

Child Killed In Accident

RONDY VARKENUS NIXON, 5, son of Lisa Hayes Nixon, 29, of Ripley, was fatally injured about 5:50 p.m. Monday when a 1986 Toyota Percel, driven by his mother, entered State Hwy. 19 east of Ripley from Durhamville Rd. and was struck by a 1992 Mercury driven by Anita N. Fields, 22, of Ripley.

According to Highway Patrolman Russell Dodson:

The boy's mother said she was blinded by the sun. She was sent to the Regional Medical Center in Memphis with neck and other injuries.

Another passenger in her car, her daughter, Shakena Williams, 13, was treated in Baptist Hospital Lauderdale and dismissed.

No one in the Toyota was wearing a seat belt.

The driver of the Mercury, who had left left her home on Hwy. 19, was wearing a seat belt. She was not injured.

Dodson does not believe any alcohol was involved.

Services for the victim will be at 1 p.m. Saturday in Miles Chapel C.M.E. Church in Ripley, with burial in St. Matthew's Cemetery at Arp, Currie's Funeral Home, of Henning, in charge.

He was active in its Youth Choir and in Sunday School Union No. 1.

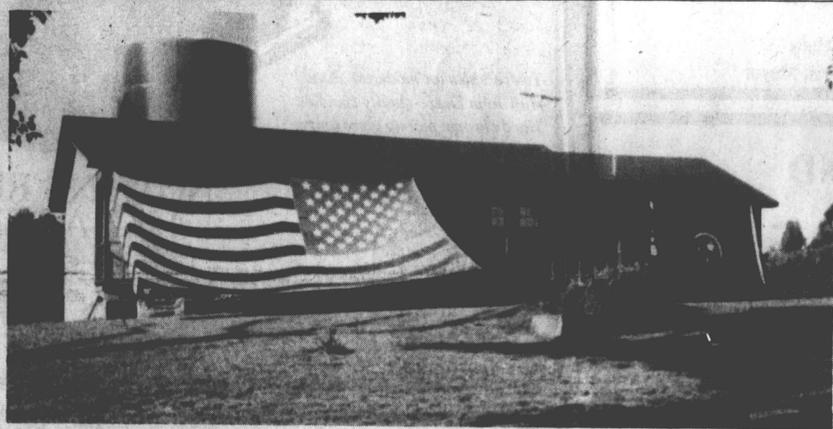

Besides his mother and sister, he leaves his father, Ronny Nixon, a brother, Travis Bonds, and his grandmother, Mrs. Anna Jean Nixon, all of Brownsville.

Announces

JERRY C. BROGLIN is announcing his candidacy for the 8th Dist. seat on the county Board of Education.

"I am sure that most everyone would agree that the most important assets we hold for the betterment of the future of this county is not our industries nor jobs, as important as they are, and it is not the revenue we receive from the local state or even Federal level, but it is the lives of our children and grandchildren.

"Those of whom were given to us was a blessing from God, and along with that gift, the responsibility to invest into their hearts and minds the proper teachings and directions to better enable them for a life in a very complex and ever-changing world system.

"With much concern, parents and grandparents across the county delegate a great portion of that responsibility to the leaders, teachers, and helpers in our public school system.

"I ask for your vote to become part of that group and with my asking I share in your concern, because my wife and I have been blessed with two children of our own, ages 9 and 12.

"If elected, I can only say that by God's grace, any decision or judgment which I am asked to make or take part in making will be done with the best interest of our children in mind. Thank you for your support."

Eisom's Sentence: 26 Yrs. In Prison

Circuit Judge Joseph H. Walker III last week sentenced John Eisom, 19, of Route 2, Halls, to 26 years in prison.

A 20-year sentence was for the second degree murder of Lynell Antonio Rice, 18, of Ripley, Nov. 20th.

Three-year sentences, to run consecutively, were for aggravated assault of Lynell's brother, Simmie Rice, 19, and James Currie.

Eisom went to a party at the home of Gloria Harrell, of 7005 Huntingdon Road, near Gates, and during an argument fired four shots from a .380 pistol.

The Rice brothers were sent to the Regional Medical Center in Memphis, where Lynell died two days later.

Simmie still has a pistol bullet in his back.

Fun In the Sun - the Safe Way

School is out and as the summer temperatures continue to heat up, many children and teens are finding relief by frolicking in the sun at the local beaches or swimming pools. Although this sounds great, it can also be dangerous—especially if you forget the sunscreen. Researchers estimate that this year alone there will be more than 700,000 new cases of skin cancer diagnosed. And the main culprit of this deadly disease is the sun.

In the past people have spent hours sun worshipping in quest of a perfect, deep, dark tan. Golden brown suntans were once a status symbol associated with good health, sex appeal and a life of leisure. However, today we know that a suntan is anything but healthy. The sun's damaging rays can cause premature aging, wrinkles, skin coarseness, irregular pigmentation and skin cancer.

Dermatologists believe that 80 percent of the damage done to the skin occurs by age 20. Sunburns and blisters are the short-term signs of damage. However, the long-term damage of sun exposure is not usually evident until many years later. This means that a sunburn that occurs at age 15 can result in skin cancer at the age 50.

There are three types of skin cancer: basal cell carcinoma, squamous cell carcinoma and malignant melanoma. The least common, but deadliest type of skin cancer is malignant melanoma. It is the number one cancer killer of women between the ages of 25 and 29 and the number two cancer killer of women between the ages of 30 and 34. Also, the death rate in men over 50 with malignant melanoma is increasing faster than any other cancer. Some of the risk factors for malignant melanoma include:

- three or more blistering sunburns during adolescence
- blond or red hair
- marked freckling of the upper back
- rough, scaly, red, tan, brown or grayish spots on skin
- other family members with melanoma
- three or more years of outdoor summer jobs as a teenager

The good news is that skin cancer is one of the most curable types of cancers, if treated early. Changes in the size, shape or color of an existing mole, or the appearance of a new one, may indicate a cancerous growth. If you notice any suspicious change Baptist Memorial Hospital—Lauderdale recommends checking with your doctor immediately.

However, rather than worry about treating skin cancer, it is best to try to prevent it. The best way to do so is by avoiding exposure to the sun. If direct contact with the sun is necessary, make sure you apply a sun screen or sun block to all exposed areas of the skin. Sun screens come in various protection levels. For example, if a sunscreen says it has a SPF (sun protection factor) of 6, it means you can stay out in the sun six times longer before you would get burned than with no sun screen protection. The American Academy of Dermatology recommends using sunscreen with at least a SPF of 15. They also emphasize the importance of using sunscreens even on cloudy and winter days because dangerous ultraviolet rays are still present.

So this summer Baptist Memorial Hospital—Lauderdale says go ahead and enjoy all your favorite outdoor activities, just play it safe. Make sure to always wear a sunscreen. The skin you save is your own.

ELECT
Ron Rickard
Sheriff, August 4th

We are approaching election day. I want to address some of the issues that you are asking about.

Not many positive programs have come from the Sheriff's Dept. in the past. The D.A.R.E. program is the only one I can say is a continuing positive program for our youth. I do want D.A.R.E. to continue and I would like to see it deal with guns, violence and gang activity that is around our youth, as well as drugs.

I want to create a "Cadet" program with our school system where young boys and girls could become involved with the Sheriff's Dept.--not enforcement but st involvement--a program to check on our senior citizens who live alone or can't get out could be one of the Cadet responsibilities.

One of my first priorities will be to have sub-stations in Henning and Halls areas. You deserve it.

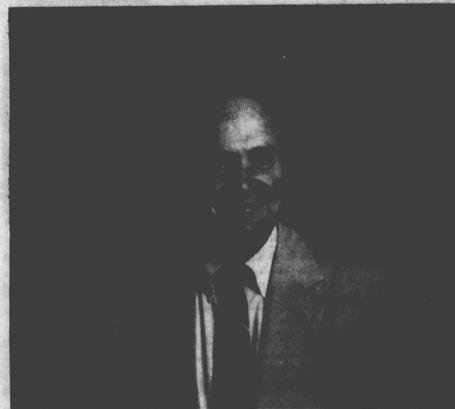

I would like to have a mobile sub-station to use in any community that is having a problem (break-ins, reckless drivers, etc.). We can take this mobile sub-station to any community and live there until your problem is gone!

I believe in marked patrol cars and uniformed officers. That's basic law enforcement and the best deterrent to crime available to any department.

I believe in pro-active enforcement--do something to stop a crime or accident before it happens. Not just react after.

Aggressive, professional, law enforcement is what I will give the people of Lauderdale County. I need your vote to make it happen. I can make your community a safer place to live...Don't Settle For Less.

AN OPEN LETTER TO THE PEOPLE OF LAUDERDALE COUNTY

Our county taxes have increased more than 20% during just the past three years. As your county executive, I will work to keep taxes down.

Unnecessary and unwise expenditures have been a cause for much of the increase in taxes. The new justice complex will, in effect, force the county to maintain two courthouses. Such unnecessary spending is a waste of your hard-earned tax dollars.

As the owner and operator of a successful small business for more than thirty years, I know how to keep costs down. As your county executive, I will use my knowledge and experience to keep spending and taxes low.

I believe the people should have a say in how their money is spent. As county executive, I pledge to maintain an open door policy. Thank you for your support. Vote for and elect

TERRY L. PILCHER, SR. announces his candidacy for School Board to represent the Fifth District.

"I was born and raised in Lauderdale County and have lived here all his life," he states. "I am married to the former Sherry Robbins, who also was born and raised in Lauderdale County. We live in the Lightfoot Community.

"We have four boys, Terry, 19, Brandy, 17, Tyler, 11, and Drew, 8. Our 5th boy is due in August.

"I am employed by the Cold Creek Correctional Facility as a vocational instructor. For the past four years," he states, "I have taken classes at night, through the University of Tennessee Technological and Adult Education. These classes consist of Special Needs Learner, Methods and Materials of Teaching (secondary), Program Organization and Class Management, Trade and Job Analysis (or Curriculum Development), and Organization and Operation of Youth Organization in School Shop Safety. I feel I am qualified to represent the citizens of the 5th District.

"I promise, when elected, to represent the citizens of the 5th District to the best of my ability."

Jones Wants Re-Election

Thomas E. Jones announces his candidacy for re-election for County Commissioner of the 2nd District.

"I have had the privilege to serve as your commissioner for the past four years," he states. "I have served on several committees during this time and have tried to serve you to the best of my knowledge.

"I have lived in Lauderdale County all my life," he says, "and have been employed with the telephone company for 39 years.

"I am interested in the future of Lauderdale County. Your vote and support will be greatly appreciated in the Aug. 4th election."

Ripley Garbage Rates Rise 10%

Ripley's Board of Mayor and Aldermen voted Monday to hold the city's real estate tax rate at \$2.00 per \$100 assessed valuation.

The only tax increase Ripley citizens face this year is a 10% increase, across the board, in garbage collection fees, adopted June 23rd.

Residents who have paid \$6.50 per month for once-a-week pick-up at the curb will now pay \$7.15.

Businesses who have paid \$15 per month for 5-day pick-up will pay \$16.50.

Industries who have paid \$10 per container will now pay \$11 per container.

In other business, the board signaled it will eventually support a Board of Education building program by giving up its claim, under state law, to 50% of sales taxes collected inside city limits, if county voters in November approve a 3/4% increase in the sales tax, to 8.75%.

Gates and Halls city boards have approved contributing their funds.

The board instructed its attorney, Rachel Anthony, to prepare an agreement to pledge the funds, provided that any sales tax funds due the city not needed to retire the proposed indebtedness would revert to the city.

The board voted to begin annexation to the city of the Sir Charles Restaurant property, at the southwest corner of the intersection of Asbury Rd. and New U.S. Hwy. 51, and of the county's new Justice Complex, on the northwest corner.

The motion was adopted after an earlier motion had included annexation of Younger property for 300 feet north of the Abundant Life Church, west of New U.S. Highway 51 South of Ripley. That motion was withdrawn.

The board approved appointment of Frank Currie, former alderman, to complete the unexpired term, as a Commissioner of the Ripley Housing Authority, of Glades Thomas, who was elected alderman to fill the unexpired term of the late "Pete" Lawrence.

Mayor Richard Douglas said Jerry Pilcher, another RHA commissioner, has resigned. No replacement was nominated.

County Tax Holds With 6% COLA

County Commissioners Monday adopted a budget with no increase in the real estate tax rate of \$2.68 per \$100 assessed valuation but with a 6.08% cost-of-living adjustment for all county employees, including those of the Board of Education.

The school budget originally included only a 4% COLA. The county Budget Committee, learning that state law provides elected officials a 6.08% increase, decided to award the same amount to all of the county's employees. To make up the difference for Board of Education employees, Bobby Webb, superintendent of Schools, proposed that the Board of Education get \$10, instead of \$5, from the county's wheel tax fee of \$25. The General Fund loses the \$5.

Funds for the \$29,138,462 appropriated Monday, with estimated revenue of \$26,005,757, will draw on fund balances of \$4,040,858, previously appropriated but not spent.

Wong Seeks School Board

Pamela Wong announces her candidacy for the position of School Board Member in the 3rd District.

"I believe in children and good schools. I believe in Lauderdale County. So naturally, I believe that the children of Lauderdale County deserve the best that we can offer them. Lauderdale County has a school system to be proud of. We have some of the most dedicated teachers I have ever had the privilege of working with and I have worked with many teachers.

Douglas Collins, Highway Commission chairman, said the state is taking bids this month to replace a 7-year-old concrete bridge on Highway 19 West of Ripley, washed out by floodwaters.

He said only state funds are involved, but he warned that there are a number of other bridges in the county which are in dangerous condition, and that the county may expect to pay, on the average, \$75,000 to fix each of them.

Crash Claims RHS Student

L. B. (Pakin) Bowers, 17, son of Mr. and Mrs. Thomas Bowers, of Ripley, was fatally injured about 9:30 a.m. Friday when a 1994 Plymouth van he was driving south left Edith-Nankipoo Rd. and struck a tree, the Highway Patrol reports.

Services were at 2 p.m. Tuesday in Yarbrough Funeral Home in Ripley, with burial in Ripley's Memorial Gardens.

