Vote For Industrial Bonds

We hope that the people of Halls and the north end of Lauderdale County will vote YES next Friday, Feb. 11th, on the proposed million dollar industrial bonds. It is our belief that a vote in opposition to the bonds is exactly the same as voting against the continued progress of Halls and our county.

The proposed bonds are revenue bonds, which will be repaid by industries using the funds derived from the bonds in erecting buildings, etc. for additional or expanded industry in Halls and Lauderdale County.

About one-fourth of the million dollars is being designated for use by Tennessee Electroplating Co. in Ripley, but the other three-fourths is to be used either for new industry or expansion of present industry in the county—not just in Ripley.

Don't be misled into voting against the bonds!

The Weather Is Improving

Oftentimes, farewells are sad and unhappy occasions, but we've yet to find anyone who is unhappy over bidding the recent snows good-bye.

Not in recent years have we had such a prolonged siege of unpleasant weather, but there is a bright side to the picture in that, although highway conditions were about as bad as they can get, we have had no report of any serious accidents resulting from the hazardous roads in and around Halls.

Perhaps extremely bad driving conditions tend to slow us down to the point where the likelihood of a serious accident is minimized.

Farms, Farmers Are Happy

We wonder if local people realize just how great a trend exists in Tennessee and the United States toward fewer farmers and less land in cultivation.

Figures just released by the Tennessee Crop Reporting Service reveal that there were 2,900 fewer farms in Tennessee in 1965 than in 1964 and 100,000 fewer acres in cultivation.

The trend in Tennessee is approximately the same as that of the entire United States, with an additional 2,000 fewer farms and 100,000 acres less land in cultivation predicted for 1966.

Lauderdale County has always been a farming community, and the major portion of its income is from farm products; but the indicated trend should be all the more reason for encouraging industry to locate in the county, unless we want to continue to lose population.

Highway Death Toll Down

Once again, the highway death toll improved over the comparable week last year, but total deaths this year are still well ahead, with 74 dead on Tennessee highways during 1966, as compared to 62 last year.

We're still moving in the right direction, so maybe we won't set a new record again in 1966.

IN MUSICAL WEEKEND

Union Students In Gotham Include Kathy Daws

Kathy Daws, daughter of Mr. and Mrs. Winston Daws, of Halls, was one of several students from Union University in Jackson, in New York City last weekend for a "musical semester break."

