A LEADER FOR GOD

Lesson for October 6, 1974

Background Scriptures: 2 Samuel 7
Devotional Reading: 2 Samuel 7:20

If perfection were a qualification for the leadership of God's people, David would never have made the grade. He was, the Bible makes clear, an imperfect man of mistakes, vices, weakness, and some serious sins.

Nevertheless, the Jews have long revered him as their ideal king and the period of his reign is regarded as the "Golden Age" of Israel. Most of all, he is remembered as a great man of God.

Rev. Althouse

"I took you . . ."

How can we explain this seeming paradox between David's imperfections and his greatness?

First, the Bible makes it clear that one reason for David's great leadership is to be found in his selection by God for that purpose. The story of David is not just a success story of a man who by sheer ambition and talent lifts himself up to great heights of popular trust and acclaim. David was both ambitious and talented, but it was God who set his course when he chose David to become a leader for his people.

"Thus says the Lord of hosts," pronounced the Prophet Nathan to David, "I took you from the pasture, from following the sheep, that you should be prince over my people Israel . . ." (2 Samuel 7:8). God saw in David the youth the potential for leadership and he marked him for growth toward that goal.

Then too, God has also been with him throughout his life, helping David toward this goal. "I have been with you wherever you went, cutting off all your enemies from before you . . ." (7:9). God has been at work in David's life and it has not been luck that has brought David to his place of prominence. This doesn't mean that David has been a passive puppet in God's hand. He could have rejected God's call and resisted his help. Instead, however, David has responded to God's help and direction and because of his response God's purpose for David was being fulfilled.

"I will make you . . ."

Furthermore, God will continue to work through David until his promise to David is realized: "I will make for you a great name, like the name of the great ones of the earth" (7:9). David's greatness, then, is dependent upon two things: God's promise and David's response to that promise.

What was David's response? For all of his mistakes and weaknesses, David did not forget the source of his greatness. Looking back over his life and experiences, David can see God's hand at work in his life. Proud though this king must have been, he was humble enough to acknowledge the greatness and glory of God: "Therefore, thou art great, O Lord God; and there is no God besides thee . . ." (7:21).

No perfection, but a humble response is the qualification for a leader of God's people.

MABELINE WILLIAMS, a Tupperware employee who can neither hear nor talk, was presented the Achiever Award as the county's Handicapped Employee of the Year at Ripley Exchange Club's meeting Tuesday. Pete Heathcott, right, of the Governor's Committee on Employment of the Handicapped, presented the award as Allen Tillman, left, Tupperware personnel manager, watched. Joe Clyde Escue and Garland Johns, both of Halls, were presented Distinguished Service Awards for helping the handicapped find employment.

Here We Go Again

Once again, the suggested tax on gasoline to cut down use has surfaced.

Just how much tax is still in doubt, since the suggestions range from 10¢ to 30¢ a gallon.

It seems to us that a tax on nuts in government would also be a great money-making scheme. We can think of no move that could do greater harm to the economy.

Constantly rising fuel—gasoline, electricity, natural gas, and coal—costs are a major factor in inflation, and another rise in the cost of gasoline would add to the flames.

We can't and won't argue about the need for the conservation of gasoline and other fuels, but the proposed tax is the poorest solution to the problem.

We predict that every Congressman and the administration will hear the loudest howl they have ever heard if such a tax is actually imposed.

The Congress is to be congratulated on its move to restore Standard Time during the winter. The danger of small children going to school in darkness is far greater than any possible saving of energy, which we doubt in the first place. If President Ford signs the bill, which he is expected to do, Standard Time will go into effect Oct. 27th and continue until Feb. 23rd, when Daylight Savings Time will go back into use.

We have noticed some discussion about a possible return to a speed limit of 65 m.p.h., instead of the present 55 m.p.h., which was invoked as an energy conservation measure. Perhaps 55 m.p.h. is a little low, but a hard look should be taken at the cut in highway deaths before any final action is taken. We had some difficulty in adjusting, as did most drivers, but a strict enforcement of the law, with application to all vehicles, including trucks, should be implemented, regardless of what the final limits may be.

MRS. LANA CHERRY NICHOLS, who began teaching in Central School, for three years, after taking her bachelor's degree from Memphis State University, is listed in the 1974 "Outstanding Young Women of America." Satoratorian in Friendship High, she has been social studies teacher in Crockett High School in Maury City for six years and took her master's degree from MSU this summer. She and her husband, W. E. Nichols III, a trucker, have a son, William. They reside in Alamo.

Sheila Langford, of Route 2, Ripley, a student in the University of Tennessee Center for the Health Sciences in Memphis, has been selected to receive a \$500 upper-class scholarship from the UT National Alumni Association.

She is one of 76 upper-classmen selected on five campuses of the university each year.

Betty K. Henry, of Route 2, Henning, a graduate of Ripley High School, and Ricky L. McCaslin, of Star Route, Halls, a graduate of Halls High School, will receive \$500 valedictorian scholarships from the UTNAA. Both will attend UT in Martin.

33 Groups Sell In Flea Market

The county Bicentennial Commission's Community Involvement Committee has set Saturday, Oct. 26th, from 9 a.m. to 6 p.m., and Sunday, Oct. 27th, from 1 to 6 p.m., for a county-wide flea market at Ripley High School's physical education building on Highway 51 South.

Thirty-three organizations have volunteered to participate by collecting flea market items from their members, setting up booths, and providing personnel to sell.

The date and time of the flea market is the final day for registration for the Punt, Pass, Kick contests.

Contests will begin at 9 a.m. Saturday on the Halls High School football field. Contestants will compete within their own age group.

Tommy McDearman, of McDearman Motors, reminds all youngsters, ages 8 through 13, that this Friday is the final day for registration for the Punt, Pass, Kick contests.

The term "flea market" originated in Europe for an informal outdoor market in which dealers and other persons sell odds and ends of household furnishings and small articles of all kinds.

Donated items will be accepted from any person or group not wishing to participate directly in the flea market. A delivery point and pick-up committee have been arranged, for later announcement.

Any club or organization not contacted, which would participate, is urged to contact any community involvement committee member—Don Connell, Mrs. Helen Wadsworth, Mrs. Hal Pennington, Mr. or Mrs. Gwyn Matthews, Mrs. Angela Terry, Mrs. Larry Barfield, Miss Carolyn Crisfield, Mrs. Faye Moore, or Mrs. Syvelia Winbush.

Three Counties Given UT Grants

Shelia Langford, of Route 2, Ripley, a student in the University of Tennessee Center for the Health Sciences in Memphis, has been selected to receive a \$500 upper-class scholarship from the UT National Alumni Association.

She is one of 76 upper-classmen selected on five campuses of the university each year.

