Passing Thoughts

Wonder how many times during the past 15 years has there been no Halls High basketball team in a regional tournament? Only once that we can remember, although there may have been others. Both the boys and girls lost in District 34 play after building up substantial leads.

Raymond Richerson, minister of music, filled the pulpit at First Baptist Church last Sunday when Dr. F. E. Wright, dean of Union University at Jackson, was unable to fulfill an engagement here.

Controversy over the news policies of President Kennedy in withholding or censoring the news brings to mind a comment that has been attributed to Thomas Jefferson. He felt that the people "may safely be trusted to hear everything true and false, and to form a correct judgment. Were it left for me to decide whether we should have a government without newspapers, or newspapers without a government, I should not hesitate a moment to prefer the latter."

High Rolling

Mrs. L. E. (Mary Lou) Critchfield rolled a high game of 191 for the Halls women's bowling team last week as the Halls team won three games. Other members of the team are Mrs. J. T. Elmore, Mrs. Earl Critchfield, Mrs. Ralph Mays and Mrs. F. D. Noblin.

Signals Going Up

Work on installation of crossing signals at the Illinois Central Railroad crossing at Gates was started this week. The State of Tennessee and the railroad agreed to install warning signals last year following a series of accidents at the crossing, one of which resulted in the death of a mother and two children.

Installation of the signals is expected to take about six weeks.

Outstanding Performance

Congratulations should go to Eli Young, farmer of the Chestnut Bluff community, for the award which he has recently received for a cotton yield of 1104 lbs. of lint cotton per acre, for the top production mark in the State of Tennessee. C. M. Arwood, of Double Bridges community, placed second in the 40 acre class with a yield of 697 lbs.

SCHOOL SCOOPS

From Halls High

By Alice Fern Parrish, Beta Club

The Halls P. T. A. held its annual Founders Day program last Thursday night in the high school study hall. The Halls Beta Club planned and presented the program, for the second year.

The program was a panel-type entitled, "We've Got School Secrets." The panel members were Kathy Daws, Linda Sue Meeks, Donna Roberts, and Alice Fern Parrish. James E. McKee, principal, wrote the secrets on a board for the audience, and served as timekeeper for the questioning periods. Mrs. W. A. Smith, co-sponsor of the Beta Club, was moderator.

Other Beta Club members present were Linda Carter, Judy Cates, Lynda Chambers, Helen Harrell and Julia Peters.

Coach Ralph Mays, co-sponsor, had accompanied members Jimmy Hansford, Joe Kelly, Jimmy Pickett, and Robby Voss to Ripley where they were participating in the basketball tournament.

The secrets concerned projects, activities, and past records of the P. T. A. Those who brought secrets were Mrs. Travis Davis, Frank Moore, Mrs. W. H. Freeman, Glover Throgmorton, Mrs. T. M. Webb, Mrs. John Woodard, and Miss Lynda Chambers.

After each questioning period, past presidents whose major projects were the secrets were invited to be seated at the front. Pictures were made of the past presidents, including Mrs. Stuart Critchfield, Mrs. Ross Dyer, Mrs. O. J. Nunn, Mrs. Clyde Younger, Mrs. J. E. Elmore, and Mr. and Mrs. Rayben Chambers.

Refreshments were served to members and guests following a short business meeting.

The seniors' pictures scheduled to arrive last Thursday will be delivered March 6th.

These pictures are individual orders by the seniors, and a copy of one of each class member is used to make the large picture for the school corridors. Senior classes have had such a large picture since the present high school was built.

The Halls Chapter of Future Farmers of America observed National F. F. A. Week last week. Their last activity was an assembly program Friday, honoring Washington's birthday. The program was opened just as they open their regular chapter meetings.

The officers taking part were Danny Cates, president; Jimmy Pickett, vice-president; Henry B. Bowman, secretary; Marcus P. Tolson, treasurer; Janet Thurmond, reporter; Mike Carmack, contest;

"Who Said Anything About Driving Out Castro? We're Talking About Kennedy"

and H. G. Conley, advisor.

Henry Swanner gave the speech that won him the chapter contest and Gary Jackson gave the creed. Alice Fern Parrish was introduced as Chapter Sweetheart.

Alice Fern, Henry and Gary will represent the local chapter in the district contests to be held in March in Brighton. They will compete with E. F. A. members and Sweethearts from Ripley, Brownsville, Covington, Bolton, Brighton, Munford and Bartlett.

The home economics classes are studying foods the second semester and are now preparing meals during class periods. Last week, the third-year girls gave demonstrations on the various appliances showing what could be prepared with them.

The second-year girls are preparing casseroles this week. The freshmen are working on their first degrees—the junior degree—and studying nutrition.

