## FLUCTUATING FAITH

Lessons for July 9, 1972

Background Scripture: 1 Kings 19:9-18  
John 16:7-15

"I feel so ashamed!"

This is what a woman said to me recently as she confessed that in a time of great suffering she had found her faith trembling under the strain. Seeds of doubt about God's love had been planted in her heart. She had begun to lose hope.

As I have done with others before who have had similar experiences, I reminded her of some of the great figures of the Bible.

Altho she who also in stress had experienced doubt and despair. One of the best illustrations of this is the experience of the prophet Elijah. He was a great man of faith, a spokesman for God, yet he had known the reality of fluctuating faith in his own life.

"Sometimes I'm down..."

To really appreciate the 19th chapter of 1 Kings, we must also be familiar with the 18th chapter. In 1 Kings 19 we see a man hopeless with despair. Queen Jezebel, in a rage, had threatened his life and the writer tells us: "Then he was afraid, and he rose and went for his life..." (19:3). Fleeing to the wilderness, he sinks in weariness beneath a broom tree and asks that he might die: "It is enough; now, O Lord, take away my life..." (19:4). Elijah had given up hope; he was throwing in the towel.

If we read 1 Kings 18, however, we can't help but be amazed at his attitude. His despair in the wilderness follows close on the heels of a tremendous victory against the heathen prophets and their gods on Mount Carmel. What an hour of triumph it had been! What a vindication for this man of God! Now, how, after that mountain-top experience, could Elijah be so down in the dumps?

Elijah's change of heart is reminiscent of the old Negro spiritual, "Nobody Knows The Trouble I've Seen".

Sometimes I'm up,  
Sometimes I'm down...  
Sometimes I'm almost to the ground...  
Let us not despair over our occasional experiences of fluctuating faith if even so great a man of God as Elijah fell so low, so fast.

Looking in the wrong place

Elijah heard God's voice, not in the impressive earthquake, wind, and fire, but in "a still small voice" (19:12). Often, we too look for God in the wrong place. We look for him in the great and impressive experiences of life, only to find that we may hear him best, like Elijah, when we're at the bottom of the heap.

"What are you doing here, Elijah?" (19:13b). God wants to know. What are you doing here wringing your hands and crying, when I have work for you to do. "Go, return..." (19:15).

This is also what he says to us in our experiences of fluctuating faith, when, at last, we are willing to listen to his still small voice speak to us.

## Red Cross Seeks Flood Aid Funds

The Lauderdale County Chapter of the American Red Cross needs funds to aid victims of floods on the eastern seaboard and in South Dakota.

Damage has surpassed that of Hurricane Camille, and Red Cross disaster funds are depleted. The fund appeal has been increased from an original quota of five million dollars to ten million dollars.

Countians are urged to send donations immediately to the American Red Cross, % Mrs. Carol Walker, Secretary, Ripley, Tenn., designating checks for flood victims.

## ENDS GREENLAND DUTY

Sr. Master Sgt. Gilbert L. Taylor, whose wife, Martha, is the daughter of R. B. Hill, of Route 1, Gates, is on duty at Minot Air Force Base, N.D., as first sergeant of the 862nd Security Police Squadron, after duty at Thule Air Base, Greenland. He formerly served in Viet Nam.

## REVIS IS NOMINEE

The Federal Land Bank Association of Covington has nominated M. C. Revis, of Crysta, one of its directors for ten years, for election to the District Farm Credit Board in Louisville.

## Confidential Corner

By Henry Marchison

### We'll Soon Know

For several months, we have been predicting that the Democratic Party would end up with Sen. Edward Kennedy as its nominee, but his recent statement would seem to remove him from all consideration as either presidential or vice-presidential nominee.

In addition, Sen. George McGovern seems likely to prove us wrong, as he continues to garner votes, so that he is very near nomination on the first ballot.

However, Sen. McGovern's steamroller was slowed somewhat during recent days as the credentials committee stripped him of a large proportion of the California delegation and then restored some of them by refusing to approve the 59 uncommitted Illinois delegates headed by Mayor Daley, of Chicago.

Many of the moves made by the various Democratic candidates would seem to enhance President Richard Nixon's chances for re-election, since a stiff reaction by Mayor Daley might send Illinois into the Republican column, along with other states whose delegations have been challenged.

With the convention slated to open next week, we should soon know who the Democratic nominee will be, and the voters can get down to the task of making up their minds.

### The Tax Amendment

We were happy to learn that the Tennessee Supreme Court had refused to halt voting on the constitutional amendment fixing tax assessments.

We would not venture an opinion on the constitutionality of the amendment as it now reads, but certainly the choice should be placed before the people, and then the courts can rule on it.

As it now stands, we favor the amendment, since we have always felt that income-producing property should be assessed at a higher rate than residential property, although whether the courts would agree is another thing entirely.

### ON DEAN'S LIST

Janice Williams, daughter of Mr. and Mrs. W. H. (Red) Williams, of Forked Deer, has been named to the dean's list in Lambuth College in Jackson for the second semester.

Janice has completed her junior year in elementary education.

Herman Hall, of Covington, whose vehicle left Highway 51 three miles north of Henning.

Mike Johnson, of Henning, and Billy Luttrell and John Hamblin, both of Covington, after a vehicle driven by James Hood, of South Fulton, struck the rear of one driven by Mavis Johnson, of Henning, which in turn struck one driven by John Hamblin, of Covington, on Highway 51 a mile south of Henning.

Lee Brown, of Ripley, whose vehicle left a curve on Highway 19 at the foot of Ashport Bluff and struck a bridge rail.

Linda Seaton, of Finley, whose vehicle skidded on the Forked Deer River bridge on Highway 88 east of Gates and struck the bridge rail.

Rossie Jelks, Denise Jelks, Albert Jelks, Jr., and Warlone Hurdle, all of Ripley, after a vehicle driven by Rossie Jelks left Highway 19 a mile east of Ripley and overturned.

No one was sent to the hospital from six other accidents:

Larry Austin, of Brownsville, struck and killed a horse two miles east of Gates on Coon Dance Road.

