VOLUME 64

HALLS, TENNESSEE, FRIDAY MORNING, SEPTEMBER 5, 1958

NUMBER 36

## Confidential Corner

### Welcome To Halls

Being well known as somewhat of a "grouch and chronic griper," we feel that we can safely say that we have been very favorably impressed with the new school principals, Dr. Colvin and Mr. Fisher, and the other additions to the school faculty. We feel that Halls Schools are well staffed and will continue to grow and progress. May we, for the patrons of Halls Schools, welcome each of you and hope that you may be happy in Halls.

### Highway 51

During the past few weeks we have read a number of news articles, statements, comments on Highway 51 ranging from deploiment of the highway's condition to statements by Commissioner Leech that the Highway has received the same attention, etc. as other major highways in the state. We have been both amused and disgusted with some of these. Any contention that Highway 51 has been given the same attention as other highways is absurd to anyone who has traveled the highways of the state during recent years. May we suggest that at the meeting in Ripley next Tuesday night, facts, not wild statements be presented and every possible means be used to bring about the improvement and widening of our traffic lifeline.

### Praiseworthy

In writing of the football squad for this issue of the Graphic we became aware of one fact which we feel bears mentioning and is a compliment to Coach Pete Meadows' efforts to build a good football program here. Every member of the 1957 football squad who completed the season and did not graduate is back on the squad this year. Our compliments!

## Begin To Harvest '58 Cotton Crop

The 1958 cotton crop has slowly begun to move to market as scattered picking began in this area although most farmers are yet to begin harvesting the crop.

Emmett Parker of Gates Gin Co. reports the receiving of a bale Monday of this week. The load was brought to the gin by Harry Moore of the Concord community and contained 1665 pounds of seed cotton.

Earliest bale reported in this section was carried to Potts Gin Co. at Friendship on Monday, August 25, by Harold Jones, who operates the J. T. Connell farm in Crockett county. Mr. Connell reported that Mr. Jones had picked 12 bales through Wednesday with 100 pickers in the fields.

Local ginners are about ready to begin operations but do not expect any great movement before another ten days or two weeks.

### GARBAGE PICKUP MONDAY, TUESDAY

City trucks will pick up trash and garbage in Halls on Monday and Tuesday of next week said Mayor Jerre Jordan. Household should place their trash at the edge of the street so that it may be picked up easily. Containers will be emptied and left.

### RADIO STATION TO BROADCAST GAMES

Radio Station WTRB of Ripley will tape record the Halls-Murray, Ky. football game tonight and broadcast the game beginning at 8:30 Saturday morning. Broadcast of the game will be sponsored by Joe L. Levy & Son, Woodley Radio & TV Service, Vaden Cleaners and Bank of Halls. They will also broadcast three other out-of-town games during the season.

## 624 Enroll In Halls Schools Tuesday

Dr. Joseph P. Colvin, Halls High principal, and Wanye B. Fisher, principal of Halls Jr. High and Elementary Schools, Wednesday announced a combined total registration of 624 students in the schools.

### BOY SCOUTS TO HOLD CAMPOREE AND WATER SAFETY DEMONSTRATION

The Davy Crockett District, Boy Scouts of America, will hold a Camporee and Water Safety Demonstration on Friday night, September 19, thru Saturday, September 20, 8:00 p.m., at Reelfoot Lake. The program will include camping, cooking, fire building, compass reading, etc., on Saturday morning with the Water Safety Demonstration in the afternoon, and will close with a Court of Honor in the evening. The general public is cordially invited to attend the afternoon and evening program.

## Meeting To Discuss Highway 51

Under the sponsorship of Ripley Chamber of Commerce, a meeting of mayors, city officials and other interested persons has been called for Tuesday night, Sept. 9, to further efforts to bring about improvement of Highway 51 through West Tennessee and into West Kentucky. Invitations to attend the meeting have been issued to mayors and others in all towns from Memphis to South Fulton and to mayors of Fulton, Clinton and Bardwell, Ky. Most of them have already either accepted or have agreed to send representatives to the meetings.

Robert Bickers, president of Ripley Chamber of Commerce, will preside over the session which will be held at Ripley High School Cafeteria beginning at 7 o'clock. Dinner reservations should be made by those planning to attend.

The meeting is being held as an effort to organize the drive to secure widening and improving of Highway 51 to meet the requirements of traffic which uses the highway.

## Attended Institute At Penn State

Charles Peal  
Asst. County Agent

On August 24 - 27 Paula Hipp of Ashport along with 14 others 4-Hers and 25 FFA members and leaders of Tennessee attended the 30th annual American Institute of Cooperation on the campus of Pennsylvania State College. There the 3,000 adults and youth delegates from all over the United States and foreign countries were told the aim of the American Institute of Cooperation was to teach today's youth and leaders cooperative principles. The Institute is the national educational and research organization for agricultural businesses. This Institute (Please Turn To Page 6)

### MAGAZINES NEEDED FOR SCHOOL LIBRARY

Mrs. H. G. McCorkle, Halls Jr. High librarian, has asked the Graphic to inform the public of the need of magazines for the library. Mrs. McCorkle stated that the school officials will greatly appreciate the donation of any of the better magazines. She said that she may be reached at AD 4-7676 or her home phone, AD 4-9133. The magazines will be picked up at the home of the donor if desired.

### JOHN L. BETTIS

DYERSBURG — John L. Bettis, retired grocery store operator, died at his home here at 11 p.m. Saturday. He was 73.

Services were held at 2:30 p.m. Monday in the Curry Funeral Home chapel. The Rev. Earl Weech officiated. Burial was in Maury City Cemetery.

Born in Crockett County, he later moved to California, where he owned and operated a grocery store for many years. He had made his home here for the past 12 years. He was a Mason.

He leaves his wife, Mrs. Cordie Bettis; a daughter, Mrs. Glen Prince of Camden, Ark., and a brother, Reuben Bettis of Cobden, Ill.

### FOOD DISTRIBUTION DATES ANNOUNCED

All persons are urged to come only on the dates specified for their home district, to bring proper identification and to bring suitable containers, such as strong sacks or boxes, in which to carry the food.

## Tigers To Play At Murray Tonight

(Picture on Page 5)

The Halls High Tigers will face Murray, Ky. High School football eleven on the Murray field tonight in the opening game of the season for both teams. Last year they played to a 6-6 tie.

Coaches Pete Meadows and Bob Stephenson of Halls will field one of the lightest elevens to represent HHS in recent years, but a team that is expected to show more speed than the teams of the past two years.

Twenty-seven candidates for the team had been issued equipment through Tuesday of this week. Among those returning from the 1957 squad who saw action in most of the games are: Danny Grady, Lindell Baker, Bill Tatum, Benny Voss, Jerry Ward, Eugene Pugh, Warren Nunn, David Hurt and Raymond Belton, Jr. Also up from the 1957 squad but with experience limited mostly to "B" games are: Axford Pickens, Bobby Phillips, Douglass McGarity, Aaron Davis, Ray Nolen, Harold McCaslin, Chuck Murchison, Pat Younger, Tommy Alley, Danny Ray, and Johnny Buckner. Also joining the squad after dropping out during the '57 season is Marshall Jennings, who has been switched from end to tackle. New members of the squad are: Tony Fisher, Bubba Cannon, Ronnie Hines, Sammy Steelman, Douglas Hoggard, and Larry Keen. Cannon and Hines are 9th graders and the other four are sophomores.

### ATTEND ENCAMPMENT IN BENTON COUNTY

Charles Peal  
Asst. County Agent

Mitchell Ammons, Robert Smith, Jerry Ammons, and the Assistant County Agent attended the week-end encampment of the West Tenn. All Stars at the Young Farmers and Homemakers Camp in Benton County on the 31st. Recreational activities for the group included boating, swimming, fishing, square dancing, and hiking.

The group talked over plans for next year's program and activities of the All Star organization. The week-end ended with a hamburger barbecue by the Benton County All Stars.

### RETURNS TO SCHOOL AT VANDERBILT

David Hallman left Saturday to continue his studies at Vanderbilt University, Nashville, Tenn. He was driven to Nashville Saturday by Buddy Murchison.

## State Approves Cane Creek Project

F. H. Paschal  
County Agent

Lynwood Grammer, Chairman of the temporary board of directors of the proposed Cane Creek Watershed District, was notified by the Secretary of State last week that he had approved the petition signed by 401 landowners in the watershed area for the holding of a Referendum to determine whether a Watershed District shall be organized.

The board of directors met on Tuesday night of this week and decided to hold a Referendum on Sept. 27 to allow landowners in the area to vote yes or no on the setting up of a Watershed District.

James Robinson, Extension Conservationist, Knoxville, this week expressed the opinion that the Federal government might spend three to four million dollars in the development of a water control plan in this Cane Creek watershed. Farmers in the Halls area are considering their water problems and it is possible that one or more additional watershed plans will be developed for other sections of Lauderdale County in the next few months.

### Sow Tested Grain Varieties

Highest yields of small grains have been made in recent years with these varieties now recommended by our Experiment Station. LeConte and Forkedear oats are the most winter hardy and make the highest yields. Of these two varieties, LeConte has the stiffest straw. Victorgrain 48-93, and Arkwin also make good yields.

Seneca, Thorne, Vigo, and Fulcaster 612 are the best varieties of wheat. Kenbar and Jackson No. 1 are the best varieties of barley. September is the best time in which to sow oats, barley, rye grass, and permanent pasture mixtures. Wheat should be seeded around October 10 to 20, since earlier wheat may be attacked by the Hessian fly.

Our state entomologist issued a warning this week that army worms are attacking new stands of fall seeded crops. They are treacherous because they feed mainly at night and hide during the day. It is necessary to carefully examine the ground to find the worms. Toxaphene or DDT will control outbreaks, but they must be used promptly, because a field can be cleaned of all vegetation in a day or two, sometimes during one night.

## Season Football Tickets On Sale

Season tickets for the 1958 home football games will be placed on sale this weekend by members of the football squad said Coach Pete Meadows today. Coach Meadows announced that adult season tickets will sell for \$3.75 for five games and student tickets will sell for \$2.00 for five games. Tickets at the gate will be \$1.00 and 50c in line with prices charged by other members of the Big Ten Conference. A purchase of a season ticket will both save fans money and assist the athletic program in Halls High School. Members of the squad will be on the uptown streets Saturday to sell these tickets.

**Mrs. Tindale Honored**

Mrs. Finis Hardy and several other friends as co-hostesses honored Mrs. Roland Tindall of Memphis, the former Miss Betty Carmack of Curve, with a Miscellaneous shower at the Hardy home last Friday night. The home was attractively decorated with a wealth of mixed summer flowers.

On arrival the guests were served refreshments from a lovely appointed table in the dining room overlaid with a pink cloth caught up with pink bows at intervals.

Miss Patsy Carmack served punch from a watermelon punch bowl. Miss Peggy Wood and Mrs. Alfred Robison served nuts, mints and cookies. An arrangement of pink and white flowers formed the centerpiece on the table and cantaloupes held tall burning tapers.

A number of games and contests were enjoyed under the direction of Mrs. A. C. Carter, of Curve. Mrs. Carl Holly had charge of the attractive bride's book where a large number registered.

The honoree received a number of lovely and useful gifts.

**Miss Wood is Honored**

Miss Peggy Wood, popular bride-elect of Dr. Sanford Truitt was honored with a Gift Tea at the home of Mrs. Finis Hardy last Friday night with several other

friends as co-hostesses. A profusion of mixed summer blossoms were used throughout the home making an attractive setting for the occasion. In the receiving line was Mrs. Hardy wearing royal blue embroidered satin, Mrs. Estol Wood, mother of the honoree wore a navy blue frock of eyelet cotton satin.