The Future Homemakers of America held its regular meeting Wednesday morning at 10:30. Carla Higdon opened the program with a story entitled "Marriage Needs Preparation."

Kay Bivens, Kathy Daws, Sheila Hilliard, Diann Alley, Barbara Young and Betty Ward presented several musical numbers.

Mike Carmack and Marcus Fennel have sent in their applications for State Farmer Degree of the Tennessee Association of the Future Farmers of America.

If they receive this degree, they will attend F. F. A. Convention to be held in Nashville in early May.

The high school basketball teams, in a group, are attending church services at the various churches of this section. Last Sunday night they attended the service at the Cumberland Presbyterian Church at Poplar Grove. They have already attended services at the First Baptist and First Methodist Churches in Halls.

Alice Fern Parrish was recently awarded the Betty Crocker Search for the American Homemaker of Tomorrow Award at Halls High School. Having achieved the highest score in a knowledge and attitude test given senior girls in the first semester, she is now eligible, along with other winners, to compete for the title of State Homemaker of Tomorrow, and a \$1,000 college scholarship.

George Hurt, a former Halls High graduate, taught for Mrs. J. A. Dunaway when she was absent Monday because of the illness of her daughter, Pauline.

Ben Castleman, forward, and Donny Dendy, guard, both seniors, were selected on the all-district basketball team at the boys' basketball tournament Saturday night.

Several high school students received honors at the recent Lauderdale County 4-H Clubs Achievement meeting. Helen Harrell was selected as girl of the year. She also received medals for sustained work in electric, leadership, and cooperative projects.

Connie Lantz received the 4-H Foundation Award and a medal for her work with swine.

Local Farmer Tops In Cotton Yield.

Eli Young, farmer of the Chestnut Bluff community, five miles east of Halls, has been chosen winner of the 100-acre-and-over class in the Tennessee Farmers' Cotton Production Program.

Mr. Young's total per acre yield was 1104 lbs. of lint cotton. Among other winners named was C. M. Arwood, of Double Bridges community, who placed second in the 40-acre class with an average yield of 697 lbs.

The annual statewide event is sponsored by the Tenn. Agricultural Council along with the University of Tennessee Agricultural Extension Service and the Tenn. Vocational Agricultural Department.

Winners in each division received \$100 savings bonds with \$50 and \$25 bonds going to second and third place winners.

Mr. Young works a 401-acre farm owned by O. J. Nunn, cashier of Bank of Halls. He had 102 acres of cotton in 1962.

In addition to cotton, he produces hogs, cattle, soy beans and corn. Five tenant families assist Mr. Young in working the farm, which is located between Chestnut Bluff and Crossroads in Crockett County.

Rockefeller Says He's In Race For Pres. Nomination

New York Governor Has Hat In Ring; Hopes To Become Republican Choice In '64

By Drew Pearson

WASHINGTON, D. C.—The die is cast as far as Governor Nelson Rockefeller is concerned. He is definitely running for the Republican nomination for president. The plans have been carefully laid, and he has confided them to intimates.

He will run in at least two presidential primaries in 1964—New Hampshire and Wisconsin. New Hampshire, the first primary in the nation, is a favorable area for Rockefeller because he attended Dartmouth College and is on its board of trustees. Rockefeller will start building a political organization in both states at once.

Meanwhile, Rocky is missing no tricks around the country whether it be Cuba or the New York newspaper strike. He is behind the terrific barrage of Republican attacks on Kennedy regarding Cuba. They have thrown the so-called bipartisan foreign policy to the winds.

Regarding the newspaper strike, Rockefeller has approached his old friend, Jock Whitney, publisher of the New York Herald Tribune, asking him to help with the settlement. Rocky was quite frank; said it would be a great boost for his political ambitions if he, not the federal mediators, could settle the long impasse.

He sent two of his representatives to Colorado Springs to talk to international printers president, Elmer Brown; wants to bring the printers and publishers close enough so he can intervene dramatically at the right moment.

Chief question mark in the minds of most politicians is: How will women voters take the Rockefeller divorce? It's now pretty well known that it was the governor, not Mary Rockefeller, who initiated the divorce. She didn't want it.

If the governor marries Joan Crawford, as consistently reported, it will help him somewhat. If he marries Happy Murphy, wife of a New York doctor, it will hurt. In either case, the divorce will be the biggest political question mark. Never has a divorce been elected President of the United States.

Local Health Dept. Among Leaders In Statewide Census

Again Lauderdale County Health Department is one of the leaders in its fight against communicable diseases. The State Department of Public Health has just released the 1962 statewide immunization census. This health department has protected 79.96% of the pre-school population from whooping cough, diphtheria and tetanus; 71.30% from diphtheria, polio, and 50.81% from smallpox.

