Youth Center Needed

A meeting is set for next Wednesday to consider the future of the Halls Youth Center, which has been closed during recent weeks.

For the past two years, much complaint has been raised by citizens of Halls concerning the operation of the Youth Center; but while we feel that much of it was justified, every effort should be made to eliminate the need for these complaints and to continue operation of the Center.

Nearby residents have complained that their driveways have been blocked and their lawns and flowers trampled. Bottles and cans have been thrown onto the lawns, and there has been a general pattern of complete lack of consideration of these citizens.

It seems to us that if the youngsters are interested in continuing to have the Youth Center, then they should form an organization which would police those attending the dances and other activities.

Young people are invited, along with parents and other interested persons, to be present next Wednesday evening to work out these problems.

Some Welcome News

Announcement of the planned expansion of Custom-Craft Mfg. Corp. should be welcome news to the people of Halls and Lauderdale County.

Custom-Craft has built an excellent record here and will continue to be a real asset to this area.

Streets Need Work

Halls Jaycees voted Monday evening to encourage city officials to re-surface, and not just patch, many of the black-top streets in Halls.

We are aware that this will prove quite expensive, but it would seem to be the only means to save some of the streets.

Board Should Act

It seems to your editor that the Board of Aldermen should act immediately to make city utilities available for proposed subdivisions in or near Halls and at the same time, if at all feasible, move to incorporate these areas into the town.

As our old Latin professor, R. L. Conley, used to say, "Tempus fugit," and it is later than we think.

Let's be prepared to serve those people who would like to move to Halls as jobs at Custom-Craft and Tupperware become available.

Incidentally, all possible effort should be made to get the new water and sewer systems under construction and to be prepared to serve the new utility district west of Halls.

Custom-Craft To Expand Plant On Halls Air Base 26,000 Square Feet

Increased Stereo Cabinet Production To Boost Payroll To About 275; Federal Site Release Awaited

Howard Peters, vice-president and general manager of Custom-Craft Mfg. Corp., of Halls, has revealed plans for expansion of the firm, which manufactures sewing machine cabinets and stereo-radio cabinets.

Mr. Peters said the expansion would add some 26,000 square feet of floor space for increased production of stereo cabinets. Total floor space of the plant, with the addition, will be 138,000 square feet.

Present employment is slightly more than 200, largely men. The expansion is expected to bring the employment level to about 275 persons.

There will be some delay in the expansion while the Town of Halls secures a release from the federal government of part of the land involved, which is included in the old water plant site just west of Custom-Craft on the former air base.

The expansion will be financed through industrial revenue bonds issued by the Town of Halls. Target date for completion of the expansion is Aug. 1st.

Meeting Weighing M. T. Hansbrough Community Club And Youth Center

Parents and other interested persons are urged to attend a meeting at 8 p. m. Wednesday in the Youth Center to consider reorganization of Halls Community Club.

Representatives of young people will be present to form plans for continuation of the Youth Center.

ON UNION DEAN'S LIST

Gara Lynn McCarthy, daughter of Mr. and Mrs. Joe M. McCarthy, of Halls, has been named to the dean's list at Union University for the fall semester.

To be eligible for the academic honor roll, a student must be enrolled for 12 or more semester hours and must maintain a grade point average of 2.3 or above out of a possible 3.0.

Halls Teams Have Busy Week Ahead To Close Season

Meet Obion Central Twice. Last Time Being Regular Season Finale. At Home

The Halls basketball teams have a full slate ahead as they near the close of the 1967-68 season.

This Friday evening, Halls hosts Dyer County, of Newbern; Monday evening, its teams travel to Obion Central for games postponed earlier by bad weather; Tuesday evening, Trimble will come to Halls; and Friday evening will bring the final games before the tournaments as Obion Central comes to Halls.

Shelia Gilliland hit for 22 points last Friday evening to lead Halls' girls to a 38-27 win over Friendship on the Crockett County floor; but Tuesday evening, at Ripley, despite a 24-point effort by Gilliland, Ripley's girls were ahead 49-41.

