

PUBLISHED WEEKLY

## Confidential Corner

By Henry Murchison

### Must Be Supported

The Red Cross Bloodmobile will be at the National Guard Armory in Ripley from noon until 6 p. m. next Thursday, May 9th.

The people of Halls should make every effort to go to Ripley and donate blood on that date, since blood will not be available to residents of the Halls area unless a reasonable amount of blood is secured from this section.

However, even though the Lauderdale County Red Cross chapter does not receive sufficient blood to continue to include the Halls area, any person donating blood will be eligible as well as members of his immediate family.

This blood bank is too vital to Lauderdale County and Halls to permit its discontinuation. Plan now, along with friends, to go to Ripley and donate a pint of blood.

### About Apportionment

The school survey which has recently been completed in Lauderdale County has created quite a furor, but we believe that the following of the suggestions in the school survey just now is far less important than the fact that the legislature which can possibly mean a great deal less school money from the sales tax for Lauderdale County.

While at the present there is no indication that the system by which school money is distributed will be revised, there is a very definite possibility that with an urban legislature the rural counties will suffer. There is no doubt that some revision is equitable and right, but it behooves our legislators to seek some means by which our school money can be protected.

It amuses and at the same time alarms your editor to hear Memphis cry aloud concerning the amount of sales tax money which comes back to Memphis and Shelby County as compared to what they pay. They fail to admit that large portion of that money is spent by people who are not residents of Memphis or Shelby County. We wonder what Memphis businessmen would think should this money not come to Memphis but be spent at home.

### The School Survey

Your editor has been limited in the amount of study and thought that he has been able to give to the recently completed school survey but there are certain things which occur to us.

A large portion of the recommendation make sense and probably need to be carried out, but we cannot believe that Lauderdale County is presently in a position to spend several hundred thousand dollars to accomplish the aims of the survey.

On the face of what we know about the county's financial condition and other factors involved, we feel that those recommendations which can be carried out at a minimum cost to the county should be instigated at once, while those requiring the spending of considerable amounts of money should be planned and accomplished over a period of years, with prior arrangements to retire their costs.

