

**THE PATRIOT**  
Lesson for July 7, 1968

Background Scripture: Jeremiah 38 and 39.  
Devotional Reading: Psalm 14.

My dictionary defines a patriot as "a person who loves his country, zealously supporting and defending it and its interests." That, however, still leaves a lot of room for definition, for men do not always agree on the methods by which a man may best support and defend "it and its interests."

There are those, for example, who unblushingly say: "My country, right or wrong—my country!" They will support it and its policies even when they are unjust, false, and immoral. For them, duty to country is the highest duty, the greatest allegiance. At the Nuremberg War Trials following the close of the Second World War this was the defense of many of those who were judged to be "war criminals." They obeyed the authorities of their country even when their duties involved acts that their consciences recognized as immoral.

### To be made right!

There are others, however, whose sense of patriotism is summed up in the affirmation by John Sutherland Bonnell: "My country, when wrong, to be made right; when right, to be kept right." These men also love their country, but they see their highest duty and allegiance belong to God alone. They believe that they may best defend and support their country by remaining obedient to Him. To unreservedly support their country's policies when they judge them to be immoral seems to them the worst of all subdivisions.

We all know that a patriot best serves his country when he puts obedience to God first, yet we seem to forget it when we see this principle in action. A recent opinion poll indicated that a majority of church people believed their pastors should "speak out as the moral conscience of the nation," yet most of these same people seemed to object when their clergymen spoke out on specific moral issues.

### "Betraying our soldiers!"

Jeremiah, one of Judah's greatest prophets, was so despondent over his "unpatriotic" prophecies that he was thrown into a deep cistern and left there to die. Why? Because he foretold the destruction of Jerusalem by the Chaldeans and actually counseled his fellow citizens to surrender in order to avoid this catastrophe. The advisors of the king's court were enraged: "Let this man be put to death, for he is weakening the hands of the soldiers who are left in this city, and the hands of all the people" (Jeremiah 38:4 RSV).

Today one can hear echoes of these words on radio, and television, in newspapers and in private discussions. A well-known university chaplain who has spoken out against America's policy in the Viet Nam War as immoral has been stridently derided as one who is "betraying our soldiers and undermining the morale of the nation with his treason." "Throw him in jail!" "Ship him to Russia!" are the angry responses of some of those who seem to approve of prophecy in general, but not in particular.

### A higher patriotism

Jeremiah did not counsel surrender to the Chaldeans because he did not love or was not loyal to his country. Actually, he was passionately dedicated to Judah, despite its faults. Nor was his counsel based upon admiration of the Chaldeans. Rather, it was because Judah, like Israel before it, had become disloyal to God, had become corrupt within, and would have to suffer the consequences of her infidelity. This was not the judgment of Jeremiah, but of God himself.