In comparison, on a statewide basis, we rank fourth highest in protection from whooping cough, diphtheria and tetanus; third highest in polio protection, and seventh highest in smallpox protection.

Some people keep their children well protected and under the care of their family physician, but it is felt that at least 10% are not immunized, therefore, there is still a job to be done in education.

Probably not over 10% of the 16 and over age group have tetanus protection, unless they received it through the armed services.

In 1963 the health department combined tetanus toxoid with their whooping cough and diphtheria vaccine. In 1962 tetanus toxoid was offered to those past the pre-school age group. Much should be done to protect our adult population from the danger of tetanus. Let's make Lauderdale County a good healthy place to live!

District 34 Crown Won By Munford

Faulkner Provides Thirty Points Against Covington As Munford Wins, 72-58

Munford won easily and Ripley and Brighton took close double overtime contests last Thursday night in the first round of the District 34 boys' high school basketball tournament which was played here in Ripley High School Gymnasium.

Munford trimmed Brownsville, 56-42, but Ripley had to come from behind to knock off Somerville, 50-48, and Brighton had to rally big to defeat Halls, 52-51.

High scorers included Shannon Faulkner, of Munford, with 14; Jerry Booth, of Brownsville, with 16; Steve Climer, of Ripley, with 16; Larry Waits, of Brighton, with 19; and Donny Dendy, of Halls, with 19.

Munford laced Brighton, 71-46, and Covington tripped Ripley, 49-41 Friday night in the semifinal round of the tournament.

Munford had to overcome a slim halftime deficit to knock off Brighton. William Alsbrook and Jim Hinshaw paced the winners with 19 points each. Shannon Faulkner added 15 and Bobby Alsbrook had 11. Richard Waits had 12 for the losers.

Bobby Noel with 15 and Ricky Robbins with 12 paced Covington. Sammy Akin was tops for Ripley with 12.

Shannon Faulkner hit for a whopping 30 points, including 13 out of 15 free throws, to provide the offensive power as Munford rolled past Covington, 72-58, in the championship of the tournament here Saturday night. Hugh Hopkins had 17 for Covington.

Steve Climer had 21 and Sam Akin 17 points in Ripley's 55-49 victory over Brighton in the consolation game. Ben Wortham and Larry Waits had 14 each for Brighton.

The tournament all-star team was composed of Faulkner, Bobby Alsbrook and Jim Hinshaw, all of Munford; Bobby Noel, of Covington; Sammy Akin and Terry Parham, both of Ripley; Ben Wortham and Larry Waits, both of Brighton; and Donny Dendy and Benny Castleman, both of Halls.

Cub Scouts Have Annual Banquet

Members of the newly activated Cub Scout Pack, parents, and friends attended the annual Blue and Gold Banquet held Tuesday evening in the Halls School cafeteria. There were 114 present.

The meal was served buffet style with the parents bringing the food as planned by the assistant den mothers. The tables were appropriately decorated with strips of blue and gold from a centerpiece of the same color, flanked by blue candles.

The Rev. Pittman Marbury offered the blessing for the evening and Eddie Camp, Cubmaster, presided over the evening's activities.

Mr. Camp introduced the guests who participated in the program, including William Tucker, of Dyersburg, vice-chairman of the David Crockett District, and Mrs. Tucker.

The salute to the flag and a welcome was given by Den 1. Den 2 presented a skit explaining the meaning of scouting. Mrs. James McKee made an announcement to the parents concerning their part in the importance of scout achievement with their sons.

Highlight of the evening was the presentation of Bobcat pins to the twenty-three boys who make up the Cub Scout Pack. Cubmaster Camp was assisted by Den Chiefs Paul Eaton, Annie Harrell and Dan Cook, and assistant Cubmaster Neil Dyer, who led the parents in their oath pledging assistance.

Mrs. Neal Dyer was presented a scouting pin by Mr. Camp as a gift from the district in appreciation of her efforts toward the reactivation of the pack.

At the close of the program Mr. Tucker presented the charter to Joe McCarthy, president of Halls Civic Club, and pins and credentials to each of the scouting officials.

Den 3 led the group in giving the scouting sign and promise. Movies were made for showing at the next pack meeting.

Tuberculin Tests Slated For County

All First And Tenth Grade Children To Receive Test Which Is Set For March

"All inactive cases (cured cases) should be re-examined every year for life," according to Dr. R. B. Turnbull, public health director of tuberculosis control in West Tennessee. Dr. Turnbull, speaking thus at a Tuberculosis Seminar in Nashville last week, pointed to the importance of keeping inactive tuberculosis cases under observation. Tuberculosis is a relapsing type of disease, he said.

