Eugene Spivey, Jr., 31, Riplian, has been sentenced to 40 years in prison for second degree murder.

A jury had been seated, Wednesday of last week, in Crockett County Circuit Court in Alamo, to try Spivey for first degree murder, attempted first degree murder, and attempted robbery, when he pled guilty to second degree murder.

Spivey and Bricco were among four men charged in the fatal shooting of Leonard "John" Neely, 56, found dead, from numerous gunshot wounds, in his Maury City home, Jan. 22, 2003.

New Taxes Plotted, Including Your Coke

PRESIDENTIAL CANDIDATE Barrack Obama, in Dover, N.H., Sept. 12th: "I can make a firm pledge. no family making less than \$250,000 a year will see any form of tax increase."

And often: "You will not see your taxes incease one single dime."

Elected, Obama promptly approved a 258% jump in taxes on cigarettes, to \$1.01 a pack.

And now, Obama is seeking quite a few dimes (\$1,500,000,000,000) in new federal taxes to fund his (perhaps worthy) health care plans.

The Senate Finance Committee is mulling many possible new taxes, including a 3-cent tax on Coke, Pepsi, Gatorade, and other soft drinks (diet sodas exempt), and on flavored coffees and teas.

the tax would hit the poorest Americans hardest, would probably not significantly cut consumption of drinks with no nutrition except sugar (promoting over-weight), and would provide only a whiff of the trillion and a half dollars sought.

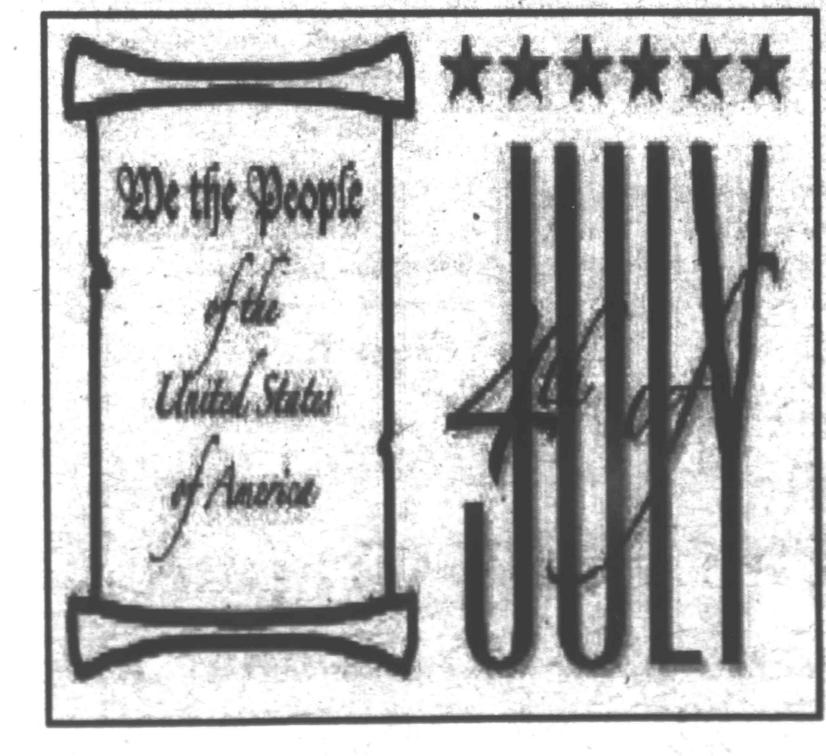

Senate Finance Committee member Ron Wyden, Democrat, of Oregon: "Before you tax Joe Six-Pack and Joe Junior on his soda pop at the Little League game, people are going to say, 'Can't you find some savings from the health care system?"

Costs of heath care in this country have, for years, been running viciously out of control.

Ominously, the soda tax proposal seems to be scraping at the bottom of the barrel.

Not among the proposals the committee is considering is a tax on the air you breathe.

But don't think they're not working on it.

The homemaker program offered through the Lauderdale County Commission on Aging provides assistance to persons having difficulty with one or more of the following instrumental activities of daily living preparing meals, shopping for personal items, managing money, using the telephone, and doing light housework. Mrs. Fluker pointed out that dealing with health and age related issues are stressful for all concerned. The key is to know the signs, think positive and learn to relax. Joni Cook, LCCOA director, encouraged the staff to apply the training in the workplace and in their daily lives.

Zeek out!!!!!

Zeek here!! I have found a new favorite thing to do. Miss Pam has not been letting me and Rusty stay outside a lot lately. She says that it is too hot outside. I am glad because this hot weather makes me sleepy, so I have been taking a lot of naps on the couch. She went outside and then she came back in and told me and Rusty to come outside with her. She had water going up in the air. She told us to come on out and play in the water. Rusty and I just stood there looking at her and I turned my head to her to ask if there was some mistake. She told us again to come and play in the water and she got in the water. Rusty and I looked at each other and she said "come on, it is fun". So we both decided to get under the water that was going up in the air. It was hot outside but the cool water felt so good to me. Miss Pam even made the water go from side to side. Rusty and I jumped and ran after the water. This was so much fun to me and I wondered if I could take a bath out in this water going in the air. We played for a long time and Rusty got tired so Miss Pam turned off the water and dried us off and we went back inside. As we were going back inside, I decided that I like water that is outside.

