HENNING TENN

WATCH THE BIRDIE—Mrs. Tommy Garstang, of Henning, tried out the setting in which her husband took photographs of Henning Fall Festival goers Saturday to help raise funds for a Minna Crutcher Park in Henning. The day's events raised more than \$650. (Additional photos inside).

Rains Boost Crops Here

By Charles T. Peal
Slow rains allowed Lauderdale County soils to absorb an abundance of much needed moisture last week, Green with amounts ranging from one and one half to three inches reported in various sections.

Soy beans will benefit, as all the early crop is in the pod-fill stage.

Later beans, still in the bloom stage, will set pods more quickly now that cooler temperatures have arrived.

Danny Meeks last week sprayed some of his beans for the corn ear-worm and/or fall army worm. These insects can be damaging in local situations but are not noticed unless serious damage has occurred or fields have been conscientiously scouted.

The corn ear-worm, also called the boll-worm or pod-worm, can cause serious reduction in yields, since it feeds directly on the beans by eating a hole in the pod and consuming the seed.

Large caterpillars may be green, brown, yellow or black. The body is stocky and the head usually pale brown or orange. Light and dark stripes run the length of the body. It has four pairs of abdominal pro-legs. The fall army worm is a multi-color striped caterpillar with an inverted "Y" on the head. It may feed on leaves, stems, pods, and beans.

Stink bugs are appearing in large numbers this fall, sucking the juice from immature bean seeds. This introduces disease organisms into developing seeds, reduces germination, and lowers milling quality. Damaged beans appear wrinkled and are small in number.

These bugs are shield shaped, either green or brown, and about half an inch in length. Fields should be scouted regularly to determine the populations.

Boll-worms and army worms should be controlled when an average of one per two feet of row is found, stink bugs when an average of one per foot of row is found.

Wrong Way On New 51: Crash Kills 1, Injures 6

Mrs. Betty Tyus, 22, of Ripley, was killed at 2:30 a.m. Saturday on Highway 51, two miles north of Covington, when a car driven by Billy J. Harrison, 25, of Henning, southbound in northbound lanes, collided in heavy fog with a northbound car driven by Larry Adams, 26, of Covington, according to state highway patrolman Larry Gamblin. Six persons were injured, one seriously, Gamblin said.

cluding carbon disulphide which can be purchased locally, will insure that weevils will not destroy the seed.

Some gardeners with sufficient storage space in the refrigerator have kept seed there over the winter.

Sell Feeder Calves
Brownsville feeder calf sales will be held Oct. 2nd for Angus and cross-bred steers, Oct. 5th for Hereford and cross-bred steers, and Oct. 9th for all breeds of heifers.

This graded sale allows producers to market feeder calves in uniform lots and for many years has commanded prices from two to five cents a pound more than area livestock markets.

Producers interested in marketing through the association can do so by joining and having their calves inspected.

Many calves from this area are fed in the corn belt, and a recent trip to the corn belt by some Brownsville feeder sales representatives found that the feed-lot people were well pleased with Tennessee calves.

Edric Owen III, president, announces that the Lauderdale County Livestock Association will meet at 7 a.m. Sept. 14th in the Golden Hawaii Restaurant.

Bobby Baker, representative of the Drover's Journal, a livestock publication, will be the speaker.

Farmers Union Bank will sponsor this meal.

Cattlemen interested in association work and/or becoming members are invited to attend.

Tree Ordering Time
Home owners, farmers, and others who desire to get pine or hardwood trees will need to place their orders soon with the Tennessee Forest Nursery.

Orders can be taken at the County Extension Office, Area Forestry Office, and Soil Conservation Service Office.

Delay Million \$ Cells, Blood Plant At Prison

Uncertain whether a \$1,100,000 project to convert a wing of Fort Pillow State Prison Farm's main building to 2-man cells will meet prison standards to be forced upon the state by a Nashville chancellor, the State Building Commission last week temporarily shelved the project, along with a private company's proposal to open a plant at the prison to process plasma from blood purchased from inmates.

State House Speaker Ned Ray McWherter, a commission member, lashed Chancellor Ben Cantrell's decision to appoint a special master to correct conditions in prisons which the chancellor ruled Aug. 23rd violated state and federal constitutions.

McWherter spoke out after Attorney General William Leech told the panel that the 2-man cells of 116 square feet each with which the project would replace 16-man cells might not meet whatever minimum standard the special master might set, which would force the state to use them as 1-man cells which would house only half as many prisoners.

"We've got thousands of hard-working, tax-paying families in this state whose children don't have private rooms," McWherter said.

"I'm just not going to be in favor of treating prisoners better than ordinary citizens.

"The chancellor is a fine man, he comes from my county [Weakley], but he has totally gone beyond reasonable demands. If the judiciary of this state starts appropriating dollars, we're in trouble."

'A Bad Precedent'

McWherter said it is "a bad mistake and setting a bad precedent" for a judge to take charge of the prison system rather than merely direct the executive branch of government to correct deficiencies.

Another board member, Lt. Gov. John Wilder, of Somerville, joined in this criticism.

"No one shows any appreciation for those of us who voted for tax increases to try to help the prison system," McWherter continued.

"I did and had to go back home and try to explain it.

"That all goes without consideration and appreciation.

"We know that we've done all that we can do," Wilder said.

Three Blood Units?

A plasma extraction center at the main prison in Nashville drew press and legislative fire last year because it permitted a private company to profit from prisoners.

Similar plants are now being proposed for Fort Pillow and Turney Center.

Leech told the commission the plasma extraction question was not now part of the suit before Cantrell, "but I can't guarantee that it never will be."

The commission did authorize a contract to build the state's fourth regional prison, in Morgan County, for which Ray Bell Construction Co., of Brentwood, was low bidder at \$7,054,000.

Another regional prison has been planned for Lake County, but questions have now arisen as to whether soil conditions there will be suitable for heavy construction.

Arboretum Queried

The commission asked Conservation Commissioner Buck Allison to come back Sept. 20th with more data on a 1,300-acre, \$1,500,000 arboretum, or tree park, in Warren County.

The legislature has appropriated \$100,000 for initial planning and land acquisition, matched by \$100,000 from the federal Bureau of Outdoor Recreation.

Allison said the park, which would include botanical gardens and green-houses, would attract "tens of thousands of tourists" and pay for itself.

He said the site, a gorge on the western slope of the Cumberland Plateau, has an abundance of wild flowers at various elevations.

The site is eight miles southeast of McMinnville.

Crusade Hunting Graham Workers

J. V. Reeves, pastor of Smyrna Baptist Church and director of counseling for the E. J. Daniels Crusade in Covington Sept. 10-17 asks those trained as counselors for the Billy Graham Crusade in Memphis meet at 2 p.m. this Saturday in Cobb-Parr Park in Covington, if they will aid the Daniels Crusade.

Chancellor Ben Cantrell

We Goofed!

Apparently because your editor failed to properly load the camera, two pictures for this week's issue of the Graphic did not turn out.

The first picture was the grand opening of Western Auto Store last Thursday. Included in the picture were the new store owners, Mr. and Mrs. Tommy Stanley and Home Hand; the former owner, Joe McCarthy; Mayor Sammie Arnold cutting the ribbon; Bank of Halls vice-president Donald Hogue; Bud Meadows, owner of Ripley's Western Auto Store; Jimmy Hutcherson, store employee; and Dave Campbell, Western Auto representative of St. Louis, Mo.

The other picture was an oddity brought to us by Nelle Kendrick, our Poplar Grove correspondent. Nelle started out to make a banana pudding several days ago and found that she had a Siamese twin banana(s). The banana was so unusual we got a neighbor boy, 6-year old John Burks, to hold it while we took the picture.

We apologize and will try not to let it happen again but it probably will!

Revival Set At Elon Church

The Rev. Dennis Deal, of McKenzie, will be the speaker for a series of revival services, Sept. 11th-17th, at Elon Baptist Church at Double Bridges.

Services will be at 7:30 p.m. daily with special music planned each evening.

The Rev. Bobby Hayes, pastor, invites the public.

P-TO To Meet Monday Night

Mrs. Leroy Harris, president, has announced the first meeting of the Halls Parent-Teacher Organization at 7 p.m. in the new elementary school cafeteria.

Mrs. Harris said the membership drive, opened Aug. 9th, will continue through the month of September. She urges attendance at Monday's meeting.

Warden Invites Surprise Visits

Decrying Chancellor Ben Cantrell's "take-over of the prison system," Fort Pillow State Prison Farm Warden Robert H. Moore this week invited tours by students and private citizens "to come unannounced to see our operations, to talk to our residents, and to witness for themselves the conditions of our state institutions."

"Since I am a career employee of the Tennessee Department of Correction," Moore says, "and have observed the many changes and growth of this department over the years, as I have risen from Correctional Officer One to my present status as Warden at Fort Pillow, I cannot refrain from taking issue with the recent ruling made by Chancellor Ben Cantrell ordering the Court take-over of the prison system and appointing a Special Master or court officer to supervise the Correction Department in implementing his orders."

"This order listed problems classified as top priority that need immediate attention such as overcrowding, violence and constant fear of assault, inadequate medical system, idleness and unsanitary and unhealthy living and dining conditions."

"Judge Cantrell said his court appointed official would work closely with prisoners and state officials in upgrading the prison system."

"This is exactly what has been happening over the past ten years, as our Department Commissioners have met with citizens, court officials, county representatives, and others all across Tennessee proclaiming the needs and projected goals of the Correction Department in building regional jails and prisons—but have met with constant opposition at all levels."

"Our present Commissioner, C. Murray Henderson, is qualified in every area of correction (and could probably be declared one of the top penologists in the country) to 'upgrade' the system as Judge Cantrell suggests."

"If he had been able to secure statewide community support, the problems listed in the

Pick Ken Dykes Officer Of Year

Ken Dykes, who joined the Tennessee Wildlife Resources Agency two years ago as Lauderdale County wildlife officer and is now assistant area supervisor, has been named Wildlife Officer of the Year for the Southeastern Association of Fish and Wildlife Agencies.

"Ken's enforcement of wildlife laws and his public relations work have helped develop a positive attitude and respect among many people toward the fish and wildlife resources of Lauderdale County," says Gary Myers, TWRA executive director.

"Ken was instrumental in slowing the illegal telephoning of fish on the Mississippi River; he established a nucleus of concerned and dedicated sportsmen as hunter safety instructors; and he assisted in turkey trapping and transplanting efforts on Anderson-Tully Wildlife Management Area," says Myers.

"Since his promotion to assistant area supervisor, Ken has declared war on litterers, and his efforts have resulted in public recognition of the need for county-wide trash disposal in two counties."

"In our opinion many of these charges can be refuted if the public could see for themselves."

Promoted

MRS. OLLIE MATTHEWS, a Bank of Ripley employee since 1962, has been promoted to assistant cashier, to work in the business development department. She has been head teller six years. She is a graduate of Ripley High School and of the Young Bankers School of Vanderbilt University in Nashville. Mr. and Mrs. Matthews belong to Whitefield Assembly of God Church.

Contract I—Drainage Improvements, Halls, Tennessee

Separate sealed bids for the construction of Contract I, Drainage Improvements, Halls, Tennessee, will be received by the Halls Community Development Office at the City Hall, Halls, Tennessee, until 11:00 a.m. (Central Daylight Time), September 26, 1978, then at said office publicly opened and read aloud.

Work to be performed consists of:
Ditch excavation, rip-rap with and without grout, corrugated metal culverts, concrete gutter and all appurtenances, grading and work thereto, etc.

The Contract Documents, consisting of Advertisement for Bids, Information for Bidders, Bid Bond, Agreement, Contract Bond, General Conditions, Supplemental General Conditions, Drawings, Specifications, and Addendum may be examined at the following locations: Office of Community Development, Ripley, Tenn.; Whitsitt, Gavin, Holcomb, Inc., 3294 Poplar Avenue, Suite 345, Memphis, Tenn.; and may be obtained from either location upon payment of \$50.00 for each set of Contract I.

Any unsuccessful bidder, upon returning the Contract Documents promptly and in good condition, will be refunded his entire payment, and Non-Bidders upon returning the Contract Documents will be refunded \$25 for Contract I.

A certified check or satisfactory Bid Bond in the amount of 5% of the amount of the Bidder's proposal price must be submitted with the bid.

The Bidders are notified this project is funded in whole by a grant from the U. S. Department of Housing and Urban Development, and that wage rates and noncollusion, prohibition of interest by certain officials, equal employment and non-discrimination certifications will be required from the Bidder to whom the Contract is awarded, and that the Contractor to whom this Contract is awarded must comply with wage and hour provisions herein and must assure that applicants for

employment and employees are not discriminated against because of race, color, sex, creed, or national origin.

Affirmative Action to ensure equal employment opportunity. (Executive Order 11246).

1. The Offeror's or Bidder's attention is called to the "Equal Opportunity Clause" and the "Standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth herein.

2. The goals and timetables for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the covered area, are as follows:

APPENDIX A
The Contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required by the specifications set forth in 41 CFR 60-4.8(a) and its efforts to meet the goals established for the geographical area where the contract resulting from this solicitation is to be performed. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and the Contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Contractor to Contractor or from Project to Project for the sole purpose of meeting the Contractor's goals shall be a violation of the Contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total work hours performed.

APPENDIX B
Until further notice, the following goals and timetables for minority utilization shall be included in all Federal and federally assisted construction contracts and subcontracts in excess of \$10,000 to be performed in the following covered areas. The goals are applicable to the Contractor's and subcontractors in excess of \$10,000. The goals are applicable to the Contractor's and subcontractors in excess of \$10,000 to be performed in the following covered areas. The goals are applicable to the Contractor's and subcontractors in excess of \$10,000 to be performed in the following covered areas.

3. The Contractor shall provide written notification to the Director of the Office of Federal Contract Compliance Programs within 10 working days of award of any construction subcontract in excess of \$10,000 at any tier of construction work under the contract resulting from this solicitation. The notification shall list the name, address and telephone number of the contractor, employer identification number, estimated dollar amount of the subcontract; estimated starting and completion dates of the subcontract and the geographical area in which the contract is to be performed.

4. As used in this Notice, and in the contract resulting from this solicitation, the "covered area" is the Town of Halls, Tennessee.

No subcontractor shall be used on the project without prior approval of the Engineer, Owner, and Funding Agency.

Low income local labor and business, "Section 3 Clause," is required for the project. Sammie L. Arnold, Mayor, Town of Halls, Tennessee. 9-7-78

DANGEROUS WORK

Most people don't think so... until it's too late.

Putting up an antenna within falling distance of an electric line is risky business at best... deadly business at worst.

Last year, 92 people were killed and 156 were injured installing home antennas.

Never install an antenna where it can fall on an electric wire. Or next year you could be just a number.

Everything Checking Accounts!

In many ways it makes more sense to use our checks than the real thing. A trim checkbook is much safer to carry than a full wallet.

One check from Everybody's Bank can become any sum of money. Bill paying can be done through the mail.

Then there's checking records to show where the money's gone. Just about everything cash can't do, our checking does. Try it.

INVITATION TO BIDDERS

Sealed bids for the construction of the Ripley Elementary School in Ripley, Tennessee, in Lauderdale County, Tennessee, will be received at the office of the School Superintendent in Ripley, Tennessee, by Mr. O. R. (Jack) Taylor, Superintendent of the Lauderdale County Board of Education, on or before September 28, 1978, at 4:00 P.M., C.S.T., and at said time and place will be publicly opened and read aloud.

Construction will consist of approximately 95,000 square feet, with playground, kitchen, cafeteria, administration area, and classroom.

Materials will include concrete, block, brick, structural steel, bar joist, metal deck, insulation, light weight concrete, built-up roof, asphalt shingles, vinyl asbestos tile, acoustical tile, paint, wood doors and hollow metal frames, quarry tile, kitchen equipment, plumbing, mechanical and electrical work.

Certain Alternates will be included in the Specifications to enable the Owner to determine the extent of expenditures necessary that will come within the limits of the funds available, or to become available, for the Project. Co-operation of the Bidders is solicited by the Architect-Engineer and Owner in fully completing all parts of the Proposal Form which will be included with the Specifications.

The Drawings and Specifications are available at the offices of Hart-Freeland-Roberts, Inc., Architects-Engineers, 2140 Belmont Avenue, Nashville, Tennessee 37212. They are available for viewing at the offices of the Architect-Engineer in Jackson, Tennessee.

A charge or deposit of TWO THOUSAND FIVE HUNDRED (\$2,500.00) DOLLARS from each General Contractor will be required for Plans and Specifications. This charge or deposit will be refunded to all but the successful bidder if a bona fide bid is tendered and Plans and Specifications are returned in good condition within ten (10) days after the date set for bidding. The deposit will not be refunded to the bidder to whom the Contract is awarded. This deposit entitles each General Contractor to one (1) set of the Drawings and Specifications. Extra sets may be purchased as outlined below.

Extra sets of the Drawings and Specifications will be furnished to General Contractors at cost. They will be furnished to subcontractors and material suppliers at cost. A complete set will cost \$75.00. This cost is not refundable. Individual sheets of the Drawings and individual pages or divisions of the Specifications may be purchased at a cost of \$2.50 per Drawing and \$25 per sheet of Specifications.

A Bid Bond, in the amount of Five (5%) Percent of the bid, is required as a guarantee that Performance, Labor, and Material Payment Bonds, in the amount of One Hundred (100%) Percent of the Contract Amount, will be entered into if the bid is accepted.

The Bid Proposal Form must be properly filled out and must not be detached from the Specifications. No qualifying letters or statements will be considered.