### Narrow Escape

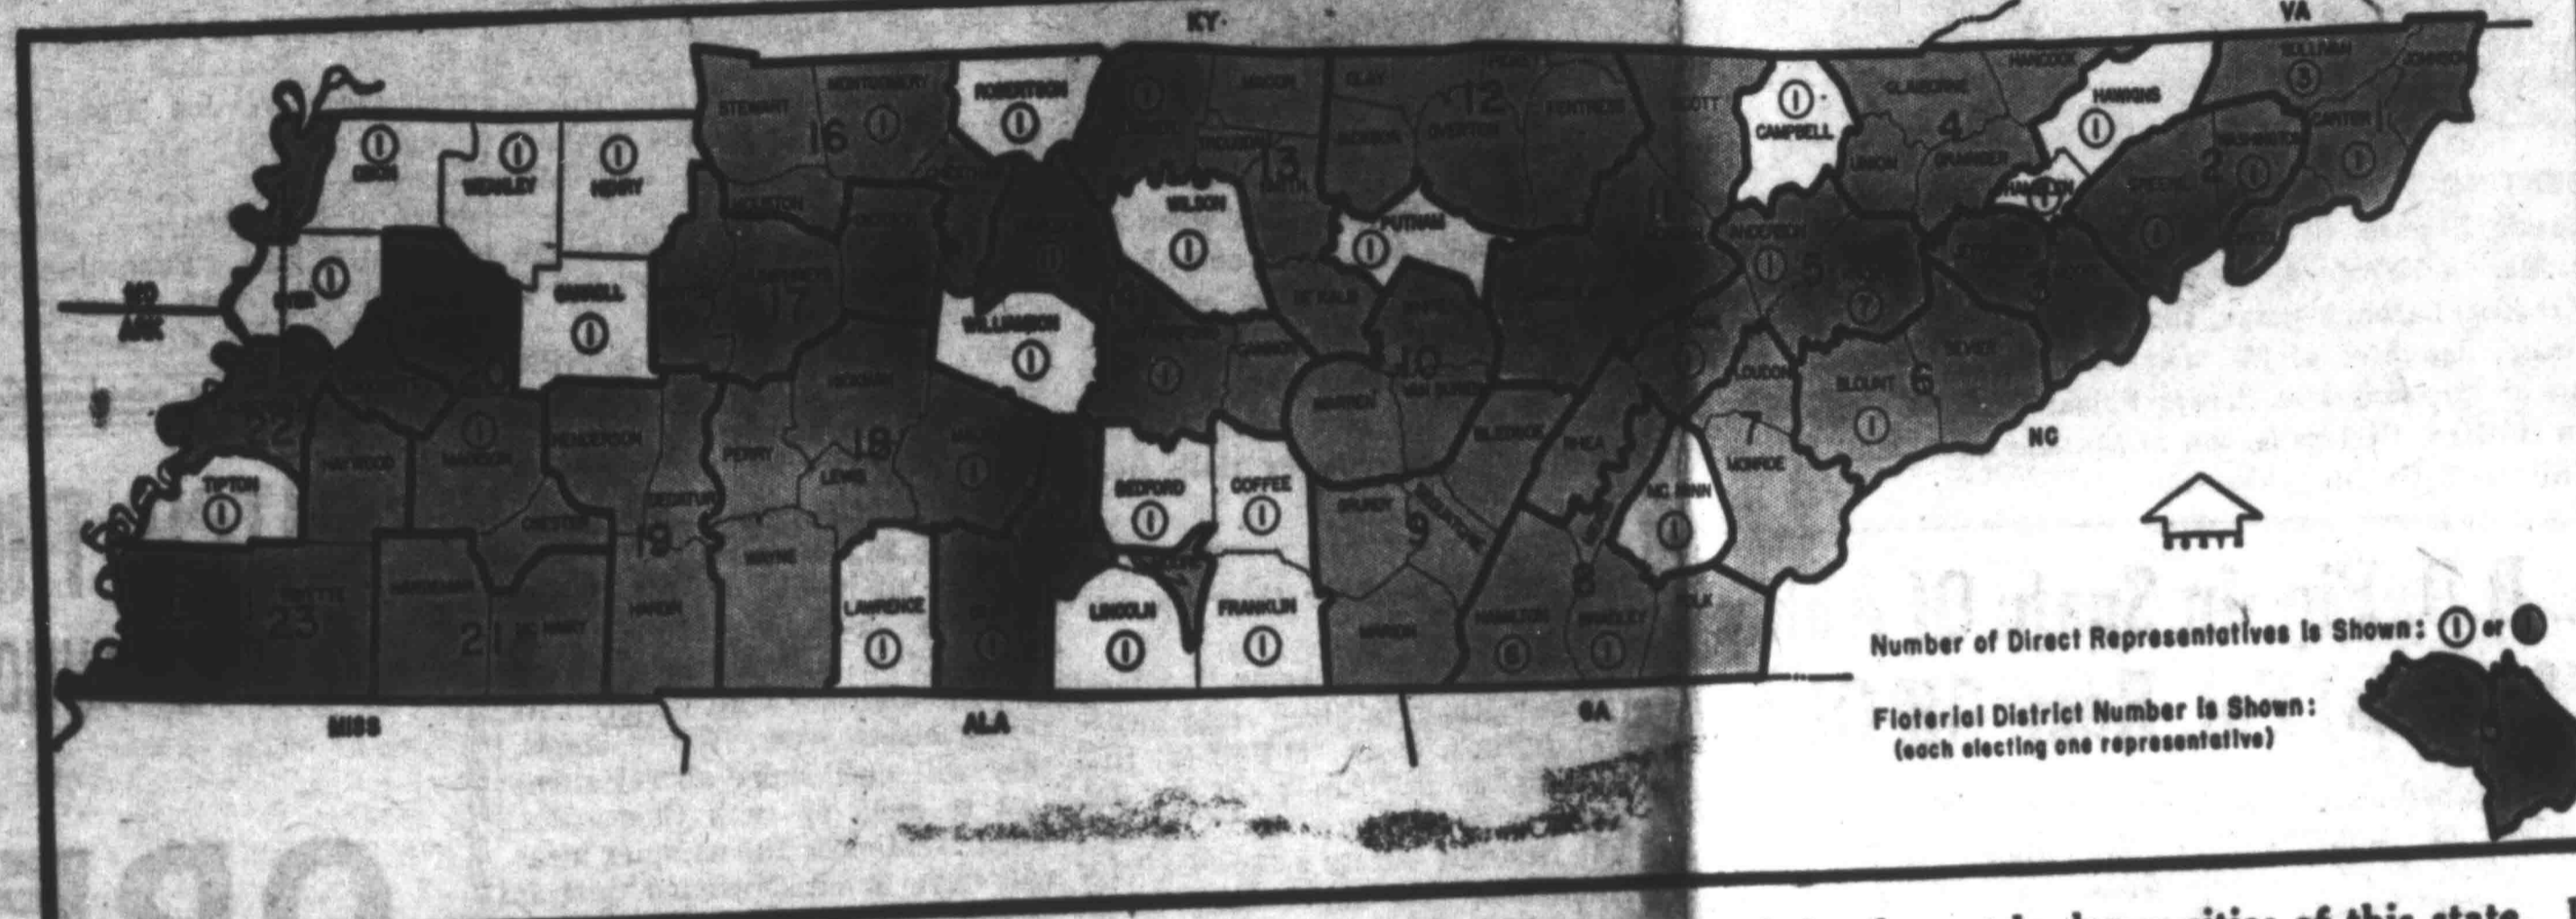

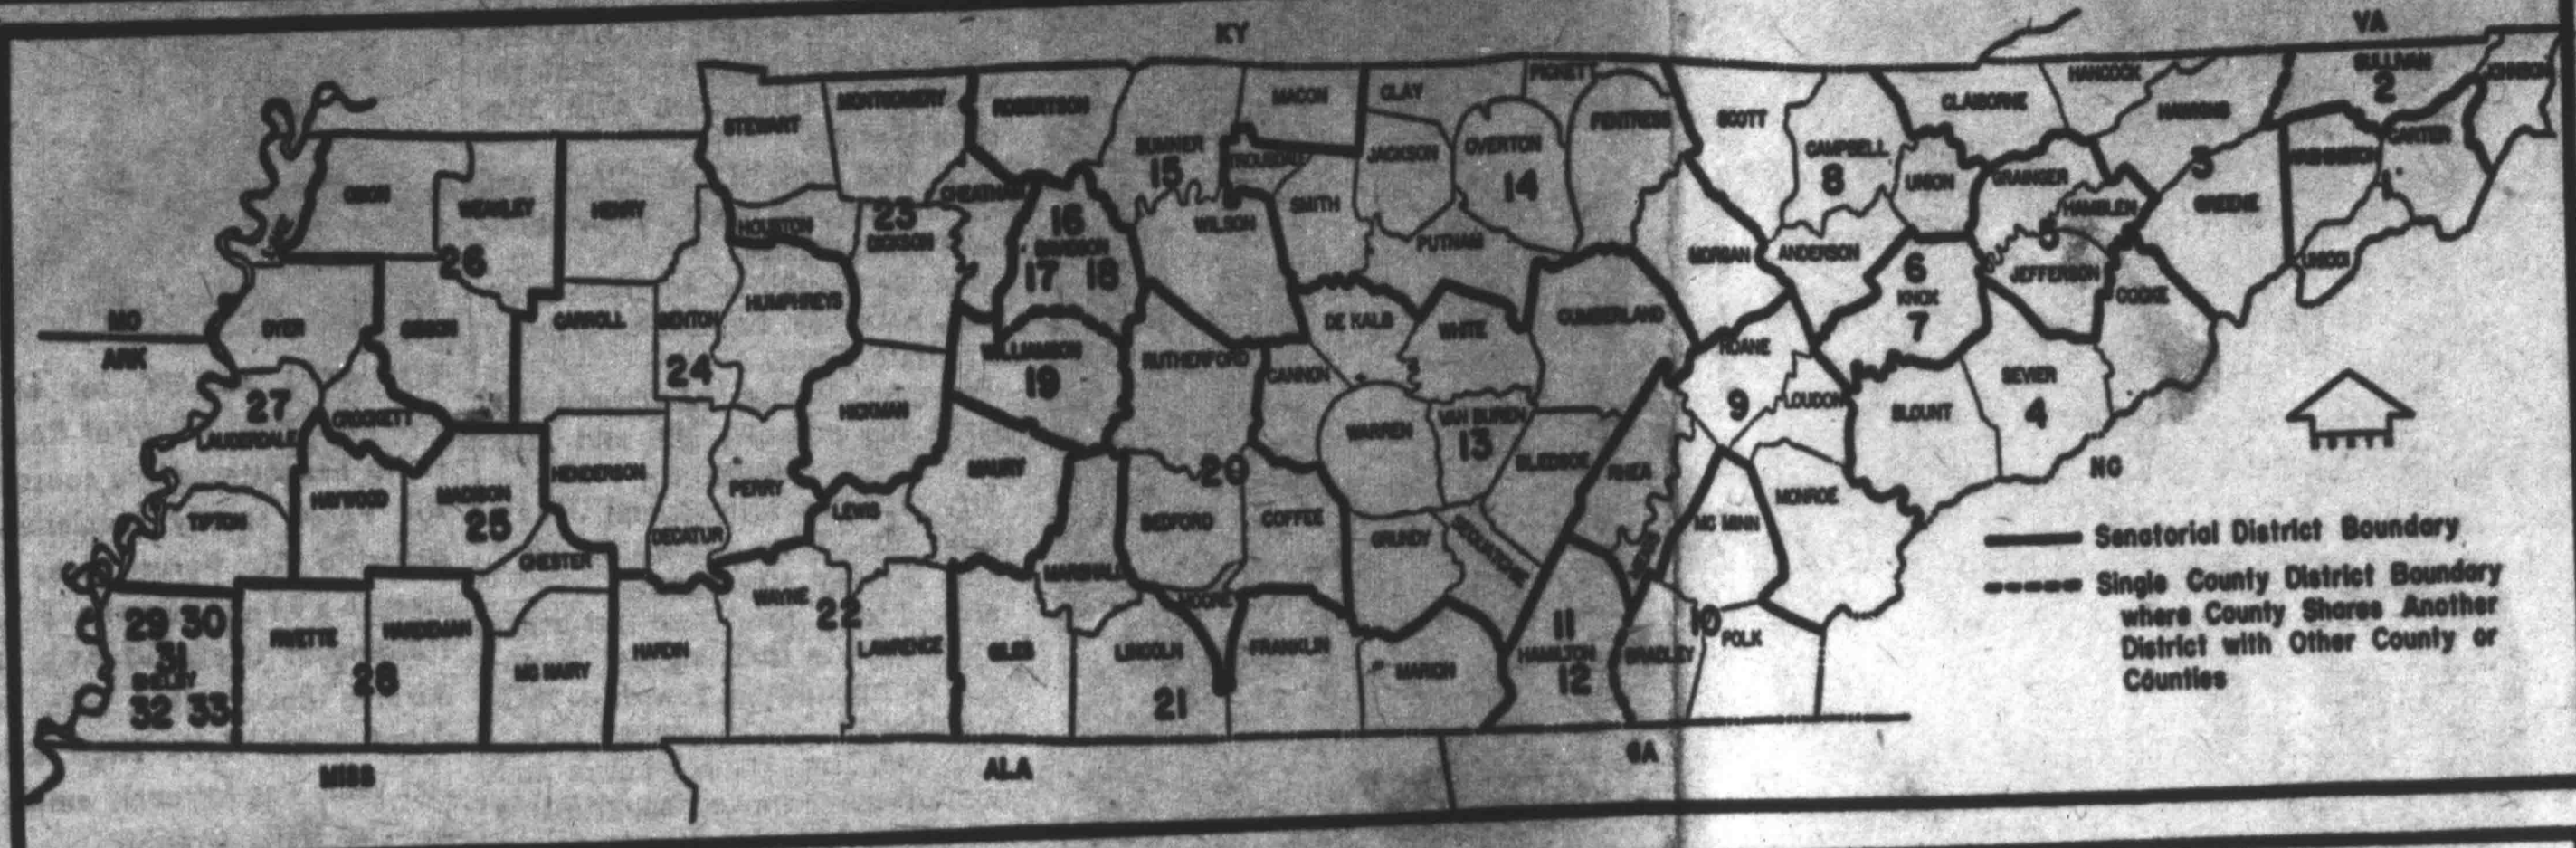

Your editor and Nell had a narrow escape from serious injury late Saturday afternoon when their car skidded and your editor was forced to leave the highway and go into a plowed field to avoid striking a utility pole. Neither of us was injured and there was very little damage to the car, but that field sure was sloppy and muddy. We had been back for a while it seemed that we might need him here. Incidentally, we waited until we got home, since the mishap occurred on the curve between Halls and Gates.