Betty K. Henry, of Route 2, Henning, a graduate of Ripley High School, and Ricky L. McCaslin, of Star Route, Halls, a graduate of Halls High School, will receive \$500 valedictorian scholarships from the UTNAA. Both will attend UT in Martin.

HHS Gridders, 3-1, Host Lake County

The Halls Tigers will host the Lake County Falcons at 7:30 p.m. this Friday in their third consecutive home game.

Lake County, the only Class AA team on the Tiger schedule, has a 2-2 record, with wins over Munford and Union City and narrow losses to Humboldt and Bolton.

The Tigers, now 3-1, will be rated as underdogs to the visiting Falcons.

Last Friday evening, the Tigers overcame the loss of a player with a broken leg to take a convincing 20-0 victory over South Fulton.

Senior split end Mike Emerson was lost for the season, late in the first quarter, when he received a broken leg on punt coverage.

The Tigers took an early lead when Kenny Wells went two yards to score in the first quarter.

The Tiger offense bogged down through the remainder of the first half but picked up two more touchdowns and a safety during the third and fourth quarters.

Quarterback Cleo Carter went nine yards on a keeper to score in the third quarter and passed 25 yards to Eddie Bishop for the final points in the fourth quarter. Ricky Jacobs recovered a blocked punt in the end zone in the third quarter for the safety.

Both Legs Broken When Child Struck

Lynn Burks, Halls Elementary School fifth grader, had both legs fractured when struck at 4:15 p.m. Thursday by a 1969 Chevrolet being driven north on Church St. (old Highway 51) near the Bank of Halls, according to assistant police chief Maurice Jordan.

The daughter of Mr. and Mrs. Kenneth Burks, of Halls, was taken to Parkview Hospital in Dyersburg.

36° Frost Nips Beans

Temperatures which fell to 36° in Ripley Wednesday night nipped late-planted soybeans, but county Extension Leader Charles Peal, after surveying fields Thursday morning, said he did not think it was a killing frost.

Peal said the frost's killing of the tops of some plants would admit sunlight to lower levels. He said he saw no serious effect likely on either beans or cotton.

Temperatures were warming Thursday, and recurrence of the frost was not in the weather outlook for the next few days, so many farmers were breathing easier.

Many were inquiring about the frost's effect on Sudan sorghum, or Sudex, which forms prussic acid when killed by frost. Peal said he saw no danger of this from Wednesday night's light frost.

Swine Program Expanding

Ernie Petree, livestock manager, says Fort Pillow State Penal Farm will expand its swine facilities by doubling the farrowing house and redesigning the pasture system.

Petree has upgraded swine at the farm to the point at which it is becoming difficult to find breeding stock to further boost quality.

Two production-tested Duroc boars purchased from the Spring Hill Swine Testing Station are outstanding animals.

The goal is a 200-sow herd. It is planned to assist swine producers in the area by advertising boars for sale, listing prices, and selling them on a first come, first served basis.

Fruit Trees Planted

Paul Stevens, Mrs. David Stanley, and other home-owners are setting fruit trees to supplement their fruit supply.

Stevens was advised to select varieties that would give a continued ripening throughout the peak season. He is ordering from a nursery which will send clean stock of about two-year growth.

When setting the trees, he will dig a hole large enough in circumference to accommodate the roots, without crowding, and at least six or eight inches deeper and wider than the root system, in order to allow the new feeder roots to develop easily. The tree will be set at the same depth as it was at the nursery.

After it is watered and the soil is filled to the ground level, he will mulch with two inches of some type of organic matter.

In the spring, fertilization will be of value, and a small amount to each young tree, such as ½ cup worked into the top soil, will give a good start.

Pruning and spraying are a part of tree care. Home-owners desiring a simple spray guide can have one by calling the County Extension Office.

Sowing Hog Pasture

Barton Hawkins, of Halls, is preparing to sow a hog pasture which will provide a good source of protein, vitamins, and minerals. He plans to sow ladino clover as a base, with a mixture of red clover and alfalfa, which will provide him with a late spring and summer and early fall pasture.

Small grains with crimson clover or button clover are excellent pastures for late fall, winter, and early spring.

One acre of good pasture will handle 20 growing, finishing pigs, on a full feeding program. Four to eight head of dry sows on limited feed can be run on an acre of good pasture.

Clean pasture, or land that has not had hogs on it for at least one year, is necessary for growing pigs.

Winter Lawn Protects

Lewis Walker, Jr., and others who have recently completed homes have inquired as to the best method of protecting a bare yard through the winter, in order to be ready to sow Bermuda next spring.

Much success has been obtained by using wheat on lawns, inasmuch as it stools out and protects the soil surface from erosion during the winter.

It is not troublesome to dispose of in the spring when time comes to prepare the lawn for permanent sod sowing.

Rye grass gives a beautiful lawn in the winter, but is quite difficult to get rid of in the spring, or for several years. It forms clumps, whereas wheat does not.

Home-owners should plan to lime their yards at the rate of three tons to the acre.

The addition of 5-10 pounds of nitrogen per 1,000 square feet to the wheat will give it a good start.

Mrs. Randall

Mrs. Ruth Evelyn Jaynes Randall, 56, wife of Kenneth Randall of Halls, died at 3:30 a.m. last Friday in the Millington Naval Hospital, after long illness.

Services were at 2 p.m. Sunday in Halls' First Baptist Church, with burial in Halls Cemetery, Halls Funeral Home in charge.

She also leaves a daughter, Mrs. Janine Adams, of Memphis, her parents, Mr. and Mrs. Jim Jaynes, of Halls, and a brother, Thuma Jaynes, of Ventura, Calif.

Mrs. McDearman

Mrs. Carrie McDearman, 92, widow of Anley McDearman, of Halls, died at 3:15 a.m. last Friday in Parkview Hospital in Dyersburg.

Services were at 2:30 p.m. Saturday in Mount Vernon Baptist Church at Unionville, with burial in Green Hill Memorial Gardens, Halls Funeral Home in charge.

She leaves a niece, Mrs. Cardie Dell O'Brian, of Halls.

BIRTHS

In a Memphis hospital, to Mr. and Mrs. Joe Gooch, of Memphis—a daughter, Kelly Michelle, Oct. 1st. Paternal grandparents are Mr. and Mrs. Sidney Gooch, of Halls.

Committee Seeks Early Cemeteries

Mrs. Jennie Forsberg, co-chairman of the county Bicentennial Committee, says markers have been copied from Rutherford, Cross Roads, Asbury, Mount Pleasant, Beech Bluff, Old Sawyer, Old Mitchell, Thurmond Road, Prospect, Hargrove Estate, William Conner, Carter, Anderson, and Champ Conner cemeteries.

"If people know of a private or remote cemetery, it would be helpful if they would contact Mrs. Bill Harmon, Ripley area chairman, or Mrs. Angela Terry, Halls area chairman," Mrs. Forsberg says.

