## Confidential Corner

By Henry Murchison

### A Good Move

Data for the referendum on the proposed change in the election of school board members has been set for Tuesday, May 18th.

Under the act which was passed in the recent state legislature, Lauderdale County will be divided into four school districts with each district electing one member, plus a floral member elected by the central district and the 2nd Civil District (Ripley), giving a five-member board, as compared to the present seven-member board.

Since the original proposal was introduced in the County P-T-A Council, quite a bit of misconception has arisen, so that many in the northern end of the county think that it is a deliberate move to close Halls High School.

Of course, it would be difficult for us to determine just what is in the back of the minds of some of those involved, but we cannot believe that any such intention brought about the proposed change.

The whole change is simply an attempt by people who are vitally interested in our schools to come up with some solution to present school problems and to improve our schools to provide the best possible education for school children.

The division of districts was made strictly on a population basis, with the exception that the 2nd District, although almost twice as large as any other district, is to have but one member, plus a say-so on a second member.

People have come to your editor much alarmed that Halls is to be in the minority. The fact is, there isn't a great deal of difference in the present board division and the new setup. At the best under the present board, Halls has a 2-5 division, and at the worst, if the change is made, Halls would have a 1-4 division.

Personally, we think that most people are missing the point entirely. Paraphrasing Winston Churchill, "We do not intend to be a part of destroying Halls High School," but we think that the purpose of a school system is to educate our children, and any change calculated to improve that job is to be favored rather than opposed.

We believe that a board designed to represent all of the people equally will do a much better job than the present setup, which is completely out of balance from a school population standpoint.

Departing from our usual habits, we recommend this proposed change to the people of the county with the belief that it is designed solely to improve our schools and with no ulterior motive involved.

Should Be Corrected

As this is written, the polls for the city election have been open a little more than two hours, so nothing can be known about who will be Halls' next mayor and who will make up the Board of Aldermen.

However, there were certain things noticeable about the election that need to be corrected in future elections in Halls. When we voted, there were at least two candidates inside the voting place, which is a violation of the law. At least one other person was inside the polls talking with those who were waiting to receive ballots or waiting to vote.

In addition to being a violation of the law, such practices tend to slow down the voting, make it more difficult to encourage some people to vote, and are generally undesirable.

Also, although this is perfectly legal, we believe most voters find the practice of handing out cards at the entrance to the polls a nuisance and a practice that should be discouraged. We believe that several towns—namely Ripley—already agreed among themselves that this practice will be discontinued.

Traffic Toll Climbs

In some manner we have misplaced our figures, but we do know that Tennessee's traffic death toll has now reached only one less than over the same period last year.

Last year was the record breaker of all times; let's don't make 1966 even worse.

State Will Prolong Former 51's Care

A delegation instructed by County Court to confer with Gov. Frank Clement about Highway 51 north of Halls returned from Nashville Tuesday with a state promise to maintain the highway until new Highway 51 is completed through the county, and to put it in good shape before it is turned over to the county.

Dr. A. J. Butler, Jr., Clifford Swain, and L. E. Vair, Jr., delegates were accompanied by Walter Caldwell, George Gibson, Bennett Barlow, and Joe E. Walker, Jr.

## Jordan Given Sixth Term As Halls Mayor

By 62 Votes Over Cheshier As Jordan, Rodgers, Hart Attain Alderman Seats

Jerre Jordan was re-elected Halls mayor Thursday, with 266 votes to 204 for James Cheshier, 163 for Warren Tanner, and 135 for Paul Crittendon.

Elected aldermen were Paul Jordan, with 513 votes; E. O. Dew, 494; Dorris Rodgers, 496; Grover Smith, 370; Billy Vair, 321; and Harold Hart, 305.

Unsuccessful alderman candidates were Bernard Higdon, 297; D. E. Walker, incumbent, 273; L. C. Cannon, 269; James Baker, 252; Charles Moore, 246; Elmer Hoffius, incumbent, 215; and J. T. Chipman, 54.

## Farmers Learn Sprays Control Alfalfa Weevils

Raymond Hathcock Gathers Excellent Hay Crop After Having Used Malathion

Raymond Hathcock this week reported that 10% Malathion dust, applied to his alfalfa weevils, was successful in stopping damage, so that he has an excellent crop of hay to cut this week.

At least 15 other farmers have reported success in protecting alfalfa by spraying with Malathion and a mixture of Marlate and Disonin.

Joe Burns, Extension agronomist, recommends that the first cutting of alfalfa be harvested just as it starts blooming, with other cuttings to be harvested a somewhat later stage.

Alfalfa weevils may attack the second cutting of hay, but they are not likely to bother the last two cuttings.

Farmers are warned to watch for damage soon after the first cutting. It is advisable to apply insecticides then, rather than waiting for severe damage, which can seriously reduce the yield of hay in the second cutting.

R. P. Mullett, Extension agronomist, urges farmers not to allow the alfalfa weevil to cause them to quit growing alfalfa, but he urges that the crop be fertilized after the first cutting if it has not already had an application of potash this spring.

For this area, he advises applying fertilizer according to soil test, or the use of 500 pounds of 0-0-27 with borax, or mixing in batches 100 pounds of 46% phosphate, 300 pounds of 60% potash, and 25 pounds of borax per acre, and applying that broadcast right away.

R. J. Goddard, director of Ames Plantation, reports corn planted May 7th, 1964, had 20% infestation of southwestern corn borer; that planted May 29th had 70%.

These facts show the urgency of corn being planted as soon as possible in this area, to avoid, as much as possible, reductions in yields caused by these borers. No method of control has been found practical except to plant the corn earlier to escape the most severe infestations.

## 25 Finalists In Ripley Rotary Club's County Amateur Finals This Friday

Twenty-five winners in their school contests will compete for county-wide amateur honors at 7:30 p. m. this Friday at Ripley High School.

The annual finals are sponsored by Ripley Rotary Club to benefit the Crippled Adults Hospital in Memphis, a Rotary institution which serves this area.

This year's finalists in the order in which they will appear Friday:

1. Song—"Buttons and Bows"—Mrs. Dorothy Thompson's Fifth Grade Class, accompanied by Mrs. Lauren Shoaf.
2. Song—"The Rheumatism"—Mrs. Mary Fountain's Second Grade Group, accompanied by Mrs. Billy Meadows.
3. Vocal Solo—"Barefoot Days"—Debra Hilliard, accompanied by Mrs. Wymond Hurt.
4. Reading—"Ma, By Bus"—Linda Davie, accompanied by Joan Jackson.
5. Danish Dance of Greeting—Miss Ida Lewis' First Grade Group.
6. Medley—"Early in the Morning" and "Very Last Day"—Mary Ann Revere, Jane Emerson, Sherry Revere, Tommy Beard, Aubrey Webb.
7. Hymn—"Melanie, Holly, Nathan, David and Lauren Bridges, accompanied by Mrs. Ray Bridges.
8. Reading—"That's Bad! That's Good!"—Bill Hightower and Bimbo Duval.
9. Vocal Duet—"On the Good Ship Lollipop"—Cindy Vaden and Laurie Hart, accompanied by Mrs. Wymond Hurt.
10. Vocal Trio—"Sentimental Journey"—Jo Quick, Janet Kissell and Susan Chandler, accompanied by Libby Quick.
11. Song—"Everybody Loves Somebody"—Roger Meeks, accompanied by Miss Caroline Hanson.
12. Quartet—"Whispering Hope"—Kathy Newman, Mary Jean Newman, Brenda Mescham and Myra Watson, accompanied by Mrs. Ray Bridges.
13. Song—"Hello Dolly"—Mrs. Anita Christman's Fourth Grade Group, accompanied by Mrs. Lauren Shoaf.
14. Song—"I Was Born to Serve the Lord"—Kenneth McNatt, accompanied by Beverly Gitchell.
15. Song—"What A Day"—Nelson Wright, Wanda Cowan, Jeannette Jackson, accompanied by Joan Jackson.
16. Vocal Solo—"More"—Nyoka Lawrence, accompanied by Mrs. Wymond Hurt.
17. Vocal Trio—"Birds and Bees"—Peggy Green, Almee Miller and Dyann Jones, accompanied by Jo Quick.
18. Piano Solo—"Aragonesa"—Elsie Crisfield.
19. Song—"Getting To Know You"—Marris Crisfield, accompanied by Joan Jackson.
20. Solo—"Ain't She Sweet"—Sheila Lanford, accompanied by Mrs. Ray Bridges.
21. Song—"I Wouldn't Take Nothing For My Journey Now"—Beverly Cathy and Patti Gitchell, accompanied by Beverly Gitchell.
22. Vocal Group—"Navy Blues"—Janet Geardean, Sarah, Donna Betty and Joy Kissell, accompanied by Mrs. Billy Meadows.
23. Song—"There Was Only You and My Heart Belongs To You"—Betty Lynn Brown, accompanied by Miss Caroline Hanson.
24. Vocal Solo—"Kiss"—Susanne Spence, accompanied by Mrs. Wymond Hurt.
25. Vocal Solo—"King of the Road"—George Meadows, accompanied by Mrs. Billy Meadows.