### Mrs. Minnie White

Mrs. Minnie White, of Halls, widow of H. White, an interior decorator, died at 2:15 p. m. Saturday in Parkway Hospital in Dyersburg, which she entered April 19th, after long illness. She was 69.

Services were at 4 p. m. Sunday at Halls Funeral Home. Mr. Edgar Burns officiated. Burial was in Halls Cemetery.

Born in Middle Tennessee, she moved to Lauderdale County in youth. She was a member of Halls First Christian Church. Her husband died in 1948. She leaves two sons, Donald White and Woodrow White, both of Halls; five daughters, Mrs. Bonnie Corson, of Halls; Mrs. Peggy Lee, of Halls; Mrs. Billy Meador, of Halls; Mrs. Mrs. Murtine of Novato, Calif.; and Mrs. Ethel Lee, both of Chicago. Her two brothers, Joe Fisher, of Ripley; two sisters, Mrs. Lily Ward, of Halls, and Mrs. Roy Sanders, of Memphis; thirteen grandchildren; and one great-grandchild.

PLAN BEFORE COURT—Maps show the legislative reapportionment recommended to federal court by large cities of this state. Lauderdale County would share one House seat with Lake County and one senator with Lake, Dyer, Crockett, and Tipton Counties.

## Governor Calling For Remap Effort

Legislature's Special Term Begins May 29th, Before Federal Court's Ruling

Governor Buford Ellington Wednesday summoned a special session of Tennessee's General Assembly to meet May 29th for an effort to reassign its seats sufficiently to prevent reapportionment by federal court.

The court has a plan under study which would reapportion both houses, greatly increasing the legislative influence of the state's four large municipalities at the expense of rural counties. The governor has proposed House reapportionment, leaving the Senate seats virtually unchanged, and amending the constitution's requirement for reapportioning the legislature every ten years. The legislature has failed to reapportion itself since 1901.

At stake in the struggle will be the rural counties' share of state highway and school appropriations, which run more than they would be entitled to if figured strictly on population basis. City legislators are demanding the reduction of rural shares of these funds.

### AX OUT FOR RESERVISTS

The Army will know Saturday which 430 Reserve units corps commanders think should be dropped, if Congress permits cutting 26,000 men from Reserve and Guard pay status for fiscal 1963, as urged by Secretary of Defense Robert S. McNamara. Plans by the National Guard Bureau cutting 475 units have met defiance from many governors and protests from others, including Tennessee Governor Buford Ellington.

### Train Halt Hearing Set

Tennessee's Public Service Commission has scheduled a hearing at 9:30 a. m. May 24th at its offices in Nashville on the Illinois Central Railroad's petition to discontinue stopping Train No. 23, afternoon southbound "local," at Gibbs, Ohio, Tipton, Newbern, Halls, Gates, Henning, Brighton, Atoka and Tipton.

### Around West Tennessee

Humboldt Tuesday became one of two Tennessee cities enjoying Tennessee Valley Authority's lowest (Norris Centennial) rate, 5.3% below rates in force since July 1957. The minimum \$2.50 for 250 kilowatt hours, compared with a national average of \$7.45, remains unchanged. Brownsville's due date telephone next year, with a new building in Southern Bell Telephone Co.'s \$904,000 cost estimate. McKenna's making a labor survey for Brown Shoe's tenth West Tennessee plant, to employ 450 (Brown's been in West since 1922). Union City's buying 160 acres for industry, at \$120,000, while 123 members of Dresden's Industrial Commission are selling industrial park and existing shell building, has federal approval to add 40 General Hospital beds, with \$278,000 from Martin and \$400,534 from federal funds. Dyersburg Housing Authority, also serving Halls, Newbern, and Ridgely, has clearance for two-unit projects in Troy and Kenton. Haywood County's publishing its budget 45 days before adoption. Dresden has a new Jaycee organization, sponsored by McKenna.

## Rainy Relays See Halls Rate Eighth

Ripley placed fifth and Halls eighth of 16 teams in the scoring of the sixth annual Ripley Relays, whose finals, rained out Saturday, were held Monday night after more rain.

Ripley had 11 1/4 points, Halls 4. Jackson, Big Ten champion, took the meet with 34 1/4.

Halls' Larry Carter placed second in the high jump.

Ripley took the sprint and 440 yard medley relays, in 1:42.0 and :46.6 respectively, and came in second in the 440 yard shuttle relay. Larry McMahan was third in discus and low hurdles, and fifth in the placed fourth in the 100 yard dash. James Cothan tied for second in the pole vault and Gerald Bridges for fourth in the high jump.

### ARMOUR'S BID LOWEST

On Gravel, Bridge Work In Gibson County

C. N. Armour Construction Co., of Halls, was apparent low bidder last Friday to gravel three miles of road 5-8179 in Gibson County, and construct four bridges. The Halls firm's offer was \$291,031.

### Garland Wilson

Garland Wilson, of Finley, father of J. L. Wilson, of Halls, died Monday after a heart attack. He was 69.

Services were at 2 p. m. Wednesday at Finley Pentecostal Church. The Rev. O. E. Meggs officiated. Burial was in Dyer County Memorial Gardens.

Mr. Finley, a farmer, had lived in Finley about ten years.

He also leaves his wife, Mrs. Beulah Wilson; another son, Houston Wilson, of Unionville; a step-son, James Simpson, of Buchanan, Mich.; four daughters, Mrs. Dorothy Hutson and Mrs. Ina Mae Anderson, both of Dyersburg; and Mrs. Sam Roper and Mrs. Inez Taylor, both of Unionville; four step-daughters, Mrs. George Serratt, of Buchanan, Mich.; Mrs. N. G. Searfoss and Mrs. Gordon Zarico, both of Niles, Mich.; and Mrs. L. E. Robinson, of Finley; a brother, Hardy Wilson, of Lonoke, Ark.; 21 grandchildren; and two great-grandchildren.

### George Fawcett

George Alton Fawcett, of near Hornsby, father of Ollis Fawcett, of Halls, died at 7 a. m. Wednesday in Jackson-Madison County General Hospital in Jackson.

Services were at 2 p. m. Thursday at Piney Grove Baptist Church, of which he was a member. The Rev. Frank Miller officiated. Burial was in Wesley Cemetery.

Mr. Fawcett, a farmer, had lived near Hornsby all his life.

He also leaves his wife, Mrs. Mary Beahrs Fawcett, of Hornsby; two other sons, Robert Fawcett, of Brownsville, and John Fawcett, of Chicago, Ill.; two daughters, Mrs. Irene Orr, of West Memphis, Ark.; Mrs. Hazel Orr, of Paragould, Ark.; a step-daughter, Miss Gladys Fawcett, of Chicago, Ill.; a sister, Mrs. Ora Richie, of Jackson; one half-sister, Mrs. Inez Greene, of Tipton; one half-sister, Odell Fawcett, of Doddridge, Ark.; and his step-mother, Mrs. Gerlie Gibson, of Doddridge, Ark.

## Doug Morgan Into Race For Sheriff

Former Chief Deputy Seeks Office In Aug. 2nd Vote; Cites Other Experience

J. D. (Doug) Morgan is announcing candidacy for sheriff in the general election Aug. 2nd.

Mr. Morgan, a resident of Halls, is employed by Prest Lumber Co.