Eddie Dyson posted 20 points last Friday evening to lead the Tigers to a 72-58 win at Friendship, although the Tigers were unable to stop Walter Thompson from racking up 41 points. Larry Jones and Bubba Stallings each had 16 points, John Lucas had 13, and Willie Barbee had seven.

Tuesday evening—playing without their big boy, Ivan Criner, out with flu—Ripley was unable to cope with a taller Halls quintet, with Halls winning 72-45. Larry Jones had 22 points and 20 rebounds to top the Tigers in both departments. Bubba Stallings had 16 rebounds.

Larry Jones 22, Bubba Stallings 9, Eddie Dyson 2, Percy Sawyer 16, Larry Burris 12, John Lucas 9, Willie Barbee 2, Charlie Brown.

Mrs. H. S. Green

Mrs. Candace Green, 86, mother of Mrs. H. G. McCorkle, of Halls, died suddenly late Monday afternoon in her home in Dexter, Mo.

Mrs. McCorkle had spent the weekend with her mother, returning to Halls Monday morning. The widow of Judge Hutson S. Green, of Dexter, Mrs. Green had been active in civic affairs and had served as Worthy Matron of the Missouri Eastern Star.

Services were Thursday in Dexter.

She leaves another daughter, Mrs. Ruth Gray, of Arizona; and two sons, Hutson Green, of Mauldin, Mo., and William Green, of Kansas City, Mo.

Ernest Tredo

Services for Ernest Tredo, 64, of 2559 Princeton, Memphis, were at 10 a. m. Saturday in Palestine Methodist Church near Halls. Burial was in the church cemetery, Halls Funeral Home in charge.

Mr. Tredo died at 3:25 p. m. Thursday of last week in Methodist Hospital in Memphis, which he had entered Jan. 13th.

Born in Crockett County, he moved in 1915 to Dyer County and in 1964 to Memphis, where he was employed by the Public Works Department.

He was a member of Union Mission Baptist Church in Memphis.

He leaves his wife, Mrs. Clara Vaughn Tredo; a daughter, Mrs. Mary Howell, of Memphis; two brothers, O. C. Tredo and Jace Tredo, both of Dyersburg; and two sisters, Mrs. Maul Hallman, of Memphis, and Miss Flora Tredo, of Dyersburg.

Soybean Men Told Price Rise Would Glut World Trade

State Group Voicing Alarm As It Begins Convention In Dyersburg Next Week

By F. H. Paschal

Harris Barnes, Jr., of Clarkdale, Miss., president of the American Soy Bean Association, has reported to soy bean growers a delicate price situation in the world market for soy beans which makes it undesirable for soy beans to sell in this area for more than \$2.75 a bushel.

He explained that soy beans in the world market compete with sunflower seed, rape seed, safflower seed, and other oil seeds, and that when prices of soy beans go above \$2.75 per bushel, soy bean producers begin to lose sales in the world market which can quickly have the effect of piling up surplus beans in storage in this country.

Clyde Younger, of Halls, secretary-treasurer of the Tennessee Soy Bean Association, this week expressed concern at a movement being started among soy bean producers in this area to hold soy beans off the market in an attempt to raise the price to \$3 a bushel or higher.

Mr. Younger believes that this can get soy bean producers in the same position that cotton producers are now facing with regard to the world market.

Dr. E. E. Hartwig, pioneer agronomist of the Delta Branch Experiment Station at Stoneville, Miss., will be one of the principal speakers in the second annual meeting of the Tennessee Soy Bean Association, to be held in the American Legion Building at Dyersburg beginning at 9:15 a. m. Tuesday, under the leadership of Milton McGee, president.

Lunch will be furnished by chemical companies. A panel discussion on herbicides for 1968 will begin at 1 p. m.

M. C. Bevis, of Orysa, Hobson Wakefield, of Ripley, and Clyde Younger, of Halls, are directors of the association.

All interested producers are invited to attend this annual membership meeting.