He was a student in Ripley High School.

Survivors include a sister, Kim Bowers, of Ripley, and his grandparents, Mr. and Mrs. Thomas Bowers and Betty Thomason, of Ripley, and L. B. Thomason, of Halls.

Announces

DANNY BEAIRD announces his candidacy for County Commissioner, 9th District.

"I have lived in Lauderdale County all of my 41 years," he states. "I am married to Charlene McMahan Roberts, we have two children, Charlie, 15, and Rachel, 12.

"I am an active member of First United Methodist Church, the Ripley Rotary Club and I have served on the Lauderdale County Chamber of Commerce.

"I believe in the future of Lauderdale County. We have a good county," he states, "but we face many challenges to our continued growth. I promise to continue to put the needs of our county and its people first. I would appreciate your vote and support August 4th."

I have lived and worked in Lauderdale County for the past eleven years. I am a member of and regularly attend the First United Methodist Church, where I currently teach a children's Sunday School class. I am also a member of the Handbell Choir and the Chancel Choir at my church. For six years I was an active member of the Ripley-Lauderdale County Junior Auxiliary, a service organization geared toward helping children. The Adopt-A-School program has had my support for the past three years and the Ripley Girls Softball Teams has seen me on the field as coach and assistant coach for the past six years.

I have been licensed as a nurse for the past 13 years and certified as an x-ray technician for the past six years.

My life has been involved with children since I worked as a housemother to eight little boys at the Dunlap Orphanage in Brighton, 18 years ago.

"I am conservative in my political views," he states, "business matters and spending.

"I will always listen to the opinions and views of the people in my district and put a great deal of thought into all of my decisions pertaining to the business of Lauderdale County.

"Our children need people who care and are genuinely concerned. I care and have a real concern for our school system.

I ask for your vote and support in the election on August 4th.

Thank you very much.

Pharmacy Topics

Cancer vaccines stimulate the immune system to activate and boost T-cells that fight the invading cancer "army." Scientists at Johns Hopkins found that activated T-cells attacked the main tumor and dispersed cancer cells, too. Human trials are under way.

Inexpensive injections of corticosteroids can save the lives and health of many babies born prematurely, a multi-hospital panel found. The drug treatment is administered to pregnant women to speed the development of fetuses who are in danger of premature birth.

Tinnitus is often accompanied by depression, and doctors long thought that the ringing in the ears was the base cause. But researchers at the University of Washington Medical School report that the antidepressant drug nortriptyline seems to ease both problems.

Naproxen, a long-prescribed pain reliever for arthritis, headaches and other aches, is now approved for over-the-counter sale. The 200-mg. dose is lower than the prescription version, though.

"Working Together for Lauderdale County"

Join me in Working Together for Lauderdale County. You can make a difference in the future of Lauderdale County and the lives of the people that live, work, go to school, and play in Lauderdale County.

I am Charles Cutlip and I am asking for your support, aid, and vote in my effort to be elected as your County Executive.

Many of you I know from working on the many civic projects we have shared, many of you know me from the civic involvement I have committed time, effort, and money to help make Lauderdale County a better place.

Whether you know me, know of me, heard of me, or never heard of me, we all have a common cause.

That cause is the better leadership and management of Lauderdale County's business. This can only happen if we start communications, better planning for the future, and working together to manage our resources to their greatest potential. This endeavor will require strong commitment to the common good of our community, Lauderdale County. It will require leadership that not only has the ability to handle the complicated business of today's government but a real desire to work together and not be concerned with who gets the credit. There is an old saying that if you do not have a plan to succeed then you have a plan to fail.

I have visited with many Lauderdale Countians, and the one common concern I find is this lack of planning, management, and communications.

As your Lauderdale County Executive, I will commit to changing these shortcomings of our office of leadership. I will be committed to working for the planned growth for all of Lauderdale County, fulfilling my conviction that every person and every section of Lauderdale County is a link in our chain of success. This is why I ask you to join with me "Working Together for Lauderdale County". Share this news with your family and friends and on August 4, 1994, join together to make a change for the betterment of Lauderdale County.

IF IT'S NOT BROKE "DON'T FIX IT"

For the past 13 years **Richard Jennings** has served as Circuit Court Clerk of Lauderdale County. His responsibilities have been to:

1. Keep Accurate Records of General Sessions and Circuit Court Clerk Proceedings.
2. Work closely with and assist the judges of both courts.
3. Issue all criminal warrants and civil summons.
4. Collect and disperse all fines assessed in both courts.
5. Collect and disperse child support.
6. Issue Passports.
7. Be on call 24 hours a day to issue warrants at the jail.
8. Be able to communicate with and assist people from ALL walks of life.

We have all heard the expression "If it's not broke - don't fix it." This appropriately describes the Circuit Court Clerk's Office. Why take a chance and change when it has been run in a dedicated and professional manner by **Richard Jennings**!

He has hands on experience as well as formal education in ALL aspects of General Sessions and Circuit Court.
He has managed these offices with respect to all changing regulations and laws.
He has been and will continue to be accessible nights, weekends and holidays to ALL people that need assistance.

With the help of dedicated employees, he has managed the office of Circuit Court Clerk in a manner that citizens like you can be proud of.*

* Let's not try to fix something that isn't broken. *

Keep Ted Sutton Sheriff

I would like to start off by saying I know there are still a whole lot more good people that live in Lauderdale County than there are bad. Candidates, I would like to thank you for the clean election that we have endured thus far. Friendships are hard to build and we will still need each others support after the election.

The community support that I have had in the past has made my job easier. No one man can make a difference. I work 70-90 hours a week, Sunday through Saturday and without my department's help and the people of this county, I would get nowhere. 40,000 eyes are a lot better than 50. I have proven to be a sheriff that will work for everyone. I have had an open door policy in the sheriff's office and answered my home phone regardless of what time of night or morning. I will continue to do so.

I would like to promise sub-stations in both ends of the county, but it would be hard to fund this with our current budget. Our current budget allows the sheriff's department seven full-time deputies to work seven days a week, 24 hours a day. We are also allowed four part-time deputies that work one day a week only by working with full-time officers, so the fact of the matter is, sub-stations would be great, but not with the help that the sheriff is allowed under the current budget. We need our deputies on patrol, not sitting at a sub-station. When I have two deputies on duty at the same time, I have one on the north end of the county and one on the south end of the county, that is why it's so important to have community support. Keeping me as your sheriff, you, the people will have someone to work with. I am not just a fixture in the courthouse. I will continue to work in the future just like I have done in the past.

I have lived in Lauderdale County my entire life. I have never lived anywhere else. I have always been involved with the community. I was Assistant Scout Master with the Boy Scouts. I coached in the Youth Baseball Program for 28 years. I was an active member in the Jaycees for 18 years. I have been a volunteer fireman almost 20 years. I volunteered my service to the RHS Athletic Department for 15 years. I won the Exchange Club Book of Golden Deeds Award in 1981. I have had to give up most of these activities since going to work for this county. Being the sheriff is a full-time job. A person that has been accustomed to a 40 hour work week for the past 20 years would have to make some big changes. I have showed you, the people of Lauderdale County, that I am not afraid of work.

Vote to keep Ted Sutton as your sheriff on August 4th. I will continue my honest, dependable, reliable, hard-working approach to serve the people of this county. Your vote and influence is greatly appreciated.

No Registration Days For County Schools

Lauderdale County Schools will begin regular classes August 10th. Buses will run on the morning of August 10th with students attending a full day of classes. Students will eat lunch at school with dismissal and school buses running at their usual afternoon time.

All county students were pre-registered this past spring before school closed for summer break. School personnel have worked this summer to schedule students and teachers for the coming school year. Students will be mailed their teacher assignment or schedule of classes prior to the beginning of school. If for some reason your child does not receive a schedule or teacher assignment in the mail they will be given their schedule upon arrival at school August 10th. Students transferring into our county should come to school with their parent or legal guardian August 10th to select courses and be scheduled for classes.

School officials have adopted this new procedure eliminating the usual two days of paperwork and replacing them with classroom instruction.

"We are trying to streamline the beginning of the school year," says Superintendent Bobby Webb, "making it more convenient for our students and parents, and to use as many of our 180 days as possible for classroom instruction."

Transfer students must register at the school they will be attending at 9 a.m., Tuesday, August 2nd.

Dr. and Mrs. Jerry Griffith, of Greeley, Colo., and son, Adam, of Nashville, visited Mrs. Griffith's parents, Mr. and Mrs. Beasley Robertson, and relatives and friends in Memphis and Dyersburg last week. Mrs. Griffith will return home this week after a visit with her brother, Ronnie Robertson, and his family in Knoxville.

Charles and Mary Mingo were visitors to the Choctaw Indian Reservation near Philadelphia, Miss., last week. Mrs. Mingo's sister, Betty McMillan, returned home with them to spend the summer.

Mrs. R.J. Nunn visited her

daughter, Mrs. Ramon Clough, in Germantown during the 4th of July holidays.

Mrs. Jim Horner and daughter, Mary, of Dyersburg, and Mrs. Charles Alsbrook spent several days last week in Memphis. Mary left to join her Spanish teacher and classmates from Millsaps College in New Orleans. The group went on to San Jose, Costa Rica, where they will live in the homes of the natives, attend school and take trips on weekends. They will return home in a month.

HUTCHERSON METALS INC.

Buying and selling scrap metal is the job of the HUTCHERSON METAL INC. at Old 51 N. in Halls, phone 836-9435. This established firm deals in all types of scrap metals and pays top dollar for all commodities. They are open Monday thru Friday 8:00 AM to 5:00 PM. Specialists in iron, steel, alumi-

num, copper, lead and many other materials. This well known scrap yard will pay cash by the pound or ton for metals of all types. You're doing a service to the ecology AND to your pocketbook when you make it a point to take all excess metal to the HUTCHERSON METALS INC. for recycling. They, in turn, sell materials to foundries, iron works,

and other places where they're converted back into useful products again. It's an excellent way to help the environment and the economy. The authors of this 1994 Summer Business Review would like to commend this well known firm for their significant contribution to the ecology of the local region.

As citizens of west Tennessee, we must be prepared to face the social and economic challenges of the future. Our state government must act decisively and be responsive to the needs of all its citizens. Maintaining and improving the quality of life for all the people of District 82 is my priority. I will work to forge a strong relationship between government and the people. Through my professional activities, I understand the business and social climate in our communities. My political experience at the local level has given me a unique perspective on the role of state government. Together we can guarantee a bright future for our families. I will be a strong voice for you in the state capitol.

A Voice for Progress

Paid for by Morrow for State Representative Committee, Rev. J.W. Shaw, Treasurer

Elect Raymond L. Smith Sheriff August 4th

Friends and fellow Lauderdale Countians, when I announced as a candidate for Sheriff, I WAS DETERMINED to conduct my campaign at a high level, explain my beliefs to you, and conduct my campaign with a single goal in mind. That goal is to be elected Sheriff so that I can continue to represent you, the people of Lauderdale County with integrity and dedication. My goal has not changed.

Integrity is defined as honesty and uprightness. My integrity is without question. Experience is defined as an observation of facts as a source of knowledge gained by contact with facts and events. With over 27 years of law enforcement on the job training, I have gained invaluable experience through daily contact with you, the people of Lauderdale County. No one has a monopoly on caring about the people. I sincerely believe that I have made a difference in the lives of the people that I have had contact with during my 27 years of law enforcement service. I care very deeply about this county and all its people.

With your help, we will change things and make your county and mine a better place to live and work. I need, and will certainly appreciate, your vote on August 4, 1994. Thank you very much.

Elect Raymond L. Smith Sheriff August 4th

Friends, having spent over half my life in law enforcement serving you, the people of Lauderdale County, Raymond L. Smith is the same person in 1994 as when I started in 1967.

Care is defined as to have regard or liking for. My record of responding and caring for the people is self-explanatory. I have used my on the job experience and expertise to respond when called upon by you with any problem that you have had. My phone number (635-1673) has always been listed and been the same for many years.

A person running for any office leaves a record behind, good or bad. My record, established over many years, speaks for itself, and is well known. I Am Proud Of My Record.

No one controls Raymond L. Smith. No promises have been made to anyone. Raymond L. Smith will speak the truth, the whole truth, and nothing but the truth, to you, the people of Lauderdale County. Call me if you have any questions. You will get the truth!

When you examine each candidate's record, examine it over its entirety, not merely a small portion prior to election time. I will make no wild promises, but changes will be made, and new programs will be implemented to make your county and mine a better place to live and raise our children.

My wife and I have raised five children, and I believe that with your support and vote on August 4th, together WE will change our county, and make everyone proud to live here.

Thank you for your support and please vote!

Accompanying this change was also legislation to fund a \$45 million bond issue to upgrade all technology center's facilities and equipment. The impact of this bond issue for the Ripley Center will be to insure that the new facility planned for the north Industrial Park on property deeded by the City of Ripley will be funded on the Level 1 priority list and that new training and computer equipment will be available for the existing as well as the new center. The state is expected to appoint an architect for this project sometime this month.

ELECT RON RICKARD SHERIFF AUGUST 4, 1994

SOME SAY THAT I AM GOING TO BE TOO TOUGH?

How can you be too tough on someone who will sell drugs to your children?

How can you be too tough on someone who will become drunk and get behind the wheel of a 5,000 lb. bullet and aim it at your family?

How can you be too tough on someone who will steal what you have worked hard for?

How can you be too tough on those who organize gangs and terrorize the elderly and our young people?

How can you be too tough on those who break the rules and steal the quality of your life and the future of our community.

I don't think you can be too tough on these things? Do you?

Early Voters Run About 100 Daily

At the close of business Tuesday at the Election Office in the basement of the county Courthouse in Ripley, 301 ballots had been cast in three days of "early voting," approved by the state legislature.

The "early" votes were cast Friday, Monday and Tuesday, from about 14,000 registered voters. A few dozen more might have been cast had there not been lines waiting outside the Election Office.

Voting "early" is not as easy as going to your voting precinct, where your voting records are waiting for you. In the courthouse, each voter must have his voting record located and verified from among about 14,000 records.

