REMAP PLANS SNIP LAUDERDALE HOUSE SEAT

Confidential Corner

By Henry Murchison

This Changing World
Change is always apparent in this world but we wonder about a change which we noticed Tuesday of this week.

For years construction firms have used flagmen to control traffic while working on busy highways, but Tuesday we found something new. At the edge of Covington two young "gals" were the flagmen!

We wonder if this isn't going to slow production!

Reason For The Delay

You will remember in last week's Graphic we pondered about the delay in paving the parking areas along Front Street.

Mayor Jerre Jordan has informed us that while the Illinois Central Railroad has approved use of their property, no official confirmation or lease agreement has been received and work is being delayed until these have been completed.

He assures us that he will rush matters as much as is possible.

Don't Shoot Air Rifles

City Marshal Frank Moore has asked The Graphic to warn youngsters of Halls that shooting air rifles within the city limits is both dangerous and a violation of a city ordinance.

He stated that he has received reports of broken windows and other damage caused by air rifles. He asks the cooperation of parents in seeing that their youngsters do not shoot the rifles within the city limits.

Please Be Careful

We're sure that every Halls motorist is aware that school is out and children are on the streets, but may we remind each of you to be extra careful now.

Despite the efforts of parents, children are prone to forget and dart out in front of your car. Drive slowly and carefully.

Not Enough

Local farmers were happy to see the rains during the past few days, but most of them report that much more is needed.

Happy News

We read in a daily newspaper that paving of the new strip on the four-laning of Highway 51 between Millington and Lucy is due to be completed by July 15th.

This is happy news for us who wonder just when the four-lanes from just west of Halls to Dyersburg will be paved and opened to the public. Seems to be an extremely long time between the building of the bridges, and completion of the dirt work, and the highway's being made available for use.

Jerry Tomlinson In 'Grand Slam I'

PFC Jerry W. Tomlinson, son of Mrs. Nona F. Tomlinson, of 120 N. Church, Halls, took part in Grand Slam I, five-day Army exercise in Germany, involving headquarters units of German, French and U. S. forces.

Tomlinson, a corporan at the 15th Evacuation Hospital, Munchweiler, entered the Army in June, 1959 and arrived overseas in May, 1960.

The 19-year-old soldier attended Paducah, Ky.'s Tighman High School.

Miss Evalyn Smith Receiving Degree

Miss Evalyn Smith, of Halls, will receive a bachelor of science degree in education Sunday from the University of Tennessee, Knoxville. Gov. Buford Ellington is to deliver the commencement address.