Students Held For Thefts & Extortion

Halls police arrested four youths last week and charged them with theft of football equipment at the high school.

Another youth was charged with extorting money from a fellow student.

The cases were referred to Lauderdale County's juvenile court.

1974 CHEVROLET TRUCK ended wheels up after colliding with a 1967 Mercury, right, at 11:15 p.m. Monday

on old Highway 51, two miles north of Ripley. The truck's driver, Jerry W. Harrison, of 171 East End, Rip-

ley, and the car's driver, Randy F. Faulkner, of Route 3, Ripley, were treated in Lauderdale County Hospital and released.

Natural Gas Shortage
Halls is facing a drastic cut-back in natural gas supply for the rest of this month, or a penalty cost which is prohibitive.

Circulars are being printed for distribution to every customer, asking for cooperation in cutting back thermostats, closing vents under houses, closing off unused rooms, and every possible step to conserve natural gas.

It seems to us that President Ford and his economic advisory board badly missed the point in their program, announced Tuesday, to fight inflation and get this nation back on an even keel.

Being an economist—thank goodness—the editor cannot argue that the various steps suggested will not help, but the major step, and one that is vital, is a cut-back in federal spending.

The federal government simply must face up to the fact that the spend and spend programs which have been in effect for so many years have reached the point at which they can no longer be continued.

The tax surcharge may be needed, though it seems to us that most of the taxes being collected come from the same group about to be taxed even more.

Perhaps a recession will follow a cut-back in federal spending, but a major depression is likely unless a cut-back is started very soon.

Fire Claims Three Nankipoo Homes
NANKIPOO, Oct. 3—Fire completely destroyed three homes here Thursday last week.

The Danny Cates family saved most of their furnishings, but Mr. and Mrs. Tommy Hemon and Mr. and Mrs. Billy Danaway and children lost everything in the fire.

Mr. and Mrs. Cates and son moved to Halls.

Mr. and Mrs. Fleetwood Cates, owners of the apartments, were in Missouri when the blaze occurred.

Mrs. Katie Bowie and Mrs. Carrie Bennett spent the first of this week with Mrs. Annie Cates in Memphis.

Mrs. Alice Langley is ill. Mrs. Carrie Bennett and Mrs. Douglas Collins spent Thursday last week in Hickory Valley.

Mrs. Lawson Bray and Mrs. Katie Bowie spent Monday with the Ivan Raleighs in Jackson.

The Bill Smiths, of Huntsville, Ala., and Mrs. Farnelle Hinton spent last weekend at Crump with the Don Angottis and attended services in Adamsville Sunday installing Mrs. Hinton's granddaughter, Donna Angotti, as Worthy Advisor of Adamsville's Rainbow Chapter.

Halls Mayor Resigning Post

Halls Mayor James Chesler resigned Wednesday, effective immediately.

He was serving his second term, not consecutive to his first term in 1967-9.

The board of aldermen met and accepted the resignation Thursday morning and ordered the resignation to be given of a special meeting in about two weeks at which aldermen will elect a mayor to complete Chesler's term, which runs to May, 1975.

Selection of an alderman is considered probable. The aldermen are Robert Craddock, Paul Henderson, Jr., James L. Jones, Joe McCarthy, Morris McCorkle, and Eugene Pugh.

Six Aldermen Will Choose Successor To Serve Till May

Sunny weather finds cotton pickers on many farms harvesting the first bales of the season. James Jones, Halls, ginned a bale Sept. 27th at Edwards Gin Co. Besley Robertson reports that he and other farmers in that area are beginning to pick and especially on the red hillsides, where cotton tends to defoliate earlier in autumn.

Planes and high-boys are applying defoliant throughout the county in order to speed the harvest of cotton crop. Besley Robertson reports that he is using defoliant in order to get a quicker test drop during the cool weather.

James Johnson, of Arrp, and Jimmy Elder, of Cedar Grove, are applying Paraquat to soybeans in order to get a quicker test drop during the cool weather.

One-half the leaves should have been shed at the time of application and the beans should be in a green, mature stage. One-half to one pint of Paraquat with surfactant is applied to each acre.

The farmers believe that even with a slight decrease in yield, it will be worthwhile to harvest these beans as soon as possible, rather than take a chance on muddy conditions later.

Treat Soil For Insects
C. W. Ellis, of Curve, says turnip growing can be profitable if he can control wire-worms and other insects that damage the edible part of the root.

To control these insects, he has spent quite a bit of money in applying Chlordane, an insecticide residual in the soil for two or three years. He applied this at the rate of one pound per acre, the cost of which was \$12—a small cost when the value of a clean crop is considered in terms of market quality.

New ASCS Committee Member
Jimmy Fulton has succeeded Odell Williams, who has resigned from the County Agricultural Stabilization and Conservation Committee.

G. W. Odell, chairman, and H. L. Elder are other members. Land Judging Contest Held

Future Farmers of America in Tipton, Lauderdale, and part of Shelby Counties held their annual land judging event, to determine their West Tennessee competitors, at Halls Thursday.

Agriculture teachers Dwight McDaniels and Paul Parker are hosts of the group. Earl West, Soil Conservationist for Lauderdale County, selected the sites the boys judged.

BRIDGE UNDER REPAIR—W. T. Cutchin & Associates, of Dyersburg, are general contractors repairing the north end of the new Highway 51 bridge over the Fordford River north of Halls. Since new piles to 50 feet, the project will

take two years to complete the repair of both north and south lanes, says J. C. Medley, of Dyersburg, general superintendent of the firm. The \$70,000 project is funded by the state. The original bridge sagged after the river displaced supports.

Let's Keep SENATOR DAVIS On The Job

He initiated and sponsored a number of important legislative proposals and old the fight for many others. For example—Opposed all efforts to increase the Sales Tax. Unilaterally opposed to a State Income Tax. One of the principal supporters of legislation permitting the business man to receive credit for sales tax paid on bad debts.

Initiated and sponsored legislation reducing the sales tax on used farm machinery from 3 1/2 per cent to 1 per cent. Prior to passage of the legislation the tax on new farm machinery was 1 per cent and the tax on used farm machinery was 3 1/2.

His honest, forthright, and non-partisan stand has made him the most sought after and his voice one of the most powerful in the Legislature.

I am an American. Do not fold, spindle, or mutilate.

Millions of them show their pride by buying U.S. Savings Bonds.

Through regular purchases when they work or bank, they've helped preserve our freedoms by investing in their country.

At the same time, they've been storing up quite a nest egg for themselves.

U.S. Savings Bonds pay a guaranteed return. And your investment is backed by the full faith and credit of the United States of America.

Also, the interest on Series E Savings Bonds isn't subject to state or local income taxes.

You can defer federal taxes on E Bond interest until you redeem the Bond.