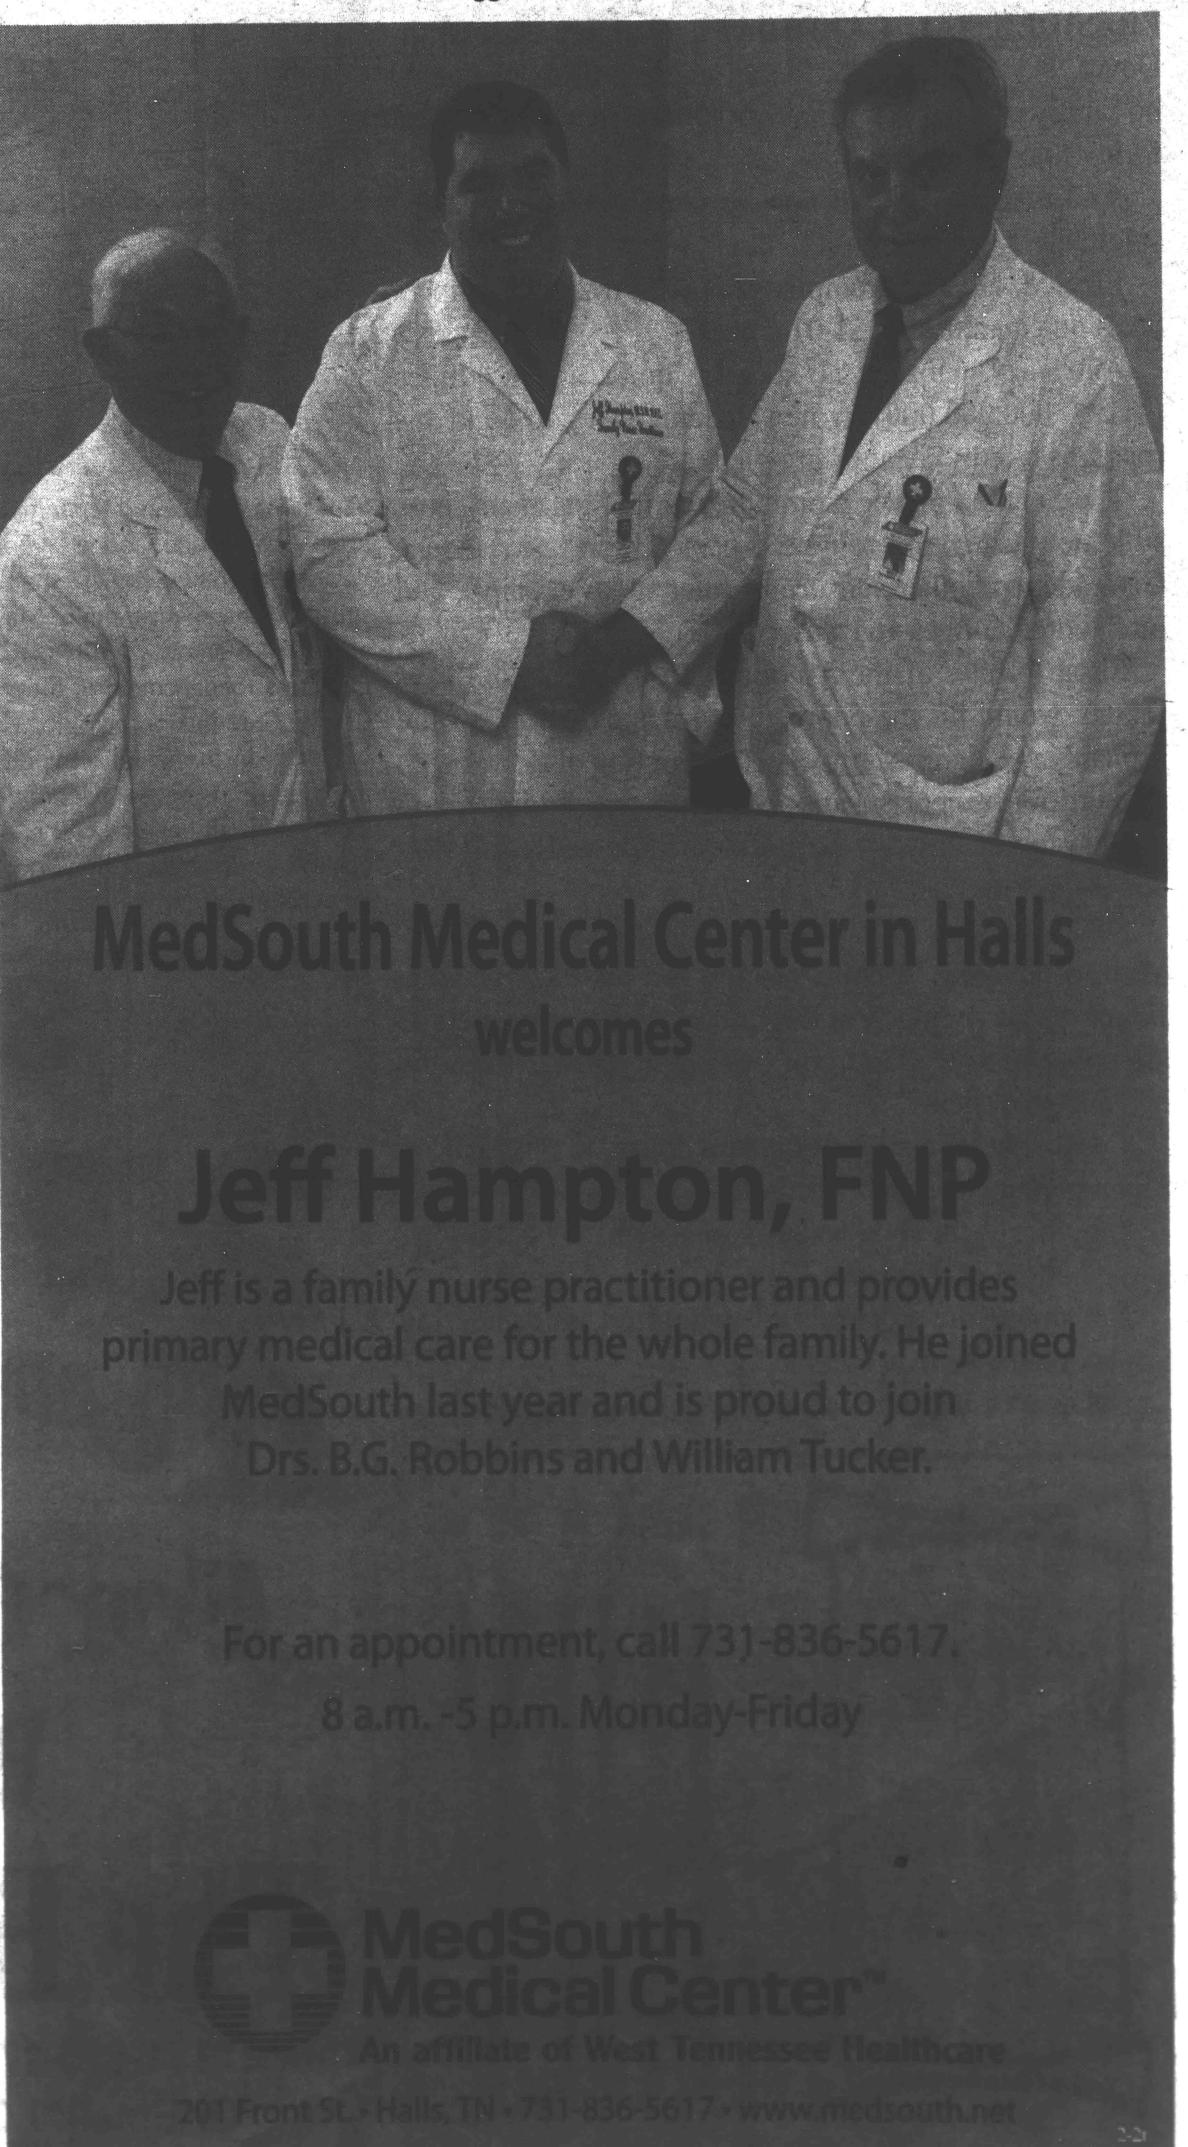

Today we are out at the Club. I could not wait to tell my Buds about water that goes up in the air. I sure hope Miss Pam tells Mr. Buddy and Scooter about it so that they can make water go up in the air for my Buds. We have some new Buds out here. We have Oreo, a female heeler mix; Brownie, a female brown feist mix; Toby, a German shepherd; and Blackie, a black, fuzzy, lab mix. We still have Lucy, the red basset; Marshall, the heeler/ dachshund mix; and the three walker hounds. I went into the puppy four-legger room and I saw Henrietta. She has puppy four-leggers. They are so cute. I knew that the last time that I saw Henrietta that she was a little plump looking - now I know why.

I went around the corner to go into the cat room when I saw a four-legger with big ears. I stopped and looked around to see if anybody else was looking and I shook my head. I have never seen a four-legger with big ears like this. He really didn't walk around, he kind of hopped around. I went up closer to get a good look at this funny looking four-legger and he was doing something fun with his nose. Mr. Greg came into the room and asked me if I had ever seen a rabbit before. I looked up at him and I guess he knew that I had never seen one. He told me all about this four-legger called a rabbit. He told me that his name is Blackjack. He is cute, but he sure is funny looking.

Doris and David Sanderson came out to the Club and took home the husky mix. Johnny Pittman was at the Club and saw Candy and he asked her to go home with him. Thomas Clayton and John Dylan Conrad came out to the Club and took home Odie, the Boston Terrier. My friend, Miss Leslie, bought my Buds some four-legger food this week. Thanks, Miss Leslie.

Send your two-legger out to the Club with my Buds some food. We always need food because my Buds are always hungry. Have your four-leggers spayed or neutered so that we do not have so many puppy four-leggers out here.