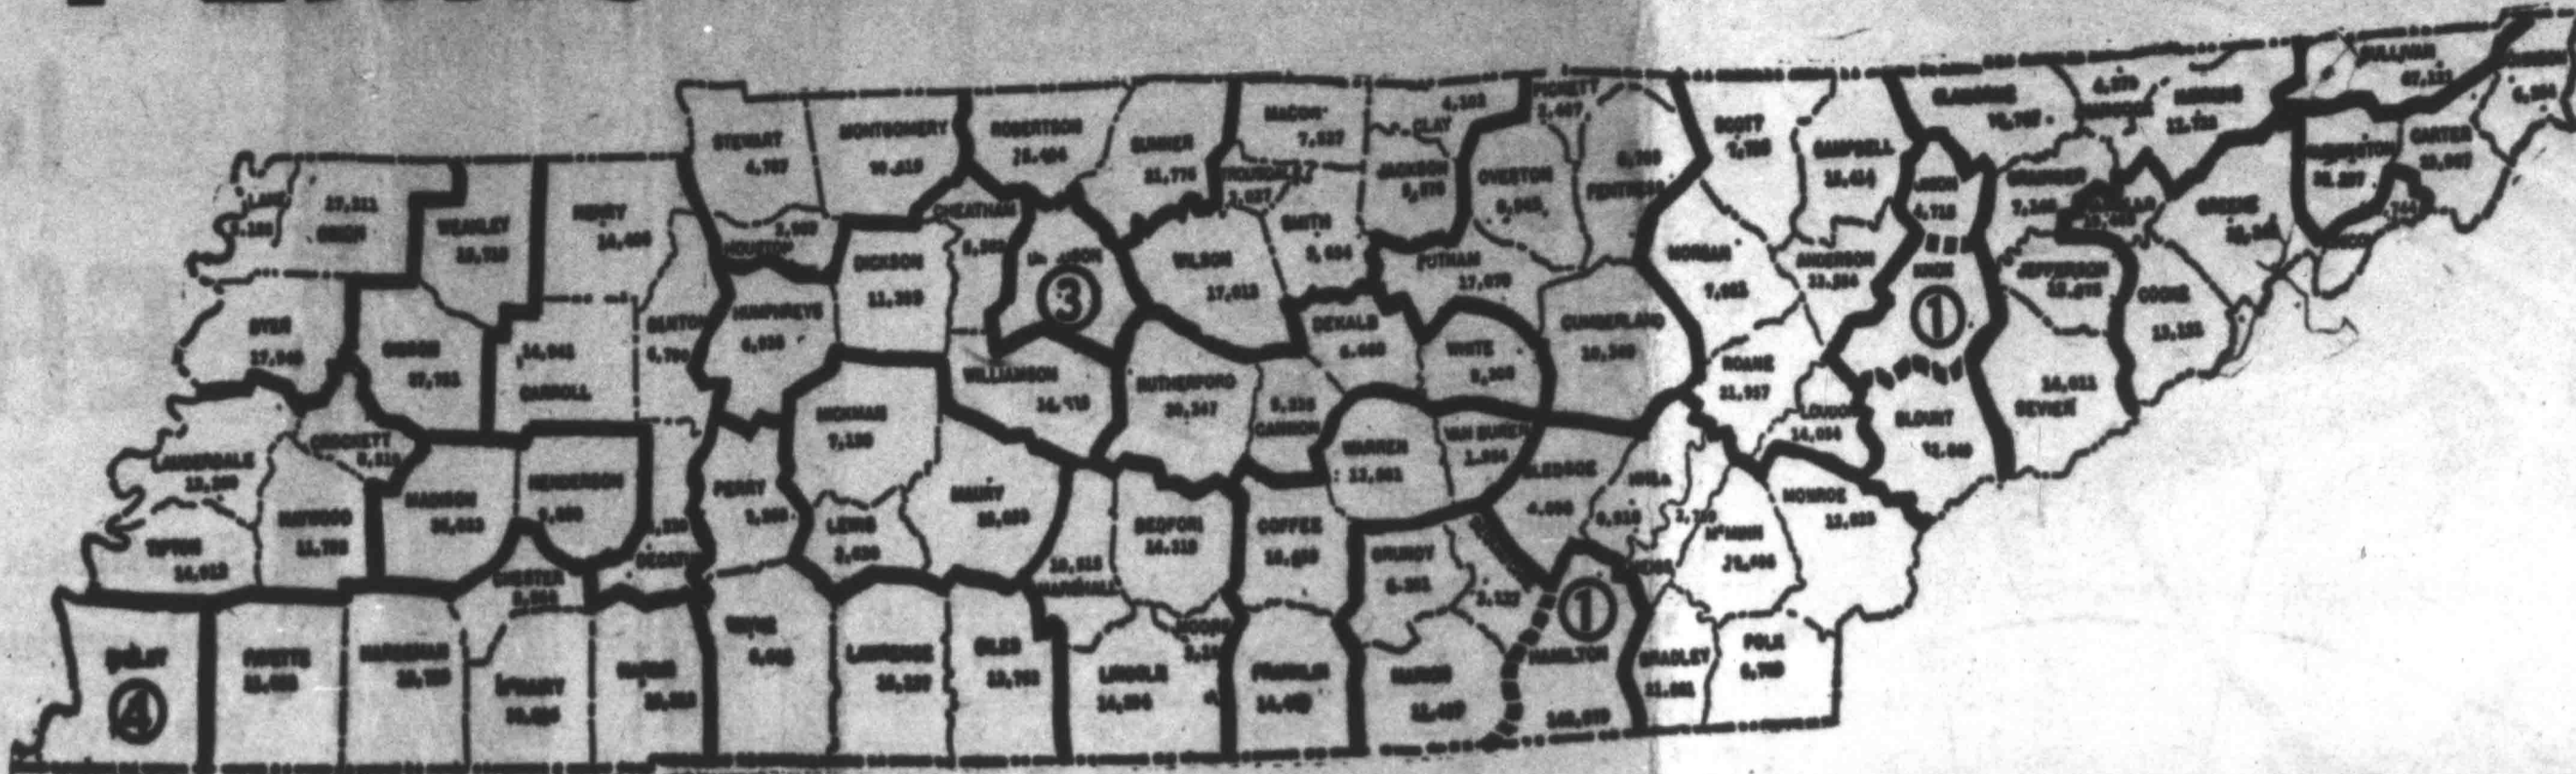

B. D. Degree For Chas. M. Haynes

Charles M. Haynes, son of Mr. and Mrs. W. M. Haynes, of Halls, took his bachelor of divinity degree Monday from Southern Methodist University, Dallas, Tex. He was a 1954 graduate from Ripley High School.