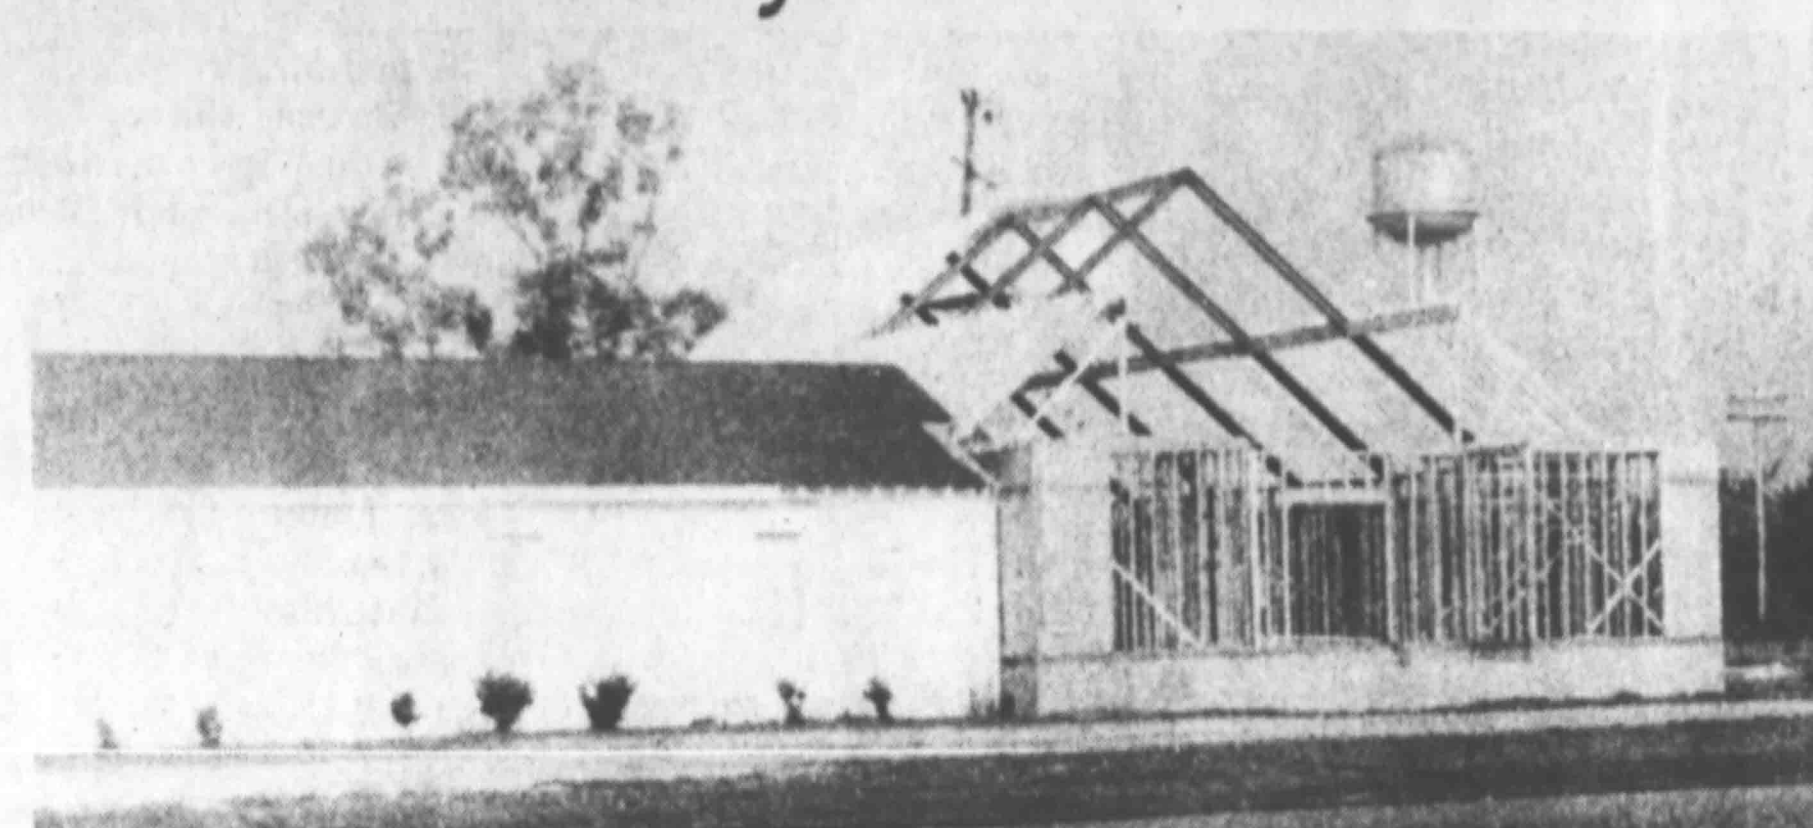

All bidders must be Tennessee licensed contractors as required by Chapter 822 of the Public Acts of 1976 of the General Assembly of the State of Tennessee, entitled "Contractors Licensing Act of 1976"; and all amendments thereto. The Contractor's Tennessee license number, date of expiration of same, and project name must appear on the envelope containing the bid, otherwise the bid enclosure will not be opened.

No bidder may withdraw a submitted bid for a period of thirty (30) days after the date set for the opening of the bids.

The Owner reserves the expressed right to reject any and all bids and to waive any informalities therein.

REPORTS FROM WASHINGTON

Recently, the House completed action on two pieces of legislation important to our national defense, the Defense Department Appropriations bill for fiscal year 1979 and the Military Weapons Procurement Authorization for fiscal year 1979. Both of these bills are important; one provides for the funding of our defense system and the other provides for procurement and research of military weapons.

The Appropriations bill came to the House floor with a figure of \$119 billion, well within the President's budget request. However it included funds for construction of an additional nuclear powered aircraft carrier which the President had originally opposed. However, the Administration revealed that it had planned to ask for funds for the construction of another conventionally powered carrier for the next fiscal year. Appropriation committee members had trimmed spending in some areas to include the \$2.5 billion for the carrier and still keep the spending total within the Administration's guidelines. Efforts to delete the funds for the nuclear carrier failed on the floor.

Defense appropriations also proved to be immune from across the board cuts imposed on other departments earlier this year. Several efforts were made to cut the Defense Bill by one or two percent across the board. Those efforts were also defeated.

As has been the case since 1975, the bill brought to the floor of the House was not cut significantly. However it is expected that some savings in defense spending may be realized through such cost saving measures as the consolidation of all helicopter training in language adopted on the House floor, for example, the Army was given responsibility for training.

Mr. and Mrs. Van Hastings

There is no doubt in Congress a mood to place great importance on maintaining a modern, efficient military force equipped with modern, sophisticated military equipment. There is no doubt that such effort to continue our leadership in world affairs will continue in the future.

Where Cotton Was King

West Tennessee is the section of the state right out of the deep South. It was here that cotton was king, and 1000-acre plantations were common in the days before the Civil War. A drive through the southwestern corner of Tennessee will give a glimpse into the unhurried days of the past.

A good place to start a day's drive is LaGrange, east of Memphis on Hwy. 57. La Belle Village, as it is known, was once a center of culture, gracious living and agriculture. Today the 19th century dwellings that survived the ravages of the Civil War stand in testimony to the elegance of that era. Majestic Woodlawn Mansion located a mile east of town on Hwy. 57, was once a headquarters for Union General William T. Sherman and served as a military hospital. While these homes are private and not opened to the public, they offer a hint of what small town life was once like.

The next stop is the Ames Plantation, which can be reached by following Hwy. 57 east to Hwy. 18 and turning north. The Ames Plantation is the location of the National Field Trials, the "World Series" of bird dog competition. The plantation, established by the late Hobart C. Ames, also serves as an agriculture experiment station of the University of Tennessee. The field trials, beginning on the third Monday of February, are opened to the public, but tours of the experiment station may be arranged at any time by calling 901-764-2141.

Continue north on Hwy. 18 to Bolivar, the location of the Bolivar chapter of the Association for the Preservation of Tennessee Antiquities by calling 901-685-2093.

Take Hwy. 64 out of Bolivar to Hwy. 22, through the Adamsville, Turn right and follow signs to Shiloh National Military Park. On the morning of April 2, 1862, at Shiloh Church, the retreating Confederate Army under the command of General Albert S. Johnson turned and attacked the encamped Union forces commanded by General U. S. Grant. Though the battle lasted only two days, it was one of the most decisive and hardest fought battles of the Civil War. Today a military park includes the battlefield, monuments erected both to the Confederacy and Union dead, a well-stocked Civil War library, an exhibit room containing relics, maps of the battle and the war, and a visitor center and museum.

What better place to end a drive through the 19th century than at Pickwick Landing State Resort Park. The park has splendid overnight facilities including cabins and a resort inn with a restaurant. Along with excellent swimming, skiing or fishing beautiful, Pickwick Lake provides the ideal ending to a jaunt through south-west Tennessee.

For more information on West Tennessee, contact the Tennessee Department of Tourist Development, Box 7, 505 Fesslers Lane, Nashville, Tennessee 37210.

ME AND MY SHADOW Toe to toe, Halls' senior halfback Marvin Brown (30, foreground), and McKenzie senior back Mike Adams (22) contend for a Tiger pass—incomplete—late in the second quarter of Halls' second win Friday, 25-6, to which Brown and Chris Throgmorton contributed touchdowns, along with two by Dwayne McKinney.

Halls Posts Second Victory, 25-6; Rests Before Dyer County's Visit

The Halls Tigers, who took their second win Friday from McKenzie, 25-6, will have a badly needed open date this week as they prepare for the highly rated Dyer County Choctaws' visit here Sept. 15th.

Plagued by minor injuries and the loss of Mike Hudson, freshman back, with a knee injury, the Tigers, now 2-0, will try to hone their attack to a sharp edge for the Choctaw invasion.

Dwayne McKinney scored two touchdowns and lost another—a 72-yard dash—on a motion penalty as the Tigers dominated visiting McKenzie. McKinney opened the scoring in the first quarter as he went in from the 10-