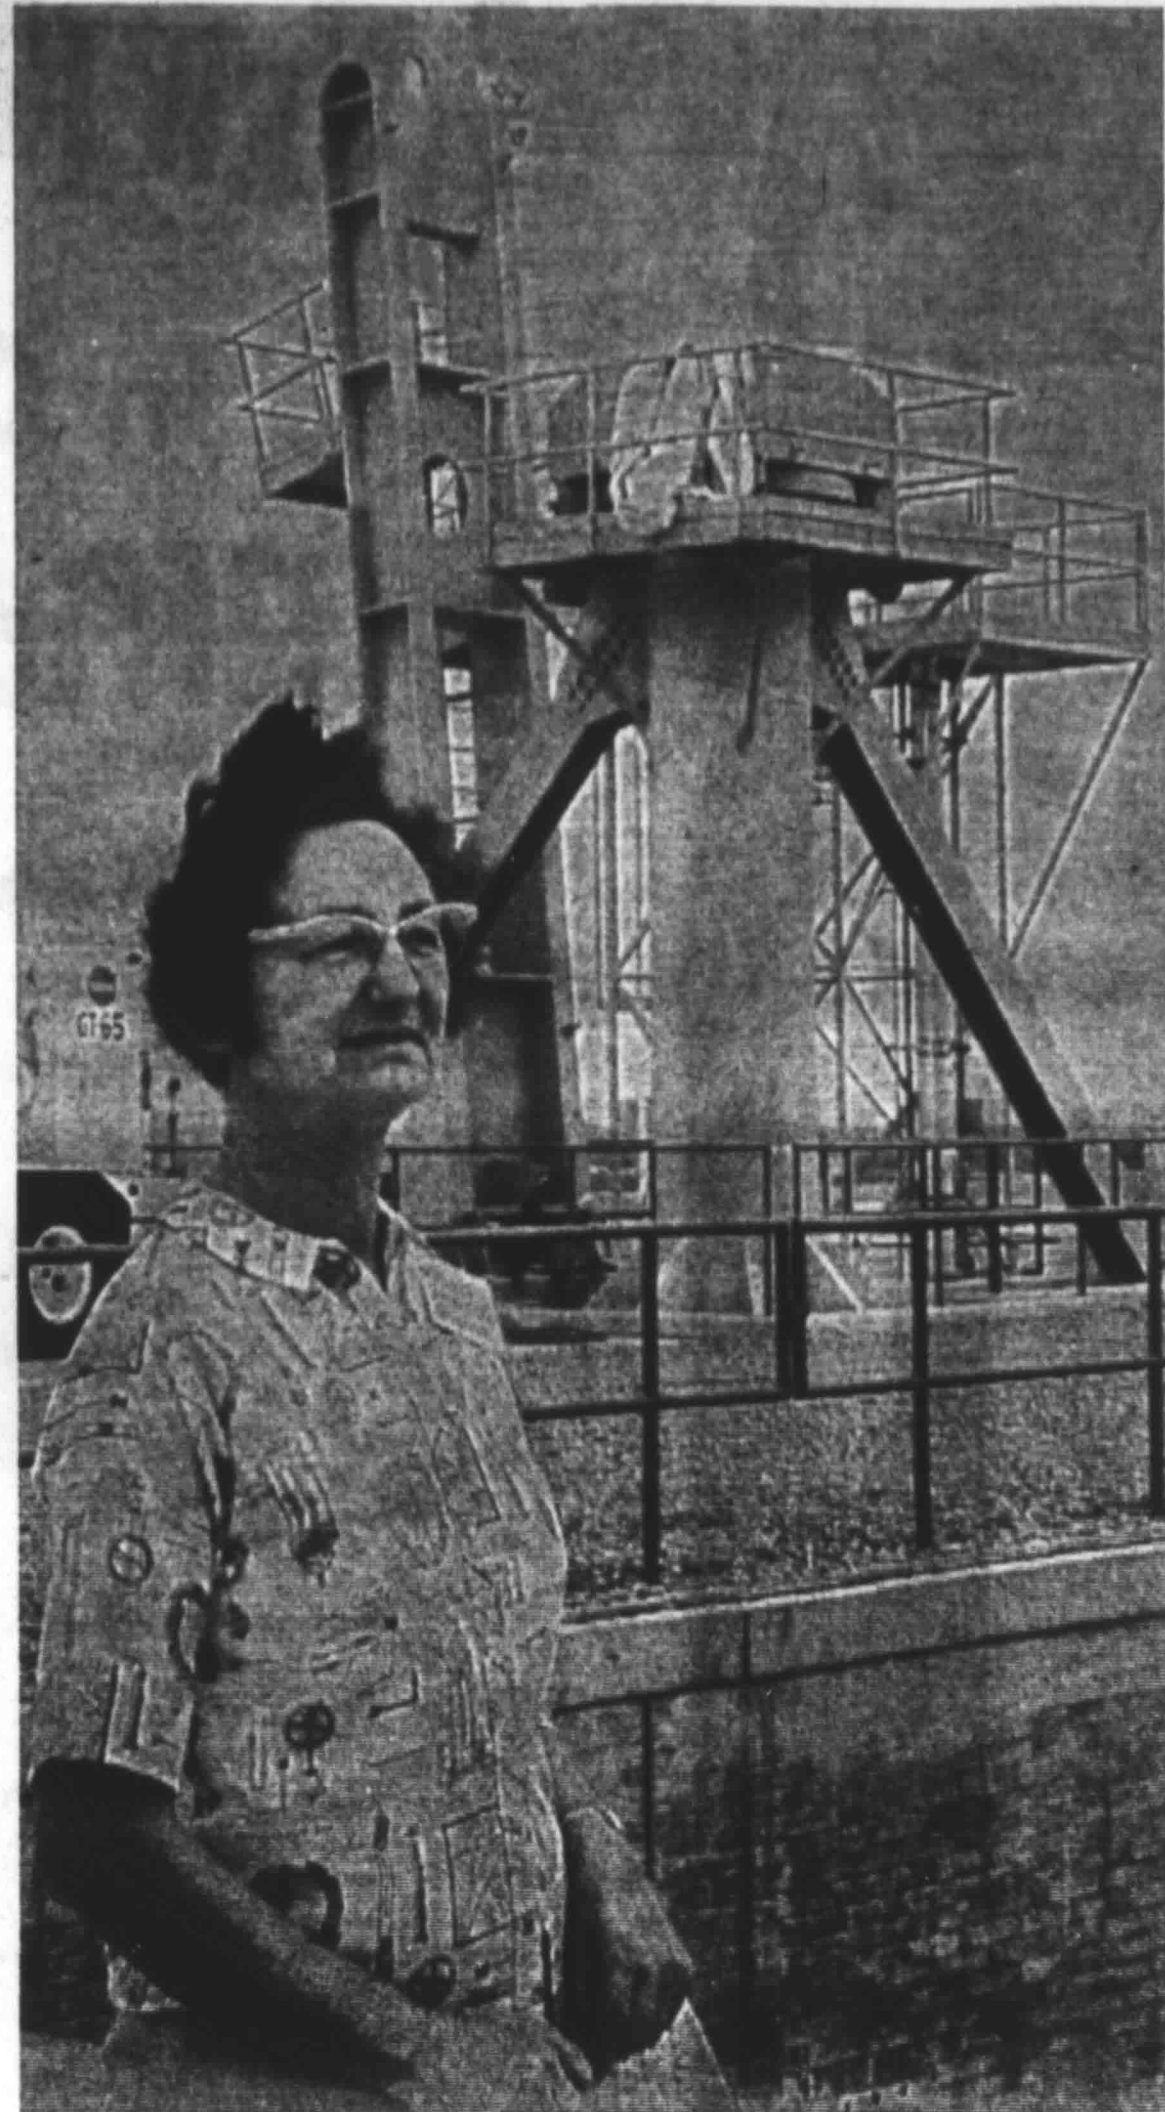

The true patriot may be more concerned with his nation's righteousness than his "honor." If he criticizes his country, it is not because he does not love her or lacks loyalty to her. He knows that he does the most for her welfare by remaining true to his conscience. Perhaps this is the highest form of patriotism.

### YOUTH IN GOVERNMENT

A number of Halls High students attended a "Youth in Government" meeting in Nashville June 22nd sponsored by Senator Howard Baker.

Speakers included John J. Hooker, State Sen. Tom Garland, U. S. Rep. Bill Brock, Sen. Baker, and a State Department representative who spoke on Viet Nam. Attending from Halls were Miss Linda Lindley, Miss Sharlene Martin, Miss Pam Cherry, Miss Pat Steelman, Miss Pam Manuel and Bob Craddock.

AT CAPE KENNEDY as one of 39 West Tennessee teachers attending the sixth annual Aerospace Education Workshop June 10-28th at Memphis State University was Mrs. Robbie Sue Hughes, of Ripley. Activities included field trips, rides on various types of aircraft, and addresses by speakers in different fields of aerospace science.

### American Spirit?

This Fourth of July morning, while driving around Halls, it struck us that we saw only one American flag on display—at the Post Office.

We can remember when Independence Day was a big thing, a day of celebration, but in recent years we have seen little evidence of any realization of what Independence Day really means; and we, perhaps, are as guilty as anyone. We notice that through the efforts of a few persons and enlistment of organizations, the Town of Camden is trying to bring back the American spirit with a real observance of Independence Day, with the displays of flags, etc.

We think that every town and city in the nation would do well to follow in Camden's footsteps and emphasize what the Fourth of July means to the United States. Riots, violence, murders, charges of treason against government officials—have seemingly replaced the belief in the American tradition of freedom.

We have the greatest nation on earth as our home! Let's realize that fact and try to live up to its potential, rather than down to the level to which we seem to have descended.

### Truth In Advertising?

We were quite amused one day this week to see a show card in the display window of a large store in a neighboring town which listed an item, regularly priced at \$9.95, on sale at \$15.95.

We wonder if it is a result of the so-called truth-in-advertising bill before Congress, or simply an error on the part of the store in printing its cards.