## COUNTY MUST INTEGRATE FOUR GRADES NEXT FALL

Or Lose Federal Assistance, And Probably State, Too; First And Second, Ninth And Twelfth Grades Must; State Commissioner Urges Integrating All Grades

Lauderdale County appears certain to desegregate at least four grades of school, in every school in the county, beginning next fall.

These would be grades one and two and freshman and senior high school classes.

Otherwise, the county will lose all federal school funds, totaling \$100,000 annually, and, it is understood unofficially, all state funds, running around \$1,000,000 annually. This would leave the county schools supported only by \$2.50 per \$100 of assessed valuation in the county.

real estate tax rate, yielding less than \$300,000 annually of the approximately \$1,400,000 school budget.

Federal funds involved ran, last year, \$42,243.60 for salaries of vocational instructors; \$14,023.73 for purchases of laboratory equipment; and \$84,146.65 reimbursed for lunch programs. In addition, surplus commodities were received, whose estimated value for this school year is \$20,000.

State funds become involved because federal authorities are clearing civil rights compliance certificates state by state, with 26 states cleared so far, but not Tennessee. In order to continue to receive federal aid for any Tennessee community, the state will be required to prove civil rights compliance by all school superintendents have been reliably informed. Since many Tennessee communities are complying and want federal aid, the alternative is to drop any non-complying communities from state rolls. It is therefore unlikely that there will be any communities not complying.

Desegregation may be accomplished either by establishing non-racial zones for school attendance, "following natural boundaries or perimeters of compact areas surrounding particular schools," or by allowing "free choice" of schools, without regard to the student's residence. On the student's choice plan, preference must be given to the applicants who live closest to the school, in cases where choices produce overcrowding.

Over County plans "free choice" assignment.

A "free choice" plan submitted by Lauderdale County would have maintained existing bus routes, has been rejected by federal authorities because it indicated a continuance of a "dual system."

Instructions on "Rate of Desegregation" are:

"1. Every school system which submits a plan that fails to provide for the desegregation of every grade in all the schools within its system by the beginning of the school year 1965-66 must sustain the burden of justifying the delay and must include in its desegregation plan a time schedule for such desegregation."

"2. The fall of 1967 is set as the target date for the extension of desegregation to all grades of the school system as qualification for federal financial assistance . . .

"3. Every school system beginning desegregation must provide for a substantial good faith start on desegregation starting with the 1965-66 school year . . .

"4. Such a good faith start shall normally require provision in the plan that:

"(1) Desegregation will be extended to at least four grades for the 1965-66 school year; the grades covered must include the first and any other lower grade, the first and last high school grades, and the lowest grade of junior high where schools are so organized;

"(2) Any pupil newly enrolled . . . shall be enrolled in and assigned to a particular school without regard to race, color, or national origin . . .

"(3) That any student attending any grade, whether or not fully desegregated, at a school to which he originally was assigned on the basis of his race or color shall have an opportunity, subject to the requirements and criteria applicable equally to all students without regard to race or color, to transfer to any other school in which he originally would have been entitled to enroll but for his race or color; and

"(4) Steps will be taken for the desegregation of faculty, at least including such actions as joint faculty meetings and joint in-service programs."

J. H. Wart, state Commissioner of Education, has written all school superintendents that "although this section states that a minimum of four grades must be desegregated no later than the beginning of the fall term of 1965, I would recommend that wherever possible, all grades in a given school system be desegregated by this date."

The county Board of Education has met and discussed the desegregation order but has not yet adopted a plan, which must be submitted before Tuesday.

Bernell Bowie, Halls applicant dealer, was inducted as president of Halls Junior Chamber of Commerce last Thursday at an installation banquet for Jails and Lauderdale County Jaycee officers in Ripley High School's cafeteria.

Other officers are Paul Meadows, vice-president; Mack Stanley, secretary; James Bowie, treasurer; Lindell Bowie, state director; Percy Jackson, Clyde Ripley, Franklin Alley, directors.

David Dickey, of Adamsville, Region II vice-president, held the installation service.

Riley T. Pollard, Jr., of Ripley, was master of ceremonies.

HALLS ELEMENTARY SCHOOL TALENT SHOW WINNERS last Friday night were: Front, left to right, Laurie Hart, daughter of Harold Hart, of Halls, and Cindy Vaden, daughter of Mr. and Mrs. Wayne Vaden, of Halls, third place, singing and dancing; back, left, Susannah Spence, daughter of Mr. and Mrs. William G. Spence, of Halls, first place, singing and dancing; Nyoka Lawrence, daughter of Mr. and Mrs. Robert Lawrence, of Route 1, Gates, second place, singing. Honorable mention went to Judy Keen, Terri Ward, and a sister act, Gay and Darlene Arnold. The three top winners will represent Halls in the Lauderdale County talent show at 7:30 p. m. Friday in Ripley High School auditorium.

## Two Schools Shut, Three Others Will Get New Leaders

Replace Richardson, Brent With Mays, Lee; Searcy Awarded Lee's Position

The county Board of Education is closing two negro schools next year—Fort Pillow and Rosewald—and reassigning their principals while replacing three others.

Ralph Mays will succeed Leonard Richardson as principal of Halls Elementary School.

Samuel C. Lee will move from Durhamville to head Lauderdale High School, replacing J. C. Brent, and Allen Searcy will move from Rosewald to Durhamville.

Lillie V. Jones, Fort Pillow principal, is to teach at El Canaan, the only school to remain in board member Darrell Crook's school district. Rosewald and Fort Pillow students will be bused to Palmer-Turner in Henning.

No successor has been named for J. H. Rochelle, leaving Ripley Grammar School to head the Union City schools.

Teachers elected for next year's classes:

- White Faculty Members
- Supervisor—John Paul Burns.
- Arp—L. R. Wadsworth, Fr.; Alvaret Caldwell, Mary Fountain, Margaret Hill, Robbie S. Hughes, Dezie M. Clark, Betty Newman, Fay Barfield.
- Ashport—Edric Owen, Fr.; Jenny W. Grammer, Marie M. Brasier, Inez D. Hipp, Lynda Lewis.
- Central—Frances Braden, Fr.; Lana M. Nichols, Ann Hutcherson.
- Curve—Gladys Vaden, Fr.; Annie B. Carter, Maggie B. Williams, Ruby Carmack, Evelyn Brown.
- Edith—Margaret Chisholm, Fr.; Fay Williams, Robbie Bivens.
- Getes—Ann Martin, Fr.; Inez Martin, Kathleen Gooch, Kathryn Truleno.
- Manipoke—George H. Smith, Fr.; Annie L. Webb, Hardy Hughes, Ann P. Lazure, Oma Hilliard.
- Halls Elementary—Ralph Mays, Fr.; Olive Ferguson, Annie L. Lucas, Rebekah McDearman, Nell Murchison, Mary N. Sugg, Joyce C. Avery, Margaret Gilliland, Everett Kidd.
- Halls High—Dale Lee Overton, Fr.; James L. Brown, Ruth Hallman, Ethel McCorkle, Gladys Woodward, Truma R. Dunaway, Charmaine Freeman, Chiffie F. Smith, Larry James, Frances Steelman, Glennon Dalley.
- Hennings—Arthur Thompson, Fr.; Scrap Johnson, Frances Johnson, Sarah Johnson, Ida Lewis, Agnes Pinkin, Colleen Flowers.
- Ripley Grammar—Montine Akia, Daisy Burnham, Patricia Baggett, Ruth Holmes, Grace Owen, Alla Thompson, Dorothy Thompson, Virginia Whitley, Susan Swift, Frances Winslow, Falsa Barlow, Corvella L. Nunn, Alice Rice, Vera M. Thompson, Virginia De-Prent, Helen Wadsworth, Anita Christman, Ely Burie, Jr.
- Ripley High—C. V. Butler, Fr.; R. L. Ammann, Charney Carney, Virginia Clays, Clifford Duvant, Nancy Grammer, Maurice Kelly, Martha M. Paul, Mary Parker Owen, James McGarrity, Lady B. Ran-

## THE DUKE AND DUCHESS OF HALLS in the Memphis Cotton Carnival next week will be Miss Betty Ward and Eddie Smith, Halls High students. Miss Ward, "Miss Halls of 1965," and her attendants, Miss Lane Williams, Miss Sandra Jennings and Miss Connie Elmore, are participating in the Humboldt Strawberry Festival this week. Miss Ward is the daughter of Mr. and Mrs. Sewell Ward, of Halls Air Base. Mr. Smith is the son of Mr. and Mrs. Gallon Smith, of Route 3, Halls.

## New School Board Districts Favored By Henning P-TA

As Report Response Favorable As Arp Sets Discussion; State Attention Draws

Local Parent-Teachers Associations are individually endorsing the plan unanimously adopted by the County Council for school board reorganization.

The plan would beat a federal court to the draw by equalizing districts which elect school board members and preserving the county's traditional system of electing members from local districts, rather than county-wide.

Federal intervention, considered certain unless the county takes matters in hand first, would equalize districts at the discretion of the court, or provide for county-wide election of all board members—as demanded in the first suit underway in Tennessee in reorganization a county school board.

