

# THE HALLS GRAPHIC

VOLUME 64

HALLS, TENNESSEE, FRIDAY MORNING, MAY 2, 1958

NUMBER 18

## Confidential Corner

### Congratulations

to Queen Tilly Burroughs and Her Attendants . . . to Bobby Jones for winning the trip to Penn State . . . to Calvin Fitzhugh for earning the State Farmer Degree in FFA work.

### Any Movie Stars?

We have been informed that color and sound movies will be made on the streets of Halls next Saturday, May 10, as a part of the advertising of the Auction of Industrial Property on May 14. The grapevine says that the movie will include interviews of some of the town's business and professional people. Have we any movie stars in our midst?

### Highway 51 Not Stepchild (?)

It seems that despite the fact that Highway 51 is beat up, completely inadequate and badly in need of improvement, that we are misinformed (?) about the status of Highway 51 in Highway Department plans, or at least that is the information that mayors, others from West Tennessee gained in Nashville this week. Well, all we have to say is that some of those officials should have to use it daily. We have heard and read more statements, some of them almost amusing, about Highway 51, and the work that has been done on it or is to be done on it that we wonder if we are thinking about the same highway.

## Local FFA Boys Receive Honors

Bobby Jones and Calvin Fitzhugh, senior members of the Halls FFA Chapter, won awards at the FFA Convention last week in Nashville. Bobby Jones was recognized as a winner of the Farm and Electrical Cooperative Award, sponsored by the American Institute of Cooperatives. Bobby and fourteen others, four others from West Tennessee, will attend a Camp at Penn State College in Pennsylvania August 24-27, and study farm cooperatives and business.

Calvin Fitzhugh was awarded the State Farmer Degree for his outstanding FFA and farming record. Only two percent of the state membership are given this high award by the Tennessee FFA Association.

Official delegates to the convention were Tony Fisher and Bobby Brown. The group attended all sessions of the convention starting Thursday afternoon and ending Saturday at noon. They were accompanied by Adivor Jasper Taylor. — Reporter.

### DRAG RACE ON AIR BASE SUNDAY

The Memphis Rodders Club will hold their first drag races of the 1958 season at Halls Air Base on Sunday, May 4. The races will be held under National Hot Rod Association sanction. Timing starts at 9 a. m. and eliminations start at 2 p. m. Trophies will be awarded winners in all classes.

### HOME FROM FLORIDA

Tommy McDearman of Clewiston, Fla. arrived Tuesday for a visit with his parents, Mr. and Mrs. M. E. McDearman, Jr.

## Scott Withdraws From Judge's Race

The time is fast approaching when the people of Tennessee will have an obligation and opportunity to elect a Governor and a United States Senator; when the people of this congressional district will have an obligation and opportunity to elect our Congressman or Congresswoman; when the people of Lauderdale County will elect most of our County officials. Come mid-night August 7th there will be weeping and wailing and gnashing of teeth. There will be all kinds of excuses for why this one won and that one lost and there will be threats of contests of the election returns. Nobody, except the winners will be happy and the losers will say "Just you wait till the next time." How true to form.

There will be other candidates on the ballot, of course and one of these is one of our fine citizens. We wish for him complete success in his bid for re-election.

It is a wonderful experience to serve in a public office and if the elected official will accept the responsibilities of his office as an opportunity for community service rather than political achievement then he will serve better. Someone has said "there's no limit to the good a man can do if he doesn't care who get the credit." Too often our selfish ego will destroy our usefulness and we will find ourselves in a state of confusion trying to soothe our selfish selves by taking credit for something we had no part in. How simple can some of us be? And why can we not realize that the greatest compensation lies in an awareness that man is placed on earth to serve himself only as he may serve others. Shakespeare said, "It is one of the most beautiful things that we can do for another man." (Please Turn To Page 2)

### AMATEUR TALENT TO PERFORM TONIGHT

An Amateur Night Program will be presented tonight at the Halls Elementary School Auditorium beginning at 7:30. Amateur talent from the lower eight grades of Halls School will be presented with the three top winners to represent Halls in the county contest at Ripley next Friday night, May 9. Admission price for tonight's program is 25c and 40c.

## Williams Rites At Fowlkes Sunday

Services for John B. "Ben" Williams, retired president of the Fort Smith, Ark., Vehicle and Machinery Co., were held at 2:30 Sunday afternoon at Fowlkes Baptist church with the Rev. Morris E. Prince officiating. Burial was in Friendship cemetery with Sudbury Funeral Home in charge. Mr. Williams, who was 76, died at 10:50 Friday night at his home of 30 years in the Fowlkes community. He had been ill for eighteen months. Born at Fort Smith, he lived there 46 years before he moved to Fowlkes. He was a member of Fowlkes Baptist Church and had taught classes there. He was a Mason.

He leaves his wife, Mrs. Lynette Shaw Williams; three daughters, Mrs. Holland Hathaway, of Dyersburg, Mrs. J. B. Cowell of Fowlkes and Mrs. Bernice Pate of Memphis; four sisters and several grandchildren.

### HOME COMING AT MT. ZION CHURCH NEAR FRIENDSHIP

Celebrating its 100th birthday, Mt. Zion Methodist Church, east of Friendship, will hold a Home Coming Day on Sunday, May 4. All are urged to attend.

MRS. GILFRED GREAVES

is making the race for the office of Circuit Court Clerk of Lauderdale County in the election next August 7. Mrs. Greaves is a native of the Nutbush community in Haywood county but has resided in Lauderdale County, west of Henning, since her marriage.

### EXPLORER POST TO MEET SATURDAY

Halls Explorer Post 67 will meet Saturday morning, May 3, at 9:00 a. m. at the Agricultural Building.

A vocational tour of Martin Branch of the University of Tennessee and the Scott Circus at Jackson will be discussed. All members are urged to attend.

### VISIT PARENTS

Mr. and Mrs. R. E. Jordan and son, Ted, of Jackson, Miss., spent the weekend with her parents, Mr. and Mrs. E. B. Wiley.

## Lauderdale Farmer To Try Skip Row Cotton Planting

F. H. Pachal  
County Agent

Roy Carrington of Durhamville is planting eight acres of cotton on 24 acres of land by planting two rows and skipping four in order to get a higher yield of cotton.

At the Stoneville Experiment Station on the areas where four rows of cotton were planted and four rows skipped, the yields were 73 percent higher in 1956 and 24 percent higher in 1957 with most of the extra cotton on the two outer rows of the four-row plots. For this reason Roy is just planting two rows so that all of the cotton will really be on "outside" rows.

Roy is planting Pope cotton over 600 lbs. of 12-12-12 fertilizer mixed with 240 lbs. of ammonium nitrate per acre. He plans to cultivate very shallow and do everything else possible to make a really high yield of cotton on this eight acres. Other farmers will be interested to see how it comes out.

### Pope Not Really Short

Recent publicity given the new Pope variety of cotton which yielded 844 lbs. of lint in test plots in 1955, 1956 and 1957 averaged as compared to 707 for Deltapine and 734 for Empire has made some interested cotton producers and buyers wonder whether it was not a very short cotton.

It does pull 1-32 shorter than these other cottons on land of low fertility, but at Fort Pillow and several other places over the state it has pulled exactly the same. Our Experiment Stations do not recommend the planting of Hibred or Half and Half or any of the other varieties of really short cotton. They do not make as many pounds of seed cotton or as much lint cotton as the recommended varieties and have nothing else to recommend them. D-O Club To Meet

The Durhamville - Orysa Community Improvement Club will study marketing methods Friday night under the leadership of H. Vandiver, longtime manager of Mid-South Cotton Growers Association in Memphis.

Members of the club will eat supper together at 7 o'clock and visitors are welcome.

Strawberry Weevils Active  
Weevils are being found in (Please Turn To Page 6)

## Mrs. Pool Died At Maury City

Services for Mrs. Alma Pool were held at 3 Tuesday afternoon at Maury City Baptist Church. Burial was in the city cemetery with Sudbury's Funeral Home in charge.

Mrs. Pool, who was 58, died Monday afternoon at her home. Born near Maury City, she was a lifelong resident of Crockett County. She was the widow of Joe Pool, who died in 1957. She was a Baptist.

She leaves a son, Larry Joe Pool of Maury City; 3 daughters, Mrs. Benny-Quinley of Crockett Mills, Mrs. Eddie Lee Littles of Halls, and Mrs. Tony Cabera of Memphis; a sister, Mrs. Dave Pool of Maury City, and five grandchildren.

Tilly Burroughs, daughter of Mr. and Mrs. Jackie Burroughs of the Poplar Grove community, will reign as "Miss Halls of '58" after being chosen at the annual Beauty Review Friday night of last week. Her attendants are, left to right: First Maid Carolyn Ward, daughter of Mr. and Mrs. W. R. Ward of Halls; Second Maid Pam Rhodes, daughter of H. L. Rhodes of Halls; and Alternate Maid Angela Cherry, daughter of Mrs. Rebecca Cherry of Halls. Miss Burroughs is a senior in Halls High School and all the others are sophomores. Queen Tilly will represent Halls at the Humboldt Strawberry Festival Beauty Review next week and along with her attendants will ride the Halls float in the annual Beauty Parade. Sponsored by the Halls Civic Club, the Review drew one of the largest crowds in recent years. Queen Tilly's flowers were presented to her by Club President H. E. Pentecost after she was crowned by the 1957 Queen, Mrs. Harold Burroughs. — Photo by Buddy Murchison

tiful compensations of this life, that no man can sincerely try to help another without helping himself." Let the elected official realize each day that he or she is the servant and the people are the masters and the people will give credit where credit is due. When the elected official strives to provide services for the peo-

**RESOLUTION OF RESPECT**

BE IT RESOLVED by the Board of Trustees of the Forked Deer Electric Cooperative, Inc., Halls, Tennessee, that in the passing of our friend and Board member, Mr. J. A. White, the Forked Deer Electric has suffered the loss of a friend.

His was a Cooperative Spirit and the needs of his fellowman were his first thoughts.

He served on the Board of Trustees of the Forked Deer Electric from August, 1948, until his retirement August 16, 1956.

His personal friendliness will be missed by the Employees of the Cooperative.

RESOLVED: That to his family and loved ones, the Trustees and Employees of the Forked Deer Electric, Inc., express their profound sympathy in sharing with them our great loss.

BE IT RESOLVED: That a copy of this resolution be sent to his family, a copy be published in the Counsel, The Halls Graphic, The State Gazette, The Crockett Times, The Tri-County News and that a copy be written within the minutes of the April meeting of the Board of Trustees.

Signed:

Charles Price, President  
Robin Coffman, Sec.-Treas.

ple instead of getting credit for himself, then and only then will the people be served properly. But — somehow, sometimes we become so ALL-IMPORTANT to ourselves and life becomes a nightmare until we make our merits known. How wonderful it would be if only we knew "No man is greater than his prejudices will permit him to become — than his ability to think for himself, than his character, regardless of his reputation or his own estimate of himself.

All of the offices of the State, District and County are important places and it is an honor for a person to be elected to help direct the services and functions of these offices. From the office of Governor to the office of Constable and from the office of the Judge of the Court of Appeals to the office of the County Judge come needs and opportunities for service. Services which should never be burdened by political expediencies and maneuverings. The public deserves government by the people and not by the politician.

For some three years many of you have talked with me about the office of County Judge and have encouraged me to seek election to that office. In recent weeks I have talked with many of you and have announced myself as a candidate for the office of County Judge on the basis of the encouragement so many of you have given me. I deeply appreciate the kind and generous reception you have given me throughout the county. Being County Judge is a big job. It is a time consuming job. It is not sufficient to be part-time to any business as big as our county's business. That is the biggest business we have and regardless of who the county officials are, we cannot expect to achieve a reasonable degree of efficient operation when so little time is devoted to the affairs of our county. The City of Ripley has a council meeting once each month and even then it is necessary to have many call meetings during a month. Such a business just cannot run itself and it is a full-time and not a part-time job. Many are the times when I have neglected the City's business to look after my own personal business and many are the times when I have neglected my own personal business to look after the City's business — and both are too important to be neglected.

These are the facts which I have had to consider before the campaign gets too far underway. I have devoted twenty-three years of my life to my practice and I cannot give that up. It has meant too much to me for me to leave now or at any time. And the office of County Judge is too important to receive part-time attention. I, therefore, must withdraw myself as a candidate for that office.

Thank you — thank you from the bottom of my heart for being so wonderful to me. I shall ever be indebted to all of the people of this County and I shall always be interested in the welfare and well-being of each of you.  
J. S. SCOTT

**FARM HOUSING LOAN REQUIREMENTS EASED**

An expanded farm housing loan program designed to speed up farm building construction and improvement as well as act as an additional anti-recession measure was announced today by William R. McIntosh, Farmers Home Administration County Supervisor.

Now an owner of a farm in agriculture production and on which the operator plans to produce at least \$400 worth of farm commodities for sale or home use may qualify for the 4 percent long-term housing loan provided that he meets other standard eligibility requirements.

Formerly, an eligible applicant had to own a farm that produced a more substantial part of the operator's annual cash income.

Borrowers may use loan funds to build, improve or repair farm

**MAYOR EDMUND ORGILL** of Memphis, has announced that he will make the race for Governor of Tennessee. He is one of seven candidates making the race.

houses or other essential farm buildings, and to provide water for farmstead and household use. Mr. McIntosh said that in addition to financing major construction, the loan funds can help meet other needs for farm and farm home modernization such as adding bathrooms, utility rooms, better kitchens, and many other improvements to the home as well as to farm service buildings. While tenants and farm laborers are not eligible, the owner may borrow to do construction work or make improvements for them.

The loans are made to farm owners who need credit to finance building improvements or repairs, but find that adequate credit is not available through banks or other regular credit channels. The interest rate is 4 percent and loans may be amortized over periods up to 33 years.

The Farmers Home Administration Office is located in the basement of the Post Office building in Ripley, and the County Supervisor can be contacted there on Thursdays of each week from 9:30 until 12 o'clock.

**WRESTLING FANS SEE THRILLERS**

A capacity crowd of wrestling fans were on hand at the East Court Street Arena in Dyersburg last Tuesday night and thrilled to the exciting action of the double main event.

In the opening bout Roy Welch was victorious over Tony Morelli when, after each man had taken a fall, Morelli was disqualified by the referee for using an illegal hold.

In the main event — a four man tag team match — Joe Costello and Buddy Hack, both outstanding young mat stars, were winners over Nikita Mulkovich and Mark Starr. The bearded Russian was highly incensed at Starr, claiming Starr was the cause of their team being defeated.

The screaming fans apparently were highly pleased with the action of the tag team battle, especially when Costello and Hack took Nikita by the beard, dumped him outside the ring and proceeded to eliminate Starr.

Promoter Phillip Golden has stated he is continually striving

to provide better talent for the weekly program, a promise that thus far he has been able to keep. Matches are held each Tuesday night with opening bell at 8:15.