### Maybe Oction Is Coming

With the city board voting to issue up to \$75,000 in bonds for street improvement, perhaps we will now get some action on bringing the streets of Halls up to a decent standard. It has been long enough!

### NEW TELEPHONE FIRM

Southern Bell Telephone and Telegraph Co. Monday became South Central Bell Telephone Co., operating in Alabama, Kentucky, Louisiana, Mississippi and Tennessee.

Southern Bell continues to operate in Florida, Georgia, North Carolina and South Carolina.

South Central Bell in Halls began its life Monday with approximately 1,719 telephones in service.

## Cotton Gains Seen Over Last Year; Wheat Crop Full

County's Cotton Yield Tied With Tipton As Runner-Up In Tennessee Last Year

By F. H. Paschal

Most of the 27,500 acres of cotton now growing in Lauderdale County is looking far better than cotton looked a year ago, and with favorable weather, there is a good chance of a normal yield.

Some of the latest planted cotton is now being attacked by thrips which came out of wheat. Unless these are promptly controlled by sprays, the maturity of this cotton will be delayed and yields reduced.

The Tennessee Crop Reporting Service has determined that Crockett County made the highest yield of lint cotton in the state last year, with an average 377 pounds of lint per acre.

Lauderdale and Tipton Counties tied for second place, with average yields of 349 pounds of lint. Lauderdale made a total of 13,000 bales of cotton on 17,800 acres harvested.

The whole state of Tennessee averaged 295 pounds of lint, with several counties averaging below 100 pounds.

Most Lauderdale County producers have this year applied insecticides to control thrips, and most of the cotton came up to a stand which was maintained without replanting.

Farmers have reported to the Agricultural Stabilization and Conservation Service that they destroyed 825 acres of cotton and were prevented from planting 150 acres. They reduced 7,118 acres from their allotments.

### Wheat Harvest Progressing

One of the biggest wheat crops on record was fully harvested last week, and the vast majority of the land is being planted to soy beans.

Talmage Cribfield, Jr., of Edith, disked and broke his land to prepare a seedbed for the soy beans. Others burned the straw off the with just as little preparation as "I will sincerely appreciate the possible."

Jim Fullen, of Ashport, planted several acres with a disk opener type of planter, which put the soy beans down in the ground in the wheat stubble without any other preparation. He will see whether the beans will produce satisfactory yields without any cultivation and without removing any of the straw from the ground. Other farmers will be interested in seeing how this trial planting works out.

### Field Day Well Attended

The cotton field day at the West Tennessee Experiment Station in Jackson last week was well attended by Lauderdale County farmers, who expressed the opinion that the experiment station had more information to show on cotton than they had seen there at any time before.

Earl Moore, Jr., Forrest Brewster, Clifford Sweet, Clyde Younger, Joe Sumrow, and Stuart Cribfield were there early to go on tours over the station. Stuart Cribfield, J. W. Sweat, Jack Crutcher, and other cotton growers stayed for the summary meeting in the new horticultural building at the station to hear W. M. Bishop explain what was being done in 21 counties over the state this year to get more information on cotton.

Definite shortages of extra workers for use in cotton production and the many things that must be learned by farmers about chemical weed control, insect control and other new methods of farming make it necessary for farmers to go to field days and to spend time in meetings to learn more and more.

### School Grounds Planted

Louis Wheatley, principal of Palmer-Turner School at Henning has completed planting of Bermuda grass on five acres at the school to increase the size of the playground and improve it for next year's classes.

The ground was first fertilized with 800 pounds of 15-15-15 fertilizer per acre and then disked to smooth it and mix the fertilizer in the top few inches of soil. After repeated harrowing to firm the land, 20 pounds of Bermuda grass seed was planted per acre and lightly covered.

C. S. Carney, of Ripley, has planted 15 acres of Bermuda grass pasture for cattle. Bermuda grass makes excellent lawn cover and pasture for livestock. It is very responsive to nitrogen fertilizer.

**Cattle On Testing Program**  
W. L. Partain, of Henning, and C. S. Carney, of Ripley, have weighed and graded calves three

## Pete Anderson To Head Halls School

Richard E. (Pete) Anderson, principal of McKenzie High School, has been named principal of Halls High School to succeed Dale Overton, who resigned to accept a position with The University of Tennessee at Martin.