Mrs. Irvin Knece, executive secretary of the District Tuberculosis Association, in attendance at the Seminar, said that the use of the tuberculin test was recommended from the speaker's platform by Dr. Turnbull, and also by Dr. Zeidberg, of the Vanderbilt School of Medicine. It is estimated that most future cases will come from those who are now infected with tuberculosis germs.

The tuberculin test reveals whether or not a person is infected. These leading figures in public health recommended that all infected persons (tuberculin positive) be X-rayed regularly to watch out for active disease, and that small children who are positive be put on drug treatment to help them ward off the disease.

The tuberculin testing next scheduled for Lauderdale County will be in March. The Lauderdale County Tuberculosis Association and the health department will work together then to test all first and tenth grade children in the county.

William C. Journey

William Charles Journey, farmer, brother of Harvey Neal Journey and Willie Dwayne Journey, both of Halls, died last Friday night at his home in Chestnut Bluff community, near Alamo, after brief illness. He was 31.

Services were at 3 p. m. Sunday at Bonk Funeral Home in Alamo. Burial was in Salem Cemetery.

He was born in Crockett County. He also leaves his parents, Mr. and Mrs. Clinton Journey; and four sisters, Mrs. Elizabeth Reddick, of Sparsburg, Ill., Mrs. Constance Moncrie, of Bell, Mrs. Cora Phelps, of Caruthersville, Mo., and Mrs. Margaret Barton, of Hickman, Ky.

J. W. Jackson

Jesse William Jackson, retired carpenter, died at 4 a. m. Saturday at his home on Route 2, Gates, after long illness. He was 74.

Services were at 2 p. m. Sunday at Grace Baptist Church. The Rev. J. E. Cooper officiated. Burial was in Memorial Gardens, Garner's Ripley Funeral Home in charge.

A lifelong resident of Lauderdale County, he was a Presbyterian.

He leaves his wife, Mrs. Annie Burns Jackson; two sons, Woodrow Jackson, of Alvin, Calif., and Alton Jackson, of Ripley; one daughter, Mrs. Mary Frances Jackson, of Nashville; one sister, Mrs. Ella Lewis, of Ripley; and twelve grandchildren.

Cotton Production Contest Award Is Won By Countian

C. M. Arwood Takes Second After Winning 1st In '61; Lack Of Rain Is Blamed

By F. H. Paschal

C. M. Arwood, of Double Bridges community, won second prize in the West Tennessee Cotton Production Contest for the 40 to 99.9-acre group by producing 56 bales on 40 acres for an average of 697 pounds of lint cotton per acre.

The Cotton Production Contest is sponsored jointly by the Tennessee Agricultural Council, the Extension Service, and vocational agriculture teachers.

Mr. Arwood won first place in the contest in 1961, but he says he just did not get enough rain for the best possible yield in 1962. Even so, he won a \$50 U. S. Savings Bond and made a mighty good yield of cotton. David C. Evans, of Haywood County, won first prize in the contest with an average yield of 903 pounds of lint. R. L. Leath, of Fayette County, won third prize with an average yield of 655 pounds of lint per acre.

The very highest yield in the contest was made by Eli Young, of Crockett, who made 1104 pounds of lint per acre on 102 acres.

Strawberry Growers Meet

Strawberry growers who are members of Lauderdale Truck Growers, Inc., will meet at the Farm Bureau building Friday (today) March 1, to discuss production plans for the year, place orders for cold storage plants, and learn about marketing arrangements.

The outlook for good quality fresh strawberries this year is good, provided strawberries from this section do not go into market exactly at the same time of strawberries from several other sections.

Strawberry producers usually place orders for plants about this time in order that they can get plants set in the field by the last of March. Dixieland is the recommended early variety with Tennessee Beauty as a high yielding later variety.

Strawberries are heavy feeders on phosphate fertilizer and a good supply of phosphate needs to be applied deep under strawberry rows before they are set. A mixture of 100 pounds of ammonium nitrate, 200 pounds of 60% phosphate, and 50 pounds of muriate of potash per acre put under the rows before the berries are set is about right for most Lauderdale County upland soils.

Test Soil Every Five Years

Alan Fisher, Jr., of Durhamville, this week requested fertilizer recommendations for cotton on a field tested last year on which he got recommendations for corn from the soil testing laboratory.

If Alan wants recommendations on this same land this fall for the seeding of alfalfa or a permanent pasture, we can give him that recommendation based on the same soil test. Other farmers can follow this same system so long as they know which field is represented by a certain soil sample number as sent to the laboratory.

Getting soil tested once every five years is often enough for all practical purposes, and that certainly makes the cost of these tests low enough for every farmer to make full use of this service.