Come see us at 3265 Curve Nankipoo Road, mail us something at P. O. Box 172, Ripley, or give us a call at 836-PETS (836-7387). If you want to get my Buds some food and you do

Dry Hill

Dog News Zeek here!! This week, I heard strange noises outside. I heard loud pops and booms. Rusty and I barked a lot. I would run to the window, but I did not see anything outside. Miss Pam told us not to be afraid that it was only the sound of fireworks. I turned my head to her and she told us all about July 4th and that two leggers celebrate with fireworks. Boy, fireworks sure do make a lot of noise. Rusty

had heard this story before, so he went and got in his crate so he could take a nap. I stayed close to Miss Pam because I was not so sure that I liked fireworks. Miss Pam talked and talked about July 4th but I slept thru most of it. We came out to the Club today. All of my Buds were talking about the noises that they had heard. I was so happy to be able to tell my Buds about two leggers celebrating the July 4th thing. This really made my Buds know that I am still Top Dog out here. The three walker hounds were quiet today. They told me that their throats were sore from barking so much at the sounds. Henrietta,

the terrier, said that she was in the puppy room and she didn't hear too much. I guess that was a good thing since all of that two legger noise would keep her puppy four leggers awake. Oreo, the heeler mix, said that she had never heard anything like that before and so did Lucy, the red basset. Marshall, the heeler/dachshund mix, was telling everybody that he had heard loud sounds before. I went into the cat room to see if they were all upset over the noises. I stuck my head in and all of the kittens were running around playing. Some of the momma cats were all sitting in the corner looking at me. So I decided that they were more worried about me being in the room than they had been about the noise. I spoke to everybody and backed out.

it hurts bad enough when they scratch my nose. I went into the office. Mr. Buddy and Scooter were talking about needing food for my Buds. Not many two leggers have been out to the Club with food this week. I wanted to tell them about the July 4th thing and two leggers celebrating but I decided that they probably already knew about two leggers being really busy this week. So next week send your two legger out to the Club with some food for my Buds. My Buds stay hungry all of the time. If you don't want to come all the way out to the Club, you can drop off the food at

Beasley's Treasures on Hwy. 51 and Miss Sharon will get it out to

I have to back out so that I don't turn my back side to them because

Tom Dailey brought my Buds some food this week so did Camryn and Nathan McLemore. Miss Sue Watson gave us some money to buy some food for my Buds. Mandy Hankins found a puppy four legger and took her home. Richard Potter came out to the Club and took home Doby. Shawn Holland came out to the Club and was looking for a new best friend and found a four legger to go home

the Club for you.

with him.

Come see us at 3265 Curve Nankipoo Road, or mail us something at P. O. Box 172, Ripley or give us a call at 836-PETS (836-7387). Don't forget to have your four leggers spayed or neutered. This helps hold down the number of unwanted four leggers. Don't forget to take special care of your four leggers that are outside in the hot weather. Make sure that they have plenty of shade and fresh cool water to drink and plenty of food. Never leave your four legger in your vehicle alone in the hot weather.

Be as good as your four legger thinks you are. Oh yeah, what does celebrating mean?

Zeek out !!!

Mission

Saluting Artists In Lauderdale County

This year's special section focuses on the artists in Lauderdale County. The definition of an artist is wide-ranging and covers a broad spectrum of activities to do with creating art, practicing the arts and/or demonstrating an art. Everyone has talent in something, some just shine more than others. A talent is not necessarily painting or writing. Some artists have talents known only to close family and friends or known only to them. We salute each and every one in this special section.

Lauderdale County tomato farmers practice their art by raising the finest tomatoes around. They need the right type of soil, the best tomato plant, and fertilizer, while God provides the sunshine and rain (sometimes too much and other times, not enough). But, the farmers rely on their ability to produce a crop to support their families and provide a better tasting product.

The artist delivers a product that is enjoyable for others, either through their singing, drawing, painting, etc. Our mothers, grandmothers, and great-grandmothers were artists in the kitchen when they prepared our meals using farm fresh products. Appreciation is shown to the artist from the enjoyment of others. In the earlier years, the "artist" might only be well-known in his own family. While their talent is no less grand than the next, they were able to shine on their own. We wish to shine light on those in the county who have risen above and whose art is recognizable.

We were able to gather some facts about a few artists in the county and included them inside this edition. We regret that others were not included, either due to lack of time or lack of information. Their efforts are not without honor and we wish we had time and space to include each and every one.

Our thanks and appreciation to each and everyone who assisted in compiling the information for this section. Some of the information was obtained from the artist's website, online articles, and material from The Lauderdale County Enterprise.

"I made my first southern fried chicken at 9 years old, baked my first peach cobbler (with homemade crust) at 13, and from then on I have been cooking ever since. DOLPH SMITH, of Ripley, pictured with his wife, Jessie, is a nationally known watercolorist and paper maker. He also makes unique books with mixed media sculpture and paper making. Over 1,200 of his works are currently held in public and private collections.

Dolph received a bachelor of fine arts degree from Memphis College of Art and returned as a full time faculty member in 1965, where he taught for 30 years. Beginning in the late 1970's, he developed a curriculum for Hand Papermaking and later began an Artist's Book program. The Flying Vat is now one of the most prominent centers in America for that type of art education. He is a charter member of Friends of Dard Hunter Society of Hand Papermakers.

He has allowed school groups to tour his shop and is known for sharing his art appreciation with children of all ages. He also shared his art with David Bowie, who performed as Ziggy Stardust with his Spiders From Mars, in Memphis 1973.

It was the second Ziggy appearance in Memphis for Bowie, who had performed five months earlier in September 1972. This earlier visit was the second Ziggy show in America and Bowie was a big Elvis fan; they share the same birthdates, January 8th.