Miss Wood was lovely in a formal of yellow organza over yellow taffeta. All wore colorful corsages. Mrs. Hayes Beard of Dyersburg invited the guests into the bedroom to view the many lovely gifts. The refreshment table in the dining room was overlaid with an imported hand-made cloth of grass linen or embroidery and drawn work. A crystal bowl of white gladioluses and tube roses and specimen pink roses formed the centerpiece on the table graced by crystal.

Candelabra held tall white tapers. On the credenza was an arrangement of white wedding bells and roses. Mrs. Preston Kizer of West Memphis, Ark. served punch and Mrs. Carl Holly of South Dakota served cookies, nuts and mints. They were smartly gowned and wore corsages of tube roses. Mrs. Grady Hargrove of Dyersburg, wearing a formal of Hunter green taffeta, had charge of the lovely bride's book where the guests registered.

**BOWIE-DAVIS VOWS SAID**

In a double ring ceremony at Enon Baptist Church near Hall, Miss Bernice Bowie and James Davis pledged their marriage vows on August 24. Reverend Warren Armour officiated.

The bride is the daughter of Mr. and Mrs. Verge Bowie of Halls and the groom is the son of Mrs. Ray Davis of Oxford, Miss.

The church altar was decorated with a background of greenery, white gladiolus and branched candelabra holding seven white candles.

Given in marriage by her father, the bride wore a blue sheath lace over taffeta dress. Her veil of illusion was attached to a crown of velvet, lace and pearls. She carried an orchid corsage on a white Bible with streamers of ribbon.

Matron of honor was Mrs. Lindell Bowie, sister-in-law of the bride.

Music was presented by Miss Glenda Belton.

J. W. Davis of Oxford, Miss. served his brother as best man. Ushers were Lindell Bowie, the bride's brother, and Talmadge Belton.

After the ceremony the couple left for Anchorage, Alaska.

Among the out-of-town guests were: Mrs. Sue Mathis, Mrs. Ray Davis and J. W. Davis of Oxford, Miss., Mr. and Mrs. Ross Witherspoon and Linda of Denver, Colo. Mrs. James Sandlin and Mrs. Martha Simpson of Memphis.

**Sunday School Lesson**

By Walter C. Davis, D. D., Tennessee School of Religion, University of Tennessee

Lesson for Sunday, Sept. 7

(Exodus 20:9-10; Ecclesiastes 9:10; Ephesians 4:28; Colossians 3:22-25; 4:1)

"The Work of the World and God"

In pleasing satire Jerome K. Jerome said, "I like work, it fascinates me. I can sit and look at it for hours." Charles M. Schwab spoke more truly when he said, "The man who does not work for the love of work but only for money is not likely to make money nor to find much fun in life."

It is good that we have work to do. All honest work is in cooperation with God. In a practical world like ours we may lose our

sense of wonder. A religious poet of ancient times, setting forth the wonder of God said: "He determines the number of the stars, he gives to all of them their names." In the midst of this praise we find this line: "He makes grass to grow upon the hills." That, too, is the wonderful work of God. We have coined a more common phrase which says, "He is a benefactor who makes two blades of grass grow where only one grew before."

The Lord, showing man the way of the good life, said, "Six days shalt thou labor and do all thy work." Work, too, is worship and is a part of God's plan for man. Pity the man who has no work to do.

Our Saviour glorified work when He said, "My Father worketh hitherto and I work." The writer of Ecclesiastes says, "Whatever your hands find to do, do it with your might." St. Francis, on being asked what he would do if he knew that he would die at the end of the day, said: "I would keep on hoeing my garden." John Wesley expressed the same thought, saying something like this: "I would go with Brother for dinner and meet my preaching appointment at three o'clock."

A real benefactor among men is an Ohio prisoner who through his knowledge of nature began to garden and to help other prisoners to garden. Many have their little plots of ground, and in striving to surpass the others in vegetables and flowers, each has a new interest in life. St. Paul said, "Let him that stole steal no more, but rather let him labor." Paul calls upon slaves to obey their masters and masters to treat their slaves justly and fairly. This

does not put the stamp of approval upon slavery. The teaching of the New Testament finally made slavery a thing of the past.

Thomas Carlyle coined the phrase, "An honest day's pay for an honest day's work." The rule works both ways. Labor unions are the result of injustices done laboring people in times past. Today, Christians in labor unions will need to use their influence so that no injustice is done employers and consumers.

One of the dangers of our industrial age is that men may lose their individuality and become meager cogs in the industrial machine. Time was when a man was a blacksmith, a painter, or a cobbler who took pride in his work. Today we speak of the individual as working at a certain plant. That is a loss which human society can ill afford. Samuel Gompers said, "Workmen are at the foundation of society." Dean Charles Brown said, "We have too many people who live without working, and too many who work without living."

**FAIR TICKETS ON SALE AT BANK**

David R. Nunn, president of Bank of Halls, has announced that tickets to the Mid-South Fair at Memphis may be purchased at the Bank. The tickets may be pur-

chased at 50c each, a savings of 25c over the price at the gate. The Fair opens at the Memphis fair-grounds on September 19.

(Continued from Page 1)  
 Since fruiting buds for next year's strawberry crop are developed in October, it is advisable to top dress new and old strawberry fields now with about 400 lbs. of 15-15-15 or 600 lbs. of 6-12-12 fertilizer per acre or the amount recommended if the soil was tested.

The only exception to this rule would be new fields of berries which had plenty of phosphate and potash put in the ground before the plants were set last spring. These fields would not need anything except perhaps 100 to 200 lbs. of ammonium nitrate per acre.

New or old fields of berries which are now clean of weeds can be kept free of ruinous weeds that germinate in the winter by the application of two pounds of SES or Crag Herbicide applied in 20 to 40 gals. of water in a 16-inch band on the top of the rows when the soil is relatively moist. We shall be glad to provide detailed information on making this application which has proven very profitable on many fields in recent years.

**Seeding New Lawns**

Kentucky blue grass or chewing fescue may be seeded this month to provide new lawns which can be highly successful if the work is carefully done. Soil samples should be taken and sent for testing. In the absence of a test, apply 20 lbs. of a good mixed fertilizer such as 6-12-12 per 1000 square feet and plant two pounds of seed.

Our turf grass researcher, J. K. Underwood, recommends the following steps toward a superior lawn: (1) Break the ground six inches deep. (2) Apply the lime needed and three-fourths of the fertilizer recommended. (3) Disk these into the full depth of the seedbed. (4) Apply the remainder of the fertilizer and 1 1/2 inches of short chopped straw and disk these lightly into the top three inches. (5) Smooth the area. (6) Seed to a single grass species and cover not more than one-fourth inch deep. If bluegrass is used,

plant only Kentucky or Missouri grown seed. Do not roll. (7) Keep the soil surface constantly moist, not wet, for rapid germination which should take seven to ten days.

**ATTENDED INSTITUTE**

(Continued from Page 1)  
 tute was organized in 1925 and supported by general farm organizations such as private enterprises which deals with agricultural products, farmers cooperatives, farm credit units, and farm organizations such as Farm Bureau.

Highlights enjoyed by the delegates throughout the week were the young people's daily group meetings, round table discussions,

and perhaps the main highlight was the keynote address on cooperatives' progress in the space age by Secretary of Agriculture Ezra Benson. Another thing that was interesting was the tours of 30 farms and the on-the-farm interviews with the different farmers. On one tour a Pennsylvania Paper Mill which was a typical example of the cooperative business was visited.

Paula enjoyed meeting farm youths from other lands such as England, Puerto Rico, Netherlands and Germany. Talks with these young people help to broaden international understanding. It was a very educational and informative trip and one which strived to show our young people

the inside of business so they will be better informed and prepared to fit in when their time comes. The group from Tennessee flew to and from the meeting.

VOLUME 64 HALLS, TENNESSEE, FRIDAY MORNING, SEPTEMBER 12, 1958 NUMBER 37

## Confidential Corner

**Congratulations** to the Halls High Tigers for their showing at Murray last Friday night and best wishes for a successful season. Personally, we were highly pleased at the improvement that the team showed during the course of the game and the spirit which they showed. Keep trying, boys, and victories will come your way.

**We Ain't Kidding**  
Quite a number of people have been teasing your editor about how he is going to get along without Buddy when he leaves for the University of Tennessee this weekend. Personally, we think that is a very good question and one that we can't answer very easily. Of course, we are happy to see him entering the University to further his education in his chosen field—journalism—but he very definitely has been our right hand man and we dread trying to get along without him. You can bet there will be "moaning and groaning and gnashing of teeth" in the Murchison home after we leave him in Knoxville.

**Help Wanted**  
With the departure of Buddy, we are anxious to hire a high school boy who is looking for a job with hard work, sometimes long hours and very little pay. Truthfully, we would like to hire some youngster, preferably a sophomore or junior, who would like to learn something about the printing trade, one of the best of them all. He would work two or three hours after school and half a day on Saturday with an occasional full day on Saturday. Don't apply if you are afraid to get your hands dirty.

## Civic Club Host To Men Teachers

Male members of the Halls School faculty headed by Senior High Principal Dr. J. P. Colvin and Junior High Principal Wayne Fisher were guests of Halls Civic Club at the regular meeting of the organization Monday night.

Dr. Colvin introduced the members of his faculty attending and expressed his pleasure in returning to Lauderdale County. He urged the assistance and cooperation of everyone in giving Halls the best possible school. Other Senior High faculty members present were Pete Meadows, Bob Stephenson, Everett Kidd and Mike Haynes.

Mr. Fisher also told of his happiness in coming to Halls and of the need for everyone to aid in the school program. He introduced Talmadge Belton, Jasper Taylor, and Hugh Keenan from his faculty.

The club went on record as requesting the County Board of Education to repair the old gymnasium so that it may be placed into daily use. Mr. Meadows reported to the club that he had been assured that this would be done if the people of Halls desired to have it used.

Tommy Dyer left Sunday for Lebanon, Tennessee where he will attend Castle Heights Academy this school year. Mr. and Mrs. Ross Dyer drove their son to Lebanon and remained over Monday.

## SPECIAL OFFER TO COLLEGE STUDENTS

Too much trouble to write a letter? Is your son or daughter interested in Halls High School athletics? Let them keep up with the news at home with a subscription to the Halls Graphic. We are offering a 9 months subscription to any college student at the special low price of \$1.25. This offer good only for college students or others attending schools away from Halls.

## Work On Hwy. 51 Slated In County

Herbert Bates chief engineer for the State Highway Department, has announced that plans for work on Highway 51 are already in the making with considerable work in Lauderdale County included in the plans.

Mr. Bates, in making his statement, said that "miserable weather" during the past year has greatly handicapped highway work in West Tennessee. Included in the plans are a four-lane highway Millington to Fite Road in Shelby County. In 1957 Highway Commissioner Leech told of plans for this highway, stating that it would be of limited access.

Mr. Bates also called attention to the following work and plan:

1. Bridge-widening under contract between Union City and Fulton.
2. Bridge-widening under contract between Shelby County and Covington.
3. Bids will be taken Sept. 19 for construction of a new four-lane divided highway between Troy and Union City, eight miles.
4. Plans under way for construction between Halls and the Dyersburg bypass, eight or 10 miles. This is the section which has been subject to flooding.
5. Survey under way for construction from Henning to Halls.

## FACULTY PICTURES ON PAGE SEVEN

Get acquainted with the members of the Halls School faculty! Turn to page seven of this issue of the Graphic for pictures of the faculty. All of the teachers with the exception of Miss Betty Griffin are included. Miss Griffin was vacationing in Florida at the time the pictures were taken.

## 4-H Dress Revue Winners Named

Charmaine Robinson Home Agent  
The annual 4-H Dress Revue was held with 4-H girls from different schools in the county participating.