Cynthia Teamer, of Pontiac Mich., struck from the rear William McGhee, of Memphis, who struck Ronnie Vaughn, of Memphis, while the Memphis cars were halted by water crossing Highway 51 a mile north of Henning.

One car mishap involved Mary Hutcherson, of Brighton, Dorothy Sanders, of Hickman, Ky., William Willis, of Fort Knox, Ky., and Joseph Newman of Ripley, whose car overturned on Highway 19 eight miles west of Ripley at 12:30 a.m. Monday.

### Posters Advocate Beautiful America

## Births

To Mr. and Mrs. David Hurt, Jr., of Halls—a son, born July 5th in Parkview Hospital in Dyersburg.

## Mrs. Heath Killed, Husband Injured

Mrs. Esthel Heath, 37, was killed instantly about 10:30 p.m. last Friday when the car she was driving crossed an interstate median and collided with another vehicle as she and her husband, Vernon Lee Heath, were en route from St. Louis, Mo., where Mr. Heath is employed by a frozen foods firm, to Halls, home of Mr. Heath's parents, Mr. and Mrs. Ray Heath.

Mr. Heath is in serious condition in a hospital in St. Louis. Services for Mrs. Heath were at 10 a.m. Thursday in Halls Funeral Home with burial in South Fork Cemetery.

## County Agent

By F. H. Paschal

Nelson White is harvesting Irish potatoes at Fort Pillow Farm and planning to store them so that they will keep four to six months.

Irish potatoes are most effectively stored in cool, damp places. They should be picked up promptly after having been exposed to the sunlight. They should be stored so that they can get oxygen at all times.

Mr. White plans to store the potatoes in bags and keep the bags separated for at least two weeks while he tries to keep them at 70°F. After that he will try to lower the temperature to 60°.

Householders storing smaller amounts have been advised through the years to pour water on cellar floors to keep them damp and to store potatoes in the coolest possible places.

Sweet potatoes need dry heat and warmth, and different instructions would apply to them.

### Soybean Weed Control

J. F. Chipman, Jr. has soybeans ten inches tall, and he has cockleburbs.

With a "post-emergence rig" which will apply chemical solutions to the sides of the beans and get it on the weeds, he can use a half pint of Butoxone or Butyrac per acre in 13 to 20 gallons of water, which will cause the beans to bend away from the soybean rows.

After this happens, he can apply a solution of Dinitro or Dinoseb at one quart per acre to the sides of these beans on these curved cockleburbs which will kill them and other weeds without hurting the beans.

These operations cannot be done by sprayers that apply the chemical solutions over the tops of the beans.

## Recommend \$1.56 Tax; Teachers, Bus Drivers Asking 25c Additional

The County Court's budget committee will recommend to Monday's July court term a tax rate of \$1.56 per \$100 assessed valuation, which with a 5% assessment increase already provided for by state law, will raise tax bills about 2% according to county judge Paul Dew. This year's tax rate was \$1.72.

Teachers and bus drivers will ask the court to add about 25¢ to the rate, Judge Dew says, to provide \$100,000 for hospital insurance for teachers and \$21,000 in pay raises for drivers. The judge says most other court business is expected to be routine.

Hazel served our school and community well, and her life touched many of our young people.

Since she was especially interested in library work, we think it would be proper that the memorial be used for the library of Halls High School.

 The nomination of Sen. George McGovern as the Democratic presidential candidate promises little good for the party or the nation, in the opinion of many people. Sen. McGovern made the nomination with the opposition to the Viet Nam war, his promises of direct cash payments to the poor, welfare and tax reform, and a general appeal to young people discontented with the present form of government. As he neared the nomination, the Senator from South Dakota began to hedge on his stands, so that conceivably, from his latest statement, he could, if elected, escalate rather than stop the Viet Nam war.

**NOTICE OF ELECTION ON PROPOSED CONSTITUTIONAL AMENDMENT**

An election for the purpose of submitting the following proposed AMENDMENT TO THE CONSTITUTION to the voters of the State for RATIFICATION OR REJECTION will be held in every County of the State on

**THURSDAY, AUGUST 3, 1972**

which said election will be conducted according to the general election laws of the State and at which election all persons qualified to vote as required in elections for representatives to the General Assembly shall be entitled to vote.

The proposed amendment, as adopted by the 1971 Limited Constitutional Convention in Resolution No. 74 on September 14, 1971, shall be printed in full on each ballot or voting machine as follows:

**BE IT RESOLVED**, by the Limited Constitutional Convention of 1971 that Article II, Section 28, of the Constitution of the State of Tennessee be amended by deleting the same in its entirety and substituting in lieu thereof the following provisions, to be submitted to a vote of the people for ratification:

In accordance with the following provisions, all property real, personal or mixed shall be subject to taxation, but the Legislature may except such as may be held by the State, by Counties, Cities or Towns, and used exclusively for public or corporation purposes, and such as may be held and used for purposes purely religious, charitable, scientific, literary or educational, and shall except the direct product of the soil in the hands of the producer, and his immediate vendee, and the entire amount of money deposited in an individual's personal or family checking or savings accounts. For purposes of taxation, property shall be classified into three classes, to wit: Real Property, Tangible Personal Property and Intangible Personal Property.

Real Property shall be classified into four (4) subclassifications and assessed as follows:

- (a) Public Utility Property, to be assessed at fifty-five (55%) per cent of its value;
- (b) Industrial and Commercial Property, to be assessed at forty (40%) per cent of its value;
- (c) Residential Property, to be assessed at twenty-five (25%) per cent of its value, provided that residential property containing two (2) or more rental units is hereby defined as industrial and commercial property; and
- (d) Farm Property, to be assessed at twenty-five (25%) per cent of its value.

House trailers, mobile homes, and all other similar movable structures used for commercial, industrial, or residential purposes shall be assessed as Real Property as an improvement to the land where located.

The Legislature shall provide tax relief to elderly low-income taxpayers through payments by the State to reimburse all or part of the taxes paid by such persons on owner-occupied residential property, but such reimbursement shall not be an obligation imposed, directly or indirectly, upon Counties, Cities or Towns; provided, that such tax relief for the years 1973 through 1977 shall be not less than an amount equal to the State, County, and Municipal Taxes on Five Thousand (\$5,000) Dollars worth of the full market value (or One Thousand Two Hundred Fifty (\$1,250) Dollars of the assessed value) of property used for a residence by any taxpayer over sixty-five (65) years of age for a period of one (1) year prior to the date of assessment; provided further, that such relief shall not extend to persons having a total annual income from all sources in excess of Four Thousand Eight Hundred (\$4,800) Dollars.