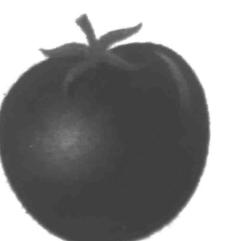

Dolph had learned of Bowie and the song 'Space Oddity' through students at the school and was inspired to do a series of watercolors based on the lyrics of Bowie's 'Space Oddity' and it's character, 'Major Tom'. Dolph had been using paper airplanes as a theme of fragile shapes against nature' and in-vigorously incorporated this element into the five pieces as well. The pieces were hung in an exhibit dedicated to line drawing. Dolph was criticized by local critic, Frederic Koeppel, for working outside the theme.

JOHN McCOY, of Olathe, Kan., son of Martha McCoy and the late Roger McCoy, Sr., of Ripley, was commissioned to design a bronze sculpture of a bronco for the new Spring Hill High School in Kansas. "People usually just see statutes. They don't realize what goes into actually making one," said John. He began by designing a maquette, small clay model, then drew a blueprint of a life-size horse. HERBERT FEIST was born in Germany in 1919 and came to the United States when he was 15 years old. He was always interested in art and excelled at it in Germany. His parents sent him in 1935 to live with relatives in St. Charles, Mo. because of the war in Germany at that time. With the rise of Hitler and Nazi Germany and the Holocaust, they sent him to the United States for his safety and sent his brother and sister to Israel as they were older.

He began to work in his uncle's clothing store and was charged with setting up displays, painting signs, and designing advertisements

He attended St. Charles High, where he excelled in sports having been an outstanding soccer player in Germany. He attended Washington University Art School for a short time but was told that his pictures look so much like photographs and he would be better off in commercial art. During the war, he entered the Counter-Intelligence Corps and returned to Germany as an intelligence officer. He went on to help liberate concentration camps in Germany and also went on to interrogate Nazis (many of which ultimately went to the Nurenberg trials).

Around this time, he also met Betty Berg, from Ripley, who was attending college in St. Charles. They married and after the war, settled in Ripley where he went into business with her father, Sam Berg, at Berg and Schafer Co. He later started his own business, Remnant House, with his partner Mickey Rourk. When he started the Remnant House chain of fabric stores, he used his art skills to design the logos and advertising for the entire chain of stores

During this time, his art was mainly commercial, ads for the businesses, including The Enterprise, and dressing windows for Berg and Schafer. Not to mention, the many floats he designed for the Ripley Christmas Parade.

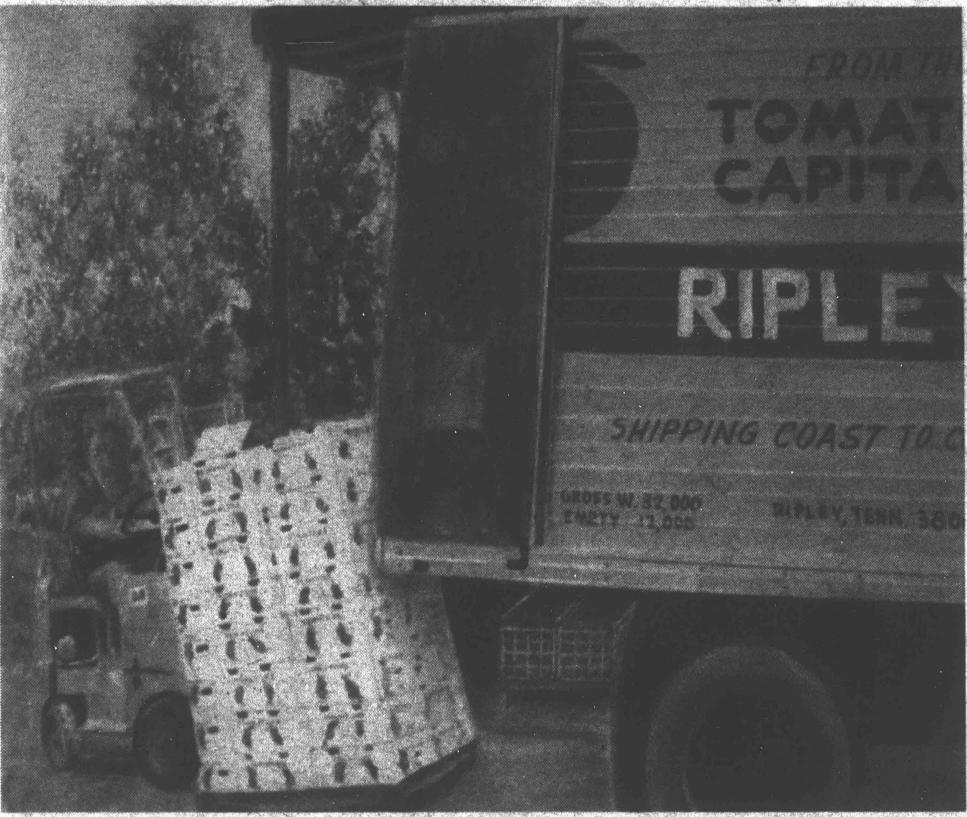

In the 1980's, after selling the Berg and Schafer business and retiring from Remnant House, he started painting again. Continued on next page.