Susan Holmes of Ripley won first place with her Junior cotton chemise dress. The dress featured a white collar and a pleated flounce. Delaine Hamby of the Ripley Senior 4-H Club won first place in the Senior cotton dress division. Her dress was of polka dotted fabric featuring a sailor tie.

Winning first on best dress was Sarah Rose Fleming. Her dress was a chemise made of horizontal striped cotton fabric and a self-fabric bow finished the neckline. The first place winners, purple ribbon group, won a pair of sewing scissors and represented Lebanon. (Please Turn To Page 4)

## Orgill Named Head Of Hwy. 51 Group

RIPLEY—Mayor Edmund Orgill of Memphis was named Tuesday night to head a committee of leading West Tennesseans in a fight without letup until Highway 51 North is a four-lane highway from Memphis to the Kentucky line.

The committee asked a meeting with Gov. Frank Clement within three weeks.

Mayor Orgill and the 14 other committee members were elected unanimously at a meeting of about 200 top citizens of cities that lie along the highway they have come to believe is not only the worst and most dangerous in Tennessee but also in the United States.

State Highway Commissioner William Leech Wednesday set Sept. 26 for a meeting in Nashville with the 15-man committee leading a fight to improve Highway 51 North through West Tennessee.

Mayor Edmund Orgill of Memphis, committee chairman, said the requested conference will be at 10 a.m. at the Highway Department Building.

**Pledge Of Support**  
Highway 51 was so described time after time by the parade of speakers at a meeting at Ripley High School. The meeting was called to find the means of getting the highway widened and straightened as soon as possible.

With Mayor Orgill on the committee will be: Mayor E. T. Palmer of Dyersburg; Darryl Francis, vice president of the Memphis branch of the Federal Reserve Bank of St. Louis; Dale Glover of Obion, state Representative-elect; Joe Matthews of Millington, May. (Please Turn To Page 4)

## Don Hurt Injured In Accident Friday

Don Hurt, local farmer and landowner, was severely injured Friday morning of last week in a tractor and trailer accident on his farm on the old Air Base.

Mr. Hurt was rushed to Parkview Hospital where he was found to have sustained several crushed vertebrae in the lower portion of his back, fractured ribs, a broken ankle and other injuries. Wednesday of this week his ankle and his back, from hips to neck, were placed in casts. Mr. Hurt is reported as very uncomfortable but resting well and improving steadily.

The accident occurred about 11 Friday morning when Mr. Hurt attempted to climb aboard a tractor which he had driving that had started rolling off. In trying to mount the tractor from the off side, Mr. Hurt slipped, the rear wheel of the tractor caught his ankle, throwing him under the trailer. Two colored farm workers, Isaac Ringer and Buster Eason, were riding the trailer which Mr. Hurt had been using to haul fertilizer from the farm barn. Eason jumped from the trailer and managed to stop the tractor.

Mr. Hurt was placed in his car and carried to the Hurt home where Dr. J. G. Olds was called and Dr. Olds sent him to the Dyersburg hospital in a Sudbury ambulance.

## JO ANN HURT ENTERS NURSES' TRAINING

Miss JoAnn Hurt, daughter of Mr. and Mrs. Joe Hurt of Halls, has begun a career in nursing by enrolling in the September class of the Methodist Hospital School of Nursing. Miss Hurt is one of a class of 55 students embarking on the three-year training period that began Monday, Sept. 8.

Her training will include classwork at Southwestern at Memphis, and training in the 500-bed Methodist Hospital. She graduated from HHS in 1958.

## Union City Is Tiger Opponent Tonight

The Halls High Tigers will play the first of their ten Big Ten Conference foes tonight when the Union City Golden Tornados come to the Halls Field.

Playing under a new coach Bruce Burnham, former University of Tennessee All-Southeastern Conference guard, the Obion county eleven will be somewhat of an unknown quantity but may be expected to be well coached and an aggressive team.

Considerably lighter than usual, the Tigers must be classed as underdogs in the game but probably will give Union City plenty of trouble if they show the scrap and drive which they demonstrated last Friday night. Game time is 8 o'clock on the Halls Field.

A light and inexperienced Tiger eleven traveled to Murray, Ky. last Friday night and came home on the short end of a 14-7 score. Inexperienced—four starters with almost no previous varsity experience, and several others switched to new positions—got the HHS Tigers in the hole late in the first quarter when a long pass was completed by Murray for a touchdown and later in the second quarter Murray went ahead 14-0 on a 70-yard run by a Murray back.

Late in the second quarter, Harold McCaslin, who had replaced Pat Younger at end, picked a pass that had been partially deflected by a Murray defensive back out of the air and after juggling it two or three times went 60-yards for a Tiger touchdown. Lindell Baker dived over the extra point.

Halls came out for the second half a much improved team as they stopped the Murray attack and threatened to score at least twice, but fumbles and other mistakes ended both threats. All in all the Tigers made a better showing than most fans had expected with a small and green eleven.

## DE CLASS NAMES NEW OFFICERS

The Halls Distributive Education Class met on September 5th in the DE room at Halls High School and elected officers. They are as follows:  
President..... Aaron Davis  
Vice-President..... Glendine Mills  
Secretary..... Barbara Watts

## PTA OFFICERS TO MEET FRIDAY

A meeting of the officers of Halls-Teacher Association has been called for this afternoon. The meeting will be at 3 o'clock in the Halls High School library.

## Cane Creek Project Meeting Set For September 17

F. H. Paschal County Agent

Mrs. Clarence Mitchell of Luckett and Mrs. W. H. Miller of Bexar are planning to save seeds of peas and beans and keep them free of weevils by treating them with carbon tetrachloride.

This is done by putting the peas in an air tight container of glass or metal to which is put one teaspoon of carbon tetrachloride for each quart of dried peas. The container is left closed for 48 hours after which it is aired for an hour or so and then closed again in order to prevent re-infestation.

This material is non-explosive and the peas may be used for food, feed, or seed after being treated. A pint of the material is enough for three bushels of peas.

## Watershed Meetings Set

Landowners in Districts 2, 6, 11 and 15 are invited to attend a meeting at Arp School at 7:30 on next Wednesday night, Sept. 17, to hear a full explanation of the plan of operation of the proposed Cane Creek Watershed District.

It is most important that all of us understand exactly how this new governmental body operates and we can get this information at meetings where we can ask questions and fully discuss every angle.

A meeting will also be held on Friday night, Sept. 19, at 7:30 at Rosenwald School.

Other meetings are being planned for Luckett, Ripley, and Elyhu sections to be held the week of Sept. 22.

## Market Bulletin Offered

Tenn. Dept. of Agriculture publishes an interesting market bulletin each month which they offer to send to any farm family which makes a request for it. The address is 404 State Office Bldg., Nashville.

## Better Haying Method

Burnell Conner of Ripley thinks he has hit upon a better method of baling hay. He says it is based on experience of hay growers in the West who dare not try to bale hay in day-time, because the leaves crumble. They do all their baling at night.

Burnell has discovered that by letting the hay dry till it is safe for baling and then beginning his baling at dusk when the leaves (Please Turn To Page 4)

## Tommy McGarrity To Go To Lambuth

Tommy McGarrity, son of Mr. and Mrs. Fin's McGarrity of Halls, has been notified by Lambuth College that he has been awarded a scholarship to the college beginning with the fall term.

Tommy graduated from HHS this past spring, playing football and basketball, and being named to the All-West Tennessee basketball team and receiving honorable mention on the All-State team.

He, along with the Rev. J. K. Stuart, will go to Lake Shore Camp, near Camden, Tenn. today to attend a Methodist Youth Fellowship meeting and from there he will go directly to the college at Jackson, Tenn. Tommy received a letter from J. R. Blanton, college business manager, Monday notifying him of the scholarship.

**National Association of Artificial Breeders Meets**

It was the writer's privilege to attend the eleventh annual convention of the National Association of Artificial Breeders held in New Orleans last week. There were between five and six hundred members in attendance. Enthusiasm was high and the program was excellent. There were members in attendance from all 48 states, Canada and Puerto Rico. The Louisiana Association of Artificial Breeders were hosts to the Convention.

Phenomenal growth has occurred from a very small beginning back in 1946 when it had its origin. At that time a "Manager's meeting" was held at Tiffin, Ohio. Less than 100 persons were in attendance for the first meeting and actually only the ground work was laid for an annual meeting next year. The present name of the Association was officially adopted in 1947. The Articles of Incorporation and By-laws were drawn up in 1949 and officially adopted in 1950. A code of Ethics was adopted in September of 1951.

Since its very beginning the Association has grown and has made a very great contribution to the present programs that are so popular in most all communities of the United States. Many important subjects were discussed by outstanding authorities from all over the country. Subjects such as "Ways of Eliminating the Scrub Bull," "What It Means to Live in a Free Country," and subjects pertaining specifically to the Association problems and how to overcome them. Authorities on subjects of economics were also heard.

The last day was a tour of Louisiana State University where all buildings, and operations were visited and also a visit to the Dairy Improvement Center where the State Association is located. The Convention was a highly successful one and has certainly seen much growth in both numbers and

quality since the first one attended at Dyersburg in 1951.

**Short Grain Crop**

Farmers in this area produced and harvested very little small grain this year. Last fall when it was time to sow oats, wheat, barley and rye it was raining most all of the time and actually there was too much moisture in the soil at all times to prepare land properly for sowing. Farmers who were successful in getting it sown simply had to work in a hurry and much of it was sown in wet soil and the land was not in proper condition for sowing. It was good, however, that they got it sown one way or the other as yields were fairly satisfactory and due to a very short supply, those who have it are very fortunate. The quality of locally produced small grains is only fair in this entire area. It is better than it was last year.

Other areas who are actually producers of small grain are in about the same position as farmers are here. They, however, do sow their small grain in the spring and at that time the weather was more favorable and they sowed just about their normal acreage.

Harvest in Illinois, Iowa and other northern and western states is just about over and the quality and yields have been very satisfactory. There is some small grain for sale in these areas but the saleable supply is limited.

The writer spent last week in southern Illinois and contacted

grain elevators in both the states of Illinois and Iowa. Several cars were purchased for farmers in this area on a pooled basis and these very little left to be sold at an early date. Farmers there are storing much of it for rising prices. Undoubtedly, all small grain will be higher later on and if you need it, you would make money to get your needs while it is available.

Livestock growers, especially poultrymen and dairymen and also beef producers must have a certain amount of small grain in their rations, in order to get maximum results. Don't make a mistake by waiting—act at once and store your needs on your own farm.

## Full House Grid Slate This Week

By JACK HILLIARD

Even if you're not superstitious, it might be well not to cross the path of the Black Cat (Munford) this season. Munford served notice on all its opponents that the Cats come equipped with claws this year as they blasted Tiptonville 41-0.

The Big Ten will open its 1958 schedule Friday night with a full slate of games to give West Tennessee its biggest night of football this year.

Mac Wooten vaulted right up among the area's leading scorers in the game as he scored four touchdowns.

Alamo showed surprising power as they sent Weldon Hart into scoring territory three times and bumped Dresden by a 34-0 count.

Lexington's terrific Tigers belted Camden 34-6 using a group of hard hitting backs paced by Jimmy Anderson and W. C. Lewis. Lexington's line is also tough, being just big enough to be hard to handle and quick enough to be dangerous.

Huntingdon's unrelenting Mustangs moved over Milan 27-0 as Scotty Portis notched a pair of TDs. Usually high scoring Marshall Smith, bull-like full-back, didn't dent the scorer's column in this one.

Henderson continued to head up the Volunteer Conference as the Eagles posted their third win without a loss in downing Savannah 33-14. Jerry Freeman, Roy Lynch and Larry Rowland led the scoring parade for the winners.

