENTER HOURS ARE ANNOUNCED

Mrs. Jerry Puckett, president of Halls Community Club, announced this week that the Youth Center will open for an hour following home football games beginning Friday night, Sept. 12. The Center will be closed when games are played away.

Halls Students To Register Today

Some seven hundred students in Halls Schools will register today for the beginning of the 1958-59 school year with new principals of each school and seven other new teachers within the system.

Joseph P. Colvin, HHS principal, said Thursday that in addition to the subjects previously offered in HHS, physics and higher mathematics—solid geometry and trigonometry—will be offered if sufficient students register for subjects. Some 225 students are expected to register in the senior high school.

Headed by Wayne B. Fisher, the Junior High and Elementary Schools are expected to register approximately one hundred freshmen and 375 in the other eight grades.

School buses will run at the usual times with registration at the schools to begin at 8:30. Regular classes will begin on Tuesday, September 2.

Miss Griffin Off To Germany For Year's Teaching

Miss Hazel Griffin, librarian at Halls High School for the past fifteen years, left during the weekend for New York City where she boarded a plane en route to Frankfurt, Germany.

Miss Griffin has been granted a year's leave of absence from the Lauderdale County School System to accept a position as librarian in a high school in Germany, with the Army Dependents Schools overseas.

Miss Griffin is the daughter of the late Mr. and Mrs. Hope Griffin of Gates. She graduated from Memphis State and received her Masters Degree from Peabody College in Nashville. While in Halls High School, in addition to her librarian duties she has, at various times, taught mathematics, English, science and other subjects. She has been active in other fields such as sponsor of the Beta Club, in charge of various school functions such as the Junior-Senior Prom, Beauty Revue, and an ardent supporter of the athletic teams.

Her address will be: Miss Kenneth H. Griffin, U. S. Army Europe, APO 403, New York, N. Y.

RENSHAW TO VISIT HERE

Mr. and Mrs. E. C. Pritchett of Munford, Tenn. visited Mr. and Mrs. Oliver Nunn last Sunday. Mr. and Mrs. Andy Renshaw and children, Skip, Dennis and Pamela, will arrive Thursday for a short visit with Mr. and Mrs. Oliver Nunn. The Renshaws have just returned from Bhopal, India after two years with the State Department. During the coming year they will make their home in Ithaca, N. Y. while Mr. Renshaw attends Cornell University.

New Principals, Teachers For Halls Schools

Two new principals, Joseph P. Colvin for the Senior High School and Wayne B. Fisher for the Junior High and Elementary Schools, this week assumed their duties as preparations for the new school year were started. They succeed James C. Peery and Hubert Jones in the two positions.

Mr. Colvin, a native of Lauderdale County, comes here from Louisville, Ky. where for the past fifteen years he has taught in Junior and Senior High schools and as a radio engineer. He is married to a native of Ripley and they have one daughter who now resides in Cincinnati, Ohio. Mrs. Colvin remained in Louisville to dispose of their property there but will join him here within the next few days. They have rented the former Wilson home on the corner of Main and College Sts.

In addition to his experience in Louisville, Mr. Colvin began his teaching career at Edith, served as superintendent of Guntown, Miss. Consolidated Schools and for four years as consultant on the staff of the U. S. Office of Education in Washington, D. C. He received his AB degree from Union University, did graduate work at the University of Mississippi, University of Louisville, and Oxford University. He earned his Master of Science Degree at Oxford University and has had an honorary degree of Doctor of Science bestowed on him by Oxford University.

Mr. Fisher, who heads the junior high and elementary schools, comes here from Missouri with four years of teaching experience. He attended the University of Tennessee, Martin Branch and received his BS degree from the University of Tennessee in Knoxville in 1952. He did his graduate work at the University of Tennessee, receiving his MS degree in 1957 and is doing graduate work at the University of Florida toward his Doctor's degree. He is married and they have two children, a son and a daughter.

Other new teachers in the schools—seven of them—include Mr. and Mrs. Bob Stephenson, Mike Haynes and Everett Kidd in the senior high school; Mrs. (Please Turn To Page 6)

MAKING PLANS FOR KINDERGARTEN CLASS

Mrs. Vada Richardson, former Halls first grade teacher and teacher of primary grades for some thirty years, is making plans for a kindergarten class in Halls beginning some time next month. Mrs. Richardson told the Halls Graphic Monday that she is seeking a location for the class and will make a definite announcement next week. She plans to work with children of pre-school age with a class of some 10 or 12 children. Those interested in their child attending a kindergarten class may contact Mrs. Richardson at the home of Mrs. E. M. Browning, phone AD 4-7296. Mrs. Richardson has been teaching in Arkansas for the past several years and has also taught in Ripley and other Lauderdale County Schools as well as at Halls.