Early voting began Friday without any publication of sample ballots, and days before some candidates have announced their candidacies.

Shelby, Tipton, and Haywood Counties published sample ballots before they began early voting.

Ella Mae (Mrs. Turner) Escue, says the state election co-ordinator has assured her that the other counties are just "jumping the gun."

Wakefield Seeks Fifth District Win

Leonard Wakefield announces his candidacy for County Commissioner in the Fifth District of Lauderdale County.

"I am not going to write a history about myself, my family, etc.," he states, "I think most people in the Fifth District know me. If not, check around and you will find that I am fair and honest with everyone."

"I have been involved with business most of my life in this county. I have always been concerned about the growth of our county and how the taxpayers dollars are being invested."

"I have served as Commissioner for eight years. In 1990 I lost my position by a narrow margin. In those eight years I did the job to the best of my ability. I took careful consideration on every issue and how it would affect the people, before casting my vote."

"We all know that our dollars don't come easy, so we have to spend them wisely. It wasn't until a few months ago that I decided to run for Commissioner again. I had many people contact me and they all said, 'We need you back as one of our commissioners.'"

"People, I will tell you, one person cannot make the changes that need to be made. In talking to the many fine people of the Fifth District, I can openly say that they want a voice in the decisions made by our county legislative body."

"I think when it comes to the important issues, such as one that would require a tax raise, then the people should have a stand in which way their Commissioners decide

Seeks Vote

J. A. DUNAWAY, a life-long resident of Halls, is seeking re-election to the county's Board of Education, to represent the Eighth District.

"I have served the school system 12 years," he notes, "during which we have made many improvements and advances for the system."

"However, as we continue to strive for the best possible school system, I will remain dedicated to the effort."

"Your vote of confidence will be greatly appreciated."

Bizzell Announces Bid In 2nd District

Donald Ray Bizzell announces his candidacy for the position of County Commissioner, 2nd District.

"I have lived in Lauderdale County all my life and farm in several areas of the county," he states. I am concerned about the future of our county and will listen to the people of the 2nd District and do all I can to help our county prosper and move forward."

"I would appreciate your vote and support in the election August 4th. Thanking you in advance for your help and concern."

to vote. It is the people's money we are spending, so I think they should be involved."

"If elected, when it comes to the important issues, I will base my decisions with what the majority of the people in the Fifth District would like to do. I would ask that you contact me in writing. I can take time to go over these writings, and have a much clearer view as to which way to vote."

"I will say, once again, one person cannot make the changes that need to be made. Citizens, I will ask that you challenge your elected commissioners to do the same."

"I will do my best to see that the people of the Fifth District get their fair share. I will be the first to tell you, we need improvements. Thank you and your vote will be appreciated."

4 Car Crash On Square

JEROME McCABE, 73, of 64 Lakeview Drive, driving a 1982 Mercury, jumped the curb while trying to park in front of Harmon's CPA office on Jackson Street on the square Monday, hitting the door facing, he then put his car in reverse and started backing east on Jackson, hitting three parked cars, stopping beside a car he hit at the light on Main and Jackson in front of Jennings Realty. He has been charged with failure to maintain control, striking a fixed object, and driving under the influence. He is currently out on bond, pending court procedure reports Officer Larry McCoy of the Ripley Police Department.

John Harrell, Jr. Seeking CC Seat

John H. Harrell, Jr., is announcing his candidacy to represent the Sixth District as County Commissioner.

He is truck shop supervisor for Marvin Windows, in Ripley. He and his wife, the former Sarah Caldwell, are parents of six children and grandparents of twelve.

They reside in the Central community and are members of New Hope United Methodist Church.

He has been a long-distance truck driver. He has for years been Scoutmaster of Troop 262.

"I pledge to represent the people of my district in an honest and sincere manner, while keeping the interest of the county in mind," he says.

"I ask for your vote and support. I hope to see as many citizens as possible during this election endeavor."

St. Paul Hosts Historical Society

Roy Thompson will give a talk on Durhamville, his native community, to the Lauderdale County Historical Society Sunday, July 24th. The meeting, to begin at 2:30 p.m., will be in St. Paul's United Methodist Church in Durhamville, and is open to the public.

currently out on bond, pending court procedure reports Officer Larry McCoy of the Ripley Police Department.

MRS. PEGGY MARISE, of 222 Highland, Ripley, says that after her power had been off for about 90 minutes, she checked her telephone for "call waiting" information and found names and phone numbers for 15 former U.S. presidents, from Abraham Lincoln (Jan. 31st) to George Bush (May 19th).

South Central Bell says that only one of the phone numbers exists, and that Ulysses S. Grant doesn't live there.

All the numbers were for out-of-state area codes, which her phone doesn't accept.

The only remotely plausible theory suggested so far is that the numbers were put into the telephone's memory as a demonstration device and somehow recalled after the power outage.

New Vo-Tech School Wins State Approval

State Rep. Floyd Crain, of Ripley, won from the State Building Commission, Thursday of last week, approval of \$3,789,000 to construct a Tennessee Technology Center at the northeast corner of New U.S. Hwy. 51 and Industrial Road (the road connecting Old and New U.S. Hwys. 51, north of Komatsu-Dresser).

The facility will replace the Ripley Area Vocational-Technical School in Ripley's South Industrial Park.

The City of Ripley is contributing the 25-acre site.

The Center will include 37,500 sq. ft. of class-rooms, labs, and office space.

State funding will include \$288,300 to up-grade instructional equipment.

The project was one of 11 given final approval last week, of 30 sites under consideration.

The state says its vo-tech school graduates have had a 90+% employment rate during recent years.

Sarah Harrell Is Candidate

Sarah C. (Mrs. John) Harrell is announcing her candidacy for re-election to the county Board of Education, to represent the Sixth District.

"I have had the privilege of serving on the school board for the past eight years," she notes.

"I feel we have made some progress for the betterment of our education system, as well as the county."

"I would like to continue as a member of the board and ask for your continued support and confidence, as you have shown me in the past."

"I have tried to take the time required by the membership and also talk to any of you who have felt the need to contact me."

"I always use your thoughts to determine my decision, when opinion is needed. I pledge to continue to serve you in this manner."

Sarah has taught in the county school system 13 years. She was principal of Curve Elementary School four years. She taught in Head Start for 1-1/2 years.

She is now child care co-ordinator for Delta Human Resource Agency, serving Lauderdale, Tipton, and Fayette Counties.

The Harrells have six children. Cindy, a coach and physical education teacher in Lauderdale Middle School in Ripley; Johna, board receptionist; John III (Willie), employed by Marvin Windows; Katrina, house-wife; Karissa, 10th-grader in Ripley High School, and Jeffrey, serving in the Army at Ft. Bragg, N.C., after a tour of duty in Korea. The Harrells have 12 grandchildren, seven of whom will attend Lauderdale County Schools this fall.

Sarah has attended all mandated school board training sessions and has completed Level II for the Tenn. School Board Association Boardmanship Award.

"Your vote and support Aug. 4th will be greatly appreciated," the candidate says.

On Ballot

ALICE FAY JOHNSON is announcing her candidacy for the Lauderdale County Board of Education, to represent the Fourth District.

Alice, wife of Johnny D. Johnson, is the mother of three children -- Joshua, 17, Kristian, 12, and Jeanetta, 5-- all of whom attend Lauderdale County schools.

She is a Licensed Practical Nurse in Hillhaven Convalescent Center in Germantown. She is also a licensed cosmetologist.

For the past year, she has been active as secretary of the Parents Committee of this county's Head Start program, publishing its first year-book, ever.

Children visited the Zoo in Memphis and had a Special Olympics picnic, awarding diplomas and victory medals to each child.

Alice was responsible for trophies for boys' and girls' basketball, bowling, and the 100-yard dash.

"Whenever the schools have called on me," she says, "I have been there."

She asks voter support in the election Aug. 4th.

Neal Crain Wants Re-Election Vote

Neal Crain is announcing his candidacy for re-election in the Second District for County Commissioner.

Plase Vote For H.P. Webb For Register Of Deeds

A man of honesty, fairness, and capability. A man who will put the trust of the Register's Office as top priority in my professional life and will strive to represent each of you in Lauderdale County to the best of my ability.

Join me, and let's make our good county better!

Elect Raymond L. Smith Sheriff August 4th

Friends, I have deliberated long and hard about improvements that need to be made in the Sheriff's Department. These are a few I would initiate if you, the people of Lauderdale County, want me as your SHERIFF.

1. I will be a "hands on" sheriff, meaning that I will not be sitting at the courthouse day in and day out. I will be out in the county talking to you, patrolling the county, and finding solutions to any problems you may have. You will see Raymond L. Smith all over the county throughout the full term, not merely at election time. Folks, you will know who "your" sheriff is and you will not have to ask anyone! You will be able to see me anytime with your problems. I will respond. I ask no one to do something I will not do myself. No one will outwork Raymond L. Smith!

2. Deputies will be out patrolling the roads in this county, serving papers, answering disturbance calls, talking to the people, etc. The patrol cars, furnished by you, the taxpayers, will be visible day and night throughout the county. ALL AREAS OF THIS COUNTY WILL BE PATROLLED! These people work for you and will be out in the county, not at the jail or the courthouse.

3. The Sheriff's Department will work more closely with other law enforcement agencies, Tennessee Highway Patrol, Ripley, Halls, Henning, and Gates PDS. Deputies will be capable of handling calls of any nature, domestic, civil, or traffic related.

4. The DARE Program, initiated by our previous sheriff "will be made stronger," serving as an educational tool for our young school age children. As much time as is required by one of the finest DARE officers in this part of the state, Tommy White, will be made available.

5. All citizens in every section of our county will be treated with respect, regardless of race, color, or creed, and their concerns will be listened to by the sheriff and deputies in the department.

Friends, these are a few improvements that I will make. These are not "off the wall promises." We will make these improvements and still be within the Sheriff's Department budget. I need your vote and support. It will be appreciated, and I will not disappoint you. Thank you.

Puppet Show Enjoyed

THE ANNUAL PUPPET Show, presented by the Forked Deer Regional Library Center as part of the summer reading program, July 13th, at the Hall's Public Library, was attended by about 70 children. Another program will be held at 10 a.m. July 20th and the final party will be July 27th at the Mini-Park in Halls. The public is invited to attend. Further information from Marie Sumrow, librarian, 836-5302.

Miss Shelton Feted

MISS LORI LYNN SHELTON, second from right, of Halls, bride-elect of Dr. Bruce Longest, of Bruce, Miss., was honored July 10th with a gift tea in the home of Mrs. Roger Harris on Hwy. 88 west of Halls.

Also greeting guests in the foyer were her mother, Mrs. Daniel H. Shelton, right, and her grandmother, Mrs. Doyle E. Davis, second from left, both of Halls, and the groom's mother, Mrs. Tom Longest, left, of Vicksburg, Miss.

Co-hosting were Mrs. Sammie Arnold, of Jackson; Mrs. Tracy Latham, Mrs. Bill Norman, and Mrs. Earl Stafford, of Dyersburg; and Mrs. Gerald Cherry, Mrs. Ronald Fisher, Mrs. Marvin Hansford, Mrs. Randall Harris, Mrs. Charles Moore, Mrs. Joyce Rodgers, Mrs. Robert G. Harris, Mrs. Marcus Spiller, and Mrs. James White, Jr., all of Halls.

Hostesses gave Miss Shelton, who wore a white cotton dress trimmed with Battenberg lace, a gardenia corsage and salt and pepper shakers for her Lenox china.

The dining room table, covered with white Battenberg lace, was centered with an arrangement of coral roses, white larkspur, and baby's breath in a crystal bowl.

Guests enjoyed chicken salad pastries, mixed fruits with dip, cheese straws, petits fours, mixed nuts, and pastel punch.

Mrs. Randall Harris and Miss Lindsey Harris assisted in serving.

Out-of-town guests included the groom's aunt, Mrs. Buddy Longest, of Bruce, Miss.; Mrs. Brady Link, the former Anna Carol Spry, of Bardstown, Ky.; Mrs. Kurt Brown and Mrs. David Medlock, of Memphis; Miss Anita Fesmire and Mrs. Joey Hickman, of Jackson; Mrs. Ken Holder, the former Marilyn Latham, of Trenton; Mrs. Mike Ladd and Mrs. Billy Thurmond, of Newbern; and Mrs. Leo Arnold, Mrs. Norman Burks, and Mrs. Robert Kerr, of Dyersburg.

White's sister, Mrs. Easley Burks, of Memphis, in Garner Funeral Home. Danny King and son, Hunter Bryant, of Ripley, were Friday supper guests of Mrs. Jessie King. Mrs. R.W. Turner visited her mother, Mrs. Lelia Spiller, in Sunny Hill Manor in Brownsville one day last week.

GWINN MATTHEWS COUNTY EXECUTIVE

FIRE PROTECTION IMPROVEMENTS: IMPLEMENTED DURING THE PAST FOUR YEARS DURING THE GWINN MATTHEWS ADMINISTRATION

1. Signed the only county-wide mutual aid agreement in the state, which guarantees that all fire calls will be answered at no subscription fees or per call fees to the homeowner. An application is in process for Class 7 rating, which will lower fire insurance rates for homeowners.
2. Purchased five refurbished pumpers (fire trucks), one refurbished aerial truck and one 1500 gallon tanker. This additional equipment is stationed at the county's three rural fire departments and Halls, Gates, Ripley, and Henning.
3. Working with improved city fire departments as well as in rural areas provides better fire protection and is a plus for industries looking to locate in our county.
4. The equipment can transport in excess of 14,000 gallons of water to a fire scene when needed, has 17 pieces of equipment to use and we have in excess of 100 volunteers to help.
5. In cooperation with 911, fire calls are dispatched immediately upon receiving call.

GWINN MATTHEWS "FOR CONTINUED PROGRESS"

Paid For By Gwinn Matthews

As campaign 1994 is nearing election day, and many of you are availing yourself of the opportunity to vote early at the in-person voting at the courthouse before election day, I would like for the citizens of Lauderdale County to know how much I appreciate your positive attitude toward my race for Circuit Court Clerk. You have cordially received me into your homes, your churches, your businesses, your civic and social functions, and greeted me respectfully on the streets and byways throughout this county. I sincerely appreciate all of the kindnesses shown me during this election, and I extend my thanks to all of you.