If your Bonds are lost, or stolen, or destroyed, we simply replace them without cost.

They're safe.

They're easy.

They're automatic.

And they're also a reminder. A reminder that we all have to work hard to keep what we have.

Investing in your country will do just that.

Think about U.S. Savings Bonds. It's a way to keep our country from getting folded, spindled or mutilated.

Being an American is comfortable. After all, we do have more than any other country in the world.

But sometimes we get too comfortable. We take our leisure and our prosperity and our freedoms for granted. Sometimes we have to be reminded that it wasn't easy for us to get where we are. That the freedoms we enjoy weren't handed to us on a platter.

Of course, the great majority of Americans have great pride in their country.

THE FATHER IN THE HOME

There are many great fathers mentioned in the Bible. Abraham had great love for his son, Isaac. We think of David's love for his wayward son, Absalom. We also think of the Prodigal Son and the love that his father had for him. And, above all, we think of the Fatherhood of God.

God has given the father the responsibility of being the head of the family (Col. 3:18, Eph. 6:22) in order to insure stability, order, and peace (cf. 1 Tim. 3:1-4).

The father should be a good example to his family. Someone has written:

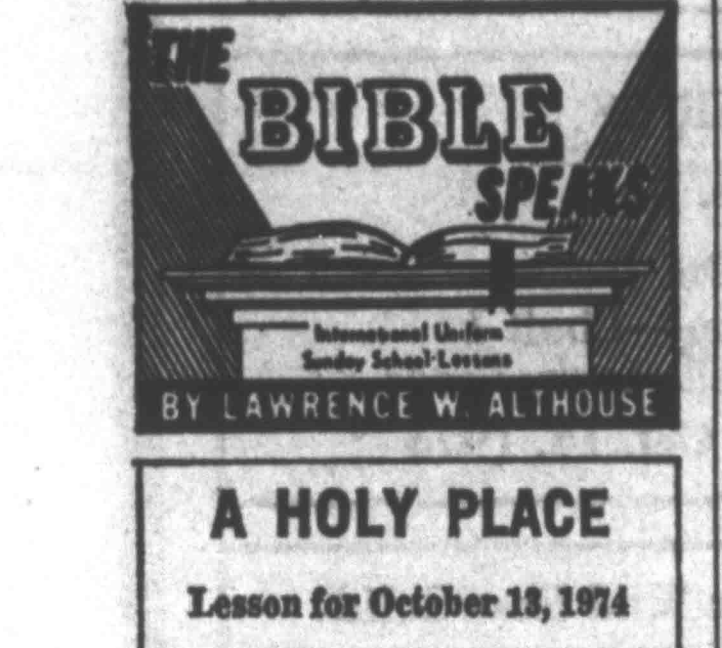

He swung on the gate and looked down the street
 Awaiting the sound of familiar feet.
 Then suddenly came to the sweet child's eyes
 The marvelous glory of morning skies;
 For a manly form, with a steady stride,
 Drew near to the gate that opened wide.
 As the boy sprang forward and joyfully cried,
 "Papa's coming!"

The wasted face of a little child
 Looked out of the windows with eyes made wild,
 By the ghostly shades in falling light.

A HOLY PLACE
 Lesson for October 13, 1974
 Background Scriptures: 2 Chronicles 29:1-19
 Through Reading: 2 Chronicles 4:1-21

In Jerusalem today on a hill called Mt. Moriah stands the beautiful Mosque of Omar, the third most important Moslem shrine in the world. This spot is also sacred to Jews for it is also believed to have been the site of the Hebrew Temple.

Inside the mosque in the very center of that ornate place of worship is a large rock on which tradition tells us Abraham offered to sacrifice Isaac. Tradition also tells us that later this same rock served as the altar stone of the Temple.

People of all faiths usually find this spot one of spiritual significance. It seems a holy place, a place where in some way God is uniquely present.

God is somewhere
 Of course, I know that God is not limited to specific geographical locations. Too long many Christians have assumed that the presence of God has been limited to the sanctuaries of their churches. "I can worship God anywhere," we say and it is true.

A little boy asked his Sunday school teacher where God is. The teacher replied: "Why God is everywhere." "Yeah," replied the little boy, "but I want him to be somewhere!"

Without realizing it, the little boy was a theologian! He realized that it is not enough for God to be "everywhere." We need to find him in some specific places as well.

So there are "holy places," where God seems especially present to us. This doesn't mean that God is limited to geographical locations or that he is "more present" in some places than others. What it does mean, however, is that there are some places where, for one reason or another, we are more aware and receptive to his presence.

People will often say something like, "I can worship God just as well on the golf course," and it is true that they can. Yet, often, perhaps usually, although they can, they don't!

Glory filled the house
 The Jews knew that they could worship God at many places—and they did. Still, they also believed that the most meaningful worship for them was that which took place in the Temple at Jerusalem. It was here that they found the ark of the covenant, a definite symbol of God's presence with them now and in the past.

It was here also that they found the two tablets of law that God gave to Moses, reminding them of their faith. Here also they were moved to sing praise and thanksgiving to their God, to celebrate his "steadfast love," and here they offered sacrifices and humble penitence, in return for which they received God's forgiveness and help in times of trouble and peril.

Everyone, regardless of what they call their religion, needs "holy places" where they can experience that kind of worship weekly.

(Note: Mr. Allhouse will conduct a 18-day tour to Bible Lands, Feb. 15-30, 1975. If interested, write: Box 112, Mohnton, Pa. 17040.)

IN EVERY PLACE

Although Jewish worship was centered in the Temple at Jerusalem, the faith of Israel was intended to be practiced in every corner of life.

The writer of Proverbs 15:3 tells us: "The eyes of the Lord are in every place, keeping watch on the evil and the good." In the Temple there was a special awareness of God's presence, but the people of Israel knew that God was not limited to that place.

Rev. Albright was not limited to that place.

In all your ways... Furthermore, they knew that there was more to religion than worship. Although worship in the temple was one great fact of the faith of Israel, the exercise of religion in daily life was another. Both of these religious perspectives were regarded as essential to the Jewish faith.

One guide for daily living was to be found in the laws of Israel. The heart of this law was to be found in the Ten Commandments, but there were many laws in addition to these of them with the purpose of helping the Jew to live by God's daily guidance.

The laws gave specific guidance for particular situations in daily life, but beyond this there was a need for principles and ideas that could be utilized in many different situations. The Book of Proverbs was assembled as an answer to that need. These are short, terse sayings that are intended to instruct the Jew in all areas of life.

In fact, this is indicated in one of the proverbs: "In all your ways acknowledge him, and he will make straight your path" (3:6). This was a rather radical approach to religion, for the faith of some of the neighbors of Israel emphasized worship and sacrifice. Religion was what they practiced when they were in a temple or holy place. Often it was quite unusual for them to relate to their fellowman.