"I served Lauderdale County two years," Mr. Morgan says, "as chief deputy under Sheriff Oscar Griggs, and I feel that I am qualified to fill this important office.

"In addition, I was city marshal in Halls and had seven years of experience with the military police in the Army. I also had two years of service with the Tennessee National Guard.

"It is my sincere desire to serve Lauderdale County in this office, and I earnestly solicit the support of every voter."

## Jimmy J. Smith To Preach At Toulon

The Rev. Jimmy J. Smith, of Memphis, son of Mr. and Mrs. J. O. Smith, of Route 1, Gates, will be guest speaker at Maranatha Baptist Church, Toulon, at 11 a. m. and 7:30 p. m. services Sunday.

Mr. Smith, who has been preaching about a year, is a former resident of Toulon and Tibbs communities and once studied at Woodville School. Employed by Welch Plywood Co., Memphis, he is studying Bible at the night school of Mid-South Bible College there and serving as song leader, Sunday School teacher, and supply preacher at the New Testament Baptist Church in Frayser.

The public is cordially invited to hear this young minister on his first occasion to preach in this area.

## District Meet For 14 Track Combos

Ripley's Knee Field will play host Saturday for 14 teams in West Tennessee district competition.

Guests will include Halls, Munford, Covington, Somerville, Trenton, Brownsville, Dyersburg, Humboldt, Union City, Paris, Milan, Alamo, and Bolivar.

Competitors will be shooting at outstanding marks like a 22.9 220 yards (Daniels of Jackson); a 40.8 440 (Christmas of Brownsville); a 2:48 800 (Currie of Jackson); and 126 feet, three inches in the pole vault (Cathan of Ripley).

The Halls team consists of Larry Carter, Harvey Lovelace, and Raymond Bratcher, seniors; Benny Castleman, Donny Dendy, Billy Campbell, Jerry Criffield, Jimmy Pickens, Johnny Pickard, Robby Voss, and Steve Pugh, juniors; Paul Brown, Ronny Richardson, Jimmy Hansford, Roger Wright, Wilton Lawrence, Ronnie Terrell, and Jubba Warren, sophomores; Paul Henderson, Dwight Agee, Ronny Pickens, Dale Fitzhugh, Ronald Kennedy, Sammy Ozment, and Stan Carnell, freshmen.

## Miss County Title Contest June 15th

Lauderdale County Jayceettes will sponsor the "Miss Lauderdale County" beauty pageant June 15th at the Ripley High School.

Entrants must never have been married; be not less than 18 nor more than 28 years old Sept. 1st; be a high school graduate by September; and possess and display talent in a 3-minute routine. Talent may be singing, dancing, playing a musical instrument, a dramatic reading, an art display, dress designing, etc. or the entrant might give a 3-minute talk on the career she wishes to pursue.

Any girls interested and qualified are requested to telephone Mrs. Bob Mason at 1197 or Mrs. James Van Dyke at 1143.

## RESOLUTION

WHEREAS hospitals are developed in the public interest; and

WHEREAS hospitals assemble the professionally trained personnel, and the scientific and technical equipment and facilities to care for the ill and the injured; and

WHEREAS hospitals keep abreast of the progress made in medical science and translate these advances into services for the individual patient and the community; and

WHEREAS hospitals provide individual care to meet the physical, personal, spiritual and emotional needs of each patient; and

WHEREAS hospitals stand ready to meet any emergency at any hour of the day or night;

BE IT RESOLVED that this community, in recognition of National Hospital Week, May 6-12th, salutes its hospital for achievements in the provision of health care, for placing the welfare of each individual patient as the uppermost goal, and for keeping abreast of the advances in medical science and bringing them to our county.

J. R. LEWIS, MD.  
County Judge.

## Dr. Bell Wiley On Nat'l TV Program

Dr. Bell I. Wiley, son of Mrs. E. B. Wiley, of Halls, will discuss the Civil War on "Meet The Professor," American Broadcasting Company national television program which WHBQ-TV, Memphis, will air at 1:30 p. m. Sunday.

Dr. Wiley, Candler professor of history at Emory University in Atlanta, Ga., is chairman of the executive committee of the Civil War Centennial Commission. A past president of the Southern Historical Association, he has written extensively about the war, being best known for "The Life of Johnny Reb" and "The Life of Billy Yank."

Dr. Wiley earned his bachelor's degree at Asbury College, his master's at the University of Kentucky, his doctorate of philosophy at Yale, and his doctorate of literature at Lincoln College. He taught at Asbury, Mississippi Southern College, the University of Mississippi, and Louisiana State University before he began his work at Emory in 1949.

## Hobson Wakefield Into Clerk's Race

Announces As Candidate In August General Balloting To Succeed N. C. Utley

Hobson Wakefield, of Ripley, is announcing his candidacy for county court clerk in the general election Aug. 2nd.

He joins N. C. Utley, the incumbent, and William D. (B. B.) Douglas as announced candidates in the race.

"I humbly submit my name as a candidate for the office of county court clerk of Lauderdale County," the candidate says.

"I do this with the full knowledge that the office is most important to our county and deserves the best of our abilities. I pledge to fulfill the duties of the office to the best of my ability and sincerely hope that the voters of our county will earnestly consider me and support me in this race.

"For those whom I do not know, let me give you a few facts about myself. I was educated in the public school system of Lauderdale County. I graduated from the University of Mississippi in 1952 with a B. A. degree and entered the U. S. Army, where I served three years, spending some 16 months in Korea and attaining the rank of first lieutenant.

"Since discharge from the service, I have been actively engaged in farming in our county with my father, L. J. 'Jack' Wakefield.

"I am married to the former Theresa Ann Rainey and have one child, a daughter, named Terry. I am a member of the Lauderdale County Junior Chamber of Commerce. I am a member of the Ripley Church of Christ.

"I have discussed the possibility of seeking this important office with people from all sections of the county, and have been very much encouraged to seek this office. I believe the people of Lauderdale County are ready for a change and progress, and with your help and support, I pledge to each and every one of you that I will treat every one in Lauderdale County with fairness, courteous and prompt service, and humbly seek and request your support."

## SOS Sounded To Donors Of Blood

Only about 125 pints have been secured for the Bloodmobile's Ripley visit on May 9th, with 300 required to assure continued blanketed Red Cross blood bank coverage for every resident of Lauderdale County.

The Lauderdale County Medical Auxiliary and Ripley Lions Club urge donors contact Mrs. Roy Crowder or Mrs. Parks Walker at once and let them know when they can be at the National Guard Armory to give blood May 9th.

## In Events At OES State Convention

Mr. and Mrs. Ben Eaton and sons, Paul and Tommy, and Charles Brown, son of Mr. and Mrs. J. H. Brown, spent Wednesday night in Nashville as guests of the Tiptonville Chapter of Eastern Star and assisted the chapter in presenting a program before the state convention at the Masonic Temple there.

Mr. Eaton, Halls scoutmaster, along with his two sons and Charles, presented a series of Indian dances, among them the Horse Stealing dance, the Cheyenne war dance, and the Cheyenne round dance. They also told the legend of Reelfoot Lake and sang the song.

During the program, Tommy and Paul acted as Indian guides to guide the Grand Worthy Matron and the Grand Worthy Patron to the camp fire, where they were presented Indian headdresses.

### CO-OP'S CHIEF RESIGNS

Harold Moritz Quits Post; Hawkins Acting Manager

Harold J. Moritz resigned last Thursday as manager of Forked Deer Electric Co-operative in Halls. Sewell Hawkins, maintenance chief, has been named acting manager.

Mr. Moritz had served as manager since October, 1961, when he came to the co-op from Stuttgart, Ark.

### DANCE RECITAL SLATED

The Joy White School of Dancing will present its pupils in a dance recital at Halls Elementary School Tuesday night at 7:30 p. m. May 8th. The public is invited.