The Legislature may provide tax relief to home owners totally and permanently disabled, irrespective of age, as provided herein for the elderly.

Tangible Personal Property shall be classified into three (3) subclassifications and assessed as follows:

- (a) Public Utility Property, to be assessed at fifty-five (55%) per cent of its value;
- (b) Industrial and Commercial Property, to be assessed at thirty (30%) per cent of its value; and
- (c) All other Tangible Personal Property, to be assessed at five (5%) per cent of its value; provided, however, that the Legislature shall exempt Seven Thousand Five Hundred (\$7,500) Dollars worth of such Tangible Personal Property which shall cover personal household goods and furnishings, wearing apparel and other such tangible property in the hands of a taxpayer.

This proclamation is issued in compliance with Resolution No. 54, Resolution No. 74, and Resolution No. 76 adopted by the 1971 Limited Constitutional Convention on September 14, 1971 and in compliance with provisions of Article XI, Section 3, of the Constitution and Chapter 421 of the Public Acts of 1968.

Given under my hand and attested by the Great Seal of the State of Tennessee, this 13th day of January, 1972.

**Readers Speak**  
 Editor:  
 I feel the public has been brainwashed about ambulance service, and in more ways than one. It seldom has had to pay anything for its use of an expensive vehicle, sufficiently equipped and staffed from a medical viewpoint. When it knows what the costs are like those associated with other facets of life, it is willing to underwrite them, then those who make up the public can have the availability of a service it may never need but must be willing to pay for when it does.  
 Few articles dealing with ambulance service point up its transition from mostly an invalid or convalescent coach to what amounts to an emergency medical facility on wheels.  
 Few persons give credit to what many of the funeral directors who were caught in this transition did to be sure their community would continue to have such service after being related by medical facilities or institutions, that wanted no part of the expenses and other problems associated with running an ambulance or ambulances.  
 Actually, it is not so much that God needs and requires our praise, but that we need His. He is missing from our prayer, it is as if we had left out the most important ingredient. The fact is that when we are willing to praise God, He will give us peace and joy in our hearts.  
 Unjustifiably, the funeral director continues as a scapegoat, because he symbolizes death, even though often, through ambulance service, he is giving of himself and his staff to provide a service to sustain or save life.

**Field Day Focus On Weed Control**  
 By Dale T. Brown  
 Herbicides to control weeds in both cotton and soybeans will be highlighted on one of the tours at the West Tennessee Experiment Station Field Day in Jackson from 7 a.m. to noon last Thursday.  
 Experimental work involves new as well as old herbicides being applied as broadcast topical sprays to control weeds without injuring the crop when applications are made at lower rates than possible with conventional post-emergence rigs.  
 Work is also underway to develop more effective pre-emergence and post-emergence herbicides.  
 Both commercially available herbicides and experimental compounds are involved. The newer ones are being evaluated on cotton and soybeans as well as other vegetable crops.  
 Tours will take slightly more than two hours to complete, so none will begin after 10 a.m.  
 Everyone is welcome to attend. Anyone who needs a ride or further information should contact the Extension Office, 635-6651.  
 The court made only minor changes in the budget estimates by its budget committee—none affecting the recommended rate, which with an increase in assessments from 35% to 40%, required by state law, will boost tax collections about 2.5%. All the extra income is required for the school budget, other adjustments being absorbed under the current rate division.

**County Court's Members Hold Tax Rate To \$1.56**  
 Squires, Road Personnel Get Raises  
 Teacher, Driver Appeals Refused; Business Tax Rates Lightened  
 Lauderdale County Quarterly Court Monday adopted a \$1.56 tax rate per \$100 assessed valuation to finance a budget including pay raises for magistrates and highway department personnel but without hospitalization insurance for teachers or pay raises for school bus drivers which together would have added 25¢ to the rate. The court set county business tax rates at one half the state rates, when they exceeded state minimums.  
 And it voted to spend \$4,300 toward a \$9,300 air-conditioning of the courtroom, jury room, and attorney general's room, as repeatedly recommended by the grand jury. The law library fund, but one charge of 30¢ per case, will finance the other \$9,000.

 Changes As Needed  
 The nomination of Sen. George McGovern as the Democratic presidential candidate promises little good for the party or the nation, in the opinion of many people. Sen. McGovern made the nomination with the opposition to the Viet Nam war, his promises of direct cash payments to the poor, welfare and tax reform, and a general appeal to young people discontented with the present form of government. As he neared the nomination, the Senator from South Dakota began to hedge on his stands, so that conceivably, from his latest statement, he could, if elected, escalate rather than stop the Viet Nam war.

## PEOPLE PROTECTORS

Did you ever think of ads as guardians of your individuality? They are, you know. In a time when the edges are being eaten off our personalities and we're all being reduced to card-index numbers, we need to hang on to some things. One of our freedoms of choice. And that choice is yours only so long as competition and free enterprise and advertising are working for you. Guard them. For they stand between you and a dull and standardized life.

## I am an American. Do not fold, spindle, or mutilate.

Take stock in America Buy U.S. Savings Bonds

Millions of them show their pride by buying U.S. Savings Bonds. Through regular purchases where they work or bank, they've helped preserve our freedoms by investing in their country. At the same time, they've been storing up quite a nest egg for themselves. U.S. Savings Bonds pay a guaranteed return. And your investment is backed by the full faith and credit of the United States of America. Also, the interest on Series E Savings Bonds isn't subject to state or local income taxes. You can defer federal taxes on E Bond interest until you redeem the bond. If your Bonds are lost, or stolen, or destroyed, we simply replace them without cost. They're safe. They're easy. They're automatic. And they're also a reminder. A reminder that we all have to work hard to keep what we have. Investing in your country will do just that. Think about U.S. Savings Bonds. It's a way to keep our country from getting folded, spindled or mutilated.