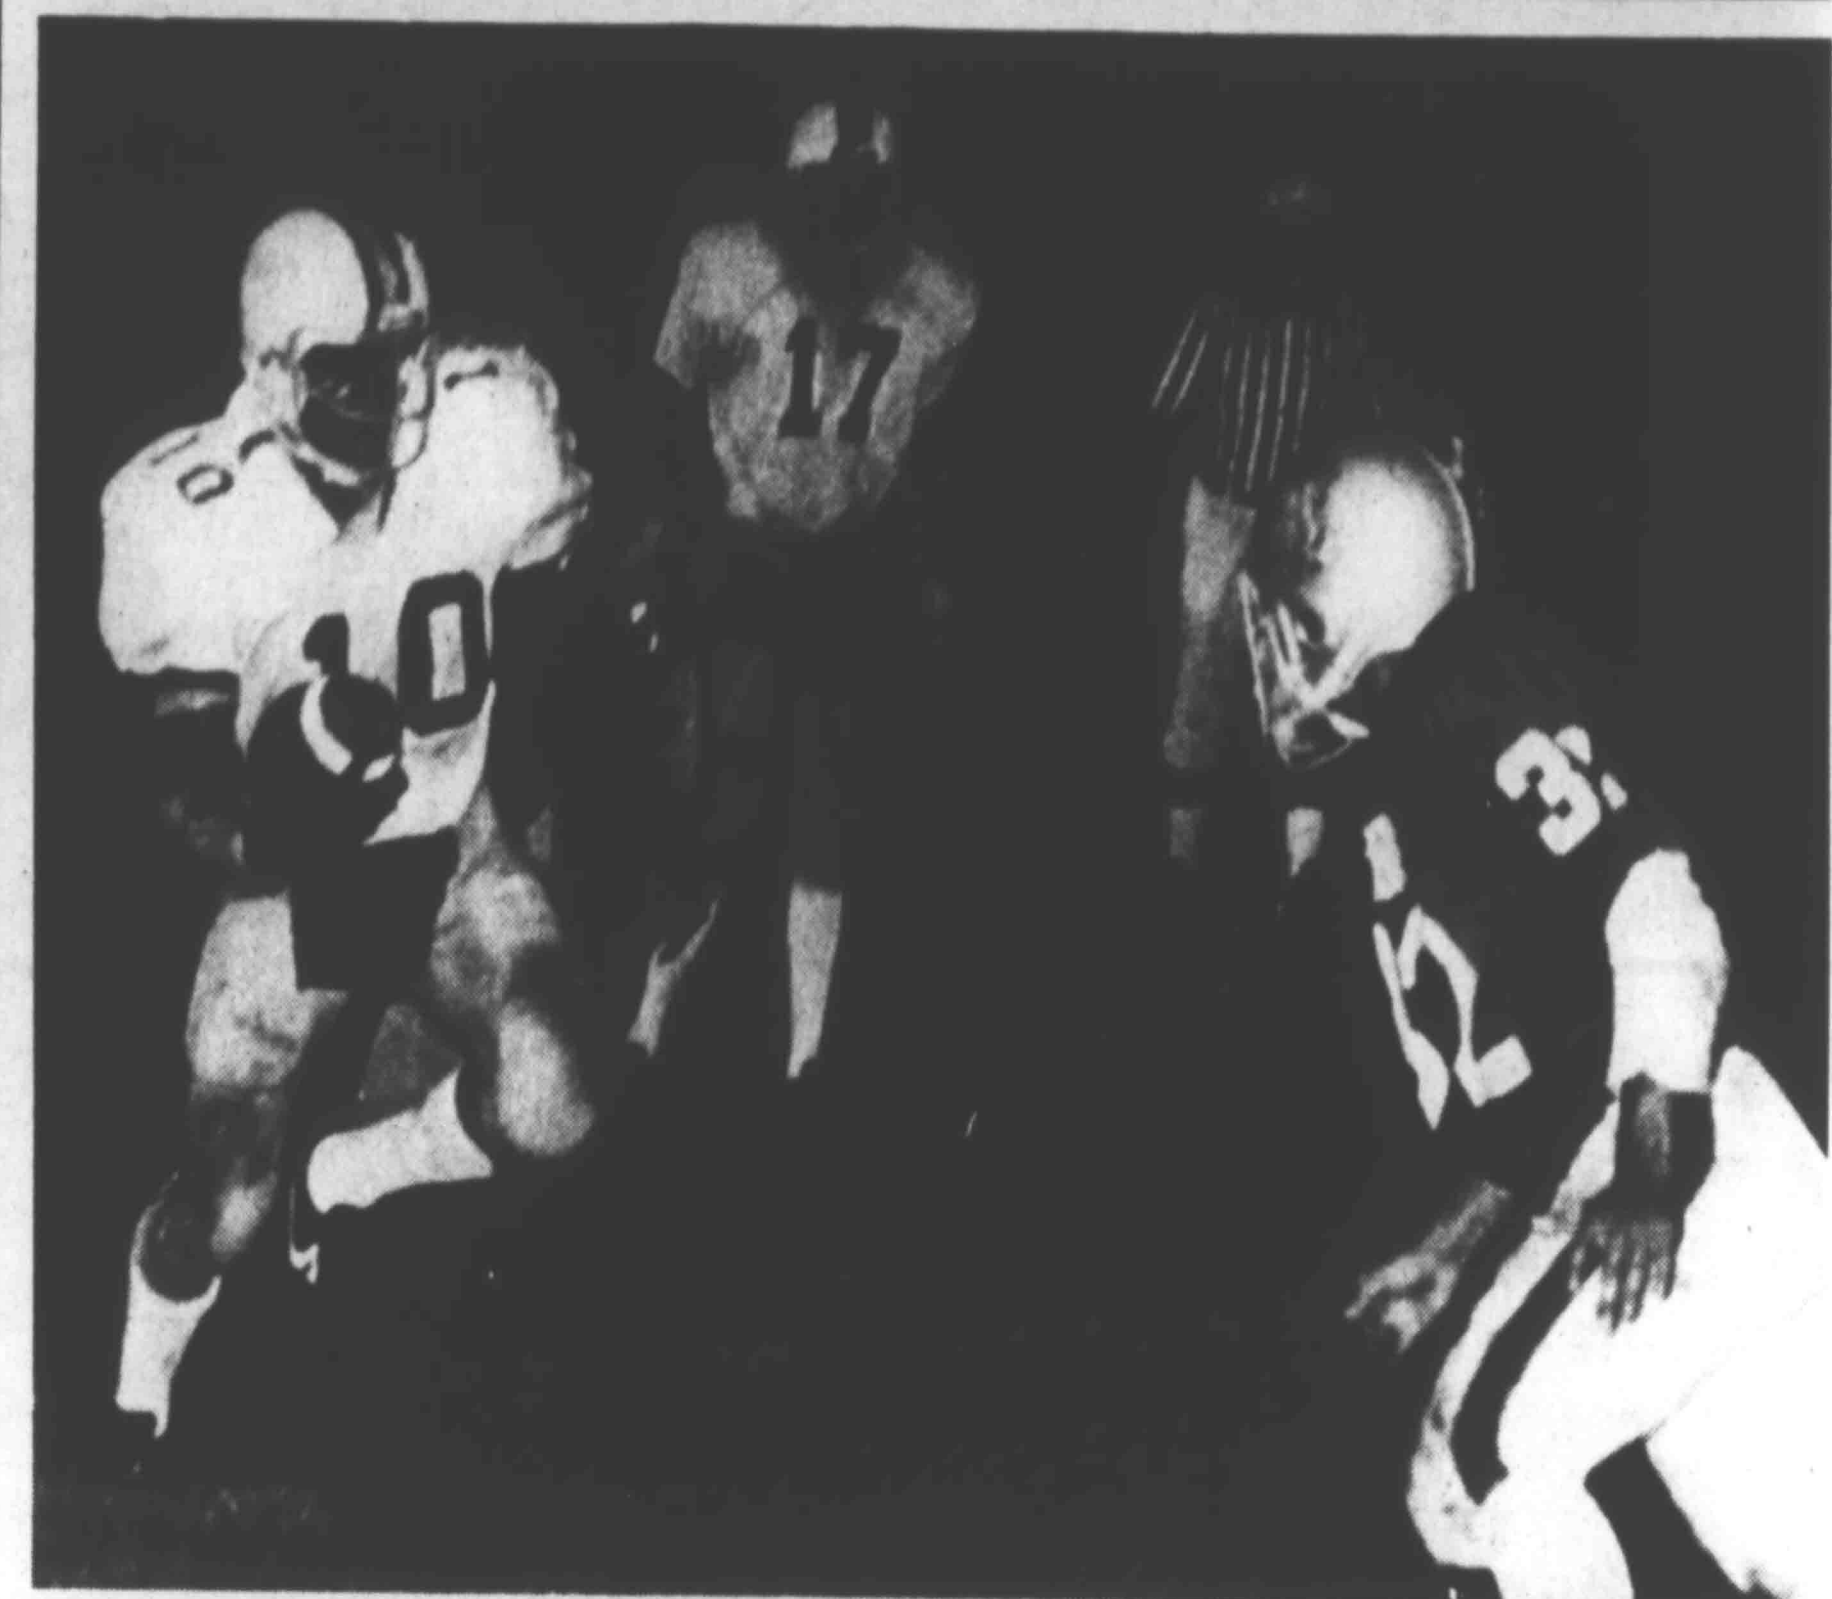

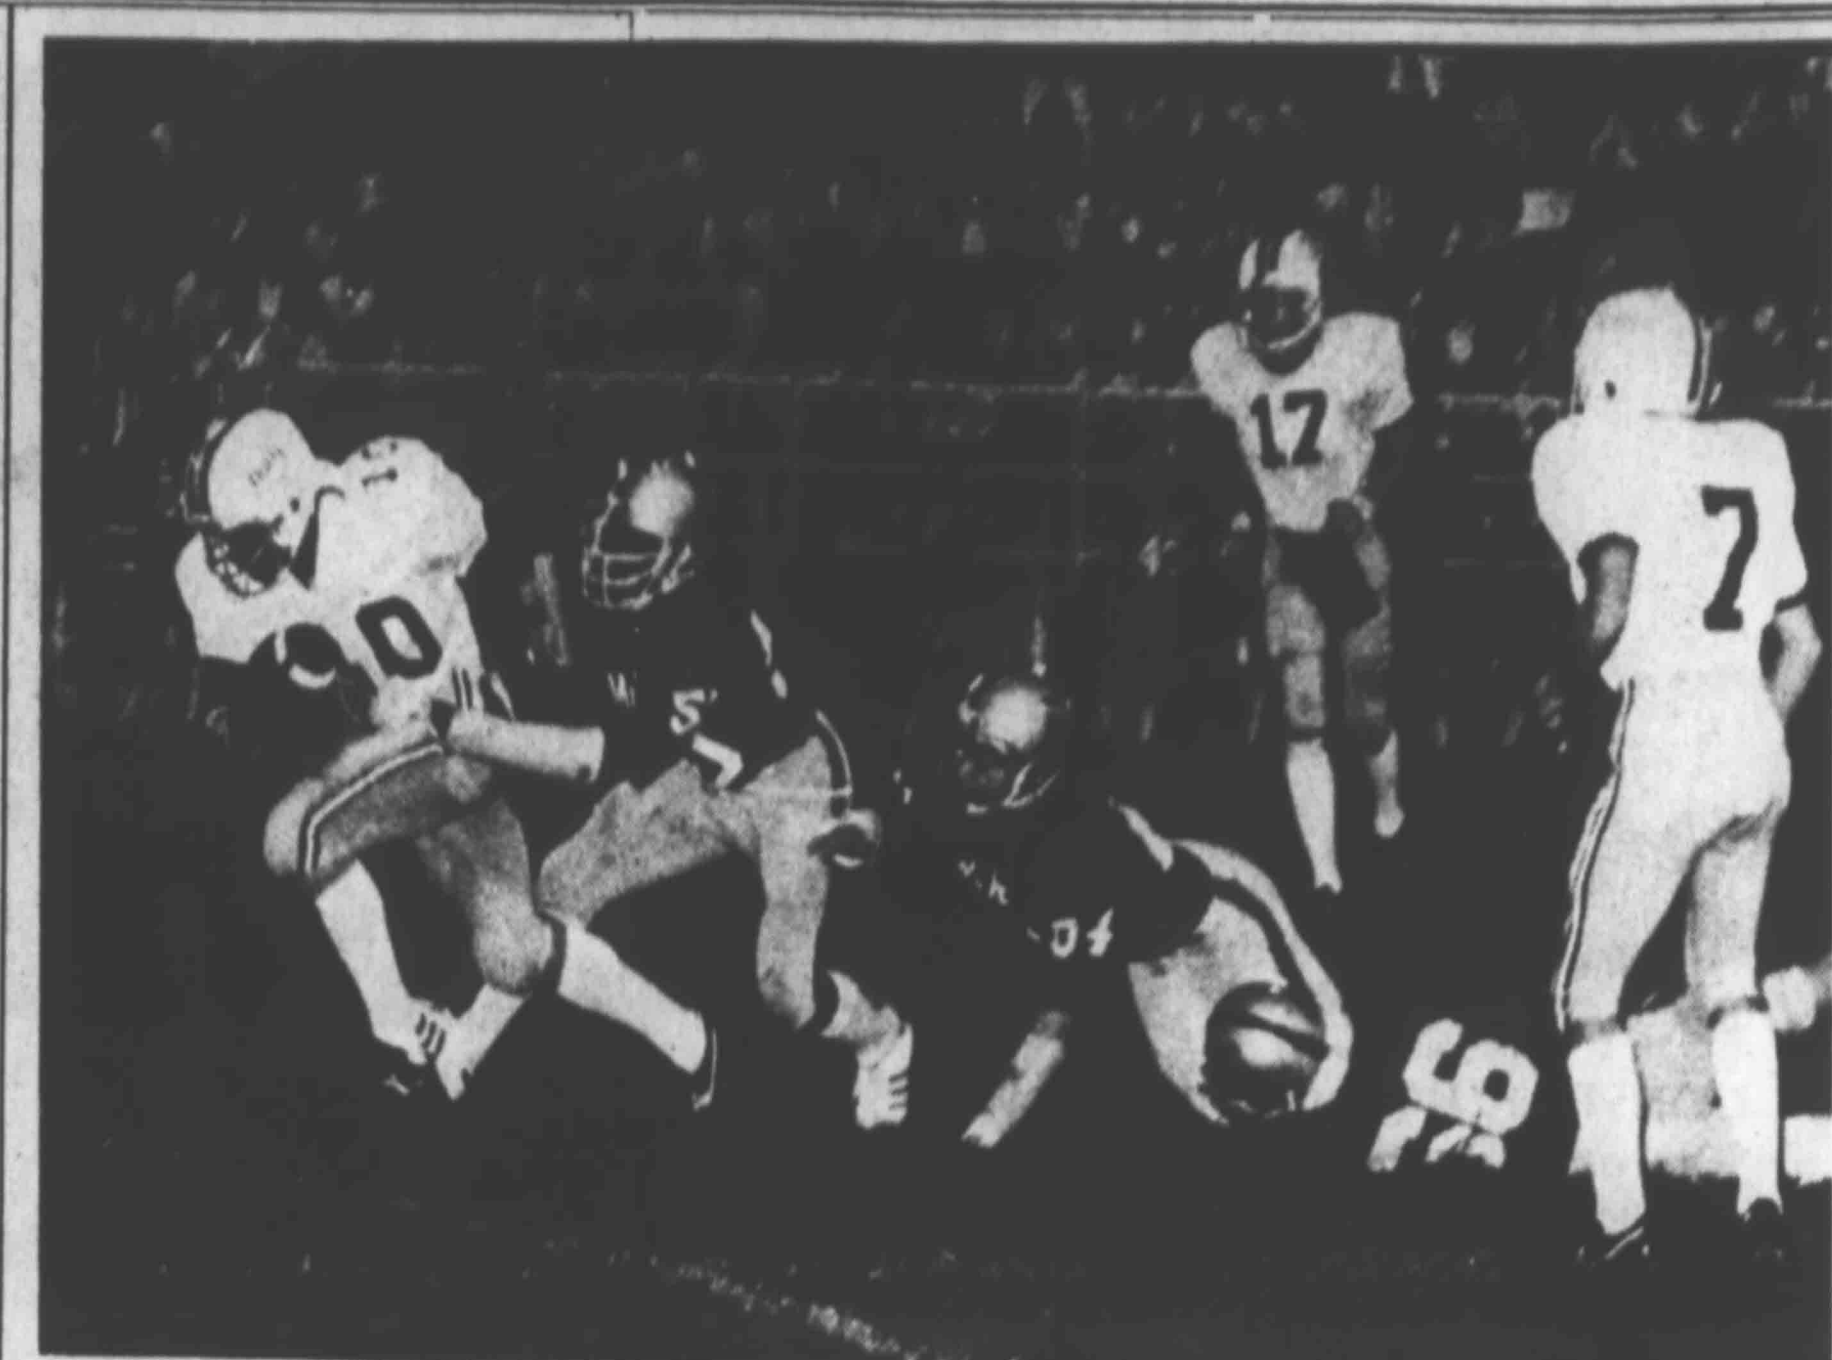

yard line. The try for extra point failed when the snap from center could not be handled. The Tigers got their second touchdown in the second quarter when Chris Throgmorton picked up a McKenzie punt blocked by Steve Harber and raced 20-yards into the end zone. Barry Washington was stopped short on the try for the 2-point conversion.

On the ensuing kick-off, McKinney tallied his second touchdown late in the third quarter. Again the try for the 2-point conversion failed. McKinney's 72-yard run was called back in the fourth quarter.

Halls amassed 17 first downs. McKenzie missed most only eight, two of them with the aid of penalties. The Tigers had 327 yards rushing and 52 yards through the air. McKenzie picked up 180 yards on the ground and 52 yards passing.

Eighty yards in penalties were stepped off against the Tigers, while the Rebels lost 40. The Tigers had trouble holding the ball, fumbling five times and losing two of the fumbles. McKenzie fumbled once, with Halls recovering.

The Tigers had 153 yards in 16 carries, Lazure 52 in 13, Brown 24 in 8, and Washington 61 in 10. Late in the third quarter, the Tigers missed a scoring opportunity when a pass from Walter Lazure to Washington was completed at the 10 but was nullified by a penalty. McKinney's 72-

TRAIL OF TACKLERS is left by Halls' Dwayne McKinney (10) in top photo—from left, teammates John Lindley (7) and Walter Lazure (17), also in center photo, with the Rebels' Mark Sampson, 32 watch him gain. In lower photo, McKinney gets protection from Marvin Brown (30, foreground), Kerry Harrison (52), Tim Myrick (78, far right, with Lindley), and another Tiger as he gains more yardage for Halls.

Walter Crawford Gets Promotion

Walter R. Crawford, son of Mrs. Corday Crawford, of 150 Center St., Ripley, has been promoted to airman as a fire protection specialist at Rick-enbacker Air Force Base, Ohio.

A 1975 graduate of Ripley High School, he recently completed basic training at Lackland Air Force Base, Tex.

District 15-A Is Extra Tough
The six-team District 15-A is thought by some observers to be the strongest Class A district in the state with three of the teams rated as top contenders. Only McKenzie and Bruceton are rated as out of the running. Defending district champion Lake County, second in the state in 1977, is classed at the top with Halls and Dyer County very close behind. Rated tough and maybe even better than expected is Old Hickory Academy, of Jackson. Lake County lost three of their top players from last year's squad but returned most of their starters both offensively and defensively. They are by far the biggest team in the district and perhaps in the state but do not have the outstanding speed of the Halls eleven. Dyer County, coming off a rather mediocre season last year, has good size and good speed. They have better speed than Lake County but not the size. The Tigers are by far the fastest team of the trio but also the smallest. Old Hickory has adequate speed and size but lack the experience of the other teams. Dwayne McKinney, two year state scoring champion, may find it difficult to repeat. Although he already has 26 points in two games despite losing a 72-yard scoring run last Friday he is behind his record of the past two years. McKinney, however, is playing full time both offensively and defensively, and oddly enough actually prefers defense over offense. A marked man he is still averaging 7.6 yard per running attempt. The toughness of the schedule, the reputation he has built, and the fact that the Tigers have several other fine running backs such as Barry Washington and Marvin Brown, will have McKinney working under a handicap. A sad note in the Halls victory over McKenzie is the knee injury requiring surgery for Mike Hudson, freshman speedster. Hudson will probably be lost for

the season and as with all knee injuries, any football future is in jeopardy. Hudson will be missed but the major consideration is recovery from the injury. A storming Halls defense has looked good much of the time with linebacker Jimmy Meeks and McKinney leading the way. Handicapped by a lack of

Blue Ribbon Winner At Shelbyville

EBONY GO BOY'S DREAM, trained and ridden by George Rogers, of Memphis, walked to first place in the 2-year old filly competition Aug. 24th at the Shelbyville National Walking Horse Celebration. Jointly owned by Rogers and Gailon Smith Farms, of Halls, the filly was sired by Ebony's Search, Smith farm stallion. Smith said the 2-year old filly sold at the Celebration but did not disclose the price. Smith also sold four other colts. An unusual aspect of the win by Ebony Go Boy's Dream is that Rogers is 74 years old, said to be the oldest professional trainer and rider ever to ride a winner at the Celebration.

Ejor Borg believes the asphalt courts at the U.S. Open Tennis Championships are playing right into the hands of second-seeded Jimmy Connors.

"I think this is Connors' best surface," said the tournament's top-seeded male player after the ribbon-cutting match at the new National Tennis Center.

Borg was expecting the courts to be faster than the clay on which the Open had previously been contested, "but they are too fast," he contended. "Altogether in my life, I've played maybe three tournaments on this type surface."

Despite his concern, the Swede easily carved up Bob Hewitt 6-2, 6-2, thanks in part to eight days of intense training on a similar court at the Long Island home of his coach, the Open's No. 4 seed.

Borg and Connors, who also won his first round match 6-2, 6-2 over Tom Gullikson, are in separate halves of the draw, so if they meet it can only be in the finals on Sept. 10. Jimmy has won only 11 games in the last six sets since these rivals have played, including a devastating 6-2, 6-3 rout in the Wimbledon final, but Connors grew up playing on hard courts.

Borg knows this and worries that Connors or some other American hardcourter could run his open and Grand Slam assault.

With French and Wimbledon titles in his possession, Borg needs his first U.S. Open triumph to successfully complete the third leg of the slam. The fourth and final leg is the Australian Open next January.

Though winning the slam is a personal goal, Borg says he never designates any year for the big push.

Men's game more affected by surface — The playing surface affects the men's game much more than the women's.

Simply glancing at the list of open champions, Rino feels, bears out his first conclusion. During the last decade, Jimmy Connors has been the only player to win more than one men's singles title. By contrast, the women's singles have produced a trio of three-time champions — Chris Evert, Billie Jean King, and Margaret Court.

To support his second conclusion, Tommasi discovered that only four males — Connors, Jan Kodes, Ilie Nastase, and Manuel Orantes — have reached the quarterfinals both on clay and grass. Meanwhile even though the women's draw until recently was smaller than that of the men, seven females have achieved the feat — Evert, King, Court, Rosie Caserio, Evonne Goolagong, Terry Reid, and Virginia Wade.

Undoubtedly one reason for this state of affairs is that the women don't hit the ball as hard as the men do, and therefore the difference between a fast and a slow surface doesn't change their game quite as much.

Also, of course, there has historically been much greater depth in the men's draw, with so many players so close in ability that superiority on one surface or another can often be enough to tilt the outcome of a match. The gap between the small top echelon of female players and the rest of the field has usually been such a wide one, however, that the leading players were likely to prevail in the early matches whether the surface favored their style or not.

Detroit's been doing it for years — changing a hot-selling car while leaving it basically the same. Now the National Football League has caught on, only instead of making minor alterations in a car's lines and standard equipment, it changes a few rules, brings in a flock of new coaches, relocates players, lengthens the regular season, fiddles with the playoff format, re-designs a uniform or two, and rolls out another factory-fresh season.

A test drive through a shorter start date of exhibition games this summer indicates that in terms of on-field performance, the NFL's 28 teams haven't changed that much. But rest assured, there are enough new developments to prevent anyone from mistaking NFL '78 for a re-run of last season.

For one thing, just trying to keep track of who's coaching which team should keep fans plenty busy. There are 10 new head coaches, the most heralded being Bud Wilkinson, the college coaching legend from Oklahoma who was lured out of retirement by the St. Louis Cardinals. Others taking their first stab at head coaching positions are Marv Levy (from the Canadian Football League) at Kansas City, plus ex-NFL assistants Sam Rutigliano (at Cleveland), Pete McCulley (at San Francisco), Neil Armstrong (at Chicago), and Ray Malavasi (a last-minute replacement for George Allen) at Los Angeles.

Veteran head coaches who have switched locales or are resurfacing with different clubs after brief absences are Dick Nolan at New Orleans, Monte Clark at Detroit, Chuck Knox at Buffalo, and Jack Pardee at Washington.

Anyone anticipating the typical mid-September start to a 14-game regular season is in for a surprise. The league kicks off an expanded state of 16 games this Sunday (Sept. 3). Two games have been lopped off what used to be an overly long six-game exhibition season and made into contests that count in the standings.

The playoff format has been altered too by adding two more wild-card teams, one from each conference.

The league didn't hesitate to make several rule changes aimed at stimulating more wide-open football. An average of 34 points were scored in NFL games last fall, the lowest figure in more than three decades.

Only the most observant spectator may notice the use of new rules liberalizing blocking techniques and limiting the bumping of pass receivers. In theory, however, they should help put more points on the scoreboard.

Violence could be a major concern of the NFL this year. The subject has come under increasing scrutiny in other pro sports, and Sports Illustrated just completed a three-part series on football brutality that did not enhance the NFL's image. With the ink still wet on the first installment, New England wide receiver Darryl Stingley had his neck broken and his career most likely ended in a blindside collision with Oakland's Jack Tatum.

Just what the NFL is willing to do, if anything, to take the "big hit" out of the game and to lessen injuries remains to be seen.

One player the defenses won't be using for target practice anymore is Joe Namath, who has retired. The game's other glamour boy, O. J. Simpson, has been traded from Buffalo to the San Francisco 49ers. A lot of people will be watching to see if "The Juice" can recover from last season's knee injury and regain the rushing crown he lost to Chicago's Walter Payton.

In other significant personnel changes, Baltimore traded running back Lydell Mitchell, the NFL's past receiving champ, to San Diego after a bitter contract dispute. Conrad Dobler has gone from St. Louis to New Orleans; Devlin Williams from San Francisco to Miami, and

Philadelphia lost six games by six or less points in 1977, and could dramatically improve a 5-9 record if quarterback Ron Jaworski generates more offense.

Jack Pardee, the architect of Chicago's revival in St. Louis, while the offense is finding replacements for Conrad Dobler, Ike Harris, and Terry Metcalf, the Cardinals may be aware of the talents of kicker Steve Little, the team's No. 1 draft pick. New Yorkers, who keep expecting the Giants to turn the corner, may be disappointed again unless Joe Pisarcik or Jerry Gostynski develops rapidly at quarterback.

NFC Central — They used to call this the NFL's Black 'n' Blue division, but it would make more sense to color it purple — the same shade the Minnesota Vikings wear. Bud Grant squeezes extra mileage out of his veterans and are improve youngsters around to keep the Vikings on top. QB Fran Tarkenton, however, is something of a question mark coming off a broken knee. The Patriots are loaded. Watch out for Detroit and Tampa Bay. Terry Metcalf from St. Louis to the Canadian Football League.

Among the most-watched rookies will be Heisman Trophy winner Earl Campbell, who'll be carrying the ball for Houston, and Grambling's Doug Williams, who hopes to be throwing it for Tampa Bay. Williams is the first black quarterback ever chosen on the first round of the NFL draft.