As most of you know, during the 19 years I have spent in the clerk's office, I have worked closely with the general public, the judges, the court personnel, and have helped to implement changes which have made the courts function more smoothly. The varied and diverse functions of the court are not new to me. I have been there during changes to update the computer filing system for the court; during personnel changes; and I have helped to train new incoming office personnel; and have availed myself of changes in the law which had an effect on the clerk's office.

As your Circuit Court Clerk, I will always be readily available to assist those who need the courts, and, as always, I will work closely with all law enforcement agencies from the various departments throughout the county. There will always be good communication between my office and these agencies. I will always be open to input and suggestions from all of the citizens of this county to make the clerk's office more user friendly and efficient.

Having been a senior staff personnel, as Deputy Clerk I, the 19 years I have spent in this important office in county government fully qualifies me for this position. In fact, my years of experience in this office are more than those of the present Circuit Court Clerk, who was originally appointed by the County Commission, and not elected by the people.

I will be soliciting votes throughout election day. If for some reason I am unable to see you personally to ask for your support, I use this means to let you know that I have not intentionally missed anyone, and I will be grateful for a positive vote from you.

Again, thanks for all of the kindness shown my candidacy for Circuit Court Clerk.

To The Citizens of Lauderdale County:

I want each of you to know why I am a candidate to be your representative in Nashville. This community is my home and I am committed to making it a better place to live. I believe the most pressing issues for our communities are:

- * Obtaining the highest quality educational programs for our children
- * Making our communities as safe as possible by dealing swiftly and firmly with persons who break the law
- * Obtaining the best quality of life for our citizens by attracting new business and industry to locate in our district and supporting existing business and industry
- * Getting our "fair share" of state money for services and programs our people deserve

I make two promises: I will do my best and I will work hard for you. I will work hard in Nashville to address these issues, while making sure you are not burdened with needless and ever increasing taxes.

I look forward to seeing you during this campaign and sincerely ask for your vote and support.

Vote Milford "Pop" Durham Sheriff

As this campaign period winds down, the real issues of this election have not been discussed. Much emphasis has been put on making changes in the Sheriff's Department and changing the way the law is enforced. The Sheriff's Department has always been a law enforcement agency. The Sheriff's job has always been to enforce the law as it is written and that continues to be true today. The number one priority of his department should be the protection from, and the prevention of crime against our people and also the solving of the crime when it occurs. These crimes would include burglary, robbery, rape, and murder. Of major concern is the crime which involves the use, possession, and sale of illegal drugs. I will make an honest effort to escalate the fight against drugs. The DARE program is the most effective tool that we have in place at this time. Kids must be taught at an early age about the danger and the heart break that is associated with the misuse of drugs. The only way we can hope to eliminate drugs from our society is to eliminate the demand for them. However, as long as there is the demand, someone will be there with the supply.

No one is more concerned than I am regarding the youth of our county. My wife and I have raised three children here and we now have three grandchildren who are being raised in this county. I am very concerned about all the temptations and perils that they must face and overcome.

No one is more interested in the future of law enforcement in this county and no one wants to do a better job as Sheriff than I do. I am ready to do that job and I will get the job done if given the opportunity.

Once again, I ask you to put "on the job experience" to work and elect Milford "Pop" Durham Sheriff.

Thank you.

CONTENDER OR JUST ANOTHER CANDIDATE?

The staff of The Lauderdale County Enterprise congratulates you on your decision to offer yourself for public office. As you begin your campaign we ask you to consider the following:

1. Voters believe newspapers.

Of all media, newspapers are the most believable. The Simmons Market Research Bureau reports that newspapers are more believable than television, than radio, than direct mail, than magazines, more believable than any other medium. Here are the numbers:

Medium	% Believability
NEWSPAPERS	42%
Television	26%
Magazines	11%
Radio	11%
Direct Mail	5%

2. 77% of all newspaper readers look at every page.

That is impressive. Especially since nearly half of any particular television audience is engaged in some other activity at the same time they are watching. Simply put, TV doesn't get the attention of active newspaper readers.

3. Readers look forward to reading newspaper advertising...

And they don't look forward to advertising on television or radio. Audits and Survey, Inc. research shows these numbers:

Medium	% who look forward to ads
NEWSPAPERS	44%
Magazines	23%
Radio	10%
Television	9%

So, if you want to send your message to newspaper readers who are active voters looking forward to considering your message your clear choice is The Lauderdale County Enterprise.

What do you call a political candidate who uses newspaper advertising? THE WINNER!

Concurrent Notice

Notice To Public Of No Significant Impact On The Environment

And

Notice To Public Of Request For Release Of Funds

Date: July 21, 1994

Town of Halls
Name of Applicant

208 North Church Street
Halls, Tennessee 38040
(901) 836-9653

TO ALL INTERESTED AGENCIES,
GROUPS, AND PERSONS:

On or about August 6, 1994, the above named Town of Halls will request the Department of Economic and Community Development to release Federal funds under Title I of the Housing and Community Development Act of 1974 (PL 93-383) for the following project:

Halls Sewer System Improvements Program

The Town proposes to address infiltration and in-flow leakage sources in the Halls sewer system. Project activities include television inspection and hydraulic cleaning, man-hole replacement, and slop-lining and joint sealing.

It has been determined that such request for funds will not constitute an action significantly affecting the quality of the human environment and, accordingly, the above named Town of Halls has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969 (PL 91-190).

The reasons for such decisions not to prepare such statement are as follows:

1. The project is located in a flood plain area.
2. The project will enable the Town to provide adequate sewer services to their customers.
3. The project will encourage economic growth and development.
4. No negative effects are anticipated as a result of this project.

(Set Forth Reasons for Decision -- See Part 58.16 (a) (3))

An Environmental Review Record respecting the within project has been made by the above named Town of Halls which documents the environmental review of the project and more fully sets forth the reasons such statement is not required. This Environmental Review Record is on file at the above address and is available for public examination and copying, upon request, at the Town Hall between the hours of 8:00 A.M. and 5:00 P.M., Monday through Friday.

No further environmental review of such project is proposed to be conducted prior to the request for release of Federal funds.

All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments for consideration by the Town of Halls

to Mayor Randall Harris, 208 North Church Street, Halls, Tennessee 38040, on or before August 5, 1994. All such comments so received will be considered, and the Town of Halls will not request the release of Federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

The Town of Halls will undertake the project described above with Block Grant funds from the Tennessee Department of Economic and Community Development (ECD) under Title I of the Housing and Community Development Act of 1974. The Town of Halls is certifying to the State that the Town and Mayor in his/her official capacity as Mayor consent to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the Town of Halls may use the Block Grant funds, and the State and HUD will have satisfied their responsibilities under the National Environmental Policy of 1969. The State will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following basis:

- (a) The certification was not in fact executed by the Mayor.
- (b) The Town of Halls has failed to make one of the two findings pursuant to 58.41 or to make the written determination decision required by 58.47, 58.53, 58.64 for the project, as applicable.
- (c) The Town of Halls has omitted one or more of the steps set forth at Subparts F and G for the preparation and completion of an EA.
- (d) No opportunity was given to the Advisory Council on Historic Preservation or its Executive Director to review the effect of the project on a property listed on the National Register of Historic Places, or found to be eligible for such listing by the Secretary of the Interior, in accordance with 36 CFR Part 800.
- (e) Another Federal agency finds that the project is unsatisfactory on the basis of environmental quality.

Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58) and may be addressed to the State of Tennessee, Department of Economic and Community Development, Program Management Section, 320 6th Avenue, North, 6th Floor, Rachel Jackson State Office Building, Nashville, Tennessee, 37219-5308.

Objections to the release of funds on basis other than those stated above will not be considered by the State. No objection received after August 21, 1994, will be considered by the state.

A Report for
Tennesseans

VIOLENCE IN THE HOME

Recent news stories have heightened the nation's awareness of the seriousness and regularity of domestic violence in this country.

The crime bill, which is currently under consideration in both the House and the Senate, includes several provisions aimed directly at reducing violence against women.

We must take action to prevent domestic violence and ensure that our criminal justice system is quick to react when women are victims of violence in their own homes.

* As part of the crime bill, model programs will be established to train judges and court personnel in the laws of each state on rape, domestic violence, and other crimes motivated by the victim's gender.

* The penalties for committing sex offenses against victims under the ages of 16 will be increased.

* The bill will help cover the costs of HIV testing and counseling for those who are victims of serious sexual assault.

* Victims of sexual assault will be eligible for restitutions that include the cost of lost income, child care, transportation and other expenses related to the investigation and prosecution of the offense.

* The bill will prohibit the introduction of evidence that shows provocation or invitation by a victim of sexual assault.

* Nearly \$20 million in grants will be used to help colleges and universities fund rape education and prevention programs.

* A civil rights remedy will also be put in place for cases involving gender-motivated violence.

Out of the \$447 million Tennessee is expected to receive to carry out programs in the bill, a total of \$27 million will be set aside specifically to stem the tide of violence against women.

This bill represents an important beginning in our efforts to curb violence against women. As we continue to fight for safer schools and safer neighborhoods, we should remember that safety must begin at home.

U. S. Senator Harlan Mathews

Reports to Tennesseans

The "Sacred Trust" Of Social Security

During my time in the Senate I have tried to keep Tennesseans informed of Congressional activities which may be of interest or concern. Over the past 18 months, I have reported, in columns such as this, on a wide range of issues from the budget to crime to health care. Since the very beginning, views and opinions of my fellow Tennesseans have been paramount as I've worked to represent you fairly.

Over the next several weeks, I hope to use this column in a different way. As an older American, I'm concerned, and I've heard from many other seniors who are too, about the stability of the Social Security system. Many younger Americans doubt whether social security will be available to them when they retire.

Social Security began with a simple idea — to supplement workers' retirement. Employees and their employers would set aside part of their salary for an Old Age Insurance Trust Fund (OAI). At age 65, retirees would be eligible for a benefit based on their years of earnings. The Social Security Administration now provides benefits for some 42 million beneficiaries and is the second largest single budget item in the federal government.

However, over the years the social security program has evolved into a program quite different from the one originally envisioned. Today, retirement benefits are provided to dependents and survivors of workers based on the worker's record, granted to disabled children of deceased or retired recipients, and reduced benefits are provided for workers and spouses at age 62. In addition, disabled workers are eligible for benefits at any age, widows and widowers may receive benefits at age 60, and some 18-21 year-old students are also eligible to receive social security benefits. Further, disability benefits are also provided to widows at age 50, as well as to dependent grandchildren.

For millions of older Americans, Social Security is the cornerstone of their retirement security — a "sacred trust" between American workers and the nation to which they have contributed their lifetime of work. This was the function envisioned by those who designed the program. Has that cornerstone begun to crack at its foundation, as Social Security has become the roof sheltering more and more Americans in distress?

In the weeks ahead, I would like to share with you some of my findings about the current status of the Social Security System. I would also like to have the benefit of your thoughts. Together we can discuss and analyze the challenges facing Social Security and how we might work toward ensuring that the fund stays solvent and is available for older Americans today, and for future generations.

NOTICE OF EXPLANATION

The Town of Halls intends to make needed improvements to their existing sewer system. These improvements are necessary to provide adequate sewer services to the residents serviced by their system. A portion of the project is located in the 100-year floodplain. Proposed improvements cannot be undertaken in any other location since it is these areas that are causing problems to their existing sewer system. There is therefore, no practical alternative to the proposed project.

The proposed improvements conform to all applicable State floodplain protection standards. The proposed action will not affect natural or beneficial floodplain values as it represents an improvement of an existing neighborhood.

Failure to provide these improvements would result in continued severe problems experienced by the Town and eventually a possible health hazard.

The other agency involved in this project is the State of Tennessee with funds from the U.S. Department of Housing and Urban Development.

- * Continue to be involved in our county as a volunteer, and will provide leadership and assistance to community-based projects that will serve for the betterment of Lauderdale County.
- ☑ He made the motion to make a \$100,000.00 commitment to the new State Vocational School.
- ☑ He made the motion to adopt a Cost Share Health Insurance program for all Lauderdale County employees, giving Lauderdale County a competitive employment environment.
- ☑ He voted for the 1992 budget to provide the necessary local funds to continue our educational process when the State Department of Education severely cut our appropriations. We kept the services the people asked us to keep.
- ☑ He worked many hours, talked with many Lauderdale Countians and made the difficult decision to build a Justice Complex that satisfies the Federal Court Order of Judge McCalla and will provide for the needs of Lauderdale County.
- ☑ He voted "No" on the final funding of the Justice complex because he believed the cost was too high.

Keep Ted Sutton Sheriff

On August 4, the citizens of Lauderdale County will elect the person who will serve as their sheriff for the next four years. That decision is one of the most important for the county because the man elected serves as your protector, representative and role model, therefore, we should all want a sheriff who is trustworthy and dedicated and one who truly cares about each and every citizen of Lauderdale County.

We are all lucky to have such a man as our current Sheriff -- Ted Sutton. Ted was born and raised at Curve and has lived his entire life here in this county devoting himself to the betterment and care of the place we all call home, Lauderdale County. He devoted 28 summers of his life to our Little League program coaching our youth and teaching them the importance of leadership and teamwork, so that they could develop into the kind of adult citizens we need to keep our communities prospering. Ted Sutton also served as a volunteer fireman for 20 years because he wanted to "give back" to the county he cares so much about. Most importantly, Ted Sutton has served as your sheriff with the highest degree of honesty and respect. In our world today where we are all faced with so much crime and injustice, don't you want to feel protected by a sheriff like Ted Sutton who truly cares and is fair to everyone? And don't you want to elect a sheriff who has gained the best, experience possible needed for such an important job, by currently holding the position?

If every citizen will take a moment to think of the successful two years under his leadership, we will all realize that the only choice for Lauderdale County is to

Note, "Friends" Of Candidates:

The General Assembly (the state legislature) requires that political advertising for state or county offices be signed by some person, who can be held accountable for its contents.