Paris, another unbeaten power in the Vol Loop, moved to a 20-0 win over Trezevant. Scatback Billy Mosley scored 19 of the 20 points racked up by the Blue Devils.

Martin's Panthers spanked Greenfield 26-0. Martin is solidly entrenched as the favorite in the new Reelfoot Lake Conference and stands an excellent chance of finishing undefeated in league competition. The real big test for Martin will come in its last two games as the Panthers face Munford and Newbern on successive weekends.

South Fulton, another Reelfoot entry, beat Ridgely 20-0 with Paul Wade scoring a pair of six-pointers. Sharon nudged Gleason 20-13 to bring their record to 1-1 in conference play.

In Vol Conference action Jackson North Side fell before Bruneton 12-6 and Jackson South Side was bounced by unbeaten Selmer, 18-13. Bellair lost its third contest in three tries as the Somerville Panthers fashioned a 14-0 victory. Parsons found the range at Adamsville and slammed the Cardinals 32-6. It was Adamsville's first TD in four games.

Halls of the Big Ten lost out to Murray, Ky., 14-7, but Decaturville redeemed the area's honor by trimming mid-state McEwen 27-13.

The area's top scorers include: Bill Mosley (Paris) and Tommy Moore (Selmer) 31; Roy McPeak (Decaturville), Scotty Portis (Huntingdon), Jimmy Anderson (Lexington) Mac Wooten (Munford) 26; Robert Evans (Selmer) and Jerry Freeman (Henderson) 20; Jerry Wallace (Parsons), Gary McDearman (Sharon) and Larry Rowland (Henderson) 19.

Every experienced hay maker has had trouble baling hay off the ground at just the right time to save the leaves without losing the hay later because the stems were too wet. This method could be the difference between success and failure.

**Can We Do Better?**  
Lauderdale County last year dropped to seventh place among the counties of the state in yield per acre of lint cotton, making only 465 lbs. per acre average. Final figures showed that we harvested 29,800 bales of 500 lbs. average gross weight from 30,700 acres. The state average yield for 1957 was 427 lbs.

In 1956 we made the third highest average yield in the state with 557 lbs. of lint per acre when the state average yield was 488 lbs.

In 1955 we made the second highest yield in the state with 585 lbs. of lint per acre when the state average was 523 lbs.

Lauderdale County's yields were highest of the counties in the state in the recent years 1947 and 1950. We made the second highest yields in 1946, 1948, 1951, 1953 and 1955. We were third in 1949, 1952, and 1956.

In spite of our high rating as a county, we have actually averaged producing over the last 12 years only 465 lbs. of lint per acre when the state was 391 lbs. which means that we have just exceeded the state average by 74 lbs. per acre. Our cotton producers who are really making profits are growing 700 lbs. of lint per acre or more and if we use the best methods we know, we could easily produce 700 lbs. of lint per acre average in Lauderdale County, instead of 465.

**Condition Stressed**  
The meeting saw heavy stress laid on the condition of Highway 51 North—its accident death toll, the tiring driving problems it presents, its cost in trade revenue to the cities along it because drivers avoid it when possible.

There was, however, no open criticism of either Gov.-elect Buford Ellington or Gov. Frank Clement. A telegram from Mr. Ellington was read in which his pro-

**ORDER OF PUBLICATION**

TO Minnie Sue Palmore Hallman  
Willford Clayton Hallman

vs.  
Minnie Sue Palmore Hallman  
In the County Court at Ripley, Tennessee.

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant, Minnie Sue Palmore Hallman, is a non-resident of the State of Tennessee, and resident of the State of California, so that the ordinary process of law cannot be served on her. It is therefore ordered by the Court that the said Minnie Sue Palmore Hallman appear before the Judge of the County Court of Lauderdale County on or before the first Monday in October (it being the 6th day of said month and a rule day of that term of this Court) and make defense to the bill filed herein against her, or the same will be taken for confessed as true and the cause set for hearing ex parte as to her.

It is further ordered that this notice be published in the Halls Graphic, a newspaper printed and published in Lauderdale County, for four consecutive weeks, requiring her to so appear.

This 3rd day of Sept., 1958.  
N. C. UTLEY, Clerk

**BACK TO SCHOOL!** Well, the bell in the "little red school house" has probably called your children back to school by now. That means the whole family is thrust headlong into a new routine of activities. When the daily schedule gets so very busy, it's a mighty nice feeling to know that the telephone is handy to save precious time... run extra errands. Yes, during busy days your phone is a "friend indeed," on call whenever you need it.

To keep this a secret  
Bill knew was unfair—

So be shared it Long Distance  
with friends everywhere!

Around the state—across the nation—  
save money—save time—call station-to-station.

**YOUR PHONE WORKS LIKE A FINE WATCH!** (But it's far more durable.) It has a lifetime guarantee, too—you never have to pay a cent for repairs. What other home convenience can you say that about? As a matter of fact, trouble calls on telephones are few and far between nowadays. For one thing, constant research makes telephone service better and better. Then, too, we have equipment in the central office that helps us spot troubles and clear them—usually before you know anything's wrong. It's all part of our job of keeping the telephone at your service, 'round the clock.

**"Justice in Economic Life"**

The commandment, thou shalt not steal, recognizes the right of personal ownership of money and property. In a socialist society where private ownership is not allowed, the commandment would be appropriate. It is easy to denounce the rich and say there can be no accumulation of great wealth in an honorable way. We in America know better. We know that an honorable business rendering good service to the public

**TRUSTEE'S NOTICE OF SALE**

WHEREAS on April 29, 1954, by Deed of Trust recorded in Record Book 8, pages 463-4, of the Register's Office for Lauderdale County, Tennessee, Roy Hilliard, Jr. and wife, Ruth Hilliard, and Darrrel Hilliard and wife, Frances Hilliard, conveyed to O. J. Nunn, Trustee, the hereinafter described realty to secure the payment of three promissory notes in the total amount of \$3,508.00, which notes were dated April 9, 1954, with the first note in the amount of \$1,328.00 due January 10, 1955, the second note in the amount of \$1,120.00 due January 10, 1956, and the third note in the amount of \$1,060.00 due January 10, 1957, which notes bear interest from due date until now at the rate of 6 percent per annum after maturity, and which notes provided for reasonable attorney's fee if placed in the hands of an attorney for collection, and WHEREAS default has been made in the payment of said indebtedness and the holder of said indebtedness has declared the entire amount due and payable as provided in said Deed of Trust and has directed the Trustee to foreclose the Deed of Trust in accordance with the terms thereof.

NOW, THEREFORE, the public is hereby notified that the undersigned Trustee will sell the hereinafter described realty to the highest and best bidder for cash at the north door of the Bank of Halls in Halls, Tennessee at 10:00 o'clock A. M. on

FRIDAY, OCTOBER 3, 1958 said property to be sold being first from all equities of redemption, repurchase, homestead, and power and being described as follows, to-wit:

Situated in the Town of Halls, 12th Civil District of Lauderdale County, Tennessee, and beginning at a stake in the south margin of the sidewalk on Main Street, the same being Sterling Martin's southeast corner and the southwest corner of this described lot, runs thence north with the center of the wall of Sterling Martin's store building, the same being Martin's east line 97 2-3 feet to a stake; thence east 25 feet to a stake in Miss Jessie Green's northwest corner; thence south with the center of Miss Jessie Green's west wall 97 2-3 feet to a stake in the south margin of the above mentioned sidewalk; thence west with the south margin of said walk 25 feet to the beginning.

This being the same land conveyed to Judson L. Vaden and wife by deed of record in the Register's Office for Lauderdale County, Tennessee, in Deed Book M-4 at pages 323-4.

This being also the same property conveyed to Roy Hilliard, Jr. and Darrrel Hilliard by Trustee's Deed from Latta Richards, Trustee, said deed dated April 29, 1954.

Title to the above described property is believed to be good, but the Trustee is selling and conveying the above described property as Trustee only, and Trustee's Deed of conveyance will be executed for the same.

This the 5th day of September, 1958.

may grow and grow. A man who is shiftless and keeps himself and family in poverty may be the real sinner.

We must remember that the term "malefactors of great wealth" is of political coinage and proves nothing. Indeed there are some malefactors of great wealth, but not all who have great wealth are malefactors. Two questions must be asked before we attribute sin to wealth: How was it secured and how is it being used?

The passage from Amos teaches just that, Amos was condemning the consuming passion for money. With many, nothing was sacred if it stood in the way of profiteering. They not only disregarded the Sabbath, but used false weights, sold shoddy things, and trampled upon the rights of the poor. Then they squandered their money in a heartless display of wealth—by fine jewelry, summer and winter houses, all kinds of riotous living—while the poor suffered. Their money was blood money and they used it heartlessly.

In James we are told of the corroding influence of wealth. Just as riches rot and gold and silver rust, the soul of man is tarnished when he trusts in ill-gotten gain. All wrongs cry out in accusation of the wrongdoer. The blood of Abel and unjust wages cry out and come to the ears of God.

In 1 Peter 4:10, we are taught

the stewardship of all gifts. That includes the gift of making money as well as the gift of song, of teaching, or of governing. A man gifted in making money is duty bound to use it for God, just as a preacher called of God is under obligation to preach. In everything God must be glorified through Jesus Christ. The same Greek word is used here in showing the right use of varied gifts as is used in Mark: "The Son of man came not to be ministered unto, but to minister."

The laws of our country recognize many modes of stealing. They include secret theft, highway robbery, misappropriation of funds,

embezzlement, receiving stolen goods, shoplifting, blackmail, manipulation of prices. To these we must add, as methods of stealing, false labeling, false advertising, to over-buy so that we are unable to pay, to smuggle on import duty, to misrepresent on income tax, to overcharge, to do shoddy work, to limit one's production to meet labor rules, and of course, to put the good apples on top of the basket.

The esteem in which we hold honesty is well grounded. We love the common phrase, "He is as honest as the days are long," and "He is the soul of honor." Even this common colloquialism has a sublime meaning, "He wouldn't cheat you if he could."

# THE HALLS GRAPHIC

VOLUME 64

HALLS, TENNESSEE, FRIDAY MORNING, SEPTEMBER 19, 1958

NUMBER 38

## Confidential Corner

### Eventful Weekend

Well, we drove to Knoxville during the weekend to carry Buddy to school but judging from all that happened while we were away we had better stay at home from now on. Jake White's accident and several other events, most of them some type of accident, all occurred while we were gone so guess we had better stay here where the news is. Incidentally, Buddy has a nice place to live and seemed very happy over his impending entry into the University. On the way up we stopped by Castle Heights and saw Josh Nunn but failed to see Jimmy or Tommy Dyer. Josh said everything was fine but that they are very busy.

### Turn On Gas Early

Mavor Jerre Jordan through the Halls Graphic is asking patrons of the gas system to have the gas turned on at the earliest possible date. With fall approaching and more than 500 customers to service Mr. Jordan said that cold weather may catch some if too many delay having their gas turned on. He reminded that the minimum charge of \$1.00 will pay the cost if the gas is not being used and certainly that is cheap protection against being caught without heat when the weather does turn cold.

### We Made It

If you get this issue of the paper at the usual time you may know that we managed without Buddy's help but it wasn't easy. Maybe as time goes by we can manage without him but we do miss him.

### Football Broadcast

Once again several local firms will sponsor a tape broadcast of the Tiger football game over the Ripley radio station on Saturday morning at 8:30.

### INJURED IN FALL AT SCHOOL LAST WEEK

Mickey Rooks, son of Mr. and Mrs. Charles Rooks, sustained severe injuries Tuesday of last week when he fell from a slide on the school campus. Mickey received a fractured right wrist and left thumb as well as bruises. He was carried to Parkview Hospital but was able to return home and is doing nicely. He is a 7th grade student.

