### Vote For Bonds

Citizens of Halls will vote on a half million dollar industrial revenue bond issue tomorrow.

This bond issue should be supported by every citizen of Halls who favors progress and growth.

For a number of years, we have been seeking additional industry for Halls but have at no time been in a position to give it a definite commitment on a building because we had taken no action to insure that money for a building would be available. This bond election will set up funds to erect a building.

The bonds will be issued only if a manufacturing concern signs a definite contract to locate in Halls. Only one building of concern can be dealt with, so that only sufficient bonds to erect the needed building will be issued.

The property of the taxpayers of Halls is not involved, since these are revenue bonds which will be repaid through revenue from a factory which uses a building built with money from these funds.

If you are interested in seeing Halls grow, we can think of no valid reason for not supporting the bond issue. Go to the polls and vote "Yes" Saturday.

### Reporter On The Scene

Once again The Halls Graphic has a reporter on the scene at a worldwide event.

Mrs. Carolyn McCorkle Brewer and her husband, Lt. Jay Brewer, are spending this week in Innsbruck, Austria, at the Winter Olympics, and we may soon expect some on-the-scene reports from Carolyn.

Lt. and Mrs. Brewer are stationed with the U. S. Army at Hohenfels, Germany, near Nuremberg.

The Graphic has been fortunate on a number of occasions to have someone present at newsmaking events in all sections of the world. For instance, Lucinda Alsbrook (Mrs. Harvey Coulter) was in Mexico City when the earthquake struck there several years ago; also she was in South Korea when the riots struck and the government of President Diem was overthrown. On both occasions she wrote eyewitness reports.

The chain goes as far back as before World War II, when Miss Selma Maxville, a Baptist missionary, gave us eyewitness reports from Burma as the Japanese began to overrun China. Miss Maxville finally gave her life in atrocities there.

Mr. and Mrs. Fred Hurt and Mr. and Mrs. David Hurt were in Bakersfield, Calif., when an earthquake struck there. Many others have also helped us in the past.

Look for an interesting report from Carolyn in the near future.

## Sheriff Arranging Crime Prevention Week Observance

### For Ripley Exchange Club; Law Enforcement Offices Conducting Open House

Sheriff Gwinn Matthews has been appointed by the Ripley Exchange Club as general chairman of National Crime Prevention Week activities, Feb. 9-15th.

Plans include: Sunday: An effort to attend church.

Monday: Law officials will hold discussions with students at Ripley and Halls schools.

Tuesday: Federal Bureau of Investigation agent Frank Holloman will address the noon Exchange Club meeting at the Blue and White Cafe and schools throughout the day.

Thursday will be set aside for students and citizens to get to know their local officials, with police and sheriff's departments, including the county jail, open to the public from 3 to 4 p. m.

W. S. Cloys, Exchange Club president, stresses that the goal is to mobilize public opinion by impressing the people with the absolute necessity of co-operation with law enforcement agencies in crime prevention activities.

## Crime Facts

More than two million serious crimes were committed in the United States during 1962, the latest year for which complete statistics are available. This total—an increase of six per cent over 1961—represents an all time high.

Data compiled by the FBI reveals this horrifying 1962 crime timetable:

Four serious crimes were committed every minute.

A murder every hour.

A forcible rape every 32 minutes.

An aggravated assault every 4 minutes.

A robbery every 6 minutes.

An auto theft every 1 1/2 minutes.

A larceny of more than \$50.00 every minute.

A burglary every 35 seconds.

There was a murder, forcible rape or assault to kill every 3 minutes.

Stolen property in 1962 was valued in excess of \$650 million.

Average value per robbery was \$223, burglary \$192, larceny \$76.

Loss on stolen property was reduced to 49 cents on every dollar by police recoveries.

Automobile thefts were up 9 per cent in 1962 with more than 356,000 cars reported stolen. Keys were left in the car or the ignition was unlocked in nearly half of these thefts.

