THE HALLS GRAPHIC, HALLS, TENNESSEE, JANUARY 6, 1983

VOLUME 87—NUMBER 1

## Featured

**CAMILLE PITTS**, of Halls, has been named a semi-finalist in Teen magazine's 1983 Great Model Search. She will be featured in the February issue, receive beauty products from the Gillette Co., and vie for selection as one of 16 'super' semi-finalists from six regions; two per region will compete in Los Angeles.

## Board Rejects Craddock Aid

Monday's meeting of Halls Board of Mayor and Aldermen declined to make any allowances to Robert Craddock on a \$247 natural gas bill caused by a broken line, since the city suffered gas losses while sewer taps were being installed. The board expressed regret to Craddock but said no allowances are being made on meter usage.

In other business, the board:

Instructed City Recorder Katie Davis and Alderman Steve Levy to check with other towns for their regulations on posting of political signs and to check state provisions.

Heard Alderman Judson Vaden report several requests that Ambulance Service employees limit their parking space for personal vehicles, vehicles for sale, and wood for sale. It was said the Town of Halls has no stated policy on these matters but will request co-operation in an effort to supply more public parking space.

Heard Recorder Davis report the Natural Gas Fund overdrawn. She was authorized to borrow from the general fund on a short term basis to offset the overdraft, which was caused by payment to the gas supplier before collecting from customers.

### MARTIN-LONG

Steve Martin, son of the Bill Martins, of Halls, and Anita Kirk Long, of Union City, were married Dec. 31st in Union City.

## CONFIDENTIAL CORNER

By Henry Murchison

### No Weather Prophet

The snow Sunday afternoon caught your editor completely by surprise. Nell and I had planned to drive to Memphis about noon, when we suddenly realized that it was raining slightly, with a little sleet. We decided to cancel plans to go to Memphis but drove over to Dyersburg instead.

En route to Dyersburg, we noticed a few flakes of snow, but your all-knowing editor assured Nell that it wasn't going to amount to anything. That's what we thought!

En route home, it had begun to snow very hard, and, of course, you know that a drop of two or three degrees in temperature would have been terrible.

We are now on the same level as the weatherman who reported the mixed rain, sleet, and snow, but assured his listeners there would be no accumulation. Both of us didn't know what we were talking about.

### Enough Football

Any football fan who didn't get enough football during the weekend simply cannot be pleased. Starting Wednesday of last week, there were the Liberty Bowl in Memphis, Thursday, the Gator Bowl in Jacksonville, Fla., Friday, the Peach Bowl in Atlanta, Ga., the Hall of Fame Bowl in Birmingham, Ala., and the Bluebonnet Bowl in Houston, Tex., then Saturday the Fiesta Bowl in Tempe, Ariz., the Cotton Bowl in Dallas, Tex., the Rose Bowl in Pasadena, Calif., the Orange Bowl in Miami, Fla., and the Sugar Bowl in New Orleans, La. Then there was Sunday, with four or five pro games on the tube.

As we wrote a few years ago, bowl games have increased until they have become slightly ridiculous. Several of the teams in bowl games probably should have not been included, although there were some good games.

There were several bowl games which we didn't see, but we saw entirely too many. We are going to form a Bowl Games Anonymous Club before another year.

### Outclassed

Guess it's a good thing we had to give up golf a few years ago, when we lost the use of our right eye, or we would be quite embarrassed.

Our grandson, Patrick, spent a few days last week with us, and he had some pictures taken while he was playing in a golf tournament on Doral Country Club course earlier in the fall.

Only 10 years old, Patrick was chosen as one of 18 boys age 10-11 to play in the Junior Tournament. He finished ninth in the tournament, with his game including a birdie and a par.

Playing on the course played by the pros and known as the Blue Monster, he made a very respectable score. We're glad we have a good excuse for not playing him.

## Gates Matron's Purse Grabbed

Mrs. Ruby McKinnon Pennington, arriving at her home in Gates about 6:10 p.m. Friday from the A. T. McKinnon & Co. general store in Gates, was knocked off her feet and had her purse stolen by two men who fled as she screamed. She was not seriously injured.

James Mauldin, Gates police officer, said she was so taken by surprise she had not been able to very clearly describe her assailants.