Otherwise, some advertising has been published (not in this newspaper), signed by "Friends," who were not friends at all; the ads were severely damaging to the candidate.

Friends of Joe Doe, candidate for anything, may legally publish only if the ad cites a chairman, secretary, treasurer, or some officer of the Friends of Joe Doe.

A candidate who violates this law might have his election overturned in court proceedings.

This newspaper does not want to take that risk.

We know that others do, and we know that we sometimes let ads slip through without proper attribution, but we will continue to do our best to serve and protect our advertisers and readers.

Every political advertisement for a state or county office is required by law to have an individual person's name (not just "Friends") stated as paying for the advertisement.

Candidates are urged to advise to comply with the law.

This newspaper will continue to do its best to do so.

4-H Speakers For Curve-Woodville

The Curve-Woodville FCE Club met July 12th in the Curve Baptist Fellowship Building.

The meeting was called to order by Mary Harrison, president. The devotion was given by Mrs. Louise Land. Roll was answered with "An environmental practice you have adopted."

Twelve members and three guests, Marlene Simpson, Andy Booker, and Joshua, Carolyn Simpson's grandson, were present. Frances Wiseman gave the education report "So You're A Volunteer."

4-H speakers were Andy Booker and Marlene Simpson. Andy, Mary Harrison's grandson, talked about his camp trip to Milan and the environmental effect on wild life and overstocked ponds. Marlene Simpson had attended Enrichment Nutritional Science Classes. She prepared and served a cherry caramel coffee ring.

Plans were made for those attending the Mini-Conference in Martin July 18th and the Tomato Festival July 28-30th.

C.C. Hosts Action Shoot For Festival

An action pistol shooting contest will be held by the Chamber of Commerce during the Lauderdale County Tomato Festival at 7:30 a.m., July 30th at the Ripley Police range by the FOP building.

Contestants will shoot at tables of five bowling pins set 25 feet away. The object is to knock all five pins to the ground as quickly as possible. Each individual will be timed over several rounds and the contestant with the lowest total time for the entire event will be the winner.

Any centerfire handgun may be used but those with weapons that are relatively powerful and quick-shooting will have the advantage. The minimum cartridge for adequate performance is probably .357 magnum. Cartridges that are particularly suited include the .40 Smith & Wesson, 10mm Automatic and .45 Automatic.

Strict safety precautions will be enforced and protective glasses and hearing protection will be required. Glasses and earplugs will be available at the range for those who need them. The Ripley Police Department range officer will be in charge of the firing.

If you are interested in pistol shooting and especially in action shooting, come out and participate or just come out to watch. There will be shooters with various levels of skill and if you are interested, you will fit right in. For questions about the event or directions to the range, call 635-2232 or 635-1134.

SCHOOL CHILDREN SEE FARMING UP CLOSE

As America's farm population continues to shrink due to economic factors and more government rules, regulations and red tape, many of today's children are four and five generations away from the farm.

Since we all depend on farmers three times a day to provide our daily bread, it is important that we know where this food comes from and a bit about how it is produced.

The Agriculture in the Classroom program has made it possible for school children in Tennessee to come in close contact with the beginning of the food chain. This spring an estimated 30,000 elementary school children visited farms in some 30 counties.

Most of these visits were set up and directed by Farm Bureau Women's groups in these counties. Some have been sponsoring these visits for several years,

while others tried it for the first time this spring.

In Washington and Sullivan Counties, the farms of Kenneth and Jolene Walters near Jonesborough and Harold and Polly Wagner near Blountville have been involved in the program for several years. At both farms, the students toured the farms where various displays had been set up to illustrate various crop and livestock enterprises.

The same type tours were also made on the John and Susan Keller farm in Blount County and on the Joe Smelser farm in Knox County.

In Gibson County, a week long event was held at the Trenton Elementary School. There Mrs. Connie Norman's 4th grade class took charge and showed the other students what agriculture is all about. Her class had a lot of experience because they did a whole year of farming on paper, including figuring the cost of producing, harvesting, selling and profit.

In Davidson County, some 6,000 children visited the Oscar Farris Agricultural Museum on the Ellington Agricultural Center grounds. They had a lesson in how farming used to be carried out as they watched sheep shearing, spinning, butter making and other such events.

Another place where children saw farming scenes of the past was at the Sam Davis Home in Smyrna. Over 3,500 children traveled back in time to see old-fashioned ways of farming and living.

In Putnam County, the Farm Bureau Women worked with the agricultural faculty of Tennessee

in a two day farm festival. The faculty had several activities set up for the children.

One of the newer farm enterprises in Tennessee was viewed by children in Greene County. They visited an ostrich farm to see how this live version of "Big Bird" lives.

Smith County held their first farm festival this year. Rather than going to a farm, they set up displays in an empty tobacco warehouse that contained lots of square footage.

In Coffee County, the children visited the Bob Willis farm during the day and the adults came later in the afternoon. Displays featur-

ing all kinds of farm animals were set up, along with all types of farm machinery used in today's modern agriculture.

At many of the farm days, television crews were on hand to catch the expressions of the youngsters as they milked a cow for the first time, helped shear a sheep, sat on a tractor or rode on a wagon. There were also newspaper and radio reporters

who wanted to find out what the children learned.

They learned a lot, and they went home knowing that hamburger doesn't just happen at a fast food outlet, that milk is not produced at their parent's favorite supermarket, and that cotton does not come from a cotton tree.

A man's legs must be long enough to reach the ground.

"I believe we achieve what we think we can, we must continually strive for more ways to make our county better, we must be pro-active in our approach to fight crime and do more than react to crime. We must strive to prevent it from every happening in the first place."

Rozelle Criner For COUNTY EXECUTIVE

AN OPEN LETTER TO THE PEOPLE OF LAUDERDALE COUNTY

Our County taxes have increased more than 20% during 1991-93, just three short years. As your County Executive, I will work to keep taxes down.

Unnecessary and unwise expenditures have been a cause for much of the increase in taxes. The new justice complex will, in effect, force the county to maintain two courthouses. Such unnecessary spending is a waste of your hard-earned tax dollars.

As the owner and operator of a successful small business for more than thirty years, I know how to keep costs down. As your county executive, I will use my knowledge and experience to keep spending and taxes low.

I believe the people should have a say in how their money is spent. As county executive, I pledge to maintain an open door policy. Thank you for your support. Vote for and elect

Keep Ted Sutton Sheriff

Election time is here and absentee voting is underway. I have been out on the campaign trail for several weeks now and the hospitality that I have received has been great. Thank you all for your generosity. The cold drinks and cool shade has been a great help. I would also like to thank everyone for attending my fish fries. The support you have shown me has been good for my morale.

I would like all undecided voters to think about a few things before you vote on or 'before' August 4th.

1. You, as taxpayers, have a lot of money invested in the current Sheriff's Department. They have many hours of training that you and I have paid for. I know we will hear that these men can work with any sheriff but we also know what the trend has been in the past --New Sheriff -- New Department. The fact is that when I was appointed sheriff, no one was fired, laid off, or forced to leave. As long as a person does their job, why should they be forced to leave.

2. My record with the county shows that we make no unnecessary purchases. We have stayed within our budget since I have been in office. We will continue to purchase anything we need to protect you and your family.

3. My employees are dedicated to their job. They volunteer many of their personal hours to assist at funerals, parades and other special assignments at no expense to the taxpayers. Our Sheriff's Department has done a good job and I would like for us to continue our efforts. Why should Lauderdale County start over with a new Sheriff's Department when the one that is payed for is doing a good job?

I am a public servant, not a politician. I will gladly accept any ideas on how to make a good department better. My number at the office is 635-1311, home, 635-1655. Please don't hesitate to call anytime if you need me because I work for everyone who lives in this county. Thanks for your time.

Campaigns Racing Into Home-Stretch

A week before next Thursday's election, candidates for county offices remain busy on the campaign trail, with even the best informed political sources reluctant to predict any winners.

There's a scramble in the sheriff's race, with Ted Sutton, incumbent, opposed by two former sheriffs and by two highly regarded Highway Patrolmen.

There's a scramble in the race for County Executive, with Gwinn Matthews, incumbent, opposed by Rozelle Criner, mayor of Ripley for most of two decades, and by Charles Cutlip, a County Commissioner.

Many of the County Commission races are the liveliest in recent history.

Sample ballots are published in this week's issue of *The Lauderdale County Enterprise*.

At the close of business Tuesday, the Election Office, in the basement of the Courthouse in Ripley, had recorded 764 early votes, of about 14,000 voters registered in the county.

In addition, some 400 ballots had been mailed for absentee voting, very few yet returned.

Jennings Is School Board Candidate

Louis Jennings reminds voters that he is seeking a Third District seat on the county Board of Education.

"I am a life-long resident of this county," he notes, "attended Lauderdale County schools, and received a bachelor of science degree in education from the University of Mississippi.

"I have taught in the Lauderdale County school system, have worked in industry in this county, and have worked with the youth of this county as the City of Ripley's director of parks and recreation, for the last eight years.

"My wife has been in the education system for 25 years; my son is a 1994 graduate of Ripley High School; and my daughter will enter Ripley High School this year.

"I have a sincere interest in the education of our youth, because they are the future of our community.

"If we fail to provide the best education system that is possible, we are short-changing not only the children and youth of Lauderdale County, but ourselves as well.

"In the years to come, we must provide an educational system that will send our young people into the world of work prepared to take their places as productive citizens who can make our county a better place in which to live.

"Lauderdale County is making great strides in education. Your vote will enable us to work together for the continued improvement of Lauderdale County's education system. I ask for your vote and support."

New Mitchell Grove Revival Is Nearing

The Rev. Nolan Criner, pastor of New Mitchell Grove Baptist Church at Barr, invites all to hear The Rev. Odie Shultz in revival services at 7 p.m. Aug. 1st-5th.

Candidate Ripley Winery Now Bubbling

SEAL ELDER is announcing her candidacy for re-election to the county Board of Education, to represent the Second District.

"Having been a school board member for eight years has given me the opportunity to learn about the Lauderdale County school system in a special way," she says. "Being involved and included in so many of the schools' regular activities allows me to meet the entire staff and an amazing number of students. It is a pleasure to support the many very talented, dedicated, and energetic employees and students of this county.

"I am employed by the City of Ripley as Programs Director for Parks and Recreation. We are adopters of all three

and work to see that we get the most for our tax dollars that we are spending now, instead of increasing our tax rate.

Lauderdale Cellars, owned by Dr. and Mrs. Roy E. Crowder, Jr., is in operation, making its first batch of wine from locally produced tomatoes.

Bottling is expected to begin in about eight weeks.

Because local produce is used, the winery may legally sell up to 250,000 bottles in this county.

The winery is located in the building just south of Dr. Crowder's dental office at 198 South Washington.

RANDALL J. HARRIS
 MAYOR

Elect
JOE O'STEEN
 Sheriff
August 4th

ARE WE GETTING OUR TAX DOLLAR'S WORTH?

Can you remember how many officers were in the Sheriff's Department when I took office in September, 1976? We had a Sheriff and three Deputies, with four part-time Deputies. The three Deputies were dedicated law enforcement people; they did not know what an 8-hour day was, they simply worked from can until can't. From this meager staff, we had a 24-hour patrol. If you but remember, there was an immediate decrease in highway deaths, D.U.I.s, and drugs. Halls and Henning, are you listening? You each had a full-time Deputy and a part-time Deputy living in your Town. NO EXTRA COST TO THE COUNTY. You will each have them again, if I am elected your Sheriff. With this set-up, when you call, we can answer more quickly.

What do we have today except the expenditures of more tax dollars. There is a lot of free help, throughout the county, not being utilized. I personally told the Sheriff, on at least two occasions, that if I could help him, call, that I was as close as his telephone. I have yet to receive the first call from the Sheriff.

I could have helped him catch at least two marijuana growers. One, I had caught previously, when I was Sheriff. The other lived close to the marijuana field and would have been an easy stake-out. I noticed in last week's paper whereby the State of Tennessee and its Chopper Crew pointed out another marijuana field to our Sheriff's Department. True to form, they did their usual good job of pulling the plants up. Odd, but there was no mention of a stake-out attempt. WHY? WAS IT BECAUSE THEY COULD NOT HAVE GOTTEN THEIR PICTURE IN THE PAPER BEFORE ELECTION DAY?

FOLLOWING ARE SOME FIGURES, AS TAKEN FROM THE COUNTY EXECUTIVE'S OFFICE:

-- BUDGETS --

O'STEEN 1975-76		SUTTON 1992-93
\$13,809.59	Sheriff	\$40,845

\$37,441.33	Cars, Sup. Etc.	\$24,649
\$96,250.92	TOTAL	\$602,140

A DIFFERENCE OF \$505,889.28. WHERE DID IT ALL GO?

Note the population of our little county has remained about the same. Sooo, how can anyone, in their right mind, explain such an enormous increase in the Sheriff's Department funding? \$505,889.08? That's a lot of ____? Not to mention the future estimated \$188,600 for 10 new people for the new complex next year. WHERE WILL IT ALL STOP?

You and I both know that the effectiveness of the Sheriff's Department has not improved. Murders still go as suicides. Can you imagine a man committing suicide by shooting himself in the back of the head, with a pistol? Wonder what happened to the alleged money he had hidden in the chimney? TAX - PAYERS - THAT PORK NEEDS TO BE TRIMMED. GIVE ME THAT KIND OF BUDGET TO WORK WITH AND SIT BACK AND WATCH ME PUT A LID ON THINGS. THERE ARE THOUSANDS OF UN-PRODUCTIVE DOLLARS OUT THERE SOMEWHERE. YOU, THE SILENT MAJORITY, PUT ME IN OFFICE TWICE. YOU CAN DO IT AGAIN. I CAN SAVE OUR TAX DOLLARS through prudent management. HALLS AND HENNING, YOU CAN HAVE YOUR DEPUTIES AGAIN LIVING IN YOUR TOWN, AT NO EXTRA COST TO OUR COUNTY. VOTE

ROZELLE CRINER FOR COUNTY EXECUTIVE

AN OPEN LETTER TO ALL OF THE PEOPLE OF LAUDERDALE COUNTY

My family and I want to thank the good people of Lauderdale County for the warm reception and generous support you have given us in our campaign for County Executive.