Female arrests increased at a faster pace than male arrests. In 1962 arrests of persons under 18 years of age grew 9 per cent over the previous year. Persons under 18 comprised:

62% of arrests for auto theft

51% for larceny

49% for robbery

25% for burglary

19% for forcible rape

13% for aggravated assault

8% for murder and nonnegligent manslaughter

For the above crimes as a group, juveniles were represented in 45 per cent of the total arrests.

There were 1,102 serious offenses for every 100,000 persons in the United States.

Stanley R. Schrotel, of Cincinnati, President of the International Association of Chiefs of Police, in response to a query as to what accounts for the crime explosion replied, "It's a sign of our times. I think you explain it by the fact that the bulk of our society takes

## Independents Will Host Dyersburg

With a season's record of twelve wins and three losses, Halls' Independent basketball team will host Dyersburg at 7:30 Saturday in the Halls High gymnasium.

Last Saturday night, the Independents slammed out a 107-51 victory over Brownsville's Independents.

The Halls team has averaged 94 points a game.

## Bond Referendum Seeking Industry Slated Saturday

### \$500,000 Revenue Issue Is Being Put Before Voters At Halls Health Office

Citizens of Halls will go to the polls Saturday to vote on a proposed \$500,000 industrial bond issue.

Election hours have been set from 10 a. m. to 5 p. m. with the election place to be the Health Office on Front Street, next door to City Hall.

Mayor Jerre Jordan and the Board of Aldermen have called the election in order to get approval for issuing up to \$500,000 in industrial revenue bonds for erection of a building for a manufacturing concern which proposes to locate in Halls.

The bonds will be issued when and if a factory does sign a contract to locate here.

The bonds are revenue bonds and will be retired through revenue from a factory.

Mayor Jordan has stressed the fact that property owners will not be taxed to retire the bonds.

rather apathetic attitude toward the enforcement of law and the maintenance of order. I think there is a tendency on the part of the public to compromise with integrity of purpose, with honesty, with virtue."

Crime is increasing in U. S. cities in every population category. Compared to the previous year, crime in 1962 was:

Up 6% in cities of more than 1 million

Up 10.9% in cities of 500,000 to 1 million

Up 5.5% in cities of 250,000 to 500,000

Up 4.9% in cities of 100,000 to 250,000

Up 6.6% in cities of 50,000 to 100,000

Crime in the past five years has increased at a rate four times faster than population.

Orlando W. Wilson, superintendent of Chicago police, says, "Everybody seems to be organizing today to protect civil liberties. I would like to organize the victims of criminal assaults who have been robbed and raped in our streets."

Washington, D. C., led the country in aggravated assaults in 1962. The nation's capital recorded 393.3 assaults per 100,000 population.

Chicago is the boom town for robberies where the rate in 1962 was 323.3 robberies per 100,000 persons.

The Police Commissioner of New York City, where attacks on the police are growing to unmanageable proportions, said his police could cope with the criminal element, but when the criminal element was supported by the public, then the job went way beyond the capacity of the police.

FBI Director J. Edgar Hoover says, "Law enforcement cannot achieve total victory over organized crime without the cooperation and assistance of the honest citizens of each community—individually and collectively."

## SCHOOL SCOOPS

From Halls High  
By Patsy Atkinson, Beta Club  
Diane Alston, Debra Baker, Ruth Maclin, and Kay Swanner, sophomore home economics students, filed for their junior degrees last Friday.

Halls High's girls play their last basketball game this season at Covington this Friday night. Boys finish their season at Westwood, in Memphis, Monday night. They will also have a B team game.

Seniors were measured for caps and gowns Wednesday.

The girls' district basketball tournament will be held Feb. 13-15th in the Ripley gym. The boys' tournament, also in Ripley, Feb. 20-22nd.

The H Club met last Thursday and had called meetings Friday and Monday to complete plans for a hamburger supper sponsored Tuesday night. Proceeds will help finance the athletic banquet in March.