Anderson, a native of Bowling Green, Ky., and a graduate of Bethel College in McKenzie, was Halls High basketball coach and assistant football coach from 1951 to 1958, resigning to accept the head football coaching job at Central High in Savannah.

He moved to McKenzie in 1955 and has been principal there for the past two years.

Before coming to Halls, he had coached two years at Henry High. He is married and the father of a daughter, Beth, who will be 11 July 31st.

Overton, who came to Halls from Gibson in 1960, had been principal of Halls High for four years. He previously had been basketball coach, and assistant football coach and principal of Halls Elementary School.

He has accepted a position as admissions counselor in the office of Dean Henry Allison and will primarily be concerned with recruiting and public relations work among West Tennessee high schools.

The Overtons have purchased a home in Martin and will move about Aug. 1st.

Mr. and Mrs. Anderson will come to Halls at the same time. He is teaching two classes in Bethel College during the summer months.

to six months of age which are included in a performance testing program sponsored by the University of Tennessee and the Tennessee Livestock Association. Vernon McBride, Jr., has entered his herd of registered cows in this program. Fort Pillow State Farm is also participating with some of its cattle.

The purpose of this program is to find the cattle, within breeds and even within herds, which somehow happen to gain the most per day and gain the most for the amount of feed consumed. These animals are then used as breeding stock, rather than just using the animals which look most attractive but which may not have the most desirable qualities in these respects.

**Mosquito Control Difficult**  
Sam Williams recently applied insecticides at Riceland Park to reduce the infestation of mosquitoes, chiggers, and fleas that can bother people coming to this recreational spot.

Sam applied about one-half pound of 20% Aldrin granules per 1000 square feet to the lawn area of the park. This is said to control cat fleas and other fleas and chiggers which multiply in the grass and to help in the control of mosquitoes.

Sam also sprayed 5% DDT on the trunks of trees, on posts, and other surfaces where mosquitoes might land, since this can act as a residual poison to last for a week or two. 2% Chlorthane or 1% Lindane is also useful for the same purpose.

These same measures can be used by householders in controlling these insects around outdoor living rooms and other attractive parts of home grounds.

In addition to these measures, breeding places for mosquitoes should be eliminated. Remove water containers such as tin cans and old tires and bottles. Clean out gutters and see

IN THE SMOKIES—Spending the past week in Ridgecrest, N. C., at the Baptist Young Women's Auxiliary Congress were, from left, Miss Darlene Arnold, Miss Martha Hooper, Miss Dawn Keltner, Mrs. James Hooper, YWA leader, Miss Beverly Jackson, and Miss Nancy Viar. Miss Betty Hooper also attended the conclave.

## OEO Sets Monthly Board Votes Bond Issue For Streets

John L. Singleton, Lauderdale-Crockett Economic Opportunity Corporation agricultural specialist, will hold monthly meetings in Neighborhood Service Centers in Halls, Ripley, Ashport, and Henning to acquaint adult farm residents—husband and wives—with resources available to them in this county, including the Farmers Home Administration, Soil Conservation Service, Extension Agent, Production Credit Assn., Lauderdale Farmers Cooperative, the county health and welfare departments, vocational agriculture and home economics departments, the Agricultural Stabilization and Conservation Service, the Social Security Administration, and local banks.

Initial meetings are set in Halls July 10th, Ripley July 17th, Henning July 24th, and Ashport July 31st, with the FHA as the topic.

that no water stands in low places. Spray foundation walls, the under parts of buildings, shrubbery, wood piles, dog houses, garages, and other places that may harbor mosquitoes.

**Fish Pond Fertilized**  
W. L. Abernathy, of Nankipoo, recently completed the first application of 50 pounds of 15-15-15 fertilizer per acre of water in his fish pond to increase the production of microscopic plants which are fed upon by the fish.

Mr. Abernathy plans to fertilize the pond about every ten days until he gets the water full enough of these small plants that he cannot see his hand a foot down in the water. It usually takes about six applications of fertilizer between now and fall to get maximum yields of fish.

Unfertilized ponds may produce up to 100 pounds of fish per acre each year, but properly fertilized ponds can produce 500 pounds.

**Miss Hamby On Leave**  
Rita Hamby, Extension secretary, is taking two weeks' annual leave, beginning July 8th through July 19th.

