Confidential Corner

Better Buy It
During the past week, we have had a number of persons quarreling about the newly-enacted wheel tax and claiming that it came as a complete surprise to them.

We find it difficult to understand or believe, since the original wheel tax was passed in 1968 and was again brought before the Quarterly Court in January of this year. Each time, the two county newspapers gave complete coverage and in January reported that the final affirmation of the tax would come Feb. 28th after passage by the state legislature.

Without getting into the need for the wheel tax, we would say that most of these citizens who are griping raised no opposition to the tax until after it was passed.

Incidentally, we have heard discussed the possibility of buying car licenses in other counties to avoid paying the \$10 wheel tax.

This could be expensive, since the majority of the surrounding counties also have a wheel tax, which would have to be paid, and buyers would still run the very definite risk of having to pay the Lauderdale County wheel tax plus a substantial fine.

Judge Paul Dew has told this newspaper that the law calls for collection from every Lauderdale County automobile owner, with evasion classed as a misdemeanor.

We can assure you that it will be cheaper to pay the wheel tax!

Annexation Hearings

The citizens of Halls should be interested in the public hearing on annexation at 7:30 p.m. March 18th in City Hall.

There is a very definite need for annexation of the property involved, which includes the Tupperware plant, and we can foresee little or no opposition; but the public should take an interest in this hearing.

Henry B. Young

Henry B. Young, 44, of Rockford, Ill., brother-in-law of Mrs. J. W. Best and Mrs. R. L. Ammons, died Monday of last week in Rockford Memorial Hospital.

Services were at 2 p.m. last Friday in Ripley Funeral Home. Burial was in Poplar Grove Cemetery.

Born in Tennessee, he was a contractor and a veteran of World War II.

He also leaves his wife, Mrs. Birdie Hopkins Young; a stepson, Willie E. Westbrook, of St. Petersburg, Fla.; his mother, Mrs. May Helton, of Knoxville; four brothers; and five sisters.

Escapes Attack Elderly Couple

Mr. and Mrs. Walter Smith, of Jackson, formerly of Halls, were hospitalized in Jackson-Madison County General Hospital Monday after having been beaten by four inmates escaping from Madison County workhouse.

Mr. Smith, 73, superintendent of the workhouse, was treated for scalp lacerations. Mrs. Smith, 72, had fractured ribs.

The escapes entered the Smith home and attacked the couple before fleeing in their automobile.

Two of the prisoners, Harry England and Tommy Jenkins, were re-captured later Monday near Selmer. Charles Hubanks and James Hudson were still at large Wednesday. The Smith car was recovered.

Smith was chief of police in Halls for a number of years during the 1940s.

Sick & Ailing

Mrs. E. K. Jackson, of Halls, had surgery Monday in Baptist Hospital in Memphis for injuries received in an automobile accident in September 1968.

Mrs. John Hendrix, of Halls, entered Parkview Hospital in Dyersburg Thursday last week after having injured a knee in a fall, and also for treatment of a heart attack.

County Red Cross Drive Asks \$5,000; Viet Aid Stressed

The Lauderdale County Chapter of the American Red Cross is seeking \$5,000 this month as its share of the national total needed to continue its programs of disaster aid, and home nursing training, and serviceman assistance.

Service to armed forces members and veterans is the Red Cross' most extensive program. The agency expects to spend \$9.75 on activities in Southeast Asia this year for each armed forces member stationed there.

Services include counseling and help with personal and family problems — Red Cross workers handle an average of 25,000 of these cases each month; providing social welfare aid for more than 12,000 individuals monthly; arranging recreation for approximately 19,000 patients monthly in military hospitals; providing Center-Clubmobile recreation programs for 235,000 U.S. troops in Viet Nam; and sending of ditty bags at Christmas.

Brooks Adams, of Ripley, chapter chairman, notes that safety program personnel work with the military in surveying aquatic facilities and teaching courses in first aid, water safety, and small craft.

He says the Red Cross places more than 2,000 free telephone calls each month for wounded servicemen returning from Viet Nam. At the same time, Red Cross handles 35,000 emergency messages each month.

Haywood Banquet Awaiting County's Sellers Of Calves

Russell Evans, president of the Lauderdale County Livestock Association, is urging all sellers of feeder calves in sales held at Brownsville last October to attend the annual dinner meeting of the feeder association in the Haywood County High School Cafeteria in Brownsville at 7 p.m. next Friday.

More than 500 calves were sold by producers in Lauderdale County in these sales.

NOTICE OF ANNEXATION

Town Of Halls, Tennessee

Notice is hereby given that the Mayor and Aldermen of Halls will on the 18th day of March, 1969, at 7:30 o'clock p. m. hold a public hearing in City Hall in Halls, Tennessee, for the purpose of determining the question of extending the corporate limits of the Town of Halls to include that area bounded as follows:

Beginning at a point on the south of the present city limits which is 500 feet west of the west right-of-way line of Old Highway 51 (said 500 feet to be measured perpendicular to the west right-of-way line of Old Highway 51); thence in a southerly direction and parallel with the west right-of-way line of Old Highway 51 to a point where this line intersects with a line that is 500 feet north of and parallel with the north right-of-way line of Beech Bluff Road; thence in a westerly direction and parallel with the north right-of-way line of Beech Bluff Road to a point where this line intersects with a line drawn perpendicular to the south right-of-way line of Beech Bluff Road at the northwest corner of the Tupperware property; thence in the westerly then southerly lines of the Tupperware property to the southeast corner of the Tupperware property; thence in an easterly direction and perpendicular to the center line of Old Highway 51 to the east right-of-way line of the Illinois-Central Railroad; thence in a northerly direction along the east right-of-way line of the Illinois-Central Railroad to the present city limits; thence along the present city limits to the point of beginning.

The resolution adopting a plan of service for said area and directing this public hearing was passed by the Mayor and Aldermen of Halls at their regular meeting on March 3, 1969, in accordance with the provisions of Sections 6-304 et seq. of the Tennessee Code Annotated.

All persons interested in said proposed annexation are invited to attend the hearing.

This the 3rd day of March, 1969.

Wheel Tax

Lauderdale County has lost approximately \$150,000.00 in annual revenue from the railroad and utilities, as a result of a Federal Court suit. The court action resulted in their taxes being reduced. This has happened not only in Lauderdale county, but in every other county in the State of Tennessee. No official of the State or County wanted a wheel tax but this lost revenue had to be replaced. The revenue from the wheel tax is not new money for new services. It merely replaces a portion of the lost money.

George Wallace, William J. Davis Meet Privately

By William B. Street

A private meeting in Montgomery, Ala., between former Gov. George Wallace and William J. Davis, the American Party's Eighth District congressional candidate in Tennessee, was held last week.

A Davis campaign aide said Wallace questioned Mr. Davis and was given a general outline of the party campaign for the March 25th special election.

The aide said the former presidential candidate de-cided himself impressed

both with Mr. Davis and with the campaign plan. The meeting was Wednesday.

"There was no discussion of whether Wallace might come to the Eighth District for a speech later on in the campaign, but the door seems to be open for that possibility," the aide said.

"Wallace said he wanted to let the people of the Eighth District know that he appreciated their hard work in his behalf last fall and that he has not forgotten their efforts."

Wallace carried every county in the Eighth District, including that portion of Shelby which falls in the Eighth.

Legal Notices TRUSTEE SALE OF REAL ESTATE WHEREAS, the indebtedness secured by said deed of trust in past due and unpaid and said Mortgages have failed and refused to pay the same after due notice and demand:

Now THEREFORE, at the request of the legal holder of the said indebtedness, Vernon Gilliland and Trustee, do hereby give notice that on SATURDAY, MARCH 15th, 1969 within legal hours and commencing at 2:00 P. M. at the Court house East door in Ripley, Tennessee, will offer and sell above described real estate at public outcry to the highest and best bidder for cash and execute and deliver a deed to said real estate to the purchaser at said sale in bar of all rights of equity and redemption, repurchase, homestead and all other rights of law and equity, all of which are expressly waived in said deed of trust and in the Register's Office of Lauderdale County, Tennessee, in Record Book 53, page 640 to which reference is here made; and

WHEREAS, the Mortgagee aforesaid did convey to the said Trustee the following described tract of land together with all improvements thereon situated, lying and being in the 8th Civil District of Lauderdale County, Tennessee, and more particularly bounded and described as follows:

BEGINNING at a stake in Jimmy Meek's southeast corner; runs thence in a slightly north-easterly direction with the middle of the old road to a stake in the middle of a ditch; thence in a northern direction with the center of said ditch to a stake in the middle of a creek; thence in a north-westerly direction with the middle of said creek to E. Pugh's corner, being the southeast corner of the old Jordan tract of land; thence in a southeasterly and south direction back to the beginning corner and containing approximately 50 acres, more or less.

Being the same property conveyed to W. E. McGlothlin and Oscar E. McGlothlin by deed recorded in Deed Book 53, page 630 of February, 1969.

There's A NEW FRONTIER In Office Efficiency

Significant break-throughs in design and production of familiar products are revolutionizing the office supply field.

Good businessmen are improving efficiency and earning credit on income tax returns.

Before you invest unwisely in office tools of obsolete design, don't fail to see the newest and best.

Standard keyboard, standard large platen, every big-machine feature including half-spacing, tabulation, new even automatic indentation - yet minute adjustments have reduced bulk and weight so that this heavy duty machine is easily carried. This all-purpose typewriter shames flimsy lightweight cost-cutters far more - outperforms existing models in every respect. Fully guaranteed, aurally!