## Tiger Cubs To Play Ripley Tues.

First practice for the Halls Tiger Cubs was held Tuesday of this week with twenty-eight 9th graders and seventeen 8th graders reporting for practice. Daily practices will be held under the direction of Coach Pete Meadows and Phys Ed Director Talmadge Belton.

First game will be played on the Halls field on next Tuesday night, Sept. 23, with the Ripley Freshmen as their opponents. Game time is 7:30 and admission price is 25c and 50c.

### WARNS AGAINST HIRING OF SCHOOL CHILDREN

W. A. Grimes, county school attendance officer, this week reminded farmers that it is a violation of federal law to employ school children during school hours to pick cotton for hire. Children may pick at their own homes as an aid for their parents but may not pick for hire on any farm. Mr. Grimes said, however, that they may be employed after school and on Saturdays. Observance of this law may save future grief for cotton farmers.

## Burney Warren Dead On Highway 88

Funeral services for Burney Warren, 34 year old resident of Antioch community, west of Halls, were held at 2 Thursday afternoon at Halls Methodist Church with the Rev. J. K. Stuart officiating. Burial was in Stanton, Tenn., cemetery with Halls Funeral Home in charge.

Mr. Warren's body was found on Highway 88 about 10 Tuesday night just west of the Double Bridges community. His body was struck by an automobile driven by James Rook, 18 year old mechanic of Dyersburg, but police officials said Wednesday that he apparently was dead when struck. Mr. Rook told Highway Sgt. Joe Johnson that he thought the body was a sack in the road. When he realized that he had struck Warren he called a Halls Funeral Home ambulance and notified the highway patrol. Sgt. Johnson said no charges will be placed against young Rook.

Mr. Warren, born at Obion, moved to this section three years ago. While in Memphis he studied electronic repairs and reports say (Please Turn To Page 4)

### HOME FROM NASHVILLE

Mr. and Mrs. Joe Levy arrived home Wednesday after spending the past month in Nashville. In Nashville Mrs. Levy entered the Vanderbilt Hospital where she underwent surgery. She is said to be feeling fine.

## Mrs. 'Rena Jordan Died Monday At Age of 98 Years

Funeral services for Mrs. Serena Rebecca Wright Jordan, who died at the home of a son in Jackson, Miss., Monday were held at 10 Wednesday morning at the First Methodist Church. Burial was in Halls Cemetery with Halls Funeral Home in charge.

Mrs. Jordan, who was 98, had been living in Jackson with her son, R. E. Jordan, a contractor, for about four years. She was a native of West Tennessee and a member of a pioneer Hall's family. Until the Air Base was established here she had continued to reside in the family home. She was a member of Bethesda Methodist Church and taught a Sunday School class for many years.

She leaves two other sons, H. D. Jordan of Memphis and W. R. Jordan of Pine Bluff, Ark.; three daughters, Mrs. Harry A. Hall of Halls, Mrs. I. G. Alexander and Mrs. H. H. Gardner, of Memphis; and a sister, Miss Mary Lee Wright of Dyersburg.

Among those from out of town to attend the funeral were: Frank Jordan, William Jordan, Hubert Jordan, Mrs. Iris Lee and daughter, Judy, Mr. and Mrs. Richard Boekloof and Maurice Jordan, all of Chicago;

Mrs. Duncan Godbold, Mr. and Mrs. Steve Atkinson, Mrs. May Darden, Mr. and Mrs. Frank Stewart, Mr. and Mrs. Howard Gardner, Miss Elizabeth Jordan, Mr. and Mrs. H. J. Bell, Mr. and Mrs. H. D. Jordan, Mr. and Mrs. I. G. Alexander, Miss Home Pall, all of Memphis; Irvin Alexander, Rolling Fork, Miss.

Mr. and Mrs. W. R. Jordan and daughters, Dotty and Robin, Pine Bluff, Ark.; Mr. and Mrs. R. E. Jordan, Jackson, Miss.; Dr. and Mrs. W. L. Thomas, Little Rock, Ark.; Mrs. Wiley Perry, Mr. and Mrs. Raymond Butler, all of Dyersburg; Mr. and Mrs. Stewart Dunkley, Blytheville, Ark.; Mr. and Mrs. Tommy Burrow and son, Alec, Jackson, Miss.; Mrs. Vivian Brown and son, Louis, of Ripley.

### NEXT MONDAY

Mrs. Vada Richardson informed the Halls Graphic Monday that her kindergarten classes will start next Monday morning. The classes will be held in the basement of Methodist church and some fifteen or sixteen children have already been enrolled. Anyone interested in entering their child in kindergarten may contact Mrs. Richardson at the home of Mrs. E. M. Browning or by calling her at AD 4-7296.

## Jake White Hurt In Freak Accident

J. T. "Jake" White, owner of Halls Gulf Service Station, was severely injured in a freak accident at the station shortly before 8 o'clock Saturday morning.

Mr. White had serviced the John Hargett car and was preparing to place a gasoline can in the trunk of the car when a car angled across Highway 51 into the rear of the Hargett car. Mr. White was knocked aside by the car from the highway and then struck by the Hargett car which was forced across the street and smashing into the curb in front of Bank of Halls. Mr. White was carried to Parkview Hospital in Dyersburg where he was found to have suffered a fractured hand and other injuries. He was able to return home Tuesday afternoon.

The car which struck the Hargett car was driven by a negro minister of Memphis who had been in Chicago attending a church convention there. The negro said that he fell asleep at the wheel causing the accident. Both the Hargett car and the negro's car were badly damaged.

### NEW GRANDSON

Mr. and Mrs. Bob Mosley, of Dyersburg, formerly of Halls, are proudly informing their friends that they are now grandparents. Mr. and Mrs. Jimmy Mosley are the parents of a son, James Robert Mosley. He was born at a Tupelo, Miss. hospital on Tuesday night of this week.

## 4-H Boys, Girls To Attend Fair Sat.

F. H. Paschal  
County Agent

More than 800 4-H Club boys and girls will leave schools all over the county at 7:30 Saturday morning, September 20, in school buses headed for the Mid-South Fair to participate in all the activities of the 4-H Club Day.

Teachers, bus drivers, and other 4-H adult leaders will work together in getting the boys and girls on the buses, making and keeping a list of those on each bus, and otherwise supervising the youngsters to and from the fair. Parents should understand that club members are on their own inside the fairgrounds.

### Cotton Moisture Measured

As machine picking has forced the introduction of some moisture into cotton for efficient operation of picking spindles, new research has been done on the whole problem of keeping down the moisture content of cotton while it is being picked.

Although most gins are now equipped with efficient driers, the highest quality lint cotton can still be ginned from dry seed cotton — containing not more than 8 percent moisture.

New research has shown that one of the most practical ways of holding down the moisture content of seed cotton is by starting picking in the morning after the dew is off and after the air has dried somewhat.

The Extension Service has bought a cotton moisture meter by which we hope to measure the moisture content of cotton in the field at 30 minute intervals in the morning till we can predict the hour at which cotton in a certain area, perhaps a county, can be picked with a satisfactory moisture content. We hope to be able to broadcast by radio at 7:00 o'clock in the morning the time at which cotton on that particular area should be picked. (Please Turn To Page 8)

## Tigers To Play At Brownsville Tonite

The Union City Golden Tornado came to Halls last Friday night and for two quarters lived up to their name as the lighter and less experienced Halls Tigers were unable to contain them but the tornado slowed to a zephyr by the middle of the second quarter as the Halls youngsters learned fast. Final score was 26-0 with Union City tallying three of three touchdowns by the middle of the second quarter.

The Obion County eleven is certain to give any team they play trouble. They added another touchdown in the last half and the Tigers missed two opportunities to score. Ball hawking of fumbles was particularly outstanding for the home club. Outweighed and outnumbered the Halls boys still gave a good account of themselves against one of the better clubs of the conference.

Tonight the Tigers travel to Brownsville where they face the 1957 conference champions. The Tomcats, although losing several men from their fine '57 club, is rated at the top of the conference and should prove to be more than a match for the Halls boys. However, continued improvement of the Tigers may cause the Tomcats trouble before the night is over.

Isaiah 28: 6-8; Luke 4: 16-22; Hebrew 13: 1-3

**'Care of the Needy and Neglected'**

The sympathetic and generous heart is the finest human trait there is. It is the opposite of selfishness. This lesson teaches us that we must be sympathetic and we must do something about it. There are plenty of heart-rending situations to be found. We are told that three-fourths of the people of the earth are underfed. One of the aims of our country is to help other people raise their standard of living.

This lesson has much to say about fasting. To us it seems

strange that Christians once thought that the best life was the ascetic life, lived in poverty and seclusion from the world. To us, the best life is one of great activity in doing good. We believe the best life is lived amid the suffering and wants and perplexities of humankind, a life devoted to sharing with others and helping others.

Many Christians still practice fasting — and let not those who do not practice it criticize those who do. The spiritual significance is that fasting is a badge of fidelity, that it teaches humility and impresses us more fully with the sacrifice of Christ for us. In Isaiah fasting is not condemned, but its real purpose is shown. Not in foregoing meats and drinks will we please God, but in loosening the bonds of wickedness and letting the oppressed go free. It means "sharing your bread with the hungry", bringing the homeless poor within your own home. How beautiful is the promise that when we do such things "then your life breaks forth like the dawn," your own healing springs up speedily.

It was the Sabbath day and Jesus went to church in His home town, Nazareth. Many of the people had known Him since He was a boy. He had made their furniture and helped to build their homes. The leader of the synagogue handed Him a scroll and He then found the place in Isaiah which describes the nature of the Messiah's work. He did not read passages which set forth the glory and dominion of the Messiah.

He read, "The Spirit of the Lord is upon me, because He has anointed me to preach good news to the poor," to set captives free, to restore sight to the blind, to set at liberty those who are oppressed.

It was the charter of His ministry. How glad we should be that Jesus came serving the humble, the poor and needy, that He went about doing good. His neighbors were pleased with His gracious words.

Who can be selfish in a world like ours? Certainly not one with the love of Christ in his heart. Hunger is a normal condition in many lands. This great problem of juvenile delinquency has spread from densely populated cities to our rural communities. It could just be possible that these youngsters do not get the love and guidance they are entitled to. It is said that fifteen million people in our country suffer some form

of mental illness due to the strains and loneliness of life. In our own state a very commendable program is being set up to care more tenderly for these unfortunates. Released prisoners need love and respect and a chance for a new start in life.

There is so much good we can do if only we put ourselves in the other's place. One of the reasons given in Hebrews for showing kindness is that "we are also in the body." Misfortune could come to us any day.

**What's missing?**

Not the farmer. There he is, admiring his corn, just as other farmers we know admire their cotton, soy beans, livestock or whatever they grow.

Not the Illinois Central. There's one of our trains in the background, moving the farmer's products to market. Soon, they'll be in your stores and your kitchen and on your breakfast table.

Your breakfast table! That's what's missing—you, sitting at your table, enjoying your breakfast with no thought of where it came from or how it reached you.

Tomorrow morning we'd like to have you think about this for a moment. Where would your breakfast come from without the folks whose mail comes RFD and the trains marked Illinois Central?

We suggest this because we want you to understand the business we run. It's different from most. We must do more than meet payrolls, make improvements and have something left for profit. We must also keep open the vital channels of distribution to you from farms, mines, forests and factories. This can be done only by railroads like the Illinois Central.

**South Magazine reports:**  
**"S&H GREEN STAMPS are helping Dixie grow"**

"During the past few years a major addition to business in the South has been the fast-growing trading stamp industry.

"Proof of the growing importance stamps play in bolstering the area's economy is found in the Southern operations of The Sperry and Hutchinson Company, distributors of the widely-known S&H Green Stamps.