Turning to a brief rundown of the six divisional races:

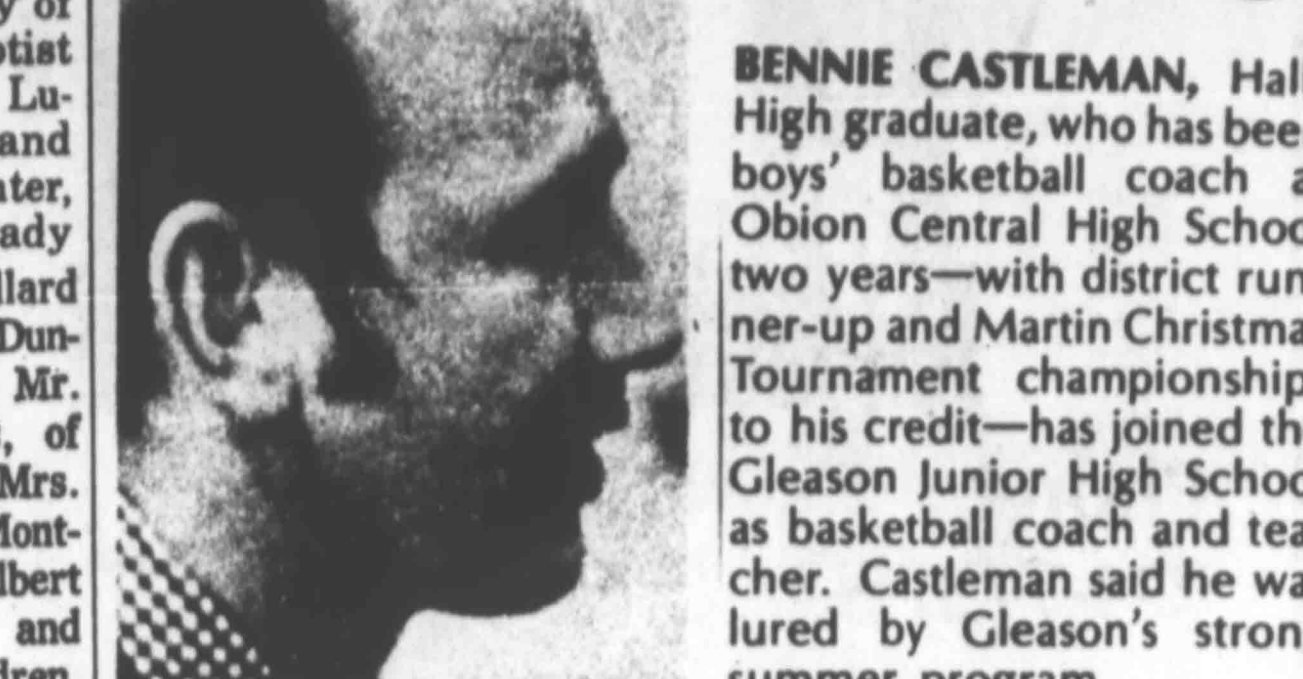

National Conference
NFC East — Dallas should win its division, then bear down to the lofter task ahead — to become the first team to win three Super Bowls. The Cowboys crushed Denver in last January's championship game and now must guard against complacency. Coach Tom Landry and quarterback Roger Staubach are old and experienced hands, Tony Dorsett has the potential to be a 2,000-yard rusher, and "The Big D" (for defense in this case) can be awesome.

thussian and unity into this club. The Buccaneers, the laughing stock of football in 1976 and most of '77 have suddenly plugged a lot of holes and could use a successful pre-season to launch them toward 500.

Chicago, who made the playoffs for the first time since 1963 a year ago, depends too heavily on Walter Payton's dashes. Green Bay? Name one player on the Packers and go to the top of the class.

NFC West — The Los Angeles Rams have won five straight division titles, but they keep missing the playoffs. George Allen feels it's finally ready to overtake Pittsburgh in what may be the most fiercely competitive division in football. Rookie Earl Campbell should solidify the running game and take some pressure off quarterback Dan Fouts.

Pittsburgh's Steel Curtain defense isn't quite the intimidating unit it once was, and of offense, though potent, has a disturbing tendency to make costly mistakes (a league-leading 47 turnovers last year). Cincinnati is a good team that lacks that extra something, and now must start off without QB Ken Anderson, who sustained a hand injury in the last pre-season game. Cleveland, which faded after last season's fast start, is in the process of remodeling its offense under new coach Sam Rutigliano.

AFC West — The Denver Broncos aren't going to sneak up on anyone this year, and Oakland and San Diego are ready to move into the passing lane. Denver's Orange Crush defense can't win games forever and QB Craig Morton and the offensive line have looked shaky in the pre-season.

The Raiders still own a mystique that makes them hard to beat. No team is more dangerous when behind, thanks to QB Ken Stabler, who sets up in one of the most impressive pocket sets in the game.

San Diego could be in business if QB Dan Fouts can air mail spirals to Lydell Mitchell, rookie speedster John Jefferson, and Johnny Rodgers. A young defense, which went from 2nd to 6th best in the league last year, will most likely hold up its end of the deal.

Marv Levy has already taken steps to rebuild the league's worst defensive unit at Kansas City, drafting rookies Art Still and Sylvester Hicks to improve the pass rush. Seattle set a record for a second-year expansion team by winning five games last year, and the strength of an offense that averaged 20 points. The defense, meanwhile, was giving up 25 points, so you know where Coach Jack Patra is placing the emphasis this season.

Regional Prison Sought Here

STATE REGIONAL PRISON, as it was proposed for construction in Lake County, would have 16 buildings to house 400 inmates grouped around a central headquarters building providing industry-keeping, food service, educational, and athletic facilities.

Once Shunned, Now Welcome

With only E. L. Queen passing, the County Commission voted 24-0 Monday to press the state to locate a regional prison at Fort Pillow. The county thus reversed its position, adopted last December when a vote of County Court, the new Commission's predecessor, approved a petition presented by Magistrate John Peyton, with 88 signatures, opposing a larger prison population at Fort Pillow.

Peyton lost his County Court seat in August, running sixth in a field of eight for three Commission seats from an enlarged district.

Neal Crain introduced Monday's move to reverse the county's position.

Lake County seemed to have nailed the prison down until soil tests showed that expensive piling would have to be used to support the weight of the buildings in that county. No Lake County site has yet been purchased.

Water Safety Ordinance

Halls Board of Mayor and Aldermen Monday passed on final reading an ordinance insuring safety control for the city water system. The board also approved on second reading an ordinance rezoning some property on North Church Street.

In other business the board:

Heard a request by James Chesher for a location to set up a hot lunch program for senior citizens. Locations suggested were in the rear of the OEO office on South Front, the old City Hall on South Front, and the American Legion building on the air base. The board stated their approval of the program and agreed to work with Mr. Chesher in selecting a location.

Offered to sell J. T. White two acres of land west of Hurt Seed Co. rather than the requested two acres north of Allen-Stone since the board had previously voted not to sell any more land in that area except for industrial purposes. Mr. White asked and received 30 days to consider the change in location.

Asked Surveyor Edwin Carmack to survey area involved in exchange with Westside Baptist Church; Was asked by Police Chief Buddy Moore to determine ownership of land under consideration for the airport since law enforcement is involved. City Atty. Tom Caldwell told the board to contact County Judge Jerry Corlew to confirm that the county court has passed a resolution transferring the property to the Town of Halls;

Heard a report from Mayor Sammie Arnold on progress of lease agreements with land owners adjoining the proposed airport runways. Mayor Arnold told the board that one owner has signed, another is expected to sign, but a third, Evelyn Quarles, prefers to sell the land. The board instructed Mayor Arnold to continue to work for a lease agreement.

Union officials claim that a majority of the employees have signed cards seeking an election. The NLRB is expected to make a ruling later this month.

Propane Blast Burns Critical

Two close relatives of Lauderdale Countians were critically burned Saturday in a propane gas explosion at the Bush Brothers canning plant in Blytheville, Ark.

Andy Bush, 19, son of Mr. and Mrs. Allen Bush, of Blytheville, whose family operates the widely known canning firm, and grandson of Mr. and Mrs. Acton Holmes, of Ripley, was one victim.

Also badly burned was Ricky Slaughter, 26-year-old brother of The Rev. A. L. Slaughter, of Ripley. The Slaughters visited him before both men were flown Saturday night to Brooke Army Medical Center at Fort Sam Houston, San Antonio, Tex.

A. K. Bissell, mayor of Oak Ridge, will be the speaker and Joe McCarthy will be master of ceremonies.

A part of the week is a poster contest among elementary school students. Judges will be Annette Fisher and Jim Johnson, of the West Tenn. Industrial Association office at Jackson.

Products of the various plants will be on display prior to the banquet. Tickets for the banquet may be purchased at City Hall, Arnold Rexall Drugs or from Police Chief Buddy Moore and Aldermen Noel Sherrod and Paul Jordan.

Art Contest, Display Set

Halls and Ripley High Schools have entry forms for an art contest for students 14 to 18, sponsored by the county's Junior Auxiliary, Petitioning.

Delph Smith, Memphis artist who is the son of Mrs. Sanford Drake, of Ripley, will judge pen and ink drawings of Lauderdale County sites to be displayed in a Fall Festival of Art Oct. 22nd in Ripley High School.

Other local artists willing to show and sell in the event are invited to contact Martha Webb at 838-8102 or 835-5293.

The winning drawings will be used on note cards and a calendar the auxiliary will sell in November and December.

Local Industry To Be Honored

Halls Mayor Sammie Arnold has called upon citizens of Halls to join the State of Tennessee in observing Industry Recognition Week Sept. 18th-23rd.

Highlight of the week will be a banquet at 7:30 p.m. Sept. 21st at Halls High Cafeteria recognizing representatives of area industries.

A. K. Bissell, mayor of Oak Ridge, will be the speaker and Joe McCarthy will be master of ceremonies.

A part of the week is a poster contest among elementary school students. Judges will be Annette Fisher and Jim Johnson, of the West Tenn. Industrial Association office at Jackson.

Products of the various plants will be on display prior to the banquet.

Tickets for the banquet may be purchased at City Hall, Arnold Rexall Drugs or from Police Chief Buddy Moore and Aldermen Noel Sherrod and Paul Jordan.

Halls Revival Hearing Bain

Mrs. Danny Meeks and Mrs. Jim Ewell, chairmen of the Cystic Fibrosis fund campaign, have made known plans for the bike-a-thon set for Saturday, Sept. 23rd.

An 8-mile route has been selected starting at Halls High School, west to Highway 51, north to Hansford Road, east to air base and West Tenn. Auction building, north on air base runway to Ken Webb home, east through Jacobs sub-division, south on old Hwy. 51 to the intersection of Tiggett and Church Streets, and return to high school.

The chairman said applicants to ride in the bike-a-thon may contact either of them but must secure their own sponsors. Starting time will be announced next week. A police escort will be provided for the riders.

Mrs. Nunn Heads Historical Group

The Lauderdale County Historical Society, meeting Thursday of last week in First Baptist Church in Ripley to hear a program of reminiscences by Ripplians arranged by Mrs. Faye Porter, elected Mrs. Oliver Nunn, of Halls, president to succeed Don Connell.

Other new officers are Phillip Jackson, of Ripley, vice-president, and Mrs. J. S. Scott, of Ripley, secretary-treasurer.

Big Day Coming

The Murchisons are looking forward to a big day this weekend!

Nell and your editor will have been married 40 years Saturday, Sept. 16th. Buddy and his daughters, Michelle and Wendy, are driving up from Alabama and Chuck and Lisa are flying in from Washington to join us for the weekend.

We are not making any special plans and will have no celebration of any type other than having our sons at home with us along with two of our grandchildren and one daughter-in-law.

We can't speak for Nell but we can say that it hasn't seemed all that long!

They're Doing Well

Have you been out to see the Tigers play this year? They are having a fine season again with one of the more important games of the year slated for Friday night as the always tough Dyer County Choc-taws come to the Halls field. A win over Dyer County would be a long step toward the playoffs and your support will help.

Route Set For Bike-A-Thon

DKG Society Has Brunch

Phillip Jackson, assistant county superintendent of schools, and Mrs. Thornton Fee, of Brighton, were members of a panel moderated by Mrs. E. K. Bond, of Browns-ville, which discussed "A Challenge to Teachers' Morale" Saturday at a meeting of Chi Chapter of Delta Kappa Gamma.

Fifty-three members from Tipton, Haywood, and Lauderdale Counties and four guests, State Sen. Bill Jim Davis, of Covington, his opponent in the November election, Lyle Reid, of Brownsville, Mrs. Charles Peal and Mr. Jackson, both of Ripley, enjoyed a buffet-style brunch at 10:30 a.m. at Golden Hawaii Restaurant, near Ripley. Halls and Ripley members were hostesses for the brunch.

Mrs. Sue Dickinson, of Ripley, played a number of DKG songs as the group assembled. Sen. Davis and Mr. Reid spoke briefly to the group.

Mrs. Lynn Shaw, of Brownsville, presided over the business session. Members answered roll call by naming a book which they had read recently.

Mrs. Wymond Stallings, of Halls, led the devotional. The meeting closed with the singing of the DKG theme song.

Married Aug. 26th

MR. AND MRS. BARRY LINN JANSEN were married Aug. 26th in Halls First Methodist Church with the Rev. James R. Haley performing the double ring ceremony. The bride, Celia, is the daughter of Mr. and Mrs. Poston Arwood, of Halls. The groom is the son of Mr. and Mrs. Ron Jansen, of Forked Deer.

A program of nuptial music was presented by Bill Kelly, organist, and Mrs. Neil Dyer, vocalist. The selections from Broadway shows and movies covered a span of time from the 1940s to the present.

Given in marriage by her father, the bride wore a gown of candlelight chiffonella, re-embroidered lace, and seed pearls creating an elegant silhouette. The high-rise bodice featured a V-neckline adorned with Alencon lace and pearls. The long tapered sleeves were finished in points of lace appliques and the A-line skirt fell into a chapel train bordered in matching lace. The bride wore a candlelight chiffon hat and carried a lace and ivory fan adorned with silk apple blossoms and cascading ribbons.

Anita Arwood, maid of honor, and Shirley and Karen Jansen, bridesmaids, wore rose and beige floral gauze floor-length dresses with shoestring straps, ivory lace trim on the bodice, and A-line skirts bordered with deep ruffles. Each carried pink silk roses and wore a natural straw hat.

Jerry Jansen attended his brother as best man. Groomsman were Scott Jansen and Camille Samara, of

Ky. Visitor Gives Garden Club Program

Mrs. Tommy Martin, of Cadiz, Ky., presented the program at the meeting of Halls Garden Club Sept. 7th in the home of Mrs. Ross Dyer on South College Street.

Mrs. Martin, who was the guest of Dr. Martin's parents, Mr. and Mrs. T. O. Martin, Jr., is the immediate past president of the Gateway Garden Club, of Cadiz, Ky.

The club won state and national honors last year. She presented booklets outlining winning projects in a \$1,000 award for a project to aid Educable Mentally Handicapped persons.

She also spoke on standard flower shows and answered questions on the judging of arrangements at such Receptions.

Immediately following the ceremony a reception was held in the home of the bride's parents at Double Bridges.

The bride's table was covered with an heirloom white outwork tablecloth with a dusty rose underlay and featured an arrangement of coral carnations, yellow and white daisies, and baby's breath.

The wedding cake had a rectangular base centered with a tiered heart bearing a miniature bride and groom standing before a pair of wedding rings topped with two doves. Miss Lorna Dixon, of Jackson, served cake and Miss Allison Puckett, of Memphis, served fruit punch chilled by floating frozen hearts. Miss Terry Jones, of Allen, Tex. and Miss Marina Reeves, of Dallas, assisted with the serving.

Out-of-town guests included Mrs. Jim Jones, Miss Terry Jones, Don Robertson, of Allen, Tex.; Miss Faith Atchinson, of Birmingham,

Marion Cowell

Marion M. Cowell, 82, of 3668 Suzanne, Memphis, brother of Mrs. Carrie Agnes, Mrs. Lola Agos, and Mrs. Spence Riley, of near Halls, died at 10:35 a.m. Tuesday in Methodist Hospital in Memphis.

Service was set for 1 p.m. Thursday in Halls Funeral Home, with burial in Halls Cemetery.

He also leaves two daughters, Mrs. Eunice Ridgeway, of the home, and Mrs. Violet Stanley, of Millington; five grandchildren; and two great-grandchildren.

CARD OF THANKS

We want to express our thanks and appreciation to the many friends who were so kind during the death of our husband and brother, Otis Burr.

Our special thanks to Rev. Ingalls, of First Baptist Church, and Rev. Patterson, of First Assembly of God Church. Our thanks also to the Finchers for the beautiful songs. Thank you for the food brought to the home, the flowers, the consoling words and for your kindness.

Lauderdale County And The Cities Of Halls, Henning, Gates, And Ripley, Tennessee

Notice Of Certification Release Of Funds Request

Lauderdale County and the Cities of Halls, Henning, Gates, and Ripley, Tennessee, will request that the U. S. Department of Housing and Urban Development release funds for the Rehabilitation Loan/Grants Project. The effective date of the request will be September 22, 1978, which is five working days from today's date.

The certification and request for release of funds, relate to the joint cities/county application for assistance under title 1 of the Housing and Community Development Act of 1974.

Through this project, the Rehabilitation loans/grant for code enforcement in designated areas will be accomplished.

The County and Cities have prepared an Environmental Review Record respecting the projects for which release of funds is sought. Interested parties may review the record which is on file in the office of the Community Development, and City Hall in Halls, Henning, Ripley, and Gates, during normal working hours of each office. Also, copies are being obtained if desired.

Lauderdale County and the Cities of Halls, Henning, Gates, and Ripley, Tennessee, are certifying to HUD that the capacity as Lauderdale County Executive consent to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to environmental review, decision making, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, Lauderdale County and Halls, Henning, Gates, and Ripley, Tennessee may use the Block Grant Funds, and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept an objection to its approval of the release of funds and acceptance of the following bases:

- That the certification was not in fact executed by the chief executive officer of the applicant, or
- That the applicant's environmental review record for the project indicates omission of a required decision, finding, or step applicable to the project in the environmental review process.

Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58) and may be addressed to HUD at:

Department of Housing and Urban Development
 Knoxville Area Office
 One Northshore Building
 1111 Northshore Drive
 Knoxville, Tennessee 37919

Objections to the release of funds on basis other than those stated above will not be considered by HUD. No objection received after October 10, 1978, will be considered by HUD.

Halls Hosts Choctaws, Shocked 34-25

Errors Gave South Fulton Two Tallies

Stunned by an unexpected 34-25 loss to South Fulton at Newbern last Friday night, the Dyer County Choctaws will be seeking to return to the victory column as they come to Halls this Friday night.

Mistakes proved to be the deciding factor as the South Fulton Red Devils tallied twice on Choctaw errors.

Red Devil linebacker Tony Ingram intercepted a Choctaw pass and returned it 30 yards for a touchdown and a minute later picked up a Dyer County fumble and went 25 yards for his second score. Both touchdowns came in the second quarter.

A third touchdown was set up by an interception by South Fulton safety Kris Lowry. He picked it off at the

Halls Tigers Defensive Starters

Choctaw 48 and returned it to the 3-yard line where fullback Jeff Clement went in for the score.

The Tigers, physically in good shape for the contest, will be striving to up their record to 3-0 for the season with a win over the visitors from Dyer County is now 1-1 for the season.

Game time is 7:30 p.m.

Pollsters Disagree!