**GARD OF THANKS**  
One of the many blessings in life is to live in a community in which one has so many good friends and neighbors. We never fully know how to appreciate them until the time of need comes. We want to take this method to thank each one for the food, flowers, and each kind deed or word shared with us during the sick-

**THE UNITY OF THE BIBLE**  
The Bible is the wonder of the ages; a sacred volume consisting of sixty-six books, written over a period of some sixteen centuries by about forty writers, and yet, the Bible exhibits perfect unity throughout! There is one central theme which runs through the Bible, namely, the redemption of man through the grace of God. There is also unity of purpose, unity in historical details, and unity in reference to prophecy and its fulfillment.

One could assemble forty different men today to write on any designated subject, but there would not be unanimous agreement. Why did the men who wrote the Bible agree with such accuracy? Because God is the one who directed these men. Peter declares that "holy men of God spake as they were moved by the Holy Spirit." (2 Pet. 1:21) Paul states that "All scripture is given by inspiration of God." (2 Tim. 3:16) The word "inspiration" means "God-breathed," which indicates that God directed the men as they wrote the Bible.

Roy Deaver has made the following observation concerning the Bible's unity:  
"If a forty-piece orchestra should suddenly begin to play—in perfect timing, melody, and harmony—it would be evidence of direction by a single mind. If forty archers, in forty different places, widely separated in time, should shoot their arrows and all hit the same target 'dead-center' it would be evidence of (proof of) direction by a single mind. If forty men—widely separated in geography, with varied background, and living over a period of sixteen hundred years—should each write down a few lines, and these lines brought together constituted a beautiful poem, it would be evidence of direction by a single mind."

Because of its marvelous and otherwise inexplicable unity, we believe that the Bible came from God—that it is miraculously inspired and is divine authority." You are cordially invited to attend Halls Church of Christ services.

### Notice of Election on Proposed Constitutional Amendment

An election for the purpose of submitting the following proposed AMENDMENT TO THE CONSTITUTION to the voters of the State for RATIFICATION OR REJECTION will be held in every County of the State on

### THURSDAY, AUGUST 3, 1972

which said election will be conducted according to the general election laws of the State and at which election all persons qualified to vote as required in elections for representatives to the General Assembly shall be entitled to vote.

The proposed amendment, as adopted by the 1971 Limited Constitutional Convention in Resolution No. 74 on September 14, 1971, shall be printed in full on each ballot or voting machine as follows:

BE IT RESOLVED, by the Limited Constitutional Convention of 1971 that Article II, Section 28, of the Constitution of the State of Tennessee be amended by deleting the same in its entirety and substituting in lieu thereof the following provisions, to be submitted to a vote of the people for ratification:

In accordance with the following provisions, all property real, personal or mixed shall be subject to taxation, but the Legislature may except such as may be held by the State, by Counties, Cities or Towns, and used exclusively for public or corporation purposes, and such as may be held and used for purposes purely religious, charitable, scientific, literary or educational, and shall except the direct product of the soil in the hands of the producer, and his immediate vendee, and the entire amount of money deposited in an individual's personal or family checking or savings accounts. For purposes of taxation, property shall be classified into three classes, to wit: Real Property, Tangible Personal Property and Intangible Personal Property.

Real Property shall be classified into four (4) subclassifications and assessed as follows:

- (a) Public Utility Property, to be assessed at fifty-five (55%) per cent of its value;
- (b) Industrial and Commercial Property, to be assessed at forty (40%) per cent of its value;
- (c) Residential Property, to be assessed at twenty-five (25%) per cent of its value, provided that residential property containing two (2) or more rental units is hereby defined as industrial and commercial property; and
- (d) Farm Property, to be assessed at twenty-five (25%) per cent of its value.

House trailers, mobile homes, and all other similar movable structures used for commercial, industrial, or residential purposes shall be assessed as Real Property as an improvement to the land where located.

The Legislature shall provide tax relief to elderly low-income taxpayers through payments by the State to reimburse all or part of the taxes paid by such persons on owner-occupied residential property, but such reimbursement shall not be an obligation imposed, directly or indirectly, upon Counties, Cities or Towns; provided, that such tax relief for the years 1973 through 1977 shall be not less than an amount equal to the State, County, and Municipal Taxes on Five Thousand (\$5,000) Dollars worth of the full market value (or One Thousand Two Hundred Fifty (\$1,250) Dollars of the assessed value) of property used for a residence by any taxpayer over sixty-five (65) years of age for a period of one (1) year prior to the date of assessment; provided further, that such relief shall not extend to persons having a total annual income from all sources in excess of Four Thousand Eight Hundred (\$4,800) Dollars.

The Legislature may provide tax relief to home owners totally and permanently disabled, irrespective of age, as provided herein for the elderly.

Tangible Personal Property shall be classified into three (3) subclassifications and assessed as follows:

- (a) Public Utility Property, to be assessed at fifty-five (55%) per cent of its value;
- (b) Industrial and Commercial Property, to be assessed at thirty (30%) per cent of its value; and
- (c) All other Tangible Personal Property, to be assessed at five (5%) per cent of its value; provided, however, that the Legislature shall exempt Seven Thousand Five Hundred (\$7,500) Dollars worth of such Tangible Personal Property which shall cover personal household goods and furnishings, wearing apparel and other such tangible property in the hands of a taxpayer.

The Legislature shall have power to classify Intangible Personal Property into subclassifications and to establish a ratio of assessment to value in each class or subclass, and shall provide fair and equitable methods of apportionment of the value of same to this State for purposes of taxation. Banks, Insurance Companies, Loan and Investment Companies, Savings and Loan Associations, and all similar financial institutions, shall be assessed and taxed in such manner as the Legislature shall direct; provided that for the year 1973, or until such time as the Legislature may provide otherwise, the ratio of assessment to value of property presently taxed shall remain the same as provided by law for the year 1972; provided further that the taxes imposed upon such financial institutions, and paid by them, shall be in lieu of all taxes on the redeemable or cash value of all of their outstanding shares of capital stock, policies of insurance, customer savings and checking accounts, certificates of deposit, and certificates of investment, by whatever name called, including other intangible corporate property of such financial institutions.