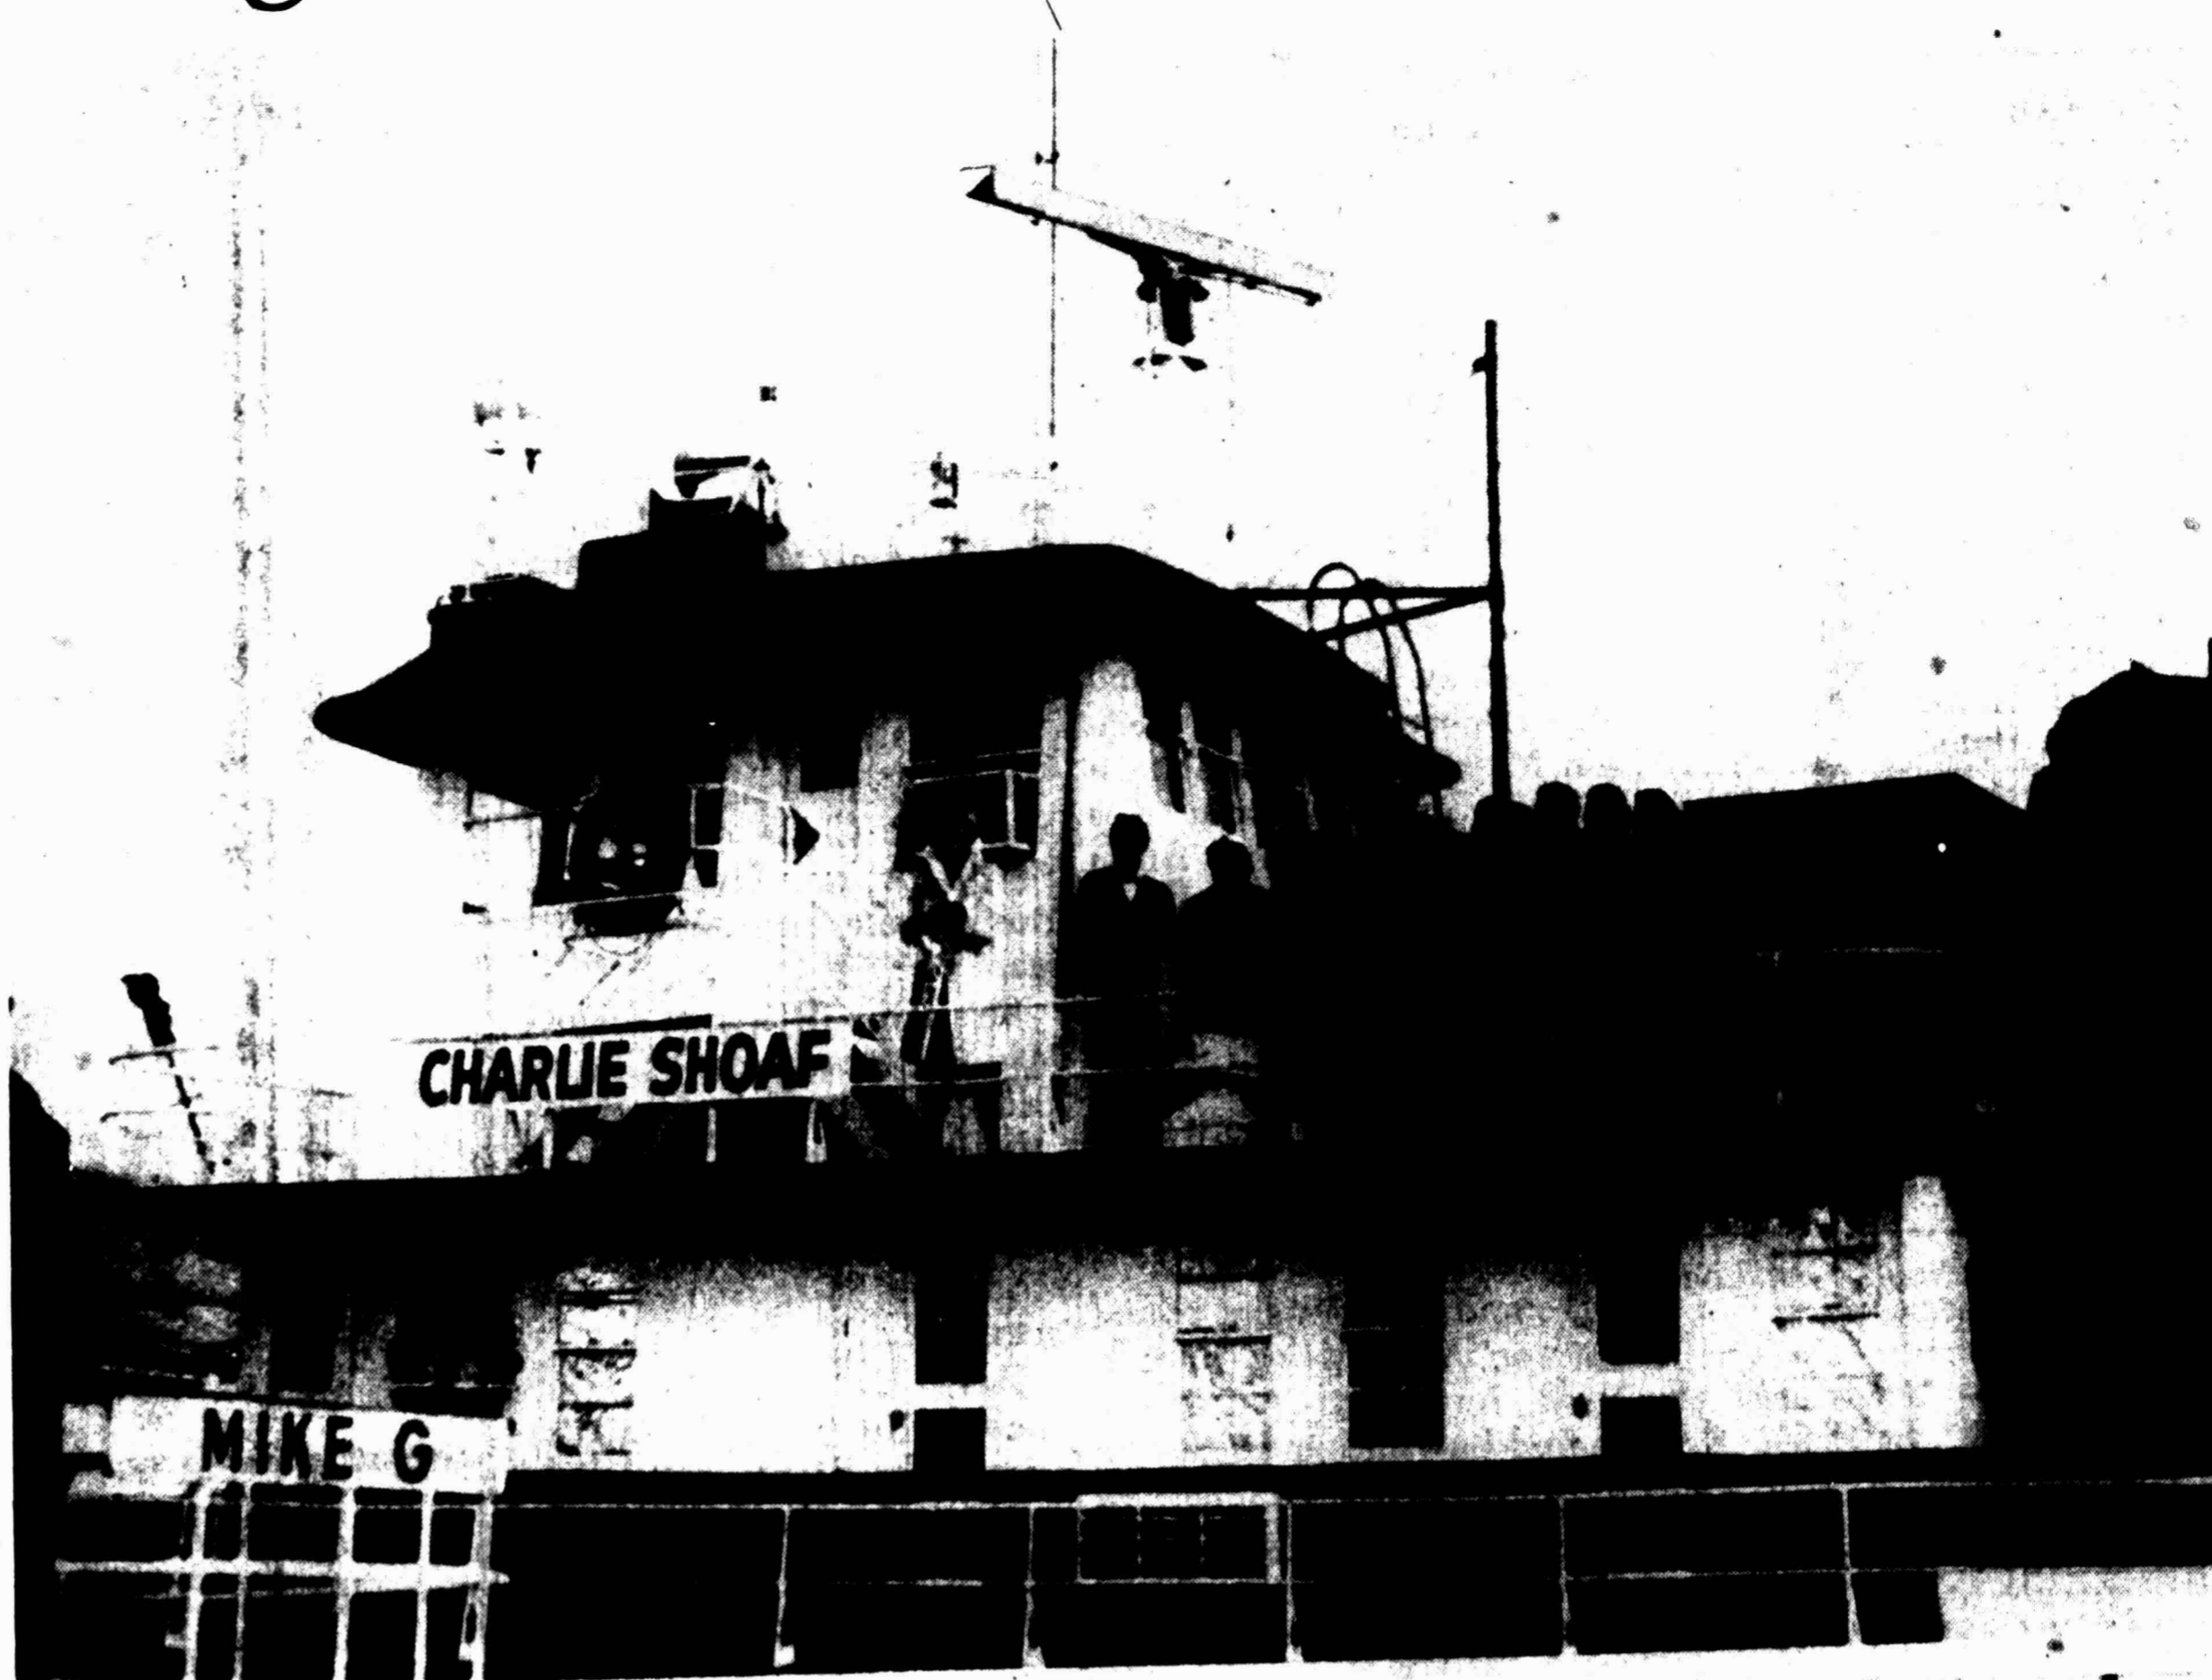

## Still Is Seized

**STILL SEIZED FRIDAY**, along with 45 gallons of moonshine, is inspected at the county jail by, from left, jailer Marvin Goad, Eddie Harrell, and deputy James Genesy, all of Ripley. Sheriff Milford

Durham charged J. W. Campbell and his wife, Edna, of Dry Hill, with possession and intent to sell illegal whiskey; they are free under \$2,500 bond each, pending a hearing Jan. 14th.

## Tug Christened 'Charlie Shoaf'

**CHRISTENING THE 'CHARLIE SHOAF'**, a Mississippi River tug built in the 1960s, purchased by Lauren Shoaf, of Memphis, and named for his late father, Fulton Landing landowner and Lauderdale County sheriff, 1938-42. Wednesday of last week on President's Island in Memphis were Shoaf relatives—from left, in lower photo, the Frank O'Keefes, of Fulton Landing, their son, Miles, star of Tar-

zan, Mrs. Jeanne Shoaf Duncan, Lauren, Capt. Forrest Shoaf, Stewart Shoaf, Libba Shoaf, Kelly O'Keefe, Coleman O'Keefe, the Lauren Shoafs, Jr., and Steve Shoaf. Capt. Shoaf, who has been teaching English at the Military Academy at West Point, N.Y., is being transferred to Fort Leavenworth, Kans., to attend the Command and General Staff School.

## Graduate

**GARRETT LADD ROBERTS**, son of Mr. and Mrs. Johnny Roberts, of Route 1, Halls, was among 550 students receiving degrees Dec. 18th from Middle Tennessee State University in Murfreesboro. A graduate of Halls High School, he took a bachelor of science degree.

### SILVER WINGS

John R. Adams, son of Robert H. and Mary A. Adams, of Halls, has received the silver wings of an Army aviator, and he has been appointed a warrant officer upon completion of the rotary wing aviator course at the U.