That suit has already been filed, against Rutherford County. It inspired the County Council's effort to head off court dictation here.

The first endorsements from local associations were reported Wednesday at the Council's regular monthly meeting.

Henning's Parent-Teachers Association devoted a meeting to "thorough discussion" of the plan, it was reported, and formally recommended it to parents.

It was supported by a majority of those who heard it discussed at an Ashport Parent-Teachers Association meeting, according to representatives from that P-TA.

Both Ripley Grammar and Ripley High School's associations have endorsed the proposal.

The plan will be given top billing next Thursday when the Arp Parent-Teachers Association meets at 2 p. m., only five days before the balloting.

Mrs. Roy Thompson, of Durhamville, Tennessee state P-TA chairman for county councils, said the plan had drawn interest at the state convention in Nashville week before last, when news articles about it were placed on display.

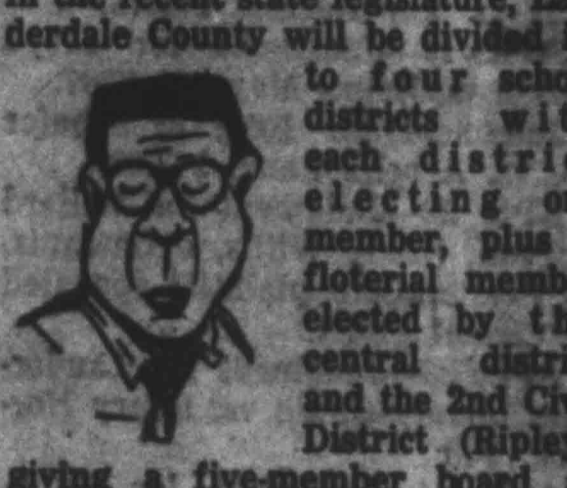

Most other counties of the state are also fearful of federal intrusion of their districts for school boards; but few, if any, others act in time to secure the necessary action from the recent General Assembly to permit action by their counties in advance of any federal move.

After the Rutherford suit was filed, Lauderdale's Council moved swiftly to pass the necessary act two weeks before the legislature adjourned.

The new school board will have five members, from four school districts, with member representing school district no. one. One member will be elected by the county.

1. Civil Districts 5, 8, 12, and 16—the north end of the county, from Barr. and Hales Point to Halls.

2. Civil Districts 1, 2, 4, 14, 15, and 19—the south end of the county.

### Attentive Farmers Calibrate Sprayer Pressure Exactly

Crook, Walker, Fisher Use Care To Apply Chemicals At Most Effective Rate

By F. H. Pinedall  
W. O. Crook, of Pleasant Hill, last week bought a new eight roller pump sprayer. He was advised by the dealer to have the sprayer calibrated.

He calibrated the sprayer for 36-inch rows to apply thirteen gallons per acre. To do this, he drove out in the field, same distance from the end of his row, and drove his tractor and sprayer at the speed at which he planned to operate it during planting.

He measured the feet and wheels on the machine to determine the number of seconds required to travel that distance. He repeated this procedure to check himself, and wrote down the number of seconds required.

He then set the tractor at the same place on the tractor, operated the pump, and filled a quart can from one nozzle. He checked the amount of time required for this. He changed the pressure regulator until he was filling a quart jar with water in exactly the same number of seconds required to drive the tractor 364 feet.

He then knew the sprayer would apply thirteen gallons per acre, but he could check it again any time for the same tractor speed by simply catching a quart of water out of one nozzle in the previously recommended number of seconds.

**Broadcast Sprayer Calibrated**  
William F. Walker prepared a sprayer last week for applying Atrazine can be applied broadcast, using 30 gallons of water per acre. William sprayer 800M nozzle type 30 inches apart on a boom and planned to use about 30 pounds broadcast in four rows, 120 or higher pressure for greater spray. He checked the sprayer by determining the speed it would operate, driving it 334 feet, and timing that operation in seconds. He then operated the sprayer standing still with the tractor at the same throttle setting, and changed the pressure until he could catch a quart of water out of one nozzle in exactly the same number of seconds it took to travel the 334 feet.

**Special Program Presented By Ten Schools**  
First, second, and third place winners in four grade division earned certificates and \$2 prize books furnished by the Lauderdale County News Education Association during observance of National Library Week last week.

**Five States in a Point of**  
Atrazine powder per acre is the recommended amount for broadcast application.

**Temperature Govern Planting**  
Five states in this area, including Arkansas, Mississippi, and Tennessee, have published a bulletin on soil temperatures as they affect planting dates of cotton for good emergence and good stands.

**Experiments show it is necessary to have average soil temperatures of 69 degrees at two-inch depth, for ten days after planting, for best results. If one day in ten drops to 69 degrees, the cotton is severely damaged.**

**In this area, there is only a ten per cent chance that the temperature will drop to 50 degrees if cotton is planted after April 20th.** After April 20th, there is 70 per cent chance that temperatures will not drop below 60 in more than one day during the ten day after cotton is planted.

**Bedding cotton land makes considerable difference in the average soil temperature. In a bedded field, part of the bed surface is at right angles to the sun most of the time. This increases the amount of heat absorbed by the surface and transmitted to the soil and root level. Wind hits a larger area and evaporation is greater in the bedded field, thus the soil dries faster.**

**All this adds up to higher daytime temperatures and lower nighttime temperatures on beds than on flat land. Experimenters consider that bedded land for cotton has some practical advantages toward getting good stands of cotton in this area.**

**Cooler Tomato Cultures**  
Cultivators love tender, newly set tomato plants, which they set out at the ground level. The best control is to apply granular Diathol, Heptachlor, or Aldrin at rate three pounds per acre, and disk this into the ground before the tomato plants are set.

The granular material usually contains 25% chemical, or 12 pounds per acre does the job. Farmers were informed about a month ago that this practice has been discontinued by the Food and Drug Administration, but a special Federal board has recommended the matter and ruled that these chemicals may be used in the amount described above.

**This and application, has 100% has proven to be an effective control of cutworms.**

### SCHOOL SCOOPS

**From Halls High**  
Sun Dalton has been elected president of the Library Club for the coming school year.

Other officers will be Carolyn White, vice-president, Dorothy B. Buckner, secretary, Bonnie Burns, treasurer, and Eddie Smith, bulletin board chairman.

The club's spring social will be a trip to Reelfoot Lake June 2nd. Each member will carry a picnic lunch and enjoy swimming, skating, and boat riding during the afternoon.

Each student has received a list of words misspelled in Halls High School classes, headed in by each teacher. The students are to study this list of words and complete in a spelling contest in each classroom. Two spellers will be chosen in each home room to compete in a spelling tournament to be held in the gym May 17th and 18th.

The spelling tournament is an annual event sponsored by the Halls Club. Last year's winner was Betty Hinton, a member of the Beta Club, who will graduate this year.

**Eighth graders** from Nashville played the organ at The First Methodist Church and for the past two years has played the organ at The First Methodist church in Halls. Miss Kelly has played three times for drama productions in Lambert Theatre and has also played in Memphis with the drama group.

On a number of occasions, he has accompanied his brother, David Kelly, who is a Lambert student and a soloist with the Lambert choral group.

For his trophy, Bill played the First Movement of Grieg's Concerto. His music teacher is Mrs. Wymond Hart, of Halls.

**Johnston Elected Henning's Mayor**  
Sam Johnston was elected Henning mayor Thursday, with 135 votes to 123 for incumbent mayor Robert H. Seates.

**Elected aldermen** were T. H. Burns, who has 125 votes; John Caldwell, 105; C. S. Craver and Spurgeon Smith, 151 each; Max Harrison, 147; 140; and Herbert Hobbins, 147.

**Unsuccessful alderman candidates** were Walter Bridges, 120; William Ballard, 134; Joe Jones, 118; Poston Brandon, 110; and James Boyd, 94.

**Special Program Presented By Ten Schools**  
First, second, and third place winners in four grade division earned certificates and \$2 prize books furnished by the Lauderdale County News Education Association during observance of National Library Week last week.

**Five states in a point of**  
Atrazine powder per acre is the recommended amount for broadcast application.

**CANCEROUS SOUL**

Lesson for May 9, 1965

Revelation Chapters I and II 18:1-16;  
Ecc. 10:1-3;  
Deuterian Bookings Ephesians 2:1-10

**MORE THAN** half the patients in the hospitals of the United States at any one time would not be there if their mental attitudes were what they should be. So says one of America's leading psychiatrists. In other words, spiritual disease brings on physical disease. Now one of the most insidious and most cruel of diseases is cancer. This ailment, rightly feared, does more than harm the efficiency of the human constitution or of single organs; it destroys the tissues relentlessly and usually with great pain.