**SBA Office Now In Dyersburg**

A representative of the Small Business Administration will be stationed at Dyersburg beginning last Monday, April 21, for the purpose of giving the maximum service possible to Small Business Concerns in the area, who have suffered economic injury as the result of the excessive rainfall last year.

Mrs. George H. Gaffney, Disaster Field Director for Small Business Administration said that the SBA office will be in the

Courthouse Building in Dyersburg. The representative will be available Monday through Friday of each week between the hours of 8:30 a. m. and 12:30 p. m. to advise and counsel with businessmen interested in filing applications for an Excessive Rainfall Disaster Loan.

The SBA representative may be contacted by telephone at ATwater 5-4926 in Dyersburg.

The Gates P. T. A. will meet

on Thursday, May 8, at 8 o'clock.

### At Lackland Field

Mr. and Mrs. Talmadge Heathcote and Miss Nancy, and Miss Mary Virginia Sullivan carried Jerry Heathcote to the Naval Air Station at Millington Sunday. From there he will be flown to Lackland Air Force Base at San Antonio, Texas, for Reserve Training.

### DE CLUB HOSTS AT ANNUAL BANQUET

On April 15, 1958, the D. E. Club held their annual Employer-Employee Banquet. The tables were decorated with bouquets of buttercups and white candles.

Each plate was marked with a place card and lovely program booklet made by the Business Education Department.

The banquet was opened by Kenneth Bridges delivering the invocation. Jimmy Greer gave the welcome address and Mr. Louis Levy responded.

After the meal Ann Robison introduced our Employers, Employees and Parents. Joyce Thurmond called attention to several special guests. Jerry Smith, our Toastmaster, introduced Mr. Pat Roberts, of Roberts Chevrolet Co. of Dyersburg, who was our guest speaker. Mr. Roberts spoke on the importance of remembering, especially the names of people

and the important things in business. About 58 persons attended the banquet.

### DIRTY AND UNDECLARED

### DESTRUCTION OF OUR COUNTRY NOW IN FULL SWING

What could not be accomplished by a frontal attack is now being done by stealth and with the aid of our most trusted law enforcement agency. The filthiest methods known to man are being used (gas and germ warfare and poison). The army now infiltrated among us seems to number about one for each fifty persons plus technicians and youth organizations in our high schools and colleges. This means neighbor persons plus technicians and youth spying on age. This is the greatest army of eavesdroppers, peeping toms, spying on neighbor and youth spying on age. This is the greatest army of eavesdroppers, peeping toms, liars, invaders of privacy, harassers and murderers ever known. Following an investigation by a private detective agency, a member of the Justice Department, and Roy B. Sudbury of Halls, Tennessee, the following conditions are known to exist in Tennessee, Arkansas, Louisiana, Mississippi, Old Mexico and Texas. I, Roy B. Sudbury, know the following to be true and correct. I know of no sane reason why this unprecedented invasion of privacy, harassment and murder should be permitted for one second. This in the year of our Lord, Nineteen Hundred and Fifty-Eight.

ITEM 1. SURVEILLANCE. Five complete systems of federal surveillance are now in use. They include hidden Microphones in the earphones of all telephones, Radio Transmitters on all privately owned Automobiles and about half the moving cars on the highways are LISTENING CARS. Electric Lighting Systems are rigged for Sound and Harmful radiation, Radar Tracking Devices and Lip Readers.

ITEM 2. NERVE GAS, (Symptoms) Mean metallic taste in mouth. After sufficient number of hours sleep the person affected will wake tired and still sleepy, stiff of body and any action must be forced by will power, Apathy, Capillary Dilation (Flushed skin), Cramps, Increased pulse rate, any traumatic injury will be slow to heal, Raw throat, Coughing, Hoarseness, short of breath at times, Absent Mindedness, Clumsiness, Loss of Ambition, General Weakness, Unusual Headaches, Nervousness and Nervous rigors, affected equilibrium and coordination, Eyes may also be affected, Impaired sense of touch, Arms and hands may feel as though they are asleep and pain usually develops in arms and shoulders. Chest may follow nerves and spine to feet and pain at any point or all the way. This pain will be noticed mostly on retiring. Raw nerves may be felt as Static when the balls of the fingers of the right hand are drawn over the palm of the left hand with about three pounds of pressure. This will also be noticed when rubbing the whiskers. PERSONS WHO DIE FROM THIS GAS USUALLY SHOW EVERY SYMPTOM OF CORONARY OCCLUSION (HEART FAILURE). The formula of this Gas has been broken down in several parts and the only person affected is the one in whom all parts have combined. Various parts are administered through our habits and the final part is in the form of a gas. This GAS is often observed as HAZE in populated Areas that the sun will not burn off. Part of this formula is put in Gasoline and Exhaust Couplings loosened or manifold perforated. It is also expelled from the vehicle in front of you. It may be run into your living quarters through sewers, electric conduit, hot and cold air systems, etc. You may note bubbling of the water traps in your bathroom. This GAS is also released in quantity and allowed to cover vast areas and only persons in whom the formula is complete will be affected. Food and drink are contaminated with part of this formula at the retail level for purchasing by specific individuals as we are creatures of HABIT. Intangible markings will be found on many Food and Drink Products such as the dots found on the soldered seam of many brands of beer which are not usually the same brands marked in the second retail stock checked. Liquor stamps may have dots or small holes punched in the end of the Government Stamp. This prevents the instigators from consuming these products themselves. The SYMPTOMS of this Gas may vary over a period of many months. (TREATMENT) Dissolve FIVE POUNDS SALT in Bathtub and soak without soap for one Hour. This gives considerable relief and seems to absorb radiation that we receive from the electric systems. After the salt treatment the affected person will note a salty mouth upon contact with this gas or radiation, thus it makes a perfect tester for the presence of the gas or Radiation but it will not salt up the mouth of a person who has not been administered the part of this formula in food and drink, etc. In event the wariness of a person makes the above method unworkable SLEEPING GAS will be run into the individual's bedroom and these chemicals administered by hypodermic syringe. All Doctors must be on guard against contaminated medicine and Oxygen. A FREON TESTER will show the Contamination used in Oxygen.

ITEM 3. BLACKOUT GAS. This gas may be put in your Gasoline but usually it is used on the open Highway where speeds are high and may be expelled from the car quite some distance in front of you in the form of GAS but a close passing car may throw it front of your car in the form of LIQUID (observed only at night) which keeps you in the gas until the droplets are fully evaporated. Three full breaths of this gas will cause complete blackout. On the other hand where a person is not completely knocked out, he may become lost and wander over the highway for hours. The number of auto wrecks already caused by the use of this gas is almost without number. This gas produces a slightly sweet taste in the mouth, burning nose and running eyes. Another of the DIRTY tricks used in this connections is excessively bright lights that create an optical illusion of the approaching car being much closer than it is.

ITEM 4. HARASSMENT. This takes many forms and this is a few of them. Auto trouble, brakes, oil, ignition, fire, etc. Personal discredit and smear, reduced income, and total invasion of privacy, anonymous phone calls. Asian flu has been deliberately introduced here. Proof on this statement on Flu is not complete but everything points to it.

M-Sgt. William White returned to his station at Turner Field in Albany, Ga., Wednesday of last week after spending a week with his mother, Mrs. Lorene White. While here they spent one day in Martin with another son and brother, James White, and Baker White, of Paducah, Ky., joined them there.

Miss Peggy Dew of Memphis spent the weekend with her parents, Mr. and Mrs. E. O. Dew, Jr. Miss Dew has just returned to her job at Atkins Beauty Salon in Memphis after completing a Beautician Course at Atlanta, Ga.

FOR FUMIGATION — Moths can ruin a beautiful coat in a short time. Before cleaning, we completely fumigate your garments, destroying moths and moth larvae eliminating any chance of moths shortening the life of your garments. And this protection lasts a year. Halls Cleaners.

Mrs. Owen Richardson of Fowlkes was the guest of her aunt Mrs. Doyle Hawkins, and Mr. Hawkins Monday.

Mrs. Cora Daws is visiting her daughter, Mrs. Frank Stallings, and Mr. Stallings near Brownsville.

W. F. Lott of Kansas City, Mr. and Mrs. G. B. Lott and Mr. and Mrs. Bob Logan of Trenton spent the weekend with Dr. and Mrs. G. F. Lott.

Mrs. Floyd Hurt and Mrs. Douglas Hurt were in Dyersburg Tuesday.

Mrs. Pete Meadows and daughter, Renee, spent Thursday in Brownsville.

Mr. and Mrs. D. R. Nunn and Mr. and Mrs. Stuart Crichfield spent Sunday in Jackson as the guests of Mr. and Mrs. Wallace Dunn. Warren Nunn accompanied them home after spending the weekend in the Dunn home.

SPRING CLEANING? Bring your quilts, bedspreads, rugs, long handles, etc. to Halls Home Laundry for washing, fluff drying or both.

Mr. and Mrs. H. C. Pitts, Mr. and Mrs. George Ringer and Jack Ringer of Memphis spent Saturday here as guests of Mrs. A. G. Hargett and Mr. and Mrs. Roy Patton.

Mr. and Mrs. Wymond Terry and children have returned to their home in Chicago after visiting his parents, Mr. and Mrs. A. L. Terry, during the weekend.

Mr. and Mrs. Roy Patton spent Friday in Memphis.

Mrs. Buford Cherry, Jr. and son, Randy, spent Tuesday in Dyersburg with her parents.

Miss Alice English of Tuscaloosa, Ala., Miss Roberta Gibbs and Mrs. Jewell English of Brownsville, Mrs. R. L. Jones and Mrs. Mary Ferguson were dinner guests of Mrs. Irma Cole Wednesday.

FOR CLEANING — After sterilizing your garments, we clean them gently and thoroughly to restore the original texture and bright colors. Halls Cleaners.

Mr. and Mrs. Burnell Savage and children and Mr. and Mrs. Paul Avery were in Greenfield and Martin Sunday afternoon.

Mrs. Darriel Hilliard and daughters, Carol and Martha Ruth, spent last Friday in Dyersburg.

E. E. Grady of Memphis spent the weekend at his home here. He was accompanied to Memphis Monday by his mother, Mrs. Floyd Grady, who will undergo a checkup and spend this week with her daughters there.

Mr. and Mrs. Harold Baker and daughter of Clarksville spent Sunday with Mr. and Mrs. Robert Baker.

Mr. and Mrs. Clinton O'Neil and son, Dwight, of Memphis spent the weekend with her parents, Mr. and Mrs. Floyd Grady. Mr. and Mrs. Chester Spry visited in Brownsville Sunday.

AVOID ACCIDENTS! Let the Halls Home Laundry treat your throw rugs with a new ANTI-SKID BACKING.

Mrs. John Talley of Dyersburg and Mrs. Asa Talley of Memphis visited Mrs. R. S. Bell Sunday afternoon.

Mr. and Mrs. Bill Mousseau and daughter of Ossineka, Mich. visited Mr. and Mrs. Robert Baker Monday.

Mrs. Irma Cole and nephew, Jerry Fewell, visited Mr. and Mrs. J. R. England at Forked Deer Sunday.

Mr. and Mrs. Paul Freeman and daughter and Mrs. Polly Smith and daughter of Memphis spent Sunday with Mr. and Mrs. A. L. Freeman.

FOR PROTECTION — From the time we pick up your garments, they are completely protected against fire and theft. So, you can be absolutely "worry-free." And remember, this is in addition to protection from moths and mildew. Halls Cleaners.

Mr. and Mrs. Sonny Gooch and baby and little Sandra Belton of Memphis spent Saturday night with Mr. and Mrs. Sidney Gooch.

Mrs. Jack Murchison, Mrs. R. D. Rast, Mrs. Earl Gentry and Mrs. Bill Davis were dinner guests of Mr. and Mrs. Warren Tanner and Mrs. A. C. Smith Sunday. They helped celebrate Mrs. Smith's birthday.

Mr. and Mrs. Clyde Stockard of Bolivar moved Monday to the new Tanner house on West Tigrett St. Mr. Stockard is manager of Prest Lumber Co.

Mrs. L. M. Harward spent Saturday in Trezevant with her niece, Mrs. Robert Blanks, formerly Miss Emma Williamson who assisted Mrs. Harward in teaching music in Halls at one time.

Mrs. Egbert Grady was in Memphis Wednesday of last week.

Mrs. Harold Dodson and little daughter of Unionville visited Mrs. A. C. Smith Wednesday.

Mr. and Mrs. James Lee Bray and children of Memphis spent Saturday night with their grandparents, Mr. and Mrs. W. H. Keltner.

Mr. and Mrs. Jimmy Hayes and daughters of Bruceton have moved to the former George Hart

Mrs. Alf Chambers of Edith is visiting her daughter, Mrs. A. W. Escue, and Mr. Escue.

Rev. and Mrs. J. W. Moore of Rector, Ark. are visiting relatives here this week.

Mr. and Mrs. Lester Bult and daughters, Cora Ann and Julia Marie, of Chicago are visiting Mr. and Mrs. Frank Garrett and other relatives.

Mr. and Mrs. Floyd Brown and Jerry of Memphis and Mr. and Mrs. Floyd Brown, Jr. of Nashville visited Mr. and Mrs. W. H. Keltner Sunday.

Mrs. Dwight Moss and Debora and Billy and Mrs. George Gruff of Decatur, Ill. are guests of Mr. and Mrs. Carl B. Hoggard.

FOR FREE CLOSETS — Why keep clothes not in use in cluttered closets? When in our vaults you can use all closet space for the garments now in use . . . giving them breathing space. No more wrinkles . . . no more bunching. Use our storage vaults. Halls Cleaners.

Mr. and Mrs. Edward Keltner of Memphis spent Tuesday with Mr. and Mrs. W. H. Keltner.

SENIOR CLASS TO PRESENT PLAY ON MAY 13

Under the direction of H. G. G. Conley, Halls High School Vocational agriculture advisor, the senior class will present its annual Senior Play on Tuesday night, May 13. The production this year will be "Clementine" and will be presented in the Halls Elementary School Auditorium. A list of the characters will appear in the Graphic next week.

(Continued from Page 1)  
strawberry fields all over the county and experienced growers are controlling them by dusting with Malathion dust which can be applied within three days of harvest. Toxaphene dust which is effective also and somewhat cheaper cannot be legally applied to strawberries within 30 days of harvest.  
The strawberry weevil cuts a notch in the stem of the berry just a half inch below the bloom or small berry enough to stop growth and lower yields materially. An excellent strawberry crop is in prospect over the county if we can protect it until harvest.

dent of the Tennessee Association of Soil Conservation Districts.

Gov. Frank G. Clement signed a proclamation April 9 calling on citizens of the State in all walks of life to give special attention to "Man's moral and sacred obligation to be good and faithful stewards of God's precious gift — the soil" during this week.

More than a thousand sermons are expected to come from pulpits of all denominations in the State on May 11 and May 18. An ever-increasing number of church leaders are lending their support to the soil and water conservation movement.

