- to beat Lexington and to get to the state playoffs."

One of those goals was shot down early. Lexington beat Bolivar 19-7 in the first game of the season.

The Tigers realized their other objective in a wild District 13-AAA finish. Bolivar won its final two games to finish in a three-way tie for second with Jackson Central-Merry and Dyersburg. The Tigers received the post-season bid because they had more overall wins than JCM and had beaten Dyersburg in the regular season.

The Tigers' hectic finish was tame compared to what the playoffs held in store. Bolivar beat Germantown 9-6 in first-round action on Jeff Jaggers' 46-yard field goal as time expired. The next week against Melrose, Bolivar's Varko Williams tied the game with a 70-yard touchdown run with less than three minutes to play and the Tigers went on to win 20-17 in two overtimes.

Bolivar's post-season magic ended the following Friday against Dickson County in a 16-3 loss. Meeks said that final defeat didn't take anything away from a season that had exceeded even his own expectations. "Before the season, if somebody would have told me we would make it to the state quarterfinals. I would have probably told him to stop at the hospital up the road," he chuckled.

HERE ARE 4 FACTS ABOUT ALCOHOL:

1) 3.3 MILLION TEENAGERS ARE ALCOHOLICS.

2) ALMOST 6U PERCENT OF ALCOHOL-RELATED DEATHS INVOLVE PEOPLE AGED 16 TO 24.

3) 8,000 TEENS ARE KILLED YEARLY WHILE 43,000 ARE INJURED.

4) 30 PERCENT OF HIGH SCHOOL STUDENTS GET DRUNK ONCE A WEEK.

THEREFORE, I FEEL STUDENTS AGAINST DRUNK DRIVING SHOULD BE REWARDED FOR TRYING TO STOP THIS HORRIBLE PROBLEM WHICH IS KILLING SO MANY TEENAGERS .

Meeks' success didn't seem so crazy to Davis, whom Meeks worked for in 1986.

"Jimmy is a hard worker, and he has a lot of enthusiasm for his job," Davis said. "One of Jimmy's strong points is his enthusiasm. He's really good at getting the kids up for the game."

Football has always enthused Meeks ever since he was a linebacker and offensive tackle at Halls High School. Two of his coaches during those years, Halls Head Coach Andy Pugh and offensive line coach Al Bradford, sparked his first coaching aspirations.

"They just did so much for me that I wanted to do the same for other kids," Meeks said.

After graduating from Halls High in 1979, he attended the University of Tennessee at Martin and graduated with a bachelor's degree in physical education in the spring of 1983. He earned a masters in P.E. from Memphis State University in 1984.

Meeks got a chance to try what he had been taught when he was hired as an assistant to Bolivar Head Coach Randy Newsome in 1984.

"I thought he was a professional as a teacher, and I thought he would do a good job as a coach," said Newsome, now the coach at Camden. "He had enthusiasm, but that's in any young coach. He was a real hard worker, though, and a good organizer." After serving as an assistant under Newsome and Davis, Meeks became Bolivar's head coach when Davis took the Lambuth job late in the summer of 1987. The promotion caused Meeks' world to spin into an "It's two different worlds," he said. "You don't leave your work at school when you're the head coach.

Everyone Should Join In

Most of our readers will remember how attractive the resi dential sections of Halls were last Christmas as lights were displayed along the curbs for several nights.

Once again citizens are joining in bringing the Christmas spirit to Halls by the curb displays on December 17th, 19th, and 22nd. All residents are urged to participate. Further infor-mation is available at City Hall.

The City Beautiful Committee is sponsoring a judging of outdoor displays with judging to be December 22nd. Anyone wishing their display to be included may call City Hall. Let's make Halls one of the most attractive towns in this area this Christmas.

It's Been Fun

Because your writer spent three weeks in the hospital during November we were unable to keep up to date on reading several news magazines so it has been fun to listen to their second guessing explaining why Gov. Michael Dukakis was defeated

Others have had long detailed explanations why Vice-President George Bush was elected. Most of the second guessing on either side has been rather ridiculous.

It seems to us that the American people have no confidence in the Democratic Party's liberal candidates and that is the reason Democratic nominees are failing. Changes in the Democratic philosophy seem indicated.

Thank You

Once again this writer and Nell wish to thank everyone for their kindness and consideration during my three weeks stay in the bospital last month.

Seemingly I am well on the way to recovery but will have to return for check-ups from time to time.