The key of moderation The faith of Israel, however, was a faith for "every place" and the Jews were commanded to acknowledge God's presence and will in "all your ways." Key to this approach to daily living is the concept of moderation. The wise practitioner of the faith will practice moderation in his relationships with other people, particularly in his speech with other people. "A soft answer turns away wrath, but a harsh word stirs up anger" (15:1). One does not have to be brilliant to appreciate the truth of that precept.

We hope the board will be able to make a selection without ill feeling or a major dispute.

Child Killed When Car Strikes House

Claudia A. Harris, 6, daughter of Mr. and Mrs. Claude Harris, of Covington, was killed at 2:10 p.m. Sunday when a 1967 Oldsmobile sedan struck her in the yard of the home of her grand-grandmother, Mrs. Minnie McBroom, at 336 South Washington in Ripley and smashed two-thirds of its length into the frame residence.

Cynthia A. Smith, 17, daughter of Mr. and Mrs. Ted Smith, of 238 Eastland, was driving west on Highway 40 (Highway 51) by Kenansville, Branch, of Trenton, and veered into the yard of the home. The driver was not hurt. Treated and dismissed at Lauderdale County Hospital were Mrs. McBroom and Mrs. Lita McBroom, occupants of the home, and the victim's brothers, Stephen and Richard, who were also playing in the yard when the girl was struck. The driver has been charged with second degree murder and failure to maintain control of a vehicle. She will appear before Juvenile Judge Jerry G. Owsley. Services for the child were 2 p.m. Tuesday in First Assembly of God Church in Covington, with burial in Tipton County Memorial Gardens.

She also leaves her grandparents, Mr. and Mrs. A. C. Cressy, of Halls, a daughter, Amy Corbin, H. Harris, of Covington, and another grand-grandmother, Mrs. E. in Travis, of Ripley.

Confidential Corner

By Henry Murchison

Here We Go Again

The trial of John Mitchell, John Ehrlichman, Bob Haldeman, and others has finally gotten underway with accusations flying right and left. Ehrlichman is charging former President Nixon with hiding the facts from him in an effort to save his own neck and says John Dean and Nixon planned the entire affair.

Others are expected to testify to different stories, with the likelihood that all of the defendants will attempt to shift all blame to the former president.

Since all of them have either lied before, or are now lying, to save their own hides, there seems little likelihood that the true facts will ever be known.

We hope that the trials can be brought to a speedy conclusion and an end made to the Watergate affair.

A New Mayor

The Halls Board of Aldermen will name a new mayor Monday to succeed James Chesler, who resigned last week.

Speculation has been that the board will name a mayor from the board and then select a new alderman. However, there has been some speculation that former Mayor Sammie Arnold will be asked to fill out the unexpired term.

We hope the board will be able to make a selection without ill feeling or a major dispute.

Not bellies are the biggest cause of back pain. It's the muscles that support the back that are the real problem.

Halls Hosts Key For In Home-Coming Tilt

Homecoming festivities will highlight the football game as the Halls Tigers host the Fulton County Pilots this Friday evening in the home game of the season.

Returning over homecoming will be Freda Rodgers, Debra McKnight, and Regina Nash with the Home-Coming Queen to be introduced at 7 p.m. Friday in pre-game ceremonies.

Kicking off home-coming was a bonfire on the old air base Thursday evening, with a parade slated for 7:30 p.m. this Friday.

Despite a lackluster 2-3 record, Fulton County will bring one of the strongest lineups to be faced by the Tigers this year.

Last Friday evening, Fulton County posted a 14-0 win over South Fulton.

A win for the Tigers this Friday evening will virtually clinch second place in the conference and do much toward reaching the Class A playoffs.

Last Friday evening, the Tigers had little trouble as they ran their record to 4-2 with a 42-17 win at Gleason.

The Tigers racked up 25 points in the first quarter, with Ralph Taylor scoring on a 23-yard run, Ira Eason going in from two yards out, Cleo Carter carrying it in from the 5-yard line, and Eason getting his second touchdown from two yards away.

Leo Arnold scored on a 23-yard pass from Carter, Taylor added a 7-yard run for his second score in the third quarter, and Greg Parker finished the Halls scoring with a four-yard run in the final quarter. Cleo Carter kicked one extra point. Gleason scored once in the third quarter as Halls Coach Richard Tomlinson used every member of the Tiger squad.

Tracy Davis, 11, son of Mr. and Mrs. Aaron Davis, of Nashville, placed first in his division last Saturday in Punt, Pass, and Kick at the county camp in Halls, representing McDearman Motors, of Halls.

Tracy attained an aggregate score of 225, rated excellent for a 11-year-old boy.

This is his second first place in three years. He placed first two years ago in the 9-year-old group and was runner-up last year.

He will compete in division competition this Saturday. Winners in Memphis will go to New Orleans in early November for regional competition.

Mike Emerson remains in Baptist Hospital in Memphis. He was discharged from Lauderdale County Hospital.

D. Rhodes and Mrs. Sue VanCamey, both of Memphis.

Services were at 2 p.m. Saturday in Curry Funeral Home, with burial in Mount Vernon cemetery at Unionville.

Looking Around

Charlie McFarley is "old hat" in ventriloquist circles, but in St. Paul he is the former garbage disposal installer turned Mayor who generally creates an uproar wherever he charges. At 50, he races around the city in his Super Car—a big limousine-chasing criminal, fire engine and misadventurer—all to keep his campaign promise of making St. Paul the safest city in America.

A Dawsonville, Georgia museum devotes itself exclusively to the illegal art of moonshine and boasts of moonshine equipment to "float the whole state off on a sea of white lightning", but the AAA points out its location is less than ideal—it's right near the city jail.

New York City streets had 70,000 abandoned cars removed by the Sanitation Department in 1970 . . . compare this figure to 58,000 in 1968 and 37,000 in 1966 and you have a projected view!

James Lindop and Donnie Jennings sandwiched in their wedding during lunch hour, with fish, tacos and watermelon eaten in place of cake. The newweds, both employed at the University of Texas in El Paso, worked on campus before and after wedding to help register students for the second summer session . . . for "service far beyond the line of duty."

Hollie Chilton, a 100-year-old Kentuckian, summed it all up nicely on the mini-skirt situation . . . said her "It's got so I never see a woman's face anymore, but I know all the women in my neighborhood by their legs!"

A high-fashion barber in San Francisco with \$100,000 of fire insurance uses the hot-foam test in men's hair styling—a blowtorch to seal up hair ends that split. Mr. Eckhardt charges \$10 for the clipper, throws the blowtorch in free, and said he hasn't lost a customer yet!

The Basin Authority makes good sense because it allows those directly affected by flooding to have a say in flood control programs affecting them.