The ratio of assessment to value of property in each class or subclass shall be equal and uniform throughout the State, the value and definition of property in each class or subclass to be ascertained in such manner as the Legislature shall direct. Each respective taxing authority shall apply the same tax rate to all property within its jurisdiction.

The Legislature shall have power to tax merchants, peddlers, and privileges, in such manner as they may from time to time direct, and the Legislature may levy a gross receipts tax on merchants and businesses in lieu of ad valorem taxes on the inventories of merchandise held by such merchants and businesses for sale or exchange. The portion of a Merchant's Capital used in the purchase of merchandise sold by him to non-residents and sent beyond the State, shall not be taxed at a rate higher than the ad valorem tax on property. The Legislature shall have power to levy a tax upon incomes derived from stocks and bonds that are not taxed ad valorem.

This amendment shall take effect on the first day of January, 1973.

Opposite the said proposed Constitutional Amendment shall appear the following:

FOR THE AMENDMENT:

AGAINST THE AMENDMENT:

Voters will indicate their vote by placing a cross mark in the square opposite one or the other of the above expressions.

Notice is hereby given to all qualified voters throughout the State and especially to all members of the County Election Commissions of the several Counties of the State that said election will be held in all civil districts, wards and voting precincts throughout the State within legal hours on August 3, 1972, for said purpose and that the proper officers of all Counties shall, immediately after said election, make a return to the Secretary of State of the number of votes cast in their respective counties "For the Amendment"; and the number of votes cast "Against the Amendment."

This proclamation is issued in compliance with Resolution No. 54, Resolution No. 74, and Resolution No. 76 adopted by the 1971 Limited Constitutional Convention on September 14, 1971 and in compliance with provisions of Article XI, Section 3, of the Constitution and Chapter 421 of the Public Acts of 1968.

## I am an American. Do not fold, spindle, or mutilate.

Being an American is comfortable.

After all, we do have more than any other country in the world. But sometimes we get too comfortable. We take our leisure and our prosperity and our freedoms for granted. Sometimes we have to be reminded that it wasn't easy for us to get where we are. That the freedoms we enjoy weren't handed to us on a platter.

Of course, the great majority of Americans have great pride in their country.

Millions of them show their pride by buying U.S. Savings Bonds.

Through regular purchases where they work or bank, they've helped preserve our freedoms by investing in their country.

At the same time, they've been storing up quite a nest egg for themselves.

U.S. Savings Bonds pay a guaranteed return. And your investment is backed by the full faith and credit of the United States of America.

Also, the interest on Series E Savings Bonds isn't subject to state or local income taxes.

You can defer federal taxes on E Bonds interest until you redeem the bond.

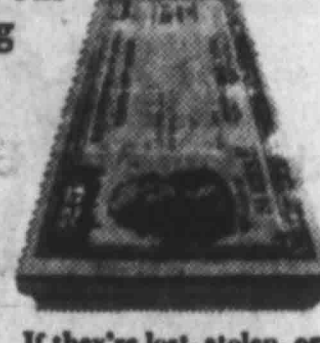

If your Bonds are lost, or stolen, or destroyed, we simply replace them without cost.

They're safe. They're easy. They're automatic.

And they're also a reminder. A reminder that we all have to work hard to keep what we have.

Investing in your country will do just that.

Think about U.S. Savings Bonds. It's a way to keep our country from getting folded, spindled, or mutilated.

If they're lost, stolen, or destroyed, we replace 'em.

## PEOPLE PROTECTORS

Did you ever think of ads as guardians of your individuality? They are, you know.

In a time when the edges are being eaten off our personalities and we're all being reduced to card-index numbers, we need to hang on to some things.

Like our freedom of choice. And that choice is yours only so long as competition and free enterprise and advertising are working for you. Guard them. For they stand between you and a dull and standardized life.

# NOTICE OF ELECTION ON PROPOSED CONSTITUTIONAL AMENDMENT

An election for the purpose of submitting the following proposed AMENDMENT TO THE CONSTITUTION to the voters of the State for RATIFICATION OR REJECTION will be held in every County of the State on **THURSDAY, AUGUST 3, 1972**

which said election will be conducted according to the general election laws of the State and at which election all persons qualified to vote as required in elections for representatives to the General Assembly shall be entitled to vote.

The proposed amendment, as adopted by the 1971 Limited Constitutional Convention in Resolution No. 74 on September 14, 1971, shall be printed in full on each ballot or voting machine as follows:

BE IT RESOLVED, by the Limited Constitutional Convention of 1971 that Article II, Section 28, of the Constitution of the State of Tennessee be amended by deleting the same in its entirety and substituting in lieu thereof the following provisions, to be submitted to a vote of the people for ratification:

In accordance with the following provisions, all property real, personal or mixed shall be subject to taxation, but the Legislature may except such as may be held by the State, by Counties, Cities or Towns, and used exclusively for public or corporation purposes, and such as may be held and used for purposes purely religious, charitable, scientific, literary or educational, and shall except the direct product of the soil in the hands of the producer, and his immediate vendee, and the entire amount of money deposited in an individual's personal or family checking or savings accounts. For purposes of taxation, property shall be classified into three classes, to wit: Real Property, Tangible Personal Property and Intangible Personal Property.

Real Property shall be classified into four (4) subclassifications and assessed as follows:

- (a) Public Utility Property, to be assessed at fifty-five (55%) per cent of its value;
- (b) Industrial and Commercial Property, to be assessed at forty (40%) per cent of its value;
- (c) Residential Property, to be assessed at twenty-five (25%) per cent of its value, provided that residential property containing two (2) or more rental units is hereby defined as industrial and commercial property; and
- (d) Farm Property, to be assessed at twenty-five (25%) per cent of its value.

House trailers, mobile homes, and all other similar movable structures used for commercial, industrial, or residential purposes shall be assessed as Real Property as an improvement to the land where located.