In this sin there's no fun. Envy has been called the "last infirmity of noble minds" meaning that no person is too noble to have an attack of it. A man may be in most respects a good man, yet his own envy can ruin him. One of the classic stories of envy and what it can lead to is found in the Old Testament story of Saul and David. Saul, the king, hated and envied the young army officer David. There was no reason for hating him; he certainly did not hate King Saul in return. Saul tried many times to murder David, and failed. David had more than one good chance to assassinate Saul, but did not try. The envy was all on one side. The details can be found in the Bible in I Samuel from chapter 17 to the end, in Saul's death by suicide. It is the story of how the soul of an able and at one time good man was eaten away by the cancer of envy. Most sins have some pleasure attached. Even a murderer may get some satisfaction from his victim's screams; but an envy-ridden man gets no satisfaction at all.

**Root and fruit of envy**

The soil in which envy grows best (though alas! it will grow somewhat in any soil) is arrogance. This is a form of pride, though not the same thing. Pride needs no audience. One can be one's own Admiration Society. Arrogance is always against others. There is a gentle and courteous arrogance, as when one "dams with faint praise" what someone else has done very well. There is also the arrogance of street gangs in a great city, rough and cruel. But arrogance is always piling kicking (literally or figuratively) some stone or log around. This shows up in the case of Saul, who was in fact a textbook case of this dread disease of the spirit. He considered (in time) that being chosen as king was a recognition of his ability; and when he ran into a better man, which David was, he could not be happy about it. He treats David like dirt, and takes it as a kind of insult that God should now favor David over Saul. So the fruit of envy is hatred — not love, which can come in a single flash, but hatred which lingers long like a slow poison.

**Side effects**

Cancer has a sneaky way of changing its location. (Doctors call it metastasis.) Driven out from one place, it turns up somewhere else. What are perhaps called side effects at first turn out to be the main attack. So the cancer of envy has its terrible side effects, notably fear and falsehood. Underlying all envy is a constant gnawing fear . . . fear that some one else hates me as much as I hate him, fear that the one I envy will in the end "do me in"; fear of failing where my "enemy" succeeds; — fear of ridicule, even fear of death. All this comes to pass in the soul of Saul. Falsehood was there too. The side effect of envy is that the envious man will never admit what is perhaps plainly the case, that his rival is after all the better man. Further, the envy-infected man can no longer think honestly about himself or those he envies. If you asked him directly, he would tell you he hasn't a streak of envy in him anywhere, all he wants is justice. Such twisted souls can be saved only by a major operation. The trouble with Saul — and with most of those like him, is that the operation may be stubbornly resisted — till too late.

WE AT SOUTHERN BELL WISH TO CONGRATULATE ALL OF THE 75 SENIORS WHO WILL SOON BE GRADUATING FROM THE HIGH SCHOOLS IN HALLS.

YOU CAN BE PROUD OF YOUR ACHIEVEMENT. WE WISH FOR YOU THE VERY BEST IN YOUR NEW ENDEAVOR. CONGRATULATIONS ARE ALSO IN ORDER FOR THE PARENTS, TEACHERS AND ALL WHO HAD A PART IN HELPING THESE FINE YOUNG PEOPLE REACH THIS IMPORTANT MILESTONE IN THEIR LIVES.

TELEPHONE OPERATORS SPEAK A LANGUAGE ALL THEIR OWN. These days we don't hear it, but this verbal shorthand still goes on behind the scenes. Here are some samples: AG means try again; DA, does not answer; LW, leave word; NF, no phone; WT, will talk. And one more we just made up . . . SO, meaning Smart Operator!

JUST ABOUT EVERY DAY IS MOTHER'S DAY FOR MOST OF THE MAMAS WE KNOW. Every day they cook, and wash, and iron, and get the kids off to school, and clean the house. On our official Mother's Day, May 9th, why not let Mama take it easy? Treat her like a queen. Start off the day with breakfast in bed. Do the chores for her. Wait on her hand and foot. She'll love it, and you'll be showing your love and appreciation in a very practical way she'll never forget. And there's another way to help Mom take it easy all year round! Give her an extension phone. A wall phone in the kitchen where she does so much of her daily work, or maybe a Princess in the bedroom where she can make and take calls in peace and quiet. Extension phones are one of the very nicest ways to help Mother save time and steps on Mother's Day . . . and every day!

**NOTICE OF GENERAL ELECTION**

As required by Private Acts of 1965 Legislature, being Chapter No. 169 of said Acts, the undersigned members of the Board of Commissioners of Elections for Lauderdale County, Tennessee, do hereby give notice that a special election will be opened and held in all the voting precincts of Lauderdale County, Tennessee, on

**TUESDAY, MAY 18TH, 1965**

for the purpose of submitting to the qualified electors of said County the proposition set out in the form of ballot of accepting or rejecting the provisions of Chapter 169 of the Private Acts of 1965, title of the Act is as follows:

"AN ACT to amend Chapter 684 of the Private Acts of 1935, being An Act entitled "AN ACT to create a County Board of Education in all counties of the State of Tennessee having a population of not less than 23,350 and not more than 23,450 according to the Federal Census of 1930, or any subsequent Federal Census, and to prescribe its duties, qualifications, term of office, manner of election and compensation," so as to alter the school districts established thereby and to fix the term of office of the School board members."

For Adoption of the Act

Against Adoption of the Act

All persons in favor of the adoption of the Act stated above shall mark an "X" in the hollow square opposite the words "For Adoption of the Act," and all persons opposed to the act stated above shall mark an "X" in the hollow square opposite the words "Against Adoption of the Act."

Said election will be held and conducted in the same manner and subject to the same rules and regulations as general elections and all laws applicable to general elections shall apply to this election.

Said election is called and will be held pursuant to Chapter 169 of Private Acts of 1965, General Assembly of the State of Tennessee, approved by the Governor on March 25th, 1965.

The polls at the hereinafter listed precincts will be opened at nine o'clock ante meridian (9 a.m.) and close at four o'clock post meridian (4 p.m.), Central Standard Time.

The following Officer, Judges, Clerks, and Registrars are hereby named and appointed to open, hold, and make due returns of said election at their respective precincts:

**FIRST DISTRICT**

Officer: Tom W. Fisher.  
Judges: Alan Fisher, Jr., William Fisher, T. F. Thompson.  
Clerks: Mrs. Anthony Fisher, Mrs. M. C. Bova.  
Registrar: Mrs. Francis Thompson.

**SECOND DISTRICT**

Officer: Riley T. Follard, Jr.  
Judges: Harry Murphy, Willie Best, Luther Sanders.  
Clerks: Mrs. James Patterson, Mrs. Ben Emerson.  
Registrars: Mrs. Landrum Tucker, Mrs. Herman Reviere, Mrs. Ned Poynter, Mrs. Wardlaw Steele, Mrs. Herbert Feist, Mrs. Floyd Crain, Mrs. Martha Vandergriff, Mrs. Joe Turner Escue, Mrs. Peggy Criner.

**THIRD DISTRICT**

Officer: Albert Raines.  
Judges: W. A. Tate, Nat Alston, Robert R. Fipkin.  
Clerks: Mr. G. L. Nash, Mrs. Paul Gonsman.  
Registrar: Mrs. Will H. Evans.

**FOURTH DISTRICT**

Officer: Knox Ray.  
Judges: Dalton Kestler, Cary Rhoads, Jr., Mack Parham.  
Clerks: Mrs. C. A. Rice, Mrs. M. S. Rice.  
Registrar: Mrs. Charles Henley.

**FIFTH DISTRICT**

Officer: Alfred Kidd.  
Judges: William Nichols, A. J. Hall, Oscar Outen.  
Clerks: Mrs. Lola Sweat, Mrs. Oscar Griggs.  
Registrar: Mrs. Tucker Hipp.

**SIXTH DISTRICT**

Officer: Benny Meadows.  
Judges: Arthur E. Grammer, R. D. Strain, W. A. Childress.  
Clerks: Mrs. Otto Lucas, Mrs. Maurine Childress.  
Registrar: Mrs. Mary Elizabeth Swina.

**SEVENTH DISTRICT**

Officer: James Stanley.  
Judges: J. A. Parker, A. T. Manning, G. W. Leggett.  
Clerks: Mrs. James Stanley, Mrs. Juanita Carnack.  
Registrar: Mrs. A. T. Manning.

**NOTICE OF GENERAL ELECTION**

HALLS, TENNESSEE, FRIDAY, MAY 21, 1965.

VOLUME 71, NUMBER 21

## Confidential Corner

By Henry Marshless

### A Really Wild Scheme

Some wild schemes for re-appointing the state legislature have been advanced during the special session, but Rep. Pat Lynch of Winchester, came up with the most outlandish.

His plan is to divide the state into four counties. The counties would be: Lauderdale County, which would include the present Lauderdale County, Dyer County, and the southern portion of Tipton, Haywood and Crockett Counties.

Lauderdale County is already badly enough divided without this added burden. We hope that this proposed split receives no serious consideration.

### Bloodmobile Is Coming

Don't forget that the Red Cross Bloodmobile will be in Halls next Wednesday, May 26th, to receive donations of blood for the Red Cross blood bank.

The Bloodmobile will be located at the educational building of First Baptist Church between 11 a. m. and 5 p. m.

Plan to give blood if you are physically able. This blood is available to every resident of Lauderdale County if quotas are reached, or donors and their families may receive blood if the quota is not attained.