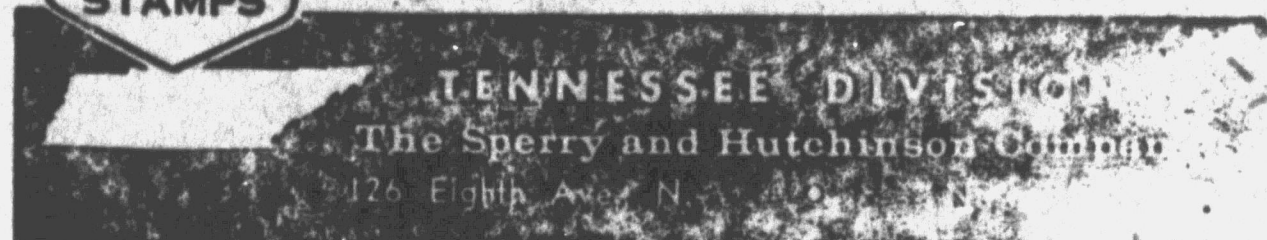

"In 1957 alone, S&H purchased more than \$12 million worth of merchandise from Southern manufacturers, providing many of the area's industries with increased outlets for their products and boosting Southern payrolls.

"Added to those figures is the \$2,250,000 annual payroll written by S&H for its present and growing 866-person Southern personnel. The Company has invested hundreds of thousands of dollars in real estate to locate its modern redemption centers, indicating that the industry has become a permanent part of the area's business life."

Those visiting in the Auze Cates home Sunday were Mrs. Ples Fowler and family of near Ripley, Mr. and Mrs. Ellie Harrell and children of Halls and the R. F. Davis family of this community.

Douglas Collins, Fleetwood Cates and Tom Ed Collins were in Friendship Sunday.

The Nankipoo PTA met Wednesday Sept. 10, with 13 regular members and six new members present. The president, Mrs. Harriet Cates, was in charge. Mrs. Darrel Cates read the 11th Psalms as the devotional. There were several items of business discussed, the two main ones being the buying of a cot and mattress for the school and the organizing of Boy Scouts. One of the Counselors from Ripley is to come out and help get this organization started. There will be some type of entertainment during the month of October to raise some money.

The meeting adjourned not to meet again until after the cotton picking season.

**MELVILLE MISSIONARY SOCIETY HAD MEETING**

With 15 members and 6 visitors present, the WSCS of Melville Church met on Tuesday, Sept. 9. Mrs. T. O. Martin, president, was in charge.

After the business session, Mrs. Richard Lazure, program chairman, presented Mrs. E. B. Wiley and Mr. James Voss, guest speakers of the evening.

The subject, "Christ's Message for Today," was based on the Fifth Assembly of the Woman's Society of Christian Service held in St. Louis early in May. Mrs. Wiley, who attended the conference, gave interesting highlights of the world-wide convocation. One of the most impressive services was the dedication of deaconesses and missionaries whose assignments encircled the globe.

Mr. Voss, in a devotional message, stressed the need of Spirit-filled lives through which redemptive power may be released to bless the world.

**18,250 FISH RECEIVED BY LANDOWNERS**

Sixteen landowners of Lauderdale County received 18,250 broom fish this week. Landowners receiving fish were Tom Scott, Charlie Cates, Lynwood Grammer, J. A. Jennings, Eugene R. Anthony, C. S. Carney, W. T. Daniels, Tommy Evans and Paul Williams, all from near Ripley; E. H. Moore, Cliff Haltomb, W. H. Jordan and Archie Sanford, Henning; Anthony Fisher, Durhamville; J. N. Roberts, Double Bridges, and Joe Sumrow, Halls.

Another order of fish is expected later this fall. Fish are supplied by The United States Department of the Interior from the Federal Hatchery at Corning, Arkansas.

Bass fish will be received by these landowners in May or June of next year.

**SOCIAL SECURITY**

"The new amendments to the social security law for the first time make it possible for dependents of disabled workers to get social security benefits," N. Faris Vaden, district manager of the Dyersburg office of the Social Security Administration, stated today.

Disability insurance benefits have been payable to disabled workers 50 to 65 years of age since July, 1957. These disability insurance payments are equal in amount to the monthly old-age in-

urance benefit the worker would receive if he were already 65 years of age.

Under the new amendments, the disabled person's dependents will also be paid the same benefits they would receive if he were 65 and drawing benefits as a retired worker. Payments can be made to any of his children who are under age 18, or who have been totally disabled since before their 18th birthday; and to his wife, regardless of her age, if she has in her care children who are eligible for these dependents' benefits. If there is no child in the family eligible for benefits, the wife of a disabled person can qualify for benefits when she reaches 62.

"Before these payments can start," Mr. Vaden stated, "applications for the dependents' benefits must be filed with the social security district office." The address of the Dyersburg office is Social Security Administration, First Citizens National Bank Building, Dyersburg, Tenn.

**Spring of Fortune!**

In 1830 a hunter discovered a salt lick in Macon County, found game abundant, and settled down near a bubbling spring that contained a red sediment.

Ten years later another settler arrived. One day while building his cabin, he washed his infected eyes in water from the spring. His pain was relieved, and he continued to bathe his eyes in the spring until they were healed. As news of the marvel traveled about, other settlers came to drink or bathe in the waters. Thus Red Boiling Springs early became one of Tennessee's leading health resorts.

Just as some folk find the waters of a health resort soothing to body and mind, others find enjoyment in the light, bright beverage of moderation. To modern Tennesseans, beer is as much a part of homelife as a cup of coffee. At home or dining out, its good taste is always in good taste.

Mrs. Darrrel Cates read the 11th Psalms as the devotional. There were several items of business discussed, the two main ones being the buying of a cot and mattress for the school and the organizing of Boy Scouts. One of the Counselors from Ripley is to come out and help get this organization started. There will be some type of entertainment during the month of October to raise some money.

The meeting adjourned not to meet again until after the cotton picking season.

**MELVILLE MISSIONARY SOCIETY HAD MEETING**

With 15 members and 6 visitors present, the WSCS of Melville Church met on Tuesday, Sept. 9. Mrs. T. O. Martin, president, was in charge.

After the business session, Mrs. Richar Lazure, program chairman, presented Mrs. E. B. Wiley and Mr. James Voss, guest speakers of the evening.

"Before these paymen's can start," Mr. Vaden stated, "applications for the dependents' benefits must be filed with the social security district office." The address of the Dyersburg office is Social Security Administration, First Citizens National Bank Building, Dyersburg, Tenn.

### HILLIARD CHILD FALLS INTO DRAINAGE DITCH

Mr. and Mrs. Odell Hilliard received a scare late Friday afternoon, when their two year old daughter, Rita, fell into a ditch in front of their home. The Hilliard children had just finished supper and had gone out to play when a few minutes later Ryan

Hilliard ran into the house to tell his parents that his sister had fallen into the ditch. Mr. Hilliard was the first to reach his daughter, who was none the worse for the fall except a scare and plenty of mud.

The ditch had been dug last week in preparation for the curb and gutter which are being laid on that portion of West Main St.

### URGES PAYMENT OF COMMUNITY CLUB DUES

If you have not paid your dues to the Halls Community Club for 1958 they would appreciate you doing so before the year ends. We have paid a full time playground director this summer and funds are low. We are proud of the Youth Center and it is only through the support of the members that we are able to operate.

Additional members for 1958 whose names have not been published are:

- Mr. and Mrs. Gilreath Dyer
- Mr. and Mrs. E. G. Parker, Jr.
- Mr. and Mrs. W. C. Viar, Jr.
- Mr. and Mrs. B. C. Tatum

### Shrinks Hemorrhoids Without Surgery Stops Itch — Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain — without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all — results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne\*) — discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H.\* At all drug counters — money back guarantee. \*©

**BUTTON CLOVER**

by Earl R. West

Mr. E. M. Steelman of near Halls and Mr. Grady Cook of Nankipoo are sowing button clover this month. Button clover has not been used on many farms in Lauderdale County but the plant will grow and thrive on the well drained soils here.

Button clover was found growing wild near Lebanon, Tenn. in 1936. How it traveled from its native home in Europe to this location is apparently unknown. From this humble beginning, it has spread and is now used in many parts of the country. Hundreds of Tennessee farmers are using this winter legume in their farming program.

A dependable volunteering habit, after its crop has matured seed, enhances its value as a winter cover crop and green manure

crop. The thick mat of viney growth furnishes excellent ground cover for erosion control. Also, research results show that it provided one-third more vegetative matter to turn under than crimson clover and one-half more than vetch.

Sheep, cattle and hogs all relish button clover pasture. It is a good plant for supplemental winter and spring pasture. The plant can be used with oats for silage. Yields of from 8 to 15 tons of silage per acre have been reported.

Seed are selling from 44c to 50c per pound. For more information regarding button clover contact Earl R. West, Work Unit Conservationist, phone no. 347 at Ripley between the hours of 8 a. m. and 5 p. m. any weekday.

# Favorites Post Wins In Area

By JACK HILLIARD

Football, like measles, broke out all over the place this past weekend with the large majority of favorites coming off with victories. There were, however, a number of surprises.

Without a doubt the most lucked team in West Tennessee was Dresden as they took an 8-0 opening from Martin. Eddie Beverly paced the win with five touchdowns.

Jackson's highly rated Bears received a rude awakening at the hands of a fine Ripley team as the Tigers battled the Bruins down to the wire before losing 7-6 on a 73-yard pass play from Larry Wilson to Jimmy Williams. Halfback Williams plunged for the point after to wrap up the win.

Huntingdon's massive Mustangs murdered Paris 41-6 behind the bruising scoring of big Marshall Smith. Smith toed end zone dirt on five different occasions in the rout. The victory left Huntingdon unbeaten in three tilts.

Jimmy Anderson, Lexington's scoring flash, picked up his fifth TD of the year in leading the Tigers past an old rival Bruceton, 14-0. It was the third win of the year without a loss for Lexington.

Centerville moved in from Middle Tennessee to hand Decaturville its first loss of the season in five games. The score went 18-5 against the west side.

Savannah pulled the only real upset when they nudged Selmer 17-2. Freshman star Ronnie Adams tallied another TD for the winners to run his count to four for the year.

Centerville established itself as a real threat in the Big Ten as they bumped highly regarded Dyersburg 20-13. Phillip Dollar cashed in 12 big chips in the important victory for the Tide.

Big Ten defending champion Brownsville got off on the right foot by whitewashing Somerville 22-0. Larry Banks, usually the big scoring gun for the Tomcats, had to settle for a pair of extra points, but Tommy Clark took up the slack by scoring twice. Brownsville also picked up a safety.

Halls bowed before a superior Union City unit 26-0 on the strength of Roger Shore's three touchdown jaunts.

Elsewhere South Side picked up its first win of the year in beating Bolivar 6-0. It was Bolivar's fourth loss without a win. Gleason, of the Reelfoot Lake Conference, spanked Trezevant of the Vol Loop 13-0. Gleason's one-two scoring punch of Billy Chapel and Jerry Everett did the scoring.

Newbern won the annual battle with Munford 19-0 as Joe Leonard picked up all 19 points for the Choctaws in a 19-0 tussle for independent honors in West Tennessee.

### Sod Seeding Points

Sod seeders are being used more each year to place fertilizer and seed in rows down in the soil in permanent pastures to provide extra winter and spring grazing without disturbing the permanent sods which are so expensive to get established.

Best results are obtained when sod seeding is done in summer permanent pastures such as Ber-

muda and lespedeza in October after they have become dormant. The application of fertilizers containing at least 30 pounds of nitrogen and 30 pounds of phosphate in the row with the seed but slightly below it will bring extra yields of pasture and grain. Sod seeders have many advantages and can be used under many situations to provide extra winter pasturage and even grain crops.