Farmer - Supervisors of the State's 90 Soil Conservation Districts, technicians of the U. S. Soil Conservation Service, and other leaders, will hold "open house" for numerous groups interested in getting firsthand knowledge of conservation work in progress.

Leonard Parker of Shelbyville is leading the Tennessee Association's efforts in Soil Stewardship Week observance for the second year.

The effort is intended to recognize the work being done by cooperating farmers and to stimulate the awareness of the great need for conservation of the re-

nawaole natural resources.

All citizens of Lauderdale county are invited and urged to take some part in observing Soil Stewardship Week, Reid Dunavant, Chairman of the Lauderdale County Soil Conservation District, explained. "If any group, large or small, would like for us to help arrange for special programs or activities about soil and water conservation, call on me or one of the other four supervisors, Francis Thompson, Lynwood Grammer, Joe Beard, or W. C. Viar."

**YOUNG FARMERS, HOME MAKERS MEET**

The Lauderdale County Young Farmers and Homemakers Club met Thursday night, April 24, at the Ripley Grammar School at 8 o'clock. Mrs. Charles Griggs, president, called the meeting to order and Milton Gaines gave the devotional and led the group in repeating the Lord's Prayer.

During the business session the May Ramble, a coming district event, was discussed and the members were urged to attend. Dr. John Spaulding, local vete-

rinarian, spoke to the group on the control, cures, and effects of Rabies. He also explained the Brucellosis program.

For refreshments the group enjoyed cookies, pretzels, and cokes.

VOLUME 64

HALLS, TENNESSEE, FRIDAY MORNING, MAY 9, 1958

NUMBER 19

## Confidential Corner

### Local Industrial Employees

P. W. Crittendon, Lauderdale County member of the West Tennessee Industrial Association, has recently given your editor some figures which are somewhat amazing. Mr. Crittendon has recently compiled a list of the employees of the various small industries and service organizations which reaches the amazing total of 157 persons drawing wages and salaries from industries located here. Of this group approximately 120 persons either live in Halls or the immediate vicinity of Halls and several live in Gates. Firms included in the survey are Custom-Craft, the fertilizer plant, Hurt Seed Co., Delta Seed, Halls Grain Co., Prest Lumber Co., Craddock Canning Co., and Forked Deer Electric. These figures were compiled the early part of April and are believed to be substantially correct. Your editor, of course, knew that quite a payroll was covered by these firms but had no idea of the number employed.

### A Dangerous Practice

O. N. Pigue, Lt. of Illinois Central Railroad Police, was in our office this week and told of a stunt here last week that is simply unbelievably dangerous. It seems that last Friday afternoon about 4:40 three teen-age boys, ages 13 to 15, deliberately stood on the railroad track until the fast traveling southbound "City of New Orleans" train was approximately 150 feet from them. Every parent will surely realize the extreme danger of such a stunt and should warn their children against it but even more the boys were not at a crossing but some 300 feet south of the Main street crossing. The Illinois Central Railroad makes every effort to aid in educating children to the danger of railroad crossings but they certainly need the aid of parents to prevent such happenings as occurred Friday.

### COMPLETES SENIOR LIFE SAVING COURSE

Miss Carolyn McCorkle has just completed a course in Senior Life Saving at UTMB at Martin which qualifies her to teach for the Red Cross as an instructor for beginners, intermediate and advanced swimmers, and to teach Junior and Senior Life Saving and Water Safety Aide.

Miss McCorkle is the daughter of Mrs. H. G. McCorkle of Halls.

### GOOD COOKS WIN PRIZES WITH THEIR BISCUITS

Charles T. Peal  
Asst. County Agent

Biscuit making was aptly demonstrated by 184 4-H girls at the last series of club meetings. Twenty-one champions, one to a club, were selected and awarded five pounds of flour.

Each of these girls who were champions in their own club will compete in the county contest to be held the latter part of this month. At this contest a Junior champion will be selected from the 21 contestants. A Senior champion will be selected from the high school 4-H members and following this the Junior and Senior champions will compete for the championship. The winner gets a scholarship to 4-H Camp and the privilege of representing Lauderdale County in the District (Please Turn To Page 2)

### CHANGE IN THEATRE PROGRAM TOLD

Bob Lewis, manager of Halls Theatre, calls attention to a change in the theatre program for Thursday and Friday, May 15 and 16. Mr. Lewis says that "Lady Takes A Flyer" starring Lana Turner and Jeff Chandler, is one of the out-standing recent pictures.

## Ernest Holland Died Friday

Ernest Holland of Friendship died Friday morning at Dyer County Home for the Aged after a long illness. He was 63.

Graveside services were held at 2 Saturday afternoon at Rehebeth cemetery near RoEllen with Sudbury Funeral Home in charge. Mr. Holland, a carpenter, lived in Dyer County most of his life. He leaves his wife, Mrs. Ora Nell Holland; two sons, Joe Holland and Guy Holland, both of Friendship; three daughters, Mrs. Catherine Cole of RoEllen, Mrs. Doris Cole of Humboldt and Mrs. Patsy Combs of Illinois; a brother, LeRoy Holland of RoEllen; and a sister, Mrs. Mattie Harrington of Bradford.

### NEW DAUGHTER

Mr. and Mrs. Maurice Chapman of Millington announce the birth of a daughter on May 6 at Baptist Hospital in Memphis. Mrs. Chapman is the former Loretta Perry, daughter of Mr. and Mrs. J. W. Perry of Halls.

## Memphis Paper Is Misinformed

While reading the Commercial Appeal on Thursday, May 8, 1958 I found an article dated Halls Tennessee, and a news statement with the following sentence "the Edler Manufacturing Company Building, owned by George Edler of Halls, will go on the auctioneer's block and up to 85 acres of concrete ramps and runways will be thrown in by the city to the purchaser."

I was concerned about and will make it clear herein as to the facts. The Mayor and Board of Aldermen have discussed and agree that an industrialist who is of sufficient size as to money and who would employ a sufficient amount of people and who might have need of the concrete ramp to carry out its business, then the

(Please Turn To Page 6)

### FIFTH GRADE GIRLS WIN AMATEUR CONTEST

A group of fifth grade girls composed of Connie Elmore, Judy Hansford, Diane Levy and Marilyn Viar singing "Sugartime" placed in the Amateur Night Contest held Friday night of last week. Placing second was Patty Williams who sang "Harbor Lights" and third place went to a group of sixth grade girls who sang "In the Little Red Schoolhouse." The winners will represent Halls in the county contest at Ripley tonight.

MISS PRUNELLA PRINGLE.....	LETRICIA VADEN

PLACE — The living-room in Mayor Kelley's home in Hootenville.

TIME — Early Fall

— SYNOPSIS —

ACT ONE — Ten o'clock on a Saturday morning in early September.

ACT TWO — Scene One: Four o'clock one Friday afternoon, a few weeks later.  
Scene Two: Ten o'clock the same evening.

ACT THREE — Seven-thirty o'clock on a Monday evening in October.

DIRECTOR — MR. H. G. OONLEY

### TO INSTALL NEW PTA OFFICERS

New officers of the Halls Parent-Teachers Association will be installed at the meeting of the group next Thursday afternoon, May 15. The officers who will be installed are: Mrs. Wymond Stallings, president; Mrs. B. C. Tatum, vice-president; Mrs. Will Lawrence, secretary; Mrs. David Hurt, treasurer. The meeting will be at 3:15 at the high school building.

## 1958 - 59 County Teachers Elected

At a meeting held Thursday morning of this week the Lauderdale County Board of Education elected the following teachers for the forthcoming school year:

ARP — Paul Burns, Pr., Bruce Campbell, Dezzie Mae Clark, Mary Fountain, Margaret Hill, Robbie S. Hughes, Geraldine Jennings, Vergie Partain, Maida Thompson, Leath Scott.

ASHPORT — Frances Braden, Pr., Clara Morris, Sarah Caldwell, Bessie M. McDaniel.

CENTRAL — Alvietaen Caldwell, Pr., Annie L. Webb, Geraldine Jennings.

CURVE — Gladys Vaden, Pr., Eina Earl Carmack, Annie B. Carter, Maggie B. Williams, Ruby W. Carmack, Oma Hilliard.

DOUBLE BRIDGES — J. T. Spence, Pr., Robbie Bivens, Kathryn Troiano.

EDITH — Everett Kidd Pr., Fay Williams.

GATES — Ann Martin, Pr., Fay Coffman, Inez Martin.

NANKIPOO — Georgye H. Smith, Pr., Allie C. Carr, Hardy Hughes, Ann P. Lazure.

ISLAND 26 — Nell Covington, Pr.

HALLS ELEMENTARY and JUNIOR HIGH — Talmadge Belton, Olive Ferguson, Margaret Gilliland, Annie L. Lucas, Ethel G. McCorkle, Rebekah McDearman, Nell Murchison, Jane Patton, Gwendolyn Walker, Geneva Viar, Rowena Dunaway, Jasper Taylor, Gladys Woodard, Mrs. Beulah Palmer.

HALLS HIGH — James Peery, Pr., Richard Anderson, H. G. Conley, Hazel Griffin, Ruth Hallman, Cliffie P. Smith, Frances Steelman, Forrest Shearon, Pete Meadows, Betty G. Griffin.

HENNING — Arthur Thompson, Pr., Fay Barfield, Virginia DePriest, Colleen Flowers, Sarah (Please Turn to Page 5)

## Civic Club To Talk Over Silver Dollar Day Future

H. E. Pentecost, president of Halls Civic Club, urges all Halls businessmen to attend the meeting of the Club next Monday night at 7 o'clock at the School Cafeteria.

In making his plea Mr. Pentecost said, "Since one of the main topics of business is to concern the continuation of the Silver Dollar Day Program and what method will be used, it would seem to be of interest to every business man to be present. Also being the final meeting before the Auction of the industrial property any final discussion must be carried on at this meeting."

As is customary a fine meal will be served by workers at the cafeteria.

## To Start Drive Against Brucellosis

F. H. Paschal  
County Agent

Some cattle producers in Lauderdale County will be called on this month by a representative of the State Veterinarian and given opportunity to get all breeding cattle tested for the presence of Brucellosis and all heifer calves four to eight months old vaccinated against this most expensive of all livestock diseases.

A State and Federal point project was started in 1956 in Tennessee aimed at eradicating Brucellosis in the whole state by 1960. Lauderdale is the next county in West Tennessee scheduled for complete coverage which will begin this month, gain momentum in June, and be largely completed the first time over by the end of July.

Each breeding animal found to be infected with Brucellosis must be sold for slaughter, but an indemnity is paid to the owner to cover part of the difference in the selling price of the infected animal as compared to what the animal was actually worth as a breeding animal. This indemnity can be much as \$25 on a grade animal or as much as \$50 on a registered animal.

Brucellosis causes the birth of dead or weak calves and also causes animals to have low rates of gain and otherwise have hidden symptoms which cannot be definitely identified without a blood test. Brucellosis also causes Undulant Fever, one of the few serious diseases for which we still have not found a cure.

The disease is spread by contact, by contaminated feed and water, by infected pens, trucks and lots, by contaminated footwear, and by other means that are often hard to trace. It is believed that this testing program when carried out with the cooperation of all the people in an area, can eradicate the disease. Surely this effort will have the best cooperation from all our livestock owners in the next few months.

This activity is sponsored by Martha White Mills, Inc. and is open to all girls taking food preparation as a project. The girls in this area who won in their respective clubs are: Nankipoo, Carolyn Nolen; Double Bridges, Billie Martin; Gates, Annie Mai Collins; Halls 5, Betty Poindexter; Halls Six, Kay Baker; Halls 7, Jo Larson; and Halls 8, Pamela Meeks.

**4-H Corn Production Program Underway**  
If the interest in this year's Corn Production Program can be measured by the number of boys requesting one acre seed samples, we should have a bumper crop of corn this year, providing of course that it can be planted.  
Forty-four boys throughout the county have received enough seed corn of the Funks, Pfister, and Dixie varieties to plant 75 or more acres. Many of the boys are planting two or more varieties for yield comparisons while others chose to put their corn on a one acre plot.  
A county corn show will be held this fall prior to the fairs so that our best samples may be exhibited there. Each boy will ex-

**4-H Camp**  
Camp for Junior Club members will be held one week later this year that is June 16-21 at the campus of the University of Tennessee at Martin. Boys and girls 13 and under are eligible to attend this camp while those 14 years up will attend the Senior Camp on June 30-July 5.

**WHAT IS A WATERSHED?**

by Earl R. West

Supervisors of the Lauderdale County Soil Conservation District are receiving requests for information on Cane Creek. The application for Federal assistance has already been mailed to the State Watershed Commission and to the State Conservationist of the Soil Conservation Service, Mr. J. R. Sasser.

"Watershed" is a new term to many people. The development of soil and water conservation and flood prevention in watersheds is bringing the word into more common use. Its definition is almost as simple as the well-known phrase "water runs downhill".

The drainboard that carries rinse water into your kitchen sink may be compared to a watershed.

On the land, water that does not evaporate or soak into the soil usually drains into ditches, streams, marshes or lakes. The land area from which the water drains to a given point is a watershed.

When you were a small child, you probably had a favorite mud puddle in which you liked to play. The part of the yard from which the water drained into the puddle was its watershed.

Possibly a small stream ran by your house. It may have been dry most of the year or it may have flowed continuously. Water from a few acres were the watershed. This small stream and others and the land they drained were the watershed of the larger stream into which they flowed.

Small and medium sized watersheds make up the larger ones. The Mississippi River, for example, drains a watershed of about 1,243,000 square miles. That watershed is made up of thousands of small ones.

So wherever you live you are in a watershed. It can be just your own backyard or the area drained by a small creek or a large river.

Your watershed may include farm or ranch land. It may include hills or mountains or both. Some of it may be covered with towns, suburban developments or industrial plants.

You and the people who live in a watershed are a part of the watershed community. So are the animals, the birds, and the fish. All depend on the watershed and they, in turn, influence what happens there — whether it's good or bad. What happens in a

small watershed also affects the life of the larger one because water, as it runs downhill, affects people in so many ways.

**Why Your Watershed Is Important**

Water may be a friend or it may be an enemy. If it runs off the land too fast, it cuts gullies and carries off topsoil which should be kept on the farm to produce our food and clothing. The soil and debris which the water carries into streams and lakes may spoil fishing. It may reduce the amount of water the stream or lake can hold and thus decrease the water supply for your town and your bathroom. Such sediment carried downstream by runaway water may greatly increase the cost of cleaning and filtering you get from the kitchen faucet. It can interfere with the hydroelectric plant which produces your electricity. This may increase your electric bills.

If too much water runs away too rapidly, it causes a flood which damages farms, ranches, crops, property, homes, highways, and utilities. It may take lives. Choking of stream channels with sediment makes floods more serious because the stuffed-up stream bed can carry less water. Sediment deposited in reservoirs after heavy rains reduces the amount of water that can be stored for use in water-short areas. When water does these things it is an enemy.