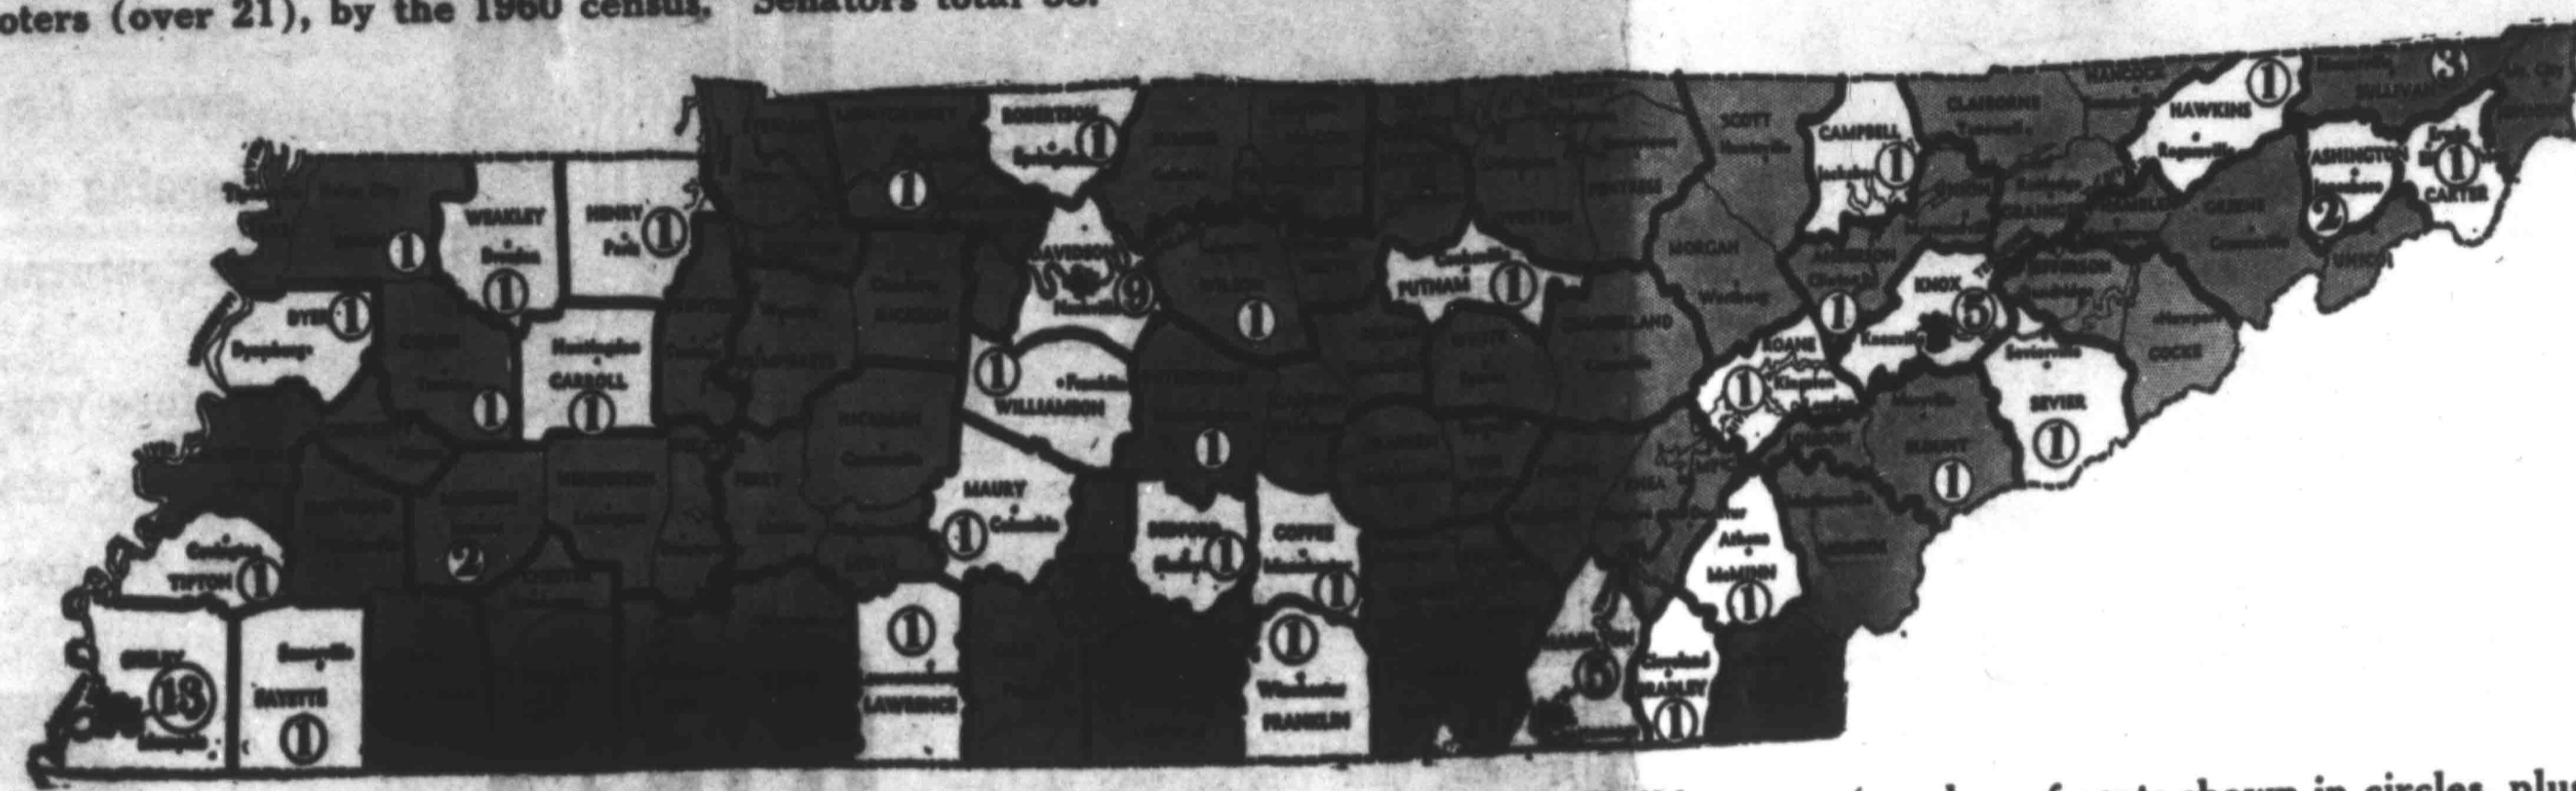

Garner Receives Ole Miss Degree

Thomas F. Garner, Jr., of Ripley, will receive the bachelor of business administration degree Sunday from the University of Mississippi, Oxford.

The university's 114th year will end with nearly 700 candidates for undergraduate and graduate degrees. Chancellor J. D. Williams will confer the honors.