### HOME FROM HOSPITAL

Miss Barbara Vaden was able to return home from Lauderdale County hospital Monday after being a patient there since Friday of last week. Miss Vaden was carried to the hospital as the result of a fall in the Vaden lawn on Tuesday of last week. At the time she was thought to have sprained

an ankle but x-rays revealed a fracture. Her ankle has been put in a cast and she planned to go back to school Thursday. She is the daughter of Mr. and Mrs. Judson Vaden and a member of

the Junior class of HHS.

## New Cotton Crop Allotment Plans Are Outlined

by W. B. Hall

Growers will have a choice between two allotment programs for the 1959 crop of Upland cotton, A. O. Chambers, Chairman of the Lauderdale County Agricultural Stabilization and Conservation Committee, said today.

The choice will be to:

(A) Observe the farm's regular upland cotton allotment — in which case the 1959-crop cotton will be eligible for price support at not less than 80 percent of parity, if marketing quotas are in effect; or

(B) Increase the farm's upland cotton acreage by not more than 40 percent over the regular allotment, with the cotton being eligible for price support at a lower level — 15 percent of parity less than the level available under the first choice.

When the 1959-crop price support levels are determined, the farm operators will be informed of the final date by which they must register their selection of Choice A or Choice B with the County ASC Office.

Price support on cotton from Choice A farms will be available only through a Commodity Credit Corporation purchase program. Price support from Choice B farms will be available through loans, purchases, or other operations.

If any person operates more than one farm with an upland cotton acreage allotment, he must elect the same choice for all his farms, the Chairman stated; the operator may, not elect Choice A for one farm and Choice B for another.

Mr. Chambers pointed out that the choice between two programs of farm allotments and price supports is provided by law only for the 1959 and 1960 upland cotton crops. After 1960, farmers will receive their regular cotton acreage allotments, and price support will be available at levels determined by the Secretary within specified limits (from 70 to 80 percent of parity for 1961, and from 65 to 90 percent of parity thereafter).

The minimum farm allotment for upland cotton is permanently established by the new legislation at the smaller (1) the farm's 1958 acreage allotment or (2) 10 acres.

## Tigers To Face Somerville Tonight

The Halls High Tigers will play the Fayette High Panthers of Somerville tonight on the Halls Field. Game time is 8 o'clock.

Both the Tigers and Somerville will be fighting for a chance to enter the win column for the first time this year. The Tigers have lost to Murray, Ky., 14-7, and Union City, 26-0, while Somerville has dropped games to Milan and Brownsville by scores of 19 to 12 and 22 to 0.

Rain last Friday night wiped out the scheduled game at Brownsville for the Tigers and the enforced layoff has given them an opportunity to recover from minor injuries suffered in the two previous games.

The game with Brownsville has been re-set for Monday night, Oct. 13.

## COMMUNITY CLUB PLANS THRIFT SHOP

Mrs. Jerry Puckett, president of Halls Community Club, has announced plans for a Thrift Shop to be operated by the Club on October 18 and October 25. The Thrift Shop will be located in the building on South Front St. formerly occupied by Halls Furniture Co. Anyone who will make donations of clothing, furniture toys, etc. are asked to call Mrs. F. E. Pugh at AD 4-7041 or Mrs. Puckett at AD 4-9237.

## Couple Injured In Crash Monday

Larry Robison, of Halls and Memphis, and Miss Marilyn Joyce Pearl of Memphis, were injured about 6 o'clock Monday morning when the Robison car skidded into an embankment on Highway 88 near the Edwin Wiley home. They were returning to their jobs in Memphis after spending the weekend with his mother, Mrs. F. O. Mynatt, of Halls, Route 2.

Miss Pearl received severe injuries to her back and has been placed in a cast in a Memphis hospital. Mr. Robison suffered numerous lacerations and a bruised knee but is not seriously injured.

Heavy fog and a slick road is said to have caused the car to skid from the highway into the bank. The car was badly damaged. A Sudbury ambulance answered the call.

## Ammons' Hogs Hog Prizes

Charles Peal  
Asst. County Agent

Four hundred and fifty-eight Lauderdale County 4-H members attended 4-H Day at the Mid-South Fair Saturday. Despite the rainy day, all activities were carried out and Lauderdale County did very well.

In the various judging events the livestock team composed of Larry Kiestler, Jerry Moore, Jerry Ammons and Raymond Neal placed fifth in the Mid-South in competition with 30 other teams. The crows team placed seventh and is made up of Mitchell Ammons, Don Ammons, Roger Harris and Larry Carter. Ronnie Floyd, Rannv Carma-k, Dwaine Becton and Bobby Duvall placed 17th in the dairy competition.

At 5:30 all judging participants were guests of the Memphis Chamber of Commerce. Here all the top judging teams were recognized and a plaque awarded the county having the most participation in the fair. Lauderdale county re- (Please Turn To Page 6)

## Mrs. Burch Griffin Died Saturday

Services for Mrs. Daisy May Griffin, former school teacher, were held at 3 Sunday afternoon at Curve Church of Christ. Burial was in Halls Cemetery with Halls Funeral Home in charge.

Mrs. Griffin, who was 74, died at 2 p. m. Saturday at her home in Dry Hill community. She had been ill 9 months.

A lifelong resident of Lauderdale County, she was the widow of Burch Griffin, landowner. She was a member of the Church of Christ.

Surviving is a son, Parker Griffin, of Dry Hill.

## LAUDERDALE PTA COUNCIL WILL MEET IN RIPLEY

The Lauderdale County PTA Council will meet at the Ripley Elementary School on Thursday morning, October 2, at 10 o'clock. Guest speaker will be Mrs. Bowen Naylor of Bells. Mrs. Naylor will present a study on the PTA Manual.

## ATTENDED WATERWORKS MEETING IN MEMPHIS

Joe Clyde Escue, superintendent of Town of Halls Utilities, was in Memphis Tuesday to attend a meeting of the Tennessee Kentucky District meeting of the American Waterworks Association. The meeting was held at the Peabody Hotel. Mrs. Escue accompanied him to the meeting.

## Sam Siegel Died In Memphis Tuesday

Word was received here Tuesday afternoon of the death of Sam Siegel, former Halls business man, at his home in Memphis following a heart attack. He was about 80.

Funeral services were at 10 on Thursday morning at National Funeral Home in Memphis with burial in Memphis. He is survived by a son, Abe Siegel, of Mississippi.

Mr. Siegel came to the United States from his native Russia at an early age. He moved to Morehead, Miss. and in 1917 came to Halls where he operated a hoop mill. Later he became interested in real estate and cotton gins and other business enterprises. Some 10 years ago he retired from business, moving to Cleveland, Ohio, and later returning to Memphis. His wife passed away about two years ago.

Gruff and abrupt spoken, Mr. Siegel was perhaps one of the most charitable men ever to live in Halls. He was active in the Red Cross, the USO while the Air Base was in operation here during World War II and also took an active interest in local political affairs.

## New Telephone Directories Here

Approximately 4160 new directories have just been delivered to homes and offices in Lauderdale County, according to Roger Gainer, manager for Southern Bell Telephone and Telegraph Company.

The new directory has a green cover, which makes it easily distinguishable from the old gray covered book.

The number of new directories delivered represents an increase of approximately 160 over the number of directories delivered last September.

"The classified section, printed on yellow pages just as in other cities, is a convenient source of useful business information. It will give telephone users a comprehensive and convenient guide arranged to provide a "Where to Buy It Reference Service", Mr. Gainer pointed out.

Mr. Gainer asked that telephone users refer to the new directory to obtain numbers. This helps avoid getting a wrong number, and frequently saves time. "Information" should be called only when the number is not listed in the directory.

## T. E. L. CLASS MEETING

On September 23 the T. E. L. Class of the Baptist Church met in the annex for its monthly social with 13 members present. Each carried a covered dish. An enjoyable time was had by all.

## Early Defoliating May Cut Yield

F. H. Paschal  
County Agent

Many farmers at this time have situations which make them wonder whether defoliation of cotton would be a profitable practice.

Defoliation can cut possible yields 25 percent or more if it is done too soon. Experiment Stations recommend that we wait until 55 to 60 percent of the bolls are open before applying chemicals to defoliate the cotton. They further recommend that the cotton have a yellowish cast, that some natural defoliation is already beginning, and that the top bolls be too tough to cut through the fiber cross-wise with a knife. When all these conditions apply, defoliation will not reduce yields and may prove beneficial.

Experienced people recommend that you defoliate at one time no more cotton than you can pick in a week and that you not pick too soon after the cotton is defoliated.

The recommended dust defoliants are AERO-Cyanamid and Sher-A-Leaf D. Dew is necessary to activate both of these dusts; so apply late in the day when the air is calm and when dew is expected that night. Use 25 lbs. of dust per acre. Spray defoliants are also available which should be used according to directions. **Early Pasture Seeding, Aid To Fall Grazing**

When should grazing be started on pastures which have been seeded this fall is the question many farmers will ask themselves.

If the pastures were seeded in August or early September on a well prepared seed bed with adequate fertilizer applied, there is a good chance for fall grazing, Joe D. Burns, UT assistant Extension agronomist says. Early grazing of these crops should be done with care to prevent injury to the stand and to insure a high yield of forage over a long period.

"Generally such crops should be at least 4 to 6 inches high before being grazed, and then only when the ground is dry enough to support the animals. Animals will trample wet land and will pull up many of the small plants," Burns explains.

"Very few of our pasture plants will grow old in cold weather and none of them will make enough growth to provide much grazing. This means that if winter grazing is to be had, the plants will have to be grown in the warm fall weather to build up growth to carry over into cold weather.

"When temporary pastures are grazed too early and are kept grazed into the ground before cold (Please Turn To Page 2)

## TIGER CUBS TO HOST BROWNSVILLE

The Halls Tiger Cubs will play hosts to the Brownsville freshman team next Tuesday night at 7:30 on the Halls Field.

With only three days of practice the Tigers got a 34-7 licking here Tuesday night by the Ripley High freshmen but showed promise of some future ability. Ripley scored four times in the first half and once in the last half while Cubs sent Goode 64 yards on a pitchout from Bubba Cannon in the second quarter. Larry Reynolds suffered a fractured arm in the game and was carried to Memphis for treatment Wednesday.

**MRS. HANSFORD HOSTESS TO MacDOWELL CLUB**

The beautiful home of Mrs. Marvin Hansford of Halls was the setting Tuesday night for the first meeting of the year of the MacDowell Music Club, of Dyersburg.

The meeting was called to order by the president, Mrs. Murray Blurton, after which the Club Collect was read in unison by the group. Minutes of the May meeting were read by Mrs. Billy Acred and the treasurer's report made by Mrs. James McAfee. It was announced that the district meeting of the Music Clubs will be in Dyersburg on October 18th with the Music Department of the Dyersburg Woman's Club as co-hostesses. This will be an all day meeting with Mrs. Murray Blurton serving as chairman of the meeting. Mrs. Ray Ashley was selected as delegate from the MacDowell Club to attend the meeting.

It was decided by the club members to continue sponsoring the MacDowell Club for the coming year. Pupils of Mrs. James Norton, Mrs. John Fisher and Mrs. James Brigham are members. "Introduction to Fall" was the theme for the musical program. The program opened with the Hymn of the month narrated by Mrs. Billy Acred and played by Miss Gwendolyn Cox. Group singing followed, "We Gather Together" accompanied by Mrs. Jimmy Brigham. "September Song" was played by Mrs. James McAfee. A vocal duet "Shine on Harvest Moon" was rendered by Mrs. Jeanne Jones and Mrs. Nap Brigham. A vocal solo, "Indian Summer" was presented by Mrs. Tom Banks. A vocal solo "Blond and Beautiful," (music by Ewing Reid) was sung by Mrs. James Norton.