S. Army Aviation School, Fort Rucker, Ala.

The course provided training in leadership and helicopter flying techniques as well as instrument flying.

His wife, Shirl, is the daughter of William L. and Linda Craig of 102 E. Logan, Redkey, Ind.

### FILM AT CHURCH

A film, "Greater Than Gold," will be shown at 6 p.m. Sunday at Halls First Assembly of God Church. The Rev. James Patterson, pastor, invites the public.

"Unsung, the noblest deed will die." Pindar

## Flight Alarms Duck Hunters

Dr. William McFee, of Lafayette, Ind., piloted his family to Dyersburg Thursday of last week to spend several days with Mrs. McFee's parents, the Sumrow Steelmans.

Saturday, Dr. McFee and E. M. Steelman, Jr., circled the flooded areas in the Mississippi bottom for an aerial view of the Steelmans' inundated property.

Some local duck-hunters feared the plane contained game wardens.

## Diamond Coach Church Speaker

Bobby Kilpatrick, baseball Coach at Memphis State University, will be guest speaker in 11 a.m. services Sunday in Gates Baptist Church. Baseball players, fans and the public are invited to attend.

Napoleon is supposed to have been terrified of shaving.

**ENJOYING THE SNOWSTORM** Sunday afternoon, youngsters on Circle Drive in Halls started to build a snowman but decided a snowball battle would be

much more fun. The snow, first of the season, about 1 1/2 inches was largely gone Tuesday.

**End-of-model rebates up to \$5,900**  
Closeout savings on the last 40 Series John Deere tractors... plus a bonus for financing without waiver

Don't miss out... take advantage of this cash rebate program before 40 Series tractors, 40- to 228-hp, are sold out. Get a cash rebate (first dollar column below) direct from John Deere in addition to our good deal on the 2WD or 4WD tractor of your choice. These tractors carry a 1981 sticker price, so we're offering rebates and discounts from prices already competitively low. There's more... During January, 1983, pay cash for your new tractor, finance it where you choose, or finance it with John Deere without waiver\* and you'll collect the cash rebate in lieu of finance waiver as shown. Or you can elect to have the John Deere finance charge waived to June 1, 1983, instead of taking the additional cash rebate.  
For those who prefer 50 Series 4WD tractors there are also special rebates during January. Cash rebates up to \$10,050 on new models that replace the 40 Series 4WDs being cleared out. Waiver of finance charge option too. John Deere may withdraw these special offers at any time, so come in soon!

Model	Cash Rebate on Purchase	Jan. '83 Cash Rebate In Lieu of Waiver	Maximum Rebate
228-hp 8640	\$4,500	\$1,400	\$5,900
179-hp 8440	4,000	1,100	5,100
180-hp 4840	3,800	1,000	4,800

**ANNUAL REPORT**

**QUALITY HEALTH CARE: A TRADITION OF EXCELLENCE**

People serving people. Doesn't that sound familiar? It should. That's been the emphasis of Baptist Memorial Hospital since Southern Baptists in Arkansas, Mississippi and Tennessee started the institution 70 years ago.

**BAPTIST MEMORIAL HEALTH CARE SYSTEM, INC. AFFILIATES**

Facilities	Beds
1 Baptist Memorial Hospital-Medical Center 899 Madison Avenue, Memphis	1,500
2 Baptist Memorial Hospital-East 6019 Walnut Grove Road, Memphis	417
3 Baptist Memorial Hospital-Regional Rehabilitation Center 1025 E. H. Crump Boulevard, Memphis	151
4 Baptist Memorial Hospital-Lauderdale Ripley, Tennessee	64
5 Baptist Memorial Hospital-Tipton Covington, Tennessee	70
6 Trezevant Manor and Allen Morgan Nursing Center 177 North Highland, Memphis	60
7 Corning Community Hospital Corning, Arkansas	40
8 Baptist Memorial Hospital-Booneville Booneville, Mississippi	136
9 Baptist Memorial Hospital-Eastern Ozarks Hardy, Arkansas	40
10 Baptist Memorial Hospital-Union City Union City, Tennessee	173
11 Baptist Memorial Hospital-Forrest City Forrest City, Arkansas	112
12 Golden Triangle Regional Medical Center Columbus, Mississippi	276

That principle springs from the Southern Baptist concept of Christian ministry. And it's one of the reasons Baptist Memorial and quality health care have become synonymous in the South.  
That insistence upon the personal touch is now the watchword of Baptist Memorial Health Care System, Inc., new parent of Baptist Memorial Hospital and nine other health care institutions in the Mid-South.  
The health care system was organized in December 1981 to ensure quality health care for the Mid-South at the lowest possible cost and nearest the homes of the patients. Rapid changes are occurring in the health care field. One of the major changes is the disappearance of the freestanding community hospital.  
Within the next 10 years at least 90 percent of the community hospitals in the United States will affiliate with health care systems, experts predict.  
Faced with deteriorating facilities, growing medical technology, lean medical staffs and limited capital, owners of community hospitals are facing three choices: increased taxes, affiliation or closing the institution.  
County governments are choosing affiliation.  
Affiliation with a non-profit health care system can help the community several ways.  
Free from the threat of increased taxes, the community stands to receive better health care while continuing to make input into how the affiliate hospital is operated.

The health care system provides for capitalization, upgrading or replacing facilities, adding new medical equipment and recruiting more medical staff. Its contributions also include bulk purchasing economies, modern clinical services and management expertise.  
During the last twelve months five hospitals in three states chose affiliation with Baptist Memorial.  
They are Baptist Memorial Hospital-Booneville, Miss., with 136 beds; Baptist Memorial Hospital-Union City, Tenn., with 173 beds; Baptist Memorial Hospital-Eastern Ozarks, Hardy, Ark., with 40 beds; Baptist Memorial Hospital-Forrest City, Ark., with 112 beds, and Golden Triangle Regional Medical Center, Columbus, Miss., with 276 beds.  
These hospitals joined institutions already in the system such as the three units of Baptist Memorial and Trezevant Manor in Memphis, Baptist Memorial Hospital-Lauderdale, Ripley, Tenn.; Baptist Memorial

erized Axial Tomography (CAT) scanners for taking pictures of cross sections of the head and body while the Medical Center unit also added a digital subtraction angiography (DSA) unit to improve tests for diseases that may lead to heart attack, stroke or hypertension.  
The system introduced an emergency aid program to the Mid-South through Baptist Memorial-Tipton with the inauguration of Lifeline, permitting the elderly and handicapped to live independently with dignity and security.  
A regional emergency medical service began operations in Obion and Tipton counties with plans to offer the centralized ambulance service to other West Tennessee counties.  
At Baptist Memorial's Regional Rehabilitation Center, hundreds of crippled children from Tennessee and Mississippi began receiving medical assistance monthly at 33 clinics.

**"We are looking far beyond 1983 in health care. We're making improvements which will ensure quality health care for the Mid-South into the 21st century. But we want to continue to do it in a warm personal way. With people serving people."**  
Joseph H. Powell, President

Hospital-Tipton, Covington, Tenn.; and Corning Community Hospital, Corning, Ark.  
Quality health care accompanies affiliation, in the cases of Baptist Memorial.  
The Ripley, Booneville and Corning institutions were accredited by the Joint Commission on Accreditation of Hospitals (JCAH) during their first full year in the system.  
And Baptist Memorial, Memphis, Baptist Memorial Hospital-Forrest City, Baptist Memorial-Union City and Golden Triangle brought accreditation with them into the system.  
The JCAH requires hospitals to meet 118 rigid standards in 24 categories to receive accreditation.  
The quality synonymous with BMH also extends to buildings, with new construction under way at Baptist Memorial-Eastern Ozarks, major renovation at Baptist Memorial-Booneville, a new 70-bed facility at Baptist Memorial-Lauderdale and a new medical office building at Baptist Memorial-Tipton.  
And new structures are in the planning stages at Forrest Memorial and Baptist Memorial-East in Memphis.  
A new School of Nursing campus at Baptist Memorial-Medical Center, scheduled for completion late this year, will provide nurses to staff these enlarging health care efforts.  
Besides the new buildings, the health care system installed expensive equipment and programs all designed to improve health care.  
Baptist Memorial-Medical Center at J. East each received new Comput-

To safeguard hearing in the business world, the system introduced a hearing conservation program for 18 industries in West Tennessee, Arkansas and Missouri. The program, which includes lectures to employees on the ear, ear protection devices and administration of noise and hearing screening tests, is the first step in a total health care package for industry.  
As the nation's largest private hospital with 2,068 beds and 90 bassinets, Baptist Memorial, Memphis, admitted 61,778 patients in 1982 and performed 4,496,307 laboratory procedures.  
Surgical procedures totaled 30,654, x-ray examinations, 190,878, and births, 5,261.  
During the year Dr. Frank S. Groner, president emeritus of Baptist Memorial, received the prestigious Award of Merit of the American Protestant Hospital Association for his outstanding contributions to and demonstration of unusual leadership in the field of church-related health care delivery.  
While guaranteeing a bright future in quality health care for the Mid-South with new facilities, modern equipment and innovative programs the system didn't forget the indigent.  
At Baptist Memorial Hospital alone more than \$8,855,000 was spent on charity care.  
Looking toward the future, the Baptist Memorial system will continue to respond to the requests for improved health care in communities throughout the Mid-South.

