

Confidential Corner

By Henry Murchison

Students Are Needed Some of the mothers of young children tell us that unless more students are enrolled, the Methodist kindergarten will be unable to operate this year.

It seems to us that the kindergarten is playing an important part in preparing children for school, and every parent who possibly can should give a child this pre-school training.

Anyone having children whom they are interested in enrolling in the kindergarten should contact Mrs. Frank Baldrige, Mrs. Clendon Dalley, or Mrs. Jamie Brown. The school is scheduled to start Tuesday.

Just A Reminder

Once again we would like to remind every motorist to drive with extra caution as schools open again.

Certainly, children should have been taught to watch when crossing the streets, etc., but the fact is that many of them don't.

Drive slowly and carefully for the sake of your child and all other children.

Season To Open

The Halls Tigers, who have been playing without much luck for the past few years, will open their 1966 season this Friday evening in Alamo.

Why not plan now to drive to Alamo—only 20 miles away—and root for the Tigers' first win in almost four years?

Higher Standards Are Pursued For Livestock, Seeds

Pertain Tests Bull Growth As Many Bean Growers Turn Out Certified Seed

By F. H. Paschal

W. L. Pertain, of Rolling Acres Farm at Henning, has started one of his registered Polled Hereford bulls on a 99-day feeding trial in preparation for his entry in a Production Tested Bull Sale at Brownsville next January.

Producers of prime beef have for years depended on the appearance of the animals to tell them whether they would make rapid and economical gains. Now they put the animals on a feeding trial on a uniform basis, so comparisons can be made in the gaining rate per day and the pounds of feed required for each pound of gain.

This is another illustration of the scientific methods which have made American farmers the most efficient in the world, making it possible for the American people to have the best food in the world for the lowest proportionate part of their income.

Mr. Pertain, C. S. Carney, and Fort Pillow State Farm are following production testing methods on their herds of beef cattle.

Producing Certified Soy Beans

E. M. Steelman, Jr., of Halls, purchased foundation seed and is growing ten acres of Lee soy beans and 20 acres of Ogden under conditions which will make it possible for the seed to be certified by the Tenn. Crop Improvement Assn. and sold under its special tags next year.

Under this same plan, quite a group of farmers in the Halls and Gates areas are producing certified seed to be sold next year through Tenn. Farmers Co-Operative.

These include Bobby Cherry, W. D. Reeves, Billy Brewer, R. P. Dailey, W. A. Hughes, Jim Ware, Clyde Younger, A. L. Terry, W. C. Meeks, Charles Alsbrook, Henderson Bros., J. H. Brown, Herman Underwood, Bobby Terry, and E. O. Dew.

These are growing a total of 1,685 acres of soy beans of Lee, Hood, Hill, and Ogden varieties to be certified.

Hurt Seed Co., is producing eight acres of the new Pickett variety of soy beans, which are resistant to the soy bean cyst nematode and have yielding ability comparable to Lee. Hurt Seed Co. is also sponsoring the growing of 681 additional acres of soy beans of other varieties for certification.

The seed of all these soy beans will be carefully harvested and dried, cleaned and processed to maintain the highest possible percentage of germination and purity and then will be tested and tagged and sold in special bags to guarantee farmers the highest possible quality of seed beans.

Some certified beans have been produced in Lauderdale County every year, but this is by far the largest acreage ever produced for certification.

Wheat To Be Increased

Lauderdale farmers have made excellent yields of wheat in recent years, planted after soy beans, which in turn were followed by soy beans for fair to good yields. The double cropping made for added profits.

Producers should check with the Agricultural Stabilization and Conservation Service (ASCS) Office in order to know just how the wheat program will work this year, but the general idea is that more will be allowed.

James E. Guthrie, manager of Tenn. Seed Producers, has announced that foundation seed are now available to producers who want to grow certified seed of Blount oats and Moon and Knox 62 wheat.

Full details on plans for growing these certified seeds are available at the county agents' office.

It Is Lawn Seeding Time

Jimmie Summar and Don Chisholm are seeding new lawns this week.

They applied 30 pounds of 6-12-12 fertilizer per 1,000 square feet and disked this into the upper five inches of soil.

They seeded two pounds of bluegrass per 1,000 square feet and covered it lightly. They plan to water this lightly every day until the seed germinate.

Bluegrass can be over-seeded on Bermuda sod in September. The Bermuda is mowed short and the lawn is raked clean, so the bluegrass seed can reach the ground. Three pounds of seed is

applied per 1,000 square feet and watered daily for two weeks. Once the bluegrass is established, it does not have to be reseeded, and the two grasses are entirely compatible to provide a year-round green cover.