**ORDER OF PUBLICATION**

TO Minnie Sue Palmore Halman Willford Clayton Hallman vs.

Minnie Sue Palmore Hallman In the County Court at Ripley, Tennessee.

In this cause it appearing to me from the bill filed herein which is sworn to, that the defendant, Minnie Sue Palmore Hallman, is a non-resident of the State of Tennessee, and resident of the State of California, so that the ordinary process of law cannot be served on her. It is therefore ordered by the Court that the said Minnie Sue Palmore Hallman appear before the Judge of the County Court of Lauderdale County on or before the first Monday in October (it being the 6th day of said month and a rule day of that term of this Court) and make defense to the bill filed herein against her, or the same will be taken for confessed as true and the cause set for hearing exparte as to her.

It is further ordered that this notice be published in the Halls Graphic, a newspaper printed and published in Lauderdale County, for four consecutive weeks, requiring her to so appear.

This 3rd day of Sept., 1958.  
N. C. UTLEY, Clerk

weather, fall production may be cut as much as 50 to 70 percent. Rotational grazing is one method which gives the pasture a chance to recover. Another practice which dairymen use is to allow the milking cows to graze only a short time each day on temporary pasture. This practice provides high quality forage, protects the stand and gives the plants a chance to produce high yields before cold weather starts."

THE GREAT BELL FLEET is just that! Over 85,000 cars and trucks are used by the Bell System—the largest private automotive fleet in the world. Of this total, over 10,000 of these vehicles are in use in Southern Bell's nine-state area. They're a familiar sight as they roll through the highways and byways of our land, and in times of emergency or disaster they're often first on the scene. Bearing the Southern Bell emblem, this great fleet is a symbol of progress and good telephone service to all of us wherever we live.

**SAFE DRIVING** is a habit. With school days underway, it's a good time for all of us to get the habit of driving carefully, especially near school zones and playgrounds. Each year traffic deaths of children alone add up to a terrible toll—a fact that should remind each of us to drive with extreme care. Drivers of telephone cars and trucks can be counted on to set a good example ... because safe driving is part of every telephone employee's training. Southern Bell is proud of the record of its drivers who have helped earn for the Bell System the nation's top safety award for the sixth time in seven years ... the Award of Honor by the National Safety Council.

**THERE GOES DAD!** Racing from the shower to answer the phone! Now wouldn't it be wonderful to have a convenient extension phone right there in the bathroom? And wherever you need them, you'll find colorful extension phones make living so much easier. In the kitchen ... bedroom ... den ... enjoy extra phones where you work, sleep,

live. The cost is really low. The convenience great. And, they're available in pastels and other beautiful colors. To order as many as you'd like, call our Business Office any time.

**BRIDE-ELECT HONORED  
WITH LUNCHEON**

Miss Peggy Wood, popular bride-elect of Dr. Sanford Truitt, was again honored Friday at noon when Miss Byrd Sloan entertained with a luncheon at her home in Gates.

A color scheme of yellow and green was used in the table decorations. A low crystal bowl of yellow specimen marigolds and fern formed the centerpiece on the lace draped table with match-

ing candles in crystal holders. The flowers were from the garden of Miss Mattie Lee. Green and yellow nut cups filled with nuts served as favors and place cards.

Covers were laid for Mrs. Estol Wood, Mrs. Finis Hardy, Mrs. Brasfield Wood, Mrs. N. A. Sloan, the honoree and the hostess.

The hostess' gift to Miss Wood was a silver gravy ladle.

The honoree was most attractively gowned in a dark cotton chemise frock. She had pinned a gift corsage of white carnations on her shoulder.

**CARD OF THANKS**

We wish to take this opportunity to thank our friends for their flowers and kind wishes during my recent illness and stay in Vanderbilt Hospital in Nashville.

May God bless you all.

**MISS WOOD, DR. TRUITT EXCHANGE VOWS**

A wedding of sweet simplicity and charm was solemnized at the Methodist Church in Gates Sunday afternoon, September twenty-first, at four o'clock when Miss Peggy Jean Wood, daughter of Mr. and Mrs. Estol Wood, became the bride of Dr. Sanford Truitt of Martin, son of George Truitt and the late Mrs. Truitt of Memphis.

The Rev. John Lewis, pastor of the church, performed the most impressive double ring ceremony.

Tall floor baskets of large white chrysanthemums with a background of ferns, southern smilax entwining wrought iron candelabra holding flowing white tapers lit by Preston Kizer made a most attractive setting for the wedding.

Miss Byrd Sloan, pianist, presented the nuptial music playing, "O Sweet Mystery of Life" by Herbert, "Sweetest Story Ever Told" by Stutts, and "Sunshine of Your Smile" by Ray. The traditional wedding marches were used. Miss Sloan wore a blue lace

frock with a corsage of pink carnations. The bride was a radiance of loveliness as she descended the aisle to the altar on the arm of her father who gave her in marriage. She wore an original gown of bridal satin cut on princess lines with embroidered inlays in the skirt. Her finger tip veil was of illusion. She carried a purple throated white orchid with tube roses in shower effect and wore a single strand of pearls.

The groom's father served him as best man. The bride's mother, Mrs. Wood, wore a two piece dress of dark blue crepe with a purple orchid corsage. The groom's step-mother wore a gray faille frock with purple orchid corsage.

Following the wedding a reception was held at the home of the bride's parents. The house was made more attractive with bouquets of late summer flowers. Punch, cookies and mints were served from a lovely appointed table by Mrs. Jack Wood and Mrs. Preston Kizer.

The couple left for a honeymoon trip to Florida and other points in the south. On their return they will live in Martin where Dr. Truitt is engaged in the practice of dentistry.

Out of town guests were Mr. and Mrs. George Truitt, Mr. and Mrs. Frank Maness, Mr. and Mrs. Charles Askew and daughter, Lucy Ann, Miss Lynne Agee, Miss Jackie Houston of Memphis; Mr. and Mrs. John Wood, Mrs. Carylon Satterfield of Trenton; Mr. and Mrs. Jack Wood of Clinton, Ky.; Mrs. Blanche Hellen of Ripley, Mrs. L. R. Viar and daughters, Ann, Judy and Becky of Halls.

**Jerry Ammons Sweeps Mid-South Fair Junior Poland China Show**  
 Fresh from the West Tennessee District Fair where he did extra well, Jerry not only did well in showmanship at the Mid-South Fair, but his hogs presented themselves well, too, as he placed first in all classes but two and had the Grand Champion boar and the Junior and Senior Champion sow automatically gave him the Grand Champion in the sow class, too.

In the open show Tuesday, Jerry placed a pig in each class but two. He did well, even beating some of the more professional breeders several times. Stiff competition is evident in this show

#### TRUSTEE'S NOTICE OF SALE

WHEREAS on April 29, 1954, by Deed of Trust recorded in Record Book 8, pages 403 4, of the Register's Office for Lauderdale County, Tennessee, Roy Hilliard, Jr. and wife, Ruth Hilliard, and Darr-el Hilliard and wife, Frances Hilliard, conveyed to O. J. Nunn, Trustee, the hereinafter described realty to secure the payment of three promissory notes in the total amount of \$3,508.00, which notes were dated April 29, 1954, with the first note in the amount of \$1,328.00 due January 10, 1955, the second note in the amount of \$1,120.00 due January 10, 1956, and the third note in the amount of \$1,060.00 due January 10, 1957, which notes bear interest from due date until now at the rate of 6 percent per annum after maturity, and which notes provided for reasonable attorney's fee if placed in the hands of an attorney for collection, and WHEREAS default has been made in the payment of said indebtedness and the holder of said indebtedness has declared the entire amount due and payable as provided in said Deed of Trust and has directed the Trustee to foreclose the Deed of Trust in accordance with the terms thereof.

NOW, THEREFORE, the public is hereby notified that the undersigned Trustee will sell the hereinafter described realty to the highest and best bidder for cash at the north door of the Bank of Halls in Halls, Tennessee at 10:00 o'clock A. M. on

FRIDAY, OCTOBER 3, 1958

said property to be sold being free from all equities of redemption, re-purchase, homestead, and dower and being described as follows, to-wit:

Situated in the Town of Halls, 12th Civil District of Lauderdale County, Tennessee, and beginning at a stake in the south margin of the sidewalk on Main Street, the same being Sterling Martin's southeast corner and the southwest corner of the described lot, runs thence north with the center of the wall of Sterling Martin's store building, the same being Martin's east line 97 2-3 feet to a stake; thence east 25 feet to a stake in Miss Jessie Green's northwest corner; thence south with the center of Miss Jessie Green's west wall 97 2-3 feet to a stake in the south margin of the above mentioned sidewalk; thence west with the south margin of said sidewalk 25 feet to the beginning.

This being the same land conveyed to Judson L. Vaden and wife by deed of record in the Register's Office for Lauderdale County, Tennessee, in Deed Book M-4 at pages 323-4.

This being also the same property conveyed to Roy Hilliard, Jr. and Darr-el Hilliard by Trustee's Deed from Latta Richards, Trustee, said deed dated April 29, 1954.

Title to the above described property is believed to be good, but the Trustee is selling and conveying the above described property as Trustee only, and Trustee's Deed of conveyance will be executed for the same.

This the 5th day of September, 1958.

O. J. NUNN, Trustee  
 PALMER & WALKER, Attys.  
 9-26-58

as there were more Poland Chinas at the Mid-South Fair than any other breed.

### Earl West Heads Conservation Group

Earl R. West, Work Unit Conservation Service of Lauderdale County, has been elected Chairman of The West Tennessee Chapter of the Soil Conservation Society of America.

The Soil Conservation Society of America is dedicated to the promotion and advancement of renewable natural resources conservation to the end that water, soil, grass, forests and wildlife, in abundance, may be used and enjoyed by mankind forever. The Society is founded on the knowledge and belief that these renewable resources are indispensable to the support and growth of strong, prosperous free nations; that they are interrelated and interdependent — inseparable one from the other; and that their everlasting abundance is dependent on the development, coordination and proficient application of the several arts, sciences and professions dealing with the promotion of good resource management. Toward the early attainment of this goal, the Soil Conservation Society of America pledges the direction of its energies and facilities.

The West Tennessee Chapter of the Society was organized in 1955. The Chapter has had three meetings each year. The membership is made up of representatives from the Forest Service, Fish and Wildlife Service, Banks, Soil Conservation District Supervisors, and the Soil Conservation Service. Any person interested in the conservation of the natural resources is eligible to join the Society.

Application blanks for membership may be obtained from Mr. West at the Courthouse, Ripley, Tennessee. The National dues are \$5.00 per year and the Chapter dues are \$1.00. Persons that are members of the National Society receive the Journal of Soil and Water Conservation.

#### LETTER WRITING WEEK

International Letter Writing Week will be celebrated in Halls during the week of Oct. 5 to 11, Postmaster E. J. Shannon announced today.

### Zemo Great for Minor Burns, Cuts

Zemo, a doctor's formula, liquid or ointment, soothes, helps heal minor burns, cuts, bruises. Family antiseptic, eases itch of surface rashes, eczema, teen-age pimples, athlete's foot. Stops scratching, so aids faster healing. For stubborn cases, get Extra Strength Zemo.

Postmaster Shannon explained that by participating both International and National Letter Writing Week this worthwhile objective is promoted between all peoples everywhere. "As we all know, Mr. Shannon said, "a personal letter is next to an actual visit, the most intimate means we have to communicate with our fellow human beings.

Letters between our citizens and between peoples of different nations are a sure method of establishing friendly relationships and understandings. I urge all citizens of Halls to join in this celebration of International Letter Writing Week and at the same time don't overlook your friends and relatives in America!"