Thanks again for your telephone calls, cards, prayers, flow-ers and visits. Your thoughtfulness made the time spent in the ospital much easier.

Food Is Plentiful **Despite Drought**

By Charles T. Peal

What effect is the drought of 1988 having on our food supply? A U.S. Department of Agriculture economist says super market shelves will remain well stocked, and no dramatic increases are expected in the overall cost of groceries.

Grain and soybean stocks aren't as large as they were in some years before the drought, but the U.S. is in no foreseeable danger of running short of food. Supplies of grains are more than ample to meet the demand. We had a good winter wheat crop, and total red meat and poultry production is expected to set an all-time record. Most U.S. fruit and vegetable crops are irrigated and weren't damaged by the drought.

As for food prices, the assumption that sharp increases in farm prices translate into similar price jumps at the super market has a number of faults.

In the first place, the farm value of foods averages only about 30% of the retail price. This means that if a 20% across-theboard increase in farm prices were passed immediately to consumers, it would boost retail prices of domestically produced foods only about six percent.

And even that is highly unlikely, because food processors and retailers tend to absorb at least some of the changes in farm prices when there are shortterm fluctuations that go with

disruptions such as the drought. Furthermore, a drought rarely affects supplies and prices of all food commodities, and for those it does affect, the impacts are rather mixed.

This year, the drought's impact on the crops sector may be reflected mainly in two food groups...cereal and bakery products, and fats and oils.

Since both of these food groups need a lot of processing before they reach your store, the farm price is but a small part of the retail price.

Workers Conference

The local staff of the County Agricultural Extension Office returned Thursday of last week from Gatlinburg after a 2-day conference of Extension workers.

The conference consisted programs built around methods of delivery of the Extension information to county clientele, videos of ideas and methods of conducting Extension work as well as many professional approaches to leadership and community development.

Mulching Berries

If you plan to mulch your strawberries, now is the time to be making final plans. Mulching can be done after plants become dormant and after the first major freeze in the fall of the

Mulching protects crowns during the colder periods of January and February. This protection is very important in areas of higher altitudes and where plant foliage is extremely thin.

A light-weight mulch such as straw or pine needles scattered over the top of the plants will help conserve ground heat during cold temperatures and this will tend to reduce freeze injury In the spring time, a light mulch will provide some shading to blossoms and delay blooming a few days. This will reduce the injury occurring when a few warm days initiate plant bloom ing, and then a sudden drop in temperature occurs.

HAVE A GREAT SAFE HOLIDAY BREAK

Holidays mean good times with friends and family get togethers. Students will soon be going home to relax and get away from school pressures. Unfortunately, this is also a time when alcohol or drugs, mixed with driving, kill and injure thousands of people.

Please help make this, a happy and safe holiday season by practicing the following simple steps:

- Don't Drink and Drive. The leading cause of death for people between the ages of 16 and 24 is alcohol-related automobile crashes.
- Don't Ride with an Alcohol or Drug Impaired Driver. Over 20% of the fatally injured victims in alcohol-related crashes are passengers in the drinking driver's vehicle.
- Always Buckle Up Your Safety Belt. Your safety belt is your best defense against the alcohol or drug impaired driver. Buckle Upl

cream and sherry in separate bowl. Pour over chicken. Bake at 400 F for 40 to 50 minutes. Serves four. Delicious served with rice. Dear Sharon:

I am so pleased to hear that you are enjoying my recipe revisions. As a matter of fact, I do have a cookbook you might enjoy. It's called "Cook It Light," is based on this column and is published by Macmillan Publishing Company in New York.

My revision of your recipe will require just a little more work on your part, but the end result will be just as tasty and much better for you. I was able to achieve a substantial reduction in the calories and cut the cholesterol and fat by about half simply by making the recipe with homemade cream soup instead of canned. This also results in a huge eduction in sodium, and eliminates the additives many canned soups

By substituting margarine for the butter, and reducing the amount used, fat and cholesterol are further reduced. Yogurt works beautifully in place of the sour cream, and you can lower the calories, cholesterol and sodium in my revision even further by simply removing the skin of the chicken before you cook it. In fact, per serving you can save about 80 calories, 10 mg cholesterol and another 10 gm of fat if you cook the chicken with the skin removed.