## Markets Awaiting Freeze-Delayed Berry Harvest

County Agent Paschal Says Thousands Of Crates Will Reach Buyers Next Week

By F. H. Paschal

A strawberry harvest delayed by April 15's freeze will bring thousands of crates to market next week in Gates and Ripley.

The outlook for fresh berries, sold unpeeled, is good. Producers will find it to their advantage to market only the good quality berries, three-fourths inch in diameter or larger, which have ripened to a pink color over three-fourths or more of the surface. For berries to grade No. 1, they must be free from decay, injury, and dirt.

The strawberry crop should bring more than \$100,000 of new money into the county in the next month. Its economy will welcome this substantial "shot in the arm."

### Cotton Fertilizers Pay

Buying and financing recommended amounts of fertilizers for cotton tries the nerve and faith of every cotton farmer.

Producers who make the highest yields and profits, however, use just as much fertilizer per acre as they consider profitable. They say they cannot afford to use less, because high yields are necessary to good profits, regardless of every other practice.

On most of the upland soils in Lauderdale County, Experiment Stations recommend the use of 400 pounds of 6-12-12 fertilizer or 350 pounds of 14-14-14 or its equivalent, with enough extra nitrogen fertilizer to get a total of 80 to 100 pounds of actual nitrogen per acre.

Mississippi bottom soils need only about 150 pounds of 6-12-12 per acre, or its equivalent, with 80 pounds of additional nitrogen per acre for maximum yields.

Farmers are learning more and more about fertilizers, and more farmers every year are using fertilizers according to Experiment Station recommendations. When all the cotton farmers in the county get to using fertilizers according to these recommendations, the average yield in this county will be between 1 1/2 and 2 bales per acre, and profits will be greater.

### Sprayers Easily Cleaned

Farmers who are using pre-emergence chemicals are sometimes concerned as to whether it is easy to clean this material out of sprayers to clean this material out of sprayers, so they can be used for controlling insects later. It is easy to wash any weed killing chemical out of sprayers except 2,4-D.

Farmers who have bought pre-emergence sprayers this spring can easily put one pattern nozzle tips, numbered 2G or 3G, on these sprayers and use them for spray cotton for thrips, just as it comes up to the four-leaf stage and then again a week later.

### Johnson Grass Control

Russell Evans of Hurricane Hill, plans to try broadcast control of Johnson grass on ten acres of land to be planted to corn.

After the weather gets warm and the Johnson grass has grown six to eight inches tall, Russell plans to apply Dalapon at the rate of 7 1/2 pounds per acre, with one-half pint of Surf-Aid, in 20 gallons of water. This will be applied broadcast. He will wait three weeks for the chemical to take effect. Then he will prepare a seedbed and plant the land to corn, using broadcast application of Atrazine to control the seedling Johnson grass and other weeds.

This is the method which seemed to be most successful at Ames Plantation last year toward controlling Johnson grass and getting a crop from the same land in the same year.

Other farmers will be interested to find out how this practice succeeds. We have thousands of acres infested with Johnson grass which we need to control.

### Checking A Distributor

Earl H. Moore, Jr., this week figured out a method of checking his fertilizer distributor. He was applying fertilizer in three foot rows and he found that, by measuring 72 1/2 feet on a row and putting a bucket over the distributor to catch the fertilizer, if he caught two pounds in that distance he was applying fertilizer at the rate of 400 pounds per acre. If he got 2 1/2 pounds he was putting out 500 pounds, etc. Others may find this a handy method of checking their distributors.

### CAPTAINS ARE ELECTED

At Basketball Banquet For Halls Elementary School

Ann Latham and Jerry Peters were elected 1962-63 captains at the Halls Elementary School basketball banquet at Halls Community Center Monday. Chosen co-captains were Sandra Jennings, Carolyn White, and Andy Pugh.

About 50 players, teachers and guests attended the banquet. Mrs. F. E. Pugh, Mrs. James Hall, Mrs. Ruby Peters, Mrs. T. O. Harris, Jr., Mrs. Sanford Fickens, and Mrs. Dale Overton had charge of good and games.

Letters were presented all eight grade boys and girls.

SCHOOL SCOOPS From Halls High

By Helen Harrell, Beta Club

Juniors Wednesday elected Jim Pickens, of Edgett, president of the Class of 1962; Joe Kelly, of Gates, vice-president; Jim Smith, secretary; Billy Davis, treasurer; Jamie Moore, of Poplar Grove, reporter; and Danny Gates, of Nantipop, sergeant-at-arms.

Elected Wednesday to lead the sophomore class in 1962-1963 were Samuel Omen, president; Anna Carol Spay, of Poplar Grove, vice-president; Betty Thurmond, secretary; Betty Poindexter, treasurer; Diane Summers, reporter; and Paul Carmack, of Concord, sergeant-at-arms.

Sophomores elected for 1962-1963 Jim Hanson, president; Lina Jacobs, vice-president; Patricia Archer, secretary; Judy Vior, treasurer; and Paul Carmack, sergeant-at-arms.

Future Homecoming of America were elected for 1962-1963 Julia Peters as president; Patricia Archer, vice-president; Lina Jacobs, secretary; Patsy Atkinson, treasurer; Judy Vior, historian; and Barbara Law, parliamentarian.

Six Halls Highers with highest averages in math courses participated in the annual West Tennessee Math Contest last Tuesday at Memphis State University. This event is sponsored by the Tennessee Mathematics Teachers' Association.

Thinking the 80-minute tests were Sheila Watkins, freshman, and Dale Wiggins, sophomore, in Algebra I; Linda Carter and Debbie Anderson, sophomores, in plane geometry; and Henry Swann, sophomore, and Helen Harrell, junior, in Algebra II.

After the examinations, the group toured the Science building. They were accompanied in the testing program by Everett Kidd, math and science teacher.

The Beta Club, which raised \$25 to establish a piano fund, was very proud last week when a used upright piano, purchased with the fund to which other school monies have been added, was used for the first time in a musical program assembly.

Students in Halls High are seeing films made available by the Air Force. Last week about 80 students saw "Who Are the People of America?", 75 saw "Old Glory," (on the evolution of the American flag), and about 75 saw "Organization and Mechanics of Writing," (on the structure of paragraphs and punctuation).

Ronnie Carmack, a senior, of Concord, went with delegates from Ripley High School to attend the Tennessee Future Farmers of America convention in Nashville, last Thursday and Friday. Ronnie was awarded the State Farmer's degree at the convention.

The Beta Club expresses appreciation to those who made their bake sale a success last Saturday afternoon. Money was raised to finance a scholarship to a senior member of the Beta Club who is going to study next year. The scholarship can be used at a trade or business school, as well as in an academic college. The Beta Club hopes to set a precedent with this project and expect it to increase in the future.

The liveliest thing happened to the Beta Club last Saturday. One of the club projects this year has been "sunshine friends" among older citizens. Upon learning the Beta Club was trying to raise money last Saturday, one of the "sunshine" friends, Mrs. Betha Budd, baked a most beautiful cake and sent it to the club.

State Sets Buying Route For New 51 This Fiscal Year

Then Halls-Ripley Segment Underway Before Mid-'64; Other Projects Carried

H. D. Long, chief engineer of the state highway department, says rights-of-way for new Highway 51 from Critcher Hill, south of Brighton, to five miles north of Brighton, will be purchased before July 1st, and the Halls-Ripley leg will be under construction within one year afterwards.

The year after that will see construction begun on a Ripley-Brighton leg, says Mr. Long.

While the Ripley-Halls leg is being built, the state will be working on Brighton by-pass and new road for five miles south of Brighton, with the mile 7 to 8, and the Halls-Ripley leg will be under construction during fiscal 1966-67.

To the north, the Union City-Fulton link of ten miles is due to be reactivated before July 1st, the state reports.

The City Beautiful Committee has planned several days of tours of various locations around town and plans other outings as soon as the beds have been prepared.

Wrought iron signs are being constructed to be placed at the north and south entrances to the town. Several other projects are also planned.

How New Housing Units Are Planned

What will Halls' new public housing units be like?