A GRIM WARNING to Labor Day drivers is provided by this Fraternal Order Of Police Lodge 27 exhibit at the Tennessee Highway Patrol station on Highway 51 South in Ripley. From left, Sheriff Gwinn Matthews, Ripley police Chief Bob White, and Ripley officers Clifford Craig and Bill Woods look at vehicle in which the county's last fatality was claimed.

Halls Elementary School Registers 28 More Than '65

362 Students Are Reported As Halls High Enrollment Remains About The Same

Halls High School has registered 274 students, approximately the same as for the 1965-66 school year, but Halls Elementary School showed an increase of 28 students, as 362 registered. Enrollment at the close of last year was 334.

Halls High Principal Dale Overton says preliminary checks show registration of 88 freshmen, 73 sophomores, 33 juniors and 59 seniors.

Robert Meeks, Jr., has been added to the faculty to teach social studies, and the position of agriculture teacher, made vacant when Jamie Brown became principal of Halls Elementary School, is yet to be filled.

In the elementary school, early figures show 46 in the first grade; 40, 2nd grade; 50, 3rd grade; 44, 4th grade; 46, 5th grade; 46, 6th grade; 49, 7th grade; and 40, 8th grade.

Miss Adell Dew, a recent graduate of The University of Tennessee in Knoxville, has been added to the elementary school faculty, and increased enrollment is expected to bring about the employment of an additional teacher.

Mrs. Paul Avery, Jr., who was on leave of absence during the last half of the 1965-66 school year, has returned to the faculty. Students will begin regular classes Tuesday.

LIBRARY ADDS BOOKS

Mrs. Charles Archer has recently donated a number of books to the Halls Library.

Ripley 10-Win List Rides; Squad Of 39 To Start One Soph

Three Banned By Injuries As 1965's Circuit Champs Start New Grid Year

The Ripley Tigers open their 1966 schedule visiting Paris this Friday evening.

The Tigers will be 39 strong—the largest squad in recent years—but will have three key players sidelined by injuries.

The 39 are 13 seniors, 11 juniors, 15 sophomores—and one soph, Tommy Baird, will probably start at tackle against Paris, which is unusual in Big Ten Conference caliber football.

This year's squad lacks the speed, and its backfield lacks the experience, of the eleven which took the conference crown last season and set up a ten game win streak.

Coaches Maurice Kelly and Bob Mason have been adjusting angle pursuits and other tactics to fit the situation. They will use the same flip-flop game they went with last year.

Back from last year's squad are Mike Patterson, guard and defensive linebacker, Billy Smith, offensive back and defensive guard, and back Skipper McGarity, out with an injury.

Other probable starters: Ends—Scott Brown, Craig Fitzhugh, Eddie Young. Tackle—Burnell Conner. Guards—Terry Garrett, Allen Tibbs.

Center—Billy Simpson, largest lineman at six feet, 195 pounds. Quarterbacks—Jerry Lynn Akin, Lauren Shoaf.

Backs—Dan Morris and Rob Reviere (out two weeks with an injured knee). Bill Sweet broke his hand at camp and is out two weeks.

Scrimmages have seen the Tigers defeated by Bolivar, four touchdowns to one; the Henderson with three touchdowns each; top Collierville, five touchdowns to two (Collierville had defeated Bolivar just earlier); top Millington 14-12; and top Milan 29-12 last Thursday.

Paris, Ripley's closest rival in last year's title race with Jackson, has a big line this year but is largely an unknown quantity, otherwise.

Paris uses the Brownsville-type pro offense, with split ends and flanker back. Elsewhere in the Big Ten loop, Jackson and Brownsville, as usual, and Covington are expected to be tough foes this year.

Ripley's first home game is with Memphis Westside High next Friday evening.

McBroom Loses His Life In Viet

Private First Class Eddie O. Donald McBroom, Jr., 20, died in Viet Nam last Thursday "as a result of metal fragment wounds received from a hostile force while on combat operations," his parents, of Knob Creek Road, and his wife, Mrs. Betty Hogeland McBroom, of Ashport, were notified Sunday.

Services will be at 2 p. m. Saturday in Edith Methodist Church, with military honors. The Rev. J. B. Wheatley and The Rev. Ormer Crowder will officiate. Burial will be in the church cemetery, Ripley Funeral Home in charge.

The county's second Viet Nam casualty and the first to lose his life had been in the Army since Dec. 28th and in Viet Nam for about two months.