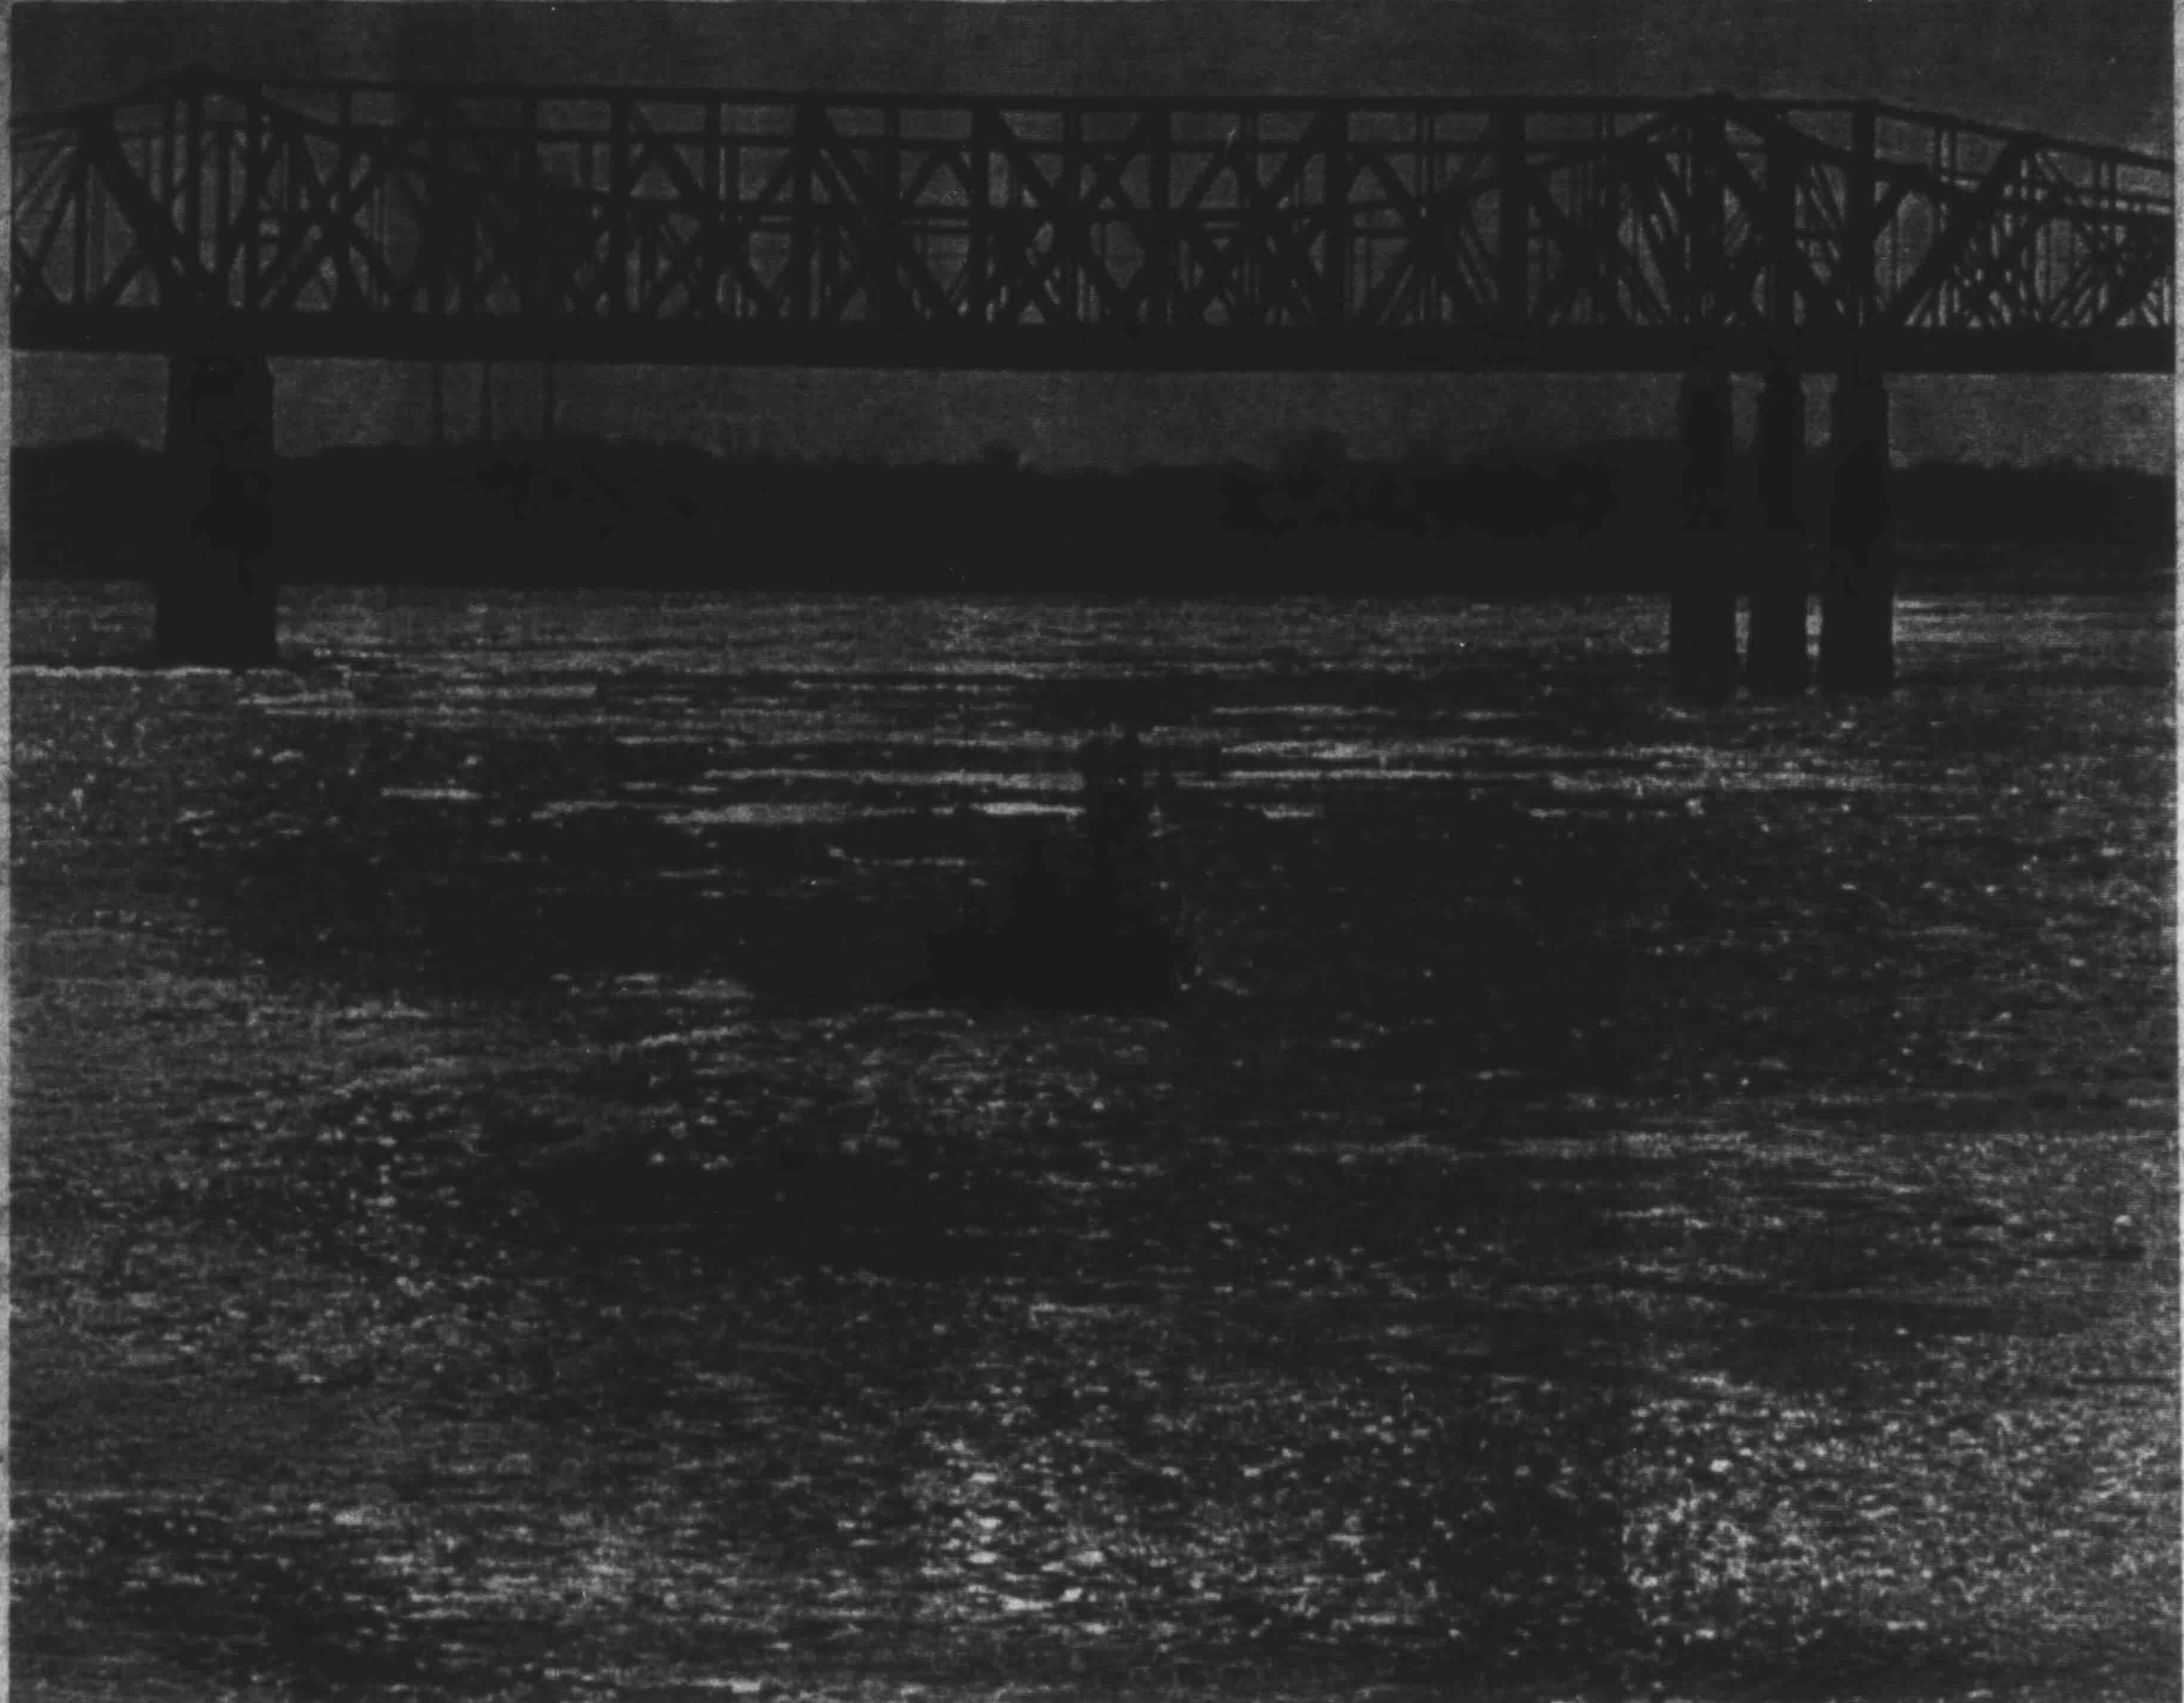

Accompanied by two members of the music faculty, Miss Catherine Logan, instructor of voice, and Miss Ann Biggs, associate professor of voice and theory, the group flew to New York from Nashville Friday morning.

Friday evening, they attended a performance of the Broadway musical, "Funny Girl," and Saturday afternoon they heard Mozart's "Don Giovanni" at the Metropolitan Opera.

Other students making the trip included Miss Daws' roommates, Miss Bernadette Goucher, of Worcester, Mass.; Miss Jane Deck, of Dyersburg; Miss Sally Landrum, of Marion, Ill.; Miss Marjorie Shackelford, of Bolivar; Miss Linda Yarrow, of Tiptonville; Miss Mildred Hammit, of Jackson; and Charles Innes, of Collierville.

Originally scheduled to return to Jackson Sunday, they were forced by snow to remain in New York until Tuesday.

Miss Daws and Miss Goucher had planned to spend a few days in Worcester but were prevented by the weather conditions.