Many people have been asking that question since Kemmons Wilson, Inc., contractor, has resumed work. Here's the way they are described by Joseph H. Boyd, Jr., Dyersburg Housing Authority director, in charge of the Halls project.

All the dwellings are masonry construction, with concrete floors, and are built on a raised foundation. They will be a two-story structure and will have an extremely favorable insurance rate.

The project has been given the highest priority. It was decided to provide a project in which building materials are used to the maximum.

Units were planned to group utility, water, gas, and electric lines, and heating, in central buffers to reduce costs and isolate living from sleeping areas in some of the larger units. Built up roofs will be applied on rigid insulation.

Windows are aluminum, while all doors are steel. Doors have a flush wood, hollow core.

All the interior partitions are block, filled and painted. Floors are sprayed with, ceramic tile last Thursday and Friday. Home appliances are installed on concrete slabs. They are lowered in place and secured with bolts.

Central heating units in each apartment are gas fired, forced air.

Buildings near the Halls Elementary School have been turned into a temporary day care center. This provides maximum privacy from the surrounding developments.

The site consists of five houses which face Halls Consolidated School, on undeveloped land.

HALLS HOME SUPPLY CO. J. W. JACQUES, SR.

It helps, too, to know that most abbreviations fall into eight forms: (1) initials, as in "M.T."; (2) first letters, as in "p.m."; (3) key letters, as in "Armo" or "Nabisco"; (4) first letters of a name, as in "L.A. Louisiana"; (5) skip-letters, as in "Sgt.", "Ld.", or "bldg."; (6) syllables, as in "Prof." or "Whit"; (7) contractions—"Jan.", "won't"; (8) diminutives or nicknames, as "Doc" or "Philly" for Philadelphia.

How did abbreviations ever get started?

From all indications, the future promises an even greater use of abbreviations of both the one-word and the multi-word type.

Whole sentences and complex ideas will be shortened, just as stylized designers now use a few letters to express "the distance from the leading edge to aerodynamic center" or "the area already in use" as abbreviated sentences in daily conversation—as soldiers in World War I learned to say "Situation normal—all fouled up."

Even out in space there is need for this great and growing language. But there is possible confusion in abbreviated space talk, for instance, "Sat." and "Sun." Are these two days of the week—or two heavenly bodies, Saturn and Sunday?

CARD OF THANKS

I am indeed grateful for the many kindnesses shown to me during my recent illness. I appreciate the cards, the visits, the delicious food and other considerations which I had at my home and in the hospital. My thanks to each of you. G. T. COTHEAM

CARD OF THANKS

I would like to thank those who were so thoughtful and considerate to me during my stay in the hospital and since I have returned home. The fragrant flowers, visits, cards, telephone calls and the delicious food were appreciated more than words can tell. MRS. LOLLIE MARTIN

CARD OF THANKS

As a result of a job last week, we wrote our feelings after having had all of our teeth out. Surprisingly, we have received numerous inquiries about how we feel, so we are happy to report that we are doing fine. However, one man insisted that we hurry and get our new teeth. We had just got through the ordeal of having his teeth out, and he wanted to know how we got along with our new teeth before he got his.

YOUR INSURANCE

Policies are very valuable paper. They stand between you and Disaster if a loss should occur. They should be written by a careful and experienced agent — in strong and reliable companies. BE SURE — INSURE WITH H. A. TOWNSEND, Agent

Officers Installed For Garden Club

Thirty members attended the meeting of the Halls Garden Club at 2:30 p. m. last Thursday, when officers for the coming year were installed by Mrs. B. E. Jordan.

CARD OF THANKS

We are at a loss for words to express our gratitude and appreciation to every one, who in any way helped us to bear the burden of the loss of our dear husband, father, grandfather and brother Mr. Marvin C. (B.) Balesante.

Every Farmer should ask these questions about insurance...

What are my special needs? What's my biggest loss exposure likely to be? How can I be sure I have adequate insurance? Am I getting the most for my money?

H. A. TOWNSEND

BERRIES TRADE POORLY

Two hot weeks ripened straw-berries small and began deteriora- tion early during shipment, county agent Farmer Thaeler reports, while sales have been less than normal.

All berries are now being canned, he reports, and sold at barely profitable prices, about 12c per pound—competing with Mem- phis berries for which producers got 6c. Over 34,000,000 pounds of these berries have entered the U. S. this year.

FOUND ON ARM OF LAKE

Unable to find their way back into Open Lake from Right Hand Arm after fishing Wednesday, Dr. A. J. Butler, Jr., of Ripley, his fa- ther, and his father-in-law, James W. Ken, were located about 11 p. m. by Bill Pete Tucker and John Stewart as part of a wide search of the lake.

The lost men ex- pressed their apologies and their appreciation to the searchers, many of whom left a boating league in Ripley, of which Dr. Butler is pres- ident, to hunt for the missing trio.

Logan, Mich., returned home Wed- nesday after spending several days with Mrs. Parmister. Visiting here Sunday were Mr. and Mrs. James Parmister and children, of Blythe- ville, Ark.

Dr. Donald Connell, of Dyer- burg, visited his parents, Mr. and Mrs. J. T. Connell, Wednesday.

Mr. and Mrs. Bryson Hearns, Mrs. Alfred Neam and Mrs. Leon Neam, of Memphis, and Mrs. Joe King, of Maury City, spent Mother's Day with Mrs. C. C. Neam.

Miss Mary Elanor Karnaus, of Union University, Jackson, spent the weekend with her mother, Mrs. A. J. Karnaus.

Mr. and Mrs. William McKee moved during the weekend to their new home in Union City. Mr. and Mrs. Bobby Jacobs, of Dyer- burg, moved to the Dyer home, where the McKees had been resid- ing.

Robert Meeks, Jr., son of Mr. and Mrs. Robert Meeks, a Junior at Memphis State University, was the escort of the Duchess of Little Rock, Ark. Miss Ann Rector, dur- ing the recent Memphis Cotton Carnival.

Miss Claudette Rainey, of Dallas, Tex., and Mrs. Tilford Woodard, of Memphis, spent the weekend with Mrs. Woodard's parents, Mr. and Mrs. L. Rainey. Miss Rainey and Mrs. Woodard left Tuesday for Dallas where Mrs. Woodard will be met by her husband, Pvt. Tilford Wood- ard. Pvt. and Mrs. Woodard will continue to 337th St. where he is stationed at Fort Bliss.

Mr. and Mrs. J. J. Parker and son, Brian, left today (Friday) to return to their home in Portage, Ind., after spending a week with Mr. Parker's parents, Mr. and Mrs. Lonnie Parker, and other relatives.

Mr. and Mrs. Wynond Hart, Jr., and children, of Memphis, visited Mrs. Hart's parents, Mr. and Mrs. Wynond Hart, during the week- end.

Mr. and Mrs. W. J. Parmister, Jr., of Memphis, spent Saturday with Mrs. Parmister's mother, Mrs. Dony Parmister. A daughter, Mrs. Tony Strah, and Mr. Strah, of Mus- shog, were also present.

Miss Joan Kilpatrick is under- going examination and treatment in Baptist Hospital in Memphis. Her brother, Dr. Kilpatrick, drove her to Memphis Sunday afternoon.

Mr. and Mrs. Robert Meeks, Sr., and daughters, Brenda and Pamela, and Jo Alice Phillips spent Satur- day in Memphis where Mr. and Mrs. Meeks visited their son, Robert Meeks, Jr., and daughter, Mel- ody. Pamela Meeks and Jo Alice Phillips took entrance examina- tions for Memphis State Univer- sity.

Mr. and Mrs. Gene Burden and son, David, of Union City, and Mr. and Mrs. Ewell Earnheart, of Maury City, visited Mr. and Mrs. V. V. Agee Sunday.

Mr. and Mrs. Har Rice, of Chi- cago, Ill., spent the weekend with Mrs. Rice's parents, Mr. and Mrs. Marvin Garrett, at Frog Jump Sun- day night with their uncle and aunt, Mr. and Mrs. Ode Garrett, in Halls.

Mr. and Mrs. Wiley Perry, Mrs. S. P. Young and Mrs. Elmer Inf- flus were in Memphis Tuesday.