For the third straight year, Halls Garden Club is sponsoring the coming of the Bloodmobile, and members have been working hard to secure donors. No particular discomfort and not a great deal of time is involved in donating a pint of blood.

### We're Losing Ground

Traffic deaths in Tennessee climbed to within three of the 1964 record-breaking toll during the past week. In 1964 there had been 362 traffic deaths through May 16th with the total for this year 359.

Let's drive carefully, don't become a statistic!

### Board Change Approved

Lauderdale County voters Tuesday approved the proposed change in electing school board members, as expected, Halls citizens voted overwhelmingly against the proposal.

We fail to understand just why, unless misinformation and a misunderstanding of the reason for the change influenced most of the voters—since we are certain that Halls people are just as interested in an improved school system as are citizens of other sections of the county.

This is not the first time, and will not be the last time, that we have disagreed with the majority of local citizens, but we feel a greater sense of failure in this instance because we believe that local citizens have been misled and that we didn't do enough to inform our citizens and repudiate the misinformation that was rumored.

## General Sessions

- ### State District
- MAY 10—Thomas Parker, Rip Willis, public drunkenness, \$5 and costs each.
  - James Harper, public drunkenness, \$5 and costs; punishment, \$5 and costs.
  - Whitman Frazer, disorderly conduct, \$5 and costs; resisting arrest, \$5 and costs.
  - MAY 11—Wyman Eddie Burks, speeding, \$5 and costs, suspended.
  - Anthony Cathy, bad check (Carl Brin), dismissed upon payment of costs.
  - D. E. Cathy, forgery (Albert Viar), dismissed upon payment of costs.
  - Mary Ann Shaw, fishing without license, \$5 and costs, suspended.
  - MAY 13—Earnest Richard Hoffman, speeding, \$5 and costs.
  - MAY 14—James Douglas Langley, reckless driving, \$10 and costs.
  - MAY 15—Rich McAllister, public drunkenness, \$5 and costs.
  - Don Lyle Corn, disturbing the peace, \$5 and costs.
  - MAY 17—John M. Hutchinson, speeding, \$5 and costs, suspended.
  - Dorson Johnson, speeding, \$10 and costs, suspended.
  - Kear Singleton, no driver's license, \$5 and costs, suspended; failure to yield, right of way, \$5 and costs.

- ### Civil District
- AFF. M.—Judgment for Creditors Finance Co. vs. Thomas Weston, Carolyn Weston, \$151.15.
  - MAY 1—Judgment for Russell Devoe vs. Jack North, \$25.
  - MAY 4—Judgment for Judson Ligonist, Adm. vs. Prudence National County Co., \$1,132, appealed to Circuit Court.
  - MAY 5—Judgment for Jackie Walker (A's) vs. Walter's Oil Co. vs. the Esquire, \$28.25.
  - MAY 15—Judgment for J. W. Williams vs. Fred Yates, \$21.

## Bay Phantom Wins Vanguard Purse At Arlington Park

C. O. Viar's crack three-year-old horse, Bay Phantom, added to his laurels Wednesday with an easy 4 1/2-length win at Chicago's Arlington Park for the Vanguard Purse of \$10,000.

Bay Phantom outran Battle Star, who placed second, and the Kentucky Derby entry, Mr. Pak, to take the victory.

Bay Phantom was moved from Hazel Park, Detroit, earlier this week for the race.

Two Viar horses, Apache King and Spike Nail, were slated to go Thursday at Hazel Park. Apache King was favored in a six-furlong sprint and Spike Nail was to go a mile in the feature race.

Mr. and Mrs. Viar flew to Chicago Wednesday morning, returning to Halls Wednesday night.

## 58 Grads Hearing Rev. John Porter In Class Address

### Christian Church Scene Of Baccalaureate Observance For Halls High Seniors

Fifty-eight Halls High School seniors—52 girls and 28 boys—will hear The Rev. John Porter, pastor of Halls First Baptist Church, deliver the baccalaureate address at 8 p. m. Sunday in the sanctuary of Halls First Baptist Church.

Music will be presented by a union choir under the direction of O. M. Law, music director for the church. Mrs. Wymond Hurt will be at the organ and Mrs. Charles Moore at the piano.

Members of the class are: Valensia Alley, Prissy Athinson, Carol Ballentine, Patsy Baxter, Karen Chambers, Marilyn Viar Chipman, Connie Elmore, Janie Gilliland, Judy Hanford, Simon Hastings, Alice Hendren, Carla Higdon, Betty Hinton, Rebecca Hutcherson, Phyllis Kerby, Ruth Maslin, Martha Morgan, Shirley Nolen, Barbara Prescott, Betty Poindexter, Darlene Queen, Gloria Sawyer, Glenda Smith, Anna Carl Spry, Judy Steelman, Anita Swanner, Betty Thurmond, Carolyn Thurmond, Betty Ward, Karen Williams, Lana Williams, Barbara Young, Dwight Azeo, Artell Belton, Bobby Brasfield, Dallas Burroughs, Pat Carmack, Stan Carnell, Dale Fitzhugh, Paul Henderson III, Ronnie Hilliard, Jerry Hughes, Lucky Humphreys, Phillip Jackson, Bill Kelly, William King, Ronnie Kennedy, Bobby Lindley, Dennis Manuel (Graduating in absentia), Larry Don Moore, Dennis O'Dell, Sammy Orment, Sammy Pansky, Lynn Patton, Ronnie Piebens, Jimmy Potter, Gerald Stewart, Paul Vaden, Jr.

## Gailon Smith Uses Amiben To Clear Weeds In Beans

### Rain Lack Doesn't Destroy Its Potential; Two Other Chemicals Recommended

By F. M. Paschal

Gailon Smith, of Halls, is using Amiben, a chemical recommended by the Tennessee Experiment Station this year for pre-emergence weed control in soy beans.

This Amiben requires moisture in order for it to be fully activated, but if no rain comes for ten days after it is applied and small weeds begin to appear, rotary hoes can be used to destroy the vegetation in the rows without lessening the effectiveness of the chemical when rains do come.

Haywood Luck, Extension agronomist, of Jackson, has called attention to research studies showing that soy bean yields can be reduced 30% or more by weed infestation. In one study, there was a yield reduction of ten bushels per acre from one pigweed plant every 20 inches in the drill.

Pre-emergence herbicides recommended for soy beans can help increase yields. The experiment station recommends Amiben, Dacthal, and Napclor. It recommends that these be applied in spray form only.

More than 36,000 acres in Lauderdale County will be planted to soy beans this year—a record acreage.

### Fertilizers For Soy Beans

Farmers are interested in increasing soy bean yields by the use of fertilizer, but only small applications are needed.

Most land outside the Mississippi bottom area will make more beans with applications of 100 to 200 pounds of 0-20-20 fertilizer.

On land which very much needs lime, as shown by the fact that the pH is between 5 and 5.4, yield of soy beans will be increased by the application of a small amount of molybdenum, at a cost of about 30¢ an acre.

It seems that molybdenum is required for the beans, but when the soil becomes "acid," the molybdenum is not available to the plants in sufficient quantities.

Of course, the recommended procedure is to lime the land with two to four tons of lime per acre, as shown by soil test, but where this is not practical until fall, the molybdenum may increase yields this year.

Keeping up the lime content in the soil makes all fertilizers more effective and makes conditions more favorable for the growth of bacteria in the soil.

This increases yields over a period of five or six years.

### Tomato Acreage Increased

W. E. Sandlin, Jr., Aubrey Conwell, Richard Townsend, and several other farmers in the Ripley area have planted tomatoes for the first time which are being raised, marketed every week, and shipped; the vines are to be tied to the stakes about four times to get the highest quality tomatoes in the shortest possible time, and command the highest prices paid in the first ten days when vine ripened tomatoes become available in this area.

The practice of growing these tomatoes has been used in Greece for many years. The market before the first frost on in-

## DENTISTS HEAR RAINEY Air Force Major Addresses New York Society

Maj. Bernard L. Rainey, who is assigned to the hospital at Andrews Air Force Base, in Washington, D. C., was on the program of the 97th annual meeting of the New York State Dental Society.

Maj. Rainey spoke on "The Effectiveness of the Electric Toothbrush as a Cleaning Device."

The meeting was held May 3-5th in the New York Hilton Hotel in New York City.

Maj. Rainey is the son of Mr. and Mrs. E. L. Rainey, of Halls.

mate plants is left to constitute a second crop. All other suckers weekly and above are removed below until about eight clusters of fruit reach the stakes, after which the plants are topped.

Total yield of tomatoes by this system is not as large as that for unstaked and unpruned tomatoes, but more tomatoes are ripened early, and since they are off the ground, the quality is higher.

Growers are working on plans for marketing of tomatoes. Some will be sold to buyers who will get them at the fields, and perhaps more will be sold by producers taking them to various markets and selling them to wholesale and retail outlets.

### Sudan Hybrids Vigorous

Paul Taylor was this week considering planting Sudan, Grazer A, Hay Grazer, or one of the other recommended varieties of Sudan hybrids on land filled in by a bulldozing operation in order to give it more coverage in preparation for other crops next year.