BIG EMPTY RIVER was the Mississippi this week, dotted with floating ice as the Mid-South suffered one of its coldest—and longest lasting—snow spells in years, bringing five below temperatures and several inches of snow into this county. Byrd Industries Is Purchased By Diecasting Firm

Electric Motor Maker Sold To St. Louis Diecasting As Subsidiary In Ripley

Acquisition by St. Louis Diecasting Corp. of Byrd Industries, Inc., Ripley manufacturer of lastrol electric fishing motors, was announced this week by George Krieger, St. Louis Diecasting's vice-president for sales.

Byrd Industries will continue to operate in the industrial park in Ripley, in association with Tennessee Diecasting Corp., another subsidiary of St. Louis Diecasting. Claude Scott will manage both subsidiaries.

The St. Louis firm also operates the St. Louis Diecasting Corporation of Keokuk, in Keokuk, Ia.

The company supplies a wide variety of zinc and aluminum die castings for industry. Acquisition of Byrd Industries puts the firm in the field of consumer product manufacturing for the first time.

"St. Louis Diecasting became interested in the production of trolling motors when Byrd was faced with the need for greater production to meet growing demands," Krieger explained.

He said prior to acquiring the

Dyersburg Hosts American Legion District Meeting

The Ninth District meeting of the Tennessee American Legion will be held at 7:30 p. m., Thursday, Feb. 17th, in the Dyersburg Legion Hut, with Dyersburg Post No. 30 as host.

A meal featuring barbecued pork will be served at \$1.75 per person.

Posts in the Ninth District which have reached their 1966 membership quota include Halls, Ripley, Alamo, Dresden, Union City, Sharon, Kenton, Gleason, Dyersburg, Trenton, Martin and Bells.