The Legislature shall provide tax relief to elderly low-income taxpayers through payments by the State to reimburse all or part of the taxes paid by such persons on owner-occupied residential property, but such reimbursement shall not be an obligation imposed, directly or indirectly, upon Counties, Cities or Towns; provided, that such tax relief for the years 1973 through 1977 shall be not less than an amount equal to the State, County, and Municipal Taxes or Five Thousand (\$5,000) Dollars worth of the full market value (or One Thousand Two Hundred Fifty (\$1,250) Dollars of the assessed value) of property used for a residence by any taxpayer over sixty-five (65) years of age for a period of one (1) year prior to the date of assessment; provided further, that such relief shall not extend to persons having a total annual income from all sources in excess of Four Thousand Eight Hundred (\$4,800) Dollars.

The Legislature may provide tax relief to home owners totally and permanently disabled, irrespective of age, as provided herein for the elderly.

Tangible Personal Property shall be classified into three (3) subclassifications and assessed as follows:

- (a) Public Utility Property, to be assessed at fifty-five (55%) per cent of its value;
- (b) Industrial and Commercial Property, to be assessed at thirty (30%) per cent of its value; and
- (c) All other Tangible Personal Property, to be assessed at five (5%) per cent of its value; provided, however, that the Legislature shall exempt Seven Thousand Five Hundred (\$7,500) Dollars worth of such Tangible Personal Property which shall cover personal household goods and furnishings, wearing apparel and other such tangible property in the hands of a taxpayer.

The Legislature shall have power to classify Intangible Personal Property into subclassifications and to establish a ratio of assessment to value in each class or subclass, and shall provide fair and equitable methods of apportionment of the value of same to this State for purposes of taxation. Banks, Insurance Companies, Loan and Investment Companies, Savings and Loan Associations, and all similar financial institutions, shall be assessed and taxed in such manner as the Legislature shall direct; provided that for the year 1973, or until such time as the Legislature may provide otherwise, the ratio of assessment to value of property presently taxed shall remain the same as provided by law for the year 1972; provided further that the taxes imposed upon such financial institutions, and paid by them, shall be in lieu of all taxes on the redeemable or cash value of all of their outstanding shares of capital stock, policies of insurance, customer savings and checking accounts, certificates of deposit, and certificates of investment, by whatever name called, including other intangible corporate property of such financial institutions.

The ratio of assessment to value of property in each class or subclass shall be equal and uniform throughout the State, the value and definition of property in each class or subclass to be ascertained in such manner as the Legislature shall direct. Each respective taxing authority shall apply the same tax rate to all property within its jurisdiction.

The Legislature shall have power to tax merchants, peddlers, and privileges, in such manner as they may from time to time direct, and the Legislature may levy a gross receipts tax on merchants and businesses in lieu of ad valorem taxes on the inventories of merchandise held by such merchants and businesses for sale or exchange. The portion of a Merchant's Capital used in the purchase of merchandise sold by him to non-residents and sent beyond the State, shall not be taxed at a rate higher than the ad valorem tax on property. The Legislature shall have power to levy a tax upon incomes derived from stocks and bonds that are not taxed ad valorem.

This amendment shall take effect on the first day of January, 1973.

Opposite the said proposed Constitutional Amendment shall appear the following:  
FOR THE AMENDMENT:   
AGAINST THE AMENDMENT:   
Voters will indicate their vote by placing a cross mark in the square opposite one or the other of the above expressions.

Notice is hereby given to all qualified voters throughout the State and especially to all members of the County Election Commissions of the several Counties of the State that said election will be held in all civil districts, wards and voting precincts throughout the State within legal hours on August 3, 1972, for said purpose and that the proper officers of all Counties shall, immediately after said election, make a return to the Secretary of State of the number of votes cast in their respective counties "For the Amendment"; and the number of votes cast "Against the Amendment."