He graduated from Halls High School three years ago. He also leaves his grandparents, Mr. and Mrs. Walter McBroom, of Ripley, and Mr. and Mrs. Horace Duncan, of Halls; a brother, Howard McBroom, and twin sisters, Brenda McBroom and Linda McBroom, all at home; and two other sisters, Mrs. Fay Davis and Mrs. Louise Lyell, both of Ripley.

Mrs. McDearman Shower Honoree

Mrs. Thomas Edward McDearman, recent bride, was delightfully entertained last Tuesday evening with a kitchen shower in the home of Mrs. Nell Dyer on Mitchell Lane, with Mrs. Darrell Hilliard as co-hostess.

Adding to the charm of the event was a flower arrangement of dahlias, painted daisies and roses, a gift to the hostesses prepared by Mrs. Elford Baker.

Guests arrived at 7:30, bringing copies of favorite recipes, and enjoyed contests of "Setting the Table" and "Household Hints." Prizes were measuring spoons and cups and a kitchen scraper and scoop.

Mrs. McDearman was presented "An Apple for the Teacher" pencil sharpener by Martha Hilliard and Charlie Dyer, elementary school pupils and daughter and son of the hostesses.

In order to find her array of kitchen gifts, the honoree was taken on a treasure hunt throughout the home, with clues on pieces of paper hidden here and there before the "treasure" was uncovered in the entrance hall closet.

Gifts of the hostesses were a laundry basket and a rolling pin which bore the inscription: "Often needed for things other than rolling dough."

After Mrs. McDearman had opened the many useful and attractive gifts, guests were invited to the back porch, where a buffet table bore an attractive assortment of finger sandwiches,

Protect sight with LIGHT

"good lighting makes a world of difference"
Good lighting is essential for good study habits and strong, healthy eyes. High-level lighting and good study lamps protect young eyes against strain and weakening.

Fun with flowers is the suggested theme for the year. Instead of striving for formal arrangements, club members will endeavor to create beauty using the magnificence of many flowers and fruits in the art of "fixing flowers for fun," emphasizing traditional arrangements.

Using the theme, "Flower Arrangements Featuring Antiques," Mrs. Viar showed an exquisite antique compote from the Victorian era and antique containers from the Early American period.

A silver compote resting on an antique mirror reflector with a mixture of pastel dainty flowers and an ornate footed china bowl with roses on it—borrowed from Mrs. Wymond Hurt—were prime examples of the Victorian period.

As Early American examples, Mrs. Viar presented an unusually beautiful greenish-yellow stand, sometimes known as a chewing gum glass, because Clark's Tobacco Gum is etched in the glass and the stand was used for the display of gum in country stores.

The next piece was a small cedar bucket, usually filled with salt, which Mrs. Viar had filled with dark red coleslaw. Mrs. Neil Dyer purchased this piece, since it had been borrowed from Pritchett Antique Shop in Dyersburg.

Two pieces which Mrs. Viar treasures highly are a flint-glass vinegar cruet which she had filled with small marigolds and English ivy and a blue and white Chinese rice bowl with sea oats, blue corn flowers, and little wild roses.

From Mrs. LeRoy Burke's Antique Shop in Dyersburg were displayed a pharmacist's mortar and pestle, which was most attractive, filled with orange pyracantha berries.

Mrs. J. T. Connell, Mrs. Leonard Andrews, Mrs. H. T. Abernathy, Mrs. Marie Brandon, and Mrs. James Chesler will be hostesses for the October meeting in the Council home. Menbers are asked to bring a specimen of their choice chrysanthe-mum.

DON'T YOU READ BEFORE YOU BUY?

And don't you sometimes read, study, compare, figure, clip, save, and show to friends? When you're on the brink of buying, aren't you hungry for facts, features, dimensions, styles, colors, capacities, prices?

Print advertising gets people who are close to a purchase close to the kind of information they demand. Newspapers, magazines and brochures let them linger with your message for as long as they like.

Print imparts important details, allows for colorful presentation, makes lasting impressions, takes people straight to the point-of-purchase. If you've something to sell, it will pay you to promote it regularly in print—where ready-to-buy people can keep their eyes on it, get their hands on it, make the most of it. Print makes easier because print makes sales.

There is one optional feature that makes a lot of sense: the weather-resistant upholstery, for \$30.00 extra. Nearly everyone orders it because it allows the need for slip covers. And that's it. Besides, of course, you must use the coat of wax and oil it takes you to get here (it wears present car!)