CHRIS PEGG, son of Mr. and Mrs. Larry Pegg, of Ripley, is the spirit behind Rockey the Redbird. He has found a career as the anonymous crowd-pleaser from Mascot Central. When the Memphis Redbirds are playing a home game at Auto-Zone Park, Chris is roaming in foul territory, acting wacky, attracting attention to himself, entertaining young children and adults as their mascot. He was featured in an article by Matthew Fite in the Commerical Appeal in May 2009.

Chris' Rockey is one of the character incarnations from his Mascot Central home business. But fans don't see Pegg. They see Rockey the Redbird. Inside the red mascot suit, Pegg is sweating, moving a lot, thinking how to make children happy and adults amused

When he's not working as a contract employee for Memphis' minor league baseball team, he's running his own company, Mascot Central, which serves the market for mascots.

In recent years, Mascot Central has designed the Commodore mascot for Vanderbilt University; a mascot for Southeast Missouri

State University; supplied a mascot, Guru, to minor league baseball teams around the nation; supplied personnel to wear mascot suits for a hotel chain, a cereal maker and other entities; and washed, repaired and stored mascot suits.

Mascot Central works with clients to determine what type of mascot suit is needed, then designs the suit and has it manufactured.

"I sell from a performer's standpoint," Pegg says. Cost of a suit is normally between \$3,000 and \$8,000.

From January to April, Mascot Central, based in Pegg's home in Arlington, worked with 15 to 25 companies, both local and out of town.

"We're a full-service mascot company," Pegg said.

It's a line of work, Pegg prepared for in college, not in the classroom, but rather at University of Memphis Tigers' basketball and football games.

From 1991 to 1993, he served as the Tigers' mascot, wearing the brightly colored Pouncer suit.

He graduated from the U of M in 1993 and continued his work as a mascot, performing for teams in the NBA, Major League Baseball, Major League Soccer, the Memphis Chicks, the Memphis Pharaohs, the Memphis RiverKings and the Dallas Cowboys.

In 1998, he first donned the with ten others. Rockey the Redbird suit. When birds' current manager for marthe Redbirds needed a mascot, Allie Prescott, then the presi- keting and promotions, said, "Chris is a professional perdent and CEO of the ball club, hired Pegg.

BARBARA WALKER, of Ripley, is known for her fine porcelain paintings. In 2008, she was featured in the Dyersburg's State Gazette during an exhibit of her art at Dyersburg State Community College. She received special certification by the Tennessee Board of Regents to teach porcelain painting for full college credit for eight years at DSCC before she resigned to take the position of president of International Porcelain Artists and Teachers Inc. in 1990, where she served until 1992. She still serves the association as an instructor and has earned the title of Board Member Emeritus for her many years of service. While at DSCC, she worked as a media specialist and shared her techniques with the students for several years. Barbara has since traveled the globe to teach and learn the art of painting on fine porcelain.

One look at the vases, platters, limoges boxes, ginger jars, tiles and tea sets leaves no doubt of the quality of Walker's work, but her miniature portraits, such as the one of Wood Bell, Choctaw leader, captivate with their lifelike quality and minute detail. She paints on hard porcelain, imported from Japan, China, Germany, or France, not ceramics. Hard china was discovered in 10th century China.

She definers herself as a certified master artist and master teacher. She began painting in high school art class and proper painting of porcelain in 1975. Barbara took classes at the Hobby Center, Memphis College of Art, the University of Memphis, and Dyersburg State Community College. She has published her own book, "A Porcelain Artist's Interpretation of Oriental Brush Stroke Painting". Her subject matter is quite varied but she specializes in portraiture, both miniatures on porcelain and large oils on canvas.

"My main interest, my love is miniature portraits," said Walker.

Pieces of all sizes and subjects were displayed in the exhibit, including Walker's annual limited-edition Christmas ornament. This was the 24th year that she produced a limited-edition, hand-painted Christmas ornament, usually making about 40. Hand-painted, they are all slightly different

BILL BUTNER, Lauderdale County native and harpist, comes from a musical family on both sides (Wiseman and Butner). Parents, grandparents, aunts, uncles, brothers and sister are all musicians. The Wisemans were on the Grand Ole Opry

In the 1930's, his parents were part of a country/bluegrass family group on the Opry. Bill grew up on a farm, the son of Bill and Mary Sue Butner. All the kids had to sing and play instruments. At three years old, he would sit on his father's knee sing and play the mandolin. While in high school, in Ripley, he would play different instruments on the Ripley radio on Saturdays with his family. They did not want him to make music a life's work. They wanted him to work at a job, where he could make a living. He came to Memphis in 1960 to attend college for a couple of years, served four years in the Air Force, and then returned to finish college at the University of Memphis.

Bill retired as a civil service comptroller of the Navy base at Millington and then worked at the Memphis Area Teachers' Credit Union.

He studied harp at Southwestern University (now Rhodes College) and practiced six to seven hours a day while learning the instrument. After two years, he was "thrown into the symphony" where he is principal harpist with the Germantown Symphony, Jackson Symphony, and Dyersburg, Symphony. He has been guest harpist in a number of other orchestras throughout Tennessee, Arkansas and Mississippi.

He has given solo programs in small country towns, toured with the Shirley Jones Show with two performances at Carnegie Hall and two weeks performing throughout the Scandinavian countries and Russia.

He accompanied Lucy Ball, Morgan Freeman, Maureen McGovern, Sandi Patty, and Della Reese and appeared on "Oprah" and "Today Show".