Tomato Growers Invited

John C. Clark, of Jackson, Extension horticulturist, will speak in the courthouse in Ripley at 7 p. m. next Friday, outlining best production practices in growing vegetable crops.

Vegetable crops bring more than \$400,000 per year into the county, and many small farmers and part-time farmers get the major part of their income from these crops.

Operators of large farms are trying small acreages of tomatoes, peppers, and other food crops which can provide a market for labor during the summer months, when these workers cannot keep busy in other crops.

Meeting Studies Forage

Joe Burns, of Knoxville, popular Extension agronomist, will be the instructor in a two-hour farmers' meeting on forage production in the auditorium of the Community Center in the new Northcrest Housing Project near Townsend Grocery on Highway 51 North in Ripley at 1:30 p. m. Tuesday.

Beef cattle producers and dairymen are urged to attend this meeting to get the best information available on pasture improvement and the production and feeding of hay and silage for more economical gains and higher profits.

More than 40,000 acres of land in Lauderdale County are devoted to the production of pastures and hay to provide for more than 21,000 head of cattle and calves.

Beef and dairy cattle bring almost \$2,000,000 of income into the county every year, but farmers are not working as hard to improve their methods of producing

livestock as they work at cotton, corn, and soy beans.

Burns, in this meeting, will bring information on plans for greatly increasing income and profits from these valuable acres of land in the county now being devoted to these enterprises.

Halls Waits Expert View On Possible Annexations

A. C. Lock, Jr., of the Municipal Technical Advisory Service of The University of Tennessee, has completed a survey of Halls to study possible annexation of areas adjacent to the town.

Mr. Lock expects to complete his report in about 30 days and will make recommendations to city officials at that time.

Mayor James Cheshire said the survey, made at no expense to the town, will give the city Board of Aldermen complete information on annexation of additional territory.

DEBORAH ANN LAZURE, daughter of Mr. and Mrs. Dick Lazure, of Route 2, Halls, has been named 1968 Betty Crocker Homemaker of Tomorrow in Halls High School.

Mrs. W. H. Freeman, home economics instructor, announced selection of Miss Lazure in the high school assembly last Friday.

Miss Lazure was presented a specially designed silver charm by General Mills, sponsor of the Betty Crocker award.

She is eligible to compete with other winners from Tennessee high schools for a \$1,500 college scholarship. Runnersup in the state will receive a \$500 educational grant.

Hughes Man Buys Heart Rig Before County Fund Can

Within 24 hours of the publication of an article in county newspapers last week, telling of the need for a heart minding machine for Rex Allen Thomen, youngest of seven children of the Donald Thomens, of Route 6, Ripley, Jerry Leggett and Gene Sadler, who headed the appeal, had the money in hand from generous Lauderdale Countians and from O. D. Bratton, of Memphis, of Ripley Box and Basket Co., who sent The Enterprise \$25 toward the fund.

However, Jack T. Burch, Hughes, Ark., cotton buyer and planter whose 15-month-old son died of pneumonia three days before Christmas, had already arranged purchase of the machine, for which R. Q. McEniry, president of Standard Welders Supply in Memphis, reduced the price from \$675 to \$575. Mr. Burch gave \$512, Mrs. Zodie Glover, of 1438 Harbert, Memphis, \$50 and Flippin Presbyterian Church \$15.

Leggett and Sadler are returning the contributions they received to the givers.

The Thomens say they will turn the machine over to Lauderdale County Hospital after their son no longer needs it. Doctors think the premature infant should outgrow his heart stoppage danger in about three months.

2 Courses Started By Memphis State

Memphis State University will offer a graduate course in school law and a course in mental hygiene for both graduates and undergraduates, to begin at 4 p. m. next Thursday in Ripley High School. Anyone interested is invited to contact James G. Douglas, 635-9422.

Dr. Kimmons Will Speak To Council

Henning's Parent-Teachers Association will host the Lauderdale County Council from 9 to 11 a. m. next Thursday in Halls High School's teachers lounge.

The Rev. E. C. Thurmond will bring the devotional. Dr. Joe Kimmons will speak on dental health.