He hesitated to use Bermuda grass because of the probable difficulty he might have in getting rid of it in crops next year.

Jack Crutcher was considering planting one acre of Sudan hybrid for each three brood cows in his beef herd to provide summer grazing on the fewest possible acres.

He planned to seed 40 pounds per acre over an application of 300 pounds of 15-15-15 fertilizer and then to top dress with another 30 pounds of nitrogen when the Sudan was grazed down the first time.

These Sudan hybrids do not make the highest quality hay, because of the coarseness of the growth and the difficulty in getting it cured just right, but the hay does have good feed value when it can be baled at the right stage.

## Halls Nines Enter Leagues In Ripley For Summer Play

Managers are being sought for two Halls teams to play in Dixie Baseball Leagues in Ripley this summer, according to Ralph Mays, who will head the program in Halls.

Playing Tuesday and Friday evenings will be ages 13 and 14, with the team name of Braves. Ages 15-17 will comprise the other team.

In addition to managers for the two teams, additional boys are needed for the younger group. Anyone interested in managing or playing should contact Mr. Mays.

### The Braves' schedule:

#### Ripley Dixie Boys' League (Ages 13-14)

First Games 7 p. m. Second Games 8:45 p. m. (90 minute time limit)

- Tuesday, May 23: Mets vs. Cardinals, Tigers vs. Braves
- Friday, May 28: Mets vs. Tigers, Braves vs. Cardinals
- Tuesday, June 1: Mets vs. Braves, Cardinals vs. Tigers
- Friday, June 4: Braves vs. Tigers, Cardinals vs. Mets
- Tuesday, June 8: Cardinals vs. Braves, Tigers vs. Mets

## HOW STATE, U. S. TAXES ARE RUNNING IN AREA

### Taxpayers' Group Compiles Figures For Comparison

The Tennessee Taxpayers Association estimated this week that Lauderdale County residents paid \$5,375,021 in federal taxes during the fiscal year ending June 30, 1964, while paying \$1,483,136 in state taxes, or 36% of all state taxes.

The federal figure doesn't include unemployment compensation taxes paid through the state.

# Strong Margin Remaps Board

## P-TA Plan Given Over 2-1 Majority, Wins Two Of Every Three Boxes; Rural Area Vote Led The Way

Lauderdale County voters overwhelmingly approved school board reapportionment Tuesday, 1,804 to 581, as two out of every three precincts gave the plan strong support.

Going strongly the other way were Halls, Gates, Nankipoo, and Edith precincts, in which rumors had been circulated that votes for the plan would hasten the closing of local schools—a charge which reapportionment advocates denied.

The plan also lost, less heavily, in five other precincts, voting lightly. Shoaf's Island precinct did not vote.

Ripley voters supported the plan 14-1, but many rural boxes exceeded that. In fact, the plan won before the county seat vote was added.

The 15th Civil District reported not one "No" vote. Henning voted for the plan 89-9, or nearly 10-1.

## HONORED

### CADET PHILLIP CRINFIELD

son of Mr. and Mrs. William Earl Criffield, of Halls, has earned highest honors from both cadets and faculty of Castle Heights Military Academy at Lebanon.

Most recent honor is a Bernard Macfadden Foundation scholarship which will pay \$500 on his college expenses next year. The scholarship will be continued through his four years in college, as long as he maintains satisfactory grades.

He was selected for one of three scholarships going to Castle Heights seniors by a committee composed of Dr. T. D. Young, of Vanderbilt University, Col. Dan T. Ingram, Castle Heights superintendent, and Lt. Col. Leonard Bradley, Castle Heights headmaster.

Criffield has touched many bases during his six years in the Castle Heights junior and senior schools.

He was elected "Mr. Castle Heights" this year—highest honor voted by the cadet corps.

Members of the DeMolay elected him senior counselor, and his class named him secretary last year and president this year.

He was named the most efficient non-commissioned officer last year, promoted to cadet major this year, and named battalion commander, the highest position in the corps of cadets.

He has long been active in the Heights Christian Fellowship and this year served as a deacon.

He is a veteran staff member of The Cavalier, cadet newspaper, this year serving as circulation manager.

He participated in football, wrestling, and tennis, and although he never excelled in sports, Coach Stroud Gwynn named him the football substitute who meant the most to the varsity team this year.

"Phil always rallied the third team, and during scrimmages, he led the scrubs against the first and second team," he said.

The faculty last year picked him for leadership during his senior year and awarded him a Junior Honor Star.

"He is one of our finest boys, endorsed by all of his teachers and the entire cadet corps," says Col. Bradley.

Mrs. Dorris Irvin, president, expressed appreciation to the people of the county, on behalf of the County Council of Parent-Teachers Associations, for their backing of the proposal the council sponsored.

She also praised the efforts, before the election and on election day, of teachers and members of local Parent-Teachers Associations throughout the county who worked to get out the vote. "It was a real team effort," Mrs. Irvin said, "and one of which our P-TAs can be proud."

Mrs. Irvin has been re-elected president of the council for another year. Other new officers are Mrs. A. R. Walker, of Ripley, vice-president; Mrs. Anthony Fisher, of Durhamville, secretary; and Mrs. G. W. O'Dell, of Halls, treasurer.

### Mrs. H. E. Wyrick

Mrs. Maude Lee Wyrick, wife of H. E. Wyrick, Dyer County landowner and planter, of near Halls, died at 10:30 a. m. Thursday in Parkview Hospital in Dyersburg, which she had entered May 7th. She was 70.

Services will be at 3 p. m. Saturday in Beech Grove Baptist Church near Halls, of which she was a member. Burial will be in Palestine Cemetery, near Halls, Halls Funeral Home in charge.

She leaves her husband; two sons, Charles Wyrick, of Route 3, Halls, and Eugene Wyrick, of Houston, Tex.; two daughters, Mrs. Mary Frances Atkins, of Fowkes, and Mrs. Iris Louise Jones, of Burkburnett, Tex.; a brother, Orville Wyrick, of Friendship; and five sisters, Mrs. Essie Chandler, of Dyersburg, Mrs. Vannie VanDyke, of Friendship, Mrs. Ethel Johnson, and Mrs. Ruby Day, both of Humboldt, and Mrs. Allie Ball, of Winter Haven, Fla.; eleven grandchildren; and three great-grandchildren.

### Mrs. James Pike

Mrs. Pauline Moore Pike, of Nankipoo, an employee of Universal Electric Co. in Ripley, died suddenly at 2 p. m. Sunday shortly after entering Lauderdale County Hospital. She was 43.

Services were at 2 p. m. Tuesday in Eden Baptist Church. Burial was in Green Hill Memorial Gardens in Halls, Garner's Ripley Funeral Home in charge.

A lifelong Lauderdale Countian, she was a member of the Church of Christ.

She leaves her husband, James Pike; four sons, James Pike, Jr., Miles Pike, Michael Anthony Pike, and Jesse Leroy Pike; and two daughters, Stella Louise Pike and Pamela Pauline Pike, all at home; four brothers, Buddy Moore, of Halls, Gordon Moore and Fred Moore, both of Memphis, and Fred Moore, of Fort Bragg, Ga.; and three sisters, Mrs. Katie Jones, of Ripley, Miss Louella Moore, of Memphis, and Mrs. Callison Hogg, of Dayton, Ohio.

### KINDERGARTEN CLOSING

Closing exercises for the Halls Kindergarten will be at 7:30 a. m. Tuesday in the Fellowship Hall of First Baptist Church. Friends and relatives are invited.

# WASHINGTON MERRY-GO-ROUND

**WASHINGTON MERRY-GO-ROUND**  
by **DREW FARRON**

President Johnson's administration has been so replete with let him announce their resignation until long after they have departed.

Federal Communications Commission Secretary Fred Ford, for example, moved into his new job in private industry on Jan. 1. But his government secretary was obliged to keep his old office open and answer the telephones for three weeks before the White House finally got around to announcing his resignation.

The President's former appointments secretary, Ken O'Donnell, has been around the White House since the election. His resignation begged the President to announce his departure, but Johnson held off until the eve of his inauguration.

O'Donnell said one father to another, "Of course, two people can live as cheaply as one. My wife and I can live as cheaply as our daughter-in-law." —Arkansas Baptist

The best vacation is one without pay. You save so much money by not being able to go anywhere. —Bill Caldwell, Successful Farmer

When your actions speak for themselves, don't interrupt. —Dan Bennett

The most difficult thing any man can do is make his easy payments. —Balance Sheet

could disrupt and distort the economy.

Such drastic action, however, could bring the Chinese horde pouring into North Vietnam.

The Air Force believes a bomb will be used for everything. The Chinese leaders must have received a whiff of their own atomic weapons, perhaps enough to realize how frightening nuclear weapons are.

So he quietly leaked out the news that a Polaris missile, with sixteen hydrogen-bomb heads, is now stationed off the Chinese coast.

The President has another card he hopes to exploit. The Chinese are finding their North Vietnam puppets difficult to control, as the Russians found the Chinese. He figures the Chinese leaders must have received a whiff of their own atomic weapons, perhaps enough to realize how frightening nuclear weapons are.