Total membership for 1966 is presently 3,396 members, 75.9 per cent of the year's quota.

The firm, St. Louis Diecasting had participated in some production planning for Byrd and also helped redesign the motor, replacing all sand casting with precision die castings.

Krieger said demand for the electric trolling motor is due not only to its convenience and operating efficiency, but also because on thousands of fishing lakes throughout the country it is the only type boat motor allowed. The portable lightweight unit weighs only 15 pounds and can operate on 8, 12, 18 or 24 volt DC power.

Flames Hit Brown And Belew Homes

Fire destroyed a house in Halls occupied by the James Brown family Saturday afternoon, with the loss of all contents except a few pieces of furniture.

The house, located on Love Lane at the rear of the Harry Hughes house, was owned by Mr. Hughes. The loss was partially covered by insurance.

Sunday, the Halls fire department answered a call to the Jerry Belew home on Highway 51 North. Considerable damage was done to the interior of the house.

1965 Phone Gains Cost Bell \$34,000

Expanding and improving telephone service in the Halls exchange area moved forward during 1965 as more than \$34,000 was spent by Southern Bell Telephone Co.

Roger Ganier, group manager, reports improvements were made in central office facilities and cable and line additions into several rural areas.

Work is also underway for additional central office equipment to be ready for service next month.

Bed Applications At Nursing Home Being Accepted

Opening Planned March 1st; Lowest Practicable Rates Faxed For New Facility

Lauderdale County Hospital is accepting applications for admission to the nursing home it hopes to open March 1st, according to Gerald Conley, hospital administrator.

Room and board rates will be \$200 per month for semi-private rooms without baths, \$250 with baths, and \$350 for private rooms with baths.

These rates, which are in line with or below those prevailing elsewhere in this area, will offer considerable savings to patients who transfer from the hospital to the nursing home to convalesce over an extended period.

Of the basic \$200 rate, \$135 can be paid from welfare funds for patients eligible for welfare assistance.

Mr. Conley says rates were set at a minimum to meet costs of nursing care around the clock. An average of \$7.61 per bed per day in such costs is reported by nursing homes of less than 50 beds throughout West Tennessee.

Application for admission should be made to the office of the hospital.

The hospital will now charge 15¢ for each outgoing telephone call from rooms. Mr. Conley said, in view of the fact that the telephone company charges the hospital per call, rather than a flat service rate, and that the switchboard must be manned 24 hours a day seven days a week, entailing considerable expense.

He said efforts to obtain a flat service rate had been unsuccessful.

Lake County Host To Tourneys For District 28 Teams

Boys, Girls Play Alternate Evenings; Region, State Meets Also Scheduled

Lake County High School, of Tiptonville, will host the District 28 tournaments Feb. 15-26th, with both boys' and girls' tourneys being carried on simultaneously.

Boys and girls will play on alternate evenings.

Halls' boys will play Dyersburg at 8:30 p. m. Feb. 15th, with Mason Hall and Kenton the other teams in the upper bracket. Other teams in the district are Obion Central, Newbern, Trimble, and Lake County.

Halls' girls will face the Lake County sextet at 7 p. m. Feb. 19th. Dyersburg and Mason Hall are the other teams in the bracket with Halls and Lake County.

The Region Seven boys' tournament will be played Feb. 28th-Mar. 5th in the University of Tennessee Martin Branch gymnasium, with Obion Central to host the Region Seven girls the following week, Mar. 7th-12th.

The boys' state tournament will be played in Vanderbilt University gymnasium in Nashville Mar. 14th-19th and the girls' state tournament will follow in Middle Tennessee State University gymnasium in Murfreesboro Mar. 22nd-28th.

With Our Neighbors . . .

Chancellor John Gray, of Brownsville, will hear pleas Feb. 21st from Dyer County parents that their elementary school age children should receive school bus transportation into Dyersburg to attend Dyersburg city schools.

Ben Abbott, of Finley, chairman of the parents' committee, said an injunction was filed Jan. 24th against the county school board and County Superintendent Albert Hulme.

The controversy, originating last August when the board said transportation would be provided for students in grades 9-12, but not for younger students, has raged since that time with parents charging the county board with refusing to meet with them to discuss the situation.