The laboratory charges 50¢ for testing the composite samples from one field. Under most conditions eight to ten samples from a certain field can be taken in the field and mailed to the laboratory in an hour's time; so the total cost of taking soil samples and getting them tested for fertilizer recommendations is one of the least expensive and most profitable jobs any farmer can do.

DEATHS

Robert T. Harrison

Robert Taylor Harrison, farmer, of Halls, died at 4:30 a. m. Tuesday at the Jackson-Madison County Hospital. He was 51.

Services were at 10 a. m. Wednesday at Halls Funeral Home. Burial was in Halls Cemetery.

He was born in Newbern and moved to Halls in 1943.

He leaves four sisters, Mrs. Hatie Meeks, of Halls; Mrs. Bessie Lynch and Mrs. Leslie Mannes, both of Detroit, Mich.; and Mrs. Maudie Fields, of Chicago, Ill.

Marvin L. Duggan

Marvin L. Duggan, grocer, died at 4 Tuesday afternoon at his home in Halls, after a long illness. He was 61.

Services were at 4 p. m. Wednesday at Garner's Funeral Home in Ripley. Burial was in Memorial Gardens in Ripley.

Mr. Duggan was born in Nankipoo and was a lifelong resident of Lauderdale County.

He leaves his wife, Mrs. Addie Haynes Duggan; his parents, Mr. and Mrs. John Duggan, of Halls; one daughter, Mrs. Mildred Ransom, of Halls; one sister, Mrs. Robert McJury, of Ripley; and three grandchildren.

Mrs. Byrd Harrell Is Club Hostess

The Gates and Fry Hill Home Demonstration Club met Feb. 21st in the home of Mrs. Byrd Harrell. The meeting was called to order by the president, Mrs. Harrell. Ten members answered roll call with "A landscaping idea at my home."

Mrs. Frevi Buffalo joined the club, and three visitors were present.

Mrs. Harrell gave the devotional and led in prayer. The secretary read the minutes.

After a business session the project leaders gave their reports on food, crafts and home furnishings.

Mrs. Walker showed slides of some beautiful flower gardens and trees. She demonstrated how they should be planted, arranged and cared for, to get the best results.

The meeting adjourned and the hostess served a delicious party plate and hot coffee.

(Continued From Page 1) ators are giving diplomats on Cuba has added diplomats worried. They point out that it could heal rifts in the Communist world.

The split between Red China and Russia is the biggest break for the west in fifteen years of cold war sparring. Khrushchev's victory in the power struggle over the Red army inside the Kremlin is also important.

But the British, the Italians, the Scandinavians, and other friends who know the Communist world point out that these shifts can change overnight. And the constant hammering by senate critics on Kennedy and the cool he seems to have in the hour of triumph is also important.

So far, Kennedy has won some remarkable victories in his Cuban negotiations with Khrushchev—the latest being Khrushchev's promised withdrawal of several thousand troops by March 18th. But every time Kennedy wins a point, he pulls the rug out from under his critics and they scream louder.

Last week, the criticism was so vicious that Marshal Malinovsky, Soviet minister of defense, issued a belittling warning threat against the U.S. Ambassador Roy Kohler called from Moscow that Malinovsky was in the dog house. Now it looks as if he were on top again.

The situation is one which needs a broadminded Republican leader like the late Sen. Arthur Vandenberg of Michigan. But no such leader is on the horizon.

Note—Kennedy is burned up at the withdrawal of several thousand troops by March 18th. But every time Kennedy wins a point, he pulls the rug out from under his critics and they scream louder.

There's A NEW FRONTIER In Office Efficiency Significant break-throughs in design and production of familiar products are revolutionizing the office supply field. Good businessmen are improving efficiency for the New Year . . . and earning tax credit on their income tax returns. Before you invest unwisely in office tools of obsolete design, don't fail to see the newest and best.

NEW COMPACT STANDARD TYPEWRITER underwood Standard keyboard, standard large platen, every big-machine feature including half-spacing, tabulation—now even automatic indentation—yet missile age techniques have reduced bulk and weight so that this heavy duty machine is easily carried. This all-purpose typewriter shines filmy lightweight costing far more — outperforms expensive giants. It's writing sales history for Underwood. Fully guaranteed, naturally! Widely Sold At \$119.50 \$98.00 Carrying Case Included NEW PLASTISOL REPLACES MESSY CARBON PAPER Fresh from Columbia Ribbon & Carbon's pioneering research laboratories, this newest wrinkle for perfect copies is LIQUID carbon, sandwiched between thin, tough plastic which just won't wrinkle and which keeps your fingers and your typewriter clean, yielding its contents only when struck. Liquid carbon dries into paper fast—you can rub the copy over a white shirt without a smudge! It comes to refill use points, giving longer, ever wear all over. Thus, though Plastisol costs more initially, it's economical because it outlasts ordinary carbon several times, stays flat and clean, speeds work. Ordinary carbon's thrown away half used because it's dog-eared and the coating has become spotty. End that waste, and carbon struggle with Plastisol—ask for a few sheets on trial. You'll never use carbon paper again.