THE SENATE PLAN—The Baird bill allots one Senate seat to each district enclosed within solid black lines, but gives Shelby four, Davidson three, and Knox and Hamilton one additional to their representation in their districts. Figures in counties denote eligible voters (over 21), by the 1960 census. Senators total 33.

THE HOUSE PLAN—The Bomar bill allots counties House seats for each 14,093 eligible voters (number of seats shown in circles, plus one each for Hamblen, Greene, Lincoln, and Sumner), gives Fayette County an unearned seat, then adds 28 flatorial seats for shaded districts created from smaller counties (the heavy lines are district boundaries). Representatives total 99.

Baird Seeks Vote In Senate Friday

Special

NASHVILLE, May 31 — Reapportionment proposals introduced by both House and Senate majorities would strip Lauderdale County of its direct representative's seat.

Lt. Gov. William D. Baird, speaker of the Senate, plans to call for a vote Friday on his bill to reassign the Senate's seats. James L. Bomar, House speaker, indicated Wednesday he plans no House vote until next week on his bill to reassign House seats.

The bills are companion measures representing rural county legislators, who now control the General Assembly, and would give urban areas less than their due under strictly constitutional reapportionment of representation. The bills' sponsors, in each house, represent enough votes for their passage.

The Bomar bill would give one House seat to the counties of Lauderdale and Crockett, which compare thus:

	1960 Census Population	Per Cent Of Total
Lauderdale	21,844	59.9%
Crockett	14,594	40.1%
Total	36,438	100.0%
	1960 Census Eligible Voters	Per Cent Of Total
Lauderdale	12,289	59.1%
Crockett	8,519	40.9%
Total	20,808	100.0%
	Vote, 1960 U. S. Senate Primary	Per Cent Of Total
Lauderdale	6,461	62.3%
Crockett	3,913	37.7%
Total	10,374	100.0%

Lauderdale has previously shared a flatorial seat with Tipton County, whose 1960 census population was 28,564, but this seat was rotated between the counties. Whether the proposed flatorial seat would be rotated, no one yet knows. Rotation is by agreement between counties.

The Baird bill would give one Senate seat to Lauderdale, Tipton, Haywood, and Crockett Counties:

	1960 Census Population	Per Cent Of Total
Lauderdale	21,844	24.7%
Tipton	28,564	32.3%
Haywood	23,393	26.5%
Crockett	14,594	16.5%
Total	88,395	100.0%
	1960 Census Eligible Voters	Per Cent Of Total
Lauderdale	12,289	25.9%
Tipton	14,912	31.4%
Haywood	11,792	24.8%
Crockett	8,519	17.9%
Total	47,512	100.0%
	Vote, 1960 U. S. Senate Primary	Per Cent Of Total
Lauderdale	6,461	30.6%
Tipton	7,045	33.3%
Haywood	3,724	17.6%
Crockett	3,913	18.5%
Total	21,143	100.0%

Again this seat might be rotated, or might not. If it were not, past performance would suggest that Lauderdale and Tipton would each furnish about one third of the votes in the district, with Haywood and Crockett almost equally dividing the others.

Heavy negro population in Haywood slashes eligible voter totals, because negro families have more children not yet 21. Restricted negro voting registrations held the county's primary vote down in 1960, so that Crockett actually outvoted it.

This situation will change, of course, as Haywood increases negro voter registrations. Upward registration trends will increase the county's weight in any flatorial district.

The negro factor has counted heavily in Fayette County, with a census figure of 24,577, but with only 11,652 eligible voters—fewer than Lauderdale. Presumably because of this distorted relationship, the Bomar bill would award Fayette a direct seat in the House, while denying one to Loudon County, for example, with 14,054 eligible voters.

Lauderdale has previously rotated a Senate seat with Crockett and Dyer Counties. Dyer's 1960 census total was 29,537.

There are several other reapportionment proposals, none with visible chances of passage. The Oakley bill would give each of the 95 counties in Tennessee one House seat, reapportioning the Senate strictly on population. Urban legislators propose a plan representing their "minimum" requirements, under which Lauderdale and Lake Counties would share one flatorial House seat and Lauderdale, Dyer, Crockett and Tipton would share a flatorial Senate seat.

Ag Council Dinner At Memphis Hotel To Honor Arwood

Cotton Production Winner; Bethesda Farmer Already Raising Sights For '62

By F. H. Paschal

J. Wayne Griggs, president of the Tennessee Agricultural Council, this week invited Cornelius Arwood, of Bethesda, to attend the seventh annual meeting of the Council Friday night at the Chisca Hotel in Memphis, to receive his first place award as West Tennessee winner of the total-farm cotton production contest sponsored jointly last year by the Council and the Extension Service.

Mr. Arwood made an average yield of 993 pounds of lint cotton per acre on 37.7 acres. He is already working toward making still higher yields for 1962.

As county agent of the winner, F. H. Paschal is invited to attend this meeting with Mr. Arwood. James W. Porter, TAC director, and other members from this county will also attend this meeting.

More New Practices

C. A. Anthony, Jr., and Jack Crutcher, of Henning, this week applied a mixture of Diuron and Surf-Aid to small weeds and grass in cotton to bring them under control without cultivation and without injury to the cotton.

Mr. Anthony used Karmex wettable powder in solution and applied it to the whole surface of the ground, using speed fenders to keep the solution from getting on the cotton. Results appeared to be entirely satisfactory.