Probe \$300 Armed Robbery In Ripley

Ripley police Thursday were seeking four Negro men who stopped Lonnie Goad's truck on Midland St. in Ripley about 1 p. m. and robbed him at gunpoint of \$300, according to Goad. The men, in black clothes and black rain hats, were in an old model pickup truck, Goad said. Midland St. runs past Volz Circle.

livestock as they work at cotton, corn, and soy beans.

Burns, in this meeting, will bring information on plans for greatly increasing income and profits from these valuable acres of land in the county now being devoted to these enterprises.

State Cuts \$908,027, 22% Of Utilities Total, From County Tax Rolls

Reappraisal Program's First Annual Bite Cuts County Revenue \$51,394; Local Tax Share Begins To Climb

The state Board of Equalization has trimmed \$908,027 from Lauderdale County utility assessments for 1967, slicing utility appraisals 22 per cent in the first major step of state-wide reappraisal.

State Cuts \$908,027, 22% Of Utilities Total, From County Tax Rolls

Reappraisal Program's First Annual Bite Cuts County Revenue \$51,394; Local Tax Share Begins To Climb

The state Board of Equalization has trimmed \$908,027 from Lauderdale County utility assessments for 1967, slicing utility appraisals 22 per cent in the first major step of state-wide reappraisal.

The reduction, from \$4,210,375 to \$3,302,348, cut 7.2 per cent off the total county assessment, thus reduced from \$12,549,375 to \$11,641,348. This will cost the county \$51,394 in currently due real estate taxation which will become delinquent March 1st.

The loss will be offset somewhat by the fact that this year's non-utility tax assessments ran \$226,750 more than last year's. The added income from these assessments will take up about a fourth of the loss from public utilities.

The county had anticipated some reduction in its tax revenue from utilities, and County Judge Paul Dew says that the present county tax rate may be adequate for the present.

This year's reduction, however, is just the first step in the program to assess utilities and private property on exactly the same basis, reaching 50 per cent of actual value not later than the year 1973.

Lauderdale County was the first county in the state whose County Court adopted the state's recommended reappraisal program. Appraisers have been working in the county for the past several months to prepare information on which to base the new real estate assessments, so they can be brought into line with the assessments on utilities.

Railroads have taken the lead in protesting unequal assessments, and the Illinois Central Railroad received the most relief in the readjustments in this county.

State Seeking Bids For Final Paving On 51 Near Halls

The state will take bids, expected to run more than \$1,000,000, Feb. 23rd on final paving and installation of signs on 8.4 miles of new Highway 51 between Halls and Dyersburg.

This will bring to 81.5 miles the amount of Highway 51 completed as four-lane construction between the Kentucky and Mississippi lines, with 50.3 miles still to lane.

The club voted to join with Halls Civic Club and Gates Civic Club in seeking the four-laning of old Highway 51 from Halls to Gates to serve traffic to the Tupperware plant which will be erected between the Halls and Gates.

The Jaycee meeting saw films presented by Benny Voss which Voss made while stationed with the Air Force in Viet Nam.

Larry James, treasurer, told the group that various projects sponsored by the Jaycees, including the sale of Hallowe'en candies, had netted them \$650. The club had voted to raise \$750 for the lighting of the Little League baseball field and \$150 toward purchase of a school activity sign to be erected on Tigrett Street on the southern edge of the high school campus. The Halls Parent-Teachers Association had voted a similar sum and the Halls Booster Club will bear the remainder of the cost—approximately \$200.

Club president Robert Meeks, Jr., urged members to attend a Region 17 meeting at 7 p. m. Monday in Town Creek Restaurant near Ripley.

Club Seeks 4-Lane Highway By Plan

The Halls Civic Club voted last week to seek a four-lane highway along old Highway 51 from Halls to Gates to serve the new Tupperware plant and asked that the Gates Civic Club and county officials join with them in this project.

Five members of the Gates club—Frewl Buffaloe, Bobby Vaughn, W. H. Hartman, Hollis Johnson and The Rev. Jack Dickerson—were guests of the Halls club at its meeting last week.