But water can be slowed down and used to better advantage when soil and water conservation methods and other flood prevention measures are put into effect all over a watershed. Terraces, strip cropping, more grass and legumes in crop rotations, improved pastures and other practices make more water soak into the soil for use of crops, pastures, and range. Some of it will later go into streams, lakes or underground storage to be used in other ways. It doesn't clog streams and water supplies. Improved irrigation systems which waste less water leave more for other irrigators to use and help produce better crops. Thus, more water is available for the many uses people make of it. Then water is a friend.

Cane Creek has a watershed area of 62,700 acres. The Creek is thirty-one miles long. The Creek starts east of Flippin and ends east of the Fort Pillow State Prison Farm. Landowners owning land south of these points will be in the Cane Creek Watershed: Cherry, Three Points, Lusk, Olive Branch, Lightfoot, Arp, Central, Curve. Landowners owning land north of these points will be in the Cane Creek Watershed: Hurricane Hill, Glimp, and west of Pleasant Hill.

**LOANS AVAILABLE FOR STORAGE BUILDINGS**

Farmers who need additional grain storage space on their farms can get 5-year, 4 percent loans through the Lauderdale County Agricultural Stabilization and Conservation Office in Ripley to finance cribs or bins, Committee Chairman A. O. Chambers announced today. They can also get loans for mobile crop-drying equipment.

The purpose of the program, Mr. Chambers said, is to help farmers obtain more on-farm storage, particularly where it is needed to enable them to participate in the price support program.

Any farm operator, share tenant, share landlord or producer partnership is eligible to participate in the farm storage facility and equipment loan program. The loan may be obtained on storage for wheat, corn, oats, rye, barley, soybeans, grain sorghums, dry beans, rice, peanuts, cottonseed, and flaxseed.

While the structures financed do not have to be used for commodities which are under price-support loans, they must meet the same storage requirements. A farmer may borrow up to 80 percent of the cost of new storage bins, cribs, or other approved structures. The loan may be

paid in four annual installments with the first installment due at the end of the first year.

Drying equipment eligible for loan includes mobile dryers, air circulators, ventilators, tunnels, and fans. Up to 75 percent of the delivered and assembled cost — exclusive of labor costs — may be borrowed. These loans are for 4 years, payable in three annual installments beginning at the end of the first year. As on structure loans, the interest is 4 percent.

"It's just good business," Mr. Chambers said, "for farmers to be looking ahead to their storage situation and planning to use this loan program if they need it. Many a farmer has found that he could have increased his income considerably by being able

to store more grain on his own farm at harvest time."

Always be sure to call us at AD 4-7898 or AD 4-7540 and tell us all the news about you or your family or your friends.

**"Do I Have to Suffer All My Life Just Because I'm a Woman?"**

No! Today, women don't have to bear a special cross of agony! Girl or grandma, a remarkable tablet can bring blessed relief from awful "female miseries"!

Today, "female suffering" need never occur again for most women — *not at any age!* Imagine being free from the pain, misery, young and old used to dread! That's the promise of Lydia Pinkham's Tablets — wonderful relief women can have *all through their lives!* Pinkham's unique combination of medicines was developed especially for women's ailments. (Even includes blood-building iron!) In doctors' tests, 3 out of

4 no longer suffered the awful monthly cramps, headaches, backaches. Later during change-of-life, "hot flashes" subside, irritability is calmed! Even after menopause, Pinkham's Tablets help build strength-giving blood! Just because you're a woman, you don't have to suffer! Start taking Pinkham's Tablets. What ever your age, take them daily for all the benefits you can get all through your life! Lydia E. Pinkham's Tablets at drugstores.

### Nankipoo News

Mrs. Fleetwood Cates

Mrs. James Norman Voss will present her piano pupils in a recital at the Nankipoo School on Thursday night, May 15, at 8 o'clock. In addition to this, there will be a short program given by the school children. There is no admission charge.

Mr. and Mrs. Leslie Kirby spent Sunday near Woodville with Mr. and Mrs. Oakley Layne.

Miss Charlotte Prichard and little Johnny Roberts of Memphis spent the weekend here with Mr. and Mrs. Paul Prichard.

Mr. and Mrs. A. E. Cates spent Sunday near Ridgely with their daughter, Mrs. Ples Fowler, and Mr. Fowler.

Mr. and Mrs. Raymond Belton spent Thursday in Memphis with relatives.

Mrs. V. E. Bowie attended the funeral of her aunt, Mrs. Fannie Cherry, at Troy Tuesday.

Mr. and Mrs. Tom Burks of Memphis spent Friday here with Mr. and Mrs. Harvey Olds.

Mr. and Mrs. Jerry England and son of Ridgely spent the weekend here with parents, Mr. and Mrs. Walton Hutcherson.

Mr. and Mrs. Gene Sadler and children and Mr. and Mrs. Dudley Belton and daughter of Martin spent Saturday here with home-folks.

Mrs. Fleetwood Cates, Mrs. Douglas Collins and Butch Collins visited Miss Patricia Castleman Tuesday in Edith. Miss Cas-

tleman has just returned from a Memphis hospital where she had surgery on her eyes.

when labor has come to be one of the big items in farming, our equipment manufacturers and other researchers have helped to solve our problems. Today, we are offered a variety of equipment that will not only relieve farmers of much hard labor but at the same time a much higher quality of silage can be made.

It is now a known fact that when silage is wilted in the field before it is chopped and placed in the silo that it much more valuable from a nutritive standpoint. Withering green material until it contains from 60 to 70 percent moisture greatly reduces the seepage from silage when cut direct and placed in the silo. It has been found that as much as 10 percent of the total dry matter placed in the silo has been lost in the form of soluble nutrients. Estimates from authorities say that this loss will amount to from 12 to 15 percent of the total digestible nutrients ensiled. This alone, makes one believe that it pays when silage is prepared in the wilted stage.

The ensiling of high protein, high moisture grasses and legumes by the direct cut method requires adding silage preservatives in order to obtain a desirable fermentation and a palatable silage. There are several such preservatives on the market today that have proven to be satisfactory and they can usually be found at the local feed store, or equipment manufacturer and such places that handle farm products.

Down on the Farm

With ED JONES  
Agricultural Agent, Illinois Central Railroad

The recent trend toward grass-land farming has caused an up-surge in interest among livestock farmers to build more silos. This is the best way known today for livestock farmers to preserve a succulent feed for his cattle throughout the year. There have been many new problems as a result of such interest. Years ago, labor did not seem to be counted as much of a problem. For that reason, mechanical equipment such as the field harvester, silo un-loader, etc., were little known. With the advent of a new day

### Helps Heal And Clear Itchy Skin Rash!

Zemo—liquid or ointment—a doctor's antiseptic, promptly relieves itching, stops scratching and so helps heal and clear surface skin rashes. Buy Extra Strength Zemo for stubborn cases!

# We're counting on your wife's common cents!

The American housewife, bless her heart, has plenty of common sense. Spell it "cents" and you get the same answer. She has plenty of that kind, too. And she knows how to make them count when she buys.

That's why we count on her when we think of our future. For when the chips (or her pennies) are down, the Illinois Central—like every good railroad—can transport everything she buys more economically, on the average, than anything else that floats, rolls or flies.

This simple economic fact guarantees that railroads like the Illinois Central will gain in importance and strength, particularly when antique federal rail regulations and wasteful subsidies to less efficient carriers are swept aside, as they must ultimately be.

We have told Congress that these regulations and subsidies are unfair to everyone. Many members of Congress agree. They say it's time for a change... time to start saving money for everybody. If you and your wife agree, why not tell them so?

Meantime, you can be sure that, day by day, we are building and running a finer and more economical transportation system. The results will benefit all of us.

WAYNE A. JOHNSTON

**Shrinks Hemorrhoids Without Surgery**

Science finds healing substance that relieves pain—Shrinks Hemorrhoids  
For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne\*)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H.\* At all drug counters—money back guarantee. \*®

**Telephone Talk**

by  
**ROGER GANIER**  
Your Telephone Manager

**OFF THE HOOK:** Here's a rhyme I like. "When time has flown . . . get it back by phone!" Ever let an important date, anniversary or appointment slip by? Really puts us on the spot! Luckily, we can always phone. Just a call can get us "off the hook." Lets the person we almost forgot know in a fast, friendly way that we did remember. Sure is nice to be able to reach for a phone, for business or pleasure, across the nation or just around the corner, any day, anywhere!

... WHEN DO sweet dreams become a nightmare? When you need the convenience of a bedroom extension! It's *real livin'* to have extension phones in your home where they're handiest—in bedrooms, kitchen or den. Lots of fun to choose them in decorator colors to go with furnishings, too. And they cost less than a nickel a day each, or several for less than the cost of your main phone. To order the extensions you need, just give us a ring.

WHAT COULD BE NICER? Mother's Day is next Sunday. How about giving her an extension telephone in her favorite color—to save her time and steps all through the whole year.

CALLING BY NUMBER is the quickest way to get Long Distance calls through. To help you find the numbers you call most often, jot them down in your "Blue Book." If you don't have one, it's yours for the asking. Just call our Business Office — Ripley 9000.

## Brevities

Mr. and Mrs. Harry Wilson spent Wednesday and Thursday in Memphis.

Mr. and Mrs. William Manuel and children visited Mr. and Mrs. W. C. Parker in Cardwell, Mo., Sunday. They were accompanied home by Mrs. Troy Manuel who had been visiting the Parkers.

Mrs. W. G. Neely, Mrs. Jim Jaynes and Mrs. Kenneth Randall were in Memphis Tuesday.

Mr. and Mrs. D. R. Nunn and Mr. and Mrs. O. J. Nunn were in Memphis the early part of the week to attend a Bankers' Convention.

Mr. and Mrs. C. A. Robertson, Mr. and Mrs. Elbert Robertson of Maury City and Mr. and Mrs. R. H. Williams of Gates were visitors of Mr. and Mrs. F. H. Robertson Sunday.

Mr. and Mrs. O. J. Nunn and sons, Josh and Jimmy, spent the weekend in Knoxville.

Mrs. L. H. McFadden of Kennel, Mo. and Mrs. John Talley of Dyersburg visited Mrs. R. S. Bell Wednesday afternoon.

Mrs. T. H. Simmons and Tommy Simmons spent Sunday in Whiteville with relatives.

Mr. and Mrs. John Moore, Jr. and children, Bobby and Patricia, of Memphis spent the weekend with parents, Mr. and Mrs. John Moore, Sr.

Mrs. Henry Cantrell and small daughter, Clara, left Sunday to return to their home in Shreveport, La. after spending the past three weeks with her parents, Mr. and Mrs. Elvis Cannon. Mr. and Mrs. Cannon and daughter, Brenda, drove Mrs. Cantrell and daughter as far as Vicksburg, Miss. where they were met by Mr. Cantrell.

Mr. and Mrs. J. W. Myers of Dyersburg visited Mr. and Mrs. Buford Cherry, Jr. Wednesday night of last week.

Mrs. George Bell of Humboldt underwent surgery at the Methodist Hospital in Memphis Monday.

Mrs. Virginia Walpole spent Tuesday and Wednesday in Memphis with Mr. and Mrs. Loyd Ross.

Mrs. J. M. Boyd of Dyersburg visited Mrs. W. C. Patton Sunday afternoon.

Mrs. R. S. Bell spent Tuesday with Mrs. M. L. Cagle in Dyersburg.

Mrs. Wayne Moore and children of Memphis are spending a few days with Mr. and Mrs. A. B. Turnage.

Mr. and Mrs. Fletcher Smith and daughter, Marilyn, of Nashville spent Friday night with Mr. and Mrs. Ike Palmore. Mr. and Mrs. Palmore returned to Nashville with them Saturday and remained until Wednesday when Mr. Smith motored them home.

Mrs. I. L. Shepherd of Dyersburg visited Mr. and Mrs. Bernard Higdon Sunday afternoon.

Mrs. Jim White, Mrs. Harry Wright, Mrs. Frank Baldrige and daughter, Amy, were in Memphis Thursday.

Mr. and Mrs. W. G. Neely, Mr. and Mrs. Jim Jaynes, Mrs. Kenneth Randall and daughter, Janine, and Mrs. R. L. Jones attended a music recital at Ellis Auditorium at Union University in Jackson Sunday afternoon. Paullette Williams, daughter of Mr. and Mrs. Paul Williams, and granddaughter of the Neelys was among those who played.

James Bailey is improving after undergoing ear surgery at the Eye, Ear, Nose and Throat Hospital in Memphis last week.

Mr. and Mrs. W. H. Keltner, Mr. and Mrs. Neil Keltner and children, Mr. and Mrs. Auford Pickens and children were in Memphis Sunday for a family reunion which was held at the home of Mr. and Mrs. Jimmy Burks. The reunion was held especially at this time because one member of the family, Floyd Brown, Jr., of Nashville was leaving immediately to enter the armed service.

W. E. Lacey and H. E. Lacey of Memphis spent Friday with Mr. and Mrs. A. L. Freeman.

Mr. and Mrs. DeWitt Roberson and Mr. and Mrs. J. E. Williams of Alamo spent Wednesday with Mr. and Mrs. Harry Wilson.

2 1-2 to 3 lbs. per day gain on beef animals. Oat silage ranks between corn silage and legume silage in feeding value. It needs less protein supplement than corn, but lacks energy. Oats have more energy than legume-grass silage but less protein.

Oats are removed just as they start to turn, which is the early dough stage. There is a period of four or five days before the oats gets too dry.

Other small grain makes good silage when cut at the same stage.

Some producers have extra clover and grass pasture which could be used for silage right away. Cut ladino or white clover from early bloom to one-half bloom, alfalfa from one-tenth to one-fourth bloom or when basal shoots begin to appear, fescue and rye grass soon after heading out or in the early bloom stage.

**You Can Control Termites**

A mixture of one pound of 40 percent Chlordane powder in five gallons of water will poison the soil so that termites cannot live in it for a long period of time. One gallon of Dieldrin emulsion in 60 gallons of water is just as effective. Both these chemicals have been tested for more than nine years out in the open at the Termite Experiment Station near Biloxi, Miss. and are still 100 percent effective.

These solutions cost less than 15c per gallon to control termites around the average home for a very small outlay of money. Subterranean termites cannot live without water. They are rarely to be found in any building where the foundation area is kept ventilated and the ground slopes away from the foundation in all directions so that water cannot stand and soak into the ground near the foundation to come up under the house.

We have excellent bulletins free on request which fully explain how you can control termites at small cost.

**SALESMAN WANTED**

RAWLEIGH BUSINESS NOW OPEN in west Dyer County. Excellent opportunity. See L. E. Olds, Route 2, Halls, at once or write Rawleigh's, Dept. TNE-440-189, Memphis, Tenn. 5-30

**MISINFORMED**

(Continued from Page 1)  
mayor and board would consider leasing to this company at a very low price the concrete owned by the town. However, the mayor and Board took no action about the matter legally. Later and with the advice of the town's attorney, it was decided and again with no town board action, it was agreed to allow the Barker Auctioneering Company to state that should an industry of sufficiency purchase the Edler building then the mayor and board would take un-

der advisement the suitability of leasing the concrete to the purchaser. The Town of Halls does not own the runways.