He performed a number of years with the "Miss Tennessee Pageant" and traveled to other states and played shows with Mary Ann Mobley (Miss America).

Bill has played backup music for singers when recording, has performed in Branson, Mo., played backup music for three LOVE BOAT movies in Hollywood, and many musicals including

My mother and step-father, Patsy "Herron" and Ken Rolfe, were visiting July 7th from Calhoun, Ga. During a cook-out at the home of Judy Herron Warren on Emerson Rd., my mother had a very good reunion with family that she hadn't seen in years. Little did she know, their evening would turn out like it did. I tunred left at HRL television station, and they turned right to return to their hotel. My mother stated as they approaced the highway, other cars were already in the intersection crossing. As they pulled out, a semi-truck hit the driver's side of the car. Luckily, the driver saw them and swerved. The axle on the trailer hit the front of the car so hard it busted the motor. The back wheels appeared to have run over the hood as the car was spinning around. They both left in an ambulance. By the grace of God, they are only bruised, with no broken bones. When people see the car, or any photos, the first thing they want to know is "did they live?"

Dry Hill Dog News

for my Buds.

Zeek here!! You two-leggers sure do a lot of celebrating. Miss Pam and I went for a ride the other night. We rode out to what she calls the Park. There were a lot of two-leggers there and a lot of music going on. Miss Pam would say "look Zeek". I was looking at all of the two-leggers, but I did not know what was going on. I turned my head to Miss Pam and she told me that it was the Tomato Festival. I remembered that last year, Miss Pam told me about tomatoes. I think, I even tried to eat one. I do remember that I did not like how tomatoes taste. I turned my head to her again and she told me that the two-leggers were celebrating the tomato. Now, I know that I am Top Dog and everything, but I really don't understand why two-leggers celebrate so much, especially tomatoes. Miss Pam told me all about Ripley tomatoes being the best ones to eat. I looked at her and I didn't want to hear all of this story, so I laid down in the seat and tried to take a nap. Miss Pam would tell me to look at something else and I would just lay there. I think, she finally got the idea that I didn't want to hear her stories about tomatoes. So, we went on back home. When we got home, Rusty wanted to know where we had been and I told him that I would tell him later. I am not sure whether or not he would believe me if I told him that we have been out celebrating tomatoes. Why can't we celebrate Milkbone treats? Miss Pam and I are out at the Club today. We sure do have some good looking new Buds out here. We have Blondie, the

blonde feist mix, with curly ears; Jock, the black cocker spaniel, with a new hair cut; Ozzie, the female heeler and Australian sees the pictures. shepherd mix; Queenie, the good-looking blonde German shepherd; and Georgia, the brown and white feist mix. We also have Precious, the little brown feist with puppies, that will be ready for a new home in about six-weeks. When I went back to the Office, Mr. Greg was telling Miss

Pam about the new cats and kittens that we have. He said that Snowflake, a solid white cat has two solid white kittens. I have never seen a solid white cat before so I decided that I would try my luck in the cat room. I went into the cat room quietly and I did see Snowflake and her kittens. They are so cute. Then, I raised up to look up in the top cage and I saw the biggest black cat that I had ever seen. I was really scared. About that time, Mr. Greg and Miss Pam came into the room. I was really glad to see them. Mr. Greg was telling Miss Pam about Shelby. He is a big black boy cat that has been neutered and declawed. I knew what neutered meant but I was not sure about declawed. It sounded bad. so I turned to Miss Pam and she laughed and told me that if Shelby scratched my nose it would not hurt because he did not have any claws. She told me that a two-legger had taken him to Doc English and had his claws taken out. Boy, did I like this idea for these cats. Why had nobody ever told me about this before? We also saw some cute orange kittens and some black and gray ones, too. This was a good visit to the cat room. I think from now on I will take Mr. Greg in with me so I will be safe.

Dixie Drake came out to the Club and found her a new puppy. Andy Wong took home Queen. Gloria Morrow came out to find her a new best friend and took a four-legger home with her. Kala Webster took home two four-leggers. She couldn't decided

I have found that I have another Aunt Shirley. How lucky can one four-legger be? Now, I have two Aunt Shirleys. My Aunt Shirley #2 brought us generous donation for my Buds. I love my Aunt Shirley #1 now I love my Aunt Shirley Joann Parker sent Miss Pam some really sweet poems about four-leggers. It brought water to Miss Pam's eyes when she read them to us. I also got a letter from Sinbad Myers. He is a four-legger that likes to play in the snow. He got his twolegger to take his picture rolling up a snowball. I wondered if his two-legger threw snowballs at him like Miss Pam did us. He also sent me some pictures of his kitten four-leggers. His two-legger had made them a house in the tree. I wonder if Mr. Pam would build a kitten house in our tree in our back

yard? I will make sure that the This week, the Big Lick goes out to Jacob Hartsfield. He is 8-1/2 years old. He came out to the Club just to see me. He brought some food out for my Buds. He reads this every week and has started collecting them. He knew all about my Buds and all of the things that I do. So, I now have a new best friend even if he is a twolegger. Jacob, you come out to see my Buds anytime.

Have your four-leggers spayed or neutered. Get your two-legger to bring us out some food. My Buds are always hungry. If you do not want to come out to the Club, just drop off your food donations at Bea-Sharon. Come see us at 3265 four-legger in a hot vehicle. Curve Nankipoo Road, mail 836-PETS (836-7387).