You will notice a big difference in ny revised casserole when it cools down — no more thick layer of congealed fat covering the top. Enjoy! LIGHT CHICKEN PARISIENNE 4 teaspoons corn-oil margarine

4 tablespoons unbleached flour 1 cup defatted chicken stock 3/4 cup non-fat milk 1/4 teaspoon salt

Dash of garlic powder Dash of freshly ground

black pepper 1/2 cup non-fat plain yogurt

2 cup sherry

2 whole chicken breasts (1 pound), halved

Freshly ground black pepper

small onion, chopped up fresh mushrooms, sliced

Melt the margarine in a skillet. Add the flour and stir over medium heat for 1 minute. Do not brown. Add the chicken stock and non-fat milk. Using medium heat until it comes to a boil. Add the salt, dash of garlic powder and freshly ground black pepper and continue to cook for 1 minute more.

Take off the heat and combine with yogurt and sherry. Set aside. Season the chicken breasts with freshly ground black pepper. In a non-stick skillet, brown the chicken on both sides. Arrange the chicken, onion and mushrooms in a baking

dish. Pour the soup mixture over the chicken and vegetables. Bake at 400 F for 40 to 50 minutes. Makes four approximately 1%-cup servings. Delicious served with rice.

The Gates Methodist Church was organized in 1898 after a tent revival was held by The Rev. Lewis Hamilton assisted by his brother, The Rev. Wilbur Hamilton. A nice white one room frame church with lovely stained glass windows was built in 1898. H. C. Hascall, a wealthy man from the north who operated a saw mill and general store in Gates, made a very large dona-

The church at first was called 'Hascall's Chapel', but the members said they were grateful for the help of Mr. Hascall, but he was not a christian, so on Aug. 5, 1899 the church name was changed to Gates M.E.

Mrs. A. N. Allen, called Miss Fannie, deserved much of the credit for the organization and building of the church. She was one of the early school teachers of Gates and taught school in her home. She was active in the church and was teacher of the Women's Bible Class. At the age of 85, she passed away.

Gates was first on the Woodyille circuit with Eureka, Trinity and Concord. The Rev. Lewis Hamilton and The Rev. R. L. Norman were pastors the three years Gates was on the Woodville circuit.

In the Brownsville district, The Rev. G. D. Baskerville was the presiding elder. The first stewards for Gates Church were W. L. Durham, A. N. Allen, R. D. Chisholm, B. F. Robison, J. B. Lee and Lee Pennington.

A. N. Allen was the first Sunday School superintendent. The Rev. Hamilton and Norman gave some most interesting reports on the work of the churches. At a quarterly meeting held at Woodville Feb. 4, 1899; The Rev. Hamilton reported that the Board of Church Extension had sent a check for \$250 for the Gates Church and reported at that time Gates Sunday School had 82 members with 75% attending regularly.

The Rev. Norman reported at a quarterly meeting held at Trinity Church that Gates had a Epworth League with 30 members. A little boys prayer meeting was held each week with Miss Fannie Allen as their

In 1901, Gates was on the Halls circuit for two years and the pastor was The Rev. R. L. Norman. He served as pastor for the second time, becoming a presiding elder in 1929 of the Dyersburg District. About 1904 Gates went to the Curve Circuit in the Dyersburg District with Curve, Edith, Melville and Bethesda.

The parsonage at Curve burned in January, 1911, The Rev. Hays Howell was pastor at this time. A house was rented in Gates from R. J. Humphreys for the The Rev. Howell. In 1913 the Gates Circuit was organized with Gates, Concord, Eureka, Lebanon and Bethesda still in the Dyersburg District.

On May 6, 1914, the Humphreys house was bought for a par sonage for the Gates Circuit. In March 1920 a fire broke out in a negro section and burned the Methodist church. The insurance had expired, much credit is due the members as they began to plan to build a larger church

A nice brick church with four Sunday School rooms was buil in 1921. The Rev. C. A. Riggs was pastor. C. J. Calhoun and his wife moved their membership from a Presbyterian Church in Memphis to the Gates Church Mr. Calhoun was chairman of the building committee and served as superintendent of the Sunday School. His wife taught the young peoples class. Her fine christian influence is still bearng fruit

In the fall of 1929 the church was dedicated by Bishop H. M DeBese. The Rev. J. Mack Jenkins was presiding elder at this time and The Rev. T. H. Davis was pastor. Special music was given by a quartet from Friend ship Methodist Church. Mrs. P. S. Sloan presented the church with a communion service in memory of her husband.