**BAPTIST MEMORIAL HEALTH CARE SYSTEM, INC.**

Gates Locals

By Mrs. Sally Cullipher Harold Robison spent Wednesday of last week with his sister, Mrs. Talmage Heathcott, and Mr. Heathcott. David Jones, of Gardner, Ore., left for home last Friday after having spent about six weeks with relatives in the county. Joy Taylor, of Jackson, spent a few days last week with her grandparents, The Rev. and Mrs. Paul Archer. Joy's parents, Mr. and Mrs. Tom Taylor, and daughter, Beth, spent the weekend and Joy returned home with them. Mr. and Mrs. Willie Bryson, of Memphis, were Thursday luncheon guests of Mrs. Bryson's sister, Mrs. L. B. Jones. Mrs. Joe Johnston, of Ripley, spent Tuesday afternoon of last week with Mrs. Lillian Jamerson and Mrs. Sally Cullipher. James Tillman, of Covington, spent Saturday with them and Mrs. Travis Davis, of Halls, visited them Sunday afternoon. Mrs. Audrey Lilley and Mrs. Leon Lilley, of Memphis, spent Sunday afternoon with Mr. and Mrs. R. V. Lilley. Mr. and Mrs. Talmage Heathcott attended a banquet in the Golden Hawaii Restaurant near Ripley Saturday in honor of Mr. Heathcott's aunt, Miss Dorothy Hendren, of Ripley, who was retiring from Universal Electric after 19 years service. Clyde Jackson, of Halls, visited his brother, William

HOUSE CALL From The University of Tennessee College of Medicine By Betty Kirk

To breathe or not to breathe... smoke-free air. The formerly meek may inherit the earth after all... at least some of the air space above it. No longer resentful in silence, non-smokers are making themselves heard, felt, and in some cases heeded. Action on Smoking and Health, a national non-profit organization, reports measures taken by some branches of government. Smoking has been prohibited in the offices of the Iowa Department of Health and the Kansas Department of Health and Environment. It is banned in the Vermont House of Representatives. California prohibits school employees from smoking on school grounds except in designated areas. In Eugene, Ore., smoking is not allowed in elevators or in Jackson, and Mrs. Jackson during the weekend. Mrs. Carl Spradlin and Mrs. Mayo Crews, of Milan, spent Sunday afternoon with Mrs. Flora Palmer. Mr. and Mrs. Talmage Heathcott spent Sunday with Mrs. Heathcott's sister, Mrs. Francis Perot, and Mr. Perot in Newbern.

where you may request a non-smoking cab driver, the police department is considering hiring only non-smokers. Reasons are that policemen need to be in top physical condition and that smokers use more sick leave and make more claims for disability. Statistics from the Journal of American Insurance show that the average cost to the employer for a smoker on the payroll is \$4,800 more per year than for a non-smoker. Individuals and corporations also are taking steps to clear their air. A non-smoking singles group has been organized on meetings of city agencies. Non-smoking areas are required almost everywhere in the city except in homes, private offices, taverns, and restaurants. Recruits of the Alexandria, Va., police force who smoke must quit by the end of their probationary course or be dismissed. In Fairfax County, Va.,

Long Island. The Washington Bridge League has voted to have smoking sections only when it is possible and convenient. Otherwise, all sections and all events will be non-smoking. Ninety seven percent of all U.S. hospitals restrict smoking to designated areas. There is a Non-Smokers Inn in Dallas. Smoking is banned from certain floors or rooms

J. C. Sandlin Joseph Crockett Sandlin, 77, of Ripley, retired farmer, died Jan. 1st in Jackson Madison County Hospital. Services were at 11 a.m. Jan. 5th in Ripley Funeral Home, in many hotels and hotels, including four in Tucson and a chain of motels in the Pacific Northwest.

with burial in Grace Cemetery. He leaves a son, Larry, of Friendswood, Tex.; four brothers, Clois and James, of Ripley, Johnny, of Memphis, and Robert, of Montclair, Calif.; and four sisters, Mrs. Fannie Lou Layne and Mrs. Lois Wadsworth, of Ripley, Mrs. Katie Bowie, of Halls, and Mrs. Katherine York, of Brownsville.

Where Were You Sunday?

It is such a privilege to have the opportunity to go to the church of your choice. Bro. Paul Jones preached his heart out Sunday on "Faith, Love, Prayer, and God." Please go to church Sunday, and the Lord will bless you. Martha Wright

LAUDERDALE COUNTY SCHOOLS NOTICE TO SCHOOL PATRONS The schools collect and maintain student records to provide for the growth and development of individual students, to provide information to parents and authorized staff, and to provide a basis for the evaluation and improvement of school programs. Section 478 of the general Education Provisions Act, as amended, sets out requirements designed to protect the privacy of parents and students. Specifically, the statute governs disclosure of records maintained by educational institutions which receive federal funds. In brief, the statute provides that such institutions must provide parents of students access to official records directly related to the students and an opportunity for a hearing to challenge such records on the grounds that they are inaccurate, misleading or otherwise inappropriate; that institutions must obtain the written consent of parents before releasing personally identifiable data about students from records to persons other than a specified list of exceptions; that parents and students must be notified of these rights; that these rights transfer to students at certain points; and that an office and review board must be established in the office of the superintendent to investigate and resolve complaints and violations of this section. A copy of the policy and administrative regulations adopted by the Board of Education of Lauderdale County in compliance with section 478 of the General Education Provisions Act may be obtained at any Lauderdale County Public School. TYPES OF INFORMATION The school system maintains a number of different records in various locations. Essentially, these records contain twelve (12) categories of information: 1. Attendance 2. Scholastic Record 3. School progress 4. Group test results (a) mental ability (b) academic achievement (c) aptitude (d) interest 5. Individual assessment data (a) psychological records (b) social case work reports 6. Medical and dental health 7. Student attitudes and behavior 8. Discipline 9. Emergency contact information 10. Biographical data including social and family background 11. Special testing results (speech and hearing) 12. Directory information Directory information includes the following: the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous school attended by the student, and other similar information. A parent/legal guardian or eligible student who does not want directory information to be released without prior consent should so notify, in writing, the local school principal within twenty days from date of annual notification. LOCATIONS AND AUTHORIZED CUSTOMERS The primary source for access to most records is the elementary, secondary, or special school in which a student is enrolled. The principal is the authorized custodian for these records. Records pertaining to disciplinary hearings and suspensions are maintained in the District Office. Psychological and social work reports are maintained by these divisions and regulated by the Coordinators of the divisions. The Special Education Department maintains records for children in the Comprehensive Development, Homebound, Remedial, Multiple Handicapped, Hearing Impaired, and Visually Impaired Programs, and these records are regulated by the Director of Special Education. If a student moves from Lauderdale County, the student record will be sent to the new school upon written request from the school.

TRUSTEES NOTICE OF SALE. WHEREAS on February 21, 1981, the deed of trust recorded in Record Book 197 pages 35-38 of the Register's Office for Lauderdale County, Tennessee, Wendell A. Perry and wife Thelma A. Perry conveyed unto Mary Katherine Troiano, Trustee, the heretofore described real estate to secure to Evelyn Hall Brown the payment of one promissory note dated February 23, 1981 described therein in the principal amount of \$15,000.00, and whereas, default has been made in the payment of said above mentioned indebtedness and Evelyn Hall Brown the holder of said indebtedness, has declared the entire amount with interest due all due and payable as provided in said note and deed of trust and the undersigned Mary Katherine Troiano, Trustee, in accordance with the terms and conditions of said note and deed of trust, will sell the heretofore described real estate at public outcry for cash to the highest and best bidder at the north door of the Bank of Halls in Halls, Lauderdale County, Tennessee, on Thursday, February 3, 1983 at 10:00 A.M. to-wit:

A one-half undivided interest in and to the below described real estate situated, lying and being in the District of Lauderdale County, Tennessee, and more fully bounded and described as follows:

Beginning at a point in Mill Creek being the southeast corner of the tract herein conveyed and the southeast corner of a tract owned by Halls & Greer, Inc. and measuring north 134 poles with the east line of Halls road, thence south to a point on Halls road, thence east with the said Halls road 52 poles to a point on the Halls road, thence north 198 poles to a point on Mill Creek, thence west with said Mill Creek to the point of beginning, containing 53 acres more or less.