Since this is the first two weeks' full leave she has taken in ten years, she is flying to California to visit her sister, Mrs. Leon Iverson, near San Francisco.

**D. Webb Ashley**  
D. Webb Ashley, 58, brother of Mrs. Nannie Walker, of Halls, died Thursday of last week en route to Parkview Hospital in Dyersburg, after a heart attack.

A landowner in Glendale community of Dyer County, he also leaves his wife, seven sons, ten daughters, another sister, Mrs. Elizabeth Nichols, of Dyersburg, and three brothers, John Ashley, of Dyersburg, Ollie Ashley, of Kenton, and Hollis Ashley, of Newbern.

## Passenger Trains End Ripley Stops; State's Surprised

Public Service Commission Not Informed As Railroad Eliminates Last Service

Lauderdale County's last railroad passenger service, at Ripley, disappeared Sunday without notice to the city or to the Tennessee Public Service Commission, which immediately began investigating the disappearance of Ripley from the schedules of Illinois Central Trains 3 and 4 as they went on new and faster schedules.

Train 3 will now leave Chicago, Ill., at 9 p. m., instead of 7:15, but will continue to pass through Ripley about 5:45 a. m. However, the conditional flag stop in Ripley has been dropped.

Train 4, which had stopped regularly in Ripley at 8:45 p. m., will now leave Memphis at 11:15 a. m. and will not stop in Ripley en route to arrive in Dyersburg at 12:46 p. m. It will arrive in Chicago at 8:55 p. m.

The railroad asked the Public Service Commission to permit discontinuance of Train 3's conditional stop—for passengers to or from Memphis or Fulton or beyond—last year, but was refused after the City of Ripley proved in a public hearing that the service was being used.

Commissioner Cayce Pentecost told The Enterprise this week, when asked if the commission had now authorized the discontinuance of service to Ripley, that it was "the first I've heard about it." He said the commission would look into it.

A. D. McConnell, of the Interstate Commerce Commission staff in Washington, said the commission had jurisdiction over discontinuance of passenger trains but not over the elimination of intermediate stops. He referred inquiries to the state commission.

## Memphis Firm To Build New School In Twelve Months

Frix, Anderson, Watkins, Inc., of Memphis, won the contract for constructing the new Ripley High School June 20th with a low bid of \$1,176,500.

Completion date scheduled is July 1, 1969.

Five other bidders were Lashlee-Rich Lumber Co. at \$1,198,823; V. A. Lucchesi, at \$1,202,000; McAdoo Contractors, Inc., at \$1,203,000; Quinn & Quinn Construction Co. at \$1,218,000; and Scudder & Co., Inc., at \$1,242,000.

The firm which won the contract has constructed a number of schools in Madison County, whose school authorities report its work has been highly satisfactory.

The site was cleared this week. The contractor will move some 43,000 cubic yards of earth from the site, and it will be dumped into Red Eye ravine just north of the downtown square as part of the program to fill it.

## County Sets Rules For Pool Owners

The county Board of Health has adopted legislation governing the operation of both public and private swimming pools, copies of which are available from the county health department. All pool owners are urged to familiarize themselves with the state and county requirements governing their operation.

There's A NEW FRONTIER In Office Efficiency. Significant break-throughs in design and production of familiar products are revolutionizing the office supply field. Good businessmen are improving efficiency and earning credit on income tax returns. Before you invest unwisely in office tools of obsolete design, don't fail to see the newest and best.

NEW COMPACT STANDARD TYPEWRITER. Standard keyboard, standard large platen, every big-machine feature including half-spacing, tabulation—yet even automatic indentation—yet in a compact, portable design. Its writing speed is 30 w.p.m. — yet it's quiet, efficient, and economical. Fully guaranteed, naturally!

NEW UNDERWOOD-OLIVETTI BUSINESS MACHINES. They perform far beyond simple addition—subtract, give credit balance, multiply, calculate discounts and percentages, total capacity 99,999,999,999! Just 5 1/2 inches high, desk space 8 1/2 x 14 1/2 — yet with big machines' high efficiency and rugged dependability! Choose one-hand-operated Prima 20 at \$98.50, the electric Quanta at \$159.95, or the automatic multiplexer, heavy-duty Multumax, \$209.95.