A. L. Freeman Died Of Heart Attack

Services for Arthur Lee Freeman, Lauderdale County landowner, were held at 3 Sunday afternoon at Poplar Grove Cumberland Presbyterian Church with the Rev. E. C. Cross officiating. Burial was in Halls Cemetery with Halls Funeral home in charge.

Mr. Freeman, who was 76, died Saturday afternoon of a heart attack en route to downtown Halls from his home.

Born in Haywood County, he had lived here since childhood. He was a member of the Poplar Grove church, where he had taught a Sunday School class and was a church elder.

He leaves his wife, Mrs. Ella May Lacy Freeman of Halls; three sons, Cecil Freeman of Halls, Paul Freeman and Harold Freeman of Memphis; three sisters, Mrs. Dave Watts, Mrs. Dee Thurmond and Mrs. Buddy Rodgers of the Poplar Grove community; six grandchildren and four great-grandchildren.

Squirrel, Dove Season Opens 1st

Daybreak on the morning of September 1 will open the legal hunting season for Tennesseans. Squirrel hunting will begin at daylight while doves will become legal targets at 12:00 noon.

Annual comprehensive wildlife counts have just been completed by Game and Fish Commission biologists and the information obtained indicates that squirrel and dove hunting will be good this year.

Squirrel populations, both fox and grey, are high in West Tennessee and should provide excellent shooting for those who seek this little game animal. Squirrel shooting will continue through December 31, 1958. Daily bag limit is 6 with a possession limit of 12. The first half of the dove season will end on October 23, 1958 and remain closed until December 20 when it will reopen until December 31, 1958.

The daily bag limit is 10 birds with a possession limit of 20 birds after the first day. Shooting of doves will be allowed only in the afternoon from 12:00 noon until sunset. Federal regulations relative to baiting, firearms, bag and possession limits and methods of hunting are applicable to dove hunting.

Spider Mite Threat Not As Great

F. H. Paschal
County Agent

A careful survey of cotton fields all over the county indicates that spider mites were spreading very little from originally infested spots during the last week.

Cooler weather, tougher cotton, and some rains together with the poisoning of practically all infested fields, seem to have eliminated the threat of spider mites cutting our cotton yields to any great amount.

Boll weevils are still not building up very much except in a very few isolated fields which are being poisoned for control. It appears that we almost have a good cotton crop made. Some April cotton is being picked over for the first time this week.

Quality Is Cotton's Challenge
In terms of quality, our cotton supply is badly out of balance. Mills have been compelled to substitute low grades of cotton for high this year. They want to buy high grade cotton next week.

With a loan value of 37c for 1-16 middling cotton and with strict middling at 38c, farmers can afford to really work to keep quality of cotton high as they pick it and handle it in the next 90 days.

While 1-16 strict middling cotton has a loan value of 38.10, strict low middling will bring only 32.75 or \$26.75 a bale less. To keep these higher grades in cotton from here on we need to pick and handle the cotton to maintain its grade. We need to pick promptly and carefully, whether by hand or machine; and avoid mixing good cotton with bad or wet cotton with dry.

We need to deliver cotton to the gin as dry and clean as possible. We need to allow the ginner time to do a good ginning job. In order for growers to know whether they are succeeding in keeping the quality up, they need to have the cotton classed before selling it, but whether we sell on grade or "hog round," we will all be better off if we keep the quality up.

We just cannot expect to sell cotton for more than it is worth. Farmers have just never been that lucky for very long at a time.

Soil Bank Meeting Here Next Friday

The Conservation Reserve of the Soil Bank for 1959 will be discussed in a meeting at the Bank of Halls, Friday night, Sept. 5, at 7:30. Mr. W. B. Hall, of the local ASC Office, will be the principal speaker and lead the discussion.

Other Agricultural Agents to be present are Earl West of SCS, F. H. Paschal, County Agent, and local agricultural teachers, H. G. Conley and Jasper Taylor. The meeting is sponsored by the Halls High School Vocational Agriculture Department.

All farmers who wish to participate in the 1959 program will have to file a request for his farm rate by September 19. Only those who file can later participate, so there is little time. This meeting will be helpful to all interested farmers and farm operators.

SOCIAL SECURITY

Speed up the payment of your first benefit check by contacting your social security office a few weeks before you retire," is the advice given by N. Farris Vaden, manager of the Dyersburg Social Security Administration District Office. "Then while you are still working, our office can complete the development necessary in your case and have your benefit ready for you soon after you actually retire."