This being the same property conveyed by deed to Wendell and wife Thelma A. Perry from Evelyn Hall Brown said deed of record in the Register's Office for Lauderdale County, Tennessee, in Record Book 197 pages 35-38.

Purchaser will be entitled to immediate possession. The real estate will be sold free from all rights of homestead and equity of redemption. Taxes through 1982 and all prior years will be paid by the Trustee. The Trustee will execute a deed and convey title as Trustee and Mary Katherine Troiano, Trustee.

There is no cash bid.

### Cooking Corner

## Popover kids' duties to delights

By PATRICIA DIBSIE  
Copley News Service

With more and more mothers working these days, the children are called on to do a good share of the kitchen duty. But it doesn't have to be drudgery. Being a kid doesn't necessarily mean being confined to setting the table, peeling carrots and/or washing the dirty dishes.

Once you open the world of cooking to children it will be hard to keep them out of the kitchen. The most important lesson for parents is to assign tasks neither too simple nor too complicated. Engage the child's interest by suggesting the fun of making a batch of popovers — the recipe is child's play and the result looks very grown up. Gingerbread is another favorite with children for school lunches, and it tastes even better when the child can boast that he or she "made it myself."

Cornbread is another relatively easy for a young child to make and the results are mouthtaking. Jennifer Cluck, 10, tried out the recipes below and found them easy to make and fun to serve to friends who dropped by later for dinner. Her younger sister, Amber, 8, and a friend, Ellen MacArthur, 9, lent a hand at cooking a very basic dessert with fresh pears. The dessert — Poached Pears with French Vanilla Ice Cream — gave the novice kitchen helpers their chance to star.

#### POACHED PEARS

4 fresh pears  
4 cups boiling water  
4 tbsps clear corn syrup  
Cinnamon  
1 qt. French vanilla ice cream

Combine the water and corn syrup in a large pot and bring the mixture to a boil.

Meanwhile, peel the fresh pears and cut them into six even parts. Cut the seeds from the center carefully.

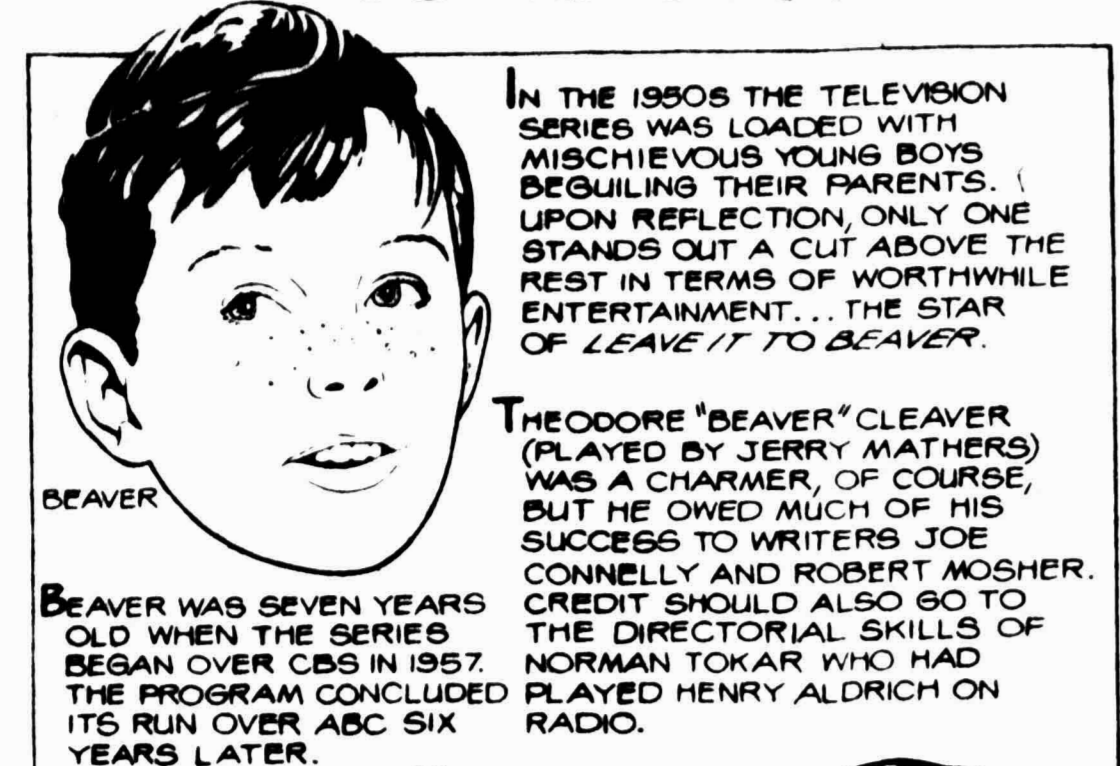

Place the pear sections in the boiling sugar water (use a spoon with a long handle) to let the steam escape. These are best when served fresh from the oven.

#### GINGERBREAD CAKE

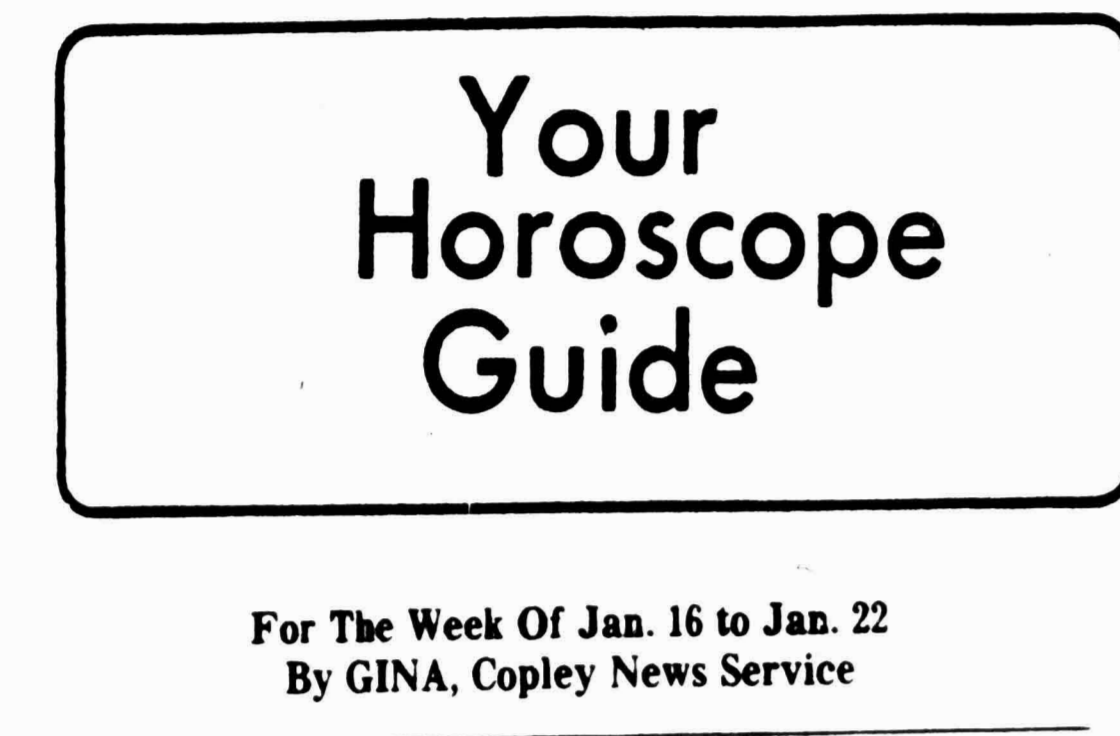

1/2 cup shortening  
1/2 cup sugar  
1 egg  
1/2 cup light molasses  
1 1/2 cups sifted all-purpose flour  
1/2 tsp salt  
1/2 tsp soda  
1/2 tsp ground ginger  
1/2 tsp ground cinnamon  
1/2 cup boiling water

Preheat oven to 350 degrees. Grease and lightly flour an 8x8x2-inch baking pan. Mix together the shortening and sugar in a large bowl until it looks creamy. Add the egg and molasses, then beat the mixture thoroughly. Stir in the dry ingredients.

## RETURN WITH US TO... Leave it to Beaver

IN THE 1950s THE TELEVISION SERIES WAS LOADED WITH HUMOROUS SCENES. BEAVER'S PARENTS, UPON READING THE NEWS, STANDS OUT A CUT ABOVE THE REST IN TERMS OF WORTHWHILE ENTERTAINMENT... THE STAR OF 'LEAVE IT TO BEAVER'...

BARBARA DILLINGSLEY PLAYED BEAVER'S MOTHER. BEAVER'S BROTHER, WALLY, WAS TONY DOW.