Despite the wide-spread opinion that District 15-A is one of the toughest in the state, UPI pollsters disagreed this week as Lake County, ranked fourth, was the only West Tennessee team picked in the Top Ten. Alcoa, 1977 winner over Lake County for the championship, is rated number one with a majority of the other hand, Associated Press polls listed four West Tennessee teams in the top ten. Alcoa was rated number one, Lake County second, Halls fourth, Old Hickory Academy, of Jackson, fifth, and South Fulton sixth. Maybe that will give fans some idea about polls!

Doctors were highly pleased with the results of knee surgery Sept. 2nd on freshman halfback Mike Hudson. Hudson was injured in the Halls-McKenzie game.

Perhaps few fans remember that in addition to having the state scoring champ, Dwayne McKinney, in 1976 and 1977, Halls halfback Ralph Taylor was in the running for the scoring title throughout the 1975 season and finished second with 156 points.

The Halls Tigers have an exceptional winning record during the past three years with identical 9-2 slates each year and a 40-13 record for the past five years. Head coaches were Richard Tomlinson for the first three years and Andy Pugh for the past two years.

Tyrus Brown, 1973 all-conference halfback for the Halls Tigers, is a starting halfback for the Murray, Ky., State University Thoroughbreds. Out one year with an injury he is classified as a junior.—HM

Bloodmobile Visits Ripley

The Red Cross Bloodmobile will be at the Activities Building of First United Methodist Church in Ripley from noon to 6 p.m. Thursday, Oct. 5th.

Tate Moore, assistant administrator of Lauderdale County Hospital, says the hospital board reviewed all available blood programs before choosing to work with the Red Cross because it sets no minimum units of blood to be donated to cover the entire county's population with blood, when needed, without charge. The processing fee is also cheaper than other programs.

The Lauderdale County Junior Auxiliary (Petitioning), is helping the hospital with the blood program.

BEAUTY SPOT

Red geraniums, urns of begonias and hanging baskets at the home of Miss Louise Thurmond on West Main were selected this week for the Halls Garden Club beauty spot sign.

MAYOR'S MESSAGE

It is a pleasure to recognize again, in a special way, our industries. We wish to call to the attention of all of our citizens the important part these industries play in our economy and our everyday lives.

In the past, as well as the present, agriculture has been—and is—important to all of us in this area. With the highly mechanized farming techniques of today, however, we found it necessary to bring in industry, or else we would lose our people, especially the young people, to other areas in which they could find jobs.

Today, we have industries in our area of which we can all be proud. Their management is made up of people who are interested in, and who sincerely care about, our community.

I want to urge all of our people to participate in this special week of recognition and let our industries know that we appreciate the confidence and trust which they placed in us when they invested their dollars and moved into our area.

Sammie L. Arnold
Mayor Of Halls

Banquet Will Hear Oak Ridge's Mayor

Citizens of Halls this week are joining with the State of Tennessee in observing Industry Recognition Week by honoring area industries.

Highlight of the week will be a banquet at 7:30 p.m. this Thursday at Halls High School cafeteria with Mayor A. K. Bissell, of Oak Ridge, as the speaker. Joe McCarthy will be master of ceremonies and Halls Mayor Sammie Arnold will introduce special guests.

Riding In Bike-A-Thon

Special guests will be officials from industries from Halls and other industries in Lauderdale County.

Local industries being honored are Tupperware Co., old Hwy. 51 South, Roger Charest, manager, manufacturer of plastic kitchenware, toys, and other plastic items;

Haltex Clothing Co., Sumrow Street, Ed Franks, Manager, manufacturer of men's suits and sportswear;

Anderson-Hickey Co., old air base industrial park, Joe Kittrell, plant superintendent and acting manager, manufacturers of metal and wood office furniture;

Hutcherson Scrap Co., Mill Street, Mr. and Mrs. Wiley Hutcherson, owners, buyers and processors of scrap metals;

Hanco, Inc., old air base industrial park, Jerry Cooper, manager, manufacturers of plastic water and sewer pipe;

Allen-Stone Boxes, Inc., old air base industrial park, R. C. Allen and Albert Stone, Jr., manufacturers of corrugated boxes and other packing materials;

Tech Four Co., old air base industrial park, Sam Woodbury, owner, manufacturer of industrial tools and dies.

Sick And Ailing

Gary Schaeffer, minister of music for Halls First Baptist Church, is seriously ill in Jackson-Madison County General Hospital.

Mrs. Stuart Crichfield, of Memphis, is improving from major surgery in a Memphis hospital. She is the former Marilyn Olds, daughter-in-law of Mr. and Mrs. E. S. Crichfield and sister of John G. Olds, of Halls.

Mrs. Lynn Vaden has been dismissed from Parkview Hospital at Dyersburg after surgery on a wrist. Morris Currie continues ill in Veterans Hospital at Memphis.

Honored

MRS. J. F. CHIPMAN, JR., program assistant in the Lauderdale County office of the Agricultural Stabilization and Conservation Service, received from Ray Johnson, right, of Hardin County, the Community Service Award for the Tennessee Association of State and County Office Employees during last week-end's annual convention at the Hilton Airport Inn in Nashville. Also attending were Mrs. Chipman's daughter, Shelley; Mr. and Mrs. Larry Hawks; and Mr. and Mrs. H. P. Webb and children, Amy and Hank.

Halls High Celebrities

RECOGNIZED AT HALF-TIME of the Halls-Dyer County football game Friday were C. L. Dodds, of Jackson, Halls High football coach from 1927 to 1941, and Mrs. Pauline Grammer Thomas, who taught English in HHS during the 1930s.

Pesticides Restricted

By Charles T. Peal
Of the county's 800 farmers, only 500 will be able to buy 23 "restricted use" pesticides after

The Nov. 6th, when Green dealers must begin recording quantities and dates of sales, and purchasers' names.

Gene Burgess, University of Tennessee Extension agricultural biologist, reports restricted use labels beginning to appear. Among those used here are Endrin, Ethyl Parathion, Guthion, Lannate, Nudrin, Methyl Bromide, Methyl Parathion, Paraquat, and strychnine.

The state does not yet have new plastic cards for the 500 county farmers trained in use of the restricted materials.

In the meantime, dealers will honor their old cards.

Grain Bins Readied

Carey Gaines knows that cleaning and spraying grain bins for insect control are important to store his soy bean crop.

After a thorough cleaning, rats and mice are eliminated with one of the anti-coagulants. The bin interior should be sprayed with Malathion or Methoxychlor two weeks before storing grain.

Use 1½ pint of 5% premium grade Malathion per gallon of water. Wet all inside surfaces thoroughly.

Farmers storing shelled corn can protect it by using Malathion—a pint of 5% premium grade material with two to five gallons of water to each 1,000 bushels of grain.

Malathion is a protectant registered for use on stored corn, oats, sorghum, and wheat, but not on soy beans to be stored.

Bermuda Plugs Work

Billy Ann Hendren likes a good lawn and knows that a tractor with a good disk thoroughly prepares the soil.

Clay or hard-pan soils should have humus added to provide looseness and porosity. Decayed saw-dust, cotton bolls, bark, and straw are materials available here, but the cellulose content of each will necessitate the addition of nitrogen fertilizers to decay them.

Fertilizer (20 pounds of 15-15-15) should be worked into the soil at the last disking to insure a fast start for young seedlings. This fall there will be no need for additional fertilization.

It is too late to sow Bermuda, so home-owners have two choices—wheat as a winter cover, with Bermuda plugged in

Patio Equipment Bought

ADMIRING GAS GRILLS purchased for Lauderdale County Nursing Home's new patio are (from left) Mrs. Doris Drumwright, Mrs. Eva Lynch, Mrs. Bessie Hendren, Mrs. Birdie Beard, and Melvin Vest. Through the efforts of Brenda and Lucille Belton and Lee Hilliard, of Halls, the grills, two popcorn poppers, a picnic table, and other equipment were purchased with contributions from Tupperware, Halls Auto Parts, Bob's Dollar Store, Spry's, Simmons, Hansford's, Mayo's, National Discount, Lion Oil, Halls Flower Shop, Dyer's, Arnold's, Hilliard's Grocery, Bank of Halls, Bob's Market, Halls Drug Co., Gates Banking & Trust Co., Bank of Ripley, Farmers Union Bank, Thornton's, Wal-Mart, Crain's, Presson-Carden Pharmacy, Nipps Surplus, and Maremont.

ADMIRING ONE OF THE BICYCLES that will be given as prizes in the cystic fibrosis bike-a-thon Saturday is Jim Gaines, 6, son of Mr. and Mrs. Jimmy Gaines, of Gates. Jim, a victim of the disease, plans to ride in the bike-a-thon.

The bicycle is one of two that will be awarded for the most money raised by a ride from two groups, grades 1-6 and all other riders. One bicycle was donated by Western Auto Store, the other by a group of business firms including Spry's Fashions, Halls Drug Co., Williams Auto Supply, Hansford Appliances, Halls Hardware, Bob's Dollar Store, Dyer Bros. Lumber Co., National Discount Center, Arnold Rexall Drugs, Pennington Seed & Supply, and Joe L. Levy & Son.

Other prizes in the bike-a-thon which starts at 9 a.m. Saturday at Halls High School football field are \$25 in groceries donated by Heath Super Market for the most miles ridden; luggage donated by Hilliard Dry Goods for largest number of sponsors; and a \$3 gift certificate to rider with the sponsor pledging the most money per mile. Each rider who raises as much as \$25 will be given a cystic fibrosis tee-shirt. Halls police and the Lauderdale County Rescue Squad will help control traffic for the event.

Jaycettes To Aid Fund Drive Sat.

Wheat will protect the soil well during the winter.

Bermuda plugs or squares are placed in holes on three foot centers. By keeping the plugs fertilized and mowing about one inch high, the ground will cover in about two months.

Home-owners who have established Bermuda yards should start mowing them two inches high in Oct.

No-Iron 100% Cotton

A question asked frequently to men's clothing store personnel has been, "Where can I buy a 100% cotton shirt with no-iron performance?"

Up until now, less than 5% of American shirts have been made of all cotton. The turnaround is at hand.

On Aug. 16th, the Arrow Company announced plans to introduce in March, 1979 the first 100% cotton shirt with no-iron qualities at popular prices. This news could have monumental applications for cotton consumers. Wrinkles, of course, have been cotton's No. 1 problem, since polyester began plundering textile markets in the

1950s and 60s on the basis of easy care. Cotton has been waging the battle of the ironing board ever since.

A wrinkle-free cotton sheet has been marketed by Dan River for a year and a half, and it is proving to be a real success. Cotton producers should be proud. They can show their pride by shopping for this new product next spring.

Most everyone in this area knows the qualities of cotton that have established it as a preference in clothing. It has softness and smoothness against the skin and breathable comfort.

Sound research has launched the break-through for cotton that has been dreamed of for years. Now, as never before, it is up to growers to help themselves by stepping up the demand for their cotton. This can be accomplished by supporting their own cotton products.

CONFIDENTIAL CORNER

A Good Weekend

Despite the fact that your editor tried to spoil everything by becoming ill Friday afternoon the celebration of our 40th wedding anniversary and the entire weekend were very special.

We enjoyed having Lisa in Halls for the first time and while we did not have the opportunity to introduce her to a lot of people she did meet some of our friend and relatives.

Chuck and Lisa arrived about 10:30 p.m. Thursday and Buddy and his daughters, Michelle and Wendy, arrived about 9:30 p.m. Friday. All of them stayed until Sunday so we had some time together. After visiting Saturday morning the boys took us to Reelfoot Lake for dinner Saturday afternoon.

Also Nell and your editor appreciated the cards, telephone calls, and gifts from our friends.

Our Biggest Problem

While there is much talk about high taxes, etc. our biggest problem today is the continued rise of inflation and the cut in the purchasing power of the dollar.

There is discussion of voluntary wage and price controls as means of fighting inflation but past history teaches us that wage and price controls whether voluntary or mandatory have not worked in the past and will not work in the future.

Other suggestions and perhaps valid ones contend that the continued dollar deficit in imports and exports are forcing inflation but once again we think that the major problem is simply the tendency of the federal government to spend and spend without control.

While we would certainly welcome any tax cut we cannot believe that any cut can be justified until federal spending is cut accordingly.

In November we will go to the polls to elect members of Congress in every state of the nation. One of the first considerations of a candidate's qualifications should be just how he or she can be expected to vote on continued deficit spending. If we expect to stop inflation and the continued deterioration of the dollar we must elect men or women who are dedicated to controlling federal spending.

Enjoyed Game

Despite the loss of the football game Friday night spending several days with Mrs. Marjorie Rich at Frog Jump.

Ga., coached in Halls for 14 years, 1927-41, before going to Columbus at the start of World War II. He held the best coaching record of any Tiger coach until Andy Fugh compiled his 9-2 records the past two years.

According to a 1932 Halls High annual, Charlie had a record of 8-1 in 1931 with wins over Newbern, Trimble, Brownsville, Millington, Covington, Dyersburg, Somerville, and Nankipoo, and guess who beat them—Ripley with the finest high school football team that we have ever seen.

We are sorry that we did not know that Charlie planned to come to the game until just a few hours before game time. Preparation for introducing him could have been better and certainly he should have had a

special seat but time and circumstances prevented such plans. We are indebted to Robert Stallings for informing us that Charlie would be at the game.

We also enjoyed having Pauline Grammer Thomas, of Ripley, who attended the game with Charlie. Pauline taught

English in Halls High School during some of the years that Charlie coached

Halls Industries Make Valued Contribution To Economy Of City, County, West Tenn.

Tupperware

began production in Halls in March, 1968, as the largest industry in the city. A year later, it doubled its building and the size of its work force. Today, it employs about 800 to make the familiar plastic ware that "burps" to lock in freshness. The Halls plant is one of four operated by Tupperware in the United States. It has made major contributions to safety and recreation facilities for Halls. Roger Charest is plant manager.

Halltex Clothing

Co. began operation in 1965, making men's suits and sports coats. Edwin Frank, manager, says it offers the best pay rate in the clothing industry within a 90-mile radius of Halls. The subsidiary of MTG Industries in Philadelphia, Pa., markets to department stores and major chains in three price ranges.

Anderson-Hickey

is engaged in the production of office furniture—desks, chairs, and file cabinets. It launched its Halls operation early last year and now has 75 employees in its 175,000 square foot plant. Joe Kittrell, plant superintendent, says employment is expected to exceed 300 when the plant reaches full scale production.

Agriculture

is also an industry of great importance to the people of Halls and Lauderdale County—often unappreciated, because so familiar and because its ownership is multiple, but nonetheless vital to the area economy. Farmers brought \$23,000,000 in income to this county last year, says Charles Peal, Extension Leader. He says soy beans are the top farm interest, followed, in order of interest, by livestock, cotton, tomatoes, and hay.

Halls, Nicked 20-14, Expects Better Days

Country Day Scene Bright

Halls High School's Tigers, smarting from a 20-14 loss to Dyer County, will host the Country Day School, of Memphis, at 7:30 p.m. this Friday.

Country Day is winless in four games. In Halls Friday, Choctaw quarterback Jeff Ross was involved in every Dyer County point to forge a 20-0 lead before Halls tallied 14 points in the final quarter.

Dyer County got on the scoreboard in the second quarter with a 29-yard scoring pass from Ross to Bob Younger.

The try for point was no good. Marvin Brown returned the ensuing kickoff 86 yards to the Choctaw 14 but the Tigers were stopped at the 3 yard stripe and could not score.

Ross went in from 2 yards out in the third quarter to give the visitors a 12-point lead and then added his second touchdown in the fourth quarter with a 26-yard run. Ross dove into the end zone for a 2-point conversion and Dyer County led 20-0.

The Tigers scored with 7:06 left in the game as Brian Nolen took a 20-yard pass in the end zone from Walter Lazure and Lazure's pass to McKinney was good for the 2-pointer.

Halls scored again with less than 2 minutes left on the clock when McKinney went in from the two but the try for point was no good.

The Tigers tried an on-side kick which was finally recovered by Dyer County

HALLS' DWAYNE MCKINNEY, on the Tigers' second play after Doyle Napper's interception gave them their first possession, adds four yards to two he notched play before. Next play, Marvin Brown got Halls' initial first down in the game with nine yards to Halls' 32. The drive ended with a Halls loss on fumble on its 45.

after much bouncing around. Halls gained possession of the ball with seconds left but could do nothing with it.