We ask you to look at the issues and determine whom you think will serve your best interests in the years ahead. We list priorities for you to consider for your county as we bring the people back into our governmental process.

1. EDUCATION - A quality education for every child in Lauderdale County.
2. JOBS - Opportunities for our people to be productive.
3. SENIOR CITIZENS - Work with federal and state aid for all of our senior citizens.
4. TAXES - Work to keep taxes down using our knowledge and experience, cutting unwise and unnecessary expenses.

We look forward to growth in Lauderdale County brought about by leadership, knowledge and ability, combined with you, the people, having a say in this process. The people must be involved to have progressive government.

We pledge to the people of the north end of the county the full cooperation of the county Executive's office to give you the support you deserve in working to continue your fight for a better quality of life.

We pledge the full influence of the County Executive's office in working with the towns of Halls, Henning, Gates and Ripley in your efforts to seek and maintain an industrial base for the full employment of the people of our county.

We humbly solicit your vote and support of Rozelle Criner for your public servant as County Executive.

ROZELLE CRINER
COUNTY EXECUTIVE

To The People Of Lauderdale County:

On August 4th a Sheriff will be elected to serve you.

In the field of candidates one man stands head and shoulders above the others. He has dedicated over half his life to serving the people of Lauderdale County with impeccable integrity and dedication. Everyone in our county, regardless of who they are, that he has come in contact with, has been treated with respect and fairness. He has performed his job and never neglected the people showing concern when anyone needed help. He has always been available, day or night, to respond to requests for assistance because he believes in the people and their concerns and problems are his also.

We hear a lot of talk about what other candidates will do if elected, how they have changed, and wild promises that cannot be kept. This man has been showing what he can do and will do for 27 years as a law enforcement officer, more experience than any other candidate! He knows the job, is highly qualified, and most of all, he will continue to be the same person in the future as in the past.

Actions speak louder than words! We have known this man for many, many years, worked with him, and can fully attest to his character and concern for the people. Let's elect a "Big Man For A Big Job." Vote for and help elect Raymond L. Smith Sheriff on August 4th.

Tennessee Treasures Exhibit

COORDINATORS, seeking volunteers to man the Tennessee Treasures Exhibit, for four-hour shifts, from 8 a.m. to 8 p.m., Oct. 13, 14, and 15th in Lauderdale Middle School in Ripley are, seated, from left, Bonita (Mrs. Jimmy) Fullen, of Ripley, 635-1368; and Brenda (Mrs. Johnny) Roberts, of Halls, 836-9449 or 836-5302; and, standing, Don Connell, Harriet (Mrs. Larry) Shelby, and Gwinn Matthews. The exhibit will be open to the public, free of charge, from 4 to 8 p.m., Thursday and Friday, and from 8 a.m. to 8 p.m. Saturday.

The idea for the exhibit began in the governor's office in the fall of 1992. Gov. Ned McWherter and his staff wanted a unique way to get local communities involved in planning for the 1996 state bi-centennial. Gov. McWherter wanted to develop a project that would give all Tennesseans a sense of pride in their state.

The Tennessee State Museum was asked to develop a traveling museum exhibit, interesting for all age groups.

Two hundred years of state history could not be covered in an exhibit small enough to tear down and set up repeatedly, so the Museum decided to focus on Tennessee personalities, people who have made a difference in Tennessee and U.S. history. Three custom trailers were

created to house the artifacts. Engineered and built from the ground up, these trailers are specially designed to withstand constant travel and protect the artifacts. When the trailers arrive in each county, they form a "U" shape to become a self-contained, self-supporting building. The artifacts were carefully selected and protecting them is a top concern of the museum. The cases that house the artifacts are climate-controlled at 70 degrees, plus or minus five percent, plus or minus five percent. Special devices constantly monitor the temperature and humidity.

Lights are carefully monitored and controlled. All incandescent lights are outside the cases since they produce too much heat. Fluorescent lights with ultraviolet filters are used inside the cases.

Because of a possibility of vibration during travel, the decision was made to not place paintings in the exhibit. Any vibration might loosen the paint, so the paintings have been reproduced as graphics for use in the exhibit.

More than 130 artifacts were carefully chosen to represent the wide variety of contributions made by Tennesseans. Lois Riggins-Ezzell, executive director of the Tennessee State Museum,

lenders, including the Frank Clement Foundation, the Tennessee Historical Society, Graceland, Tennessee State Library and Archives and the University of Tennessee Special Collection. This will be the first time the artifacts have been displayed together.

The exhibit began its journey in Jonesborough, Tennessee's oldest town, Sept. 9, 1993, and continues through upper East Tennessee. The exhibit will move into Middle Tennessee in early 1994 and West Tennessee around September 1994. Urban counties such as Knox, Hamilton, Davidson and Shelby will be visited in the summer of 1994.

Project D.A.R.E. Has Face Lift

A new revision state-wide to the 17 week curriculum has been refined to be even more effective to fifth and sixth graders, effective, Sept. 1. "The new curriculum has more student involvement and is more stream-lined to address the fears and pressures our children are facing," states Tommy White, D.A.R.E. Officer of the Lauderdale

County Sheriff's Department. "I think because of our old logo (D.A.R.E. To Keep Kids Off Drugs), most people think all we teach about is drugs, nothing could be further from the truth. We spend equal amount of time dealing with conflict resolution and resisting gang and group violence, including gun violence. We spent 6 out of 17 weeks dealing with problems other than drugs. I think our new logo will help us show our efforts have broadened our new logo. D.A.R.E., To Resist Drugs And Violence, should help us promote our new image."

Dreams Do Come True

Kristy Danielle Lee, 4, daughter of Mr. and Mrs. Homer Lee, of 517 Myers Street, Halls, has been granted a "Dream Come True" trip to Walt Disney World, Orlando, Florida. Kristy has Sickle Cell disease. Kristy and her parents, sister Sparkle, and brothers, Homer II, and Alanis, left at 8 a.m., July 25th from their home by

way of limousine to Nashville, then by airplane to Orlando, Fla., for a six-day, 5-night stay. Kristy was granted her wish through the Make A Wish Foundation, of Memphis, and its affiliate, the Dream Factory, of Dyersburg. Kristy's spokesperson is Mrs. Sherry Beasley. The Dream Factory, established in Oct. 1990, has granted dreams to nine area children in the past three and a half years. The Dream Factory sponsors children three through thirteen, with serious and chronic illnesses.

Kristy and her family are dedicating this trip to Kristy's sister, Veronica Renee Lee, who died Dec. 20, 1992, of Sickle Cell disease.

Mrs. Lee is employed at Vinni's Restaurant in Halls, Mr. Lee at Tecumseh Co. in Trenton.

To the Citizens of Lauderdale County:

For the past 3 years I have worked in the Circuit Court Clerk's office of Lauderdale County. Richard Jennings has been a dedicated and hard working clerk. He has put in whatever time was needed to get the job done and always kept a pleasant working atmosphere for all. He tends to the problems of every citizen in the same professional manner and is always available to help whenever his job demands. I urge you to vote on August 4th and help re-elect the right man for the job. Re-elect Richard Jennings, Circuit Court Clerk of Lauderdale County.

Again, I would like to thank each of you for the courtesy and hospitality that I have received during my door-to-door campaigning. I would like to take this time to apologize to anyone that I have missed being at home. I hope to see each of you before the election.

The cost of training new personnel has been a huge expense to this county. First of all, they have to attend the Tennessee Law Enforcement Training Academy. While this person is in school, you are still paying his or her salary. You are also paying another deputy to take the place of the one who is in school. This gets expensive, because to train each deputy, it cost you the taxpayers between 8 to 10 thousand dollars. Again, I would like to say that you will probably hear that these current deputies could work for anyone, but we also still know what the trend has been in the past, NEW SHERIFF, NEW DEPARTMENT.

During my new 4 year term as your sheriff, I would like to see this county adopt a civil service policy for county employees. This would protect the employees job and develop experience in county government. With this policy, you would still be able to make sure employees do their job and provide protection for each of them. I cannot promise that this will be done, but I can assure that I will work close with the County Commissioners to try to get Civil Service accomplished.

I have worked very close with the committees that effect the Sheriff's Department. I have not missed, not one, committee meeting since being in office.

Some of the candidates have criticized my department and have made negative statements about the crime that goes on in this county. They have even stated that more drunk drivers need to be removed off the streets and they have witnessed drug deals being made on the street. The sad thing is that they are also Law Enforcement Officers. Why did they not arrest these people. They have the arrest powers and well over 20 years of experience. Did they not care, did they not have the time to pick up a phone and call or are they just the type that likes to sit back and talk about what somebody else is not doing. I know that their department allows them to make these types of arrest because other officers that work in their field of employment have made several DUT's and drug cases. How many have these candidates made. I don't believe in criticizing someone for something that you could be doing yourself. I work with all of my deputies and because of this, I was elected and still serve as the President of the 25th Judicial Drug Task Force. This Drug Task Force has worked in this county on several occasions and been responsible for many arrests. My promises have not changed. I will promise only that I will continue to be a fair, honest, hardworking, full-time sheriff. My door is always open.

ELECT H. P. WEBB, A Family Man

H. P., Lu Anne, daughter, Pat (an employee of the Lauderdale County ASCS office), Hank, son, and Amy, daughter.

Elect a man who will be fair, honest, reliable, capable and dependable.

John M. Maben

John Marshall Maben, Jr., 90, of Ripley, retired farmer, died Wednesday of last week, of heart disease, in Hillhaven Convalescent Center in Ripley.

Services were at 2 p.m. Monday in Spiller Hill Church of God in Christ in Ripley, of which he was a member, with burial in Canfield Cemetery in Ripley, Thompson's Mortuary in charge.

He was born at Osceola, Ark., June 24, 1904, son of the late John and Ida King Maben. Early in life, he joined the Gold Dust Baptist Church.

In 1923, he married Luree

Ware, who preceded him in death, as did two children.

He leaves three daughters, Gladys Jones and Clara (Mrs. Russell) Moor, of Ripley, and Vernel Arlean Maben, of Bartow, Fla.; two sons, Bobby and Grady, of Elyria, Ohio; a brother, Willie S. Maben, of Ripley; two sisters, Ella Miller, of Ripley, and Corine Thompson, of East St. Louis, Ill.; 31 grandchildren; and 63 great-grandchildren.

Susie J. Coudert

Susie Jane Poole Coudert, 31, of Covington, sister of Nancy Lynn Poole Bricco, of Ripley, died Thursday of last week.

She was sent to Baptist Hospital Tipton in Covington with a shot-gun wound which officials said was self-inflicted.

Services were at 2 p.m. Sunday in Maley-Yarborough Funeral Home in Covington, with burial in Covington's Memorial Gardens.

She was a convenience store clerk.

She was a member of Smyrna Baptist Church.

Survivors include a son, Matthew Keith Thomas, of Memphis; her mother, Kathryn Poole, of Covington; her step-father, Robert Leek, of Brownsville; three brothers, William Travis Poole, of Covington, Jimmy Dean Poole, of Sardis, Miss.,

and Danny Lee Poole, of Fort Lauderdale, Fla.; and three other sisters, Gloria Ann Oliver, of Bartlett, Kathy Marlene Farrabee, of Memphis, and Janice Irby, of Senatobia, Miss.

J. R. McCaslin

Jimmy Randolph McCaslin, 58, Halls farmer, died Wednesday of last week, of leukemia, in Jackson-Madison County General Hospital.

Services were at 2 p.m. Saturday in Halls Funeral Home, with burial in Ripley's Memorial Gardens.

He was a member of Halls Point Baptist Church, a volunteer fireman in Halls, and a

member of the Lauderdale County Rescue Squad.

He leaves his wife, Betty, operator of their store, McCaslin's Fashions & Fabrics at 106 East Main in Halls, and three sons, Chris, Ricky, and Steve, his mother, Essie Mae McCaslin, and a brother, Harold McCaslin, of Halls; and four grandchildren.

Mrs. Thomas

Mrs. Addie Mae Thomas, 73, of Brownsville, mother of Robert Thomas, of Ripley, died July 10th in Hillhaven Convalescent Center in Ripley.

Services were at noon July 16th in Chapel Hill Missionary

Baptist Church in Haywood County, of which she was a member, with burial in Hickory Grove Cemetery.

She was a native of Haywood County. A brother, Willie D. Walker, and three children preceded her in death.

She leaves her husband, Willie F. Thomas, eight other children, Elizabeth, Lilly, and William Thomas, of Brownsville, Finest Thomas, of Columbia, and Clauzell Thomas, James Gause, Willie Mae McClain, and Regina Mueck, of St. Louis, Mo.; 29 grandchildren; and 18 great-grandchildren.

He was born May 11, 1906, son of the late Walter Scott Wright, a land owner and farmer who fought in the Civil War with the Ninth Virginia Cavalry of the Confederacy. His mother, Mary Kate Watkins Wright, was a school teacher.

He grew up in Wiggins, Miss., was graduated from Ripley High School, and attended Draughton's Business College in Memphis.

He moved to Madisonville, Ky., in 1926, to work for Kirkpatrick Mining Co., of Memphis. A year later, he was named manager of Trio Coal Co., which later became Wright Coal Co. He ran Trio/Wright until 1950.

He and his partners owned or leased six other mines - Derby, Long Davis, Pine Hill, and Rutstein, in Hopkins County, and in Muhlenberg County, Wright Coal Co. and Kirkpatrick Mining Company's Caney Creek Mine.

For many years, he served as president of the Western Kentucky Coal Producers Assn., which he helped found. He also served as president of the Kentucky Coal Agency.

He had served on the Madisonville Board of Education and on the board of directors of Farmers Bank & Trust Co.

He was a member of First United Methodist Church, the Elks and Kiwanis Clubs, and the Chamber of Commerce.

His wife of 54 years, Augusta Jackson Wright, died Feb. 23, 1990. She was descended from original Hopkins County settlers.

He leaves a son, John Walter Wright, Jr., and a daughter, Mary Lu (Mrs. Wade T.) Mitchell, both of Atlanta, Ga.; five grandchildren; and two great-grandchildren.