Junior and senior girls making red carnations last week, to be used in table decorations for the county Education Association luncheon Saturday in the cafeteria, were Linnie Bobo, Dale Wiggins, Jo Anne Lilley, Judy Cates, Clairisie Stafford, Mabel Spoon, Stella Pike, Linda Nolan, Jean Pennington, and Karen Johns, working under the guidance of Mrs. W. A. Smith.

The carnations, with white snapdragons were used to make centerpieces for ten tables.

Hayden Vickery, Jr., James H. Thurmond, Steve Pickard, and J. W. Warren, Jr., helped by moving tables and arranging chairs.

The annual Distributive Education banquet will be at 7 p. m. Tuesday in the cafeteria.

Jim Norton, head of research and development at the Dyersburg Cotton Products, and president of Dyersburg Rotary Club, will speak.

Sixteen D. E. members, their dates, parents, and employers will attend. Juniors planning to be D. E. students will be special guests, as well as Mayor and Mrs. Jerre Jordan, Mr. and Mrs. James E. McKee, and Mr. and Mrs. William G. Spence.

Phil Duane, district supervisor of Distributive Education, and Mrs. Duane are also expected.

The annual staff is going to Memphis March 7th to see "Holiday On Ice" and have dinner at the Lulu.

Janie Moore and Linda Smith visited school Wednesday. Janie, who graduated last spring, is attending Memphis State. She is visiting her parents between semesters.

She spoke to one of the typewriting classes, urging them not to pass up an opportunity to learn to operate an electric typewriter. She said, "Take advantage of every opportunity you have in high school, and you will be all right when you get to college."

Janie said she was on "semester break," so Linda, also a 1963 graduate, was on "Wednesday Break" from the Bank of Halls, where she is employed.

Principal James E. McKee attended a dinner meeting of Dyersburg Area Principals at Harvey's Cafe in Brownsville Monday. He and J. H. Rochelle, principal of Ripley Grammar School, were the Lauderdale County principals present.

There were two discussion groups after dinner. Dixon Corum, of Jackson, of the state Department of Education, discussed special education with high school principals.

Elementary school principals discussed ungraded primary schools.

Some of the home economics students who will serve at the Distributive Education banquet next Tuesday night are Beverly Young, Debra Baker, Anna Carol Spry, Carolyn White, Barbara Laws, and Sheila Hilliard.

What has advertising done for you lately?

Besides supporting newspapers packed with features you want, making possible many magazines that bring you news and wider horizons, giving radio a voice that speaks wherever you are, bringing you the wonderful world of television, making possible the wide choice of low priced items in your supermarket, informing you of the benefits of thousands of products and services, advertising, good advertising, awakens your mind to hundreds of ideas that help you live a fuller, richer, better life. Whether you appreciate its presence or whether you say you do not—advertising has done a lot for you lately.

Protect your clothes with electric-clean air

Imagine! No more sun-faded clothes... no more clothes-line wear and tear. These problems disappear when you dry clothes electrically — indoors. An electric clothes dryer provides gentle, radiant heat to keep your clothes new looking longer. Even the most delicate fabrics are safely tumbled. Soft, fluffy clothes are the result of evenly-controlled, odorless heat — found only in the flameless electric clothes dryer. See your dealer soon!

## Party in Memphis Fetes Bride-Elect

Saturday morning, February 14, the L. W. Booth home in Memphis was the setting for a coffee honoring Miss Barbara McBride, bride-elect of John William Sumner.

R. L. Ammons, vice-president, presided in the absence of president James R. McKee. Dalton Roberts, public relations specialist of the state Department of Education, introduced by Dale Overton, Halls Elementary School principal.

Patsy Altkoos and Marilyn Sumner, introduced by Mrs. M. E. McDearman, entertained with country folk songs, drumming shuffles. They sang "The Cruel War", "Puff the Magic Dragon", and "This Land is Your Land."

Featured guests at the luncheon were teachers retired from the Lauderdale County school superintendent Edrie C. Owen, Jr. They were Sara Martin, and Mrs. Vernon Roberts, of Halls; Mrs. Fay C. Coffman and Mrs. Allen Conners, of Gates; Minnie Stacey, of Phipps; and Mrs. W. C. Wadsworth and Miss Virginia Lewis, of Henning.