# BOSS, PRIMER APRIL PLentiful

Starchless meal planners can look forward to generous supplies of eggs and dried prunes for use in April.

April egg supplies likely will exceed those of a year ago, the U. S. Department of Agriculture reports, and continued heavy production of eggs means homemakers will find them a wise buy.

Dried prune production, estimated by USDA at around 171,000 tons, compares with only 132,000 tons last year.

Other foods which USDA's Consumer and Marketing Service says will be plentiful during April are brussels sprouts, honey, canned peas, fresh cabbage, fresh carrots, fresh onions, dry peas, and canned pink salmon.

USDA reports April marketing of broilers likely will be nearly 10 per cent above those of last year. Honey production during 1964, at 285.7 million pounds, was 5.8 per cent more than the 5-year average. Producers reported 75 million pounds of honey on hand for sale in mid-December, USDA said. This was the highest level for that time of year since 1952.

Canners packed a record 11.4 million cases of peas this season. Fresh cabbage and carrots are in general supply because of large winter crops. A projected harvest of 84,100 acres of South Texas onions is expected to bring heavy supplies to market during April. Canned pink salmon is plentiful due to a large Alaskan catch during 1964.

# Hick Wins Praise For Catch Which Topped Reds 5-3

Herring's Jim Hickman, more often praised for the hit than in the field for the New York Mets, was named National League MVP on Monday.

"I've got to be a better catcher than the one who hit me," Hickman said after his 5-3 victory over the Reds' Harold Bessenthal in The New York Herald Tribune.

"With two away, Leo Cardenas struck me deep to the left-center field."

"Hickman had gone in at left and Billy Cowan into center, replacing Joe Christopher and the kid slugger, Ron Swoboda, in what can only be described as a stroke of pure genius on the part of Casey Stengel. The switch boosted the defensive efficiency in these positions almost 10%."

"Hickman reacted to his left, was offside when he managed to get his glove on the ball, and dropped into a hole in the uneven turf. He stumbled, took a few more steps, then tumbled, but held the ball."

Miss Elizabeth Alshook, of Memphis State University, spent the weekend with her parents, Mr. and Mrs. Charles Alshook. Her house guest during the weekend was her roommate, Miss Tommy Loyd, of Dresden.

Bobby Murchison, of The Nashville Tennessean sports staff, spent the early part of the week with his parents, Mr. and Mrs. Henry Murchison.

Mr. and Mrs. Ed Hammond, of Vienna, Miss., spent the weekend at home in Chicago, Ill., after having spent two weeks with Mrs. Ayres' mother, Mrs. Emily Bentley, at Porter's Gap.

Capt. and Mrs. Jasper Brewer and son, Jay and David, arrived in the U. S. last Thursday after two years' duty in Germany. Capt. Brewer was separated from the service by time with her brother, who is coming to his home in Col. Lawrence and continuing in Hall's Sunday night. Capt. Brewer re-

# To Be Bride

Miss Betty Ann Jordan

Mr. and Mrs. Paul Jordan, of Halls, are announcing the engagement and approaching marriage of their daughter, Betty Ann, to Jerry Wayne Spahn, of Flint, Mich. Mr. Spahn is the son of Mr. and Mrs. O. B. Spahn, of Friendship, Clifty Falls, Ind. Upon their return they will be home in Galesburg, Ill. The wedding will be celebrated in the home of Mr. Spahn's brother, The Reverend Bobby Spahn, in Rockwood at two o'clock, Monday afternoon, May the thirty-first. After a short honeymoon in the mountains, the couple will go to Flint, Mich. to make their home.

Miss Gloria Ann Reece

Mr. and Mrs. Paul Jordan, of Halls, are announcing the engagement and approaching marriage of their daughter, Betty Ann, to Jerry Wayne Spahn, of Flint, Mich. Mr. Spahn is the son of Mr. and Mrs. O. B. Spahn, of Friendship, Clifty Falls, Ind. Upon their return they will be home in Galesburg, Ill. The wedding will be celebrated in the home of Mr. Spahn's brother, The Reverend Bobby Spahn, in Rockwood at two o'clock, Monday afternoon, May the thirty-first. After a short honeymoon in the mountains, the couple will go to Flint, Mich. to make their home.

# May Nuptials Planned

Mrs. Ella Hartman, Mr. Caldwell Wed

In a ceremony marked with simplicity and dignity Mrs. Ella Hartman of Gales, and Wayne Calvin Caldwell of Ripley, were united in marriage Monday, May seventeenth, in the sanctuary of the First Baptist Church in Halls. The Reverend Edwin Hunter, pastor, performed the ceremony at half past ten o'clock in the morning in the presence of the immediate families and a few close friends.

Miss Wynnona Hunt, organist, presented a program of nuptial music preceding and during the vows.

The bride wore a stunning three-piece costume suit of cloud blue ribbon knit. The overblouse of the suit had insertions of Chary lace. The short-sleeved jacket had Chary lace insertions around the neck and on both sides of the opening. Her hair and other accessories were in white. She wore a purple-trimmed white orchid at the waist.

Mr. and Mrs. Warren R. Tanner, of Halls, were the officiating minister. Following the ceremony, the couple left for a wedding trip to Clifty Falls, Ind. Upon their return they will be home in Galesburg, Ill. The wedding will be celebrated in the home of Mr. Spahn's brother, The Reverend Bobby Spahn, in Rockwood at two o'clock, Monday afternoon, May the thirty-first. After a short honeymoon in the mountains, the couple will go to Flint, Mich. to make their home.

# SCHOOL SCOOPS

By Betty Atkinson, Beta Club

The Black and Gold Interscholastic basketball game ended in a close victory for the Black team, 55-54.

The winning team consisted of C. Baker, Bobby Hinton, Tommy Emory, Andy Pugh, Dennis Hogue, Don Patton, Earl Davis, and Wayne Spahn. Andy Pugh, Tommy Emory, and Don Patton were named MVP's of the game.

Gold team players were Ronnie Shilline, Raydon Chambers, Douglas Baker, Larry Laws, Ronald Robertson, Tommy Martin, Johnny Vaden, Lloyd Olds, and Tommy Edmond. Douglas Baker was MVP.

Cheerleader tryouts were held in the gym at 2:15 p. m. Monday. Students' ballots chose this group of girls to lead the Tigers during 1965-1966: Sandra Jennings, Kay Johnson, Mary Jo Parrish, Janet O'Dell, Patricia Hutchinson, Linda Lurka, Kathy Williams and Julie Burks, with Debra Baker as first alternate.

Halls' First Methodist Church will have its first graduating students who are members of that church at a breakfast at 7 a. m. next Thursday in the church dining room.

The final examination schedule has been posted. Exams begin Monday and continue through Friday.

Baccalaureate services rehearsal will be held at noon this Friday and Sunday afternoon in the First Baptist Church in Halls. The services will begin at 4 p. m. Sunday. The graduates will hear The Rev. John W. Porter, pastor of Halls Methodist Church, officiate. Services will be honor guests, seated in a reserved seat section.

The Distributive Education Club received a two-star award of excellence from the Sears, Roebuck Foundation this week. The plaque is being presented to the club by the Rev. John W. Porter.

# Madison Co. Club Admires Iris Beds And Wright Home

Members of Pleasant Hill Home Demonstration Club of near Jackson, including Mrs. D. P. Barker, Mrs. J. R. Wright, of Steelman Road, Halls, visited Halls Iris Garden and the garden of Mrs. Daniel Meeks near Halls Monday, and then admiring the Wright gardens, always among the earliest in the county, and held a club meeting in the Wright home, with Mrs. Raymond Austin, president, in the chair.

After the meeting, the hostesses served cookies and beverages.

It was accompanied by a check for \$20. Bill Kelly, club president, accepted the award from Phil Duane, 1965-1966. Sandra Jennings, Kay Johnson, Mary Jo Parrish, Janet O'Dell, Patricia Hutchinson, Linda Lurka, Kathy Williams and Julie Burks, with Debra Baker as first alternate.

Halls' First Methodist Church will have its first graduating students who are members of that church at a breakfast at 7 a. m. next Thursday in the church dining room.

The Distributive Education Club received a two-star award of excellence from the Sears, Roebuck Foundation this week. The plaque is being presented to the club by the Rev. John W. Porter.

# Students Honor Teachers With Appreciation Day

The Halls Beta Club observed Teacher Appreciation Day this week.

On Monday members of the Beta Club paid special tribute to the faculty of Halls High, and to H. G. Conley and the Rev. Edwin Hunter, speakers in the program.

As tributes were paid, a Beta member pinned red roses on the teachers and escorted them to special seats arranged in front of the assembled students. The principal, Dale Overton, and the speakers, Mr. Conley and the Rev. Hunter, were also given red roses and seats with the faculty.

Samuel Omen, club president, stated the purpose of the meeting and introduced the speakers, mentioning that each was a former teacher. The speakers paid tribute to former teachers who have influenced their lives and urged students to understand the interest every teacher has in his pupils.