Last year this administration passed an ordinance whereas no sale of Air Base property would be made without thirty days prior notice to the people and no land would be sold except for industrial purposes.

RESPECTFULLY SUBMITTED  
JERRE JORDAN, MAYOR

NUMBER 20

## To Make Chest X-Rays In May

The most extensive x-ray service ever to be provided in Lauderdale County will begin at 9:30 next Tuesday morning at Gold Dust. The TB Association and the Health Department, working together, are enlisting the cooperation of club, PTA and church groups for an enthusiastic beginning of eight days of free chest x-rays, running from Tuesday through Friday, the last two weeks of May. The Medical Auxiliary, headed by Mrs. L. S. Tucker, has organized a telephone campaign for publicity and interest in this survey.

Everyone fifteen years of age and over, who has not had an x-ray in a year, is invited to have a chest x-ray free. A special invitation is extended, however, to all mature and older people, as there are many of these people who do not regularly get x-rays. No children will be x-rayed on this eight-day TB survey. Contacts of TB and TB patients must go to the Health Department, where the usual free x-rays are provided for them on Mondays.

TB is a silent enemy, invading homes in secret, like a thief in the night, and beginning its dreadful activity in the bodies of unsuspecting victims. It gives no warning, giving no symptoms when it starts to work. An x-ray shows up this activity if it is there—turns the full light of day on the silent invader. Chest x-rays are harmless, quick and easy. They can reveal early stages of chest disease, thereby making a cure easier, less expensive and (Please Turn to Page 6)

## Says Thanks For Aid In Drive

Hermon T. Abernathy, chairman, of the Red Cross Fund Drive here, this week announced the completion of the drive and expressed his appreciation for the aid given him.

The following donation have not been previously reported:

Isaac Ringer	.50
Marie Ringer	.50
Arnell Hubbard	.50
Mr. and Mrs. Pete Burks	1.00

TOTAL .....\$2.50

Workers who aided Mr. Abernathy in the drive included:

Mrs. Charlie Vjar, Mrs. Frances Craig, Mrs. D. F. Grady, Mrs. E. T. Dunaway, Mrs. Jim Moore; Mrs. J. H. Murchison, Mrs. L. C. Tomlinson, Mrs. Harry Hughes, Mrs. J. N. Roberts, Mrs. N. E. Jennings, Mrs. Agnes Riley, Mrs. Earl Cone; Mrs. H. C. Cousins; Miss Barbara Smith, Mrs. Daniel Meeks, Mrs. J. R. Wright, Mrs. R. M. Chambers, Mrs. Noah Ray, Miss Gwen Walker, Mrs. P. W. Crittendon, Mrs. Paul Prichard; Mrs. Brown Erwin, Mrs. John Ferguson, Mrs. Jim Jaynes, Mrs. E. M. Steelman, Jr., Mrs. Elford Baker, Mrs. Walter Lazure, Mrs. James Smith.

Colored Workers  
Rosa Ford, Maggie Davis, Arnell Currin, David Currin, Charlie Eison, Dona Young.

Says Thanks  
Mr. Abernathy said: "I wish to thank each contributor to the fund drive. Also I want to thank the fine group of workers who did so much to make the drive a success."

REV. ERNEST C. CROSS  
Pastor of the Dyersburg Cumberland Presbyterian Church, will bring the Baccalaureate Message for the 1958 graduating class of Halls High School according to an announcement by James C. Peery, HHS principal. The Baccalaureate Service will be held Sunday night, May 25, at 8 o'clock at First Baptist Church. The Rev. Cross is a native of Mason Hall, graduated from Bethel College in 1938 and the Cumberland Presbyterian Theological Seminary in 1940. He has been pastor of the Dyersburg church for the past ten years and previously had served pastorates in Longview, Texas and Whiteville, Tenn. He is vice-president of the Board of Trustees of the Cumberland Presbyterian Theological Seminary.

## Surplus Food To Be Issued Next Week

Announcement is made this week of distribution dates for surplus foods to qualified families. Those qualified to receive the food are reminded that they must have their identification cards, should bring strong sacks and come only on the date specified for their district.

Dates for the various districts are:

Monday, May 19—Second District (Ripley)

Tuesday, May 20—Morning, 3rd District; afternoon, 12th district (Halls)

Wednesday, May 21—Morning, 1st district; afternoon, 5th district

Thursday, May 22—6th, 7th, 8th and 9th districts

Friday, May 23—10th, 11th and 14th districts

Saturday, May 24—15th, 16th and 17th districts

## GARDEN CLUB TO SPONSOR LAWN OF THE MONTH CONTEST

Mrs. E. B. Wiley, president of Halls Garden Club, is announcing plans for the club's sponsorship of a "Lawn of the Month" project.

For the next three months, beginning in June, the outstanding lawn in town will be selected by judges for the month. A sign will be placed in the winners' yard. Every lawn in town will be judged, not just the lawns of Garden Club members. No lawn will be eligible to win two months consecutively.

The beauty of the grass, foundation planting, borders, general appearance and neatness are points which will be considered. Judging will take place the last week in each month and winners announced the first week in each month.

## AN APOLOGY

Due to a number of things including a weekend trip to the University of Tennessee at Knoxville we have been compelled, in order to meet the mail schedules, to limit the Graphic to four pages this week. We had promised ourselves and our readers that this would not happen but it was unavoidable this week. We will try to see that it doesn't happen again.

## Industrial Property Fails To Sell

The expected sale of the Edler industrial property at the Auction Sale Wednesday of this week failed to materialize when outside interests failed to appear to bid on the property.

The Auction Sale, handled by J. B. Barker Associates of Hopkinsville, Ky., had been highly advertised throughout the nation and had been expected to attract many industrialists who are seeking new locations for expansion. However, such men failed to appear and the sale of the property was not accomplished. Local business men had cooperated with Mr. Edler and the Barker firm with the hope that some strong industry could be brought to Halls.

Mr. Edler Thursday morning told this newspaper that the auctioneering firm plans to follow up all leads gained through the advertising of the auction with the hope and belief that a satisfactory sale may yet be accomplished.

Mr. Edler stated that he wished to express his appreciation to the business men of Halls for their efforts in behalf of a successful sale and that he felt that he had their full cooperation.

He especially wished to thank Mayor Jerre Jordan and H. E. Pentecost for their assistance in getting ready for the sale and in making a good appearance of the property. He also wished to thank Mrs. Alvin Hallman, HHS DE instructor, for the help of her students in directing traffic and parking; and to Mrs. Bill Dickinson and the Ripley High School band and the Halls Consolidated Colored School band for their assistance.

Mr. Edler stated that he believes that the building will either sell or can be put into use within the near future.

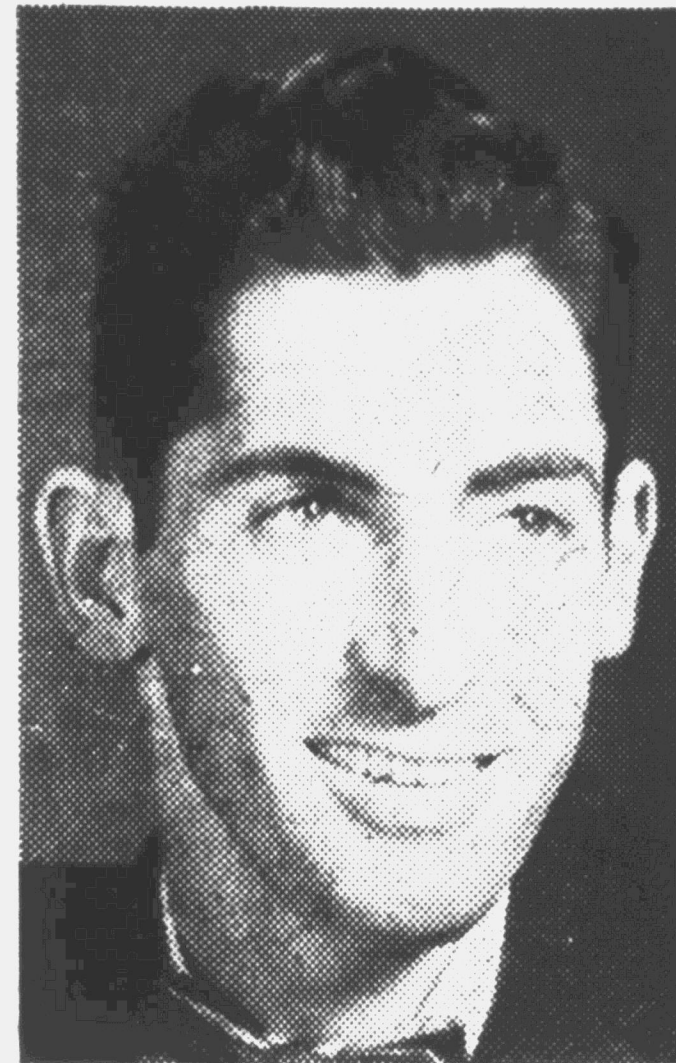

## G. W. Mayfield Died Tuesday

George W. Mayfield, retired Crockett County farmer and landowner and also a former sawmill operator, died Tuesday at his home in the Oldfield community. He had been ill six months. He was 84.

Born in South Carolina, Mr. Mayfield moved to Crockett county in 1930. He was a member of Halls Baptist Church and Modern Woodmen of the World. He was an ardent sportsman.

Funeral services were at 11 a. m. Thursday at Floyd's Chapel Methodist Church with the Rev. J. H. Newton officiating. Burial was in the church cemetery with Halls Funeral Home in charge.

He leaves six sons, W. H. Mayfield of Friendship, J. E. Mayfield of Ripley, E. B. Mayfield of Fort Worth, Texas, C. G. Mayfield of Akron, Ohio and Calvin and A. M. Mayfield of Humboldt and a daughter, Mrs. Jones Mavis of Humboldt.

PAUL E. DEW

Of the Central Community, has recently announced that he is a candidate for the office of Circuit Court Clerk in the General Election on August 7, 1958. Mr. Dew attended Ripley High School and graduated from Memphis State College last year.

## Mayor Jordan In County Judge Race

Mayor Jerre Jordan of Halls has authorized the Halls Graphic to announce that he is a candidate for the office of County Judge of Lauderdale County in the general election on August 7, 1958.

Mr. Jordan is now serving his second term as Mayor of Halls. He previously has served as member of the Lauderdale County Board of Education from the 12th Civil District (Halls) and has been active in civic and political affairs in Halls and Lauderdale County.

Mr. Jordan is married, the father of two sons and a member of Halls Methodist Church. He is the son of the late R. H. Jordan, former Halls mayor, and Mrs. Jordan.

Mr. Jordan plans to make a formal statement at a later date.

## REV. LEWIS TO SPEAK AT HOME COMING; GUEST SPEAKER AT GATES

On next Sunday, May 18, the Rev. E. F. McDaniel of Covington will preach at Gates Methodist Church at 11 o'clock.

At Concord Methodist Church preaching services will be at 9:30 a. m. with Sunday School following the message of the pastor, the Rev. John W. Lewis.

The Rev. Lewis has been invited to deliver the message at 11 a. m. next Sunday for the Home Coming Service at the East Dyersburg Methodist Church. Twenty-seven years ago the Rev. Lewis helped organize this church.

## TO PRESENT PIANO RECITALS

Mrs. Lula M. Harward and Mrs. James Voss will present pupils in piano recitals as follows:

Monday, May 19 — Grades 1 thru 5

Tuesday, May 20 — Grades 6 and 7

Thursday, May 22 — Grades 8, 9 and 10

Friday, May 23 — Thelma Burroughs, a senior, assisted by the eleventh grade pupils.

The public is cordially invited to the Elementary Building at 7:45 each evening.

Renew Your Subscription.

## Strawberry Prices Said To Be Good

F. H. Paschal  
County Agent

Strawberries came into market in volume this week with quality high to bring good prices for fresh berries in 16-quart shelved crates to go to market from Memphis to Detroit.

Growers from Millington, Covington, Brighton, Halls and Dyer county are marketing fresh berries in Ripley. Richard Lazure and Viar Bros. on Knob Creek Farm and A. P. Burks of Halls had a new strawberry disease show up in their fields this week called leaf scorch which causes the leaves to look as though they were scorched.

There is no real cure for this disease but 40 lbs. of 10 percent Captan dust per acre every ten days prevents its spread and allows new leaves to come out free of the disease. This fungicide also prevents berries from rotting and seems to make them have a brighter red color.

## Best Pastures Boasted

The crop reporting board of the Dept. of Agriculture says that judging from pasture and hay crop prospects, 1958 looks like another stockman's year. Pasture conditions nationally average the highest for this date since 1921. Hay crops are highest since 1922 and the May condition on western ranges is the best since 1942.

Peaches in nine southern states have the best prospective crop since 1947 and strawberry prospects are just a little less than last year's record crop.

With just a little more good luck, we will even have crops of cotton, corn and soybeans popping out of the ground and lifting our spirits in Lauderdale County.

## New Strawberries Get Weedy

Before new strawberries begin to put out runners, they can be hoed and cultivated at small expense. This can be immediately followed by the application of a new chemical which is sprayed on top of the rows at a cost of about \$3.00 per acre to kill weeds and grass as they germinate.

One application holds for about four weeks and then can be repeated every four weeks until August. This new chemical can greatly reduce the cost of keeping new berries clean the first year.

Geese are also used in fenced strawberry fields to help in keeping (Please Turn To Page 6)

## Linda Tomlinson Best Dressmaker

Miss Linda Tomlinson was chosen Tennessee Winner in the Dressmaking Contest of the Memphis Cotton Carnival Goodwill Tour.

Miss Tomlinson was judged by a group of Cotton Carnival officials on April 28 when the Goodwill Tour came to Halls.

She will attend a luncheon at Hotel King Cotton May 15 after which she will appear on Miss Olivia Browne's WMC Radio Program. This program starts at 1:30 and at that time Miss Tomlinson will be presented with a gift by the Memphis Cotton Exchange.

She is the daughter of Mr. and Mrs. John Tomlinson, of Halls and a member of the senior class.

ing down crab grass which is the number one pest of new berries.  
**Agents To Conference**  
County and Home Agents and Asisstants from all over Tennessee have been called by Director V. W. Darter to a three-day conference to begin next Tuesday morning, May 20, at Hotel Peabody in Memphis.  
Agricultural Extention Agents

are joint employees of the University of Tennessee, the U. S. Dept. of Agriculture, and counties in which they serve. There are more than 450 such employees in the whole state. They normally meet together in a state conference about every two years and in smaller five-county groups about every quarter in order that they may keep infomed on Experiment Station findings and effective methods of carrying on their work.

wheat was seeded in years 1956, 1957, and 1958 may apply on or before July 1 for a "new farm" wheat acreage allotment for the 1959 winter wheat crop, Chairman A. O. Chambers of the Lauderdale County Agricultural Stabilization and Conservation Committee, said today.  
Even if wheat was produced on the farm in 1958, the farm is still considered a new wheat farm if it did not have a 1958 allotment, and the farmer must apply at the County Office as a new producer.