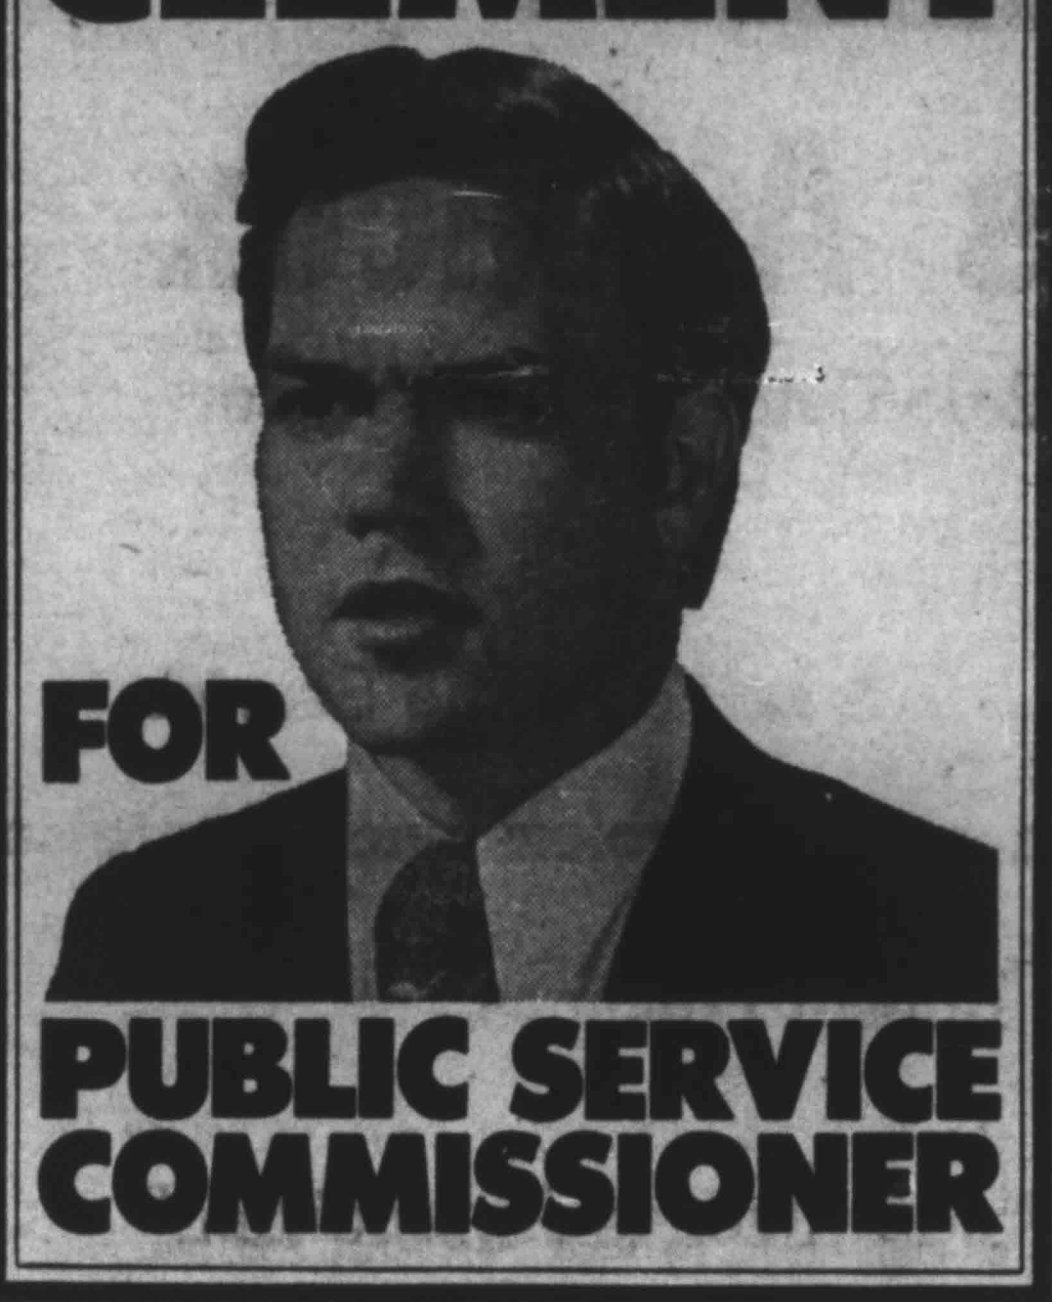

This proclamation is issued in compliance with Resolution No. 54, Resolution No. 74, and Resolution No. 76 adopted by the 1971 Limited Constitutional Convention on September 14, 1971 and in compliance with provisions of Article XI, Section 3, of the Constitution and Chapter 421 of the Public Acts of 1968.

Given under my hand and attested by the Great Seal of the State of Tennessee, this 13th day of January, 1972.

When I travel I am often amazed at the difference it makes when someone learns that I am an evangelist. For some people it is an obvious barrier. For others, it is sometimes a cue for indifference. I become aware that they begin to tell me the sort of thing they think I want to hear. For still others, I become a subject of curiosity. There are some people, however, who seem genuinely relieved that they can speak with someone about matters of faith, someone who shares the same allegiance and commitment as they. It becomes apparent that they are hungry to talk to someone who shares their Christian faith.

**AT THE ROOTS**

Lesson for July 28, 1972

Background Scripture: 1 John 4:19-21, Ephesians 2:1-10, Philippians 2:1-16.

When I travel I am often amazed at the difference it makes when someone learns that I am an evangelist. For some people it is an obvious barrier. For others, it is sometimes a cue for indifference. I become aware that they begin to tell me the sort of thing they think I want to hear. For still others, I become a subject of curiosity. There are some people, however, who seem genuinely relieved that they can speak with someone about matters of faith, someone who shares the same allegiance and commitment as they. It becomes apparent that they are hungry to talk to someone who shares their Christian faith.

By this we know

Apart from clergy collars and nuns' habits there are few signs to indicate who is and is not a Christian in their commitment. Trust, some people wear crosses around their necks. Some wear lapels, but like the old Sunday school attendees plus these days, it is to be feared and fewer these days. It is hard to know when a person is a Christian.

In 1 John, however, we find that there is really but one criterion — on that can be used in identifying Christian discipleship. "By this we know that we abide in him and he is in us, because he has given us his own Spirit" (4:13). There are no badges to wear, no secret handshakes and signs, no banners to carry, there is only love. Love is one criterion for identifying the person who abides in Christ.

Unfortunately, a person can call himself a Christian, belong to a church, and even wear a lapel cross, but this is no guarantee that he or she is truly a disciple. For Christianity is not a matter of outward signs and garments, but of an inner reality. If a person has not love, all the badges and banners in the world cannot make him a follower of Jesus Christ.

The fullness and the depth

In Ephesians, the writer calls for a faith that is more than external. He calls for a faith that has "breadth and length and height and depth" (3:18). His prayer is that the reader may be filled with all the fullness of God (3:19). Once again, however, the key to a deep dimension of faith is love. The writer's prayer is that the reader may have power "strengthened by might" (3:16), faith (3:17), understanding ("power to comprehend" - 3:18), but all of this "is rooted and grounded in love" (3:17). Above all else, the Christian must know the love of Christ which surpasses knowledge" (3:19).

When we meet someone who has this fullness, this depth of dimension, it soon becomes apparent because deep inside at its roots there is Christian love that shines through everything.

# Vote For Jerry Burke

### Candidate For State Representative 79th House District

The first thing people think about when they consider someone for a job is what kind of job they would do. I would like to give you my views as to what I think should be pushed in Nashville, and if you agree, support my candidacy, and I assure you these things will be worked towards.

#### IF ELECTED I WOULD:

Present legislation to either do away with the Tennessee primary or put teeth into our present laws to require the delegates to the national convention to vote as their districts vote on the first two ballots.

Be concerned primarily with the people living in Lauderdale, Crockett and Haywood counties, and concerned about the people from the remainder of the State of Tennessee second.

Give the people of my district the courtesy of either helping them with their individual problems or telling them why I wouldn't or couldn't help them.

After each session, I will make available to every newspaper within my district my voting record for that session.

Attend all sessions and not abstain from voting on any issue unless I was personally involved in a conflict of interest.

Give the same interest to each of the three counties I serve.

My concern about the direction our country, state, and counties have been taking greatly concerns me. I sincerely hope they do you. I would greatly appreciate your vote and influence.