### Your Horoscope Guide

For The Week Of Jan. 16 to Jan. 22  
By GINA, Copley News Service

#### ARIES (March 21 to April 19)

Also Aries Ascendant — You can be convincing in defending your ideas and influence others by your way of thinking. Just be sure you're completely honest and candid. Social activities are favored — contact old friends and get reinvolved with organizations.

#### TAURUS (April 20 to May 20)

Also Taurus Ascendant — You can adopt new routines, systems and methods in your business world with the advice of authorities in the field. Be loyal and responsible in relationships with mate or partner and working together, your financial situation improves.

#### GEMINI (May 21 to June 20)

Also Gemini Ascendant — Your energy is high and your mind is sharp. It's a good time to begin a practical course of study or educational project. Gain the support of a senior working associate to get your progressive ideas accepted. A new romance is possible.

#### CANCER (June 21 to July 22)

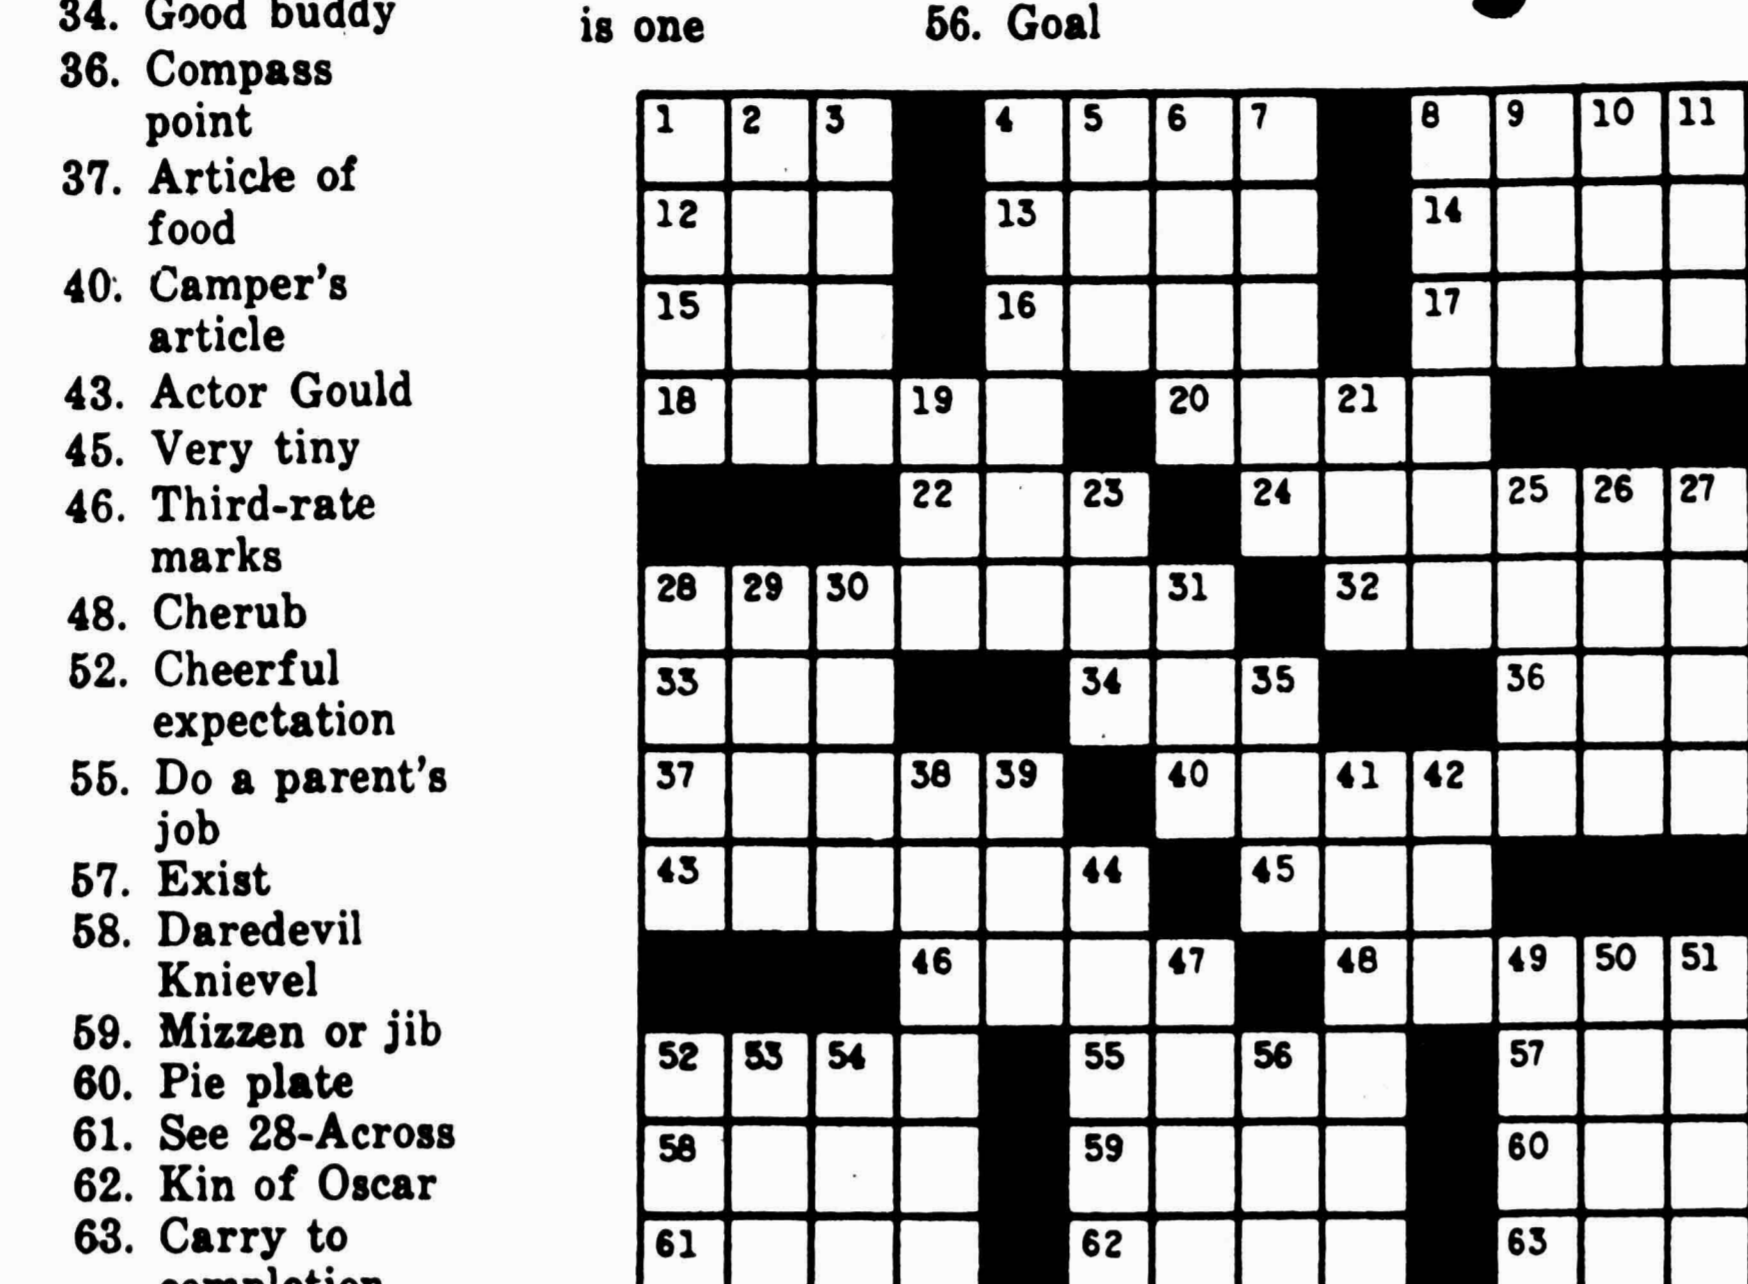

Also Cancer Ascendant — You are reaching out for new opportunities and knowledge. You have the support of mate or partner and can move ahead with confidence. Your artistic talents are highlighted and home beautification projects turn out extremely well.

#### LEO (July 23 to Aug. 22)

Also Leo Ascendant — Feelings of frustration could have you somewhat "up tight." Avoid confrontations and arguments if at all possible. You can convince others to align with your strong beliefs and convictions if you use subtle persuasion. Be practical about finances.

## Backyard Gardener

Plan garden, then order seed

By PATRICK DENTON  
Copley News Service

Earlier I suggested making an inventory of garden seed kept from last year before purchasing new seed or writing this year's seed orders to avoid duplication of varieties.

I also offered some guidelines on the subject of which kinds of seed will likely do well kept over from the previous garden season. Onion, parsnip, salsify, larkspur, geranium and verbena are probably the poorest keepers among commonly grown flowers and vegetables.