An important requirement for obtaining a new allotment is to file a written application before the July 1 deadline. This application may be made out on forms which can be obtained in person or by mail from the County ASC office.  
Mr. Chambers pointed out that factors considered in determining whether a farm is eligible for a new farm allotment will include the tillable acreage, type of soil, and topography of the farm. The operator's farming system is studied and the extent to which his

livelihood depends on his farming operations. He is also asked the reason wheat was not planted on his farm in past years.

**CARD OF THANKS**

We wish to express our thanks to our many friends and neighbors for the covered dishes, visits and every act of kindness shown us during our recent illness and stay in the hospital.

VOLUME 64

HALLS, TENNESSEE, FRIDAY MORNING, MAY 23, 1958

NUMBER 21

## Cotton Loan Rates Are Announced

by W. B. Hall

Loans on 1958 upland cotton will be available before August 1 to eligible producers in the early harvesting areas. The rate of the advance loans will be 30.75 cents per pound, gross weight, basis Middling 7-8 inch cotton at average location.

If the cotton support price as of August 1 is in excess of this rate, the difference will be paid to the producer upon his application. If he does not apply for the difference and does not repay the loan, the difference will be paid upon maturity of the loan. Other provisions for cotton loans prior to August 1 will be the same as for loans after that date. Premiums and discounts have been determined on the basis of market differences for various grades and staples.

To be eligible for the price-support loans, the Chairman of the Lauderdale County ASC emphasized, the cotton must have been produced in compliance with the individual farm acreage allotment. The loans will be available from banks and other agencies which have entered into agreements with the Commodity Credit Corporation. The loan cotton may be stored in warehouses approved by CCC or farm-storage structures approved by County ASC Committees.

The loan rate of 30.75 cents per pound for 1958 crop upland cotton is a minimum average. It will not be reduced but may be increased if a higher minimum level of support is indicated by the supply percentage and the applicable parity price as of the beginning of the marketing year on August 1. The basic loan rate represents 81 percent of parity as of the time the loan was announced.

Final cotton loan rates will be announced about August 1.

## Rabies Clinic To Start Monday

Announcement is made that the annual Anti-Rabies Clinic will be held in Lauderdale County during the forthcoming week, May 26 - 31.

The program is annually sponsored by the Health Department and is designed to assist Lauderdale County dog owners in complying with the Rabies Vaccination law, as passed by the 1953 State Legislature, requiring vaccination of all dogs.

The work will be done by Dr. John Spaulding, veterinarian, at a fee of \$1.50 per dog, regardless of size.

The schedule in the north end of Lauderdale County is as follows:

**WEDNESDAY, MAY 28**  
 10 to 10:30 A. M. — Porters Gap  
 10:45 to 11:15 A. M. — Double Bridges  
 11:30 to 12:00 Noon — Planters Gin, Halls  
 12:30 to 1:00 P. M. — Planters Gin, Halls  
 1:15 to 1:45 P. M. — Gates Gin

**THURSDAY, MAY 29**  
 10:00 to 10:30 A. M. — Cooks Store, Nankipoo  
 10:45 to 11:15 A. M. — Knob Creek  
 11:30 to 12:00 Noon — Edith  
 (Please Turn To Page 10)

## Halls Among Towns Acclaimed For '57 Industrial Progress.

MEMPHIS — Four Mid-South cities were acclaimed here Thursday for outstanding industrial achievements which led to their selection as winners of the first annual Industrial Awards Contest.

The winners and their population groups were Bradford, Tenn., under 1,000 population; Lexington, Tenn., 1,000 to 5,000; Forrest City, Ark., 5,000 to 10,000, and Jonesboro, Ark., 10,000 to 50,000.

Certificates of achievement went to 16 other contest entries which were named finalists in the areawide competition sponsored by the Commercial Appeal. Other finalists included:

1,000 to 5,000 — Clarendon, Ark., Halls, Tenn., Marked Tree, (Please Turn To Page 10)

## ELLINGTON IN HALLS DURING WEEKEND

Buford Ellington, present Tennessee Commissioner of Agriculture and candidate for Governor of Tennessee in the August election, was in Halls last weekend along with other political bigwigs from this section. Mr. Ellington was shown the damage done to the road between Halls and Chestnut Bluff by flood waters and also taken for a ride along Highway 51.

## Carolyn McCorkle Ranks High At UT

Miss Carolyn McCorkle, daughter of Mrs. H. G. McCorkle of Halls, was among students honored at the Aloha Oe ceremonies at the University of Tennessee, Martin Branch, Friday night of last week.

Miss McCorkle was awarded a Certificate of Merit showing that she had received top honors in the lower division of Home Economics. The award covers work by the Freshman and Sophomore classes. Miss McCorkle is a sophomore.

During the past week Miss McCorkle also won first place in the American Crawl division of the swimming meet and won a medal for intramural badminton.

## MARTINS PURCHASE FLOWER SHOP

Mr. and Mrs. Thomas Neil Martin have recently purchased the Milam Flower & Gift Shop including the building and moved to a new location in the Dyer Addition on Circle Drive opposite the Elementary School. Mr. and Mrs. Martin are also moving their home to the same location from Dry Hill. Mr. and Mrs. J. G. Milam, former owners of the shop, left Thursday for Newark, N. J. to visit their son, Billy Milam, and family.

Patronize our advertisers, they make the Tiger possible.

JACK SHANNON

## Jackie Shannon Wins Honors

Jack C. Shannon, who will graduate from the University of Tennessee, Martin Branch, next month, was among the students receiving awards and honors at the annual Aloha Oe program at Martin last Friday night.

He was selected for Who's Who in American Colleges and Universities. This is a national organization which publishes the names and records of outstanding college students from all over America. The selection is based on scholarship, citizenship, and leadership. Any junior or senior is eligible for consideration with final selections determined by the student council and a special faculty committee.

He also received a twenty-five dollar cash award for being adjudged by the faculty as the student in the biological sciences who made the best record for the school year.

Jack, who is the son of Postmaster and Mrs. E. J. Shannon of Halls, was graduated from Halls High School in 1953.

He is married to the former Barbara Miles of Martin. They will both enter the University of Illinois this fall for graduate work.

## Owens In Circuit Court Clerk Race

W. Paul Owens, Ripley insurance agent, has authorized the Halls Graphic to announce that he is a candidate for the office of Circuit Court Clerk in the General Election on August 7, 1958.

Mr. Owens is a native of Dyer county but has been in the insurance business in Ripley for the past twenty-five years. He is a Methodist, a Mason and a member of the American Legion, being a veteran of both World War I and World War II. He is married and the father of two children.

Mr. Owens stated that he plans to make an active canvass of the county, hoping to contact every voter. He plans to make a formal statement at a later date.

## SINGERS TO MEET AT ELON CHURCH

The Dyer County Singspiration will be held at Elon Baptist Church Sunday afternoon, May 25. The singing is scheduled to begin at 2 p.m. The public is invited.

## Landowners To Hear Conservationist On Cane Creek Project

F. H. Paschal  
County Agent

Landowners in Districts 2, 6, 7, 10, 11, 13, and 15 and any others areas where the land drains toward Cane Creek are urged to come to one of the meetings to be held at the Courthouse in Ripley on next Tuesday and Wednesday nights, May 27 and 28, at 8:00 P. M.

James H. Robinson, Conservationist for the Extension Service and the Soil Conservation Service, will explain fully the plan by which this watershed can be developed to produce higher yields of crops with less interference by flood waters, with the assistance of the Federal government under the new watershed development legislation.

A similar watershed in Weakley County containing only 21,000 acres were recently approved by the Federal government and \$200,000 of Federal money can be used in developing this watershed to make the land more productive in the years to come.

Cane Creek watershed contains 62,000 acres and extends 31 miles from Eylau to Cherry right thru some of the most productive land in West Tennessee. If the water in this area can be handled so that the low lands are not hurt by flood waters, the highest lands are protected against erosion, and all the land used to the best advantage, this can double the evaluation of the farms in this watershed.

Landowners are urged to attend one of these meetings at the Courthouse at 8:00 on Tuesday night, May 27, or Wednesday night, May 28.

## Rotary Hoes Cut Costs

Cotton growers know from experience that it takes about 25 man hours per acre for chopping and hoeing cotton, unless some kind of machine or chemical is used to reduce this time.

The rotary hoe, when used right, may reduce hoeing labor to five hours per acre or less and greatly reduce the time required for chopping.

The objective of using a rotary hoe is to prevent grass and weeds from getting started, rather than trying to destroy weeds and grass already started. It should be run over cotton as soon as it has full green color — about two inches high. Best results are obtained by operating as soon after a rain as possible.

Operate at high speed, usually 6 to 8 miles per hour. Watch effectiveness and vary weight and speed to do a clean job. Set the teeth or weight the machine so the teeth work into and pulverize only the surface.

Many farmers use rotary hoes to break the crust after hard rain before the crop comes up, to allow the plants to come up in more uniform stand with very little grass among the plants. One very successful farmer this week stated that of all the new tools developed in the last ten years, he believed the rotary hoe was the most valuable. We will need to make full use of it this year to cut costs.

**Hog Outlook Improved**  
 Eugene Gambill, Extension economist, says that hog prices may not register the sharp drop

ORDER OF PUBLICATION

To Billie Warren Thurmond  
LAWRENCE E. THURMOND  
vs.

BILLIE WARREN THURMOND  
In the County Court at Ripley, Tennessee.

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant, Billie Warren Thurmond, is non-resident of the State of Tennessee, and resident of the State of Louisiana, so that the ordinary process of law cannot be served on her. It is therefore ordered by the Court that the said Billie Warren Thurmond appear before the Judge of the County Court of Lauderdale County on or before the third Monday in June (it being the 16th day of said month and the 1st day of June term of this Court and make defense to the bill filed herein against her, or the same will be taken for confessed as true and the cause set for hearing exparte as to her.

It is further ordered that this notice be published in the Halls Graphic, a newspaper printed and published in Lauderdale County, for four consecutive weeks, requiring her to so appear.

This 23rd day of May, 1958.

Telephone Talk

by  
ROGER GANIER  
Your Telephone Manager

What is AT&T's telephone service complete? Just making calls? Or is it something more? That's only part of it. For one thing, you can have many types of phones to choose from. You can have the most talked-from up to you in your home, or a simple, light-up dial, phone on which you can turn the wheel up or down, and other special kinds for home or office. For another thing, your directory is a sort of handy-man to give you all kinds of valuable information—numbers, names, where to buy and sell, and how to use Long Distance. All in all, it adds up to mighty complete service 'round the clock, year in and year out.

Betty had news too exciting to wait  
So she telephoned home that they're setting the date.

Around the state — across the nation  
Save money — save time — call station-to-station.

You save even more on Long Distance calls after 6 P.M. and all day Sunday. It's twice as fast to call by number.

LUXURY? Southern Bell customers are still paying a federal excise tax on telephone service. This luxury tax began as a war-emergency levy. It is discriminatory and should be ended. Last year taxes paid by Southern Bell customers amounted to \$35.17 per telephone. Of this total, \$9.96 went for federal excise taxes. There is no luxury tax on such other necessities as electricity, gas, water, or local transportation. Yet your telephone service carries the same 10% "supercharge" as jewelry, furs and the like. Southern Bell is required to collect these taxes for the government. If they were eliminated, our customers would get the full benefit.

by Mrs. Willard Knee

The chest x-ray survey for tuberculosis got off to a good start in Lauderdale County Tuesday when 138 adults were x-rayed at Gold Dust and Ashport. Particularly active in arousing interest in these areas were schools, landowners and other individuals who worked to bring people out for the free x-ray service. The first week of the chest x-ray survey will wind up Friday in Ripley. The second week of the survey begins Tuesday afternoon at 1:00 at Gates. It is hoped that adults there will show their usual interest in the health of their community and turn out for the chest x-rays, May 27. Wednesday morning, May 28, the x-ray bus will be in Nankipoo, and will be at

Edith Wednesday afternoon. People in the Double Bridges area are invited to come there Thursday morning from 9:00 to 11:00. The chest x-ray bus will move to Halls Thursday afternoon with x-rays to be given until 4:00 Thursday afternoon and Friday from 9:00 to 12:00 and from 1:00 to 3:00.

The Health Department and the Tuberculosis Association are working together on this important art of community health. Mrs. R. N. Sherrod and Mr. H. T. Abernathy, both long active in the TB Association, are busy with details of the survey. Every person in Halls and neighboring communities is urged to share in the responsibility of getting mature people and older people to come for a chest x-ray now.

Mr. and Mrs. Floyd Belton have moved to Tiptonville where he has accepted a job.

Mrs. Jim Screws and Mrs. Delbert Vaughn and baby of Friendship were accompanied to Memphis Tuesday by Mrs. Screws' brother, Fleetwood Cates. Mrs. Vaughn and baby went by plane to Seattle, Washington, to join her husband for about a month before he is sent overseas. She then plans to live in Santa Monica, Calif. for the next several months.

Children who have the measles this week are Kay, Judy and Terry Harrell and Butch Collins.

Terry Webb, Sidney Cooper and R. F. Cates fished on Reelfoot Lake Saturday.

Mrs. Darriel Hilliard and daughters of Halls spent Monday here in the Coy Hilliard home.

Down on the Farm

With ED JONES  
Agricultural Agent, Illinois Central Railroad

#### Soil Stewardship Week

The week of May 11-18 has been officially set aside as a period known as "Soil Stewardship Week." It is a period in which widespread observance is dedicated to Soil Stewardship. The Soil Conservation Service through the Department of Agriculture has encouraged the use of this period in which sermons are preached in the churches and communities. The real significance of Soil Conservation is observed in such places. Pamphlets and materials of all kinds are furnished ministers and even outline of sermons are provided those who wish to observe Soil Stewardship Week.

There are 2700 Soil Conservation Districts in the United States who urge each participant in the

to hand it down to future generations.

Stewards of the soil owe sacred duties and obligations to God, to the community and to humanity. Faithful and honest fulfillment of their responsibilities goes hand in hand with their rights and privileges.

We owe our Soil Conservation Districts a debt of gratitude for their support of such an important program. May it grow and grow in importance in all future years to come.

#### Did You Know?

That only 40 cents of the food dollar goes to farmers, and 60 cents to those who process it or otherwise get it to the consumer who buys it.

Farm Safety Week is to begin July 20th.

#### ORDER OF PUBLICATION

TO ANNIE MARY LEE  
MURL LEE

vs.

ANNIE MAE LEE

In the County Court at Ripley, Tennessee

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant, Annie May Lee, non-resident of the State of Tennessee, and resident of the State of Michigan, so that the ordinary process of law cannot be served on her. It is therefore ordered by the Court that the said Annie May Lee appear before the Judge of the County Court of Lauderdale County on or before the third Monday in June (it being the 16th day of said month and the 1st day of June term of this Court) and make defense to the bill filed herein against her, or the same will be taken for confessed as true and the cause set for hearing exparte as to her.