Succeeded in adding Barge lines using the Mississippi to the Tax rolls. The 5% assessment by the Public Service Commission of these companies for 1974 is in excess of \$3 million, resulting in additional tax dollars to Tipton, Lauderdale, and Dyer Counties.

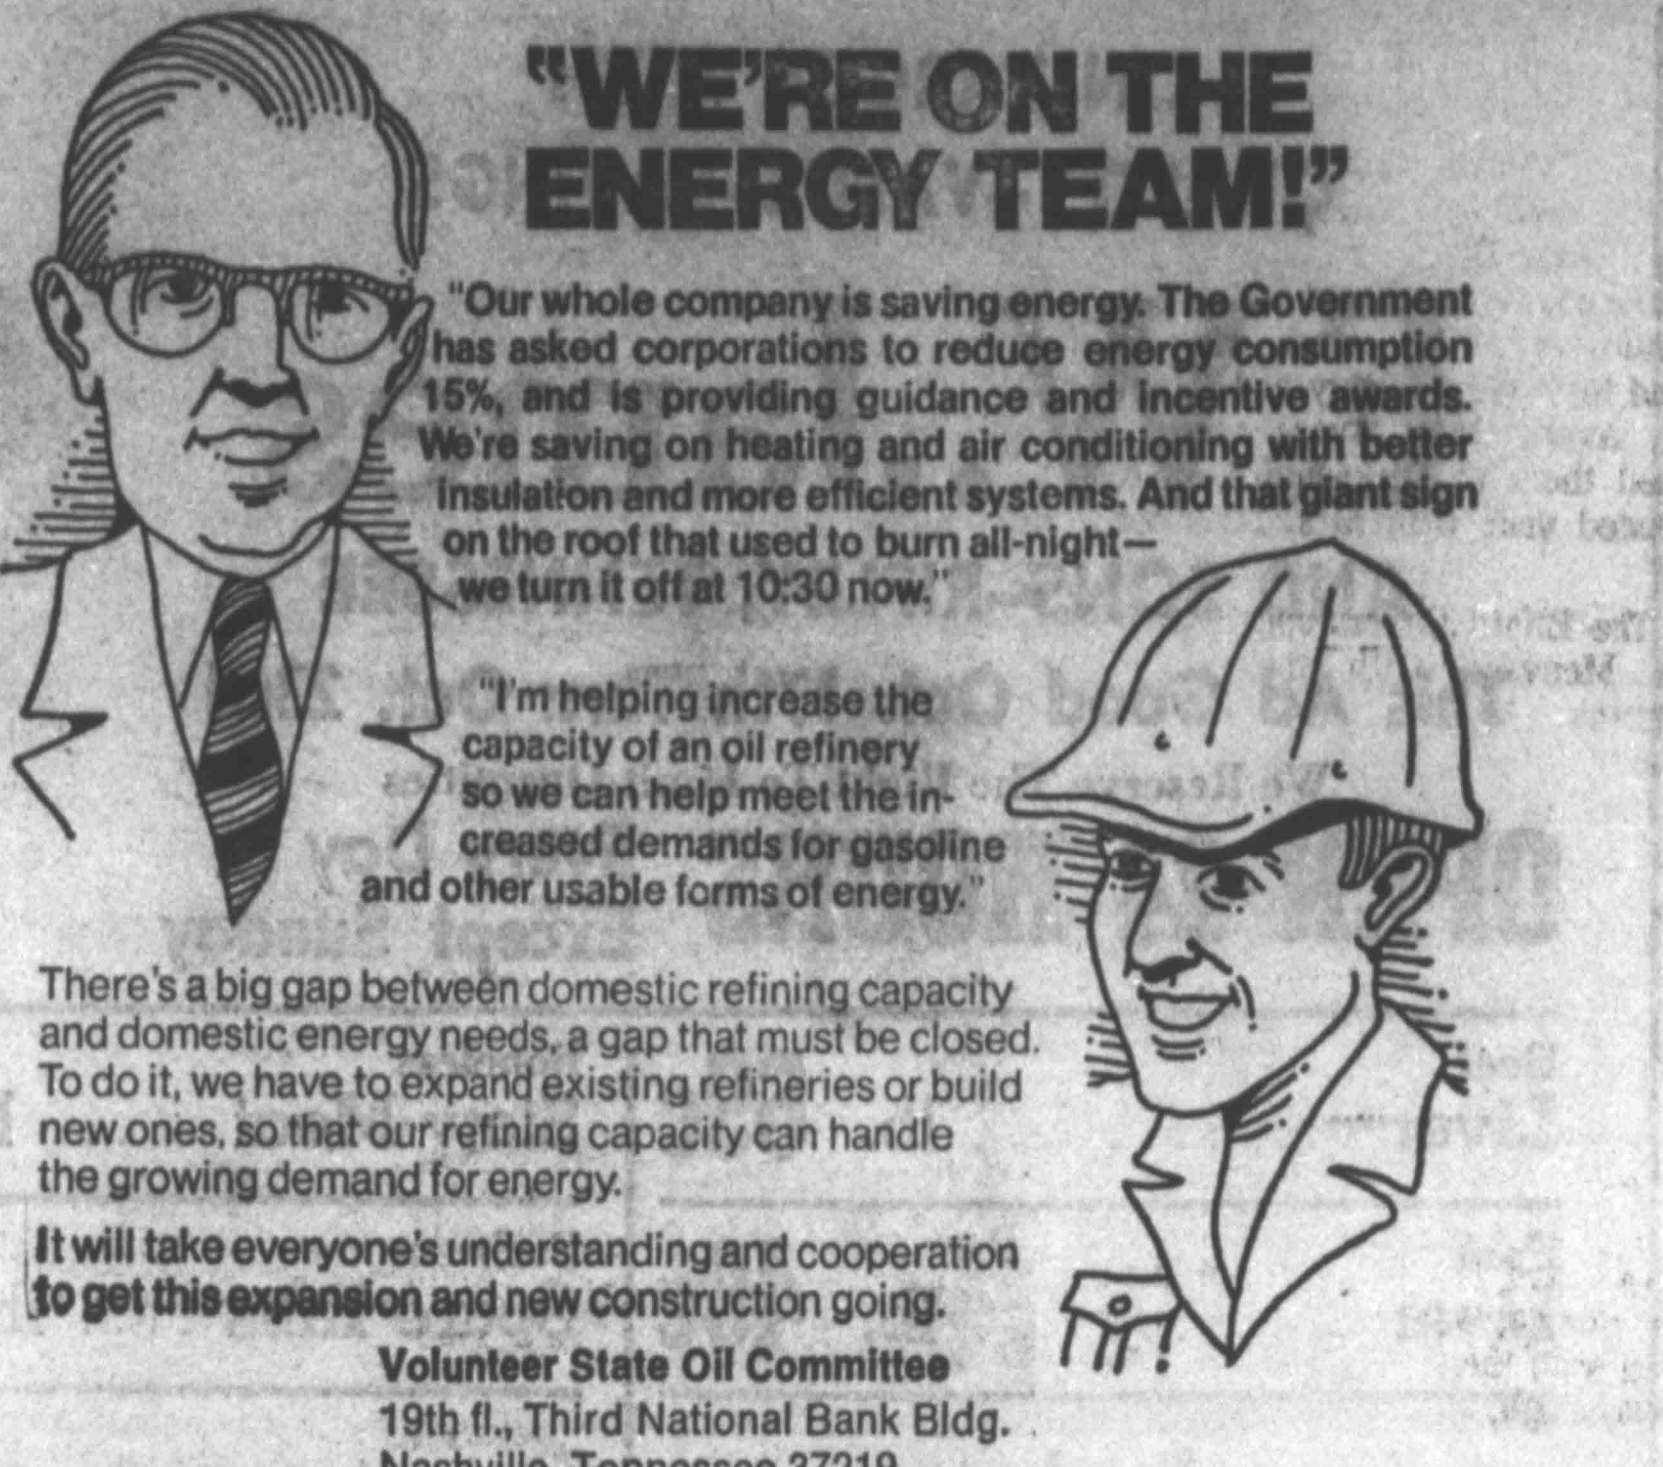

Pressed for completion of Highway 51—resulting in more miles completed, under construction, or under contract in 4 years than in the previous 20 years.

Re-Elect BILL JIM DAVIS

State Senator

Political Adv. Paid For By Jim Edmonds, Treas.

"WE'RE ON THE ENERGY TEAM!"

"Our whole company is saving energy. The Government has asked corporations to reduce energy consumption 15%, and is providing guidance and incentive awards. We're saving on heating and air conditioning with better insulation and more efficient systems. And that giant sign on the roof that used to burn all night—we turn it off at 10:30 now."

"I'm helping increase the capacity of an oil refinery so we can help meet the increased demands for gasoline and other usable forms of energy."

There's a big gap between domestic refining capacity and domestic energy needs, a gap that must be closed. To do it, we have to expand existing refineries or build new ones, so that our refining capacity can handle the growing demand for energy.

It will take everyone's understanding and cooperation to get this expansion and new construction going.

I am an American.

Do not fold, spindle, or mutilate.

Millions of them show their pride by buying U. S. Savings Bonds. Through regular purchases where they work or bank, they've helped preserve our freedoms by investing in their country.

At the same time, they're been storing up quite a nest egg for themselves.

U. S. Savings Bonds pay a guaranteed return. And your investment is backed by the full faith and credit of the United States of America.

Also, the interest on Series E Savings Bonds isn't subject to state or local income taxes.

You can defer federal taxes on E Bond interest until you redeem the Bond.

If your Bonds are lost, or stolen, or destroyed, we simply replace them without cost.

They're safe. They're easy. They're automatic. And they're also a reminder. A reminder that we all have to work hard to keep what we have.

Investing in your country will do just that.

Think about U. S. Savings Bonds. It's a way to keep our country from going folded, spindled, or mutilated.

Of course, the great majority of Americans have great pride in their country.

Take stock in America

Being an American is comfortable. After all, we do have more than any other country in the world. But sometimes we get too comfortable. We take our leisure and our prosperity and our freedoms for granted. Sometimes we have to be reminded that it wasn't easy for us to get where we are. That the freedoms we enjoy weren't handed to us on a platter.

Of course, the great majority of Americans have great pride in their country.

If they're lost, stolen, or destroyed, we replace them.

THE MOTHER IN THE HOME

The first mother was called Eve, which means the "mother of all living" (cf. Gen. 3:20). The Bible reveals much about the rewards and the responsibilities of motherhood. There are many beautiful passages from literature which increase our appreciation of mother. Someone has written:

"God made the streams that gurgle down the purple mountainside;
He made the gorgeous coloring with which the sunset's dyed;
He made the hills and covered them with glory, and He made

The sparkle on the dewdrops and the flecks of light and shade.
He made a little woman with a baby in her arms!
He made the arching rainbow that is thrown across the sky;
He made the blessed flowers that nod and smile as we go by;
He made the gladsome beauty, as she bows with queenly grace;
But the sweetest of them all, He made the love-light in the face That dainty little woman with a baby in her arms."

The career of motherhood is woman's highest calling. There is nothing else comparable to it. (cf. Jno. 16:21).

Not only do mothers enjoy great blessings, they also have great responsibilities. Ezekiel wrote, "Like

ELECT David W. Lanier YOUR STATE SENATOR

CAPABLE, TRUSTWORTHY, AND EXPERIENCED
Crockett, Dyer, Haywood, Lauderdale, And Tipton Counties
Box 822, Dyersburg, Tenn.—Tel. 285-3248 Or 285-4971

ELECT A STATE SENATOR WHO CAN GET SOMETHING DONE FOR OUR DISTRICT

All of us want to elect the most effective person we can get to the offices that make the laws by which we must live each day, and in the case of State Senator, finding out the qualifications of those running is about the only way we have to reach a decision. "Qualifications" differ in the minds of different individuals, so I am going to try to cover most of the points that have been discussed with me during this campaign.

First of all, I am a family man with two young daughters, ages 4 and 7, and all four of us attend Lake Road Church of Christ in Dyersburg Sunday morning, Sunday night, and Wednesday night.

I am 39 years young, a graduate of Dyersburg High School, did three years undergraduate work at Memphis State, and received my law degree from the University of Tennessee at Knoxville in 1958. I have practiced law and engaged in farming operations and business operations in Dyer County since that time, except while at Lackland Air Force Base in Texas. I attained the rank of Staff Sergeant in the Air Force National Guard before receiving an Honorable Discharge in 1965.

In 1963 I was elected to a two year term as Alder-

man at Dyersburg and in 1965 was elected to the first of five two year terms to the office of Mayor of Dyersburg. During those years Dyersburg has constantly grown in size, job opportunities, public facilities, and economically. We have worked long and hard with our public spirited citizens to bring these things about, and this record is there for all to see and ask about. It has happened with the full cooperation of all concerned, but nevertheless, it has happened during the last ten years.

The Democratic Party will have the majority in the Senate next session regardless of the outcome of the November 5th elections, and they will name the Speaker of the Senate—the man who would become Governor—if something happened to our elected Governor—so the only way our district can have a voice in this selection is to have a Democratic Senator. An Independent can not have a voice in his selection this session in any case.

You must make the decision as to whom you think can best represent you in ALL matters to be decided in the Senate, and the way to reach your decision is to consider the qualifications of both candidates.

Why The Difference?