W. C. Viars' Lawn New Beauty Spot

Halls Garden Club selected as its Beauty Spot this week the spacious lawn of Mr. and Mrs. W. C. Viars, because of the brilliant and colorful display of variegated, ruffled cosmos among the foundation plantings of Japanese and Burford hollies.
The cosmos plants range in color from dark wine to rose red and from pale yellow to deep orange—the latter colors repeated in the brick of the house.
The cosmos grows to a height of 30", but Mrs. Viars says by pinching the tips now and then, you make them bushier.
Other annuals interspersed in the bed are Indiana, Joseph's Coat, wax geranium and moss rose. Artemisia, with its frosty silvery foliage, makes a pleasing contrast and a neat edge leading the way to the inviting front entrance.
The pale fescue lawn is well kept and of such a high elevation that it affords a beautiful view of the countryside, especially the

THE BIBLE SPEAKS

Inspired Literatures Study School Lessons

BY LAWRENCE W. ALTHOUSE

Attention Please!

Lesson For October 2, 1966

Background Scripture: Luke 1:1-6

Devotional Reading: Psalm 45:1-10

A farmer was selling a mule to his neighbor. He had made a point of assuring the buyer that the mule was very co-operative and responded nicely to gentle commands.

When the time came for the farmer to take the mule out of the barn to present him to his new owner, the mule balked refusing to move an inch. Finally, the farmer picked up a shovel and

New. Althouse struck him a blow on the head. "Hey!" shouted his neighbor, "I thought you said he responds to gentle commands!" "He does," answered the farmer calmly, "but first you have to get his attention."

Getting our attention may well be one of God's greatest problems. Often it is only when life has struck us some staggering blow that we are ready to respond to his gentle commands.

When King Died

Perhaps this is the way it was with the prophet Isaiah. He makes a point of telling us that it was "In the year that King Uzziah died I saw the Lord sitting upon a throne, high and lifted up" (Isaiah 6:1). Perhaps it was only in the midst of his despair over the death of his king that God was able to get his attention.

I was a teenager when President Franklin D. Roosevelt died in 1945. For many of my generation this death was hard to grasp and accept, for we had never known another president, having been too young to remember Herbert Hoover. Many of us found it difficult to understand how the nation could go on in the great war without its leader of so many years. In my children's generation history has repeated itself in the sudden, tragic death of John F. Kennedy.

This must have been what the people of Uzziah's kingdom experienced when he died. Many of his subjects could not remember any other king for he had ruled for over half a century. Under his leadership the country had become prosperous and powerful. Now, they were wondering: who would be able to fill his shoes?

These, then, may have been some of the thoughts on Isaiah's mind when he went that day to the temple — the day when God was able to reach him and get his attention.

Who Will Go For Us?

In the temple Isaiah was reminded of something that all of us tend to forget: important as are the Uzziah's, presidents, generals, kings, and statesmen of this world, it is the eternal God who reigns over it. The passing of a great leader is a tragic loss to any nation, but that nation is not lost if it still has its God. Sometimes it takes the depths of personal or national tragedy in order for God to get our attention.

Why had God waited until the year that Uzziah died to speak with Isaiah? Why is it that we must experience some tragedy in our lives or grapple with some great problem before he comes face to face with us? The answer is that it is only in the midst of something like this that we are often willing to listen to him. God is constantly calling to us, again and again trying to communicate with us, but it is often hard for him to get our attention.

God had finally gotten Isaiah's attention. The resulting visionary experience in the temple was the high moment of Isaiah's life. In it he caught a fleeting glimpse of the glory and holiness of God. In it he experienced a liberation from his guilt and sin. God-the-far-away had in this moment become God-the-close-at-hand. But there was to be more to this experience: "Who will go for us?" (Isaiah 6:5). He was being given both a vision and a task.

Someone has said:
A vision without a task is a dream;
A task without a vision is a drudgery;
A vision and a task is the hope of the world.

God is constantly seeking to gain our attention so that he may give us both a vision to lift us up and a task to send us forth.

A SAD, SAD STORY

It Happened In Lauderdale County

Once upon a time there was a citizen. He was a good citizen. When election year came, he read the newspapers and listened to the speeches and picked out the candidates he wanted to win. Election day came and he suddenly realized—HE HAD FORGOTTEN TO REGISTER! He just sat down and cried.

Moral: If you aren't already registered, you have from now until noon, October 8, to register to vote in the general elections on November 8.

KITCHEN COMMENTS . . . Many recipes call for grated orange and lemon peel, but you don't always have it available when it's needed. Try freezing orange and lemon peel . . . keep it till it's needed . . . then grate for instant use.

Ever burn your fingers trying to light birthday candles with a short match? Use a long waxed drinking straw instead!

Another suggestion: Good cooks appreciate kitchen extension phones for on-the-spot calling and answering.