NEW EVERY OFFICE MACHINE DESERVES AN A-1 RIBBON. Nothing pops up any office machine's performance—and actually prolongs its life—like a first quality NYLON ribbon... the only ribbon we handle because it's the only one we can sell with pride... Yet some folks persist in using cheaper quality ribbons which date from the pre-nylon era—and actually pay more for them than our \$1.25 price for nylon. By handling one grade in volume, we're holding the price line on the best ribbon you can buy. At that price, you can't afford any other ribbon for your machine.

**RESOLUTION**

The Board of Mayor and Aldermen of the town incorporated as "Mayor and Aldermen of the Town of Halls," Lauderdale County, Tennessee, met in regular session at its regular meeting place at 7:30 o'clock p. m., on July 1, 1968, with Mayor James Harold Hart, presiding and the following aldermen:

Present: Sammie L. Arnold, Eugene Pugh, Perry Williams, Harold Hart, E. O. Dew, Paul Jordan.

The following resolution was thereupon introduced and read in full:

**INITIAL RESOLUTION** authorizing the issuance of not exceeding \$75,000 Street Improvement Bonds of the Town of Halls, Tennessee.

BE IT RESOLVED by the Board of Mayor and Aldermen of the town incorporated as "Mayor and Aldermen of the Town of Halls," Lauderdale County, Tennessee, that for the purpose of repaying the cost of extending, repairing and improving streets in and for said town there shall be issued the bonds of said town in an amount not to exceed \$75,000, which bonds shall bear interest at a rate not exceeding six per cent per annum. Said bonds, both principal and interest, shall be payable from all valorem taxes levied for such purpose on all taxable property in the Town of Halls without limitation as to rate or amount.

Adopted July 1, 1968.  
Approved July 1, 1968.  
JAMES H. CHEESHER, Mayor.

Attest:  
Mary Louise Myrick, Recorder.

It was moved by Alderman E. O. Dew and seconded by Alderman Harold Hart that said resolution be adopted, and upon roll being called the following voted:

Aye: Eugene Pugh, Sammie L. Arnold, Harold Hart, Perry Williams, E. O. Dew.  
Nay: None.

The Mayor thereupon declared said resolution adopted.

Upon motion of Alderman Paul T. Jordan, seconded by Alderman Harold Hart, and unanimously adopted the Recorder was instructed and authorized to cause a copy of said initial resolution to be published in The Halls Graphic, a legally qualified newspaper published in Lauderdale County and having a general circulation in said town, said resolution so published to have appended thereto the following notice:

**NOTICE**

The foregoing resolution has been adopted. Unless within ten (10) days from the date of the publication, there is a petition signed by at least ten per cent (10%) of the qualified electors of the Town of Halls, Tennessee, filed with the Recorder or Mayor protesting the issuance of the bonds, such bonds will be issued as proposed.

MARY LOUISE MYRICK, Recorder.

RESOLUTION providing the details of \$75,000 Street Improvement Bonds of the Town of Halls, Tennessee, directing the sale thereof, and levying taxes for the payment thereof.

WHEREAS this Board of Mayor and Aldermen did on July 1, 1968, adopt an initial resolution authorizing the issuance of not exceeding \$75,000 bonds of said town for the purpose of repaying the cost of extending, repairing and improving streets in and for said town; and

WHEREAS it is now necessary and advisable that proceedings be taken so as to authorize the sale of said bonds in the amount of \$75,000;

THEREFORE, Be It Resolved by the Board of Mayor and Aldermen of the town incorporated as "Mayor and Aldermen of the Town of Halls," Lauderdale County, Tennessee, as follows:

Section 1. The bonds authorized by the initial resolution referred to in the preamble hereto shall be sold and issued in the principal amount of \$75,000, shall be denominated "Street Improvement Bonds," shall be dated July 1, 1968, shall be of \$1,000 denomination, shall be payable in ten (10) equal semi-annual payments, inclusive, and shall mature serially on July 1 of each of the years 1969 to 1982, inclusive as follows:

Year	Amount	Bond Numbers
1969	\$3,000	1-3
1970	4,000	4-7
1971	4,000	8-11
1972	4,000	12-15
1973	5,000	16-20
1974	5,000	21-25
1975	5,000	26-30
1976	5,000	31-35
1977	6,000	36-41

Two school districts have races
for seats on the Board of Educa-
tion. Albert Lockard, incumbent,
is opposed for re-election by Mau-
rice Gaines, who has unexpired
two years, in Districts 1, 3,
4, 10, 11, and 13. W. A. Grimes,
incumbent, is opposed for re-
election by Lewis (Bollie) Chisholm
in Districts 5, 6, 7, 14, 15, 17.
Other Board of Education terms
do not expire this year.