Samuel then asked Mr. Overton to proclaim Tuesday as Teacher Appreciation Day in Halls High School. After Mr. Overton had responded with the proclamation, the president of the club appealed to students to be especially kind and appreciative to teachers all Tuesday.

To climax the project, the club invited the faculty and the speakers to dessert Tuesday, during the noon hour.

The library was the scene for this event. "An Apple for the Teacher" was the theme in decorations and gifts.

The table was covered with a pink damask cloth and centered with an arrangement of pink roses.

Teachers were served apple pie and/or apple cake, with cream, tea cream, and coffee or just tea.

Mary Jo Parrish told the teachers they had tried to be very helpful at the assembly program on Monday, so they proposed to have some fun on Tuesday. Numbers drawn at the door upon entering were matched with numbered packages tied in Beta Club colored ribbons. Every package contained a form of apple-apple jelly, apple butter, apple slices, apple cookies, etc. Each package had a ribbon tied to it, and a Beta member read the lines as each package was delivered.

For instance, Ricky Cook said to Mrs. McCorkle, "I'm so scared I'm not going to school. I better just give you this apple butter."

If we understand the doctors correctly, you can live much longer if you quit everything that makes you want to.

Construction Digest

It's hard to support the government in the manner to which it has become accustomed.

—Arnold Glasgow

# In Tennessee, after a day's fishing beer's the one... for good taste, good fun

Wherever you fish for sport—on the ocean, by the booming surf, or on some quiet country pond, it's great at the end of the day to head for a rewarding glass of beer. While you're talking over the ones that got away, or pat-frying the ones that didn't, you enjoy the hearty taste and cool refreshment only a glass of beer can give you so well. Yes, whatever your sport—bowling or strolling, golfing or gardening—a frosty glass of beer makes a naturally great accompaniment.

**No Item in Paper? Cuss Father Time**

There's always more news than space to print it. The untold news item sent in too late for its proper publication date—and that means the first one after the event can't be used, stale, with out robbing space from other news which must appear promptly, or perish.

Even during the proper publication week, does not mean news exceeds the physical capacity of equipment to do its job. News items are then cut, or cut out, to avoid... and this applies to staff-written news as well as material submitted to it. The clock leaves us no alternative.

We try hard to avoid this "cussing" anyone who submits material, but we must have that you submit it as early as you possibly can. Monday is essential, Tuesday satisfactory, Wednesday less difficult, Thursday is doubtful (unless the news has just developed) or unless it holds major importance, and a week later is hopeless... In order to meet deadlines and deal fairly with all those who donate news coverage, we request your cooperation. It will result in better presentation of your material.

**Telephone Talk**

By ROGER GANER  
Your Telephone Manager

WE JUST HEARD THAT THE U. S. GOVERNMENT RECENTLY ISSUED A 5¢ STAMP honoring "The American Homemaker." We think it's a great idea! We're definitely in favor of recognizing those ladies who cook, and scrub, and mend, and iron, and take care of the kids, and do all those jobs that keep homes happy. What's more, we know a way to make life a little easier for those busy ladies... extension phones. In kitchens, and bedrooms, and dens, and hallways... all the places where homemakers spend a lot of time. Try extension telephones and see how much easier life will be. Just call our Business Office and ask about phones in styles and colors to suit your needs. Dial 234-9371.

DID YOU KNOW THE COLOR OF AN AUTOMOBILE can make it appear to be nearer or farther from you? In other words, a driver's judgment of the distance of an approaching car will be influenced by its color. A recent study shows blue and yellow seem to be closer and gray appears to be farther away. But whatever the color, it's always a good idea to allow plenty of margin for safety between your car and others, particularly on busy highways. A lot longer for the day... one easy judgment you'll never regret... fastening your seat belts!

A FEW SPINS OF A TELEPHONE DIAL. That's all it takes to put you in touch with your friends. Here are a few suggestions to help you reach them as quickly as possible.

1. Check your phone book for numbers you're not sure of.
2. Dial carefully. It makes a big difference which of those letters or numbers you dial!
3. Get to know the front pages of your phone book. They're full of facts about Long Distance Calling, Area Codes, information on rates. You'll get the most from your telephone if you dial carefully, and consult your phone book for information.

Other Models, Too. At

THE quick recovery electric water heater is super fast!

From a cold start the quick recovery electric water heater brings 10 gallons of water up to 150 degrees in just 33 minutes. This hot water can be used immediately since it's located at the top of the tank.

Modern homes demand a plentiful supply of hot water - and fast. The quick recovery electric water heater heats a full tank of water in slightly more than two hours.

And, the quick recovery electric water heater does its work efficiently. Over-all operating efficiency of quick recovery electric water heaters is 90 to 95 percent!

But speed and efficiency are just two of the features that make the quick recovery electric water heater the choice of many homeowners. Other features, just as valuable, are quiet maintenance-free operation, safety, and dependability.

How much does all this cost? You can operate an electric water heater for as little as a nickel a day. See your electric appliance dealer now!

**THE BIBLE SPEAKS**  
International Union  
BY DR. KENNETH J. FOREMAN

**You are the Man**  
Lesson for May 30, 1965

Background Scriptures: II Samuel 11 through 13.  
Devotional Reading: Psalm 111-14.

**IF YOU** can't admit that your hero has any weak points and never made a mistake, you're no person to write his biography. Most good biographies are frank about the subject's weaknesses and mistakes. But what about the hero's sin? Biographers are almost never willing to mention sins, or they even take the view that their man, being an extraordinary person with unusual

Dr. Foreman gifts in or was a privileged character whose sin, if any, should not be held against him.  
Not so the Old Testament. One feature that marks it as an astonishingly honest book is the way it records the sins, even the blindest, of its characters — even the greatest. The story of David, their first great king, illustrates this.

**Destruction of the innocent**  
The consequences of David's sin did not stop with his own collapse of character. They spread throughout his kingdom and his family. His example of course led to imitators. The ugly story of the rape of innocent Tamar shows that David no longer had the moral courage to condemn, much less punish, others for the same kind of sin as he had himself committed. Then there was the murder of Amnon, and the two rebellions of Absalom and of Ahijah — failing to be sure, but showing that David no longer held the loyalty of all his people.

And yet we remember David as a great man, a hero, a religious man besides. How is this? The answer, to that is in Psalm 51, which from early times has been taken as an expression of David's mind after this saddest chapter of his life. He was honest with himself, at last, honest before God. He did not try to cover up his sin. He could not call back what he had done; but he repented. And God accepted him... yet the consequences remained.

**CARD OF THANKS**  
We are very grateful for the many kindnesses shown J. N. while he was in the hospital and since he has been at home. Our thanks go to the Lord, the doctors and every one who helped.

Mr. and Mrs. J. N. Roberts.

**Gates Locals**

By Miss Boyd Sloan

Robert Coffman, of Jackson, is visiting his grandparents, the A. A. Coffman's, while his parents, Mr. and Mrs. Bob Coffman, are attending the World's Fair.

Mr. and Mrs. Harold Pichard, of Memphis, were Sunday guests of Mr. and Mrs. Estol Wood.

Mr. and Mrs. Robert Robinson and Sam Fennell visited the Jerry Smiths in Battle Creek, Mich., last week. Mrs. Smith and baby returned home with her parents for a visit.

Mr. and Mrs. Gene Abernathy, of Memphis, visited here Saturday.

Mrs. Lela Pollard, Mrs. Louise Wilson and Mrs. Florence Revere, of Ripley, were guests of Mrs. Floyd Beard Wednesday of last week.

Mr. and Mrs. Dawson Danielson, of Memphis, were guests of the Hannah Hutchersons Sunday.

Mr. and Mrs. Floyd Beard had dinner at Reelfoot Lake last Thursday and visited The Rev. and Mrs. Bill Smith at Samburg.

Mr. and Mrs. Ben Adcock and Mr. and Mrs. George Leach, of Van Nuys, Calif., and Mr. and Mrs. Hayden Williams, of Forked Deer, attended services at Gates Methodist Church Sunday morning.

Mr. and Mrs. E. M. Voss and son, Robbie, joined them in Halls, where they all were dinner guests of Mrs. Annie Robertson.

Mr. and Mrs. Avery Buffalo and children, of Memphis, visited Mr. Buffalo's mother, Mrs. Ruth Buffalo, last Thursday.

Miss Alice Fern Parrish, of the University of Tennessee in Martin, was home for the weekend.

Dr. Sara Murray visited relatives in Dallas, Tex., last week, and is spending this weekend in New Orleans, La.

Mr. and Mrs. Paul Mayo and Miss Mary Revels, of Maury City, were Sunday guests of the N. G. MacLins.

Mrs. Robert Shackleton and children, Becky and Bob, of Jackson, Mr. and Mrs. R. L. Pennington spent the weekend in Nashville

with their daughter, Mrs. Jerry Wright, and family.

Robbie Voss, of Memphis State University, was home for the weekend.

Mr. and Mrs. R. V. Lilley visited in Maury City Sunday.

Mr. and Mrs. E. M. Voss, of Memphis, visited with her parents, the Wilbur Averbys. Mrs. Shackleton was celebrating her birthday.