NEW EVERY OFFICE MACHINE DESERVES AN A-1 RIBBON Nothing pops up any office machine's performance—and actually prolongs its life—like a first quality NYLON ribbon. . . the only ribbon we handle because it's the only one we can sell with pride. . . Yet some folks persist in using cheaper quality ribbons which date from the pre-nylon era—and actually pay more for them than our \$1.20 price for nylon. By handling one grade in volume, we're holding the price line on the best ribbon you can buy. At that price, you can't afford any other ribbon for your machine.

BOTTOMS UP! A Last Drink — A Last Drive The party's over—Bottoms Up! Let's get going! For thousands of men and women—children and pedestrians, too—that has been the beginning of the end. On the highway at night, where the road curves and the hazy driver drove straight ahead, there was another "Bottoms Up!" and the end of the last drive. It's hard to convince a person who has had a few drinks that he shouldn't drive. Alcoholic stimulation engenders a false confidence in his ability. In reality, his reactions have slowed down, his perception and judgment lowered—being alertness gone. In a later stage the road blurs, lights blur as he fights drowsiness, loses control. Seldom is he endangering his life alone. He is also endangering the lives of those traveling with him and others on the streets and highways. In 35 states 166,179 drivers lost their licenses in 1952 for drinking and driving. Thirty-five per cent of all revocations are brought against drinking drivers. If you have been drinking, either let someone else drive, leave your car and call a taxi, or stay where you are until your senses clear. Stay off the road! Don't kid yourself into a "Bottoms Up" drive—it can be fatal! SLOW DOWN—LIVES ARE IN YOUR HANDS!

Pin in Broken Leg Breaks; Nankippo Case Is Rare One

By Mrs. Flenwood Cates
NANKIPPO, Mar. 6.—Tom Ed Collins will enter Campbell's Clinic in Memphis Monday of next week for a second operation on his leg.

A year ago, as he was working in timber, a limb from a tree struck his leg above the knee, resulting in a compound fracture.

For the past few months it seemed to get worse instead of better, with much pain.

X-rays taken last Friday revealed that the pin that had been put in was broken, which doctors say rarely happens.

E. M. Riddick went to the Methodist Hospital Tuesday for a check-up.

Mrs. Auzie Cates has been ill for several days.

Word has been received of the serious illness of Aub Olds in Kennedy Hospital in Memphis.

Larry Webb, of Hawthorne, Calif., arrived here last week to spend some time with his grandmother, Mrs. Mirtie Webb.

Mr. and Mrs. Douglas Collins were in Frayser Tuesday.

Mr. and Mrs. Alton Voss, of Memphis, visited Mrs. Dora Davis Sunday afternoon.

Mr. and Mrs. Bill Hughes and Mrs. Jewel Hughes were in Orlon Friday.

ATTENTION FARMERS!

When You Sell Your Crops . . .

You do more than sell bushels of grain, tons of hay, or bales of cotton. You are actually selling out of your farm land the fertility that it took to grow them.

Calcium and magnesium (lime) are two of the important plant-food elements that all crops find on. Some are heavier feeders than others. Alfalfa requires a lot—the equivalent of 100 pounds of limestone in each ton of hay—so do clover and the other legumes.

Keep your farm productive and profitable by making sure you take care of your soil.

We shall be pleased to supply the limestone for your entire farm or any part of it. Let us quote you.

AGRICULTURAL DEVELOPMENT PROGRAM

Chemical Weed Control, New Weapon For Profit On Farms In Lauderdale, To Be Reviewed In Several Meetings

By F. M. Paschal

Chemical weed control will be tried this year on far more acres than ever before, and farmers will save money and headaches and will get a much more effective job done if they learn as much as possible about the chemicals to use, how to apply them, and some of the difficulties involved.

Chemicals recommended by the Tennessee Experiment Station for pre-emergence weed control in cotton, corn, and soy bean; methods of calibrating sprayers; and plans for controlling weeds by chemicals throughout the growing season will be discussed by the county agent and H. W. Luck, Extension agronomist, in meetings to be held in Halls and Ripley next week.

Farmers in the Halls area are invited to come to the Halls High School auditorium at 7:30 p. m. Tuesday.

The meeting in Ripley will be at the Farm Bureau building at 1:30 p. m. next Friday.

Chemical dealers and machinery dealers are also holding meetings, and all of these can be helpful to producers who are not yet experienced in the use of these chemicals for weed control.