It is further ordered that this notice be published in the Halls Graphic, a newspaper printed and published in Lauderdale County, for four consecutive weeks, requiring her to so appear.

This 12th day of May, 1958.

N. C. UTLEY, Clerk  
ROSS W. DYER,  
and enrich the soil he tills and Sol, for Compl.

observance. Many rural churches of the area will have programs showing the need for conservation of the soil — a natural resource vital to the well being of our nation.

God created the world, of which the earth is a part, with a purpose. Through his loving providence He maintains the world for the good of human beings. The land is God's greatest material gift to mankind. It is a fundamental source of food, fiber and fuel.

Ownership of land involves responsibilities. The steward of the land has a duty to protect and enrich the soil he tills and Sol, for Compl.

and wife bring all the kids at no extra charge. Plenty of week-end entertainment — night horse racing, Muny Opera, Cardinal Baseball and afternoon and evening Mississippi excursions on the Steamboat Admiral. All of these, friendly HOTEL BROADVIEW, just minutes away from the East St. Louis, Illinois, famous for the "All You Can Eat" Smorgasbord. Please mention HALLS GRAPHIC when making your reservation.

are estimated to be 13 percent above 1957. This almost surely means lower prices for hogs by early 1959.

With both pork and beef selling at high prices, lamb prices will likely be above 1957 levels. This may be a good time to feed grain in the lamb ration. Creep feeding of lambs this spring should be more profitable than usual, due to the very late spring and short pastures.

**HALLS ACCLAIMED**

(Continued from Page 1) Ark. and Batesville, Miss.

Awards were made at the Mayors' Luncheon given by The Commercial Appeal at the Peabody.

Judges chose the winners on the basis of new industry and expansions, and community effort to

obtain industry during 1957. The four top winners will receive newspaper-size bronze plaques reading: "For outstanding achievements which have contributed to the progress of the Mid-South and for leadership of cities in its class in providing new job opportunities through an effective program for industrial growth."

NUMBER 22

## 66 To Receive Diplomas Tonight

Thirty-five boys and thirty-one girls—the second largest graduating class in the history of Halls High School—will receive their diplomas tonight said James C. Peery, HHS principal, this week.

The Graduation Exercises will be held at 8 tonight on the Halls Athletic Field—weather permitting—with Dr. Robert C. Aden, of Bethel College, delivering the graduating address.

Buddy Murchison, class valedictorian, will deliver the farewell address and Carolyn Ozment, class salutatorian, will welcome parents, relatives and friends to the event. The diplomas will be presented by Mr. Peery and Mr. H. G. Conley will present the various awards.

Other honor students with a four-year average of 90 or better are: Nancy Harrell, Kay McGarrity, JoAnn Hurt, Tilly Burroughs, Shirley Gooch, Harry Wright, Evalyn Smith, Joyce Thurmond, Leonard Meeks, Jane Cheshier Cihfield, Thalia Alston and Ray Garrison.

Remaining members of the class of 66 are:

Bettye Arwood, Martha Barnett, Patricia Bratcher, Sylvia Burns, Patsy Bryan, Joyce Cannon, Robbie Davis, Ann Dew, Anita Grady, Patsy Griggs, Betty Healy, Alice Jennings, Mary Kerby, Evelyn London, Gracie Long, Eva Sue Newman, Lorelle Rainey, Ann Robison, Audrey Smith, Linda Tomlinson, Letricia Vaden.

Paul Avery, Jr., Ernest Bell, Roger Burse, Kenneth Bridges, Thomas Burns, Gene Cates, James Ellis, Floyd Gilliland, Jimmy Greer, A. F. Hall, Donald Harrell, Melton Jackson, Bobby Jones, Thomas McGarrity, Larry McWilliams, Thomas Newman, Terry Nolen, Josh Nunn, J. D. Paris, Wendell Perry, Joe Pickard, Sterling Queen, Larry Robison, Jerry Smith, Charles Taylor, Bobby Terry, Gerald Thurmond, Gavlon Tillman, Paul Woodley, Calvin Fitzhugh, Ike Taylor.

## Wheat Growers To Vote On Quotas

by W. B. Hall

Lauderdale County farmers were reminded today that wheat growers eligible to cast ballots in the June 20 referendum on 1959 wheat quotas are those who would be subject to the marketing quota program if it is approved.

The term "eligible voter" in this year's June 20 referendum on 1959 wheat quotas, now includes—with one exception—all those farmers in a commercial wheat State who will be engaged in the production of the 1959 wheat crop and who will harvest more than 15 acres of wheat for grain on their farm. The exception is that those farmers who are taking part in the 1958 feed wheat program may not vote on quotas for the 1959 wheat crop.

The meaning of the term "eligible voter" is only slightly different from what it was in last year's vote on quotas for the 1958 wheat crop. This change results from new legislation which provided a feed wheat program and in effect modified the wheat marketing quota provisions.

Under the feed wheat program, farmers whose applications for (Please Turn to Page 6)

## Aged Citizen Died Tuesday Morning

Services for John A. Bryan, retired contractor and planter of Halls, were at 2 p.m. Wednesday at Palestine Methodist Church near Halls. The Rev. Leon Seratt of Dyersburg officiated. Sudbury's Halls Funeral Home directed burial in the church cemetery.

Mr. Bryan, who was 91, died at 2:30 a.m. Tuesday at the home of his daughter, Mrs. Jennie Davis here. He had been ill a year.

Born in Marshall County, Ky., he moved to Dyer County and thence to Lauderdale, 25 years ago. He was a Methodist, a member of the Odd Fellows and the Woodmen of the World.

He leaves two sons, Luther E. Bryan of Halls and Oscar F. Bryan of Denver, Colo.; three other daughters, Mrs. Mettie Jones of Los Angeles, Mrs. Eva Grooley of Detroit and Mrs. May Akinazer of Philadelphia, Penn.; a brother, Dallis Bryan of Paducah; two sisters, Mrs. Laura Raper of Paducah and Mrs. Beulah Woods of Memphis.

## GARDEN CLUB TO MEET NEXT THURSDAY

The Halls Garden Club will meet at 2:30 next Thursday afternoon, June 5, in the home of Mrs. Jack Shannon with Mrs. R. T. Peal, Mrs. Mary Nunn and Mrs. H. E. Pentecost as assisting hostesses. A guest speaker from Dyersburg will appear on the program which will be under the direction of Mrs. Peal.

## MEETING CALLED AT YOUTH CENTER

Mrs. Jerry Puckett, president of the Halls Community Club, has called a meeting for Saturday night at 7:30 at the Youth Center of the student body of Halls Schools. The meeting is called to discuss with the students the adoption of rules for operation of the Youth Center during the summer months. The High School Student Committee met with Mrs. Puckett Tuesday night to discuss future plans for the Youth Center.

## 4c Postage Rate Starts August 1

WASHINGTON—President Eisenhower Tuesday signed into law the biggest postal rate increase ever voted by Congress.

The bill, which he approved even while noting objectionable provisions, also carries the biggest postal pay increase ever voted. Most postal workers will get approximately a 10 percent raise, retroactive to Jan. 1.

Of most interest to the mailing public is the fact that first class letters will require a four-cent stamp, instead of three, effective Aug. 1. Airmail will go up from the present six cents to seven cents, post cards from two to three cents.

Raises of various size will apply to newspapers, magazines and advertising circulars.

The Administration had favored higher rates than Congress voted, and not so large a pay increase.

DR. ROBERT C. ADEN

Head of the Department of Education and Psychology at Bethel College, McKenzie, Tenn. will deliver the address to the 1958 graduates of Halls High School at the Graduation Exercises tonight. Dr. Aden is a native of Paris, Tenn., received his BA Degree from the University of New Mexico in 1947, his Masters Degree from Murray State College in 1953 and his Ph.D. from Peabody College in 1955. In addition to his teaching he has had a number of articles published in various professional publications. The Graduation Exercises will be at 8 tonight on the Athletic Field.

## Clyde Daws Killed In Ky. Wreck

Funeral services for Clyde Alden Daws, former Halls resident, were held at 3 Wednesday afternoon at Halls Baptist Church with the Rev. Jesse Newton officiating. Burial was in Halls Cemetery with Garner Funeral Home in charge. He was 42.

Mr. Daws was fatally injured early Tuesday morning near Clinton, Ky., when a truck he was driving was struck by another truck crushing his chest and hurling him from the cab. He was employed on the night shift at a service station at Clinton and receiving his fatal injuries while moving a trailer-truck which he had just serviced. Another trailer-truck came down a long grade and struck the cab of the truck which Mr. Daws was driving.

Mr. Daws was born at Harrisburg, Ark. moving to Halls at the age of 2. He had lived in Clinton for the past year. He was the son of Mrs. Cora Daws of Halls and the late W. J. Daws, prominent Halls merchant and business man.

Other survivors are his wife, Mrs. Louise Daws, of Chicago; three daughters, Mrs. Bob Butran, and Mises Frances and Teresa Daws, all of Chicago; two brothers, Winston Daws of Halls and Hobson Daws of Casa Grande, Ariz.; and a sister, Mrs. Irene Stallings of Brownsville.

Pallbearers were: Paul Henderson, Jr., Jimmy Hayes, Dan Hamilton, Robert Stallings and Tommy Simmons, all of Halls, and John Moore, of Memphis.

## EDENS INFANT

Lloyd Edens and Charles Edens of Rockford, Ill., were here Sunday and Monday for funeral services for an infant child born prematurely to Mr. and Mrs. Charles Edens Saturday.

Go to Church Sunday

## Rotary Hoe Useful In Cotton Field

F. H. Paschal  
County Agent

W. E. Sandlin, Jr., of Ripley Community is this week using a rotary hoe on cotton to keep it clean of weeds and grass with less hoeing.

Mr. Sandlin says that he has been using his rotary hoe on corn and soybeans for several years but just never has tried it on cotton. Some farmers say that when they first start using a rotary hoe, they just decide how they are going to do it and then don't look back. When the hoe is run at the right speed and set correctly for the conditions under which it is being used, it will destroy about one cotton stalk out of seven every time it is run over cotton.

Some cotton producers have learned how to use this tool so that they just about bring the cotton down to a stand without any hoeing. Tests made in recent years at Stoneville Station have shown that cotton can vary from 15,000 to 40,000 stalks per acre with regular stands without affecting the yield to any great extent.

## Plant Highest Yields

Regular long season highest yielding varieties of soybeans, corn, and sorghum should be planted from now till June 15. All crops will mature a few days quicker when planted in warm soil and the long season varieties make higher yields than the quicker maturing varieties.

Lee is our best soybean variety. It makes highest yields and can be harvested under most adverse conditions. Ogden is a high yielder which is about ten days earlier than Le. Dorman is the earliest recommended variety. Any of these should be planted as soon as possible, but will make good yields when planted before June 15.

Dixie 29, 33, or 22, Funk G-779W, or 711, Pfister 636 or 631 or U. S. 523W will all make excellent yields of corn planted in the next two weeks.

Our Experiment Station has tested a number of short season corn hybrids. None will yield with those mentioned above, but the highest yields tested are Funk G-512W, 134, and 704, and Stull 400W.

## GOODYEAR NATION-WIDE SOIL CONSERVATION AWARDS PROGRAM

by Earl R. West

The Lauderdale County Soil Conservation District has entered the national Soil Conservation Awards Program sponsored by the Goodyear Tire and Rubber Company of Akron, Ohio, it was announced today by District Chairman Reid Dunavant, of the Lauderdale County Soil Conservation District.

Members of the District will compete against other soil conservation districts in the State. Non-partisan judging committees, selected from Tennessee's outstanding exponents of the soil conservation movement, will determine the state's outstanding district for the period May 1, 1958, to April 30, 1959, on a basis of total points scored in performance of regular district duties.

Grand award for one member of the winning district governing (Please Turn To Page 2)

**VIRGINIA DALE VIAR TELLS WEDDING PLANS**

Mr. and Mrs. Billy B. Viar announce the engagement and approaching marriage of their daughter, Virginia Dale, to John Paul Cole, son of Mr. and Mrs. Silver T. Cole, of Newbern.

The wedding will be solemnized at the Fowkles Baptist Church at 5:30 o'clock Thursday, June 5. Dr. V. E. Boston of Newbern will officiate at the double ring ceremony. Mrs. Charles Walden of Fowkles will play the organ.

Miss Fay Cole of Newbern, sister of Mr. Cole, will serve as bridesmaid and little Nancy Viar will attend her sister as flower girl.

Charles Zaccar of Trenton will be best man.

The bride-elect is the granddaughter of Mrs. W. C. Viar, Sr. and Mrs. J. J. Chaney, both of Halls. She is a graduate of Dyersburg High School and is now attending Mississippi State College for Women at Columbus, Miss.

Mr. Cole graduated from Newbern High School, attended the University of Tennessee and is now attending Mississippi State College at Starkville, Miss.

Friends are invited to attend the wedding as no invitations will be mailed.

**HONORS DAUGHTER WITH BIRTHDAY PARTY**

Saturday afternoon, May 24, proved to be a happy day for little Renee Meadows as she celebrated her birthday with a wonderful party.

Her guests included Rena Simmons and her nephew, Hunter Simmons, Mrs. Etta Joyner and Mrs. Mamie Hagerty, great-grandmother and grandmother of Renee, all of Brownsville; Mrs. Bernard Higdon and Carla, Mrs. Jasper Taylor and Donna, Mrs. Pete Anderson and Beth, Mrs. Buford Cherry, Jr. and Randy, Mrs. Jerry Puckett and Donald, Mrs. R. O. Henderson, Debra and Owen, and Mrs. F. E. Pugh.

Storybook favors were given each little guest. Ice cream and cake were served.

The honoree received many lovely gifts.

Mr. and Mrs. Pete Meadows, proud parents of the one-year-old, recorded the happy event by making a moving picture.

**GOODYEAR AWARDS**

(Continued from Page 1) body in each of the 50 competing units, and the top cooperating farmer or rancher, named by that district, will be an expense-free vacation trip to Goodyear's fabulous winter resort, the Wigwam Guest Ranch, on Goodyear farms, Litchfield, Arizona, in November or December, 1959.

Members of the Lauderdale County Soil Conservation District who will compete for the Goodyear award are: Reid Dunavant, Henning; Francis Thompson, Ripley, Tenn., Route 5; Lynnwood Grammer, Ripley; Joe Beard and W. C. Viar, Halls.

National winners of the Goodyear Soil Conservation Awards

What clean, refreshing shaves you get with a

matched to your face \$1.00 EACH with Blue Blade Dispenser and Styrene case

will be honored at the seven regular area meetings of the National Association of Soil Conservation Districts. Plaques will be awarded at the State Convention to the hundred first and second place winning districts.