In 1952 The Rev. Staford Dees became pastor of the Gates Church. They began to plan to build more Sunday School rooms. Through his helpful guidance, plans were made for a "Lord's Acre" project. Most o the members had personal projects such as raising pigs, calfs, chickens and selling Sunday eggs. The Lord's Acre for the group was 14 acres of cotton.

. A prayer service was held each morning before work began. A new spirit of fellowship and cooperation swept through the congregation as they worked for Christ and his church. Proceeds from all the projects was dedicated to the Lord at a mass church meeting which amounted te \$2,600.

In 1952, an annex consisting

of three Sunday school rooms and two rest rooms were built of brick at a total cost of \$5,500. Among donations received on this building was a gift of \$500 from Mrs. Helen Hill Tucker given in memory of her parents, Mr. and Mrs. S. B. Hill. Mr. Hill

was a faithful steward of the church for many years and Mrs. Hill taught the Junior Sunday School Class for a number of During The Rev. Dees stay on

the charge he was instrumental in having the charge changed to three churches instead of five. Lebanon and Bethesda were put on other charges, two other outstanding items of interest during The Rev. Dees pastorate was the organization of a Methodist Mens Club. On Dec. 18, 1953, the organization was still active. He also helped the church to use the unified budget system, so for the first time in the history of the ehurch no steward had to canvas the membership for funds. In 1955 The Rev. Dees was honored by being named "The Rural Pastor of the Year" in the Dyersburg

The Rev. W. B. Bishop became pastor of the Gates charge in 1955. In 1957 the charge sold the frame parsonage for \$3,000 and bought a lot for \$500. Work began at once to build a brick parsonage. This was one of the most outstanding projects ever accomplished by the charge.

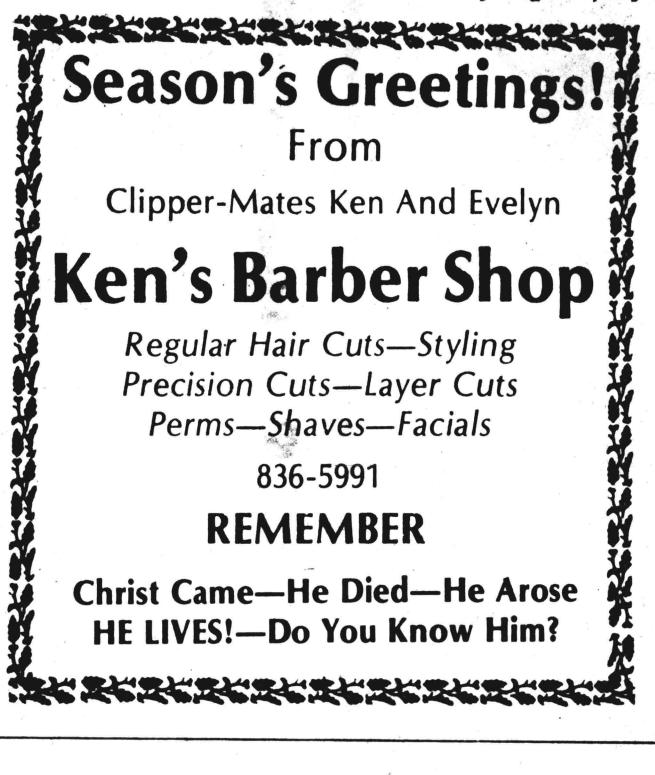

The Rev. Bishop was not just a minister, he was a plumber, carpenter and electrician. The three churches volunteered to' donate their work. They had one good carpenter in charge. There were carpenters in all the three churches, so it seemed that every one that could do something went to work. Several of the women helped do the papering, The Rev. Bishop and N. A. Sloan borrowed well equipment and dug the well and done a lot of the electric work at night. So as a result of all this faithful work, a lovely three bedroom brick parsonage with a living room, dining room, kitchen, pastor's study and bath room was built at a cost of only \$8,342 dollars. The parsonage has a valuation of about \$12,000 dollars. The Gates Women's Society of Christian Service bought a new living room suite, Concord Society bought a lovely dinette set, and Eureka gave furniture for a bed

Other members repainted and upholstered furniture. Mrs. Ambie Green, of Memphis, a former member of the Gates Church, donated a set of china in pink and charcoal to match the

color scheme of the kitchen. The children of the church have always had organizations. when the present church vas built they had a very active infor missionary society who bought one of the stained glass windows for \$25 when the church was built. They have extra sessions at the present, the second year after the first church was built an Epworth League was organized. Some times they were active and then they would be organized but in 1914 when The Rev. John M. From Sandra Holman

By Mrs. Sandra Holman As another Christmas draws near. I feel the need to reflect back on the year that has just been. It has been a wonderful year for me-a year filled with the pleasure of meeting and making of new friends; a year of getting to know new and exciting people, and loving each one for various and different reasons; a year for gaining a wonderfully new and exciting insight into other peoples lives, and the most important, and sometimes the most challenging occurance of all-getting to see a more personal side of some old friends.