DEW HILL DOC INCOME By Zeek

Zeek here!! Funny things happen at my house. In the room where we all take baths, there is this thing under the table. Miss Pam pulls it out only in the morning time. She stands on it and then she says some words that I have not heard before and then she kicks it back under the table. Rusty and I have talked about this and we don't know what it is but we do know that Miss Pam does not like it. We do know that we run out of the room when this happens. Rusty wants me to turn my head to Miss Pam to ask her about this but I am scared to because she kicks it hard. I really want Rusty to ask Miss Pam about this thing because she does not fuss at Rusty like she does me. She says that Rusty is too old to get in trouble. Boy, is she wrong. I am the Top Dog at home and at the Club so I guess it is my job to find out about

The next day, I waited right outside of the door. I heard Miss Pam pull it out from under the table and then I heard her stand on it and I walked in the room and turned my head to her. She stepped off of it and kicked it back under the table but I did not run because she had a smile on her face. She sat down in the floor with me and told me all about it. She told me that two-leggers worry about being healthy so they stand on this thing to see if they are exercising enough. She said that two-leggers have to stay healthy so they can take good care of us four-leggers. As she was telling me more about exercising, I got up and headed out for the couch. When Miss Pam makes us go outside to play and run and she makes us stay out for a long time doing this, she calls it exercise. Exercise makes me sleepy so I decided I needed a nap before she got the idea that maybe us four-leggers needed to

Out at the Club today, I wondered if any of my Buds needed more exercise. While I was walking around talking to everybody, I looked at them in a different way. Some of my Buds looked good, while some of my Buds looked like they might need more exercise. I wondered why Miss Pam had not brought that thing out to the Club and made some of my Buds stand on

When I walked around the corner, I thought that there was something wrong with me. I shook my head and looked again. I just didn't see one black cocker, but I saw two. I walked on over and Jock, the black cocker, told me that the other black cocker was Blackie. Then I looked on down the row and I saw two yellow labs. They told me that they were friends and their names are Sassy and Goldy. Then, I walked on down and saw two spotted heeler mixes. Then, I saw two chihuahua mixes named Smoozier and Rowdy. Boy, this has been a long day and seeing two of everything was really making me need a nap. So, I headed straight for the Office and did not even stop at the Cat Room.

In the Office, Mr. Buddy and Scooter were talking about all of the twoleggers that had been out to the Club this week. Of course, Scooter was in my chair so I just smiled at him and laid down on the rug. Mr. Buddy said that Adisson Colvin came out and took home two four-leggers with him. Miss Lisa came out and brought my Buds some food and some cleaning supplies. Miss Katherine Garner brought us some food and Miss Ilene Davenport come out with us some dog houses and a donation. Miss Mildred Rainey-Baker also gave us a donation. I really like donations, because I get to go to the Bank with Miss Pam.

We always need food, so send your two-legger out to the Club with some food for my Buds. You know that my Buds are always hungry. If you don't want to come all the way out to the Club, just drop off your food donations at Beasley's Treasure on Hwy 51 and Miss Sharon will take care of you.

Come out and see us at 3265 Curve Nankipoo Road, mail us something at P. O. Box 172, Ripley or give us a call at 836-PETS (836-7387).

Have your four-legger spayed or neutered so there will not be so many puppy four-leggers out here. Oh yeah, and so there will not be so many kitten four-leggers, too.

Make sure to take good care of your outside four-leggers in the hot weather and never leave your four-legger in a vehicle.

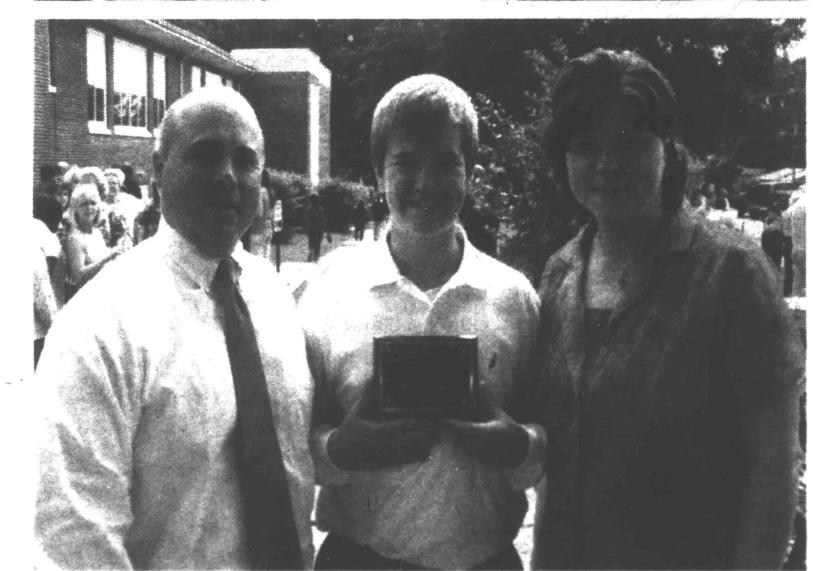

Be as good as your four-legger thinks you are. Miss Pam never told me the name of the thing that she stands on, but it is not nice what she calls it.

Zeek out!!!