Virtually all schools in this section of West Tennessee have been closed following the series of snowstorms and hazardous driving conditions.

Lake County has been approved for the food stamp program, according to an announcement by Congressman Robert A. Everett Feb. 24th.

The Interstate Commerce Commission has promised to set hearings some time this spring for the proposed railroad line from Wynnburg to the Mississippi River. Owners of the railroad which would connect Mississippi River terminal facilities with a major highway are Joe Boyd, Jr., Dyersburg attorney; Paul H. E. Sloan, of Jackson; Willie Sellers, of Elbridge; O. L. Pickering and Calvin C. McClelland, of Memphis.

SCHOOL SCOOPS

From Halls High
By Connie Lazure, Beta Club
The Junior Class met last Monday to discuss preparation for the 1966 junior-senior prom. "The Percussions", a five-member combo from Greenfield have been engaged to provide the music. A theme was chosen but will not be disclosed until prom night, Apr. 22nd.

Nancy Young and Debra Baker are corresponding with soldiers in Viet Nam. They received letters from these boys as a result of the Christmas cookies baked and sent to Viet Nam by the home economics girls. All the girls enclosed their names and addresses in the boxes of oatmeal cookies.

Plans are being made by annual staff members Cherry Agee, Janet O'Dell, Patricia Meeks, David Stallings, Judy Childress, Pat Steelman, Kathy Williams, Danny Cook, Velma Parish, Norma Nell Woodley, Travis Smith, and Linda Lindley to attend the performance of "Holiday On Ice" Feb. 26th in the Mid-South Coliseum in Memphis. They will be accompanied by their faculty sponsor, Mrs. H. G. McCorkle, and several parents.

Eddie Smith, son of Mr. and Mrs. Gallon Smith and a senior in Halls High, has enrolled in an art class in Dyersburg High School. He receives an hour of class instruction and an hour's individual instruction each Tuesday.

Jerry Peters, a former student of Halls High, will enroll in the senior class after mid-term exams. He left at the first of his junior year to attend Tennessee Military Institute in Sweetwater, but was forced to withdraw because of illness and has been receiving home-bound instruction.

A film, "Great Expectations," based on the novel of the same name by Charles Dickens, will be shown in Halls Elementary School gymnasium Feb. 9th. This film and another, "Julius Caesar," are being sponsored by the annual staff with Patricia Meeks as chairman.

Lloyd Olds, Rickey Cook and Andy Pugh will take the ACT tests the early part of this month. This test is an entrance requirement for all state universities as well as most other colleges and universities.

Menus for the school luncheon for Feb. 7th-11th will be:
Monday: Macaroni and cheese, greens, lima beans, apple crisp, bread and milk.
Tuesday: White beans with ham, corn, slaw, cherry pie, bread and milk.
Wednesday: Ham burger on buns, pork & beans, potato chips, bread and milk.
Thursday: Bologna, field peas, potato salad, cake and peach, bread and milk.
Friday: Vegetable soup with meat, peanut butter and pimiento cheese sandwiches, bread and milk.

Medicare Sign-Up Urged

People who were 65 or older on Jan. 1, 1966, are covered by the new medicare hospital insurance, if they apply for it by March 31st, although the program does not actually start until July 1st.

There are two separate parts of the medicare program. Part A is free to most persons. It includes hospitalization for which the patient pays the first \$40 for the first 60 days, after which the payment is \$10 per day.

Part B will cost \$3 per month, and a full explanation of the provisions should accompany the sign-up.

Social Security personnel will come to the courthouse in Ripley each Friday to sign people up for this medicare program.

It is necessary that each person have a Social Security number! A form is available at Post Offices on which application for a Social Security number may be made.

Sales Tax Refunds Due

Since July 1st, it has been possible for farmers who buy single items of equipment costing more than \$250 to get a refund of two-thirds of the sales tax paid the dealer at the time of purchase.

To get the refund, the purchaser must get the assistance of the seller in the filing of a notarized application, including a notarized section of the Bill of Sale which is all sent to the Tenn. Dept. of Revenue in Nashville.

Tractor operators are eligible for refunds of six cents per gallon for the seven cents per gallon gasoline tax, provided they keep their equipment registered with the Dept. of Revenue and make application on time on required forms.