Holidays mean good times with friends and family get togethers. Students will soon be going home to relax and get away from school pressures. Unfortunately, this is also a time when alcohol or drugs; mixed with driving, kill and injure thousands of people.

Please help make this a happy and safe holiday season by practicing the following simple steps:

- Don't Drink and Drive. The leading cause of death for people between the ages of 16 and 24 is alcohol-related automobile crashes.
- Don't Ride with an Alcohol or Drug Impaired Driver. Over 20% of the fatally injured victims in alcohol-related crashes are passengers in the arinking ariver's vehicle.
- · Always Buckle Up Your Safety Belt. Your safety belt is your best defense against the alcohol or drug impaired driver. Buckle Upl Sponsored By Lauderdale County Extension Homemakers

Mrs. Dunn

Mrs. Helen Powell Dunn, 70, wife of Wallace Dunn, of Springfield, Mo., formerly of Halls, was fatally burned Christmas night when their home was destroyed by fire. Mr. Dunn is in a Spring-field hospital with minor burns.

Memorial services were at 2 p.m. Wednesday in Kingsway United Methodist Church in Springfield.

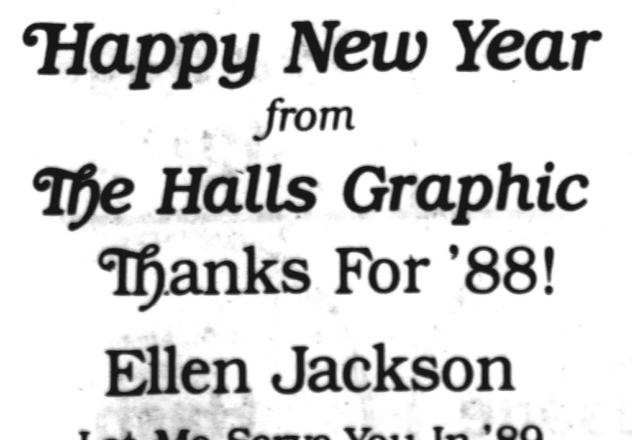

Mr. Dunn made his home with his uncle and aunt, the late Mr. and Mrs. D. C. Warren, after the death of his parents and attended Halls High School. Mr. Dunn and Mrs. Dunn, a native of Bells, were graduates of Union University in Jackson. During World War II, he was principal of Halls High School before resigning to work at the Dyersburg Army Air Field in Halls.

Later they moved to Jackson and then to Springfield where he is a seed broker.

She also leaves a son, Billie Dunn, of Springfield, who is a partner in his father's business; a daughter, Mrs. Nancy Thomas, of Louisville, near Knoxville; a sister, Mrs. Lynne Birmingham, of Nashville; and two grandsons.

The family suggest that mem-orials be sent to Good Samaritan Boys Ranch, P.O. Box 3253, Springfield, Mo. 65808 or to the American Heart Association

Merry Christmas! A little late, you ask? Not at all! The trees and tinsel and garlands are coming down, but the advent of Jesus Christ into our world is an on-going celebration for Christians. Christmas transcends time. Our Scripture teaches "In the beginning was the Word, and the Word was with God, and the Word was God." (John 1:1). This carries the Christmas story into eternity, before the creaation of the world. John goes on to say in 1:3, "All things were made by Him; and without Him was not anything made that was made." This enables us to see that Jesus Christ was active and participating in Genesis 1:1.

In Isaiah, Micah, Jeremiah, Zechariah, and others we see the Messianic prophecies. Therefore, the Christmas story is tied in with the history of mankind through those to whom God chose to reveal Himself. "And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father), full of grace and truth." (John 1:14). So Christmas continues. Before time, in creation, in our history, in Bethlehem, in 1988, in 1989, Christmas continues!

Merry Christmas to all! -The Rev. Mike Pilcher