Before ordering or buying seed, the home gardener should really decide which items will be central to his gardening plans in 1983. For example, I know one family that centers the vegetable plot around the carrots, this being the treat most loved by the majority of family members. For other families, it will be the corn, peas, or the peas, or tomatoes.

To avoid over-ordering, it's a good idea to make a list of preferences for both flowers and vegetables. Keeping your vegetable and flower beds in mind, calculate where each preferred item will be planted, so that you will stop ordering once your space runs out. This will at least ensure that your yard will be filled with family favorites.

## ED JONES

8th DISTRICT OF TENNESSEE

### REPORTS FROM WASHINGTON

Since the 98th Congress convened on Jan. 3rd, the single most talked about issue facing the federal government has been the budget proposal which President Reagan must submit to the Congress later this month.

The great concern voiced in recent days over the budget focuses on the economic impact of the record size budget deficit predicted by the administration for the next several years.

For FY84, current administration estimates put the deficit figure at about 200 billion dollars, even though the administration's recommending domestic, non-defense spending cuts of 33 billion.

Further adding to the deficit dilemma are predictions, again from the administration, that the deficit will rise to almost 300 billion by FY88.

The deep concern on Capitol Hill over deficits of that size is probably best summed up by Sen. Paul Laxalt, considered President Reagan's closest friend in the Congress.

After a recent meeting with the President, Senator Laxalt simply said that deficits of that size are "a little terrifying."

However, it seems to have taken comments such as that from Congressional leaders

administration's fiscal policy are now reconsidering their position. Such as Mr. Laxalt, Sen. Robert Dole, Sen. Howard Baker and House Republican leader Bob Michel to make the administration recognize that President Reagan, in his recent news conference, indicated repeatedly that budget discussions are still going on, and final decisions have not been made.

# THE HALLS GRAPHIC

PUBLISHED WEEKLY

HALLS, TENNESSEE, JANUARY 27, 1983

97TH YEAR—NUMBER 21

## Branches Sheathed In Ice

**TREES AND SHRUBS** in the Halls area were badly damaged Thursday and Friday when an ice and snow storm struck West Tennessee. Power was interrupted briefly in Halls about 11 p.m. Thursday.

Extensive outages were experienced in some areas. Dyersburg and Dyer County were particularly hard hit, with about two inches of snow plus freezing rain.

## Greyhound Bus Aims To Skip Gates, Halls

The state Public Service Commission has set for hearing at 9:30 a.m. Feb. 7th in Nashville a request by Greyhound Lines, Inc., California corporation, to discontinue service to Gates and Halls.

Claiming that expenses exceed revenues, the firm also proposes cutting Newbern and Trimble service.

By Charles T. Peel  
The "Payment In Kind" program, designed to reduce 1983 grain crops 10%, rice 15%, and upland cotton 20%, seems unlikely to have a very important impact in this county.

Only a few producers have large acreages of wheat. Fewer than 10,000 acres are planted to corn and cotton.

Some wheat producers elected not to participate in this program.

In view of the fact that much of this county's land is double-cropped to wheat and soybeans, there could be little or no participation.

On the other hand, producers could view it as a means of receiving cash payment, resting the land, and not having to borrow capital for production—thus hedging against the possibility of low soy bean prices again this fall.

Producers may sign up to divert 10% to 30% of their crop acreage base under the payment-in-kind program, in addition to existing acreage reduction programs, or they may bid to divert the whole crop acreage base.

Under the bid system, a farmer would offer to reduce the planted acreage of the particular crop to zero and devote an acreage equal to the acreage base to approved conservation uses.

Sign-up for PIK, acreage reduction, and land diversion programs ends March 11th.

Wheat farmers will receive 95% of their 1983 yield per acre as payment under PIK.

Corn, sorghum, upland cotton and rice producers will receive 80% wheat pay-back is higher because producers have already incurred substantial planting costs on fall-seeded wheat.

Farmers will be given title to the commodities in storage but do not have to take possession unless they want to feed the grains.

The CCC will pay storage on payment-in-kind crops for up to five months.

Many Lauderdale Countians may not be aware of the dairy herds operated by Joe C. Davis, at Woodville, and Lawton Wadsworth, Jr., at Hurricane Hill.

Joe maintains 257 cows, Lawton a 25. Both have been in business for many years but only recently joined the South West Tennessee Dairy Herd Improvement Association program.

This program employs a person who periodically checks the pounds of milk from each cow, percent of but-

## CONFIDENTIAL CORNER

By Henry Murchison

### Keep Guns Off Campus

We wonder just how many of those with gun racks in their pick-up trucks realize that it is violation of state law to go on the campus of any school with a gun of any type. We have seen pick-up trucks with guns in the racks on the school campus. While we realize that the guns are probably no threat, state and city police are instructed to enforce the law. Maybe you had better leave that rifle or shotgun at home next time!

### Having Problems

We have heard rumors during recent weeks that some young men were having trouble during their points during the recently closed duck season. One man told us that he had suggested that his hunting partners take along a calculator.

Since we are not a duck hunter, we don't know too much about it, but it seems a hunter may accumulate 100 points each day, with various types of ducks having different values. We wonder what happens if the hunters can't identify the various species of ducks.

### Wandering Around

We noticed after the snow and ice storm last week that one local merchant got out his sleds and displayed them at the front of the store. We don't know whether he made any sales or not, but we call that good merchandising.

U. S. Sen. Howard Baker announced last week that he will not seek re-election in 1984, immediately setting off speculation in the news media that he would run for president in opposition to President Reagan, although Baker stated he would not be a candidate if Mr. Reagan sought re-election. Also, there was much speculation about who would be in the race to succeed Baker in Tennessee.

It is a long time to August, 1984. We hope we haven't got to listen or read about that until much closer to election time.

President Reagan's Commission on Social Security Reform, headed by Alan Greenspan, has reached a tentative consensus on recommendations to be made to Congress to correct the deficit in the Social Security system.

The commission has recommended a speeding-up of tax increases, a 6 month delay in cost of living adjustment, a proposal to place an income tax on Social Security benefits for middle and high income recipients, and including new federal employees under the system.

President Reagan, House Speaker Tip O'Neil, and other top members of both parties have tentatively agreed to the plan. However, the American Association of Retired Persons and other groups are opposing the proposed changes.

It seems to your editor that most Social Security recipients should be willing to accept these changes without a great deal of quarreling, since it appears that much of the trouble facing the system will be alleviated.

Every day, we hear dire prophecies about the economy, but the stock market and many other indicators seem to point to a bottoming out of the recession and a possible up-turn.

Of course, unemployment remains at an uncomfortably high level, and, we're afraid, will remain there for some time, since it would appear that some of the vacated jobs will never be replaced, with the job field moving in a new direction.

Interest rates are gradually falling and are now beginning to be nearing the reach of home buyers, car buyers, and the farming industry.

Incidentally, there is no way that the economy is going to show a great improvement until farmers' income reaches a level that they can show a profit.

Recently, President Reagan and Agriculture Secretary Block have proposed a "Payment In Kind" program in which the farmer would be given grain or other farm products for taking acres out of cultivation. The belief is that the PIK program would reduce the surpluses which are depressing the farm market and reduce over-production.

It seems to us that there are some questions to be raised with such a program, but it deserves close study.

terfat, pounds of butterfat, and determines pounds of the different feeds, such as silage, hay and concentrate provided each animal.

The information related to the feed is fed into a computer, which recommends the amount of feed for each animal, based upon her productivity.

Though complex, this is a tool for measuring productive capacity. Low producers are culled.

Dairy Herd Improvement Association held its annual meeting Wednesday in Covington.

### Census Is Underway

Farmers have received 1982 Census of Agriculture forms, to be completed and returned to the Census Bureau by Feb. 15th.

A complete and accurate census is important to the agricultural industry. Census data are useful in evaluating agricultural programs and understanding changes in agriculture.

## Stamps Studied

**JEFF EZEKIEL**, left, and **Tina Williams**, right, sixth graders who are pupils of Shirley Ross in Halls Elementary School, were shown some of the facts about stamp collecting Wednesday of last week by Crockett Mills Postmaster **Ronnie White**, left, rear, and Halls Postmaster **Tim Howell**-part of a Postal Service project to interest students from grades 3-6 in stamp collecting. White is co-ordinator for the program in the 380 ZIP Code Zone in West Tennessee.

## Seek Aid Against Illegal Trapping

The Tennessee Wildlife Resources Agency is asking the help of land-owners and dog owners to combat the problem of illegal trapping.

When trapping on another person's property, a trapper must carry on his person written permission of the owner, and make a written report to the owner of any domestic animal caught and pay any damages for the animals caught.

Traps properly set cause little or no damage to domestic animals. The law requires traps be placed at least 12 inches inside the entrance to a hollow or hole, except in the case of a water set. Traps set on top of the ground are illegal.

Traps must be clearly marked with the owner's name. The trapper must also inspect his traps at least once every 36 hours.