Decorations in the Valentine motif featured table arrangements of white mums, red carnations, white mums, and red carnations. High school girls had made the carnations and fashioned them into the arrangements.

The luncheon staff served turkey, dressing, cranberry relish, peas, potatoes, stuffed celery, cucumber slices, hot rolls and butter, coffee, tea, fruited strawberry jelly, and coconut cake.

Home economics students serving as waitresses were Connie Leavelle, Sara McCarthy, Sandra Nolen, Susan Quinn, Carolyn Buckner, Jean Shepard, and Shirley Spoon.

Head of the House

Lesson for March 1, 1964

Background Scriptures: Luke 10:38-41; John 11:1-11; 12:1-11.

A PICTURE-MOTTO often seen, though it is many years old by now, starts this way: "CHRIST IS THE HEAD OF THIS HOUSE." It usually shows a picture of Christ, but such pictures are the work of imagination.

It is not imagination, what is the motto, — that is, when the household lives up to it. With the help of the Gospels, let us see what it can mean to say truly, Christ is the head of this house.

Dr. Furman's house. In the Gospel of Luke and John we are given glimpses of a home where Jesus was really the head of the household, even though that expression itself is never used.

Seeing things his way. That Jesus was the head of that household, that family group, does not mean that he interfered with their work or their arrangements.

He would lean over backwards, so to speak, to keep from being one. When they had him to dinner, you remember, Martha got quite tired and cross working hard over the dinner.

Jesus said. This was not the only occasion Jesus worked with some member of the family to see things as he saw them.

It is particularly remarkable how Jesus dealt with the great trial and tragedy in that home. Don't most of us feel awkward, embarrassed and silent in the time when death and great grief come to those we love?

Now maybe we can see a little better what it means to say "Christ is the head of this house." A home where he is welcomed, in spirit, every day; a home where every one in it comes more and more to see things his way and to do things as he would do them.

Telephone Talk

By ROGER GANIER Your Telephone Manager

OSTROV GREEM-BELL is the name of an island 650 miles south of the North Pole in Soviet held territory. That's the Russian version of Alexander Graham Bell, inventor of the telephone. The island was named for him after its discovery in 1899 by an American expedition.

Some of you may not know that Southern Bell is a large tax payer. This week our company delivered to Oscar Grimes, Lauderdale County Trustee, a check in the amount of \$28,228.63 on an assessed evaluation of \$498,793 in Lauderdale County covering 1963 ad valorem taxes.

These taxes are exclusive of income, social security, and excise tax payments to the federal government. Tennessee sales taxes applicable to telephone service and payable to the state are excluded, too.

Taxes are a necessity and Southern Bell is proud to have a part in Ripley and Lauderdale County in helping with the support of our schools, highways, and other expenses of our governments.

Answers to questions about electric heat

Why is electric heat cleaner? Electric heat is cleaner because there is no combustion to create flames, smoke, or soot; no drafts to transport dust. Everything in your home, including walls, stays cleaner.

What makes electric heat more convenient? With electric heat, each room can have its own thermostat. Different temperatures can be maintained in different rooms to suit your family's habits. It's a "set and forget" system all over the house. Also, electricity is available in any amount at any time, so there are no delivery or storage problems.

Is electric heat more comfortable? Electric heat provides even warmth — much like the sun's warm rays. There are no drafts, no sudden bursts of moving air. And the temperature you select is maintained constantly, regardless of outside weather changes.

How much will electric heat cost? The actual cost of electric heat will be determined by the size of your home, by your home's insulation, and by your living habits. You'll find operating cost for electric heat very low. (Rates in this area are lower than just about anywhere else.) In general, installation costs for electric heat are less than any other comparable heating system.

FREE HEATING ESTIMATE If you'd like a heating survey and an estimated cost of electric heat in your home, or if you have other questions about electric heat, call our office. There's no obligation.