Seed of a new red skinned variety of Irish potato which is shallow eyed and very smooth and which has made yields much higher than red Triumph potatoes are available for trial plantings this spring.

The new potato has been named Catoona. Guy Hall, of Edith, and several other producers are planning to try this new potato this year.

DefKals 100 is this year being added to the list of recommended varieties by the University of Tennessee College of Agriculture on the basis of its performance in variety trials for the past three years.

DefKals 100 is resistant to rust.

New Methods May Eliminate Weevil, Drop Cotton Costs

(Continued From Page 1) shed bolls, bolls and leaves in 10 days. The new products eventually turned out to be more profitable than cotton had been.

"Any new research discoveries need additional years of attack may open up. Sample Three completed itself within the cotton plant itself, having been isolated, one reports the boll weevil, a second attracts him to the plant by smell and a third whets his appetite for anything on which the substance is spread—not just succulent cotton plants. So if cotton could be bred within the attractive chemical and the appetizer, weevil damage might be drastically reduced. Or, if these two chemicals could be made synthetically, they might be mixed with a poison and sprayed on cotton plants to provide a deadly meal for weevils.

SCHOOL SCOOPS
From Halls High

By Donna Roberts, Beth Cook and Linda Chambers. Kathy Davis, Jimmy Hanson, Gloria Meeks, Linda Meeks, Alice Parrish, Julia Peters, and Bobby Yon are attending the state convention in Nashville this week-end. Coach Ralph Myers, co-sponsor of the Beta Club, and Mrs. May are chaperoning the group. Highlights of the week-end include a banquet Saturday evening, by Kirby and Carolyn Alton will give a sales demonstration. Entering the parliamentary procedure contest will be Rose Mary Ketch, Phyllis Dew, James Scott, Johnny Kerty, and Ben Castellan.

The librarian, Mrs. John Woodard, reports that forty new books have been ordered for the library. They will be replacements for books that have become so worn they are no longer usable. The library will include fiction and literature books. When asked about the most popular books in Halls High, Mrs. Woodard said "Gone With the Wind" ("Devil's") and "The Catcher in the Rye" are the most popular. She also added, "Any book about nature is very popular, especially with the younger girls."

Marvells of American industry, by Donald E. Cooke, is a new addition to the library. It is a large book—212 pages, and beautifully illustrated in color plates. It presents a history and discussion of more than eighty vital industries which employ millions of Americans. The author describes the development of these industries from their early beginnings through the present time. Under broad headings such as Law, Materials, Food, Shelter, Transportation, Communication, and many others, is given a comprehensive view of industrial growth in the United States. There are both drama and romance in the story.

Out of eleven scholarships offered by the State of Tennessee, Halls High School received two and the alternate. Davis will receive the scholarship if any one of the eleven fails to use one.

In making application for the scholarship, it is agreed that the student is going to study to be a teacher, and will maintain an average grade of B, and that he will each one year for each year that he uses the scholarship. The scholarship can be used for four years of college study.

If the student does not teach at all after graduation, he will be expected to repay the scholarship. The student can select a college.

Rehearsals for the senior play are going on steadily. Bill Davis was given entirely in French, with Susan Craig serving as narrator and translator.

Those participating were Rose Mary Ketch, Joe Kelly, Jimmy Kerty, Gloria Meeks, Linda Meeks, Mary Vaughn, Kathy White, Frankie Williams, and Alice Wright.

Distributive Education Club members are making their final check to attend the sub-district meeting in Jackson, April 2nd. They will

IF MEMBERS OF YOUR FAMILY ARE SCATTERED, you probably enjoy each other's company by Long Distance. Now, with the Speakerphone you can enjoy real "togetherness" on family get-togethers by Long Distance. The Speakerphone makes possible "no hands," two-way group conversation, enabling the family to listen and participate in the conversation together. Why not call our Business Office and ask for further information on the Speakerphone and how it can increase your enjoyment of Family Long Distance calls.

THE NEWEST LOOK IN TELEPHONES is this compact hang-up style wall phone designed by Bell Telephone Laboratories. The new phone boasts several distinctive features and is now being tried out by customers in Providence, Rhode Island. Most unusual feature is the small, space-saving dial.

WITHOUT LOOKING FIRST, do you know which finger holes on your telephone dial have numerals but no letters, and which two letters of the alphabet are not shown on the dial?

THERE'S MORE THAN MEETS THE EYE IN YOUR TELEPHONE! About 60 different raw materials go into its manufacture. Among them steel, aluminum, copper, tin, plastic, rayon, nylon, silk, rubber, wax, asphalt, coal granules, and even small quantities of gold and silver on electrical contact points. Your telephone is carefully built to provide you with dependable, trouble-free service.