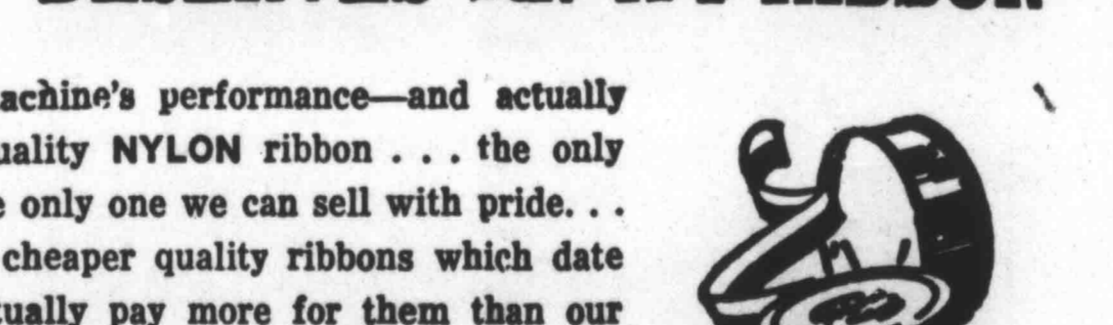

\$98.50 Carrying Case Included Postages From 44-50

UNDERWOOD-OLIVETTI BUSINESS MACHINES

They perform far beyond simple addition-subtraction, give credit balance, multiply, calculate discounts and percentages, total capacity 99,999,999,999! Just 21 1/2" high, desk space 8 1/2" x 14 1/2" - yet with big machines' high efficiency and rugged dependability! Choose one-hand-operated Prima 20 at \$89.95, the electric Quanta at \$159.95, or the automatic multiplication, heavy-duty Multisuma, \$289.95.

EVERY OFFICE MACHINE DESERVES AN A-1 RIBBON

Nothing peps up any office machine's performance—and actually prolongs its life—like a first quality NYLON ribbon... the only ribbon we handle because it's the only one we sell with pride... Yet some folks persist in using cheaper quality ribbons which date from the pre-nylon era—and actually pay more for them than our \$1.25 price for nylon. By handling one grade in volume, we're holding the price line on the best ribbon you can buy. At that price, you can't afford any other ribbon for your machine.

THE BIBLE SPEAKS BY LAWRENCE W. ALHOUSE WHOSE AUTHORITY? Lesson for March 16, 1969

The date is Sunday, March 16, 1969. The time is 11:05 a.m. The place is the sanctuary of your church.

The service has just begun and the people are sitting down. You are aware that a tall man is walking briskly up the aisle.

"As a pastor," you wonder, "though it occurs to me that you have never seen this man before, he is the pastor of this church."

The failure to bring Ray to trial left many questions unanswered, such as where he got the money to purchase the automobile, the money to travel by plane into Canada, to England, and Portugal, and previously across the United States on two occasions.

Ray's background does not indicate that he was smart enough to have planned and carried out the slaying without help. We would dispute the claim of former Attorney General Ramsey Clark that there was no conspiracy until it is proven beyond a shadow of a doubt.

We hope that the FBI, Justice Department, and Memphis police will continue to work to establish all of the facts.

Just Isn't True Several times recently, we have had citizens of Halls ask us why work on the streets in Halls has been delayed and have even been informed that all the \$75,000 allotted to street work has been exhausted, so that the work can't be continued.

This is simply isn't true. The sole reason for the delay is the bad weather.

Not only is there sufficient money to complete all streets originally included, but very likely some streets can be added.

Any citizen is welcome to check the files in City Hall.

Confidential Corner By Henry Murchison

Much To Explain We are not quite certain just what we think of the sudden end of the James Earl Ray trial for the slaying of Dr. Martin King, Jr.

Certainly, there seems little doubt that Ray received no small sentence because of the agreed verdict, since no death sentence has been carried out in Tennessee since 1969, and the 99 year sentence is the most severe possible, short of the death sentence.

However, we cannot rid ourselves of the feeling that the assassination of Dr. King was a planned operation, with several persons involved.

The failure to bring Ray to trial left many questions unanswered, such as where he got the money to purchase the automobile, the money to travel by plane into Canada, to England, and Portugal, and previously across the United States on two occasions.

Weather Delays Street Projects Engineers this week completed a survey to establish lines for the widening of Sumrow street from the housing project to West Tigris.

Work on the streets has been greatly delayed by the continued inclement weather, but work to complete streets already started is expected to resume later this month.

Mayor James Cheesier said Wednesday that Pention Street, Airport Street, Sumrow Street and Myers from Pearl Street to GG Manufacturing Co. plant will be completed shortly.

Similar variety tests were made in Lakin and Dyer Counties on similar soils in Mississippi bottom areas.

The average yields for these three variety trials on seed cotton were: Dixie King II, 2,470; Auburn M, 2,448; Hancock, 2,435; Delapine 16, 2,407; Stoneville 213, 2,392; and Coker 413, 2,275.

Similar variety tests were planted on upland soils in ten West Tennessee counties. The varieties rated in this manner on seed cotton in the average of these tests: Dixie King II, 2,191; Auburn M, 2,122; Hancock, 2,121; Stoneville 213, 2,106; Rex Smooth-leaf, 2,057; Delapine 16, 2,036; and Coker 413, 1,904.

All 1965 varieties are recommended by the University of Tennessee for planting this year, except Delapine 16, which has only been tested two years.

Full information on variety tests at Ames Plantation, Fort Pillow, and Jackson on cotton, corn, soybeans, wheat, and other crops is available free on request to the County Extension Office.

Well, What Do You Know?

fun, games and knowledge

By MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

What president of the United States was also an inventor?
Thomas Jefferson, third president of the United States, invented a number of ingenious devices. He invented a clock that he called the polygraph which made exact duplicates of letters as they were being written; and an improved plow.
Do fish sleep?
Most fishes do not sleep as we do. They do not have eyelids that close. But they do rest when the light dims. Triggerfish lie down on their sides to rest. It is startling to see them lying on the bottom of the sea, looking up at the observer.
Are there fires that cannot be put out with water?
Some fires cannot be put out with water. In fact, water will do more harm than good. For example, a pan of cooking oil may catch fire on a stove, or some fat in a boiler may flare up. Oil and grease float on water. If you try to put out an oil fire with water, the flaming oil will come to the top of the water and continue to burn. Such a fire can be put out quickly with a carbon dioxide fire extinguisher. If no fire extinguisher is available, salt can be used to smother the flame. It is very dangerous to put water on a fire that starts in electrical wiring. The reason is that water conducts electricity. The current can travel up the stream of water and burn the hand and give a bad or even fatal shock. The best way to put out an electrical fire is with a carbon dioxide fire extinguisher.
Does a stone weigh the same in water as it does in air?
A stone weighs less in water than it does in air because of the buoyant force of the water. A simple experiment proves the point. All you need is a stone and a spring balance. Weigh the stone in the air. Then weigh it in water.

TRY NEW METHODS FOR FARM PROFIT
By F. H. Paschal
W. M. Glenn, of Ashbury, was surprised by the recommendation to apply four tons of lime per acre on some soil to which he applied three tons per acre just two years ago.
He said, however, this land had not been limed in 20 years, before he applied the three tons per acre, and he could understand how it might take a lot of lime to get the pH to a satisfactory level in the upper 12 inches of soil.
The National Limestone Institute this week said deeper plowing, with more acid sub-surface and sub-soil mixed with top soil, has been found to require more limestone than was required when farmers broke land only six inches deep.
Experimental work in Mississippi has shown that cotton roots do not go down through acid sub-soil at the same rate they penetrate soil with a pH of six or more. This causes short droughts to reduce yields more than would be otherwise expected.
Mr. Glenn would not have found out about his soil pH if he had not had samples tested. Other farmers will find this to be a profitable procedure.
Greenhouse Gearing Up
Bifford Wright, of Halls, is building a greenhouse in which he plans to grow plants.
He is building a wooden frame of lightweight material and bracing it well.
He plans to stretch clear plastic film over this framework to provide a greenhouse at reasonable cost, which can be heated or cooled for controlled temperature and humidity to make conditions favorable for the production of plants such as tomatoes, which can be transplanted to fields.
New Alfalfa Protected
Oscar Griggs is planning to try a new chemical called Eptam, at the rate of four pounds per acre broadcast, to control annual grasses and broadleaf weeds where he will make a new planting of alfalfa in March.
This material is incorporated to a depth of two to four inches immediately after application.
This practice is recommended in the new Extension chemical weed control guide available free at Extension Offices.

FISH FARM BUILDERS Jimmy T. Wood and Bobby Walker, partners in T & W Construction Co., think they can prepare 40 acres of ponds and fill them with water enough to add 1,500 fingerling catfish per acre within the next two months. Jimmy looks placid here, but he is really busy keeping machinery and men going to meet this schedule. This is the pump being used in boring the deep well to provide water for all the fish.

DERRICK STANDS OVER a deep well being bored to provide water for the ponds, one of which will occupy the place where Jimmy Wood stands, after more of the timber debris is removed. The well is on the highest point on the farm so that water can flow by gravity to all the ponds. Rain water will only help overcome evaporation. This area parallels a gravel road and will be handy for pond fishing by the public on a fee basis.