**REV. SHEARON, GATES PASTOR, RESIGNS**

The Rev. Forrest Shearon, pastor of Gates Baptist Church and teacher in Halls School, resigned last Sunday effective Sunday, June 8. The Rev. Shearon has accepted a position in a Junior High School at Louisville, Ky. We have been informed that the Rev. Shearon plans to study at the Southern Baptist Seminary at Louisville. He taught English and Speech in Halls High School during the past year.

**COUNTY WOMEN TO FARM BUREAU MEETING**

Mrs. Walter Lazure, chairman of Lauderdale County Farm Bureau women; Mrs. P. M. Parker, chairman for District 1; and Mrs. W. L. Barbour, chairman for District 6, will attend the 12th annual statewide summer conference of Tennessee Farm Bureau women at the Middle Tennessee 4-H Club Camp near Columbia, June 3-6.

Farm Bureau women leaders from all parts of the state will attend the conference sessions where they will discuss their program of work and plan how they can best carry out the program and policies of Farm Bureau.

"The Farm Bureau Family — Our Strength" will be the general theme of this year's meeting. The program will be informal and will include group discussions and open forums on various subjects. Special attention will be given to the citizenship and legislative programs of Farm Bureau. In addition, educational features, entertainment, and recreational activities are planned.

Scheduled to address the conference are Tennessee Farm Bureau President Tom J. Hitch and other Farm Bureau leaders. Miss Sue Mayo, health and nutrition specialist of the UT Agricultural Extension Service, will be a featured speaker.

The conference will get under way with registration on Tuesday afternoon, June 3, and will end with a farewell breakfast on Friday morning.

The Farm Bureau women's chairman and one other delegate from each county are expected to attend. Mrs. D. W. Bond of Jackson is state chairman of Farm Bureau Women and will be in charge of the general conference program.

With ED JONES  
Agricultural Agent, Illinois Central Railroad

The largest number of dairy cows in history were bred artificially in 1957. Figures just released show that over six million dairy cows were bred in the United States last year artificially. The actual number bred represent 27.1 percent of cows and heifers in the nation two years of age and older kept for milk.

The State of Wisconsin continues to lead all states in the number of cows bred artificially. There were over 1,095,132 cows bred last year. The number represents a total of 42.9 percent of all dairy cows in that state which were bred artificially.

The south is still behind percentage wise of animals bred artificially but progress is being made. We did not begin here as early as the midwestern states, neither do we have the number of

cows here to breed. In fact, dairying as a business is comparatively new in the south when compared with the midwest.

The number of dairy cows bred artificially from sires that have demonstrated superior breeding qualities keep rising each year. A total of 77,338 cows were bred artificially last year in Tennessee or 11.8 percent of the state's total number of dairy cows. Sires used for artificial breeding are proved on the basis of their ability to pass along to their daughters a capacity for high milk production. The proved sires used in artificial studs in 1956 were mated to dams averaging 10,626 lbs. of milk. Their daughters averaged 11,304 lbs. of milk.

Progress here is moving at a rapid rate and more and more interest is being shown each year in this program. The best herd sires of all dairy breeds are being placed in Artificial Service. Demand is greater today for good sires and they must have proven ability. The Illinois Central has many bulls loaned here in the south to farmer cooperatives who are sponsoring Artificial Breeding.

**WHAT COLLEGE WILL BE BEST FOR ME?**

Because a large number of students in this area are planning to attend college this fall, we feel that the following article, taken from the May issue of the Halls Tiger, HHS newspaper, will be of interest to many parents and students:

The Tiger Staff asked several college-attending alumni to give some information which might help students in choosing their institutions of higher learning. Our thanks go to Carolyn McCorkle, representing a small college: David Hallman, a middle-size one; and Lucinda Alsbrook, a large university.

**UT at Martin**

Carolyn McCorkle speaks enthusiastically about her smaller college, UTMB. "On the pretty campus where the student body is not too large, a very friendly atmosphere prevails. Greetings are exchanged several times a day; students get to know each other well. Also, with classes relatively small, teachers know their students by name and take a personal interest in them. Social activities are varied and enjoyable. Another advantage is that Martin is close to Halls."

**Vanderbilt University**

Of Vanderbilt David Hallman says this: "Whenever anyone asks me why I chose Vanderbilt as the school where I wanted to further my education I can only answer that it simply was the best school I had a chance to attend. Vanderbilt is the top ranking school in the South and one of the top ranking schools in the nation. It is a medium-sized school (for the South; small for the North) with an enrollment of about 3,500. Its enrollment is kept small out of preference, not out of necessity. Although each year approximately 3 times as many

applicants are turned down as are accepted, the University does not feel that it needs to expand, that its reputation is based on the quality of its graduates and not the quantity.

Vanderbilt is a school with an urban atmosphere, being seated only a short distance from downtown Nashville. There is more than ample opportunity to expand one's cultural tastes through the Vanderbilt theatre which shows the finest of foreign films and puts on many of the classical plays ie. Shakespeare and the Greek tragedies, through the year. The English and Humanities courses are designed so as to better acquaint the students with our cultural background. There are at all times lectures which cover about all of the various fields of interest by internationally recognized authorities.

Before advising anyone to enroll at Vanderbilt or any other school, I would ask him in what particular field of work he is interested and then tell him to check on how the school rates in that department. In the undergraduate divisions Vanderbilt is particularly good in the English, math, sciences, and the humanities departments. Since I am an English major, I had good cause to choose Vanderbilt and I feel that there is no finer English department.

In the graduate schools Vandy rates very well. Its Law school is considered the finest in the South and one of the top two or three in the country. The school of Medicine is excelled only by Tulane in the South and the Engineering is one of the finest (and hardest) around. There is also a fine school of religion and also a school of Nursing (girls). Vanderbilt has no Agriculture or Physical Education departments. There are, however, plenty of facilities for anyone interested in

physical culture. I suppose that everyone is interested in the financial side of college. Vanderbilt, being a non-state school is generally considered fairly expensive but there are many scholarships to be had for a student with an exceptional record.

Anyone on entering college may expect his social and cultural views to change or at least to develop considerably. I have found since entering Vanderbilt that I have become interested in things that rarely ever ran through my mind before. I think that this will especially hold true for anyone from a small school and town such as Halls.

Well, this is all that I have to say about my school. As you can see, I am proud of it and I think that those of you considering going to school couldn't find a better place to further your education."

**UT at Knoxville**

Lucinda Alsbrook says of UT, Knoxville: "There were several very important reasons why I chose to attend the University of Tennessee. The facts which I considered or would consider if I were beginning my college life in the coming year may be grouped under the following headings:

- (1) Size
- (2) Location
- (3) State school vs. non-state school
- (4) Major subject
- (5) Money
- (6) Familiarity with campus and surroundings

The first thing that a high school graduate should consider in choosing a school of University size, is his or her ability to adjust to a certain anonymous position in a crowd. At UT, some classes such as chemistry, economics, psychology, are very large — up to 150 students in a class. The student is graded on his a-

chievement only. There are no extra points added to a student's grade because he "tried" or "he had a good personality." The professor seldom knows the name of an individual student. There is at least one of these classes in each college, so don't just plan to avoid them. However, let me stress the fact that if out-of-class help is requested early in the quarter — most professors will assign a graduate student to help for an hour or so. Most of the time, if the student is working hard, this hour is enough to bear him over the hump.

On the other hand, I have had at least one class with as few as four students in it. The majority of the classes have between 15 and 40 students. No Freshman English class has over 14 students.

The University of Tennessee is itself big. There are over 7,000 students in day school here. Over half of these live on the campus. My freshman class had more students than there are people in the Town of Halls. There is little or no individual supervision over girl students and none over boys. There is no one to make a student study and no one to say "you must get up in the morning," or "you must go to class." Attending class at UT is a paid for privilege. Neither the administration or the professors care—but they will either expel you or flunk you if you don't.

Yet, the advantages of a big school must be considered. There are nearly 1500 teachers at UT. Some of these are among the most advanced in their field. All the classes I have had seemed well equipped with the latest study aids such as motion pictures, maps, charts, etc. Just knowing these professors is a valuable thing. Also, meeting students from all over the U. S. and from many foreign lands broadens an individual's outlook. Your circle of friends is limited only by your friend-making ability. I have never gotten over the wonder of meeting new people in new classes every quarter.

UT is over 350 miles from Halls. Do not attend the University planning to come home over four times in the school year. The trip is long and hard, and what is more important — the time you spend traveling might be better spent studying or working. In effect though, this is maturing. Students learn to rely on their own judgement and to look after themselves. It is the weaning period.

Perhaps I'd better discuss the fact that UT is a state school with the financial aspects of attending college. There is no tuition at UT. There is a maintenance fee of around \$75 a quarter. I figure that I saved between \$1,000 and \$4,000 by attending a state school in Tennessee where I don't have to pay out-of-state tuition. Furthermore, there are students from all over the state. I've learned more about Tennessee since I came here.

Financially speaking, Tennessee is not an inexpensive school. I would not advise a student to work his first two quarters. I worked part-time for the University for three quarters and did not find it too difficult. Nevertheless, plan on spending from \$900 to \$1800 a year. I know few who spend less and many who spend more. (I'm talking about people who live outside of Knoxville).

Tennessee is one of the few schools in the south that offers Journalism, my major subject. Do consider your school's rating in your field. I understand that Tennessee has an excellent Home Ec College, Engineering, Geology and some Business Courses.

Before I attended Tennessee, I looked over the school. This is not necessary but it makes you feel more at home your first year. You know a little more about what to expect. I found that I knew about 20 students here from the West Tennessee area before I came.

There are a few things that bother prospective students of

UT. One is Sororities and Fraternities. It is not necessary to belong to either at the University. UT has 13 sororities and 16 fraternities. They are social organizations which are fun if you have the time and money but, membership in one is not prerequisite to an enjoyable college life. A girl from Jackson was one of the most outstanding students on campus last year and she was an Independent. This is not an exception. Actually only a very small percentage of the campus is a member of a Greek organization.

I would say that Freshmen at UT have two very large problems. One, organizing time, is common to every other college in the U.S. I would imagine. This is something that comes with experience and college maturity (in other words, becoming adjusted to the hectic schedule of college life).

The other problem is unique with students from West Tennessee attending UT. This is the problem of transportation. I don't mean in automobiles. 90 percent of the transportation around campus is provided by the two pedal exterminities. To West Tennessee freshman, walking or should I say climbing up and down hills is not only extremely fatiguing but downright exhausting. Rest assured however, that you get used to it after a year. As an example — last weekend I hiked 32 miles through and over the Smokies.

Last but not by any means least, it is possible to grow at UT. There are no limits to the fun available — none except lack of time and energy. There are football, basketball, baseball, other games to attend. UT has the best of concerts and musical plays or stage plays. There are lecturers and renowned personalities on campus every week. There are dances with big-name bands. UT has two radio stations and a TV station for students to get experience. There are courses (with little or no academic credit) in things like boating, horseback riding, swimming, tennis, golf, bridge, chorus, social dancing, modern dancing, charm, and on and on. As I have said, I chose Tennessee because the only limits to a person's development here are his own energy and ambition.

One last thing to pitch in. I would not advise anyone coming here who is not in the upper third of his class. While UT is not the hardest University in the world, it is no place for the person of extremely limited abilities or of little academic ambition.

Well, good luck. Since I plan to graduate this quarter, I won't be here to welcome you to the school of the Orange and White, but there will be at least 7500 others to do so."

Always be sure to call us at AD 4-7898 or AD 4-7540 and tell us all the news about you or your family or your friends. We'll greatly appreciate it.

just for weed control.

Ladino and white clover, fescue, and even Johnson grass make good hay mowed about this time. When pastures are clipped about four inches from the ground, they will quickly put new growth and will provide much more total feed than if they are allowed to continue growing when not enough livestock are available to pasture them down.

**Send Soil Samples**

Samples of soil have been sent for testing from only 32 fields in Lauderdale County this year as compared to 143 by this time last year.

It is so important that we spend our fertilizer dollars to the best possible advantage that we need to keep taking soil samples just any time we can get them and sending them off for testing. The information we get from these tests can be used in a very definite way for at least three years for whatever crop will be put on the land, but there are thousands of fields which have not yet been tested. We need to keep sending samples in order to find out how to use our dollars to best advantage on these fields.

**Kill Bagworms Early**

Bagworms which attack cedary types of shrubs and which also feed on locust, silver maple, and box elder usually hatch in May and start feeding as small worms.

**ORDER OF PUBLICATION**

TO ANNIE MARY LEE MURL LEE vs. ANNIE MAE LEE

In the County Court at Ripley, Tennessee

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant, Annie May Lee, non-resident of the State of Tennessee, and resident of the State of Michigan, so that the ordinary process of law cannot be served on her. It is therefore ordered by the Court that the said Annie May Lee appear before the Judge of the County Court of Lauderdale County on or before the third Monday in June (it being the 16th day of said month and the 1st day of June term of this Court) and make defense to the bill filed herein against her, or the same will be taken for confessed as true and the cause set for hearing exparte as to her.

It is further ordered that this notice be published in the Halls Graphic, a newspaper printed and published in Lauderdale County, for four consecutive weeks, requiring her to so appear.

This 12th day of May, 1958.  
N. C. UTLEY, Clerk  
ROSS W. DYER, Sol, for Compl.

**ORDER OF PUBLICATION**

To Billie Warren Thurmond LAWRENCE E. THURMOND vs. BILLIE WARREN THURMOND

In the County Court at Ripley, Tennessee.

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant, Billie Warren Thurmond, is non-resident of the State of Tennessee, and resident of the State of Louisiana, so that the ordinary process of law cannot be served on her. It is therefore ordered by the Court that the said Billie Warren Thurmond appear before the Judge of the County Court of Lauderdale County on or before the third Monday in June (it being the 16th day of said month and the 1st day of June term of this Court and make defense to the bill filed herein against her, or the same will be taken for confessed as true and the cause set for hearing exparte as to her.

It is further ordered that this notice be published in the Halls Graphic, a newspaper printed and published in Lauderdale County, for four consecutive weeks, requiring her to so appear.

This 23rd day of May, 1958.  
N. C. UTLEY, Clerk

They also begin constructing small bags which they keep enlarging as they grow. They carry the bags around as they feed on foliage.

These worms can be easily killed now with DDT, arsenate of lead, or Malathion. Use two tablespoons of 50 percent DDT powder per gallon of water or use four teaspoons of 25 percent DDT concentrate to one gallon.

Renew your subscription to the Halls Graphic.

**WHEAT GROWERS**

(Continued from Page 1)

feed wheat privilege are approved and whose allotments are less than 30 acres may grow up to 30 acres of wheat for use only on the farm where grown without becoming liable for marketing quota penalties.

Each individual's right to vote depends entirely upon his or her own qualifications. This applies also to minors who are producers. Farmers who have any ques-

tions about their eligibility to vote in the June 20 wheat referendum should get in touch with the County ASC office for further information. If a voter's eligibility to vote should be questioned, he may vote a "challenged" ballot, which will be tabulated later as valid when and if its validity can be established.

Always be sure to call us at AD 4-7898 or AD 4-7540 and tell us all the news about you or your family or your friends.