IMPORTANT NOTICE TO DOG OWNERS
All dog owners are hereby notified that "The Tennessee Anti-Rabies Law" as passed by the 1957 legislature and approved by the Lauderdale County Court, will be enforced throughout the county.
All Dogs 3 Months of Age Must Be Vaccinated By A Veterinarian
This law requires that all dogs in the county be vaccinated by a licensed veterinarian and registered at the County Treasurer's office on or before the first day of May, 1963 and of each year thereafter, paying a registration fee of One Dollar (\$1.00) for each dog owned, kept, or harbored.
The law also requires that a certificate of rabies vaccination in date must be presented at the time of registration and that no registration certificate shall be issued unless a certificate of rabies vaccination is produced for each dog to be registered.
In order to help dog owners get their dogs vaccinated, the following vaccination clinics have been set up throughout the county and a charge of \$1.00 for each dog vaccinated will be made by the veterinarian at these clinics. A rabies control officer will accompany the veterinarians to these clinics and all dogs can be registered at these clinics. The rabies officer will be on duty full-time thereafter, picking up dogs without tags.

He Will Come
Lesson for March 31, 1963

Bible Material: Mark 13:1 through 14:5
Devotional Reading: 1 Thessalonians 5:1-31

THE words "Second Coming" always mean one particular coming. Millions of persons every day in the world come a second time to some place or other; but that is not what Second Coming means. When spelled with capitals, the expression refers to Christ in the future. He came; that is important. He comes: every day that is true. He will come: this is important too. Christians have engaged in endless debates, more's the pity, about the Second Coming, — mostly questions about it that no one can answer beforehand. But whatever their differences, all branches and varieties of the Christian faith agree that Christ will reign; that at last He will be in fact and not only in hope, the Ruler of this world.

Literal or figurative? What is said about the Second Coming is not entirely simple and clear. If it were, there would not be so many arguments about it. One question that no one can answer to every one's satisfaction is: Are the predictions and the descriptions of it to be taken literally or figuratively? Taken literally, they raise difficulties. For example, in one of the verses from Mark in this week's lesson, it is said that Jesus will come "in the clouds." Does this mean literal clouds such as you can fly through, and often fly over? Men come in the clouds to every airport. What is special about that? And if you say that these are not ordinary water-drop clouds, but something never seen before, you have decided the meaning must be figurative. But still the difficulty is not gotten rid of; for a figure of speech always means something. We could go through all the expressions connected with the Second Coming, and note the difficulties of understanding all of them; but let us rather fix our attention on a few points that we can at least partly understand.

The power and the glory We may not be able to figure out the "clouds" but we know something of what Power and Glory mean. The main truth is here that Christ's Second Coming will not be obscure, humble, unwelcomed by most people, as was the First Coming. Jesus will reign; He reigns even now in the hearts of multitudes, but His reign is not always visible. His Second Coming will reveal Himself to the world with a splendor and force that no man can doubt. Sometimes a wealthy person will fall in love with another person who may be quite poor by comparison. The rich lover may conceal the fact of his wealth. He wants to be loved for himself, not for his stock and bonds. So it may be that Christ, heir to the glory of the heavenly Father, wishes now, in these present days, to be loved for Himself,—to be obeyed out of love and devotion. No one, seeing Jesus in power and glory, would wish to be anywhere else but on His side. So the power and the glory come at the end, not at the beginning.

Live as if— Jesus said plainly that even the Son (meaning Himself) does not know "of that day and that hour," so we waste our ingenuity making up timetables for Him. He will come when the time is. One other thing Jesus made plain: His followers ought to live every day as if that Coming were to take place before tonight. This does not mean that we must shut our stores and factories and every one go home to pray. It means that wherever we are, if we are on the right trail it is our God-given duty to stay on it. If we are doing a good work it is our duty to finish it, as if He were coming to inspect it at six o'clock.

Live, in short, as in His sight; this is the old and always new command. But is He not always here? Yes—He can and He does live in the heart with the opened door. We have to remember this: God knows exactly as much about our lives, inside and out, as He could know if Jesus in person walked in the door with a fountain pen in His hand to make notes for a report for the Last Judgment.

HONOR FOR HERBLOCK
Golden Key Award Of Nat'l Education Association

Herbert Block, whose cartoon signed "Herblock" appear in this newspaper, has received the National Education Association's Golden Key Award for 1963.

The association says "Herblock's cartoons for the world's little guys has come through loud and clear, whether they're children in scribbled-up schools or bewildered taxpayers getting the run-around from big business, big labor, and big government."

An eye noted minister aptly put it: "His cartoon are like arrows. They hit you in the conscience."