## Lawyers Of The Ninth Chancery Division Endorse Judge Gayle Malone, The Present Chancellor, For Continued Service In Chancery Court

A Chancery Court is a court of equity which grants to litigants relief of an equitable nature that some times courts of law are unable to grant, thus emphasizing its importance, and requires an able, experienced and efficient lawyer well versed in the law and otherwise qualified to analyze the facts, apply the law and do justice to all concerned; AND by the undersigned having known JUDGE GAYLE MALONE for many years, consider him eminent-ly qualified to continue to serve as our Judge of our Chancery Court.

JOHN M. DRANE

## A Letter To The People Of Lauderdale County:

It has been a rewarding experience for me to serve the people of Lauderdale County as Chancery Judge. This experience has been even more gratifying after attempting to see and contact the people in the county, although I know that I did not, and could not, see one per cent of the people in this county and the five other counties and still hold court.

However, my limited contact has made me realize the friendliness and warmth of the people in this fine county and why it has produced the leaders it has in all walks of life.

The members of the legal profession in Lauderdale County have shown me, as a judge and as a person, many courtesies and a respect which I deeply appreciate.

My primary effort to serve as your Chancellor has been, and will be, with a fundamental in the knowledge that we are all mere human beings, striving for the right thing and making mistakes in life that we all want to perfect for the good of our society, justice and our heritage.

Your contributions and support in my effort to serve you shall always be cheerfully cherished and held as a personal charge to keep your Chancery Court free of politics, prejudice and favoritism, with the same judicial regard for every person.

Respectfully,

CHANCELLOR GAYLE MALONE

FOR LIFE INSURANCE  
A PLAN FOR EVERY NEED

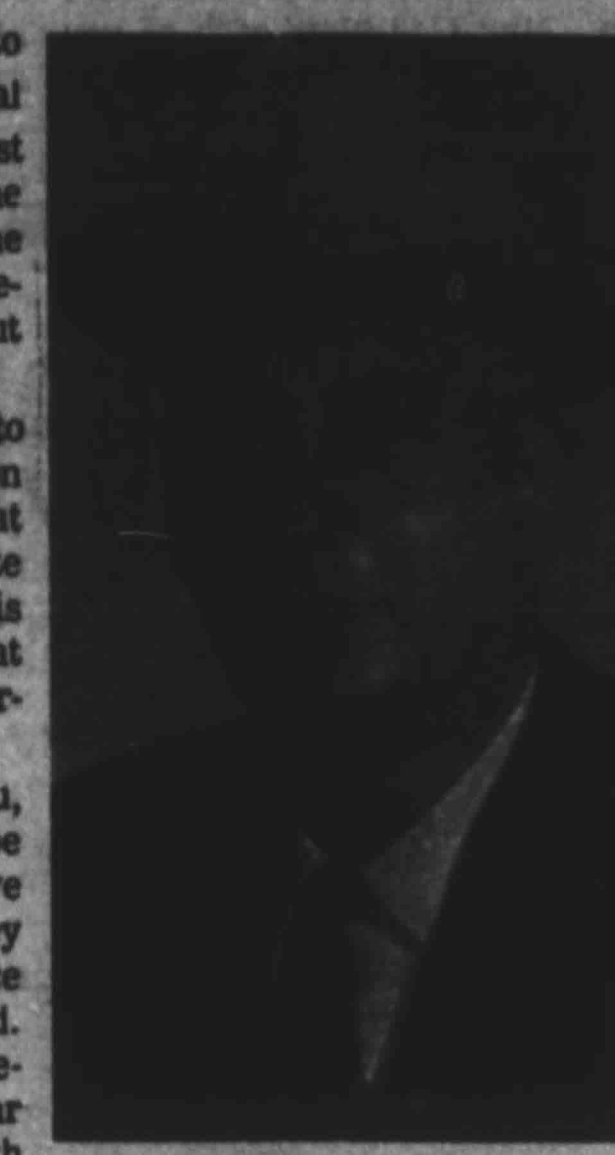

Southern Farm Bureau Life Insurance Company  
Office 635-0981 Home 635-3985

It is time once again for you to go to the polls in the general election next Thursday, August 3rd, to cast your ballot for the candidates of your choice. The ballot in this election is relatively long, but I urge you to get out and vote.

The most important thing to me on the ballot in this election is, quite naturally, the fact that my name appears as a candidate for re-election as sheriff of this county. Of course, I know that every candidate is vitally interested in his own race.

As I have previously told you, sheriffs in this state may be elected only to three consecutive two year terms, and then they must not run again for this office until a period of time has elapsed. I am running at this time for re-election to my third two-year term. Most of the citizens with whom I have talked have been quite encouraging and have felt that I deserve this third term.

I consider it an honor and a privilege to have worked for you as sheriff for the past four years, and, of course, in the capacity of deputy sheriff prior to becoming sheriff in 1968. When re-elected I intend to do everything in my power to protect the citizens of this county. It has been impossible for me to see and talk with each of you. This has been due to the large workload and responsibilities that this office involves. The fact that I have not

asked for your vote in no way means that I do not want it, but I am using this means to communicate with you and solicit your support if, in fact, I have not already talked with you. For continued and strong law enforcement, I humbly ask that you return me to this office for two more years so that I might serve you once again in this capacity.

Bill Smith Says: Look At Record

(Continued From Page 1)  
years I've worked in the courthouse, I have never seen a house built or a farm measured in the courthouse yard yet. My job requires me to measure every new house and appraise all property. I can't do that from behind a desk.

"My opposition has charged that I mishandle tax money. This is impossible, since my office handles no money at all. The trustee's office collects the taxes and handles the money.

"It has been stated by one of my opponents that if he is elected, he will have the tax books audited. This is a good idea, but it has been done every year since I took office. The tax books are checked each October to see if they balance, and it is a matter of public record that they have always balanced.

"Since I have been in office, I have hurt a lot of peoples' feelings and stepped on many toes, but I have done the job you paid me to do, and I haven't backed off from anybody. If the man who holds this office doesn't stand and fight, he'll get pushed right out a courthouse window.

"I have found that most Lauderdale Countians are perfectly

willing to pay their part but don't want to pay someone else's part, too. If you want fair and equal tax treatment for all, I'm asking you to vote for me on Aug. 3rd.

"It has taken years to straighten out the tax mess the county was in when I was first elected. With your help, we have managed to get the county in good financial shape and back into the hands of the people. Let's not give it away again."