Mr. Crutcher applied a solution of Karmex DL with the same type of sprayer used for applying herbicidal oil. The purpose of these sprays is to kill small grass and weeds and also prevent germination of crab grass and most of the other annual weeds which must be chopped out of cotton.

Aulele Brackin, of Durhamville, is applying five gallons of oil per acre just to the band previously sprayed with a pre-emergence solution. This oiling costs about \$1.10 per acre for the material.

Farmers will be interested in watching results of these practices.

Army Worm Warning

R. P. Mullett, Extension entomologist, issued warnings this week that army worms are appearing in light-trap catches over the state. He advised farmers to watch for them in small grain fields and pastures.

To find the worms, get down on the ground and search closely. The worms usually feed at night and hide during the day. It is better to find the worms when they are small.

Fumigants should be applied when three worms per square foot are present. Toxaphene can be used on small grain crops to be used for grain. Sevin can be used on grain crops to be used for hay, pasture, or silage.

Livestock Producers Meet

Russell Evans has called a meeting of directors of Lauderdale County Livestock Association at the county agent's office at 7:30

9 Of 12 Bookmobile Points Up Usage; Halls Sets Pace

Nine of twelve Bookmobile stations in Lauderdale County had increased book circulation between Feb. 28th and May 24th, the Bookmobile visit last week noted.

Halls readers drew 260 books from the mayor's office for top rank. Henning's deposit, at B&B Dept. Store, circumscribed 179 books. Close behind were Graves Chapel (Mrs. A. K. Currie's home), with 152 and a preponderance of non-fiction books circulated, and Edith (Perry's Store), with 148.

Nankipoo (Tillman's Store) used 86 books. Orysa (Mathias' Store) 71. Cherry (Winn's Store) 39. Arp (Grime's Store) 33. Low usage was reported from McBride's Store, Tillman's Store, Flippin, the Fort Pillow State Penal Farm, and the Extension Service.

Fort Pillow—for residents, not prisoners, who have their own prison library—has been closed and its patrons referred to Cherry.

Circulation totaled 994, with 236 juveniles and 140 adult non-fiction titles included.

Sugar Hill, Lauderdale County Library reported 1,693 books circulated during this period, for a total usage of 2,677.

The Bookmobile service is sponsored by the central library in Ripley to make books accessible to every Lauderdale County community which wants them.

Pool Opening Due Sunday Afternoon

Dale Overton, Halls Swimming Pool manager, says it will open at 1 p. m. Sunday.

Work to get the pool ready will not permit the June 1st opening originally planned.

Red Cross swimming classes will be announced later, the pool manager says.

The pool will be open until late Sunday evening, June 10th, and after that will be open every day except Monday.

p. m. Tuesday to plan activities for the next few months and especially to make important decisions on feeder calf sales to be held in October.

New Bean Treatment

Stem and pod Anthracnose on lima beans can be controlled by applying once a week, beginning at bloom time, a solution of two pounds of Manzate in 100 gallons of water for each acre of lima beans and repeating each week until harvest.

This is the first treatment that has been found effective against this disease which ruins many acres of lima beans. More details are available at the county agent's office.

Ministers' School Announced

The seventh annual summer school for town and country ministers will be held at the University of Tennessee at Knoxville July 8-15th.

The purpose of the school is to help rural and urban ministers and laymen to better understand the problems facing people in fast-changing rural and suburban areas. Get more information by writing Mr. Brimm, Box 1071, Knoxville 7, Tenn.

Dr. Pennington Is Union University Degree Honoree

Famed Scientist Presented An Honorary Doctorate In Jackson Commencement

The following citation was read Monday by Dean F. E. Wright, of Union University at Jackson, in presenting Dr. William A. Pennington, son of Nankipoo, to Dr. Warren F. Jones, Union president, during annual commencement exercises:

"President Jones, I present to you William Alvin Pennington in order that you may confer upon him the honorary degree—Doctor of Science.

"William Alvin Pennington received a Bachelor of Science degree from Union University in 1925. As a college student he was active in campus organizations. He was leader of the Four Square League of America, the G. M. Savage Society, the Nestor Club, and as football letterman, he was a member of the 'U' Club. He was assistant in the chemistry department.

"He served on the staff of 'Let Us Forget,' was president of the Student Body his senior year. He competed for a Strickland Oratorical medal in 1925. At the time of his commencement program, his diploma carried the notation that he was a cum laude graduate.

"William Alvin Pennington is a distinguished scientist. He has made important contributions to the field of refrigeration through his inventions and many articles that he has written in the fields of metals and chemistry. He has worked actively in the American Society of Metals for more than 25 years, achieving the high honor of 'Let Us Forget' as its president in 1960-61.

He has served on committees too numerous to name, some on the national and international levels. He holds membership in many scholarly and professional organizations, including Alpha Chi Sigma, Phi Lambda Upsilon, Sigma Xi, the American Chemical Society, the Faraday Society, the American Association for the Advancement of Science. He is listed in both the 'American Men of Science' and the 'International Yearbook and Statesmen's Who's Who'.

"Dr. Pennington is praised by his colleagues who know him as a man of international stature, outstanding in science and education. One says of him, 'He has proven his ability as a first-rate scientist but in addition he has been able to translate his work as an educator.' He is called a man of vision, courage and direct honesty but with a kindness of spirit that encourages others to study with him."