Profitable Farming Is Important To All Tennesseans...
Every community in Tennessee should be aware of the extremely important economic contribution our farmers make toward the prosperity of all Tennesseans. Of every dollar earned by farmers, about 88 cents is spent in the non-farm sector of their local communities. And every \$1.00 of farm income will generate about \$3.33 in local non-farm income. Certainly, farm dollars are mighty important to you and to your community. Thank you, Mr. and Mrs. Farmer, for helping us make Tennessee a better place in which to live!
"Nine years ago I had the pleasure of bringing together a group of interested parties to create Tennessee's 'Profitable Farming' Agricultural Development Program. Today, as we look back, it is rewarding to note Tennessee has made impressive progress during these years. For instance, annual cash farm sales have increased \$100,000,000. However, it is even more encouraging to look forward and realize our farmers are capable of One Billion Dollars per year in cash farm sales in the 1970's! I am confident this impressive plateau will be reached."
Bobby Ellington
BUFORD ELLINGTON
Governor of Tennessee
"During the past 114 years, since creation of the Department of Agriculture, Tennessee and Tennessee agriculture have grown together. Today we are in the 'space age', but agriculture is still growing with changes and improvements necessary to keep up with the times. Our job is to assist the agricultural community in its constant effort to keep pace with these changes. Our farmers are meeting the challenge and we hope all Tennesseans appreciate the farmers' contribution to progress."

FISH FARM BUILDERS Jimmy T. Wood and Bobby Walker, partners in T & W Construction Co., think they can prepare 40 acres of ponds and fill them with water enough to add 1,500 fingerling catfish per acre within the next two months. Jimmy looks placid here, but he is really busy keeping machinery and men going to meet this schedule. This is the pump being used in boring the deep well to provide water for all the fish.

DERRICK STANDS OVER a deep well being bored to provide water for the ponds, one of which will occupy the place where Jimmy Wood stands, after more of the timber debris is removed. The well is on the highest point on the farm so that water can flow by gravity to all the ponds. Rain water will only help overcome evaporation. This area parallels a gravel road and will be handy for pond fishing by the public on a fee basis.

WEST TENNESSEE ANGUS ASSOCIATION'S NEW LEADERS are (from left) Buddy Greisham, of Rives, Vernon McBride, Jr., of Ripley; Jim Turner, of Covington; Harris Pritchett, of Dresden, all directors; C. S. Carney, of Ripley, secretary-treasurer; John Smith, of Jackson, president; Parnell Garrigan, of Hickman, Ky., vice-president; and H. C. Fowlkes, of Trenton, and Charles Cannon, of Fulton, Ky., directors.

TRY NEW METHODS FOR FARM PROFIT

By F. H. Paschal
W. M. Glenn, of Ashbury, was surprised by the recommendation to apply four tons of lime per acre on some soil to which he applied three tons per acre just two years ago.
He said, however, this land had not been limed in 20 years, before he applied the three tons per acre, and he could understand how it might take a lot of lime to get the pH to a satisfactory level in the upper 12 inches of soil.
The National Limestone Institute this week said deeper plowing, with more acid sub-surface and sub-soil mixed with top soil, has been found to require more limestone than was required when farmers broke land only six inches deep.
Experimental work in Mississippi has shown that cotton roots do not go down through acid sub-soil at the same rate they penetrate soil with a pH of six or more. This causes short droughts to reduce yields more than would be otherwise expected.
Mr. Glenn would not have found out about his soil pH if he had not had samples tested. Other farmers will find this to be a profitable procedure.
Greenhouse Gearing Up
Bifford Wright, of Halls, is building a greenhouse in which he plans to grow plants.
He is building a wooden frame of lightweight material and bracing it well.
He plans to stretch clear plastic film over this framework to provide a greenhouse at reasonable cost, which can be heated or cooled for controlled temperature and humidity to make conditions favorable for the production of plants such as tomatoes, which can be transplanted to fields.
New Alfalfa Protected
Oscar Griggs is planning to try a new chemical called Eptam, at the rate of four pounds per acre broadcast, to control annual grasses and broadleaf weeds where he will make a new planting of alfalfa in March.
This material is incorporated to a depth of two to four inches immediately after application.
This practice is recommended in the new Extension chemical weed control guide available free at Extension Offices.

Gilbert L. Bray**

The home of the Rev. and Mrs.
C. L. Bray was the setting Mar.
6th for the candlelight wedding
ceremony of Specialist-4 Toni
Rae King and Specialist-5 Gilbert
L. Bray.

The double-ring ceremony was
performed by the father of the
groom before an altar backed
with candelabra burning white
tapers. Tall baskets of white
gladioli and greenery with white
satin ribbons flanked the altar.

The bride, formerly of San
Francisco, Calif., was attired in
an off-white floor-length gown
trimmed in lace. Her veil was at-
tached to a headpiece of white
roses. She carried a white Bible,
covered in white daisies and satin
ribbons.

The matron of honor, the
bridegroom's aunt, Mrs. Grady
Cros, of Milan, wore a gold wool
suit with black accessories and
a white carnation corsage.

Best man was Lieutenant (j.g.)
Nuptial music was rendered by
the groom's sister, Mrs. Kenneth
Larkey, Jr., of Memphis.

After the reception the couple
left on a short wedding trip.
They will be leaving the states

Vote For Bill Jim Davis**

AS CONGRESSMAN, I PROMISE TO:

- Work twenty-four hours a day to assist in restoring law and order to give my moral support to the policemen of this district.
- Work to stop aid to nations not supporting the United States.
- Work for return of schools, hospitals and other domestic institutions to local control.
- Work for a strong farm program.
- Work for the repeal of the so called "Open Housing" Law.
- Work toward firing every communist working in every defense plant and return prayers in our schools.
- Work to repeal fire arms controls.
- Work to raise the present tax exemptions from \$600.00 to \$1200.00 per dependent.
- Oppose wasteful federal spending.
- Introduce new laws to curtail the mailing of obscene literature to children.
- Let's stand up for America again. Let's continue until the debris is swept from our streets and our civilization is secure and promising for our children.
- William Davis has pledged to fight the very core who think the average working person, the professional worker, the retired person, the laboring man and people in all walks of life, do not have sense enough to decide things for themselves.

**Boy Killed
Flying Kite**

A local boy was killed here
yesterday while flying a kite.
Investigating officials say the
kite became entangled in a
high-voltage power line. The
boy was electrocuted when he
tried to pull the kite free.

Unfortunately, the type of story above could appear
any spring. Such tragedies can be prevented by fol-
lowing these rules:

- Fly kites only in open areas, away from all obstructions, especially power lines and TV antennae.
- Use dry, cotton string — never wire or metallic string.
- If a kite catches on a power line, let go at once. Don't pull!

Kite flying is always fun, and it can be safe. Please cooperate in our kite flying safety campaign.

Limestone

Farming without liming is like trying to take a trip in your car with a spark plug or two that are bad. The car will lack pick-up or pep, while the crop may turn color, and growth will be stunted. The end result—maximum yield cannot be attained under such conditions.

The Eighth District is changing from being almost solely agricultural to a mixture of farm and factory, village and city. The farm remains important in the economy and there are few in the district who have a better understanding of the problems of the farmer and of rural people than does Mr. Jones. He has also had deep concern with drainage problems and wide experience in their correction. He is also a man with vision and he has been an able industrial leader.

WHY THE CROSS?

Lesson for March 23, 1969

"Most of us die of something," L.P. Jacks has written, "of disease, accident, old age. But occasionally there appears in our midst a man who resolves to die for something..."

Rev. Althouse but a triumph

Such a man was Jesus of Nazareth. He did not die of anything so much as he died for something. His death, tragic and noble, was a triumph.

A heart ready to break

A look into the garden of Gethsemane on the night in which he was betrayed may give some clue to these dilemmas. We do not have to guess what went through his mind that night.

City Election Deadline

For some reason which we cannot explain, there hasn't seemed to be a great deal of interest in next Tuesday's election to select a Representative from the Eighth Congressional District to succeed the late Robert A. Everett.

County Study Sells

County Agent F. H. Paschal and Assistant Agent Charles Paul spent two days this week at Mid-South Livestock Center on March 26th.

Dr. Hartman

Mrs. Mabel Ann Hartman, 87, widow of Robert Edward Hartman, Gates farmer, carpenter, and grocer, died of an intestinal obstruction at 9:30 p.m. Saturday in Jackson-Madison County Hospital, where she had entered the night before, after several years' illness.

THE INTERBANK CARD

* Service mark application pending

THE BIG ONE IS COMING!

The all-purpose charge card preferred by millions from coast-to-coast

Already in use from coast to coast, Master Charge is coming to our city now. It's the big bank credit card with more than 10 million cardholders in the United States and Mexico.

For some time we have wanted to offer our customers this great convenience of modern shopping—the personal, bank-issued credit card. But we wanted to be sure the card we offered was the best to be had.

Master Charge is that card. It is backed by the many banks which are members of the Interbank organization.

These banks have more than 3500 banking offices throughout the country, and the Master Charge card is honored at some 200,000 places for shopping, travel and all types of personal services.

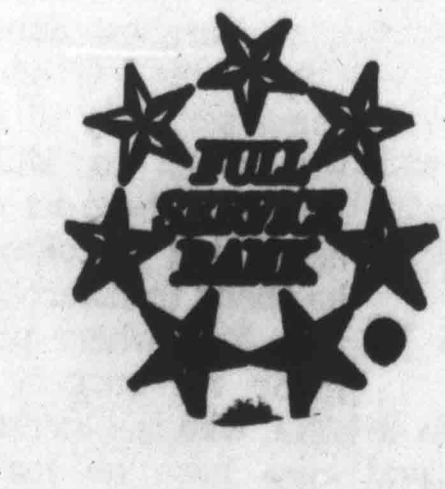

With a Master Charge Card you will have the convenience of instant credit, both here at home and in cities all over America. All your Master Charge purchases each month, whether they're made here at home or out of town, will come to you on one statement from our bank. You'll be able to keep better records of your expenses for budget purposes, and pay more conveniently with a single check for many items.