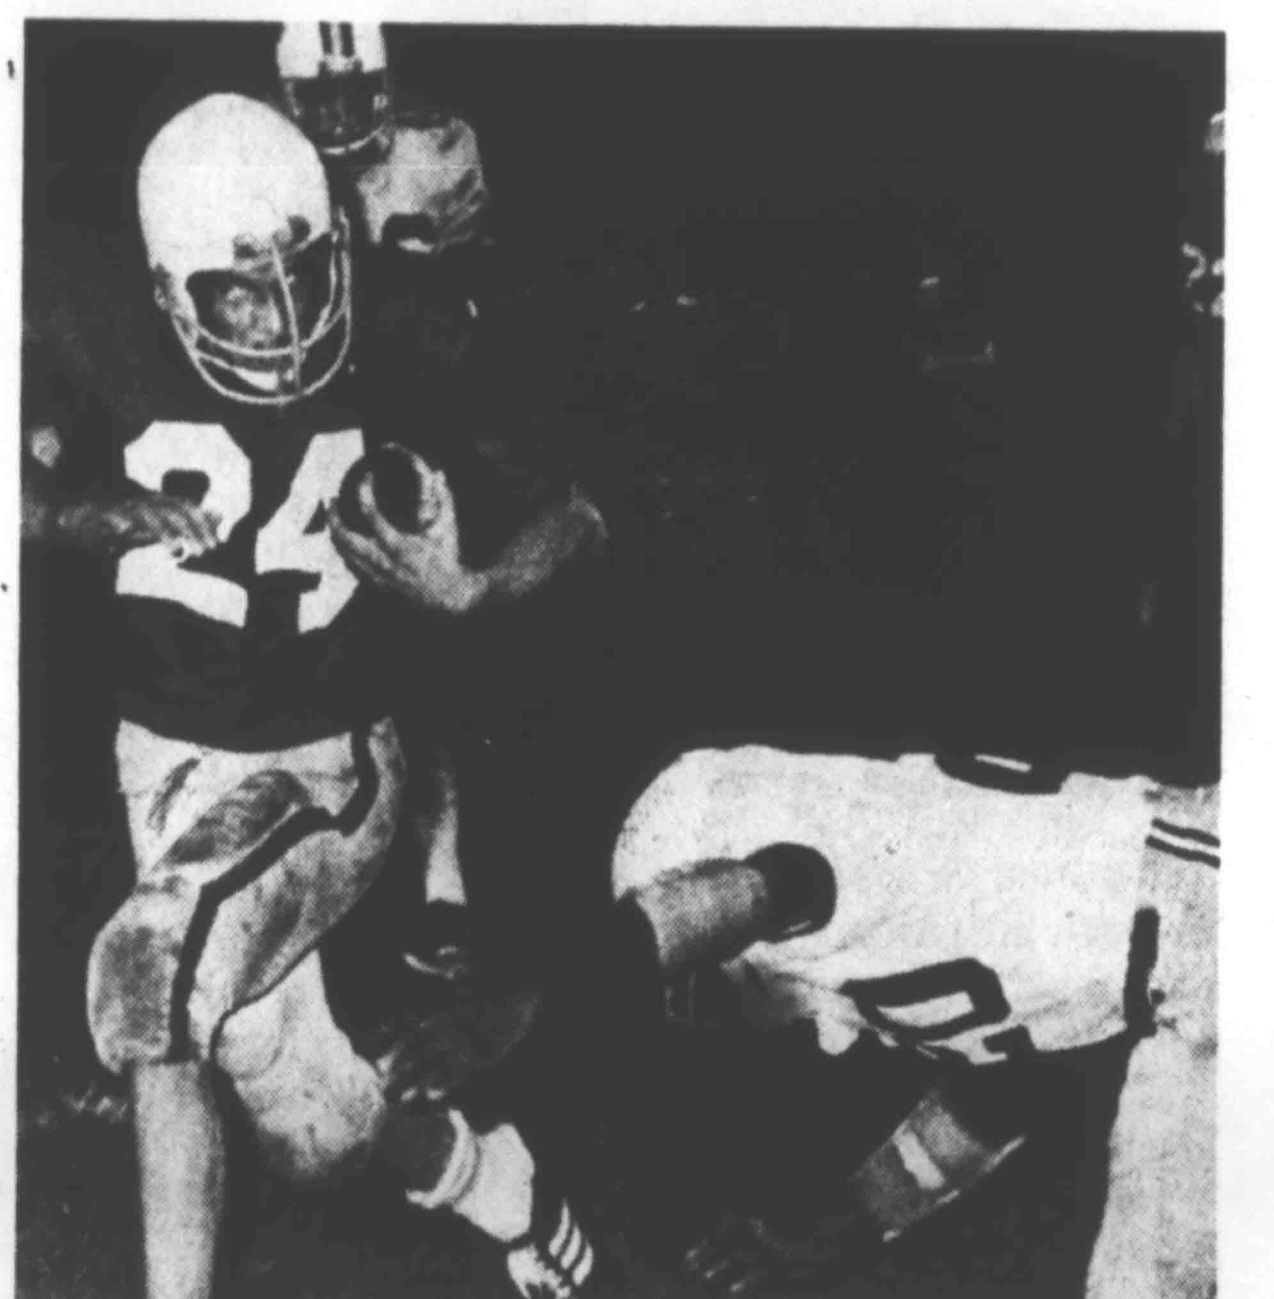

Each team gave their opponents every chance as the Tigers dropped the ball six times and lost four while Dyer County fumbled 9 times and lost 3. Both teams lost scoring opportunities because of fumbles.

The Tigers were penalized 9 times for 88 yards while Dyer County had 77 yards stepped off against them on 8 penalties.

Halls quarterback Walter Lazure attempted 21 passes, completed 11 and had 2 intercepted. Ross, a lefthander, threw 8 times, completed 5, and had 1 intercepted.

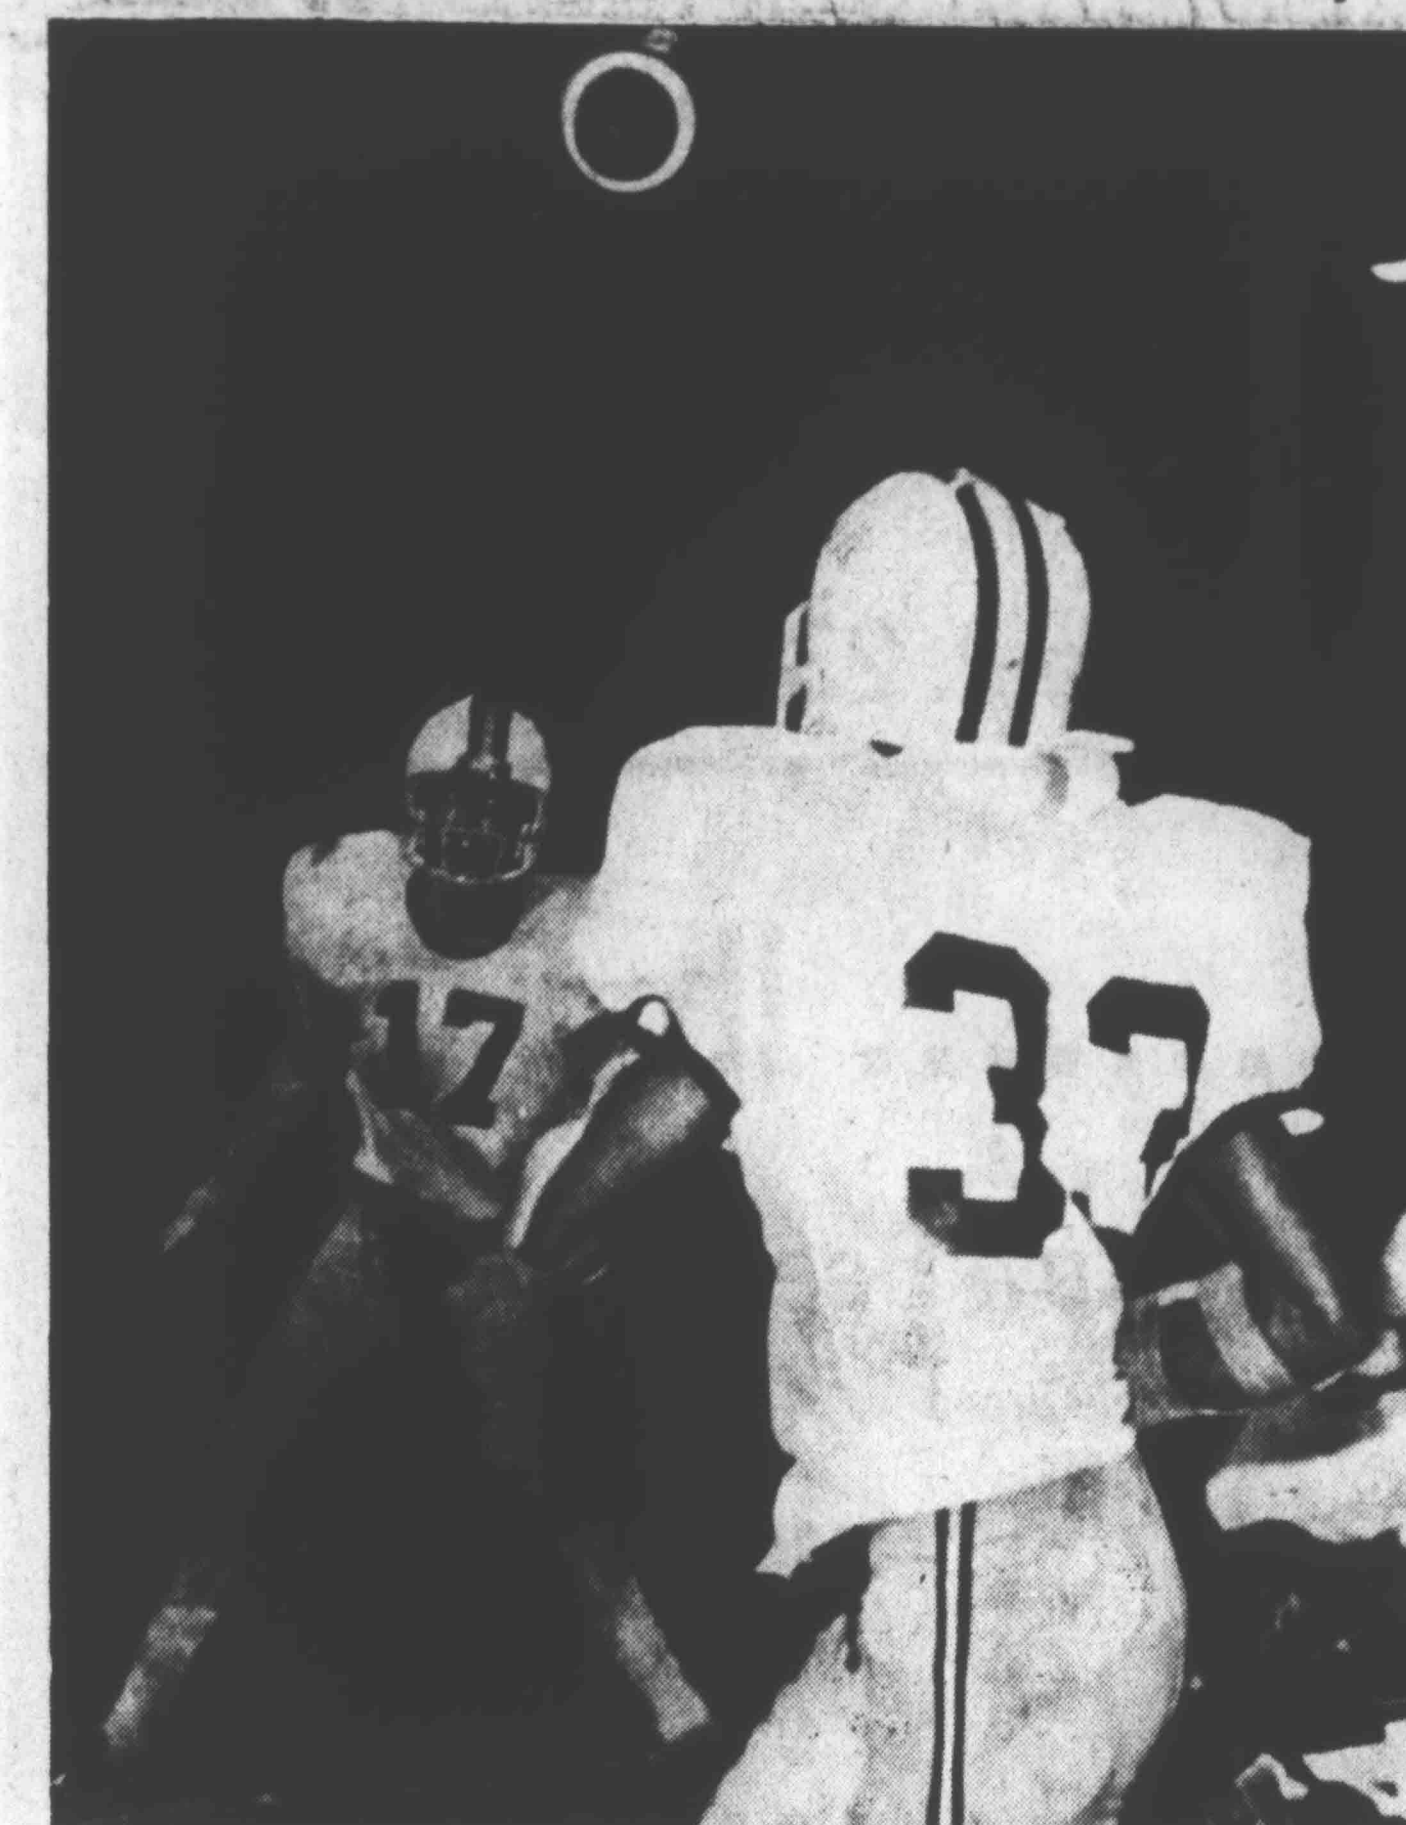

McKinney could gain only 29 yards in 9 carries. Barry Washington had 28 yards in 8 carries and Marvin Brown picked up 25 yards in 4 carries.

Dyer County had 17 first downs and Halls amassed 14.

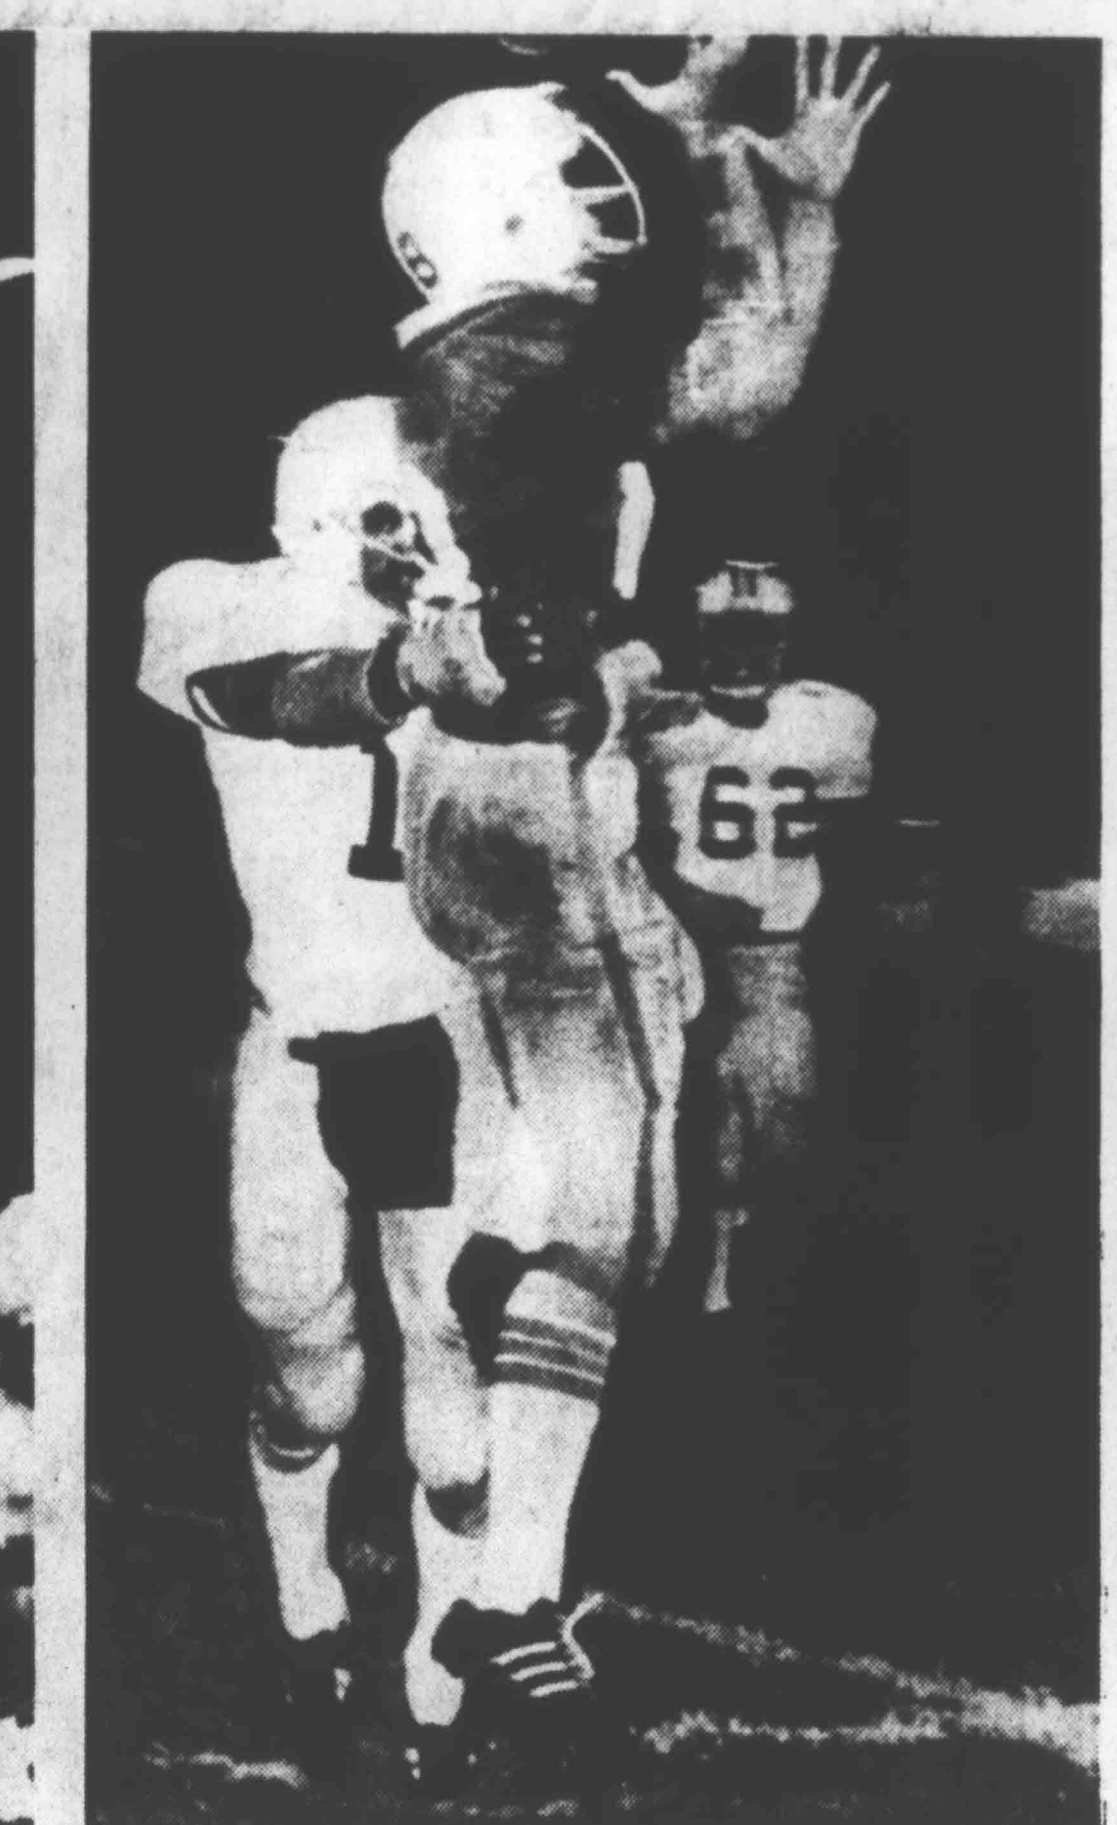

DESPERATE EFFORT SHOWS ON THE FACE of Dyer County carrier (24) as Halls' Doyle Napper (20) bullets in during the Choctaws' push toward their second TD.