Sgt. and Mrs. Wayne Herron, formerly of Ft. Leavenworth, Kan., are spending a thirty day leave with Mrs. Herron's parents, Mr. and Mrs. Neil Ketter, and rela- tives in Ripley prior to Sgt. Her- ron's leaving in June for duty in Europe. Mr. Herron will remain here with her parents while her husband is in Europe.

Guests of Mr. and Mrs. George Jones at Gum Flat Sunday were Mr. and Mrs. H. Jones and Mr. Jeff, of Memphis, Mr. and Mrs. Jack Stallcup, of near Chestnut Hill, and Mr. and Mrs. Roy Jones and Lueky, of Halls.

Miss Joan Kilpatrick is under- going examination and treatment in Baptist Hospital in Memphis. Her brother, Dr. Kilpatrick, drove her to Memphis Sunday afternoon.

Mr. and Mrs. Robert Meeks, Sr., and daughters, Brenda and Pamela, and Jo Alice Phillips spent Satur- day in Memphis where Mr. and Mrs. Meeks visited their son, Robert Meeks, Jr., and daughter, Mel- ody. Pamela Meeks and Jo Alice Phillips took entrance examina- tions for Memphis State Univer- sity.

THE HALLS GRAPHIC PUBLISHED WEEKLY HALLS, TENNESSEE, FRIDAY, MAY 25, 1962. VOLUME 68, NUMBER 21

DOWN SAFELY FROM SECOND SPACE JOURNEY by U. S. Scott Carpenter (center) talks with pioneer John Glenn (right) and backup man Walter Shirra, Jr.

26 DIED as Navy reconnaissance plane crashed in Germany.

Dalapon in ten gallons of water with one-fourth pint of Surf-Aid. Mr. Gaines plans to use a larger can, as needed, to repeat this spot treatment and completely rid this field of Johnson grass.

Children under high school age may register now for Sugar Hill, Lauderdale County Library's Friendship Seven Reading Club, beginning June 4th.

Miss Winnie Lee Bizzell, of Henning, former Lauderdale County supervisor of schools, teaching at Waldhaven School in Memphis, was severely frightened Wednesday morning when a bicycle veered into her car on Bellevue, at Centerville.

Class officers who will speak are: Betty Ann Vaden, class president; Susan Smith, vice-president; Callie Ruth Eubo, class secretary; and Ronny Hines, class treasurer.

The County Board of Equalization is meeting Monday and Tuesday of next week in the courthouse.

There are about 600,000 U. S. victims, unable to walk, speak, hear or see normally.

Curry Gaines, of Henning, is trying a new idea for killing Johnson grass in cotton. The cotton is hand-dropped, as it has five to seven plants per hill, grouped close together.

Donna Roberts received first prize honors in the Sesame bread baking event and Kathy White took second place. Both are members of the Galesville club.

MURDER, NOT SUICIDE is theory of investigators probing death of Henry Marshall by Johnson great without hearing the count. He is using one hand.

There are about 600,000 U. S. victims, unable to walk, speak, hear or see normally.

Corner

By Henry Murchison  
Why The Delay?

Since the Illinois Central Railroad has agreed to the paving of some of their property as a parking area, we wonder just what the delay in getting started? Parking conditions in Halls are becoming worse day by day, with some immediate action indicated.

Many people in Halls have called, a few have written, and a large number have commented personally to your editor about his comments on the parking situation. Surprisingly enough—all of them agreed with the writer.

Perhaps there is good and sufficient reason for further delay, but why not tell us about it? If there is no good reason, why not get started?

Coming Along  
There is usually some good in everything. While farmers are largely unhappy about the lack of rain, work on the housing projects here has progressed at an excellent rate.

Bad weather during the fall and early spring delayed completion of the housing units, but some of the loss is being picked up now.

City Garbage Pickup  
Some time back, we heard some comment about the possibility of setting up a city garbage pickup system. Many persons commented rather unfavorably because of the suggestion that a fee be added to the water bill, but we wonder if such a service isn't needed.

From the time that the city dump was established, there has been a problem of getting people to dump their garbage as they should, instead of dumping it in the street or in the yard. It is one of the city's largest offices that they give a thorough study to the possible cost and the need for a garbage pickup service.

If the people of Halls are unwilling to cooperate as they should, then it would seem that city officials should step in and bring about orderly disposal of garbage. The health of the people of the area is at stake.

Of Prime Importance

Next Tuesday the Tennessee General Assembly will meet in special session to face the problem of re-appointment of the state legislature.

It seems to us that citizens little realize just how important this question is to their schools and to the general operation of the state.

There can be no argument with the fact that some re-appointment is just, but the plan suggested by some of the backers of the bill is not a good one.

One plan, widely backed by urban legislators, would literally result in the closing of schools in many rural counties, simply for lack of funds with which to operate.

The plan would call for the return of all sales tax funds to the counties from which they originated.

Apparently these legislators have forgotten the fact that much money was spent in the urban areas by residents of rural counties. In the world, of course, it is difficult to completely stop spending money in the urban areas, but that would seem to be our only protection should the suggested plan be put in operation.

If you think we are crying "wolf," just talk to some of the school authorities or study a little about how much Lauderdale County is now receiving and you would get under the proposed plan.

The Governor's Race

Your editor, so far, has been at a loss to decide just whom to support in the governor's race and is still far from any decision, but a few facts would do much to help.

Mayor Ogilvie, of Chattanooga, has clarified one question so far as he is concerned. He Ogilvie has stated flatly that he is opposed to the taking away of money from the rural schools while Mr. Farris, of Memphis, seems to favor the plan suggested to return sales tax money to the counties. So far we have not seen a statement from former Governor Clement.

While, because of his labor connections and our fear of a closed shop law, we cannot yet decide to support Mr. Alquist, we definitely will not support any candidate who either favors the urban plan or does not state a stand.

May we suggest that this is a very important question, and one that should be answered by every gubernatorial candidate, clearly and without evasion.

Grows Like Magic

World's Largest And Most Confused Building, Pentagon, Lacks A Street

A visitor to Washington, D. C. stopped a policeman and asked, "Officer, what street is this building on?"

The policeman, puzzled at the question and answered, "I ain't on any street. Take the 14th Street Bridge across the Potomac and you can't miss it."

He was right. The famous Pentagon, which houses personnel of the Department of Defense, isn't on any street. Also how could any one miss the world's largest office building, a building that is a self-sustaining city within itself?

Other famous buildings also can present impressive statistics and claim to be leaders among office buildings. New York's Empire State Building, for example, with 2 million square feet of floor space is one of the world's giants. Chicago's Merchandise Mart is even bigger—3 million square feet of space. But neither comes close to the Pentagon's 6.2 million square feet!

No one approaching the Pentagon could doubt its No. 1 ranking. Each of its five sides is 921 feet long, and a person taking a lunch hour stroll around the building walks almost a mile. Some 200 acres of lawns, terraces and flower beds and 94 acres of parking lots surround the Pentagon which is a self-sustaining city within itself.

Strangers entering the Pentagon for the first time find a maze of corridors and offices. They are directed to information desks where guides present them with maps of the building and point the way. All this sounds simple, but rare is the person who doesn't get lost on the world's largest food service organization.

A city that boasts of 30,000 inhabitants needs other conveniences besides food service. Located in the center of the building are 19 escalators and 150 stairways in the building.

The Pentagon was built originally to consolidate the numerous War Department offices scattered all over Washington at the beginning of World War II. During the planning stage there was considerable opposition to spending the taxpayers' funds on a "five-sided squirrel cage." However, the need was recognized by President Roosevelt, and he ordered construction to start in September, 1941.

When war came in December, construction was stepped up and, much to the surprise of its critics, the building went from drawing board to completion in just 16 months—a job that was forecast to take four years. A force of 13,000 workers was employed around the clock. The total cost of construction was \$83 million—a third of what it would cost to do the job today.

In spite of the clever scheme, there are some surprises not originally planned by the architects. The basement and sub-basement have been chopped up into shops, vaults and security rooms so that many a wandering visitor has been trapped until he found someone who could lead him to his destination.