Master Charge offers distinct advantages to merchants, too, relieving them of credit and billing operations and responsibilities, and providing immediate crediting of all Master Charge sales to their accounts at our bank.

Master Charge will be here soon. Watch for it! And when it comes you'll find you're better off with the big one . . . Master Charge!

How important is your Congressman to your future?

I happen to believe strongly that your choice in the election March 25th for U.S. Congress influences your future . . . and that of your family's . . . to the greatest possible degree.

If you want to return to the party of Lyndon Johnson and Hubert Humphrey (and make no mistake about it, their influence will still be great) then you should vote for my opponent. If you want a continuation of deficit spending, of runaway inflation that destroys our dollar's buying power, of ever increasing taxes, then you should vote for my opponent.

You're fed up with all this. I don't believe you want a continuation of the kind of government that these big spenders have shown clearly they intend to see entrenched. I believe you are sick and tired of their failures with the farm program, of their endless red tape, and of their neglect and disregard of our ever-increasing crime rate.

Today, there is a new President in the White House, a man who has shown clearly he intends to change all this. So do I. As a Republican Congressman, with instant seniority, I'll be in a better position to get done for the voters of my area the things I know they want done.

And I believe my record shows I'm capable of getting these things done.

We cannot afford to endanger the future of our families, our businesses, our very way of life by sending to Congress a man who is committed to this Democrat program of tax and spend.

I think it important that you stop and consider most carefully before you vote for your Congressman March 25th. The Democrat Party no longer stands for most of the things you want. In fact, the Democrat Party today is virtually committed to the kind of government you don't want.

Safeguard your future before it is too late. You can insist on a return to a sound, conservative businesslike government . . . laws that make our streets safe . . . and our campuses free from riots and rebellion. You can do these things before it is too late.

I'm asking that you vote for me, Leonard Dunavant, U.S. Congress. Because I can get more done for you, yes . . . but even more important, for the safeguards our nation desperately needs to insure a happy, prosperous, and safe future.

Leonard Dunavant

LEONARD DUNAVANT
 for U.S. Congress/He can get more done for you.

Looking Around

WITH SID HATHAWAY

One out of every 60 prisoners in Britain has escaped during the past year, a total of 320. A British newspaper recently published a cartoon showing the Home Secretary knocking on the gates of Wormwood Scrubs Prison and asking plaintively: "Anybody in?"

A nine-foot South American eel can discharge more than 500 volts of electricity in one shock, strong enough to kill a man swimming 20 feet away. C. W. Coates of the New York Aquarium says that eels generate electricity in their cells and store it like a battery.

Tax collections in France amount to 44.2 per cent of national income, the highest of any developed country. Martin Herz of Harvard Law School has compiled the figures and reports that Britain's percentage is 36.2 and the United States, 32.5.

Because their daughter was born in a taxi racing across the Tappan River bridge, Lisbon, Portugal, Mr. and Mrs. Antonio Dos Santos named her Maria da Ponte (Mary of the Bridge).

In Palermo, Sicily, a small boy fired a cap pistol near an open manhole and was amazed to hear a terrific boom and see the street blow up in front of him. He was unhurt. His pistol had touched off gas in an underground vault.

John Felstead, 74, and Lizzie Smith, 65, called England, because their dogs didn't like each other.

Francisco Martinho died at the age of 95 in Cindo Campo, Portugal, and left money to pay one dollar to everyone who came to his funeral. The executor of his estate paid off 2,000 people.

Upland College in California, founded 48 years ago, on 31 acres, and with a new \$300,000 dormitory, a gymnasium and all the rest, has been sold. In a time when most colleges are growing, Upland has merged with Messiah College of Grantham, Pa., and classes have been moved to the California school which is east of Los Angeles near Pomona.

Capt. Harry Dismore, a Navy doctor, removed a live 60mm. mortar shell from the chest of a Vietnamese soldier as Engineer John Lyons, an explosive expert, stood by. The operation was successful. The shell was within a fraction of an inch of being detonated. Burns learned when he disarmed it later.

The toughest boys' school in North America is said to be St. John's of Winnipeg, grades 6 through 12, where classrooms are in a rough barn, and students wear blue jeans and course groggy pull-overs, mix such chores as cooking, raising pigs and chickens, doing the laundry along with classes. The approved discipline is spanking. Recently "exposed" on television, an attempt was made to "rescue" the boys. The result was that 300 more parents tried to enroll their sons.

A 22 karat gold bathtub was cast in Tokyo to go in the Fushara luxury hotel in Japan. It will be sort of a "steaming tub" for bathers to dip in as they step from the community bath which accommodates about 20 men and women at a time. The gold tub will cost \$300,000. Free at the hotel is \$2.50 for bathers and 28 cents for those who just want to watch.

Flippin Locals

By Miss Corde Underwood

The Rev. E. Colvin Baird, president of the Cumberland Presbytery Theological Seminary, will assist the pastor of Flippin Cumberland Presbyterian Church with the communion service Sunday.

Mr. and Mrs. Lee Barcroft were ill. Mr. Barcroft was in Lauderdale County Hospital for several days.

Mr. and Mrs. Sam Koonce and children, Sammy, Susan, and Stephen, of Somerville, visited Flippin at Saturday afternoon.

M. E. Hendren, Miss Jane Hendren, and Mrs. Jerry Williams and son, Curtis, of Lucy, and Alrman Bob Hendren, of Chanute Field, Rantoul, Ill., spent Saturday with Mrs. O. D. Hendren.

The Rev. and Mrs. Bob Matlock had dinner Sunday with Mrs. O. D. Hendren and visited Miss Minnie Stacy Sunday afternoon.

Mr. and Mrs. Dennis Boggs, of Silver Springs, Md., have been visiting Mr. and Mrs. Richard Thornley the past two weeks. Others visiting Mr. and Mrs. Thornley were Mrs. Truma Vaughan, of Memphis, and Dr. and Mrs. Hugh Vaughan, of Dunford.

The Rev. M. C. Daily, of Gallatin, visited friends at Flippin and Whitefield Wednesday of last week.

Jo Ann and David Tillman, of Cedar Grove, are visiting their grandparents at Flippin after having had their tonsils removed at Parkview Hospital in Dyersburg a couple of weeks ago.

Comparing 36,975 men in various age groups, the American Cancer Society has paired them off into smokers and non-smokers, found conclusively that over a 34-month period, twice as many smokers died as non-smokers. The actual figures were 662 non-smokers; 1,385 smokers.

Officials of the Gillette razor factory in Reading, England, told Ken Gardner, an employee, to shave off his beard. Ken said he wanted to keep it for the winter, would let the company test newly developed blades on him when he shaved in the spring. The company agreed.

Teachers at St. Mary's School in Oak Ridge, Tennessee, could finally tell Chris and Tina Qualanone apart when one of the identical twins, Chris, broke her left arm. Then Tina fell and broke her left arm and they were right back where they started.

Linda Gardner, 20, became the first woman to serve as a railway mail clerk. She boarded the car in Kansas City for the six-hour run to St. Louis. The Post Office Dept. needed a clerk due to Christmas rush and Linda was available. She said: "My mother thinks I'm crazy, but it's a job."

Any Kelly is only 15 but she goes to all of the Rotary Club meetings in Stettler, Alberta, Canada, with her father, who is a deaf mute. She tells him, in sign language, what is being said, and speaks for him when he tells her in sign language to say something.

There are a pair of Golden Eagles from Finland in a wildlife reserve at Matlock, England, but nature experts are concerned because the rare birds will not mate. The experts have started feeding the eagles vitamins in their food.

Mrs. Dorothy Mason of Hutchinson, Kansas, not only redecorates her own home, she has just built on a 14 by 14 foot kitchen, done everything but the plumbing herself, and would have done that if the law had allowed it.

There is no divorce in Italy, but authorities are having some trouble with Aldo Donati who was arrested marrying his 12th bride. When she heard about the other 11 she fainted.

James C. Hamby

James Calvin Hamby, Sr., 78, of Memphis, died at 11 a.m. March 20 in Oakville Hospital.

Services were at 2 p.m. Monday of last week in Mount Pleasant Methodist Church at Arp. Burial was in the church cemetery.

He was a retired barber. He also leaves his wife, Mrs. Elma T. Hamby; a son, James C. Hamby, Jr., of Memphis; a daughter, Mrs. Frances Brehl, of Concord, Calif.; a sister, Mrs. Lois Horton, of Oxford, Miss.; and nine grandchildren.

Mrs. Will Adams

Mrs. Mary Ebel Cloys Adams, 87, of Union City, sister of Witta Cloys, of Ripley, died Thursday of last week in the home of a daughter, Mrs. W. E. McCarter, in Memphis.

Services were at 2 p.m. Saturday in White-Ransom Funeral Home in Union City, with burial in East View Cemetery.

She was the widow of Will T. Adams.

She also leaves a son, Robert Adams, of Union City; and another daughter, Mrs. Dabney Phillips, of Montgomery.

Free Or Fickle

Do you remember how the eighth district voted in the national election last fall?

We were free to vote our convictions and the American Party candidate carried the district.