Mr. Vaden also stated that persons applying for social security benefits can speed the payment of their claims by bringing the necessary records with them. Proof of age is generally required. If you are self-employed, a copy of our most recent income tax return is necessary.

"But don't delay filing your claim just because you don't have these proofs handy," he added.

While a birth or baptismal certificate is generally the best proof of age, certain other old documents or records are acceptable. Mr. Vaden explained. He suggests that persons who believe they may have difficulty in locating proof of age communicate with his office for specific information on what types of proof are acceptable and how they may be obtained. "Some people," he said, "have gone to the trouble of establishing a 'delayed' recording of birth for social security purposes. Not only is this unnecessary, but in some instances, such a record is by itself unacceptable."

LARGE NUMBER X-RAYED AT REA MEETING THURSDAY

Mrs. Irvin Knee, Sec.
The crowd at the Forked Deer Electrical Co-operative annual meeting gave an enthusiastic response to the opportunity to get free chest X-rays Thursday. The mobile X-ray unit was stationed on the grounds at its usual location. The Lauderdale County Tuberculosis Association and the Health Department worked together to provide the free X-rays and informative printed matter about tuberculosis. Volunteers were on hand to assist in directing the crowd to the bus, etc. Assisting Mrs. E. M. Carson, who headed the group of volunteers, were Misses Angela Cherry, Ann Younger, Rebecca Carson, Joyce Cannon, and JoAnn Hurt. Prominent throughout the day, extending invitations to come on the bus, were Mr. C. M. Arwood and Mr. H. T. Abernathy, evidencing their veteran interest in community health. Also on hand to extend greetings was Mrs. R. N. Sherrod, long active in the Lauderdale County Tuberculosis Association. Mr. Jasper Taylor kindly served in the capacity of setting up a place for the typists to work.

Chest X-rays are recommended by the nation's most eminent doctors as the best way to locate tuberculosis in the community. The X-ray is a safe and reliable method of finding out the condition of the chest. In our area, in the South, and in Lauderdale County,

it is the only means at our disposal of answering the questions of whole communities of people who ask: "What is the condition of my lungs?" The chest X-ray answers this question and it does it safely and without cost to those who come. The irresponsible talk by uninformed people about radiation may have brought about some unfavorable reaction to chest X-rays. The suggestion that chest X-rays for schools attended by children under fifteen will be stopped is wholly erroneous, as X-rays in these schools have never been given. Tuberculosis is a fearful disease. It is still among our people. Until it is under control, which may well be 40 or 50 years, the reliable and proven methods of finding the cases of it will be continued.

ED. NOTE—Mrs. Knee reported to the Halls Graphic this week that a total of 880 persons were X-rayed at last week's Forked Deer Membership Meeting.

GO TO CHURCH SUNDAY.

Get Three-Cent Refund Now

Farmers have until Sept. 30 to make application for the three-cent per gallon refund on the gasoline used between July 1, 1957, and June 30, 1958, in farm tractors and other equipment used on the farm itself.

It does not matter whether the gas was colored or not nor whether a farmer had a state gas permit, the gas is eligible for this refund from the Federal government just the same. Invoices are not required. Application blanks are available at our office. Get them in the mail right away.

boxes this week in which to send soil samples to the laboratory for testing to determine the need for lime, phosphate, potash, borax, and nitrogen for alfalfa and permanent pastures to be seeded this fall and next spring and for cotton and other crops to be planted next spring.

While the ground is dry and we are not too busy at other jobs we need to get these soil samples now in preparation for fertilizing next year's crops for higher yields that we will make this year. The farmers making the very highest yields in every section of the county are those getting their soils tested and then fertilizing according to the recommendations they get.

Send Money For Trees

The Tenn. Division of Forestry has notified us that seedlings of loblolly pine, short leaf pine, black locust, and catalpa are available for planting next spring at \$3.00 per thousand; white pine seedlings at \$5.00 per thousand, and yellow poplar at one cent each.

Orders must be accompanied by cash or checks and will be accepted in the order received as long as the supply of trees lasts.

There will be no charge for delivery of the trees to Ripley. Send orders to the County Agent's Office or direct to the Tenn. Division of Forestry, P. O. Box 1250, Jackson.

ANDERSON-TULLY DATES FOR HUNTING SEASON

Dates for the squirrel hunts on the Anderson-Tully Wildlife Management Area in Lauderdale county are: September 1-7 every day and September 10 through December 31, (Wednesday, Saturday and Sunday only), including November 11, according to Joe Beard and Bates Sullivan, Area managers for the Game and Fish Commission.

The Forked Deer and Three Points Checking Stations will be manned at all times during the hunts. Special \$1.00 permits which are available at the checking stations are required before hunting on the area.