Also visiting the club were County Judge Paul Dew and Thomas Caldwell, both of Ripley, and Dick Snow, Jr., field engineer for Tupperware, USA.

Sammie Arnold, club president, told the group that money for lighting the Little League baseball field should be available soon and that the field will be lighted before the opening of the season next June.

Sure you do. Because, like most people, you're careful about what happens to your hard-earned money. So you look at products that appear in newspapers, magazines and brochures. Where the facts are captured for you, often in full color. Where you can study them for as long as you want. And even come back for more. If you have something to sell, shouldn't you consider giving it the power of print?

Don't you read before you buy?

When people see your print advertisement, you can be pretty sure they're not painting a room at the same time, or running in the kitchen for a snack, or carrying on a conversation. CARD OF THANKS... It would be impossible for me to personally thank all of you who were so kind and considerate while I was in the hospital and since returning home, but I will try through the columns of The Graphic. I am grateful for every card, phone call, the gifts, visits, and the delicious food.

CARD OF THANKS... My sincere thanks to my friends who remembered me with cards, letters, phone calls, flowers and gifts during my recent illness in the hospital. Flu and hazardous driving made visits but I was in your thoughts and so, in the words of Tiny Tim, "Go bless us every one."

CARD OF THANKS... I want to thank my friends and neighbors for their kindness in our sickness and in the passing of our dear wife. Our thanks for the flowers, cards, letters, visits, and our pastor, The Rev. Bob Evers, and Mrs. Hays who were so kind and good. We shall never forget the good people of Poplar Grove who also were so good to me while I was so sick. Their thoughtfulness and love helped sustain me.

Looking Around

Polliceman in Futerville, California, are on the lookout for a woman with "hazy red hair and large red eyes" who caused a stir in the business district by claiming to be a witch. They said she cast spells on salesmen in two stores and pulled down several shelves before driving out of town.

Gioigo Gandelini is the new pipe smoking champion of Milan, Italy. He kept three grams of tobacco burning one hour, 13 minutes, in second place beating runner-up Guido Bondelli by 17 seconds.

The musical "Hello, Dolly!" tells the story of one Dolly Gallagher Levi, whose trade is matchmaking. Apparently her magic is rubbing off on the show's cast. When dancer Gene Gebauer married in New York, he was the 10th member of the cast to marry since "Dolly" opened three years ago.

New Mexico governor David Cargo now has his own hotline. A 60-second tape recording of highlights of his daily press conferences is available by dialing a Santa Fe telephone number. Governor Cargo personally narrates the report.

Three men dashed into a Golda California restaurant and began to rough up a customer. They then opened fire with cap pistols. They were sociologists majoring in conducting an experiment on how the public would react in a given situation.

The birth control pill seemed to disagree with Mrs. Marjorie Price of Morristown, Wales. So she stopped taking them and since 1964, she has had three children, two of whom she has run out with second base.

Herchel Phillips of Coosa, Florida, was robbed the other day by a porpoise. While fishing on the Indian River, Phillips dropped his hat into the water. As he went over to retrieve it, his lifeline fell out of his shirt pocket. A porpoise grabbed it and swam off richer by \$4.

The story goes that a man bet the late President Calvin Coolidge he could not say at least three words at a banquet. Coolidge looked at the man and said, "You lose."

With one more game to play, the Halls High Tigers have built a fine 16-5 record, one of the best in the school's history, and are rated high among West Tennessee teams.

Central gate the Halls-Obion County game here Friday evening and then back them in the District 26 tournament next week?

Authorizing the issuance of not exceeding \$250,000 Waterworks and Sewer Revenue Bonds of the town of Halls.

WHEREAS, it is necessary and advisable that the town of Halls extend and improve the waterworks and sewer system of said town and said town is authorized by Section 6-1801 to 6-1831, inclusive, of Tennessee Code Annotated to issue bonds to obtain funds for such purpose.