Once again we are free to vote for another American Party candidate. This time the candidate lives only 28 miles from here and is considered one of us.

SPECIAL NOTE TO FARMERS:

If the Eighth District was making transition toward the dairy industry, we think the Democratic nominee would be well qualified for the job. But changing to dairying seems rather remote around this area.

For the remnant of farmers who trusted and voted for "Tricky Dick", one of his boys just plucked about twelve per cent from your 1969 income.

We think the fourth paragraph from George C. Wallace's letter to William J. Davis should be read again.

"The effect of the election will reach far beyond the geographical boundaries of the Eighth District and will be felt by the political leaders in Washington, letting them know that people with our political beliefs cannot be ignored by those in power. Never before in our history have the people of one single Congressional District had the opportunity to influence so greatly the trends in American government as do the voters of your district."

Easy Answers

To Two Stupid Questions

Mr. Citizen, "Will you vote for Mr. Dunavant, the Republican candidate for Congress?"

My answer is as follows: "Why should I vote for a man who represents a 'copy cat party'?" In campaigning for the Presidential election, the Republicans copied the 'Law and Order' platform of the American Party candidate, Governor George Wallace. Since Mr. Nixon has been elected, the Republicans have been copying or trying to out-do the riot infested, inflation riddled, over-taxed, blood-spilling regime of LBJ."

Mr. Citizen, "Will you vote for Mr. Ed Jones?"

My reply is, "Do you think I voted for Hubert Humphrey? I'm not quite liberal enough to vote for a member of the Communist party and with each passing day the Communists are looking more and more conservative when compared with the 'Great Society Democratic Party' which is composed of hippies, yuppies, anarchists, a few misplaced Reds, militants, and every other type of extremist existing. I am not interested in voting for someone that can perform personal political favors for me! I'd rather vote for a man who can help provide for all the country, a government that is economically, politically, and morally sound, and who can offer a bright, safe, peaceful future for my children and others like them. America has had enough citizens to use the vote for their own selfish economic gains and for elevating their political and social status. The future of my country and upcoming generations are more important than 'road contracts', 'draining river bottoms', 'moving cotton allotments', 'rumming trucks illegally overloaded', 'government contracts', 'small business loans', 'dissaster loans', etc. These things should be secondary to God, country, and the lives being lost in Viet Nam. If you'll take a moment to take a good look at the war, economy, morals, and lawlessness of our land, you can't help but realize what a dear price you are paying for your selfish interests."

"I didn't mean to get personal, but if the shoe fits, 'wear it!' If you're wearing this 'shoe,' quit 'belly-aching' about what a sad state the country is in because you've helped make it the way it is."

Mr. William J. Davis of the American (Old Time Democratic) Party is the man for the people.

David Hurt, Jr.

A Personal Message To The Voters Of The Eighth District From

W. J. "Bill" Davis American Party Nominee

When I'm elected your Congressman next Tuesday, my only obligation will be to you, the people of the Eighth District. I will serve you on a personal basis and will be only as far from each of you as your telephone or mail box.

I am very proud that I actively supported and worked for George C. Wallace in the November Presidential election as his Chairman for Tipton County. I deeply appreciate Governor Wallace's support and endorsement of my candidacy.

My major opponent in this race actively supported and worked for Hubert Horatio Humphrey for President and on many occasions has supported some of the most liberal elements of the national Democrat party.

I will take my seat in Congress free from the control of the other two National parties who must be held responsible for the Federal takeover and control of our schools, labor unions, farms, and almost every phase and aspect of our daily lives.

My allegiance will be to you, the people of our District, not the Washington crowd.

Your choice next Tuesday is clear—You can elect a Congressman who stands for the politics of Hubert Humphrey, or me, Bill Davis, who STANDS UP FOR AMERICA with George Wallace.

I urge you to STAND UP FOR AMERICA again by electing me, Bill Davis, your Congressman next Tuesday.

Liming IS PROFITABLE

There are any number of reasons why the application of agricultural limestone should be a regular practice on every farm. But the most important reason of all is that liming makes money.

Most Agricultural Experiment Station reports show that the regular application of agricultural limestone results in much larger yields of better crops than where no lime is used. Depending on the type of soil and the crop or crop rotation, these authoritative reports show that every dollar invested in limestone returns from \$3.00 to over \$10.00.

You can greatly increase the earning power of your farm by using our limestone regularly.

For quick results and longer lasting materials use only ground limestone

- In 1966 was awarded The Distinguished Dairy Service Award by the University of Tennessee Dairy Club.

The Eighth District is changing from being almost solely agricultural to a mixture of farm and factory, village and city. The farm remains important in the economy and there are few in the district who have a better understanding of the problems of the farmer and of rural people than does Mr. Jones. He has also had deep concern with drainage problems and wide experience in their correction. He is also a man with vision and he has been an able industrial leader.

County Goes With Jones In Win Doubling Rivals

Lauderdale County voters Tuesday gave Democratic nominee Ed Jones, of Yorkville, a solid 52% majority in the county as he took 48% of the Eighth Congressional District votes to defeat nine rivals for the U. S. House seat of the late Rep. Robert A. (Fats) Everett.

Jones' vote doubled that for the American Party candidate, William J. Davis, of Covington, and that for the Republican nominee, Leonard Dunavant, of Millington, who were neck and neck for the runner-up slot. No other candidate had more than a token vote.

Davis' 24% of the total vote was half the 48% which went for George Wallace when he carried the district for president in 1964, despite a personal appearance by Wallace in Davis' behalf. Dunavant's 23% of the total vote was almost exactly the 24% which went for Richard Nixon in 1968, but the sources of it shifted. He got 40% of the vote in his home county of Shelby, against 23% for Nixon in 1968, but the Shelby turn-out was poor, running only 29% of the total vote against 29% a year ago.

Unofficial returns, with one small Tipton County precinct still missing, showed Jones with 52% of the vote, 16,409 for Davis, and 15,794 for Dunavant. Jones benefited from the Democratic convention which weeded out any formidable rivals within the district's long dominant party.

Thousands of fields should have samples taken from them in the next two weeks and sent to the laboratory for testing and fertilizer recommendations.

Charles McFarland, of Henning, prepared cotton ground last year by disking and chiseling, then broadcast his solid fertilizer. He bedded the ground with a disk and applied enough anhydrous ammonia off center to bring his total nitrogen to 80 pounds per acre.

He had a board behind the bedder to knock the tops of the beds. A planter followed close behind, which also applied a band of Coto-ran on the tops of the rows. After Jimmy Jones, of Halls, was dismissed last Friday from Parkview Hospital in Dyersburg.

Charles Peal, of Ripley, has a zoyzia grass lawn which grows during the same period as Bermuda grass, and he wants to keep zoyzia crab grass from coming up in bare spots until the zoyzia can spread a perfect carpet of uniform texture.

This will act as a pre-emergence control of crab grass without injuring the zoyzia. The same material at the same rate is effective in controlling crab grass in Bermuda lawns.

It can be applied any time in the next few weeks before crab grass begins to germinate. A home owner in the Ripley area this week reported the presence of tiny mites crawling all over the outside of the windows, doors, and walls of a house, several feet above the ground.

The insects were identified as clover mites, which do not carry diseases nor endanger health, so far as is known, but are a nuisance in being so persistent and aggressive in getting inside homes and showing up in all kinds of places where they would not be desired.

Extension entomologists recommend that the home owner make a solution of two tablespoons of 5% Malathion per gallon of water and spray the grass around the house up to the bottom of the windows.

A stronger solution can be painted on the screens or window frames to kill the insects as they come to rest. These tiny insects grow and multiply in lawn areas and may appear anywhere, at any time, during the mild weather months.

Warmer Weather Puts Farm Plans On Front Burner

Farmers and gardeners in town and country made instant response to the bright weather last week to start activities on several kinds of projects.

P. M. Parker, Billy Lankford, Winston Carnack, and Wilmer Best made long distant calls to find and procure strawberry plants to set home plots and commercial acreage.

Cavnar Leggett finished setting 22 acres of new strawberries to enlarge his "pick - your - own" plantings in Shelby County.

Clyde Johnston sent samples of silage to the Forage Testing Laboratory of the University of Tennessee to determine its actual feeding value in terms of protein, carbohydrates, and energy.

Jack Crutcher sent large samples of soil from soybean fields to be checked for the presence of cyst nematodes and advice on varieties to plant for best yields of soybeans resistant to these nematodes.

James Sanders, E. B. Wilson, Charles McFarland, J. W. Shanda, Vester Jones, and E. M. Crowder sent soil samples for testing to get determinations of the lime, phosphate, and potash needed for best yields of crops this year.

Other farmers still have time to send samples of soil to the laboratory dry enough to plow and get recommendations before applying fertilizer.

Thousands of fields should have samples taken from them in the next two weeks and sent to the laboratory for testing and fertilizer recommendations.

Cheshier Cancels Race Leaves Field To Arnold

Halls Mayor James H. Cheshier has withdrawn his candidacy for re-election May 1st, leaving Alderman Sammy Arnold, Halls druggist, as the only qualified candidate.

Cheshier defeated longtime mayor Jerre Jordan two years ago. City Magistrate Joe McCarthy, owner of Western Auto Associate Store, qualified for the race but withdrew Monday.

Qualified to run for the six positions on the Board of Aldermen are incumbents E. O. Dew, Jr., Paul Jordan, Perry Williams, Elford Baker, and Eugene Pugh. Others seeking election are former alderman Paul Henderson, Jr., Robert Craddock, Jerry Horner, and Ralph Perry.