"Such is the man who stands here today honoring us as we honor him."

"In view of the foregoing statements, it is the recommendation of a joint Faculty-Administration Committee and the Board of Trustees that you confer upon William Alvin Pennington the honorary degree of Doctor of Science."

Dr. Pennington is professor of metallurgy and chemical engineering at the University of Maryland, consulting Company commentator, and Dr. Fred T. Wood, of Memphis, were others awarded honorary degrees. Dr. Harvey was the speaker.

Back Pay Sought From Ripley Mfg.; 7 Of 13 Hiring Complaints Rejected

Reeves R. Hilton, National Labor Relations Board trial examiner, has advised the Board to order Ripley Mfg. Co. to "make whole" loss of pay any employee suffered during a shutdown of the firm from April 28th through June 7th of last year, because the "precipitate" shutdown "was taken to discourage organization."

The firm says that about 100 employees are involved for one week's loss of pay, and lesser numbers for longer periods. Employees were called back gradually during the five-week period.

The examiner also recommended the garment company be required to reinstate to "their former or substantially equivalent positions," without pay loss, six of the thirteen individuals whom the union claimed were denied employment by the firm because they had exhibited union sympathies. The six are Aunita Emerson, Florence Reece, and Jean Russell, all of Route 1, Gates, Evelyn Escue, of Route 2, Gates, Rubye Garrett, of Halls, and Joseph Medile, of Henning.

The examiner rejected complaints of discrimination in employment against Hattie Kilpatrick and Ruth Steelman, both of Route 1, Gates; Evelyn Scallions, of Route 2, Gates; Josie Hill, of Gates; Zola Dew, of Halls; Lillian Howard, of Route 1, Ripley; and Grace Belton, of Memphis.

Candidate Kimble Issues Statement

I would like to take this moment to contact each of you in case I am not able to see each of you in person, as I am farming and running for this office, too.

I am asking you to vote for me and promise you I will do all in my power to make you a good sheriff.

I will devote all my time in doing for the people of this county and will help you in every day possible. I would want you to feel free to call on me at any time.

I was born and reared in Lauderdale County and as most of you know, I am handicapped and I really need this job.

I am married to the former Corinne Travis, of Gates. She is a member of the 1934 graduating class of Halls High School.

I have one daughter and two grandchildren. I am a member of the First Baptist Church of Ripley, and attended Ripley High School.

I am asking you to please vote for me for sheriff of Lauderdale County on Aug. 2nd. I will certainly appreciate this.

JULIUS KIMBLE.

J. K. Goodson Into Constable Voting

Halls City Marshal J. K. Goodson is announcing his candidacy for constable of the county's 12th Civil District in the general election Aug. 2nd.

Mr. Goodson has many years of experience as a peace officer, both as city marshal and deputy sheriff.

Mark Criffield is the present constable for the district.

Nolan Criner Will Run For Register

Nolan Criner, of Ripley, will announce next week his candidacy for register in general election voting Aug. 2nd, he said Thursday. He seeks to succeed the incumbent C. Lyle Durham, who is a candidate for re-election.

County on Aug. 2nd. I will certainly appreciate this.

JULIUS KIMBLE.

GARRETT D. SMITH (right), fireman apprentice—son of Mr. and Mrs. Joseph O. Smith, of Route 1, Gates—is welcomed to Whiting Field Naval Auxiliary Air Station, Milton, Fla., by Cmdr. M. F. Barfield, its executive officer. Whiting Field trains student pilots in instruments and tactics. Smith attended Halls High School before he entered the Navy in January.

A REPORT FROM THE GOVERNOR

It was a real pleasure for me to
be in Washington last week to par-
ticipate in a conference called by
President Kennedy to discuss the
conservation of natural resources
during the 1960's. Because you
might be interested in some of the
information concerning Tennessee
which was presented at this meet-
ing, I am including excerpts of my
statement in this report.

About half of Tennessee is in
woodlands and most of this has
been cut over at some time in the
past. Our forests are a significant
part of our economic base and we
are improving them through fire
protection and reforestation activ-
ities involving the planting of more
than 50 million seedlings a year.

It may come as somewhat of a
surprise to some that we have ap-
proximately 10,000 miles of shore-
line on the various lakes in our
state. This combination of land
and water represents a new re-
source, much of which has come
into being within the past 25 years.

While this has had profound ef-
fects on our conservation programs
and achievements thus far, our fu-
ture is dependent in no small de-
gree on Tennessee's conservation
programs and the Federal-State
relationships pertaining to these
waters and adjacent shoreland areas.

As a measure of importance of
this land-water resource, let us
note that more than 100 waterfront
plants, representing more than
\$750 million have been built along
the Tennessee River waterfront in
the past decade.

In addition, numerous waterfront
areas having great industrial po-
tential have been subdivided into
residential or recreational pur-
poses.

The remaining prime industrial
sites along the Tennessee and Cum-
berland could suffer the same fate
and realization of this has spurred
interest in a program of joint state,
federal, local action to preserve
such areas for future industrial ex-
pansion.

Our program of state parks has
received great impetus by the con-
struction of dams and reservoirs in
various sections of the state.

As of the present time, 290 acres
across these lakes of these areas
have passed into state custody and
will be permanently held for the
enjoyment of all the people who
might wish to make use of them.

To date 115 have been improved
with land access and shoreline
treatment. The job is to be done
but we are proud of the progress
to date.