Services were at 11 a.m. Saturday in Barnett-Strother Funeral Home, with burial in Odd Fellows Cemetery.

Citizens' Response About The Lauderdale County Justice Center

THIS IS A RESPONSE by a group of concerned citizens of this county to a notice about the Justice Center in the July 14th issue of *The Lauderdale County Enterprise* and the attempt to justify this expense. The history of this justice center was correct up to a point but some of the statements may be misleading to the tax paying public of Lauderdale County. Four points need further explanation.

1. JUDGE PHIPPS McCALLA DID ISSUE AN ORDER, BUT THIS ORDER DID NOT REQUIRE THE COUNTY TO CONSTRUCT THE NEW FACILITIES, AS STATED. The order allowed for either a new building or bringing the existing jail up to standards. Our officials chose to build a fine new *Justice Complex*.

2. The COUNTY GOVERNMENT paid an OUTSIDE FIRM to select a site. This expense could have been avoided, had county officials done this job, themselves.

3. IN OUR OPINION, THE PRESENT LEADERSHIP HAS EXCEEDED THE NEEDS AND REQUIREMENTS FOR A JAIL AND CAUSED OUR COUNTY TO SPEND FAR ABOVE MANDATED REQUIREMENTS.

The County Executive appointed a committee who employed an architect to draw up plans for a new jail. Architects are paid a percentage of the final cost of a facility. It is up to the leadership of the county to regulate the size and cost of buildings for which the taxpayers must pay. As it stands now, our finest and most expensive building is to be our jail ... or Justice Center.

4. ALTHOUGH IT WAS MENTIONED THAT THIS FACILITY WILL OFFER BETTER PROTECTION TO ALL CITIZENS, IT IS IMPOSSIBLE TO SEE WHAT EFFECT THIS COULD HAVE ON OUR SECURITY. It will, however, provide finer housing for criminals and finer offices to those working with these criminals -- AT TAXPAYER EXPENSE!

VOTERS -- PLEASE GIVE THE ABOVE INFORMATION SERIOUS THOUGHT WHEN YOU VOTE.

"Working Together For Lauderdale County"

As Your County Executive I Will:

- Work with all 25 County Commissioners to insure that all the people and Communities of Lauderdale County are properly recognized and serviced.
- Work closely with all elected officials to insure better communications and promote a growth oriented relationship within Lauderdale County.
- Hold a Public Meeting in each District each year.
- Pledge to not only keep County Services (ambulance, fire, law enforcement) in every part of Lauderdale County, but I will look for ways to improve these services in an affordable Plan of Action.
- Answer all inquiries with promptness and total truth. My office records as to the cost of operations will be published annually for public inspection. The cost of office operations has increased almost 30% and the cost of staff has increased 52% since June 1991. As you can see, total expenses increased \$ 24,456 which is almost 30% from 1991-1995. This is not the type of management or savings I will give the people of Lauderdale County. If my cost go up, I'll say so and have good reason, but I believe I can manage cost and control this during my term as your County Executive.

As Your County Executive I will Not:

- Accept a pay increase during the four year term of office. Any raises mandated by the State Legislature will be paid by me into a trust to be used for public projects. I feel very strongly about this and believe I can give the money back to this County through these projects.

Vote Milford "Pop" DURHAM SHERIFF

Election Day is fast approaching, and candidates are busy tying up loose ends and making as many last-minute contacts as possible. Like all the others, I am in a hurry to visit as many homes and see as many citizens as I possibly can before Aug. 4th. It has been my intention over the past several months to visit every household in Lauderdale County. However, if time does not permit me to contact you personally, I would like to take this opportunity to humbly solicit your vote and support in my quest for the office of Sheriff of this County.

I have been involved in several campaigns in the past, and this has been by far the quietest and most congenial atmosphere that I have experienced in an election period. I would like to thank the other candidates for making this possible. I am thankful that no one has lost sight of our friendships.

I would also like for the citizens of this County to know how much I appreciate your hospitality. I realize that for one reason or another, some of you to whom I have paid visits will not support me. However, this has not kept you from being very kind, friendly, and patient. Thank you very much.

Although I normally attempt to push forward with my own campaign and do not address issues raised by other candidates, I feel that the people of this County are being misled regarding the cost involved in a change of administration. There are several competent officers in this county who are already qualified and certified in law enforcement. This includes some officers who are established with the current administration. Therefore, the need to send new officers for basic training should be held to a minimum. The budget for Fiscal Year 1994-95 has been set before a new sheriff will take office on Sept. 1, 1994. I have experience with, and am capable of, working within a set budget.

At this point in the campaign, citizens should be familiar with each of the candidates and their platforms. In the next few days, you will be given the opportunity to decide who will lead County law enforcement for the next four years. I urge each of you to exercise your right to vote and become a part of that decision. If you need a ride to the polls, feel free to contact me, or my family, at 635-8283.

Once again, I ask each of you to vote for a man who knows how to be your Sheriff. Vote for and elect

"Working Together For Lauderdale County"

Charles Cutlip is just like most Lauderdale Countians. He takes his responsibilities seriously and his family and your family are part of the over 23,000 reasons to be serious about Lauderdale County's future. Until the census of 1990, there were over 24,000 reasons to be serious but for various reasons some moved away. This seems to have been the trend of the past. It should tell that what we have been doing is not working.

Charles Cutlip has attempted to visit the entire county since April 4th. However, working as the manager of the Lauderdale County Landfill, part-time at Ripley's Wal-Mart, fulfilling his responsibilities as a County Commissioner (serving on 8 committees), serving as chairperson of the Ripley Planning Commission and Board of Zoning Appeals, attempting to maintain a home for himself and his daughter, Maroy, being a father and friend to my daughter, Tonya and son-in-law, Terry, being a grandpa to three boys (5yrs, 2 yrs, and 7 months), being a brother and son, attending Sunday School, besides having the flu, Charles Cutlip has not and will not be able to visit with each home of Lauderdale County. With one week left, Charles Cutlip promises to continue meeting his responsibilities and trying to see as many Lauderdale Countians as possible.

If caring and hard work was all it took to cover this great county of ours, Charles Cutlip would have already completed the job.

To all Lauderdale Countians, those I have not visited and those that I have visited, I have one message. I want and need your support and vote. I know that Working Together For Lauderdale County, we can make a positive difference. These past four years, I have seen the hard work of our twenty-five (25) County Commissioners. These Commissioners were elected to provide legislative leadership as part-time public servants. Some have more time to give than others, but all have given more than the minimal for Lauderdale County. As your Lauderdale County Executive, I will work just as hard and as responsibly for the people of Lauderdale County as I have always worked at whatever I have committed myself to doing.

Leadership, Honesty, Integrity, Ability, Commitment, Knowledge, these are all just words until you put actions with them. Then you can evaluate the qualities and competence of the person. I ask each Lauderdale Countian to look at my record, talk to your family and friends, and when you vote, Vote for a positive change, Vote for a Plan for Success.

Elect Ron Rickard Sheriff Aug. 4, 1994

The past several weeks have been very encouraging for me as a person and citizen. I want to thank you for your overwhelming show of support for my candidacy. My firm belief is that the voters of this county want change and want our sheriff's office to move forward into a new era of committed, competent and professional law enforcement.

My decision to run for sheriff was based upon the history of our sheriff's department for the past 12 to 15 years. I felt that little had been done to combat the growing problems of crime, easily available drugs, and the loss of our youth to a less positive life style. I believe this neglect has caused us to feel less safe and be less safe and our children less able to resist the negative lifestyle of drugs, gangs, and alcohol. I also felt that our sense of safety in our small community was slipping away and we would never get that security back. I believe that it is possible to have a community where drugs are not traded freely on our street corners and in our neighborhoods. I believe, we as citizens, must not accept the fact that all communities have drugs and ours can be no different. The sheriff's office must use its power and influence to show our young people a better way of life. To be quite frank, we can't afford to continue to go in the same direction we are going now. A better job can be done. With my proven community leadership, I know I can do a better job fighting drug abuse and its effects, juvenile gang recruitment, and alcohol abuse.

My goal in campaigning has been to tell the citizens of this county what I plan to do as sheriff and what kind of sheriff I will be.

If you want a sheriff who will be tough on crime and enforce our laws equally, elect Ron Rickard.

If you want a sheriff who will open substations in the north and south ends of our county in order to respond more quickly and be more visible in these areas, elect Ron Rickard.

If you want a sheriff who will start a volunteer senior citizens watch to improve the quality of life for our senior citizens, elect Ron Rickard.

If you want a sheriff who will make our youth his number 1 priority, and will work to bring our schools, churches, and communities together to address their problems, elect Ron Rickard.

If you want a sheriff who has a vision and hope for a better community and believes that we, as citizens, have the power to shape our destiny and control our communities, elect Ron Rickard.

If you believe that we do not have to turn our young people over to alcohol, crack and gangs, that a better fate should await them, elect Ron Rickard.

If you believe that you should have a sheriff who offers solutions and ideas for what can be done and not excuses for what can not be done, elect Ron Rickard sheriff.

I ask you on August 4, 1994 to give me a chance to accomplish the above goals. I have the desire it takes to accomplish the above goals. I know there are citizens out there who are willing to help me reach them. Please help me with your vote and these goals will be accomplished. Your vote does matter and you can make a difference. If our county has the right leadership. It's not about can they be accomplished. It's about who will provide the leadership to get them accomplished. I want to lead our county into the next century with dedication, competence, leadership and the belief that our better days lay ahead. We can return to the security of our past by progressive leadership in the future.

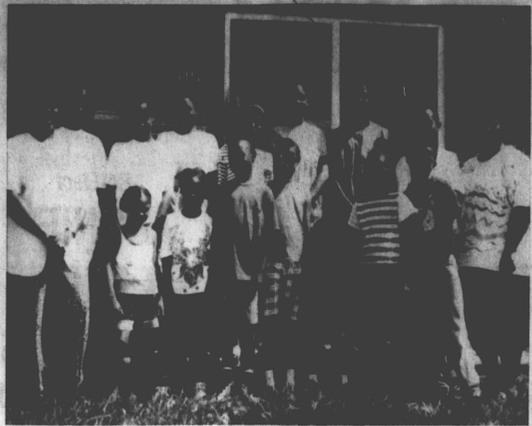

Help me on August 4, 1994, change our direction. I care about our county and with your help and vote we can make Lauderdale County a better place to live, work and raise a family.

Reports to Tennesseans

When we think of the perfect doctor, someone whose vast knowledge and skill is tempered with a strong sense of compassion and a consummate bedside manner, those well-known television doctors Ben Casey, Dr. Kildare, and Marcus Welby, come to mind. These are the qualities we all look for when choosing our personal physician.

However, many of our fellow Americans don't have the luxury of being able to choose their own doctors. In fact, many don't have a family doctor or personal physician, because they have no insurance - their only recourse is a local hospital emergency room. For other Americans, their choices are limited by an inadequate insurance plan.

Ensuring your right to choose personal doctors is a critical element in the health care reform debate. I co-sponsored the President's health care reform proposal, in part, because the President made choice a centerpiece of his reform effort.

Under the President's plan, every American and every family would have a broad range of options in their selection of a health care plan. Individuals, not the government or an employer, would choose among a variety of fee-for-service or managed care plans which would best meet their health care needs. Even among managed care plans citizens could still visit doctors not included in their managed care network, at a nominal fee. The President's bill even makes significant strides in offering other important choices such as long-term and home-based care, and makes these health care options more readily available to

all citizens. In our democratic society, as Americans we have always cherished our independence - our freedom to choose. The President's plan provides a good beginning as we in Congress continue to seek compromises in crafting the best health care reform package for our nation and its citizens. I am encouraged that many of the health care proposals now moving through various committees in Congress include strong choice components.

Clearly, it is important that

Elect Raymond L. Smith Sheriff August 4th

Friends, as August 4 draws closer, you will decide who you want as your Sheriff for the next 4 years. A sheriff is responsible for the safety and well-being of the county. He also must maintain the peace. A candidate's record will tell you if that person is qualified and able to perform the job, if elected. The record each candidate leaves behind is ample proof if he is capable, qualified, and if he "deserves" to be Sheriff.

Over my many years of law enforcement, I have compiled a record I am not ashamed of, both in doing my job and treating folks the way I would want to be treated. I have always done my best for you, the people of Lauderdale County. I have laughed with you during good times and been with you during the tragic periods. You have always had a friend! Some say that being a true friend to folks is not enough. I have to disagree because you establish yourself over many years and people know your reputation, good or bad.

I know the job you expect from your Sheriff. I am fully prepared, qualified, and willing to do the job if you want me. My campaign has been on a high plane throughout and will continue that way. RAYMOND L. SMITH has made no promises to anyone, is not obligated to anyone, and will not be controlled by anyone! I have always been accessible when needed, and feel free to call me with any questions you may have.

Friends, I am proceeding straight ahead and will let you, the people, decide if you want me as your Sheriff. I sincerely need your vote and support to make our county a better and safer place to live. Thank you very much.

Paid For By Raymond L. Smith

Cooperation will continue to be one of my main priorities. I will continue to work with the County Commissioners, the City Officials of Gates, Halls, Henning, and Ripley, all agencies of state and federal governments and all the citizens of Lauderdale County so we can maintain UNITY in government.

I will continue to publicize all matters of public interest and coordinate meetings for the citizens of our county to discuss problems and solutions. We must continue good communication with all citizens and public officials.

More and better paying jobs and a good education for our children remain at the top of my priorities. I pledge to continue to work hard to get more jobs and the best education system possible for Lauderdale County.

"I will continue to be a full time County Executive. I'm not looking for power or publicity in this position, only success in accomplishing our goals together and to help every citizen any way I can.

LAUDERDALE COUNTY IS ON THE MOVE - I want to keep it that way. I have 22 years "EXPERIENCE" in county government. I will provide leadership and work closely with the 25 county commissioners who vote on all issues, projects, and expenditures concerning county government.

My goal is to use the insight and experience I have gained as County Executive to help Lauderdale County prepare to enter the next century, while keeping it the kind of place we are proud to call home.