Dew will be seeking his sixth two-year term, while Jordan is running for his third term. Williams was elected in 1967, and Baker was named to the board in 1968 after the resignation of Harold Hart. Pugh will be seeking re-election for a second term.

Perry, shoe store owner, is in the race for the first time, as is Horner, local farmer and landowner. Craddock, operator of Bob's Dollar Store, finished seventh in a 14-man race in 1967.

Henderson has served two terms on the board and was an unsuccessful candidate for mayor in 1965. Mayor Cheshier released this statement as he withdrew his name from the mayor's race.

"After long and careful thought, I have reached the conclusion that I should not seek re-election as your mayor. During the two years that I have served you, I have strived to devote all the time needed to the office, and have found it is impossible to continue as your mayor and in my present employment with Dyer Bros. Lumber Co. I simply cannot do full justice to both jobs.

"I have enjoyed being your mayor and hope that I have served you well. "My best wishes to the new mayor and aldermen selected in the forthcoming election. I will assist them in any way possible."

Sammy L. Arnold, owner of Arnold Drug Co. and Council Drug Co., has leased the Joe L. Levy & Son building and will consolidate the two drug firms.

Mr. Arnold plans a major expansion to provide a completely modern drug store. Plans include entrance on both the Main Street frontage and in the rear.

He expects to complete the move by May 5th. Hansford Appliance & Furniture Co. has leased the building on the north side of Main presently vacated by Arnold.

Marvin Hansford, owner of the firm, says he will move his appliance department to the Arnold building and will continue his furniture business at his present location, next door to Bank of Halls.

The building is owned by John F. Campbell, of Ripley. Carl Hogard, of H & S Furniture & Appliance Co. has taken over the Connell Drug Co. lease and expects to move about May 15th. The building is owned by J. T. Connel.

Services were at 3 p.m. last Friday in Havertown Baptist Church. Burial was in Green Hill Memorial Gardens, Halls Funeral Home in charge.

A retired farmer and Army veteran of World War I, he also leaves his wife, Mrs. Allie Wyrick Tredo; a step-son, Ewell Edward Robertson, of Fowkes; two other daughters, Mrs. Delma Mae Turnbow and Miss Carolyn June Tredo, both of Dyersburg; a brother, two sisters; and nine grandchildren.

Betty Owens Wins County's Spelling Crown From Ten

Betty Owens, 14, Durhamville eighth grader, won the county spelling bee and a \$25 savings bond in the courtroom of the courthouse in Ripley Tuesday evening.

The daughter of Mr. and Mrs. Roy Owens will represent the county in the Mid-South Bee in Memphis April 25th. Gary Elder, Henning sixth grader, took \$10 as runner-up.

Henrietta Johnson, Johnson Consolidated School sixth grader, won \$5 after having missed "foul." Her parents are Mr. and Mrs. Robert Johnson, of Ashport. Eight other contestants received \$1.00 each.

Robert Cates, Halls Consolidated seventh grader, missed "tailor." Judy Archie, Central seventh grader, missed "disappoint."

Deborah McLain, Arp eighth grader, missed "receipt." Ricky McCalin, Halls seventh grader, missed "dissolve."

Edith Copeland, Palmer-Turner eighth grader, missed "pasture." Lanny Abernathy, Nankipoo seventh grader, missed "dopt." Barbara Stanfield, Curve seventh grader, missed "statio-nary."

Stephanie Spore, Ripley sixth grader, missed "turkeys." Paul Burns, federal projects director for county schools, was pro-nouncer. Judges were Talmadge Belton, attendance teacher, Albert Lockard, retired teacher and former school board member, and Mrs. Betty Steelman, Halls parent.

County banks contributed the prize money. City Election, May 1, 1969. FOR MAYOR. ARNOLD—Summie Arnold has announced his candidacy.

CADET RONNIE ROBERTSON, son of Mr. and Mrs. Beasley O. Robertson, of Route 2, Halls, has been elected Most Handsome Cadet at Castle Heights Military Academy in Lebanon by vote of the entire cadet corps. He is president of the Key Club, vice-president of the senior class, president of the Pop Club, a cadet captain, and commander of Company A.

He said this approach has already been used at Dickson, Morristown, and McMinnville, and will be sought in future in Highway 51 construction around Union City, in re-locating part of the Dyersburg by-pass, and in a new by-pass eventually planned around Millington.

Landowners attending a public hearing conducted by Douglas Warpool, chief of state interpretation for the department, said all landowners were being provided care-fully spaced access to the highway, but that the state was seeking to hold the number to one which would not congest the route and endanger high-speed traffic.

U.S. REP. ED JONES

Confidential Corner

As Was Expected. The victory of Ed Jones over his two major opponents, Bill Davis and Leonard Dunavant, in the Eighth district congressional race could hardly be called a landslide but nevertheless was decisive enough to re-affirm the fact that the district is basically Democratic.

Jones polled, according to un-official returns a few hundred more votes than the total of Davis and Dunavant combined in an election marked by a great effort on the part of representatives and a 65 edge in the House of Representatives and a 65 edge in Congress. The Republican party had gone all out to capture the post and gain the majority in Tennessee. The American party seeking a foothold in Congress had called in its 1968 presidential candidate, former governor George Wallace, of Alabama.

The election was not as close as we had anticipated. We had believed and predicted that Jones would win the election. Davis would finish a fairly close second, with Dunavant ranking third.

Originally, we believed that Jones would poll a distinct majority, but after listening to too many so-called politicians, we had thought that he had lost considerable ground. Apparently, he had not.

May we offer our congratulations to Ed Jones, whom we have known for more than 20 years. We hope he may serve the Eighth district long and well.

Old Friend Visits. We had a short but pleasant visit with an old friend Thursday of last week when Ted Flynn stopped by the office to visit with us.

Ted, now residing in Castro Valley, Calif., had visited his son, Dr. Tommy Flynn, of Babson Rouge, La., and his mother-in-law, Mrs. Y. S. Brown, in Halls, and was to visit his son, Mike Flynn, and sister-in-law, Mrs. Carmen Ortasic, in Memphis.

Ted, widely known author and movie and television script writer, had not been to West Tennessee since he moved several years ago to California, where he suffered a heart attack. He looked well and seems to be doing fine.

Ted says Mrs. Flynn, the former Helen Brown, is doing fine and expects to be at home this summer. Hurry back Ted—sorry that neither of us had any more time than we did.

Cleanup Time Is Here. City officials are this week announcing the annual cleanup week in Halls, April 7th-11th.

The building is owned by John F. Campbell, of Ripley. Carl Hogard, of H & S Furniture & Appliance Co. has taken over the Connell Drug Co. lease and expects to move about May 15th. The building is owned by J. T. Connel.

Dollar Store Fire Fought With Skill

Bob's Dollar Store, local discount store operated by Robert Craddock, was damaged by fire about 3 p.m. Thursday of last week.

Craddock said the fire, of unknown origin, started in a storage area at the rear of the store and spread to the roof. Damage of about \$25,000 was largely limited to the building, some merchandise in the storage area, and smoke damage and some water damage to merchandise in the display portion of the store.

Craddock praised the fire department for containing the fire with minimum loss. The firm re-opened for business Tuesday and plans a sale of surplus - damaged merchandise starting April 30.

THE BIBLE
SPEAKS

BY LAWRENCE W. ALTHOUSE

THE VICTOR

Lesson for March 30, 1969

Devotional Reading: Mark 14:43 through 15:41.
Devotional Reading: Luke 23:33.

The twenty-four hours that
comprised Jesus' last night and
day, the first Maundy Thursday
evening and Good Friday, were
twenty-four hours of suffering
for the man from Nazareth.
The ordeal which he called his
hour.

Rev. Althouse too fatigued to
share with him the long night of
prayerful preparation. That
torment came to a climax when
Jesus, one of the Twelve, led
the temple soldiers to the very
spot and betrayed Jesus with a
kiss.

"He was despised . . ."
In his moment of great need
his disciples fled from the scene,
leaving him alone with his cap-
tives. None of them, not even the
brave-talking Peter, stood by him
as he underwent the ordeal of a
hearing before the high priest and
the Sanhedrin. As he stood be-
fore these authorities, he was
slandered, abused, and struck on
the face.

Without sleep, tired in body,
and sorrowful of soul, he was
forced to appear before the
powers of Jerusalem and was sub-
jected to the same disgraceful pro-
ceedings each time. He was struck
at and mocked like an animal or
madman. He was treated with
brutal contempt and no one
raised a voice of protest or
concern.

While in the palace of Pilate,
he was abused by the Roman
soldiers who beat him and made
sport of him. They put a robe
on him and pressed down a
crown of sharp thorns upon his
head. Later, as he was exposed
to hostile crowds that had gathered
at the palace, no one stood
forth to defend him or plead for
his release. Instead, the crowd
loudly called for his death and
chose a murderer to be released
in his stead.

"And rejected . . ."
Exhausted by his physical and
emotional ordeal, a heavy cross-
beam was laid upon his shoulders
and he was made to struggle with
it up the narrow, winding streets
of Jerusalem in disgrace before
the cursing, jeering mobs. When
he stumbled under its weight,
none of his friends were there
to help him, only a bystander
who was forced to assist him
with his burden.

Having reached the desolate
Golgotha outside the city, he was
subjected to even greater torments.
Great nails were driven into his
hands and feet. Roughly, the
cross-beam was fitted to an up-
right pole and he was jerked into
position. The weight of his body
sent terrible pains racing through
his hands and arms and
shoulders.