These areas lakes built by and for
the people of the United States and
we intend that the general public
have access to them, and that ac-
cess not be limited to those so for-
tunate as to own a stretch of shore-
line.

The solutions to conservation
and resource program problems do
not always come readily from spe-
cialized study by the program
agencies themselves. Broad plan-
ning study, dealing with a region
and its resources and capabilities
in relation to each other and to
the needs of society can show the
way to resolve conflicts and for the
various programs to make their
contribution to desirable goals.

The Department of Revenue re-
cently released its collection fig-
ures for April, and it was encour-

aging to see that they still con-
tinue their upward trend.

This April the collections were
up more than three million dollars
over last April, an 8.08 per cent
increase.

The month's collections were up
nearly 6.5 million dollars over
April, 1960, for an 18.82 per cent
increase.

You have probably noticed that
these figures in recent months
have regularly been setting records
for the amount collected by the
Revenue Department.

One reason for these record per-
formances is the excellent job be-
ing done by the department. Com-
missioner Filton Butler and every
member of the department are to
be congratulated for their diligent
work to enforce our revenue laws
and to give the department the best
possible when the department
begins to use a new electronic com-
puter system being installed. With
this equipment, it will be possible
to check tax returns quickly and
accurately, and give the depart-
ment better information on where
its enforcement efforts are need-
ed.

Another reason for the record
collections, of course, is our rising
economy. Some taxes are espe-
cially good barometers of business
conditions, good as the sales tax.
This tax alone was up more than
10 per cent over last April.

We must bear in mind, however,
that these collections were not un-
expected. Indeed, they were essen-
tial to our planning of the current
state's budget.

The very basis of our planning
to increase state government ser-
vices without a tax increase was that
our collections of existing taxes
would increase enough to sustain
these operations.

This means, of course, that these
dollars have already been allocat-
ed to the state and that we must
just as you allocate your expected
income among the various obliga-
tions your family will incur during
the year.

I'm sure that a moment's reflec-
tion would have indicated this, but
I thought it important to point out
that although we are collecting rec-
ord amounts in our existing taxes,
these funds are not simply build-
ing up surpluses which are not be-
ing used.

Sincerely,
BUPORD ELLINGTON.

Miss Dodds Feted
With A Luncheon

Miss Blanche Nunn complimented
Miss Kaye Dodds, of Memphis,
with a luncheon May 19th at her
home at 535 West Main.

Miss Dodds is the bride-elect of
Gardner Brookshank, Jr., of Mem-
phis.

Guests, arriving at 12:30 p. m.,
were greeted by the hostess. The
bride-elect was lovely in a blue
voile dress, trimmed with lace, fea-
turing a pleated skirt. She was
presented a corsage of white roses
and little bags of yellow rice.

A three course luncheon was
served, after which games were en-
joyed. The hostess presented the
bride-elect with a casserole dish.

Guests included Mrs. Ed Ander-
son, of Covington, Miss Johanna
Dale, Miss Linda Rhodes and Mrs.
Jerry Presley, all of Memphis,
Miss Carolyn Sharp, Mrs. George

Johnson and Mrs. Milton Magee,
all of Dyersburg, and Miss Pat War-
ren, of Halls.

Miss Dodds and Miss Nunn were
roommates at the University of
Tennessee, Knoxville, and toured
Europe during the summer of 1959,
after their graduation.

There's A
NEW FRONTIER
In Office
Efficiency
Significant break-throughs in design
and production of familiar products
are revolutionizing the office supply
field.
Good businessmen are improving effi-
ciency for the New Year... and
earning tax credit on their income
tax returns.
Before you invest unwisely in office
tools of obsolete design, don't fail to
see the newest and best.

NEW
COMPACT
STANDARD
TYPEWRITER
underwood
Standard keyboard, standard large
plates, every high-machine feature
including half-speeding, tabulation—
now even automatic indentation—
yet minute size techniques have re-
duced bulk and weight so that this
heavy duty machine is easily car-
ried. This all-purpose typewriter
shames flimsy lightweight copies
far more... outperforms ex-
pensive giants. It's writing sales his-
tory for Underwood. Fully guar-
anteed, naturally!

PLASTISOL REPLACES
MESSY CARBON PAPER
Fresh from Columbia Ribbon & Carbon's pace-setting research
laboratories, this newest wrinkle for perfect copies is LIQUID
carbon, sandwiched between thin, tough plastic which just
won't wrinkle and which keeps your fingers and your type-
writer clean, yielding its contents only when struck. Liquid
carbon dries into paper fast—you can rub the copy over a
white shirt without a smudge! It comes to fill use points,
giving longer, ever wear all over. Thus, though Plastisol costs
more initially, it's economical because it outlasts ordinary car-
bon several times, stays flat and clean, speeds work. Ordinary
carbon's throw away half used because it's dyed and the
coating has become spotty. But that waste, and carbon strug-
gles with Plastisol—ask for a few sheets on trial. You'll never
use carbon paper again.

NEW
EVERY OFFICE MACHINE
DESERVES AN A-1 RIBBON
Nothing pep's up any office machine's performance—and actually
prolongs its life—like a first quality NYLON ribbon... the only
ribbon we handle because it's the only one we can sell with pride...
Yet some folks persist in using cheaper quality ribbons which date
from the pre-nylon era—and actually pay more for them than our
\$1.25 price for nylon. By handling one grade in volume, we're hold-
ing the price line on the best ribbon you can buy. At that price, you
can't afford any other ribbon for your machine.