NOW, THEREFORE, be it resolved by the Board of Mayor and Aldermen of the town incorporated as "Mayor and Aldermen of the Town of Halls," Lauderdale County, Tennessee, that for the purpose of paying a portion of the cost of extending and improving the waterworks and sewer system of said town, there shall be issued the negotiable bonds of said town in the principal amount of not exceeding \$250,000, which bonds shall bear interest at a rate or rates not exceeding six per cent (6%) per annum. Said bonds shall be payable exclusively from the revenues of the waterworks and sewer system of said town.

Adopted and approved, this 5th day of February, 1968.

Don't you read before you buy?

Before you buy hats or houses? Washing machines or Welsh Terriers? Candelabras or cars? Most people do. Because only print can tell you everything you want to know about a product when you're really ready to buy. How much it costs, how it looks, what color it is, and where to find it. Only print lets you read and re-read. Linger and compare. Clip and save. Tuck away in your pocket or purse. When ready-to-buy customers look for your product in print, will they find it? Or will they have to settle for some other brand? Print makes sense because print makes sales.

Cub Scout Banquet Has Twin Themes

Halls' Cub Scout Pack 67 held its annual Blue and Gold Banquet at 7 p. m. Monday in the Fellowship Hall of First Methodist Church.

The decorations and program reflected the theme for the month by program, "Freedom Festival" and the 50th anniversary of Scouting.

Ladies were presented corsages of gold mums made by the boys and their den mothers.

The invocation was given by the Rev. John Deal before the meal, prepared by mothers.

Jerry Puckett, Cubmaster, welcomed the families of Scouts and the following special guests: David Hopper, district Scout executive, of Dyersburg, and Mrs. Hopper; Jerry England, Scoutmaster, and Mrs. England; Jerry Smith, assistant Scoutmaster, and Mrs. Smith; Louis Levy, Scout fund drive chairman; Mrs. Robert Meeks, Mrs. M. E. McDearman, Mr. and Mrs. Sidney Gooch, Mr. and Mrs. Neil Ferguson, Mr. and Mrs. Jamie Brown.

The annual ceremony was then held with the following receiving membership cards and badges: Robert Burks, bobcat; Tommy Overton, wolf; Joe M. Cherry, wolf; Bubba Hartman, wolf; Morgan Steelman, wolf; John Elmore, wolf, gold and silver arrow; Will Spence, gold and silver arrow; Carson Steelman, wolf, gold and silver arrow; Stan Throgmorton, wolf, gold arrow; Ken Cherry, wolf, gold and silver arrow; Billy Cherry, wolf, gold and silver arrow.

Den 3 used a Freedom Festival theme to honor great American men whose birthdays come over in February. Den 3 followed the anniversary theme, explaining values received from Scouting.

The Webelos den led the closing ceremony.

Twigs probably doesn't have a hope chest, either.

THE SHEPHERD

Lesson for February 25, 1968

Background Scripture: John 10. Devotional Reading: John 10:1-4.

While we were driving through Wyoming's Big Horn mountains this past summer...

Delicious Luxury In fact, the sheep had an unpleasant odor...

Instinctively the twenty-third Psalm came to my mind...

Not "Little Lambs" Thus when Jesus says to them, "I am the good shepherd..."

Neither are we his "Little Lambs" regardless of how sweetly mentally sweet it might seem...

Concept and Reality "I am the good shepherd," Jesus said...

"If there's a way the I.C. can increase your profits, you can bet BRAINFARE will find it."

We're well aware these days that our customers are taking a hard look at their distribution costs. That's only right. For saving on distribution is one of the few areas left for a company to improve its profits.

When our customers take that hard look, they'll see a new Illinois Central. We've invested big in computerized facilities, hired outstanding specialists for our staff.

We've chalked up some significant gains already—cut empty car miles, moved cars through yards fast, pushed shipments to destinations faster.

Rent-a-Train is a BRAINFARE brainchild. The Department of Transportation calls this new concept "a significant breakthrough in volume rate-making to the mutual benefit of both railroad and shipper."

If this be enlightened self-interest, we invite you to make the most of it.