He looked down from the
cross. What he beheld made
sharper the pain within. Several
soldiers were casting dice for his
clothing. Curious crowds gawped
at him while others paraded
round him, hurling taunts, curses,
and insults. Some of them spit
upon him to show their contempt.
He saw also the pitiful form of
his weeping mother and a few
sorrowful friends, all helpless in
their horror.

"A Man of Sorrows"
Added to the pain was a
raging thirst, the loss of blood,
and a combination of symptoms
that guaranteed to make his death
one of slow agony. In the midst
of all this, a hateful voice spat
out at him from below: "Heaved
others, he cannot save himself.
Let the Christ, the King of Israel,
come down now from the cross,
that we may see and believe."
(Mark 15:31, 32 BSV)

General Booth of the Salvation
Army once declared that: "It is
precisely because he would not
come down that we believe in
him." Jesus stayed on the cross
because he was the Son of God,
not in spite of it. Death could
not take from him our redemption.
Thus, the cross is the
symbol of the victor, not the
victim.

Quilts Studied By Key Corner Unit
Patchwork quilts held the spotlight when the Key Corner Chapter of the Daughters of the American Revolution met Monday afternoon with Mrs. O. J. Nunn, with Mrs. F. G. Craig, Mrs. Marie Brandon, and Mrs. Neil Dyer, co-hostesses.
Mrs. Jennie Forsberg, librarian of Sugar Hill, Lauderdale County, library in Ripley, described the history of patchwork quilting, and members displayed examples — Mrs. R. E. Rice, of Dyersburg, a doll bed quilt in the Irish chain pattern, made in 1850; Mrs. W. F. Parks, of Trimble, a quilt a neighbor made for her when she was a child; Mrs. Neil Dyer, a 150-year-old shankrock-heart pattern in red, white, and green which belonged to her grandmother, Mrs. D. C. Mitchell; and Mrs. Nunn, a double wedding ring pattern. Mrs. Forsberg showed several quilts and a hand-woven counterpane.
Other guests were Mrs. George Brown, of Ripley; Mrs. Leonard Andrews; and Miss Judy Burks, Lake, Key Corner, early houses and cemeteries, and other places of interest.
Mrs. Nunn served a dessert plate with an Easter motif.

Shower In Honor Of Mrs. Warren
Mrs. Willis Warren, Jr., was honored Wednesday of last week with a stork shower at the Dyersburg Country Club, with 22 guests.
Arrangements of yellow jougills decorated the refreshment table and the table on which gifts were displayed.
Corsages of yellow jougills were presented to Mrs. Warren and her sister, Mrs. Gail Hart, of Brownsville, who assisted at the punch bowl. Finger sandwiches, nuts, and minis were also served.
Hostesses were Mrs. Jerre Jordan, Mrs. Jerry Buckner, Mrs. Winifred Buffalo, Mrs. Ozell Hargett, and Mrs. Joe Lovelace.
Special guests were Mrs. Beaufort Francis, of Brownsville, and Mrs. Willis Warren, Sr., and Mrs. Katie P. Warren, both of Forked Deer.
West Tennessee chapters will be invited.
Plans were made to send reports on heritage preservation to national headquarters. These will include information on Redfoot Lake, Key Corner, early houses and cemeteries, and other places of interest.
Mrs. Nunn served a dessert plate with an Easter motif.

SPEAKER
Charles F. Grigsby, of Nashville, will be the featured speaker at the Fraternal Order of Police banquet at 7 p.m. Tuesday in the Ripley High School cafeteria. He is a former principal of Eagleville High School who after service as a lieutenant in the Navy during World War II became a Federal Bureau of Investigation agent. He became assistant director of the Tennessee Law Enforcement Training Academy in Donelson in April, 1966, and has been director since Sept. 1, 1968.

D. E. Club Shines In Region Events
Halls High School's Distributive Education Club took seven first place ribbons, two second place ribbons, the student of the year honor, and the runner-up chapter honor in regional contests in Jackson.
Travis Smith was student of the year. First places went to Linda Jones for merchandise manuals, Ken Webb for advertising and studies in marketing; Tony Bradford for studies in marketing; Darba Garrett for studies in marketing and job application, and Sheila Pridmore for studies in marketing. Second places went to Glynn Cates for studies in marketing and Ronnie Blue for sales demonstrations.
Also attending were Ray Booker and Larry White, voting delegates to the National Vocational Education Society. He is a former principal of Eagleville High School who after service as a lieutenant in the Navy during World War II became a Federal Bureau of Investigation agent. He became assistant director of the Tennessee Law Enforcement Training Academy in Donelson in April, 1966, and has been director since Sept. 1, 1968.

A Kitchen Shower For Miss Cannon
Miss Brenda Cannon, bride-elect of Tommy Hanstrub, was honored last Friday evening with a kitchen shower in the home of Mrs. Wymond Hurt, with Mrs. H. G. McCorkle and Mrs. M. E. McDearman as co-hostesses.
Arrangements of spring flowers added to the occasion as guests enjoyed bridal contests and a party plate.
Miss Cannon was presented a corsage of kitchen gadgets by the hostesses, along with a cherrywood bill and letter holder and useful gifts from the guests.
Guests included Mrs. J. M. Hanstrub and Miss Kathy Hanstrub, of Memphis, mother and sister of the groom-to-be, and campaign managers for Smith's race for national voting delegate.
Ezell Davis helped Blue in his contest, and Linda Jones was elected regional secretary.
Some people have all the luck — and they're the ones who never depend on it.

Last Year, The Lauderdale OEO Sponsored
Camping Activities
It will cost \$17 to send a boy camping for two weeks this summer at one of the Tennessee State Parks. Equipment will be loaned to the OEO from Fort Campbell, Kentucky. The program will be sponsored by local volunteers and OEO staff.
The OEO is now asking for volunteer counselors and sponsors so that they can accommodate as many campers as possible.
If you would like to sponsor a camper this summer, please make your check or money order payable to the Lauderdale OEO Camping Association and send it to Box 379, Ripley.
If you want to sponsor a particular boy, or if you would like to volunteer, or have any questions, please call 635-0997.

Liming IS PROFITABLE

There are any number of reasons why the application of agricultural limestone should be a regular practice on every farm. But the most important reason of all is that liming makes money.