Brevities
Guests of Mr. and Mrs. Marshall
Jenkins to attend the graduation
exercises at Halls High School last
Friday evening were Mr. and Mrs.
James Adkinson, of Covington, W.
G. Jennings, Miss Geraldine Jen-
nings, Ernest Jennings, and Mr.
and Mrs. W. G. Jennings, Jr., and
family, all of Ripley.

Mr. and Mrs. Pete Smith left
Thursday for Knoxville to attend
graduation exercises June 3rd at
the University of Tennessee, where
their daughter, Miss Evelyn Smith,
will receive a degree with a major
in Art and a minor in physical edu-
cation. Miss Smith is the recipi-
ent of the Alpha Omicron Pi
"Most Outstanding Student" award.
Mr. and Mrs. M. E. McDearman,
Jr., were in Memphis Tuesday and
Wednesday.
Memphis State University's new
staff of cheerleaders includes Miss
Elizabeth Alsbrook, of Halls, who
will serve as an alternate.
Barbara Jane and Clara Cannon
Control, of Shreveport, La., ar-
rived Monday for an extended visit
with their grandparents, Mr. and
Mrs. Elvin Cannon and Mr. and Mrs.
Ben Cannon.
A recent gift tea at the home of
Mrs. Anne Hamlet honored Miss
Fauvette Stanley, bride-elect of
Jackie Scallions.
Hostesses for the event, from
two until four, were Mrs. Hamlet,
Mrs. Jackie Walker, and Miss Jack-
ie Meeks, of Halls, and Mrs. Gay-
len Hardy and Miss Shirley Hill,
of Memphis.
Miss Stanley had chosen for the
afternoon a two-piece suit dress of
white and orange. Mrs. Stanley
and Mrs. H. A. Scallions, mothers
of the bride-elect and groom-to-be,
were white carriage corsages as
they received the guests with Miss
Stanley and Mrs. Hamlet.
A white bridal motif was car-
ried out at the refreshment table,
which was overlaid with a hand-
some lace network cloth. Seed
punch, cookies, mints and nuts
were served by Mrs. Hardy and Miss
Stanley. Miss Judy Steelman regis-
tered the guests in the bride's
book, while Miss Hill divvied them
to view the gifts and lovely gifts on
display in the bedroom.
Another courtesy extended bride-
elect Miss Fauvette Stanley was a
Coco-Cola party at 7:30 Saturday
evening in the dining room of
Jackie's Drive-In.
Hostesses were Miss Jackie
Meeks, Mrs. Gaylen Hardy, and
Miss Shirley Hill, all of Memphis,
and Miss Marion Buffalo, of
Gates.
Frosted cakes, mints and nuts
were served to Mrs. Danny Ray, of
Memphis, Miss Patricia Carmack,
Mrs. Danny Meeks, Miss Carolyn
Moore, Miss Elizabeth Alsbrook,
Miss Evelyn Meeks, Miss Beverly
Cannon, Miss Lynne Stallings and
Mrs. Franklin Alley.
The hostesses presented Miss
Stanley a clothes basket filled with
miscellaneous kitchen utensils.
MRS. MOORE TO SPEAK

Thursday Afternoon
Mrs. Lois Moore, of Ripley, will
be guest speaker when the Hall
Garden Club meets at 2:30 Thurs-
day afternoon, June 7th with Mrs.
Wiley Perry as hostess. Musical ar-
rangements will be featured with
specimens of day lilies. All members
are urged to be present.

CARD OF THANKS
To all those friends who gave so
generously of their messages of
cheer, their gifts and their visits
during my stay in the hospital, I
wish to extend my sincere thank-
s to each and every one of you.
I bless you every one.

Confidential Corner

By Henry Murchison

It's Happening Here

In a recent issue of a Memphis newspaper, we read an article concerning the sale of beer and liquor to minors.

We wonder just how many parents and citizens of this area realize that the same problem exists in Halls.

The sale of beer or any type of intoxicating liquor to a minor is a violation of the law, and any business caught making such sales should be closed immediately.

We seriously doubt that some of the parents are aware of just what is going on, but we would suggest that a little more supervision of their teenage sons might help.

For some time there has been a problem, both from local youngsters and youngsters from nearby towns, when any activity is held at the Youth Center, and also at a Guy W. Yancey, reckless driving, \$10 and costs.

Law enforcement officers find it almost impossible to control the sale of beer to minors without the active cooperation of parents and citizens.

There is no doubt that Lauderdale County officials would immediately padlock the premises of any violator if they are presented with evidence that will stand up in court.

While up parents, and help bring an end to this trend toward your sons and daughters.

You are not alone in this fight to close these establishments.

Horas files are hard to slow down or kill because of their ability to grow in places where they are not wanted.

They are not easily attracted to poison bait and they are not injured by rodenticide sprays such as DDT, Toxaphene, and Malathion.

The only effective control is a spray of pyrethrin with piperonyl butoxide applied as a mist spray on one or two days, using just enough to moisten the ends of the hairs on the animal's body.

Rebucklers can be made effective to some extent by using pyrethrin spray instead of insecticide in the mixture to be applied to the hair.

Competition between counties will score points toward trophy as Lauderdale County has won every other year for the last six.

Camp costs \$10 plus bus fare. Boys and girls who wish to attend camp should telephone 234, Ripley.