There are two contests for con-
stable. District 2 will elect two
from a field of three candidates—
Hubert Criner and Jack Duvall,
incumbents, and George (Nub-
bin) Walton. District 6 will choose
between James (Jack) Mauldin
and B. W. Hutchinson, Jr.

Unopposed constable candi-
dates are William Miller, James
(Billy) Taylor, William Webster,
Henry F. Moore, Milton Flowers,
J. K. Goodson, and Bill Hawkins.

The Democratic primary in this
county has races for two legisla-
ture seats under the 27th constitu-
ency. Mayor of Hines, is challenging
veteran legislator Dr. D. Gra-
cody, of Covington, for the 27th
Senatorial seat. Dr. J. S. Scott,
former Ripley mayor, is contest-
ing the re-election of his fellow
member of the city's present
board of aldermen, Frank Gar-
ner, to the 37th House seat.

U. S. Rep. Robert A. Everett
is unopposed for re-election. John
W. Palmer, of Dyersburg, is un-
opposed for the 38th House seat.

Dr. Atkins is unopposed for re-
election as Public Service Com-
missioner.

Halls Post Office
To Cut Service
Halls Postmaster M. A. R. H.
Pierce said Wednesday that in
compliance with a directive from
Postmaster General W. Marvin
Watson, Halls Post Office win-
dow service will be closed each
Wednesday, beginning July 31st.

Postmaster Pierce said the lo-
cal post office will close on Wed-
nesday rather than Saturday, al-
though most post offices will close
Saturdays under the directive.
The local post office was already
closing on Wednesday afternoons.

The postmaster said that no
further curtailment of postal serv-
ice has been ordered at this time.

The curtailment was made in an
effort to comply with a recently
enacted bill requiring a curtailment
in personnel to the June 30, 1968
level.

The Postmaster General has
told Congress that the curtailment
may require reduction of resi-
dential mail delivery to four days
a week.

A flameless electric range cooks the food—not the cook! The electric surface units
come in direct contact with your pots, transferring heat directly to the food—not
into your kitchen.
The electric oven is fully insulated on all six sides. Heat from baking or broiling
stays inside the oven—where it belongs. Electric ranges leave the kitchen up to 16
degrees cooler!
Your pots, walls and curtains will stay cleaner, too, when you choose an elec-

Learn the secrets of beer cookery

Find out how to make  
delicious everyday dishes  
with beer—such as beer  
meat loaf, beer chicken,  
beer sausages and beer  
cake. And then there are  
such gourmet treats as  
rarebits and Carbonnades  
Flamandes.

Beer cookery is as  
traditional as yesterday...  
as modern as tomorrow.  
Beer adds a real flavor treat.

40,000 STRONG... AND RARIN' TO GO. That's us.  
South Central Bell. Your new telephone company in Ala-  
bama, Kentucky, Louisiana, Mississippi and Tennessee.

We officially started serving you on July 1, 1968. You  
may not have noticed us yet, but we think you will before  
long. Our new company is aware of the tremendous  
changes—the dynamic growth—taking place in the south  
central area. And we're determined to provide whatever  
kind of communications are needed for this area, today  
and tomorrow.

We have 40,000 people... enthusiastic about the future,  
and eager to please you by giving the best possible telephone  
service and personal attention anyone has ever received.

We know that any time you call our business office or  
place a long distance call, or have your telephone service  
moved or repaired, you form some opinion of us. We want  
that opinion to be a good one, and we're going to work  
hard to make it that way. Day after day after day.

**CROP CLINIC**

Are you on target with your fertilizer program?  
Come in and find out at our Gulf Crop Clinic  
Here's all you do:  
1. Cut a stalk from a field you want tested. (Corn,  
cotton, soybeans, grain sorghum)  
2. Bring in the entire plant, less roots.  
3. A Gulf agronomist will run a tissue test on the  
spot for nitrogen, phosphorus and potassium.

Find out more about plant nutrient uptake. Be sure  
to drop in at our crop clinic whether you have  
plants to test or not.