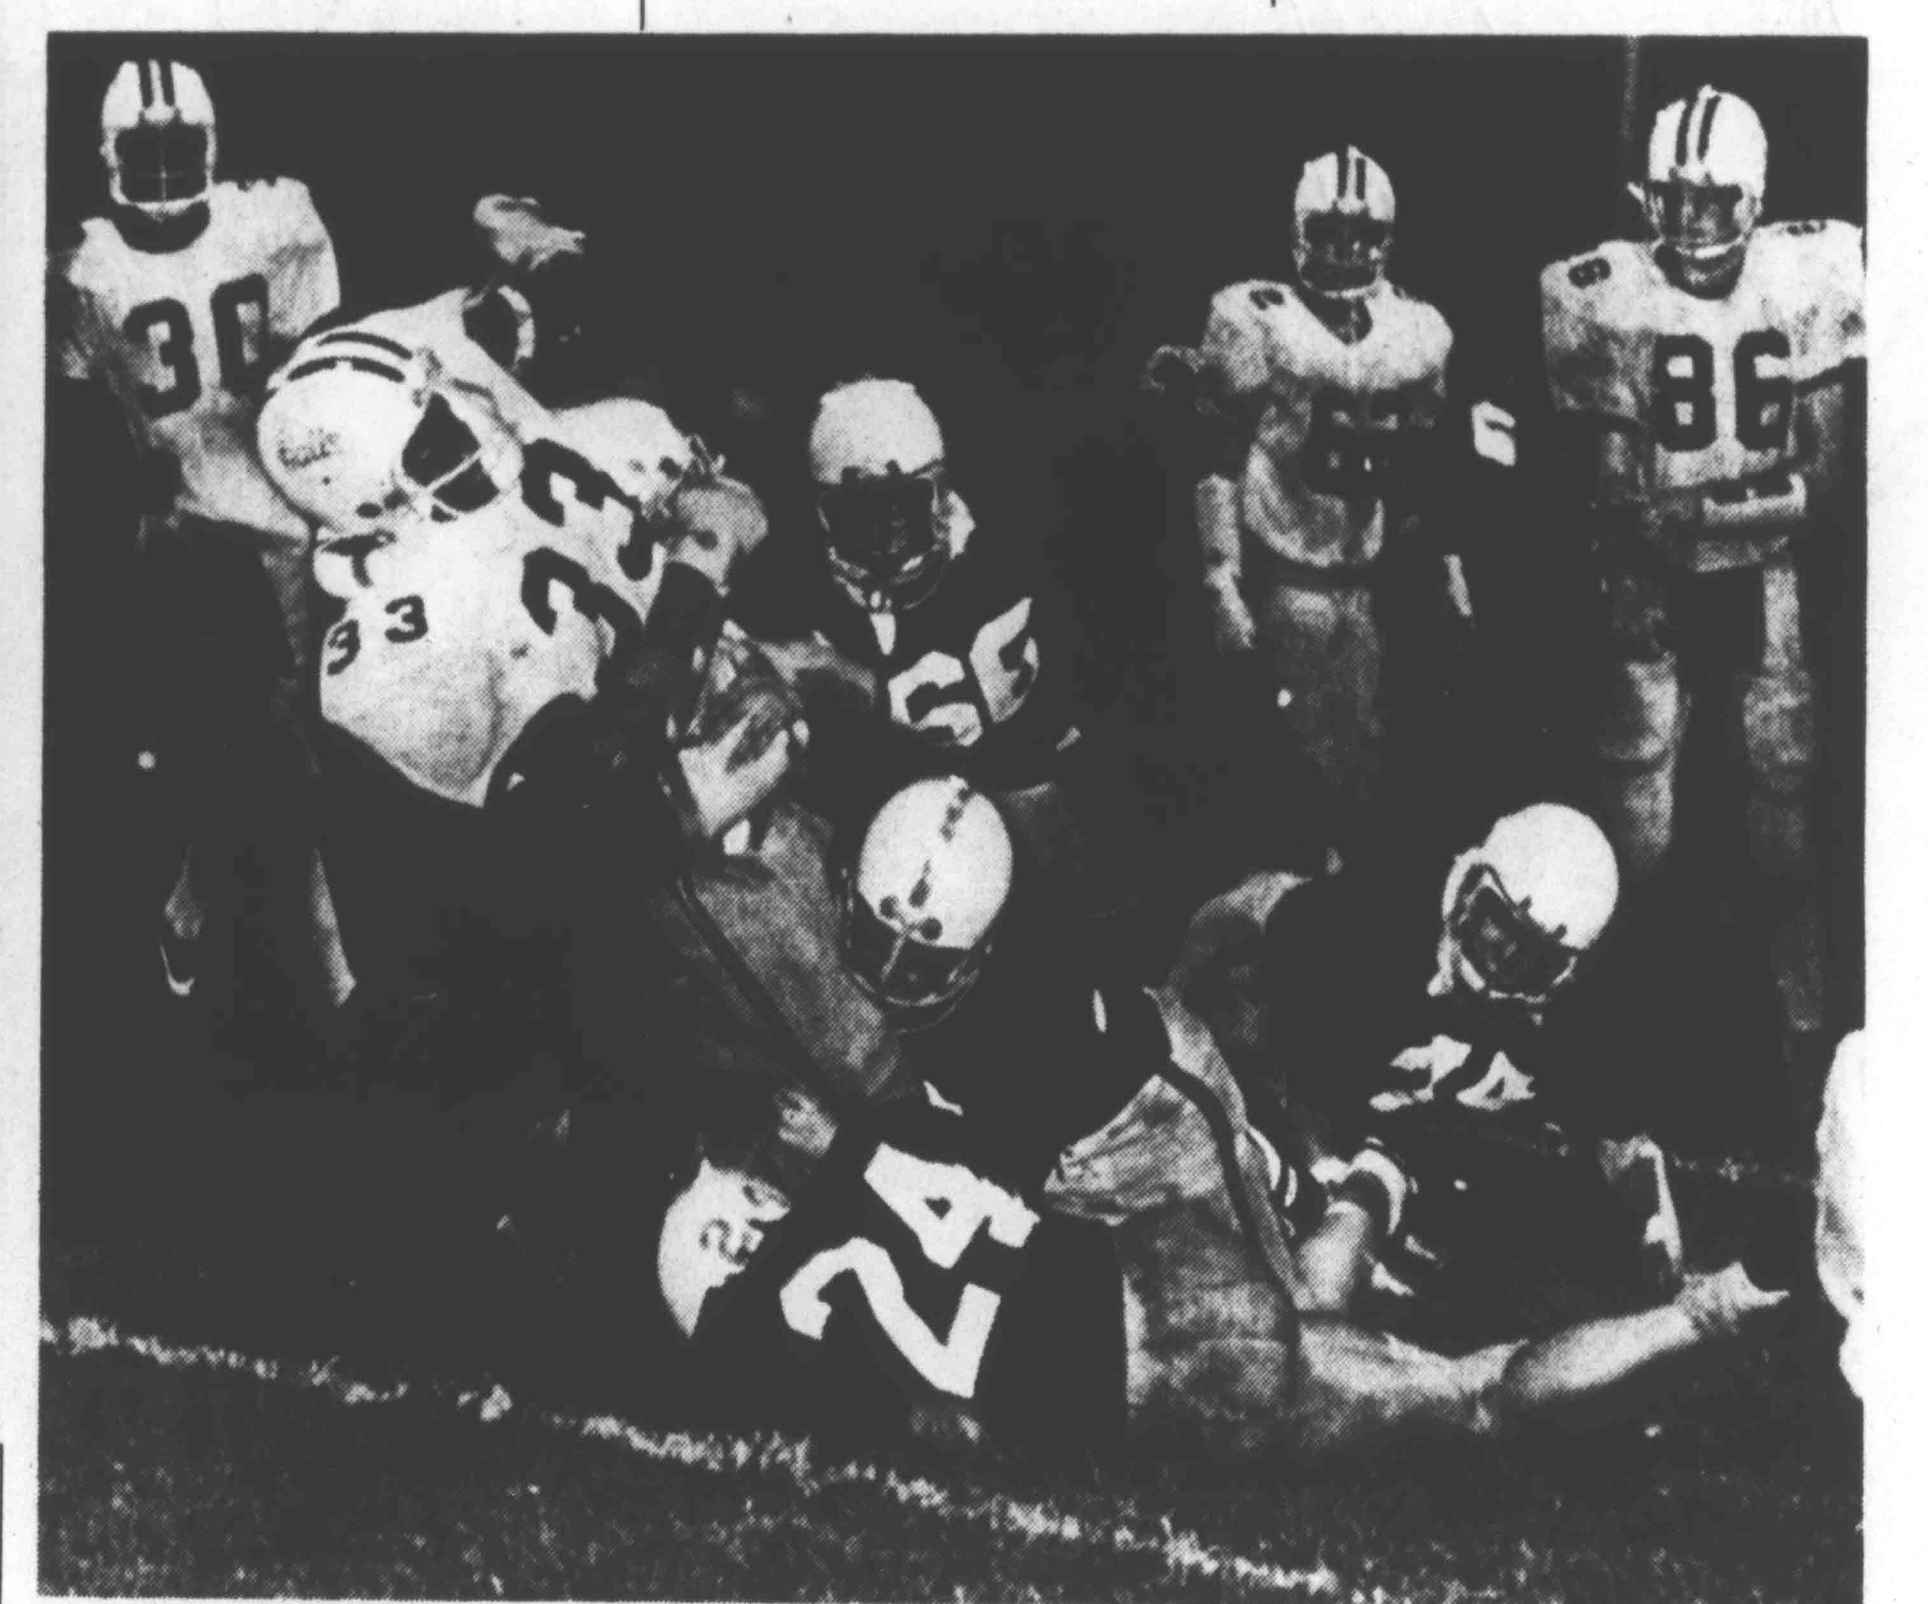

McKinney led Halls tack-Chris Throgmorton, Steve Harber, and Brian Nolen had added 13, Lazure 12, while 9 stops each.

ON THE WAY from Halls quarterback Walter Lazure (17) to junior fullback Barry Washington (33) is a fourth quarter aerial which moved Halls, with a penalty against the Choctaws, from the Dyer County 33 to the 19. The Tigers scored McKinney, from the one, in five plays to post their final TD of the evening and close the scoring, 20-14.

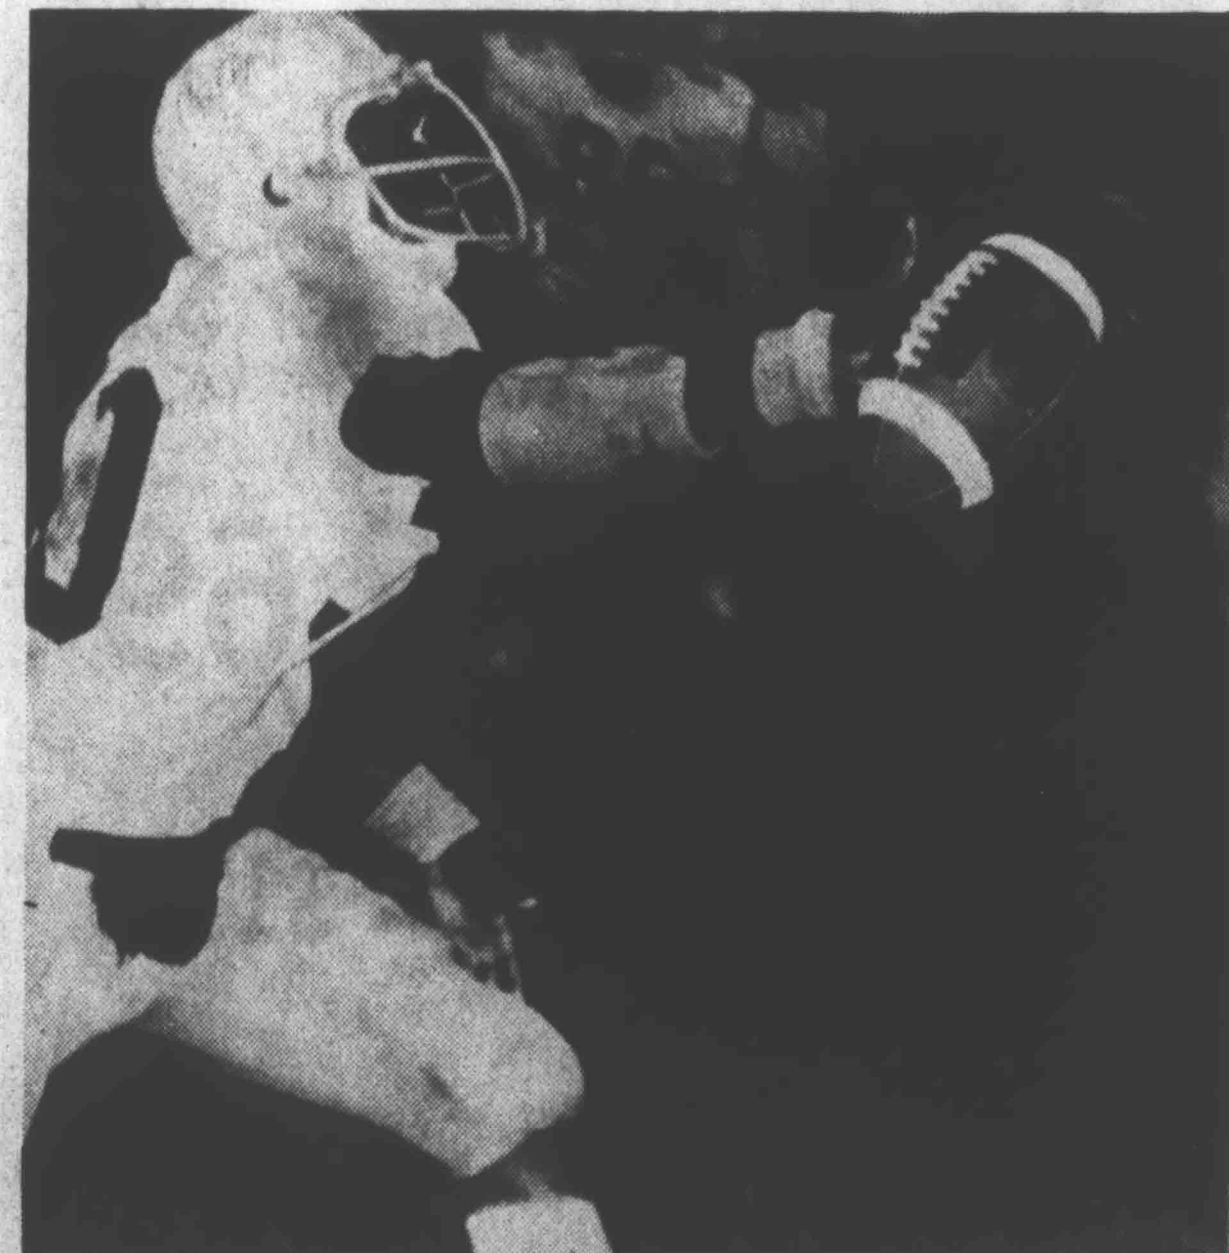

UPSY-DAISY, NOW—Halls' Dwayne Mckinney (10) wasn't really elevating this Newbern receiver for the Choctaws' first pass, after two firsts on their first possession. It was incomplete, and a repeat, next play, was intercepted for the Tigers by Doyle Napper.

BARRY WASHINGTON (33) GETS BEAR HUG from one Choctaw as two others help halt a good gain for the Tigers. Watching the action from background are Marvin Brown (30), David Sweatt (62), and Brian Nolen (86).

JUST A BIT OUT OF REACH was Halls' second pass—intended for Marvin Brown (30)—as Halls, on its first possession, threw on second and 10 from the Tiger 45. Next play, the Tigers fumbled the ball away, ending a move on two first downs from their 21, after Doyle Napper's interception.

REPORTS FROM WASHINGTON

During the past several weeks, there have been reports regarding the possibility of a major scandal in one of the federal government's most important agencies—the General Services Administration. This agency has the responsibility of managing federal property, obtaining and distributing supplies to all federal agencies, and acting as the government's business manager in general.

In carrying out its tasks, GSA oversees the building of federal office buildings, the maintenance of federal office buildings, and providing office supplies and the like to other agencies. As a result of the responsibility it holds, GSA maintains a budget of five billion dollars annually and employs some 35,000 persons. Also because of its responsibility, GSA is in a position of spending vast amounts of tax dollars for a wide range of services and products.

GSA was established to centralize government purchasing. Prior to its founding, each agency handled its own purchasing and building needs. As a result, it was found that there was a great deal of duplication and over-spending that might be avoided if federal purchasing was consolidated. For example, a lower price per unit than ten agencies ordering the smaller numbers of the same typewriter because of disclosure of misconduct and that GSA would save money

by buying large quantities of products for all the various federal agencies.

Unfortunately, the revelations in recent weeks indicate that such savings have not occurred. Newspaper reports in Washington stated that GSA was paying \$20.70 for a pocket calculator that an individual could buy for \$14.90 in a discount retail store. Similarly, GSA is paying \$56.50 for a cassette tape recorder that you, the individual taxpayer, can buy for \$46.90—a far cry from the savings envisioned when GSA was established.

As a result of these types of discoveries, a major investigation has been underway by GSA and the Justice Department to determine how widespread these practices are. Preliminary reports are in and GSA Administrator Jay Solomon has said that over 50 indictments will be made in the next few weeks. These indictments for the most part will involve charges of fraud in the repair and maintenance of buildings. He has also suggested that many high level GSA employees will be fired for negligence in the performance of their duties.

It should be pointed out that the indictments Mr. Solomon predicted will come out of the Washington, D. C., Virginia, Maryland, and Pennsylvania district. The investigation goes far beyond just that area. Similar disclosures of misconduct and mismanagement of federal

resources have been uncovered all over the United States. It is anticipated that over 500 indictments can be expected before the investigation is completed.

I think Mr. Solomon's actions are a good example of someone with integrity and experience attempting to provide better management within the federal government. I think his efforts are to be commended and encouraged, and I have expressed these sentiments to him. I am hopeful that his continued investigation will clean up the mess that has been made in the area of government purchasing. While this action in this one agency will not balance the federal budget, of course, I think it is this type of action that can help rid the federal agencies of mismanagement and waste. As a Tennessean, I am proud of Jay Solomon who is a native of Chattanooga and I have let him know that I support his efforts.

Bret Cook, of Halls, spent the weekend with his grandparents, the Holford Swanners. Guests on Sunday were Mr. and Mrs. Edward Lee Swanner, of Trenton, and Mrs. Barry King and son, of Ripley.

Come to an old-fashioned picnic for Jake Butcher for Governor.

Congressman Ed Jones invites all West Tennessee to come out and eat all the old-fashioned stew you can hold Saturday, September 30, at 4:30 p.m. in City Park, south of Trenton on Highway 45.

Meet Jake Butcher and Congressman Jones and find out how working together will achieve greater success for all Tennesseans. We need to find new ways state government can open up new farm markets for our fine Tennessee agricultural products. We need a comprehensive study of our educational system to determine how to get more use out of our educational dollars at the classroom level. We need new industry in Tennessee so our children can find a job when they graduate and don't have to leave our state. We need to provide tax breaks for our older Tennesseans who cannot enjoy their golden years because of rising food costs and inflation. We need a leader who will make our educational system work, bring those jobs to Tennessee, and restore the faith in our Tennessee government.