Farmers are reminded that each time they acquire a different tractor they should get a green form, AGTR-1A, fill in the required information, get it notarized, and send it to the State Dept. of Revenue in Nashville, so that the tractor will be listed with the Department according to law.

Extension Agents Work For Young Animal Survival

Save Our Little Ones Plan Is To Receive Promotion As A Boost For Profits

Extension agents have been studying methods of preventing severe losses of calves and pigs between birth and weaning time, which cut profits of livestock producers by \$10,000,000 a year in Tennessee.

They have evolved a plan of action to be called the S. O. L. O. Program. The letters stand for "Save Our Little Ones."

It points up the management practices which farmers may carry out to prevent most of these losses.

Experiment Station investigations have shown that when a cow in a beef herd fails to raise a calf, she costs the producer all the profit he will make on 2 1/2 other cows.

In the same way, it requires all the profit from three litters of six pigs each to equal the profit made on one litter of nine pigs carried to weaning time.

This S. O. L. O. Program will be carried to farmers in meetings and by other means of communication.

More On Weed Control

H. W. Luck will teach more about weed control methods in the Farm Management School at 1:30 p. m. Tuesday in the courthouse, including the machinery needed and various other phases on controlling weeds in all farm crops.

Farmers will have opportunity to get questions answered and fully learn a system of controlling weeds that is practical and profitable.

All are invited to attend the meeting.

Study Soy Bean Organization
Officers of the American Soy Bean Association this week invited about 25 Lauderdale County producers to attend an area meeting in Dyersburg to consider the advisability of expanding the association's operations to make it more effective.

Markets for soy beans have expanded so rapidly in all parts of the world that prices paid to producers have continued to be profitable without very much government assistance.

Producers and politicians alike want this situation to continue. Growers will decide whether a stronger organization might be of help.

When Communists Ready To Discuss Agreement In Viet Nam, U. S. Willing

By Jack Anderson. (Editor's Note: Drew Pearson is in the Holy Land. During his absence the column is written by his associate, Jack Anderson.) WASHINGTON, D. C. — While President Johnson had little faith...

One of the little publicized difficulties in getting negotiations started is that both the South Vietnamese and the Viet Cong, aside from Hanoi, do not want peace talks yet.

March 1965, the South Vietnamese premier who has now succeeded in staying in office for more than six months, has pointed out emphatically that his government controls only 700 of the 2,600 villages in South Viet Nam...

From the time bombing raids were suspended on Christmas Day, U. S. planes have been flying all over North Viet Nam daily on reconnaissance missions, seeking the slightest sign that Hanoi might be slackening its war effort...

U. S. troops would not be used, only Asians, preferably anti-communist natives who spoke the language and knew the terrain.

For weeks, this writer marched with a band of Chinese guerrillas during World War II, and saw what poorly armed but brave and determined men could do inside China.

On Formosa today are anti-communist Chinese from every corner of the island, who could be infiltrated by air drop, by sampans, on foot, or by mule over mountain trails into the Chinese heartland.

Prenuptial Events Fete Miss Carson

Miss Rebecca Carson, bride-elect of Larry McWilliams, was honored during the past week with a series of events as a prelude to her marriage Feb. 27th. Last Thursday, Miss Sandra Jennings, Miss Noel Anne Sherrod, and Miss Judy Childress, of Gates, were hostesses for a lingerie shower complimenting Miss Carson in the home of Mr. and Mrs. Marshall Jennings on Locust St., Halls.

Miss Carson had chosen a burly three-piece knit suit with a pale pink blouse. Her corsage, a gift of the hostesses, was of pink carnations.

Cakes and Cokes were served. Attending in addition to the hostesses and hostesses, were Mrs. Bobby George, Mrs. Clifford Taylor, Mrs. David Hart, Jr., Mrs. Eugene Fugh, Mrs. E. S. Brown, Mrs. Donald Hope, Mrs. Marshall Jennings and Venessa Jennings, all of Halls, and Mrs. Jerry Goodwin, of Gates.