If you find an illegal trap, leave the trap alone, note the location, and advise your local wildlife officer.

If a dog is caught in a trap, remove the animal, but leave the trap where you found it. If a wild animal is in the trap, leave it and trap alone. Note the location and call your wildlife officer.

If you observe an individual running an illegal trap line, try to get a physical description of the individual, and, if possible, write down the license number of his vehicle.

Also note the approximate time he was there.

Any information collected will be of assistance to the officer.

Officers say that if you remove the trap from the area, it is almost impossible for them to convict the illegal trapper. Also, if you delay calling the officer, the violator may notice human disturbance around his traps and move to another location.

A watermelon is about 92 percent water.

HOUSE CALL From The University of Tennessee College of Medicine By Betty Kirk

Salt, sodium, and chicken chop suey

A few people get headaches after eating Chinese food. Others become dizzy and faint. They have rapid heart beat. Such reactions are not usual but happen often enough to rate a medical classification: Chinese Restaurant Syndrome.

same dinner to seven normal people and found that the sodium was retained in the body for some hours. Three of the seven developed headaches and all felt thirsty and unwell.

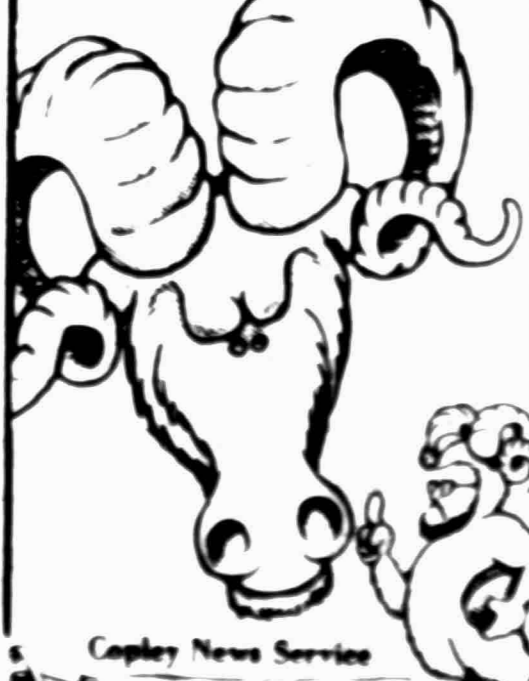

While recognizing this fact, a group of five high blood pressure specialists at Charing Cross Hospital Medical School in London have come forward with another idea about side effects from Chinese food.

BENCHMARKER'S SPORTS TRAMA

In 1980 the L.A. Rams moved out of the Los Angeles Coliseum and into the California Angels Stadium in Anaheim, when did the Rams first play in L.A., what city did they call home before that?

ANALYZING a meal of chicken and mushroom soup, chicken chop suey, sweet and sour pork, roll, and fried rice, they determined that it contained 5,175 milligrams, or just over 5 grams, of sodium.

Sodium is of course the blood-pressure-raising component found in salt, MSG, baking powder, various food preservatives, certain medicines, and other compounds we consume. It causes the body to retain water.

The English doctors fed the

STUFFING THE TURKEY

Home Orchard Needs Pruning

Home orchards will not produce significant amounts of quality fruit unless they are cared for, and one essential step in home orchard care is pruning.

Pruning should begin when an orchard is planted and continue on a yearly basis if fruit trees are to develop properly, says David W. Sams, University of Tennessee Extension gardening specialist.

Stone fruits such as peaches and nectarines are pruned differently from apples. Purchase small peach or nectarine trees whenever possible. Top the trees at 28 to 30 inches and cut off all side branches at planting. The tree will not look impressive, but it will cost less, catch up with larger trees in a year or two, and can be shaped to hold fruit and be cared for.

In June just after the new shoots of young peach trees have started to grow, short shoots growing from the top inch of the trunk to 2 or 3 inches. This will force shoots at wider angles with the trunk to grow lower down. Rub off any shoots growing from the bottom 18 inches of the trunk.

Select three branches equally spaced around the trunk and 2 to 6 inches from the top of the trunk for the main scaffold branches after the first growing season. Remove all other branches. If three scaffold branches are not available, two are preferable to four. Do not prune the scaffold branches unless pruning is required to keep them about the same size.

As the tree gets older, it requires less pruning. Remove dead, broken and diseased branches annually. Also remove suckers, water sprouts and limbs rubbing together or growing in toward the tree center. Keep tree center open so light can get in and the tree can be easily sprayed with small sprays from the edge of the tree, leaving

BARBECUE STEAK-OUT CLIP 'N' COOK

1 envelope beefy onion soup mix
1 can (8 oz.) tomato sauce
1/2 cup water
1/2 cup dry red wine
1/2 cup brown sugar
1 tsp. chili powder
2 lbs. flank or round steak
8 hard rolls
8 slices American cheese, halved
1 green pepper, cut into thin rings

In medium saucepan, combine beefy onion soup mix, tomato sauce, water, wine, sugar and chili powder. Bring to a boil, then simmer, stirring occasionally, 10 minutes; reserve 1/4 cups. Grill or broil steak turning and basting frequently with remaining sauce, 30 minutes or until done. To serve, arrange thinly sliced steak on rolls; top with cheese, green pepper and heated reserved sauce. Makes 8 servings.

Make It Yours

By ELLEN APPEL, Copley News Service

People potholders are remarkably popular as gifts and adorable ornaments to hang in your kitchen. That is why no one ever seems to have enough of them.

"Grandma and grandpa" potholders are special favorites. They require few supplies and barely more than a few minutes to make.

The basic ingredients for the potholders are felt scraps, embroidery threads and polyester batting.

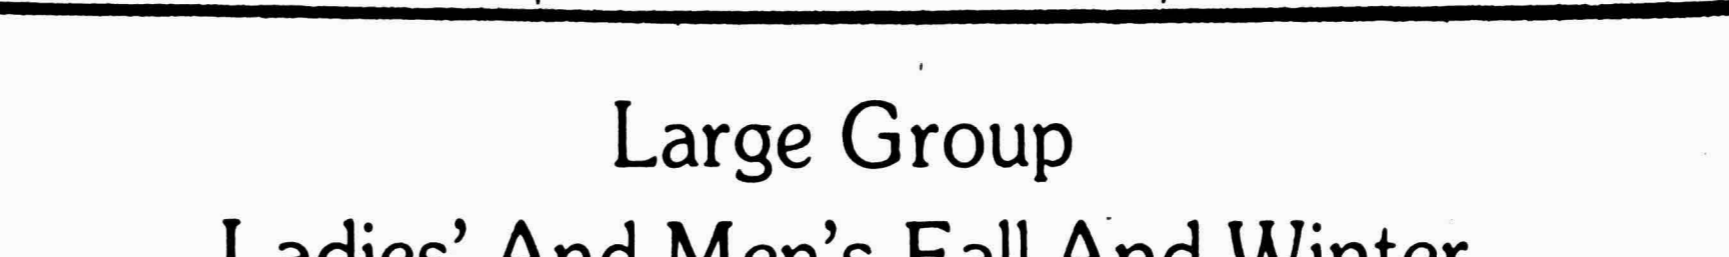

Here are directions: MATERIALS: Felt, denim, duck or other medium-weight, non-stretch fabric in a "flesh" color; contrasting fabric scraps in gray, white, pink, blue, red, or colors as desired; embroidery threads; polyester batting; paper and pencil; sewing supplies; iron.

Optional: Fusible webbing to bond facial features and other details to potholders.

DRAWING THE FACES: 1. For each potholder, draw an 8-inch circle on paper. 2. For "grandpa" copy the face as illustrated with bushy eyebrows, mustache and bifocals. 3. For "grandma," copy the face as illustrated with chignon and bow, rosy cheeks and bifocals.

CUTTING THE PIECES: 1. Using the paper patterns, cut two 8-inch circles of felt and one 8-inch circle of polyester batting for each potholder. 2. Using the paper drawing as a pattern, cut eyes (blue), hair (gray), man's eyebrow's and mustache (white), cheeks (pink), lips (red), and bow (red or gray) from felt or other fabric scraps. 3. Cut the same facial features and

details from fusible webbing. POTHOLDER FRONT: 1. Assemble facial features and details on potholder front. 2. Match fusible webbing to the fabric scraps on the potholder. Slip webbing under the scraps. 3. Press fabrics to potholder, following directions on package of fusible webbing. Or, if you aren't using webbing, baste scraps to potholder. 4. Using a wide satin stitch, sew scraps to potholder by hand embroidery or zig-zag machine. 5. Hand or machine embroider nose, lady's eyebrows, bifocals and other details as desired.

POTHOLDER LOOP: 1. Cut a 1 1/2x4-inch strip of fabric. 2. Turn under 1/4-inch hem on long edges. 3. Fold strip in half lengthwise, with wrong side inside.