Eighteen days from today, about 6,000 people will vote for governor in Lauderdale County. The winner state-wide will be your Chief Executive for four years. I know he will do his best to serve all the people. He will represent all 95 counties, or four million people. The facts are, due to the demand on his time, the average citizen will never be able to shake his hand or have as much as five minutes conversation with him. WHO WILL BE YOUR VOICE IN NASHVILLE?

On November 5th, about 5,800 people will vote for a State Senator. Yes, about 200 people will fail to vote for a Senator. Think about this. One of these men will serve in your State Senate Chamber, voting FOR or AGAINST many laws on taxes, insurance, etc., that will affect your everyday livelihood. This man will represent five counties, or 113,000 people, and there is no way your Senator can spend the necessary time he must in Nashville and take care of his own profession or business, and allow very much time in each of the five counties. WHO WILL

BE YOUR VOICE IN NASHVILLE?
On election day, 5,600 people will vote for a State Representative. Yes, another 200 will forget to vote in this race, making a difference between governor and representative voting of 400 votes.

WHY YOU SHOULD VOTE FOR STATE REPRESENTATIVE: Your Representative will vote on every bill, YES or NO, that your Senator will vote on. Your elected Representative is the person to whom your Senator will go for advice on what you want done, because he knows the Representative is closer to the people, and he wants to vote as the majority of the people wish. Yes, your Representative is the elected state official nearest you, and your Representative will be your VOICE IN NASHVILLE!

LET ME BE YOUR VOICE IN NASHVILLE: Having no other duties or job responsibilities to any group or company, I will be a full-time Legislator, 365 days per year, and my only interest will be the people of the 79th District.

THAT'S RELIGION

Lesson for October 21, 1974

Background Scripture: Amos 5:10-16
Ps. 51:1-17
Isa. 58:1-12

Amos was neither popular nor well-received in Israel. In fact, he was clearly unwelcome and his religious authority of that kind gave him the biblical equivalent of "Get lost, buddy!" There seemed to be good reason for his rejection.

For one thing, he was a stranger to Israel. It seemed highly preposterous for this citizen of Judah to come north to tell the people of Israel what was wrong with their way of life. His kind of middle-class trouble-making was not appreciated by the people of Israel.

A matter of Credentials

Secondly, Amos had no religious credentials. He was not a priest, nor did he seem to have any special education or training for religious work. Actually, he was a layman, a farmer, what business did he have trying to speak as a religious authority?

Furthermore, he was condemning people who regarded themselves as very religious. They were a nation that had a number of holy places and shrines for worship, they observed all the religious festivals and feasts, and they regarded themselves as "God's people." How dare he point an accusing finger at them which were not religious, but social and economic. For example, he protested the treatment of poor people. Evidently he did not understand economics.

He also criticized the administration of justice, particularly the use of bribes and payoffs. Didn't he realize that everyone did it and this was the normal way in modern society?

Another one of his criticisms was leveled at the shrewd business practices of many affluent merchants. So they foreclosed and repossessed on people who couldn't pay their bills, after all, that's business! So they cheated on a weight and measure; that's the way business is conducted by everyone these days!

Prophecy: Go Home!

Amos was particularly obnoxious to Amos, the priest of the temple at Bethel: "O seer, go, flee away to the land of Judah and not bread there; neither again prophesy at Bethel, for it is the King's sanctuary..." (7:12). It was just another way of telling Amos to go home and stick to religion.

But Amos was wrong on two counts. First, the temple at Bethel did not really belong to the King of Israel, but to God. Where better to speak of God's message than in his own sanctuary?

Furthermore, Amos was "sticking to religion." The people of Israel thought that elaborate worship and religious festivals were the essence of religion, but Amos liked up the oppression of the weak, the lying and cheating of the powerful, the corruption of economic, social, and political life and was saying as loudly as he could: "That's religion!"

GREETING LAMAR ALEXANDER, Republican candidate for governor, during his visit to Ripley Saturday was Aaron Miller, right, Willard Kees, of Ripley, and an active Republican campaign worker.

GAS SERVICE ENDS FOR HALLS FIRMS

Six Halls businesses Wednesday lost natural gas service until Nov. 1st to avoid the town's exceeding its summer allotment.

Excess gas carries a penalty rate of \$10 per 1,000 cubic feet and could top \$1,000 a day for Halls.

Service was shut off to Custom-Craft Mfg. Co., GG Mfg. Co., Hutcherson Scrap Co., Phillips Tool Co., Halls Cleaners, and Vaden Cleaners. The six firms have more than 500 employees.

Utilities Supt. Joe Clyde Eacus said service might be restored for one or two days this month. A winter allotment goes into effect Nov. 1st.

Tiger Victors Over Fulton County Hit Road For 3 Games

The Halls Tigers travel to Erin Friday in the first of three road trips for the final three games of the season.

Erin, a Class A team, has a 4-2 record, with 83 yards on the ground and 10 through the air as the Tigers' defense totally dominated the game.

A win this Friday would give the Tigers their best record in years. Victories in the final three games would bring the best record to 20 years.

Last Friday, halfback Ralph Taylor scored on runs of 23 and 15 yards in the third quarter as the Tigers topped Fulton County, 12-0.

It was the fifth win of the season for the Tigers, against two losses. Taylor carried the ball 22 times and gained 204 yards. The Tigers had 312 yards rushing and 29 passes with thirteen first downs.

Fulton County had only six first downs, with 83 yards on the ground and 10 through the air as the Tigers' defense totally dominated the game.

Next week, the Tigers have another long road trip to Middleton. They close the season at Greenfield.

The remaining schedule is:

Nov. 1 At Middleton
Nov. 6 At Greenfield

I am an American.
Do not fold, spindle, or mutilate.

Millions of them show their pride by buying U.S. Savings Bonds. Through regular purchases where they work or bank, they've helped preserve our freedoms by investing in their country.

At the same time, they've been storing up quite a nest egg for themselves.

U.S. Savings Bonds pay a guaranteed return. And your investment is backed by the full faith and credit of the United States of America.

Also, the interest on Series E Savings Bonds isn't subject to state or local income taxes.

You can defer federal taxes on E Bond interest until you redeem the Bond.

If your Bonds are lost, or stolen, or destroyed, we simply replace them without cost.

They're safe.

They're easy.

They're automatic.

And they're also a reminder. A reminder that we all have to work hard to keep what we have.

Investing in your country will do just that.

Think about U.S. Savings Bonds. It's a way to keep our country from getting folded, spindle, or mutilated.

Being an American is comfortable. After all, we do have more than any other country in the world.

But sometimes we get too comfortable. We take our leisure and our prosperity and our freedoms for granted. Sometimes we have to be reminded that it wasn't easy for us to get where we are. That the freedoms we enjoy weren't handed to us on a platter.

Of course, the great majority of Americans have great pride in their country.