On Sunday, the home of Mrs. J. T. Elmore on West Tigrrett was thrown open for a tea honoring Miss Carson. Assisting Mrs. Elmore as hostesses were Mrs. Sammy Arnold, Mrs. Winston Davis, Mrs. Warren Turner, Mrs. C. O. Vair, Mrs. Marvin Hansford and Mrs. Elvira Cannon, all of Halls, and Mrs. W. C. Caldwell, of Gates.

Miss Nolan was lovely in a light blue sleeveless suit with a white lace blouse. She wore a corsage of red and white carnations, centered around a small red heart, a gift from the hostesses.

The Puckett home was tastefully decorated in the Valentine motif with refreshments carried out the red and white color scheme.

The honoree was presented a number of useful gifts along with a favorite recipe from each guest.

Man Redeemed
 Lesson for February 27, 1966

Background Subjects: Romans 8:1-16
 Colossians 2:1-10, Titus 2:11-14, 1 Peter 1:13-25
 Devotional Readings: Romans 8:1-11

WHAT CANNOT be put into words can be attempted in a picture. Every language is supplied with picture words — we may call them drama words or story-words — not so much to compass the whole truth as to point out the direction in which we may look for truth. The more important a truth is the more necessary these story-words are to express it. The Bible is no exception. Most of our words about God are such words, and when we come to what God does for men in redemption, only story-words will do. Let us see what we can make of the word used in the title above — the various words "redeem", "redeemer", "redemption".

Back in the family again

These words are fair translations of words found in both Old Testament and New. The Old Testament "redeem" referred to a custom now passed away but then very important and familiar to all. When an ancient Hebrew got into trouble, let us say got into debt so far he could never pay his way out, his creditor or creditors would take him over as a slave. That he might have a wife and children made no difference to the creditor, who had no other way of getting his money back except to make a slave of the debtor. Now it was the duty of the next-of-kin, if it was at all possible, to go to the creditor and buy back his relative by paying his debt and thus restoring him to his family and friends. This buying-back was called redemption and the self-sacrificing relative was called the redeemer. The cost

"You were ransomed (redeemed)," writes St. Peter, "not with perishable things such as silver or gold but with the precious blood of Christ." What is the price Jesus paid for being a redeemer? Years ago in the days when the white man was pushing the red man back and back away from their old homes, some U.S. soldiers were murdered by Cherokee Indians. The troops, thirsty for vengeance, were about to destroy the Cherokees, men, women, and children, in revenge. At this point (so the story goes) a chief named Junaluska got the ear of the leader of the soldiers, and offered to bargain. If you will let my people go, he said, and give us a safe conduct across the Mississippi, I offer my life for theirs. The soldiers agreed; and so Chief Junaluska died — for his people. How would the Cherokees have felt about their chief? And what was the market value of the lives he saved? You do not offer money to one who has saved your life.

Conquest and Liberation

Another meaning wrapped up in that word redemption is deliverance, conquest, freedom. In the last days of World War II, probably the most wretched human beings were Germany's war prisoners. Tortured, on the edge of starvation, those living corpses cheered when they heard the sounds of air raids. America ruled the skies. Freedom came to those men so long shut off from hope. This is ransom-by-conquest. Christ is the freedom-bringing champion of those who are enslaved to evil, — the devil's prisoners, so to speak. But can you imagine one of the men thus set free, able to live where he liked and to do what seemed desirable — can you imagine such a man throwing away his freedom by clinging to the old barracks of the prison camp and refusing to leave? Or can you think happily of a freed prisoner cherishing his new freedom because it would give him an opportunity to carry on a life of crime? Saint Paul makes much of the truth that those who have been set free (redeemed) have an obligation to live as men whose lives so to speak have been given back to them.

HINSON IN EXERCISE

Army Specialist Five Curtis R. Hinson, son of Mr. and Mrs. Dewey C. Hinson, of Route 1, Halls, took part in Exercise Winter Arrow, a nine-day training maneuver of the 8th Infantry Division in Germany, which ended Feb. 18th.

A member of Company B, 8th Aviation Battalion, near Bad Kreuznach, Germany, he entered the Army in August, 1960 and arrived overseas in January, 1962.

Brigitte Harbit was visiting in New York and somebody fired off a flash bulb during a mob scene on her behalf. The bulb went off so close to her that an eye inflammation resulted. How about that? Brigitte Harbit has eyes.