So come on out Saturday, September 30, and talk over the issues with Jake and Ed. And let's work together to make Tennessee a better place for all of us.

Elect Jake Butcher Governor

BPW Course Is Launched

An 8-week individual development course for Lauderdale County Business and Professional Club members, taught by Mrs. Marye O. Gray, of Covington, and Fred Faulk, of Ripley, began last week in Murren's dining room, where all meetings will be held.

The course teaches members about BPW facts, such as by-laws, emblems, and officers' duties, since these are the basis for speeches, both prepared and extemporaneous.

There will also be attention to parliamentary procedure, but the course basically teaches members to speak before a group.

At the first meeting, 17 members attending drew topics on which to give 5-minute talks this week. Extemporaneous speeches are for two minutes.

This week, the topic is focused on the local club.

Members take turns presiding and served as program chairman.

A "roving" trophy is given each evening to the best speaker at the end of the course, and the last night's winner keeps it.

Members may miss only two weeks to remain eligible to receive a certificate.

A second, advanced course in program planning will be open only to graduates of the current course.

Members interested in participating should contact Mrs. J. F. Chipman, Jr., or Mrs. Olive Matthews.

Pink & Burgundy Vows

MR. AND MRS. BURRELL LYNN KISSELL are residing at Curve after Aug. 18th double ring vows in Curve Baptist Church, with The Rev. Bob Gaines officiating.

The bride's sister, Mrs. Gloria Daniels, of Toulon, soloist, and Gayle Jones, of Curve, organist, provided nuptial music and joined in the duet, "Whither Thou Goest," as the prayer song for the rites.

The bride, Rita Dianne Gay, was given by her father, William Neal Gay, of Curve, in a gown of white organza with scooped neck-line, full sheer sleeves edged in lace, and a flowing skirt. Lace also edged the circumference of the 3-tier train.

Annette Chalk, of Whitefield, was maid of honor. The bride's cousin, Kim Mathis, of Lexington, was the bridesmaid. Each wore a formal gown of pastel pink and carried a single long-stemmed rose tied with a burgundy ribbon.

The groom's brother, Tim, of Ripley, was best man, with Lee Latham, of Lightfoot, as groomsman. They wore burgundy tuxedos with pale pink shirts.

The bride's niece, Paula Daniels, of Toulon, was flower girl, in a long gown of pink and white. The groom's cousin, Jason Fullen, of Mississippi, was ring bearer, in a dark blue suit.

The bride's mother wore a gown of pastel pink, with a light shawl. The groom's mother, Mrs. Saville Kissell, chose a gown of pale green, with a waist-line jacket. The bride gave each mother a long-stemmed red rose.

The bride's niece, Sonya Daniels, of Toulon, gave wedding guests scrolls as they arrived. Susie Elder, of Durhamville, kept the bride's book at a round table decorated in pink and burgundy.

In the reception, the bride's sister, Mrs. Gloria Daniels, and the bride's sister-in-law, Mrs. Gary Gay, of Curve, served cake and punch. The rice bags carried out the pink and burgundy theme of the ceremony.

To All Parents Or Guardians Of Children Enrolled In Lauderdale County Schools:

The Lauderdale County Department of Education asks that parents of children enrolled in public schools in Lauderdale County come to the school in which their child is enrolled on Thursday, Oct. 5th, between the hours of 1 p.m. and 8 p.m. At this time, parents will be given the report card covering the first six weeks of school. A new report card is being used this school year. We feel that we need to carefully discuss with each parent in grades kindergarten through twelve the progress of each student and the progress report itself. Parents will be asked to come to school on three occasions—Oct. 5th, Jan. 8th, and April 12th—to review with teachers the progress of the student this year. If for some reason a parent cannot come to the school on the date requested at any time during the hours from 1 to 8 p.m., an appointment should be made with the school principal and respective teachers. Report cards will not be sent home by the children until after parents have been consulted thoroughly about the progress of the children. We will appreciate the co-operation of all parents, as we believe that this will establish a good relationship between school and home and can only result in the best of benefits for the children of Lauderdale County. Students will not attend school on the dates of parent/teacher conferences.

56th Birthday Feted Sunday

Mrs. Ibers Throgmorton, of Halls, was honored on her 56th birthday Sunday with a family dinner at Reeffoot.

Attending were the Odell Duggers and daughters, Jennifer and Rhonda, the Barry Harrells, the Linnie Harrells, Miss Freda Harrell, the Stan Throgmortons, the Steve Throgmortons, the W. G. Throgmortons and son, Chris, Miss Mary Alice Throgmorton, and David Watts, of Halls.

Events Honor Bridal Couple

Miss Freda Harrell and David Watts, who will be married at 7:30 p.m. this Friday in Gates Church of Christ, were honored with a shower on Sunday after services, and a fellowship dinner, in Maury City Church of Christ.

One of the three tables was centered with a bridal couple.

Mrs. Barry G. Harrell and Mrs. Don Ray were hostesses Friday in Mrs. Harrell's home for a bridesmaids' luncheon at which Fred presented each attendant with a gold stick-pin.

Attendees honored were Mrs. Harrell, Mrs. Mary Moore, Mrs. June Roark, Miss Jennifer Dugger, and Miss Rhonda Dugger. Other guests were Mrs. Odell Dugger, Mrs. Linnie Harrell, and Mrs. Flora Ray.

Guests enjoyed spaghetti, pizza, salad, tea, ice cream, and cake.

Arnold Drug Co. employees gave Miss Harrell a linen and miscellaneous shower Sept. 8th in the home of Mrs. Sammie Arnold.

Other hostesses were Mrs. Gay Connell, Mrs. Elizabeth Dyer, Mrs. Auferd Pickett, Mrs. Jerry Stanley, Mrs. James White, and Mrs. James White, Jr.

Mrs. Connell gave Freda a corsage of white silk daisies with gold centers, which she wore at the shoulder of a gold cowl-collared frock with gold belt.

The table, laid with an Army-Navy lace cloth, was centered with an arrangement of white silk roses and greenery, flanked by silver candelabra.

Sausage balls and dips were enjoyed with toasted cheese crackers, nuts, mints, and punch.

Friends gave Miss Harrell a miscellaneous shower Sept. 3rd in Gates Community Center. Mrs. Sheila Acar gave Miss Harrell, in an off-white dress, a white silk orchid. Miss Harrell's mother, Mrs. Linnie Harrell, was given a white silk rosebud corsage. Mrs. Tommy Moore, Jr., led games.

The guests enjoyed cookies, nuts, and fruit punch from a table laid with white lace, centered with green and yellow flowers provided by the mother of the groom.

Mrs. Jerry Goodwin was hostess Sept. 2nd for a pot and pan and recipe shower in her home on Chesher St. in Halls, giving Miss Harrell, who wore a gunmetal blue 2-piece frock, a white daisy corsage. Guests enjoyed cake with coffee and Coke.

Gates Church of Christ ladies and other friends were hostesses at tea Aug. 27th in the home of Mrs. Prewl Buffalo in Gates, decorated with red roses, given by Mrs. Buffalo, in bud vases.

The bride's sister-in-law, Mrs. Barry G. Harrell, registered guests.

The honoree wore a formal of deep apricot "Gianna".

Yellow gladioli adorned the fireplace mantel. The table, laid with an imported ivory lace cloth purchased by Mr. Buffalo especially for the occasion, was centered with an arrangement of Tropicana roses, yellow daisies, baby's breath, and fern, grown and arranged by Mrs. Hal J. Pennington, flanked by silver candelabra with yellow tapers. Cake was served with nuts, mints, and fruit punch.

Mrs. Hal J. Pennington's Colonial home was the setting for a kitchen and recipe shower Aug. 26th, with Cindy and Betty Evelyn Pennington as co-hostesses.

The latter gave the honoree a corsage of red strawberries to wear at the shoulder of her white pants suit with gold shell. The honoree's mother was also given a corsage.

The table, laid with white lace, was centered with roses and daisies flanked by silver candle holders containing glowing white tapers.

After bridal games, guests enjoyed fresh coconut cake with nuts, mints, and orange punch.

A certified check or satisfaction Bid Bond in the amount of 5% of the amount of the Bidder's proposal price must be submitted with the bid.

The Bidders are notified this project is funded in whole by a grant from the U. S. Department of Housing and Urban Development, and that wage rates and noncollusion, prohibition of interest by certain officials, equal employment and non-discrimination certifications will be required from the Bidder to whom the Contract is awarded, and that the Contractor to whom this Contract is awarded must comply with wage and hour provisions herein and must assure that applicants for employment and employees are not discriminated against because of race, color, sex, creed, or national origin.

Notice of Requirement for Affirmative Action to ensure equal employment opportunity. (Executive Order 11246).

1. The Offeror or Bidder's attention is called to the "Equal Opportunity Clause" and the "Standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth herein.

2. The goals and timetables for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the covered area, are as follows:

APPENDIX A
The following goals and timetables for female utilization shall be included in all Federal and federally assisted construction contracts and subcontracts in excess of \$10,000. The goals are applicable to the contractor's aggregate obligations required by the specifications set forth in 41 CFR 60-4.3(a) and its efforts to meet the goals established for the geographical area where the contract resulting from this solicitation is to be performed. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and the Contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Contractor to Contractor or from Project to Project for the sole purpose of meeting the Contractor's goals shall be a violation of the Contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total work hours performed.

3. The Contractor shall provide written notification to the Director of the Office of Federal Contract Compliance Programs within 10 working days of award of any construction subcontract.

These goals are applicable to all construction work under the contract resulting from this solicitation, the "covered area" is the Town of Halls, Tennessee.

No subcontractor shall be used on the project without prior approval of the Engineer, Owner, and Funding Agency.

Low income local labor and businesses, "Section 3 Clause," must be utilized to the maximum practical extent (Local shall mean the Town of Halls, Tennessee).

ELECT LYLE REID STATE SENATOR

Democratic Nominee, 27th Senatorial District
Elect A Proven Leader To The State Senate
For Tipton, Lauderdale, Dyer, Crockett, and Haywood Counties

● **RURAL ROADS**—The counties must have help in repairing and improving rural roads. Local property taxes are not sufficient for this purpose, and the state must provide some additional assistance.
● **STATE EMPLOYEES**—The state should follow business-like employment practices; the high personnel turn-over rate is expensive and inefficient. State employees should be hired and promoted on the basis of ability, experience, and performance—free from political interference.
● **NO NEW TAXES**—The state is in good financial condition, and no new taxes will be needed. However, effective leadership is needed in making sure that waste and corruption are eliminated in spending our tax dollars.

Come to an old-fashioned picnic for Jake Butcher for Governor.

Congressman Ed Jones invites all West Tennessee to come out and eat all the old-fashioned stew you can hold Saturday, September 30, at 4:30 p.m. in City Park, south of Trenton on Highway 45.

Meet Jake Butcher and Congressman Jones and find out how working together will achieve greater success for all Tennesseans. We need to find new ways state government can open up new farm markets for our fine Tennessee agricultural products. We need a comprehensive study of our educational system to determine how to get more use out of our educational dollars at the classroom level. We need new industry in Tennessee so our children can find a job when they graduate and don't have to leave our state. We need to provide tax breaks for our older Tennesseans who cannot enjoy their golden years because of rising food costs and inflation. We need a leader who will make our educational system work, bring those jobs to Tennessee, and restore the faith in our Tennessee government.

So come on out Saturday, September 30, and talk over the issues with Jake and Ed. And let's work together to make Tennessee a better place for all of us.

To All Parents Or Guardians Of Children Enrolled In Lauderdale County Schools:

The Lauderdale County Department of Education asks that parents of children enrolled in public schools in Lauderdale County come to the school in which their child is enrolled on Thursday, Oct. 5th, between the hours of 1 p.m. and 8 p.m. At this time, parents will be given the report card covering the first six weeks of school. A new report card is being used this school year. We feel that we need to carefully discuss with each parent in grades kindergarten through twelve the progress of each student and the progress report itself. Parents will be asked to come to school on three occasions—Oct. 5th, Jan. 8th, and April 12th—to review with teachers the progress of the student this year. If for some reason a parent cannot come to the school on the date requested at any time during the hours from 1 to 8 p.m., an appointment should be made with the school principal and respective teachers. Report cards will not be sent home by the children until after parents have been consulted thoroughly about the progress of the children. We will appreciate the co-operation of all parents, as we believe that this will establish a good relationship between school and home and can only result in the best of benefits for the children of Lauderdale County. Students will not attend school on the dates of parent/teacher conferences.

McKinney Carried the Ball

McKinney carried the ball 7 times during the game, gained 118 yards and scored 5 touchdowns to bring his scoring total to 64 points and return him to the state scoring picture.
The other McKinney tallies were on runs of 8, 11, 5, and 5 yards.
The Tigers racked up 27 points in the first quarter on three touchdowns by McKinney, a 2-yard run by Marvin Brown, and three of four extra points by Barry Washington.
McKinney hit paydirt twice in the second quarter and Washington kicked two extra points to bring the half-time score to 41-0.
Halls coach Andy Pugh cleared the bench in the second half with Doyle Napper returning an intercepted pass 40 yards for a touchdown in the third quarter and Tommy Layne scored from the 2 in the final stanza. Washington kicked both extra points for the final Halls total of 55.

Halls Is Bruceton Bound After Country Day Romp

The Halls Tigers, now 3-1, after an easy 55-6 win last Friday night over visiting Country Day School, of Memphis, will go to Bruceton this Friday night in the first of three road games as they play at Bruceton, Greenfield, and Lake County before hosting South Fulton Oct. 20th.

Bruceton, coached by former Tiger Coach Julian Nunnaker, has yet to enter the win column, although they have played all opponents close except last Friday night's 54-0 loss to Munford. Bruceton has lost to Old Hickory 14-12, Huntingdon 21-0, and Lake County 13-0 in addition to the loss to Munford.

HALLS' MARVIN BROWN (30), upper photo, gets into the open in Friday's romp over Country Day School, 55-6. RIPLEY'S HOWARD TAYLOR (28) takes Keith Webb's hand-off and heads into trouble in the third quarter of Ripley's shut-out Friday by White Station, 21-0. Ripley's Denohal Alley (42) lunges across fallen Evans Hartman (80) to try to clear the Spartans' Stanley Pratchett (82) from Taylor's path.

Ripley Tigers, Shut Out Last Week, Visiting Covington This Weekend

Ripley High School's Tigers, shut out last week by White Station, 21-0, this Friday visit Covington with dim prospects of doing better.

Covington, unbeaten in five starts, took Treadwell last Friday, 14-8, as Mark Holmes posted 205 yards in 41 carries.
The Tigers, whose inability to hang onto the ball cost them their third consecutive loss, to Briarcrest, week before last, had exactly the same trouble as White Station.
On the game's second play, Ripley fumbled the ball to Spartan linebacker Jimmy Tillman on the Ripley 43.
Ten plays later, the Spartans, recovering a fumble of their own, put seven points up in lights on Tony Morris' dive from the one, with Chip Colbert booting.
The Tigers got two first downs, to the Spartan 46, before Don Goldstein intercepted the Tigers' second pass of the evening and took the ball to Ripley's 31, with 2:03 remaining in the first quarter.
Three plays put White Station ahead 14-0. One of them was a pass good for 33

yards, to the one. Michael Green went in, with Colbert kicking again.
The second period saw Ripley lose the ball twice on downs, on the Spartan 35 and 33.
The Spartans lost the ball to Ripley on fumbles in both the second and third periods, but the Tigers couldn't sustain a drive.
The Spartans pushed 65 yards to their final tally in the third period.
Rezell Foster's pass to Stan Pratchett got 49 of the yards and the tally, with Colbert clicking again.

P. E. Hastings

Prince Edward Hastings, 58, of Dyersburg, brother of Jimmy Hastings, of Halls, died Monday in Fairview Hospital.

Riding Bikes On Sidewalk Illegal

Halls Police Chief Buddy Moore this week reminds bicycle riders that riding bikes on public sidewalks is prohibited.
Services were at 2 p.m. Wednesday in Curry Funeral Home, with burial in Fairview Cemetery.

He is a retired farmer. He also leaves his wife, Mrs. Opal Hastings, two sons, Don, of Lenox, and Gary, of RoEllen; his step-mother, Mrs. Jessie Hastings, of Dyersburg; two other brothers, Jerry, of Dyersburg, and William, of Minden, La.; and three sisters, Mrs. Janice Alexander, of Dyersburg, Mrs. Judy Snow, of Lenox, and Mrs. Verna Peters, of Palestine, Pa.

Moore warned that the law will be firmly enforced.

REPORTS FROM WASHINGTON

Without a doubt, the biggest news of the past week was the result of the Camp David summit meeting between President Carter, Israel Prime Minister Menachem Begin and Egyptian President Anwar Sadat. The achievements of that particular summit meeting have been hailed around the world as the most significant progress ever made toward the achievement of peace in the Middle East.

I certainly hold no claim to being an expert in foreign policy, much less being an expert on the complex and difficult issues that have contributed to the problems in the Middle East. I think, however, that I would be negligent if I failed to at least acknowledge the great achievement of the Camp David summit. Certainly, President Carter must be given a great deal of credit for bringing both Mr. Sadat and Mr. Begin together in a setting that would be conducive to constructive progress on the issues obstructing peace in the Middle East.

At the same time, I think it is important also to give proper credit to Mr. Begin and Mr. Sadat. In the final analysis, it is these two men who had to reach the hard decisions leading up to some framework in which peace could be achieved. Both men were most courageous in facing the issues at hand knowing that they would face severe pressure in their own countries, as well as their neighboring countries, with whatever decisions they reached. All three participants in the summit meeting must be recognized for their courage, determination, and desire to make progress on

this age-old issue of peace in the Middle East.

In spite of the progress made at Camp David, I don't think there is anyone who is even slightly familiar with the Middle East problems who feel that peace is, at last, assured. Though there has been progress between Egypt and Israel, a firm peace in that region of the world is going to require understanding and cooperation of all nations in the Middle East. In addition, though frameworks for more last achievements have been drafted and accepted by Mr. Sadat and Mr. Begin, a great many details remain to be settled. During the telecast of the announcement held at the conclusion of the Camp David summit, I was greatly encouraged by both men's apparent desire to begin negotiating quickly the final details of a permanent settlement.

The overall tone of the meetings appears to be one in which both sides are committed to permanent peace in the Middle East. I am hopeful their efforts will result in the peace that has been so elusive in past years. No doubt, the final negotiations will be difficult diplomatic chore; but at this point, I share the optimism of those who feel they will ultimately succeed.

Middle East conflicts and potential for conflicts have been one of the most volatile and stubborn problems in world affairs for a very long time. The breakthrough achieved at Camp David marks a major new effort in achieving peace there. I look forward to following the progress of this initiative in the coming months.