On the upper floors, some of the signs have been closed off for security reasons so that it is impossible to go to many offices by the most direct means. Despite the 17½ miles of hallways, the maximum walking distance has been only two points in only 1,000 feet—a six-minute walk.

At the peak of World War II, there were three shifts of 22,000 people working around the clock. Today, however, some 30,000 day time employees work in the building. Most of these people have to eat at least one meal during the day and many eat two or three.

F'ked Deer Co-Op Event At Reelfoot

The directors, employees and attorney of Foked Deer Electric Co-Op, Inc., enjoyed their annual fish fry last Thursday evening at Boyette's on Reelfoot Lake, with The Hon. Ross W. Dyer as master of ceremonies.

Out-of-town guests were Mr. and Mrs. E. A. Cozum, Rural Electrification Administration field representative, of Memphis; Stanley Teal, R. E. A. engineer, of Nashville; R. T. Hosman, district manager for Tennessee Valley Authority, and Mrs. Hosman, of Jackson; J. C. Handley, of the Tennessee Rural Electric Co-Operative Association, Nashville; Mr. and Mrs. Johnnie Salmons and Mr. and Mrs. Ben Shearon, of Tennessee Valley Electric Supply Co., Memphis; and J. H. Barrett, Dyer County agent, and Mrs. Barrett, of Dyersburg.

Entertainment was furnished by Mr. and Mrs. Jimmie Brigham, of Dyersburg; Mrs. Kelly Dyer, accompanied by Mrs. Charles Moore, and Miss Judy Hanson, accompanied by her mother, Mrs. Marvin Hanford.

Just one detail mars the good news that the radiation-scored earth at Yucca Flat is flowering again: One of the more abundant bloomers is Russian thistle.

Changing Times  
19 escalators and 150 stairways in the building.

The Pentagon was built originally to consolidate the numerous War Department offices scattered all over Washington at the beginning of World War II. During the planning stage there was considerable opposition to spending the taxpayers' funds on a "five-sided squirrel cage." There's A New Frontier In Office Efficiency

Significant break-throughs in design and production of familiar products are revolutionizing the office supply field.

Good businessmen are improving efficiency for the New Year... and earning tax credit on their income tax returns.

Before you invest unwisely in office tools of obsolete design, don't fail to see the newest and best.

NEW COMPACT STANDARD TYPEWRITER

Standard keyboard, standard large platen, every big-machine feature including half-spacing, tabulation—yet even automatic indentation—yet missile age techniques have reduced bulk and weight so that this heavy duty machine is easily carried. This all-purpose typewriter shames flimsy lightweight costing far more... outperforms expensive typewriter for Underwood. Fully guaranteed, naturally!

Widely Sold At \$119.50  
Carrying Case Included  
\$98.00

NEW PLASTISOL REPLACES MESSY CARBON PAPER

Fresh from Columbia Ribbon & Carbon's pace-setting research laboratories, this newest wrinkle for perfect copies is LIQUID CARBON, sandwiched between thin, tough plastic which just won't wrinkle and which keeps your fingers and your typewriter clean, yielding its contents only when struck. Liquid carbon dries into paper fast—you can rub the copy over a white shirt without a smudge! It comes to refill use points, giving longer, ever wear all over. Thus, though Plastisol costs more initially, it's economical because it outlasts ordinary carbon. It stays flat and clean, speeds work. Ordinary carbon's thrown away half used because it's degenerated and the coating has become spotty. End that waste, end carbon struggle with Plastisol—ask for a few sheets on trial. You'll never use carbon paper again.

NEW EVERY OFFICE MACHINE DESERVES AN A-1 RIBBON

Nothing pops up any office machine's performance—and actually prolongs its life—like a first quality NYLOW ribbon... the only ribbon we handle because it's the only one we can sell with pride... Yet some folks persist in using cheaper quality ribbons which date from the pre-nylon era—and actually pay more for them than our \$1.25 price for nylon. By handling one grade in volume, we're holding the price line on the best ribbon you can buy. At that price, you can't afford any other ribbon for your machine.

## Tests of Faith

Lesson for May 27, 1962

HOW do we know when a person's faith is genuine? "We" means human beings—such as other Christians. We don't know this as God knows it. He looks on the heart, as we cannot. God knows every one's faith as he knows all things, directly. But there is a great deal that we human beings know only indirectly, such as the state of another person's mind and the sincerity of another's motives.

It is not, after all, other people's faith that most concerns us. What about our own? Do we really have faith or do we only think we have? Some people (like bishops, pastors, elders, parents) do have the great responsibility of deciding, in all humility, whether the alleged faith (for example) of candidates for membership in the church or candidates for baptism, is what it is claimed to be. (To judge from the present state of Christ's church, some errors of judgment at this point seem to have been made. Probably not enough testing has been done.)

Just a walk  
"By their fruits ye shall know them," Jesus said. God does not need to wait till the fruit ripens to see what the tree will produce; but we do. Paul gives us (in Gal. 3) a list of "fruits of the spirit." The Apostle John had his own way of expressing things. He would take a simple word and make it hold many meanings. One overall test which he proposed really says the same things Paul and Jesus said, in other words. John's test was this: How does this person walk? He uses "walk" in the Old Testament sense, the one thing-after-another-ness, the every-dayness of living. Life can be likened to a race or to a fight; but most of the time it is just a walk. Not exciting, not dramatic, just a little tedious, monotonous and slow. Many a man waits in vain for a great crisis in which he can prove himself a hero. But most lives don't operate by crises, they are pretty dull, when you come right down to it. John makes the point that it is just this everyday walking that is the test of the reality of faith.

Walking in light  
How do you walk, then? John speaks more than once of "walking in light." Cockroaches and jackals walk in darkness. Deer and humming-birds move by daylight. Walking in light means living with your shades up and your windows clean. It means living so that you will have no skeletons to hide in closets. It means a life "like an open book," clean paper and clear type. It means you could die on the street the next time you go to the super-market, and not worry about what people would find in the house after you are gone. Walking in light means being in light also means in God's light, keeping close to him, remembering him in love and a thankful heart. It means steering your boat by the great lighthouse and not by the little lights on the fishing-boats. It means living in joy and hope, not in gloom and despair.

The way he walked  
John has another way of putting this. Any one who claims to be "abiding in Christ" is using language that was dear to Christ and to his friend and apostle John. But the test of faith is not the beautiful language that can be used about it. The claim is a good claim; but how do you test it? You can't see a person abiding in Christ. We have his word for it, yes, but how do we know he is sincere? John has the answer. One who claims to be abiding in Him ought to walk in the same way in which He walked. This means nothing, of course, to one who knows nothing of how our Lord lived on earth. This calls for ever-fresh, ever-renewed, ever-renewing study of the Gospel records. There are those who say it makes little difference what manner of man Jesus was. John could not agree to that. It is of vital importance to know as much as we can of how Jesus not life, how he worked, taught, helped—how he met trial and triumph, how he faced triumph and tragedy, friends, enemies and finally death. The simplest test of faith is: Does it produce a life reminding us of Jesus?

Your Telephone Manager

MAY marks the Centennial anniversary of the establishment of the United States Department of Agriculture. On May 15, 1862, President Lincoln signed it into being. Since then, agriculture has compiled one of the nation's most impressive production records. In 1862, one farmer produced food and fiber for five people. Today, he produces enough for 26! Result: now more than 90 per cent of our people have no worries about enough food. Also, the tremendous strength of our nation today depends heavily on the unequalled productivity of the American farmer. And, of course, as both producer and consumer, his contribution has been important in helping America achieve its high standard of living. I, for one, am happy to join in this Centennial salute to our farmers... and say "thanks" for the part they have done in the development of our nation.

WEARY from shopping? If so... and before you take another step... let your fingers do the walking! Shop the Yellow Pages way! You'll find the products and services you want—from appliances to zippers—listed under the handy Yellow Pages headings. Read the ads for information on brand names, special features, store locations and hours. See how easy it is to find what you need when you "Let your fingers do the walking through the Yellow Pages."