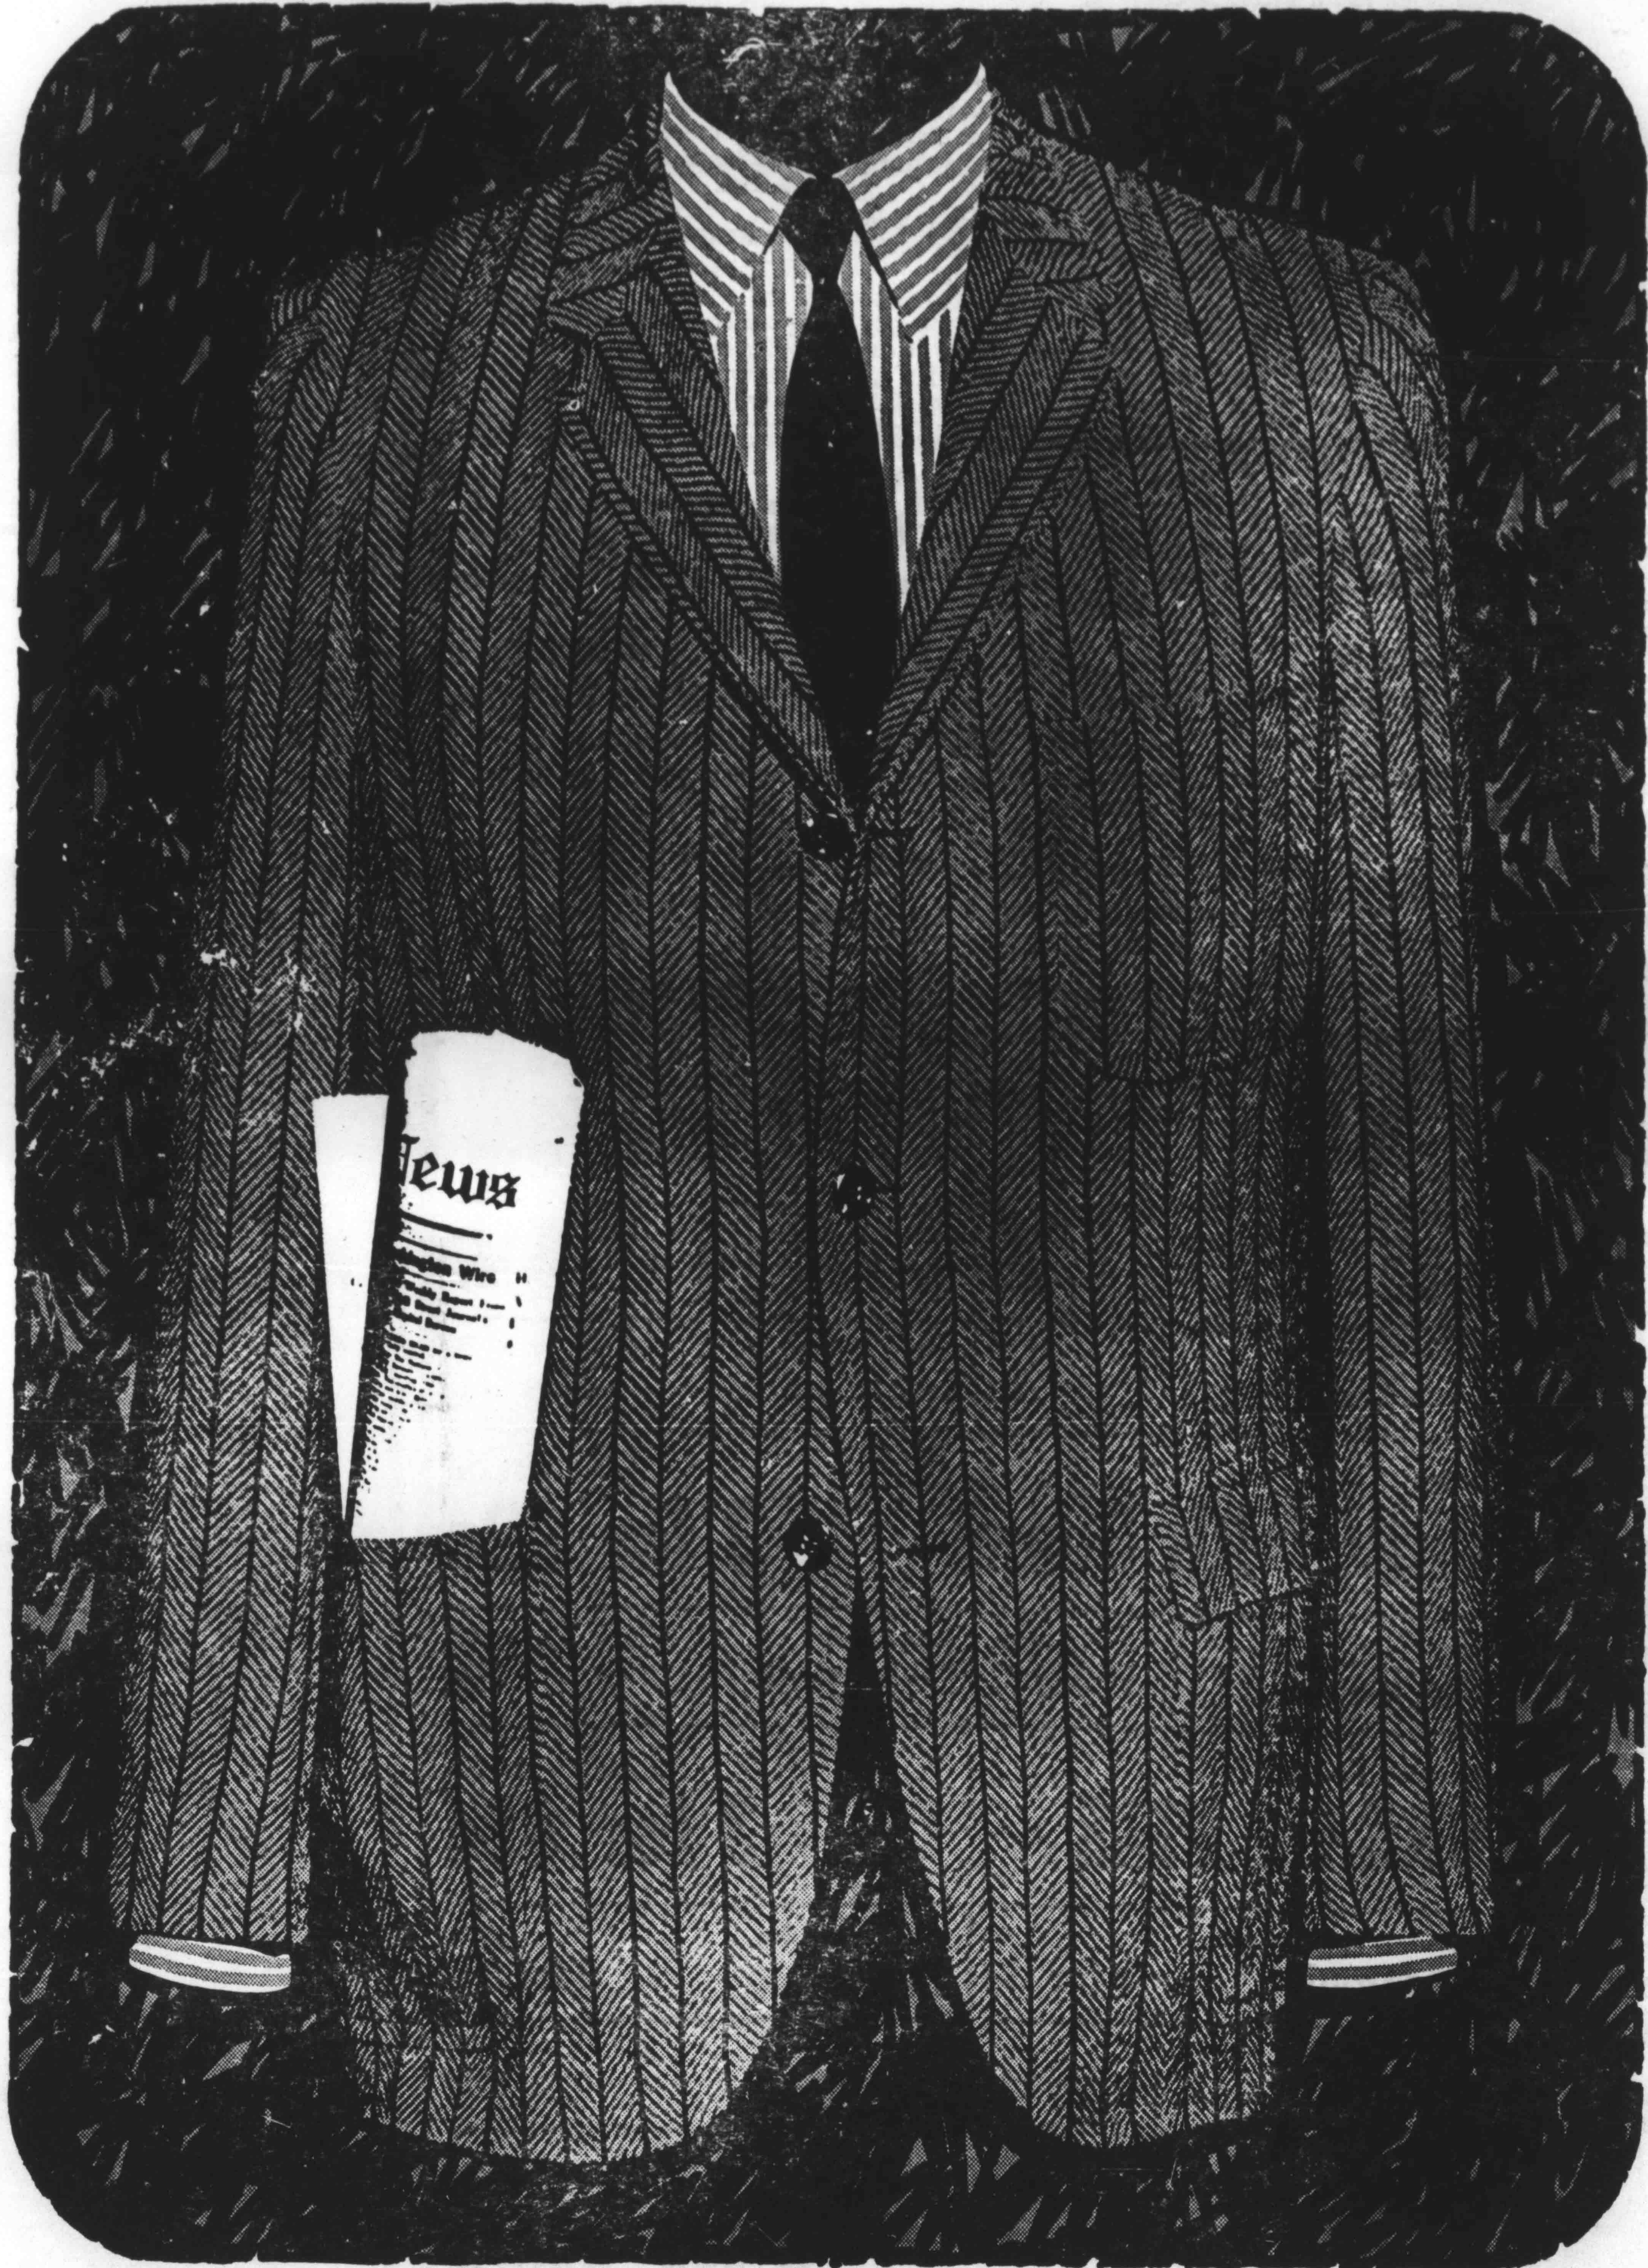

Most Agricultural Experiment Station reports show that the regular application of agricultural limestone results in much larger yields of better crops than where no lime is used. Depending on the type of soil and the crop or crop rotation, these authoritative reports show that every dollar invested in limestone returns from \$3.00 to over \$10.00.

You can greatly increase the earning power of your farm by using our limestone regularly.

For quick results and longer lasting materials use only ground limestone

Sure you do. Because, like most people, you're careful about what happens to your hard-earned money.

So you look at products that appear in newspapers, magazines and brochures. Where the facts are captured for you, often in full color. Where you can study them for as long as you want. And even come back for more.

If you have something to sell, shouldn't you consider giving the power of print?

Don't you read before you buy?

When people see your print advertisement, you can be pretty sure they're not painting a room at the same time, or running in the kitchen for a snack, or carrying on a conversation.

What you get when your printed message meets the eye is the kind of attention that makes cash registers ring.

Print makes sense, because print makes sales.