I have campaigned in a positive, non-threatening way as I visited with each of you in your homes and businesses these past weeks. My family joins me in a special THANK YOU to our many friends and supporters through-out Lauderdale County for your kind reception as we have worked during this campaign. If I have missed seeing you, I want to take this means to ask for your vote and support.

I humbly ask everyone for your support and vote for a second term as County Executive.

Thank You,

sometimes, to attract the opposite sex. There are certain people that we can identify around the work place because of the particular brand or fragrance that they wear. If the scent is strong enough, we might be able to locate the person by just following the smell.

But, what if you took 50 or 100 bottles of the perfume, lotion, cologne, or what-have-you, opened them up and placed them all around the rooms and corridors? It would be almost impossible to track one person's scent because eventually it would be everywhere. Too, you would get so used to it that you might not even realize it was there.

This is what is happening with research being carried out by two USDA Agricultural Research Service entomologists who are trying to control pests that attack cabbage, broccoli, cotton, tomatoes and other crops.

According to a recent issue of Agricultural Research magazine, the idea of entomologists Everett Mitchell and John McLaughlin and their associates is to flood a crop field with insect sex attractants called pheromones.

The female bugs naturally release these perfume like chemicals when they're ready to mate, Mitchell explained.

"Normally, the male would follow a pheromone trail and find the female", he said. "But in our test plots, we put out pheromone dispensers that make it seem like there are thousands of females everywhere. The males are overwhelmed, confused, and don't know where to go. Eventually, they become so used to the smell that they don't perceive it as a pheromone anymore."

As a result, the males wander off from one reproductive dead end to another. (Maybe they go off to play insect golf, attend an insect football game, or shoot a few goals of insect basketball like human males do.)

Matings, of course, drop off which means that the insect populations decline. This leads to less crop damage.

For added protection, the researchers are also releasing parasitic wasps to attack larvae that develop from any eggs laid by those females that do manage to find a mate. And if any larvae survive the first two controls, the scientists apply Bt, a natural organism insecticide (Bacillus thuringiensis).

This kind of research is good news for producers and consumers of food, and merits our support.

I can't help but wonder what effect such an experiment would have on humans. Regardless of how much perfume and cologne was spread around, I believe humans would still find their mates. Human males are not

likely to get as confused as male insects.

SCIENTISTS CONFUSE MALE INSECTS WITH FEMALE 'PERFUME'

Bugs have been destroying crops since farming began centuries ago, and farmers have been fighting the bugs all that time, too. In more modern times, scientists have joined farmers in their fight. Various and sundry ways have been developed including selective pesticides that

are harmful to some species and not to others.

Because pesticides are expensive for producers to use and the fact that insects sometimes become resistant to them, researchers are still looking for better ways to control the bugs that eat our food.

Now they're using sex.

We know that men and women wear colognes and perfumes to smell good, and, maybe just

How do I apply for admission?

If you have not completed an application for admission, you need to begin the admissions process immediately. If you have not completed the steps listed below, you should do so prior to attempting to register for classes!

- Complete a DSCC application for admission as soon as possible and return it to the Office of Admissions & Records.
- With your application for admission, send a \$5.00 check or money order for payment of a non-refundable application fee.
- If you have never attended any college, have an official copy of your high school transcript or diploma sent to the Office of Admissions & Records.
- If you have completed any college courses, have an official copy of all college transcripts forwarded to the Office of Admissions & Records.
- If you are under 21, have your ACT scores sent to the Office of Admissions & Records or contact the Testing Office at (901) 286-3335 to set up a time to take a retinal ACT.

To Save You Better...
 It is important that the Office of Admissions & Records personnel have sufficient time to process your application for admission; therefore, persons desiring to register for classes on August 15 or after may be delayed in registering for classes. Please contact the Office of Admissions & Records at (901) 286-3330 or the Gibson County Center at (901) 855-1419 or the Tipton County Center at (901) 476-5084.

Who Registers When?

So that you will know when and where you can register for Fall 1984 classes, please read all of the following information.
First-time Freshman planning to take classes and work toward a degree at DSCC:
 For new degree-seeking students, New Student Orientation will be held on July 28 and 29. If you apply early enough, you will be invited to attend one of the orientation sessions. Besides receiving information about DSCC, you will be able to register for Fall Semester classes! If you are eligible to participate in New Student Orientation, you will be notified by mail.
First-time Freshman who do not apply for admission early enough to attend New Student Orientation:
 All new degree-seeking students who do not apply for admission early enough to attend New Student Orientation should come to Room 109 of the Glover Academic Assessment Center at (901) 286-3330, if applicable. New degree-seeking students who are unable to attend New Student Orientation should come to the office as early as possible since the above activities must be completed before the registration process can be started.

Transfer Students:

For transfer students who will be attending DSCC for the first time, New Student Orientation will be held on July 28 and 29. If you apply early enough, you will be invited to attend one of the orientation sessions. You will be able to register for Fall Semester classes at that time. In the event that you are not able to attend New Student Orientation, you can attend registration on campus Monday, August 15. See the alphabetical list below for the correct time to register.

New students planning to take classes for personal or professional enrichment and not working toward a degree at this time:

Regular registration will be held on campus Monday, August 15. See the alphabetical listing below for the correct time to register. If you have not completed an application for admission, doing so before August 15 will eliminate processing delays. Contact the Office of Admissions and Records or your County Coordinator for more information.
 Returning students who did not Prioritize Register:
 Regular registration will be held on campus Monday, August 15. See the alphabetical list below for the correct time to register.

Former (readmitted) students:

Former students who were not in attendance during the Spring or Summer 1984 term must complete an application for re-admission prior to registering for classes. Regular registration will be held on campus Monday, August 15. See the alphabetical list below for the correct time to register.

Transient students:

Transient students who are working on a degree at another school can register on campus Monday, August 15. See the alphabetical list below for the correct time to register.
Registration for Fall classes held anywhere other than the main campus in Dyersburg?
 Yes! Off-campus registration will be held in Gibson County and Tipton County. Information about off-campus registration can be found preceding the classes to be offered at off-campus locations.

Confidentiality of student records:
 DSCC regards a student's academic record as confidential. The release of information contained in the record is restricted to the student, the student's family, Educational Rights and Privacy Act. Directory information such as the student's name, address, telephone listing, major fields of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous employment information attended by the student will be released unless the student has notified DSCC in writing that he or she does not wish directory information released. Please notify the Office of Admissions and Records in writing.
 The law does provide for the release of information to authorized college personnel, and to those engaged in research (provided information is not revealed to any other parties), and certain federal and state government officials.
 If you have questions concerning the provisions of this act, please feel free to contact the Director of Admissions and Records.

Student Load
 A student is considered to be enrolled full-time if enrolled in 12 or more credit hours, the maximum number of credit hours a student may receive in 18 hours. A student may request to enroll in more than 18 hours. Request for Overload are available in the Office of Admissions and Records and should be picked up before seeing the academic advisor.

Adding Courses
 If a student finds it necessary to add a course, the addition will be possible provided it is within the course-add period and space is available in the desired class. Please refer to the Academic Calendar in this schedule or in the 1984 - 1985 DSCC catalog for deadlines to add. To add a course, a student must complete a Change of Form and follow the procedures listed on the form. Forms may be obtained in the Office of Admissions and Records or from the academic advisor or at the Gibson and Tipton County centers.

Dropping Courses
 To drop a course, a student must complete a Change of Registration form and follow the procedures listed on the form. The Office of Admissions and Records or the Gibson County centers. A student is not officially dropped from a course until this form is processed in the Office of Admissions & Records. Failure to comply will result in an automatic grade of "F". Please refer to the Academic Calendar in this schedule or in the 1984 - 1985 DSCC catalog for deadlines to drop.

Tennessee Board of Regents policy prohibits students from dropping courses in the College Preparatory Program (remedial/developmental). Under extenuating circumstances, however, a course may be dropped with the approval of the advisor and the Director of the College Preparatory Program.
 Courses may be dropped without a grade through approximately the first two weeks (14 calendar days beginning with the first day of class). After this time, a grade of "W" is given if the course is officially dropped.

Drop-Via Withdrawal
 A student is enrolled in only one course and does not want to remain in that course or wishes to withdraw from all courses, a Pass Withdrawal form must be obtained and appropriate signatures obtained. Forms are available in the Office of Admissions & Records and the Gibson and Tipton County centers. Failure to withdraw officially from school will result in an automatic grade of "F" in all courses. Please refer to the Academic Calendar in this schedule or in the 1984 - 1985 DSCC catalog for deadlines to drop.

Grade Reports
 A grade report showing the grade received, credit hours earned, and quality points earned is mailed to the permanent address of each student at the end of the term. No student will be issued a grade report or transcript until all debts or obligations owed to the College have been satisfied.
 The Office of Admissions and Records will not release any grade except by the official copy sent by mail. To protect the confidentiality of the student's records, no grades will be released by phone.

What is the Academic Assessment Placement Program (AAPP)?
 The Academic Assessment Placement Program (AAPP) measures competency in reading, writing, mathematics and logical relationships. While you cannot fail the AAPP, your performance will determine if College Preparatory courses will increase your chances for success. For more information including testing dates and times, call (901) 286-3385.

Can I audit a course?
 All Students who take the Academic Assessment Placement Program (AAPP) or any portion of it and who are placed in the College Preparatory Program must enroll in and complete the designated courses in sequence.

How much does it cost to attend DSCC?
 During the 1984-85 academic year, all students whether residents or non-residents of Tennessee pay a maintenance fee of \$43 per semester hour not to exceed \$483 per semester. The fee is \$500 for students taking seven or more classes. All students who enroll in three or more hours will also pay a \$15 Technology Access Fee.

What about Financial Aid?
 Tuition is charged to students who are not residents of Tennessee except for residents of Pemiscot and Dunklin Counties in Missouri and Mississippi County in Arkansas. Fees are subject to change at any time by action of the Tennessee Board of Regents.

Financial aid students whose files are completed no later than one week prior to the first day of registration and who make no adjustments to their schedule or other accounts credited for their fees and may pick up their checks in the Business Office on Tuesday, August 14, 1984, at 12 noon on the second day of classes. The date when students who make adjustments to their schedules and other non-prioritized students may pick up their checks will be posted by the financial aid office if they wish to receive assistance with their fees and books.

What is the refund policy in regard to fees?
 Refund procedures for maintenance fees and out-of-state tuition fees are outlined below. (All other fees are non-refundable).
 Change of student's status which requires refund:
 A. Change in a full-time student's schedule which results in reclassification to part-time student status.
 B. Change in a part-time student's schedule which results in a class load of fewer hours.
 Other situations which require a refund:
 A. Withdrawing from the institution within the refund period.
 B. Cancellation of a class by the institution.
 C. Death of the student.
Refund Procedures:
 A. Refunds are allowed for the first 25% of the term. Beginning with the first day of classes and extending through the first 14 calendar days of classes, there is a 75% refund. For the remaining days of this refund period, there is a 25% refund. Refunds will be made beyond the 25% period.
 B. 100% of the fees will be refunded for classes cancelled by the institution, beginning of the first day of classes. No refund will be processed during the official registration period.
 C. 100% refund in case of death.

Class Cancellations and Changes

Dyersburg State Community College reserves the right to cancel classes that do not have sufficient enrollment. Divisions offering the same course may close sections as necessary to promote the most effective instruction. Instructor assignments are also subject to change.

While this schedule of classes has been prepared on the basis of the most current information, time of printing, the schedule is subject to change without notice, obligation or liability.

Graduation Candidates:
Students desiring to complete course requirements at the end of Fall 1984, Spring 1985, or Summer 1985 should submit an Intent to Graduate form to the Office of Admissions & Records by October 14. Forms are available in the Office of Admissions & Records.

HOW DO HIGH SCHOOL COURSES AFFECT ADMISSIONS TO COLLEGE?

Important information about Tennessee Board of Regents Institution Admissions Policies.
If you are thinking about attending a university or community college governed by the Tennessee Board of Regents following high school graduation, there are some new admissions policies that you need to understand.
* All TBR universities will require that undergraduate freshmen have the high school subject units listed below for regular admission.

* All TBR community colleges, including Dyersburg State, will recommend, but not require, the above listed units for admission to a university or community college. Students admitted without these subjects must remove the deficiencies with college courses, for elective credit only, before receiving an associate degree.

In addition to subjects listed, an additional unit in the arts, in mathematics, and in foreign languages is recommended. Different requirements may exist for some freshmen applicants (e.g., GED, admissions, international students, or students who graduated from high school more than five years ago).
* Appointments for admission interviews are available in the Office of Admissions & Records. Appointments may be made by telephone at 645-6000. Courses required to remove deficiencies can be used to satisfy elective credit only.

Subject Area
English
Visual and/or Performing Arts,
including a survey course or participation in a school activity of the arts (music, dance, theater, visual arts)

Mathematics and II
A major component of a mathematics course including at least one unit, with credit in algebra, geometry, and trigonometry

Natural Science
including world history, ancient history, modern history, world geography, or European history

United States History
A single Foreign Language

"We at Dyersburg State Community College are focused on serving our students. Our goal is to offer the best teaching and learning environment possible. Over the past twenty-five years thousands of students have benefited from the high quality education offered by DSCC."

Dr. Karen Bowyer,
President of Dyersburg State Community College

I have worked at Dyersburg State Community College for twenty-two years, and I have seen a great many changes during that time. Those changes are what makes being associated with the College so exciting. Dyersburg State is always open to change to meet the needs of the community we serve."

Beverlee L. Weatherly,
Administrative Assistant to the President

NOTE: ONLY THOSE STUDENTS WHO HAVE BEEN ACCEPTED IN THE NURSING PROGRAM MAY ENROLL IN NUR 111. STUDENTS WILL BE ASKED TO PROVE BOTH GOOD PHYSICAL AND MENTAL HEALTH BEFORE REGISTERING.

"I began teaching at DSCC in the fall of 1969. During my twenty-five years, I have received many rewards, such as the Dyersburg Community Orchestra and Dyersburg Community Chorus. Area citizens have had an opportunity to further their music experience by participating in this facet of the music program."
Dr. Carol Feather,
D.S.C.C. Music and Speech Professor
